Your Committee finds that menstrual products are essential to the physical and mental health, well-being, and full participation of menstruators. Despite the necessity of menstrual products for the maintenance of personal hygiene, menstrual products are not provided within all restrooms. This is in stark contrast to other necessary hygiene products, such as toilet paper and soap, which are provided at no cost to restroom users. In recognition of the critical role menstrual products play in menstruators' lives, and thus menstruators' education, various entities, of their own volition, have developed and implemented various initiatives to provide menstrual products, free of charge, in restrooms on all ten University of Hawaii campuses. However, due to the lack of institutional leadership and resources invested into providing menstrual products, distribution of these products is inconsistent and inequitable within and among campuses. Therefore, this measure requests the University of Hawaii to address this inequitable distribution, and the greater issue of menstrual inequity, by providing menstrual products in all University restrooms.

Your Committee has amended this measure by:

- (1) Inserting findings regarding the Phi Theta Kappa Honor Society at Kapiolani Community College's implementation of a pilot program, of their own volition, that provides menstrual products, free of charge, in Kapiolani Community College restrooms;
- (2) Inserting findings regarding the University of Hawaii at Hilo's independent implementation of a program that provides menstrual products, free of charge, in campus restrooms;
- (3) Clarifying that the University of Hawaii System is urged to provide menstrual products, free of charge, to all students at all university, community college, and education center campuses as part of a public health and education equity strategy that addresses economic disparities;
- (4) Requesting that, beginning in the fall semester of 2023, each University of Hawaii System Chancellor consult with the student council of the Chancellor's respective campus regarding the type and amount of menstrual products to be provided at the campus;
- (5) Requesting that the University of Hawaii System submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024 on the status of providing menstrual products, free of charge, to all of the System's campuses;
- (6) Requiring certified copies of this measure to be transmitted to the Chair of the Board of Regents of the University of Hawaii System, each University of Hawaii System Chancellor, and the Executive Director of Equity Assurance of the University of Hawaii;
- (7) Amending its title in accordance with its amended purpose; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 27, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 27, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1440 Higher Education on S.R. No. 23**

The purpose and intent of this measure is to request the University of Hawaii to support ending menstrual inequity by providing menstrual products to all persons, free of charge, in all University of Hawaii restrooms.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, University of Hawai'i System, Zen Den Midwifery, Ma'i Movement Hawai'i, PERIOD., Hawaii Women's Coalition, and twenty-four individuals.

Your Committee finds that menstrual products are essential to the physical and mental health, well-being, and full participation of menstruators. Despite the necessity of menstrual products for the maintenance of personal hygiene, menstrual products are not provided within all restrooms. This is in stark contrast to other necessary hygiene products, such as toilet paper and soap, which are provided at no cost to restroom users. In recognition of the critical role menstrual products play in menstruators' lives, and thus menstruators' education, various entities, of their own volition, have developed and implemented various initiatives to provide menstrual products, free of charge, in restrooms on all ten University of Hawaii campuses. However, due to the lack of institutional leadership and resources invested into providing menstrual products, distribution of these products is inconsistent and inequitable within and among campuses. Therefore, this measure requests the University of Hawaii to address this inequitable distribution, and the greater issue of menstrual inequity, by providing menstrual products in all University restrooms.

Your Committee has amended this measure by:

- (1) Inserting findings regarding the Phi Theta Kappa Honor Society at Kapiolani Community College's implementation of a pilot program, of their own volition, that provides menstrual products, free of charge, in Kapiolani Community College restrooms;
- (2) Inserting findings regarding the University of Hawaii at Hilo's independent implementation of a program that provides menstrual products, free of charge, in campus restrooms;
- (3) Clarifying that the University of Hawaii System is urged to provide menstrual products, free of charge, to all students at all university, community college, and education center campuses as part of a public health and education equity strategy that addresses economic disparities;

- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 23, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 23, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1441 Transportation and Culture and the Arts on S.C.R. No. 62**

The purpose and intent of this measure is to request the Department of Transportation to create a second access point from Whitmore Village via Saipan Road to Kamehameha Highway to alleviate traffic on Whitmore Avenue.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the population of Whitmore Village has increased by almost one thousand residents between 2000 and 2020. Further, Whitmore Village is also the site of the Naval Computer and Telecommunications Area Master Station Pacific and National Security Agency Hawaii, in addition to agricultural lands that are being developed for food production. Despite the increase of economic activity in the area, there is only one ingress and egress from Whitmore Village to Kamehameha Highway, creating traffic congestion within Whitmore Village. This measure requests a multi-jurisdictional approach between state and federal agencies to alleviate traffic congestion in Whitmore Village.

Your Committee has amended this measure by:

- (1) Requesting the Naval Computer and Telecommunications Area Master Station Pacific to assist the Department of Transportation with the creation of an access road;
- (2) Adding the Commanding Officer of the Naval Computer and Telecommunications Area Master Station Pacific to the list of recipients of certified copies; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 62, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 62, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1442 Transportation and Culture and the Arts on S.R. No. 56**

The purpose and intent of this measure is to request the Department of Transportation to create a second access point from Whitmore Village via Saipan Road to Kamehameha Highway to alleviate traffic on Whitmore Avenue.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the population of Whitmore Village has increased by almost one thousand residents between 2000 and 2020. Further, Whitmore Village is also the site of the Naval Computer and Telecommunications Area Master Station Pacific and National Security Agency Hawaii, in addition to agricultural lands that are being developed for food production. Despite the increase of economic activity in the area, there is only one ingress and egress from Whitmore Village to Kamehameha Highway, creating traffic congestion within Whitmore Village. This measure requests a multi-jurisdictional approach between state and federal agencies to alleviate traffic congestion in Whitmore Village.

Your Committee has amended this measure by:

- (1) Requesting the Naval Computer and Telecommunications Area Master Station Pacific to assist the Department of Transportation with the creation of an access road;
- (2) Adding the Commanding Officer of the Naval Computer and Telecommunications Area Master Station Pacific to the list of recipients of certified copies; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 56, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 56, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1443 Transportation and Culture and the Arts on S.C.R. No. 145**

The purpose and intent of this measure is to request the Department of Transportation to study the feasibility and advisability of eliminating the State's safety inspection requirements for motor vehicles.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Transportation. Your Committee received comments on this measure from the Hawaii Transportation Association and Grassroot Institute of Hawaii.

Your Committee finds that motor vehicle safety inspections are a tool designed to ensure all motor vehicles meet minimum safety standards. Presently, it is unclear whether the costs of overseeing and enforcing motor vehicle safety inspections are justified by the benefits of inspection, as vehicle component failure is a factor in a very small percentage of motor vehicle accidents in the State and nationally. Other factors, such as alcohol, speed, and distracted driving, are the leading causes of fatal traffic accidents in the State. This measure considers the feasibility of eliminating the State's safety inspection requirements while also studying alternatives to ensure the safety of all roadway users.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Transportation is requested to study the State's safety inspection requirements for motor vehicles, rather than motor carrier vehicles; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 145, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 145, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1444 Transportation and Culture and the Arts on S.R. No. 136**

The purpose and intent of this measure is to request the Department of Transportation to study the feasibility and advisability of eliminating the State's safety inspection requirements for motor vehicles.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Transportation. Your Committee received comments on this measure from the Hawaii Transportation Association and Grassroot Institute of Hawaii.

Your Committee finds that motor vehicle safety inspections are a tool designed to ensure all motor vehicles meet minimum safety standards. Presently, it is unclear whether the costs of overseeing and enforcing motor vehicle safety inspections are justified by the benefits of inspection, as vehicle component failure is a factor in a very small percentage of motor vehicle accidents in the State and nationally. Other factors, such as alcohol, speed, and distracted driving, are the leading causes of fatal traffic accidents in the State. This measure considers the feasibility of eliminating the State's safety inspection requirements while also studying alternatives to ensure the safety of all roadway users.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Transportation is requested to study the State's safety inspection requirements for motor vehicles, rather than motor carrier vehicles; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 136, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 136, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1445 Transportation and Culture and the Arts on S.R. No. 74**

The purpose and intent of this measure is to request the Department of Transportation and all county transportation departments to install designations of "Do Not Block" and related signage at high traffic intersections.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that Act 54, Session Laws of Hawaii 2009, requires the Department of Transportation and county transportation departments to adopt "Complete Streets" policies that provide safe access and mobility for all users of public roadways. However, traffic congestion prevents pedestrians, transit users, bicyclists, and other roadway users from safely utilizing public sidewalks or crosswalks. Additionally, traffic congestion is most prevalent at busy intersections, resulting in dangerous situations that may lead to severe injuries or death. Creating additional traffic control devices such as markings and signage, including paint lines on roadways, may improve traffic congestion and driver awareness. This measure requests additional traffic control signage to alleviate issues caused by traffic congestion while also ensuring the safety of all roadway users.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 74 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1446 Transportation and Culture and the Arts on S.R. No. 38**

The purpose and intent of this measure is to request the Department of Transportation to evaluate certain Aiea roadways and identify opportunities for improvement of traffic conditions and pedestrian safety.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that drivers who perform dangerous maneuvers such as illegal U-turns endanger oncoming traffic and pedestrian safety. Certain intersections such as Moanalua Road and Kaimakani Street in Aiea, Oahu, experience a high frequency of U-turns that may create hazardous road conditions. This measure requests the Department of Transportation to evaluate certain roadways in Aiea to create safer traffic conditions for all roadway users.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 38 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1447 (Joint) Water and Land and Agriculture and Environment on S.C.R. No. 113**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to minimize human interaction at certain locations during coral spawning events.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Reef and Ocean Coalition, Environmental Caucus of the Democratic Party of Hawai'i, Friends of Hanauma Bay, and four individuals.

Your Committees find that human interference shortly after once-a-year coral spawning events -- such as swimming, snorkeling, and scuba diving -- can imperil coral colonies by preventing coral larvae from safely settling into reefs. Your Committees find that efforts in Kahuluu Bay and Waiakea Bay State Park to minimize human interference for several days after a spawning event have successfully increased the amount of juvenile corals in these areas. Therefore, this measure requests the Department of Land and Natural Resources to expand on this success and take certain actions to support healthier coral reefs.

As affirmed by the records of votes of the members of your Committees on Water and Land and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 113 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Water and Land: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Fevella).  
Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1448 (Joint) Water and Land and Agriculture and Environment on S.R. No. 106**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to minimize human interaction at certain locations during coral spawning events.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Environmental Caucus of the Democratic Party of Hawai'i, and two individuals.

Your Committees find that human interference shortly after once-a-year coral spawning events -- such as swimming, snorkeling, and scuba diving -- can imperil coral colonies by preventing coral larvae from safely settling into reefs. Your Committees find that efforts in Kahului Bay and Waiakea Bay State Park to minimize human interference for several days after a spawning event have successfully increased the amount of juvenile corals in these areas. Therefore, this measure requests the Department of Land and Natural Resources to expand on this success and take certain actions to support healthier coral reefs.

As affirmed by the records of votes of the members of your Committees on Water and Land and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 106 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Fevella).

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1449 Water and Land on S.C.R. No. 140**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to investigate the causes of and update key information on, including facts and statistics, the decline on Mauna Kea of the critically endangered Palila bird (*Loxioides bailleui*), also known as the finch-billed Hawaiian honeycreeper.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Forest Industry Association, and four individuals.

Your Committee finds that the Palila is a critically endangered bird found only in Hawaii, with nearly all of its population residing within the Mauna Kea Conservation District on Hawaii island. Your Committee further finds that for decades, the presence of sheep and goat populations threatened the Mauna Kea Mamane-Naio Forest, which contributed to the decline of Palila in the area. However, despite eradication efforts to remove sheep and goats from the Palila's habitat and the subsequent full recovery of the Mauna Kea Mamane-Naio Forest, the population of mature adult Palila on Mauna Kea is still just one thousand. Therefore, this measure requests the Department of Land and Natural Resources to further study the causes of Palila decline and specifically requests the Department to investigate what effect the eradication of sheep and goats had on the Palila population.

Your Committee has amended this measure by making a technical, nonsubstantive amendment to its title for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 140, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 140, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1450 Water and Land on S.R. No. 215**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to investigate the causes of and update key information on, including facts and statistics, the decline on Mauna Kea of the critically endangered Palila bird (*Loxioides bailleui*), also known as the finch-billed Hawaiian honeycreeper.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals.

Your Committee finds that the Palila is a critically endangered bird found only in Hawaii, with nearly all of its population residing within the Mauna Kea Conservation District on Hawaii island. Your Committee further finds that for decades, the presence of sheep and goat populations threatened the Mauna Kea Mamane-Naio Forest, which contributed to the decline of Palila in the area. However, despite eradication efforts to remove sheep and goats from the Palila's habitat and the subsequent full recovery of the Mauna Kea Mamane-Naio Forest, the population of mature adult Palila on Mauna Kea is still just one thousand. Therefore, this measure requests the Department of Land and Natural Resources to further study the causes of Palila decline and specifically requests the Department to investigate what effect the eradication of sheep and goats had on the Palila population.

Your Committee has amended this measure by making a technical, nonsubstantive amendment to its title for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 215, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 215, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1451 Water and Land on S.C.R. No. 95**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to protect Hawaii's waters and resources by prohibiting seabed mining.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition and Ocean Tourism Coalition.

Your Committee finds that the high demand for metals used in everyday devices -- such as cellphones, computers, and cars -- has pushed the mining industry to explore the world's deepest oceans where vast quantities of these critical materials are present. Your Committee further finds that while seabed mining might present a tremendous financial opportunity for some, those gains must be

weighed against the potential damage to the environment and marine ecosystems that might result from such an activity, which in some cases may be irreversible. Your Committee finds that annually, Hawaii's pristine waters provide residents with approximately \$13,400,000 from fishing and an estimated \$1,230,000,000 from tourism, which could easily be placed at risk due to seabed mining. Therefore, this measure urges the Department of Land and Natural Resources to prohibit seabed mining in state waters to preserve Hawaii's irreplaceable ocean and marine ecosystems that are integral to the State's economy and unique island culture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 95, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 95, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1452 Water and Land on S.R. No. 88**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to protect Hawaii's waters and resources by prohibiting seabed mining.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition, Ocean Tourism Coalition, and one individual.

Your Committee finds that the high demand for metals used in everyday devices -- such as cellphones, computers, and cars -- has pushed the mining industry to explore the world's deepest oceans where vast quantities of these critical materials are present. Your Committee further finds that while seabed mining might present a tremendous financial opportunity for some, those gains must be weighed against the potential damage to the environment and marine ecosystems that might result from such an activity, which in some cases may be irreversible. As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 88, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 88, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1453 Water and Land on S.R. No. 83**

The purpose and intent of this measure is to request the Task Force on Beach and Water Safety to resume convening regular meetings as mandated by law and provide a current status report to the Legislature.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Act 190, Session Laws of Hawaii 1996 (Act 190), established a Task Force on Beach and Water Safety to advise the Chairperson of the Board of Land and Natural Resources as to the best design of and placement for legally adequate warning signs for public beach parks with dangerous shore breaks or strong currents. Your Committee further finds that Act 190 required the Task Force to regularly convene and to submit an annual report to the Legislature. However, despite this, the Task Force has not met since December 12, 2012, and the Legislature has not received any substantive information relating to any Task Force accomplishments, an inventory of existing warning signs on public beach parks, nor summaries as to the effectiveness of these signs in preventing drownings and serious injuries. Therefore, this measure requests the Task Force to resume compliance with Act 190 and to provide a current status report to the Legislature as soon as practicable.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 83 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1454 (Majority) Transportation and Culture and the Arts on S.C.R. No. 33**

The purpose and intent of this measure is to urge the counties to implement and enforce regulations that ensure car sharing services and operations do not negatively impact the traffic, parking, and character of residential neighborhoods.

Your Committee received comments on this measure from Turo, Inc.

Your Committee finds that visitor industry regulations protect the social, economic, and environmental needs of Hawaii's residents, businesses, and visitors. The proliferation of car sharing platforms in recent years has created issues in certain neighborhoods, as car owners may park their vehicles in residential lots or along neighborhood streets that do not have the capacity to host non-residential vehicles and take away parking spaces for residents. Additionally, persons utilizing car sharing platforms may conduct business from their personal residence, creating traffic, noise, and safety concerns within neighborhoods. This measure urges greater accountability and oversight of car sharing platforms to preserve the character of residential neighborhoods.

Your Committee has amended this measure by:

- (1) Urging the counties to limit peer-to-peer ride share parking on public streets as appropriate based on the needs of any given neighborhood; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 33, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 33, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1455 (Majority) Transportation and Culture and the Arts on S.R. No. 27**

The purpose and intent of this measure is to urge the counties to implement and enforce regulations that ensure car sharing services and operations do not negatively impact the traffic, parking, and character of residential neighborhoods.

Your Committee received comments on this measure from Turo, Inc.

Your Committee finds that visitor industry regulations protect the social, economic, and environmental needs of Hawaii's residents, businesses, and visitors. The proliferation of car sharing platforms in recent years has created issues in certain neighborhoods, as car owners may park their vehicles in residential lots or along neighborhood streets that do not have the capacity to host non-residential vehicles and take away parking spaces for residents. No. 27, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 27, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1456 Transportation and Culture and the Arts on S.C.R. No. 7**

The purpose and intent of this measure is to urge the City and County of Honolulu to improve access of TheBus in Oahu's rural communities.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and one individual.

Your Committee finds that TheBus is the primary public transportation service on Oahu, especially for Oahu's rural communities. Additionally, for senior citizens, persons with disabilities, and low-income residents living in rural areas, utilizing TheBus may be the only means to obtain groceries, access health care services, attend classes, or commute to work. Further, certain areas such as the neighborhood encompassing Kapilina Beach Homes in Ewa Beach, Oahu, do not have safe infrastructure for pedestrians and users of TheBus, creating hazardous conditions. While TheBus operates one hundred seven different routes throughout the island, creating greater access to public transportation services will allow Hawaii's people to safely commute between destinations. This measure prioritizes the safety of Hawaii's people while urging the expansion of key city infrastructure to provide more residents with opportunities to utilize public transportation.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 7 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1457 Transportation and Culture and the Arts on S.R. No. 5**

The purpose and intent of this measure is to urge the City and County of Honolulu to improve access of TheBus in Oahu's rural communities.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and one individual.

Your Committee finds that TheBus is the primary public transportation service on Oahu, especially for Oahu's rural communities. Additionally, for senior citizens, persons with disabilities, and low-income residents living in rural areas, utilizing TheBus may be the only means to obtain groceries, access health care services, attend classes, or commute to work. While TheBus operates one hundred seven different routes throughout the island, creating greater access to public transportation services will allow Hawaii's people to safely commute between destinations. This measure

prioritizes the safety of Hawaii's people while urging the expansion of key city infrastructure to provide more residents with opportunities to utilize public transportation.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 5 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1458 Transportation and Culture and the Arts on S.C.R. No. 170**

The purpose and intent of this measure is to urge the Department of Transportation to establish a working group to evaluate options that provide additional air service to remote and underserved communities across the State.

Your Committee received testimony in support of this measure from the Department of Transportation, State Council on Developmental Disabilities, Hawaii's Tourism Authority, Hawaii Self-Advocacy Advisory Council, and nine individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that as an island state, Hawaii is reliant upon air travel to ensure residents and tourists have timely transportation options to navigate between islands. However, since January 2021, only one passenger airline has provided service to the general public out of Molokai Airport. The limited service between Molokai Airport and other destinations has led to costly ticket prices and limited flights, leaving many residents who travel for essential reasons such as work, medical appointments, and family stranded without a way to and from Molokai. As air travel is under the jurisdiction of the Federal Aviation Administration, collaboration between federal, state, and county agencies may provide solutions to ensure residents have access to multiple air travel options. This measure addresses ongoing limited air travel issues in underserved and rural communities across the State to provide residents with affordable, consistent options to navigate around the State.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1459 Transportation and Culture and the Arts on S.R. No. 128**

The purpose and intent of this measure is to urge the Department of Transportation to establish a working group to evaluate options that provide additional air service to remote and underserved communities across the State.

Your Committee received testimony in support of this measure from the Department of Transportation, State Council on Developmental Disabilities, Hawaii Tourism Authority, and three individuals.

Your Committee finds that as an island state, Hawaii is reliant upon air travel to ensure residents and tourists have timely transportation options to navigate between islands. However, since January 2021, only one passenger airline has provided service to the general public out of Molokai Airport. The limited service between Molokai Airport and other destinations has led to costly ticket prices and limited flights, leaving many residents who travel for essential reasons such as work, medical appointments, and family stranded without a way to and from Molokai. This measure addresses ongoing limited air travel issues in underserved and rural communities across the State to provide residents with affordable, consistent options to navigate around the State.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 128 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1460 Transportation and Culture and the Arts on S.C.R. No. 106**

The purpose and intent of this measure is to urge the Department of Transportation and the Department of Transportation Services of the City and County of Honolulu to construct elevated crosswalks along Meheula Parkway near Mililani High School.

Your Committee received testimony in support of this measure from the Department of Transportation and Ulupono Initiative.

Your Committee finds that the State averages twenty-eight pedestrian fatalities annually on roads without proper crosswalks. However, pedestrians are still at risk of serious injury or death when drivers fail to yield to the pedestrian's right-of-way on proper crosswalks. The recent death of a McKinley High School student has demonstrated that drivers can be reckless, especially around school campuses, as evidenced by disregard of speed limits and other traffic laws. Your Committee further finds that in some areas, raised crosswalks may make pedestrians more visible to drivers and can reduce the likelihood of vehicular collisions.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1461 Transportation and Culture and the Arts on S.R. No. 95**

The purpose and intent of this measure is to urge the Department of Transportation and the Department of Transportation Services of the City and County of Honolulu to construct elevated crosswalks along Meheula Parkway near Mililani High School.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the State averages twenty-eight pedestrian fatalities annually on roads without proper crosswalks. However, pedestrians are still at risk of serious injury or death when drivers fail to yield to the pedestrian's right-of-way on proper crosswalks. The recent death of a McKinley High School student has demonstrated that drivers can be reckless, especially around school campuses, as evidenced by disregard of speed limits and other traffic laws. Your Committee further finds that in some areas, raised crosswalks may make pedestrians more visible to drivers and can reduce the likelihood of vehicular collisions.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 95 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1462 Transportation and Culture and the Arts on S.C.R. No. 31**

The purpose and intent of this measure is to urge the Department of Transportation to construct an all-way crosswalk along the cross-streets of Kahualii Street, Waipio Point Access Road, and Farrington Highway, on the island of Oahu.

Your Committee received testimony in support of this measure from the Department of Education and Ulupono Initiative.

Your Committee finds that pedestrian safety is of paramount importance. On average, there are twenty-eight pedestrian fatalities annually on roads without proper crosswalks. In certain high traffic congestion areas such as the area surrounding Waipahu High School, pedestrian and vehicular traffic congestion creates hazardous conditions. For example, students and residents who cross the road near Waipahu High School need to cross multiple times to reach their destinations. Additionally, pedestrian islands are often overflowing, causing some students and pedestrians to be pushed into the flow of traffic. This measure creates additional safety measures for area students and residents while also alleviating traffic congestion and public safety concerns.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1463 Transportation and Culture and the Arts on S.R. No. 25**

The purpose and intent of this measure is to urge the Department of Transportation to construct an all-way crosswalk along the cross-streets of Kahualii Street, Waipio Point Access Road, and Farrington Highway, on the island of Oahu.

Your Committee did not receive any testimony on this measure.

Your Committee finds that pedestrian safety is of paramount importance. On average, there are twenty-eight pedestrian fatalities annually on roads without proper crosswalks. In certain high traffic congestion areas such as the area surrounding Waipahu High School, pedestrian and vehicular traffic congestion creates hazardous conditions. For example, students and residents who cross the road near Waipahu High School need to cross multiple times to reach their destinations. This measure creates additional safety measures for area students and residents while also alleviating traffic congestion and public safety concerns.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 25 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1464 Transportation and Culture and the Arts on S.C.R. No. 59**

The purpose and intent of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Farrington Highway is the main route of travel for communities of the Leeward Coast of Oahu and is the only public highway that leads into and out of the region. As a major artery for the Leeward Coast, Farrington Highway has experienced lane closures or complete shutdowns on numerous occasions due to traffic accidents, severe weather, and construction work. However, a system of roads known collectively as the Waianae Coast Emergency Access Road, a network under the jurisdiction of the Department of Emergency Management of the City and County of Honolulu, are gated unless opened when deemed necessary or when requested by the Honolulu Police Department.

Your Committee further finds that while the Legislature adopted H.C.R. No. 197 in 2017, urging the Department of Transportation to work in conjunction with the Departments of Emergency Management and Transportation Services of the City and County of Honolulu and Honolulu Police Department to assess the feasibility of opening the Waianae Coast Emergency Access Road, work has yet to be completed on opening the locked gates for a parallel route. This measure urges a multi-departmental approach to fulfill a critical need for an alternate route along the Leeward Coast to alleviate traffic and improve public safety.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 59 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1465 Transportation and Culture and the Arts on S.R. No. 53**

The purpose and intent of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Farrington Highway is the main route of travel for communities of the Leeward Coast of Oahu and is the only public highway that leads into and out of the region. As a major artery for the Leeward Coast, Farrington Highway has experienced lane closures or complete shutdowns on numerous occasions due to traffic accidents, severe weather, and construction work. As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 53 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1466 Transportation and Culture and the Arts on S.C.R. No. 93**

The purpose and intent of this measure is to request the Department of Transportation, in coordination with the Department of Transportation Services of the City and County of Honolulu, to install speed bumps and other traffic calming structures on Ala Aolani Street in Moanalua Valley and other surrounding streets deemed appropriate to deter speeding.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that Moanalua Valley is a residential area that is home to several thousand residents and also includes a golf course, neighborhood park, popular hiking trail, and nearby entrance and exit to Interstate H-201. Ala Aolani Street is the main roadway in Moanalua Valley that is utilized by pedestrians, bicyclists, and resident and visitor drivers. However, there has been a high frequency of speeding cars on Ala Aolani Street, which has a twenty-five mile per hour limit. This measure requests a multi-departmental approach to address safety concerns arising from the high frequency of speeding cars in the area; traffic calming methods such as speed bumps and roundabouts may make Ala Aolani Street safer for all roadway users.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 93 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1467 Transportation and Culture and the Arts on S.R. No. 86**

The purpose and intent of this measure is to request the Department of Transportation, in coordination with the Department of Transportation Services of the City and County of Honolulu, to install speed bumps and other traffic calming structures on Ala Aolani Street in Moanalua Valley and other surrounding streets deemed appropriate to deter speeding.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that Moanalua Valley is a residential area that is home to several thousand residents and also includes a golf course, neighborhood park, popular hiking trail, and nearby entrance and exit to Interstate H-201. Ala Aolani Street is the main roadway in Moanalua Valley that is utilized by pedestrians, bicyclists, and resident and visitor drivers. However, there has been a high frequency of speeding cars on Ala Aolani Street, which has a twenty-five mile per hour limit. This measure requests a multi-departmental approach to address safety concerns arising from the high frequency of speeding cars in the area; traffic calming methods such as speed bumps and roundabouts may make Ala Aolani Street safer for all roadway users.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 86 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1468 Transportation and Culture and the Arts on S.C.R. No. 73**

The purpose and intent of this measure is to request the Department of Transportation to conduct an assessment report to evaluate the feasibility and practicality of implementing higher levels of commercial general liability insurance for the general aviation industry and helicopter operations at airports in the State.

Your Committee received testimony in support of this measure from Blue Hawaiian, Air Methods, Aeroplex Group Partners, and one individual.

Your Committee finds that the general aviation industry and operation of helicopters in a safe manner is of paramount importance. Higher levels of required commercial general liability insurance may be associated with increased private sector incentives to adopt national or worldwide best practices. The Airports Council International – North America conducted a study on the adequacy of insurance coverage requirements beginning in 2006. The study found that general liability limits across the country identified ranges of \$1,000,000 at San Francisco International Airport to a maximum value of \$300,000,000 at John F. Kennedy International Airport. This measure provides an opportunity for the Department of Transportation to collect valuable data to ensure the general aviation industry, particularly helicopters, hold sufficient levels of general liability insurance for the safety of operators and passengers.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1469 Transportation and Culture and the Arts on S.R. No. 65**

The purpose and intent of this measure is to request the Department of Transportation to conduct an assessment report to evaluate the feasibility and practicality of implementing higher levels of commercial general liability insurance for the general aviation industry and helicopter operations at airports in the State.

Your Committee received testimony in support of this measure from Blue Hawaiian, Air Methods, Aeroplex Group Partners, and one individual.

Your Committee finds that the general aviation industry and operation of helicopters in a safe manner is of paramount importance. Higher levels of required commercial general liability insurance may be associated with increased private sector incentives to adopt national or worldwide best practices. The Airports Council International – North America conducted a study on the adequacy of insurance coverage requirements beginning in 2006. The study found that general liability limits across the country identified ranges of \$1,000,000 at San Francisco International Airport to a maximum value of \$300,000,000 at John F. Kennedy International Airport. This measure provides an opportunity for the Department of Transportation to collect valuable data to ensure the general aviation industry, particularly helicopters, hold sufficient levels of general liability insurance for the safety of operators and passengers.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 65 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1470 Health and Human Services on S.C.R. No. 51**

The purpose and intent of this measure is to request the Department of Human Services to:

- (1) Immediately cease intercepting Social Security payments for children in foster care; and
- (2) Deposit Social Security payments for foster children into savings accounts, which the children may access when they return to their families, are adopted, or age out of foster care.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that roughly ten percent of foster children in the United States are entitled to Social Security benefits due to the death of their parents or a physical or mental disability. Your Committee further finds that the recent decision by New York City child welfare officials to deposit foster children's Social Security payments into savings accounts, which the children may access when they return to their families, are adopted, or age out of foster care, may help these children achieve financial independence after they age out of foster care. Therefore, this measure supports the financial well-being of foster children by requesting the Department of Human Services to follow the example set by New York City and deposit foster children's Social Security payments into savings accounts rather than intercepting these payments.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 51 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1471 Health and Human Services on S.R. No. 46**

The purpose and intent of this measure is to request the Department of Human Services to:

- (1) Immediately cease intercepting Social Security payments for children in foster care; and
- (2) Deposit Social Security payments for foster children into savings accounts, which the children may access when they return to their families, are adopted, or age out of foster care.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that roughly ten percent of foster children in the United States are entitled to Social Security benefits due to the death of their parents or a physical or mental disability. Your Committee further finds that the recent decision by New York City child welfare officials to deposit foster children's Social Security payments into savings accounts, which the children may access when

they return to their families, are adopted, or age out of foster care, may help these children achieve financial independence after they age out of foster care. Therefore, this measure supports the financial well-being of foster children by requesting the Department of Human Services to follow the example set by New York City and deposit foster children's Social Security payments into savings accounts rather than intercepting these payments.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 46 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1472 Health and Human Services on S.C.R. No. 88**

The purpose and intent of this measure is to request the Office of Wellness and Resilience to establish the Malama Ohana Working Group to identify, design, and recommend transformative changes to the State's child welfare system.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience, Nā Kama a Hāloa, Hawai'i Youth Services Network, Pū'ā Foundation, and three individuals.

Your Committee finds that there is a collective desire to reform the state child welfare system, particularly in regard to the overrepresentation of Native Hawaiian children and families within the system. Collaboration between the State and its communities is critical to these reform efforts due to the complexity and diversity of the issues children and families involved in the state child welfare system face. Formed and prototyped by Nā Kama a Hāloa, a network of more than thirty community organizations and individuals with lived experience in the state child welfare system, the Malama Ohana Working Group exemplifies this collaborative, community approach and has successfully implemented several projects that have led to system reforms. This measure therefore supports the continuation of the Malama Ohana Working Group to uplift the voices of those with lived experience in the state child welfare system and provide community input for the system's improvement.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1473 Health and Human Services on S.R. No. 79**

The purpose and intent of this measure is to request the Office of Wellness and Resilience to establish the Malama Ohana Working Group to identify, design, and recommend transformative changes to the State's child welfare system.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience, Hawai'i Youth Services Network, and one individual.

Your Committee finds that there is a collective desire to reform the state child welfare system, particularly in regard to the overrepresentation of Native Hawaiian children and families within the system. Collaboration between the State and its communities is critical to these reform efforts due to the complexity and diversity of the issues children and families involved in the state child welfare system face. Formed and prototyped by Nā Kama a Hāloa, a network of more than thirty community organizations and individuals with lived experience in the state child welfare system, the Malama Ohana Working Group exemplifies this collaborative, community approach and has successfully implemented several projects that have led to system reforms. This measure therefore supports the continuation of the Malama Ohana Working Group to uplift the voices of those with lived experience in the state child welfare system and provide community input for the system's improvement.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 79 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1474 Labor and Technology on S.C.R. No. 117**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations conduct a study of the exemptions to Hawaii's minimum wage law that specifically consider the exemptions from the definition of "employee" that are contained in section 387-1, Hawaii Revised Statutes, including whether any of those exemptions should be repealed.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Education Caucus of the Democratic Party of Hawai'i, Labor Caucus of the Democratic Party of Hawai'i, Imua Alliance, Hawaii State AFL-CIO, International Alliance of Theatrical Stage Employees Local 665, Hawai'i Workers Center, and three individuals.

Your Committee finds that an evaluation of the exemptions of Hawaii's minimum wage law will help determine whether amendments are appropriate and necessary. Your Committee notes that one of the exemptions is for workers who are guaranteed compensation totaling \$2,000 or more a month. Your Committee recognizes that with the minimum wage increase schedule enacted through Act 114, Session Laws of 2022, a worker under this exemption would progressively earn below the minimum wage through 2028. This measure is intended to ensure that Hawaii's working families are able to meet their basic needs as the cost of living in the State continues to increase.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1475 Labor and Technology on S.R. No. 129**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations conduct a study of the exemptions to Hawaii's minimum wage law that specifically consider the exemptions from the definition of "employee" that are contained in section 387-1, Hawaii Revised Statutes, including whether any of those exemptions should be repealed.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Education Caucus of the Democratic Party of Hawai'i, Labor Caucus of the Democratic Party of Hawai'i, Imua Alliance, Hawaii State AFL-CIO, International Alliance of Theatrical Stage Employees Local 665, Hawai'i Workers Center, and three individuals.

Your Committee finds that an evaluation of the exemptions of Hawaii's minimum wage law will help determine whether amendments are appropriate and necessary. Your Committee notes that one of the exemptions is for workers who are guaranteed compensation totaling \$2,000 or more a month. Your Committee recognizes that with the minimum wage increase schedule enacted through Act 114, Session Laws of 2022, a worker under this exemption would progressively earn below the minimum wage through 2028. This measure is intended to ensure that Hawaii's working families are able to meet their basic needs as the cost of living in the State continues to increase.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 129 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1476 Hawaiian Affairs on S.C.R. No. 80**

The purpose and intent of this measure is to request the Department of Hawaiian Home Lands to identify resources needed to execute a plan to repair homes for safe habitation.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that despite the efforts of the Department of Hawaiian Home Lands to provide housing to beneficiaries on its waitlist, the Department is constrained by its limited inventory of housing-ready units and the practical reality that it can take months or even years to plan, design, and construct new housing projects. Notwithstanding, your Committee finds that certain Hawaiian Home Lands units in already-developed communities have remained unoccupied. Your Committee finds that this can occur due to a variety of reasons, such as the anticipation of a pending transfer or the need for repairs to restore a unit to habitability. Your Committee finds that the Department's ability to expediently fill tenant-unoccupied or vacant units is in the interest of beneficiaries. Therefore, this measure requests the Department to develop a plan to quickly and efficiently identify properties that are unoccupied or in need of repairs, assist lessees in assessing repairs and finding financing, expedite pending lease transfers, and conduct contested hearings in a timely manner.

Lastly, your Committee has heard the testimony of the Department of Hawaiian Home Lands, expressing concerns that additional personnel and expertise may be necessary to develop and implement a proposed plan in conformance with the aspirations of this measure.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 80 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1477 Hawaiian Affairs on S.R. No. 71**

The purpose and intent of this measure is to request the Department of Hawaiian Home Lands to identify resources needed to execute a plan to repair homes for safe habitation.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that despite the efforts of the Department of Hawaiian Home Lands to provide housing to beneficiaries on its waitlist, the Department is constrained by its limited inventory of housing-ready units and the practical reality that it can take months or even years to plan, design, and construct new housing projects. Notwithstanding, your Committee finds that certain Hawaiian Home Lands units in already-developed communities have remained unoccupied. Your Committee finds that this can occur due to a variety of reasons, such as the anticipation of a pending transfer or the need for repairs to restore a unit to habitability. Your Committee finds that the Department's ability to expediently fill tenant-unoccupied or vacant units is in the interest of beneficiaries. Therefore, this measure requests the Department to develop a plan to quickly and efficiently identify properties that are unoccupied or in need of repairs, assist lessees in assessing repairs and finding financing, expedite pending lease transfers, and conduct contested hearings in a timely manner.

Lastly, your Committee has heard the testimony of the Department of Hawaiian Home Lands, expressing concerns that additional personnel and expertise may be necessary to develop and implement a proposed plan in conformance with the aspirations of this measure.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 71 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1478 Labor and Technology on S.C.R. No. 155**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations conduct a study on the implementation of a state program that requires employers to provide a minimum amount of paid sick leave and supplemental paid sick leave to employees, with a focus on the effects of mandatory paid sick leave on small businesses and low-income employees.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Education Caucus of the Democratic Party of Hawai'i, Labor Caucus of the Democratic Party of Hawai'i, Imua Alliance, Hawai'i Public Health Institute, Hawaii State AFL-CIO, International Alliance of Theatrical Stage Employees Local 665, Hawai'i Workers Center, and four individuals.

Your Committee finds that although Hawaii's Family Leave Law provides four weeks of protected leave for certain employees of employers with one hundred or more employees for the birth or adoption of the employee's child or care of the employee's child, spouse, reciprocal beneficiary, sibling, grandchild, or parent with a serious health condition, this leave is generally unpaid. Your Committee recognizes that the implementation of a paid sick leave program could provide increased benefits, including but not limited to diminishing public and private health care costs in the State and promoting the economic security and stability of workers and their families in the State.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 155 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1479 Labor and Technology on S.C.R. No. 120**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations:

- (1) Collect data relating to the development of an information technology workforce in Hawaii;
- (2) Evaluate the collected data and develop a strategy to provide better information technology training to individuals and retain them in Hawaii to build a flourishing information technology workforce in Hawaii; and
- (3) Submit a report to the Legislature prior to the convening of the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and one individual.

Your Committee finds that the information technology sector has become a significant economic driver in the State that covers a wide range of industries and that the demand for employees currently exceeds the number of available individuals seeking jobs in the information technology sector of Hawaii. Your Committee recognizes that one of the fundamental components in building a robust workforce is the collection of relevant data that will enable better evaluation of available programs and contribute to better planning for the future. This measure would help the State improve various aspects of its workforce development programs to develop a thriving information technology workforce in the State. According to testimony from the Department of Labor and Industrial Relations, educational institutions, such as the University of Hawaii, are more suited to collect current information on individuals who completed information technology courses, training, or programs, or obtained information technology certificates or licenses; and agencies that produce employment and wage estimates, such as the ones within the Department of Business, Economic Development, and Tourism, are better suited to derive the average compensation of technology-related jobs in the private and public sectors.

Therefore, your Committee has amended this measure by:

- (1) Inserting language that requests the Department of Labor and Industrial Relations, in collaboration with the Department of Business, Economic Development, and Tourism and the University of Hawaii, to collect data relating to the development of an information technology workforce in Hawaii;
- (2) Updating the list of certified copy recipients;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 120, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1480 Labor and Technology on S.C.R. No. 121**

The purpose and intent of this measure is to urge the Department of Labor and Industrial Relations to:

- (1) Identify state job classifications for which a degree or Career and Technical Education Certificate from a community college may substitute for an Associate of Arts degree;
- (2) Work with Hawaii P-20, a partnership lead by the Executive Office on Early Learning, Department of Education, and University of Hawaii System, to identify these state job classifications;

- (3) Emphasize general qualifications in its job listings, such as those relating to skills, work experience, and industry credentials that may substitute for an Associate of Arts degree; and
- (4) Submit a report to the Legislature prior to the convening of the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawai'i P-20, and Hawaii State Teachers Association.

Your Committee finds that a degree or Career and Technical Education (CTE) certificate from a community college is, in many ways, comparable to an Associate of Arts degree and that community college CTE programs and community college degree programs are beneficial options for individuals who thrive in less traditional learning environments, individuals with disabilities, individuals from economically disadvantaged families, individuals experiencing homelessness, and others who might otherwise be unemployed or underemployed. This measure supports the creation of educational pathways that meet the State's current and future labor market needs.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 121, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1481      Transportation and Culture and the Arts on H.B. No. 899**

The purpose and intent of this measure is to designate the month of September as Fetal Alcohol Spectrum Disorder Awareness Month to promote public awareness of the risks of alcohol consumption during pregnancy.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, Hawaii Substance Abuse Coalition, and ten individuals.

Your Committee finds that the Centers for Disease Control and Prevention and other national organizations recognize Fetal Alcohol Spectrum Disorder awareness month as a time to inform the public on the causes, symptoms, and individuals who are diagnosed with Fetal Alcohol Spectrum Disorder. As the number one developmental disability that can be prevented, awareness is the most effective way to create systemic change to support individuals with Fetal Alcohol Spectrum Disorder. This measure provides a venue to advocate on the behalf of individuals with Fetal Alcohol Spectrum Disorder who may have unmet needs in Hawaii's communities.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 899, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1482      Energy, Economic Development, and Tourism on Gov. Msg. No. 504**

Recommending that the Senate advise and consent to the nomination of the following:

CHIEF ENERGY OFFICER, HAWAI'I STATE ENERGY OFFICE

G.M. No. 504    MARK GLICK, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Mark Glick for service as the Chief Energy Officer of the Hawaii State Energy Office.

Your Committee received testimony in support of the nomination for the appointment of Mark Glick from the Governor; Department of Business, Economic Development, and Tourism; Hawaii Public Housing Authority; Department of Labor and Industrial Relations; Department of Land and Natural Resources; University of Hawai'i System; Hawaii Green Infrastructure Authority; Department of Transportation; Department of Taxation; Office of Planning and Sustainable Development; Department of Agriculture; Department of Health; Office of Enterprise Technology Services; Department of Budget and Finance; Department of Public Safety; Agribusiness Development Corporation; Hawaii Technology Development Corporation; Natural Energy Laboratory of Hawaii Authority; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Ulupono Initiative; Blue Planet Foundation; International Brotherhood of Electrical Workers Local Union 1260; Hawai'i Energy; Hawai'i Gas; Sunrun; Islander Institute; Hawaii Solar Energy Association; AES; Hua Nani Partners; Mālama Learning Center; Sustainable Molokai and the Molokai Clean Energy Hui; and twenty-one individuals.

Upon review of the testimony, your Committee finds that Mark Glick's professional background, knowledge of energy policy, and experience in the development of projects for the private and public sectors qualify him for appointment as the Chief Energy Officer of the Hawaii State Energy Office. Mr. Glick's experience in public service in the State spans nearly two decades, having served in several capacities at multiple state agencies. Most recently, Mr. Glick served as a Specialist on Energy Policy and Innovation at the University of Hawaii's Hawaii Natural Energy Institute, where he led the Hawaii Energy Policy Forum and Hawaii Natural Energy Institute's energy policy practice in support of energy transitions and decarbonization efforts in the State through projects, publications, technical assistance, and counseling. Mr. Glick also previously served as the Hawaii State Energy Office's Energy Administrator and as an Energy Project Manager and Senior Advisor. During his previous roles with the Hawaii State Energy Office, Mr. Glick contributed to the drafting of Hawaii's one hundred percent renewable portfolio standard goal and helped the State exceed its 2015 interim renewable portfolio and energy efficiency portfolio standards by nearly ten percent. Mr. Glick also managed over \$9,000,000

in federally-funded projects to increase the number of renewable energy and energy efficiency installations in the State. Prior to his work in the public sector in Hawaii, Mr. Glick co-founded and led a business systems integration and consulting firm in Austin, Texas that was dedicated to establishing alternative fuel transportation and pioneered efforts. Your Committee believes that Mr. Glick's work experience in both the public and private sectors demonstrate his ability to be an effective leader and provide guidance on clean energy infrastructure as a catalyst for economic growth and energy security.

Your Committee notes that Mr. Glick brings more than forty years of experience working with energy issues and has published extensively on the topic. Mr. Glick holds a Bachelor of Arts in Mathematics from Lamar University and a Master of Science in Public Management and Policy from Carnegie-Mellon University, and has authored more than ten publications on energy issues since 2000. Additionally, Mr. Glick has testified before the Hawaii Legislature on more than two hundred legislative proposals relating to energy, economic development, and the environment, and as the Hawaii State Energy Administrator before the United States Senate Energy Subcommittee on issues such as energy and infrastructure challenges in the State and suggested actions the federal government could take to support job creation and innovation at the state and local level. Mr. Glick's wealth of subject matter expertise gives your Committee great confidence that he will serve the State well as Chief Energy Officer and provide the Hawaii State Energy Office excellent policy guidance on clean energy infrastructure to help the State reach its renewable energy goals. Your Committee therefore recommends that Mark Glick be appointed as the Chief Energy Officer of the Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Fukunaga).

**SCRep. 1483 Energy, Economic Development, and Tourism on Gov. Msg. No. 534**

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM

G.M. No. 534 DANE WICKER, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Dane Wicker for service as the Deputy Director of the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of the nomination for the appointment of Dane Wicker from the Governor; Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; Department of Labor and Industrial Relations; Department of Transportation; Hawaii State Energy Office; Department of Health; Department of Budget and Finance; Department of Public Safety; Department of Agriculture; Office of Planning and Sustainable Development; Department of Taxation; Stadium Authority; Hawaii Public Housing Authority; Office of Community Services; Office of Enterprise Technology Services; Natural Energy Laboratory of Hawaii Authority; Hawaii Green Infrastructure Authority; Hawaii Housing Finance and Development Corporation; Hawaii Technology Development Corporation; Land Use Commission; Agribusiness Development Corporation; Hawai'i Tourism Authority; Mayor of Kaua'i; Pacific Resource Partnership; Ulupono Initiative; Ko'olau Foundation; International Brotherhood of Electrical Workers Local Union 1260; Hawai'i Lodging and Tourism Association; International Longshore and Warehouse Union Local 142; International Longshore and Warehouse Union Local 100; Hawaii Laborers-Employers Cooperation and Education Trust; Hawai'i Executive Collaborative; Title Guaranty Hawaii; Matson Navigation Company, Inc.; Hawaii Foodservice Alliance, LLC; Maui Land and Pineapple Company, Inc.; Hawai'i Farm Bureau; Democratic Party of Hawai'i Labor Caucus; Hawaii Teamsters and Allied Workers Local 996; Oceanit; Kaua'i Chamber of Commerce; Hartung Brothers, Inc.; Filipino Community Center, Inc.; Hawaii Regional Council of Carpenters; Kauai Economic Development Board; WCIT Architecture, Inc.; HPM Building Supply; and forty-four individuals.

Upon review of the testimony, your Committee finds that Mr. Wicker's background, government work experience, and business knowledge qualify him for appointment as the Deputy Director of the Department of Business, Economic Development, and Tourism. Mr. Wicker has over a decade of experience and understanding of government and its processes, budgeting, and public policy. Mr. Wicker previously served as Chief of Staff and Committee Clerk to the Chairperson of the Senate's Committee on Ways and Means for eleven years, where he gained valuable experience with budgets, economic development, office management, and governmental administrative procedures. Mr. Wicker further directed the operating and capital improvement projects and oversaw the review of the Governor's executive operating budget of approximately \$16 billion. Your Committee believes that Mr. Wicker's understanding of departmental operations, the budgeting process, and financial-impact analysis will be invaluable to the Department of Business, Economic Development, and Tourism and its attached agencies to prepare for their budget briefings and will be crucial to assist the Department in revitalizing and diversifying the State's economy.

Your Committee further finds that most recently, Mr. Wicker served as an Administrative Assistant at the Department of Planning and Permitting for the City and County of Honolulu where he coordinated and communicated administrative decisions, work programs, budgets, and objectives to all stakeholders. Mr. Wicker also previously served as the Assistant to the Director of Pacific Asian Studies at the University of Hawaii's East-West Center, where he pursued federal grants and supported the creation of programs in schools to spread the awareness of climate change. Having worked at both the state and county levels of government, your Committee believes that Mr. Wicker has acquired the necessary leadership and professional attributes that will enable him to serve the State and community well at the departmental level.

Your Committee further notes that Mr. Wicker holds a Bachelor of Arts degree in Political Science from the University of Hawaii at West Oahu and is currently pursuing a Masters in Urban and Regional Planning from the University of Hawaii at Manoa. Additionally, Mr. Wicker is a small business owner and operates businesses in retail and farming. Your Committee believes that Mr. Wicker's business experience and his current efforts to further his education by obtaining a Master's degree are indicative of his desire to

continually challenge and improve himself. These qualities demonstrate that Mr. Wicker will make an excellent leader at the Department of Business, Economic Development, and Tourism, where he will be required to think productively and innovate to move the Department forward in a positive manner. Your Committee therefore recommends that Dane Wicker be appointed to serve as Deputy Director of the Department of Business, Economic Development, and Tourism, based on his knowledge, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

**SCRep. 1484 Ways and Means on H.B. No. 138**

The purpose and intent of this measure is to require mandatory training for all lobbyists who are required to register with the State.

Your Committee received written comments in support of this measure from the Hawaii State Ethics Commission and League of Women Voters.

Your Committee finds that the training required by this measure will help provide education and accountability for lobbyists, ensure greater compliance with lobbyist registration laws, strengthen the Hawaii State Ethics Commission's ability to administer and enforce state lobbying laws, and increase the public's confidence in state government.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 138, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1485 Ways and Means on H.B. No. 923**

The purpose and intent of this measure is to ensure fairness and equity in the allocation of private activity bonds.

Specifically, this measure requires:

- (1) Counties with a private activity bond issuance program to exhaust their allotment of private activity bonds before applying to the State for a state allocation;
- (2) The State, if it receives a county allocation of private activity bonds, to award the amount of the county allocation to projects in that county before awarding the allocation to projects in other counties;
- (3) A project seeking private activity bond financing to first apply to the county in which the project is located for a portion of the county's allocation, if that county has a private activity bond issuance program, before applying to the State; and
- (4) The director of finance of each county to report to the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation the amount of the county's unused or unassigned allocation of private activity bonds.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation and County of Hawaii Office of Housing and Community Development.

Your Committee received written comments on this measure from Highridge Costa.

Your Committee finds that the private activity bond cap is currently the most limiting resource in terms of multi-family rental housing financing. This measure will help to ensure fairness and equity in the allocation of the State's private activity bonds, especially for the counties of Maui and Hawaii, which do not have private activity bond issuance programs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 923, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1486 Judiciary on H.B. No. 201**

The purpose and intent of this measure is to expand the definition of "historic property" for purposes of the Historic Preservation Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Association of REALTORS, Historic Hawai'i Foundation, Building Industry Association of Hawaii, and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from NAIOP Hawaii.

Your Committee finds that existing law defines a historic property as, "any building, structure, object, district, area, or site, including heiau and underwater site, which is over fifty years old". With the current definition, the number of homes and buildings that qualify has continued to increase. This can be challenging for homeowners that must comply with the historic preservation review process for permits, even when their properties have no historical significance. Furthermore, existing law can also be challenging for the State Historic Preservation Division, as they will have to review properties simply because the property is over fifty years old, even without historical significance. As such, amending the definition of a historic property to either properties that are over fifty years old

that meet the criteria to be placed onto the Hawaii Register of Historic Places or has important value to Native Hawaiians or other ethnic groups may help address these challenges.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 201, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1487 Judiciary on H.B. No. 1045**

The purpose and intent of this measure is to:

- (1) Require a minor student's parent or legal guardian, rather than the student, to produce the required student records when transferring schools;
- (2) Clarify that emancipated minors may produce the required student records when transferring schools;
- (3) Clarify that the transfer process is the same whether a transfer is within the same complex area or to another complex area; and
- (4) Exempt students eligible for assistance provided under the federal McKinney-Vento Homeless Assistance Act of 1987 from producing required student records when transferring schools.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that when a student who is under the age of eighteen transfers schools, existing law requires the student to submit to the enrolling school a certificate of release obtained from the school last attended. Your Committee further finds that it is more appropriate for the parent or legal guardian of the minor student to produce and submit the certificate of release, unless the student is an emancipated minor. Your Committee also finds that under the McKinney-Vento Homeless Assistance Act of 1987, unaccompanied homeless youth are those youth who are not in the physical custody of a parent or legal guardian and experiencing unstable housing. McKinney-Vento eligible students, including unaccompanied youth, are entitled to enroll in school immediately, even if the student is lacking documents normally required for enrollment or have missed application or enrollment deadlines. This measure will clarify that a parent or legal guardian would be the appropriate person to provide a certificate of release for a minor student except in the case of an emancipated minor and those unaccompanied youth identified under the McKinney-Vento Act.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1488 Judiciary on H.B. No. 1132**

The purpose and intent of this measure is to:

- (1) Require members of the Hawaii Correctional System Oversight Commission be subject to the advice and consent of the Senate;
- (2) Extend the term of the Oversight Coordinator for the Hawaii Correctional System Oversight Commission;
- (3) Require the Hawaii Correctional System Oversight Commission to publish a summary of an investigation upon its conclusion and any action taken by the Commission in response;
- (4) Authorize the Hawaii Correctional System Oversight Commission to hold a meeting closed to the public to discuss with the Oversight Coordinator a complaint investigated when necessary to maintain confidentiality, under certain conditions; and
- (5) Broaden the Oversight Coordinator's power to make inquiries, obtain information, and inspect the premises of agencies and correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawaii Paroling Authority, Hawaii Correctional System Oversight Commission, Community Alliance on Prisons, ACLU of Hawai'i, and four individuals.

Your Committee finds that transforming a corrections system that has been focused on punishment and isolation to a more rehabilitative and therapeutic model will take time. Your Committee believes that a two-year term for the Oversight Coordinator of the Hawaii Correctional System Oversight Commission is insufficient to facilitate the transition of the corrections system to a rehabilitative and therapeutic model. This measure, among other things, will support the creation of a more just and equitable corrections system by extending the term of the Oversight Coordinator.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1132, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1489 (Joint) Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 100**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to collaborate with the Office of Veterans' Services to plan and construct memorials to honor the sacrifices and contributions of veterans from Hawaii.

Your Committees received testimony in support of this measure from the Office of Veterans' Services, Hawaii Emergency Management Agency, and one individual. Your Committees received comments on this measure from the State Foundation on Culture and the Arts.

Your Committees find that the freedom and security that United States citizens enjoy today are direct results of the sacrifices and continued vigilance of the United States armed forces over the course of the nation's history. As public memorials are an important form of recognition for veterans and military personnel, honoring the sacrifices and contributions of veterans, including veterans from Hawaii, will preserve, perpetuate, and share their legacy. This measure recognizes the sacrifices of veterans from Hawaii who have dedicated their lives to the freedom and security of the United States.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 100 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Inouye).

Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, McKelvey).

**SCRep. 1490 (Joint) Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs on S.R. No. 110**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to collaborate with the Office of Veterans' Services to plan and construct memorials to honor the sacrifices and contributions of veterans from Hawaii.

Your Committees received testimony in support of this measure from the Office of Veterans' Services, Hawaii Emergency Management Agency, and one individual. Your Committees received comments on this measure from the State Foundation on Culture and the Arts.

Your Committees find that the freedom and security that United States citizens enjoy today are direct results of the sacrifices and continued vigilance of the United States armed forces over the course of the nation's history. As public memorials are an important form of recognition for veterans and military personnel, honoring the sacrifices and contributions of veterans, including veterans from Hawaii, will preserve, perpetuate, and share their legacy. As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 110 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Inouye).

Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, McKelvey).

**SCRep. 1491 (Majority) Housing on S.C.R. No. 166**

The purpose and intent of this measure is to request that the Hawaii Housing Finance and Development Corporation, or any other appropriate state agency, conduct a feasibility study on redeveloping lands situated at TMK (1) 2-8-015:001 into workforce housing and other affiliated uses.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and University of Hawai'i System.

Your Committee finds that tax map parcel TMK (1) 2-8-015:001 is a fifteen acre parcel that is the current location of the College of Education, the former location of the Public Broadcasting Station, the University Laboratory (Charter) School, and the University of Hawaii at Manoa Childcare Center. According to testimony received by your Committee, the University of Hawaii owns the real property at TMK (1) 2-8-015:001, has been looking towards the redevelopment of the property, and has identified housing as a potential use that could offer benefits to the University, as well as improvements to the surrounding neighborhood. This measure accordingly helps advance the State in its efforts to address its ongoing housing crisis, especially the need for workforce housing. Your Committee further notes that the Hawaii Housing Finance and Development Corporation has requested \$500,000 for funding and staff to conduct the traffic study, engineering study, architectural study, and preliminary community outreach necessary to implement this measure.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 166 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1492 (Majority) Housing on S.R. No. 192**

The purpose and intent of this measure is to request that the Hawaii Housing Finance and Development Corporation, or any other appropriate state agency, conduct a feasibility study on redeveloping lands situated at TMK (1) 2-8-015:001 into workforce housing and other affiliated uses.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and University of Hawai'i System.

Your Committee finds that tax map parcel TMK (1) 2-8-015:001 is a fifteen acre parcel that is the current location of the College of Education, the former location of the Public Broadcasting Station, the University Laboratory (Charter) School, and the University of

Hawaii at Manoa Childcare Center. According to testimony received by your Committee, the University of Hawaii owns the real property at TMK (1) 2-8-015:001, has been looking towards the redevelopment of the property, and has identified housing as a potential use that could offer benefits to the University, as well as improvements to the surrounding neighborhood. This measure accordingly helps advance the State in its efforts to address its ongoing housing crisis, especially the need for workforce housing. Your Committee further notes that the Hawaii Housing Finance and Development Corporation has requested \$500,000 for funding and staff to conduct the traffic study, engineering study, architectural study, and preliminary community outreach necessary to implement this measure.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 192 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1493 Housing on S.C.R. No. 212**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to:

- (1) Adopt administrative rules to create a pathway to the housing creation process under section 201H-38, Hawaii Revised Statutes, for housing projects that are exclusively available to Hawaii residents who would be owner- or renter-occupants and who own no other real property; and
- (2) Adopt administrative rules that create a second pathway to the housing creation process under section 201H-38, Hawaii Revised Statutes, for housing projects that are exclusively available to Hawaii residents who would be owner- or rental-occupants and who own no other real property, which is requested to be in addition to existing pathways under Hawaii Administrative Rules, that require one-half of all units in a housing project to be available for buyers whose income is at or below one hundred forty percent of the area median income.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the definition of “qualified resident” pursuant to section 201H-32, Hawaii Revised Statutes, is used to determine eligibility for many of the Hawaii Housing Finance and Development Corporation’s programs. Your Committee notes that not only is Hawaii residency not an eligibility requirement, but qualified residents can own other real property as long as they do not own a majority interest in fee simple or leasehold lands suitable for dwelling purposes. Your Committee recognizes that the development of residential units at all price points is necessary to solve the chronic housing shortage and more pathways should be developed exclusively for those individuals who are Hawaii residents who own no other real property and will be owner- or renter-occupants of the residential units. Accordingly, this measure is intended to create an alternative pathway that facilitates the development of affordable housing projects in the State.

Your Committee has amended this measure by:

- (1) Amending language to clarify that:
  - (A) The Hawaii Housing Finance and Development Corporation is urged to adopt administrative rules to create a process under section 201H-38, Hawaii Revised Statutes, for housing projects exclusively occupied by Hawaii residents who own no other real property; and
  - (B) This process is requested to be in addition to, and not in lieu of, current processes under the Hawaii Administrative Rules that require half of all units to be available for buyers whose income is at or below one hundred forty percent of area median income; and
- (2) Amending the title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 212, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 212, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1494 Housing on S.R. No. 203**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to:

- (1) Adopt administrative rules to create a pathway to the housing creation process under section 201H-38, Hawaii Revised Statutes, for housing projects that are exclusively available to Hawaii residents who would be owner- or renter-occupants and who own no other real property; and
- (2) Adopt administrative rules that create a second pathway to the housing creation process under section 201H-38, Hawaii Revised Statutes, for housing projects that are exclusively available to Hawaii residents who would be owner- or rental-occupants and who own no other real property, which is requested to be in addition to existing pathways under Hawaii Administrative Rules, that require one-half of all units in a housing project to be available for buyers whose income is at or below one hundred forty percent of the area median income.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the definition of “qualified resident” pursuant to section 201H-32, Hawaii Revised Statutes, is used to determine eligibility for many of the Hawaii Housing Finance and Development Corporation’s programs. Your Committee notes that not only is Hawaii residency not an eligibility requirement, but qualified residents can own other real property as long as they do not

own a majority interest in fee simple or leasehold lands suitable for dwelling purposes. Your Committee recognizes that the development of residential units at all price points is necessary to solve the chronic housing shortage and more pathways should be developed exclusively for those individuals who are Hawaii residents who own no other real property and will be owner- or renter-occupants of the residential units. Accordingly, this measure is intended to create an alternative pathway that facilitates the development of affordable housing projects in the State.

Your Committee has amended this measure by:

- (1) Amending language to clarify that:
  - (A) The Hawaii Housing Finance and Development Corporation is urged to adopt administrative rules to create a process under section 201H-38, Hawaii Revised Statutes, for housing projects exclusively occupied by Hawaii residents who own no other real property; and
  - (B) This process is requested to be in addition to, and not in lieu of, current processes under the Hawaii Administrative Rules that require half of all units to be available for buyers whose income is at or below one hundred forty percent of area median income; and
- (2) Amending the title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 203, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 203, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 1495 Housing on S.C.R. No. 213**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to prioritize the allocation of funds from the Rental Housing Revolving Fund and Dwelling Unit Revolving Fund to be used to enhance credit and guarantee and insure loans that private financial institutions make to developers of housing that is exclusively for Hawaii residents who are owner- or renter-occupants and who own no other property.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and one individual.

Your Committee finds that the State is experiencing a housing crisis and unique solutions are urgently needed to increase the supply of housing. Due to the current structure of certain tax incentives and financing programs administered by the Hawaii Housing Finance and Development Corporation, most developers of affordable rental housing projects that rely on federal and state low-income housing tax credits can experience challenges in obtaining long-term private loans for certain development costs, which hinders the rate of housing development in the State. This measure seeks to increase the inventory of affordable housing for Hawaii residents who will be owner- or renter-occupants and who own no other real property by facilitating the Rental Housing Revolving Fund and the Dwelling Unit Revolving Fund to help cover “gap” costs for developers of certain affordable housing projects.

Your Committee further finds that land acquisition represents a considerable factor in the development cost equation for many affordable housing projects. Additionally, despite the State’s allocation of tax credits to affordable housing project developers, the State does not receive an ownership interest in the development and any profits generated by a housing project stay with the developer. Furthermore, developers can often take decades to repay loans made from the Rental Housing Revolving Fund, resulting in an unsustainable reliance on legislative appropriations. Your Committee therefore finds it is in the State’s best interest to amend the priority for which moneys in the Rental Housing Revolving Fund are to be used and to amend the Low-Income Housing Tax Credit Program’s Qualified Allocation Plan to prioritize the development of projects that will be owned by the State or an organization obliged to use all profits generated by a project to construct additional housing, and prioritize applicants who have demonstrated accelerated full repayment of past loans into Rental Housing Revolving Fund.

Your Committee additionally finds that supportive housing has been demonstrated to decrease homelessness, reduce burdens on emergency services and other public systems, and reduce crime rates. Your Committee believes that public financing should be made available for supportive housing projects, as the free market is not generating the essential inventory for vulnerable special-needs populations, and the Qualified Allocation Plan should be further amended to encourage developers to build supportive housing for special-needs populations and individuals in other high-priority categories.

Your Committee notes S.C.R. No. 130 and S.C.R. No. 54, introduced in the Regular Session of 2023, which appropriately address the foregoing issues. Amendments to this measure are therefore necessary to incorporate these important solutions to further the State’s efforts to meet urgent housing demands.

Accordingly, your Committee has amended this measure by:

- (1) Inserting the contents of S.C.R. No. 130 (2023), which urges the Hawaii Housing Finance and Development Corporation to revise the prioritization and evaluation and ranking criteria for its allocation of low-income housing tax credits and awards from the Rental Housing Revolving Fund;
- (2) Inserting the contents of S.C.R. No. 54 (2023), which urges the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State’s Low-Income Housing Tax Credit Program, and further including language to promote the development of housing for individuals in other high-priority categories, including but not limited to individuals on the waitlist for Department of Hawaiian Home Lands and public employees;
- (3) Amending the title to reflect its amended purpose; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 213, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 213, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1496 Housing on S.R. No. 204**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to prioritize the allocation of funds from the Rental Housing Revolving Fund and Dwelling Unit Revolving Fund to be used to enhance credit and guarantee and insure loans that private financial institutions make to developers of housing that is exclusively for Hawaii residents who are owner- or renter-occupants and who own no other property.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and one individual.

Your Committee finds that the State is experiencing a housing crisis and unique solutions are urgently needed to increase the supply of housing. Due to the current structure of certain tax incentives and financing programs administered by the Hawaii Housing Finance and Development Corporation, most developers of affordable rental housing projects that rely on federal and state low-income housing tax credits can experience challenges in obtaining long-term private loans for certain development costs, which hinders the rate of housing development in the State. This measure seeks to increase the inventory of affordable housing for Hawaii residents who will be owner- or renter-occupants and who own no other real property by facilitating the Rental Housing Revolving Fund and the Dwelling Unit Revolving Fund to help cover “gap” costs for developers of certain affordable housing projects.

Your Committee further finds that land acquisition represents a considerable factor in the development cost equation for many affordable housing projects. Additionally, despite the State’s allocation of tax credits to affordable housing project developers, the State does not receive an ownership interest in the development and any profits generated by a housing project stay with the developer. Furthermore, developers can often take decades to repay loans made from the Rental Housing Revolving Fund, resulting in an unsustainable reliance on legislative appropriations. Your Committee therefore finds it is in the State’s best interest to amend the priority for which moneys in the Rental Housing Revolving Fund are to be used and to amend the Low-Income Housing Tax Credit Program’s Qualified Allocation Plan to prioritize the development of projects that will be owned by the State or an organization obliged to use all profits generated by a project to construct additional housing, and prioritize applicants who have demonstrated accelerated full repayment of past loans into Rental Housing Revolving Fund.

Your Committee additionally finds that supportive housing has been demonstrated to decrease homelessness, reduce burdens on emergency services and other public systems, and reduce crime rates. Your Committee believes that public financing should be made available for supportive housing projects, as the free market is not generating the essential inventory for vulnerable special-needs populations, and the Qualified Allocation Plan should be further amended to encourage developers to build supportive housing for special-needs populations and individuals in other high-priority categories.

Your Committee notes S.C.R. No. 130 and S.C.R. No. 54, introduced in the Regular Session of 2023, which appropriately address the foregoing issues. Amendments to this measure are therefore necessary to incorporate these important solutions to further the State’s efforts to meet urgent housing demands.

Accordingly, your Committee has amended this measure by:

- (1) Inserting the contents of S.C.R. No. 130 (2023), which urges the Hawaii Housing Finance and Development Corporation to revise the prioritization and evaluation and ranking criteria for its allocation of low-income housing tax credits and awards from the Rental Housing Revolving Fund;
- (2) Inserting the contents of S.C.R. No. 54 (2023), which urges the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State’s Low-Income Housing Tax Credit Program, and further including language to promote the development of housing for individuals in other high-priority categories, including but not limited to individuals on the waitlist for Department of Hawaiian Home Lands and public employees;
- (3) Amending the title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 204, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 204, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1497 Housing on S.C.R. No. 214**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to use Dwelling Unit Revolving Fund moneys to issue zero percent interest loans or grants to buyers with incomes above sixty and at or below one hundred forty percent of the median family income for the State.

Your Committee received testimony in opposition to this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the State is experiencing a severe housing crisis and that the costs of developing housing and the monthly cost of owning a home are dramatically increasing. Your Committee further finds that, due to the acute need for residential housing at all price points, the intent of this measure is to increase homeownership by requesting that the Hawaii Housing Finance and Development Corporation (HHFDC) issue zero interest loans and grants to certain high priority housing individuals. Your Committee notes the concerns raised in testimony, including the statutory restrictions for permissible uses of the Dwelling Unit Revolving Fund and existing law that requires homeowners to repay the State for any subsidy, grant, or financial assistance at an interest rate not lower than seven percent for real property developed under Chapter 201H, Hawaii Revised Statutes. Amendments are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have:
  - (A) Specified that the loans issued be zero percent interest loans; and
  - (B) Required the loans to be funded from the Dwelling Unit Revolving Fund;
- (2) Amending language to include other buyers in high priority housing categories to receive grants and loans from the Hawaii Housing Finance and Development Corporation, including not limited to owner-occupants who own no other real property, individuals on the Department of Hawaiian Home Lands waitlist, and public employees;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 214, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 214, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1498 Housing on S.R. No. 205**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to use Dwelling Unit Revolving Fund moneys to issue zero percent interest loans or grants to buyers with incomes above sixty and at or below one hundred forty percent of the median family income for the State.

Your Committee received testimony in opposition to this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the State is experiencing a severe housing crisis and that the costs of developing housing and the monthly cost of owning a home are dramatically increasing. Your Committee further finds that, due to the acute need for residential housing at all price points, the intent of this measure is to increase homeownership by requesting that the Hawaii Housing Finance and Development Corporation (HHFDC) issue zero interest loans and grants to certain high priority housing individuals. Your Committee notes the concerns raised in testimony, including the statutory restrictions for permissible uses of the Dwelling Unit Revolving Fund and existing law that requires homeowners to repay the State for any subsidy, grant, or financial assistance at an interest rate not lower than seven percent for real property developed under Chapter 201H, Hawaii Revised Statutes. Amendments are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have:
  - (A) Specified that the loans issued be zero percent interest loans; and
  - (B) Required the loans to be funded from the Dwelling Unit Revolving Fund;
- (2) Amending language to include other buyers in high priority housing categories to receive grants and loans from the Hawaii Housing Finance and Development Corporation, including not limited to owner-occupants who own no other real property, individuals on the Department of Hawaiian Home Lands waitlist, and public employees;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 205, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 205, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1499 Ways and Means on H.B. No. 609**

The purpose and intent of this measure is to appropriate moneys to the Department of Agriculture for costs of its meat inspection program, including the establishment of three full-time equivalent (3.0 FTE) meat inspector positions.

Your Committee received written comments in support of this measure from the Mayor of the County of Maui, Maui County Farm Bureau, Hawaii Farm Bureau, Hawaii Cattlemen's Council, Hawaii Farmers Union United, and seven individuals.

Your Committee received written comments in opposition to this measure from Animal Rights Hawaii.

Your Committee received written comments on this measure from the Department of Agriculture.

Your Committee finds that food safety is essential to the public health, safety, and welfare. Your Committee recognizes that the inspection of livestock prior to slaughter, which will be facilitated by this measure, is necessary to ensure the safety of the State's meat supply.

Your Committee has amended this measure by:

- (1) Expanding the scope of the measure's appropriation to include the establishment of one full-time equivalent (1.0 FTE) inspector program supervisor position; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 609, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 609, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1500 Ways and Means on H.B. No. 1087**

The purpose and intent of this measure is to amend the definition of "employee" in Hawaii's Wage and Hour Law by repealing the definition's categorical exclusion of any employee who receives guaranteed compensation totaling \$2,000 or more a month.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, Rainbow Family 808, Hawaii State AFL-CIO, Democratic Party of Hawaii Education Caucus, Imua Alliance, IATSE 665, Democratic Party of Hawaii Labor Caucus, and two individuals.

Your Committee received written comments on this measure from the Hawaii Appleseed Center for Law and Economic Justice.

Your Committee recognizes that employees who are guaranteed compensation totaling \$2,000 or more a month are not currently guaranteed the protections provided by the minimum wage rates, overtime rates, and employer recordkeeping requirements of chapter 387, Hawaii Revised Statutes, otherwise known as the State's Wage and Hour Law. Your Committee finds that increasing the number of employees and employers covered under Hawaii's Wage and Hour Law, as proposed by this measure, will promote the health and well-being of Hawaii's workforce and increase workplace efficiency.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1087, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1087, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1501 Ways and Means on H.B. No. 1149**

The purpose and intent of this measure is to strengthen support for key positions within the Coconut Rhinoceros Beetle Response Program.

More specifically, the measure provides funding to the University of Hawaii to support numerous permanent full-time staff positions in the Coconut Rhinoceros Beetle Response Program.

Your Committee received written comments in support of this measure from the University of Hawaii, Department of Agriculture, Department of Land and Natural Resources, Hawaii Farm Bureau, East Oahu County Farm Bureau, Waimanalo Agricultural Association, Island Foodscaping, Waimanalo Neighborhood Board, and seven individuals.

Your Committee finds that this measure will fund core services provided by the Coconut Rhinoceros Beetle Response Program, including the research, response, education, and investigative work needed to maintain a successful and effective program.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1149, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1502 Ways and Means on H.B. No. 1246**

The purpose and intent of this measure is to facilitate the installation of infrastructure necessary for the development of affordable housing.

Specifically, this measure:

- (1) Authorizes the Hawaii Housing Finance and Development Corporation to issue bonds to finance housing project infrastructure and the development of regional state infrastructure projects;
- (2) Requires the Hawaii Housing Finance and Development Corporation to report to the Legislature on the housing units to be generated by the infrastructure projects;
- (3) Authorizes the issuance of general obligation bonds, with the proceeds to be deposited into the dwelling unit revolving fund; and
- (4) Appropriates funds into and out of the dwelling unit revolving fund.

Your Committee received written comments in support of this measure from Hawai'i REALTORS and one individual.

Your Committee received written comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the costs of off-site infrastructure are a major barrier to the development of affordable housing. These costs are typically paid by private developers who, in turn, pass the costs on to homebuyers. Your Committee further finds that authorizing the use of bonds to finance infrastructure will help to offset these costs and keep housing prices affordable.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii Housing Finance and Development Corporation to submit a report to the Legislature prior to the Regular Session of 2026, rather than the Regular Session of 2025;
- (2) Inserting a boilerplate section indicating that repealed statutory material is bracketed and stricken and that new statutory material is underscored; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1246, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1246, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1503      Judiciary on H.B. No. 717**

The purpose and intent of this measure is to:

- (1) Beginning 7/1/2023, prohibit under certain circumstances state employees from hiring or promoting relatives and household members and from making or participating in certain other employment-related decisions and from awarding a contract to or otherwise taking official action on a contract with a business if the employee's relative or household member is an executive officer of or holds a substantial ownership interest in that business; and
- (2) Impose administrative fines for violations.

Your Committee received testimony in support of this measure from the Department of the Human Resources Development, Hawai'i State Ethics Commission, Commission to Improve Standards of Conduct, and three individuals.

Your Committee finds that this measure addresses the lack of laws prohibiting nepotism in state government hiring practices. Nepotism causes the appearance of favoritism and preferential treatment that erodes public confidence in government. This measure will create a bright-line prohibition on nepotism that makes it clear that taking employment action affecting a relative is prohibited and will promote faith in state government because the public and other state employees will no longer suspect that specific promotions or employment actions were taken to benefit a relative.

Your Committee has amended this measure by:

- (1) Inserting an effective date of March 22, 2025, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that it is concerned about household members or relatives who currently hold positions due to hiring actions that would be prohibited by this measure. Your Committee finds that this issue raises concerns that merit further consideration and requests further examination as this measure moves forward in the legislation process to address the issue of household members or relatives who were hired before this measure's prohibitions would take effect.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 717, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 717, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1504      Ways and Means on H.B. No. 306**

The purpose and intent of this measure is to protect the health of ornamental ginger, an important agricultural product in the State.

More specifically, the measure appropriates funds to the University of Hawaii for:

- (1) Statewide research into ornamental ginger pathogens;

- (2) Prevention of the spread of ornamental ginger pathogens;
- (3) Production and distribution of pathogen-free ornamental ginger plants; and
- (4) Outreach to ornamental ginger producers.

Your Committee received written comments in support of this measure from the Department of Agriculture, Wild Kids, Land Use Research Foundation of Hawaii, Hawaii Floriculture and Nursery Association, Hawaii Farm Bureau, East Oahu County Farm Bureau, Maui County Farm Bureau, and three individuals.

Your Committee received written comments on this measure from the University of Hawaii.

Your Committee finds that this measure will help the State to effectively respond to disease pathogens that threaten ornamental ginger plants and thus protect the long-term viability of this important agricultural product.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 306, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1505 Ways and Means on H.B. No. 314**

The purpose and intent of this measure is to appropriate moneys to the Office of Community Services to fund the purchase, storage, and transportation of food for distribution to food banks in the State.

Your Committee received written comments in support of this measure from the Department of Human Services; Hale Hulu Mamo; Hale Kau Kau; Hawaii Children's Action Network Speaks!; Hawaii Farm Bureau; Hawaii Food Industry Association; Hawaii Foodbank, Inc.; Hawaii Hunger Action Network; Hawaii Medical Service Association; Hawaii Public Health Institute; Kahului Baptist Church; Kaiser Permanente; Kihei Youth Center; Lanakila Pacific; Maui Food Bank, Inc.; Maui Youth and Family Service; St. Joseph Church; Sustainable Molokai; The Food Basket, Inc.; Hawaii Island's Food Bank; Ulupono Initiative; Upcountry Strong, Inc.; Women Helping Women; and numerous individuals.

Your Committee received comments on this measure from the Office of Community Services of the Department of Labor and Industrial Relations, Hawaii Foodbank, and Hawaii Primary Care Association.

Your Committee finds that appropriating moneys to support food banks in the State is necessary to ensure that food is available to individuals and families facing food insecurity.

Your Committee has amended this measure by:

- (1) Clarifying the scope of the appropriation;
- (2) Clarifying the mechanism for allocating the appropriated moneys to each county; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 314, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 314, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1506 Ways and Means on H.B. No. 1100**

The purpose and intent of this measure is to conform the State's income and estate and generation-skipping transfer tax laws to the Internal Revenue Code.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee recognizes that this measure was originally submitted by the Department of Taxation pursuant to sections 235-2.5(c) and 236E-4(c), Hawaii Revised Statutes. Your Committee notes that the measure amends certain state tax laws as may be necessary to adopt the Internal Revenue Code as it existed on December 31, 2022, to the extent appropriate for Hawaii law.

Your Committee has amended this measure by conforming the formatting of section 235-2.3, Hawaii Revised Statutes, to the official printed version of that text.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1100, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1100, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1507 Ways and Means on H.B. No. 1357**

The purpose and intent of this measure is to increase the maximum amount of the state supplemental payment for domiciliary care.

More specifically, the measure provides that, beginning July 1, 2023:

- (1) The state supplemental payment for type I adult residential care homes, licensed developmental disability domiciliary homes, community care foster family homes, and certified adult foster homes shall not exceed \$767; and
- (2) The state supplemental payment for type II adult residential care homes shall not exceed \$857.

Your Committee received written comments in support of this measure from ILWU Local 1000 and one individual.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that increasing the state supplemental payment for domiciliary care will help cover the rising costs of room and board for persons requiring domiciliary care and improve compensation rates for licensed home operators and caregivers.

Your Committee has amended this measure by changing the effective date of the measure from upon its approval to July 1, 2050, to avoid any uncertainty over the exact payment amount if the measure is enacted prior to the end of a fiscal year and to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1357, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1357, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1508 Ways and Means on H.B. No. 1382**

The purpose and intent of this measure is to facilitate the use of certain invasive species as a sustainable food source.

Specifically, this measure:

- (1) Exempts from liability the donation of livestock or wild game meat by a charitable, religious, or nonprofit organization to needy individuals under certain conditions;
- (2) Establishes a Meat Processing Task Force to develop and implement a master plan to expand meat processing capacity in the State; and
- (3) Appropriates moneys for the Meat Processing Task Force.

Your Committee received written comments in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, Office of the Mayor of the County of Maui, Hawaii Forest Industry Association, Maui County Farm Bureau, Hawaii Farm Bureau, Hawaii Cattlemen's Council, Hawaii Farmers Union United, and six individuals.

Your Committee finds that authorizing wild game as a donation-eligible food resource will create a beneficial outlet for food-safe meat harvested from invasive species. Your Committee further finds that wild game has the potential to serve as a significant source of protein for under-resourced individuals in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Meat Processing Task Force shall submit reports to the Legislature prior to the convening of the Regular Sessions of 2024 and 2025;
- (2) Clarifying that the Meat Processing Task Force will cease to exist on June 30, 2025; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1382, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1382, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1509 Ways and Means on H.B. No. 1395**

The purpose and intent of this measure is to increase the available supply of housing units in the State.

More specifically, the measure appropriates funds to the Hawaii Public Housing Authority for the planning and design of up to one hundred fourteen housing units at the Kapaa public housing project site in Kapaa, Kauai, including the development of:

- (1) Thirty-six replacement public housing units; and
- (2) Up to seventy-eight additional housing units consisting of a mix of supportive housing, affordable housing, and workforce housing.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that the funding provided by this measure will significantly ease the ongoing shortage of housing units on Kauai.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$2,000,000 to an unspecified amount to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1395, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1395, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1510 Ways and Means on H.B. No. 1426**

The purpose and intent of this measure is to promote the development of value-added products in the State.

Specifically, this measure:

- (1) Establishes a food and product innovation network within the Agribusiness Development Corporation; and
- (2) Appropriates moneys for food and product innovation facilities on the islands of Molokai, Oahu, and Hawaii.

Your Committee received written comments in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Hawaii Food Industry Association; The Hawaii Forest Industry Association; Ulupono Initiative; Hawaii Farm Bureau; and The Food Basket, Hawai'i Island's Food Bank.

Your Committee finds that adding value to raw agricultural crops can increase farm revenues and profits, create new business and employment opportunities, and help to achieve the State's self-sufficiency and sustainability goals.

Your Committee has amended this measure by making a technical nonsubstantive amendment for purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1426, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1426, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1511 Judiciary on H.B. No. 494**

The purpose and intent of this measure is to subject organizations that receive motor vehicles as charitable donations to the rights, responsibilities, and liabilities of transferees of the motor vehicle title or interest.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that sometimes when people donate their vehicles to a charitable organization, due to failure of proper submission of title transfer, the prior owner is still found liable for the vehicle after the title transfer to the donation company. This measure will ensure that charitable organizations are subject to the liabilities of the transferee when a vehicle is donated.

Your Committee has amended this measure by:

- (1) Inserting an effective date of March 22, 2075, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 494, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 494, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1512 (Majority) Judiciary on H.B. No. 732**

The purpose and intent of this measure is to allow the Campaign Spending Commission to treat a respondent's failure to explain or otherwise respond to a complaint alleging a violation of campaign spending laws as a rebuttable presumption that a violation has occurred.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Commission to Improve Standards of Conduct, League of Women Voters of Hawaii, and one individual.

Your Committee finds that currently, the Campaign Spending Commission has to make repeated attempts to communicate with a respondent regarding a complaint alleging a violation of campaign spending laws before putting the matter on a meeting agenda for action. This wastes the Campaign Spending Commission's time and resources. This measure will increase the efficiency and effectiveness of the Campaign Spending Commission in enforcing campaign spending laws.

Your Committee has amended this measure by specifying that the respondent shall have thirty days from the mailing of the complaint to respond before the presumption arises.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 732, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 732, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1513 Water and Land on S.C.R. No. 26**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands identified as Tax Map Key: (1) 5-3-008: seaward of 012, Hauula, Koolauloa, Oahu, for the existing riprap revetment, ramp, and rock groin, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by Concurrent Resolution. Your Committee further finds that on August 26, 2022, under agenda item D-5, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five year non-exclusive easement to resolve the encroachment of the riprap revetment, ramp, and rock groin identified in this measure. Your Committee finds that the easement is necessary for the use, repair, and maintenance of the existing improvements.

Your Committee has amended this measure by:

- (1) Updating the total encroachment area to 2,297 square feet, from the preliminary determination of 1,900 square feet; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 26, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1514 Water and Land on S.C.R. No. 83**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands identified as Tax Map Key: (1) 4-5-047: seaward of 051, Kaneohe, Koolaupoko, Oahu, for the existing boat ramp and concrete wall, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by Concurrent Resolution. Your Committee further finds that on August 26, 2022, under agenda item D-4, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five year non-exclusive easement to resolve the encroachment of the boat ramp and concrete wall identified in this measure. Your Committee finds that the easement is necessary for the use, repair, and maintenance of the existing improvements.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 83 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1515 Water and Land on S.C.R. No. 154**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands identified as: Tax Map Key: (1) 3-1-032:006, Waikiki, Honolulu, Oahu, for the existing seawall footing, seawall walkway, and swim-step ladder, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by Concurrent Resolution. Your Committee further finds that on September 9, 2010, under agenda item J-3, the Board of Land and Natural Resources, subject to conditions, approved a grant of a term, non-exclusive easement to resolve the encroachment of the seawall footing and seawall walkway and for the construction of a swim-step ladder to provide ocean access on the makai side of the property. On September 15, 2011, the Division of Boating and Ocean Recreation provided a right-of-entry permit to enter into and occupy, construct, use, maintain, and repair portions of two hundred twenty square feet of state-owned land. On February 10, 2017, the Division provided a second right-of-entry permit for the maintenance and repair of the seawall walkway. Your Committee finds that the easement is necessary for the use, repair, and maintenance of the existing improvements.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 154 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1516 Water and Land on S.C.R. No. 228**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands identified as Tax Map Key: (2) 3-8-014: seaward of 022, Maalaea Beach Lots, Waikapu, Wailuku, Maui, for the existing seawall and rock revetment, and for use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Association of Apartment Owners of Milowai-Maalaea. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by Concurrent Resolution. Your Committee further finds that on October 9, 2015, under agenda item D-6, the Board of Land and Natural Resources, subject to conditions, approved a grant of a fifty-five year non-exclusive easement to resolve the encroachment of the seawall and rock revetment identified in this measure. On January 8, 2021, under agenda item D-5, the Board of Land and Natural Resources, subject to conditions, approved an amendment to shorten the term of the easement from fifty-five to twenty-five years, or in the event the applicant is not successful in acquiring the fee or obtaining an extension of the ground lease of the abutting apartment property, to end on December 31, 2038, concurrent with the expiration of the ground lease for the abutting apartment property. Your Committee finds that the easement is necessary for the use, maintenance, repair, replacement, and removal of the existing improvements.

Your Committee has amended this measure by:

- (1) Requesting that the Board of Land and Natural Resources require the easement to provide for either public access to the shoreline from the grass next to the seawall or for the installation of a railing along the top of the seawall to allow the public lateral access to the shoreline; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 228, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 228, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1517 Water and Land on S.C.R. No. 219**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to adopt administrative rules regulating vessel speed near humpback whales.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition and Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Hone Heke Corporation, and one individual. Your Committee received comments on this measure from the Matson Navigation Company, Inc. and Hawai'i Harbors Users Group.

Your Committee finds that the majestic and well-beloved humpback whale is not only an endangered species but the official marine mammal of the State. However, as humpback whale populations have slowly recovered, their increasing numbers have led to more frequent collisions with vessels. In response, in 2022, representatives from the Pacific Whale Foundation, National Oceanic and Atmospheric Administration, State of Hawaii, tour operators, private boaters, fishers, and other community members, collaborated to develop a set of voluntary recommendations intended to keep both whales and whale watchers safe. This measure requests the Department of Land and Natural Resources to adopt those voluntary recommendations as administrative rules, to reaffirm the State's commitment to protecting and preserving the humpback whale.

Your Committee has amended this measure by:

- (1) Inserting language clarifying that the Department of Land and Natural Resources is requested to adopt rules regulating vessel speed near humpback whales for vessels other than an inter-island vessel or an intra-island vessel, as defined in section 19-41-2, Hawaii Administrative Rules; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 219, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 219, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1518 Labor and Technology on S.C.R. No. 122**

The purpose and intent of this measure is to urge the Department of Human Resources Development to reexamine the qualifications for vacant state positions and replace the requirement of a bachelor's degree with an associate degree or certificate, where applicable.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received comments on this measure from the Department of Human Resources Development and the Grassroot Institute of Hawaii.

Your Committee finds that there is a significant number of public positions that are vacant within the State. This measure would enable individuals with associate degrees and certificates to seek and fill, when appropriate, certain vacant state positions that currently

require a bachelor's degree, thereby filling existing vacancies, while providing Hawaii residents with access to stable careers and income. According to testimony received by your Committee, the Department of Human Resources Development periodically reviews the minimum qualification requirements for all classes of work. The Department also raised concerns regarding the difficulty of decreasing the minimum qualification requirements of vacant civil service positions without a labor intensive technical review and, therefore your Committee believes that in addition to reviewing the minimum qualification requirements of vacant state positions, a review of the Department's various recruitment strategies, compensation, retention tools, and training is necessary and appropriate to address the high rate of vacant state positions.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language relating to replacing the requirement of a bachelor's degree with an associate degree or certificate;
- (2) Clarifying that:
  - (A) The Department of Human Resources Development has four thousand vacancies under its jurisdiction; and
  - (B) It is the policy of the Department of Human Resources Development to periodically review and verify the applicability of minimum qualifications required for vacant positions;
- (3) Inserting language, which states that:
  - (A) It is in the best interest of the State to encourage the Department of Human Resources Development to identify, address, and remove known barriers to filling vacant positions;
  - (B) The classification and compensation review process is labor intensive and requires considerable expertise and skill by trained human resources individuals; and
  - (C) There may be innovative and creative ways to fill some of the vacant positions, including educating the public regarding alternative pathways to meeting the education and experience requirement for civil service positions;
- (4) Broadening the purpose of this measure to urge the Department of Human Resources Development to examine reasons for the high rate of vacant state positions and explore solutions for filling the vacancies, including reexamining the minimum qualification requirements for those positions and educating the public and, in particular, potential workers on alternative pathways to meet the minimum qualification requirements for civil service positions, including apprenticeship programs;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 122, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

**SCRep. 1519 Labor and Technology on S.C.R. No. 134**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations continue to recognize and accept the right of a provider of service to assign the right to participate in a workers' compensation billing dispute to a billing company.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Vintage Medical and Billing, LLC; Hawaii Injured Workers Association; Work Injury Medical Association of Hawaii; Pharmco Inc.; and one individual.

Your Committee finds that the State has an established precedent of allowing assigned billing review companies to participate in workers' compensation billing disputes regarding prescription medical claims on behalf of service providers. Your Committee further finds that there have been recent attempts to prohibit a service provider's ability to assign its right to participate in these disputes to billing review companies and recognizes that this prohibition may lead to adverse impacts, including refusal to pay legitimate claims, backlog in workers' compensation billing disputes, and delay the reasonable return of injured employees to work. Your Committee notes that there is a lack of clarity regarding the Department of Labor and Industrial Relations' policy of allowing a billing company the right to negotiate workers' compensation bill disputes on behalf of a service provider because chapter 386, Hawaii Revised Statutes, regarding workers' compensation, is silent on the service provider's right. Your Committee believes that statutory amendments to the State's Workers' Compensation Law are necessary to ensure that service providers have the legal right to assign their rights to negotiate a bill dispute to their billing companies.

Therefore, your Committee has amended this measure by:

- (1) Requesting the Department of Labor and Industrial Relations to:
  - (A) Review the State's Workers' Compensation Law for proposed amendments to ensure that service providers may assign the right to negotiate a bill dispute to a billing company; and
  - (B) Include the proposed amendments in a report to the Legislature prior to the Regular Session of 2024;
- (2) Removing the Director of Human Resources Development from the list of certified copy recipients;
- (3) Amending its title to reflect its amended purpose; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 134, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 134, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

**SCRep. 1520 Labor and Technology on S.C.R. No. 208**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations:

- (1) Research current actuarial data and population studies for the purpose of creating updated materials for assessing appropriate benefit amounts for dependent surviving spouses, dependent surviving children, dependent surviving parents, and dependent surviving grandparents, as well as establishing updated standards for distinguishing wholly dependent beneficiaries from partially dependent beneficiaries; and
- (2) Deliver a report summarizing the results of its research, along with recommendations for revising the differing amounts of weekly benefits to surviving beneficiaries based on relationship status and degree of dependency, if any, and further suggest necessary legislation for implementation of any necessary adjustments prior to the convening of the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the Department of Labor and Industrial Relations (DLIR) bases its calculations for different generations of surviving beneficiaries on an actuarial table from a study conducted in 1963. Your Committee recognizes that Hawaii's cost of living and prevailing maximum benefit rate has substantially changed over the last sixty years, and therefore an updated study is necessary to ensure that the State compensates its workers and their dependents fairly and equitably in the event of work-related disability or death. According to testimony received by your Committee, DLIR currently does not have any specialized experts on its staff that can fulfill the requested actions in this measure. Your Committee notes that DLIR would require additional time and funding to contract with an actuary to provide the analysis and assessment requested.

Therefore, your Committee has amended this measure by:

- (1) Deleting language requesting that the Department of Labor and Industrial Relations:
  - (A) Research current actuarial data and population studies for the purpose of creating updated materials for assessing appropriate benefit amounts for dependent surviving spouses, dependent surviving children, dependent surviving parents, and dependent surviving grandparents, as well as establishing updated standards for distinguishing wholly dependent beneficiaries from partially dependent beneficiaries; and
  - (B) Deliver a report summarizing the results of its research, along with recommendations for revising the differing amounts of weekly benefits to surviving beneficiaries based on relationship status and degree of dependency, if any, and further suggest necessary legislation for implementation of any necessary adjustments prior to the convening of the Regular Session of 2024;
- (2) Inserting language that requests the Department of Labor and Industrial Relations to:
  - (A) Analyze the available data on Hawaii workers' compensation cases relating to death benefits for the past ten years and obtain any additional data from the Hawaii Insurers Council or any other state or federal sources to recommend any updates to the Workers' Compensation Law; and
  - (B) Submit a report to the Legislature of its findings and recommendations for updating the Workers' Compensation Law, particularly section 386-41, Hawaii Revised Statutes, no later than twenty days prior to the convening of the Regular Session of 2024;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 208, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 208, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1521 Labor and Technology on S.R. No. 148**

The purpose and intent of this measure is to request that the Department of Labor and Industrial Relations:

- (1) Research current actuarial data and population studies for the purpose of creating updated materials for assessing appropriate benefit amounts for dependent surviving spouses, dependent surviving children, dependent surviving parents, and dependent surviving grandparents, as well as establishing updated standards for distinguishing wholly dependent beneficiaries from partially dependent beneficiaries; and
- (2) Deliver a report summarizing the results of its research, along with recommendations for revising the differing amounts of weekly benefits to surviving beneficiaries based on relationship status and degree of dependency, if any, and further suggest necessary legislation for implementation of any necessary adjustments prior to the convening of the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the Department of Labor and Industrial Relations (DLIR) bases its calculations for different generations of surviving beneficiaries on an actuarial table from a study conducted in 1963. Your Committee recognizes that Hawaii's cost of living and prevailing maximum benefit rate has substantially changed over the last sixty years, and therefore an updated study is necessary to ensure that the State compensates its workers and their dependents fairly and equitably in the event of work-related disability or death. According to testimony received by your Committee, DLIR currently does not have any specialized experts on its staff that can fulfill the requested actions in this measure. Your Committee notes that DLIR would require additional time and funding to contract with an actuary to provide the analysis and assessment requested.

Therefore, your Committee has amended this measure by:

- (1) Deleting language requesting that the Department of Labor and Industrial Relations:
  - (A) Research current actuarial data and population studies for the purpose of creating updated materials for assessing appropriate benefit amounts for dependent surviving spouses, dependent surviving children, dependent surviving parents, and dependent surviving grandparents, as well as establishing updated standards for distinguishing wholly dependent beneficiaries from partially dependent beneficiaries; and
  - (B) Deliver a report summarizing the results of its research, along with recommendations for revising the differing amounts of weekly benefits to surviving beneficiaries based on relationship status and degree of dependency, if any, and further suggest necessary legislation for implementation of any necessary adjustments prior to the convening of the Regular Session of 2024;
- (2) Inserting language that requests the Department of Labor and Industrial Relations to:
  - (A) Analyze the available data on Hawaii workers' compensation cases relating to death benefits for the past ten years and obtain any additional data from the Hawaii Insurers Council or any other state or federal sources to recommend any updates to the Workers' Compensation Law; and
  - (B) Submit a report to the Legislature of its findings and recommendations for updating the Workers' Compensation Law, particularly section 386-41, Hawaii Revised Statutes, no later than twenty days prior to the convening of the Regular Session of 2024;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 148, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 148, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1522 Transportation and Culture and the Arts on S.C.R. No. 114**

The purpose and intent of this measure is to recognize August 8, 2023, as Hawaiian Honeycreepers Celebration Day.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy; numerous students from 'Iolani School, Manoa Elementary School, Hawaii Technology Academy; and fifteen individuals.

Your Committee finds that Hawaii is experiencing a manu (bird) extinction crisis, with ninety-five of its one hundred forty-two endemic bird species having become extinct and the remaining forty-seven species facing critical threats. Additionally, of the more than fifty species of honeycreepers endemic to Hawaii, only seventeen species remain, and twelve species are designated by the federal or state government as critically endangered or threatened. With the introduction of mosquitoes to Hawaii in 1826 and mosquito-borne diseases such as avian malaria and pox in the 1900s, the range of Hawaiian honeycreepers has largely shrunk to high-elevation cool forests such as Alakai Plateau on Kauai; Haleakala on Maui; and Mauna Kea and Mauna Loa on Hawaii Island.

Your Committee further finds that Hawaiian honeycreepers, like all manu species, function as pollinators, nutrient cyclers, seed dispensers, and pest managers, keeping the State's forests healthy and catalyzing natural cycles in native ecosystems. Hawaiian honeycreepers are also culturally significant to Native Hawaiians, who foster reciprocal relationships with native manu and regard them as messengers between the gods and the people as told in various moololo (stories), olelo noeau (proverbs), kaaos (legends), and mele (songs). Feathers from honeycreepers were also vital in ancient Hawaii to adorn alii (chiefs) with symbols of power and authority. This measure recognizes the scientific and cultural significance of Hawaiian honeycreepers to protect native manu species from further harm.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 114 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1523 Transportation and Culture and the Arts on S.R. No. 107**

The purpose and intent of this measure is to recognize August 8, 2023, as Hawaiian Honeycreepers Celebration Day.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy; numerous students from 'Iolani School, Manoa Elementary School, and Mountain View Elementary School; and seven individuals.

Your Committee finds that Hawaii is experiencing a manu (bird) extinction crisis, with ninety-five of its one hundred forty-two endemic bird species having become extinct and the remaining forty-seven species facing critical threats. Additionally, of the more than fifty species of honeycreepers endemic to Hawaii, only seventeen species remain, and twelve species are designated by the federal or state government as critically endangered or threatened. With the introduction of mosquitoes to Hawaii in 1826 and mosquito-borne diseases such as avian malaria and pox in the 1900s, the range of Hawaiian honeycreepers has largely shrunk to high-elevation cool forests such as Alakai Plateau on Kauai; Haleakala on Maui; and Mauna Kea and Mauna Loa on Hawaii Island.

Your Committee further finds that Hawaiian honeycreepers, like all manu species, function as pollinators, nutrient cyclers, seed dispensers, and pest managers, keeping the State's forests healthy and catalyzing natural cycles in native ecosystems. Hawaiian honeycreepers are also culturally significant to Native Hawaiians, who foster reciprocal relationships with native manu and regard them as messengers between the gods and the people as told in various moolo (stories), olelo noeau (proverbs), kaa (legends), and mele (songs). Feathers from honeycreepers were also vital in ancient Hawaii to adorn alii (chiefs) with symbols of power and authority. This measure recognizes the scientific and cultural significance of Hawaiian honeycreepers to protect native manu species from further harm.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 107 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1524 Transportation and Culture and the Arts on S.C.R. No. 148**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to establish a Museum of Modern Hawaii History Task Force.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Department of Accounting and General Services, and Judiciary.

Your Committee finds that in the modern era, Hawaii has made national and global impacts that deserve to be celebrated and taught to both visitors and residents. As the site of national and global historical events such as the events of World War II; political progress such as Title IX of the Education Amendments of 1972; and landmark judicial rulings such as the *Baehr v. Miike*, 80 Haw. 341 (1996), decision relating to same-sex marriage, the State has been instrumental as a birthplace to political, judicial, and social progress. More recently, the State also played a pivotal role in climate change initiatives with the enactment of Act 97, Session Laws of Hawaii 2015, which establishes a renewable energy portfolio standards target of one hundred percent renewable electric energy by 2045.

Your Committee further finds that other institutions in the State share the histories and stories of Hawaii's history before the modern era. Institutions such as the Bernice Pauahi Bishop Museum, also known as the State of Hawaii Museum of Natural and Cultural History; Iolani Palace; King Kamehameha V Judiciary History Center; and State Archives all tell the story of Hawaii's history up to the overthrow era, but do not have a space dedicated to sharing the story of the modern era. As history serves as a dialogue between past and present, this measure provides an additional opportunity for the State to share its history and story with the world.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 148 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1525 Transportation and Culture and the Arts on S.R. No. 144**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to establish a Museum of Modern Hawaii History Task Force.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Department of Accounting and General Services, and Judiciary.

Your Committee finds that in the modern era, Hawaii has made national and global impacts that deserve to be celebrated and taught to both visitors and residents. As the site of national and global historical events such as the events of World War II; political progress such as Title IX of the Education Amendments of 1972; and landmark judicial rulings such as the *Baehr v. Miike*, 80 Haw. 341 (1996), decision relating to same-sex marriage, the State has been instrumental as a birthplace to political, judicial, and social progress. More recently, the State also played a pivotal role in climate change initiatives with the enactment of Act 97, Session Laws of Hawaii 2015, which establishes a renewable energy portfolio standards target of one hundred percent renewable electric energy by 2045.

Your Committee further finds that other institutions in the State share the histories and stories of Hawaii's history before the modern era. Institutions such as the Bernice Pauahi Bishop Museum, also known as the State of Hawaii Museum of Natural and Cultural History; Iolani Palace; King Kamehameha V Judiciary History Center; and State Archives all tell the story of Hawaii's history up to the overthrow era, but do not have a space dedicated to sharing the story of the modern era. As history serves as a dialogue between past and present, this measure provides an additional opportunity for the State to share its history and story with the world.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 144 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1526 (Joint) Transportation and Culture and the Arts and Government Operations on S.C.R. No. 98**

The purpose and intent of this measure is to urge the Department of Transportation and Department of Accounting and General Services to collaborate to develop, implement, administer, and manage various transportation system programs at public facilities that include but are not limited to construction or conversion of parking stalls to accommodate electric vehicle charging, secure bicycle storage lockers, and parking stall sharing between public employees.

Your Committees received testimony in support of this measure from the Hawai'i Bicycling League. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Accounting and General Services and Hawaii State Energy Office.

Your Committees have amended this measure by:

- (1) Including the Hawaii State Energy Office among the agencies requested to develop, implement, administer, and manage various transportation system programs at public facilities;
- (2) Requesting the Department of Transportation, Department of Accounting and General Services, and Hawaii State Energy Office to consider transportation options for neighbor island public employees;
- (3) Requesting the Department of Transportation, Department of Accounting and General Services, and Hawaii State Energy Office to ensure that available electric vehicle charging infrastructure exceeds expected demand;
- (4) Adding the Hawaii State Energy Office to the list of recipients of certified copies;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 98, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 98, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Transportation and Culture and the Arts: Ayes, 5. Noes, none. Excused, none.  
Government Operations: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1527 (Joint) Transportation and Culture and the Arts and Government Operations on S.R. No. 91**

The purpose and intent of this measure is to urge the Department of Transportation and Department of Accounting and General Services to collaborate to develop, implement, administer, and manage various transportation system programs at public facilities that include but are not limited to construction or conversion of parking stalls to accommodate electric vehicle charging, secure bicycle storage lockers, and parking stall sharing between public employees.

Your Committees received testimony in support of this measure from the Hawaii Bicycling League. Your Committees received comments on this measure from the Department of Accounting and General Services and Hawaii State Energy Office.

Your Committees have amended this measure by:

- (1) Including the Hawaii State Energy Office among the agencies requested to develop, implement, administer, and manage various transportation system programs at public facilities;
- (2) Requesting the Department of Transportation, Department of Accounting and General Services, and Hawaii State Energy Office to consider transportation options for neighbor island public employees;
- (3) Requesting the Department of Transportation, Department of Accounting and General Services, and Hawaii State Energy Office to ensure that available electric vehicle charging infrastructure exceeds expected demand;
- (4) Adding the Hawaii State Energy Office to the list of recipients of certified copies;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 91, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 91, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Transportation and Culture and the Arts: Ayes, 5. Noes, none. Excused, none.  
Government Operations: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1528 (Majority) Transportation and Culture and the Arts on S.C.R. No. 175**

The purpose and intent of this measure is to encourage the State to build a partnership with the Kingdom of the Netherlands and collaborate on similar, shared challenges and goals.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Farm Bureau; and two individuals.

Your Committee finds that the Netherlands is a northwestern European country notable for its economic, cultural, and ecological contributions to world history. Similar to Hawaii, the Netherlands is especially vulnerable to climate change as seventeen percent of its land has been reclaimed by bodies of water. Additionally, as the Netherlands is particularly threatened by sea level rise and flooding brought on by global warming, the Kingdom has developed inventive land reclamation and flood mitigation strategies that could be replicated in Hawaii to defend the State from impending catastrophic sea level rise.

Your Committee further finds that, as a country renowned for its innovative and productive agricultural practices, the Netherlands could also serve as a model for the State in promoting local farms. As an agricultural pioneer, the Netherlands created transportation solutions to reduce costs, curb emissions, and improve safety that could also be replicated in the State. Therefore, this measure encourages the creation of a partnership with the Kingdom of the Netherlands to provide a foundation for cross-cultural exchange, opportunities to learn, and collaborative partnerships.

Your Committee has amended this measure by specifying that Hawaii and the Netherlands are both members of the Local2030 Islands Network and are committed to the same sustainable development goals.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 175, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 175, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1529 (Majority) Transportation and Culture and the Arts on S.R. No. 119**

The purpose and intent of this measure is to encourage the State to build a partnership with the Kingdom of the Netherlands and collaborate on similar, shared challenges and goals.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Farm Bureau; and two individuals.

Your Committee finds that the Netherlands is a northwestern European country notable for its economic, cultural, and ecological contributions to world history. Similar to Hawaii, the Netherlands is especially vulnerable to climate change as seventeen percent of its land has been reclaimed by bodies of water. Additionally, as the Netherlands is particularly threatened by sea level rise and flooding brought on by global warming, the Kingdom has developed inventive land reclamation and flood mitigation strategies that could be replicated in Hawaii to defend the State from impending catastrophic sea level rise.

Your Committee further finds that, as a country renowned for its innovative and productive agricultural practices, the Netherlands could also serve as a model for the State in promoting local farms. As an agricultural pioneer, the Netherlands created transportation solutions to reduce costs, curb emissions, and improve safety that could also be replicated in the State. As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 119, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 119, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1530 Water and Land on S.C.R. No. 224**

The purpose and intent of this measure is to request the Auditor to conduct a comprehensive management audit of the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Free Access Coalition, Wailoa River and Reeds Bay Boating and Users Association, and nineteen individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the poor condition of small boat harbors and boating facilities has been a recurring problem for the State. In 2001, the Auditor found that the Division of Boating and Ocean Recreation's mismanagement and neglect allowed many facilities to deteriorate to the point where their continued use threatened public safety, with many facilities facing permanent closure absent major repairs. Your Committee finds that, over twenty years later, several small boat harbors and boating facilities continue to exist in dilapidated conditions and that further improvements are necessary for the protection of public safety. Therefore, this measure requests the Auditor to conduct a comprehensive management audit to assess the Division's maintenance and operation of its facilities, whether the Division is meeting its goals outlined in its 2019 strategic action plan, and whether the Division is using taxes and fees collected for its small boat harbors appropriately.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 224 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1531 Water and Land on S.R. No. 162**

The purpose and intent of this measure is to request the Auditor to conduct a comprehensive management audit of the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the poor condition of small boat harbors and boating facilities has been a recurring problem for the State. In 2001, the Auditor found that the Division of Boating and Ocean Recreation's mismanagement and neglect allowed many facilities to deteriorate to the point where their continued use threatened public safety, with many facilities facing permanent closure absent major repairs. Your Committee finds that, over twenty years later, several small boat harbors and boating facilities continue to exist in dilapidated conditions and that further improvements are necessary for the protection of public safety. Therefore, this measure requests the Auditor to conduct a comprehensive management audit to assess the Division's maintenance and operation of its facilities, whether the Division is meeting its goals outlined in its 2019 strategic action plan, and whether the Division is using taxes and fees collected for its small boat harbors appropriately.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 162 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1532 Water and Land on S.C.R. No. 229**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to conduct a study on the Marine Life Conservation District designations.

Your Committee received testimony in opposition to this measure from the Ocean Tourism Coalition. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that in response to the excessive taking of fish in coastal waters, the Legislature enacted Act 192, Session Laws of Hawaii 1955, to allow for the creation of Marine Life Conservation Districts (MLCDs) that help conserve and replenish marine resources by limiting fishing and prohibiting certain uses entirely. Your Committee further finds that there are currently ten MLCDs throughout the State, each with unique rules and regulations, and that an assessment would help inform whether additional or more uniform protections are necessary. Therefore, this measure requests the Department of Land and Natural Resources to study the effectiveness of MLCDs in carrying out their purpose and how MLCDs compare to other International Union for Conservation of Nature protected areas.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 229 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1533 Water and Land on S.R. No. 167**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to conduct a study on the Marine Life Conservation District designations.

Your Committee received testimony in opposition to this measure from the Ocean Tourism Coalition. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that in response to the excessive taking of fish in coastal waters, the Legislature enacted Act 192, Session Laws of Hawaii 1955, to allow for the creation of Marine Life Conservation Districts (MLCDs) that help conserve and replenish marine resources by limiting fishing and prohibiting certain uses entirely. Your Committee further finds that there are currently ten MLCDs throughout the State, each with unique rules and regulations, and that an assessment would help inform whether additional or more uniform protections are necessary. Therefore, this measure requests the Department of Land and Natural Resources to study the effectiveness of MLCDs in carrying out their purpose and how MLCDs compare to other International Union for Conservation of Nature protected areas.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 167 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1534 Water and Land on S.C.R. No. 227**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to implement an immediate fine for grounded vessels that have reasonably caused significant damage to the environment or created a material burden on the state for its removal.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that grounded vessels can cause considerable damage to the State's natural resources by smashing coral reefs and poisoning fish and other native marine wildlife. However, your Committee also finds that the State's current recourse process for grounded vessels is onerous, requiring the Department of Land and Natural Resources to submit a fact-intensive recommendation of proposed administrative penalties to the Board of Land and Natural Resources, which can often take weeks or months. Your

Committee finds that an immediate fine for grounded vessels could serve as a deterrence to irresponsible vessel owners and also provide a cost offset for the State while it investigates and finalizes its recommended penalties to the Board. Therefore, this measure requests the Department of Land and Natural Resources to implement an immediate fine of \$10,000 for grounded vessels.

Your Committee has amended this measure by:

- (1) Removing the qualifier that the damage to the environment reasonably caused by a grounded vessel be "significant" to be immediately fined; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 227, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 227, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1535 Water and Land on S.R. No. 165**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to implement an immediate fine for grounded vessels that have reasonably caused significant damage to the environment or created a material burden on the state for its removal.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that grounded vessels can cause considerable damage to the State's natural resources by smashing coral reefs and poisoning fish and other native marine wildlife. However, your Committee also finds that the State's current recourse process for grounded vessels is onerous, requiring the Department of Land and Natural Resources to submit a fact-intensive recommendation of proposed administrative penalties to the Board of Land and Natural Resources, which can often take weeks or months. Your Committee finds that an immediate fine for grounded vessels could serve as a deterrence to irresponsible vessel owners and also provide a cost offset for the State while it investigates and finalizes its recommended penalties to the Board. Therefore, this measure requests the Department of Land and Natural Resources to implement an immediate fine of \$10,000 for grounded vessels.

Your Committee has amended this measure by:

- (1) Removing the qualifier that the damage to the environment reasonably caused by a grounded vessel be "significant" to be immediately fined; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 165, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 165, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1536 (Joint) Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 193**

The purpose and intent of this measure is to request the City and County of Honolulu to improve and widen the Keaau Beach Park parking lot to make it suitable to serve as a turnaround point for public bus transportation.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that Makau Street is located in a residentially zoned neighborhood in Waianae, Oahu, situated between the world famous Makaha Beach Park to the south and Keaau Beach Park to the north. Presently two public bus routes that service the area pass through Makau Street, a narrow, unmarked two-way street encompassed by curbside parking on both sides, which can require pedestrians to enter the street to bypass parked cars. In addition to near accidents from speeding buses, Makau Street experienced approximately thirteen water main breaks. This measure seeks to address safety and infrastructure concerns near Makau Street to alleviate ongoing issues in the area.

Your Committees have amended this measure by:

- (1) Requesting the City and County of Honolulu to relocate the bus turnaround off Makau Street to Keaau Beach Park or the surrounding area; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 193, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 193, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Inouye).  
Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, McKelvey).

**SCRep. 1537 (Joint) Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs on S.R. No. 198**

The purpose and intent of this measure is to request the City and County of Honolulu to improve and widen the Keaau Beach Park parking lot to make it suitable to serve as a turnaround point for public bus transportation.

Your Committees did not receive any testimony on this measure.

Your Committees find that Makau Street is located in a residentially zoned neighborhood in Waianae, Oahu, situated between the world famous Makaha Beach Park to the south and Keaau Beach Park to the north. Presently two public bus routes that service the area pass through Makau Street, a narrow, unmarked two-way street encompassed by curbside parking on both sides, which can require pedestrians to enter the street to bypass parked cars. In addition to near accidents from speeding buses, Makau Street experienced approximately thirteen water main breaks. This measure seeks to address safety and infrastructure concerns near Makau Street to alleviate ongoing issues in the area.

Your Committees have amended this measure by:

- (1) Requesting the City and County of Honolulu to relocate the bus turnaround off Makau Street to Keaau Beach Park or the surrounding area; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 198, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 198, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Inouye).

Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, McKelvey).

**SCRep. 1538 (Majority) Transportation and Culture and the Arts on S.C.R. No. 72**

The purpose and intent of this measure is to request the establishment of a Hawaii-Taiwan Friendship Task Force to explore ways to strengthen, improve, and expand economic, cultural, and educational relations between Hawaii and Taiwan.

Your Committee received testimony in support of this measure from the Taipei Economic and Cultural Office.

Your Committee finds that Taiwan and Hawaii have had an established sister-state relationship since 1993, including relationships between Honolulu and Kaohsiung City; Maui County and Pingtung County; Hawaii County and Hualien County; and Kauai County and Penghu County. In 2021, Taiwan was Hawaii's tenth-largest trade partner, with exports to the State totaling \$54 million and imports from the State totaling \$13 million. Your Committee further finds that before the coronavirus disease 2019 pandemic, Taiwanese citizens made over seventeen million trips abroad, and loosened travel restrictions provide potential for Taiwanese visitors to Hawaii to further help revitalize the State's tourism sector.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 72 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1539 (Majority) Transportation and Culture and the Arts on S.C.R. No. 176**

The purpose and intent of this measure is to encourage the State's collaboration with sister-states on global environmental leadership.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Act 97, Session Laws of Hawaii 2015, set a goal for the State to achieve one hundred percent renewable energy by 2045; and Act 15, Session Laws of Hawaii 2018, established a zero emissions clean economy target to sequester more carbon emissions than produced annually by 2045. Additionally, under other agreements such as the Under2 Coalition Memorandum of Understanding, the United States Climate Alliance, and the Paris Agreement, the State is further committed to its clean energy and sustainability goals. While other nations, including subnational governments, are working toward adopting similar goals and building clean economies, and now that global cooperation on environmental and climate issues has strengthened, additional work is necessary to achieve renewable energy and clean economy targets. This measure encourages the State to collaborate with sister-states and further international collaboration and global meetings by learning about innovative solutions for climate change, building a clean economy, and expanding environmental protections.

Your Committee has amended this measure by:

- (1) Specifying that the Legislature passed Senate Concurrent Resolution No. 69, Regular Session of 2014, which endorses and supports the Aloha+ Challenge; and
- (2) Specifying that Hawaii is committed to achieving sustainable development goals and is a member of the Local2030 Islands Network.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 176, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 176, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1540 (Majority) Transportation and Culture and the Arts on S.R. No. 120**

The purpose and intent of this measure is to encourage the State's collaboration with sister-states on global environmental leadership.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Act 97, Session Laws of Hawaii 2015, set a goal for the State to achieve one hundred percent renewable energy by 2045; and Act 15, Session Laws of Hawaii 2018, established a zero emissions clean economy target to sequester more carbon emissions than produced annually by 2045. Additionally, under other agreements such as the Under2 Coalition Memorandum of Understanding, the United States Climate Alliance, and the Paris Agreement, the State is further committed to its clean energy and sustainability goals. While other nations, including subnational governments, are working toward adopting similar goals and building clean economies, and now that global cooperation on environmental and climate issues has strengthened, additional work is necessary to achieve renewable energy and clean economy targets. This measure encourages the State to collaborate with sister-states and further international collaboration and global meetings by learning about innovative solutions for climate change, building a clean economy, and expanding environmental protections.

Your Committee has amended this measure by:

- (1) Specifying that the Legislature passed Senate Concurrent Resolution No. 69, Regular Session of 2014, which endorses and supports the Aloha+ Challenge; and
- (2) Specifying that Hawaii is committed to achieving sustainable development goals and is a member of the Local2030 Islands Network.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 120, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 120, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1541 (Joint/Majority) Public Safety and Intergovernmental and Military Affairs and Transportation and Culture and the Arts on S.C.R. No. 150**

The purpose and intent of this measure is to request the counties to update the design and format of vehicle registration plates in response to growing electric vehicle and hybrid vehicle sales.

Your Committees received no testimony on this measure.

Your Committees find that electric vehicle adoption is growing exponentially, with many major car manufacturers phasing out gasoline-powered cars completely by 2035. Additionally, hybrid vehicle sales have been increasing as consumers view these vehicles as a convenient middle ground between conventional gasoline-powered vehicles and electric vehicles. At the current pace of electric vehicle sales, the existing electric vehicle license plate scheme will last for only five years. Your Committees believe that updating the present license plate schemes is necessary to accommodate shifting trends toward electric, hybrid, and gasoline-powered vehicle sales in the State. This measure will allow the State to effectively manage the distribution and circulation of license plates as consumer trends in the automotive industry rapidly change.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 150 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 2. Noes, 1 (Awa). Excused, 2 (Fukunaga, McKelvey).  
Transportation and Culture and the Arts: Ayes, 3. Noes, 1 (Awa). Excused, 1 (Inouye).

**SCRep. 1542 (Joint/Majority) Public Safety and Intergovernmental and Military Affairs and Transportation and Culture and the Arts on S.R. No. 146**

The purpose and intent of this measure is to request the counties to update the design and format of vehicle registration plates in response to growing electric vehicle and hybrid vehicle sales.

Your Committees received no testimony on this measure.

Your Committees find that electric vehicle adoption is growing exponentially, with many major car manufacturers phasing out gasoline-powered cars completely by 2035. Additionally, hybrid vehicle sales have been increasing as consumers view these vehicles as a convenient middle ground between conventional gasoline-powered vehicles and electric vehicles. At the current pace of electric vehicle sales, the existing electric vehicle license plate scheme will last for only five years. Your Committees believe that updating the present license plate schemes is necessary to accommodate shifting trends toward electric, hybrid, and gasoline-powered vehicle sales in the State. As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 146 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 2. Noes, 1 (Awa). Excused, 2 (Fukunaga, McKelvey).

Transportation and Culture and the Arts: Ayes, 3. Noes, 1 (Awa). Excused, 1 (Inouye).

**SCRep. 1543 Water and Land on S.C.R. No. 52**

The purpose and intent of this measure is to request the Legislative Reference Bureau to study potential solutions and make recommendations for a long-term management plan for Sunset Memorial Park.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the years of neglect at Sunset Memorial Park in Pearl City, Oahu, has led to a damaged mausoleum, sinking graves, and overgrown grass and bushes that cover up hundreds of graves. In response, the Legislature enacted Act 193, Session Laws of Hawaii 2018 (Act 193), to require, among other things, the Department of Commerce and Consumer Affairs, in consultation with the Department of Accounting and General Services, to develop both short-term and long-term strategies for the upkeep, repair, and maintenance of the cemetery. Your Committee finds that almost five years have passed since the enactment of Act 193, and a long-term plan is still not in place. Therefore, this measure requests the Legislative Reference Bureau to study and recommend a long-term management plan for Sunset Memorial Park.

Notwithstanding, your Committee has heard the testimony of the Legislative Reference Bureau, which expressed their concern that they do not have the subject matter expertise or personnel necessary to carry out such a study. Instead, the Legislative Reference Bureau suggested that a working group comprising relevant and knowledgeable parties might provide a better path forward.

Therefore, your Committee has amended this measure by:

- (1) Requesting the convening of a Sunset Memorial Park Working Group to study potential solutions and make recommendations for a long-term management plan, instead of the Legislative Reference Bureau;
- (2) Requesting the Sunset Memorial Park Working Group to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;
- (3) Adding the President of the Senate and the Speaker of the House of Representatives to the list of those designated to receive a certified copy of this Concurrent Resolution;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 52, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 52, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1544 Water and Land on S.R. No. 47**

The purpose and intent of this measure is to request the Legislative Reference Bureau to study potential solutions and make recommendations for a long-term management plan for Sunset Memorial Park.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the years of neglect at Sunset Memorial Park in Pearl City, Oahu, has led to a damaged mausoleum, sinking graves, and overgrown grass and bushes that cover up hundreds of graves. In response, the Legislature enacted Act 193, Session Laws of Hawaii 2018 (Act 193), to require, among other things, the Department of Commerce and Consumer Affairs, in consultation with the Department of Accounting and General Services, to develop both short-term and long-term strategies for the upkeep, repair, and maintenance of the cemetery. Your Committee finds that almost five years have passed since the enactment of Act 193, and a long-term plan is still not in place. Therefore, this measure requests the Legislative Reference Bureau to study and recommend a long-term management plan for Sunset Memorial Park.

Notwithstanding, your Committee has heard the testimony of the Legislative Reference Bureau, which expressed their concern that they do not have the subject matter expertise or personnel necessary to carry out such a study. Instead, the Legislative Reference Bureau suggested that a working group comprising relevant and knowledgeable parties might provide a better path forward.

Therefore, your Committee has amended this measure by:

- (1) Requesting the convening of a Sunset Memorial Park Working Group to study potential solutions and make recommendations for a long-term management plan, instead of the Legislative Reference Bureau;
- (2) Requesting the Sunset Memorial Park Working Group to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;

- (3) Adding the President of the Senate and the Speaker of the House of Representatives to the list of those designated to receive a certified copy of this Resolution;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 47, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 47, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1545 Water and Land on S.C.R. No. 116**

The purpose and intent of this measure is to request the Auditor to conduct a performance audit of all the programs within the State Historic Preservation Division of the Department of Land and Natural Resources.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of the Auditor.

Your Committee finds that the State Historic Preservation Division comprises of three branches -- Architecture, Archaeology, History and Culture -- and together they collectively strive to preserve and protect Hawaii's historic identity. However, your Committee also finds that since at least 2002, the Division has suffered from mismanagement and insufficient staffing and funding, which have hindered its ability to carry out its duties and responsibilities in a timely manner. Your Committee notes that a review of the Division conducted by the Auditor in 2002 (Auditor's Report No. 02-20) identified, among other things, that inconsistent standards plagued the Burial Program, the Division failed to ensure the safekeeping of historical artifacts, that Division employees misused and exploited the Division's resources, and that the Division Administrator put the State at risk of losing federal grants, which comprised forty percent of the Division's funding. Subsequently, from 2009 through 2017, the National Parks Service developed a Corrective Action Plan for the Division and routinely reviewed its progress in order to allow the Division to remain an approved State Historic Preservation Office capable of receiving federal grant assistance. Your Committee finds that while the management of the Division has significantly improved, a second audit would be helpful to examine the Division's current ability to efficiently and effectively meet its mandate. Therefore, this measure requests the Auditor to conduct a performance audit of the Division.

Your Committee has amended this measure by:

- (1) Removing certain nonperformance-audit related items from the list of actions requested for the Auditor to perform, including an audit to determine whether the Division has adequate staffing and resources to conduct timely reviews and an audit to determine whether the Division maintains satisfactory record retention methodologies;
- (2) Requesting that the Auditor submit a report of its findings to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025, instead of the Regular Session of 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 116, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 116, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1546 Water and Land on S.R. No. 108**

The purpose and intent of this measure is to request the Auditor to conduct a performance audit of all the programs within the State Historic Preservation Division of the Department of Land and Natural Resources.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of the Auditor.

Your Committee finds that the State Historic Preservation Division comprises of three branches -- Architecture, Archaeology, History and Culture -- and together they collectively strive to preserve and protect Hawaii's historic identity. However, your Committee also finds that since at least 2002, the Division has suffered from mismanagement and insufficient staffing and funding, which have hindered its ability to carry out its duties and responsibilities in a timely manner. Your Committee notes that a review of the Division conducted by the Auditor in 2002 (Auditor's Report No. 02-20) identified, among other things, that inconsistent standards plagued the Burial Program, the Division failed to ensure the safekeeping of historical artifacts, that Division employees misused and exploited the Division's resources, and that the Division Administrator put the State at risk of losing federal grants, which comprised forty percent of the Division's funding. Subsequently, from 2009 through 2017, the National Parks Service developed a Corrective Action Plan for the Division and routinely reviewed its progress in order to allow the Division to remain an approved State Historic Preservation Office capable of receiving federal grant assistance. Your Committee finds that while the management of the Division has significantly improved, a second audit would be helpful to examine the Division's current ability to efficiently and effectively meet its mandate. Therefore, this measure requests the Auditor to conduct a performance audit of the Division.

Your Committee has amended this measure by:

- (1) Removing certain nonperformance-audit related items from the list of actions requested for the Auditor to perform, including an audit to determine whether the Division has adequate staffing and resources to conduct timely reviews and an audit to determine whether the Division maintains satisfactory record retention methodologies;

- (2) Requesting that the Auditor submit a report of its findings to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025, instead of the Regular Session of 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 108, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 108, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1547 Government Operations on S.C.R. No. 10**

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study of potential positive and negative consequences of implementing term limits for members of the Legislature.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that fifteen states have imposed term limits on state legislators, thirty-six have imposed term limits on their governors, thirty-three states have imposed term limits on their members in the United States Congress and that, in contrast, the legislators of Idaho and Utah have repealed term limits on state legislators. Your Committee further finds that it is unclear whether or not term limits are beneficial or detrimental to the practice of democratic governance in the State. Therefore, this measure requests the Legislative Reference Bureau to conduct a study of potential positive and negative consequences of implementing term limits for members of the Legislature.

Your Committee has amended this measure by:

- (1) Adding findings to acknowledge that a massive and in-depth national study known as a Joint Project on Term Limits was conducted in 2004 as a cooperative effort by the National Conference of State Legislatures, Council of State Governments, State Legislative Leaders Foundation, and a number of legislative scholars to assess the effects of term limits;
- (2) Removing the Legislative Reference Bureau and replacing it with the National Conference of State Legislatures and Council of State Governments to not conduct, but instead to update the findings from the 2004 Joint Project on Term Limits;
- (3) Amending its title in accordance to its amended purpose;
- (4) Amending the list of certified copy recipients; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 10, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1548 Government Operations on S.R. No. 8**

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study of potential positive and negative consequences of implementing term limits for members of the Legislature.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that fifteen states have imposed term limits on state legislators, thirty-six have imposed term limits on their governors, thirty-three states have imposed term limits on their members in the United States Congress and that, in contrast, the legislators of Idaho and Utah have repealed term limits on state legislators. Your Committee further finds that it is unclear whether or not term limits are beneficial or detrimental to the practice of democratic governance in the State. Therefore, this measure requests the Legislative Reference Bureau to conduct a study of potential positive and negative consequences of implementing term limits for members of the Legislature.

Your Committee has amended this measure by:

- (1) Adding findings to acknowledge that a massive and in-depth national study known as a Joint Project on Term Limits was conducted in 2004 as a cooperative effort by the National Conference of State Legislatures, Council of State Governments, State Legislative Leaders Foundation, and a number of legislative scholars to assess the effects of term limits;
- (2) Removing the Legislative Reference Bureau and replacing it with the National Conference of State Legislatures and Council of State Governments to not conduct, but instead to update the findings from the 2004 Joint Project on Term Limits;
- (3) Amending its title in accordance to its amended purpose;
- (4) Amending the list of certified copy recipients; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 8, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 8, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1549 Government Operations on S.C.R. No. 168**

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on the feasibility of a continuous legislative session.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that pursuant to article III, section 10, of the Hawaii State Constitution, the Legislature only has sixty to seventy-five session days, generally stretching from the middle of January to early May, to conduct its business of enacting legislation. Your Committee further finds that the compressed, rushed legislative process may inhibit the public from participating and advocating at the Legislature during a regular session. Furthermore, efficiency, productivity, orderliness, and transparency of the Legislature may be improved by requiring that the Legislature be in session during every month of the year or by having more days in session. This measure requests that the Legislative Reference Bureau conduct a study on the feasibility of a continuous legislative session that examines the functions of continuous legislatures in other states to determine any increases in productivity of the legislative session by allowing for more time for the legislative process.

Your Committee has amended this measure by:

- (1) Narrowing the scope of the study, which initially requested an examination of legislature functions, to a summary of laws from states that provide for a continuous session of their legislatures and, to the extent such information is available, the policy reasons for those states' laws; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 168, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 168, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1550 Government Operations on S.R. No. 194**

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on the feasibility of a continuous legislative session.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that pursuant to article III, section 10, of the Hawaii State Constitution, the Legislature only has sixty to seventy-five session days, generally stretching from the middle of January to early May, to conduct its business of enacting legislation. Your Committee further finds that the compressed, rushed legislative process may inhibit the public from participating and advocating at the Legislature during a regular session. Furthermore, efficiency, productivity, orderliness, and transparency of the Legislature may be improved by requiring that the Legislature be in session during every month of the year or by having more days in session. This measure requests that the Legislative Reference Bureau conduct a study on the feasibility of a continuous legislative session that examines the functions of continuous legislatures in other states to determine any increases in productivity of the legislative session by allowing for more time for the legislative process.

Your Committee has amended this measure by:

- (1) Narrowing the scope of the study, which initially requested an examination of legislature functions, to a summary of laws from states that provide for a continuous session of their legislatures and, to the extent such information is available, the policy reasons for those states' laws; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 194, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 194, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1551 (Joint) Higher Education and Agriculture and Environment on S.C.R. No. 137**

The purpose and intent of this measure is to request the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to convene a working group to evaluate updating its extension sites.

Your Committees received testimony in support of this measure from the University of Hawai'i System and Hawai'i Farm Bureau.

Your Committees find that the agricultural research stations of the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources (CTAHR) are critical to the provision of cutting-edge research and applied science solutions that address climate change, agricultural profitability, food safety, biosecurity, nutrition, and food security. While these research stations perform

critical work, station infrastructure maintenance has long been deferred, inhibiting the stations' collective ability to respond to the research and education needs of the State's communities and growers. Investment in CTAHR's agricultural research stations is needed to prevent further loss of capacity, and convening a working group of governmental agencies, farming groups, and community stakeholders to evaluate cooperative extension sites for modernization initiatives is a necessary first step to addressing the infrastructure needs of these agricultural research stations.

Your Committees note that, per discussion with the University of Hawaii, CTAHR leadership meets with cooperative extension faculty and staff and community stakeholders on-site to identify the issues and needs of the research stations and the communities they serve. While valuable information is gathered during these visits, this information is not formally documented. Without reports, the Legislature, which has a vested interest in CTAHR and its agricultural research stations, lacks the means to monitor the needs of the agricultural research stations and the work of CTAHR more broadly. Amendments to this measure are therefore necessary to address this concern.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language requesting CTAHR to submit a report of its work, including the status of CTAHR's cooperative extension sites and staff, to the Legislature, in addition to the working group's report; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 137, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 137, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Higher Education: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Keith-Agaran).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Richards).

**SCRep. 1552 (Joint) Higher Education and Agriculture and Environment on S.R. No. 219**

The purpose and intent of this measure is to request the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to convene a working group to evaluate updating its extension sites.

Your Committees received testimony in support of this measure from the University of Hawai'i System, Hawai'i Farm Bureau, and one individual.

Your Committees find that the agricultural research stations of the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources (CTAHR) are critical to the provision of cutting-edge research and applied science solutions that address climate change, agricultural profitability, food safety, biosecurity, nutrition, and food security. While these research stations perform critical work, station infrastructure maintenance has long been deferred, inhibiting the stations' collective ability to respond to the research and education needs of the State's communities and growers. Investment in CTAHR's agricultural research stations is needed to prevent further loss of capacity, and convening a working group of governmental agencies, farming groups, and community stakeholders to evaluate cooperative extension sites for modernization initiatives is a necessary first step to addressing the infrastructure needs of these agricultural research stations.

Your Committees note that, per discussion with the University of Hawaii, CTAHR leadership meets with cooperative extension faculty and staff and community stakeholders on-site to identify the issues and needs of the research stations and the communities they serve. While valuable information is gathered during these visits, this information is not formally documented. Without reports, the Legislature, which has a vested interest in CTAHR and its agricultural research stations, lacks the means to monitor the needs of the agricultural research stations and the work of CTAHR more broadly. Amendments to this measure are therefore necessary to address this concern.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language requesting CTAHR to submit a report of its work, including the status of CTAHR's cooperative extension sites and staff, to the Legislature, in addition to the working group's report; and

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 219, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 219, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Higher Education: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Keith-Agaran).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Richards).

**SCRep. 1553 Higher Education on S.C.R. No. 79**

The purpose and intent of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a maritime college and to establish a maritime college.

Your Committee received testimony in support of this measure from the International Longshore and Warehouse Union Local 142. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that maritime colleges combine critical career technical training with the well-rounded curriculum of a baccalaureate degree program to prepare individuals for maritime careers. Despite a shortage of mariners in the State, Hawaii does not have a maritime college. Given that many Hawaii residents cannot afford to attend college outside of the State, establishing a state

maritime college would increase access to the education necessary for maritime careers for Hawaii residents and would allow Hawaii's maritime industry to hire skilled workers from within the State, rather than from outside of Hawaii. This measure therefore addresses the lack of educational maritime opportunities in the State to help develop a robust, highly skilled local mariner workforce.

Your Committee has amended this measure by:

- (1) Deleting legislative findings suggesting that this body considers all offshore energy production to be marine energy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 79, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 79, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Keith-Agaran).

**SCRep. 1554 Higher Education on S.R. No. 72**

The purpose and intent of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a maritime college and to establish a maritime college.

Your Committee received testimony in support of this measure from the International Longshore and Warehouse Union Local 142. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that maritime colleges combine critical career technical training with the well-rounded curriculum of a baccalaureate degree program to prepare individuals for maritime careers. Despite a shortage of mariners in the State, Hawaii does not have a maritime college. Given that many Hawaii residents cannot afford to attend college outside of the State, establishing a state maritime college would increase access to the education necessary for maritime careers for Hawaii residents and would allow Hawaii's maritime industry to hire skilled workers from within the State, rather than from outside of Hawaii. This measure therefore addresses the lack of educational maritime opportunities in the State to help develop a robust, highly skilled local mariner workforce.

Your Committee has amended this measure by:

- (1) Deleting legislative findings suggesting that this body considers all offshore energy production to be marine energy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 72, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 72, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Keith-Agaran).

**SCRep. 1555 Higher Education on S.C.R. No. 110**

The purpose and intent of this measure is to urge the University of Hawaii Community Colleges to establish baccalaureate degree programs in agricultural technology, food science, and education at Leeward Community College.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that leeward and central Oahu are in need of agricultural technology, food technology, and teaching programs. The need for agricultural technology and food technology programs stems from the predicted retirement of many of the State's farmers, who are nearing retirement age. Without new farmers, food production in the State will decline. Accessible agricultural technology and food technology programs can help draw students to farming and increase the number of new farmers in the State.

Your Committee notes the concerns that, per discussion with the University of Hawaii, establishing baccalaureate degree programs at Leeward Community College would require substantial changes with the College's accreditation body and would be contingent upon the University of Hawaii's review and approval. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Urging the University of Hawaii West Oahu, rather than the University of Hawaii Leeward Community College, to establish baccalaureate degree programs in agricultural technology, food science, and education;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 110, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Keith-Agaran).

**SCRep. 1556 Higher Education on S.R. No. 116**

The purpose and intent of this measure is to urge the University of Hawaii Community Colleges to establish baccalaureate degree programs in agricultural technology, food science, and education at Leeward Community College.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that leeward and central Oahu are in need of agricultural technology, food technology, and teaching programs. The need for agricultural technology and food technology programs stems from the predicted retirement of many of the State's farmers, who are nearing retirement age. Without new farmers, food production in the State will decline. Accessible agricultural technology and food technology programs can help draw students to farming and increase the number of new farmers in the State.

Your Committee notes the concerns that, per discussion with the University of Hawaii, establishing baccalaureate degree programs at Leeward Community College would require substantial changes with the College's accreditation body and would be contingent upon the University of Hawaii's review and approval. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Urging the University of Hawaii West Oahu, rather than the University of Hawaii Leeward Community College, to establish baccalaureate degree programs in agricultural technology, food science, and education;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 116, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 116, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Keith-Agaran).

**SCRep. 1557 Energy, Economic Development, and Tourism on S.C.R. No. 82**

The purpose and intent of this measure is to support the Hawaii State Energy Office in the establishment of an integrated Hawaii Pacific Hydrogen Hub.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Hawaii State Energy Office; University of Hawai'i System; and Servco Pacific, Inc.

Your Committee finds that the federal Infrastructure Investment and Jobs Act includes up to \$7,000,000,000 to establish six to ten regional clean hydrogen hubs across the United States to be a central driver in helping communities benefit from clean energy investments, good-paying jobs, and improved energy security. The Hawaii State Energy Office and its consortium of private-public sector partners' concept paper for an integrated Hawaii Pacific Hydrogen Hub was one of thirty-three concept papers to be encouraged by the United States Department of Energy to proceed to a full application for the United States Department of Energy Regional Clean Hydrogen Hubs funding opportunity. This measure supports the Hawaii State Energy Office in the establishment of an integrated Hawaii Pacific Hydrogen Hub that will provide economic vitality, better quality of life, and greater energy security for the people of Hawaii and the Pacific region through the local production, processing, transport, storage, and use of clean hydrogen.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 82, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1558 Energy, Economic Development, and Tourism on S.R. No. 73**

The purpose and intent of this measure is to support the Hawaii State Energy Office in the establishment of an integrated Hawaii Pacific Hydrogen Hub.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Hawaii State Energy Office; University of Hawai'i System; and Servco Pacific, Inc.

Your Committee finds that the federal Infrastructure Investment and Jobs Act includes up to \$7,000,000,000 to establish six to ten regional clean hydrogen hubs across the United States to be a central driver in helping communities benefit from clean energy investments, good-paying jobs, and improved energy security. This measure supports the Hawaii State Energy Office in the establishment of an integrated Hawaii Pacific Hydrogen Hub that will provide economic vitality, better quality of life, and greater energy security for the people of Hawaii and the Pacific region through the local production, processing, transport, storage, and use of clean hydrogen.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 73, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 73, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1559 (Joint) Energy, Economic Development, and Tourism and Labor and Technology on S.C.R. No. 126**

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism and the Department of Labor and Industrial Relations to co-convene a working group to develop a comprehensive plan for workforce development with a focus on the priority economic clusters established by the Department of Business, Economic Development, and Tourism to meet the needs of the State's new economy.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Labor and Industrial Relations; University of Hawai'i System; Hawai'i Gas; and Hawaiian Telcom.

Your Committees find that the economic conditions resulting from the coronavirus disease 2019 (COVID-19) pandemic have given rise to workforce trends such as "the Great Resignation", "the Great Reshuffle", and "the Great Re-Think", and have motivated businesses to automate and find alternative solutions for driving business productivity. Your Committees further find that the Internet, the acceleration and proliferation of automation, and the digitization of business practices, along with the advancements in sensor technology, edge analytics, machine learning, and artificial intelligence, have globally given rise to the fourth Industrial Revolution, coined "Industry 4.0". Your Committees believe that the Department of Business, Economic Development, and Tourism and Department of Labor and Industrial Relations are well-equipped to support workforce development in the Industry 4.0-era due to their economic development and diversification plans and programs supporting the State's students and workers seeking employment, training, reemployment, and improved employment opportunities. This measure will help the State's economy adjust and respond to the new and uncertain economic conditions caused by the COVID-19 pandemic.

Your Committees have amended this measure by:

- (1) Amending the membership composition of the working group by:
  - (A) Replacing the President of the University of Hawaii with a representative from the Shidler College of Business at the University of Hawaii at Manoa, to be appointed by the President of the University of Hawaii; and
  - (B) Adding a member from each county's Office of Economic Development, or equivalent office or department, to be appointed by each county's respective mayor; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Labor and Technology that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 126, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 126, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.  
Labor and Technology: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1560 Energy, Economic Development, and Tourism on S.C.R. No. 74**

The purpose and intent of this measure is to request the Hawaii Broadband and Digital Equity Office to increase access to Wi-Fi service in public parks throughout the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that access to the Internet is essential for life in the twenty-first century, which is increasingly reliant on digital technology. However, rural and neighbor island communities often lack the same basic infrastructure that urban residents enjoy. Although federal programs have been offered to assist low-income families in paying for certain broadband technology, many working families remain unable to afford the increasing monthly cost of internet service due to Hawaii's high cost of living. Your Committee further finds that numerous cities have begun installing Wi-Fi service in public parks to support internet access for underserved communities, including the cities of Los Angeles, California and Indianapolis, Indiana. Your Committee believes that increasing access to Wi-Fi service in public parks will help to address these disparities in internet access. This measure will therefore help to improve access to basic educational, occupational, and health care services by strengthening digital equity in the State.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 74 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1561 Energy, Economic Development, and Tourism on S.C.R. No. 77**

The purpose and intent of this measure is to request the Hawaii State Energy Office to conduct a study to determine the extent to which owners of multiple properties that are places of public accommodation within the State aggregate their required parking spaces

and choose to designate and electrify parking spaces in a county that is not the same county where the majority of the parking spaces are located.

Your Committee received testimony in support of this measure from the Big Island Electric Vehicle Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that the lack of access to charging stations for electric vehicles has become one of the largest barriers to electric vehicle ownership. Existing law requires retailers that offer one hundred parking spaces to include at least one electric vehicle parking stall per one hundred spaces. However, existing law also allows electric vehicle charging stations to be distributed in an aggregated fashion on all of the owner's properties within the State, which allows retailers to place the required stalls in a single location and could potentially leave the State's residents in certain counties without any electric vehicle charging capabilities. Your Committee believes that public electric vehicle charging capabilities should be provided statewide to provide access to as many drivers as possible and incentivize the increased use of electric vehicles. This measure will promote equitable access to electric vehicle charging stations to residents in every county in the State.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Kim, Fevella). Noes, none. Excused, none.

**SCRep. 1562 (Joint) Public Safety and Intergovernmental and Military Affairs and Hawaiian Affairs on S.C.R. No. 104**

The purpose and intent of this measure is to urge the United States Congress to pass the Hawaiian Home Lands Preservation Act to lower the required minimum blood quantum for certain Department of Hawaiian Home Lands successor lessee beneficiaries from one-quarter native Hawaiian blood to one thirty-second.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Kauhakō Ohana Association, Waimea Hawaiian Civic Club, and forty-five individuals. Your Committees received testimony in opposition to this measure from two individuals.

Your Committees find that the Hawaiian Homes Commission Act of 1920, as amended, is meant for the rehabilitation of the native Hawaiian people through a government-led homesteading program. However, in the near future, the minimum blood quantum requirement of one-half native Hawaiian blood will essentially bar all new applicants and thus frustrate the purpose and intent of the Hawaiian Homes Commission Act of 1920, as amended. In realizing the dilutive effect of interracial marriages on the blood quantum, the State reduced the minimum blood quantum requirement of certain lessees successors from one-quarter to one thirty-second by enacting Act 80, Session Laws of Hawaii 2017 (Act 80). Your Committees believe that the passage of the Hawaiian Home Lands Preservation Act will align the federal minimum blood quantum requirement with that established by Act 80 and satisfy the legal requirement that Act 80 receives the consent of the United States Congress to become effective. This measure will help to ensure that future successor lessees can continue to qualify as beneficiaries of the Hawaiian Homes Commission Act of 1920.

Your Committees have amended this measure by:

- (1) Urging Hawaii's congressional delegation to re-introduce and support the passage of the Hawaiian Home Lands Preservation Act instead of urging the United States Congress to pass the Hawaiian Home Lands Preservation Act;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 104, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 104, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Wakai).

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Ihara, Richards).

**SCRep. 1563 (Joint) Public Safety and Intergovernmental and Military Affairs and Hawaiian Affairs on S.R. No. 93**

The purpose and intent of this measure is to urge the United States Congress to pass the Hawaiian Home Lands Preservation Act to lower the required minimum blood quantum for certain Department of Hawaiian Home Lands successor lessee beneficiaries from one-quarter native Hawaiian blood to one thirty-second.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands and three individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the Hawaiian Homes Commission Act of 1920, as amended, is meant for the rehabilitation of the native Hawaiian people through a government-led homesteading program. However, in the near future, the minimum blood quantum requirement of one-half native Hawaiian blood will essentially bar all new applicants and thus frustrate the purpose and intent of the Hawaiian Homes Commission Act of 1920, as amended. In realizing the dilutive effect of interracial marriages on the blood quantum, the State reduced the minimum blood quantum requirement of certain lessees successors from one-quarter to one thirty-second by enacting Act 80, Session Laws of Hawaii 2017 (Act 80). Your Committees believe that the passage of the Hawaiian Home Lands Preservation Act will align the federal minimum blood quantum requirement with that established by Act 80 and satisfy the legal requirement that Act 80 receives the consent of the United States Congress to become effective. This measure will help to ensure that future successor lessees can continue to qualify as beneficiaries of the Hawaiian Homes Commission Act of 1920.

Your Committees have amended this measure by:

- (1) Urging Hawaii's congressional delegation to re-introduce and support the passage of the Hawaiian Home Lands Preservation Act instead of urging the United States Congress to pass the Hawaiian Home Lands Preservation Act;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 93, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 93, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Wakai).

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Ihara, Richards).

**SCRep. 1564 (Majority) Health and Human Services on S.C.R. No. 217**

The purpose and intent of this measure is to urge the Department of Health to:

- (1) Amend its administrative rules, pursuant to Chapter 91, Hawaii Revised Statutes, to:
  - (A) Create an updated list of reasonable precautions that a landowner may take to prevent visible fugitive dust from the land from becoming airborne, particularly when the land is vacant and undeveloped;
  - (B) Specify the best practical operations or treatments an owner of vacant undeveloped land may take or implement to prevent visible fugitive dust that originates from the land from being discharged beyond the land's lot line;
  - (C) Require each owner of vacant, undeveloped land in the State to submit to the Department a fugitive dust mitigation plan for the owner's vacant undeveloped land, which shall be subject to approval by the Director of Health; and
  - (D) Impose appropriate penalties for violations of rules relating to fugitive dust;
- (2) Monitor fugitive dust across the State; and
- (3) Report its progress and any recommendations to the Legislature before the Regular Session of 2024.

Your Committee did not receive testimony on this measure.

Your Committee finds that in windy conditions, large dust storms can originate from former agricultural lands in the State that have become vacant, depositing topsoil into the ocean and thereby damaging the reefs and the marine environment, as well as detrimentally affecting the health of nearby residents. Your Committee further finds that although the Department of Health's Clean Air Branch regulates the discharge of fugitive dust in the State and imposes penalties for violations, existing rules do not require land owners to have fugitive dust mitigation plans approved by the Director of Health and the existing penalty structure does not consider the scale of the dust emission. This measure requests the Department of Health to take various actions to prevent and address the detrimental effects of fugitive dust arising from vacant undeveloped land.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 217 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1565 (Majority) Health and Human Services on S.R. No. 155**

The purpose and intent of this measure is to urge the Department of Health to:

- (1) Amend its administrative rules, pursuant to Chapter 91, Hawaii Revised Statutes, to:
  - (A) Create an updated list of reasonable precautions that a landowner may take to prevent visible fugitive dust from the land from becoming airborne, particularly when the land is vacant and undeveloped;
  - (B) Specify the best practical operations or treatments an owner of vacant undeveloped land may take or implement to prevent visible fugitive dust that originates from the land from being discharged beyond the land's lot line;
  - (C) Require each owner of vacant, undeveloped land in the State to submit to the Department a fugitive dust mitigation plan for the owner's vacant undeveloped land, which shall be subject to approval by the Director of Health; and
  - (D) Impose appropriate penalties for violations of rules relating to fugitive dust;
- (2) Monitor fugitive dust across the State; and
- (3) Report its progress and any recommendations to the Legislature before the Regular Session of 2024.

Your Committee did not receive testimony on this measure.

Your Committee finds that in windy conditions, large dust storms can originate from former agricultural lands in the State that have become vacant, depositing topsoil into the ocean and thereby damaging the reefs and the marine environment, as well as detrimentally affecting the health of nearby residents. Your Committee further finds that although the Department of Health's Clean Air Branch regulates the discharge of fugitive dust in the State and imposes penalties for violations, existing rules do not require land owners to have fugitive dust mitigation plans approved by the Director of Health and the existing penalty structure does not consider the scale of

the dust emission. This measure requests the Department of Health to take various actions to prevent and address the detrimental effects of fugitive dust arising from vacant undeveloped land.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 155 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1566 (Majority) Health and Human Services on S.C.R. No. 112**

The purpose and intent of this measure is to request the Hawaii State Center for Nursing to convene a working group to study the feasibility and impact of the State adopting the Nurse Licensure Compact.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii, Hawaii Medical Service Association, The Queen's Health System, Kūpuna Caucus of the Democratic Party of Hawai'i, and Hawai'i Pacific Health. Your Committee received comments on this measure from the Board of Nursing, Hawai'i State Center for Nursing, and Grassroot Institute of Hawaii.

Your Committee finds that there is a statewide shortage of nurses. The Nurse Licensure Compact would enable nurses to practice in various jurisdictions without needing to obtain additional licensures and has the potential to increase the nursing workforce available to the State. While the Nurse Licensure Compact has the potential to alleviate the nurse shortage in the State, questions remain regarding the regulation of out-of-state nurses and the Compact's impact on the State's existing licensure infrastructure. Convening a working group to study the feasibility and implications of the State adopting the Nurse Licensure Compact would provide an opportunity to answer these questions and fully explore other concerns.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 112 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1567 (Majority) Health and Human Services on S.R. No. 118**

The purpose and intent of this measure is to request the Hawaii State Center for Nursing to convene a working group to study the feasibility and impact of the State adopting the Nurse Licensure Compact.

Your Committee received testimony in support of this measure from the Healthcare Association of Hawaii, Hawaii Medical Service Association, The Queen's Health System, Kūpuna Caucus of the Democratic Party of Hawai'i, and Hawai'i Pacific Health. Your Committee received comments on this measure from the Board of Nursing, Hawai'i State Center for Nursing, and Grassroot Institute of Hawaii.

Your Committee finds that there is a statewide shortage of nurses. The Nurse Licensure Compact would enable nurses to practice in various jurisdictions without needing to obtain additional licensures and has the potential to increase the nursing workforce available to the State. While the Nurse Licensure Compact has the potential to alleviate the nurse shortage in the State, questions remain regarding the regulation of out-of-state nurses and the Compact's impact on the State's existing licensure infrastructure. Convening a working group to study the feasibility and implications of the State adopting the Nurse Licensure Compact would provide an opportunity to answer these questions and fully explore other concerns.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 118 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1568 (Majority) Health and Human Services on S.C.R. No. 183**

The purpose and intent of this measure is to request the Department of Human Services to study providing certain health insurance coverage for all children and pregnant persons who would otherwise qualify for coverage if not for their immigration status.

Your Committee received testimony in support of this measure from the Hawaii Friends of Civil Rights, Hawai'i Children's Action Network Speaks!, Hawai'i Coalition for Immigrant Rights, and three individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that prenatal care is fundamental to reproductive and infant health and that health care services for children are critical to children's well-being and development. Despite the importance of health care, undocumented immigrants are unable to receive health insurance coverage through Medicaid and health exchanges established under part II of the federal Patient Protection and Affordable Care Act. Lack of access to affordable health care prevents many low-income undocumented immigrants from receiving routine and emergency medical care and leads to persistent inequities in the prevention, diagnosis, and treatment of health conditions for these individuals. Studying the State's capacity to expand access to health care coverage to all children and pregnant persons, regardless of immigration status, is therefore a critical first step to addressing health inequity in the State.

Your Committee has amended this measure by:

- (1) Requesting the Department of Human Services to submit a report on the study proposed by this measure to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024, rather than by October 31, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 183, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1569 (Majority) Health and Human Services on S.R. No. 177**

The purpose and intent of this measure is to request the Department of Human Services to study providing certain health insurance coverage for all children and pregnant persons who would otherwise qualify for coverage if not for their immigration status.

Your Committee received testimony in support of this measure from the Hawaii Friends of Civil Rights, Hawai'i Children's Action Network Speaks!, Hawai'i Coalition for Immigrant Rights, and three individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that prenatal care is fundamental to reproductive and infant health and that health care services for children are critical to children's well-being and development. Despite the importance of health care, undocumented immigrants are unable to receive health insurance coverage through Medicaid and health exchanges established under part II of the federal Patient Protection and Affordable Care Act. Lack of access to affordable health care prevents many low-income undocumented immigrants from receiving routine and emergency medical care and leads to persistent inequities in the prevention, diagnosis, and treatment of health conditions for these individuals. Studying the State's capacity to expand access to health care coverage to all children and pregnant persons, regardless of immigration status, is therefore a critical first step to addressing health inequity in the State.

Your Committee has amended this measure by:

- (1) Requesting the Department of Human Services to submit a report on the study proposed by this measure to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024, rather than by October 31, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 177, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 177, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1570 Health and Human Services on S.C.R. No. 132**

The purpose and intent of this measure is to request the Department of Human Services' Med-QUEST Division to:

- (1) Take steps necessary to ensure that adequate provider rates are established for applied behavioral analysis services;
- (2) Assess current reimbursement rates for applied behavior analysis services; and
- (3) Submit a report of its findings and recommendations on appropriate reimbursement rate increases, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Hawai'i Association for Behavior Analysis; Hawaii Disability Rights Center; BAYADA Behavioral Health; Behavior Analysis No Ka Oi, Inc.; Council of Autism Service Providers; and fifteen individuals. Your Committee received comments on this measure from the Department of Human Services and one individual.

Your Committee finds that applied behavior analysis is a medically necessary service provided for Med-QUEST beneficiaries under the age of twenty-one with an autism spectrum disorder diagnosis. Your Committee also finds that the Med-QUEST reimbursement rates for applied behavior analysis services have not been increased since their establishment in 2015, and the State's current reimbursement rate for applied behavior analysis services, particularly for registered behavior technicians, is below the current market rate. Behavioral health service providers in the State have struggled to meet the needs of QUEST beneficiaries due to the increased costs of operating a business. The low reimbursement rates and the high cost of living in the State also contribute to shortage in staff, resulting in significant delays for QUEST beneficiaries to access the needed services. This measure will allow behavioral health service providers to maintain their operations, pay livable wages to their staff, and create additional positions to sufficiently serve Med-QUEST beneficiaries.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1571 Health and Human Services on S.R. No. 152**

The purpose and intent of this measure is to request the Department of Human Services' Med-QUEST Division to:

- (1) Take steps necessary to ensure that adequate provider rates are established for applied behavioral analysis services;
- (2) Assess current reimbursement rates for applied behavior analysis services; and
- (3) Submit a report of its findings and recommendations on appropriate reimbursement rate increases, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Hawai'i Association for Behavior Analysis; Hawaii Disability Rights Center; BAYADA Behavioral Health; Behavior Analysis No Ka Oi, Inc.; Council of Autism Service Providers; and fifteen individuals. Your Committee received comments on this measure from the Department of Human Services and one individual.

Your Committee finds that applied behavior analysis is a medically necessary service provided for Med-QUEST beneficiaries under the age of twenty-one with an autism spectrum disorder diagnosis. Your Committee also finds that the Med-QUEST reimbursement rates for applied behavior analysis services have not been increased since their establishment in 2015, and the State's current reimbursement rate for applied behavior analysis services, particularly for registered behavior technicians, is below the current market rate. Behavioral health service providers in the State have struggled to meet the needs of QUEST beneficiaries due to the increased costs of operating a business. The low reimbursement rates and the high cost of living in the State also contribute to shortage in staff, resulting in significant delays for QUEST beneficiaries to access the needed services. This measure will allow behavioral health service providers to maintain their operations, pay livable wages to their staff, and create additional positions to sufficiently serve Med-QUEST beneficiaries.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 152 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1572 Health and Human Services on S.C.R. No. 32**

The purpose and intent of this measure is to:

- (1) Request the Office of Language Access to convene an American Sign Language (ASL) Interpreter Workforce Working Group for the purpose of promoting the increase of ASL interpreters in the State; and
- (2) Request the working group to:
  - (A) Recommend training and incentives to increase the number of ASL interpreters in the State;
  - (B) Submit an interim report to the Legislature before the Regular Session of 2024 and a final report before Regular Session of 2026; and
  - (C) Dissolve on June 30, 2026.

Your Committee received testimony in support of this measure from the Department of Education, Disability and Communication Access Board, Hawaii Disability Rights Center, and one individual. Your Committee received comments on this measure from the Office of Language Access.

Your Committee finds that ASL interpreters provide a critical service to deaf, hard of hearing, deaf-blind, and hearing individuals and public agencies in the State who wish to effectively communicate with each other in a variety of settings and circumstances. Your Committee also finds that there is an insufficient number of qualified ASL interpreters to accommodate current needs in the State. This measure serves as an essential step to increase the number of qualified ASL interpreters in the State.

Your Committee acknowledges the concerns raised by the Office of Language Access regarding its lack of expertise in the area of ASL to chair the working group. Your Committee also acknowledges the testimony of the Disability and Communication Access Board suggesting that the Board is better situated to assume that role, as its functions include establishing administrative rules for the utilization of communication access services, including ASL interpreting, in State programs and activities and issuing Hawaii State Sign Language Interpreter Credentials to qualified interpreters.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Disability and Communication Access Board, rather than the Office of Language Access, to convene the American Sign Language Interpreter Workforce Working Group;
- (2) Requesting a representative from the Disability and Communication Access Board, rather than the Office of Language Access, to serve as chairperson of the working group;
- (3) Updating the list of certified copy recipients;
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 32, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 32, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1573 Health and Human Services on S.R. No. 26**

The purpose and intent of this measure is to:

- (1) Request the Office of Language Access to convene an American Sign Language (ASL) Interpreter Workforce Working Group for the purpose of promoting the increase of ASL interpreters in the State; and
- (2) Request the working group to:

- (A) Recommend training and incentives to increase the number of ASL interpreters in the State;
- (B) Submit an interim report to the Legislature before the Regular Session of 2024 and a final report before Regular Session of 2026; and
- (C) Dissolve on June 30, 2026.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and two individuals. Your Committee received comments on this measure from the Office of Language Access.

Your Committee finds that ASL interpreters provide a critical service to deaf, hard of hearing, deaf-blind, and hearing individuals and public agencies in the State who wish to effectively communicate with each other in a variety of settings and circumstances. Your Committee also finds that there is an insufficient number of qualified ASL interpreters to accommodate current needs in the State. This measure serves as an essential step to increase the number of qualified ASL interpreters in the State.

Your Committee acknowledges the concerns raised by the Office of Language Access regarding its lack of expertise in the area of ASL to chair the working group. Your Committee also acknowledges the testimony of the Disability and Communication Access Board suggesting that the Board is better situated to assume that role, as its functions include establishing administrative rules for the utilization of communication access services, including ASL interpreting, in State programs and activities and issuing Hawaii State Sign Language Interpreter Credentials to qualified interpreters.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Disability and Communication Access Board, rather than the Office of Language Access, to convene the American Sign Language Interpreter Workforce Working Group;
- (2) Requesting a representative from the Disability and Communication Access Board, rather than the Office of Language Access, to serve as chairperson of the working group;
- (3) Updating the list of certified copy recipients;
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 26, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 26, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1574 Health and Human Services on S.C.R. No. 6**

The purpose and intent of this measure is to request that the Med-QUEST Division of the Department of Human Services expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the State.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, Hawai'i Maternal Infant Health Collaborative, Lactation Access Transforming Communities in Hawai'i, and four individuals. Your Committee received comments on this measure from the Department of Human Services, Academy of Lactation Policy and Practice, and Breastfeeding Hawaii.

Your Committee finds that breastfeeding provides numerous health benefits to both babies and mothers, and the Patient Protection and Affordable Care Act mandates that health insurance plans provide breastfeeding support, counseling, and equipment for the duration of breastfeeding. Despite this mandate, Hawaii's QUEST Integration Program does not reimburse all qualified, certified providers for lactation consultant services, reducing the number of providers available to individuals covered by Medicaid. To increase access to critical maternal health care, this measure requests that Hawaii's QUEST Integration Program expand the types of providers that qualify for Medicaid reimbursement in the State.

Your Committee has amended this measure by:

- (1) Inserting findings that recognize lactation consultants in the United States are often health care professionals who have obtained additional certification through the Academy of Lactation Policy and Practice's Certified Lactation Counselor Program;
- (2) Inserting findings specifying that the State's QUEST Integration Program does not allow qualified providers who have obtained Certified Lactation Counselor certification to provide lactation consultant services;
- (3) Requesting to include lactation consultants certified by the Certified Lactation Counselor Program as qualified providers allowed to provide lactation consultant services for the Medicaid population in the State; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 6, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 6, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1575 Health and Human Services on S.R. No. 4**

The purpose and intent of this measure is to request that the Med-QUEST Division of the Department of Human Services expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the State.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, Hawai'i Maternal Infant Health Collaborative, Lactation Access Transforming Communities in Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Human Services and Academy of Lactation Policy and Practice.

Your Committee finds that breastfeeding provides numerous health benefits to both babies and mothers, and the Patient Protection and Affordable Care Act mandates that health insurance plans provide breastfeeding support, counseling, and equipment for the duration of breastfeeding. Despite this mandate, Hawaii's QUEST Integration Program does not reimburse all qualified, certified providers for lactation consultant services, reducing the number of providers available to individuals covered by Medicaid. To increase access to critical maternal health care, this measure requests that Hawaii's QUEST Integration Program expand the types of providers that qualify for Medicaid reimbursement in the State.

Your Committee has amended this measure by:

- (1) Inserting findings that recognize lactation consultants in the United States are often health care professionals who have obtained additional certification through the Academy of Lactation Policy and Practice's Certified Lactation Counselor Program;
- (2) Inserting findings specifying that the State's QUEST Integration Program does not allow qualified providers who have obtained Certified Lactation Counselor certification to provide lactation consultant services;
- (3) Requesting to include lactation consultants certified by the Certified Lactation Counselor Program as qualified providers allowed to provide lactation consultant services for the Medicaid population in the State; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 4, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 4, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1576 Health and Human Services on S.C.R. No. 185**

The purpose and intent of this measure is to urge the Executive Office on Aging to develop a standard training workshop for kupuna and caregivers on how to select and purchase appropriate broadband connectivity equipment, audio-visual equipment such as tablets, and how to operate equipment to access telehealth services.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Broadband Hui. Your Committee received comments on this measure from the Executive Office on Aging and AARP Hawai'i.

Your Committee finds that the State faces a continued shortage of health care providers, making telehealth an important tool that enables individuals to access health care, particularly on the neighbor islands and in rural areas. Your Committee further finds that the coronavirus disease 2019 pandemic, while demonstrating the effectiveness of telehealth as a mode of essential health care delivery, also underscored the need for broadband infrastructure and digital equity programs to close the digital disparities gap among residents of the State, especially for kupuna and other marginalized communities who face limited broadband access or difficulty navigating the technological aspects of telehealth. This measure will assist the State's kupuna in achieving digital equity in health care by obtaining the necessary equipment and digital literacy to receive needed services through telehealth.

Your Committee has amended this measure by:

- (1) Urging the Executive Office on Aging to work in concert with the Hawaii Broadband and Digital Equity Office, Hawaii Broadband Hui, and AARP Hawai'i, to develop the standard training workshop for kupuna and caregivers pursuant to this measure;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 185, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1577 Health and Human Services on S.R. No. 169**

The purpose and intent of this measure is to urge the Executive Office on Aging to develop a standard training workshop for kupuna and caregivers on how to select and purchase appropriate broadband connectivity equipment, audio-visual equipment such as tablets, and how to operate equipment to access telehealth services.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Broadband Hui; and one individual. Your Committee received comments on this measure from the Executive Office on Aging and AARP Hawai'i.

Your Committee finds that the State faces a continued shortage of health care providers, making telehealth an important tool that enables individuals to access health care, particularly on the neighbor islands and in rural areas. Your Committee further finds that the coronavirus disease 2019 pandemic, while demonstrating the effectiveness of telehealth as a mode of essential health care delivery, also underscored the need for broadband infrastructure and digital equity programs to close the digital disparities gap among residents of the State, especially for kupuna and other marginalized communities who face limited broadband access or difficulty navigating the technological aspects of telehealth. This measure will assist the State's kupuna in achieving digital equity in health care by obtaining the necessary equipment and digital literacy to receive needed services through telehealth.

Your Committee has amended this measure by:

- (1) Urging the Executive Office on Aging to work in concert with the Hawaii Broadband and Digital Equity Office, Hawaii Broadband Hui, and AARP Hawai'i, to develop the standard training workshop for kupuna and caregivers pursuant to this measure;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 169, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 169, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1578 (Joint) Public Safety and Intergovernmental and Military Affairs and Health and Human Services on S.C.R. No. 89**

The purpose and intent of this measure is to request the Department of Health and Department of Public Safety to work in collaboration to preserve the health and safety of special needs inmates and others in the State's jails and prisons.

Your Committees received testimony in support of this measure from the Department of Health and Hawaii Disability Rights Center. Your Committees received comments on this measure from the Department of Public Safety.

Your Committees find that the Department of Public Safety is statutorily required to provide mental health services to inmates in community correctional centers and to develop and make available gender-responsive, community-based programs for women offenders by providing them with the appropriate range of opportunities to ensure that their needs are met, including programs designed to provide substance abuse and mental health treatments. Your Committees further find that the Department of Health has expertise in identifying and addressing mental health and behavioral issues, including the provision of mental health education, treatment, and rehabilitation services. Your Committees believe that the line staff of the Department of Public Safety would benefit greatly from receiving training from the Department of Health on the subject of mental health and behavioral issues. This measure will preserve the health and safety of special needs inmates and others in the State's jails and prisons.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 89 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).  
Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1579 (Joint) Public Safety and Intergovernmental and Military Affairs and Health and Human Services on S.C.R. No. 107**

The purpose and intent of this measure is to urge the City and County of Honolulu's Crisis Outreach Response and Engagement Program to provide regular care and services to individuals experiencing homelessness in the central Oahu, North Shore, Leeward, and Windward regions of Oahu on a regular rotating schedule.

Your Committees received testimony in support of this measure from two individuals.

Your Committees find that the City and County of Honolulu established the Crisis Outreach Response and Engagement (CORE) Program in October 2021 to provide services to Oahu's unsheltered population. However, the CORE Program primarily focuses on Honolulu's urban core, stretching from Chinatown to Waikiki. Your Committees believe that expanding the reach of the CORE Program throughout Oahu may prove effective in supporting individuals experiencing homelessness and addressing resident's concerns about Oahu's homeless population. This measure benefits and improves outcomes for residents and unhoused persons on Oahu.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 107 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).  
Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1580 (Joint) Public Safety and Intergovernmental and Military Affairs and Health and Human Services on S.R. No. 96**

The purpose and intent of this measure is to urge the City and County of Honolulu's Crisis Outreach Response and Engagement Program to provide regular care and services to individuals experiencing homelessness in the central Oahu, North Shore, Leeward, and Windward regions of Oahu on a regular rotating schedule.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that the City and County of Honolulu established the Crisis Outreach Response and Engagement (CORE) Program in October 2021 to provide services to Oahu's unsheltered population. However, the CORE Program primarily focuses on Honolulu's urban core, stretching from Chinatown to Waikiki. Your Committees believe that expanding the reach of the CORE Program throughout Oahu may prove effective in supporting individuals experiencing homelessness and addressing resident's concerns about Oahu's homeless population. This measure benefits and improves outcomes for residents and unhoused persons on Oahu.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 96 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1581 (Joint) Public Safety and Intergovernmental and Military Affairs and Health and Human Services on S.C.R. No. 226**

The purpose and intent of this measure is to urge the United States Indo-Pacific Command to more proactively combat violence against civilian women and children in Hawaii by making a zero-tolerance commitment, sharing gender-based violence prevalence data with the state government, and launching an anti-commercial sexual exploitation program across all Hawaii military installations.

Your Committees received testimony in support of this measure from one individual. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that according to the Organization for Security and Co-operation in Europe Office of the Special Representative and Coordinator for Combating Trafficking in Human Beings, the United States military is consistently a substantial contributor to fueling sex trafficking and sexual exploitation through the practice of buying sex. Since 2018, the Hawaii State Commission on the Status of Women has been leading state government efforts to expose and address the connection between the military and sex trafficking in Hawaii. However, the Hawaii State Commission on the Status of Women does not have ready access to data critical to implementing sex trafficking prevention. Your Committees believe that the Hawaii State Commission on the Status of Women can assist in developing an anti-trafficking response that is gender transformative and victim-centered. This measure seeks to address and reduce sex buying, sex trafficking, child sexual abuse material consumption, and child sexual exploitations in the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 226, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 226, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1582 (Joint) Public Safety and Intergovernmental and Military Affairs and Health and Human Services on S.R. No. 164**

The purpose and intent of this measure is to urge the United States Indo-Pacific Command to more proactively combat violence against civilian women and children in Hawaii by making a zero-tolerance commitment, sharing gender-based violence prevalence data with the state government, and launching an anti-commercial sexual exploitation program across all Hawaii military installations.

Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that according to the Organization for Security and Co-operation in Europe Office of the Special Representative and Coordinator for Combating Trafficking in Human Beings, the United States military is consistently a substantial contributor to fueling sex trafficking and sexual exploitation through the practice of buying sex. Since 2018, the Hawaii State Commission on the Status of Women has been leading state government efforts to expose and address the connection between the military and sex trafficking in Hawaii. However, the Hawaii State Commission on the Status of Women does not have ready access to data critical to implementing sex trafficking prevention. Your Committees believe that the Hawaii State Commission on the Status of Women can assist in developing an anti-trafficking response that is gender transformative and victim-centered. This measure seeks to address and reduce sex buying, sex trafficking, child sexual abuse material consumption, and child sexual exploitations in the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 164, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 164, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1583      Judiciary on H.B. No. 161**

The purpose and intent of this measure is to establish that the representative of labor on the Hawaii Labor Relations Board be a person selected by a majority of the exclusive representatives of the collective bargaining units.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers; Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii Fire Fighters Association.

Your Committee finds that the Hawaii Labor Relations Board is composed of three members: a representative of labor, a representative of management, and the chairperson who shall represent the public interest. Under existing law, the representative of labor is appointed by the Governor from a list of three nominees submitted by a majority of the exclusive representatives; however, the Governor also appoints both the representative of management and the chairperson. Since decisions and rulings by the Hawaii Labor Relations Board directly impact every unionized state and county government employee in the State, it is fair and reasonable to allow the exclusive representatives the right to collectively nominate the representative of labor. This measure will ensure that the exclusive representatives' collective voice is strengthened.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 161, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1584      Judiciary on H.B. No. 350**

The purpose and intent of this measure is to establish that the exemption from mandatory reporting by members of the clergy does not apply when the clergy member believes that there exists a substantial risk that child abuse or neglect that is especially heinous, atrocious, or cruel, manifesting exceptional depravity, may occur in the reasonably foreseeable future.

Your Committee received testimony in support of this measure from the Department of Human Services; Stonewall Caucus of the Democratic Party of Hawaii; Rainbow Family 808.com, Inc.; and four individuals.

Your Committee finds that there is a danger in exempting members of the clergy from mandatory reporting of suspected child abuse or neglect. Additionally, your Committee recognizes the significance of confidentiality in penitential communication but believes that the safety and well-being of the State's children is also of utmost importance. Furthermore, your Committee understands that details of extreme child abuse or neglect revealed in penitential communication may result in these cases never being reported to the appropriate authorities. Therefore, your Committee acknowledges the need to specify that the exemption of mandatory reporting by members of the clergy does not apply when the clergy member believes that there exists an extreme case of child abuse or neglect.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 350, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1585      (Majority) Judiciary on H.B. No. 364**

The purpose and intent of this measure is to clarify that when trespass involves public land, all state and county law enforcement officers may enforce trespass laws, without regard to whether the land is owned by the State or by a county.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that jurisdictional uncertainties have limited cooperation between county and state law enforcement officers to effectively remove trespassers from public property. This uncertainty can lead to damage to public land and harm to those who use it. This measure will make it clear that either state or county law enforcement can enforce trespass laws regardless of which governmental entity owns or controls a parcel of public land, which will ensure that the public can enjoy public land safely.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 364, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1586      Judiciary on H.B. No. 823**

The purpose and intent of this measure is to:

- (1) Expand the scope of reports on correctional facility and community correctional center deaths that are submitted to the Governor and Legislature;

- (2) Require certain reports to be published on the Department of Corrections and Rehabilitation website; and
- (3) Mandate public access to other information reported.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Community Alliance on Prisons, Civil Beat Law Center for the Public Interest, ACLU of Hawai'i, Opportunity Youth Action Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the occurrence of death is an unfortunate reality in jails and prisons. Responsible reporting of deaths is essential to ensure accurate communication of information to the public for purposes of transparency and trust. This measure will broaden the process for the public disclosure of deaths of incarcerated individuals.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 823, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1587      Judiciary on H.B. No. 834**

The purpose and intent of this measure is to recognize American Sign Language as a fully developed, autonomous, natural language with its own grammar, syntax, vocabulary, and cultural heritage.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Parent Community Network for the Hearing Parents of Deaf Children at the Hawaii School for the Deaf and the Blind, and eleven individuals.

Your Committee finds that American Sign Language (ASL) is not just a translation of spoken English, but a fully developed, autonomous, natural language with its own grammar, syntax, vocabulary, and cultural heritage. Your Committee further finds that by recognizing ASL as a distinct language, the State can help promote a more inclusive society, acknowledge the deaf community's right to access services and information in a language they understand, increase public awareness, and acknowledge the deaf community as a linguistic minority with its own history, culture, and traditions. Your Committee notes that at least a dozen states have already enacted laws that recognize ASL as its own distinct language, with many other states recognizing ASL in varying degrees. Therefore, this measure calls upon the State to formally recognize ASL as its own distinct language.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 834, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1588      Judiciary on H.B. No. 1035**

The purpose and intent of this measure is to establish protections for critical infrastructure information that is received or maintained by the Office of Homeland Security for use regarding the security of critical infrastructure.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Defense, Department of the Attorney General, Hawaii State Energy Office, Honolulu Board of Water Supply, Hawaiian Electric, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that in order to succeed in the legislated responsibilities of the State regarding protection of critical infrastructure under chapter 128A, Hawaii Revised Statutes, it is necessary to establish protections for critical infrastructure information. Proper protection of critical infrastructure information and its confidentiality is essential to enhance the sharing of this information between infrastructure owners and operators and the state government, and to ensure the protection, security, and resiliency of the State. This measure will protect critical infrastructure information from public disclosure.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1035, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1589      Ways and Means on H.B. No. 951**

The purpose and intent of this measure is to alleviate the State's shortage of rental housing by promoting the development of affordable rental housing projects.

More specifically, the measure appropriates funds from the rental housing revolving fund to the Hawaii Housing Finance and Development Corporation to provide loans or grants for rental housing projects; provided that up to an unspecified amount of the appropriation may be used for mixed-income rental projects.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, Partners In Care, Housing Hawaii's Future, Hawaii REALTORS, Highridge Costa Development Company, EAH Housing, and HOPE Services Hawaii.

Your Committee finds that the funding provided by this measure will address the ongoing need to provide lower-income individuals and families in the State with relief from rising rental housing costs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 951, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1590 Ways and Means on H.B. No. 1255**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds, guaranteed by the County of Maui, to assist West Maui Hospital Foundation, Inc., in the construction of West Maui Hospital and Medical Center, and the improvement of any necessary infrastructure.

Your Committee received written comments in support of this measure from the Maui County Council, Maui Hotel and Lodging Association, Maui Chamber of Commerce, and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance; Office of the Mayor for the County of Maui; and West Maui Hospital Foundation, Inc.

Your Committee finds that the construction of a hospital and acute care center in West Maui will improve access to healthcare for medically underserved communities and create jobs. The special purpose revenue bonds authorized by this measure will provide the financial support necessary to pursue the hospital's development.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1255, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Keith-Agaran). Noes, none. Excused, none.

**SCRep. 1591 Ways and Means on H.B. No. 1356**

The purpose and intent of this measure is to provide financial assistance to state-licensed care homes that experienced negative economic impacts due to the coronavirus disease 2019 (COVID-19) pandemic.

More specifically, the measure appropriates funds to the Department of Human Services to provide enhanced payments to providers of state-licensed adult residential care homes and developmental disabilities domiciliary homes that are caring for residents receiving Medicaid benefits, to assist with COVID-19-related costs and lost revenues, provided that the maximum amount of federal matching funds is obtained by the applicable state agency.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities, ILWU Local 1000, and one individual.

Your Committee received written comments on this measure from the Department of Health and Department of Human Services.

Your Committee finds that this measure will provide a degree of financial relief to care home providers and thus improve their economic outlook and ability to continue operating.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1356, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1592 Ways and Means on H.B. No. 674**

The purpose and intent of this measure is to repeal the percentage requirements related to the Hawaii Public Housing Authority's admission of applicants, with or without preferences, into federal and state low-income public housing units.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that removing the percentage requirements for admitting applicants to public housing units will allow the Hawaii Public Housing Authority to conduct its admissions process more fairly, based on the State's current needs and the availability of funds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 674, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1593 Ways and Means on H.B. No. 848**

The purpose and intent of this measure is to appropriate moneys to the University of Hawaii for the establishment of three full-time equivalent (3.0 FTE) positions to support the Hawaii Institute of Marine Biology.

Your Committee received written comments in support of this measure from the University of Hawaii and numerous individuals.

Your Committee finds that establishing support positions for the Hawaii Institute of Marine Biology is necessary for maintaining the institute's research productivity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 848, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1594 Ways and Means on H.B. No. 948**

The purpose and intent of this measure is to establish, and appropriate moneys for, a child and adolescent crisis mobile outreach team pilot program to expand and support existing crisis response services and programs for at-risk youths.

Your Committee received written comments in support of this measure from the Child and Adolescent Mental Health Division of the State Department of Health, Catholic Charities Hawaii, Hawaii Substance Abuse Coalition, Opportunity Youth Action Hawaii, Parents and Children Together, Rainbow Family 808, and three individuals.

Your Committee finds that supporting the State's crisis response services and programs for at-risk youths will help to reduce the number of youths who are incarcerated or hospitalized due to mental health crises.

Your Committee has amended this measure by:

- (1) Clarifying the scope of the child and adolescent crisis mobile outreach team pilot program; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 948, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 948, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1595 Ways and Means on H.B. No. 1409**

The purpose and intent of this measure is to enhance family leave protections.

Specifically, the measure:

- (1) Extends, under certain conditions, the family leave period for up to eight weeks for employees who are unable to perform their employment duties due to the birth of a child who is required to stay in a neonatal intensive care unit; and
- (2) Requires the amendment of certain administrative rules to ensure that neonatal care is included as a "related medical condition" wherever the phrase "pregnancy, childbirth, or related medical condition" is used.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, Hawaii Children's Action Network Speaks!, and three individuals.

Your Committee finds that babies born prematurely need extended time in neonatal intensive care units (NICU). Accordingly, your Committee also finds that extending the family leave period for parents of those babies, as proposed by this measure, will allow those parents to spend additional time at the NICU to support the babies' care.

Your Committee has amended this measure by:

- (1) Correcting the text of section 398-4, Hawaii Revised Statutes, to accurately reflect the printed version of the statute; and
- (2) Clarifying that it is the administrative rules of the Civil Rights Commission, rather than the Department of Health, that must be amended to ensure that neonatal care is included as a "related medical condition" wherever the phrase "pregnancy, childbirth, or related medical condition" or any similar phrase is used.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1409, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1409, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1596 Ways and Means on H.B. No. 40**

The purpose and intent of this measure is to dispose of excess general fund revenues, as required by article VII, section 6, of the Hawaii State Constitution.

Specifically, this measure:

- (1) Provides for an income tax credit to every resident individual taxpayer of the State;
- (2) Deposits an unspecified sum into the emergency and budget reserve fund; and
- (3) Deposits an unspecified sum into the other post-employment benefits trust fund.

Your Committee received written comments in support of this measure from the Department of Budget and Finance.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that when the balance of the State's general fund at the close of each of two successive fiscal years has exceeded five percent of the general fund revenues for both fiscal years, article VII, section 6, of the Hawaii State Constitution requires the Legislature to:

- (1) Provide for a tax refund or tax credit to the taxpayers of the State;
- (2) Make a deposit into one or more funds, which shall serve as temporary supplemental sources of funding for the State in times of an emergency, economic downturn, or unforeseen reduction in revenue; or
- (3) Appropriate general funds for the pre-payment of:
  - (A) Debt service of general obligation bonds issued by the State; or
  - (B) Pension or other post-employment benefit liabilities accrued for state employees.

Your Committee further finds that the required conditions have been met, and that this measure provides a vehicle for the Legislature to implement one or more of the constitutionally mandated options.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 40, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 40, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1597 Ways and Means on H.B. No. 313**

The purpose and intent of this measure is to establish and appropriate moneys for a Foreign Agriculture Small Equipment Pilot Program at a University of Hawaii community college, to be selected by the University of Hawaii, and administered by the Department of Agriculture, in collaboration with the University of Hawaii.

Your Committee received written comments in support of this measure from the Land Use Research Foundation of Hawaii, Waimanalo Agricultural Association, Island Foodscaping, Ulupono Initiative, Maui County Farm Bureau, Hawaii Farm Bureau, Hawaii Cattlemen's Council, Hawaii Crop Improvement Association, and five individuals.

Your Committee received written comments on this measure from the Department of Agriculture.

Your Committee finds that many countries have agricultural equipment that would benefit the State's farmers and ranchers but that is not yet compliant with Environmental Protection Agency emission standards. The pilot program established by this measure will help support agricultural production and food security in the State by assisting the State's ranchers and farmers in identifying, purchasing, importing, and modifying for environmental compliance, foreign agriculture small equipment.

Your Committee has amended this measure by:

- (1) Clarifying that facilitating the importation of foreign agriculture small equipment is a matter of statewide concern; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 313, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 313, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1598 Ways and Means on H.B. No. 617**

The purpose and intent of this measure is to establish an oral health task force to help improve oral health in the State.

More specifically, this measure:

- (1) Establishes an oral health task force to, among other things, review certain information and data relating to oral health and make recommendations to state and county policymakers;
- (2) Requires the oral health task force to submit reports to the Legislature; and
- (3) Appropriates moneys for the Family Health Services Division of the Department of Health to oversee a contract to hire a consultant to facilitate the work of the oral health task force.

Your Committee received written comments in support of this measure from the Department of Human Services, State Council on Developmental Disabilities, AlohaCare, Hawaii Children's Action Network Speaks!, Hawaii Disability Rights Center, Hawaii Public Health Institute's Hawaii Oral Health Coalition, Papa Ola Lokahi, Waimanalo Health Center, and numerous individuals.

Your Committee received written comments on this measure from the Department of Health, University of Hawaii, and Hawaii Dental Association.

Your Committee finds that establishing an oral health task force will be vital for identifying the elements and resources needed to rebuild the Department of Health's public health dental program, improve overall oral health in the State, and reduce inequalities in oral health.

Your Committee has amended this measure by:

- (1) Clarifying that the oral health task force is to be placed within the Family Health Services Division of the Department of Health for administrative purposes;
- (2) Including as invited members of the oral health task force one dentist from each county;
- (3) Authorizing the Family Health Services Division of the Department of Health to contract for the services of a consultant to facilitate the work of the oral health task force;
- (4) Changing the effective date of the appropriations to July 1, 2051, and the effective date of the remaining provisions of this measure to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 617, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 617, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1599      Judiciary on H.B. No. 365**

The purpose and intent of this measure is to expand exclusions from the definition of “development” as it applies to special management areas to reduce the need for special management area permits for certain activities.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, Department of Planning and Permitting of the City and County of Honolulu, Office of the Mayor of the County of Maui, one member of the Maui County Council, and Land Use Research Foundation of Hawaii.

Your Committee finds that targeted amendments to the definition of “development” as it relates to special management areas will promote, not undercut, the environmental controls and quality that special management area regulations are intended to protect. Currently, the broad definition of “development” coupled with rising labor and material costs can result in a special management area use permit review being required for improvements, facilities, and incidental structures that may not warrant such intense scrutiny and the associated costs and delays that go along with it. This measure will streamline special management area permitting procedures and reduce costs for certain activities that do not have adverse environmental impacts on the special management area.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 365, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 365, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1600      (Majority) Judiciary on H.B. No. 485**

The purpose and intent of this measure is to require the Department of Health to issue, upon receipt of required supporting documentation, new marriage certificates to individuals who have changed their gender, sex, and, if applicable, name.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Rainbow Family 808.com Inc., American Civil Liberties Union of Hawai'i, North Shore Ko'olau Diversity Collective, Stonewall Caucus of the Democratic Party of Hawai'i, Planned Parenthood Alliance Advocates, and twenty individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that although the State has established laws and policies that allow individuals who undergo a legal name and gender change to update their birth certificates and driver's licenses, there is no mechanism to allow these individuals to update their marriage certificates. A marriage certificate is a necessary record to travel internationally, share health or other insurance benefits with a spouse, apply for a loan or mortgage, file taxes, arrange property succession or retirement benefits to a spouse, and modify physical and legal custody orders. This measure seeks to address the inconsistency between the processes for these vital legal documents. Your Committee notes the recommendation from the Department of Health to insert an effective date of January 1, 2024, to provide time for the Department to create new marriage certificate templates that are not only tamper-proof and counterfeit-resistant, but also accommodate amendments to marriages prior to 1991, as declared middle names were not an option available on the marriage certificate forms prior to 1991.

Accordingly, your Committee has amended this measure by inserting an effective date of January 1, 2024.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 485, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 485, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1601      Judiciary on H.B. No. 580**

The purpose and intent of this measure is to:

- (1) Expand the victim-counselor privilege under the Hawaii Rules of Evidence to include confidential advocates employed by the University of Hawaii; and
- (2) Increase the minimum number of hours of training a domestic violence victims' counselor must complete to be considered a victim counselor.

Your Committee received testimony in support of this measure from Imua Alliance, Every Voice Coalition Hawai'i, Women's Caucus of the Democratic Party of Hawai'i, Education Caucus of the Democratic Party of Hawai'i, Sex Abuse Treatment Center, Hawai'i State Coalition Against Domestic Violence, Academic Labor United, American Association of University Women of Hawaii, and sixteen individuals.

Your Committee finds that there is no mechanism that guarantees confidentiality to students and employees who seek confidential advocacy support within the University of Hawaii System as a result of sexual harassment, sexual assault, domestic violence, and stalking. This measure not only ensures that the confidential advocates employed by the University of Hawaii provide confidentiality protections to students and employees who seek the counseling services of these campus-based advocates, but also better prepares domestic violence victims' counselors in the State to work with survivors of domestic violence in a trauma-informed and survivor-centered manner.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 580, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 580, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1602      (Majority) Ways and Means on H.B. No. 307**

The purpose and intent of this measure is to encourage the continued productive use of state agricultural lands.

Specifically, this measure authorizes the Department of Agriculture to extend the agricultural park lease of any lessee who holds a lease with a remaining term of fifteen years or less; provided that the land covered by the lease is twenty-five acres or less and located in a county having a population of less than five hundred thousand.

Your Committee received written comments in support of this measure from the Department of Agriculture, Land Use Research Foundation of Hawaii, Hawaii Floriculture and Nursery Association, Hawaii Farm Bureau, Local Food Coalition, Hawaii Crop Improvement Association, Maui County Farm Bureau, Hawaii Cattlemen's Council, Pacific Floral Exchange, Panaewa Foliage, Ahiki Acres, and eleven individuals.

Your Committee received written comments on this measure from the Office of Hawaiian Affairs and one individual.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 307, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 307, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Fevella). Excused, 1 (Shimabukuro).

**SCRep. 1603      Ways and Means on H.B. No. 308**

The purpose and intent of this measure is to increase sustainability within Hawaii's food systems.

Specifically, this measure:

- (1) Establishes a Sustainable Food Systems Working Group to develop an interagency food systems plan; and
- (2) Appropriates moneys to the Sustainable Food Systems Working Group.

Your Committee received written comments in support of this measure from the University of Hawaii, Office of Hawaiian Affairs, Hawaii Tourism Authority, Chamber of Sustainable Commerce, Good Food Movement, 'Ai Pohaku--The Stone Eaters, Hawaii Alliance for Progressive Action, Hawaii Farm Bureau, Ulupono Initiative, Climate Protectors Hawaii, Hawaii Cattlemen's Council, Hawaii Farmers Union United, Wild Kids, Hawaii Food Industry Association, and sixteen individuals.

Your Committee received written comments on this measure from the Department of Agriculture and Department of Health.

Your Committee finds that the development of a sustainable food system will provide Hawaii residents with equitable access to nutritional food that is produced with minimal impact on the environment while also increasing the vitality of the State's food and agricultural sector.

Your Committee has amended this measure by:

- (1) Clarifying that the working group is responsible for developing an interagency food systems plan that includes a governance structure and implementation plan;

- (2) Clarifying that the member of the Sustainable Food Systems Working Group representing the Hawaii Farmers Union United shall be selected by that entity's president; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 308, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 308, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1604 Ways and Means on H.B. No. 606**

The purpose and intent of this measure is to require the interagency development of and appropriation of moneys for the implementation of a plan to expand meat processing capacity in the State to allow for meat from axis deer and other wild game to be processed for distribution by nonprofit food distribution services.

Your Committee received written comments in support of this measure from the Department of Agriculture, Mayor of the County of Maui, Hawaii Forest Industry Association, Maui County Farm Bureau, Hawaii Farm Bureau, Hawaii Farmers Union United, Hawaii Cattlemen's Council, Maui Chamber of Commerce, and six individuals.

Your Committee received written comments on this measure from the Department of Human Services and CountryTalkStory.com.

Your Committee finds that axis deer are an invasive species that pose a continuing threat to Hawaii's environment. However, your Committee recognizes that axis deer could provide significant quantities of meat as a protein source for nonprofit food distribution services. Accordingly, your Committee finds that an effort to expand the State's meat processing capacity, as proposed by this measure, is a necessary step in making more wild game meat available to the public.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 606, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 606, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1605 Ways and Means on H.B. No. 607**

The purpose and intent of this measure is to facilitate food production in the State.

Specifically, this measure establishes an income tax credit for transportation costs incurred by certain taxpayers who ship produce and agricultural goods between counties.

Your Committee received written comments in support of this measure from Good Food Movement; Green Islands Acres LLC; Hawaii Cattlemen's Council; Hawaii Food Industry Association; Kanalani Ohana Farm; Maui Chamber of Commerce; Naike LLC; Ulupono Initiative; Wakefield and Sons, Inc.; and twenty-three individuals.

Your Committee received written comments on this measure from the Department of Taxation, Hawaii Alliance for Progressive Action, Hawaii Farm Bureau, Hawaii Farmers Union United, Tax Foundation of Hawaii, and one individual.

Your Committee finds that the high cost of interisland transportation impedes market access of food producers in Hawaii. Your Committee notes that the United States Department of Agriculture administers a reimbursement transportation cost payment program for geographically disadvantaged farmers and ranchers, including farmers and ranchers in Hawaii and the Pacific, which helps to offset a portion of the cost of transporting and producing agricultural products. Your Committee believes that providing a similar state incentive will reduce farming costs and facilitate an increase in local food production.

Your Committee has amended this measure by:

- (1) Replacing the term "producer" with "qualified taxpayer;"
- (2) Clarifying the costs that may be used to claim the tax credit;
- (3) Providing that the Department of Agriculture shall certify the amount of the tax credit that may be claimed by a taxpayer;
- (4) Clarifying the administration of the aggregate cap amount of the tax credit;
- (5) Deleting language inapplicable to nonrefundable income tax credits;
- (6) Clarifying that a taxpayer must be located in the State in order to qualify for the tax credit;
- (7) Specifying that the measure shall apply to taxable years beginning after December 31, 2023; and
- (8) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 607, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 607, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1606 Ways and Means on H.B. No. 694**

The purpose and intent of this measure is to support the State's aquaculture industry.

Specifically, this measure appropriates moneys to support the Aquaculture Disease Diagnostic Laboratory of the Department of Agriculture, in partnership with the University of Hawaii College of Tropical Agriculture and Human Resources.

Your Committee received written comments in support of this measure from the Department of Agriculture; University of Hawaii; Hawaii Farm Bureau; Local Food Coalition; Pacific Hybreed, Inc.; Hawaii Aquaculture and Aquaponics Association; and two individuals.

Your Committee finds that the aquaculture industry is one of the fastest-growing segments of the State's agricultural sector and has become an important source of seafood and other products for local sale and export. Your Committee further finds that the funds appropriated by this measure will provide essential support to this growing industry.

Your Committee has amended this measure by:

- (1) Correcting the name of the College of Tropical Agriculture and Human Resources; and
- (2) Clarifying that the two full-time equivalent (2.0 FTE) microbiologist III positions are permanent positions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 694, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 694, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1607 Ways and Means on H.B. No. 971**

The purpose and intent of this measure is to establish and appropriate moneys into and out of an agricultural emergency loan revolving fund, to be administered by the Department of Agriculture, to fund Class "D" loans.

Your Committee received written comments in support of this measure from the Department of Agriculture, Ulupono Initiative, Hawaii Farm Bureau, Hawaii Cattlemen's Council, and one individual.

Your Committee recognizes that ranches and farms within the State have suffered from the impacts of various natural and economic disasters. Your Committee finds that a dedicated source of emergency funding, as proposed by this measure, will strengthen the Department of Agriculture's ability to offer financial assistance to these agricultural operations.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 971, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 971, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1608 Ways and Means on H.B. No. 972**

The purpose and intent of this measure is to support the Division of Animal Industry of the Department of Agriculture.

Specifically, this measure:

- (1) Provides that revenue from the Animal Industry Division Veterinary Laboratory and Animal Disease Control Branch shall be deposited into the animal industry special fund; and
- (2) Authorizes animal industry special fund moneys to be expended on improvements to the Division of Animal Industry's laboratory capabilities and operations.

Your Committee received written comments in support of this measure from the Department of Agriculture; Hawaii Farm Bureau; Hawaii Cattlemen's Council; Hawaii Aquaculture and Aquaponics Association; Pacific Hybreed, Inc.; and one individual.

Your Committee finds that the rental of Animal Industry Division property or facilities has been a major source of revenue for the animal industry special fund. However, the proposed relocation of the Oahu Community Correctional Center to the Animal Quarantine Station in Halawa will eliminate this funding mechanism. Accordingly, your Committee finds that this measure is necessary to provide additional revenue sources for the animal industry special fund.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 972, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 972, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1609 Ways and Means on H.B. No. 1033**

The purpose and intent of this measure is to add to the membership of the State Building Code Council a representative of the Hawaii Emergency Management Agency, to be appointed by that agency's director.

Your Committee received written comments in support of this measure from the Department of Defense, Hawaii State Energy Office, and Hawaii Emergency Management Agency.

Your Committee received written comments on this measure from the Building Industry Association of Hawaii.

Your Committee recognizes that the State's building code varies among the several counties and that none of the counties meet current national standards. Your Committee finds that including an emergency management representative among the members of the State Building Code Council will provide the Council with appropriate expertise to help update building codes.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1033, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1033, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1610 Judiciary on H.B. No. 1344**

The purpose and intent of this measure is to require certain criminal offenders to be ordered by a court to complete an assessment and either a domestic violence intervention or anger management course as part of their sentence.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Domestic Violence Action Center, Hawai'i State Coalition Against Domestic Violence, Parents and Children Together, and five individuals.

Your Committee finds that existing law is indiscriminate and mandates that all offenders convicted of violating a temporary restraining order or protective order, and all offenders receiving a deferral on an abuse of a family or household member charge, be ordered into domestic violence intervention, regardless of the status of the relationship with the victim in the case. This means that offenders in non-intimate relationships with the victim must go through domestic violence intervention. For individuals who are not in intimate relationships with the victims in their cases, the domestic violence intervention curriculum can be challenging to relate to. This measure will allow offenders in non-intimate relationships with their victims to be diverted to anger management courses, which will provide more appropriate services to those offenders.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1344, H.D. 2, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1611 Judiciary on H.B. No. 126**

The purpose and intent of this measure is to increase the penalties for bribery offenses under certain circumstances.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Campaign Spending Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, Honolulu Police Department, and three individuals.

Your Committee finds that public servants are in positions of public trust. Therefore, deterrence of bribery and corruption of public servants should be a high priority. This measure will increase the penalties for bribery offenses by public servants, which will provide law enforcement with tools to adequately deter and commensurately punish public corruption.

Your Committee has amended this measure by:

- (1) Adding legislative findings;
- (2) Deleting language that would have increased the penalty for bribery offenses to a class A penalty if:
  - (A) The public servant is an elected or appointed official;
  - (B) The value, or aggregate value, of the pecuniary benefit in the commission of the offense exceeds \$20,000; or
  - (C) The person commits three or more acts of bribery in a three-year period;
- (3) Adding language that specifies that a person convicted of violating section 710-1040, Hawaii Revised Statutes, shall be sentenced to pay a fine of up to \$250,000, in addition to a sentence of imprisonment or probation;
- (4) Specifying that a person charged for bribery under section 710-1040, Hawaii Revised Statutes, shall not be eligible for a deferred acceptance of guilty plea or nolo contendere plea;

- (5) Adding language that requires the Commission on Salaries to consider certain factors to retain qualified individuals and deter corruption and bribery;
- (6) Adding language that amends the effective dates of recommended salary increases; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 126, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 126, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1612      Judiciary on H.B. No. 707**

The purpose and intent of this measure is to:

- (1) Establish that it is a class C felony to make false, fictitious, or fraudulent claims against the State or a county, or any of their departments or agencies; and
- (2) Disqualify a person convicted of making a false, fictitious, or fraudulent claim from receiving public financing for elections for a period of ten years.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Commission to Improve Standards of Conduct, and three individuals.

Your Committee finds that given several scandals that have shaken the public's trust in Hawai'i's state and local government, state laws should be amended to reflect and address the egregious nature of certain offenses, such as false claims, that further betray the public's trust or manipulate the system to one's own benefit. While federal prosecutors have largely taken the lead in prosecuting incidents of state and local government misconduct, this is largely due to the greater effectiveness and severity of federal laws on the matter. This measure will better equip state and county prosecutors with the tools to prosecute this type of corruption.

Your Committee has amended this measure by:

- (1) Replacing language specifying certain government agencies with the term "government" and adding a definition of "government" to have the same meaning as section 710-1000, Hawaii Revised Statutes;
- (2) Deleting language that would have specified that application of the new section regarding false, fictitious, or fraudulent claims against the government shall be based on title 18 United States Code section 287 and any relevant federal case law and precedent;
- (3) Deleting superfluous language stating that a person charged with the offense of making a false, fictitious, or fraudulent claim is eligible for a deferred acceptance of guilty plea or nolo contendere plea;
- (4) Changing the penalty for any person convicted under the new section regarding false, fictitious, or fraudulent claims against the government from being disqualified from receiving public financing under part XIII, subpart J of chapter 11, Hawaii Revised Statutes, for a period of ten years from the date of conviction to instead being disqualified from holding elected office for five years from the date of conviction;
- (5) Amending section 1 to reflect its amended purpose;
- (6) Inserting an effective date of March 22, 2075, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 707, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 707, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1613      Judiciary on H.B. No. 711**

The purpose and intent of this measure is to:

- (1) Establish the offense of fraud as a class B felony; and
- (2) Disqualify a person charged with fraud from receiving public financing for elections for a period of ten years.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Department of the Attorney General, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Commission to Improve Standards of Conduct, and three individuals.

Your Committee finds that a new criminal statute to prohibit a person from executing, or attempting to execute, a scheme or artifice to defraud another person or to obtain money or property by means of false or fraudulent pretenses, representations, or promises, is necessary. This statute is based on 18 United States Code sections 1341, 1343, 1344, and 1346, regarding mail fraud, wire fraud, and bank fraud, and is intended to criminalize conduct that is currently punishable at the federal level but not at the state or local level.

Your Committee further finds that existing law grades theft offenses based on specific monetary thresholds. In many situations, however, it is challenging for law enforcement to determine the specific value of property stolen by an offender using a fraudulent scheme. As a result, there are substantial barriers in charging some known offenders with felony offenses. This measure would enable law enforcement to prosecute fraud without requiring the prosecution to prove a specific amount stolen.

Your Committee has amended this measure by:

- (1) Deleting language that would have specified that application of the new section regarding fraud shall be based on title 18 United States Code section 287 and any relevant federal case law and precedent;
- (2) Deleting superfluous language stating that a person charged with the offense of fraud is eligible for a deferred acceptance of guilty plea or nolo contendere plea;
- (3) Changing the penalty for any person convicted under the new section regarding fraud from being disqualified from receiving public financing under part XIII, subpart J of chapter 11, Hawaii Revised Statutes, for a period of ten years from the date of conviction to instead being disqualified from holding elected office for ten years from the date of conviction;
- (4) Amending section 1 to reflect its amended purpose;
- (5) Inserting an effective date of March 22, 2075, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 711, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 711, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1614      Judiciary on H.B. No. 986**

The purpose and intent of this measure is to establish the class C felony offense of official misconduct to prohibit a person, in the person's official capacity, from acting or refraining from performing an official duty with the intent to obtain a benefit other than the person's lawful compensation, or submitting or inviting reliance on any false statement, document, or record.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Commission to Improve Standards of Conduct, Honolulu Police Department, and two individuals.

Your Committee finds that the existing bribery statute, section 710-1040, Hawaii Revised Statutes, only prohibits conduct involving monetary interests. However, public corruption can take many forms beyond mere economic gains, including illegal lobbying, bribery, sexual favors, favorable school placements for children, and anything that violates the public trust for personal gain. This measure will provide a mechanism to increase the public's trust and confidence in the state and local government while providing law enforcement with a tool to adequately deter and commensurately punish public corruption.

Your Committee has amended this measure by:

- (1) Specifying that a public servant commits the offense of official misconduct when, in the person's official capacity, the person with intent to obtain a benefit other than the person's lawful compensation, intentionally or knowingly refrains from performing an official duty that is imposed upon the person by law or is clearly inherent in the nature of the person's office;
- (2) Defining "an official duty that is imposed upon the person by law or is clearly inherent in the nature of the person's office", as one or more unspecified duties that are so essential to the accomplishment of the purposes for which the office was created that it is clearly inherent in the nature of the office;
- (3) Deleting language that would have provided that the offense of official misconduct shall not apply to any statement made, action taken, or inaction by a member of the Legislature in the exercise of the member's legislative functions pursuant to article III, section 7, of the Hawaii State Constitution; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 986, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 986, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (San Buenaventura). Noes, none. Excused, none.

**SCRep. 1615      Judiciary on H.B. No. 1294**

The purpose and intent of this measure is to require every candidate for public office in Hawai'i to use their legal name for election purposes.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and one individual.

Your Committee finds that some candidates for public office are commonly known by a nickname or something other than their legal name. However, the use of nicknames or other names can cause confusion over the identity of the candidate. This measure will require candidates to use their legal name, which will help eliminate any confusion and standardize the election process.

Your Committee has amended this measure by inserting an effective date of March 22, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1294, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1294, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Gabbard). Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1616 Judiciary on H.B. No. 1502**

The purpose and intent of this measure is to:

- (1) Limit compelled disclosure of sources or unpublished information for journalists, newscasters, and persons participating in the collection or dissemination of news or information of substantial public interest; and
- (2) Establish exceptions.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from two individuals.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 1 of this measure. The proposed S.D. 1 retained the content of this measure and also inserted provisions that specified that the privilege for journalists, newscasters, and persons participating in the collection or dissemination of news or information of substantial public interest shall be claimed by them and shall not be claimed by persons who were the source of information.

Your Committee received testimony in support of the proposed S.D. 1 from the League of Women Voters of Hawaii, Big Island Press Club, Society of Professional Journalists Hawaii Chapter, and one individual. Your Committee received comments on the proposed S.D. 1 from the Judiciary.

Your Committee finds that Act 210, Session Laws of Hawaii 2008 (Act 210), temporarily established a limited news media privilege against the compelled disclosure of sources and unpublished information to a legislative, executive, or judicial officer or body, or to any other person who may compel testimony. Subsequently, Act 113, Session Laws of Hawaii 2011, extended the repeal date of Act 210 from June 30, 2011, to June 30, 2013, and required the Judiciary, through the Supreme Court Standing Committee on the Rules of Evidence, to report to the Legislature and make recommendations. In December 2011, the Supreme Court Standing Committee on the Rules of Evidence submitted a report to the Legislature recommending that the sunset provision under Act 210 be repealed and the news media privilege be codified under chapter 621, Hawaii Revised Statutes. This measure enacts the recommendation of the Supreme Court Standing Committee on the Rules of Evidence by enacting a permanent news media privilege.

Your Committee has amended this measure by:

- (1) Adopting the proposed S.D. 1; and
- (2) Inserting an effective date of March 22, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1502, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1502, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1617 (Joint) Health and Human Services and Transportation and Culture and the Arts on S.C.R. No. 28**

The purpose and intent of this measure is to designate the month of March as Hawaii Kidney Awareness Month.

Your Committees received testimony in support of this measure from the Department of Health, U.S. Renal Care, Healthcare Association of Hawaii, National Kidney Foundation of Hawaii, Kaiser Permanente Hawai'i, Liberty Dialysis-Hawaii, The Queen's Health System, Hawaii Medical Association, and one individual.

Your Committees find that the State's kidney failure rate is thirty percent higher than the national rate, and studies have shown that incidence rates of end-stage kidney disease among Native Hawaiians and other Pacific Islanders are especially high. Your Committees also find that kidney disease is often referred to as a "silent disease" due to the lack of symptoms during its early stages, and as many as ninety percent of people who have chronic kidney disease had been unaware of their disease until it reached advanced stages. This measure will increase awareness of kidney health and disease in the State, thereby supporting early detection and allowing people to take steps in the diseases' early stages to prevent further damage.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 28 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Shimabukuro).

Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Inouye).

**SCRep. 1618 (Joint) Health and Human Services and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 64**

The purpose and intent of this measure is to request the Department of Health's Solid Waste Section to develop a plan of initiatives for improved waste diversion by working with the counties to address each county's unique needs according to its geography, population, and industry make-up.

Your Committees received testimony in support of this measure from the Iron Workers Stabilization Fund and International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Health.

Your Committees find that by-products of solid waste deposited into landfills, including methane gas, can have adverse effects on the surrounding environment and health of nearby communities. Your Committees further find that incineration with recyclable-materials separation and energy recovery, which is a waste-to-energy technology where recyclable materials are separated from waste before it is burned at a temperatures high enough to destroy contaminants and the heat generated during the process is used to generate electric power, can reduce the State's solid waste from landfills, while extracting energy and valuable materials for recycling. This measure will promote collaboration among the State and counties to improve waste diversion activities within the State and reduce its reliance on landfills and fossil fuels.

Your Committees acknowledge the testimony of the Department of Health stating that it will need approximately \$500,000 to develop and submit an economic viability report that analyzes the elements prescribed in this measure.

Your Committees have amended this measure by:

- (1) Deleting certain findings that suggest the State would not be able to meet its landfill diversion goals without the use of incineration;
- (2) Clarifying that the Department of Health's Solid Waste Section is requested to, subject to the availability of funding, investigate strategies for improved waste diversion;
- (3) Clarifying that fulfilment of the additional requests made in this measure is subject to the availability of funding;
- (4) Deleting language that would have requested the Department of Health's preliminary report to the Legislature to include any proposed legislation; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 64, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 64, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

#### **SCRep. 1619 (Joint) Labor and Technology and Government Operations on S.C.R. No. 84**

The purpose and intent of this measure is to request that the Chief Information Officer ensure that all state departments, agencies, and offices of the State have up-to-date technology to reduce cyber threats and help protect the State against cyberattacks.

Your Committees received testimony in support of this measure from the Judiciary, Office of Enterprise Technology Services, and one individual.

Your Committees find that the frequency, scale, and sophistication of cyberattacks against key infrastructure and government systems have been on the rise and that the devastating effects of these cyberattacks can range from financial loss, skewed election results, theft and destruction of data, blackouts, and other forms of service disruptions. Your Committees recognize that up-to-date technology can help protect the State from cyber threats against key day-to-day operations of the institutions and infrastructure of the State. According to testimony from the Office of Enterprise Technology Services, an amendment requesting the Chief Information Officer to review the status of departmental technology instead of ensuring that the technology is up-to-date would align this measure with the Chief Information Officer's statutory responsibility regarding cybersecurity pursuant to section 27-43.5, Hawaii Revised Statutes.

Accordingly, your Committees have amended this measure by:

- (1) Amending language to request that the Chief Information Officer review whether all departments, agencies, and offices of the State have up-to-date technology to reduce cyber threats in accordance with the statutory responsibility of the Office of Enterprise Technology Services;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Labor and Technology and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 84, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 84, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Labor and Technology: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Wakai).

#### **SCRep. 1620 (Joint) Labor and Technology and Government Operations on S.R. No. 75**

The purpose and intent of this measure is to request that the Chief Information Officer ensure that all state departments, agencies, and offices of the State have up-to-date technology to reduce cyber threats and help protect the State against cyberattacks.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committees find that the frequency, scale, and sophistication of cyberattacks against key infrastructure and government systems have been on the rise and that the devastating effects of these cyberattacks can range from financial loss, skewed election results, theft and destruction of data, blackouts, and other forms of service disruptions. Your Committees recognize that up-to-date technology can help protect the State from cyber threats against key day-to-day operations of the institutions and infrastructure of the State. According to testimony from the Office of Enterprise Technology Services, an amendment requesting the Chief Information Officer to review the status of departmental technology instead of ensuring that the technology is up-to-date would align this measure with the Chief Information Officer's statutory responsibility regarding cybersecurity pursuant to section 27-43.5, Hawaii Revised Statutes.

Accordingly, your Committees have amended this measure by:

- (1) Amending language to request that the Chief Information Officer review whether all departments, agencies, and offices of the State have up-to-date technology to reduce cyber threats in accordance with the statutory responsibility of the Office of Enterprise Technology Services;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Labor and Technology and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 75, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 75, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Labor and Technology: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Wakai).

**SCRep. 1621 (Majority) Judiciary on S.C.R. No. 78**

The purpose and intent of this measure is to request the Judiciary to examine the frequency of complaints for summary possession that are granted in favor of the landlord when the landlord is represented by counsel and the tenant is acting pro se.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that there is a substantial power imbalance between landlords and tenants because landlords have the authority to dictate the living situation of their tenants; there are no statutory restrictions on the amount that landlords can increase rent prices; and landlords usually have more financial resources, allowing them greater access to legal counsel. Evicted tenants often are already subject to significant financial restraints, which not only makes retaining legal counsel on short notice for these tenants unduly burdensome, but often leads to these tenants having to represent themselves pro se. Your Committee further finds that it is in the State's best interest to minimize the risk of abuse to evicted tenants and protect them from further economic and mental duress. This measure will request the Judiciary to examine the disparity in representation between landlords and evicted tenants so that possible solutions may be identified to help assist evicted tenants.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose;
- (2) Specifying that the Judiciary is requested to examine the frequency of motions for summary judgment, in addition to complaints for summary possession, that result in a judgment in favor of the landlord when the landlord is represented by counsel and the tenant is acting pro se;
- (3) Changing the number of days for the Judiciary to submit a report to the Legislature from twenty days to forty days; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 78, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 78, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1622 (Majority) Judiciary on S.R. No. 70**

The purpose and intent of this measure is to request the Judiciary to examine the frequency of complaints for summary possession that are granted in favor of the landlord when the landlord is represented by counsel and the tenant is acting pro se.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that there is a substantial power imbalance between landlords and tenants because landlords have the authority to dictate the living situation of their tenants; there are no statutory restrictions on the amount that landlords can increase rent prices; and landlords usually have more financial resources, allowing them greater access to legal counsel. Evicted tenants often are already subject to significant financial restraints, which not only makes retaining legal counsel on short notice for these tenants unduly burdensome, but often leads to these tenants having to represent themselves pro se. Your Committee further finds that it is in the State's best interest to minimize the risk of abuse to evicted tenants and protect them from further economic and mental duress. This measure will request the Judiciary to examine the disparity in representation between landlords and evicted tenants so that possible solutions may be identified to help assist evicted tenants.

Your Committee has amended this measure by:

- (1) Amending its title in accordance with its amended purpose;
- (2) Specifying that the Judiciary is requested to examine the frequency of motions for summary judgment, in addition to complaints for summary possession, that result in a judgment in favor of the landlord when the landlord is represented by counsel and the tenant is acting pro se;
- (3) Changing the number of days for the Judiciary to submit a report to the Legislature from twenty days to forty days; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 70, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 70, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1623 (Majority) Judiciary on S.C.R. No. 102**

The purpose and intent of this measure is to encourage the facilitation of a path to citizenship for immigrants from parties to the Compact of Free Association.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations's Office of Community Services and Hawai'i Civil Rights Commission.

Your Committee finds that the Compacts of Free Association (COFA) are a series of treaties between the United States, the Federated States of Micronesia, the Republic of Palau, and the Republic of the Marshall Islands. These treaties were partially established as compensation for the loss of life, health, land, and resources due to the numerous nuclear weapons tests on the Marshall Islands and Bikini and Enewetak Atolls conducted by the United States from 1946 to 1958. Your Committee further finds that COFA allows citizens of Micronesia to live and legally work in the United States without visas, as well as have access to social and health services. However, under United States immigration law there is no path to United States citizenship for citizens of COFA nations. This measure will help create a path to citizenship for citizens of COFA nations.

Your Committee has amended this measure by clarifying the legislative findings.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 102, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1624 (Majority) Judiciary on S.R. No. 112**

The purpose and intent of this measure is to encourage the facilitation of a path to citizenship for immigrants from parties to the Compact of Free Association.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations's Office of Community Services and Hawai'i Civil Rights Commission.

Your Committee finds that the Compacts of Free Association (COFA) are a series of treaties between the United States, the Federated States of Micronesia, the Republic of Palau, and the Republic of the Marshall Islands. These treaties were partially established as compensation for the loss of life, health, land, and resources due to the numerous nuclear weapons tests on the Marshall Islands and Bikini and Enewetak Atolls conducted by the United States from 1946 to 1958. Your Committee further finds that COFA allows citizens of Micronesia to live and legally work in the United States without visas, as well as have access to social and health services. However, under United States immigration law there is no path to United States citizenship for citizens of COFA nations. This measure will help create a path to citizenship for citizens of COFA nations.

Your Committee has amended this measure by clarifying the legislative findings.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 112, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 112, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1625 Judiciary on S.C.R. No. 204**

The purpose and intent of this measure is to strongly urge the Supreme Court of the United States to adopt a formal ethics code for the United States justices.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that in *Caperton v. A. T. Massey Coal Co.*, 556 U.S. 868 (2009), Justice Kennedy, writing for the court, stated that, "[judicial] codes of conduct serve to maintain the integrity of the judiciary and the rule of law". The code of conduct for United States judges is a set of ethical principles and guidelines adopted by the Judicial Conference of the United States and includes specific rules about ethics, integrity, and appearances of impropriety relating to outside business and political activities and the acceptance of

gifts. The Judicial Conference, which promulgated the code of conduct, does not have the authority to bind the Supreme Court of the United States. Therefore, the nine justices of the Supreme Court of the United States are not bound by any code of conduct. This measure urges the Supreme Court of the United States to adopt a code of conduct, which will promote openness, transparency, and trust in the judicial system.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 204 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1626 Judiciary on S.R. No. 103**

The purpose and intent of this measure is to strongly urge the Supreme Court of the United States to adopt a formal ethics code for the United States justices.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that in *Caperton v. A. T. Massey Coal Co.*, 556 U.S. 868 (2009), Justice Kennedy, writing for the court, stated that, “[judicial] codes of conduct serve to maintain the integrity of the judiciary and the rule of law”. The code of conduct for United States judges is a set of ethical principles and guidelines adopted by the Judicial Conference of the United States and includes specific rules about ethics, integrity, and appearances of impropriety relating to outside business and political activities and the acceptance of gifts. The Judicial Conference, which promulgated the code of conduct, does not have the authority to bind the Supreme Court of the United States. Therefore, the nine justices of the Supreme Court of the United States are not bound by any code of conduct. This measure urges the Supreme Court of the United States to adopt a code of conduct, which will promote openness, transparency, and trust in the judicial system.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 103 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1627 (Joint) Government Operations and Energy, Economic Development, and Tourism on S.C.R. No. 172**

The purpose and intent of this measure is to urge the Public Works Division of the Department of Accounting and General Services in collaboration with the Stadium Authority to procure a concessionaire to design, build, operate, and maintain the new Aloha Stadium facility.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that in December 2020 the Stadium Authority announced the closure of Aloha Stadium and began preparation for a new stadium facility. Your Committees additionally find that Act 248, Session Laws of Hawaii 2022 (Act 248), appropriated \$350,000,000 in general obligation bonds and \$50,000,000 of general funds for the development of the New Aloha Stadium Entertainment District. Any delay in the development of the New Aloha Stadium Entertainment District would require larger availability payments, or long-term regular payments from the government to the private consortium that designs, builds, finances, operates, and maintains the new stadium facility, as there would be no ongoing revenue stream for the New Aloha Stadium Entertainment District. Therefore, this measure urges the Public Works Division of the Department of Accounting and General Services in collaboration with the Stadium Authority to seek a request for proposal under the design, build, operate, and maintain model for the new stadium facility.

Your Committees have amended this measure by:

- (1) Removing the term concessionaire from the measure and replacing it with developer;
- (2) Requesting that the Stadium Authority and the Public Works Division of the Department of Accounting of General Services immediately accelerate the request for proposal and report to the Legislature by June 30, 2023;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 172, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 172, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Government Operations: Ayes, 5. Noes, none. Excused, none.  
Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

**SCRep. 1628 (Joint) Government Operations and Energy, Economic Development, and Tourism on S.R. No. 127**

The purpose and intent of this measure is to urge the Public Works Division of the Department of Accounting and General Services in collaboration with the Stadium Authority to procure a concessionaire to design, build, operate, and maintain the new Aloha Stadium facility.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that in December 2020 the Stadium Authority announced the closure of Aloha Stadium and began preparation for a new stadium facility. Your Committees additionally find that Act 248, Session Laws of Hawaii 2022 (Act 248), appropriated \$350,000,000 in general obligation bonds and \$50,000,000 of general funds for the development of the New Aloha Stadium Entertainment District. Any delay in the development of the New Aloha Stadium Entertainment District would require larger availability payments, or long-term regular payments from the government to the private consortium that designs, builds, finances, operates, and maintains the new stadium facility, as there would be no ongoing revenue stream for the New Aloha Stadium Entertainment District. Therefore, this measure urges the Public Works Division of the Department of Accounting and General Services in collaboration with the Stadium Authority to seek a request for proposal under the design, build, operate, and maintain model for the new stadium facility.

Your Committees have amended this measure by:

- (1) Removing the term concessionaire from the measure and replacing it with developer;
- (2) Requesting that the Stadium Authority and the Public Works Division of the Department of Accounting of General Services immediately accelerate the request for proposal and report to the Legislature by June 30, 2023;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 127, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 127, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

**SCRep. 1629 (Joint/Majority) Government Operations and Health and Human Services on S.C.R. No. 87**

The purpose and intent of this measure is to request the Department of Accounting and General Services to provide menstrual products at no cost in state buildings under the jurisdiction of the Department of Accounting and General Services that are open to the public and contain public restrooms.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Ma'i Movement Hawai'i, Hawaii Women's Coalition, Parents and Children Together, and twenty-six individuals.

Your Committees find that period poverty has negative effects on a person's ability to meet basic necessities, gender equality, access to education and employment, and public health. A growing number of menstruating girls, women, and gender-diverse persons are at risk due to the absence of readily available aid and financial support. Recent data collected by the United States Census Bureau for the Household Pulse Survey indicated 43.8 percent of Hawaii households reported struggling to pay for usual household expenses in the last seven days. Your Committees further find that providing free menstrual products in public buildings would reduce health risks, alleviate the burdens of period poverty, and protect the dignity of all menstruating persons. Therefore, this measure requests the Department of Accounting and General Services to give members of the public access to essential hygiene products by providing menstrual products at no cost in state buildings under its jurisdiction that are open to the public and contain public restrooms.

As affirmed by the records of votes of the members of your Committees on Government Operations and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 87 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, 1 (Awa). Excused, 1 (Wakai).

Health and Human Services: Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1630 (Joint/Majority) Government Operations and Health and Human Services on S.R. No. 78**

The purpose and intent of this measure is to request the Department of Accounting and General Services to provide menstrual products at no cost in state buildings under the jurisdiction of the Department of Accounting and General Services that are open to the public and contain public restrooms.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Parents and Children Together, and twenty individuals.

Your Committees find that period poverty has negative effects on a person's ability to meet basic necessities, gender equality, access to education and employment, and public health. A growing number of menstruating girls, women, and gender-diverse persons are at risk due to the absence of readily available aid and financial support.  Government Operations: Ayes, 3. Noes, 1 (Awa). Excused, 1 (Wakai).  
 Health and Human Services: Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1631 (Joint) Government Operations and Transportation and Culture and the Arts on S.C.R. No. 118**

The purpose and intent of this measure is to request the Legislative Reference Bureau to research the Makahiki tradition to determine an appropriate date to designate as a state holiday celebrating Makahiki.

Your Committees received testimony in support of this measure from one individual. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that Makahiki is an annual festival and season of the Native Hawaiian tradition dedicated to harvest, bounty, taxation, and the god Lono. Makahiki was a time for the Hawaiian people and their ruling chiefs to focus on rest, strengthening their bodies, and having great feasts of commemoration, during days in which labor was prohibited. Your Committees further find that Makahiki was revived on Kaho'olawe and Moloka'i in 1981 and 1982, respectively and that the State currently recognizes November 20th of each year as Makahiki Commemoration Day. This measure acknowledges the importance of designating Makahiki as a state holiday.

Your Committees have amended this measure by:

- (1) Acknowledging that Act 68, Regular Session of 2008 designates November 20th of each year as a non-holiday "Makahiki Commemoration Day";
- (2) Amending it to request the Legislative Reference Bureau to research the designation of November 20th of each year as Makahiki Day as an unpaid state holiday, and submit a report, including any proposed legislation, to the Legislature prior to the Regular Session of 2024; and
- (3) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Government Operations and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 118, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 118, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
 Government Operations: Ayes, 5. Noes, none. Excused, none.  
 Transportation and Culture and the Arts: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1632 (Majority) Transportation and Culture and the Arts on S.C.R. No. 178**

The purpose and intent of this measure is to request the Governor to establish a 2023 Asia-Pacific Economic Cooperation Hawaii Delegation Team to participate in the 2023 Asia-Pacific Economic Cooperation events in Seattle, Washington and San Francisco, California.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism and Hawaii Tourism Authority.

Your Committee finds that the Asia-Pacific Economic Cooperation (APEC) is a regional economic forum established in 1989 that aims to create greater prosperity by promoting sustainable, innovative, and secure growth and accelerating regional economic integration. Presently, APEC is the only international intergovernmental grouping in the world committed to reducing barriers to trade and investment without requiring its members to enter into legally binding obligations. For 2023, APEC events will be held in Seattle, Washington, to host the APEC Ministerial and United States Senior Official Meetings, and in San Francisco, California, to host the summit meetings.

Your Committee further finds that the State is actively seeking to expand its international ties and has an abiding interest in developing friendship, goodwill, and economic and educational relations between the people of Hawaii and the people of Asia-Pacific regional economies. As a major gathering place for the Asia-Pacific region, Hawaii serves as a bridge between the United States and its regional partners. Participation in the 2023 APEC events will allow the State to expand its international ties and further develop connections in the Asia-Pacific region to provide economic prosperity for Hawaii's people.

Your Committee has amended this measure by:

- (1) Encouraging local companies and industry partners to participate in the 2023 Asia-Pacific Economic Cooperation events in Seattle and San Francisco;
- (2) Deleting language that would have:
  - (A) Requested the 2023 APEC Hawaii delegation team to participate in various activities at the 2023 APEC Events;
  - (B) Requested the East-West Center of Hawaii to coordinate with Native Hawaiians and South Pacific Islanders to participate during the APEC Ministerial and United States Senior Official meetings in Seattle in August, 2023;
  - (C) Requested the Department of Business, Economic Development, and Tourism to coordinate with the Hawaii Tourism Authority; Chamber of Commerce Hawaii; and neighbor island chambers of commerce to recommend trade show participants from Hawaii to be included in the APEC Hawaii delegation team; and
  - (D) Requested the Chamber of Commerce Hawaii to work closely with ethnic chambers of commerce to ensure that ethnic chambers of commerce in Hawaii receive equal representation and may voice concerns;

- (3) Requesting the Department of Business, Economic Development, and Tourism to initiate plans to participate in the 2023 APEC Events if sufficient interest is generated for participation;
- (4) Deleting the President of the United States, Governor, Chief Executive Officer of the Hawaii Tourism Authority, President of the East-West Center at the University of Hawaii, and Executive Director of Chamber of Commerce Hawaii from the list of recipients of certified copies;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 178, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (Inouye).

**SCRep. 1633 Housing on S.C.R. No. 54**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State's Low-Income Housing Tax Credit Program.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and one individual.

Your Committee finds that the concept of supportive housing has been shown to decrease chronic homelessness, reduce burdens and costs on public systems, and decrease crime rates. Your Committee believes that public financing and other incentive should be made available for supportive housing projects, as the free market is not generating the essential inventory necessary for vulnerable, special-needs populations in the State. Accordingly, this measure would request the State's Qualified Allocation Plan be amended to incentivize and facilitate supportive housing development by allocating low-income housing tax credits to projects that serve tenants with special needs.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 54 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1634 Housing on S.R. No. 49**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State's Low-Income Housing Tax Credit Program.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the concept of supportive housing has been shown to decrease chronic homelessness, reduce burdens and costs on public systems, and decrease crime rates. Your Committee believes that public financing and other incentive should be made available for supportive housing projects, as the free market is not generating the essential inventory necessary for vulnerable, special-needs populations in the State. Accordingly, this measure would request the State's Qualified Allocation Plan be amended to incentivize and facilitate supportive housing development by allocating low-income housing tax credits to projects that serve tenants with special needs.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 49 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1635 Housing on S.C.R. No. 55**

The purpose and intent of this measure is to urge Hawaii's congressional delegation to introduce and support legislation to amend Title IV-A of the Social Security Act to allow Temporary Assistance for Needy Families funds to be used by states to build transitional supportive housing and affordable rental housing.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Department of Human Services and one individual.

Your Committee finds that the federal Temporary Assistance for Needy Families (TANF) program, administered by the United States Department of Health and Human Services, provides block grants to states that may be used to provide a wide range of services and short-term cash assistance payments to certain low-income families with children. However, under existing federal law, TANF funds cannot be used for capital improvement projects, such as the development and construction of housing. Hawaii's unspent TANF reserves are the second highest in the nation as a proportion of states' annual block grants. Accordingly, because funding is a major factor in the creation of affordable housing (especially supportive housing), this measure urges Hawaii's congressional delegation to introduce and support legislation to amend existing federal law to allow TANF funds to be used to build transitional supportive housing and affordable rental housing to help the State address its housing needs.

Your Committee notes the concerns raised in testimony submitted by the Department of Human Services that, due to the nature of the TANF program, if federal laws were amended to allow for the construction of affordable housing with TANF funds, any resulting

project would likely be made available only to those specific families eligible under the TANF program. Due to the State's ongoing housing crisis and need for a broad range of housing inventory across multiple groups of individuals, families, and price points, your Committee further notes that Hawaii's congressional delegation should also support legislation that increases housing resources to the federal Department of Housing and Urban Development, given the Department's mission to create strong, sustainable, inclusive communities and affordable homes for all.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1636 Housing on S.R. No. 50**

The purpose and intent of this measure is to urge Hawaii's congressional delegation to introduce and support legislation to amend Title IV-A of the Social Security Act to allow Temporary Assistance for Needy Families funds to be used by states to build transitional supportive housing and affordable rental housing.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the federal Temporary Assistance for Needy Families (TANF) program, administered by the United States Department of Health and Human Services, provides block grants to states that may be used to provide a wide range of services and short-term cash assistance payments to certain low-income families with children. However, under existing federal law, TANF funds cannot be used for capital improvement projects, such as the development and construction of housing. Hawaii's unspent TANF reserves are the second highest in the nation as a proportion of states' annual block grants. Accordingly, because funding is a major factor in the creation of affordable housing (especially supportive housing), this measure urges Hawaii's congressional delegation to introduce and support legislation to amend existing federal law to allow TANF funds to be used to build transitional supportive housing and affordable rental housing to help the State address its housing needs.

Your Committee notes the concerns raised in testimony submitted by the Department of Human Services that, due to the nature of the TANF program, if federal laws were amended to allow for the construction of affordable housing with TANF funds, any resulting project would likely be made available only to those specific families eligible under the TANF program. Due to the State's ongoing housing crisis and need for a broad range of housing inventory across multiple groups of individuals, families, and price points, your Committee further notes that Hawaii's congressional delegation should also support legislation that increases housing resources to the federal Department of Housing and Urban Development, given the Department's mission to create strong, sustainable, inclusive communities and affordable homes for all.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 50 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1637 Housing on S.C.R. No. 130**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to revise the prioritization and evaluation and ranking criteria for its allocation of low-income housing tax credits and awards from the Rental Housing Revolving Fund.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and one individual.

Your Committee finds that the Low-Income Housing Tax Credit Program is a major financing tool for developers constructing or rehabilitating low-income rental units, which are urgently needed in the State. When the State issues tax credits for a qualified low-income building, the State does not receive an ownership interest in the building in return, and developers are only subject to a minimum affordability compliance period, at which point the State often purchases the building to ensure the units remain affordable and to guarantee tenant stability after the compliance period ends. This can result in taxpayers paying for a project twice. The State's Qualified Allocation Plan establishes the criteria for the allocation of low-income housing tax credits. Your Committee believes that amending the Qualified Allocation Plan to grant higher priority to projects that are on State lands can help ensure that units remain affordable in perpetuity, therefore increasing the supply of affordable housing.

Your Committee further finds that the Rental Housing Revolving Fund is used to provide loans or grants for the development, construction, and rehabilitation of rental housing units in the State. Developers can often take decades to repay loans, relying on legislative appropriations to replenish the fund. Developers in Hawaii are not required to use any profits generated by a housing project to build additional housing, and no incentive exists to encourage developers to do so. Due to the ongoing housing shortage in the State, the prioritization of funds awarded from the Rental Housing Revolving Fund should be modified to incentivize developers to use profits to build additional housing to ensure the necessary future supply of units for Hawaii residents. Accordingly, this measure will help ensure that local housing development is less profit-motivated and more focused on providing Hawaii's residents with a greater and more consistent supply of affordable housing units.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 130 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1638 Housing on S.R. No. 132**

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to revise the prioritization and evaluation and ranking criteria for its allocation of low-income housing tax credits and awards from the Rental Housing Revolving Fund.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Low-Income Housing Tax Credit Program is a major financing tool for developers constructing or rehabilitating low-income rental units, which are urgently needed in the State. When the State issues tax credits for a qualified low-income building, the State does not receive an ownership interest in the building in return, and developers are only subject to a minimum affordability compliance period, at which point the State often purchases the building to ensure the units remain affordable and to guarantee tenant stability after the compliance period ends. This can result in taxpayers paying for a project twice. The State's Qualified Allocation Plan establishes the criteria for the allocation of low-income housing tax credits. Your Committee believes that amending the Qualified Allocation Plan to grant higher priority to projects that are on State lands can help ensure that units remain affordable in perpetuity, therefore increasing the supply of affordable housing.

Your Committee further finds that the Rental Housing Revolving Fund is used to provide loans or grants for the development, construction, and rehabilitation of rental housing units in the State. Developers can often take decades to repay loans, relying on legislative appropriations to replenish the fund. Developers in Hawaii are not required to use any profits generated by a housing project to build additional housing, and no incentive exists to encourage developers to do so. Due to the ongoing housing shortage in the State, the prioritization of funds awarded from the Rental Housing Revolving Fund should be modified to incentivize developers to use profits to build additional housing to ensure the necessary future supply of units for Hawaii residents. Accordingly, this measure will help ensure that local housing development is less profit-motivated and more focused on providing Hawaii's residents with a greater and more consistent supply of affordable housing units.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 132 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1639 Housing on S.C.R. No. 151**

The purpose and intent of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from one individual.

Your Committee finds that the State is facing a housing shortage and it must support and facilitate the production and maintenance of available affordable housing. Your Committee recognizes that, while the four percent low-income housing tax credit is not subject to a volume cap, it must be used in conjunction with private activity bond financing. Your Committee further recognizes that the combination of federal and state low-income housing tax credits and private activity bonds allows developers to feasibly build rental housing projects for households at or below sixty percent of the area median income. Additionally, the Internal Revenue Service restricts the amount of certain private activity bonds that can be issued within a state during a calendar year. While special purpose revenue bonds (SPRBs) have no cap, some are subject to the private activity bond volume cap, which can divert much needed private activity bond financing and hinder the ability of developers to build affordable housing projects in the State. In recognition of this situation, the Legislature enacted Act 182, Session Laws of Hawaii 2022, which establishes a moratorium on the issuance of SPRBs, unless requested by the Governor. This measure seeks to reaffirm the Legislature's commitment to allow the maximum amount of private activity bonds to be used to address the State's ongoing housing crisis.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 151 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1640 Housing on S.R. No. 179**

The purpose and intent of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the State is facing a housing shortage and it must support and facilitate the production and maintenance of available affordable housing. Your Committee recognizes that, while the four percent low-income housing tax credit is not subject to a volume cap, it must be used in conjunction with private activity bond financing. Your Committee further recognizes that the combination of federal and state low-income housing tax credits and private activity bonds allows developers to feasibly build rental housing projects for households at or below sixty percent of the area median income. As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 179 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1641 Health and Human Services on S.C.R. No. 42**

The purpose and intent of this measure is to request the Blood Bank of Hawaii to expedite the process of removing the deferral for individuals previously considered to be exposed to Creutzfeldt-Jakob Disease and Variant Creutzfeldt-Jakob Disease to assist with the urgent demand for blood in the State.

Your Committee did not receive any testimony on this measure.

Your Committee finds that the State's blood inventory is at a historic low. As a result, hospitals statewide have received between twenty to forty percent less blood than usual. Despite the dire need for blood in the State, the State's sole blood provider, the Blood Bank of Hawaii, has yet to adopt updated guidance issued by the Food and Drug Administration (FDA) in May 2022 concerning individuals deferred from donating blood due to risk for possible exposure to Variant Creutzfeldt-Jakob Disease. These guidelines rescind the FDA's previous recommendation to prohibit individuals from donating blood due to time spent in certain locales once considered to be at high risk for exposure to Variant Creutzfeldt-Jakob Disease during specific years. The Blood Bank of Hawaii's adoption of the FDA's updated guidelines has the potential to increase the number of individuals eligible to donate blood and alleviate the blood shortage in the State.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 42 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1642 (Joint) Agriculture and Environment and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 141**

The purpose and intent of this measure is to request each county to develop a comprehensive integrated wastewater management plan and financial strategy to upgrade or convert cesspools located within its respective jurisdiction by 2050.

Your Committees received testimony in support of this measure from Hawai'i Associations of REALTORS and Hawai'i Reef and Ocean Coalition. Your Committees received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committees find that Act 125, Session Laws of Hawaii 2017 (Act 125), requires every cesspool in the State, excluding cesspools granted exemptions by the Director of Health, to be upgraded or converted to a director-approved wastewater system or connected to a sewerage system by January 1, 2050. However, many properties in rural areas, especially on the neighbor islands, may not be in areas where existing county infrastructure allows for easy conversion and connection to sewer systems. Your Committees further find that a massive statewide infrastructure project, such as converting the cesspools in the State by 2050, requires proper planning and administration across various stakeholders and governmental institutions, including those of the counties. Therefore, this measure requests each county to develop a comprehensive integrated wastewater management plan and financial strategy to upgrade or convert cesspools located within its respective jurisdiction by 2050.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 141 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Wakai).

**SCRep. 1643 (Joint) Agriculture and Environment and Public Safety and Intergovernmental and Military Affairs on S.R. No. 216**

The purpose and intent of this measure is to request each county to develop a comprehensive integrated wastewater management plan and financial strategy to upgrade or convert cesspools located within its respective jurisdiction by 2050.

Your Committees received testimony in support of this measure from Hawai'i Reef and Ocean Coalition. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committees find that Act 125, Session Laws of Hawaii 2017 (Act 125), requires every cesspool in the State, excluding cesspools granted exemptions by the Director of Health, to be upgraded or converted to a director-approved wastewater system or connected to a sewerage system by January 1, 2050. As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 216 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Wakai).

**SCRep. 1644 Agriculture and Environment on S.C.R. No. 109**

The purpose and intent of this measure is to urge the Department of Agriculture to:

- (1) Designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor; and
- (2) Establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee acknowledges that since the downsizing of Hawaii's pineapple industry, both the State and private landowners have diversified farming on former pineapple plantation lands. Your Committee finds this trend to be beneficial and in alignment with the long-term agricultural vision of the State. Your Committee further finds that more developed and diversified farming in Hawaii requires new infrastructure, including roads and water systems. Therefore, this measure urges the Department of Agriculture to designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor and requests the Department of Agriculture to establish a list prioritizing potential agricultural infrastructure improvement projects.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 109 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1645 Agriculture and Environment on S.R. No. 115**

The purpose and intent of this measure is to urge the Department of Agriculture to:

- (1) Designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor; and
- (2) Establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee acknowledges that since the downsizing of Hawaii's pineapple industry, both the State and private landowners have diversified farming on former pineapple plantation lands. As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 115 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1646 Agriculture and Environment on S.C.R. No. 189**

The purpose and intent of this measure is to urge the Department of Agriculture to update its mission statement to include local food production to supply local community consumption, and to feature the mission statement more prominently on its website and appropriate publications.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the current mission of the Department of Agriculture is to promote the conservation, development, and utilization of agricultural resources in the State. Supporting an expanding local agriculture sector is essential to the overall viability of the State's economy and yet, is not included in the Department of Agriculture's current mission statement. Thus, this measure requests that the Department of Agriculture update its mission statement to incorporate new language to emphasize the priority and desirability for local agricultural production and to feature this mission statement more prominently on its website and uniformly in its publications.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 189 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1647 Agriculture and Environment on S.R. No. 173**

The purpose and intent of this measure is to urge the Department of Agriculture to update its mission statement to include local food production to supply local community consumption, and to feature the mission statement more prominently on its website and appropriate publications.

Your Committee received no testimony on this measure.

Your Committee finds that the current mission of the Department of Agriculture is to promote the conservation, development, and utilization of agricultural resources in the State. Supporting an expanding local agriculture sector is essential to the overall viability of the State's economy and yet, is not included in the Department of Agriculture's current mission statement. Thus, this measure requests that the Department of Agriculture update its mission statement to incorporate new language to emphasize the priority and desirability for local agricultural production and to feature this mission statement more prominently on its website and uniformly in its publications.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 173 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1648 Agriculture and Environment on S.C.R. No. 211**

The purpose and intent of this measure is to request the Hawaiian Humane Society to develop a program to assist low-income pet owners to afford emergency care for their pets.

Your Committee received testimony in support of this measure from twenty-one individuals. Your Committee received comments on this measure from three individuals.

Your Committee finds that there are physical health benefits of pet ownership such as increased opportunities for exercise as well as many mental health benefits, such as managing loneliness and depression through the companionship pets can provide. Your Committee further finds that keeping a pet healthy by making regular visits to the veterinarian and purchasing medication or enlisting medical services can be expensive. Families should not have to choose between the health of their pet or incurring debt. Therefore, this measure requests the Hawaiian Human Society to develop a program to assist low-income pet owners in providing feasible emergency medical care for their pets.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 211 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Richards). Noes, none. Excused, none.

**SCRep. 1649 Agriculture and Environment on S.R. No. 151**

The purpose and intent of this measure is to request the Hawaiian Humane Society to develop a program to assist low-income pet owners to afford emergency care for their pets.

Your Committee did not receive any testimony on this measure.

Your Committee finds that there are physical health benefits of pet ownership such as increased opportunities for exercise as well as many mental health benefits, such as managing loneliness and depression through the companionship pets can provide. Your Committee further finds that keeping a pet healthy by making regular visits to the veterinarian and purchasing medication or enlisting medical services can be expensive. Therefore, this measure requests the Hawaiian Human Society to develop a program to assist low-income pet owners in providing feasible emergency medical care for their pets.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 151 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Richards). Noes, none. Excused, none.

**SCRep. 1650 Agriculture and Environment on S.C.R. No. 138**

The purpose and intent of this measure is to request the Department of Agriculture to examine organic pesticides for authorized use in the State.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that organic pesticides are pesticides that typically come from natural sources, such as plants, minerals, or microorganisms, and have emerged as a popular alternative to conventional synthetic pesticides in recent years. Your Committee further finds that Hawaii has been impacted by various agricultural diseases and invasive species and the use of organic pesticides can bolster the sustainability of Hawaii's agricultural sector while minimizing the lasting environmental effects of pesticides. Therefore, this measure requests the Department of Agriculture to study organic pesticides currently licensed or authorized for use in the State and to identify organic pesticides not currently licensed or authorized for use and to test these pesticides for authorized use in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Richards). Noes, none. Excused, none.

**SCRep. 1651 Agriculture and Environment on S.R. No. 220**

The purpose and intent of this measure is to request the Department of Agriculture to examine organic pesticides for authorized use in the State.

Your Committee received comments on this measure from one individual.

Your Committee finds that organic pesticides are pesticides that typically come from natural sources, such as plants, minerals, or microorganisms, and have emerged as a popular alternative to conventional synthetic pesticides in recent years. Your Committee further finds that Hawaii has been impacted by various agricultural diseases and invasive species and the use of organic pesticides can bolster the sustainability of Hawaii's agricultural sector while minimizing the lasting environmental effects of pesticides. Therefore, this measure requests the Department of Agriculture to study organic pesticides currently licensed or authorized for use in the State and to identify organic pesticides not currently licensed or authorized for use and to test these pesticides for authorized use in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 220 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Richards). Noes, none. Excused, none.

**SCRep. 1652      Agriculture and Environment on S.C.R. No. 135**

The purpose and intent of this measure is to request the Legislature to convene a working group with representation from all levels of government to develop a program to phase out the use of Perfluoroalkyl and Polyfluoroalkyl substances (PFAS) in the State.

Your Committee received testimony in support of this measure from Americans for Democratic Action Hawai'i, Shimanchu Wai Protectors, Agriculture and Food Security Committee of the Environmental Caucus of the Democratic Party of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, Our Revolution Hawaii, and fifty individuals. Your Committee received testimony in opposition to this measure from the American Chemistry Council and one individual. Your Committee received comments on this measure from the Department of Health and Island Energy.

Your Committee finds that Perfluoroalkyl and Polyfluoroalkyl substances (PFAS) are a group of chemicals, also known as forever chemicals, that are widely used and found in a variety of products that do not break down in the environment. These chemicals can persist and move through soils and drinking water sources; bioaccumulate in fish and wildlife and move through the food chain; and have been linked to growth and development defects, reproductive health issues, and other detrimental health effects. Your Committee further finds that according to the United States Environmental Protection Agency and Department of Health, the Red Hill Bulk Fuel Storage Facility leakage of 2021 led to significantly high levels of PFAS in ground water samples. Therefore, this measure requests the formation of a PFAS Working Group with representatives from all levels of government to develop a program to phase out the use of PFAS in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1653      Agriculture and Environment on S.R. No. 217**

The purpose and intent of this measure is to request the Legislature to convene a working group with representation from all levels of government to develop a program to phase out the use of Perfluoroalkyl and Polyfluoroalkyl substances (PFAS) in the State.

Your Committee received testimony in support of this measure from Americans for Democratic Action Hawai'i, Agriculture and Food Security Committee of the Environmental Caucus of the Democratic Party of Hawai'i, Our Revolution Hawaii, the Environmental Caucus of the Democratic Party of Hawai'i, and nine individuals. Your Committee received comments on this measure from Island Energy.

Your Committee finds that Perfluoroalkyl and Polyfluoroalkyl substances (PFAS) are a group of chemicals, also known as forever chemicals, that are widely used and found in a variety of products that do not break down in the environment. These chemicals can persist and move through soils and drinking water sources; bioaccumulate in fish and wildlife and move through the food chain; and have been linked to growth and development defects, reproductive health issues, and other detrimental health effects. Therefore, this measure requests the formation of a PFAS Working Group with representatives from all levels of government to develop a program to phase out the use of PFAS in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 217 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1654      (Majority) Agriculture and Environment on S.C.R. No. 46**

The purpose and intent of this measure is to request the Department of Agriculture to convene a feral game mammal working group to find, solicit, and distribute grants for the control of feral game animals.

Your Committee received testimony in support of this measure from the Department of Agriculture. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that feral game mammals threaten the integrity and health of native ecosystems in Hawaii. Feral goats, sheep, pigs, and axis deer accelerate erosion, spread weeds and diseases, and uproot native plants. Therefore, this measure requests the Department of Agriculture to convene a working group to find, solicit, and distribute grants for the control of feral game animals to address the environmental, health, and safety concerns that they pose in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1655 (Majority) Agriculture and Environment on S.R. No. 41**

The purpose and intent of this measure is to request the Department of Agriculture to convene a feral game mammal working group to find, solicit, and distribute grants for the control of feral game animals.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that feral game mammals threaten the integrity and health of native ecosystems in Hawaii. Feral goats, sheep, pigs, and axis deer accelerate erosion, spread weeds and diseases, and uproot native plants. Therefore, this measure requests the Department of Agriculture to convene a working group to find, solicit, and distribute grants for the control of feral game animals to address the environmental, health, and safety concerns that they pose in the State.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 41 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1656 (Majority) Agriculture and Environment on S.C.R. No. 92**

The purpose and intent of this measure is to request the Department of Agriculture, Department of Land and Natural Resources, Department of Health, City and County of Honolulu, and County of Hawaii, to collaborate to establish and implement a five-year pilot program to mitigate and control the significant increase in the population of feral chickens, roosters, and pigs in certain areas of the State.

Your Committee received testimony in support of this measure from eleven individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture, Department of Health, and twenty-five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and seven individuals.

Your Committee finds that feral chickens and roosters have become a persistent nuisance, particularly in suburban and urban residential communities. In addition to feral chickens and roosters, there has been a significant increase in the population of feral pigs that can cause damage and annoyance to properties and communities. Your Committee additionally finds that to protect Hawaii's ecosystem, natural resources, and the health and safety of its residents, it is critical that the State work together with the counties and the affected communities, including hunters, farmers, and natural resource managers, to identify and implement collaborative solutions to control the significant increase in the population of feral chickens, roosters, and pigs. Therefore, this measure requests certain state and local government agencies to collaborate to establish and implement a five-year pilot program to mitigate and control the State's population of feral chickens, roosters, and pigs.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 92 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (Rhoads).

**SCRep. 1657 (Majority) Agriculture and Environment on S.R. No. 85**

The purpose and intent of this measure is to request the Department of Agriculture, Department of Land and Natural Resources, Department of Health, City and County of Honolulu, and County of Hawaii, to collaborate to establish and implement a five-year pilot program to mitigate and control the significant increase in the population of feral chickens, roosters, and pigs in certain areas of the State.

Your Committee received testimony in opposition to this measure from the Department of Health. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that feral chickens and roosters have become a persistent nuisance, particularly in suburban and urban residential communities. In addition to feral chickens and roosters, there has been a significant increase in the population of feral pigs that can cause damage and annoyance to properties and communities. As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 85 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (Rhoads).

**SCRep. 1658      Agriculture and Environment on S.C.R. No. 186**

The purpose and intent of this measure is to urge the Department of Education and Hawai'i Association of Independent Schools to expand the revitalization of the Future Farmers of America and 4-H Youth Program to support pathways to agriculture careers in Hawaii.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawaii Food Industry Association; Hawaii Cattleman's Council, Inc.; and one individual. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the State imports more than eight-five percent of its food and is considered highly vulnerable to food insecurity. The State has since recognized this vulnerability and has initiated a major policy pivot towards food and agricultural self-sufficiency. Your Committee further finds that the current lack of young farmers and ranchers with the experience, skills, and ambition required to undertake the work of farming and ranching as a business and career poses a significant hurdle to vitalizing local agriculture. Future Farmers of America and 4-H offer students pathways to careers in Hawaii with companies and agencies that often resort to searching out-of-state for skilled workers and farmers due to the lack of local agricultural labor. Therefore, this measure urges the Department of Education and the Hawaii Association of Independent Schools, in consultation with the University of Hawaii at Manoa Cooperative Extension, to expand the revitalization of the Future Farmers of America and 4-H youth programs and reestablish and strengthen pathways for youth to find careers in agriculture.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 186 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Rhoads).

**SCRep. 1659      Agriculture and Environment on S.R. No. 170**

The purpose and intent of this measure is to urge the Department of Education and Hawai'i Association of Independent Schools to expand the revitalization of the Future Farmers of America and 4-H Youth Program to support pathways to agriculture careers in Hawaii.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Food Industry Association; Hawai'i Farm Bureau; and Hawaii Cattlemen's Council, Inc.

Your Committee finds that the State imports more than eight-five percent of its food and is considered highly vulnerable to food insecurity. As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Rhoads).

**SCRep. 1660      (Joint) Agriculture and Environment and Water and Land on S.C.R. No. 41**

The purpose and intent of this measure is to designate Hawaii's coral reefs as Critical Natural Infrastructure and to strongly support nature-based solutions such as coral reef restoration for climate-related risk reduction.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Environmental Caucus of the Democratic Party of Hawai'i, Fair Wind Cruises, Hawai'i Reef and Ocean Coalition, Hawai'i Wildlife Fund, Friends of Hanauma Bay, The Nature Conservancy, and five individuals.

Your Committees find that healthy coral reef ecosystems can help to mitigate the effects of climate change and natural disasters by absorbing up to ninety-seven percent of wave energy brought about by storms and extreme weather events. Furthermore, one study has estimated that Hawaii's coral reefs protect and save coastal infrastructure from \$836,000,000 in costs and damages annually due to destructive flooding and similar events. Your Committees recognize that coral reefs globally are being threatened by increasing temperatures, coral bleaching events, ocean acidification, and pollution. Therefore, this measure designates Hawaii's coral reefs as critical natural infrastructure and proclaims the Legislature's support for nature-based climate based solutions such as coral reef restoration.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 41 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.  
Water and Land: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Fevella).

**SCRep. 1661 (Joint) Agriculture and Environment and Water and Land on S.R. No. 35**

The purpose and intent of this measure is to designate Hawaii's coral reefs as Critical Natural Infrastructure and to strongly support nature-based solutions such as coral reef restoration for climate-related risk reduction.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i Wildlife Fund; The Nature Conservancy; and two individuals.

Your Committees find that healthy coral reef ecosystems can help to mitigate the effects of climate change and natural disasters by absorbing up to ninety-seven percent of wave energy brought about by storms and extreme weather events. As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 35 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Fevella).

**SCRep. 1662 (Joint) Agriculture and Environment and Health and Human Services on S.C.R. No. 187**

The purpose and intent of this measure is to urge the National Institute of Food and Agriculture of the United States Department of Agriculture to issue additional funding for the Gus Schumacher Nutrition Incentive Program to provide matching funds for the expansion of the State Double Up Food Bucks Program to all approved Supplemental Nutrition Assistance Program retail outlets throughout the State.

Your Committees received testimony in support of this measure from the Department of Agriculture, Department of Human Services, Department of Health, Hawaii Pacific Health, Hawai'i Farm Bureau, Hawai'i Public Health Institute, 350Hawaii.org, Ulupono Initiative, and three individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that fresh fruit and vegetables are an integral part of a healthy diet and central to the prevention of obesity and chronic disease, and that every community should have access to fresh and health dietary options. Your Committees further find that participants of the federal Supplemental Nutrition Assistance Program (SNAP) in the State struggle to regularly afford healthy food. Act 153, Session Laws of Hawaii 2019 (Act 153), created the Hawaii Healthy Food Incentive Program to provide a dollar-for-dollar match to SNAP beneficiaries who purchase locally grown fruits and vegetables at participating farmers' markets, grocery stores, food hubs, and community-supported agriculture projects. Therefore, this measure urges the United States Department of Agriculture to issue additional funding for the Gus Schumacher Nutrition Incentive Program to provide matching funds for the expansion of the Hawaii Healthy Food Incentive Program, also known as Double Up Food Bucks Program, to all approved SNAP retail outlets in the State.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 187 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1663 (Joint) Agriculture and Environment and Health and Human Services on S.R. No. 171**

The purpose and intent of this measure is to urge the National Institute of Food and Agriculture of the United States Department of Agriculture to issue additional funding for the Gus Schumacher Nutrition Incentive Program to provide matching funds for the expansion of the State Double Up Food Bucks Program to all approved Supplemental Nutrition Assistance Program retail outlets throughout the State.

Your Committees received testimony in support of this measure from the Department of Agriculture, Department of Human Services, Department of Health, Hawaii Pacific Health, Hawai'i Farm Bureau, Hawai'i Public Health Institute, 350Hawaii.org, The Food Basket, Ulupono Initiative, and one individual.

Your Committees find that fresh fruit and vegetables are an integral part of a healthy diet and central to the prevention of obesity and chronic disease, and that every community should have access to fresh and health dietary options. Your Committees further find that participants of the federal Supplemental Nutrition Assistance Program (SNAP) in the State struggle to regularly afford healthy food. As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 171 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1664 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 43**

The purpose and intent of this measure is to request the City and County of Honolulu to:

- (1) Move forward with a Pearl Harbor Historic Trail pilot demonstration project; and
- (2) Enter into a long-term agreement with the United States Navy, in partnership with state agencies, to ensure the revitalization of the multi-use trail.

Your Committee received testimony in support of this measure from the Department of Transportation Services of the City and County of Honolulu, one member of the Aiea Neighborhood Board, 'Aiea Community Association, Friends of the Pearl Harbor Historic Trail, Hawaii Military Affairs Council, Hawai'i Bicycling League, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the proposed Pearl Harbor Historic Trail is a multi-use path that will run 18.6 miles from Halawa Landing to Nanakuli, linking neighborhoods, historic sites, recreational areas, regional attractions, and nature along the old Oahu Railway and Land Company right-of-way. However, parts of the path have been used by squatters and as dumping grounds for stolen vehicles and junk, and volunteer groups have been helping to clear the path, which runs through state, federal, and private lands. Your Committee believes that, while the proposed Pearl Harbor Historic Trail Master Plan has not been implemented, improving the Pearl Harbor Historic Trail is long overdue and should move forward as part of a broad strategy to meet a number of community needs. This measure will help to create safe bicycle and pedestrian paths, a natural and historic preservation project, a recreation resource, a means of opening up shoreline access, and an opportunity for revitalization in several local communities.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 43 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1665 Public Safety and Intergovernmental and Military Affairs on S.R. No. 37**

The purpose and intent of this measure is to request the City and County of Honolulu to:

- (1) Move forward with a Pearl Harbor Historic Trail pilot demonstration project; and
- (2) Enter into a long-term agreement with the United States Navy, in partnership with state agencies, to ensure the revitalization of the multi-use trail.

Your Committee received testimony in support of this measure from the Department of Transportation Services of the City and County of Honolulu, 'Aiea Community Association, Friends of the Pearl Harbor Historic Trail, Military Affairs Council, and one individual.

Your Committee finds that the proposed Pearl Harbor Historic Trail is a multi-use path that will run 18.6 miles from Halawa Landing to Nanakuli, linking neighborhoods, historic sites, recreational areas, regional attractions, and nature along the old Oahu Railway and Land Company right-of-way. As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 37 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1666 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 90**

The purpose and intent of this measure is to request the Department of Public Safety to submit a report to the Legislature detailing the Department's process in assisting inmates in obtaining identification cards.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that past legislatures have appropriated funds to the Department of Public Safety to start the process of reentry by ensuring that everyone who is released from incarceration has a valid identification card. For example, in 2016, the Legislature appropriated \$25,000 to the Department of Public Safety for the purpose of creating identification cards for inmates, and in 2022 the Legislature appropriated \$100,000 to the Department of Public Safety to purchase machines for data input at each facility to implement the identification card program. Your Committee believes that the use of public funds allocated for ensuring that each person is released from incarceration with a valid identification card should be public information. This measure will reassure the public that public funds allocated to assist inmates in obtaining identification cards are being used for their intended purpose.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 90, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 90, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1667 Public Safety and Intergovernmental and Military Affairs on S.R. No. 82**

The purpose and intent of this measure is to request the Department of Public Safety to submit a report to the Legislature detailing the Department's process in assisting inmates in obtaining identification cards.

Your Committee received testimony in support of this measure from the Community Alliance on Prisons. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that past legislatures have appropriated funds to the Department of Public Safety to start the process of reentry by ensuring that everyone who is released from incarceration has a valid identification card. Your Committee believes that the use of public funds allocated for ensuring that each person is released from incarceration with a valid identification card should be public information. This measure will reassure the public that public funds allocated to assist inmates in obtaining identification cards are being used for their intended purpose.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 82, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 82, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1668 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 91**

The purpose and intent of this measure is to request that the Governor convene a task force to examine and make recommendations on the existing procedures for the adoption of the state building code.

Your Committee received testimony in support of this measure from the Subcontractors Association of Hawaii, Hawai'i Gas, Building Industry Association of Hawaii, and one individual.

Your Committee finds that according to a 2019 study by the Department of Business, Economic Development, and Tourism, the State will require an additional 50,156 homes by 2025. Despite this, there has been a lack of measurable progress at the county level to enact policies that will stimulate housing production to meet the projected demand, in large part due to existing laws and county procedures regarding the adoption and implementation of building codes that impede the building permit process. Your Committee believes that the process to obtain a building permit in the State is often redundant, costly, and time consuming for builders and residents. This measure will encourage the State Building Code Council to make necessary updates to the state building code to reduce delays and increase the number of available homes in the State.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 91, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 91, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1669 Public Safety and Intergovernmental and Military Affairs on S.R. No. 84**

The purpose and intent of this measure is to request that the Governor convene a task force to examine and make recommendations on the existing procedures for the adoption of the state building code.

Your Committee received testimony in support of this measure from the Subcontractors Association of Hawaii and Hawai'i Gas.

Your Committee finds that according to a 2019 study by the Department of Business, Economic Development, and Tourism, the State will require an additional 50,156 homes by 2025. No. 84, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 84, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1670 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 101**

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency, in conjunction with the Harbors Division of the Department of Transportation, to establish a two-year task force to address the key findings of the July 2022 Resiliency Assessment report of the Hawaii Maritime Transportation Regional Resiliency Assessment Program Project and plan for related resiliency enhancements.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency and Department of Transportation.

Your Committee finds that Hawaii's maritime transportation system is vital to the State's supply chains, with the port of Honolulu being a crucial part of the maritime transportation system. Approximately eighty percent of all inbound products move through the port of Honolulu, and any prolonged interruption of the port's operation could quickly create severe commodity shortages and cascading consequences for the State. Your Committee further finds that the Regional Resiliency Assessment Program's (RRAP) Resiliency Assessment report found that Hawaii will need to update and create a robust alternative port and Reverse Hub and Spoke plan and consider significant investments in resiliency-related infrastructure upgrades across the State. Your Committee believes that addressing the key findings in the Resiliency Assessment report and planning resiliency enhancements will better inform the State and its key maritime stakeholders regarding alternate emergency maritime options. This measure will assist in the creation of more robust plans to ensure the quality of critical infrastructure and allow the State to better prepare for, respond to, and recover from a catastrophic incident affecting maritime transportation systems.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 101, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 101, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1671 Public Safety and Intergovernmental and Military Affairs on S.R. No. 111**

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency, in conjunction with the Harbors Division of the Department of Transportation, to establish a two-year task force to address the key findings of the July 2022 Resiliency Assessment report of the Hawaii Maritime Transportation Regional Resiliency Assessment Program Project and plan for related resiliency enhancements.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency and Department of Transportation.

Your Committee finds that Hawaii's maritime transportation system is vital to the State's supply chains, with the port of Honolulu being a crucial part of the maritime transportation system. Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 111, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 111, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1672 Education on S.C.R. No. 56**

The purpose and intent of this measure is to request the Board of Education to review various programs and subject matter areas for implementation in public schools.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Board of Education has a constitutional mandate to formulate statewide educational policy over the public school system set forth by Article X, Section 3, of the Hawaii State Constitution. However, for the Department of Education to

fulfill its responsibility to provide high quality education to Hawaii's keiki, reliable transportation to and from campuses is needed to allow every student to achieve their academic goals. Providing access to reliable transportation, such as bicycles, through a bicycle grant program will allow more students to commute to school while reducing tardiness and absenteeism.

Your Committee also finds that providing an education fit for twenty-first century issues will prepare students for life experiences in the advent of technological advancements. With the proliferation of social media platforms, artificial intelligence, and constant flows of information, distinguishing between facts and misinformation will allow students to make informed decisions about the world around them. Additionally, media literacy programs, in conjunction with civic education, will allow students to more productively participate in their local communities while also being aware of the digital world and its impact on their personal lives and communities.

Your Committee further finds that some critical life skills and educational opportunities may not be readily available at Department of Education schools. For example, financial literacy and American Sign Language are two subjects that provide greater accessibility for all students in the public school system. However, without experiences that provide direct impact to students, there are seldom opportunities to learn or pursue knowledge and skills in these areas. This measure provides Hawaii's keiki with high quality educational experiences beyond traditional academic curriculum to ensure success for Hawaii's future generations.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1673 Education on S.C.R. No. 34**

The purpose and intent of this measure is to urge the Department of Education to create a priority list for repairing public school fire alarm systems.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that properly functioning fire alarm systems are essential for public school safety. Accordingly, the National Fire Protection Association Life Safety Code requires schools to have functioning fire alarm systems. Your Committee notes that twenty percent of Hawaii's two hundred fifty-seven public schools are more than one hundred years old, and at greater risk for severe fire damage. On certain campuses, such as King Intermediate School on Oahu and Konawaena Elementary School on Hawaii Island, fire alarm systems were out of service for several years, posing a significant risk to students, faculty, and staff in the event of a fire. As properly functioning fire alarms can be the difference between life and death, this measure addresses safety concerns at public schools to ensure the safety of occupants and prevent significant structural damage.

Your Committee has amended this measure by:

- (1) Urging the Department of Education to also consider acceptable alternatives to school fire alarm systems; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1674 Education on S.R. No. 28**

The purpose and intent of this measure is to urge the Department of Education to create a priority list for repairing public school fire alarm systems.

Your Committee did not receive any testimony on this measure.

Your Committee finds that properly functioning fire alarm systems are essential for public school safety. Accordingly, the National Fire Protection Association Life Safety Code requires schools to have functioning fire alarm systems. Your Committee notes that twenty percent of Hawaii's two hundred fifty-seven public schools are more than one hundred years old, and at greater risk for severe fire damage. On certain campuses, such as King Intermediate School on Oahu and Konawaena Elementary School on Hawaii Island, fire alarm systems were out of service for several years, posing a significant risk to students, faculty, and staff in the event of a fire. As properly functioning fire alarms can be the difference between life and death, this measure addresses safety concerns at public schools to ensure the safety of occupants and prevent significant structural damage.

Your Committee has amended this measure by:

- (1) Urging the Department of Education to also consider acceptable alternatives to school fire alarm systems; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 28, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 28, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1675 Education on S.C.R. No. 210**

The purpose and intent of this measure is to request the Board of Education to report on ways to increase access to extended learning opportunities or course credits for non-traditional and external learning experiences.

Your Committee received testimony in support of this measure from HawaiiKidsCAN and one individual.

Your Committee finds that the traditional curriculum and credit system that comprise of a high school diploma, with a primary focus on “four core” subjects of English language arts, mathematics, social studies, and science, has not been substantially modified in several decades. However, there has been a recent rise of meaningful, personalized, and high-leverage learning opportunities commonly referred to as expanded or extended learning opportunities, which offer students credit toward graduation upon completion of out-of-school programs. Extended learning opportunities provide students with education that is not confined to a classroom or textbook; rather, students gain meaningful experience through different avenues such as internships, capstones, independent inquiries, online coursework, and community service.

Your Committee further finds that providing Hawaii’s students with options to learn from different sources through varied delivery methods generates a high level of engagement in students that will prepare them for life beyond high school and their chosen career path. While the Department of Education offers flexible learning opportunities through the Alternative Learning Programs Branch for at-promise students, improving access to extended learning opportunities may address ongoing issues of disengagement in student learning. Accordingly, this measure encourages the creation of additional non-traditional educational opportunities to provide students with creative, innovative, and engaging learning experiences during their academic careers.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 210 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1676 Education on S.R. No. 150**

The purpose and intent of this measure is to request the Board of Education to report on ways to increase access to extended learning opportunities or course credits for non-traditional and external learning experiences.

Your Committee received testimony in support of this measure from HawaiiKidsCAN and two individuals.

Your Committee finds that the traditional curriculum and credit system that comprise of a high school diploma, with a primary focus on “four core” subjects of English language arts, mathematics, social studies, and science, has not been substantially modified in several decades. However, there has been a recent rise of meaningful, personalized, and high-leverage learning opportunities commonly referred to as expanded or extended learning opportunities, which offer students credit toward graduation upon completion of out-of-school programs. As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 150 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1677 (Joint) Education and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 40**

The purpose and intent of this measure is to request the Department of Education, in collaboration with the Honolulu Police Department, to establish and operate a Junior Police Pilot Program at Farrington High School.

Your Committees received testimony in support of this measure from one individual. Your Committees received comments on this measure from the Department of Education.

Your Committees find that the Honolulu Police Department is suffering from a chronic staffing shortage, with three hundred forty-nine vacancies as of May 2022. For shifts in certain districts such as Department District 1, which includes Downtown Honolulu, Chinatown, and Kakaako, staffing is only at seventy-seven percent. Staffing shortages limit the time police officers have to work with the community, preventing officers from building deep relationships with community members and business owners.

Your Committees further find that the Honolulu Police Department is highly selective in its recruitment efforts to ensure that only the best, most qualified candidates become police officers that serve and protect local communities. However, in the last two years, approximately five percent of the thousands of applicants who signed up to take the police entrance exam became police recruits. By expanding the overall pool of quality applicants through a Junior Police Pilot Program, the Honolulu Police Department could more quickly fulfill critical staffing shortages to best serve Oahu’s communities.

Your Committees have amended this measure by:

- (1) Deleting language that would have requested the Department of Education, in collaboration with the Honolulu Police Department, to establish and operate a Junior Police Pilot Program at Farrington High School;
- (2) Inserting language requesting the Honolulu Police Department, in conjunction with the Department of Education, to establish and operate a Junior Police Pilot Program at Department of Education high schools;
- (3) Removing the Principal of Farrington High School from the list of certified copy recipients; and
- (4) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Education and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 40, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 40, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 5. Noes, none. Excused, none.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1678 (Joint) Education and Public Safety and Intergovernmental and Military Affairs on S.R. No. 34**

The purpose and intent of this measure is to request the Department of Education, in collaboration with the Honolulu Police Department, to establish and operate a Junior Police Pilot Program at Farrington High School.

Your Committee received testimony in support of this measure from two individuals.

Your Committees find that the Honolulu Police Department is suffering from a chronic staffing shortage, with three hundred forty-nine vacancies as of May 2022. For shifts in certain districts such as Department District 1, which includes Downtown Honolulu, Chinatown, and Kakaako, staffing is only at seventy-seven percent. Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1679 Agriculture and Environment on S.C.R. No. 57**

The purpose and intent of this measure is to urge the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund and four individuals.

Your Committee finds that studies have shown evidence of significant health impacts for those living up to two miles away from an active landfill depending on geography, micro-climates, and local mitigation efforts. Your Committee further finds that those living within one-half mile of an active municipal solid waste landfill or a construction and demolition landfill, presumably those most impacted by any negative health effects, would benefit from funds made available from a property tax exemption to address their individual safety and health. Therefore, this measure urges the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill.

Your Committee has amended this measure by:

- (1) Including information concerning evidence of negative health impacts for people living up to two miles from an active landfill;
- (2) Including information concerning the types of health problems experienced by residents living near active landfills;
- (3) Including information concerning the added economic costs of living near an active landfill;

- (4) Urging the City and County of Honolulu to provide a real property tax exemption for property owners of residential units outside of one-half mile of an active landfill that it deems to have been impacted by a landfill to a degree that would warrant an exemption; and
- (5) Amending its title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 57, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 57, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1680 Agriculture and Environment on S.R. No. 51**

The purpose and intent of this measure is to urge the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund and four individuals.

Your Committee finds that studies have shown evidence of significant health impacts for those living up to two miles away from an active landfill depending on geography, micro-climates, and local mitigation efforts. Your Committee further finds that those living within one-half mile of an active municipal solid waste landfill or a construction and demolition landfill, presumably those most impacted by any negative health effects, would benefit from funds made available from a property tax exemption to address their individual safety and health. As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 51, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 51, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1681 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 35**

The purpose and intent of this measure is to request the Hawaii County Department of Water Supply to convene a working group to examine opportunities for increasing water access and strengthening water infrastructure for underserved communities on Hawaii island.

Your Committee received no testimony on this measure.

Your Committee finds that a lack of access to a consistent water supply prevents the development of basic infrastructure in rural and remote areas, such as the establishment of public schools, medical and community health centers, grocery stores, and financial institutions. To address these issues, the Hawaii County Department of Water Supply launched the Hawaiian Ocean View Estates Water Facilities Project in Ocean View in 2012, which involved the construction of a standpipe well for the community. Despite the establishment of the well, water access remains a significant challenge for residents of Ocean View, Milolii, and neighboring communities, most of whose residents continue to rely on catchment systems. This measure will help to increase water access and strengthen water infrastructure for underserved communities on Hawaii Island.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1682 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 30**

The purpose and intent of this measure is to request each county to adopt an ordinance requiring, as a condition of its approval of a subdivision or issuance of a building permit for any new structure or unit within a structure, the subdivider or developer to obtain assurance of mail delivery to each parcel.

Your Committee received no testimony on this measure.

Your Committee finds that in many rural areas, the United States Postal Service does not deliver mail to the doorstep of each lot, parcel, structure, or unit even with a street address, and instead makes deliveries to a specific location from which residents in the area can retrieve their mail, including individual post office boxes at local post offices and cluster box units that serve multiple addresses within the area. However, in such rural areas, residents rely on mail-order deliveries, but the rural post offices cannot handle the influx of parcels as shown by lines of residents waiting hours for parcel delivery. In Hawaii, certain property development projects, including subdivisions in rural areas, lack the sufficient number of post office boxes and cluster box units to serve all residents in the area, thereby requiring some to drive over an hour to retrieve their mail from a friend or family member residing within the United States Postal Service's service area to whom they had their mail sent in care of. Your Committee believes that people in Hawaii should be able to receive their mail and parcel deliveries at a location that is within a reasonable distance from their residence. This measure will help residents of rural and underserved communities in the State to more easily access their mail.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 30, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 30, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1683 Public Safety and Intergovernmental and Military Affairs on S.R. No. 24**

The purpose and intent of this measure is to request each county to adopt an ordinance requiring, as a condition of its approval of a subdivision or issuance of a building permit for any new structure or unit within a structure, the subdivider or developer to obtain assurance of mail delivery to each parcel.

Your Committee received no testimony on this measure.

Your Committee finds that in many rural areas, the United States Postal Service does not deliver mail to the doorstep of each lot, parcel, structure, or unit even with a street address, and instead makes deliveries to a specific location from which residents in the area can retrieve their mail, including individual post office boxes at local post offices and cluster box units that serve multiple addresses within the area. However, in such rural areas, residents rely on mail-order deliveries, but the rural post offices cannot handle the influx of parcels as shown by lines of residents waiting hours for parcel delivery. In Hawaii, certain property development projects, including subdivisions in rural areas, lack the sufficient number of post office boxes and cluster box units to serve all residents in the area, thereby requiring some to drive over an hour to retrieve their mail from a friend or family member residing within the United States Postal Service's service area to whom they had their mail sent in care of. Your Committee believes that people in Hawaii should be able to receive their mail and parcel deliveries at a location that is within a reasonable distance from their residence. This measure will help residents of rural and underserved communities in the State to more easily access their mail.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 24, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 24, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1684 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 44**

The purpose and intent of this measure is to urge the Hawaii Emergency Management Agency to include in all live and recorded emergency alert system video broadcasts, an on-screen interpreter disseminating the emergency information in American Sign Language at all times, including during graphic presentations.

Your Committee received no testimony on this measure.

Your Committee finds that the Hawaii Emergency Management Agency manages Hawaii's Emergency Alert System (EAS) to allow the President of the United States the capability to address the American public during a national emergency. Hawaii's EAS is also used by state and local authorities to deliver important emergency information, including America's Missing: Broadcast Emergency Response (AMBER) alerts, the National Weather Service's emergency weather alerts and advisories, and, upon eruptions of volcanoes, volcano alert levels, aviation threat levels, seismic activity levels, lava flow, and other threats to the community. Your Committee believes that, due to the critical nature of EAS alerts and warnings, and to prevent confusion caused by misinformation, lack of information, or difficulty in finding accurate information following sudden disasters, EAS broadcasts should be provided using every communication tool available. This measure will ensure that Hawaii residents who are deaf or hard of hearing are not deprived of emergency information that is imperative for the protection of their lives and property.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 44, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 44, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1685 Public Safety and Intergovernmental and Military Affairs on S.R. No. 39**

The purpose and intent of this measure is to urge the Hawaii Emergency Management Agency to include in all live and recorded emergency alert system video broadcasts, an on-screen interpreter disseminating the emergency information in American Sign Language at all times, including during graphic presentations.

Your Committee received no testimony on this measure.

Your Committee finds that the Hawaii Emergency Management Agency manages Hawaii's Emergency Alert System (EAS) to allow the President of the United States the capability to address the American public during a national emergency. Hawaii's EAS is also used by state and local authorities to deliver important emergency information, including America's Missing: Broadcast Emergency Response (AMBER) alerts, the National Weather Service's emergency weather alerts and advisories, and, upon eruptions of volcanoes, volcano alert levels, aviation threat levels, seismic activity levels, lava flow, and other threats to the community. Your Committee believes that, due to the critical nature of EAS alerts and warnings, and to prevent confusion caused by misinformation, lack of information, or difficulty in finding accurate information following sudden disasters, EAS broadcasts should be provided using every communication tool available. This measure will ensure that Hawaii residents who are deaf or hard of hearing are not deprived of emergency information that is imperative for the protection of their lives and property.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 39, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 39, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1686 Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 220**

The purpose and intent of this measure is to urge the County of Maui to immediately and substantially increase the fines assessed against predatory cosmetics establishments for violating the Maui County Historic Districts Ordinance.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and two individuals.

Your Committee finds that numerous predatory cosmetics stores have continued to operate on Front Street in Lahaina, Maui, and continue to engage in marketing techniques that are considered to be disrespectful, inconsiderate, and aggressive in nature, thus creating an intimidating atmosphere for residents and visitors alike. To address these issues, the Maui County Charter was successfully amended in 2022 to remove the generally applicable \$1,000 cap on civil fines, thereby allowing the County to substantially increase the amount of fines that may be levied against these cosmetics stores, for the purpose of imposing fines in amounts that represent a realistic financial deterrent to future violations. Your Committee believes that significant increases in the fine amounts imposed on violators would also provide the County of Maui with more funding to establish additional inspector positions to consistently enforce county ordinances. This measure will encourage the County of Maui to take stronger action against predatory businesses that violate state laws and county ordinances prohibiting harassment and soliciting business on a sidewalk located in a historic district.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 220 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1687 Public Safety and Intergovernmental and Military Affairs on S.R. No. 158**

The purpose and intent of this measure is to urge the County of Maui to immediately and substantially increase the fines assessed against predatory cosmetics establishments for violating the Maui County Historic Districts Ordinance.

Your Committee received testimony in support of this measure from the LahainaTown Action Committee and thirteen individuals.

Your Committee finds that numerous predatory cosmetics stores have continued to operate on Front Street in Lahaina, Maui, and continue to engage in marketing techniques that are considered to be disrespectful, inconsiderate, and aggressive in nature, thus creating an intimidating atmosphere for residents and visitors alike. To address these issues, the Maui County Charter was successfully amended in 2022 to remove the generally applicable \$1,000 cap on civil fines, thereby allowing the County to substantially increase the amount of fines that may be levied against these cosmetics stores, for the purpose of imposing fines in amounts that represent a realistic financial deterrent to future violations. Ayes, 5. Noes, none. Excused, none.

**SCRep. 1688 (Joint) Public Safety and Intergovernmental and Military Affairs and Labor and Technology on S.C.R. No. 179**

The purpose and intent of this measure is to urge Congress to begin a discussion considering the benefits and risks of artificial intelligence technologies.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that while artificial intelligence (AI) has the potential to bring enormous benefits to society, it also poses several potential dangers that must be taken seriously. Your Committees believe that it is essential to carefully consider these risks and take steps to mitigate them by taking action, such as investing in research on the social and ethical implications of AI, developing robust standards and regulations to ensure the safe and responsible use of AI, and promoting transparency and accountability in the development and deployment of AI systems. This measure will alert policymakers to the power and potential dangers of AI technologies and promote the evaluation of potential, necessary checks on AI technology.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Labor and Technology that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 179 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Labor and Technology: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

**SCRep. 1689 (Joint) Public Safety and Intergovernmental and Military Affairs and Labor and Technology on S.R. No. 123**

**SCRep. 1690 Commerce and Consumer Protection on S.C.R. No. 48**

The purpose and intent of this measure is to request the Insurance Division of the Department of Commerce and Consumer Affairs to conduct a study analyzing whether implementation of a captive insurance system in the State that is modeled after Massachusetts' captive insurance system would adequately and appropriately address the State's residential condominium property insurance needs.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which requests the Department of Commerce and Consumer Affairs to:

- (1) Conduct a survey of the applicable association of apartment owners for each of the three hundred nine condominium properties that are subject to the requirements of Honolulu Ordinances Nos. 19-4 and 22-2 to determine certain information relating to condominium insurance and fire safety measures;
- (2) Compile the information received from the survey responses and submit to the Legislature an interim report containing the compiled information; and
- (3) Submit to the Legislature a final report of its findings and recommendations, including any proposed legislation, regarding the appropriate scope of a study analyzing whether implementation of a captive insurance system in the State that is modeled after the captive insurance system of Massachusetts would adequately and appropriately address the State's residential condominium property insurance needs.

Your Committee received testimony in support of this measure or the proposed S.D. 1 from the Department of Commerce and Consumer Affairs, Hawaii Council of Association of Apartment Owners, and seven individuals. Your Committee received comments on this measure or the proposed S.D. 1 from the Insurance Division of the Department of Commerce and Consumer Affairs, Hui 'Oia'i'o, and one individual.

Your Committee finds that associations of apartment owners throughout the State have faced steep increases in residential condominium property insurance premiums since 2021. The increases are due in part to City and County of Honolulu ordinances Nos. 19-4 and 22-2, which require the installation of automatic fire sprinkler systems in certain residential condominium buildings. Although an association of apartment owners may opt-out of the sprinkler installation requirements if the association of apartment owners pursues other fire safety improvements, insurance rates have escalated sharply for almost all residential condominium properties regardless of whether a condominium property has received an acceptable fire safety score. Massachusetts' approach to captive insurance may provide an alternative to traditional condominium property insurance at a time when insurance offered by major

Hawaii insurers is increasingly becoming unaffordable for many homeowners and associations of apartment owners. This measure requests the Department of Commerce and Consumer Affairs to conduct a survey of certain associations of apartment owners and research whether implementing a captive insurance system similar to Massachusetts could help solve the issue of rising insurance costs in the State.

Your Committee notes the Department of Commerce and Consumer Affairs' willingness to work with relevant stakeholders in an effort to collect the requested survey data in the six-month period requested by this measure.

Your Committee has amended this measure by adopting the proposed S.D. 1, including the amended title of this measure.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 48, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1691 Commerce and Consumer Protection on S.C.R. No. 85**

The purpose and intent of this measure is to request the Department of Health to provide an explanation as to why it has not issued any additional medical cannabis dispensary licenses pursuant to section 329D-2(j), Hawaii Revised Statutes.

Your Committee received comments on this measure from the Department of Health.

Your Committee finds that chapter 329D, Hawaii Revised Statutes, limits the amount of medical cannabis dispensary licenses the Department of Health can issue statewide. However, the Department of Health is authorized to issue additional medical cannabis dispensary licenses after October 1, 2018, under certain conditions. Despite applications filed by numerous entities for issuance of these additional medical cannabis dispensary licenses, the Department of Health has not issued any additional licenses and has stopped accepting new applications. This measure requests the Department of Health to explain why it has not issued any additional medical cannabis dispensary licenses.

Your Committee notes that the Department of Health testified that the reason it has not issued additional medical cannabis dispensary licenses is because the current dispensary system is not yet operating at its maximum capacity. Additionally, several measures were introduced during the Regular Session of 2023 that would have legalized recreational cannabis; however, all of them have been deferred or failed to receive a hearing. Thus, this measure would be of greater service to reconstitute a dual use of cannabis working group to address remaining concerns with measures legalizing recreational cannabis.

Accordingly, your Committee has amended this measure by deleting its contents and inserting language requesting the Office of Medical Cannabis Control and Regulation, in collaboration with the Chairpersons of the Senate Standing Committee on Health and Human Services and House of Representatives Standing Committee on Health and Homelessness, to convene the Medical and Adult Use Cannabis Working Group to research, develop, and finalize recommendations for the creation of a dual use regulatory system allowing access to medical cannabis and cannabis for adult use.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 85, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 85, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1692 Commerce and Consumer Protection on S.R. No. 76**

The purpose and intent of this measure is to request the Department of Health to provide an explanation as to why it has not issued any additional medical cannabis dispensary licenses pursuant to section 329D-2(j), Hawaii Revised Statutes.

Your Committee did not receive any testimony on this measure.

Your Committee finds that chapter 329D, Hawaii Revised Statutes, limits the amount of medical cannabis dispensary licenses the Department of Health can issue statewide. However, the Department of Health is authorized to issue additional medical cannabis dispensary licenses after October 1, 2018, under certain conditions. Despite applications filed by numerous entities for issuance of these additional medical cannabis dispensary licenses, the Department of Health has not issued any additional licenses and has stopped accepting new applications. This measure requests the Department of Health to explain why it has not issued any additional medical cannabis dispensary licenses.

Your Committee notes that the Department of Health testified that the reason it has not issued additional medical cannabis dispensary licenses is because the current dispensary system is not yet operating at its maximum capacity. Additionally, several measures were introduced during the Regular Session of 2023 that would have legalized recreational cannabis; however, all of them have been deferred or failed to receive a hearing. Thus, this measure would be of greater service to reconstitute a dual use of cannabis working group to address remaining concerns with measures legalizing recreational cannabis.

Accordingly, your Committee has amended this measure by deleting its contents and inserting language requesting the Office of Medical Cannabis Control and Regulation, in collaboration with the Chairpersons of the Senate Standing Committee on Health and Human Services and House of Representatives Standing Committee on Health and Homelessness, to convene the Medical and Adult Use Cannabis Working Group to research, develop, and finalize recommendations for the creation of a dual use regulatory system allowing access to medical cannabis and cannabis for adult use.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 76, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 76, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1693 (Joint) Commerce and Consumer Protection and Health and Human Services on S.C.R. No. 94**

The purpose and intent of this measure is to urge retail stores and pharmacies doing business in the State to adopt policies on a national and local level to guarantee an individual's unhindered access to all United States Food and Drug Administration-approved contraceptives.

Your Committees received testimony in support of this measure from AlohaCare, Planned Parenthood Alliance Advocates, and one individual. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the benefits of contraception are widely recognized and include improved health and well-being, reduced global maternal mortality, health benefits of pregnancy spacing for maternal and child health, female engagement in the work force, and economic self-sufficiency for women. According to the 2020 Hawaii Pregnancy Risk Assessment Monitoring System report, between 2012 and 2016, approximately forty-seven percent of all pregnancies in Hawaii were unintended. The women most likely to have an unintended pregnancy in the State were Native Hawaiian, Filipino, or Pacific Islander; those under twenty years of age, unmarried, and insured through Medicaid or uninsured before pregnancy; those who had three or more previous live births; or those who were at or below one hundred percent of the federal poverty level. One issue contributing to unintended pregnancies is lack of access to contraception, which includes availability, affordability, insurance coverage, transportation, and convenience. This measure urges stores and pharmacies to guarantee individuals' access to contraceptives approved by the Food and Drug Administration, thus improving women's health.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 94, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 94, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, none.  
Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

**SCRep. 1694 Commerce and Consumer Protection on S.C.R. No. 124**

The purpose and intent of this measure is to urge the Real Estate Commission to develop policies and programs to inform and educate condominium association unit owners and board members of certain matters to promote the efficient administration of condominium associations.

Your Committee received testimony in support of this measure from the Real Estate Commission, Hui 'Oia'i'o, Hawaii Council of Associations of Apartment Owners, and seven individuals.

Your Committee finds that a condominium's association is comprised of its unit owners. The association's duties and powers are outlined in section 514B-104, Hawaii Revised Statutes, and the association must comply with its governing declaration, bylaws, house rules, and policies. Each year, association unit owners elect board members to manage their condominium's operations; pay assessments for the operation, repair, and maintenance of their condominiums; and fund reserves for deferred maintenance. Chapter 514B, Hawaii Revised Statutes, provides that every director owes the association a fiduciary duty in the performance of the director's duties, as confidence, trust, and reliance of one party is placed upon the judgment of another. Some board members may be unaware or unfamiliar with certain laws or rules, may not fully understand or may misinterpret their provisions, or misunderstand their duties or responsibilities, leading to frustration, hostility, and conflict. The State's Real Estate Commission is required to manage the Condominium Education Trust Fund to promote, among other things, education and research in condominium management, the improvement and more efficient administration of associations, and the expeditious and inexpensive resolution of association disputes. This measure urges the Real Estate Commission to use the Condominium Education Trust Fund to develop policies and programs to inform and educate condominium association unit owners and board members of certain matters to promote the efficient administration of condominium associations.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 124 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1695 Commerce and Consumer Protection on S.C.R. No. 15**

The purpose and intent of this measure is to request the Auditor to assess both the social and financial effects of proposed mandated health insurance coverage for a percentage of the costs of ketamine therapy to treat depression.

Your Committee received testimony in support of this measure from Beyond Mental Health and five individuals. Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that section 23-51, Hawaii Revised Statutes, requires that "[b]efore any legislative measure that mandates health insurance coverage for specific health services, specific diseases, or certain providers of health care services as part of individual

or group health insurance policies, can be considered, there shall be concurrent resolutions passed requesting the auditor to prepare and submit to the legislature a report that assesses both the social and financial effects of the proposed mandated coverage.” Senate Bill No. 279, introduced in the Regular Session of 2023, mandates that private and public health plans in the State provide coverage for ketamine therapy to treat depression. Accordingly, this measure requests the Auditor to conduct a social and financial assessment of the proposed mandatory health insurance coverage as set forth in Senate Bill No. 279, in accordance with the requirements of State law.

Your Committee has amended this measure by:

- (1) Inserting references to Senate Bill No. 279, Regular Session of 2023, where necessary; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 15, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1696 Commerce and Consumer Protection on S.C.R. No. 131**

The purpose and intent of this measure is to request the Regulated Industries Complaints Office (RICO) to report the itemized total amount of fines or judgments collected and uncollected each year, from 1983 to present, and to include that information in the Director of the Department of Commerce and Consumer Affairs’ (DCCA) Annual Compliance Fund Report.

Your Committee received comments on this measure from the Regulated Industries Complaints Office.

Your Committee finds that RICO is an enforcement agency within the DCCA that processes individual complaints involving persons who provide specialized trade or professional services to Hawaii consumers that require a license or certification from one of the professional or vocational boards established within the DCCA. RICO is authorized to sue members of the public if they provide consumers with services in a regulated industry without having first obtained the proper license required by law and can also pursue disciplinary action and sanctions against legitimate licensees if their conduct falls below professional or regulatory standards. The money RICO collects from the judgments, sanctions, and fines that it obtains or imposes are deposited into the Compliance Resolution Fund, along with other fees collected by DCCA, such as license issuance and renewal fees. The Director of Commerce and Consumer Affairs (Director) is authorized to use the moneys in the Compliance Resolution Fund for DCCA operations, hiring attorneys and hearing officers, training personnel, and any other activity related to compliance resolution. The Director is required to prepare and submit an annual report to the Governor and Legislature on the activity of the Compliance Resolution Fund. Although RICO collects fines and judgments each year, there are fines and judgments that go uncollected each year and in the interest of government transparency and efficiency, it is critical for the Governor and Legislature to be informed of the amount of fines and judgments that RICO collects, and what has gone uncollected, each year. Accordingly, this measure requests RICO to report the yearly total amount of fines or judgments collected and uncollected from 1983 to 2022 and to include the total collected and uncollected fines each year going forward in the Director’s annual Compliance Resolution Fund report.

Your Committee has amended this measure by making a technical, nonsubstantive amendment to its title for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 131, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 131, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1697 (Joint) Commerce and Consumer Protection and Health and Human Services on S.C.R. No. 202**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise analysis on mandating parity in vitro fertilization health insurance coverage for same-sex couples, unmarried women, and opposite-sex couples for whom male infertility is the relevant factor.

Your Committees received testimony in support of this measure from the Hawai’i Section of the American College of Obstetricians and Gynecologists, Fertility Institute of Hawaii, Stonewall Caucus of the Democratic Party of Hawai’i, and five individuals. Your Committees received comments on this measure from Hawaii Medical Service Association.

Your Committees finds that section 23—51, Hawaii Revised Statutes, requires that “[b]efore any legislative measure that mandates health insurance coverage for specific health services, specific diseases, or certain providers of health care services as part of individual or group health insurance policies, can be considered, there shall be concurrent resolutions passed requesting the auditor to prepare and submit to the legislature a report that assesses both the social and financial effects of the proposed mandated coverage.” Senate Bill No. 993, introduced in the Regular Session of 2023, proposes to require health insurers and similar entities that provide coverage for in vitro fertilization procedures for certain married opposite-sex couples to provide parity coverage for same-sex couples, unmarried women, and opposite-sex couples for whom male infertility is the relevant factor. This measure requests the Auditor to conduct a social and financial assessment of the mandatory health insurance coverage proposed by Senate Bill No. 993 (2023), in accordance with section 23—51, Hawaii Revised Statutes.

Your Committees have amended this measure by:

- (1) Inserting references to Senate Bill No. 993 (2023), where necessary;

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency; and
- (3) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 202, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 202, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, none.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

**SCRep. 1698 (Joint) Health and Human Services and Commerce and Consumer Protection on S.C.R. No. 188**

The purpose and intent of this measure is to urge the Department of Human Services' Med-QUEST Division to advocate that the State increase Medicaid reimbursements to dentists and, upon an increase approval, proactively inform both dental service providers and Medicaid beneficiaries of new rate plans and covered services.

Your Committees received testimony in support of this measure from the Hawai'i Public Health Institute and two individuals. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that in 2009, despite oral disease being a significant health problem that affects the overall health and well-being of many Hawaii residents, the State terminated coverage for all preventive and restorative dental care services for adult Medicaid recipients and reduced it to emergency-only care that is limited to pain relief, injuries, trauma, and tooth removal and extraction. In 2022, the Legislature approved funding to reinstate Medicaid dental care coverage for adult enrollees in the State for certain preventive, restorative, and denture procedures. According to testimony, nearly three hundred thousand Medicaid patients became eligible for this dental coverage beginning January 1, 2023. Your Committees find however, that the existing Medicaid reimbursement rates for dental care providers are lower than the actual cost of services, contributing to the significant shortage of dental care providers that provide the needed services to Medicaid patients, especially in rural and neighbor island communities. This measure will assist in promoting the recruitment and retention of dental care providers serving adult Medicaid enrollees in the State.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 188 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1699 (Joint) Water and Land and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 222**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to transfer to the County of Maui the makai lawn at the Lahaina Public Library.

Your Committees received testimony in support of this measure from one member of the Maui County Council. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that because the makai lawn adjacent to the Lahaina Public Library belongs to the State, the attractive site and location has sat unused, and members of the public have been foreclosed from obtaining permits to use the space for events. Your Committees believe that by transferring the makai lawn from the State to the County of Maui, the makai lawn can be restored and put to its highest and best use. Therefore, this measure requests the Department of Land and Natural Resources to transfer the makai lawn to the County of Maui.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 222 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1700 (Joint) Water and Land and Public Safety and Intergovernmental and Military Affairs on S.R. No. 160**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to transfer to the County of Maui the makai lawn at the Lahaina Public Library.

Your Committees received testimony in support of this measure from one member of the Maui County Council and one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that because the makai lawn adjacent to the Lahaina Public Library belongs to the State, the attractive site and location has sat unused, and members of the public have been foreclosed from obtaining permits to use the space for events. Your Committees believe that by transferring the makai lawn from the State to the County of Maui, the makai lawn can be restored and put to its highest and best use. Therefore, this measure requests the Department of Land and Natural Resources to transfer the makai lawn to the County of Maui.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 160 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1701 (Joint) Water and Land and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 221**

The purpose and intent of this measure is to urge the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources and the County of Maui to facilitate a state and county partnership for the management of all small boat harbors located on the island of Maui.

Your Committees received testimony in support of this measure from one member of the Maui County Council and the Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc. Your Committees received testimony in opposition to this measure from the Ocean Tourism Coalition. Your Committees received comments on this measure from the Department of Land and Natural Resources and Wailoa River and Reeds Bay Boating and Users Association.

Your Committees find that many of the small boat harbors on Maui have lingered in a continuous state of disrepair. Further, despite the State's inability to properly maintain the small boat harbors, your Committees find that the County of Maui has understandably remained reluctant to expend moneys for capital improvements as the harbor properties do not fall under its direct jurisdiction. Notwithstanding, this measure urges the State and the County of Maui to partner together to manage the small boat harbors on Maui in recognition of the fact that both parties have a responsibility to the public regardless of jurisdiction and that the continuing poor condition of the small boat harbors is unacceptable.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 221 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1702 (Joint) Water and Land and Public Safety and Intergovernmental and Military Affairs on S.R. No. 159**

The purpose and intent of this measure is to urge the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources and the County of Maui to facilitate a state and county partnership for the management of all small boat harbors located on the island of Maui.

Your Committees received testimony in support of this measure from one member of the Maui County Council and the Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc. Your Committees received testimony in opposition to this measure from the Ocean Tourism Coalition. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that many of the small boat harbors on Maui have lingered in a continuous state of disrepair. Further, despite the State's inability to properly maintain the small boat harbors, your Committees find that the County of Maui has understandably remained reluctant to expend moneys for capital improvements as the harbor properties do not fall under its direct jurisdiction. Notwithstanding, this measure urges the State and the County of Maui to partner together to manage the small boat harbors on Maui in recognition of the fact that both parties have a responsibility to the public regardless of jurisdiction and that the continuing poor condition of the small boat harbors is unacceptable.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 159 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1703 (Joint) Water and Land and Housing on S.C.R. No. 162**

The purpose and intent of this measure is to request the Office of Planning and Sustainable Development to convene a multiagency working group to identify sites that have the collective capacity to accommodate ten thousand new homes per year, for the next fifty years.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawaii Community Development Authority, and two individuals. Your Committees received testimony in opposition to this measure from three individuals. Your Committees received comments on this measure from the Office of Planning and Sustainable Development.

Your Committees find that the State is experiencing an acute housing shortage and that, according to the Department of Business, Economic Development, and Tourism, the State will need approximately twenty-six thousand to forty-seven thousand new housing units before 2030 to meet critical housing demands. Your Committees also find that multiple state agencies are responsible for housing development in the State, and therefore a multiagency approach is essential to coordinate efforts and implement strategies to address the State's housing shortage. Your Committees recognize that the Hawaii State Planning Act (codified as chapter 226, Hawaii Revised Statutes) establishes a system for planning and multiagency coordination to increase the effectiveness of government and that, under the Act, the Office of Planning and Sustainable Development is charged with providing technical assistance to help administer the Act.

Your Committees further find that, under the Act, the State has outlined its objectives and policies relating to housing, which include, "to secure reasonably priced, safe, sanitary, livable homes located in suitable environments that satisfactorily accommodate the needs and desires of families and individuals". This measure requests the Office of Planning and Sustainable Development to convene

a multiagency working group to identify sites with the capacity to accommodate the additional housing necessary to ensure that the people of Hawaii will have access to safe, sanitary, and affordable places to live. Your Committees recognize that the Governor recently created the cabinet position of Chief Housing Officer to advise the Governor on policies for affordable housing and to develop, drive, and implement the Governor's housing initiatives and strategies for the State. Accordingly, your Committees believe that the Chief Housing Officer should be a member of the multiagency work group created by this measure.

Therefore, your Committees have amended this measure by adding language requesting that the Governor's Chief Housing Officer be a member of the multiagency working group.

As affirmed by the records of votes of the members of your Committees on Water and Land and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 162, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 162, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Water and Land: Ayes, 5. Noes, none. Excused, none.  
Housing: Ayes, 4. Noes, none. Excused, 1 (Aquino).

**SCRep. 1704 (Joint) Water and Land and Housing on S.R. No. 188**

The purpose and intent of this measure is to request the Office of Planning and Sustainable Development to convene a multiagency working group to identify sites that have the collective capacity to accommodate ten thousand new homes per year, for the next fifty years.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Hawaii Community Development Authority. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Office of Planning and Sustainable Development.

Your Committees find that the State is experiencing an acute housing shortage and that, according to the Department of Business, Economic Development, and Tourism, the State will need approximately twenty-six thousand to forty-seven thousand new housing units before 2030 to meet critical housing demands. Your Committees also find that multiple state agencies are responsible for housing development in the State, and therefore a multiagency approach is essential to coordinate efforts and implement strategies to address the State's housing shortage. Your Committees recognize that the Hawaii State Planning Act (codified as chapter 226, Hawaii Revised Statutes) establishes a system for planning and multiagency coordination to increase the effectiveness of government and that, under the Act, the Office of Planning and Sustainable Development is charged with providing technical assistance to help administer the Act.

Your Committees further find that, under the Act, the State has outlined its objectives and policies relating to housing, which include, "to secure reasonably priced, safe, sanitary, livable homes located in suitable environments that satisfactorily accommodate the needs and desires of families and individuals". This measure requests the Office of Planning and Sustainable Development to convene a multiagency working group to identify sites with the capacity to accommodate the additional housing necessary to ensure that the people of Hawaii will have access to safe, sanitary, and affordable places to live. Housing: Ayes, 4. Noes, none. Excused, 1 (Aquino).

**SCRep. 1705 (Joint) Public Safety and Intergovernmental and Military Affairs and Education on S.C.R. No. 70**

The purpose and intent of this measure is to urge the United States Congress to amend federal copyright law to explicitly protect current lending practices of nonprofit online libraries.

Your Committees received testimony in support of this measure from the Hawai'i State Public Library System.

Your Committees find that while traditional brick-and-mortar public libraries facilitate collective knowledge by acquiring books and lending those books to the public, free of charge, nonprofit online libraries work on this same principle in the virtual realm by acquiring and maintaining numerous hardcopies of books, scanning digital versions of those books, and lending those digital versions to the public, also free of charge. Your Committees note that despite the fact that the number of digital copies of a book that an online library lends out at any given time never exceeds the number of hardcopies of that book in the library's inventory, a number of major publishers claim that this lending system is in violation of copyright and are seeking relief in the case of *Hachette Book Group, Inc. v. Internet Archive*, which is pending before the United States District Court for the Southern District of New York. Your Committees believe that Congress should act to preserve nonprofit libraries and protect the flow of knowledge to the public. This measure will encourage Congress to amend copyright law to prevent a devastating impact to the patrons of nonprofit online libraries.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 70 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.  
Education: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1706 Commerce and Consumer Protection on S.C.R. No. 147**

The purpose and intent of this measure is to request the Public Utilities Commission to move beyond current rate structures and provide additional benefits for those communities that host renewable energy projects.

Your Committee received testimony in support of this measure from the Sierra Club of Hawai'i. Your Committee received comments on this measure from the Department of Commerce and Consumer Protection and Public Utilities Commission.

Your Committee finds that the State's growing need for clean energy has accelerated the development and construction of different renewable energy projects in more locations around the State, creating new jobs and opportunities for "host communities." Although these projects may boost the local economy, residents living in a community that hosts a large-scale renewable energy project often face a disruption in their lives due to the burdens of the energy infrastructure. Residents of the State living in communities that host large-scale renewable energy projects are charged a flat rate for energy by their providers, regardless of their proximity to these energy-producing projects and benefit packages provided by developers to these communities are often not enough to provide them with fair compensation. Communities around the State should be encouraged to host more large-scale renewable energy projects. Favorable energy rates and the provision of direct benefits to host communities can help encourage community buy-in and investment. The Public Utilities Commission has the oversight of and authority to influence the rate structures of energy providers. Therefore, this measure supports the State's goals to advance energy equity and the timely transition to a renewable energy future. Your Committee further notes that the Public Utilities Commission has also been requested to examine providing retroactive benefits for communities that already host existing renewable energy projects.

Your Committee has amended this measure by:

- (1) Clarifying that the Public Utilities Commission is requested to revise, rather than move beyond, current rate structures for those communities that host renewable energy projects; and
- (2) Amending its title accordingly.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 147, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 147, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1707 Commerce and Consumer Protection on S.R. No. 143**

The purpose and intent of this measure is to request the Public Utilities Commission to move beyond current rate structures and provide additional benefits for those communities that host renewable energy projects.

Your Committee received testimony in support of this measure from the Sierra Club of Hawai'i. Your Committee received comments on this measure from the Department of Commerce and Consumer Protection and Public Utilities Commission.

Your Committee finds that the State's growing need for clean energy has accelerated the development and construction of different renewable energy projects in more locations around the State, creating new jobs and opportunities for "host communities." Although these projects may boost the local economy, residents living in a community that hosts a large-scale renewable energy project often face a disruption in their lives due to the burdens of the energy infrastructure. Residents of the State living in communities that host large-scale renewable energy projects are charged a flat rate for energy by their providers, regardless of their proximity to these energy-producing projects and benefit packages provided by developers to these communities are often not enough to provide them with fair compensation. Communities around the State should be encouraged to host more large-scale renewable energy projects. Favorable energy rates and the provision of direct benefits to host communities can help encourage community buy-in and investment. The Public Utilities Commission has the oversight of and authority to influence the rate structures of energy providers. Therefore, this measure supports the State's goals to advance energy equity and the timely transition to a renewable energy future. Your Committee further notes that the Public Utilities Commission has also been requested to examine providing retroactive benefits for communities that already host existing renewable energy projects.

Your Committee has amended this measure by:

- (1) Clarifying that the Public Utilities Commission is requested to revise, rather than move beyond, current rate structures for those communities that host renewable energy projects; and
- (2) Amending its title accordingly.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 143, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 143, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1708 Water and Land on Gov. Msg. No. 516**

Recommending that the Senate advise and consent to the nomination of the following:

CHAIRPERSON, DEPARTMENT OF LAND AND NATURAL RESOURCES

G.M. No. 516 DAWN CHANG, for a term to expire 12-31-2026

Your Committee reviewed the personal history, resume, and statement submitted by Dawn Chang for service as the Chairperson of the Board of Land and Natural Resources.

Your Committee received testimony in support of the nomination for the appointment of Ms. Chang from the Governor; Department of Land and Natural Resources; Department of Law Enforcement; Department of Health; Department of Budget and Finance; Department of Transportation; Department of Taxation; Department of Agriculture; Department of Human Services; Department of Labor and Industrial Relations; Department of Public Safety; Department of Hawaiian Home Lands; Land Use Commission; Office of Enterprise Technology Services; Agribusiness Development Corporation; Hawaii Public Housing Authority; Department of Planning of the County of Kaua'i; Kaho'olawe Island Reserve Commission; Hawaii State Aha Moku; Mayor of the County of Kaua'i; one member of Maui County Council; one member of the Hawai'i County Council; one former Chairperson of the Board of Land and Natural Resources; one District Judge of the Court of the First Circuit; one retired Associate Justice of the Hawaii Supreme Court; McCandless Ranch; Waikiki Improvement Association; Hawai'i Harbors Users Group; PonoHolo Ranch; Matson Navigation Company, Inc.; The Native Hawaiian Gathering Rights Association; Hawaii Cattlemen's Council, Inc.; Historic Hawai'i Foundation; Hawaii Reserves, Inc.; Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; Ko'olau Foundation; Young Brothers, LLC; Pacific Resource Partnership; Hui 'Oihana; General Contractors Association of Hawaii; Cates Marine Service, LLC; Parker Ranch; Hawai'i Forest Industry Association; Hawai'i Farm Bureau; Hawaii Foodservice Alliance LLC; Ulupono Initiative; Hawaii Fish Company Inc.; Kapāpala Ranch; Jas. W. Glover, Ltd.; Maui County Farm Bureau; Hawaii Regional Council of Carpenters; Association of Hawaiian Civic Clubs; ILWU Local 142 Hawaii Longshore Division; Par Hawaii; LavaRock Farm; and one hundred forty individuals. Your Committee received testimony in opposition to the nomination for the appointment of Ms. Chang from KAHEA; forty-eight individuals; two internet-based form letters signed by more than nine-hundred individuals; and one petition signed by fifty-six individuals. Your Committee received comments on the nomination for the appointment of Ms. Chang from the Friends of Hanaua Bay and four individuals.

Ms. Chang has served as the interim Chairperson of the Board of Land and Natural Resources since January 2023 and has demonstrated a seemingly effortless ability to absorb and embody her role as Chairperson. Within her first ninety days, Ms. Chang has shown her calm, efficient, and collaborative approach to tackling several highly-public challenges faced by the Department of Land and Natural Resources — including the grounding of two separate vessels on Maui and the harassment of a dolphin pod by thirty-three swimmers in Honaunau Bay, Hawaii island — proving her mettle and adaptiveness under pressure. Previously, Ms. Chang worked as the principal and owner of Ho'ākea LLC, a woman-owned, Native Hawaiian consulting firm that specialized in assisting both public and private sector clients to plan for and resolve culturally sensitive issues that may arise in the course of project development. Ms. Chang's deep understanding of Native Hawaiian rights, culture, and historic preservation issues allowed her to skillfully assist, not just her federal, state, and private clients, but the impacted community groups as well, mediating issues to encourage all parties to voice their concerns and find workable solutions. Your Committee finds that Ms. Chang's two decades of experience in carefully balancing the competing interests of both business and conservation make her well-suited for her role as Chairperson, especially as the State continues to grapple with both climate-related conservation issues and the need for affordable housing and agricultural self-sustainability.

Ms. Chang also served on the Land Use Commission for six years following the Senate's confirmations of her appointment and reappointment by then Governor Ige. During her tenure, Ms. Chang once again helped balance competing interests, helping to preserve and protect the State's lands by encouraging those uses to which lands are best suited. Prior to that, and especially relevant here, Ms. Chang served as a Deputy Attorney General for the Land and Transportation Division, where she gained substantial legal experience in the areas of real property, administrative law, Native Hawaiian issues, riparian rights, and environmental law. Before then, Ms. Chang served as an appellate law clerk for the Honorable Walter M. Heen at the Intermediate Court of Appeals. Before making the decision to attend law school, Ms. Chang was a social worker specializing in assisting Hawaiian children and families in rural communities. Ms. Chang received her Juris Doctorate from the William S. Richardson School of Law; she received her Masters Degree in Social Work and a Bachelors Degree in Sociology from the University of Hawai'i at Manoa. Ms. Chang is a member of the Hawaii State Bar Association and the Native Hawaiian Bar Association.

Your Committee believes that Ms. Chang, with her unique background in business, conservation, and land use, in addition to her over twenty years of experience working in contentious and culturally sensitive Native Hawaiian issues, possesses the requisite qualifications to serve as the Chairperson of the Board of Land and Natural Resources. Your Committee finds that Ms. Chang's leadership ability and her willingness to work with others, including those who disagree, make her the right person to enhance and build trust between the Department and the community. Your Committee further notes that Ms. Chang's prior experience makes her especially well-suited to fully carry out the purpose and intent of Act 90, Session Laws of Hawaii 2003, which was enacted to transfer certain public lands classified for agricultural use from the Department of Land and Natural Resources to the Department of Agriculture for the development of farms and homeownership. Your Committee also notes the significant and moving testimony in support of Ms. Chang, which spoke to Ms. Chang's character, integrity, and values. Therefore, your Committee recommends that Dawn Chang be appointed as the Chairperson of the Board of Land and Natural Resources based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (McKelvey). Noes, none. Excused, none.

**SCRep. 1709 Commerce and Consumer Protection on H.B. No. 973**

The purpose and intent of this measure is to repeal the requirement for additional rules by the Department of Agriculture to address nuisance issues, including smell, noise, and excessive lighting arising out of the activities of hemp growers.

Your Committee received testimony in support of this measure from the Hawai'i Farmers Union United, Hawai'i Hemp Famers Association, and one individual.

Your Committee finds that under existing law, the Department of Agriculture is tasked with enforcing restrictions regarding the impact to surrounding communities from growing hemp within the State. As part of this duty, the Department of Agriculture is also tasked with adopting rules to address nuisance issues such as smell, noise, and excessive lighting arising from hemp growing. However, the Department of Health and county land use ordinances already address these issues, and thus, Department of Agriculture rules can create conflicting standards that may be imposed by the Department of Health and counties. Therefore, this measure repeals the requirement that the Department of Agriculture make additional rules, removing any duplicative regulation that may increase the challenges to enforcement.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 973, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 973, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (McKelvey). Noes, none. Excused, none.

**SCRep. 1710 Ways and Means on H.B. No. 1004**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (5) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (5) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1004, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1004, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1711 Ways and Means on H.B. No. 1005**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (6) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (6) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1005, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1005, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1712 Ways and Means on H.B. No. 1006**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (7) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System, Department of Budget and Finance, and University of Hawaii Professional Assembly.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (7) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1006, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1006, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1713 Ways and Means on H.B. No. 1007**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (8) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (8) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1007, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1007, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1714 Ways and Means on H.B. No. 1008**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (9) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (9) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1008, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1008, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1715 Ways and Means on H.B. No. 1009**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (10) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (10) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1009, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1716 Ways and Means on H.B. No. 1010**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (11) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Firefighters Association, Local 1463, IAFF, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (11) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1010, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1010, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1717 Ways and Means on H.B. No. 1011**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (13) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (13) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by:

- (1) Inserting unspecified amounts for public employment cost items of the legislative branch; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1011, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1011, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1718 Ways and Means on H.B. No. 1012**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (14) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (14) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1012, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1719 Ways and Means on H.B. No. 1000**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (1) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (1) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1000, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1000, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1720 Ways and Means on H.B. No. 1001**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (2) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (2) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1001, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1001, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1721 Ways and Means on H.B. No. 1002**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (3) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (3) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1002, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1002, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1722 Ways and Means on H.B. No. 1003**

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items, salary increases, and other cost adjustments for public employees in collective bargaining unit (4) and for their excluded counterparts for the 2023-2025 fiscal biennium.

Your Committee received written comments in support of this measure from the University of Hawaii System; Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the negotiations for the collective bargaining agreement for bargaining unit (4) are ongoing. This measure provides a legislative vehicle for which the additional costs of the bargaining unit and the members' excluded counterparts may be appropriated if an agreement is reached or an arbitration award is issued prior to the end of the 2023 Regular Session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1003, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1003, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1723 Ways and Means on H.B. No. 677**

The purpose and intent of this measure is to establish the dwelling unit revolving fund equity pilot program.

More specifically, this measure:

- (1) Requires the Hawaii Housing Finance and Development Corporation to establish a five-year dwelling unit revolving fund equity pilot program in which:
  - (A) The corporation purchases equity in for-sale housing development projects and allocates the equity to specific units;
  - (B) The price paid for each unit by an eligible purchaser is reduced by the corporation's equity amount; and
  - (C) The corporation's equity share is paid back to the corporation upon resale of the unit; and
- (2) Appropriates moneys for the dwelling unit revolving fund equity pilot program, including the establishment of one full-time equivalent (1.0 FTE) housing development specialist III position to support the pilot program.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that establishing a dwelling unit revolving fund equity pilot program will help to address the unmet demand for affordable for-sale housing in the State.

Your Committee has amended this measure by:

- (1) Changing the computation of interest, from a fixed seven percent rate to a rate established by the corporation, that a purchaser of certain real property is required to pay to the Hawaii Housing Finance and Development Corporation upon the purchaser's sale or assignment of the real property after a specified period of time;
- (2) Clarifying the dates by which the Hawaii Housing Finance and Development Corporation shall submit reports to the Legislature regarding the dwelling unit revolving fund equity pilot program;
- (3) Clarifying that certain requirements imposed by this measure shall remain in effect after June 30, 2028; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 677, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 677, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1724 Ways and Means on H.B. No. 852**

The purpose and intent of this measure is to amend state enterprise law by amending the definition of "eligible business activity" to include the processing of value-added agricultural products grown within an enterprise zone, and the development or production of renewable energy.

Your Committee received written comments in support of this measure from the Hawaii State Energy Office, Hawaii Food Industry Association, Hawaii Forest Industry Association, Ulupono Initiative, Hawaii Farm Bureau, Hawaii Gas, Hawaiian Electric, and Hawaii Clean Power Alliance.

Your Committee received written comments on this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; and Tax Foundation of Hawaii.

Your Committee finds that the State should pursue efforts to strengthen the local economy, support local farmers and rural communities, and reach renewable energy goals. Your Committee also finds that expanding the range of activities that qualify for the State's enterprise zone program, as proposed by this measure, will stimulate growth and development in the private sector, lead to advances in renewable energy, and help lower the cost of renewable energy projects.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 852, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 852, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1725 Ways and Means on H.B. No. 1248**

The purpose and intent of this measure is to appropriate moneys to the Department of Agriculture for the continued administration of the Hawaii Healthy Food Incentive Program and to provide matching funds to beneficiaries who participate in the Supplemental Nutrition Assistance Program.

Your Committee received written comments in support of this measure from the Department of Human Services; Department of Agriculture; Department of Health; Maui County Council; American Heart Association; Hawaii Public Health Institute; 350Hawaii; Hawaii Primary Care Association; Hawaii Pacific Health; Good Food Movement; Hawaii Children's Action Network Speaks!; The Food Basket, Inc.; We Are One, Inc.; Hawaii Alliance for Progressive Action; Hawaii Farm Bureau; Ulupono Initiative; Sustainable Molokai; Hawaii Farmers Union United; Hawaii Medical Service Association; Maui Hub; AlohaCare; Farm Link Hawaii; Hawaii Good Food Alliance; Hawaii Hunger Action Network; Hawaii Appleseed Center for Law and Economic Justice; Hawaii Food Industry Association; Hawaii Foodbank; Ai Pohaku - The Stone Eaters; Hawaii Reef and Ocean Coalition; Climate Protectors Hawaii; Hilo Food Hub; and numerous individuals.

Your Committee finds that the nutrition assistance programs supported by this measure will help address food insecurity and improve health outcomes for the State's residents by supporting the continued availability and accessibility of healthy foods.

Your Committee has amended this measure by:

- (1) Correcting the name of the National Institute of Food and Agriculture; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1248, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1248, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1726 Ways and Means on H.B. No. 1329**

The purpose and intent of this measure is to support the development of active shooter training in the State's public and charter schools.

More specifically, the measure:

- (1) Requires the Department of Education to work with certain organizations to develop and implement an active shooter training program in all public and charter schools under the jurisdiction of the Department; and
- (2) Exempts public and charter school students from participating in the active shooter training program developed by the Department.

Your Committee received written comments in support of this measure from the Department of Education and four individuals.

Your Committee received written comments on this measure from the State Public Charter School Commission.

Your Committee finds that the open-air settings of many of the State's public and charter schools pose security concerns for school administrators and law enforcement. The active shooter training program required by this measure will help ensure that the State's schools are more prepared to effectively address an active shooter threat.

Your Committee has amended this measure by:

- (1) Deleting the words "under the jurisdiction of the department" to avoid any confusion or uncertainty about the schools to which the measure applies, as recommended in testimony from the State Public Charter School Commission;
- (2) Clarifying that public and charter school students may decline to participate in active shooter training; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1329, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1329, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1727 (Majority) Ways and Means on H.B. No. 1385**

The purpose and intent of this measure is to improve transparency with respect to extensions of leases of public lands.

More specifically, the measure provides that:

- (1) The Board of Land and Natural Resources shall not unilaterally amend the terms and conditions of any lease of public lands being extended pursuant to Act 149, Session Laws of Hawaii 2018 (Act 149), codified at Part X of Chapter 171, Hawaii Revised Statutes (HRS), except as otherwise provided therein; and
- (2) If the Board wishes to amend the terms and conditions of any lease of public lands being extended pursuant to Act 149 to reflect the Board's most current lease form and leasing practices and policies, the lease form and leasing practices and policies

must be included in the rules of the Board governing the extension of leases pursuant to Act 149 or Chapter 171, HRS, adopted by the Board in accordance with Chapter 91, HRS.

Your Committee received written comments in support of this measure from the Department of Research and Development of the County of Hawaii, Hilo Fish Co, and one individual.

Your Committee received written comments in opposition to this measure from the Department of Land and Natural Resources, Kupuna for the Mo'opuna, Hawaii Alliance for Progressive Action, Sierra Club of Hawaii, and numerous individuals.

Your Committee received written comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that the Board of Land and Natural Resources has been unilaterally approving extensions of leases pursuant to Act 149 by amending the lease terms and conditions to conform to the Board's most current lease form and leasing practices and policies, despite the lack of any provision in Act 149 expressly allowing the Board to do so. Your Committee further finds that requiring that any amendments to the terms and conditions of lease extensions comply with Part X of Chapter 171, HRS, or be included in the Board's administrative rules adopted in accordance with Chapter 91, HRS, will provide for more consistency and transparency in these processes.

Your Committee has amended this measure by:

- (1) Specifying that nothing in section 171-192, HRS, with respect to lease restrictions as amended by section 2 of the measure, shall diminish, alter, or amend any existing rights, privileges, or practices of the Native Hawaiian people;
- (2) Inserting the contents of Senate Bill No. 1235, S.D. 2, as Parts II through V of the measure to provide as follows:
  - (A) Establishing a temporary public land trust working group within the Office of the Governor to compile a definitive inventory of public land trust lands;
  - (B) Appropriating funds to the Office of Hawaiian Affairs for repairs to bulkheads and revetments located in certain parcels conveyed to the Office;
  - (C) Requiring and appropriating funds for the Office of Hawaiian Affairs to conduct a programmatic environmental impact statement for any development projects within the Kakaako Makai area of the public land trust; and
  - (D) Appropriating funds to the Office of Hawaiian Affairs for certain construction costs for the development of Kukaniloko; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1385, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1385, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Fevella). Excused, none.

**SCRep. 1728 (Majority) Judiciary on H.B. No. 525**

The purpose and intent of this measure is to implement the 2022 Uniform Commercial Code Amendments set forth by the Uniform Law Commission.

Your Committee received testimony in support of this measure from the State of Hawaii Commission to Promote Uniform Legislation. Your Committee received testimony in opposition to this measure from the Hawaii County General Jural Assembly; Shakamaps LLC; Aloha Freedom Coalition; Maui Hula Wahine LLC; For Our Rights; Amare is Aloha; Parents United for Hawaii; Therapeutic Touch of Hawaii; CV4CR Inc.; and approximately seven hundred fifteen individuals. Your Committee received comments on this measure from the Uniform Law Commission and Grassroot Institute of Hawaii.

Your Committee finds that the Uniform Commercial Code provides a set of laws for broad categories of commercial transactions. In 2022, the Uniform Commercial Code was amended to reflect the economy's shift towards services, software, and information-based transactions. This measure adopts the amendments to the Uniform Commercial Code to reflect the current economy.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 525, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 525, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1729 Judiciary on H.B. No. 777**

The purpose and intent of this measure is to authorize the Department of Human Services to conduct background checks for current and prospective employees, volunteers, contractors, contractors' employees and volunteers, subcontractors, and subcontractors' employees and volunteers whose position places them or would place them in close proximity to certain minors, young adults, or vulnerable adults.

Your Committee received testimony in support of this measure from the Department of Human Services, Catholic Charities Hawai'i, Hawai'i Health Systems Corporation, and five individuals. Your Committee received comments on this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that the current pre-employment background clearance process includes the State of Hawaii name-based criminal history record check. It relies on prospective new hires to self-report any convictions outside of the State of Hawaii. Having the statutory authority to conduct comprehensive national and state fingerprint-based criminal history record checks and periodic rechecks will allow the Department of Human Services to obtain information directly from the Federal Bureau of Investigations and the Hawaii Criminal Justice Data Center. This measure authorizes the Department of Human Services to conduct national and state background checks, which will ensure the health, safety, and well-being of minors, young adults, and vulnerable adults receiving child welfare, child protective services, extended foster care, higher education supports, social services, and adult protective or community services from the Department of Human Services.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 777, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 777, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1730      Judiciary on H.B. No. 581**

The purpose and intent of this measure is to:

- (1) Require certain individuals attempting to serve as child custody evaluators to complete a training course on the dynamics of domestic violence every three years; and
- (2) Require individuals to submit a letter or certificate of completion to the family court.

Your Committee received testimony in support of this measure from the Judiciary, Hawai'i State Coalition Against Domestic Violence, Democratic Party of Hawai'i Women's Caucus, and nine individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the lack of domestic violence training for custody evaluators and fact-finders too often results in inconsistent outcomes for survivors of domestic violence and their children. Survivors report feeling re-victimized by their interactions with custody evaluators and fact-finders and some choose not to proceed with the custody process at all. Survivors and their children are not justly served when custody evaluators and fact-finders are not trained to recognize the dynamics of domestic violence and how the abusive parent could be using tactics of power and control in a custody case. This measure will ensure that custody and fact-finders have the training and knowledge about the dynamics of domestic violence and its impact on children.

Your Committee has amended this measure by making it effective upon its approval.

Your Committee notes that although this measure is effective upon its approval, the statutory language in the measure specifies that the new requirements shall be effective beginning July 1, 2024.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 581, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 581, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1731      (Majority) Judiciary on H.B. No. 118**

The purpose and intent of this measure is to:

- (1) Clarify that each county may, by ordinance, designate certain sections of county highways as areas in which stopping, standing, or parking vehicles is prohibited or restricted; and
- (2) Provide that any federal or state agency authorizing a road closure shall supersede a county ordinance.

Your Committee received testimony in support of this measure from the Department of Transportation, one member of the Maui County Council, and Hawai'i State Association of Counties.

Your Committee finds that many popular scenic areas draw thousands of visitors who overburden state and county roads and highways and contribute to illegal parking that causes traffic gridlock and complaints from local communities. Your Committee also finds that Act 250, Session Laws of Hawaii 2019, established the State Highway Enforcement Program, which added a surcharge for illegal parking violations. Act 250 required that fifty percent of the surcharge revenue be distributed to county police departments, which are vital to the enforcement of parking violations. This measure will authorize the counties to designate, by ordinance, specific sections of county highways subject to stopping, standing, and parking laws to enhance enforcement against illegal parking violations and provide for parking management improvements.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 118, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 118, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1732 Judiciary on H.B. No. 615**

The purpose and intent of this measure is to clarify that any provision in a private agreement contained in a conveyance of land recorded on or before July 8, 2003, that has since expired but has not been renewed and recorded in the Bureau of Conveyances is prohibited from restricting bona fide agricultural uses and activities on agricultural land.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning and Sustainable Development, and Hawai'i Farm Bureau.

Your Committee finds that this measure is aligned with prior legislation that prohibits private restrictions of agricultural activities and uses on agricultural land.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 615, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 615, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1733 Ways and Means on H.B. No. 547**

The purpose and intent of this measure is to establish a two-year pilot program to subsidize the hourly pay of child care workers for the purpose of retaining those workers in the field of infant and toddler care.

Your Committee received written comments in support of this measure from the Early Learning Board; Executive Office on Early Learning; a member of the Hawaii County Council; American Association of University Women of Hawaii; HPM Building Supply; aio; Parents and Children Together; Holomua Collaborative; Title Guaranty Hawaii; Hawaiian Host Group; Early Childhood Action Strategy; Hawaii Gas; Hawaii Community Foundation; Hawaii State Coalition Against Domestic Violence; Tori Richard, Ltd.; Healthy Mothers Healthy Babies Coalition of Hawaii; Save Medicaid Hawaii; We Are Oceania; and numerous individuals.

Your Committee received written comments on this measure from the Department of Human Services and Hawaii Children's Action Network Speaks!.

Your Committee finds that there are an estimated five hundred fifty child care workers in the State who are potentially eligible for a subsidy under the pilot program, but the Department of Human Services does not have the resources to process that volume of expected requests. Your Committee notes that there are sixty-seven licensed infant and toddler child care centers in the State. Your Committee believes that it would be more efficient to provide that the application for a subsidy be made by the infant and toddler child care centers for the benefit of their workers and require that the infant and toddler child care centers compile the information for their respective child care workers into an application for submission to the Department.

Your Committee has amended this measure by:

- (1) Providing that infant and toddler child care centers, instead of individual child care workers, apply for the subsidy and enter into a contract with the Department of Human Services to receive the subsidy;
- (2) Inserting an effective date of July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 547, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 547, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1734 Ways and Means on H.B. No. 1369**

The purpose and intent of this measure is to ensure the financial viability of long-term care facilities in the State.

Specifically, this measure:

- (1) Makes the nursing facility sustainability program permanent;
- (2) Makes various amendments to the nursing facility sustainability program;
- (3) Repeals the nursing facility tax; and
- (4) Appropriates funds from the nursing facility sustainability program special fund.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Pacific Health, Hawaii Primary Care Association, and The Queen's Health Systems.

Your Committee received written comments on this measure from the Department of Taxation and Healthcare Association of Hawaii.

Your Committee finds that, since it was established in 2012, the nursing facility sustainability program has served a critical role in strengthening the State's long-term care system. In particular, the program has helped long-term care facilities treat some of the most vulnerable patients in Hawaii. Your Committee further finds that making this program permanent will help to ensure the future sustainability of these facilities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1369, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1369, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1735 Ways and Means on H.B. No. 224**

The purpose and intent of this measure is to require the Hawaii Public Housing Authority to establish, appropriate moneys for, and require legislative reports for, a two-year public housing tenant upward mobility pilot program.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that many public housing tenants lack training or experience needed to obtain gainful employment. Your Committee finds that a pilot program that provides part-time, on-the-job paid training, as proposed by this measure, may be a vehicle for these tenants to learn skills, increase their incomes, and eventually transition out of public housing.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$500,000 to an unspecified amount to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 224, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1736 Ways and Means on H.B. No. 278**

The purpose and intent of this measure is to appropriate moneys to the Executive Office on Aging to create an Alzheimer's disease and related dementias public health campaign.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities; AARP Hawaii; Hale Hauoli Hawaii; Hawaii Family Caregiver Coalition; Hawaii Ironworkers Stabilization Fund; Hydroponics Alternatives, LLC; International Longshore and Warehouse Union Local 142; Papa Ola Lokahi; The Kupuna Caucus of the Democratic Party of Hawaii; United Public Workers; and numerous individuals.

Your Committee received written comments on this measure from the Executive Office on Aging of the Department of Health, Alzheimer's Association, and Hawaii Primary Care Association

Your Committee finds that educating the public about Alzheimer's disease and related dementias will promote healthy aging, support caregivers, and encourage people having cognitive impairments to communicate with health care professionals.

Your Committee has amended this measure by:

- (1) Clarifying the scope of the appropriations;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 278, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 278, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1737 Ways and Means on H.B. No. 346**

The purpose and intent of this measure is to provide for the installation of electric vehicle charging infrastructure in state facilities.

More specifically, this measure:

- (1) Requires that all new state building construction that includes parking be designed so that at least twenty-five percent of provided parking stalls are electric vehicle charger-ready;
- (2) Requires the Hawaii State Energy Office, in consultation with the Department of Accounting and General Services and Department of Transportation, to survey existing state facilities that include parking, prioritize retrofitting state facilities with electric vehicle charging systems, and submit a report to the Legislature;
- (3) Establishes as a goal of the State that state facilities be retrofitted to be electric vehicle charger-ready; and
- (4) Appropriates moneys to the Department of Accounting and General Services to conduct a detailed cost analysis and install, or contract for the installation of, retrofits and electric vehicle charging systems at certain state facilities.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, Department of Transportation, Hawaii State Energy Office, 350Hawaii, Alliance for Automotive Innovation, Blue Planet Foundation, Climate Protectors Hawaii, Hawaii Automobile Dealers' Association, Hawaii EV Association, Hawaiian Electric Company, Kauai Climate ACTION Coalition, The Environmental Caucus of the Democratic Party of Hawaii, Ulupono Initiative, and numerous individuals.

Your Committee received written comments on this measure from Big Island Electric Vehicle Association and three individuals.

Your Committee finds that including electric vehicle charging infrastructure in state facilities will help to support the increased adoption of electric vehicles in the State and the State's transition to clean transportation.

Your Committee has amended this measure by:

- (1) Clarifying the duties of the Hawaii State Energy Office;
- (2) Clarifying the scope of the appropriations; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 346, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 346, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Fevella). Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1738 Ways and Means on H.B. No. 953**

The purpose and intent of this measure is to require and appropriate moneys to the Department of Land and Natural Resources to develop and publish a website that contains the application processes necessary to acquire a permit, license, or reservation to conduct recreational and commercial activities that are regulated by or under the jurisdiction of the Department.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Resources Legacy Fund, and one individual.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that many members of the public face difficulties with the current online processes for obtaining permits, licenses, or reservations processed by the Department of Land and Natural Resources. Accordingly, your Committee finds that an effort to consolidate application processes, as proposed by this measure, will facilitate and streamline these processes for residents, visitors, and businesses.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 953, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 953, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Aquino, Shimabukuro).

**SCRep. 1739 Ways and Means on H.B. No. 960**

The purpose and intent of this measure is to appropriate moneys into and out of the school facilities special fund for the School Facilities Authority to construct new school facilities and expand existing school facilities for prekindergarten students.

Your Committee received written comments in support of this measure from the Hawaii State Teachers Association, School Facilities Authority, Office of the Lieutenant Governor, University of Hawaii, Executive Office on Early Learning, HE'E Coalition, Kamehameha Schools, and one individual.

Your Committee received written comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that the School Facilities Authority is considering expending some of the moneys appropriated by this measure to establish prekindergarten facilities at locations outside of existing school grounds. Accordingly, your Committee believes

that amending the powers of the School Facilities Authority to explicitly allow for the construction of prekindergarten facilities will help to achieve the intent of the measure.

Your Committee has amended this measure by adding provisions that explicitly include the development and construction of prekindergarten facilities among the powers of the School Facilities Authority.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 960, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 960, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Aquino, Shimabukuro).

**SCRep. 1740 Ways and Means on H.B. No. 964**

The purpose and intent of this measure is to facilitate the certification of documents.

Specifically, the measure:

- (1) Establishes a fee, to be assessed by the Lieutenant Governor, for the issuance of apostilles or non-apostille certifications;
- (2) Establishes an apostilles and certifications special fund, from which moneys may be expended for certain operational expenses; and
- (3) Appropriates moneys out of the apostilles and certifications special fund for operational expenses relating to the purposes of the measure.

Your Committee received written comments in support of this measure from the Lieutenant Governor and Department of Health.

Your Committee finds that each year, the Office of the Lieutenant Governor provides thousands of authentications for public and general documents that fall within the scope of this measure. These documents include marriage certificates, birth certificates, divorce decrees, wills, powers of attorney, and other documents. Your Committee finds that this measure would provide the Office with funding necessary to improve its efficiency in processing these documents.

Your Committee has amended this measure by:

- (1) Including legislative appropriations among the funding sources for the apostilles and certifications special fund; and
- (2) Appropriating and depositing an unspecified sum from the general fund into the apostilles and certifications special fund; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 964, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 964, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1741 Ways and Means on H.B. No. 1148**

The purpose and intent of this measure is to appropriate moneys to support and expand the University of Hawaii's mental health technician certificate of competence program.

Your Committee received written comments in support of this measure from the Adult Mental Health Division of the Department of Health, Hawaii State Council on Mental Health, Judiciary, University of Hawaii, Hawaii Substance Abuse Coalition, University of Hawaii Professional Assembly, and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that supporting the University of Hawaii's mental health technician certificate of competence program will help to address the critical shortage of mental health workers in the State.

Your Committee has amended this measure by:

- (1) Deleting the appropriations made to the University of Hawaii;
- (2) Inserting an appropriation to the Office of the Governor for the establishment of one temporary full-time equivalent (1.0 FTE) mental health technician certificate of competence program coordinator position;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1148, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1148, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1742 Ways and Means on H.B. No. 1183**

The purpose and intent of this measure is to enable the stewardship of state parks by community- and place-based nonprofit organizations.

Specifically, this measure exempts parking lot operations at state parks and operation of concessions at certain state parks from the bidding requirements for concessions operated on public property.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and Hui Maka'ainana o Makana.

Your Committee finds that the exemption created by this measure would apply only to certain operations within state parks that are designated by the Board of Land and Natural Resources as environmentally, culturally, historically, or operationally unique. Your Committee further finds that this limited exemption will allow for the specialized care and management of some of the State's most important natural and cultural resources.

Your Committee has amended this measure by correcting a reference to destination management action plans in the preamble.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1183, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1183, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1743 Ways and Means on H.B. No. 1250**

The purpose and intent of this measure is to establish labeling requirements for mamaki tea that is grown in the State and to appropriate moneys to the Department of Agriculture to administer the requirements.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau, Hawaii Farmers Union United, and one individual.

Your Committee finds that the labeling requirements established by this measure will help protect one of Hawaii's agriculturally important crops and prevent the deceptive or misleading marketing of mamaki tea.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1250, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1250, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1744 Ways and Means on H.B. No. 1340**

The purpose and intent of this measure is to authorize the Director of Health to establish a Temporary Breakthrough Therapy Designation Advisory Council within three months of certain breakthrough therapy designation approvals by the United States Food and Drug Administration.

Your Committee received written comments in support of this measure from the Office of Wellness and Resilience in the Office of the Governor, Department of Health, Hawaii Psychological Association, Beyond Mental Health, Clarity Project, Honolulu Psychotherapy, and numerous individuals.

Your Committee finds that the advisory council required by this measure will help prepare the State for future treatments and technologies that have applications in behavioral health and are expected to receive full approval by the United States Food and Drug Administration in the next four to six years.

Your Committee has amended this measure by:

- (1) Requiring, rather than authorizing, the Director of Health to establish a Temporary Breakthrough Therapy Designation Advisory Council upon the United States Food and Drug Administration's approval of certain breakthrough therapy designations;
- (2) Clarifying that representatives from private entities should be invited to serve as members of the advisory council; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1340, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1340, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1745 Ways and Means on H.B. No. 1363**

The purpose and intent of this measure is to amend the county surcharge on state tax.

Specifically, this measure:

- (1) Extends the period within which a county may adopt a surcharge on state tax, under certain conditions, from March 31, 2019, to December 31, 2023;
- (2) Authorizes, in certain instances, the use of county surcharge revenues for housing infrastructure; and
- (3) Temporarily authorizes counties that have previously adopted a surcharge on state tax to amend the uses of the surcharge.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation, Office of Planning and Sustainable Development, Office of the Mayor of the County of Maui, a member of the Maui County Council, Hawaii Association of REALTORS, Land Use Research Foundation of Hawaii, and Maui Metropolitan Planning Organization.

Your Committee received written comments on this measure from the Department of Taxation, NAIOP Hawaii Chapter, and Tax Foundation of Hawaii.

Your Committee finds that the development of housing is of critical importance to the State. Your Committee also finds that the high cost of developing infrastructure to support housing is often transferred by private developers to homebuyers. Your Committee further finds that this measure is intended to implement a policy shift with regard to the development of housing by making the counties, rather than private developers, responsible for the location, planning, and development of infrastructure to support housing. Your Committee believes that authorizing a county to use revenues from the county surcharge on state tax for housing infrastructure would provide the funding necessary to effect this change in policy.

Your Committee has amended this measure by:

- (1) Clarifying the dates upon which the Director of Taxation will begin to levy, assess, and collect a newly-established county surcharge on state tax; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1363, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1363, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1746 Ways and Means on H.B. No. 1394**

The purpose and intent of this measure is to improve the ability of the Department of Land and Natural Resources to manage popular hiking locations under its jurisdiction.

More specifically, the measure appropriates funds to the Department of Land and Natural Resources for supplies, vehicles, contracts, and additional staffing positions for the Department's Division of Forestry and Wildlife to manage "hotspots" at trailheads leading to the hiking trails of Na Ala Hele, the State's trail and access program.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Tourism Authority, Hawaii Bicycling League, Land Use Research Foundation of Hawaii, and six individuals.

Your Committee finds that the popularity of certain hiking trails, which grew dramatically during the coronavirus disease 2019 pandemic, has resulted in trailheads being overwhelmed by large numbers of residents and visitors. Your Committee further finds that the additional resources provided by this measure will support the Division of Forestry and Wildlife in managing access to these trails by working with stakeholders to identify and implement alternative solutions in coordination with state and county agencies.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1394, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1394, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1747 Ways and Means on H.B. No. 1439**

The purpose and intent of this measure is to reduce the number of residential tenant evictions and decrease the number of eviction cases in the court system.

More specifically, the measure:

- (1) Establishes a pilot program that adopts the most effective provisions of Act 57, Session Laws of Hawaii 2021 (Act 57), that:
  - (A) Extends the period for a notice of termination of the rental agreement from five business days to ten calendar days;
  - (B) Requires landlords to engage in mediation and delay filing an action for summary possession if a tenant schedules or attempts to schedule a mediation; and

- (C) Requires landlords to provide specific information in the ten-calendar-day notice to tenants, which shall also be provided to a mediation center that offers free mediation for residential landlord-tenant disputes;
- (2) Appropriates funds for the pre-litigation mediation pilot program; and
- (3) Establishes and appropriates funds for an emergency rent relief program for participants in pre-litigation mediation, to provide resources that will help tenants avoid eviction and maintain stable tenancies.

Your Committee received written comments in support of this measure from the Department of Human Services; Judiciary; Hawaii Public Housing Authority; AlohaCare; Catholic Charities Hawaii; Hawaii Children's Action Network Speaks!; Papa Ola Lokahi; Hawaii State Coalition Against Domestic Violence; Hawaiian Humane Society; Ku'ikahi Mediation Center; Mediation Center of the Pacific, Inc.; Housing Hawaii's Future; and numerous individuals.

Your Committee received written comments on this measure from the Chamber of Sustainable Commerce, Hawaii Housing Affordability Coalition, Hawaii Realtors, Hawaii Appleseed Center for Law and Economic Justice, and PAL Kauai.

Your Committee finds that this measure, which temporarily re-establishes the widely successful mediation procedures created by Act 57, will improve housing stability for more renters in the State by increasing the number of disputes that may be settled without filing a summary possession case in court, and by increasing the number of settlements in which the parties agree that the tenant may continue residing in the dwelling unit.

Your Committee has amended this measure by:

- (1) Clarifying that a ten-calendar-day notice mailed to a tenant shall be deemed to have been received two business days after the date of the postmark;
- (2) Clarifying that the cap on the total amount of payments made to participants each year under the Emergency Rent Relief Program pertains to the fiscal year and not the calendar year; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1439, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1439, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1748 Commerce and Consumer Protection on H.B. No. 704**

The purpose and intent of this measure is to:

- (1) Provide an exemption for flatbed trucks from registration renewals and initial registrations of motor carrier vehicles when used as marine terminal equipment temporarily moving in or between certain terminals; and
- (2) Add new terminal locales and roadways to be covered under the exemption.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that existing law limits unregistered motor vehicles used as marine terminal equipment to operate only between specified terminals on public roads. This measure allows for unregistered flatbed trucks to also be used temporarily as marine terminal equipment to expedite movement between terminals and also expands the list of roadways that may be used by marine terminal equipment.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 704, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 704, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1749 Commerce and Consumer Protection on H.B. No. 217**

The purpose and intent of this measure is to:

- (1) Update the cost valuations of work on certain residences for the work to qualify for an exemption from the requirement that plans and specifications for construction projects be prepared by a licensed engineer or architect; and
- (2) Clarify the types of work that shall not be exempted from the requirement that plans be prepared by a licensed engineer or architect.

Your Committee received testimony in support of this measure from the American Institute of Architects Hawaii Council; Crossland Engineering, LLC; Hawaii Solar Energy Association; and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; Our Revolution Hawaii; and 350Hawaii.org.

Your Committee finds that existing law requires that plans and specifications for construction projects on certain buildings, including residences, must be prepared by a licensed engineer or architect, unless the estimated cost of the work is under a certain dollar amount. The law was last amended in 1979 and the value of one dollar in 1979 is now equivalent to over four dollars. Accordingly, this measure updates cost valuations of certain work that can be performed without plans or specifications prepared by a licensed engineer or architect, thus decreasing the cost for homeowners to make renovations to their homes.

Your Committee has amended this measure by:

- (1) Inserting unspecified amounts for the cost valuations of work on certain residences for the work to qualify for an exemption from the requirement that plans and specifications for construction projects be prepared by a licensed engineer or architect; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 217, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 217, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1750 Commerce and Consumer Protection on H.B. No. 1091**

The purpose and intent of this measure is to require disclosure of all existing permitted and unpermitted erosion control structures on the parcel and the annual coastal erosion rate for the zoning lot in real estate transactions when residential real property lies adjacent to the shoreline.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i System, Office of Planning and Sustainable Development, and one individual. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that the vulnerability of coastal properties due to erosion and flooding from seasonal waves and storms is increasing with sea level rise. It is critical that buyers of coastal property in the State understand the hazards and risks they are assuming in purchasing oceanfront property. Therefore, this measure requires real estate disclosures to include certain erosion and erosion control information to support informed decision-making by buyers and government agencies.

Your Committee acknowledges the concerns raised in testimony that a seller may not have knowledge of or control over structures on state land and thus would be unable to disclose the existence of those structures. However, your Committee notes that erosion control structures are typically conspicuous and large in size, and it is unlikely that homeowners are unaware of their existence. Accordingly, the existence of these structures should be disclosed when a property is listed for sale. Amendments to this measure are therefore necessary to address these concerns.

Your Committee has amended this measure by clarifying that when residential real property lies adjacent to the shoreline, the seller shall disclose any notices of alleged violation associated with the parcel and any fines for expired permits or unpermitted structures associated with the parcel.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1091, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1091, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1751 Commerce and Consumer Protection on H.B. No. 24**

The purpose and intent of this measure is to clarify that a common water carrier may enter into vessel leases longer than five years or enter into leverage leases for vessels upon prior approval of the Public Utilities Commission (PUC).

Your Committee received testimony in support of this measure from the Public Utilities Commission; Hawaii Harbor Users Group; Matson Navigation Company, Inc; Young Brothers, LLC; and Soderholm Sales and Leasing, Inc. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the ability for residents and business to move goods between the islands at affordable rates is critical to the neighbor island communities' economic well-being, as they are reliant on the interisland cargo services that water common carriers provide. Long-term leases and leverage lease agreements impact and add to a water common carriers' costs, which in turn, are a component of the rates that water common carriers impose on residents and businesses. Under existing law, a water common carrier must receive approval from the PUC before entering into a long-term lease of more than three years or a leverage lease. However, the approval process can impede a water common carrier's ability to timely secure needed equipment or property. This measure would narrow the scope of the types of leases that require PUC approval, thus streamlining necessary business processes for water common carriers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 24, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 24, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1752 Commerce and Consumer Protection on H.B. No. 218**

The purpose and intent of this measure is to:

- (1) Require certain pharmacies to provide accessible prescription drug label information to individuals who have difficulty seeing or reading prescription drug container labels and inform the public that prescription drug label information is available in alternate accessible formats for individuals who have difficulty seeing or reading prescription drug container labels; and
- (2) Require the Board of Pharmacy to adopt certain rules by December 31, 2024.

Your Committee received testimony in support of this measure from the National Federation of the Blind, National Organization of Parents of Blind Children Hawaii, and eight individuals. Your Committee received comments on this measure from the Department of Human Services and Board of Pharmacy.

Your Committee finds that currently, blind or visually impaired individuals who take prescription medications must often get assistance from others to read medication labels to determine what medicine they are taking. Furthermore, a person's eyesight can deteriorate as they age, and those in advanced age generally take more medication. In these cases, managing prescriptions independently and safely can become an overwhelming issue. This measure will help to reduce these concerns by requiring pharmacies to provide accessible prescription drug label information to individuals who are visually impaired.

Your Committee acknowledges the concerns raised in testimony that this measure, as currently written, provides a blanket exemption from the requirement to provide accessible prescription drug label information for pharmacies with not more than two pharmacists. Your Committee recognizes that all pharmacies, regardless of size, are covered by the Americans with Disabilities Act, and thus, even small pharmacies should be required to comply with the provisions of this measure, unless doing so would result in an undue burden. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committee has amended this measure by inserting language requiring pharmacies with not more than two pharmacists to request and receive an exemption from the Board of Pharmacy in order to be exempt from the requirements of this measure.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 218, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 218, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1753 Judiciary on H.B. No. 695**

The purpose and intent of this measure is to allow for the use of battery-charged security fences used for non-agricultural purposes, under certain circumstances.

Your Committee received testimony in support of this measure from Electronic Security Association; Amarak Ultimate Perimeter Security; and Penske Truck Leasing Co., L.P.

Your Committee finds that existing state law does not clearly differentiate between the use of battery-charged security fences in a non-agricultural setting and electrical fences in an agricultural setting. Your Committee notes that battery-charged security fences are a common solution when dealing with pervasive theft in areas of high risk for crime. According to the most recent statistics, approximately \$85,000,000 in property value was reported stolen in the State, an increase of 6.6 percent from the figure reported in the prior year. This measure seeks to deter and decrease crime quickly and effectively through the use of battery-charged security fences.

Your Committee has amended this measure by inserting an effective date of March 22, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 695, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 695, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1754 Judiciary on H.B. No. 1058**

The purpose and intent of this measure is to require an adopted individual to be considered a child of both the adopted and natural parents for the sole purpose of determining familial relationships, including for purposes of the Hawaiian Homes Commission Act.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and three individuals.

Your Committee finds that pursuant to section 578-16(b), Hawaii Revised Statutes, the former legal parent or parents of an adopted individual and any other former legal kindred is not considered to be related to the individual as provided in the Uniform Probate Code. As an unintended consequence, there are cases where Hawaiian home land lessees, as well as waiting list applicants, who have biological children that were adopted, could not transfer and succeed a lease to those biological children, or designate the biological child as a successor to a lease application, as the relationship between parent and child is effectively severed by the adoption. In other cases, lessees and waiting list applicants who were adopted, could not transfer and succeed a lease to their natural family members, or designate a natural family member as a successor to a lease application, due to having been adopted. This measure will allow the

adopted individual and the individual's natural family to maintain the same familial relationship in order to transfer and succeed to a lease, or succeed to a lease application, despite the legal effect of adoption.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1058, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1058, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1755 Judiciary on H.B. No. 1081**

The purpose and intent of this measure is to clarify the penalty to be assessed on any person who intentionally operates a care facility without a certificate or license.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that unlicensed care homes continue to operate and pose a danger to the public and, in particular, frail, elderly, and vulnerable populations. Your Committee further finds that under existing law, there are two provisions that assess administrative penalties that may be imposed on care home operators. Under section 321-486.3, Hawaii Revised Statutes, the fine for each day of uncertified or unlicensed operation of a care home is only \$100 for the first violation, up to a maximum of \$1,000 for subsequent violations. Your Committee notes that unlicensed care homes charge as much as \$8,000 per month per client for multiple clients. A penalty under section 321-20(1), Hawaii Revised Statutes, of up to \$1,000 per day regardless of the number of prior violations would be a better remedial penalty to prevent operators from financially benefiting from operating a care home without a certificate or license. This measure will repeal section 321-486.3, Hawaii Revised Statutes, which is not a sufficient penalty to deter unlicensed operators from attempting to profit at the hands of vulnerable elderly and ensures that the more effective penalty as provided by section 321-20(1), Hawaii Revised Statutes, is available.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1081, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1081, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1756 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 554**

The purpose and intent of this measure is to require the University of Hawaii to provide training and awareness programs on sexual misconduct.

More specifically, this measure:

- (1) Requires the University of Hawaii to:
  - (A) Ensure that any individual participating in the University's disciplinary process has training or experience in handling sexual misconduct complaints and the University's disciplinary process; and
  - (B) Provide mandatory annual trauma-informed, gender-inclusive, LGBTQ+-inclusive sexual misconduct primary prevention and awareness programming for University of Hawaii students and employees;
- (2) Prohibits the University of Hawaii from taking certain disciplinary actions against either persons who report sexual misconduct or witnesses of sexual misconduct, unless certain exceptions apply; and
- (3) Appropriates moneys to the University of Hawaii to establish four full-time equivalent (4.0 FTE) positions.

Your Committees received written comments in support of this measure from the State Council on Developmental Disabilities, AAUW of Hawaii, Democratic Party of Hawaii Education Caucus, Every Voice Coalition, Every Voice Hawaii, Hawaii State Coalition Against Domestic Violence, Hawaii State Democratic Women's Caucus, Imua Alliance, Stonewall Caucus of the Democratic Party of Hawaii, and numerous individuals.

Your Committees received written comments on this measure from the University of Hawaii.

Your Committees find that requiring the University of Hawaii to provide mandatory annual trauma-informed, gender-inclusive, LGBTQ+-inclusive sexual misconduct primary prevention and awareness programming for its students will help to prevent sexual misconduct and make students feel safer and more supported.

Your Committees have amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 554, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 554, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.  
 Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).  
 Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1757 (Joint) Ways and Means and Judiciary on H.B. No. 982**

The purpose and intent of this measure is to facilitate the enforcement of laws relating to tobacco.

Specifically, this measure amends:

- (1) The amount of funds that the tobacco enforcement special fund can carry over at the end of each fiscal year;
- (2) The cigarette tax stamp fee and the percentage of that fee allotted to the tobacco enforcement special fund; and
- (3) The sum of moneys received from the tobacco settlement that are deposited to the credit of the tobacco enforcement special fund.

Your Committees received written comments in support of this measure from the Department of the Attorney General, Department of Health, Hawaii Public Health Institute, Hawaii Primary Care Association, and American Cancer Society Cancer Action Network.

Your Committees received written comments in opposition to this measure from the Hawaii Smokers Alliance and four individuals.

Your Committees received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committees find that the tobacco enforcement special fund is the source of funding for efforts to administer, monitor, and enforce the master settlement agreement and related state tobacco laws. Your Committees also find that increasing the amount of moneys distributed to and retained in the fund will ensure that these enforcement efforts continue.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 982, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 982, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.  
 Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).  
 Judiciary: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1758 (Majority) Judiciary on H.B. No. 668**

The purpose and intent of this measure is to:

- (1) Condition the authority of a county whose population is greater than five hundred thousand to exercise state housing powers upon the county's continued compliance with provisions regarding accepting dedication of infrastructure and public highways in affordable housing developments; and
- (2) Amend various provisions relating to the dedication of infrastructure to a county.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that this measure is intended to facilitate the acceptance of the dedication of infrastructure and public highways by the City and County of Honolulu, including those of the Villages of Kapolei master planned community. Your Committee recognizes that the infrastructure improvements of the Villages of Kapolei were constructed in accordance with Act 15, Session Laws of Hawaii 1998 (Act 15), which created exemptions from various zoning and subdivision laws to expedite the development of affordable housing, and notes that the City and County of Honolulu has a duty to accept dedication of public infrastructure constructed in accordance with all relevant codes and ordinances at the time of commencement of construction. Your Committee further finds that while the City and County of Honolulu has collected real property tax revenues from the Villages of Kapolei for the past thirty years, its delay in acceptance of the infrastructure has saddled the State with an annual average cost of \$1,000,000 for the maintenance of these infrastructure improvements. Therefore, this measure facilitates the dedication of additional infrastructure improvements to a county by amending statutory language relating to the automatic dedication of certain infrastructure improvements to a county under certain conditions.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 668, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
 Ayes, 4; Ayes with Reservations (Elefante). Noes, 1 (Awa). Excused, none.

**SCRep. 1759 Judiciary on H.B. No. 841**

The purpose and intent of this measure is to refine and narrow the current requirement that all domestic abuse temporary restraining order cases — including cases that do not involve child abuse or neglect -- be automatically referred to the Department of Human Services' Child Welfare Services.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Hawai'i State Coalition Against Domestic Violence, Parents and Children Together, and four individuals.

Your Committee finds that under existing law, when a parent seeks a temporary restraining order for allegations of domestic abuse against another parent, or a household member who is a minor, the case is automatically referred to Child Welfare Services for intervention or investigation. Your Committee finds that this requirement is overbroad and unnecessarily involves Child Welfare Services in matters where there are no concerns for a child's well-being yet, nevertheless, statutorily imposes mandatory timelines for Child Welfare Services to investigate, report, and make a court appearance. Further, your Committee also finds that the automatic referral process can deter an abused parent from seeking a temporary restraining order, as a victim might fear that Child Welfare Services will remove their children from their custody during the investigation. Conversely, perpetrators of domestic abuse can also use the threat of Child Welfare Services against their victim for this reason, and thereby prolong the abuse of their victim. Your Committee finds that existing law must be amended to make it easier and safer for victims of domestic abuse to seek protection. Therefore, this measure will refine existing law to require that only cases involving allegations of child abuse or neglect shall be automatically referred to Child Welfare Services.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 841, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1760 (Majority) Judiciary on H.B. No. 426**

The purpose and intent of this measure is to:

- (1) Establish standards of conduct for firearm industry members;
- (2) Authorize any person who has suffered harm because of a firearm industry member's violation of the standards of conduct to bring a civil action; and
- (3) Authorize the Attorney General or any county attorney or public prosecutor to bring a civil action against a firearm industry member for violation of standards of conduct.

Your Committee received testimony in support of this measure from Everytown for Gun Safety, Moms Demand Action for Gun Sense in America, Students Demand Action for Gun Sense in America, Indivisible Hawaii, Brady Hawaii, Stonewall Caucus of the Democratic Party of Hawai'i, and forty-seven individuals. Your Committee received testimony in opposition to this measure from the National Rifle Association of Hawaii, Hawaii Firearms Coalition, and one hundred twelve individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that having operated with special protections for years, the gun industry has had no financial incentive to curb irresponsible conduct. Ensuring that valid civil claims can be brought against the gun industry for dangerous, negligent, and unlawful actions will not only provide civil justice to victims and survivors but also encourage the gun industry to act responsibly to help stem the tide of gun crimes that harm the people of Hawai'i and the nation, particularly in urban areas where communities of color are disproportionately harmed. This measure will ensure that members of the gun industry are no longer shielded from accountability and may lead to safer products and better conduct from the gun industry to ensure justice and safety for the public.

Your Committee notes that in 2005, Congress enacted a shield law for the firearms industry in response to litigation brought against firearms manufacturers and dealers by municipalities and victims of shooting incidents. For more than eighteen years, the Protection of Lawful Commerce in Arms Act (P.L. 109-92, codified at 15 U.S.C. § 7901 et seq.) has provided, with limited exceptions, broad legal immunity to the firearms industry by generally shielding federally licensed manufacturers, dealers, and sellers of firearms or ammunition and trade associations from any civil action "resulting from the criminal or unlawful misuse" of a firearm or ammunition.

Your Committee further notes that this measure sets, at the state level, standards of conduct for the firearms industry, including requiring the establishment, implementation, and enforcement of reasonable controls to prevent, among other actions, the sale or distribution of firearms, ammunition, and accessories to straw purchasers, firearms traffickers, persons prohibited from possessing a firearm, and persons who the firearm industry member has reasonable cause to believe is at substantial risk of using the firearm or related products unlawfully or to harm themselves or another. This measure additionally authorizes civil lawsuits by persons who have suffered harm in the State because of acts or omissions of members of the firearms industry that violate these standards of conduct, and will also allow the Attorney General and any county attorney or public prosecutor to bring civil actions.

Your committee also notes that other states have recently enacted laws with similar approaches, including New York, Delaware, New Jersey, and California.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 426, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 2 (Gabbard, Awa). Excused, none.

**SCRep. 1761 Ways and Means on H.B. No. 1245**

The purpose and intent of this measure is to increase the availability and reliability of emergency medical response services in the State.

More specifically, the measure appropriates funds to the Department of Health to:

- (1) Purchase one advanced life support ambulance and related equipment for the Central Maui area, and to fund pay-related personnel costs for one state-certified emergency medical technician and one state-certified paramedic; and
- (2) Increase the predictability and stability of available air ambulance services for all islands in the State.

Your Committee received written comments in support of this measure from the Department of Health, the Office of the Mayor of the County of Maui, a Maui County Councilmember representing the Wailuku-Waihee-Waikapu residency area, the Maui Hotel and Lodging Association, the American Medical Response, and two individuals.

Your Committee received written comments on this measure from the Maui County Paramedic Association.

Your Committee finds that the funding provided by this measure will help to ensure that residents across the State have prompt access to emergency health care, including residents of the fast-growing Central Maui area.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1245, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1762      Judiciary on H.B. No. 781**

The purpose and intent of this measure is to require that a child under eighteen years of age who is under custody of an officer have contact with legal counsel, and to the extent practicable, a parent, guardian, or legal custodian, before the child waives any right against self-incrimination and before any custodial interrogation.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Human Rights for Kids, Community Alliance on Prisons, and eight individuals.

Your Committee finds it essential that individuals subject to custodial interrogation by the State are advised of their rights, and that, if they so choose, they make a knowing, intelligent, and voluntary waiver of those rights before the interrogation proceeds. Your Committee further finds that children have a lesser ability to comprehend the meaning of their rights and the consequences of waiving them. Your Committee also finds that children are also much more vulnerable to psychologically coercive interrogations and in other dealings with law enforcement compared to adults, and according to testimony received by your Committee, in 2017, six out of seven children under the age of fourteen who confessed to having committed a crime were later exonerated because they had falsely confessed. Similarly, nearly sixty percent of children aged fourteen and fifteen in the same situation reported giving false confessions. This measure will reduce incidents of false confessions and wrongful convictions of children by ensuring that children under the age of eighteen have access to legal counsel before any custodial interrogation, and if they choose to waive any right against self-incrimination, they do so with full understanding of the consequences.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 781, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1763      Transportation and Culture and the Arts on H.B. No. 340**

The purpose and intent of this measure is to designate April 27 of each year as Brother Joseph Dutton Day.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Joseph Dutton Guild, Congregation of the Sacred Hearts, and five individuals.

Your Committee finds that interest in the history of Kalaupapa has seen a strong resurgence after generations of disinterest and neglect. Following an order by King Kamehameha V, Kalaupapa Peninsula on the island of Molokai became a designated site for Hansen's disease patients. Many residents exiled were disproportionately Native Hawaiian, with a peak of one thousand two hundred residents. Caregivers who preserve Kalaupapa and its history bring a sense of humanity back to the residents who were exiled to live out the remainder of their lives in Kalaupapa and courageous volunteers who risked their own lives to bring comfort and care to the population there.

Your Committee additionally finds that Brother Joseph Dutton, born Ira Barnes Dutton, served in the Union Army during the American Civil War from 1861 to 1865. Following the Civil War, Dutton suffered from a failed marriage, alcoholism, probable post-traumatic stress disorder, and other personal problems. Vowing to reform his life, Dutton learned about the work of Father Damien and arrived at Kalaupapa in 1886 to dedicate the rest of his life in service to the patients there. Following the death of Father Damien, Dutton managed the Baldwin Home for Boys, an institution that, by 1926, cared for 1,376 boys and men. After forty-four years of dedicated service, as Dutton had never left Kalaupapa after his arrival in 1886, Dutton passed away in 1931.

Your Committee further finds that honoring Brother Joseph Dutton's work at Kalaupapa not only recognizes his invaluable sacrifice, but also allows the story and history of Kalaupapa to remain alive for future generations. As history is a dialogue between the past and present, this measure recognizes April 27 of each year as Brother Joseph Dutton Day to honor Dutton's work and the history of Kalaupapa.

Your Committee has amended this measure by inserting an effective date of June 30, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 340, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 340, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Inouye).

**SCRep. 1764      Judiciary on H.B. No. 92**

The purpose and intent of this measure is to:

- (1) Increase the amount of fine from \$1,000 to \$5,000 that may be assessed against a noncandidate committee making only independent expenditures that has received at least one contribution of more than \$10,000, or spent more than \$10,000 in an election period, for campaign spending law violations; and
- (2) Allow the Campaign Spending Commission to order the fine to be up to three times the amount of the unlawful contribution or expenditure, and to order that the payment of the fine assessed against a noncandidate committee, or any portion thereof, be paid from the personal funds of an officer of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Commission to Improve Standards of Conduct, and two individuals.

Your Committee finds that the Campaign Spending Commission is funded by various sources and enforces the State's campaign finance laws, including the assessment of fines for campaign spending violations. Increasing campaign spending violation fines is necessary in enforcement cases to deter potential violators, including political action committees that make only independent expenditures. Implementation of this measure promotes the integrity and transparency of the campaign finance process and ensures the continued enforcement of the State's campaign finance laws.

Your Committee has amended this measure by specifying that the payment of any fine assessed against a noncandidate committee, or any portion thereof, be paid from the funds of the noncandidate committee or, if the noncandidate committee cannot pay, then from the personal funds of the candidate or officers of the noncandidate committee.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 92, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 92, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1765 (Majority) Commerce and Consumer Protection on H.B. No. 1027**

The purpose and intent of this measure is to:

- (1) Enable timely, coordinated, and efficient regulation of money transmission companies to achieve financial stability and economic growth, while providing consumer protection; and
- (2) Allow the State to share resources, data, and technology tools with other states to create a stronger multi-state system of financial regulation.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; ALTRES, Inc.; and The Payroll Group. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Independent Payroll Providers Association.

Your Committee finds that the business of money transmitters has evolved with advances in financial technology. However, the State's existing laws regulating money transmitters do not reflect the modern advances in technology or provide sufficient consumer protection. This measure aligns the State's money transmitters law with the Model Money Transmitters Modernization Act (Model Act), thus providing the benefit of a stronger multi-state system of financial regulation.

Your Committee notes that H.B. No. 1027, H.D. 2, amended the definitions of "money", "money transmission", "outstanding money transmission obligation", and "payment instrument" to align them with their respective definitions under the Model Act. However, the Division of Financial Institutions, who requested this administrative measure, purposefully and intentionally did not accept the proposed Model Act definitions to exclude regulating digital currency. Therefore, amendments to this measure are necessary to revert these definitions to the language set forth in the H.D. 1 of this measure.

Accordingly, your Committee has amended this measure by:

- (1) Amending the definitions of "money", "money transmission", "outstanding money transmission obligation", and "payment instrument" to conform to their respective definitions as provided in H.B. No. 1027, H.D. 1; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1027, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1027, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1766 Commerce and Consumer Protection on H.B. No. 1458**

The purpose and intent of this measure is to increase the liquor manufacturing limits for Class 18 small craft producer pub license holders.

Your Committee received testimony in support of this measure from Big Island Brewhaus, LLC; Kauai Beer Company; Maui Wine, Ltd.; Honolulu Beerworks; Craft 'Ohana; Lanikai Brewing Company; and two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Liquor Wholesalers Association and one individual.

Your Committee finds that existing law places limits on the amount of malt beverages, wine, and alcohol that a small craft producer pub licensee may produce during the license year. The existing limits can stifle economic growth for a small craft producer, or the

industry at large. To meet current demands and promote economic growth, these production limits should be increased. This measure accordingly allows local businesses to continue to expand economic growth and, in doing so, increase manufacturing job opportunities.

Your Committee finds that this measure, as currently drafted, could potentially be subject to a constitutional challenge as discriminating against out-of-state manufacturers. Accordingly, your Committee has amended this measure by deleting language that would have restricted a small craft producer pub licensee's manufacturing limit to malt beverages, wine, and alcohol manufactured in the State.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1458, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1458, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1767 Commerce and Consumer Protection on H.B. No. 259**

The purpose and intent of this measure is to:

- (1) Prohibit the use of geographic origins of coffee in labeling or advertising for roasted or instant coffee that contains less than a certain percentage of coffee by weight from that geographic origin, phased in to a minimum of fifty-one percent on or after July 1, 2025; and
- (2) Prohibit the use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown and processed in the State.

Your Committee received testimony in support of this measure from two members of the Hawai'i County Council; Hawaii Coffee Association; Rancho Aloha Coffee Farm; Kananani Ohana Farm; Synergistic Hawai'i Agriculture Council; Hawai'i Farm Bureau; Institute for Agriculture and Trade Policy; Full Moon Coffee; Smithfarms; Morning Glory Farms, LLC; Buddha's Cup Coffee; Buna Coffee Company; Cassandra Farms; Ka'awaloa Trail Farm, LLC; Kona Coffee Farmers Association; Kahili Kona Farm; LavaRock Farm; Country Talk Story; Consumer Federation of America; Mai Mahealani Farm; Ma'alaha Farm; Kuaiwi Farm; Hawaii's Thousand Friends; Chamber of Sustainable Commerce; Ka'u Coffee Mill; Kona Earth, LLC; and twenty-five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Coffee Company, Kona Coffee Council, and Hawai'i Restaurant Association. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that Hawaii is the only region in the world where local laws allow the use of the region in the name of the product with only ten percent genuine regional content. When consumers purchase what they believe is "Kona Coffee", but is in fact ninety percent foreign-grown, local farmers suffer economically. This measure protects consumers by promoting integrity in the labeling of products and supports one of the State's most valuable signature crops.

Your Committee acknowledges the concerns raised in testimony that this measure, as currently written, does not allow sufficient time for coffee producers and retailers to sell existing inventory before the more stringent labeling requirements go into effect. Accordingly, amendments to this measure are necessary to address these concerns.

Therefore, your Committee has amended this measure by:

- (1) Clarifying that the labeling requirements imposed by this measure shall not apply to roasted or instant coffee produced in whole or in part from Hawaii-grown green coffee beans that are not offered for retail sale directly to consumers;
- (2) Extending the effective dates of the phasing in of new labeling and advertising requirements by one year to allow for a commercially-reasonable period to sell-off existing, costly packaging inventory and to secure new packaging in compliance with new requirements imposed by this measure;
- (3) Inserting language allowing retailers who, by June 30, 2024, purchase roasted or instant coffee blends that use a geographic origin in labeling or advertising containing less than twenty percent Hawaii-grown coffee by weight, to sell-off their coffee inventory that does not comply with the labeling requirements until December 31, 2024;
- (4) Amending section 1 to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 259, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 259, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1768 Commerce and Consumer Protection on H.B. No. 16**

The purpose and intent of this measure is to:

- (1) Authorize liquor licensees engaged in meal service to sell unopened beer, wine, and prepackaged cocktails with food for pick up, delivery, take out, or other means to be consumed off-premises; and
- (2) Authorize liquor licensees holding class 4 retail dealer licenses to deliver purchased liquor to a customer's vehicle.

Your Committee received testimony in support of this measure from the Retail Merchants of Hawaii, Kauai Beer Company, Big Island Brewhaus, Honolulu Beerworks, Craft 'Ohana, Lanikai Brewing Company, Waikiki Brewing Company, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Liquor Commission for the City and County of Honolulu and Department of Liquor Control for the County of Kauai.

Your Committee finds that the coronavirus disease 2019 pandemic brought about changes in customers' purchasing habits. Consumers purchased more merchandise and meals online and used curbside pick-up. Many restaurants were allowed to include unopened beer, wine, and bottled or canned cocktails. Although these measures were implemented to support local businesses during the pandemic, takeout meals and curbside pickup have become permanent customer demands. Your Committee also finds that the county liquor commissions and liquor control adjudication boards did not experience an increase of complaints or compliance problems as a result of these pandemic-related policies. Accordingly, this measure permanently authorizes these pandemic-related liquor policies, thus adapting to evolving consumer demands.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 16, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 16, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

**SCRep. 1769 Commerce and Consumer Protection on H.B. No. 369**

The purpose and intent of this measure is to exempt a public utility and water carrier from obtaining the required Public Utilities Commission (PUC) authorization when disposing of a fully depreciated asset or property with a zero net book value.

Your Committee received testimony in support of this measure from Hawaiian Electric; Young Brothers, LLC.; Matson, Inc.; and Hawaii Harbor Users Group. Your Committee received testimony in opposition to this measure from Climate Protectors Hawai'i. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that existing law requires a utility company to obtain approval from the PUC for each asset or property it seeks to dispose of or donate. These assets often have minimal remaining value, and therefore, do not justify the expenditure of resources to go through the required PUC approval. This measure allows utility companies to efficiently dispose of these assets and decreases the workload for the PUC and Division of Consumer Advocacy, which currently must review these routine transactions.

Your Committee acknowledges the concerns raised in testimony that although an asset may be fully depreciated or have a zero book value for accounting purposes, it may still have actual value. Therefore, amendments to this measure are necessary to ensure that consumers benefit from any potential windfall gained from the sale of a fully depreciated or zero net book value asset that has actual value.

Accordingly, your Committee has amended this measure by clarifying that a public utility or water carrier does not need authorization from the PUC when:

- (1) Disposing of a fully depreciated asset or property with a zero net book value that is no longer used or useful; provided that the disposal is made to an unaffiliated entity and results in a zero or net reduction to the public utility or water carrier's rate base; or
- (2) Donating a fully depreciated asset or property with zero net book value to a charitable or nonprofit organization.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 369, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 369, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Richards).

**SCRep. 1770 Commerce and Consumer Protection on H.B. No. 11**

The purpose and intent of this measure is to:

- (1) Specify that primary and secondary plan documents be listed in the public disclosure statement of a time share plan;
- (2) Clarify when the disclosure of pertinent provisions of condominium project instruments must occur;
- (3) Clarify the manner in which the required disclosure of liens, title defects, or encumbrances on the titles of units may be made;
- (4) Provide that a consultant's review of encumbrances may be waived upon the certification from the developer that the time share interest is free and clear of blanket liens or that identifies all blanket liens; and
- (5) Require the Director of Commerce and Consumer Affairs to include in the annual time share plan report to the Legislature information regarding developers' certifications.

Your Committee received testimony in support of this measure from the American Resort Development Association – Hawaii, Hilton Grand Vacations, Marriott Vacations Worldwide Corporation, Maui Hotel & Lodging Association, and one individual. Your Committee received testimony in opposition to this measure from UNITE HERE Local 5. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the laws governing time sharing plans in Hawaii were first adopted in 1980. At the time, most time sharing plans were confined to a single site and buyers would typically receive a deed of a fractional interest in a specific condominium unit together with the right to use that unit for a specific week every year. Listing the encumbrances for a single condominium project was simple and added one or two pages to the disclosure statement. It was also appropriate since the buyer would be a co-owner of a condominium unit in the condominium project. However, modern time share plans frequently involve hundreds of units at dozens of sites. The list of encumbrances, which formerly added one or two pages, now adds fifty or more pages to the disclosure statement and lists items that are not likely to be of interest to the time share buyer, such as electrical easements and waterline easements. Furthermore, in modern time share plans, buyers do not typically receive a deed to a unit at any given site. Instead, title is lodged in a land trust, and buyers own a beneficial interest in the trust. As a result, if the disclosure statement becomes too long, buyers will likely not read any of it. This measure decreases the size of disclosure statements provided to time share buyers and promotes consumer protection by increasing access to documents electronically and simplifying review processes.

Your Committee notes that the Department of Commerce and Consumer Affairs Time Share Program and relevant stakeholders have had an opportunity to discuss potential amendments to this measure that further streamline the document review process while protecting consumers' interest. Amendments to this measure are therefore necessary to incorporate this consensus language.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have required a time share developer offering a time sharing plan to disclose to the public a list of its supplementary plan documents;
- (2) Clarifying that a consultant's review of encumbrances shall be waived upon the certification from the developer that the time share interest is free and clear of blanket liens or that identifies all blanket liens;
- (3) Deleting language that would have required the Director of Commerce and Consumer Affairs to include in the annual time share plan report to the Legislature information regarding developers' certifications; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 11, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 11, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Richards).

**SCRep. 1771      Judiciary on H.B. No. 727**

The purpose and intent of this measure is to:

- (1) Repeal the allowance for a ballot issue committee to donate surplus funds to a community service, educational, youth, recreational, charitable, scientific, or literary organizations; and
- (2) Repeal the allowance for a candidate, treasure, or candidate committee to use campaign funds to purchase up to two tickets for an event or fundraiser held by another candidate or committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Commission to Improve Standards of Conduct, Pono Hawaii Initiative, and three individuals. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii.

Your Committee finds that the practice of purchasing tickets for an event or fundraiser held by another candidate or committee is commonplace amongst legislators. However, candidates or candidate committees should not have a disproportionate influence on the outcome of other candidates' elections. On the other hand, since some members of political parties have greater access to fundraising than other party members, it makes sense to allow some amount of financial assistance from one candidate to another.

Your Committee has amended this measure by:

- (1) Adding language that allows a candidate committee to make contributions to another candidate in an amount of not more than \$2,000 per election period; and
- (2) Inserting an effective date of March 22, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 727, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 727, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1772      Commerce and Consumer Protection on H.B. No. 1509**

The purpose and intent of this measure is to establish a Common-Interest Development Oversight Task Force to examine the feasibility of bringing the various common-interest developments in the State under the oversight of the Department of Commerce and Consumer Affairs and investigate whether additional duties and responsibilities should be placed on members of boards of directors for cooperative housing corporations.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Council of Community Associations, Palehua Hale AAOA, and ten individuals. Your Committee received testimony in opposition to

this measure from the Committee of the Community Associations Institute, Hawaii Chapter; Honolulu Tower AOA; and thirteen individuals. Your Committee received comments on this measure from Hui 'Oia'i'o and two individuals.

Your Committee finds that common-interest developments exist in a variety of forms in the State, including condominium property regimes, planned communities, and cooperative housing corporations. In these developments, individuals own property within the development, share ownership and use of common property with all other owners, and participate in a system of self-governance through an association or corporation of the owners within the development. When disputes between individual owners of planned communities and cooperative housing corporations and their governing association or corporation arise, the parties must privately resolve their disputes through their internal processes or the judicial process. Such a resort may be costly to the owner in comparison to the gravity of the dispute and an alternative mechanism for oversight should be examined. This measure establishes a task force within the Department of Commerce and Consumer Affairs to improve governance of planned communities and cooperative housing corporations.

Your Committee acknowledges the concerns raised in testimony that although the different common-interest developments share similar features, condominium property regimes, planned community associations, and cooperative housing corporations are each governed by different statutes and rules, and thus, there should be separate task forces established to examine the respective issues specific to the type of common-interest development. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have established a singular Common-Interest Development Oversight Task Force to investigate the feasibility of bringing the various common-interest developments in the State under the Department of Commerce and Consumer Affairs, including but not limited to registration and enforcement of the controlling chapters 421I, 421J, and 514B, Hawaii Revised Statutes;
- (2) Inserting language establishing a Planned Community Association Oversight Task Force to examine the rights afforded to condominium property regime owners under chapter 514B, Hawaii Revised Statutes, and determine the feasibility of extending any of those rights to members of planned community associations under chapter 421J, Hawaii Revised Statutes;
- (3) Inserting language establishing a Condominium Property Regime Task Force to examine and evaluate issues regarding condominium property regimes under chapter 514B, Hawaii Revised Statutes, and conduct an assessment of the alternative dispute resolution systems that have been established by the Legislature;
- (4) Amending section 1 to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1509, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1509, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Richards).

#### **SCRep. 1773 Ways and Means on H.B. No. 1018**

The purpose and intent of this measure is to ensure that the State remains in compliance with certain federal conditions related to the expenditure of American Rescue Plan Act funds.

Specifically, this measure delays the encumbrance and expenditure of certain general fund appropriations authorized in the Regular Session of 2022 until July 1, 2023, so the appropriations are no longer part of the fiscal year 2022-2023 American Rescue Plan Act maintenance of effort calculation.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Department of Budget and Finance, Stadium Authority, and Hawaii Housing Finance and Development Corporation.

Your Committee finds that, as a condition of receiving funds under the American Rescue Plan Act, the State was required to maintain state support for elementary and secondary education at a certain level relative to the State's overall spending. However, various large, non-education-related appropriations have made compliance with these spending requirements difficult. Your Committee further finds that delaying the expenditure of these appropriations until fiscal year 2023-2024 will allow the State to meet its obligations under the American Rescue Plan Act without adversely affecting other state programs.

Your Committee has amended this measure by:

- (1) Appropriating an unspecified sum to establish within the Office of the Governor one full-time equivalent (1.0 FTE) temporary federal funds advisor position and two full-time equivalent (2.0 FTE) temporary senior special assistant positions;
- (2) Changing certain appropriations made in Acts 115, 236, and 296, Session Laws of Hawaii 2022, which are amended by this measure, to unspecified sums to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1018, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1018, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1774 Ways and Means on H.B. No. 1020**

The purpose and intent of this measure is to increase from \$1,300,000 to \$2,500,000 the limitation on the amount of moneys that may be retained in the unclaimed property trust fund at the end of each fiscal year.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and one individual.

Your Committee recognizes that pursuant to section 523A-26(d), Hawaii Revised Statutes, all unencumbered and unexpended moneys in excess of \$1,300,000 remaining on balance in the unclaimed property trust fund on June 30 of each year lapse to the credit of the general fund. Your Committee also recognizes that claims waiting to be paid from the prior fiscal year often exceed this amount, resulting in delays in payments for those claims. Accordingly, your Committee finds that increasing this limitation will facilitate the timely processing and payment of claims.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1020, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1775 Ways and Means on H.B. No. 1022**

The purpose and intent of this measure is to address a critical funding emergency caused by the repeal of section 72 of Act 88, Session Laws of Hawaii 2021 (Act 88), which limited the ability of departments to transfer funds between their programs in response to changing conditions.

More specifically, the measure addresses the repeal of section 72 of Act 88 by:

- (1) Appropriating additional general funds as emergency appropriations for fiscal year 2022-2023 for operating fund shortfalls in quarters 3 and 4 in existing programs under the Department of Public Safety, Department of Transportation, and Department of Human Services; and
- (2) Adjusting funding for various programs in these departments to be commensurate with their anticipated levels of activity.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Department of Public Safety.

Your Committee finds that this measure's emergency appropriations and funding adjustments are budget neutral and are necessary to continue critical government programs and operations.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1022, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1022, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1776 Ways and Means on H.B. No. 1327**

The purpose and intent of this measure is to provide financial support to teachers.

Specifically, this measure establishes a state income tax credit for qualified expenses incurred by certain individuals employed by the Department of Education, the Hawaii State Public Library System, or as part of a Head Start program in a school.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Hawaii State Teachers Association-Retired, and seven individuals.

Your Committee received comments on this measure from the Department of Education and Department of Taxation.

Your Committee finds that, in a recent survey to its members across the islands, the Hawaii State Teachers Association found that survey respondents reported spending an average of \$953 of their own money each year to purchase various classroom supplies. Your Committee also finds that, according to numerous studies of teacher compensation, Hawaii's public school teachers receive the lowest salaries in the nation when adjusted for cost of living. As a result, your Committee further finds that when Hawaii public school teachers are forced to purchase classroom supplies with their personal funds because of inadequate school funding, they face a disproportionately adverse financial impact in comparison to their national peers.

Your Committee has amended this measure by clarifying that the measure shall apply to taxable years beginning after December 31, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1327, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1327, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1777 Ways and Means on H.B. No. 27**

The purpose and intent of this measure is to provide a vehicle for legislative appropriations that may be necessary for inclusion in the General Appropriations Act of 2023.

Your Committee received comments on this measure from the Department of Human Services and Office of Youth Services.

Your Committee finds that advancing a vehicle for legislative appropriations that may be necessary for inclusion in the General Appropriations Act of 2023 will allow the Legislature to address unforeseen circumstances or budgetary items that may arise.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 27, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 27, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1778 Ways and Means on H.B. No. 28**

The purpose and intent of this measure is to provide a vehicle for statutory provisions and appropriations that may be necessary to include in the General Appropriations Act of 2023.

Your Committee received no testimony on this measure.

Your Committee finds that advancing a vehicle for statutory provisions and appropriations that may be necessary to include in the General Appropriations Act of 2023 will allow the Legislature to address unforeseen circumstances or budgetary items that may arise.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 28, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 28, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1779 Ways and Means on H.B. No. 33**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and make constitutionally required findings that the bond issuance will not cause the State's debt limit to be exceeded.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that Article VII, section 13, of the Hawaii State Constitution requires the Legislature to include in every general law authorizing the issuance of general obligation bonds a declaration of findings that the total amount of principal and interest will not cause the State's debt limit to be exceeded at the time of issuance. Your Committee further finds that this measure serves as a vehicle for those findings and the issuance of those bonds once the appropriate amount of general obligation bonds has been determined.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 33, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 5 (Aquino, Kidani, Kim, Moriwaki, Shimabukuro).

**SCRep. 1780 Ways and Means on H.B. No. 954**

The purpose and intent of this measure is to amend the State's tax laws to provide tax relief for working families.

More specifically, the measure:

- (1) Increases the amounts for the income tax brackets and personal exemption and standard deduction amounts for tax year 2023;
- (2) Adjusts annually for tax years beginning after December 31, 2023, the income tax brackets and personal exemption and standard deduction amounts by a cost-of-living adjustment factor;
- (3) Amends the taxable income brackets and income tax rates for each filing status for taxable years beginning after December 31, 2022; and

- (4) Changes the amount of the state earned income tax credit to an unspecified percentage of the federal earned income tax credit allowed based on an individual's federal income tax return.

Your Committee received written comments in support of this measure from the Office of the Governor, Hawaii State Teachers Association, Early Childhood Action Strategy, Better Tomorrows, Holomua Collaborative, Parents and Children Together, Democratic Party of Hawaii Education Caucus, Aloha United Way, Hawaii Children's Action Network Speaks!, Progressive Democrats of Hawaii, and numerous individuals.

Your Committee received written comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Children's Action Network Speaks!, Imua Alliance, Grassroot Institute of Hawaii, and two individuals.

Your Committee finds that the tax relief provided by this measure for low- to moderate-income taxpayers will allow the State's residents to retain more of their income, and will help address cost of living increases.

Your Committee has amended this measure by:

- (1) Deleting section 5 of the measure, which would have amended the amount of the State's earned income tax credit; and
- (2) Making the measure effective upon its approval and applicable to taxable years beginning after December 31, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 954, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 954, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Kidani, Moriwaki, Shimabukuro).

**SCRep. 1781 (Joint) Energy, Economic Development, and Tourism and Ways and Means on H.B. No. 1373**

The purpose and intent of this measure is to, beginning January 1, 2024, require the Department of Business, Economic Development, and Tourism to administer a Workforce Development Incentive Rebate Program that incentivizes local independent film and television productions.

Your Committees received testimony in support of this measure from the Screen Actors Guild – American Federation of Television and Radio Artists; Teamsters Local 996; Island Film Group; Hawaii Media, Inc.; IATSE Local 665; and eighteen individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism and Department of Taxation.

Your Committees find that the Hawaii film industry has continued to grow over the past twenty years and has contributed to an increase of local crew members and equipment vendors. Hawaii's existing tax incentives, however, are beneficial mostly for large-scale productions, as the process of claiming the tax credit can take years, which can significantly burden smaller-scale productions. This measure establishes a Workforce Development Incentive Rebate Program to encourage the growth of local independent film and television productions.

Your Committees further find that the Motion Picture, Digital Media, and Film Production Income Tax Credit's existing \$50,000,000 annual cap is not reflective of the current volume of business for the State's film industry and does not provide enough room for growth. Your Committees believe that an additional Film Studio Tax Credit should be established to expedite the tax credit process and reflect the growth of the motion picture, digital media, and film industry in the State. Senate Bill No. 1237, S.D. 1 (2023), which was previously passed by the Senate, establishes the Film Studio Tax Credit and makes certain amendments to the Motion Picture, Digital Media, and Film Production Income Tax Credit to further strengthen and create greater opportunities for growth for Hawaii's film industry.

Accordingly, your Committees have amended this measure by:

- (1) Capping the total amount of rebates allowed under the Workforce Development Incentive Rebate Program at \$2,500,000 for fiscal year 2024-2025;
- (2) Inserting language from Senate Bill No. 1237, S.D. 1 (2023) establishing a Film Studio Tax Credit beginning January 1, 2024, and:
  - (A) Setting December 31, 2032 as the sunset date for the tax credit; and
  - (B) Capping the total annual amount of credits at \$25,000,000 in the aggregate;
- (3) Inserting language from Senate Bill No. 1237, S.D. 1 (2023) amending the administration of the Motion Picture, Digital Media, and Film Production Income Tax Credit;
- (4) Increasing the cap of the Motion Picture, Digital Media, and Film Production Income Tax Credit to \$75,000,000 for calendar year 2024;
- (5) Eliminating the ability for credits exceeding the cap of the Motion Picture, Digital Media, and Film Production Income Tax Credit to be claimed after December 31, 2024;
- (6) Inserting a severability clause;
- (7) Amending section 1 to reflect its amended purpose;
- (8) Inserting an effective date of January 1, 2024; and

- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that the intent of this measure, as amended herein, is to increase the cap of the Motion Picture, Digital Media, and Film Production Income Tax Credit in 2024 to cover and carry over any outstanding credits for 2024. It will be the responsibility of the Creative Industries Division of the Department of Business, Economic Development, and Tourism to track the credit amounts and ensure that the credit amounts do not exceed the \$75,000,000 cap in 2024 or the \$50,000,000 cap in subsequent years.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1373, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1373, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by President and the Chair on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Keith-Agaran, Moriwaki).

**SCRep. 1782 Ways and Means on H.B. No. 1049**

The purpose and intent of this measure is to reduce the cost of living by providing tax relief to low- and middle-income households and working families.

Specifically, this measure:

- (1) Establishes an income tax credit for teachers' expenses;
- (2) Establishes a definition for the term "cost-of-living adjustment factor;"
- (3) Amends the child and dependent care tax credit by:
  - (A) Increasing the applicable percentage of employment-related expenses that is used to calculate the amount of the tax credit;
  - (B) Setting the income threshold amount, for taxable years beginning after December 31, 2022, at \$150,000;
  - (C) Requiring that, for each taxable year beginning after December 31, 2023, the threshold amount be adjusted for inflation using a cost-of-living adjustment factor; and
  - (D) Increasing the cap amount on employment-related expenses that may be used to claim the tax credit; and
- (4) Amends the income tax credit for low-income household renters by:
  - (A) Making eligibility for the credit dependent on federal adjusted gross income instead of Hawaii adjusted gross income;
  - (B) Increasing the minimum annual rental payment requirement from \$1,000 to \$10,000;
  - (C) Requiring married persons to file a joint return;
  - (D) No longer excluding rental property that is partially or wholly exempted from real property tax;
  - (E) Increasing the amount of the tax credit from \$50 per exemption to \$350 per qualified exemption, reduced by a reduction factor based on filing status for every dollar of a taxpayer's adjusted gross income that exceeds a threshold amount; and
  - (F) Requiring that, for each taxable year beginning after December 31, 2023, the minimum annual rental payment requirement and threshold amounts be adjusted for inflation using a cost-of-living adjustment factor.

Your Committee received testimony in support of this measure from the Office of the Governor, Department of Budget and Finance, Department of Taxation, Executive Office on Early Learning, Commit to Keiki, Democratic Party of Hawaii Education Caucus, Early Childhood Action Strategy, Hawaii Children's Action Network Speaks!, Hawaii Family Caregiver Coalition, Hawaii State Teachers Association, Holomua Collaborative, Parents and Children Together, The Samuel N. and Mary Castle Foundation, and twenty-two individuals.

Your Committee received comments on this measure from the Department of Education, AARP Hawaii, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Imua Alliance, Tax Foundation of Hawaii, and four individuals.

Your Committee finds that the high cost of living in the State has made it difficult for low- and middle-income households and working families to afford basic necessities. Your Committee further finds that this measure is intended to provide tax relief to reduce the cost of living for working families in the State.

Your Committee has amended this measure by:

- (1) Deleting the provisions establishing an income tax credit for teachers' expenses because it is included in another measure;
- (2) Deleting the provisions amending the income tax credit for low-income household renters;
- (3) Clarifying that eligibility for the child and dependent care tax credit is dependent on federal adjusted gross income;
- (4) Increasing the amount of the refundable earned income tax credit;
- (5) Increasing the income thresholds and credit amounts of the refundable food/excise tax credit; and
- (6) Making the measure effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1049, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1049, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kidani, Moriwaki).

**SCRep. 1783 Ways and Means on H.B. No. 300**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvement program costs of the executive branch for the fiscal biennium beginning July 1, 2023, and ending June 30, 2025.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Hawaii Technology Development Corporation; Public Utilities Commission; Hawaii Climate Change Mitigation and Adaptation Commission; Hawaii Correctional System Oversight Commission; Hawaii Green Infrastructure Authority; Office of the Lieutenant Governor; Michigan Office of Legislative Corrections Ombudsman; Executive Office on Aging; Hawaii State Public Library System; University of Hawaii System; Department of Business, Economic Development, and Tourism; Criminal Justice Research Institute; Department of Law Enforcement; Department of Agriculture; State Council on Developmental Disabilities; Hawaii Public Housing Authority; Department of Health; Office of Information Practices; Department of Labor and Industrial Relations; Hawaii Community Development Authority; Hawaii Health Systems Corporation; University of Hawaii at Hilo Athletics Department; Office of the Governor; Early Learning Board; Department of Hawaiian Home Lands; Department of Defense; University of Hawaii at Manoa Athletics Department; Land Use Commission; Special Education Advisory Council; Honolulu Board of Water Supply; AARP Hawaii; United Public Workers; Correctional Association of New York; Women's Prison Project; HIplan; Adaptations Inc.; Going Home Hawaii; Experiad LLC; Blue Startups; HE'E Coalition; New Jersey Corrections Ombudsman; Pennsylvania Prison Society; 3D Innovations; Community Alliance on Prisons; Catholic Charities Hawaii; John Howard Association of Illinois; Nalu Scientific, LLC; Oceanit; The Friends of Iolani Palace; Aloha Shoyu Company, Ltd.; Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34; Anuhea St. Laurent--Marriage and Family Therapy LLC; Sunrun; Elemental Excelsior; Hawaii Energy; Kapolei Chamber of Commerce; Paradise Park, Inc; MauiGrown Coffee, Inc.; The Nature Conservancy, Hawaii and Palmyra; Maui Health System; Mauna Kahalawai Watershed Partnership; Mana Up; Hawaii Venture Capital Association; Hyperspective Studios, Inc.; Hawaii Executive Collaborative's Climate Coalition; Healthcare Association of Hawaii; Hawaiian Electric; Pu'a Foundation; Ekolu Mea Nui; Smart Yields; Haleakala Ranch; Pau Hana Counseling, LLC; Kauhale Healing LLC; and fifty-eight individuals

Your Committee received testimony in opposition to this measure from the Kahoolawe Island Reserve Commission, Pacific American Foundation, and thirty-nine individuals.

Your Committee received comments on this measure from the Department of Public Safety; Department of Budget and Finance; School Facilities Authority; Office of Elections; Natural Energy Laboratory of Hawaii Authority; Department of Commerce and Consumer Affairs; Office of Planning and Sustainable Development; Department of Human Resources Development; a commissioner of the Kahoolawe Island Reserve Commission; Kamiloiki Elementary School; Department of Land and Natural Resources; Hawaii State Judiciary; Department of Accounting and General Services; Office of the Governor; Department of Education; Executive Office on Early Learning; Department of the Attorney General; Department of Human Services; Department of Taxation; Office of Youth Services; Hawaii Tourism Authority; State Public Charter School Commission; Department of Transportation; Department of the Prosecuting Attorney of the City and County of Honolulu; Department of the Prosecuting Attorney of the County of Maui; Hunt Development Group, LLC; Code.org; Pivot Energy; American Civil Liberties Union of Hawaii; Gentry Homes, Ltd.; Hope Services Hawaii; Hawaii Lodging and Tourism Association; and eight individuals.

**PART I. OVERVIEW**

This measure, as received by your Committee, includes:

- (1) The base budget from Act 248, Session Laws of Hawaii (SLH) 2022;
- (2) Previously appropriated collective bargaining amounts from prior acts;
- (3) The adjustment amounts necessary to fulfill the Employees' Retirement System, Employer-Union Health Benefits Trust Fund, debt service, and Medicaid requirements for the 2023-2025 fiscal biennium; and
- (4) The reduction of non-recurring amounts identified in the 2022 and 2023 executive budget worksheets issued by the Legislature.

Your Committee has amended this measure to include:

- (1) The approved executive requests for trade-offs, transfers, changes to means of financing, conversions of positions from temporary to permanent, ceiling increases or decreases, and reductions from the steady-state budget proposed and developed by the previous administration, as well as Governor's Messages Numbers 1, 2, and 5; and
- (2) Additional funding for priority budget requests.

	Fiscal Year 2023-2024		Fiscal Year 2024-2025	
	All Funds	General Funds	All Funds	General Funds
Executive Budget Act 248, SLH 2022	\$16,753,577,848	\$8,670,830,979	\$16,753,577,848	\$8,670,830,979
Executive Budget Request	\$18,930,379,945	\$10,623,131,684	\$18,678,595,479	\$10,389,732,977
Net Change in Senate Draft	\$910,054,811	\$1,029,363,015	\$526,783,647	\$446,805,183
Total Appropriation	\$19,840,434,756	\$11,652,494,699	\$18,151,811,832	\$9,942,927,794

**PART II. GENERAL FUND REVENUES AND ECONOMY**

The Council on Revenues forecasted significant net decreases in its general fund tax revenue projection for fiscal year 2023 at its January 2023 and March 2023 meetings.

The Council reduced the estimated growth in revenues from 6.5 percent to 5.5 percent in January 2023, and from 5.5 percent to 2.0 percent in March 2023. The revised forecasts mean a reduction in revenues by \$334,000,000 in fiscal year 2023. The estimated reduction in revenues is primarily due to a one-time refund of either \$100 or \$300 per qualifying exemption for Hawaii residents, pursuant to article VII, section 6, of the Hawaii State Constitution.

The Council noted that lower capital gains income due to poor performance in the stock market and a cooling real estate market are likely causes of lower estimated tax payments. The Council also noted that inflation had dropped nationally and in Hawaii.

General excise tax and transient accommodation tax collections remain robust due to the recovery of tourist arrivals, renewed consumer spending, and additional tax collections due to inflation. Risks that may inhibit the economic recovery include new variants of the coronavirus disease 2019 (COVID-19) virus, inflation and an aggressive monetary policy response from the Federal Reserve, high oil and commodity prices, severe labor shortages, supply chain disruptions, sustained travel hesitancy from Asian markets due to the pandemic, and the reduction in federal stimulus spending.

Due to the recent strength of the United States dollar compared to foreign currencies, Hawaii also faces strong competition from international travel destinations, such as Europe. In particular, tourists from Japan may be less likely to travel to Hawaii due to the unfavorable foreign currency exchange rates between the yen and the United States dollar in comparison to the pre-pandemic exchange rate.

The new forecasts for the state general fund tax revenues for fiscal year 2023 through fiscal year 2029 are shown in the table below.

General Fund Tax Revenues		
Fiscal Year	Amount (in Thousands of Dollars)	Growth From Previous Year
2023	\$9,546,025	2.0%
2024	\$9,927,866	4.0%
2025	\$10,275,341	3.5%
2026	\$10,634,978	3.5%
2027	\$11,007,202	3.5%
2028	\$11,392,454	3.5%
2029	\$11,791,190	3.5%

**PART III. COMMITTEE’S PRIORITIES**

Your Committee has worked diligently to create a responsible financial plan and budget that continues to fund critical services and programs. The Senate’s approach to balancing the budget entails considering the Council on Revenues’ general fund forecast and creating a fiscally responsible financial plan that will infuse unprecedented appropriations to implement priorities, including priorities identified by Governor Josh Green. These priorities will:

- Address homelessness and the housing crisis;
- Contribute more to the emergency and budget reserve fund (EBRF), or “rainy day fund”;
- Increase access to early childhood education;
- Mitigate and adapt to climate change; and
- Increase health and wellness across the State.

Your Committee crafted a budget that intends to create a tipping point in addressing the housing crisis, cost of living, and climate change, while also improving health and wellness outcomes for Hawaii’s residents. The Senate, in support of the Green Administration’s priorities, believes that it is putting forth a budget that will ensure that the people who call Hawaii home will not just survive, but thrive. With a general fund carry-over of \$2,200,000,000, fiscal year 2024 appropriations include numerous one-time expenditures that target the most pressing needs of the State.

On the Opening Day of the current legislative session, Governor Green announced a \$1,000,000,000 commitment to combat Hawaii's housing crisis. In the Senate budget, we provide further details that address the Governor's promise to the State. Your Committee has earmarked \$1,000,000,000 for projects intended to meet a wide spectrum of economic need, including:

- Housing and transit-oriented development infrastructure (S.B. No. 1191);
- Teacher workforce housing (S.B. No. 941);
- Rent supplement assistance for middle income families;
- Dwelling unit revolving fund loans and infrastructure projects (this measure);
- Rental housing revolving fund moneys for low-income individuals and families (this measure); and
- Ohana Zones and Kauhale to support our most vulnerable and chronically homeless individuals (this measure).

\$100,000,000 has been set aside for the fiscal biennium in both the operating and capital improvement program budgets for projects to mitigate and adapt to climate change. These include but are not limited to:

- Honokohau Small Boat Harbor, \$14,000,000;
- Relocation of Kauai Community Correctional Center due to the widening of Kuhio Highway and the facility's current siting within a flood zone, \$3,000,000;
- Carbon Smart Land Management Assistance Pilot Program, \$1,000,000;
- Pohoiki Boat Ramp, \$30,000,000; and
- Highway drainage improvements, statewide, \$3,600,000.

The Green Affordability Plan intends to control the high cost of living here in Hawaii. To this end, the Senate is committing \$354,000,000 in fiscal year 2024 and \$338,000,000 in fiscal year 2025 in tax relief and exemptions, which include:

- Increasing the food/excise tax credit, which doubles the food and excise tax credit and increases the income threshold to \$40,000 for single filers and \$80,000 for married joint filers to help low-income taxpayers;
- Increasing the earned income tax credit (EITC) from twenty percent of the federal EITC to forty percent of the federal EITC. This will double the amount of the EITC for taxpayers for low-income households with children. The EITC is designed to help working families with incomes around or slightly above the federal poverty line;
- Increasing the child and dependent care tax credit amount of allowable childcare expenses from \$2,400 to \$10,000 for one child and from \$4,800 to \$20,000 for two or more children. The maximum refundable credit allowable will be \$5,000 for one child and \$10,000 for two or more children. This will help working parents;
- Individual income tax reform through cost-of-living adjustments. This annual adjustment to individual income tax brackets will benefit all taxpayers and ensure that lower-income taxpayers are not pushed into higher-income tax brackets when they receive cost-of-living adjustments to their wages;
- Individual income tax reform through increased standard deductions. This reform will increase the standard deduction from \$2,200 to \$5,000 for single filers and from \$4,400 to \$10,000 for filers who are married and filing jointly, to help low- to medium-income taxpayers; and
- Individual income tax reform by doubling the personal exemption. This reform will increase the personal exemption from \$1,144 to \$2,288 and will help families with children.

Your Committee has set aside millions in general funds for new statutory mandates that provide mental and behavioral healthcare for individuals from keiki to kupuna, address the needs of those with developmental disabilities, and solve healthcare workforce shortages. Appropriations include:

- Adding \$26,000,000 in general funds in both fiscal years for Department of Health service provider contract adjustments to account for inflation;
- Adding \$22,000,000 in general funds in both fiscal years for Department of Human Services service provider contract adjustments to account for inflation;
- Adding \$12,900,000 in general funds in fiscal year 2024 and \$14,100,000 in general funds in fiscal year 2025 for Medicaid Home and Community-Based Services waivers for individuals with intellectual and developmental disabilities;
- Adding \$10,000,000 in general funds in fiscal year 2024 and \$20,000,000 in general funds in fiscal year 2025 for the Hawaii State Loan Repayment Program for Healthcare Professionals;
- Adding \$7,000,000 for the Hawaii Keiki: Healthy and Ready to Learn initiative; and
- Adding \$898,560 for after-school care for students with disabilities.

#### **PART IV. OPERATING BUDGET**

##### Accounting and General Services

The Senate Draft of the executive budget for the Department of Accounting and General Services makes general funds appropriations of \$154,618,034 in fiscal year 2024 and \$128,435,515 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$75,146,887 in fiscal year 2024 and \$75,472,420 in fiscal year 2025.

Highlights are as follows:

- Adding 7.00 permanent positions and \$907,190 in fiscal year 2024 and \$994,772 in fiscal year 2025 for cloud-based financial systems;
- Adding 2.00 permanent positions and \$185,000 for the Office of Information Practices;
- Adding \$192,696 for salary differentials for the Office of Information Practices;
- Adding 2.00 permanent positions and \$259,280 in fiscal year 2024 and \$319,592 in fiscal year 2025 for the digitization of government records (Act 178, SLH 2022);
- Transferring-out \$3,342,309 to the Department of Taxation for the tax system modernization project;
- Adding \$5,000,000 for the relocation of the Data Center;
- Adding \$746,623 in fiscal year 2024 and \$1,555,006 in fiscal year 2025 for Microsoft licenses;
- Adding 13.00 permanent positions and \$1,044,400 in fiscal year 2024 and \$1,040,400 in fiscal year 2025 for the cloud-based financial systems in the Office of Enterprise Technology Services;
- Adding \$17,000,000 in fiscal year 2024 for insurance policy premiums;
- Adding \$2,000,000 in fiscal year 2024 for Capitol Building renovations;
- Adding \$1 for Oahu Community Correctional Center plans, design, and lease buyback;
- Adding \$500,000 in fiscal year 2024 and \$5,000,000 in fiscal year 2025 for the relocation of the Mapunapuna base yard;
- Adding 2.00 permanent positions and \$170,200 in fiscal year 2024 and \$160,244 in fiscal year 2025 for procurement (Act 176, SLH 2022);
- Adding 1.00 temporary position and \$259,000 in fiscal year 2024 and \$251,250 in fiscal year 2025 for the Small Business Assistance Initiative (Act 168, SLH 2022);
- Adding \$13,500 for the procurement past performance database (Act 188, SLH 2021);
- Transferring-out 75.00 permanent positions and \$5,755,493 to the Department of Education for neighbor island school repairs and maintenance;
- Adding \$3,718,308 in fiscal year 2024 for voter system contracts;
- Adding \$2,000,000 for Iolani Palace;
- Adding \$1 for Bishop Museum; and
- Adding \$1,987,142 in special funds to update the Emergency 911 hardware.

#### Agriculture

The Senate Draft of the executive budget for the Department of Agriculture makes general fund appropriations of \$34,610,994 in fiscal year 2024 and \$20,001,162 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$36,960,159 in fiscal year 2024 and \$37,295,966 in fiscal year 2025.

Highlights are as follows:

- Adding \$7,000,000 in fiscal year 2024 for coconut rhinoceros beetle control;
- Adding 2.00 permanent positions and \$255,792 in fiscal year 2024 and \$228,004 in fiscal year 2025 to continue bovine tuberculosis operations on Molokai;
- Increasing the federal funds ceiling by \$6,000,000 for grants for agricultural development;
- Adding \$500,000 in fiscal year 2024 to fund the Da Bux Program; and
- Increasing the revolving fund ceiling by \$600,000 in fiscal year 2024 and \$350,000 in fiscal year 2025 for pesticides drift monitoring.

#### Attorney General

The Senate Draft of the executive budget for the Department of the Attorney General makes general fund appropriations of \$49,202,891 in fiscal year 2024 and \$45,550,501 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$76,149,240 in fiscal year 2024 and \$73,097,088 in fiscal year 2025.

Highlights are as follows:

- Adding \$409,636 in fiscal year 2024 and \$426,484 in fiscal year 2025 for full-year funding for 11.00 positions;
- Adding \$470,000 to the litigation fund;
- Adding \$365,000 in fiscal year 2024 and \$94,000 in fiscal year 2025 for the eGrants Management System;
- Adding 4.00 permanent positions and \$406,288 for the Hawaii Correctional System Oversight Commission; and

- Adding 7.00 special agents, reducing 6.50 investigators, and adding \$396,782 in fiscal year 2024 and \$364,246 in fiscal year 2025 for the Special Investigations and Prosecution Division.

#### Business, Economic Development, and Tourism

The Senate Draft of the executive budget for the Department of Business, Economic Development, and Tourism makes general fund appropriations of \$908,446,792 in fiscal year 2024 and \$29,518,824 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$153,105,178 in fiscal year 2024 and \$154,636,053 in fiscal year 2025.

Highlights are as follows:

- Adding \$50,000 in fiscal year 2024 for the Kamaaina Connect Pilot Program;
- Adding \$5,000,000 in fiscal year 2024 for the Festival of Pacific Arts and Culture;
- Adding \$2,500,000 in fiscal year 2024 for programming of professional master classes for culinary;
- Adding \$500,000 in fiscal year 2024 and \$400,000 in fiscal year 2025 for international and arts programs;
- Adding \$225,000 for full-year funding for State Energy Office positions;
- Adding \$30,000 in special funds for energy software;
- Adding \$94,200 in general funds and \$166,911 in federal funds for labor research;
- Adding \$2,994,167 in fiscal year 2024 and \$3,382,618 in fiscal year 2025 for tourism research;
- Adding \$34,462,555 in fiscal year 2024 for green energy money saver (“GEMS”) loans;
- Adding \$57,306 in fiscal year 2024 for the Small Business Regulatory Review Board;
- Adding 1.00 permanent position and \$90,000 for the aerospace development coordinator;
- Adding 1.00 permanent position and \$90,000 for an asset manager for the Hawaii Technology Development Corporation;
- Adding \$500,000 for statewide coastal zone management;
- Adding \$25,060 for Land Use Commission travel;
- Adding \$400,000 in fiscal year 2024 for standardized vulnerability assessments;
- Adding \$400,000 for Phase II of the Waikiki Adaptation and Resilience Plan;
- Adding \$696,425,000 in fiscal year 2024 for transit-orientated development infrastructure (S.B. No. 1191);
- Adding 7.00 permanent positions and \$1,205,000 in special funds for the Hawaii Community Development Authority;
- Adding 1.00 permanent position and \$90,000 for the Agribusiness Development Corporation (Act 219, SLH 2022);
- Adding \$4,000,000 in fiscal year 2024 for Waihole Ditch debt service; and
- Adding \$1 for the Aloha Stadium Special District.

#### Budget and Finance

The Senate Draft of the executive budget for the Department of Budget and Finance makes general fund appropriations of \$4,048,436,310 in fiscal year 2024 and \$3,783,588,858 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$426,677,142 in fiscal year 2024 and \$424,487,176 in fiscal year 2025.

Highlights are as follows:

- Adding \$310,776 in fiscal year 2024 and \$331,872 in fiscal year 2025 for full-year funding for 8.00 positions;
- Adding \$33,000,000 in both fiscal years for broadband federal matching funds;
- Adding \$500,000,000 to the emergency and budget reserve fund;
- Adding 1.00 position and \$71,106 for the Office of the Public Defender;
- Adding \$257,446,927 for debt service funding;
- Adding \$61,938,702 for retirement benefits; and
- Reducing \$9,343,547 for health premium payments.

#### Commerce and Consumer Affairs

The Senate Draft of the executive budget for the Department of Commerce and Consumer Affairs makes non-general fund appropriations of \$108,029,694 in fiscal year 2024 and \$109,929,699 in fiscal year 2025.

Highlights are as follows:

- Increasing the ceiling by \$75,000 for the central services assessment;
- Increasing the ceiling by \$300,000 for the licensing database;

- Increasing the ceiling by \$10,500,000 for the King Kalakaua Building's roof;
- Increasing the ceiling by \$398,569 in fiscal year 2024 and \$142,821 in fiscal year 2025 for fringe benefits;
- Increasing the ceiling by \$750,000 for the Electric Vehicle Charging Rebate Program; and
- Increasing the ceiling by \$750,000 for the Hydrogen Fueling Rebate Program.

#### Defense

The Senate Draft of the executive budget for the Department of Defense makes general fund appropriations of \$49,891,976 in fiscal year 2024 and \$34,363,359 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$93,860,415 in fiscal year 2024 and \$87,783,722 in fiscal year 2025.

Highlights are as follows:

- Adding \$1,000,000 for deferred maintenance;
- Adding \$166,750 in general funds and \$500,250 in federal funds for student meals at the National Guard's Youth Challenge Academy in Hilo and Kapolei;
- Adding \$125,000 in fiscal year 2024 to replace the ceiling at the Youth Challenge Academy in Hilo;
- Adding 1.00 permanent military real property program manager position and \$62,682 in federal funds for fiscal year 2024 and \$121,563 in federal funds for fiscal year 2025 for the National Guard;
- Adding 1.00 permanent program analyst and \$48,050 in federal funds for fiscal year 2024 and \$92,299 in federal funds for fiscal year 2025 for the National Guard;
- Adding \$3,000,000 for the major disaster fund--post disasters at Hawaii Emergency Management Agency;
- Adding \$2,522,860 in general funds in fiscal year 2024 for grant matching of \$4,500,000 in federal funds in fiscal year 2024 for Hawaii Emergency Management Agency to address hazards;
- Adding \$500,000 for the resilient Hawaii revolving loan fund;
- Increasing the ceiling by \$500,000 for the Hawaii Emergency Management Agency's hazard mitigation special fund;
- Adding \$145,000 in fiscal year 2024 for the Hawaii Emergency Management Agency for a bucket truck to repair sirens on Oahu; and
- Adding \$12,000,000 in fiscal year 2024 for the Hawaii Emergency Management Agency's headquarters building.

#### Education

The Senate Draft of the executive budget for the Department of Education makes general fund appropriations of \$2,556,282,854 in fiscal year 2024 and \$2,359,031,553 in fiscal year 2025. The Senate Draft also makes non-general fund appropriations of \$407,307,143 in fiscal year 2024 and \$403,908,077 in fiscal year 2025.

Highlights are as follows:

- Adding \$7,000,000 for the Hawaii Keiki: Healthy and Ready to Learn initiative;
- Adding \$10,000,000 in fiscal year 2024 for workers' compensation;
- Adding 20.00 permanent positions and \$1,474,000 for distance learning;
- Adding 13.00 permanent positions and \$643,504 for bilingual school-home assistants;
- Adding \$3,600,000 in fiscal year 2024 and \$7,200,000 in fiscal year 2025 for workforce development for special education students;
- Adding \$12,010,000 in fiscal year 2024 for contracted skilled nursing services;
- Adding 76.00 permanent positions for applied behavior analysis (Act 205, SLH 2018);
- Adding \$898,560 for after-school care for students with disabilities;
- Adding 2.00 permanent positions and \$1,000,600 for youth suicide awareness (Act 270, SLH 2019);
- Adding \$350,000 for Title IX training (Act 242, SLH 2022);
- Adding 1.00 permanent position and \$110,136 for school gardens (Act 258, SLH 2022);
- Adding 1.00 permanent position and \$110,136 for summer learning (Act 259, SLH 2022);
- Adding \$1,700,000 for a health referral management system;
- Adding 4.00 permanent positions and \$300,768 for the Hawaii Teacher Standards Board;
- Adding \$13,000,000 in fiscal year 2024 for electricity;
- Adding \$207,000 in fiscal year 2024 and \$179,000 in fiscal year 2025 for kindergarten entry assessments (Act 46, SLH 2020);
- Adding \$300,000 in fiscal year 2024 for active threat response training;

- Transferring-in 75.00 permanent positions and \$5,755,493 from the Department of Accounting and General Services for neighbor island school repairs and maintenance;
- Adding \$50,000,000 in fiscal year 2024 for deferred maintenance;
- Adding \$1 for power purchase agreements;
- Adding \$46,000,000 for land acquisition and renovation;
- Adding \$11,500,000 in revolving funds for after-school programs;

**PART V. CAPITAL IMPROVEMENTS PROGRAM BUDGET**

The Governor submitted a transitional steady state capital improvement budget to the Legislature with the following totals:

<b>Governor’s Steady State Request</b>	<b>Fiscal Year 2024</b>	<b>Fiscal Year 2025</b>
<b>General Funds</b>	\$324,855,000	\$295,397,000
<b>G.O./G.O.R. Bond Funds</b>	\$462,249,000	\$358,640,000
<b>All Means of Financing</b>	\$2,106,776,000	\$1,459,911,000

The Governor submitted Governor’s Messages to the Legislature to request an amended capital improvement budget with the following totals:

<b>Governor’s Adjusted Request</b>	<b>Fiscal Year 2024</b>	<b>Fiscal Year 2025</b>
<b>General Funds</b>	\$447,669,000	\$308,122,000
<b>G.O./G.O.R. Bond Funds</b>	\$742,367,000	\$484,591,000
<b>All Means of Financing</b>	\$2,775,315,000	\$1,766,140,000

Your Committee has further amended this measure and proposes a capital improvement budget with the following totals:

<b>Senate Draft</b>	<b>Fiscal Year 2024</b>	<b>Fiscal Year 2025</b>
<b>General Funds</b>	\$549,063,000	\$379,453,000
<b>G.O./G.O.R. Bond Funds</b>	\$875,250,000	\$338,703,000
<b>All Means of Financing</b>	\$3,348,386,000	\$1,476,590,000

**PART VI. RECOMMENDATION**

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 300, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 300, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
 Ayes, 13. Noes, none. Excused, none.

**SCRep. 1784 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 1200**

The purpose and intent of this measure is to enable the use of unmanned aircraft in the enforcement of certain natural and cultural resource laws.

Specifically, this measure:

- (1) Requires and appropriates moneys for the Department of Land and Natural Resources to establish an unmanned aircraft systems program that is compliant with applicable federal and state laws;
- (2) Authorizes the use of unmanned aircraft systems to monitor, investigate, and obtain admissible evidence of natural and cultural resource violations; and
- (3) Requires the Department of Land and Natural Resources to submit to the Legislature annual reports on the unmanned aircraft systems program.

Your Committees received written comments in support of this measure from Kuaaina Ulu Auamo; Malama Pupukeya-Waimea; The Nature Conservancy, Hawaii and Palmyra; and five individuals.

Your Committees received written comments in opposition to this measure from one individual.

Your Committees received written comments on this measure from the Department of Land and Natural Resources.

Your Committees find that enforcement of many natural and cultural resource laws by the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources is difficult due to remote or inaccessible locations where violations

may take place. Accordingly, your Committees also find that unmanned aircraft systems, otherwise known as “drones,” employ live monitoring and recording and may be effective and economical tools in facilitating the Division’s efforts.

Your Committees have amended this measure by clarifying the deadline for the notification of a waiver relating to the prohibition of unmanned aircraft systems manufactured or assembled by a covered foreign entity.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1200, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1200, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1785 Ways and Means on H.B. No. 74**

The purpose and intent of this measure is to establish a five-year temporary general excise tax exemption for amounts received from the servicing and maintenance of helicopters in an aircraft service and maintenance facility, or from the construction of a facility that services and maintains helicopters in which no less than seventy-five percent of the helicopters serviced and maintained annually in the facility are equipped with quiet technology.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments in opposition to this measure from Jack Harter Helicopters.

Your Committee received written comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Blue Hawaiian Helicopters.

Your Committee recognizes that aviation is necessary for the State’s transportation needs and economy. Your Committee also recognizes that communities are affected by helicopter noise pollution on a regular basis. Accordingly, your Committee finds that incentivizing aircraft service and maintenance facilities to service and maintain helicopters that are equipped with quiet technology, as proposed by this measure, may facilitate the installation of those technologies without adversely impacting the State’s aviation industry.

Your Committee has amended this measure by clarifying that the general excise tax exemption shall apply to facilities that service and maintain helicopters outside any Hawaii airport.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 74, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 74, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1786 Ways and Means on H.B. No. 610**

The purpose and intent of this measure is to establish the farm workforce retention tax credit for farm employers or owners of farm employers that employ farm employees who are unable to work due to documented illnesses or disabilities.

Your Committee received written comments in support of this measure from the Department of Agriculture, Hawaii Farm Bureau, Hawaii Farmers Union United, Maui Chamber of Commerce, Ulupono Initiative, and three individuals.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that by supporting efforts of farm businesses to incentivize farm employees’ long-term workforce commitments, the farm workforce retention tax credit will help to address the labor retention issues faced by the agricultural industry in Hawaii.

Your Committee has amended this measure by:

- (1) Making the farm workforce retention tax credit nonrefundable;
- (2) Clarifying how the tax credit will be determined and distributed for partnerships, S corporations, estates, and trusts;
- (3) Clarifying the statutory deadline by which claims for the tax credit must be filed; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 610, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 610, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1787 Ways and Means on H.B. No. 612**

The purpose and intent of this measure is to incentivize growth in the State’s agricultural sector.

Specifically, this measure establishes an income tax credit to alleviate the high costs of production for Hawaii’s farmers, ranchers, and fishers.

Your Committee received written comments in support of this measure from the Maui County Council; Ai Pohaku - The Stone Eaters; Good Food Movement; Green Islands Acres, LLC; Hawaii Alliance for Progressive Action; Hawaii Cattlemen's Council; Hawaii Farm Bureau; Hawaii Farmers Union United; Hawaii Farmers Union United, Haleakala Chapter; Kanalani Ohana Farm; Local Food Coalition; Maui Chamber of Commerce; Naike, LLC; Ulupono Initiative; Wakefield and Sons, Inc.; and twenty-five individuals.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that Hawaii farmers, ranchers, and fishers need support to alleviate the high costs associated with agricultural production in the State. Your Committee also finds that ensuring the viability of local food producers is critical to achieving the State's sustainability goals.

Your Committee has amended this measure by:

- (1) Clarifying that the tax credit is nonrefundable;
- (2) Deleting language inapplicable to nonrefundable income tax credits;
- (3) Replacing the terms "eligible farmer" and "farmer or farm business" with "qualified taxpayer;"
- (4) Clarifying the administration of the tax credit with regard to pass-through entities;
- (5) Clarifying that the amount of the tax credit is based on the taxpayer's net farm income; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 612, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 612, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1788 Ways and Means on H.B. No. 675**

The purpose and intent of this measure is to facilitate the development of affordable housing.

Specifically, this measure requires that, if sufficient funding is available, the Hawaii Housing Finance and Development Corporation shall open at minimum two application periods each year for the receipt of applications for financing for the development of affordable housing in the State from the Low-Income Housing Tax Credit Program, Hula Mae Multi-Family Program, Rental Housing Revolving Fund Program, and Dwelling Unit Revolving Fund Program.

Your Committee received written comments in support of this measure from Affordable Housing Connections LLC, EAH Housing, and one individual.

Your Committee received written comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that increasing opportunities for the Hawaii Housing Finance and Development Corporation to award funding to developers of affordable housing, during years where sufficient funding is available, will allow developers to utilize financing more effectively and efficiently.

Your Committee has amended this measure by making a technical nonsubstantive amendment for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 675, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 675, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1789 Ways and Means on H.B. No. 961**

The purpose and intent of this measure is to increase access to early learning.

Specifically, the measure:

- (1) Appropriates moneys into and out of the preschool open doors special fund for the preschool grant program, to fill new temporary positions to support the Preschool Open Doors Program and to address data governance issues as required by law;
- (2) Provides greater flexibility for accreditation of service providers;
- (3) Expands access to early learning public prekindergarten programs; and
- (4) Authorizes the preschool open doors special fund to receive federal funds.

Your Committee received written comments in support of this measure from the Office of the Lieutenant Governor, University of Hawaii, Executive Office on Early Learning, Early Learning Board, HE'E Coalition, Parents and Children Together, Stonewall Caucus of the Democratic Party of Hawaii, Kamehameha Schools, and four individuals.

Your Committee received written comments on this measure from the Department of Human Services, Department of Budget and Finance, Early Childhood Action Strategy, Commit to Keiki, Hawaii Association of Independent Schools, Hawaii Children's Action Network Speaks!, and one individual.

Your Committee finds that expanding access to childcare and preschool will help to prepare children to attend kindergarten and create opportunities for their parents and families to return to the workforce.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 961, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 961, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1790 Ways and Means on H.B. No. 933**

The purpose and intent of this measure is to appropriate moneys to the Public Utilities Commission to provide free telecommunications access to certain information for persons with print disabilities.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii State Committee of Blind Vendors, National Federation of the Blind of Hawaii, National Organization of Parents of Blind Children Hawaii Representative, and numerous individuals.

Your Committee received written comments on this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Telcom.

Your Committee finds that providing free telecommunications access to certain information for persons with print disabilities will ensure that persons with print disabilities enjoy equal access to information and services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 933, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1791 Ways and Means on H.B. No. 870**

The purpose and intent of this measure is to facilitate services to blind and visually impaired individuals on the neighbor islands.

Specifically, the measure:

- (1) Requires the Department of Human Services to:
  - (A) Establish a neighbor islands blind and visually impaired service pilot program that supplements existing statewide services by providing training and other services to neighbor island residents who are blind or visually impaired;
  - (B) Establish a neighbor islands blind and visually impaired service pilot program working group;
  - (C) Collaborate with the working group to develop a pilot program implementation plan and submit the plan to the Legislature before the Regular Session of 2024; and
  - (D) Submit a report on the blind and visually impaired service pilot program to the Legislature before the Regular Session of 2027; and
- (2) Appropriates moneys to fund the establishment and operation of the neighbor islands blind and visually impaired service pilot program and working group.

Your Committee received written comments in support of this measure from the Department of Human Services, National Federation of the Blind of Hawaii, Hawaii State Committee of Blind Vendors, National Organization of Parents of Blind Children Hawaii, and seven individuals.

Your Committee recognizes that many blind and visually impaired neighbor island residents are not able to benefit from existing state and local support services, for various reasons. Accordingly, your Committee finds that efforts that supplement existing services, as proposed by this measure, will enable these individuals to improve their quality of life and achieve greater independence.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 870, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1792 Ways and Means on H.B. No. 503**

The purpose and intent of this measure is to support computer science education in the State's public schools.

More specifically, the measure:

- (1) Requires the Board of Education to work with the Department of Education to conduct an analysis on the need, impact, and feasibility of making computer science a graduation requirement;
- (2) Requires the Board of Education to determine whether making computer science a graduation requirement would be in the best interests of public school students and the public;

- (3) Requires the Board of Education to report any findings to the Legislature; and
- (4) Appropriates moneys for teachers' professional development in computer science.

Your Committee received written comments in support of this measure from HawaiiKidsCAN, Code.org, Chamber of Commerce Hawaii, and two individuals.

Your Committee received written comments in opposition to this measure from two individuals.

Your Committee received written comments on this measure from the Department of Education and Board of Education.

Your Committee finds that expanding the availability of computer science education and supporting teachers' professional development in this field will help prepare the State's public school students for success in the classroom and their careers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 503, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Aquino, Kanuha, Shimabukuro).

**SCRep. 1793 Ways and Means on H.B. No. 963**

The purpose and intent of this measure is to appropriate moneys for various programs related to broadband internet access.

Your Committee received written comments in support of this measure from the Office of the Lieutenant Governor; Department of Budget and Finance; Department of Business, Economic Development, and Tourism; State Council on Developmental Disabilities; University of Hawaii; Office of the Mayor of the County of Maui; AARP Hawaii; AlohaCare; Chamber of Commerce Hawaii; Hawaii Primary Care Association; Maui Chamber of Commerce; Vibrant Hawaii; and three individuals.

Your Committee received written comments on this measure from Hawaiian Telcom.

Your Committee finds that supporting programs related to broadband internet access will ensure that all residents of the State are able to fully participate in society, democracy, and the economy.

Your Committee has amended this measure by:

- (1) Changing the appropriations from \$33,000,000 and \$95,000,000, respectively, to unspecified amounts; and
- (2) Making a technical nonsubstantive amendment for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 963, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 963, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1794 Ways and Means on H.B. No. 992**

The purpose and intent of this measure is to clarify that certain moneys appropriated pursuant to Act 88, Session Laws of Hawaii 2021, as amended by Act 248, Session Laws of Hawaii 2022, shall be deposited into the affordable homeownership revolving fund for the purposes for which the revolving fund was established.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; and Hawaii Habitat for Humanity Association.

Your Committee finds that clarifying the appropriation made in section 6.4 of Act 88, Session Laws of Hawaii 2021, as amended by Act 248, Session Laws of Hawaii 2022, will ensure that certain loan repayments are deposited into the affordable homeownership revolving fund rather than the general fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 992, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1795 Ways and Means on H.B. No. 995**

The purpose and intent of this measure is to clarify the process and provide incentives for designating lands as important agricultural lands.

More specifically, the measure:

- (1) Amends section 205-49, Hawaii Revised Statutes, to conform with existing Land Use Commission rules by clarifying that the adoption of county maps of important agricultural lands occurs through rulemaking, rather than through a contested case hearing; and
- (2) Provides a means to develop cluster housing for farmers and farm employees on important agricultural lands.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; City and County of Honolulu, Department of Planning and Permitting; Office of Planning and Sustainable Development; and Hawaii Farm Bureau.

Your Committee received written comments on this measure from the Land Use Commission.

Your Committee finds that the clarifications made and incentives provided by this measure will help the State conserve and protect agricultural lands and promote agricultural self-sufficiency by removing obstacles to the designation of lands as important agricultural lands.

Your Committee has amended this measure by:

- (1) Clarifying that an agricultural plan or agricultural business plan shall be submitted to the county by the landowner or lessee and that the county may submit the plan to the Department of Agriculture for review and comment;
- (2) Combining two paragraphs of new statutory text to avoid redundancy;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 995, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 995, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1796 Ways and Means on H.B. No. 1037**

The purpose and intent of this measure is to update the Hawaii Revised Statutes (HRS) regarding the Statewide Interoperable Communications Executive Committee to reflect the migration of the Office of Homeland Security from the Department of Defense to the Department of Law Enforcement.

More specifically, the measure replaces references to the Department of Defense and its Adjutant General with the Department of Law Enforcement and its Director in sections 76-16 and 128A-12, HRS, which relate to civil service exempt positions and membership on the Statewide Interoperable Communications Executive Committee, respectively.

Your Committee received written comments in support of this measure from the Department of Law Enforcement, Office of Homeland Security, and Department of Defense.

Your Committee finds that the amendments made by this measure are in the nature of housekeeping and are needed to align the statutory sections identified above with amendments made by section 24 of Act 278, Session Laws of Hawaii 2022, which among other things, established the Department of Law Enforcement and transferred certain functions of other state agencies to the Department.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1037, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1037, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1797 Ways and Means on H.B. No. 1184**

The purpose and intent of this measure is to authorize a process through which state and county agencies may procure professional services when fewer than three qualified persons respond to an additional solicitation.

Your Committee received written comments in support of this measure from the Mayor of the County of Maui.

Your Committee received written comments on this measure from the Department of Accounting and General Services; State Procurement Office; Division of Purchasing, Department of Finance, County of Kauai; American Institute of Architects, Hawaii State Council; and American Council of Engineering Professionals of Hawaii.

Your Committee finds that state and county agencies attempting to procure certain services may face a shortage of qualified potential contractors. Accordingly, your Committee believes that alternative means of procurement, as authorized by this measure, will ensure the continuation of projects that are essential for state and county functions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1184, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1798 Ways and Means on H.B. No. 1193**

The purpose and intent of this measure is to facilitate the administration of the tax credit for research activities.

Specifically, the measure:

- (1) Limits to an unspecified amount the amount of tax credits for research activities that an eligible taxpayer and the taxpayer's related entities may receive per taxable year;

- (2) Consolidates the survey and certification requirements for tax credits for research activities;
- (3) Changes from \$5,000,000 to an unspecified amount the annual aggregate cap on tax credits for research activities that the Department of Business, Economic Development, and Tourism may certify;
- (4) Requires certification of the tax credits for research activities on a first-come, first-served basis to be based on the date that a complete application is received, subject to certain conditions; and
- (5) Extends from December 31, 2024, to December 31, 2029, the sunset date for the tax credit.

Your Committee received written comments in support of this measure from the Maui Chamber of Commerce.

Your Committee received written comments in opposition to this measure from two individuals.

Your Committee received written comments on this measure from the Department of Taxation, Hawaii Technology Development Corporation, Oceanit, and Tax Foundation of Hawaii.

Your Committee finds that the tax credit for research activities encourages job growth in research and development. Your Committee also finds that the tax credit fosters diversification of the State's economy by creating and maintaining science, technology, engineering, and mathematics jobs in the State.

Your Committee notes that Senate Bill No. 951, S.D. 2, which was previously passed by the Senate, is a substantially similar measure that:

- (1) Limits to \$1,500,000 the amount of tax credits for research activities that an eligible taxpayer and the taxpayer's related entities may receive per taxable year;
- (2) Consolidates the survey and certification requirements for tax credits for research activities;
- (3) Increases from \$5,000,000 to \$15,000,000 the annual aggregate cap on tax credits for research activities that the Department of Business, Economic Development, and Tourism may certify;
- (4) Requires certification of the tax credits for research activities on a first-come, first-served basis to be based on the date that a complete application is received, subject to certain conditions; and
- (5) Extends from December 31, 2024, to December 31, 2029, the sunset date for the tax credit.

Your Committee has amended this measure by deleting its contents and inserting the contents of Senate Bill No. 951, S.D. 2.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1193, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1193, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 1799 Ways and Means on H.B. No. 1300**

The purpose and intent of this measure is to establish a framework for granting provisional, associate-level marriage and family therapist, mental health counselor, and psychologist licensure.

More specifically, this measure:

- (1) Requires the Department of Commerce and Consumer Affairs to grant provisional associate marriage and family therapist, associate mental health counselor, and associate psychologist licensure to eligible individuals;
- (2) Establishes requirements for, and restrictions on, provisional associate marriage and family therapist, associate mental health counselor, and associate psychologist licenses;
- (3) Authorizes insurance reimbursements for certain services provided by supervised licensed associate marriage and family therapists, supervised licensed associate mental health counselors, supervised associate psychologists, and supervised social work interns;
- (4) Requires each applicant for a psychologist license to possess a doctoral degree and complete one year of post-doctoral supervised experience in health service in psychology before sitting for the psychologist licensing examination;
- (5) Authorizes the Board of Psychology to grant waivers of state-employed clinical psychologist licensure requirements in certain circumstances; and
- (6) Appropriates moneys to the Department of Commerce and Consumer Affairs to establish, recruit, and hire one full-time equivalent (1.0 FTE) office assistance V position and update the Department's Professional and Vocational Licensing Division's internal databases.

Your Committee received written comments in support of this measure from the Hawaii State Council on Mental Health; AlohaCare; Catholic Charities Hawaii; Elemental Guidance, LLC; Erik E. Acuna, LCSW, LLC; Hawaii Psychological Association; National Association of Social Workers; Spill The Tea Cafe; The Hawaiian Islands Association for Marriage and Family Therapy; Xplor Counseling; and numerous individuals.

Your Committee received written comments on this measure from the Board of Psychology, Department of Commerce and Consumer Affairs, Hawaii Chapter of The National Association of Social Workers, Hawaii Psychological Association, and The Hawaiian Islands Association for Marriage and Family Therapy.

Your Committee finds that granting provisional, associate-level marriage and family therapist, mental health counselor, and psychologist licenses will help to satisfy the critical need for high-quality mental health practitioners in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1300, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1800 Ways and Means on H.B. No. 1396**

The purpose and intent of this measure is to support the upgrade, conversion, or connection of every cesspool in the State, excluding cesspools granted exemptions by the Director of Health, as required by Act 125, Session Laws of Hawaii, 2017.

More specifically, the measure:

- (1) Establishes and appropriates moneys for a county cesspool pilot program in the Department of Health to work with each county to identify a priority area to expand the county sewage system or other centralized treatment system to connect with individual properties and reduce or eliminate cesspools in the priority area;
- (2) Creates and appropriates moneys to establish positions for a cesspool conversion section in the Department of Health to facilitate the conversion of cesspools within the State;
- (3) Requires the Department of Health to retain experts to identify necessary public outreach and education resources and tools, develop a comprehensive public outreach strategy, and educate homeowners regarding the State's cesspool upgrade, conversion, and connection requirements and deadlines;
- (4) Establishes an income tax credit for the cost of upgrading or converting a qualified cesspool to a Director of Health-approved wastewater system or connecting to a sewerage system; and
- (5) Requires certain information regarding cesspools on real property to be included in seller mandatory disclosures for real property transactions.

Your Committee received written comments in support of this measure from the University of Hawaii, Environmental Caucus of the Democratic Party of Hawaii, Ulupono Initiative, The Nature Conservancy of Hawaii and Palmyra, Wastewater Alternatives & Innovations, Coral Reef Alliance, and seven individuals.

Your Committee received written comments on this measure from the Department of Taxation, Department of Health, Office of the Mayor for the County of Maui, Department of Environmental Management for the County of Maui, Hawaii REALTORS, and one individual.

Your Committee finds that this measure provides helpful mechanisms, including dedicated state resources, community incentives, and fair and transparent disclosures to new property owners, to help support the State's cesspool conversion goals.

Your Committee has amended this measure by:

- (1) Amending section 12 of the measure to clarify that the cesspool upgrade, conversion, or connection income tax credit shall apply to taxable years beginning after December 31, 2023, as recommended in written comments from the Department of Taxation;
- (2) Requiring the Department of Health to retain "qualified consultants" rather than "experts," as recommended in written comments from the Department of Health;
- (3) Making the seller disclosure requirements in section 15 of the measure effective on November 1, 2023, as recommended in written comments from Hawaii REALTORS;
- (4) Clarifying that the county reports to the Legislature are required to address only the properties identified for a connection to a sewage system;
- (5) Clarifying that the appropriations made in sections 3, 6, 7, and 10 of the measure shall be expended for the purposes of their respective sections;
- (6) Correcting Ramseyered material to comport with recommended drafting conventions;
- (7) Correcting the text of quoted material; and
- (8) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1396, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1396, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Fevella). Noes, none. Excused, none.

**SCRep. 1801 Ways and Means on H.B. No. 1408**

The purpose and intent of this measure is to establish, and appropriate moneys for, a digital equity grant program in which grants are awarded to eligible applicants for digital equity projects.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Climate Change Mitigation and Adaptation Commission; State Council on Developmental Disabilities; AARP Hawaii; AlohaCare; Hawaii Broadband Hui; Kapolei Chamber of Commerce; Vibrant Hawaii; and two individuals.

Your Committee received written comments on this measure from the University of Hawaii.

Your Committee finds that awarding grants to qualified digital equity projects will make internet access and new technology available to more people and help to ensure digital equity throughout the State.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1408, H.D. 3, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1408, H.D. 3, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1802 Ways and Means on H.B. No. 1486**

The purpose and intent of this measure is to increase the resources available to support the care of kupuna in the State.

More specifically, the measure appropriates funds to the Department of Health for the Kupuna Care Program within the Executive Office on Aging.

Your Committee received written comments in support of this measure from the Department of Health's Executive Office on Aging, Alzheimer's Association, AARP Hawaii, Rainbow Family 808, The Kupuna Caucus of the Democratic Party of Hawaii, and numerous individuals.

Your Committee received written comments on this measure from Catholic Charities Hawaii.

Your Committee finds that funding for the Kupuna Care Program is critical as the State's population of persons aged sixty and older rapidly increases. The additional funding provided by this measure will allow the Executive Office on Aging to identify and prioritize additional kupuna clients for supportive services according to each client's needs by utilizing the comprehensive person-centered intake and assessment tools developed statewide.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1486, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1486, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1803 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 193**

The purpose and intent of this measure is to:

- (1) Extend the State's energy-efficiency portfolio standards from 2030 to 2045; and
- (2) Authorizes the Public Utilities Commission to establish interim goals.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office, Public Utilities Commission, Hawaiian Electric, Hawaii Solar Energy Association, Ulupono Initiative, Hawaii Environmental Change Agents, Hawai'i Energy, Blue Planet Foundation, Kauai Climate Action Coalition, and eight individuals. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy.

Your Committees find that energy efficiency remains the most cost-effective way to reduce emissions associated with electricity generation and consumption, while providing financial benefits for customers. Under existing law, the State must meet its energy efficiency goals by the year 2030. This codified goal was established in 2009; however, your Committees find that it is appropriate to modify these goals and the date by which they must be achieved. This measure extends and further develops the energy-efficiency portfolio standards, thus progressing the State towards its decarbonization goals.

Your Committees have amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 193, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 193, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1804 Ways and Means on H.B. No. 133**

The purpose and intent of this measure is to appropriate funds for the operating costs of the Office of Hawaiian Affairs for the fiscal biennium beginning July 1, 2023, and ending June 30, 2025.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs.

Your Committee finds that the Office of Hawaiian Affairs is a semi-autonomous state agency, established by Article XII, sections 4 and 5, of the Hawaii State Constitution and Chapter 10, Hawaii Revised Statutes, that is responsible for improving the well-being of native Hawaiians and Hawaiians. This measure appropriates funds for the Office of Hawaiian Affairs' operating budget in support of plans for the upcoming biennium and is vital to fulfilling its mandates. Your Committee further finds that for every dollar of state funds provided, the Office of Hawaiian Affairs matches these general funds with trust funds, community funds, and additional Office of Hawaiian Affairs funds.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated for beneficiary advocacy from an unspecified amount of general revenues to \$87,000,000 for fiscal year 2023-2024 and \$3,000,000 for fiscal year 2024-2025;
- (2) Changing the amount appropriated for beneficiary advocacy from an unspecified amount of public land trust funds to \$3,000,000 per fiscal year;
- (3) Deleting program provisions specifying unspecified sums for occupancy-ready housing needs, social services, and educational improvement programs for Native Hawaiian students;
- (4) Adding a program provision specifying \$65,000,000 in general funds for bulkhead repairs;
- (5) Adding a program provision specifying \$6,000,000 to prepare an environmental impact statement for Hakuone;
- (6) Adding a program provision specifying \$13,000,000 for Kukaniloko;
- (7) Changing the program provision for legal services and legal representation to Office of Hawaiian Affairs beneficiaries from an unspecified amount of general funds to \$75,600 in general funds and \$75,600 in trust funds;
- (8) Changing the program provision for protections of aina (land and water) from an unspecified amount of general funds and trust funds to \$500,000 in general funds and \$500,000 in trust funds; and
- (9) Changing the program provision for ohana (families and communities) economic stability from an unspecified amount of general funds and trust funds to \$370,000 in general funds and \$370,000 in trust funds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 133, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 133, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1805 (Majority) Judiciary on H.B. No. 650**

The purpose and intent of this measure is to:

- (1) Authorize licensed advanced practice registered nurses to practice medical-aid-in-dying;
- (2) Authorize licensed advanced practice registered nurses and clinical nurse specialists with psychiatric or mental health training and licensed marriage and family therapists to provide counseling to a qualified patient;
- (3) Reduce from twenty to five days, the mandatory waiting period between the two oral requests required for a qualified patient to obtain a prescription for medication that may be self-administered to end the patient's life in accordance with applicable state law; and
- (4) Waive the mandatory waiting period for terminally ill qualified patients who are not expected to survive the mandatory waiting period.

Your Committee received testimony in support of this measure from the Department of Health, Compassion & Choices, Stonewall Caucus of the Democratic Party of Hawai'i, Board of Nursing, Hawai'i – American Nurses Association, Hawai'i Association of Professional Nurses, Hawaii Society of Clinical Oncology, Hawai'i Pacific Health, Hawai'i Psychological Association, Hawaiian Islands Association for Marriage and Family Therapy, and thirty-five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Family Forum, Americans United for Life, and nine individuals. Your Committee received comments on this measure from the Hawaii Medical Association, Hawai'i State Center for Nursing, and two individuals.

Your Committee finds that the State's Our Care, Our Choice Act, enacted by the Legislature in 2018, allows certain terminally ill individuals to voluntarily request and receive prescription medication that allows them to die in a peaceful, humane, and dignified manner. Your Committee finds however, that the State's shortage of physicians has unintentionally created barriers and burdens for patients in accessing this compassionate care, particularly in rural areas and neighbor islands. Your Committee also finds that the State's mandatory waiting period is the longest in the nation among states that have enacted medical-aid-in-dying laws, and according to testimony received by your Committee, twenty-seven percent of terminally ill patients who requested the medication did not survive the twenty-day mandatory waiting period. This measure reduces these barriers by allowing additional medical practitioners to facilitate medical-aid-in-dying, reducing the mandatory waiting period, and waiving the mandatory waiting period for certain qualified patients.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 650, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 2 (Gabbard, Awa). Excused, none.

**SCRep. 1806      Judiciary on H.B. No. 1109**

The purpose and intent of this measure is to meet federal requirements on fraudulent activity relating to commercial learner's permits and commercial driver's licenses.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Department of Transportation is required by the Federal Motor Carrier Safety Administration, pursuant to title 49 of the Code of Federal Regulations section 383.73(k)(2), to have policies in effect that result, at minimum, in the disqualification of the commercial learner's permits and commercial driver's licenses for applicants who are suspected of fraud related to the testing and issuance of that commercial learner's permits and commercial driver's licenses. This measure provides accountability for drivers who obtain a commercial learner's permit or commercial driver's license while also conforming to federal requirements.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1109, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1807      (Majority) Judiciary on H.B. No. 1205**

The purpose and intent of this measure is to specify that exclusive representatives of public employees are not required to provide grievance representation to collective bargaining unit members who do not pay dues or dues equivalents and who decline to pay reasonable costs of the representation.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and University of Hawaii Professional Assembly. Your Committee received testimony in opposition to this measure from six individuals.

Your Committee finds that under existing law, public employees fall within one of fifteen bargaining units, which are represented by the employee organization certified by the Hawaii Labor Relations Board. A certified union is the exclusive organization responsible for representing the interests of all employees in matters such as labor disputes, wages, hours, and other terms and conditions of employment, and does so without discrimination and without regard to an employee's organization membership. However, to pay for the various services that the union provides to the employees in its bargaining unit, unions deduct dues from the employee's payroll through the employee's public employer. Prior to 2018, regardless of whether an employee within a bargaining unit elected to become a member of the exclusive employee organization, the non-member employee still had to pay their fair share because they enjoyed the same services and benefits provided to all employees by the exclusive employee organization. In 2018, the Supreme Court of the United States issued its opinion in *Janus v. AFSCME*, 138 S.Ct. 1338, (2018), which held that a public sector union is prohibited from charging non-union members certain union dues. Currently, non-union members can reap the benefits of the union but not pay for the services that they benefit from and utilize, which is fundamentally unfair and could bankrupt unions. This measure would prevent a nonunion member from receiving grievance representation for which they did not pay, thus ensuring fairness and providing financial stability to unions in the State.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1205, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1205, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1808      Judiciary on H.B. No. 692**

The purpose and intent of this measure is to increase administrative and criminal penalties for violators of Hawaii pesticides laws.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i SEED, Hānai Hives, Hawai'i Food+ Policy Internship 2023, Imua Alliance, Education Caucus of the Democratic Party of Hawai'i, Hawai'i Farmers Union United, Hawai'i Alliance for Progressive Action, Wild Kids, and twenty-three individuals. Your Committee received comments on this measure from the Hawaii Crop Improvement Association.

Your Committee finds that fines for violations of Hawai'i pesticide laws have not increased for twenty-two years for commercial pesticide applicators and nearly fifty years for private pesticide applicators. In the last five years, the Pesticides Branch of the Plant Industry Division of the Department of Agriculture has issued and closed almost one hundred notices of violation for companies or individuals who had repeat use violations. This measure will increase the fines for violations of Hawaii pesticide laws, which will deter applicators from violating the laws and better protect the people and environment of Hawai'i.

Your Committee has amended this measure by:

- (1) Specifying that the minimum administrative penalty for any registrant, commercial applicator, wholesaler, dealer, retailer, or other distributor who violates the Hawai'i pesticides laws is \$1,000; and
- (2) Specifying that the minimum administrative penalty for any private applicator who violates the Hawai'i pesticides laws is \$250.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 692, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 692, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1809 Ways and Means on H.B. No. 415**

The purpose and intent of this measure is to appropriate moneys to the Department of Transportation to implement the recommendations of the task force on mobility management.

Your Committee received written comments in support of this measure from the Disability and Communication Access Board, State Council on Developmental Disabilities, AARP Hawaii, National Federation of the Blind of Hawaii, OahuMPO, and one individual.

Your Committee finds that implementing the recommendations of the task force on mobility management will help to improve the provision of reliable, essential transportation for people with disabilities in the State.

Your Committee has amended this measure by:

- (1) Clarifying the total number of full-time equivalent mobility manager positions to be established and funded; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 415, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 415, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1810 Ways and Means on H.B. No. 1263**

The purpose and intent of this measure is to expand the sources of funding for, and amend the authorized uses of moneys in, the Hawaii ABLE savings program trust fund.

More specifically, this measure:

- (1) Expands the sources of funding for the Hawaii ABLE savings program trust fund;
- (2) Amends the authorized uses of moneys in the Hawaii ABLE savings program trust fund;
- (3) Appropriates moneys to the Department of Budget and Finance to provide incentive payments to Hawaii public school ABLE account owners; and
- (4) Appropriates moneys to the Department of Health for one full-time equivalent (1.0 FTE) permanent position within the State Council on Developmental Disabilities to provide statewide outreach, advocacy, and relationship management for the Hawaii ABLE savings program.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that expanding the sources of funding for, and amending the authorized uses of moneys in, the Hawaii ABLE savings program trust fund will enable individuals having disabilities to accrue moneys to pay for various expenses, including medical and dental care, education, community-based supports, employment training, assistive technology, housing, and transportation.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1263, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1263, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1811 Ways and Means on H.B. No. 1511**

The purpose and intent of this measure is to support the work of the Honolulu Board of Water Supply in monitoring the safety and quality of Oahu's drinking water.

More specifically, the measure appropriates funds as a grant-in-aid to the Honolulu Board of Water Supply to:

- (1) Plan, design, and construct seven monitoring wells on Oahu after consultation with the Department of Health and Commission on Water Resource Management; and
- (2) Design and construct an exploratory well to meet future potable water requirements for the Oahu metropolitan area.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Honolulu Board of Water Supply, Environmental Caucus of the Democratic Party of Hawaii, Ulupono Initiative, Sierra Club of Hawaii, and one individual.

Your Committee finds that multiple recent releases of fuel and other chemicals from the United States Department of the Navy's Red Hill Bulk Fuel Storage Facility have negatively impacted the environment and the safety of drinking water flowing to military residences. A Department of Health analysis showed that the fuel contamination could travel away from the Red Hill Bulk Fuel Storage Facility toward different geological locations and existing Honolulu Board of Water Supply wells. Further, the lack of data collected by the Navy's sparse monitoring well network hinders an adequate evaluation of the possibility that fuel releases from the Red Hill Bulk Fuel Storage Facility could migrate to and thus impact critical drinking water receptors, such as the Halawa shaft and Aiea and Halawa wells of the Honolulu Board of Water Supply. Accordingly, the financial support provided by this measure will aid the Board in evaluating and addressing these significant threats to Oahu's precious drinking water supply.

Your Committee has amended this measure by:

- (1) Inserting language providing that no moneys appropriated by the measure shall be expended unless matched on a dollar-for-dollar basis by the City and County of Honolulu; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1511, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1511, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1812 (Joint) Judiciary and Ways and Means on H.B. No. 579**

The purpose and intent of this measure is to:

- (1) Establish the statewide Human Trafficking Prevention Program within the Department of the Attorney General to provide services and assistance to commercially sexually exploited children and victims of human trafficking; and
- (2) Require reports to the Legislature.

Your Committees received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, Department of Health, State Council on Mental Health, Office of Hawaiian Affairs, Catholic Charities Hawai'i, Zonta Club of Hilo, Imua Alliance, and nine individuals.

Your Committees find that human trafficking and the commercial sexual exploitation of children have been a growing issue both in the State and throughout the nation. Your Committees further find that while the State has implemented multiple programs to prevent and fight these crimes, there is a need for a more coordinated and comprehensive effort. This measure furthers the State's efforts in countering human trafficking and commercial sexual exploitation of children by establishing a statewide human trafficking prevention program.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 579, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.  
Judiciary: Ayes, 5. Noes, none. Excused, none.  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1813 (Joint) Judiciary and Ways and Means on H.B. No. 1079**

The purpose and intent of this measure is to:

- (1) Revise chapter 342D, Hawaii Revised Statutes, to add definitions that are consistent with federal Clean Water Act regulations;
- (2) Clarify the Director of Health's role as a certifying agency, including enforcement of water quality certifications; and
- (3) Increase certain statutory civil penalties.

Your Committees received testimony in support of this measure from the Department of Health.

Your Committees find that the Department of Health protects state waters from surface water pollution through the issuance of permits, variances, and water quality certifications. This measure will provide a framework for the State's certification program to uphold Hawaii's water quality standards and further maintain a sufficient economic deterrence against violations of water pollution control laws.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1079, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1079, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.  
Judiciary: Ayes, 5. Noes, none. Excused, none.  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1814 Commerce and Consumer Protection on H.B. No. 378**

The purpose and intent of this measure is to:

- (1) Include as a factor for determining whether the issuance of a controlled substances registration is in the public interest, the prevention of activities within an applicant's areas that are potentially injurious to the health, safety, and welfare of the public and neighborhood; and
- (2) Establish a Substance Use Disorder Services Clinic Working Group to develop recommendations to balance the needs of persons receiving treatment for substance use disorders with the needs of public safety and report to the Legislature.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Health, Department of Education, Department of Public Safety, and one individual. Your Committee received testimony in opposition to this measure from CHAMP Clinic, and nine individuals. Your Committee received comments on this measure from the Hawaii Substance Abuse Coalition, Hawai'i Health & Harm Reduction Center, and one individual.

Your Committee finds that any person who manufactures, dispenses, prescribes, distributes, or conducts reverse distribution of certain controlled substances in the State must apply and obtain a registration from the Department of Public Safety. The Department of Public Safety is required to determine whether issuing a registration would be inconsistent with public policy by examining specific factors listed in existing law. This measure adds additional factors the Department of Safety must consider in determining whether issuing a registration would be inconsistent with public policy and establishes a working group to recommend solutions to properly balance certain substance abuse treatment locations with public health and safety needs.

Your Committee has amended this measure by:

- (1) Deleting language that would have included the prevention of activities within an applicant's areas that are potentially injurious to the health, safety, and welfare of the public and neighborhood as a factor for determining whether the issuance of a controlled substances registration is in the public interest; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 378, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 378, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

**SCRep. 1815 (Joint) Commerce and Consumer Protection and Judiciary on H.B. No. 712**

The purpose and intent of this measure is to:

- (1) Encourage state boards to maintain recordings of board meetings on the board's website regardless of whether the written minutes of the meeting have been posted;
- (2) Require state boards to provide the State Archives with a copy of any recording of a board meeting before removing the recording from the board's website; and
- (3) Require the written minutes of board meetings to include a link to the electronic audio or video recording, if available online.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Public Safety, Department of Commerce and Consumer Affairs, Civil Beat Law Center for the Public Interest, and three individuals. Your Committees received comments on this measure from the Office of Information Practices and Department of Human Services.

Your Committees find that the Commission to Improve Standards of Conduct (Commission) was established to provide recommendations that would increase the level of transparency in government operations and accountability of individuals by recommending clear standards of conduct. Among the Commission's recommendations were that an electronic audio or video recording of a public board meeting be maintained as a public record and posted, regardless of whether the written minutes of the board meeting have been posted. This measure takes steps towards strengthening the public's trust in government institutions by opening the governmental process to public scrutiny and participation.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 712, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.  
Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).  
Judiciary: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1816 Commerce and Consumer Protection on H.B. No. 192**

The purpose and intent of this measure is to prohibit the sale of certain fluorescent lamps as a new manufactured product, with certain exemptions.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii State Energy Office, Hawai'i Climate Change Mitigation and Adaptation Commission, County of Hawai'i Department of Environmental Management, Blue Planet Foundation, Hawai'i Energy, Appliance Standards Awareness Project, Ulupono Initiative, 350Hawaii.org, and twelve individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii. Your Committee received comments on this measure from the Alliance of Automotive Innovation.

Your Committee finds that fluorescent bulbs contain mercury, a potent neurotoxin that can harm human health and the environment. When fluorescent bulbs are broken, they present a health hazard to those nearby and to the environment. Light-emitting diodes, or LEDs, last about twice as long as fluorescent bulbs and use approximately half the electricity to produce the same amount of light. LEDs also do not contain mercury, meaning they can be disposed of conveniently and more cheaply than fluorescents. This measure will help avoid the dumping of hazardous lamps in Hawaii from other jurisdictions that have banned these products, reduce electricity bills, reduce greenhouse gas emissions, and avoid the production of harmful mercury.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 192, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 192, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

**SCRep. 1817 Commerce and Consumer Protection on H.B. No. 541**

The purpose and intent of this measure is to:

- (1) Require proper head lamp specifications for vehicle safety inspections; and
- (2) Require the Department of Transportation to amend its administrative rules to allow motor vehicle owners whose motor vehicle registration and safety inspection are both expired to obtain a motor vehicle safety inspection without evidence of a motor vehicle's registration before registering the motor vehicle.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that existing law specifies that head lamps for motor vehicles be of a certain strength. However, safety inspections for motor vehicles in the State do not require that motor vehicles adhere to the head lamp requirements and specifications found in existing law. This measure requires motor vehicles in the State to have head lamps compliant with existing law to pass a safety inspection and further requires the Department of Transportation to amend its rules regarding safety inspections to improve and streamline the process of motor vehicle safety inspections in the State.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 541, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

**SCRep. 1818 Commerce and Consumer Protection on H.B. No. 1046**

The purpose and intent of this measure is to:

- (1) Replace the term "school health aides" with "school health assistants" to reflect recent changes to the job title; and
- (2) Authorize the administration of medication to public school students by school health assistants with the approval of a health care professional within the Department of Education, the Department of Health, or a health care service pursuant to a written agreement with the Department of Education.

Your Committee received testimony in support of this measure from the Department of Health, Department of Education, University of Hawai'i System, Hawai'i State Center for Nursing, and Epilepsy Foundation of Hawaii.

Your Committee finds that under existing law, all medication administered by school health assistants in Hawaii public schools must be reviewed and approved by the Department of Health. Many public schools currently have a registered nurse, advanced practice registered nurse, or other specialized health care provider on campus through written agreements with the Department of Education. However, existing law prevents these health care professionals who are already on campus from performing the function of medication administration approval. This measure authorizes these health care professionals to approve medication administered by school health assistants to promote efficient, accessible, and safe health care for public school students.

Your Committee acknowledges concerns raised in testimony that school health assistants should also be able to administer certain medications to treat anaphylaxis, asthma, and seizure disorders. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committee has amended this measure by specifying that nasal and other premeasured medication, including but not limited to auto-injectable epinephrine for anaphylaxis, bronchodilators for asthma, and seizure rescue medication for seizure disorders, may be administered by school health assistants.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1046, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1046, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

**SCRep. 1819 Commerce and Consumer Protection on H.B. No. 907**

The purpose and intent of this measure is to:

- (1) Temporarily allow for the reimbursement of services provided through telehealth via an interactive telecommunications system and two-way, real-time audio-only communications in certain circumstances; and
- (2) Define “interactive telecommunications system”.

Your Committee received testimony in support of this measure from the Department of Human Services, University of Hawai‘i System, AlohaCare, Alzheimer’s Association, American Cancer Society Cancer Action Network, Epilepsy Foundation of Hawaii, Hawaiian Islands Association for Marriage and Family Therapy, Hawaii Medical Association, Hawai‘i Pacific Health, Hawai‘i Primary Care Association, Hawai‘i Psychological Association, Hawaii Substance Abuse Coalition, National Union of Healthcare Workers, National Association of Social Workers – Hawai‘i, Hawai‘i Health & Harm Reduction Center, and ten individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Medical Service Association.

Your Committee finds that the State faces a continued shortage of health care providers, particularly on the neighbor islands and in rural areas. The definition of “telehealth” has traditionally required both audio and video capabilities and excluded standard telephone contacts. However, elderly, as well as medically- and socially-complex patients often face limited broadband access and personal difficulty navigating the technological requirements of accessing traditional video telehealth services. In these instances, telephonic communication has become a viable alternative for many individuals in these communities to overcome barriers, enabling them to access health care remotely. Including audio-only communication in the definition of “interactive telecommunications system” for health insurers in certain circumstances, will allow patients to better access and utilize the telehealth option.

Your Committee acknowledges the concerns raised in testimony that this measure, as currently drafted, could cause confusion with respect to the reimbursement of telehealth services. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying the definition of “interactive telecommunications system”;
- (2) Clarifying the definition of “telehealth”;
- (3) Clarifying the conditions for reimbursement of “audio-only” telehealth;
- (4) Substituting the phrase “face-to-face” with “in-person”, where relevant; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 907, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 907, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

**SCRep. 1820 Judiciary on H.B. No. 522**

The purpose and intent of this measure is to remove the ability of the Governor or a mayor to suspend electronic media transmission during a state of emergency.

Your Committee received testimony in support of this measure from one member of the Hawai‘i County Council; League of Women Voters of Hawaii; Hawaii Bulletin; Civil Beat Law Center for the Public Interest; Hawaii Association of Broadcasters, Inc.; and Big Island Press Club. Your Committee received testimony in opposition to this measure from the Hawai‘i Emergency Management Agency. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that allowing a mayor or the Governor to suspend the transmission of electronic media during a state of emergency could be perceived as unconstitutional by restraining free speech and publication. Prior restraints against lawful speech have been resoundingly rejected by the Supreme Court of the United States. This measure will ensure that the public’s constitutional rights remain protected during a state of emergency.

Your Committee has amended this measure by inserting an effective date of March 22, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 522, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 522, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1821 Judiciary on H.B. No. 819**

The purpose and intent of this measure is to designate limu kala (*Sargassum echinocarpum*) as the official Hawaii state limu.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kua‘āina Ulu ‘Auamo, Mālama Pūpūkea-Waimea, Mālama Limu Club of Kamehameha Schools, and five individuals.

Your Committee finds that limu has a unique ecological and cultural value to the people of Hawai'i and that four species of limu are endemic to the waters of the State, including limu kala. Your Committee further finds that limu kala has a significant role in Native Hawaiian history and culture, as it is used as traditional bait for reef fish, used to treat minor cuts and scratches, and used in the conflict resolution process of ho'oponopono. This measure recognizes the critical role of this critical species of limu in Hawai'i's ecosystem and seeks to increase awareness and knowledge of limu kala amid the current decline of desirable limu species throughout the State.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 819, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 819, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1822      Judiciary on H.B. No. 884**

The purpose and intent of this measure is to exempt from state licensure requirements out-of-state traveling team physicians who accompany a sports team to Hawai'i, under certain conditions.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Hawaii Medical Board. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs.

Your Committee finds that Hawai'i is one of only a few states that do not already have provisions allowing exemptions for physicians traveling in association with sport teams events in the State. The lack of a provision for visiting physicians may result in teams being hesitant to travel to Hawai'i to compete. This measure will allow teams from other states that compete in Hawai'i to have the support of their medical staff, if necessary.

Your Committee has amended this measure by:

- (1) Specifying that a physician who has an agreement with a sports team to provide care and travel with the team for a sporting event in the State shall meet certain requirements in order to be exempt from state licensure requirements;
- (2) Inserting the term "bona fide" to the terms "national sports governing body" and "national sports training center";
- (3) Clarifying that an exemption for a physician who has an agreement with a sports team to provide care and travel with the team for a sporting event in the State:
  - (A) Shall be valid while the physician is traveling with the sports team, but no longer than ten days per individual sporting event; and
  - (B) That upon application to the Hawaii Medical Board and for good cause shown, the Hawaii Medical Board may extend the time period up to twenty days per sporting event, for a total of thirty days; provided that no physician shall be granted extensions that total more than thirty days in a calendar year;
- (4) Removing language that would have required the Hawaii Medical Board to adopt rules to effectuate this measure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 884, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 884, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1823      (Majority) Judiciary on H.B. No. 983**

The purpose and intent of this measure is to define the terms "public servant" and "government" in section 701-108, Hawaii Revised Statutes, to clarify the scope and applicability of provisions related to the time limitations to bring prosecution based on misconduct in office.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that section 701-108(3)(b), Hawaii Revised Statutes (HRS), extends the time limitations to bring prosecutions based on misconduct in office by a public officer or employee, because misconduct by public officials often takes substantial time to discover and investigate. However, section 701-108, HRS, currently does not define "public officer or employee". Your Committee further finds that the use of the term "public officer or employee" in section 701-108, HRS, is not consistent with chapter 710, HRS, which uses the term "public servant". Therefore, this measure will clarify the terms; help prevent unnecessary litigation; and ensure the proper applicability of section 701-108, HRS.

Your Committee has amended this measure by:

- (1) Removing the definition of "government"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 983, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 983, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1824 Judiciary on H.B. No. 1412**

The purpose and intent of this measure is to:

- (1) Prohibit any contract or license agreement between a publisher and library in the State from precluding, limiting, or otherwise restricting the library from performing customary operational and lending functions; restricting the library from disclosing any terms of its license agreements to other libraries; and requiring, coercing, or enabling a library to violate rules regarding confidentiality of a patron's library records;
- (2) Deem contracts that contain prohibited provisions an unfair or deceptive act or practice and void and unenforceable;
- (3) Prohibit libraries from copying or printing purchased electronic literary material; and
- (4) Exempt existing contracts that provide libraries with electronic literary products from vendors and aggregators.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i State Public Library System, and two individuals. Your Committee received testimony in opposition to this measure from The Authors Guild; Copyright Alliance; Motion Picture Association; Software & Information Industry Association; Independent Book Publishers Association; Association of American Publishers; American Booksellers Association; News/Media Alliance; American Society of Composers, Authors & Publishers; Broadcast Music Inc; Digital Media Licensing Association; National Press Photographers Association; Recording Industry Association of America; American Association of Independent Music; American Society of Media Photographers; Entertainment Software Association; Independent Film & Television Alliance; National Music Publishers' Association; and one individual. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the digital resource landscape is rapidly changing and new licensing models are being developed and offered by publishers to state libraries. In the past decade, publishers have moved away from public libraries being allowed to own e-books and towards a licensing or leasing model, which may come at a high cost. This measure will help ensure that the state libraries continue to have the ability to enter into licensing agreements with aggregators and publishers for a reasonable price.

Your Committee has amended this measure by:

- (1) Specifying that no contract entered between any publisher and library in the State shall preclude, limit, or restrict the library from performing customary operational functions including any provision that:
  - (A) Requires the library to acquire a license for any electronic literary material at a price greater than that charged to the public for the same item in accordance with federal law; and
  - (B) Restricts the total number of times a library may loan any licensed electronic literary materials over the course of any license agreement and if the publisher offers a license agreement to libraries for perpetual public use without the restrictions, it shall be at a price that is considered reasonable and equitable as agreed to by both parties; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1412, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Gabbard). Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1825 Judiciary on H.B. No. 1107**

The purpose and intent of this measure is to make state law consistent with federal law regarding legal limits for gross vehicle weights, axle loads, and wheel loads traveling on all public roadways.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that it is in the State's interest to preserve its roadways and bridge infrastructures. Therefore, there should be clear weight limits on commercial vehicles in the State. This measure will simplify the definition of legal vehicle weights for commercial vehicles and apply it uniformly across the State.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1107, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1826 Judiciary on H.B. No. 977**

The purpose and intent of this measure is to abolish the Community Council on Purchase of Health and Human Services.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Accounting and General Services, and State Procurement Office.

Your Committee finds that the Community Council on Purchase of Health and Human Services (Council) was established in 1997 to advise the State Procurement Administrator in the development of an improved standardized process for the purchase of health and human services that optimizes information-sharing, planning, and service delivery efforts. More than twenty-five years later, administrative rules are well established and both providers and purchasing agencies are accustomed to the State's procurement process. The Council has accomplished its statutory mission and has not met since April 2010. This measure is a housekeeping measure that eliminates an obsolete provision of law.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 977, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1827 Judiciary on H.B. No. 950**

The purpose and intent of this measure is to:

- (1) Extend the duration of assisted community treatment and continued assisted community treatment orders that a family court may issue; and
- (2) Reduce the time period that the family court must find the relevant criteria are likely to continue for orders of continued assisted community treatment.

Your Committee received comments on this measure from the Department of Health.

Your Committee finds that for persons suffering from severe mental illness who meet the criteria for assisted community treatment, their period of appropriate supervision and treatment often exceeds the current one-year limit, requiring the parties to come back into court seeking another one-year period of treatment. This measure will obviate the need for instituting new court proceedings so soon, while retaining protections already in the assisted community treatment law for discharging patients from assisted community treatment orders where the criteria for the order no longer exist and will give people with serious mental illness the option, when needed, for longer court-mandated treatment.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 950, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1828 (Majority) Judiciary on H.B. No. 1088**

The purpose and intent of this measure is to amend the conditions, manner, and areas in which the Commission on Water Resource Management of the Department of Land and Natural Resources can declare water shortages and emergencies.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Honolulu Board of Water Supply. Your Committee received comments on this measure from the Department of Water of the County of Kaua'i and Department of Water Supply of the County of Hawai'i.

Your Committee finds that, currently, water shortage plans have only been developed in water management areas. These plans establish criteria for declaring water shortages and actions that must be undertaken by water use permit holders to protect the health of ground and surface water resources for as long as water shortage conditions exist. This measure will require water shortage plans to be developed statewide and provide clarity that the Commission on Water Resource Management has the authority to declare water shortages in any area, within and outside of a water management area.

Your Committee has amended this measure by:

- (1) Adding language that authorizes the Commission on Water Resource Management to declare an emergency if it determines, in consultation with the appropriate county and the Department of Health, that there is an absence of sufficient quantity and quality of water in any area, whether within or outside of a water management area, that threatens the public health, safety, and welfare;
- (2) Adding language that authorizes the Commission on Water Resource Management to issue orders reciting the existence of the emergency and requiring such actions as the Commission on Water Resource Management deems necessary to address the emergency be taken, including but not limited to apportioning, rotating, limiting, or prohibiting the use of the water resources of the area;
- (3) Adding language that allows any party to whom an emergency order is directed to challenge that order but require that they must immediately comply with the order pending disposition of the party's challenge;
- (4) Adding language that requires the Commission on Water Resource Management to give precedence to a hearing on the challenge over all other pending matters;
- (5) Repealing subsection (g) of section 174C-62, Hawaii Revised Statutes; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1088, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3; Ayes with Reservations (Gabbard). Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1829      Judiciary on H.B. No. 710**

The purpose and intent of this measure is to:

- (1) Establish the class C felony offense of using or making false statements or entries in matters within the jurisdiction of the executive, legislative, or judicial branch of the State, or any county;
- (2) Disqualify a person charged with using or making a false statement or entry from holding any elected or appointed office in the executive, legislative, or judicial branches for a period of ten years; and
- (3) Amend the offense of obstruction of justice, increase it to a class B felony, and remove the allowance that an offender be eligible for a deferred acceptance of guilty plea or nolo contendere plea.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Office of the Public Defender.

Your Committee finds that to improve the standard of conduct within government and to more effectively combat fraud, waste, and corruption, it is necessary to establish criminal offenses and penalties, including the offense of obstruction of justice. This measure will restore public trust in state government and increase the level of transparency in its operations and accountability of individuals.

Your Committee has amended this measure by:

- (1) Removing part I of the measure, which would have established the class C felony offense of using or making false statements or entries in matters within the jurisdiction of the executive, legislative, or judicial branch of the State, or any county and disqualified a person charged with using or making a false statement or entry from holding any elected or appointed office in the executive, legislative, or judicial branches for a period of ten years;
- (2) Restoring the offense of obstruction of justice to a class C felony for activity under section 710-1072.5(1)(a), Hawaii Revised Statutes, regarding a witness refusing to testify;
- (3) Removing language that would have specified that a person who is charged for the offense of obstruction of justice for activity under section 710-1072.5(1)(a), Hawaii Revised Statutes, regarding a witness refusing to testify, is not eligible for a deferred acceptance of guilty plea or nolo contendere plea;
- (4) Inserting an effective date of March 22, 2075, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the offense of using or making false statements or entries is addressed by other measures under consideration this regular session.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 710, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 710, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1830      (Majority) Judiciary on H.B. No. 676**

The purpose and intent of this measure is to authorize the appropriate county land use decision-making authority to determine district boundary amendments involving land areas over fifteen acres, except lands that are designated as important agricultural land or lands where the soil is classified by the Land Study Bureau's detailed land classification as overall (master) productivity class A or B, if the county has adopted an ordinance that meets certain requirements.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Office of Housing and Community Development of the County of Hawai'i, Hawai'i Association of REALTORS, and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs and Hawai'i Alliance for Progressive Action. Your Committee received comments on this measure from the Land Use Commission, Sierra Club of Hawai'i, and the Grassroot Institute of Hawaii.

Your Committee finds that the counties are responsible for determining district boundary amendments involving land areas of fifteen acres or less and not within the conservation district. Your Committee further finds that district boundary amendments involving lands in the conservation district, land areas greater than fifteen acres, and lands delineated as important agricultural lands are processed by the Land Use Commission through a quasi-judicial process. Your Committee believes that a change to this system of district boundary amendment approvals for certain larger parcels of land will provide the counties with greater flexibility to meet the needs of their communities while also requiring the counties to consider broader, secondary impacts, including impacts on state and county infrastructure, and opportunities to provide housing.

Your Committee has amended this measure by specifying that the appropriate county land use decision-making authority may determine district boundary amendments involving land areas over fifteen acres but not over thirty acres, except lands that are designated as important agricultural land or lands where the soil is classified by the Land Study Bureau's detailed land classification as overall (master) productivity class A or B, if the county has adopted an ordinance that meets certain requirements.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 676, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 676, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (San Buenaventura).

**SCRep. 1831 (Joint/Majority) Commerce and Consumer Protection and Ways and Means on H.B. No. 197**

The purpose and intent of this measure is to:

- (1) Require the Department of Health to establish a Refrigerant Management Program to reduce emissions of high global warming potential refrigerants and any refrigerant that is an ozone depleting substance from stationary, commercial, and industrial refrigeration systems and air conditioning systems and adopt rules for the regulation of the use of such refrigerants;
- (2) Require the State Building Code Council to establish codes and standards consistent with the goal of reducing greenhouse gas emissions associated with hydrofluorocarbons when updating the State Building Code;
- (3) Specify that no law, rule, ordinance, or code, including the State Building Code, shall prohibit or limit the use of a refrigerant deemed acceptable under federal law; and
- (4) Appropriate funds.

Your Committees received testimony in support of this measure from the Department of Health, Hawai'i Climate Change Mitigation and Adaptation Commission, Hawai'i Environmental Change Agents, Kauai Climate Action Coalition, Citizens' Climate Lobby Hawaii, Climate Protectors Hawai'i, 350Hawaii.org, and fourteen individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the Environmental Protection Agency identifies hydrofluorocarbons (HFCs) as greenhouse gases that have high global warming potential, which raises concern about their impacts as they become increasingly used as replacements for ozone-depleting refrigerants. Your Committees also find that climate-friendly alternatives are available with zero to low potential for contributing to global warming. This measure aligns with many of the State's climate change goals and will position the State in a leadership role in phasing out these harmful substances.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 197, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 197, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Commerce and Consumer Protection: Ayes, 4. Noes, 1 (Awa). Excused, none.  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1832 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1134**

The purpose and intent of this measure is to:

- (1) Prohibit commercial ocean use activity in Kaneohe Bay waters without a permit;
- (2) Prohibit any person from advertising any commercial ocean use activity in Kaneohe Bay waters for which the person does not have a permit; and
- (3) Establish enforcement mechanisms for the prohibitions.

Your Committees received testimony in support of this measure from the Ko'olau Foundation, Hawaii State Aha Moku, Kaneohe Bay Regional Council, Ko'olaupoko Hawaiian Civic Club, and three individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Kaneohe Bay and attractions in the bay, such as the Kaneohe Bay sandbar, have been excessively promoted via social media and through unpermitted tour operators who advertise and operate without regard for laws, rules, regulations, and cultural consideration. Non-permitted commercial operators set up advertisements and online payment schemes and bring guests, circumventing the principles and intentions of the original 1992 Kaneohe Bay master plan. On weekends or holidays, the laws, rules, and regulations meant to protect Kaneohe Bay often go unenforced. This measure strengthens the laws regarding restricted activities at Kaneohe Bay, thus preserving one of the State's important resources.

Your Committees acknowledge the concerns raised in testimony that the Department of Land and Natural Resources (DLNR) may have difficulty proving that a commercial operator was compensated for their services, complicating enforcement efforts. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committees have amended this measure by:

- (1) Deleting language that would have required DLNR to establish administrative penalties and fines for violations of section 200-39, Hawaii Revised Statutes;

- (2) Clarifying that any law enforcement officer shall have the authority to issue citations and otherwise enforce the provisions established by this measure;
- (3) Clarifying DLNR's authority to hold, store, and charge fees for confiscated property;
- (4) Inserting language authorizing DLNR to dispose of confiscated property after it remains unclaimed for more than ten working days;
- (5) Clarifying that penalties established by rule pursuant to section 200-39, Hawaii Revised Statutes, shall be separate and in addition to any other fees, charges, and fines imposed by DLNR;
- (6) Clarifying the definition of "commercial ocean use activity"; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Additionally, your Committees further request that, as this measure advances through the Legislative process, a delayed implementation date be considered to provide sufficient time for current operators to phase out their commercial operations at Kaneohe Bay.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1134, H.D. 2, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1134, H.D. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1833 Ways and Means on H.B. No. 678**

The purpose and intent of this measure is to clarify a county's obligations with respect to housing developed through the housing development programs overseen by the Hawaii Housing Finance and Development Corporation.

Your Committee received written comments in support of this measure from American Savings Bank; Housing Hawaii's Future; Kobayashi Group, LLC; Hawaii Chapter of NAIOP; Ikenakea Development, LLC; First Hawaiian Bank; and one individual.

Your Committee received written comments in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu.

Your Committee received written comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the affordable housing credit program supported by this measure will help address the State's affordable housing crisis by incentivizing the development of housing pursuant to Chapter 201H, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Clarifying that the purpose of the measure is to provide a new source of interim financing for affordable housing using the housing program in Chapter 201H, Hawaii Revised Statutes;
- (2) Requiring the Hawaii Housing Finance and Development Corporation to conduct a study and report to the Legislature on the efficacy of housing credit programs;
- (3) Requiring the Hawaii Housing Finance and Development Corporation, in conducting the study required by the measure, to coordinate its efforts with the Land Use Commission, Hawaii Community Development Authority, and planning and housing departments for each county;
- (4) Appropriating an unspecified sum to the Hawaii Housing Finance and Development Corporation for fiscal year 2023-2024 to contract for services to conduct the study required by the measure;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

Your Committee further finds that the study required and funded by this amended measure will assist the State in determining how to improve the affordable housing credit program and whether to extend it.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 678, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 678, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1834 Ways and Means on H.B. No. 690**

The purpose and intent of this measure is to facilitate agricultural investment.

Specifically, the measure:

- (1) Establishes within the Department of Agriculture the Hawaii agricultural investment program, which is intended to provide matching grants for certain agricultural programs and activities;

- (2) Requires the Department of Agriculture to submit to the Legislature annual reports regarding the programs and activities funded under the Hawaii agricultural investment program; and
- (3) Appropriates moneys to the Department of Agriculture to establish the Hawaii agricultural investment program and two full-time equivalent (2.0 FTE) positions within the program.

Your Committee received written comments in support of this measure from the Ulupono Initiative, Hawaii Cattlemen's Council, Local Food Coalition, Hawaii Farmers Union United, Hawaii Alliance for Progressive Action, and two individuals.

Your Committee received written comments on this measure from the Office of Hawaiian Affairs, Hawaii Department of Agriculture, Hawaii Farm Bureau, and Humane Society of the United States.

Your Committee recognizes that more than eighty-five percent of all food consumed in the State is imported, and that food security is a top priority. Your Committee finds that a dedicated source of funding for agricultural programs and activities will help alleviate the financial burdens that affect the State's agricultural sector.

Your Committee has amended this measure by:

- (1) Establishing the Hawaii agricultural investment program within and appropriating related moneys to the Agribusiness Development Corporation, rather than the Department of Agriculture;
- (2) Deleting a provision requiring that every \$3 of a grant awarded through the program and paid from state funds be matched by \$1 paid from federal, private, or other sources; and
- (3) Requiring that the annual report to the Legislature regarding the programs and activities funded under the program include an assessment of the number of socially disadvantaged farmers and ranchers served by the program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 690, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 690, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1835 Ways and Means on H.B. No. 714**

The purpose and intent of this measure is to require that the securing of mooring lines from vessels requiring tug assistance to the State's commercial docks, wharves, piers, quays, and landings be performed by a stevedoring company.

Your Committee received written comments in opposition to this measure from Island Plastic Bags, Inc.; Chamber of Commerce Hawaii; General Contractors Association of Hawaii; Par Hawaii; American Marine Corporation; Aloha Petroleum, LLC; Maui Chamber of Commerce; and Contractors Association of Kauai.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs Division of Consumer Advocacy, Department of Transportation, Island Energy Services, Hawaii Gas, Hawaiian Electric, Young Brothers, Sause Bros., Building Industry Association of Hawaii, and Hawaiian Cement.

Your Committee finds that requiring vessels to be moored by mariners who are certified in, and familiar with, the State's current regulations and unique commercial harbors, will help ensure that goods are loaded and unloaded safely.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 714, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 714, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1836 Ways and Means on H.B. No. 837**

The purpose and intent of this measure is to promote the use of green infrastructure in the State.

More specifically, this measure:

- (1) Establishes green infrastructure objectives, policies, and priority guidelines for state facility systems, infrastructure, and transit projects;
- (2) Establishes as a policy of the State the promotion of increased outdoor public green spaces, connection of outdoor public green spaces with existing trails, promotion of increasing the urban tree canopy, and prioritization of the use of Hawaiian plants;
- (3) Requires the Office of Planning and Sustainable Development, in partnership with the greenhouse gas sequestration task force, to submit to the Legislature a report of its findings and recommendations regarding the implementation of green infrastructure objects, policies, and priority guidelines; and
- (4) Appropriates moneys to the Department of Business, Economic Development, and Tourism.

Your Committee received written comments in support of this measure from the Office of Planning and Sustainable Development, Department of Land and Natural Resources, Climate Change Mitigation and Adaptation Commission, Climate Protectors Hawaii, Hawaii Environmental Change Agents' Decarbonization of Buildings Task Force, Kauai Women's Caucus, and one individual.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that promoting the use of green infrastructure in the State will help to decrease urban temperatures, reduce carbon emissions, improve air quality, and capture water to replenish the State's water table.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$150,000 to an unspecified amount; and
- (2) Changing the number of full-time equivalent policy analyst positions established from one full-time equivalent position to an unspecified number to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 837, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 837, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1837 Ways and Means on H.B. No. 947**

The purpose and intent of this measure is to establish a tax credit for food manufacturers.

Your Committee received written comments in support of this measure from the Hawaii Food Manufacturers Association, Hawaii Food Industry Association, Ulupono Initiative, Hawaii Farm Bureau, Maui Chamber of Commerce, and two individuals.

Your Committee received written comments on this measure from the Department of the Attorney General, Department of Agriculture, Department of Taxation, Hawaii Technology Development Corporation, and Tax Foundation of Hawaii.

Your Committee recognizes that high production costs and narrow profit margins impose financial burdens on farmers and food producers and deter the creation and distribution of food products. Accordingly, your Committee finds that a tax credit for food manufacturers may eventually lead to increased revenues for farmers and ranchers, promote agriculture, and ensure food security.

Your Committee has amended this measure by:

- (1) Providing that no taxpayer that claims the food manufacturer tax credit shall qualify for a grant under the manufacturing development program under section 206M-15.1, Hawaii Revised Statutes, for the same expenses;
- (2) Deleting the definitions of "local value-added processed, agricultural, or food product" and "primary agricultural product";
- (3) Amending the definition of "qualified taxpayer" by deleting the word "local"; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 947, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 947, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1838 Ways and Means on H.B. No. 908**

The purpose and intent of this measure is to strengthen the buying power of the Legacy Land Conservation Program.

Specifically, this measure increases the maximum amount of conveyance tax revenues allocated to the Land Conservation Fund from \$5,100,000 to \$9,800,000 per fiscal year.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; Coastal Planners, LLC; Hawaii Land Trust; Hawaii Life; Hawaii Reef and Ocean Coalition; Hiipaka, LLC; Kua'aina Ulu 'Auamo; Livable Hawaii Kai Hui; Maunalua Fishpond Heritage Center; The Nature Conservancy, Hawaii and Palmyra; and four individuals.

Your Committee received written comments on this measure from the Hawaii Association of REALTORS and Tax Foundation of Hawaii.

Your Committee finds that this measure is intended to ensure adequate funding for land conservation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 908, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1839 Ways and Means on H.B. No. 110**

The purpose and intent of this measure is to allow the counties to issue special number plates to commemorate Duke Kahanamoku.

More specifically, this measure:

- (1) Authorizes the issuance of special number plates commemorating Duke Kahanamoku;
- (2) Requires the Director of Finance of the City and County of Honolulu to design the special number plates, based on certain guidelines;
- (3) Requires the Director of Finance of each county to charge a special number plate fee and fundraising fee, and authorizes each director to charge an additional fundraising fee for renewal of the special number plate; and
- (4) Provides that the net revenue generated by the fundraising fees be directed to the Outrigger Duke Kahanamoku Foundation to fund certain programs.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs; FreediveSafe! Hawaii; Hawaiian Lifeguard Association; Kauai Lifeguard Association; Outrigger Duke Kahanamoku Foundation; Servco Pacific, Inc.; and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that the issuance of a special number plate commemorating Duke Kahanamoku is an appropriate way to honor and remember Duke Kahanamoku.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 110, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1840 Ways and Means on H.B. No. 339**

The purpose and intent of this measure is to exempt certain positions within the Department of Human Services from civil service status.

Your Committee received written comments in support of this measure from Catholic Charities Hawaii, Hawaii Children's Action Network Speaks!, and Parents and Children Together.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee recognizes that the nine positions specified by this measure for exemption from civil service require certain levels of expertise and experience that are not necessarily available within the civil service. Accordingly, your Committee finds that the proposed exemptions are reasonable and will allow the Department of Human Services to better perform its duties and serve the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 339, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1841 Ways and Means on H.B. No. 67**

The purpose and intent of this measure is to provide continued support for the University of Hawaii Windward Community College pu'uhonua "places of sanctuary" program.

More specifically, the measure appropriates funds to the University of Hawaii for the establishment of three additional full-time equivalent staff positions for the pu'uhonua program.

Your Committee received written comments in support of this measure from the University of Hawaii, Department of Public Safety, Kahalu'u Neighborhood Board No. 29, Community Alliance on Prisons, ACLU of Hawaii, Ko'olau Foundation, and numerous individuals.

Your Committee finds that Windward Community College's pu'uhonua program serves incarcerated populations by providing educational opportunities and education credits leading to degrees and certificates. Your Committee also finds that students in the program are much less likely to recidivate and be reincarcerated after release from prison. Your Committee further finds that this measure will provide the program with the additional staff needed to maintain student counseling, instructional support, and coursework coordination services.

Your Committee has amended this measure by changing the number of additional program staff positions from three to an unspecified number to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 67, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 67, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Aquino, Wakai, Fevella).

**SCRep. 1842 Ways and Means on H.B. No. 222**

The purpose and intent of this measure is to ensure the achievement of fair and full funding of Medicaid medical care and long-term supports and services providers.

Specifically, this measure:

- (1) Adjusts the method by which the Department of Human Services calculates payments to providers of medical care and long-term supports and services; and
- (2) Appropriates funds.

Your Committee received written comments in support of this measure from AARP Hawaii, Adult Foster Homecare Association of Hawaii, Alliance of Professional Primary Care Administrators, Alliance of Residential Care Administrators, Community Home Care Association of Hawaii, Providers Helping Hands of Hawaii, United Caregivers of Hawaii, and seventeen individuals.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that, due to the significant number of Hawaii residents receiving Medicaid coverage, health care providers often receive less reimbursement from Medicaid than from Medicare or commercial insurance for the same service. Your Committee also finds that lesser reimbursements contribute to the challenges that health care providers face in sustaining their practices, leading some providers to limit or refuse to accept Medicaid patients.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making a technical nonsubstantive amendment for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 222, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 222, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Kim, Wakai, Fevella).

**SCRep. 1843 Ways and Means on H.B. No. 361**

The purpose and intent of this measure is to appropriate moneys to the Department of Land and Natural Resources for the Green Jobs Youth Corps.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii State Energy Office, 350Hawaii, Hawaii Energy, Hawaii Reef and Ocean Coalition and Climate Protectors Hawaii, Holomua Collaborative, HPM Building Supply, Kuaaina Ulu Auamo, Kupu, Hawaii Forest Industry Association, The Nature Conservancy Hawaii and Palmyra, Title Guaranty of Hawaii, and four individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that appropriating moneys to support the Green Jobs Youth Corps will provide emerging professionals with opportunities to gain skills in natural resource management while helping to protect the State's natural and cultural resources.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 361, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 361, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Kim, Wakai, Fevella).

**SCRep. 1844 Ways and Means on H.B. No. 382**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvement program costs of the Judiciary for the fiscal biennium beginning July 1, 2023, and ending June 30, 2025.

Your Committee received written comments in support of this measure from the Judiciary, Maui County Bar Association, Hawaii State Bar Association, Volunteer Legal Services Hawaii, Hawaii State Bar Association - Collection Law Section, Hawaii Access to Justice Commission, and Legal Aid Society.

**OPERATING BUDGET**

The Judiciary requested the following funds for fiscal biennium 2023-25 operating expenses:

JUDICIARY	FY 2024	FY 2025
General Funds	\$164,891,486	\$164,891,486
All Means of Financing	\$177,900,433	\$177,900,433

Your Committee has amended this budget to appropriate the following in funds for operating expenses:

SENATE	FY 2024	FY 2025
General Funds	\$180,661,782	\$184,862,180
All Means of Financing	\$193,886,358	\$198,215,996

**CAPITAL IMPROVEMENT PROGRAM BUDGET**

The Judiciary requested the following funds for fiscal biennium 2023-25 capital improvement program budget:

JUDICIARY	FY 2024	FY 2025
General Obligation Bond Funds	\$16,225,000	\$0
Total by All Means of Financing	\$16,225,000	\$0

Your Committee has amended this measure by appropriating the following funds for the Judiciary’s capital improvement program budget:

SENATE	FY 2024	FY 2025
General Obligation Bond Funds	\$12,730,000	\$0
General Funds	\$3,000,000	\$0
Total by All Means of Financing	\$15,730,000	\$0

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 382, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 382, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
 Ayes, 13. Noes, none. Excused, none.

**SCRep. 1845 Ways and Means on H.B. No. 388**

The purpose and intent of this measure is to facilitate the provision of instructional materials to students.

Specifically, this measure:

- (1) Adopts the United States Secretary of Education’s National Instructional Materials Accessibility Standard; and
- (2) Requires the Department of Education to follow certain procedures to ensure that eligible students having disabilities obtain instructional materials in an appropriate and accessible format.

Your Committee received written comments in support of this measure from the Department of Education, Disability and Communication Access Board, Hawaii State Committee of Blind Vendors, National Federation of the Blind of Hawaii, National Organization of Parents of Blind Children Hawaii Representative, and numerous individuals.

Your Committee received written comments on this measure from the Department of the Attorney General.

Your Committee finds that adopting the United States Secretary of Education’s National Instructional Materials Accessibility Standard is necessary to ensure equal access to education.

Your Committee has amended this measure by clarifying the types of materials that the individualized education program for an eligible student is required to identify.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 388, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 388, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
 Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1846 Ways and Means on H.B. No. 406**

The purpose and intent of this measure is to improve health care for Hawaii’s veterans.

Specifically, this measure:

- (1) Requires the Department of Health and Oahu Regional Health Care System to develop a strategic plan for the utilization of all Oahu regional health care system facilities and to submit a corresponding report;
- (2) Extends the date to assimilate the Daniel K. Akaka State Veterans Home into the Oahu Regional Health Care System;
- (3) Requires the Oahu Regional Health Care System and the Department of Defense to report on the progress of constructing and hiring an operator for the Daniel K. Akaka State Veterans Home; and
- (4) Appropriates moneys for a transitional treatment and housing facility on the Leahi Hospital campus.

Your Committee received written comments in opposition to this measure from the Hawaii Government Employees Association.

Your Committee received written comments on this measure from the Oahu Region Hawaii Health Systems Corporation and State Office of Veterans Services.

Your Committee finds that due to supply chain issues caused by the coronavirus disease 2019 pandemic, completion of the Daniel K. Akaka State Veterans Home has been delayed by approximately one year. Accordingly, your Committee believes that it is appropriate to extend, from June 30, 2023, to June 30, 2024, the deadline for transferring the home.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated from \$1,000,000 to an unspecified amount to facilitate further discussion on the measure; and
- (2) Making the appropriation for fiscal year 2023-2024 only.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 406, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 406, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1847 (Joint) Ways and Means and Judiciary on H.B. No. 163**

The purpose and intent of this measure is to require the Department of Human Resources Development to conduct a study to review the repricing processes in section 89-9, Hawaii Revised Statutes, and submit to the Legislature a report prior to the convening of the Regular Session of 2024.

Your Committees received written comments in support of this measure from the Department of Human Resource Development and Hawaii Psychological Association.

Your Committees received written comments on this measure from the United Public Workers, AFSCME Local 646, AFL-CIO, and Hawaii Government Employee Association.

Your Committees recognize that in collective bargaining law, repricing is the reassignment of an existing class from one pay range to another without a change in duties when it has been found that the class is not in proper internal alignment with other classes in the same bargaining unit. Your Committees also recognize that under existing law, employees may face some difficulties in obtaining repricing of classifications. Your Committees therefore believe that an effort to evaluate existing repricing provisions is a positive step toward ensuring that public employees are paid competitive and fair wages.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 163, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).  
Judiciary: Ayes, 4. Noes, none. Excused, 1 (Gabbard).

**SCRep. 1848 (Joint) Judiciary and Ways and Means on H.B. No. 1101**

The purpose and intent of this measure is to:

- (1) Establish a fee cap amount for county stormwater user fees that may be charged against or collected from the Department of Transportation of \$1,500,000 in the aggregate per year; and
- (2) Prohibit each county from denying services to the Department of Transportation by reason of nonpayment of user fees.

Your Committees received testimony in support of this measure from the Department of Transportation; Hawaii Harbors Users Group; and Matson Navigation Company, Inc. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Hawai'i Community Foundation and Building Owners and Managers Association of Hawai'i.

Your Committees find that over the past two years, the range of annual stormwater fee amounts proposed by the City and County of Honolulu for harbors and airports has vastly varied, and it is unclear what fee schedule is likely to be approved by the Honolulu City Council. This measure and the proposed cap on stormwater user fees will ensure that the Department of Transportation can plan for a maximum fee on an annual basis should the counties impose a fee structure.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1101, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.  
Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1849 (Joint) Judiciary and Ways and Means on H.B. No. 1090**

The purpose and intent of this measure is to:

- (1) Specify the methods by which the Department of Land and Natural Resources can issue new ocean recreation commercial permits and renew existing ocean recreation commercial permits;
- (2) Specify that new permits for ocean recreation management areas and facilities where a permit limit is implemented shall be issued by the method and order set specified, until the limit is reached; and

- (3) For renewal of existing permits in ocean recreation management areas and facilities where a permit limit is implemented, base renewal of a commercial permit on seniority, until the limit is reached.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources and Ocean Tourism Coalition. Your Committees received testimony in opposition to this measure from Anelakai Adventures.

Your Committees find that the Department of Land and Natural Resources (Department) is currently in the process of addressing the rampant commercial marine activity taking place in the State near shore waters. This will require limiting the number of commercial use permits for high use areas. When the Department proposes to implement a permit limit through administrative rules for an area that previously did not have any type of permit limit, the Department must issue permits to all those who apply and qualify for permits until the limit is finalized. Due to the rulemaking process taking months and even years, many people can obtain permits while the Department works to implement the limit. This "run on permits" is the reason that many areas have permit counts that exceed limits, therefore this measure will help the Department to bring the permit counts down to the appropriate limits established in rule.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1090, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1850 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 1217**

The purpose and intent of this measure is to:

- (1) Prohibit any person other than those authorized pursuant to chapter 329, part IX or chapter 329D, Hawaii Revised Statutes, from cultivating, producing, manufacturing, distributing, possessing, or dispensing cannabis for medical use;
- (2) Clarify that the definition of "distribution" within the definition of "medical use" is limited to the transfer of cannabis and cannabis paraphernalia from the qualifying patient's registered primary caregiver to the qualifying patient;
- (3) Clarify that the authorization for the medical use of cannabis does not apply to the cultivation, handling, or possession of a qualifying patient's cannabis for medical use, unless the person is the qualifying patient or the qualifying patient's registered primary caregiver;
- (4) Increase the restriction on the number of qualifying patients who may use a grow site to fifty, unless an exemption is obtained by the Department of Health, and authorizes the Department of Public Safety to inspect grow sites for compliance;
- (5) Establish that a person who is not a qualifying patient, primary caregiver, qualifying out-of-state patient, or caregiver of a qualifying out-of-state patient or medical cannabis dispensary under chapter 329D, Hawaii Revised Statutes, shall not be afforded certain protections;
- (6) Authorize only a qualifying patient or their designated primary caregiver to cultivate cannabis after December 31, 2024;
- (7) Repeal a provision in existing law that exempts certain qualifying patients from obtaining medical cannabis or manufactured cannabis products from authorized sources;
- (8) Prohibit the mischaracterization or disguise of transactions arising out of the production, manufacture, sale, or distribution of cannabis intended for medical use as another type of compensation or expense;
- (9) Clarify that no qualifying patient, primary caregiver, qualifying out-of-state patient, or caregiver of a qualifying out-of-state patient shall use butane or any other flammable solvent to process cannabis plants or manufacture cannabis products; and
- (10) Prohibit a person from producing, manufacturing, or dispensing cannabis or manufactured cannabis products without a dispensary license unless authorized.

Your Committees received testimony in support of this measure from the Department of Health, Aloha Green Apoth, Cure Oahu, and two individuals. Your Committees received testimony in opposition to this measure from Kaua'i Farm Planning and twelve individuals. Your Committees received comments on this measure from Akamai Cannabis Consulting, Oahu Cannabis Farms Alliance, Maine Craft Cannabis Association, and fifteen individuals.

Your Committees find that medical cannabis dispensaries are regulated under chapter 329D, Hawaii Revised Statutes, and the individual medical use of medical cannabis is regulated under chapter 329, Hawaii Revised Statutes. By definition, any activity that falls outside of these regulations is not regulated cannabis. Clarity as to what is permitted by law is fundamental to any legal, regulated system. There is currently some confusion in the marketplace and community of medical cannabis patients as to what is permissible under the law. This measure amends various statutory provisions for the purpose of providing clarity and strengthening the integrity of cannabis law.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1217, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

Ways and Means: Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1851 (Joint) Judiciary and Ways and Means on H.B. No. 1156**

The purpose and intent of this measure is to:

- (1) Authorize psychiatrists, advanced practice registered nurses, and interested parties to request the Director of Health to file an assisted community treatment petition;
- (2) For requests that satisfy the criteria for assisted community treatment, require the Director of Health to file a petition for assisted community treatment within a certain number of days;
- (3) Authorize the Family Court to use online hearings for assisted community treatment petitions;
- (4) Require the Department of Health to report to the Legislature prior to the Regular Session of 2025 on the number of requests for petitions for assisted community treatment submitted to the Director of Health since July 1, 2023; and
- (5) Appropriate funds.

Your Committees received testimony in support of this measure from the State Council on Mental Health and one individual. Your Committees received testimony in opposition to this measure from the Department of Health and American Civil Liberties Union of Hawai'i. Your Committees received comments on this measure from the Judiciary.

Your Committees find that certain individuals who live with behavioral issues deserve necessary medical treatment when it is in their best interest. In these situations, it is important to ensure that those persons receive necessary treatment including treatment ordered by the court. This measure would support the timely provision of treatment and care for individuals who lack decisional capacity by improving the process for interested parties to petition for assisted community treatment for these individuals.

Your Committees have amended this measure by:

- (1) Authorizing psychiatrists, advanced practice registered nurses, and interested parties to request the assistance of the Department of the Attorney General to assist in the preparation and filing of assisted community treatment petitions;
- (2) Removing language that would have specified that an interested party may request the Director of Health to file an assisted community treatment petition; shall be responsible for providing information to the Director of Health to support an assisted community treatment petition; and shall have the right to bring a petition on their own behalf if the Director of Health has not filed a petition within a certain number of days;
- (3) Removing language that would have required the Director of Health to review the request for the Director of Health to file an assisted community treatment petition as expeditiously as possible upon receipt of the request and, if the request satisfies the requirements, to file a petition within a certain number of days;
- (4) Specifying that after July 1, 2023, the Department of the Attorney General shall assist with the preparation and filing of any assisted community treatment petition brought and any related court proceedings; provided that, if the petitioner is a private provider or other private individual, the petitioner may decline the assistance;
- (5) Removing language that would have required the Director of Health to report to the Legislature twenty days prior to the Regular Session of 2025 on the number of requests for petitions for assisted community treatment;
- (6) Adding language that requires the Department of the Attorney General to report to the Legislature forty days prior to the Regular Sessions of 2024 and 2025 on the number of requests for assistance with the preparation and filing of petitions for assisted community treatment;
- (7) Removing additional judge positions from the appropriation to the Judiciary;
- (8) Making conforming amendments;
- (9) Amending section 1 to reflect its amended purpose; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that the Senate Draft 2 of this measure contains an unspecified appropriation amount. Should this measure proceed through the legislative process, your Committees respectfully request an appropriation amount of \$200,000 for fiscal years 2023-2024 and 2024-2025 to the Judiciary for increased compensation for guardians ad litem appointed to assisted community treatment cases be considered.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1156, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1156, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1852 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 1108**

The purpose and intent of this measure is to amend the law relating to vehicle weight violations by replacing the fine schedule and increasing the potential fines based on multitude and magnitude of vehicle weight violations.

Your Committees received testimony in support of this measure from the Department of Transportation.

Your Committees find that certain roadways and transportation infrastructure may be adversely impacted by vehicles beyond permissible weight limits. To preserve roadways, bridges, and other transportation infrastructure across the State, simplifying the definitions of legal vehicle weights for commercial vehicles will provide uniform applicability. This measure will more effectively deter grossly overweight vehicles from operating without obtaining a permit.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1108, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1108, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1853 (Joint) Judiciary and Ways and Means on H.B. No. 1082**

The purpose and intent of this measure is to:

- (1) Authorize the Department of Health to allow written certifications for a patient with a chronic condition to be valid for three years;
- (2) Remove the requirement that a certifying physician or advanced practice registered nurse have a “bona fide” physician-patient or advanced practice registered nurse-patient relationship to certify that a patient has a debilitating medical condition pursuant to chapter 329, Hawaii Revised Statutes;
- (3) Amend the definition of “manufactured cannabis product” to include devices that provide safe pulmonary administration, edible cannabis products, and pre-rolled cannabis flower products;
- (4) Define “waiting room” within a medical cannabis retail dispensary;
- (5) Allow primary caregivers, qualifying out-of-state patients, and caregivers of a qualifying out-of-state patient to access the waiting room;
- (6) Allow selling dispensaries to transport not more than eight hundred ounces of cannabis or manufactured cannabis products to purchasing dispensaries within a thirty-day period, or other amounts with prior approval of the Department of Health;
- (7) Clarify the types of medical cannabis products that may be manufactured and distributed pursuant to the State’s medical cannabis dispensary system;
- (8) Clarify that each day of a violation of chapter 329D, Hawaii Revised Statutes, is a separate violation;
- (9) Amend the rulemaking authority for dispensary-to-dispensary sales; and
- (10) Require medical cannabis dispensaries, in conjunction with physicians and advanced practice registered nurses who issue written certifications pursuant to section 329-123, Hawaii Revised Statutes, to conduct the continuing education and training program required by section 329D-26, Hawaii Revised Statutes, rather than the Department of Health.

Your Committees received testimony in support of this measure from the Department of Health, Aloha Green Apothecary, Hawai‘i Cannabis Industry Association, Cure Oahu, Big Island Grown, and Pono Life Maui. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs, Akamai Cannabis Consulting, and Metrc.

Your Committees find that the regulated statewide dispensary system for medical cannabis was established on July 14, 2015, as Act 241, Session Laws of Hawaii 2015, to ensure safe and legal access to medical cannabis by qualifying patients. Since that time, the experience of the program indicates that improvements to the law will help to fulfill its original intent by clarifying provisions and implementing reasonable modifications to support patient access. This measure will improve the law to allow certain people access to areas in a medical cannabis retail dispensary and clarify numerous other provisions in the law.

Your Committees have amended this measure by:

- (1) Adding language that establishes a Medical and Adult Use of Cannabis Working Group;
- (2) Adding language that requires the Medical and Adult Use of Cannabis Working Group to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than ten days prior to the convening of the Regular Session of 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1082, H.D. 3, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1082, H.D. 3, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1854 Judiciary on H.B. No. 1104**

The purpose and intent of this measure is to repeal the exemption relating to the issuance of citations for violations of section 291-35, Hawaii Revised Statutes, relating to vehicle gross weight, axle, and wheel loads.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Department of Transportation receives funding from the Federal Highway Administration (FHWA) for infrastructure improvements and maintenance. To receive FHWA funds, the Department of Transportation must follow federal regulations for the size and weight for motor vehicles traveling on the interstate systems in the State. However, there are several inconsistencies, inclusions, and exclusions within the existing state rules, and they do not conform to federal regulations. This measure aligns state rules with federal regulations.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1104, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1104, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1855 Ways and Means on H.B. No. 991**

The purpose and intent of this measure is to assist the Hawaii Technology Development Corporation in facilitating economic development in the State.

Specifically, this measure:

- (1) Changes the cap for awards to assist businesses applying for the Small Business Innovation Research Grant Program and the Small Business Technology Transfer Grant Program to an unspecified amount; and
- (2) Adds the purchase of renewable energy systems as an eligible expense, and clarifies that training on both new and existing manufacturing equipment are eligible expenses, for the Manufacturing Development Grant Program.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Food Manufacturers Association; and Hawaii Food Industry Association.

Your Committee received written comments on this measure from the Hawaii Technology Development Corporation.

Your Committee finds that the Hawaii Technology Development Corporation's grant programs provide leverage and positive economic development value for the State. Your Committee further finds that grant recipients are key contributors to the State's food security, sustainability, resiliency, and innovation.

Your Committee has amended this measure by inserting language from Senate Bill No. 1297, Senate Draft 2, that amends the composition of the Hawaii Technology Development Corporation's Board of Directors to:

- (1) Delete reference to an "appointed member from the University of Hawaii"; and
- (2) Include the Chairperson of the Board of Regents of the University of Hawaii, unless the Chairperson, with the approval of the Board of Regents, designates another Regent to serve.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 991, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 991, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1856 Ways and Means on H.B. No. 1131**

The purpose and intent of this measure is to appropriate moneys to the Hawaii Friends of Restorative Justice as a Chapter 42F, Hawaii Revised Statutes, grant to study all programming offered to persons incarcerated at correctional facilities in the State and to convene a group of incarcerated women for the purpose of identifying gaps in the programming offered to female inmates.

Your Committee received written comments in support of this measure from Rainbow Family 808, the Stonewall Caucus of the Democratic Party of Hawaii, ACLU of Hawaii, and three individuals.

Your Committee received written comments on this measure from the Department of Public Safety, Hawaii Correctional System Oversight Commission, and Women's Prison Project.

Your Committee finds that the study funded by this measure will help the State evaluate the programming currently offered in Hawaii's correctional facilities; identify unmet programming needs; and plan for improvements that will comply with the law's requirement of gender parity, reduce recidivism, and help prepare incarcerated women for successful reentry.

Your Committee has amended this measure by:

- (1) Making the following amendments, as recommended in written comments from the Hawaii Correctional System Oversight Commission:
  - (A) Assigning responsibility for the study required by the measure, and appropriating moneys for the study, to the Hawaii Correctional System Oversight Commission, rather than Hawaii Friends of Restorative Justice;

- (B) Changing the appropriation from a grant made pursuant to Chapter 42F, Hawaii Revised Statutes, to a standard appropriation;
  - (C) Making the Department of the Attorney General the expending agency for the appropriation, rather than the Judiciary; and
  - (D) Changing the study's completion date to June 30, 2024; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1131, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1131, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1857 Ways and Means on H.B. No. 1194**

The purpose and intent of this measure is to assist Hawaii in qualifying for the benefits of a United States Economic Development Administration-designated economic development district.

Specifically, this measure:

- (1) Establishes the Hawaii Economic Development District Planning Organization;
- (2) Establishes four temporary economic development planning analyst positions; and
- (3) Appropriates moneys to the Department of Business, Economic Development, and Tourism.

Your Committee received written comments in support of this measure from the Office of Planning and Sustainable Development and Maui Chamber of Commerce.

Your Committee finds that establishing an economic development district, which is a multi-county entity tasked to help lead and coordinate locally-developed and regionally-driven economic development in Hawaii, will help to drive Hawaii's economy and increase the likelihood of federal fund investment in the designated area.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions established from four full-time equivalent (4.0 FTE) positions to an unspecified number; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1194, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1194, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1858 Ways and Means on H.B. No. 1366**

The purpose and intent of this measure is to establish the return-to-home pilot program.

More specifically, this measure:

- (1) Requires the Department of Human Services to:
  - (A) Coordinate the return-to-home pilot program to help reunite eligible homeless individuals with their families and relatives in the homeless individuals' home states; and
  - (B) Contract with eligible nonprofit organizations, for-profit organizations, or foundations to administer the pilot program;
- (2) Establishes restrictions on participation in the pilot program; and
- (3) Appropriates moneys to the Department of Human Services to establish a full-time equivalent planner position to draft rules, procure services, and oversee the return-to-home pilot program.

Your Committee received written comments in support of this measure from the Hawaii Lodging and Tourism Association, The Institute for Human Services, and numerous individuals.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that helping homeless individuals return to their home states will help to address homelessness in Hawaii while helping to end each program participant's cycle of homelessness.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions established from one full-time equivalent (1.0 FTE) position to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1366, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1366, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1859 (Joint) Judiciary and Ways and Means on H.B. No. 153**

The purpose and intent of this measure is to:

- (1) Add a minimum penalty of \$50 and a maximum penalty of \$60,000 per violation of the State Water Code and make each day that a violation exists or continues to exist a separate offense;
- (2) Require the Commission on Water Resource Management to determine the amount of the penalty based on the circumstances of the violation;
- (3) Create two positions within the Commission on Water Resource Management; and
- (4) Appropriate funds.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committees find that the State Water Code's penalties and fines must be strengthened to deter violators because current fines and penalties appear to be too low to act as an effective deterrent. This measure will clarify and strengthen the State Water Code and ensure that all violators of the State Water Code are held accountable.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 153, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.  
Judiciary: Ayes, 4. Noes, none. Excused, 1 (Gabbard).  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1860 (Joint) Judiciary and Ways and Means on H.B. No. 622**

The purpose and intent of this measure is to:

- (1) Establish a Prevent Suicide Hawai'i Working Group within the Office of Wellness and Resilience;
- (2) Require the Prevent Suicide Hawai'i Working Group to focus on preventing suicides in the State, particularly among Native Hawaiians, Pacific Islanders, farmers, youth, LGBTQIA+, veterans, and other populations identified by the federal Centers for Disease Control and Prevention as a high-risk population for suicide; implement recommendations in the Prevent Suicide Hawai'i Task Force's interim report; and report to the Legislature before the Regular Session of 2025.

Your Committees received testimony in support of this measure from the Office of Wellness and Resilience, State Council on Mental Health, University of Hawai'i System, Hawaii Primary Care Association, Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Family Forum, 'Ahahui o nā Kauka, Prevent Suicide Hawai'i Taskforce, Papa Ola Lokahi, Samaritan Counseling Center Hawaii, and nine individuals. Your Committees received comments on this measure from the Department of Health and Department of Human Services.

Your Committees find that suicide has long been a public health issue in the State. According to the Centers for Disease Control and Prevention, suicide is the leading cause of death for all state residents aged ten to forty-four. The State's rates of suicide now consistently rank above the national average. This measure will establish a Prevent Suicide Hawai'i Working Group, which will help prevent suicide and reduce the number of suicide deaths in the State.

Your Committees have amended this measure by removing language that would have specified that no member of the Prevent Suicide Hawai'i Working Group shall be subject to chapter 84, Hawaii Revised Statutes, solely because of the member's participation in the working group.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 622, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 622, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.  
Judiciary: Ayes, 5. Noes, none. Excused, none.  
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1861 (Joint) Judiciary and Ways and Means on H.B. No. 647**

The purpose and intent of this measure is to:

- (1) Establish a definition of "low alcohol by volume spirits beverage";
- (2) Establish a tax on low alcohol by volume spirits beverages at a rate of \$1.98 per wine gallon; and
- (3) Expand the definition of "beer" under the State's liquor tax and liquor regulatory laws, to specify that the term includes an alcohol by volume of no less than 0.5 per cent, but excludes certain other forms of distillation.

Your Committees received testimony in support of this measure from Pacific Business Advocates LLC, Johnson Brothers of Hawaii, and Kōloa Rum Company. Your Committees received testimony in opposition to this measure from Lanikai Brewing Company, Wine Institute, Craft 'Ohana, Constellation Brands Beer Division, Molson Coors, Brewers Association, Heineken, and Beer Institute. Your Committees received comments on this measure from the Department of Taxation.

Your Committees find that the existing statutory definition of “beer” is limited and does not reflect the public’s perception of beer in the current marketplace, or adequately represent the unique aspects of craft beer ingredients that brewers use to develop new products and new offerings, which are becoming more popular across the United States. Furthermore, the State’s definition is not the same as the federal definition, which includes a broader range of substitutes or additions to malted barley and fermentable sugars. This measure will help foster the creation of new and unique styles of beer that are well-suited for the inclusion of Hawai’i-grown products and will have a significant benefit for local, small, independent craft breweries across the State.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 647, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1862 (Joint) Judiciary and Ways and Means on H.B. No. 1036**

The purpose and intent of this measure is to formally establish the Hawaii State Fusion Center as a program under the Office of Homeland Security to be transferred to the Department of Law Enforcement on January 1, 2024, and delineate its roles and responsibilities.

Your Committees received testimony in support of this measure from the Hawai’i Emergency Management Agency, Office of Homeland Security, Department of Law Enforcement, Department of Human Services, and Retail Merchants of Hawaii. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the Hawaii State Fusion Center (HSFC) has protected Hawaii’s residents and critical infrastructure for over a decade by supporting public safety agencies and communities. As the hub of information and intelligence sharing, the HSFC brings together federal, state, county, and private sector partners to ensure Hawaii and the nation’s safety. The HSFC collaborates with its partners to receive, analyze, and disseminate threat-related information and plays a vitally important role in the State’s homeland security. This measure will bring formal recognition to the HSFC and ensure that the Hawaii Office of Homeland Security will continue to provide the necessary support to keep the State, residents, and critical infrastructure safe.

Your Committees have amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1036, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1036, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

**SCRep. 1863 Ways and Means on H.B. No. 451**

The purpose and intent of this measure is to provide funding for the pilot visitation and family resource center at Waiawa Correctional Facility.

More specifically, this measure:

- (1) Clarifies that certain appropriations made pursuant to Act 125, Session Laws of Hawaii 2022, for the establishment of the pilot visitation and family resource center at Waiawa Correctional Facility shall not lapse until June 30, 2024; and
- (2) Appropriates moneys for the pilot visitation and family resource center at Waiawa Correctional Facility.

Your Committee received written comments in support of this measure from the Department of Public Safety, Hawaii Correctional System Oversight Commission, American Civil Liberties Union of Hawaii, Blueprint for Change, Community Alliance on Prisons, Ekolu Mea Nui, Hawaii Children’s Action Network Speaks!, Hawaii Ohana Support Network, Hawaii Youth Services Network, Papa Ola Lokahi, and numerous individuals.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that providing funding for the pilot visitation and family resource center at Waiawa Correctional Facility will support the rehabilitation of affected inmates.

Your Committee has amended this measure by:

- (1) Changing the appropriations in Act 125, Session Laws of Hawaii 2022, from \$305,000 and \$115,000, respectively, to unspecified amounts to facilitate further discussion on the measure; and
- (2) Making a technical nonsubstantive amendment to insert Ramseyer language appropriate to the foregoing amendment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 451, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 451, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1864 Ways and Means on H.B. No. 473**

The purpose and intent of this measure is to appropriate moneys for the State Foundation on Culture and the Arts Creative Workforce Grant program, which awards grants to eligible nonprofit arts and culture organizations to support a living wage for creative workers.

Your Committee received written comments in support of this measure from the State Foundation on Culture and the Arts, Hawaii Forest Industry Association, Alexander Academy Performing Company, and eight individuals.

Your Committee finds that the grants supported by this measure will help provide a living wage for creative workers, reduce barriers to participation for local artists, benefit and diversify the State's economy, and ensure that arts and culture-related programs are available and accessible for all of the State's residents, including residents on neighbor islands.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 473, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 473, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1865 Ways and Means on H.B. No. 475**

The purpose and intent of this measure is to establish and appropriate moneys for the Art in Private Places and Performing Arts Committee, within the State Foundation on Culture and the Arts, to establish and administer the Art in Private Places and Performing Arts Pilot Programs.

Your Committee received written comments in support of this measure from the State Foundation on Culture and the Arts, Hawaii Forest Industry Association, Alexander Academy Performing Company, and six individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that the arts are an important part of the State's creative economy. The committee and pilot programs established and funded by this measure will help support performing arts and make visual arts more publicly accessible.

Your Committee has amended this measure by:

- (1) Clarifying that two members representing the performing arts community should be selected by the chairperson and invited to serve on the committee;
- (2) Ensuring that the full titles of the "art in private places pilot program," and "performing arts pilot program," are used consistently throughout the measure;
- (3) Specifying that revenues from the art in private places pilot program should be deposited into the performing arts special account established by the measure;
- (4) Including a definition of "private places," in the measure's new statutory text, rather than in appropriation language;
- (5) Clarifying that the position established and funded by the measure should oversee the pilot programs established by the measure; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 475, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 475, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1866 Ways and Means on H.B. No. 478**

The purpose and intent of this measure is to support culture and the arts in the State.

More specifically, this measure:

- (1) Establishes qualifications for membership on the State Foundation on Culture and the Arts Commission; and
- (2) Appropriates moneys to the State Foundation on Culture and the Arts to award one-time fellowships to promising artists.

Your Committee received written comments in support of this measure from the State Foundation on Culture and the Arts, East Hawaii Cultural Center, The Hawaii Forest Industry Association, and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that awarding fellowships to promising artists in the State will help to support, recognize, and celebrate the artists' contributions to Hawaii's culture.

Your Committee has amended this measure by:

- (1) Correcting the name of the State Foundation on Culture and the Arts' individual artist fellowship program; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 478, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 478, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1867 Ways and Means on H.B. No. 546**

The purpose and intent of this measure is to require and appropriate moneys for the Fuel Tank Advisory Committee to hold no fewer than one regular meeting in each quarter of the calendar year.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Board of Water Supply of the City and County of Honolulu, Environmental Caucus of the Democratic Party of Hawaii, and one individual.

Your Committee received written comments on this measure from the Department of Health, Sierra Club of Hawaii, and one individual.

Your Committee finds that conducting quarterly meetings of the Fuel Tank Advisory Committee will allow more timely disclosure of any spill events; facilitate better communication regarding current efforts to recover and remediate contaminated aquifers; provide a regular forum for the public to present concerns; and allow more coordination among committee members to address concerns related to the administrative order on consent regarding the Red Hill Bulk Fuel Storage Facility, including the development of ground-water flow models and contaminant fate and transport models, and the construction of monitor wells to assess aquifer contamination.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 546, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1868 Ways and Means on H.B. No. 968**

The purpose and intent of this measure is to appropriate moneys to the University of Hawaii to fund three full-time equivalent (3.0 FTE) academic and support services specialist positions for the University of Hawaii Pamantasan Council.

Your Committee received written comments in support of this measure from Filipinos for Affirmative Action, Hawaii Friends of Civil Rights, and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that appropriating moneys for academic and support services specialist positions for the University of Hawaii Pamantasan Council will help increase enrollment and support of Filipino students at the university.

Your Committee has amended this measure by:

- (1) Deleting the specification for the appropriation to fund three full-time equivalent positions; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 968, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 968, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1869 Ways and Means on H.B. No. 1301**

The purpose and intent of this measure is to appropriate moneys for the University of Hawaii Cancer Center to conduct a multiethnic cohort study focusing on the social determinants of health, lifestyles, environmental exposures, and resilience factors of Native Hawaiians, Pacific Islanders, and Filipinos.

Your Committee received written comments in support of this measure from the University of Hawaii Cancer Center, Office of Hawaiian Affairs, Leukemia and Lymphoma Society, Hawaii Primary Care Association, American Cancer Society Cancer Action Network, Hawaii Medical Association, and twenty-two individuals.

Your Committee received written comments on this measure from the University of Hawaii and one individual.

Your Committee finds that Native Hawaiians, Pacific Islanders, and Filipinos have some of the highest rates of certain types of cancer. Your Committee notes that although previous studies have identified diet, tobacco use, sociocultural impacts, and other contributing factors, those factors do not fully account for reasons these ethnicities experience higher cancer rates compared to the general population. Your Committee believes that the moneys appropriated by this measure will support efforts to identify additional factors that contribute to increased cancer rates for individuals of Native Hawaiian, Pacific Islander, or Filipino descent and provide guidance to address those disparities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1301, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1870 Ways and Means on H.B. No. 994**

The purpose and intent of this measure is to require the Office of Planning and Sustainable Development to conduct a study to refine rural district policies and identify strategies for the expansion of the rural district.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; and Hawaii Farm Bureau.

Your Committee received written comments on this measure from the Office of Planning and Sustainable Development and Ulupono Initiative.

Your Committee finds that the limited use and availability of the rural district encourages land owners to creatively farm so that they may benefit from the reduced real property tax rates of the agricultural district. Your Committee believes that expanding the use of the rural district will help to distinguish rural communities from subsistence farms and allow better protection of productive agricultural lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 994, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1871 Ways and Means on H.B. No. 974**

The purpose and intent of this measure is to establish and appropriate moneys for a full-time program specialist position within the Department of Agriculture that, among other duties, shall assist farmers, ranchers, and other agricultural operators in applying for and obtaining agricultural grants.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Hawaii Department of Agriculture, Ulupono Initiative, Hawaii Farm Bureau, Hawaii Cattlemen's Council, and one individual.

Your Committee recognizes that local farmers, ranchers, and other agricultural operators face significant competition when applying for agricultural grants offered by the United States Department of Agriculture and other sources. Accordingly, your Committee finds that the establishment of a new grant specialist position will provide needed assistance to these applicants when competing for grants.

Your Committee has amended this measure by making a technical nonsubstantive amendment for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 974, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 974, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1872 Ways and Means on H.B. No. 978**

The purpose and intent of this measure is to promote health and human services procurement efficiency, program success, and government accountability.

More specifically, this measure:

- (1) Clarifies the requirements for health and human services treatment services to be purchased by the State;
- (2) Transfers from the Administrator of the State Procurement Office to the heads of health and human services purchasing agencies certain duties relating to the purchase of health and human services treatment services; and
- (3) Changes the small purchase threshold for health and human services from \$25,000 to an amount less than the threshold established in section 103D-305(a), Hawaii Revised Statutes, for goods and services.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services and State Procurement Office.

Your Committee finds that transferring duties relating to the purchase of health and human services treatment services from the Administrator of the State Procurement Office to the heads of the health and human services purchasing agencies and changing the small purchase threshold for health and human services will expedite the provision to the public of critical services.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 978, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 978, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1873 Ways and Means on H.B. No. 660**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds in a total amount not to exceed \$240,000,000, for the purpose of assisting Hawaii Pacific Health, a Hawaii nonprofit corporation, and its nonprofit affiliates to finance construction, improvements, and equipment costs at Straub Medical Center.

Your Committee received written comments in support of this measure from Hawaii Pacific Health.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee recognizes that pursuant to part II of Chapter 39A, Hawaii Revised Statutes, the Department of Budget and Finance may issue special purpose revenue bonds to finance projects for not-for-profit corporations that provide health care facilities to the general public. Your Committee finds that the projects at Straub Medical Center meet this statutory criteria, as the projects are ultimately intended to redevelop the Center into a future-forward medical facility for the community.

Your Committee has amended this measure by changing the:

- (1) Special purpose revenue bond authorization from \$240,000,000 to an unspecified amount; and
- (2) Effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 660, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 660, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1874 Ways and Means on H.B. No. 600**

The purpose and intent of this measure is ensure each child in the State can safely traverse state streets.

Specifically, this measure:

- (1) Requires the Department of Transportation's Safe Routes to School Program Coordinator to develop a comprehensive statewide safe routes to school plan;
- (2) Clarifies that the Safe Routes to School Program Coordinator is the central point of contact for all Safe Routes to School programs; and
- (3) Appropriates funds for the Department of Transportation to hire staff.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities, Department of Education, Department of Health, Department of Transportation, Department of Transportation Services of the City and County of Honolulu, Democratic Party of Hawaii Labor Caucus, Hawaii Bicycling League, AlohaCare, Hawaii Children's Action Network Speaks!, Maui Bicycling League, Hawaii Public Health Institute, Ulupono Initiative, and eighteen individuals.

Your Committee finds that decades of automobile-centric planning and development have created barriers to safety for keiki and kupuna on our roads. Your Committee further finds that recent deaths outside of Department of Education schools have illustrated the need for immediate action to create safer routes to schools.

Your Committee has amended this measure by:

- (1) Establishing a Safe Routes to School Advisory Committee and specifying the Committee's membership and duties;
- (2) Requiring the Safe Routes to School Advisory Committee, rather than the Safe Routes to School Program Coordinator, to create a comprehensive, statewide safe routes to school plan;
- (3) Amending the contents of the comprehensive, statewide safe routes to school plan;
- (4) Repealing language that provides requirements for Safe Routes to School grant proposals, and instead requiring the Safe Routes to School Advisory Committee to develop an application process for projects under the Safe Routes to School Program;

- (5) Requiring annual reports to the Legislature on the status of the Safe Routes to School Program;
- (6) Amending the responsibilities of the Department of Transportation's Safe Routes to School Program to include:
  - (A) The development and publication of goals and performance measures; and
  - (B) The provision of technical assistance to counties and community organizations in support of projects and programs that advance state and county goals;
- (7) Repealing section 291C-3(i), Hawaii Revised Statutes, which pertains to the statutory construction of section 291C-3, Hawaii Revised Statutes, to preserve eligibility for funding under an obsolete federal law;
- (8) Deleting language that would have appropriated general funds to the Department of Transportation to hire staff, and instead:
  - (A) Transferring unspecified sums of state highway fund moneys into the safe routes to school program special fund; and
  - (B) Appropriating unspecified sums out of the safe routes to school program special fund to support and facilitate the Safe Routes to School Program, projects, and Advisory Committee; and to match any federal funds received by the State for costs related to sidewalk and other infrastructure planning, development, and construction;
- (9) Amending the preamble to reflect the measure's amended purpose and to further explain the necessity of the measure; and
- (10) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 600, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 600, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1875 Ways and Means on H.B. No. 353**

The purpose and intent of this measure is to appropriate moneys for instructional costs and student aid for the certified nurse aide to practical nurse bridge program at the University of Hawaii Maui college.

Your Committee received written comments in support of this measure from the Healthcare Association of Hawaii, Queen's Health System, University of Hawaii Professional Assembly, and one individual.

Your Committee received written comments on this measure from the Hawaii State Center for Nursing.

Your Committee recognizes that the statewide shortage of licensed practical nurses affects residents' access to health care. Accordingly, your Committee finds that an effort to educate and train students to enter this profession will increase the number of licensed practical nurses in the State, which in turn will facilitate the provision of quality health care.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 353, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 353, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Kim, Wakai, Fevella).

**SCRep. 1876 Ways and Means on H.B. No. 999**

The purpose and intent of this measure is to promote economic growth and diversification within the State.

Specifically, this measure:

- (1) Establishes specific state goals for economic growth;
- (2) Appropriates funds to the Hawaii Technology Development Corporation to fund specific projects that address those goals;
- (3) Requires the Hawaii Technology Development Corporation to submit annual reports addressing the progress and outcomes of the projects funded in paragraph (2) over three years; and
- (4) Temporarily reestablishes, for three years, the Hawaii Office of Naval Research Grant Program.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Hyperspective Studios, Inc.; Nalu Scientific, LLC; Guide Star Engineering LLC; Hawaiian Chip Company, LLC; Blue Startups, LLC; Hawaii Fish Company, Inc.; VisSidus Technologies, Inc.; Aloha Tofu Factory, Inc.; 3D Innovations; Hawaii Food Manufacturers Association; Mana Up; Hawaii Venture Capital Association; Holomua Collaborative; and two individuals.

Your Committee received written comments on this measure from Makai Ocean Engineering, Inc.

Your Committee finds that the projects identified in this measure will serve as a facilitative catalyst for innovation in the State and will help to align the State with the emerging knowledge-based, zero-emission, and digital global economy while putting Hawaii on the path toward economic prosperity.

Your Committee has amended this measure by:

- (1) Amending the appropriation of moneys to the Hawaii Technology Development Corporation for economic diversification projects by clarifying that:
  - (A) \$2,000,000 shall be used to accelerate economic diversification by supporting, enhancing, and encouraging new accelerator programs;
  - (B) \$2,000,000 shall be used to support economic development opportunities with the trade sector by working with strategic partners to build awareness of Hawaii-made products outside of the State;
  - (C) \$2,000,000 shall be used for operations, administration, and award of grants by the Hawaii small business innovation research program;
  - (D) \$2,000,000 shall be used to support economic development opportunities with the defense sector and to support companies conducting small business innovation research to transition past grants into large contracts;
  - (E) \$1,500,000 shall be used for operations, administration, and award of grants by the manufacturing assistance program;
  - (F) \$1,500,000 shall be used to reduce and mitigate climate change through renewable energy technology demonstration projects in support of Hawaii's hydrogen hub proposal to the United States Department of Energy; and
  - (G) Any unencumbered funds shall lapse on June 30, 2026, instead of June 30, 2025;
- (2) Appropriating an unspecified sum to establish within the Hawaii Technology Development Corporation one full-time equivalent asset manager position and one full-time equivalent aerospace development coordinator position; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 999, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 999, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Moriwaki, Shimabukuro).

**SCRep. 1877 Ways and Means on H.B. No. 1371**

The purpose and intent of this measure is to maximize positive and beneficial uses of recreation areas under the State's jurisdiction.

More specifically, the measure:

- (1) Requires the Department of Land and Natural Resources to prepare a master plan for the Sand Island State Recreation Area that is based on the concept of a "people's park" and includes community and stakeholder participation, a Native Hawaiian arts and cultural center, an assessment of current and future environmental conditions, proposed new facilities and infrastructure, preservation and interpretation of significant historic features, and recommendations for expanding outdoor recreation opportunities; and
- (2) Appropriates funds for preparation of the master plan.

Your Committee received written comments in support of this measure from the Office of the Governor, Department of Land and Natural Resources, PA'I Foundation, The Pillars LLC, Slapp Radio, and numerous individuals.

Your Committee notes that survey data indicate the public's desire for additional outdoor and ocean recreation areas, well-maintained infrastructure and facilities, and the protection of cultural and historic resources, all of which the Sand Island State Recreation Area has the potential to provide. Your Committee finds that the master plan required by this measure will provide an updated vision to develop the Sand Island State Recreation Area into an attractive and important public resource and community gathering space.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1371, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1371, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1878 Ways and Means on H.B. No. 1375**

The purpose and intent of this measure is to dissolve the Hawaii Tourism Authority and replace it with the Office of Tourism and Destination Management.

Your Committee received written comments in opposition to this measure from CountyTalkStory.com.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Hawaii Tourism Authority; Tax Foundation of Hawaii; Grassroot Institute of Hawaii; and Maui Hotel and Lodging Association.

Your Committee finds that establishing an Office of Tourism and Destination Management with the powers and duties set forth in this measure will help to prevent future mismanagement of Hawaii's tourism marketing contracts and the Hawaii Convention Center.

Your Committee has amended this measure by:

- (1) Requiring that the Governor appoint each of the five members of the Board of Directors of the Office of Tourism and Destination Management who represent a particular industry or have a particular background;
- (2) Requiring that the President of the Senate appoint each of the two members representing the County of Maui and the County of Kauai;
- (3) Requiring that the Speaker of the House of Representatives appoint each of the two members representing the County of Hawaii and the City and County of Honolulu;
- (4) Fixing the salary of the Executive Director of the Office of Tourism and Destination Management at ninety percent of the Director of Business, Economic Development, and Tourism, and making the position eligible for the same health and retirement benefits available to other public employees;
- (5) Increasing the appropriation to the Office of Tourism and Destination Management from \$50,000,000 to \$60,000,000 and specifying that the appropriation shall be allocated as follows:
  - (A) \$4,110,649 for administrative costs;
  - (B) \$17,969,351 for destination management; and
  - (C) \$37,920,000 for branding, including major sports;
- (6) Adding an appropriation of \$64,000,000 for repairs and improvements to the Convention Center's rooftop terrace deck;
- (7) Making most sections of the measure effective upon approval, except for sections with fiscal implications, which take effect on July 1, 2023; and
- (8) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1375, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1375, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kanuha). Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1879 Ways and Means on H.B. No. 1430**

The purpose and intent of this measure is to establish the Institute of Indigenous Education, Science, and Outreach within the University of Hawaii at Hilo.

Your Committee received written comments in support of this measure from the University of Hawaii; Ke Kula O Nawahiokalaniopuu; Kupuna for the Moopuna; Aha Punana Leo, Inc.; National Coalition of Native American Language Schools and Programs; Government Affairs Committee of the Hawaii Island Chamber of Commerce; and numerous individuals.

Your Committee received written comments on this measure from one individual.

Your Committee finds that the Institute of Indigenous Education, Science, and Outreach established by this measure will help support Hawaiian language revitalization and growth in the State, assist state agencies with Hawaiian language translation services, allow the University of Hawaii at Hilo to develop an early education Hawaiian medium pathway and Hawaiian immersion programs, and allow the Institute to pursue external funding opportunities.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1430, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1430, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1880 Ways and Means on H.B. No. 68**

The purpose and intent of this measure is to improve the centralization and collection of criminal pretrial justice data.

More specifically, the measure:

- (1) Requires that ongoing staff support for the centralized statewide criminal pretrial justice data reporting and collection system be conducted by the Criminal Justice Research Institute's staff rather than a contracted entity;
- (2) Requires the Criminal Justice Research Institute to protect any information and data that may be shared;
- (3) Requires the Criminal Justice Research Institute to submit a semi-annual report to the Legislature, for two years, regarding the creation of the centralized statewide criminal pretrial justice data reporting and collection system; and
- (4) Appropriates moneys to establish the centralized statewide criminal pretrial justice data reporting and collection system.

Your Committee received written comments in support of this measure from the Hawaii Correctional System Oversight Commission and one individual.

Your Committee received written comments on this measure from the Judiciary and Department of the Attorney General.

Your Committee finds that the centralized statewide criminal pretrial justice data reporting and collection system supported by this measure was recommended by the Criminal Pretrial Task Force and mandated by section 614-3, Hawaii Revised Statutes. The data collected through this system will help the State expand its research capacity related to the criminal pretrial system and improve the State's ability to track and monitor criminal pretrial justice system performance metrics.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 68, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Aquino, Wakai, Fevella).

**SCRep. 1881 Ways and Means on H.B. No. 69**

The purpose and intent of this measure is to provide financial support for after-school enrichment activities.

More specifically, the measure appropriates funds to the Department of Education for the Department's Resources for Enrichment, Athletics/Academics, Culture, and Health, or REACH, program.

Your Committee received written comments in support of this measure from the Department of Education, Early Childhood Action Strategy, Boys and Girls Club of Hawaii, HE'E Coalition, Connections Public Charter School, HawaiiKidsCAN, After-School All-Stars Hawaii, RAI Hawaii LLC, Hawaii Afterschool Alliance, YMCA of Honolulu, Island of Hawaii YMCA, Parents and Children Together, and six individuals.

Your Committee received written comments on this measure from Hawaii Children's Action Network Speaks! and one individual.

Your Committee finds that this measure's provision of funding for the REACH program, which provides critical, developmentally-aligned educational opportunities to public and charter school middle school and intermediate school students at no cost to their families, is an investment that represents the State's commitment to the well-being of its students, families, and communities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 69, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1882 Ways and Means on H.B. No. 564**

The purpose and intent of this measure is to modernize the Department of Human Resources Development's information technology systems.

Specifically, this measure appropriates funds to the Department of Human Resources Development to:

- (1) Establish two full-time equivalent information technology specialist positions; and
- (2) Upgrade information technology systems within the Department of Human Resources Development, including network upgrades; purchase and install desktop computers, workstations, and laptop computers; and train personnel.

Your Committee received written comments in support of this measure from the Department of Human Resources Development.

Your Committee finds that the Department of Human Resources Development's information technology systems require investment and modernization. Accordingly, this measure appropriates funds to upgrade or replace equipment, hire key information technology personnel, upgrade outdated network infrastructure, and provide necessary training.

Your Committee has amended this measure by:

- (1) Providing that the moneys appropriated shall be expended by the Office of Enterprise Technology Services, rather than the Department of Human Resources Development;
- (2) Changing the number of information technology specialist positions established from two full-time equivalent positions to an unspecified number of full-time equivalent positions; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 564, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 564, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1883 (Joint) Ways and Means and Judiciary on H.B. No. 719**

The purpose and intent of this measure is to facilitate more equitable access to government records.

More specifically, the measure:

- (1) Imposes a cap on charges for the reproduction of certain government records;
- (2) Provides that copies of the first one hundred pages of government records shall be provided to the requester at no charge if the record's disclosure serves the public interest, will likely contribute significantly to the public understanding of the government's operations or activities, and is not primarily in the commercial interest;
- (3) Waives the cost of duplication of government records provided to requestors in an electronic format, provided that the agency maintains those documents in an electronic format;
- (4) Imposes a cap on charges for searching for, reviewing, and segregating records; and
- (5) Appropriates funds for two permanent full-time staff positions within the Office of Information Practices.

Your Committees received written comments in support of this measure from Animal Rights Hawaii, League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, Community Alliance on Prisons, Holomua Collaborative, Hawaii Bulletin, and five individuals.

Your Committees received written comments in opposition to this measure from two individuals.

Your Committees received written comments on this measure from the Department of Human Services, Department of the Attorney General, Department of Land and Natural Resources, Department of Design and Construction of the City and County of Honolulu, Grassroot Institute of Hawaii, and ACLU of Hawaii.

Your Committees find that public records laws are a critical mechanism to maintain government accountability and transparency, and that fee waivers and caps on charges for records requests will lessen the burden of the search and reproduction costs associated with records requests and thus support citizen involvement in government decision-making.

Your Committees have amended this measure by:

- (1) Inserting the following language into the measure's purpose section, which had been deleted from the prior draft:
  - (A) A legislative finding of the importance of public records laws as a critical mechanism to maintain government accountability and transparency and support citizen involvement in government decision-making; and
  - (B) A legislative finding that this measure adopts the federal Freedom of Information Act standard to define waivers of fees for the search, review, or segregation of disclosable records when in the public interest;
- (2) Amending the definition of "government record" to exclude truly preliminary records, such as personal notes and rough drafts of memoranda, that have not been circulated;
- (3) Requiring that the cost of reproducing physical records be in accordance with rules adopted by the agency having control of the record, rather than rules adopted by the Office of Information Practices;
- (4) Deleting language that would have waived fees for the first one hundred pages of requested government records if the disclosure served the public interest and met other conditions;
- (5) Amending section 92F-13, Hawaii Revised Statutes (HRS), which sets out exceptions to the general rule requiring disclosure, to not require disclosure of inter-agency or intra-agency deliberative and pre-decisional government records concerning an agency decision about a government action that occurs prior to a final decision or abandonment of deliberation, other than purely factual information that is readily segregable;
- (6) Specifies factors to be considered when determining whether a disclosure would serve the public interest and thus qualify for a waiver of fees in certain circumstances;
- (7) Inserting a savings clause and a non-severability clause;
- (8) Specifying that the amendments made to section 92F-13, HRS, shall be repealed on June 30, 2028; and
- (9) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 719, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 719, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

Judiciary: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

**SCRep. 1884 (Joint) Ways and Means and Judiciary on H.B. No. 1359**

The purpose and intent of this measure is to facilitate the production of hemp in the State.

Specifically, this measure:

- (1) Streamlines certain state laws regarding hemp production, which would reduce costs for Hawaii farmers and the State;
- (2) Authorizes licensed hemp producers to sell hemp biomass;
- (3) Imposes labeling requirements to identify the percentage of Hawaii-grown hemp or hemp product in all hemp products;
- (4) Requires and appropriates moneys for the Department of Health to hire or consult with a toxicologist or consultant familiar with hemp industry standards;

- (5) Establishes a Hawaii hemp task force to be jointly convened by the Department of Agriculture and the Department of Health to gather data and information to better understand hemp industry needs;
- (6) Requires and appropriates moneys for the Department of Agriculture to hire a hemp consultant; and
- (7) Extends the State's hemp processor law through July 1, 2027.

For your Committees' initial hearing on this measure, your Committees received written comments as follows:

Your Committees received written comments in support of this measure from Ai Pohaku - The Stone Eaters, Hoola Veteran Services, and fourteen individuals.

Your Committees received written comments in opposition to this measure from the Department of the Attorney General and one individual.

Your Committees received written comments on this measure from the Department of Agriculture, Hemptuary Hawaii, Hawaii Sustainable Farms, Hawaii Hemp Farmers Association, Hawaii Farmers Union United, Kauai Hemp Co., and Kuwale Ridge Farms.

Your Committees subsequently reconsidered this measure. At the reconsideration hearing, your Committees received written comments as follows:

Your Committees received written comments in support of this measure from Tropical Sunset Farms.

Your Committees received written comments on this measure from the Department of Health, Hawaii Sustainable Farms, and one individual.

Your Committees recognize that the State's hemp industry currently faces unduly burdensome regulations, which inhibit the industry's growth. Accordingly, your Committees find that reducing this regulatory burden will allow the industry to thrive and lead to increased production of hemp for fuel, food, clothing and building material, natural plastic alternatives, and numerous other products.

Your Committees have amended this measure by:

- (1) Replacing the current hemp registration process with a permitting process;
- (2) Inserting new definitions, revising existing definitions, and repealing unnecessary definitions to effectuate the intent of the measure;
- (3) Clarifying the applicability of Chapter 328G, Hawaii Revised Statutes;
- (4) Replacing a requirement for licensure through the United States Department of Agriculture with a background check requirement;
- (5) Clarifying that a requirement for processing to occur within an enclosed indoor facility is to prevent unauthorized entry and contamination;
- (6) Authorizing the processing of hemp biomass into and sale of crude extract, subject to certain requirements and restrictions;
- (7) Integrating hemp manufacturers into the new hemp processor permitting system;
- (8) Limiting the application of five hundred-foot buffer zones to only the processors of hemp biomass;
- (9) Authorizing the Department of Health to adopt rules to expand allowable tetrahydrocannabinol concentrations and forms on manufactured hemp products;
- (10) Repealing current prohibitions on certain retail sales of hemp flowers and leaves;
- (11) Changing the appropriation for the hiring of a third-party consultant from \$50,000 to an unspecified amount to facilitate further discussion on the measure; and
- (12) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1359, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1359, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1885 Ways and Means on H.B. No. 872**

The purpose and intent of this measure is to appropriate moneys for the Hawaii Healthy Aging Partnership.

Your Committee received written comments in support of this measure from the Department of Health Executive Office on Aging, Maui County Office on Aging, County of Kauai Agency on Elderly Affairs, AARP Hawaii, Hawaii Family Caregiver Coalition, Policy Advisory Board for Elder Affairs, Pearl City Community Church, and numerous individuals.

Your Committee finds that since its inception in 2003, the Better Choices Better Health program of the Hawaii Healthy Aging Partnership has seen 3,185 individuals in Hawaii participate in the program. Your Committee notes that based on pre- and post-test data, participants have reported fewer visits to physicians and emergency rooms; experienced reduced pain, fatigue, shortness of breath, and stress; and saved an average of \$654.18 in healthcare costs. Your Committee believes that appropriating funds to continue the program will further benefit the health and well-being of Hawaii's kupuna.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 872, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1886 Ways and Means on H.B. No. 989**

The purpose and intent of this measure is to address the deteriorating conditions of the office space used by the Department of Business, Economic Development, and Tourism.

More specifically, the measure appropriates funds to the Department of Business, Economic Development, and Tourism for expenses related to the building renovations of its offices on the fifth floor of the No. 1 Capitol District Building at 250 South Hotel Street on Oahu.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Green Infrastructure Authority.

Your Committee finds that certain expenses related to the aforementioned building renovations, including decluttering, moving and storage of items, and replacement of office partitions, are not included in the Department of Accounting and General Services' solicitation of bids for improvements to the building infrastructure; therefore, the appropriation provided by this measure is needed to provide funding for these additional expenses.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 989, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 989, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1887 Ways and Means on H.B. No. 1113**

The purpose and intent of this measure is to improve the administration of drug and alcohol toxicology testing.

Specifically, this measure:

- (1) Renames the state drug and alcohol toxicology testing laboratory, and its special fund, to remove the word "state";
- (2) Authorizes moneys in the state highway fund to be expended for the cost of maintaining the drug and alcohol toxicology testing laboratory;
- (3) Specifies that moneys in the drug and alcohol toxicology testing laboratory special fund shall be administered and expended by the Department of Transportation or appropriated as a grant-in-aid to the Emergency Services Department of the City and County of Honolulu;
- (4) Appropriates moneys from the state highway fund into the drug and alcohol toxicology testing laboratory special fund;
- (5) Appropriate moneys out of the drug and alcohol toxicology testing laboratory special fund for the establishment and maintenance of the drug and alcohol toxicology testing laboratory; and
- (6) Prior to each of the Regular Sessions of 2025 and 2026, requires the Department of Health or the City and County of Honolulu to submit to the Legislature a report on the expenditures made from the drug and alcohol toxicology testing laboratory special fund.

Your Committee received written comments in support of this measure from the Department of Transportation.

Your Committee finds that improving highway safety and protecting the lives of community members and visitors are high priorities. Your Committee believes that establishing a drug and alcohol toxicology testing laboratory will provide law enforcement personnel and adjudicators with the resources necessary to protect the public from impaired drivers.

Your Committee has amended this measure by:

- (1) To comport with article VIII, section 1 of the Hawaii State Constitution, replacing certain references to the City and County of Honolulu with references to "a county with a population of five hundred thousand or more";
- (2) Making amendments to certain Session Laws of Hawaii to conform to the extended repeal date of the drug and alcohol toxicology testing laboratory special fund; and
- (3) Clarifying language intended to prevent the untimely lapsing of funds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1113, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1113, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1888 Ways and Means on H.B. No. 1296**

The purpose and intent of this measure is to develop strategies to timely assist deaf and hard of hearing children.

Specifically, the measure establishes and appropriates moneys for an Early Intervention Services Working Group within the Department of Health to:

- (1) Study and recommend ways to assist and support deaf and hard of hearing children, including best practices for early intervention services and education; and
- (2) Develop strategies to implement the recommendations.

Your Committee received written comments in support of this measure from the Department of Health, Executive Office on Early Learning, and one individual.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that establishing an Early Intervention Services Working Group will help the Department of Health Early Intervention Section identify strategies and best practices to support young deaf and hard of hearing children, assist those children in developing oral language or sign language skills, and ensure that they have the language and communication skills needed to learn effectively in school.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1296, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1889 Ways and Means on H.B. No. 1397**

The purpose and intent of this measure is to provide supportive housing and related services that improve the living conditions, employment prospects, and quality of life for vulnerable populations, including those having special needs and lower incomes.

More specifically, the measure:

- (1) Establishes a supportive housing pilot program within the Statewide Office on Homelessness and Housing Solutions to provide and maintain supportive housing and services for individuals and families having special needs and household incomes at or below thirty percent of the area median income;
- (2) Requires the Statewide Office on Homelessness and Housing Solutions to collaborate with the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, and various state, county, and community agencies to implement the pilot program;
- (3) Requires the Hawaii Public Housing Authority to implement project-based rent supplement payments to assist project owners in maintaining rental housing units at affordable levels for eligible households;
- (4) Requires the Statewide Office on Homelessness and Housing Solutions to administer payments for supportive services, including employment services, to assist participants in the pilot program and to develop an information system for the standardized collection of program data;
- (5) Requires the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, and Statewide Office on Homelessness and Housing Solutions to submit joint interim and final reports to the Legislature; and
- (6) Appropriates funds for the implementation of the pilot program, including the establishment of staff positions.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority, Hawaii Housing Finance and Development Corporation, State Council on Developmental Disabilities, Judiciary, Governor's Coordinator on Homelessness, State Council on Mental Health, AARP Hawaii, Hawaiian Humane Society, Catholic Charities Hawaii, Hawaii Substance Abuse Coalition, Pacific Housing Assistance Corporation, Hawaii State Coalition Against Domestic Violence, Hawaii REALTORS, AlohaCare, HOPE Services Hawaii, Partners in Care, and numerous individuals.

Your Committee received written comments on this measure from the State Procurement Office and Department of Human Services.

Your Committee finds that the supportive housing pilot program established by this measure will help the State to determine the impacts of supportive housing for vulnerable populations and provide urgent housing in the midst of the State's homelessness crisis and ongoing housing shortage.

Your Committee has amended this measure by:

- (1) Changing the appropriation amounts to unspecified amounts;
- (2) Deleting from the measure's appropriation sections language that would have established one full-time equivalent permanent staff position in each of the following entities: the Hawaii Housing Finance and Development Corporation; Hawaii Public Housing Authority; and Statewide Office on Homelessness and Housing Solutions; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1397, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1397, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1890 Ways and Means on H.B. No. 1442**

The purpose and intent of this measure is to expand and improve the State's criminal justice diversion program.

More specifically, the measure:

- (1) Expands the scope of the criminal justice diversion program for certain nonviolent petty misdemeanants, and appropriates moneys to implement the expansion;
- (2) Lengthens the allowable period of court-ordered assisted community treatment for persons who are mentally ill or suffering from a substance abuse disorder, and for extensions of the court order;
- (3) Allows courts to require certain persons who violate probation to undergo a mental health evaluation and treatment as a condition of continued probation;
- (4) Requires the Department of Health to contract with behavioral health crisis centers; and
- (5) Appropriates moneys to restore funding for probation officer services for the mental health court.

Your Committee received written comments in support of this measure from the Judiciary, Hawaii Correctional System Oversight Commission, Department of Health Adult Mental Health Division, Honolulu Police Department, Hawaii Substance Abuse Coalition, and four individuals.

Your Committee received written comments on this measure from the Office of the Public Defender and Department of the Prosecuting Attorney for the City and County of Honolulu.

Your Committee finds that the criminal justice diversion program supported by this measure will help reduce overcrowding in the State's correctional centers while improving care for persons who are unsheltered, or have mental health challenges, substance use disorders, or both, and who may otherwise become involved in the State's criminal justice system.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1442, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1891 Ways and Means on H.B. No. 1508**

The purpose and intent of this measure is to provide funding for the improvement of Native Hawaiian communities and culture.

Specifically, this measure appropriates moneys to:

- (1) The Department of Business, Economic Development, and Tourism to improve Native Hawaiian communities and culture through various assistance services, including but not limited to services that offer Native Hawaiian historic preservation, business training, entrepreneurship, and mentoring; and
- (2) The Department of Land and Natural Resources for repatriation and reburials of Native Hawaiians nationally and internationally.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Council for Native Hawaiian Advancement; Kapolei Chamber of Commerce; and three individuals.

Your Committee received written comments in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee received written comments on this measure from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Your Committee finds that funding a virtual marketplace to assist local artisans and businesses to adapt to e-commerce and an innovation center that provides workshops, counseling, loan assistance, and broadband access would help to develop and grow businesses in Hawaii. Your Committee also finds that it is appropriate for the State to support repatriation efforts to return iwi kupuna and related funerary articles to Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1508, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Wakai, Fevella).

**SCRep. 1892 Public Safety and Intergovernmental and Military Affairs on Gov. Msg. No. 517**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF PUBLIC SAFETY

G.M. No. 517 TOMMY JOHNSON, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Tommy Johnson for service as the Director of Public Safety.

Your Committee received testimony in support of the nomination for the appointment of Tommy Johnson from the Governor; Department of Transportation; Department of Law Enforcement; Department of Taxation; Department of Labor and Industrial Relations; Department of Land and Natural Resources; Department of Human Resources Development; Department of Budget and Finance; Department of Public Safety; Department of Health; Department of Hawaiian Home Lands; Department of Agriculture; Office of Enterprise Technology Services; Hawaii Public Housing Authority; Hawaii Paroling Authority; Crime Victim Compensation Commission; Office of the Public Defender; Department of the Prosecuting Attorney of the City and County of Honolulu; Ho'omana Pono, LLC; Hina Mauka; and twenty-three individuals. Your Committee received testimony in opposition to the nomination for the appointment of Tommy Johnson from United Public Workers, AFSCME Local 646, AFL-CIO; Hawai'i State AFL-CIO; and five individuals. Your Committee received comments on the nomination for the appointment of Tommy Johnson from the Women's Prison Project and American Civil Liberties Union of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Johnson's experience, background, and knowledge of Hawai'i's correctional system qualify him for appointment as the Director of Public Safety. Mr. Johnson has worked in corrections for over twenty years and currently serves as the acting Director of Public Safety, where he is responsible for the formulation and implementation of state policies and objectives for correctional and law enforcement activities and oversees more than three thousand employees. Mr. Johnson previously served as the Deputy Director for Corrections, where he worked on the development of prison programs centered on education and rehabilitation and managed the Corrections Division of the Department of Public Safety consisting of six divisions and offices encompassing most of the Department's personnel and budget, including over two thousand three hundred staff and an annual budget of more than \$220,000,000.

Your Committee notes that, in addition to his decades of public service in the Hawaii corrections system, Mr. Johnson also served in the United States Army for more than fifteen years, where he received the Bronze Star Medal for outstanding service and leadership during the Persian Gulf War and two Meritorious Service Medals, among other commendations. Mr. Johnson also has a Bachelor of Science degree in Business Management and Administration from the Army Educational Service Center at the United States Military Academy West Point and Mount Saint Mary College in New York.

Your Committee finds that Mr. Johnson has served in the state corrections system at every level. Starting as a Youth Corrections Officer at the Hawaii Youth Correctional Facility, Mr. Johnson worked his way up to eventually serve as the Administrator of the Hawaii Paroling Authority, a position he served in for nearly sixteen years. Your Committee believes that Mr. Johnson's career path has given him key insight and knowledge to support the rehabilitation of inmates and their reintegration into the community after release, and that this knowledge will be essential to transition the Department of Public Safety to the Department of Corrections and Rehabilitation and to reshape the State's corrections system as a whole according to a therapeutic and rehabilitative model. Your Committee finds that Mr. Johnson brings to the Department of Public Safety extensive expertise in corrections, rehabilitation, and public safety, and will be an asset to the Department at this critically important time. Your Committee therefore recommends that Tommy Johnson be appointed as the Director of Public Safety based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Awa).

**SCRep. 1893 Hawaiian Affairs on Gov. Msg. No. 526**

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY TO THE CHAIRPERSON, DEPARTMENT OF HAWAIIAN HOME LANDS

G.M. No. 526 KATIE DUCATT, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Katie Ducatt for service as the Deputy to the Chairperson of the Department of Hawaiian Home Lands.

Your Committee received testimony in support of the nomination for the appointment of Ms. Ducatt from the Governor, Department of Hawaiian Home Lands, Department of Transportation, Department of Public Safety, Department of Labor and Industrial Relations, Department of Land and Natural Resources, Department of Budget and Finance, Department of Taxation, Department of Human Services, Department of Health, Department of Agriculture, Hawaii Public Housing Authority, Office of Enterprise Technology Services, one former Chairperson of the Department of Hawaiian Home Lands, two Commissioners of the Hawaiian Homes Commission, one former Attorney General, Pacific Resource Partnership, Hui Kako'o 'Āina Ho'opulapula, and thirty-four individuals. Your Committee received testimony in opposition to the nomination for the appointment of Ms. Ducatt from four individuals.

Upon review of the testimony, your Committee finds that Ms. Ducatt's background, experience, and dedication to community service qualify her to be appointed as Deputy to the Chairperson of the Department of Hawaiian Home Lands. Ms. Ducatt has served as the interim Deputy since January 2023, where, despite the great attention surrounding the Department over the past ninety days, she has quietly and efficiently assisted in helping the Department to continue providing homestead and housing opportunities to native Hawaiian beneficiaries. Previously, and especially relevant, Ms. Ducatt served for eight years as a Deputy Attorney General assigned to the Department of Hawaiian Home Lands, where she gained substantial working knowledge of the Hawaiian Homes Commission Act of 1920, as amended, and obtained direct experience in real property, litigation, and other legal issues pertinent to the Department. During this time, Ms. Ducatt also gained a deep understanding of the political and practical challenges facing the Department, as well as the many important issues impacting native Hawaiian homesteaders.

Previously, Ms. Ducatt worked at a variety of boutique law firms, where she specialized in civil litigation relating to real property matters. Your Committee believes that Ms. Ducatt's subject matter expertise in this area will serve her well given how fundamental real property issues are to the Department's mission. Ms. Ducatt also served as a Deputy Public Defender for the Office of the Public Defender and served as a law clerk to then Circuit Judge of the Court of the First Circuit, Richard Pollack, who would later become an Associate Justice of the Hawaii Supreme Court. Ms. Ducatt earned a Juris Doctorate from the William S. Richardson School of Law and a Bachelors degree in Business Administration from the University of Hawai'i at Manoa.

Your Committee notes that, during the hearing, Ms. Ducatt took the time to recognize and directly address the testimony in opposition to her nomination, displaying a strong willingness to listen to the concerns of all beneficiaries. Your Committee finds that Ms. Ducatt, with her extensive legal background, deep understanding of real property law and native Hawaiian issues, and core institutional knowledge gained through eight years of dedicated service, possesses the requisite qualifications to serve as the Deputy to the Chairperson of the Department of Hawaiian Home Lands. Your Committee believes that Ms. Ducatt's legal expertise and knowledge of the Department is a tremendous asset that will help Ms. Ducatt carry out her expressed intent to implement formal training, internal policies, and workflows to minimize gaps in current processes to ultimately help reduce the number of beneficiaries on the waiting list. Your Committee believes that Ms. Ducatt, with her reputation as a trustworthy, highly-organized, and detail-oriented public servant, will greatly compliment Chairperson Watson as he seeks to take immediate action on the twenty projects identified in the strategic plan approved by the Hawaiian Home Lands Commission. Therefore, your Committee recommends that Katie Ducatt be appointed as the Deputy to the Chairperson of the Department of Hawaiian Home Lands based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Richards).

#### **SCRep. 1894 Water and Land on Gov. Msg. Nos. 563 and 564**

Recommending that the Senate advise and consent to the nominations of the following:

##### HAWAII HISTORIC PLACES REVIEW BOARD

G.M. No. 563 RALPH KAM, for a term to expire 06-30-2026; and

G.M. No. 564 GRAHAM HART, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Ralph Kam and Graham Hart for service on the Hawaii Historic Places Review Board.

##### RALPH KAM

Your Committee received testimony in support of the nomination for the appointment of Ralph Kam from the Department of Land and Natural Resources and Historic Hawai'i Foundation. Your Committee received testimony in opposition to the nomination for the appointment of Ralph Kam from one individual.

Upon review of the testimony, your Committee finds that Dr. Kam's background, experience, and dedication to community service qualify him to be appointed to the Hawaii Historic Places Review Board as a professionally qualified member. Dr. Kam, a lifelong educator, currently works as an instructor at Hawaii Tokai International College, where he lectures on various courses covering American, East Asian, and world history. From 1997-2005, and again from 2018-2022, Dr. Kam lectured at the University of Hawai'i at Manoa, where he taught graduate and undergraduate courses focused on historic preservation in Hawaii and held field seminars covering the historic buildings of the Kingdom of Hawaii. Dr. Kam also recently served as the Interim Director for the Historic Preservation Graduate Certificate Program at the University of Hawai'i at Manoa. The program, in partnership with the Historic Hawai'i Foundation, has organized an annual preservation lecture series for thirty-six years, and Dr. Kam has curated the series since 2019 and been a featured lecturer. Further, Dr. Kam has published numerous works on Native Hawaiian history and actively presents at conferences on related subjects.

Your Committee finds that Dr. Kam, with his extensive background in historical preservation and Native Hawaiian history, possesses the qualifications to serve on the Hawaii Historic Places Review Board. Dr. Kam is a well-respected historian, researcher, author, and instructor and his working knowledge as a historian will be a complement to the Board. Your Committee finds that Dr. Kam has a thorough understanding of the role and responsibilities of board members and therefore recommends that Ralph Kam be appointed to the Hawaii Historic Places Review Board based on his knowledge, experience, and commitment to public service.

##### GRAHAM HART

Your Committee received testimony in support of the nomination for the appointment of Graham Hart from the Department of Land and Natural Resources. Your Committee received testimony in opposition to the nomination for the appointment of Graham Hart from one individual.

Upon review of the testimony, your Committee finds that Mr. Hart's background, experience, and dedication to community service qualify him to be appointed to the Hawaii Historic Places Review Board as a professionally qualified member. Mr. Hart is a licensed architect and currently works at Kokomo Studio LLC as a founding partner, where he specializes in residential architecture, furniture design, and commercial interiors for tropical climates. Mr. Hart also serves as a lecturer at the University of Hawai'i at Manoa School of Architecture. Prior to that, Mr. Hart gained experience through nearly two decades of work at prominent local architecture firms. Mr. Hart is actively involved in community organizations and is the current president of the DOCOMOMO (International Committee for Documentation and Conservation of Buildings, Sites, and Neighborhoods of the Modern Movement) U.S. Hawaii Chapter. Mr.

Hart has received multiple design awards for his work and has published and presented on a wide range of topics, including modern luxury, Japanese post-war architecture, and the Snyder Residence on Oahu.

Your Committee finds that Mr. Hart, with his extensive architectural background, possesses the qualifications to serve on the Hawaii Historic Places Review Board. Mr. Hart's professional practice, publications, and academic contributions illustrate his expertise in the field and make him well-suited to support the Board as it contemplates how best to modernize historical buildings while preserving their original architectural designs. Your Committee finds that Mr. Hart has a thorough understanding of the role and responsibilities of board members and therefore recommends that Graham Hart be appointed to the Hawaii Historic Places Review Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1895 Water and Land on Gov. Msg. Nos. 535 and 536**

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 535 BRIAN LEE, for a term to expire 06-30-2023; and

G.M. No. 536 BRIAN LEE, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Brian Lee for service on the Land Use Commission.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Mr. Lee from the Land Use Commission; Department of Labor and Industrial Relations; Mayor of the County of Kaua'i; Office of the Mayor of the City and County of Honolulu; one member of the Honolulu City Council; one member of the Maui County Council; one former member of the Senate; Building Industry Association of Hawaii; Matson Navigation Company, Inc.; Subcontractors Association of Hawaii; University of Hawaii Professional Assembly; Pacific Resource Partnership; Avalon Group; General Contractors Association of Hawaii; Hawai'i State AFL-CIO; Operating Engineers Local Union No. 3; Plumbers and Fitters United Association Local Union 675; International Union of Painters and Allied Trades, District Council 50, Painters Local Union 1791; Hawaii Government Employee Association; and thirty-three individuals. Your Committee received testimony in opposition to the nomination for the appointment and reappointment of Mr. Lee from one individual.

Upon review of the testimony, your Committee finds that Mr. Lee's background, experience, and dedication to community service qualify him to be appointed and reappointed to the Land Use Commission. Mr. Lee currently serves as the Executive Director of the Hawaii Laborers and Employers Cooperation and Education Trust Fund, where he has worked to create jobs and economic opportunities for the approximately five thousand construction industry members of the Hawaii Laborers Union. Previously, Mr. Lee served as the Director of Research and Communications for the Hawaii International Brotherhood of Electrical Workers, where he similarly represented union members in the electrical contracting industry. Mr. Lee has also worked and advocated on behalf of the Hawaii Operating Engineers and Hawaii Construction Industry Association. Further, Mr. Lee has served on numerous boards and commissions, including the Honolulu Planning Commission, Hawaii Workforce Development Council, University of Hawai'i Labor Education Advisory Council, Hawaii Community Development Authority, and others.

Your Committee finds that Mr. Lee, with his diverse and extensive union and labor management background specific to the construction industry, possesses the qualifications to serve on the Land Use Commission. Your Committee believes that Mr. Lee's deep knowledge of the construction industry and its members provide him with a unique perspective that will enhance future discussions of the Commission. Your Committee further finds that testifiers in support, in addition to noting his impressive career, have praised Mr. Lee's leadership, his willingness to listen, and his thoughtful and collaborative approach to decision-making. Lastly, your Committee finds that Mr. Lee has a thorough understanding of the role and responsibilities of members and therefore recommends that Brian Lee be appointed and reappointed to the Land Use Commission based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1896 Water and Land on Gov. Msg. No. 598**

Recommending that the Senate advise and consent to the nomination of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 598 KIM FALINSKI, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Kim Falinski for service on the Legacy Land Conservation Commission.

Your Committee received testimony in support of the nomination for the appointment of Dr. Falinski from the Department of Land and Natural Resources, The Nature Conservancy, Maunaloa Fishpond Heritage Center, and eleven individuals. Your Committee received testimony in opposition to the nomination for the appointment of Dr. Falinski from one individual.

Upon review of the testimony, your Committee finds that Dr. Falinski's background, experience, and dedication to community service qualify her to be appointed to the Legacy Land Conservation Commission as a member possessing scientific qualifications as evidenced by an academic degree in wildlife or marine biology, botany, forestry, ecology, resource management, biogeography, zoology, or geology. Dr. Falinski holds a Doctor of Philosophy degree in tropical plant and soil science from the University of Hawaii at Manoa and currently serves as a Coastal and Estuarine Scientist for The Nature Conservancy, where she investigated submarine groundwater at Palmyra Atoll, collaborated with the federal government to understand the ecohydrological impacts of Heeia agriculture and wetland restoration, and worked with the Department of Health to develop quality assurance protocols and training materials to support statewide community-based water quality programs. Dr. Falinski also currently serves as an affiliate faculty member for the Water Resources Research Center at the University of Hawaii at Manoa, where she helped map and monitor coral reef ecosystems and urban stormwater in West Maui. In addition, Dr. Falinski has published numerous works covering topics such as coral reef conservation and watershed and coastal zone management, and secured over \$4,000,000 in grants and awards for various research studies and projects. Dr. Falinski is also involved in community boards and organizations, such as Hui o Ho'ohonua and the Society of Wetland Scientists. Dr. Falinski also served on the Storm Utility Advisory Council and the Clean Water Natural Lands Commission of the City and County of Honolulu.

Your Committee finds that Dr. Falinski, with an extensive science and engineering background focused on the connectivity between the land, sea, nature, and people, possesses the qualifications to serve on the Legacy Land Conservation Commission. Your Committee further finds that testifiers in support have noted that, as an interim appointee, Dr. Falinski was an active, enthusiastic, and knowledgeable participant in the Commission's review of applications for land acquisition grant awards and that her knowledge and experience has brought valuable insight to the Commission's work. Your Committee finds that Dr. Falinski has a thorough understanding of the role and responsibilities of the commissioners and therefore recommends that Kim Falinski be appointed to the Legacy Land Conservation Commission based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1897 Water and Land on Gov. Msg. Nos. 580, 581, and 582**

Recommending that the Senate advise and consent to the nominations of the following:

KANE'OHE BAY REGIONAL COUNCIL

- G.M. No. 580 SYLVIA HUSSEY, for a term to expire 06-30-2023;
- G.M. No. 581 SYLVIA HUSSEY, for a term to expire 06-30-2027; and
- G.M. No. 582 JOSEPH PICKARD, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Sylvia Hussey and Joseph Pickard for service on the Kane'ohe Bay Regional Council.

SYLVIA HUSSEY

Your Committee received testimony in support of the nomination for the appointment and reappointment of Sylvia Hussey from the Department of Land and Natural Resources, Hawaii State Aha Moku, and Ko'olau Foundation. Your Committee received testimony in opposition to the nomination for the appointment and reappointment of Sylvia Hussey from one individual.

Upon review of the testimony, your Committee finds that Dr. Hussey's background, experience, and dedication to community service qualify her to be appointed to the Kane'ohe Bay Regional Council as a representative of the Office of Hawaiian Affairs. Dr. Hussey currently serves as the Chief Executive Officer of the Office of Hawaiian Affairs, where she leads, guides, and directs the organization to fulfill its mission, within the parameters established by the Board of Trustees, to improve the well-being of Native Hawaiians. As CEO, Dr. Hussey has developed many important relationships within the government and nonprofit and private sectors and has substantial experience with the laws, policies, and practices that impact Native Hawaiians. Previously, Dr. Hussey served as the Executive Director for the Native Hawaiian Education Council and was a longtime administrator for the Kamehameha Schools.

Your Committee finds that Dr. Hussey, with her extensive background in high-profile management and administrative positions dedicated to the betterment of Native Hawaiians, possesses the qualifications to serve on the Kane'ohe Bay Regional Council. Your Committee finds that Dr. Hussey is a pillar within the Native Hawaiian community and that her leadership and managerial experience will greatly enhance the Council's ability to not only protect the culturally sensitive Ahu O Laka sandbar, but execute the vision of the Kane'ohe Bay Master Plan. Your Committee notes Dr. Hussey's dedication and tireless commitment in volunteering for the Council, despite her many other responsibilities and obligations. Your Committee finds that Dr. Hussey has a thorough understanding of the role and responsibilities of Council members and therefore recommends that Sylvia Hussey be appointed and reappointed to the Kane'ohe Bay Regional Council based on her knowledge, experience, and commitment to public service.

JOSEPH PICKARD

Your Committee received testimony in support of the nomination for the appointment of Joseph Pickard from the Department of Land and Natural Resources; Hawaii State Aha Moku; Matson Navigation Company, Inc.; Ko'olaupoko Hawaiian Civic Club; Ko'olau

Foundation; and one individual. Your Committee received testimony in opposition to the nomination for the appointment of Joseph Pickard from one individual.

Upon review of the testimony, your Committee finds that Mr. Pickard's background, experience, and dedication to community service qualify him to be appointed to the Kane'ohe Bay Regional Council as a Kane'ohe Bay Commercial Operators Association representative of the Kane'ohe Bay Fishing Panel. Mr. Pickard is a longtime Native Hawaiian business and local community leader. Mr. Pickard is currently the founder and Chairman Emeritus of the Native Hawaiian Community Development Corporation, where he helps to provide science, technology, engineering, and math education and career opportunities for Native Hawaiians. In addition, Mr. Pickard owns and operates three businesses: Community Planning and Engineering, Inc., a civil engineering firm; Environet, Inc., an environmental engineering and remediation service company; and Sea Hawaii, Inc., an ocean recreation, transport, and apparel company that originated in Kane'ohe Bay. Before Mr. Pickard started his first business in 1989, he worked as an investment banker for Credit Suisse First Boston and was a commissioned officer in the United States Coast Guard. Especially relevant, Mr. Pickard was one of the founding members of the Kane'ohe Bay Regional Council and served as a member from 2008-2012. Mr. Pickard is also a former president of the Kane'ohe Bay Business Group.

Your Committee finds that Mr. Pickard, with his recognized passion and enthusiasm for the preservation of Kane'ohe Bay, possesses the qualifications to serve on the Kane'ohe Bay Regional Council. Mr. Pickard's prior experience as a former Council member and his over three decades of firsthand business experience operating within Kane'ohe Bay, provide him with certain unique insights and perspectives that will help enhance future Council discussions. Your Committee acknowledges Mr. Pickard's lifelong dedication to Kane'ohe Bay and lauds his desire to return to the Council. Your Committee finds that Mr. Pickard has a thorough understanding of the role and responsibilities of Council members and therefore recommends that Joseph Pickard be appointed to the Kane'ohe Bay Regional Council based on his knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1898 Hawaiian Affairs on Gov. Msg. Nos. 565, 566, and 599**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF MAUI AND LANA'I

G.M. No. 565 MICHELE HOOPII, for a term to expire 06-30-2025;

G.M. No. 566 SCOTT FISHER, for a term to expire 06-30-2026; and

G.M. No. 599 DIANE PREZA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Michele Hoopii, Scott Fisher, and Diane Preza for service on the Island Burial Council for the islands of Maui and Lana'i.

MICHELE HOOPII

Your Committee received testimony in support of the nomination for the appointment of Michele Hoopii from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Ms. Hoopii's background and experience qualify her to be appointed to the Island Burial Council for the islands of Maui and Lana'i as a member representing the geographic region of Wailuku. Ms. Hoopii lives within the moku of Wailuku, Maui, and has deep familial and historical ties to Waiehu and Kahakuloa in West Maui. Ms. Hoopii is currently employed as an Information Technology Desktop Specialist at Hawaiian Electric Company and, in her free time, she spends her evenings and weekends tending her family's lo'i kalo (taro patch) in Waiehu. Your Committee finds that Ms. Hoopii possesses a unique cultural perspective and knowledge of the island, which stems from her lived experience as a Native Hawaiian with strong intergenerational ties to West Maui, and that Ms. Hoopii will greatly enhance the work of the Council. Your Committee finds that Ms. Hoopii has a thorough understanding of the role and responsibilities of Council members and therefore recommends that Michele Hoopii be appointed to the Island Burial Council for the islands of Maui and Lana'i.

SCOTT FISHER

Your Committee received testimony in support of the nomination for the appointment of Scott Fisher from the Department of Land and Natural Resources, Hawai'i Land Trust, and one individual.

Upon review of the testimony, your Committee finds that Dr. Fisher's background, experience, and dedication to community service qualify him to be appointed to the Island Burial Council for the islands of Maui and Lana'i as a member representing a landowner/developer. Dr. Fisher was born and raised in Kula, Maui, and has dedicated his life to the protection and stewardship of natural and cultural resources on Maui. Dr. Fisher currently serves as the Director of 'Āina Stewardship for the Hawai'i Land Trust, where he leads all ecological restoration activities conducted by the Land Trust. Dr. Fisher's work also includes protecting iwi kupuna discovered on the Land Trust's preserves from coastal erosion and working with families to reinter exposed iwi kupuna. Previously, Dr. Fisher worked as a Project Manager for the Maui Coastal Land Trust, where he stewarded the two hundred seventy-seven acre Waihe'e Coastal Dunes and Wetlands Refuge. Especially relevant, Dr. Fisher has served on the Island Burial Council for the islands of Maui and Lana'i for thirteen years. Your Committee finds that Dr. Fisher's extensive conservation background, knowledge of the island, and demonstrated dedication to the mission of the Island Burial Council will enhance the work of the Council. Your Committee finds that Dr. Fisher has a thorough understanding of the role and responsibilities of Council members and therefore recommends that Scott Fisher be appointed to the Island Burial Council for the islands of Maui and Lana'i.

DIANE PREZA

Your Committee received testimony in support of the nomination for the appointment of Diane Preza from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Ms. Preza's background, experience, and dedication to community service qualify her to be appointed to the Island Burial Council for the islands of Maui and Lana'i as a member representing the geographic region of Lana'i. Ms. Preza was born and raised on Lana'i and has deep familial and historical ties to the island by way of her Ka'ōpūiki family line. Ms. Preza is currently employed as the Director of Community Affairs for Pūlama Lana'i, a land and resource management company that works to promote preservation, cultural stewardship, and sustainability on Lana'i. In addition, Ms. Preza is actively involved in community organizations on the island, such as the Lana'i Culture and Heritage Center, Lana'i Community Benefit Fund, and Mānele-Hulopo'e Marine Life Conservation District Project. Ms. Preza attested that she recognizes the importance of respecting those ancestors that came before her and that honoring kupuna by properly caring for their remains is a privilege. Your Committee finds that Ms. Preza's deep lineal ties to Lana'i and her dedication to conservation and stewardship on the island will greatly enhance the work of the Council. Your Committee finds that Ms. Preza has a thorough understanding of the role and responsibilities of Council members and therefore recommends that Diane Preza be appointed to the Island Burial Council for the islands of Maui and Lana'i.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Fevella, Richards).

**SCRep. 1899      Judiciary on Gov. Msg. No. 608**

Recommending that the Senate consent to the nomination of the following:

CIRCUIT COURT OF THE SECOND CIRCUIT, STATE OF HAWAII

G.M. No. 608    MICHELLE L. DREWYER, for a term to expire in 10 years

Your Committee reviewed the personal history, resume, and statement submitted by Judge Michelle L. Drewyer for service on the Circuit Court of the Second Circuit, State of Hawaii.

Your Committee received testimony in support of the appointment of Judge Michelle L. Drewyer from the Governor and nineteen individuals. Your Committee received testimony in opposition to the appointment of Judge Michelle L. Drewyer from one individual. Your Committee received comments on the appointment of Judge Michelle L. Drewyer from the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) uses a rating system that considers several criteria to assist the HSBA Board in making a recommendation to your Committee on whether the appointee is "qualified" or "not qualified". Specifically, the criteria the HSBA Board employs is the same criteria found in the American Bar Association's Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those guidelines include the following criteria, which are not exclusive: integrity, diligence, legal knowledge and ability, professional experience, temperament, financial responsibility, public service, health, and ability to perform the responsibilities and duties required of the position for which the applicant has been appointed. Upon review of the established criteria, the HSBA Board found the appointee to be qualified for the position of Circuit Court Judge of the Second Circuit.

Judge Drewyer received a Bachelor of Science degree in Business Administration from Western Michigan University. She then received her Juris Doctor from the Thomas M. Cooley Law School. Judge Drewyer has been licensed to practice law in the State of Hawaii since 1992.

Judge Drewyer has served as a per diem judge in the Second Circuit since 2005 in Family Court and 2017 in District Court, where she has handled a number of issues, including traffic cases; misdemeanor crimes; civil cases; and cases involving child custody, divorce, and child welfare. Her per diem work included presiding over cases in Maui, Lanai, and Molokai. Judge Drewyer also has her own private practice handling civil and criminal litigation, arbitrations, and mediations.

For over a decade, Judge Drewyer was a partner at Ranken & Drewyer, L.L.C., where she concentrated in criminal and civil litigation, and law firm management, including advertising and personnel supervision. She also was an arbitrator for the Court Annexed Arbitration Program. Prior to becoming a partner, Judge Drewyer was an associate with Ranken, Drewyer, & Ranken.

Before going into private practice, Judge Drewyer worked as a Deputy Public Defender for the State of Hawaii, where she gained circuit court experience involving arraignment and plea, bail hearings, pre-trial motions, jury trials, and sentencing and parole hearings. Judge Drewyer began her legal career in public service as a Deputy Prosecuting Attorney for the County of Maui, where she worked in the violent crime section and for a year, concentrated on child sex assault cases.

Judge Drewyer has been an active participant in the community and has demonstrated her commitment to serving the public. She is the President of the Na Hinano O Opana, a nonprofit corporation formed to protect agriculture lands, and is also a member of the Medical Reserve Corps. Previously, she served as the President of the nonprofit organization, "Friends of the Public Defender"; participated in Volunteer Legal Services; participated in mock trials to introduce school age children to all aspects of the criminal justice system and the Outward Bound Program to introduce troubled teens to possible career opportunities within the legal field; and volunteered with the Maui District Health Office to assist the community in getting vaccinated and other projects relating to the coronavirus disease 2019 pandemic.

Testimony submitted in support of Judge Drewyer's appointment commends her diligence, legal knowledge and experience, and commitment to fairness and justice. Testimony further indicates that during her time as a judge for the District Court of the Second Circuit, she has been even-handed, composed, firm, and calm to all parties in her courtroom. Numerous testifiers also praise her judicial temperament, as well as her strong work ethic.

Your Committee finds that, based on the testimony submitted on her behalf, responses to questions asked by the members of your Committee, and your Committee's review of information about her qualifications, Judge Michelle L. Drewyer has the experience, compassion, and other competencies to be a Circuit Court Judge of the Second Circuit, and she has the legal expertise and integrity to fully and faithfully discharge the duties associated with that judicial office.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1900 Labor and Technology on Gov. Msg. Nos. 545, 546, 547, and 578**

Recommending that the Senate advise and consent to the nominations of the following:

ENHANCED 911 BOARD

- G.M. No. 545 GREGG OKAMOTO, for a term to expire 06-30-2024;
- G.M. No. 546 KEOLA TOM, for a term to expire 06-30-2023;
- G.M. No. 547 ELIZABETH GREGG, for a term to expire 06-30-2024; and
- G.M. No. 578 REED MAHUNA, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Gregg Okamoto, Keola Tom, Elizabeth Gregg, and Reed Mahuna for service on the Enhanced 911 Board.

GREGG OKAMOTO

Your Committee received testimony in support of the nomination for the appointment of Gregg Okamoto from the Hawaii High Density Drug Trafficking Area and one individual. Your Committee received testimony in opposition to the nomination for the appointment of Gregg Okamoto from one individual.

Upon review of the testimony, your Committee finds that Mr. Okamoto's professional background and dedication to serving the community qualify him for consideration for appointment to the Enhanced 911 Board as a representative from the public safety answering point for Maui pursuant to section 138-2(a)(3), Hawaii Revised Statutes. Your Committee notes that Mr. Okamoto has been with the Maui Police Department for over twenty-five years and was promoted to Police Inspector and the Assistant Chief of Police for the Support Services Bureau in March 2022. Your Committee further notes that Mr. Okamoto started his career with the Maui Police Department as an officer in the Communications Section and has thorough knowledge of the Maui Police Department 911 operations. During the hearing, he confirmed that he has served on a number of governmental boards and organizations, including but not limited to the Board of Directors of the Friends of the Children's Justice Center of Maui and Hawaii Sexual Assault Response and Training Program Multi-Disciplinary Team. Your Committee further finds that Mr. Okamoto has a thorough understanding of the role and responsibilities of board members and his background and knowledge will enhance the effectiveness of the Enhanced 911 Board. Your Committee therefore recommends that Gregg Okamoto be appointed to the Enhanced 911 Board based on his background, knowledge, and desire to contribute to the community.

KEOLA TOM

Your Committee received testimony in support of the nomination for the appointment of Keola Tom from the Hawaii High Density Drug Trafficking Area and two individuals.

Upon review of the testimony, your Committee finds that Mr. Tom's professional background and desire to serve the community qualify him for consideration for appointment to the Enhanced 911 Board as a representative from the public safety answering point for Molokai pursuant to section 138-2(a)(3), Hawaii Revised Statutes. Your Committee notes that Mr. Tom has been with the Maui Police Department for over twenty years and is currently a Police Captain in the Quality Assurance Division and the Assistant Chief of the Uniform Services Bureau. During the hearing, he noted his responsibility in developing budgets, knowledge of the procurement process, and experience in amending policies. Your Committee further finds that Mr. Tom understands the role and responsibilities of board members and his background and knowledge will enhance the effectiveness of the Enhanced 911 Board. Your Committee therefore recommends that Keola Tom be appointed to the Enhanced 911 Board based on his background, knowledge, and desire to contribute to the community.

ELIZABETH GREGG

Your Committee received testimony in support of the nomination for the appointment of Elizabeth Gregg from two individuals.

Upon review of the testimony, your Committee finds that Ms. Gregg's professional background and desire to serve the public qualify her for consideration for appointment to the Enhanced 911 Board as a representative from a wireless communications service provider pursuant to section 138-2(a)(2), Hawaii Revised Statutes. Your Committee notes that Ms. Gregg has been with AT&T Wireless for over twenty-two years and is currently a FirstNet Principal Consultant with the company. Prior to that, she was a Market General Manager of the Hawaii 3 territory with US Cellular, a national mobile network operator. Ms. Gregg has been managing high level relationships at the state and local government levels in Hawaii since 1991. Your Committee further notes Ms. Gregg is also an

active volunteer in the community and is currently a board member of The Daniel R. Sayre Memorial Foundation, which raises funds to support the first responders of Hawaii Island. Your Committee further finds that Ms. Gregg understands the role and responsibilities of board members and her background and knowledge, especially in network security, will enhance the effectiveness of the Enhanced 911 Board. Your Committee therefore recommends that Elizabeth Gregg be appointed to the Enhanced 911 Board based on her background, knowledge, and desire to contribute to the community.

#### REED MAHUNA

Your Committee received testimony in support of the nomination for the appointment of Reed Mahuna from the Office of the Mayor of the County of Hawaii, Hawaii Police Department, Hawaii High Density Drug Trafficking Area, and twelve individuals.

Upon review of the testimony, your Committee finds that Mr. Mahuna's professional background and desire to serve the community qualify him for consideration for appointment to the Enhanced 911 Board as a representative from the public safety answering point for Hawaii Island pursuant to section 138-2(a)(3), Hawaii Revised Statutes. Your Committee notes that Mr. Mahuna has been with the Hawaii Police Department for over twenty-five years and is currently a Police Major of the Technical Services Division within its Administrative Services Bureau. Testifiers in support of his nomination universally speak highly of his professionalism, integrity, and leadership skills. During the hearing, he vowed to work tirelessly and contribute his practical knowledge and experience as a first responder toward fulfilling the mission of the Enhanced 911 Board to keep the communities of the State safe. Your Committee further finds that Mr. Mahuna has a thorough understanding of the role and responsibilities of board members and his background and knowledge will enhance the effectiveness of the Enhanced 911 Board. Your Committee therefore recommends that Reed Mahuna be appointed to the Enhanced 911 Board based on his background, knowledge, and desire to contribute to the community.

As affirmed by the records of votes of the members of your Committee on Labor and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

#### **SCRep. 1901 Public Safety and Intergovernmental and Military Affairs on Gov. Msg. No. 551**

Recommending that the Senate advise and consent to the nomination of the following:

#### HAWAII ADVISORY COUNCIL ON EMERGENCY MANAGEMENT

G.M. No. 551 WILLIAM BERGIN, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by William Bergin for service on the Hawaii Advisory Council on Emergency Management.

Your Committee received testimony in opposition to the nomination for the appointment of William Bergin from one individual.

Upon review of the testimony, your Committee finds that Mr. Bergin's background in public service and extensive experience qualify him to be nominated for appointment to the Hawaii Advisory Council on Emergency Management. Your Committee notes that Mr. Bergin is an active member of the veterinary and agricultural communities in the State and currently serves as an honorary member of the American Veterinary Medical Association, American Association of Equine Practitioners, and Hawaii Veterinary Medical Association. During his fifty-year career, Mr. Bergin also established three veterinary practices, including the West Hawaii Animal Clinic; Veterinary Associates, Inc.; and Aina Hou Animal Hospital. Your Committee further finds that Mr. Bergin currently sits on the Mauna Kea Management Board in an advisory capacity and previously served as a West Hawaii representative on the University of Hawaii Board of Regents. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment. Your Committee believes that Mr. Bergin's dedication to public and community service and extensive experience with animals will allow him to provide critical insight to the Hawaii Advisory Council on Emergency Management on the impact that certain emergency situations will have on animals and agriculture in the State and therefore recommends that William Bergin be appointed to the Hawaii Advisory Council on Emergency Management.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Elefante). Noes, none. Excused, 1 (McKelvey).

#### **SCRep. 1902 Labor and Technology on Gov. Msg. Nos. 596 and 597**

Recommending that the Senate advise and consent to the nominations of the following:

#### HOISTING MACHINE OPERATORS ADVISORY BOARD

G.M. No. 596 JOHN MIHLBAUER, JR., for a term to expire 06-30-2026; and

G.M. No. 597 JACOB RYAN PRICE, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by John Muhlbauer, Jr. and Jacob Ryan Price for service on the Hoisting Machine Operators Advisory Board.

JOHN MIHLBAUER, JR.

Your Committee received testimony in support of the nomination for the reappointment of John Mihlbauer, Jr. from the Department of Labor and Industrial Relations.

Upon review of the testimony, your Committee finds that Mr. Mihlbauer's background and dedication to public service qualify him to be reappointed to the Hoisting Machine Operators Advisory Board. Your Committee notes that Mr. Mihlbauer is the President of All Ship and Cargo Surveys, Ltd., a marine survey business that conducts crane inspections. He has been licensed as a mechanical engineer in Hawaii since 2014 and has over thirty-four years of experience in engineering. Your Committee further notes that Mr. Mihlbauer currently serves as a member of ASME B30 Standards Committee on Safety Standards for Cableways, Cranes, Derricks, Hoists, Hooks, Jacks, and Slings and is also the Chairperson of the subcommittee of ASME 30.24, regarding container cranes, and ASME B30.8, regarding floating cranes and derricks. During the hearing, Mr. Mihlbauer expressed an interest to see that all crane operators be certified in the State, as currently only licensure is required for operators of mobile cranes in construction. Your Committee further finds that Mr. Mihlbauer has previously served as the Chairperson of the Hoisting Machine Operators Advisory Board, and has been a member of the Board since July 2016. His experience and knowledge will continue to be assets to the Hoisting Machine Operators Advisory Board. Your Committee therefore recommends that John Mihlbauer, Jr. be reappointed to the Hoisting Machine Operators Advisory Board based on his experience, knowledge, and commitment to public service.

JACOB RYAN PRICE

Your Committee received testimony in support of the nomination for the appointment of Jacob Ryan Price from the Department of Labor and Industrial Relations.

Upon review of the testimony, your Committee finds that Mr. Price's background and willingness to serve the public qualify him to be appointed to the Hoisting Machine Operators Advisory Board. Your Committee notes that Mr. Price currently works as a health, safety, and environmental engineer supervisor for Nordic PCL Construction, Inc. and holds a degree in occupational safety and health from Columbia Southern University. Your Committee further notes that Mr. Price is certified as a Graduate Safety Practitioner, Construction Health and Safety Technician, and Safety Trained Supervisor Construction by the Board of Certified Safety Professionals. During the hearing, he expressed his passion for public safety through the standardization of safety protocols for hoisting machine operators statewide. Your Committee finds that Mr. Price has a thorough understanding of the role and responsibilities of board members and his experience and passion in occupational health and safety will enhance the effectiveness of the Hoisting Machine Operators Advisory Board. Your Committee therefore recommends that Jacob Ryan Price be appointed to the Hoisting Machine Operators Advisory Board based on his knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Labor and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

**SCRep. 1903 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 21**

The purpose and intent of this measure is to urge the City and County of Honolulu to remove the Ocean Safety and Lifeguard Services Division from the Emergency Services Department and establish it as a new, separate department.

Your Committee received testimony in support of this measure from the Emergency Services Department of the City and County of Honolulu, Outrigger Duke Kahanamoku Foundation, and twenty-four individuals. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the Honolulu Emergency Services Department currently consists of the Honolulu Emergency Medical Services Division, Honolulu Ocean Safety and Lifeguard Services Division, Health Services Branch, and Community Outreach Response and Engagement Branch. Your Committee further finds that the Ocean Safety and Lifeguard Services Division employs two hundred thirty-five full-time lifeguards and thirty-seven contract lifeguards with an annual operating budget of \$19,800,000 and is the primary responder for emergencies arising on the beach and in nearshore waters of the two hundred twenty-seven miles of coastline on the island of Oahu. Your Committee believes that these responsibilities and scope of duties warrant the Ocean Safety and Lifeguard Services Division becoming a separate department within the City and County of Honolulu. This measure will help paramedics and lifeguards to advocate for what they truly need and improve public oversight of first responder budgets and processes.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 21, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1904 (Joint) Higher Education and Agriculture and Environment on H.C.R. No. 102**

The purpose and intent of this measure is to request the University of Hawaii Water Resources Research Center to conduct a feasibility study on new technologies related to cesspool water remediation, which may include organic biodegradable water clarifiers.

Your Committees received testimony in support of this measure from the Department of Health; PJY Global Consultants, LLC; Hawai'i Reef and Ocean Coalition; and two individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that approximately eighty-two thousand cesspools in the State must be converted to an approved wastewater system or connected to a sewage system by 2050, pursuant to Act 125, Session Laws of Hawaii 2017. New, innovative wastewater

management technologies that are capable of providing solutions for entire communities for a fraction of the cost of existing technology hold the potential to quickly and effectively convert thousands of cesspools across the State. To determine the suitability of these technologies, such as organic biodegradable water clarifiers, to Hawaii's cesspool conversion efforts, a feasibility study of new cesspool water remediation technologies is necessary.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 102, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Higher Education: Ayes, 5. Noes, none. Excused, none.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1905 (Joint) Water and Land and Agriculture and Environment on H.C.R. No. 50**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to investigate the causes of and provide updated facts and statistics relating to the continued and unabated decline of the endangered Palila bird population on Mauna Kea, Hawaii island.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Hawai'i Forest Industry Association, Albatross News, Animal Rights Hawai'i, Game Management Advisory Commission of the County of Hawai'i, and eight individuals.

Your Committees find that the Palila bird, also known as the finch-billed Hawaiian honeycreeper, is a rare and critically endangered species that can only be found on certain slopes of Mauna Kea. Your Committees further find that despite the spending of millions of dollars to construct fences and eradicate sheep and goats in an effort to help save and protect the Palila bird, the Palila population has nevertheless continued to decline and has fallen below seven hundred as of 2021. Your Committees find that a study and investigation is necessary to determine why current efforts have not resulted in the recovery of the Palila bird so that new strategies can be developed to help preserve this endemic species that is unique to Hawaii. Therefore, this measure requests the Department of Land and Natural Resources to further investigate and identify the factors causing the decline of the Palila population.

As affirmed by the records of votes of the members of your Committees on Water and Land and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 50, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1906 (Joint) Hawaiian Affairs and Water and Land on H.C.R. No. 73**

The purpose and intent of this measure is to request the formation of a working group to create a plan regarding the return of cultural artifacts.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs and two individuals. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committees find that many of Hawaii's cultural artifacts have been transported out of the State and that, conversely, many persons within the State possess cultural artifacts that belong to other lands or indigenous groups. Your Committees find that it is necessary and proper to finally facilitate the return of these cultural artifacts to whom they rightfully belong. Therefore, this measure requests the Office of Hawaiian Affairs and the State Historic Preservation Division to work together and establish a Cultural Artifact Return Working Group to request for the return of Hawaiian cultural artifacts and to arrange for the return of cultural artifacts held within the State that belong to others.

Your Committees have heard the testimony of the Department of Land and Natural Resources, expressing their concern that while the Department fully supports the purpose and intent of this measure, the Department lacks the necessary resources to properly take part in the requested working group.

Therefore, your Committees have amended this measure by replacing the State Historic Preservation Division with the Council for Native Hawaiian Advancement to serve as Co-Chair of the requested Cultural Artifact Return Working Group.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 73, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 73, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

Water and Land: Ayes, 4. Noes, none. Excused, 1 (Chang).

**SCRep. 1907 Public Safety and Intergovernmental and Military Affairs on S.R. No. 113**

The purpose and intent of this measure is to urge the Mayor of the City and County of Honolulu, Honolulu City Council, and Honolulu Authority for Rapid Transportation to find a means to fund the construction of a park-and-ride garage at Waiawa Station of the Honolulu Rail Transit Project and urge the Department of Transportation Services of the City and County of Honolulu to establish additional transit services between central Oahu and Waiawa Station.

Your Committee received testimony in support of this measure from one member of the Pearl City Neighborhood Board and five individuals.

Your Committee finds that the original plan for the Honolulu Rail Transit Project called for twenty miles of rail, resulting in twenty-one stations and twenty four-car trains traveling from East Kapolei through downtown Honolulu and Ala Moana Center. However, a significant shortfall between projected revenues and construction expenses for the original plan necessitated the submission of a financial recovery plan from the City and County of Honolulu to the Federal Transit Administration for approval and receipt of federal grant funds necessary to complete the project. The financial recovery plan reduced the length of the project, reduced the number of stations, and deferred the construction of a park-and-ride garage at Waiawa Station in Pearl Highlands that was estimated to accommodate one thousand six hundred vehicles. Your Committee believes that the lack of this park-and-ride garage at Waiawa Station will greatly limit the utility of the rail transit line for Central Oahu residents. This measure will help to increase usage of the rail and reduce traffic congestion and the commute time for many residents across the State.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 113, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 113, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

**SCRep. 1908 Public Safety and Intergovernmental and Military Affairs on Gov. Msg. No. 567**

Recommending that the Senate advise and consent to the nomination of the following:

CORRECTIONAL INDUSTRIES ADVISORY COMMITTEE

G.M. No. 567 FIDEL EVIOTA II, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Fidel Eviota II for service on the Correctional Industries Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment of Fidel Eviota II from the Department of Public Safety. Your Committee received testimony in opposition to the nomination for the appointment of Fidel Eviota II from one individual.

Upon review of the testimony, your Committee finds that Mr. Eviota's experience, background, and knowledge in various fields qualify him for appointment to the Correctional Industries Advisory Committee. Your Committee notes that Mr. Eviota has a Bachelor of Science in Computer Programming from Hawaii Pacific University and Bachelor of Science in Civil Engineering from the University of Mindanao. Mr. Eviota currently works for Nan, Inc., where he has worked as a quality assurance manager since 2014 and on various projects, including the Hawaii State Veterans Home in Kapolei and Kamehameha Highway Station Group for the Honolulu Authority Rapid Transportation. Mr. Eviota previously worked for the Inspection Branch of the Department of Accounting and General Services' Public Works Division, where he was the head of Inspection Section B, and was also a project engineer for the Public Works Division of the City and County of Honolulu. Your Committee notes that the function of the Correctional Industries Advisory Committee is to advise and guide the Hawaii Correctional Industries Administrator in moving forward with sound and profitable business ventures specifically designed to provide meaningful work experience to inmates so they may successfully transition back into the community. Your Committee believes that Mr. Eviota's considerable work experience over several decades in various fields makes him an ideal person to advise the Hawaii Correctional Industries Administrator and therefore recommends that Fidel Eviota II be appointed to the Correctional Industries Advisory Committee.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Elefante). Noes, none. Excused, 1 (McKelvey).

**SCRep. 1909 Education on Gov. Msg. No. 552**

Recommending that the Senate advise and consent to the nomination of the following:

SCHOOL FACILITIES AUTHORITY

G.M. No. 552 LINDSAY BALL, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Lindsay Ball for service on the School Facilities Authority.

Your Committee received testimony in support of the nomination for the appointment of Lindsay Ball from the Department of Education and three individuals.

Upon review of the testimony, your Committee finds that Mr. Ball's experience and knowledge qualify him for appointment to the School Facilities Authority. Mr. Ball has over forty years of experience as an educator and recently retired from the Department of Education after serving in Maui county since 1991. While with the Department of Education, Mr. Ball served as a business teacher, vice-principal, principal, and most recently, the Complex Area Superintendent for the Hana-Lahainaluna-Lanai-Molokai Complex Area. As Complex Area Superintendent, Mr. Ball managed eleven schools serving over five thousand students, seven hundred fifty employees, and a budget of \$4 million. Through Mr. Ball's leadership in the "Canoe Complex Area", he was instrumental in achieving academic achievement gains through targeted student support and professional development opportunities for teachers in his complex

area. Additionally, Mr. Ball also established the Hookele Leadership Program with community partnerships to promote relationships built on trust and open communication; a sense of place and knowing the community; and personal growth, accountability, and self-awareness. Your Committee also finds that Mr. Ball is an active member of his community and served on the Board of Directors for the Maui Sports Foundation, co-founded Maui Style Wrestling Club, and served as tournament director and volunteer for numerous high school and community sports tournaments. Your Committee further notes that Mr. Ball has served as an interim member of the School Facilities Authority since 2022 and has a thorough understanding of the roles and responsibilities of board members. Your Committee believes Mr. Ball's extensive experience as an educator and as a leader in educational administration will continue to provide a unique perspective to the School Facilities Authority. Your Committee therefore recommends that Lindsay Ball be appointed to the School Facilities Authority based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1910 Education on H.C.R. No. 59**

The purpose and intent of this measure is to urge the Department of Education to prioritize funding for the English Learner Program in public schools to address the increasing population of English learner students.

Your Committee received testimony in support of this measure from the Department of Education.

Your Committee finds that the Department of Education's English Learner Program ensures that students with limited English proficiency have access to educational opportunities while also developing high levels of academic attainment in English through rigorous academic coursework. Mandated by Title VI of the Civil Rights Act of 1964, the English Learner Program provides equity for students to participate in all school activities. While forty-one percent of students in the State were on track to gaining language proficiency through the English Learner Program in 2018, the English proficiency level dropped to twenty-eight percent in 2021 and 2022. Because it is estimated that by 2025, one in four students in public education will be an English learner, this measure urges equitable access to education to provide all students, regardless of English language proficiency, with academic and social opportunities to grow and develop.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1911 Water and Land on S.R. No. 157**

The purpose and intent of this measure is to request that the Department of Land and Natural Resources adopt administrative rules regulating vessel speed near humpback whales.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and Hawai'i Reef and Ocean Coalition. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Ocean Tourism Coalition, Hono Heke Corporation, and one individual. Your Committee received comments on this measure from the Matson Navigation Company, Inc. and Hawai'i Harbors Users Group.

Your Committee finds that the humpback whale is not only an endangered species but the official marine mammal of the State. However, as humpback whale populations have slowly recovered, their increasing numbers have led to more frequent collisions with vessels. In 2022, representatives from the Pacific Whale Foundation, National Oceanic and Atmospheric Administration, State of Hawaii, tour operators, private boaters, fishers, and other community members, collaborated to develop a set of voluntary recommendations intended to keep both whales and whale watchers safe. This measure requests the Department of Land and Natural Resources to adopt those voluntary recommendations as administrative rules, to reaffirm the State's commitment to protecting and preserving the humpback whale.

Your Committee has amended this measure by:

- (1) Inserting language clarifying that the Department of Land and Natural Resources is requested to adopt rules regulating vessel speed near humpback whales for vessels other than an inter-island vessel or an intra-island vessel, as defined in section 19-41-2, Hawaii Administrative Rules; and
- (2) Requesting the Department of Land and Natural Resources to:
  - (A) Prohibit persons from operating certain vessels within the waters of the State at a speed exceeding fifteen knots when the vessel is within one thousand yards of a humpback whale; and
  - (B) Require any person operating certain vessels within the waters of the State to ensure that another person on the vessel is acting as a lookout to prevent collisions with humpback whales when the vessel is within one thousand yards of a humpback whale.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 157, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 157, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

**SCRep. 1912 (Joint) Public Safety and Intergovernmental and Military Affairs and Judiciary on H.C.R. No. 23**

The purpose and intent of this measure is to request the Hawaii Correctional System Oversight Commission to convene a task force to examine and make recommendations regarding existing procedures of the Hawaii Paroling Authority setting the minimum terms of imprisonment.

Your Committees received testimony in support of this measure from the Judiciary, Hawaii Correctional System Oversight Commission, Office of the Public Defender, Hawaii Paroling Authority, Crime Victim Compensation Commission, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, Hawai'i Innocence Project, and Hawai'i State Coalition Against Domestic Violence. Your Committees received comments on this measure from the Legislative Reference Bureau, Sex Abuse Treatment Center, and one individual.

Your Committees find that Hawaii is one of thirty-three states that primarily utilizes an indeterminate sentencing system where courts can order a maximum and minimum term, or both, and then actual time served is determined by a parole board. However, of the thirty-three states using an indeterminate sentencing system, Hawaii is the only state that requires a parole board to determine the minimum sentence of imprisonment. Your Committees believe that this process is redundant and time consuming for the Hawaii Paroling Authority who spends approximately thirty percent of its time on the post-conviction minimum sentencing process. This measure will help to increase the efficiency of the State's sentencing system and conserve state resources.

Your Committees have amended this measure by:

- (1) Specifying that the Chair of the Hawaii Correctional System Oversight Commission or the Chair's designee is requested to serve as chairperson of the task force;
- (2) Specifying that the Chairperson of the Board of Trustees of the Office of Hawaiian Affairs or the Chairperson's designee is requested to serve on the task force;
- (3) Specifying that the member of the public included on the task force be a victim of domestic violence;
- (4) Requesting an additional member of the public who is a victim of sexual assault be included on the task force;
- (5) Limiting the Legislative Reference Bureau's assistance to the drafting of any legislation that may be proposed by the task force;
- (6) Requesting the task force to submit any request for proposed legislation, supporting documents, information, and materials deemed necessary, to the Legislative Reference Bureau no later than August 1, 2024; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Judiciary that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 23, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 23, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Judiciary: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

**SCRep. 1913 Water and Land on Gov. Msg. No. 660**

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON WATER RESOURCE MANAGEMENT

G.M. No. 660 LAWRENCE MIIKE, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Lawrence Miike for service on the Commission on Water Resource Management.

Your Committee received testimony in support of the nomination for the appointment of Lawrence Miike from the Department of Land and Natural Resources, Honolulu Board of Water Supply, Sierra Club of Hawai'i, and four individuals.

Upon review of the testimony, your Committee finds that Dr. Miike's background, experience, and dedication to community service qualify him to be appointed to the Commission on Water Resource Management. Previously, Dr. Miike was a member of the Commission in his ex-officio capacity as the former Director of Health from 1994 to 1998 and again from 2004 to 2012 as a member with substantial experience or expertise in traditional Hawaiian water resource management techniques and in traditional Hawaiian riparian usage. Between these two periods, Dr. Miike published his acclaimed book, *Water and the Law in Hawai'i* (University of Hawaii Press 2004), which covers the laws governing the balance between water preservation and use, the science of aquifers and streams, and the customs and traditions practiced by ancient and present-day Hawaiians on the land and in the water. Further, Dr. Miike was a member of the Commission when it addressed its first major water issue under the State Water Code in 1995, which involved the Waihole Ditch System, a major irrigation infrastructure on Oahu supplying the island's leeward side with water diverted from its windward side. During his tenure as a Commission member, Dr. Miike was involved in many other significant water disputes, including two major cases on Maui. Dr. Miike received his Medical Degree from the University of California San Francisco School of Medicine and his Juris Doctorate from the University of California Los Angeles School of Law.

Your Committee finds that Dr. Miike, with his extensive background in law, water rights, and traditional Hawaiian water resource management techniques and usage, possesses the requisite qualifications to serve once again on the Commission on Water Resource Management. Your Committee finds that Dr. Miike has the subject matter expertise in the unique combination of fields specifically relevant to the work of the Commission, making Dr. Miike especially well-suited to the position. Your Committee further notes Dr. Miike's lifelong dedication to public service and acknowledges his willingness to volunteer for the Commission for a third time,

noting Dr. Miike's testimony that there is still much work left to do. Your Committee believes Dr. Miike's substantial institutional knowledge will greatly enhance the work of the Commission as it grapples with the many issues surrounding Hawaii's most vital natural resource. Your Committee finds that Dr. Miike has a thorough understanding of the role and responsibilities of Commission members and therefore recommends that Lawrence Miike be appointed to the Commission on Water Resource Management based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1914 (Joint) Health and Human Services and Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 94**

The purpose and intent of this measure is to urge the Department of Health to prioritize testing and research of beach sand contamination levels at Pokai Bay and requesting the City and County of Honolulu Department of Parks and Recreation to prioritize renovations of the restroom facilities at Pokai Bay.

Your Committees received comments on this measure from the Department of Health, Kingdom Pathways, and one individual.

Your Committees find that over the last decade, beach users and local community members have reported the presence of health and environmental hazards at Pokai Bay, as a result of pollution from multiple sources, including runoff from surrounding surfaces, illegal dumping, and user-induced contaminants. Your Committees also find that, according to a 2015 study conducted by the University of Hawaii at Manoa's Department of Civil and Environmental Engineering, beach sand holds more fecal indicator bacteria than seawater. Accordingly, the beach sand at Pokai Bay may be found to retain pollutants from the restroom facilities in the area, specifically rinse-off from the showers and fecal bacteria from toilet plumbing. This measure would improve the health and safety of Pokai Bay visitors by urging relevant authorities to prioritize testing and research of beach sand contamination levels and renovations of the restroom facilities at Pokai Bay.

Your Committees recognize that management of natural resources requires collaboration among all levels of government and the community. For example, the Genki Ala Wai project, whose goal is to make the Ala Wai Canal fishable and swimmable, has been successfully partnering with the Department of Health, various community organizations, and volunteers, in producing and discharging into the canal "genki balls" which are mud balls containing microorganisms that digest the sludge that creates a toxic environment in the canal.

Your Committees also acknowledge the testimony of the Department of Health that the Department currently monitors the water quality of Pokai Bay and prioritizes it as a Tier 1 beach, which receives weekly water quality monitoring for enterococci, a fecal indicator bacteria. Your Committees also note the concerns raised by the Department of Health regarding the lack of an approved or proven reliable testing method or a threshold or action-limit associated with health risks due to contact with sand that may be contaminated, as well as its lack of authority, resources, or expertise to alter or increase circulation in waters, as requested in this measure. It is therefore necessary to amend this measure to address these concerns.

Accordingly, your Committees have amended this measure by:

- (1) Urging the Department to continue to prioritize testing of fecal indicator bacteria levels and any other pollutants in the waters of, rather than the beach sand at, Pokai Bay;
- (2) Deleting language that would have urged the Department of Health to develop a plan to increase water circulation at Pokai Bay, collaborate with other appropriate state and county agencies to increase water circulation, and report to the Legislature before the Regular Session of 2024;
- (3) Inserting language that urges the Department of Health to address land-based point and nonpoint sources of water pollution into Pokai Bay;
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 94, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 94, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Awa).  
Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1915 Health and Human Services on H.C.R. No. 101**

The purpose and intent of this measure is to request the Department of Health to convene a working group to review and update the relevant chapters of the Hawaii Revised Statutes that relate to mental health and involuntary transport, examination, hospitalization, and treatment, including assisted community treatment.

Your Committee received testimony in support of this measure from the Department of Health, Judiciary, and one individual. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that provisions in the Hawaii Revised Statutes relating to mental health and involuntary transport, examination, hospitalization, and treatment, including assisted community treatment, have been amended in a piecemeal manner over the past several decades, leading to a lack of clarity and statutory inconsistencies. This measure will assist in improving mental health services for the State's residents, including those unable to help themselves, by establishing a cohesive body of law that governs involuntary transport, examination, hospitalization, and treatment, including assisted community treatment.

Your Committee acknowledges the concern raised by the Department of Health pertaining to the insufficient time frame established in this measure, as currently written, to convene the working group, schedule working group meetings, and prepare and submit a draft of its report and necessary information to the Legislative Reference Bureau for the preparation of its final report. Your Committee also notes the concerns raised by the Legislative Reference Bureau pertaining to the lack of clarity in the scope of its involvement regarding the requests made in this measure. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Extending the deadline by which the working group is requested to submit its draft report to the Legislative Reference Bureau, from August 1, 2023, to October 1, 2023;
- (2) Clarifying that the Legislative Reference Bureau requested to draft the proposed legislation that is to be included in the working group's report to the Legislature;
- (3) Amending its title to make a technical, nonsubstantive amendment; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 101, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 101, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1916 Health and Human Services on H.C.R. No. 7**

The purpose and intent of this measure is to request the Department of Human Services Med-QUEST Division, in collaboration with the Department of Commerce and Consumer Affairs, to expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the State.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association, Lactation Access Transforming Communities in Hawai'i, Academy of Lactation Policy and Practice, Hawaii Affiliate of the American College of Nurse Midwives, Hawai'i Public Health Institute, and five individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, and one individual.

Your Committee finds that increasing access to maternal health care in the State is critical for ensuring the health and well-being of mothers and future generations. Your Committee further finds that a lactation consultant is a certified health professional who specializes in the clinical management of breastfeeding and is trained to assist mothers in preventing and solving breastfeeding difficulties. Hawaii's Med-QUEST Division, however, only reimburses for services administered by certain providers, and does not currently allow certain qualified providers to be reimbursed for the same, critical services, thus unnecessarily restricting access to care. This measure therefore increases access to lactation consultant services for breastfeeding mothers who are Medicaid beneficiaries by expanding the types of qualified providers allowed to provide services.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 7, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1917 Health and Human Services on H.C.R. No. 205**

The purpose and intent of this measure is to recognize and support ongoing collaborative efforts by state agencies and private organizations to implement the "Hep Free 2030" statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, Hep Free Hawai'i, Hawai'i Health & Harm Reduction Center, and fifteen individuals.

Your Committee finds that Hawaii has one of the highest incidences and mortality rates in the country for liver cancer, primarily due to viral hepatitis. Your Committee further finds that the Department of Health has been partnering closely with a wide array of state and community partners to address this public health priority as a member of the Hep Free Hawaii coalition since 2011, and in 2020, the United States Senators for Hawaii, Lieutenant Governor, and Harm Reduction Services Branch of the Department of Health issued "Hep Free 2030", a first-in-the-nation, ten-year statewide strategy to help eliminate viral hepatitis types A, B, and C in Hawaii. This measure formally recognizes and supports the ongoing collaboration among public agencies and private organizations to further implement the "Hep Free 2030" statewide strategy.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 205, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1918 Health and Human Services on H.C.R. No. 207**

The purpose and intent of this measure is to request the Department of Health to convene an Early Lung Cancer Screening Working Group to continue the efforts of the Early Lung Cancer Screening Task Force established pursuant to Act 162, Session Laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Department of Health, AlohaCare, and The Queen's Health System.

Your Committee finds that Act 162, Session Laws of Hawaii 2022 (Act 162), established the Early Lung Cancer Screening Task Force within the Department of Health to research the steps and resources necessary to increase early lung cancer screening in Hawaii. Your Committee finds however, that the convening of the Task Force was delayed due to changes in leadership in various state and county departments, and the Task Force will not be able to complete its tasks by July 31, 2023, which is its scheduled sunset date. This measure ensures that the activities of the Early Lung Cancer Screening Task Force required pursuant to Act 162 are continued to address and reduce the impact lung cancer has on Hawaii's diverse population.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 207, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1919 Energy, Economic Development, and Tourism on H.C.R. No. 17**

The purpose and intent of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Hawaiian Electric; Hawai'i Gas; Sustainable Energy Hawaii; and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in 2022, the Biden-Harris Administration established an Indo-Pacific national security strategy that seeks to build resiliency by developing certain targets, strategies, plans, and policies consistent with limiting the negative consequences of climate change. Hawaii has established itself as a global leader on energy policy and was the first state to commit to goals similar to those established by the Biden-Harris Administration's policy. The United States Department of Energy (USDOE) has been a critical partner to the State in achieving its clean energy goals and economic transformation. A permanent USDOE presence in the State could accelerate the leadership and transformation of Hawaii toward a resilient, clean energy economy. Accordingly, this measure will help to enhance opportunities to create more federal and state partnerships, increase opportunities for the State to take advantage of federal assistance that will help the State transition to clean energy, and ensure that the benefits of the State's transition to clean energy are delivered to all customers and make the transition more affordable for all.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (DeCoite).

**SCRep. 1920 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 40**

The purpose and intent of this measure is to request that the Hawaii Emergency Management Agency establish a two-year task force to address key findings validated by the 2022 Resiliency Assessment report of the Hawaii Maritime Transportation Resiliency Assessment Program Project and plan resiliency enhancements.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawai'i Emergency Management Agency; and Matson Navigation Company, Inc.

Your Committee finds that Hawaii's maritime transportation system is critical to the State's supply chains, with the port of Honolulu being a vital component of the maritime transportation system. Approximately eighty percent of all inbound products move through the port of Honolulu, and any prolonged interruption of the port's operation could quickly create severe commodity shortages and cascading consequences for the State. Your Committee further finds that the Regional Resiliency Assessment Program's Resiliency Assessment report found that Hawaii will need to update and create a robust alternative port and Reverse Hub and Spoke plan and consider significant investments in resiliency—related infrastructure upgrades across the State. Your Committee believes that addressing the key findings in the Resiliency Assessment report and planning resiliency enhancements will better inform the State and its key maritime stakeholders regarding alternate emergency maritime options. This measure will assist in the creation of more robust plans to ensure the quality of critical infrastructure and allow the State to better prepare for, respond to, and recover from a catastrophic incident affecting maritime transportation systems.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 40, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

**SCRep. 1921 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 103**

The purpose and intent of this measure is to urge all branches of the United States Military operating in the State to implement changes in their policies to reduce, to the extent possible, the use of products containing perfluoroalkyl and polyfluoroalkyl substances.

Your Committee received testimony in support of this measure from the Department of Health, Environmental Caucus of the Democratic Party of Hawai'i, Hawaii Military Affairs Council, Americans for Democratic Action Hawai'i, Hawai'i Reef and Ocean Coalition, and one individual. Your Committee received comments on this measure from the Hawai'i Army National Guard and one individual.

Your Committee finds that perfluoroalkyl and polyfluoroalkyl substances (PFAS) are persistent, toxic substances that can contaminate drinking water, bioaccumulate in fish and wildlife, and have multiple adverse health effects on humans such as decreased fertility, elevated blood pressure in pregnant women, developmental effects or delays in children, an increased risk of certain cancers, and disruption of the body's immune system and natural hormones. PFAS are often called "forever chemicals" since they do not naturally break down in the environment and can continue to pollute the environment for thousands of years. Your Committee further finds that some of the highest concentrations of PFAS in the country have been found at and around military bases, in large part because of the military's longtime reliance on the firefighting foam known as aqueous film-forming foam (AFFF), a product containing PFAS. Your Committee believes that PFAS contamination can pose a public health concern and endanger the groundwater and drinking water supply of Hawaii residents. This measure will protect the health and well-being of people in the State by helping to reduce the amount of PFAS in the local environment, particularly near military bases.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1922 (Joint) Public Safety and Intergovernmental and Military Affairs and Agriculture and Environment on H.C.R. No. 208**

The purpose and intent of this measure is to request each county to develop a comprehensive integrated wastewater management plan and financial strategy to upgrade, convert, or connect cesspools located within its respective jurisdiction by 2050.

Your Committees received testimony in support of this measure from Housing Hawai'i's Future, Hawai'i Reef and Ocean Coalition, WAI: Wastewater Alternatives and Innovations, Hawai'i Association of REALTORS, and two individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Grassroot Institute of Hawaii.

Your Committees find that there are approximately eighty-three thousand cesspools across the State. Your Committees further find that Act 125, Session Laws of Hawaii 2017, (Act 125) requires every cesspool in the State, excluding cesspools granted exemptions by the Director of Health, to be upgraded or converted to a Director-approved wastewater system or connected to a sewerage system by January 1, 2050. However, the cost of conversions to most private and residential property owners is significant and many properties in rural areas, especially on the neighbor islands, may not have existing county infrastructure that allows for an easy upgrade, conversion, or connection. Your Committees believe that undertaking the massive infrastructure project of converting eighty-three thousand cesspools by 2050 will require proper planning and administration across various stakeholders and governmental institutions. This measure will encourage the necessary preparation and communication between relevant parties to meet the requirements of Act 125.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 208, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).  
Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Awa).

**SCRep. 1923 (Joint) Health and Human Services and Transportation and Culture and the Arts on H.C.R. No. 28**

The purpose and intent of this measure is to increase awareness of chronic kidney disease in the State by designating the month of March as Hawaii Kidney Awareness Month.

Your Committees received testimony in support of this measure from the Department of Health, The Queen's Health System, Kaiser Permanente Hawai'i, Liberty Dialysis-Hawaii, Hawai'i Pacific Health, Hawaii Medical Association, National Kidney Foundation of Hawaii, U.S. Renal Care, Chronic Disease Coalition, Healthcare Association of Hawaii, and four individuals.

Your Committees find that the State's kidney failure rate is thirty percent higher than the national rate. Your Committees also find that symptoms of kidney disease do not manifest until later stages, and therefore, nine out of ten individuals having early kidney disease fail to realize that they have the disease. Your Committees further find that it is possible to delay or prevent chronic kidney disease through early detection and appropriate management of the causes of kidney failure, such as diabetes and high blood pressure. This measure designates the month of March as Hawaii Kidney Awareness Month to increase awareness of chronic kidney disease in the State.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 28, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health and Human Services: Ayes, 5. Noes, none. Excused, none.

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Keohokalole).

**SCRep. 1924 (Joint) Public Safety and Intergovernmental and Military Affairs and Water and Land on H.C.R. No. 62**

The purpose and intent of this measure is to request the Department of Parks and Recreation of the City and County of Honolulu to restore the field of Maunawili Valley Neighborhood Park and develop a plan to restore the entire park.

Your Committees received no testimony on this measure.

Your Committees find that, located in Kailua, Maunawili Valley Neighborhood Park is a public space that is open to the general public and offers outdoor recreation and nature preservation. However, various environmental changes, including the encroachment of invasive grass, have left Maunawili Valley Neighborhood Park's field unsuitable to safely host sports events and activities. Your Committees believe that the entire park area should be restored in order to enable residents and visitors to safely recreate there. This measure will create a space for communities to congregate safely for gatherings or outdoor recreation and preserve the natural environment unique to the area around Maunawili Valley Neighborhood Park.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 62, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1925 (Joint) Public Safety and Intergovernmental and Military Affairs and Water and Land on H.C.R. No. 78**

The purpose and intent of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu to conduct an assessment and prepare and execute a plan to maintain Manoa Stream.

Your Committees received testimony in support of this measure from three individuals.

Your Committees find that Manoa Stream has a history of flood events, with the most recent extensive event being the October 30, 2004, flood that caused over \$80,000,000 in damage to thirty-two buildings on the University of Hawaii at Manoa campus. However, the City and County of Honolulu has not regularly performed periodic maintenance activities necessary to adequately address flood mitigation of Manoa Stream through vegetative management, debris removal, and streambed dredging at specific locations. This measure will direct the flow of necessary resources and attention to encourage the maintenance of Manoa Stream and prevent future flooding.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 78, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1926 (Joint) Public Safety and Intergovernmental and Military Affairs and Health and Human Services on S.R. No. 30**

The purpose and intent of this measure is to urge the City and County of Honolulu to recognize and address the inequitable location of mental health facilities and clean and sober homes across the island of Oahu.

Your Committees received testimony in support of this measure from five individuals. Your Committees received comments on this measure from one individual.

Your Committees find that mental health facilities, clean and sober homes, homeless shelters, and other supportive living homes are inequitably located across the island of Oahu, with a large number of facilities and homes along the Waianae coast. The concentration of such facilities along Oahu's Waianae coast has caused individuals from other areas of Oahu struggling with mental health issues and substance use problems to be referred to services in that area. Your Committee believes that access to these facilities should be more evenly distributed across the island of Oahu. This measure recognizes the concerns of the Waianae coast communities and will help to ensure that relevant community stakeholders are actively engaged by state and local entities working to more evenly distribute mental health facilities, clean and sober homes, homeless shelters, and other supportive living homes on the island of Oahu.

Your Committees have amended this measure by:

- (1) Urging the State to also recognize and address the inequitable location of certain facilities and homes along the Waianae coast;
- (2) Expanding the types of facilities and homes the State and City and County of Honolulu are urged to recognize and address to include homeless shelters and other supportive living homes;
- (3) Requesting Partners in Care Oahu to consult with stakeholders on certain issues;
- (4) Expanding the list of certified copy recipients;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 30, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 30, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

Health and Human Services: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1927 Hawaiian Affairs on S.R. No. 196**

The purpose and intent of this measure is to urge the establishment of a Native Hawaiian Intellectual Property Working Group to discuss policies and legislation with respect to Native Hawaiian intellectual property.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Association of Hawaiian Civic Clubs; Office of Hawaiian Affairs; and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that Native Hawaiians possess collective intellectual property rights derived from the traditional and cultural practices that their ancestors developed over thousands of years and passed down from generation to generation. This collective intellectual property takes many forms and includes but is not limited to ka 'ōlelo Hawai'i, hula, mele, mo'olelo, lei making, kapa making, kākau, weaving, feather work, carving, and wayfinding. Your Committee finds that increasingly, third-party users of indigenous Native Hawaiian knowledge are seeking to claim ownership of these cultural expressions and that a working group is therefore necessary to investigate and discuss how Native Hawaiian groups can best protect their collective intellectual property rights.

Your Committee has amended this measure by:

- (1) Adding the Association of Hawaiian Civic Clubs to the Native Hawaiian Intellectual Property Working Group;
- (2) Requesting that the Native Hawaiian Intellectual Property Working Group consult with the Creative Industries Division of the Department of Business, Economic Development, and Tourism, in addition to other Native Hawaiian communities and organizations deemed appropriate;
- (3) Adding the President of the Association of Hawaiian Civic Clubs and the Director of Business, Economic Development, and Tourism to the list of certified copy recipients; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 196, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 196, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1928 Hawaiian Affairs on H.C.R. No. 153**

The purpose and intent of this measure is to request the Department of Hawaiian Home Lands to conduct a study that evaluates possible methods of flood remediation and flood aversion for certain areas of the island of Molokai inhabited by Hawaiian homestead beneficiaries.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that flooding on the island of Molokai has become increasingly dangerous, as evidenced by two recent large storms that halted vehicles in thick mud, turned highways into rivers, and had homeowners wading through knee-deep water. Your Committee further finds that these flooding events have significantly impacted the lives of the many Hawaiian homestead beneficiaries on Molokai whose homes have been repeatedly damaged by stormwater runoff and mud and that an effective flood management plan is necessary to prepare against future heavy rainfall events. Therefore, this measure requests the Department of Hawaiian Home Lands to conduct a study that evaluates methods for flood mitigation and remediation for the homestead areas of Kalama'ula, Kapa'akea, Kamiloloa, and Makakupa'ia on the island of Molokai.

Your Committee notes the testimony of the Department of Hawaiian Home Lands, which attested that the Department recently approved a South Molokai Shoreline Erosion Management Plan that will allow the Department to begin the planning process for the "Developing Community Resilience for Molokai Coastal Homesteads" project, which will take place over the next two years. The Department further attested that this effort will be used in the subsequent preparation of a Community Resilience Plan for the communities of Kalama'ula, Kapa'akea, Kamiloloa, Makakupa'ia, and the Department-owned portion of Malama Park in Kaunakakai.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1929 Hawaiian Affairs on H.C.R. No. 125**

The purpose and intent of this measure is to request the Department of Hawaiian Home Lands to identify resources needed to execute a plan to repair homes for safe habitation.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that certain Department of Hawaiian Home Lands properties in already-developed communities have remained unoccupied for longer than necessary due to a variety of reasons, such as delays in processing a pending transfer or the need for repairs to restore a unit to habitability. Your Committee finds that by minimizing the length of time that these properties sit unoccupied — and thereby reducing the general vacancy rate -- the Department can become more efficient, better achieve its mission, and get more beneficiaries into housing. Therefore, this measure requests the Department to improve its processes by developing a plan to quickly and efficiently identify properties that are unoccupied or in need of repairs, assist lessees in assessing repairs and obtaining financing to repair uninhabitable units, expedite pending lease transfers, and conduct contested hearings in a timely manner.

Your Committee notes the testimony of the Department of Hawaiian Home Lands, expressing concerns that additional personnel and expertise may be necessary to develop and implement a proposed plan in conformance with the aspirations of this measure.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1930 (Joint) Public Safety and Intergovernmental and Military Affairs and Energy, Economic Development, and Tourism on H.C.R. No. 160**

The purpose and intent of this measure is to urge the mayors and councils of the City and County of Honolulu, County of Maui, County of Hawaii, and County of Kauai to establish business improvement districts as special improvement districts.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Chamber of Commerce Hawaii. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that special improvement districts, also known as business improvement districts, are economic development organizations that bring public services to certain neighborhoods that match the needs of the people in those districts. Your Committees believe that establishing more business improvement districts throughout the State can increase the vitality and attractiveness of communities in the State. This measure will help to create collective economic benefits for local communities such as enhanced security, capital improvements, neighborhood promotions, and business attractions.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 160, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.  
Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Kim).

**SCRep. 1931 (Joint) Public Safety and Intergovernmental and Military Affairs and Energy, Economic Development, and Tourism on H.C.R. No. 117**

The purpose and intent of this measure is to urge the counties to include townhomes in the residential permitting process for the installation of solar panels.

Your Committees received testimony in support of this measure from 350Hawaii and three individuals.

Your Committees find that the State has a goal to achieve one hundred percent clean energy by 2045. However, commercial permits are required for solar panel installations for townhomes, while these installations for single-family homes require only a residential permit. This policy is preventing thousands of townhome owners from contributing to the State's renewable energy goals, thereby jeopardizing the State's energy security and its goal of reaching one hundred percent clean energy by 2045. Your Committees believe that the State and counties should support the growth of local solar installation companies, and Hawaii residents should have the opportunity to take advantage of federal and state tax incentives for the installation of solar panels, which can save households thousands of dollars. This measure will contribute to the State's renewable energy goals and stabilization of Hawaii's energy grid.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 117, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Public Safety and Intergovernmental and Military Affairs: Ayes, 5. Noes, none. Excused, none.  
Energy, Economic Development, and Tourism: Ayes, 4; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Kim).

**SCRep. 1932 (Majority) Agriculture and Environment on H.C.R. No. 192**

The purpose and intent of this measure is to urge the Hawaii Climate Change Mitigation and Adaptation Commission to develop a proactive and comprehensive communication strategy to educate the State's residents about the health impacts of the climate crisis.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Climate Change Mitigation and Adaptation Commission, Climate Protectors Hawai'i, Blue Planet Foundation, and six individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the public generally recognizes and understands the impacts of climate change on infrastructure and the built environment but have less of an understanding of the health impacts of climate change. Scientific consensus indicates public health will be impacted because climate change will increase the incidence of increased heat, vector-borne diseases, crop failure and food insecurity, water insecurity, waterborne diseases, extreme weather events, air pollution, and adverse mental health impacts due to these climate stressors and collective eco-grief, which refers to the deep sense of loss and overwhelming emotional response felt when

learning about and experiencing the catastrophic destruction of the environment due to climate change. Your Committee believes that, as an island state, Hawaii remains particularly vulnerable to the effects of climate change and that more should be done to educate the State's residents about the extent to which climate change may impact public health and well-being. This measure will help to inform the public of the full spectrum of health risks posed by the climate crisis.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 192, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Awa). Excused, 1 (DeCoite).

**SCRep. 1933 (Joint) Agriculture and Environment and Water and Land on H.C.R. No. 80**

The purpose and intent of this measure is to designate Hawaii's coral reefs as critical natural infrastructure and strongly support nature-based solutions such as coral reef restoration for risk reduction.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy of Hawai'i and Palmyra; Hawai'i Reef and Ocean Coalition; Hawaii Fisherman's Alliance for Conservation and Tradition, Inc.; Kua'aina Ulu Auamo; and six individuals.

Your Committees find that healthy, effectively managed, and functioning coral reefs can help mitigate the risks and related loss and damage from floods, the effects of climate change, and natural disasters. However, coral reefs are being lost at alarming rates and threatened by global stressors related to climate change, such as sea level rise, coral bleaching, and ocean acidification; and by local stressors from land-based sources of pollution, unsustainable fishing practices, and invasive species. The Federal Emergency Management Agency (FEMA) is responsible for responding to natural disasters and providing technical and financial hazard mitigation support, which is primarily distributed as grant funding through FEMA's Hazard Mitigation Assistance programs. Legislative recognition of coral reefs as critical natural infrastructure demonstrates political support for nature-based solutions, and the level of a State's political support is an important metric when FEMA directs activities and funding toward coral reef restoration for risk reduction projects. This measure recognizes the State's coral reefs as critical natural infrastructure to be eligible for important funding to protect coral reefs.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 80, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (DeCoite).  
Water and Land: Ayes, 4. Noes, none. Excused, 1 (Fevella).

**SCRep. 1934 Agriculture and Environment on H.C.R. No. 38**

The purpose and intent of this measure is to urge the National Institute of Food and Agriculture of the United States Department of Agriculture to issue additional funding for the Gus Schumacher Nutrition Incentive Program to provide matching funds for the expansion of the state Double Up Food Bucks Program to all approved supplemental nutrition assistance program retail outlets throughout the State.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Health, Hawaii Seed Growers Network, Hawai'i Public Health Institute, Climate Protectors Hawai'i, Hawai'i Pacific Health, Hawai'i Farm Bureau, Ulupono Initiative, 350Hawaii.org, The Food Basket, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State's Double Up Food Bucks Program, "DA BUX", provides critical support, availability, and accessibility of healthy foods for Hawaii's people. Higher rates of poor diets and chronic diseases for income-limited individuals and families can occur when there is limited access to fresh produce, including fruits and vegetables. However, the inclusion of fresh, locally grown produce into nutrition incentive programs not only provide crucial intervention for public health, but these programs also offer farmers increased sales of local produce. As the State continues to address the high cost of living, this measure affirms continued support of valuable nutrition programs and Hawaii's families, local farmers, and economy.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 38, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1935 Agriculture and Environment on H.C.R. No. 126**

The purpose and intent of this measure is to urge the United States Department of Agriculture Natural Resources Conservation Service to take certain actions regarding fugitive dust.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in windy conditions, large dust storms can originate from former agricultural lands in the State that have become vacant, depositing topsoil into the ocean and thereby damaging the reefs and the marine environment, as well as detrimentally affecting the health of nearby residents. Your Committee further finds that although the Department of Health's Clean Air Branch regulates the discharge of fugitive dust in the State and imposes penalties for violations, existing rules do not require land owners to have fugitive dust mitigation plans approved by the Director of Health and the existing penalty structure does not consider the scale of

the dust emission. This measure urges the United States Department of Agriculture Natural Resources Conservation Service to take various actions to prevent and address the detrimental effects of fugitive dust arising from vacant undeveloped land.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 126, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1936 Education on H.C.R. No. 116**

The purpose and intent of this measure is to:

- (1) Urge the Committee on Weights to make a recommendation to the Board of Education for a weighted student formula that gives greater consideration to small and remote schools; and
- (2) Urge the Board of Education to adopt the recommendations made by the Committee on Weights.

Your Committee received testimony in support of this measure from Waiahole Elementary School, Hawaii State Teachers Association, Hui for Excellence in Education, and nineteen individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Act 51, Session Laws of Hawaii 2004, also known as the Reinventing Education Act of 2004, established a weighted student formula to provide equitable distribution of funds to schools based on enrollment, student needs, and the unique characteristics of the school and its students. While the weighted student formula has achieved some success in providing more transparent and decentralized funding, small and remote rural schools still face difficulties with achieving full, necessary funding. This measure strives for equity in school funding to ensure all students, regardless of their location, receive a high-quality public education.

Your Committee has amended this measure by:

- (1) Urging equal consideration, rather than greater consideration, to small and remote schools in the weighted student formula;
- (2) Inserting language that acknowledges the weighted student formula's consideration of English language learners, special education, and economically disadvantaged students;
- (3) Inserting language that requests the Committee on Weights to consider creative ways for remote schools to work together and share resources; and
- (4) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 116, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 116, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1937 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 636, 637, and 643**

Recommending that the Senate advise and consent to the nominations of the following:

COMMUNITY BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

- G.M. No. 636 KAREN BARR, for a term to expire 06-30-2023;  
G.M. No. 637 KAREN BARR, for a term to expire 06-30-2027; and  
G.M. No. 643 TEENA RASMUSSEN, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Karen Barr and Teena Rasmussen for service on the Community Based Economic Development Advisory Council.

KAREN BARR

Your Committee received testimony in support of the nominations for the appointment and reappointment of Karen Barr from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to the nominations for the appointment and reappointment of Karen Barr from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment or reappointment.

Upon review of the testimony, your Committee finds that Ms. Barr's knowledge, experience, and desire to serve the community qualify her for appointment and reappointment to the Community Based Economic Development Advisory Council. Your Committee notes that Ms. Barr has a Bachelor of Arts degree in Social Science from Washington State University. Ms. Barr currently works as an Entrepreneurship Specialist for the Pacific Gateway Center, where she provides business coaching and technical assistance for startups and early-stage or struggling small businesses to help them improve their business. Ms. Barr also previously worked as a Marketing Director for Wedding Estates Hawaii, Public Affairs Associate for the McClellan Group, LLC; Sales associate for State Farm Insurance; and in various sales and account management roles. Your Committee further notes that Ms. Barr is an active member of several community organizations, such as the Rotary Club of Kahala Sunrise, Wahine Build, Dry Tikes and Wet Wipes, Moku'aina A Wakinekona Hawaiian Civic Club, and Women United. Your Committee believes that Ms. Barr's diverse work experience, business development knowledge, and commitment to public service will benefit the Community Based Economic Development Advisory

Council. Your Committee therefore recommends that Karen Barr be appointed and reappointed to the Community Based Economic Development Advisory Council.

#### TEENA RASMUSSEN

Your Committee received testimony in support of the nomination for the appointment of Teena Rasmussen from the Department of Business, Economic Development, and Tourism and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Teena Rasmussen from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Ms. Rasmussen's background, experience, and commitment to public service qualify her to be nominated for appointment to the Community Based Economic Development Advisory Council. Ms. Rasmussen is the founding partner of Skog Rasmussen, LLC, which helps tailor and provide a range of community and economic development solutions for businesses. Ms. Rasmussen previously worked as the Director of the Maui County Mayor's Office of Economic Development for eight years where she helped establish the Small Business Revitalization Grant Program and founded multiple conferences and festivals to promote small businesses. Ms. Rasmussen was also the Co-Owner and Vice President of Paradise Flower Farms, Inc, which operated for nearly forty years. Your Committee notes that Ms. Rasmussen has further served in various capacities as a public servant. Ms. Rasmussen has served the Farm Service Agency of the United States Department of Agriculture, the Agribusiness Development Corporation of the State of Hawaii, and on the Small Business Administration Regional Advisory Board. Ms. Rasmussen has also served on the University of Hawaii Board of Regents, Haleakala Waldorf School's Board of Directors, and the Maui Community College Provost Advisory Board. Ms. Rasmussen has also served several non-profits in the State, including Tri Agency: Maui Youth and Family Services, Aloha House, and Malama Family Recovery and Maui United Way. Ms. Rasmussen has served on the Community Based Economic Development Advisory Council since 2021 and has a thorough understanding of the roles and responsibilities of the Advisory Council's members. Your Committee believes that Ms. Rasmussen's wealth of experience in the public and private sectors will be great assets to the Community Based Economic Development Advisory Council. Your Committee therefore recommends that Teena Rasmussen be appointed to the Community Based Economic Development Advisory Council based on her background, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

#### **SCRep. 1938 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 671 and 672**

Recommending that the Senate advise and consent to the nominations of the following:

#### BOARD OF DIRECTORS OF THE NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY

G.M. No. 671 CYD MIYASHIRO, for a term to expire 06-30-2027; and

G.M. No. 672 GORDON BRUCE, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Cyd Miyashiro and Gordon Bruce for service on the Board of Directors of the Natural Energy Laboratory of Hawaii Authority.

#### CYD MIYASHIRO

Your Committee received testimony in support of the nomination for the appointment of Cyd Miyashiro from the Natural Energy Laboratory of Hawaii Authority and three individuals. Your Committee received testimony in opposition to the nomination for the appointment of Cyd Miyashiro from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Ms. Miyashiro's knowledge, experience, and proven leadership qualify her to be appointed to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority. Ms. Miyashiro holds a Master of Business Administration from George Washington University and a Bachelor of Business Administration from the University of Hawaii at Manoa, and has worked in the banking and finance industries for more than fifteen years. Ms. Miyashiro is currently the First Vice President of American Savings Bank and previously worked for the Department of Business, Economic Development, and Tourism as a Hawaii Broadband Initiative Strategy Officer and for the Hawaii Green Infrastructure Authority as the Acting Executive Director Program Officer. Your Committee notes that Ms. Miyashiro is an active member of her community and previously served as a board member on the Economic Development Alliance of Hawaii and council-member for the Hawaii Interagency Council for Transit-Oriented Development. Ms. Miyashiro has served on the Natural Energy Laboratory of Hawaii Authority since 2019 and currently serves as its Chair. Your Committee therefore recommends that Cyd Miyashiro be appointed to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority based on her private and public sector background, knowledge, and desire to contribute to the community.

#### GORDON BRUCE

Your Committee received testimony in support of the nomination for the appointment of Gordon Bruce from the Natural Energy Laboratory of Hawaii Authority and one individual. Your Committee received testimony in opposition to the nomination for the appointment of Gordon Bruce from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Bruce's background, experience, and commitment to public service qualify him to be appointed to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority. Mr. Bruce holds a Master's Degree from Hawaii Pacific University and has nearly fifty years of experience in the tech industry. During his career, Mr. Bruce has provided a wide range of consulting services to companies across the State, including in the areas of executive management, business startup, business development, strategic planning and governance, cyber security consulting, network infrastructure consulting, project management, and systems administration. Mr. Bruce is currently a managing member of GJB and Associates, LLC, and previously served as Chairman and CEO of Pacxa, the largest information technology company in the State. Mr. Bruce also previously served as the Director of the Department of Information Technology and Chief Information Officer for the City and County of Honolulu. Your Committee notes that Mr. Bruce is also an active leader in the community and is a member of the Armed Forces Communications and Electronics Association, Infragard, Federal Law Enforcement Foundation, and National Defense Industrial Association. Mr. Bruce is also a Cyber-Security Maturity Model Certified Registered Practitioner. Your Committee therefore recommends that Gordon Bruce be appointed to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority based on his technology background, professional experience, an desire to contribute to the community.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1939 Energy, Economic Development, and Tourism on Gov. Msg. No. 654**

Recommending that the Senate advise and consent to the nomination of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 654 SANFORD MORIOKA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Sanford Morioka for service on the Small Business Regulatory Review Board.

Your Committee received testimony in support of the nomination for the appointment of Sanford Morioka from the Department of Business, Economic Development, and Tourism and Small Business Regulatory Review Board. Your Committee received testimony in opposition to the nomination for the appointment of Sanford Morioka from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Morioka's knowledge, experience, and desire to serve his community qualify him to be appointed to the Small Business Regulatory Review Board. Mr. Morioka holds a Bachelor of Business Administration from the University of Portland and has been working in the printing industry for thirty-four years. Mr. Morioka has spent the last twenty-one years working for Edward Enterprises, Inc., a commercial printing company located in Honolulu, where he currently serves as President. Previously, Mr. Morioka worked in the Pacific Northwest for K/P Corporation as an Account Executive and for Wallace Computer Services, Inc., as an Account Executive and Senior Account Executive. Your Committee notes that Mr. Morioka is an active member of several community boards, including the Honolulu Japanese Chamber of Commerce and Kalihi Business Association. Additionally, Mr. Morioka previously served on the University of Hawaii's Shidler Alumni Board of Directors, Hawaii Food Manufacturer's Association's Marketing Committee, Postal Customer Council Hawaii's Board of Directors, and Palama Settlement's Executive Board of Directors. Mr. Morioka has been an interim member of the Small Business Regulatory Review Board since 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Sanford Morioka be appointed to the Small Business Regulatory Review Board based on his business background, knowledge of Hawaii's small business communities, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1940 Commerce and Consumer Protection on Gov. Msg. No. 593**

Recommending that the Senate advise and consent to the nomination of the following:

PUBLIC UTILITIES COMMISSION

G.M. No. 593 COLIN YOST, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Colin Yost for service on the Public Utilities Commission.

Your Committee received testimony in support of the nomination for the appointment of Colin Yost from the Governor; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; Hawaii Green Infrastructure Authority; Mayor of the County of Kaua'i; Board of Water Supply of the City and County of Honolulu; International Brotherhood of Electrical Workers Local 1260; Blue Planet Foundation; Hawai'i Energy; Hawaii Solar Energy Association; Sierra Club of Hawai'i; ProVision Solar, Inc.; AES; and twenty individuals.

Upon review of the testimony, your Committee finds that Mr. Yost's background, experience, and commitment to public service, qualify him for appointment to the Public Utilities Commission. Your Committee notes that Mr. Yost has over twenty-five years of experience as an attorney practicing in the areas of environmental law, civil litigation, business law, consumer law, civil rights, Native Hawaiian rights, real estate matters, and administrative proceedings. Prior to his appointment to the Public Utilities Commission in November 2022, Mr. Yost was the Chief Operating Officer, and former General counsel, for RevoluSun LLC, the largest solar and energy storage contractor in the State. In this position, Mr. Yost gained an in-depth technical and practical understanding of solar and battery storage project development, construction, and interconnection at the small industrial, commercial, and residential levels. Prior to that, Mr. Yost was a founding partner in the law firm Cruise & Yost LLLC, where he advised renewable energy companies on policy and regulatory matters, including numerous filings with the Public Utilities Commission. Mr. Yost also gained considerable experience and knowledge of the regulatory aspects of the telecommunications industry while working as an associate trial attorney at the Paul Johnson Park & Niles law firm.

Your Committee further finds that Mr. Yost recognizes and supports the State's energy policies and goals. Mr. Yost also acknowledges the oversight and administrative role of the Public Utilities Commission, the regulatory responsibilities that the Commission is required to fulfill, and the importance of balancing various interests from different perspectives. Mr. Yost noted that one of his goals for the Public Utilities Commission would be to accelerate and improve the ongoing transformation of the State's electricity and water infrastructure with a focus on community-driven solutions, affordability, reliability, and resilience. Mr. Yost also specified that he considers the Public Utilities Commission's Equity Docket to be of particular importance because it offers the potential of near-term remedies for communities that bear undue infrastructure burdens or have not been able to participate in the energy savings enjoyed by residents and businesses who install rooftop solar.

Your Committee notes that Mr. Yost's community involvement includes prior service as a board member for the Blue Planet Foundation, Hawaii Solar Energy Association, and Partnership for Pacific Resilience, and as an executive committee member and chair of the Hawaii Sierra Club. Mr. Yost was also selected as an emerging leader by Hawaii Business Magazine's "20 for the Next 20: 2016" and was selected to the 2011 Pacific Century Fellows Program. Mr. Yost's broad and diversified background and extensive knowledge with public utilities law will be an invaluable complement to the expertise of other Public Utilities Commissioners. Your Committee therefore recommends that Colin Yost be appointed to the Public Utilities Commission based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1941 Hawaiian Affairs on Gov. Msg. No. 674**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 674 MAKAI FREITAS, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Makai Freitas for service on the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination for the appointment of Makai Freitas from the Governor; Department of Hawaiian Home Lands; one member of the Hawai'i County Council; United Public Workers, AFSCME Local 646, AFL-CIO; Waimea Hawaiian Homestead Association; ILWU Local 142 Hawaii Longshore Division; ILWU Local 100; District 8 Council of the Hawai'i County Committee of the Democratic Party of Hawai'i; and one hundred twenty-four individuals. Your Committee received testimony in opposition to the nomination for the appointment of Makai Freitas from one individual.

Upon review of the testimony, your Committee finds that Mr. Freitas' background, experience, and dedication to community service qualify him to be appointed to the Hawaiian Homes Commission as the representative of West Hawaii, Hawaii island. Mr. Freitas was born and raised on Hawaii island and has deep intergenerational roots and ties to the West Hawaii community. Since January 2022, Mr. Freitas has served as the elected Chair of ILWU Unit 1201 Big Island Stevedores, where he represents the local shipping titans, Matson Navigation Company, Inc. and Hawaii Stevedores, Inc. Previously, Mr. Freitas served as a member of the ILWU Political Action Committee, where he worked with legislators, organized campaign activities, and worked with nonprofits to address the housing needs of his union members. Mr. Freitas is employed as a longshoreman for Big Island Stevedores and previously worked for McCabe, Hamilton and Renny Co., Ltd., Hawaii's oldest and only independently-owned stevedore company. Separately, prior to his career as a longshoreman, Mr. Freitas was a football star, signing with the then Oakland Raiders in 2002. Mr. Freitas has parlayed his passion for football into coaching youth and high school sports leagues on Hawaii island. Mr. Freitas also volunteers as Vice Chair of the District 8 Council of the Hawai'i County Committee of the Democratic Party of Hawai'i, which encompasses Waimea, Waikoloa, Waiki'i, Kawaihae, Kapa'au, and Hawi. Mr. Freitas is additionally a member of the Waimea Community Association.

Your Committee finds that Mr. Freitas, with his deep ties to West Hawaii and his extensive background as a labor organizer and community leader, possesses the requisite qualifications to serve on the Hawaiian Homes Commission as the representative of West Hawaii. Mr. Freitas has a demonstrated ability to engage with communities and be their voice and advocate, a skillset that makes him especially well-suited to serve on behalf of the West Hawaii homestead beneficiaries. Further, Mr. Freitas has demonstrated his deep commitment to improving the community of West Hawaii through his longtime union leadership, public service, and mentorship of the next generation through the arena of sports. Mr. Freitas received tremendous testimonial support in favor of his appointment and your Committee specifically notes the favorable testimony submitted on his behalf from members of the homestead community. Your Committee finds that Mr. Freitas has a thorough understanding of the role and responsibilities of Commission members and therefore

recommends that Makai Freitas be appointed to the Hawaiian Homes Commission based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1942 Health and Human Services on Gov. Msg. No. 514**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF HEALTH

G.M. No. 514 KENNETH FINK, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Dr. Kenneth Fink for service as the Director of Health.

Your Committee received testimony in support of the nomination for the appointment of Dr. Kenneth Fink from the Governor; Department of Health; Department of Hawaiian Home Lands; Department of Budget and Finance; Department of Law Enforcement; Department of Agriculture; Department of Education; Department of Land and Natural Resources; Department of Taxation; Department of Human Services; Executive Office on Aging; Disability and Communication Access Board; Office of Enterprise Technology Services; Hawaii Health Systems Corporation Oahu Region; Hawaii Disability Rights Center; City and County of Honolulu Board of Water Supply; 'Ohana Health Plan; Healthcare Association of Hawaii; AlohaCare; Hawai'i Primary Care Association; Hawai'i Medical Service Association; Kaiser Permanente Hawai'i; Hawai'i Pacific Health; Hāna Health; Castle & Cooke Hawai'i; Capitol Consultants of Hawaii; The Queen's Health System; Hawaii Association of Health Plans; Matson Navigation Company, Inc.; and forty-seven individuals. Your Committee received comments on the nomination for the appointment of Dr. Kenneth Fink from Akamai Cannabis Consulting.

Upon review of the testimony, your Committee finds that Dr. Fink's experience, background, and commitment to public service qualify him for appointment as the Director of Health. Dr. Fink is a seasoned physician-executive with extensive credentials in medicine, military service, public health, public and private sector executive leadership, and public administration. Dr. Fink is board certified in family medicine, and general preventive medicine and public health. He received his Bachelor of Science in Chemistry from Haverford College and his Doctor of Medicine and Master of Governmental Administration from the University of Pennsylvania. After completing his residency in family medicine at the University of Washington, Dr. Fink attended the University of North Carolina School of Public Health, where he earned his Master of Public Health and completed his preventive medicine residency and health services research fellowship as a Robert Wood Johnson Clinical Scholar. Dr. Fink was thereafter selected to be a Kerr White Visiting Scholar and completed a health policy fellowship at the United States Department of Health and Human Services Agency for Healthcare Research and Quality. Furthermore, Dr. Fink was awarded the degree of Fellow by the American Academy of Family Physicians and American College of Preventive Medicine, and trained in the Excellence in Government Fellows Program at the Council for Excellence in Government in Washington D.C.

Dr. Fink has been serving as the Interim Director of Health since January 2023. At the time of his appointment, Dr. Fink was serving as the Vice President for Medicare and Medicaid Programs at the Hawaii Medical Service Association. Before that, Dr. Fink served as the Director of Student Health Services for Kamehameha Schools. Dr. Fink has also served as the Administrator of the Department of Human Services Med-QUEST Division, Chief Medical Officer for Region 10 of the Centers for Medicare and Medicaid Services, and Director of the United States Preventive Services Task Force Program and Director of Evidence-Based Practice Centers Program at the Agency for Healthcare Research and Quality. Dr. Fink's leadership skills are also demonstrated in his military career, during which he received numerous awards and decorations. Following the attack on September 11, 2001, Dr. Fink placed his professional career aside to serve in Operation Enduring Freedom. Dr. Fink recently retired as a Colonel from the United States Air Force Medical Corps. Dr. Fink also served in the Hawai'i Air National Guard as Commander, Chief of Aerospace Medicine, and Flight Surgeon in the 154th Medical Group.

Dr. Fink has earned the trust and respect of his colleagues with whom he has engaged over many years, as evidenced by the overwhelming testimony in support of his nomination. Testifiers who have worked closely with him during his time as the State Medicaid Director have commended his responsiveness and willingness to work through difficult issues, such as addressing the State's historic staffing crisis in neighbor-island emergency air ambulance services, and his honest and candid efforts in working with health care providers to mitigate the impacts of reduction in Medicaid coverage. Dr. Fink has hit the ground running as Interim Director of Health, demonstrating his ability to comprehend and respond to complex issues of the State's diverse health care system. Dr. Fink has garnered the trust and support of his staff by emphasizing values that focus on integrity, sense of stewardship, scientific fidelity, curiosity, innovation, and communication, and has re-energized the Department. Other state agencies have commended Dr. Fink's open-door approach; transparent and ethical leadership; deep understanding of the State residents' various needs, social determinants of health and well-being, and issues impacting the State's most marginalized communities; and communication skills and leadership style that welcomes collaboration and ideas for improvement.

Your Committee notes from Dr. Fink's personal statement that his vision for the Department of Health is to provide all State residents with health equity -- a fair and just opportunity to achieve optimal health and well-being. With over one quarter of the Department's positions being vacant, Dr. Fink has emphasized the necessity to establish a strong foundation to optimize the efficiency and effectiveness of the Department. Dr. Fink has also acknowledged the need to expand public health facilities and workforce to address new issues resulting from the coronavirus disease 2019 pandemic, such as increased mental health needs, and to improve timeliness of vital record certificate issuance. Dr. Fink's goal is for the Department to be a trusted source of information to allow people to make informed health-related decisions during times where a plethora of misinformation and disinformation makes the

deciphering of accurate information increasingly difficult. Dr. Fink has also highlighted the urgent need to ensure that the defueling and decommissioning of the Red Hill Bulk Fuel Storage Facility are performed as quickly as safely possible and to hold the United States Department of Defense accountable to an acceptable timeline. Your Committee therefore recommends that Dr. Kenneth Fink be appointed as Director of Health based on his qualifications, experience, background, and demonstrated commitment to the health and safety of the people of Hawaii.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1943 Health and Human Services on Gov. Msg. No. 527**

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF HEALTH

G.M. No. 527 SUSAN FERNANDEZ, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Susan Fernandez for service as the Deputy Director of Health.

Your Committee received testimony in support of the nomination for the appointment of Susan Fernandez from the Governor, Department of Health, Department of Hawaiian Home Lands, Department of Transportation, Department of Commerce and Consumer Affairs, Department of Taxation, Department of Land and Natural Resources, Department Of Human Services, Department of Budget and Finance, Office of Enterprise Technology Services, Hawaii Public Housing Authority, and twenty-three individuals. Your Committee received testimony in opposition to the nomination for the appointment of Susan Fernandez from two individuals.

Upon review of the testimony, your Committee finds that Ms. Fernandez's professional experience, background, and commitment to public service qualify her to be appointed as the Deputy Director of Health. Ms. Fernandez is the first nominee for the position of Deputy Director of Health from outside of the Department of Health in over twenty years. Ms. Fernandez has over a decade of experience in various administrative and managerial government positions and brings with her a broad range of experience in both public and private sectors in the areas of human resources, health care, finance, strategic planning, legislative processes and budget management, performance evaluation, accreditation support, and neighbor island issues.

Ms. Fernandez earned a Bachelor of Business Administration and Master of Business Administration from the University of Hawaii at Manoa. Prior to her appointment as Deputy Director of Health, Ms. Fernandez served as the Deputy Director of the Department of Community Services for the City and County of Honolulu where she functioned as the Chief Operations Officer and oversaw day-to-day operations, improved and streamlined departmental efforts, and developed innovative processes to increase the Department's efficiency. Before her employment with the City and County of Honolulu, Ms. Fernandez served as the Assistant Hospital Administrator at Hilo Medical Center where she provided executive oversight of Revenue Cycle Departments, developed strategic plans, managed budget policies and procedures, engaged in planning and performance improvement initiatives, managed procurement and reporting, and directed and developed analyses for operations performance and resource utilization. Ms. Fernandez also previously worked as a Chief Budget, Planning, and Management Officer with the Department of Human services; a Budget Chief and Analyst at the Hawaii State House of Representatives for the Standing Committee on Finance; and Operations Senior Manager of the New Ventures/Optical Department at Kaiser Permanente Hawaii. Ms. Fernandez also started her own business, Susan Fernandez Consulting, where she served as a business specialist and advised clients on strategic planning, market development, environmental and market analysis, and budgets and funding sources, and advised startups and aided clients in grants and public funding sources.

The testimony received by your Committee established that Ms. Fernandez is admired and respected by her colleagues and has a proven track record of being an open-minded, driven, intelligent, and caring leader. Ms. Fernandez is committed to serving the public with transparency and integrity and as a compassionate leader who values consensus-building with her team and leads by example. Testifiers who work closely with Ms. Fernandez commented that, in her time as Interim Deputy Director of Health, Ms. Fernandez has brought a fresh perspective on agency policies and procedures that have been well-received and has earned the respect of senior staff as a result of her willingness to listen, desire to be a part of solutions, and follow through in her tasks. Your Committee further notes from Ms. Fernandez's personal statement that her goals for the Department of Health are to create and enable a healthy environment for her staff, improve departmental systems and processes, and deliver critical services to the community. Your Committee therefore recommends that Susan Fernandez be appointed as Deputy Director of Health based on her background, knowledge, and demonstrated commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1944 Transportation and Culture and the Arts on Gov. Msg. No. 530**

Recommending that the Senate advise and consent to the nomination of the following:

FIRST DEPUTY DIRECTOR FOR ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

G.M. No. 530 TAMMY LEE, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Tammy Lee for service as the First Deputy Director for Administration of the Department of Transportation.

Your Committee received testimony in support of the nomination for the appointment of Tammy Lee from the Office of the Governor; Department of Transportation; Department of Land and Natural Resources; Department of Public Safety; Department of Budget and Finance; Department of Labor and Industrial Relations; Department of Agriculture; Department of Human Resources Development; State Procurement Office; Department of Taxation; Hawaii Public Housing Authority; Office of Enterprise Technology Services; Executive Steering Group of the Department of Transportation – Airports Division; Department of Transportation Services of the City and County of Honolulu; International Longshore and Warehouse Union, Local 142; Hawaii Longshore Division of the International Longshore and Warehouse Union, Local 142; Capitol Consultants of Hawaii, LLP; Hawaii Harbor Users Group; Matson Navigation Company, Inc.; Hawaii Think Tank LLC; General Contractors Association of Hawaii; Young Brothers, LLC; Ohanasoft; Pacific Resource Partnership; Airport Concessionaires Committee; SanHi Government Strategies; Airlines Committee of Hawaii; Johnson Controls; Association of Hawaiian Civic Clubs; Ulupono Initiative; and eighty-three individuals.

Upon review of the testimony, your Committee finds that Ms. Lee's experience and knowledge qualify her for appointment as the First Deputy Director for Administration of the Department of Transportation. Ms. Lee has served as the interim First Deputy Director for Administration of the Department of Transportation since December 2022 and has since worked closely with the interim Director of Transportation to ensure the safety, reliability, and continuity of the State's transportation infrastructure and network. Ms. Lee has served in the Department of Transportation Administration Division for sixteen years, serving as a civil rights specialist, contracts officer, business management officer, and administrative services officer. In her most recent role at the Department of Transportation, Ms. Lee served as the Program Director for the Highways Financial Management System Project and led the Highways Revenue Bond 2019A, 2019B, and 2021 transactions, totaling \$300 million in bond proceeds. Ms. Lee also took a proactive approach during the coronavirus disease 2019 (COVID-19) pandemic, when she oversaw forty-five employees with continuous coaching and mentorship; developed division policies for telework; improved workflow through the incorporation of new technologies; and developed a budget to fit the needs and resources of the Department of Transportation. Through Ms. Lee's leadership in the Department of Transportation's paperless procurement process, the Department was able to continue its procurement during the COVID-19 pandemic with minimal interruptions. Additionally, Ms. Lee was instrumental as the co-developer of the Highways Division Engineer Wiki Wiki Hire Program, a hiring program to fill vacancies with talented individuals to fulfill the Highways Division's mandate. Through Ms. Lee's leadership with the Wiki Wiki Hire Program, the Highways Division hired forty-six individuals within the first nine months of the program.

Your Committee also finds that Ms. Lee's extensive experience in both senior management and technical positions within the Department of Transportation provides crucial institutional knowledge that will inform decisions of the Department of Transportation to best serve Hawaii's transportation needs. Ms. Lee's experience has also allowed her to cultivate a sound working relationship with Department of Transportation staff and other employees, serving as an impactful leader with her teams and other Department of Transportation employees. Further, Ms. Lee's varied experience in budget and finance, human resources, procurement, and recruitment will serve as assets to the Department of Transportation as it strives for efficiency and consistency to ensure the State's transportation services remain safe and reliable despite the onset of challenges such as climate change impacting the State's transportation infrastructure network.

Your Committee further finds that Ms. Lee also received several professional accolades, including 2012 Member Transportation Team of the Year, Construction Career Days Team; 2013 Transportation Employee of the Year; and 2020 Member Transportation Team of the Year, Wiki Wiki Team. Ms. Lee received a Juris Doctorate from Gonzaga University School of Law and a Bachelor of Arts in Sociology from the University of Hawaii at Manoa.

Your Committee believes that Ms. Lee's previous experience in administrative, personnel, and project management as well as her technical knowledge qualify her to serve as the Department of Transportation First Deputy for Administration. Ms. Lee's strong work ethic, commitment to enhancing the Department of Transportation toward achievement of its goals, and highly valued interpersonal skills make her an asset to the Department of Transportation's leadership team. Your Committee also believes that Ms. Lee has demonstrated a vision for the administrative processes of the Department of Transportation to ensure all Department functions are carried out efficiently and in a timely manner. Further, testifiers commented on Ms. Lee's dedication to and thoughtfulness toward her employees and Department of Transportation projects, as evidenced through her long-term service to the Department, making her an ideal candidate to carry out the mission, responsibilities, and goals of the Department. Therefore, your Committee recommends that Tammy Lee be appointed as the First Deputy Director for Administration of the Department of Transportation based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Inouye).

**SCRep. 1945 Transportation and Culture and the Arts on H.C.R. No. 31**

The purpose and intent of this measure is to urge the Department of Transportation to construct an all-way crosswalk along the cross-streets of Kahualii Street, Waipio Point Access Road, and Farrington Highway.

Your Committee received testimony in support of this measure from the Department of Education, Department of Transportation, and four individuals.

Your Committee finds that the area surrounding Waipahu High School before and after the school day becomes heavily congested with cars and pedestrians commuting through the area. Due to the street design, students and individuals need to cross multiple times to get to and from Waipahu High School, often overflowing pedestrian islands. The high density of students and individuals on

pedestrian islands poses a significant safety concern, as pedestrians may be pushed into oncoming traffic. This measure urges alternative methods to alleviate safety concerns and traffic congestion near Waipahu High School.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 31, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1946 Transportation and Culture and the Arts on H.C.R. No. 33**

The purpose and intent of this measure is to designate November 22, 2023, as “Kimchi Day” in the State.

Your Committee received testimony in support of this measure from the Korean American Coalition of Hawaii, Maui Korean Community Association, Peaceful Unification Advisory Council Hawaii, United Korean Association of Hawaii, and fourteen individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that 2023 marks the one hundred twentieth anniversary of the arrival of the first Korean immigrant workers in Hawaii. Since then, Korean Americans in Hawaii, including approximately fifty thousand residents who are ethnically Korean, have greatly contributed to the diverse and vibrant culture of the State. In 2013, the traditional process of preparing kimchi (“kimjang”), a traditional Korean dish with an extensive history beginning over two millennia ago, was recognized as an intangible cultural heritage of humanity by the United Nations Educational, Scientific and Cultural Organization.

Your Committee further finds that South Korea celebrates “National Kimchi Day” on November 22 to represent eleven major ingredients in kimchi and its associated twenty-two health benefits. As the popularity of kimchi has grown significantly, other states such as California and Virginia celebrate Kimchi Day. Therefore, this measure celebrates the diverse ethnic heritage of the State and recognizes Korean Americans’ contributions to the State’s vibrant food culture.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1947 Transportation and Culture and the Arts on H.C.R. No. 81**

The purpose and intent of this measure is to recognize August 8, 2023, as Hawaiian Honeycreepers Celebration Day.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy; Coordinating Group on Alien Pest Species; American Bird Conservancy; numerous students from Kalaheo Elementary School, Kanuikaponu Public Charter School, ‘Iolani School, Pōmaika‘i Elementary School, Mānoa Elementary School, Volcano Elementary School; and three individuals.

Your Committee finds that Hawaii is home to many native plant and animal species, including forty-seven endemic manu (bird) species that include honeycreepers. The introduction of various threats, including predators, disease, climate change, and degradation of habitats, has accelerated extinction threats for native manu. By recognizing the cultural and scientific significance of manu through community awareness and support, further success to protect native manu can be achieved. This measure recognizes the importance of Hawaii’s native species while also acknowledging ongoing efforts to protect and preserve native manu in the State’s natural areas.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 81, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1948 Transportation and Culture and the Arts on H.C.R. No. 68**

The purpose and intent of this measure is to:

- (1) Urge the United States to support Taiwan’s participation in international organizations, including the World Health Organization, International Criminal Police Organization, United Nations Framework Convention on Climate Change, and International Civil Aviation Organization; and
- (2) Urge international organizations to grant Taiwan observer or other appropriate status.

Your Committee received testimony in support of this measure from the Taipei Economic and Cultural Office in Honolulu.

Your Committee finds that similar to the United States, Taiwan shares universal values of freedom, democracy, and respect for human rights and the rule of law. Taiwan and Hawaii have an established sister-state relationship since 1993, and each major county in the State has an ongoing sister-city or sister-county relationship. Additionally, Taiwan has also become a growing economic force as the twenty-first largest economy in the world. While Taiwan holds membership as an observer in forty different international organizations, it lacks membership and statuses in major groups that are instrumental in international policy, law and order, and finance. This measure encourages the advancement of international relations with Taiwan to achieve shared goals and prioritize similar values.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1949 Transportation and Culture and the Arts on H.C.R. No. 19**

The purpose and intent of this measure is to urge the Department of Transportation Services of the City and County of Honolulu to conduct a feasibility study of widening the portion of University Avenue between Maile Way and Oahu Avenue.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Manoa Valley is a residential neighborhood of Honolulu, servicing four private schools; numerous businesses, clubs, and organizations; kupuna care and health care centers; and the University of Hawaii at Manoa. Despite the high traffic volume into and out of Manoa Valley, the ingress and egress is limited to two roads: Manoa Road and University Avenue. The limited access to Manoa Valley also poses a safety concern for all roadway users and emergency responders. This measure will alleviate traffic congestion to provide more accessibility to Manoa Valley.

Your Committee has amended this measure by:

- (1) Urging the Department of Transportation Services of the City and County of Honolulu to widen University Avenue to become a complete street providing safe and protected transit for all modes;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 19, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 19, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1950 Transportation and Culture and the Arts on H.C.R. No. 90**

The purpose and intent of this measure is to request the Department of Transportation, in coordination with the Department of Transportation Services of the City and County of Honolulu, to install speed bumps and other traffic calming structures on Ala Aolani Street in Moanalua Valley and other surrounding streets deemed appropriate to deter speeding.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that certain residential streets across the State, including Ala Aolani Street in Moanalua Valley, serve as major arteries to connect neighborhoods with major roadways. While residential areas have lower speed limits than highways and major roadways, speeding remains a risk to all roadway users, including bicyclists, pedestrians, passengers, and even drivers. Therefore, the installation of traffic calming tools may preserve the character of residential streets while also promoting safe practices for all roadway users.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 90, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1951 Transportation and Culture and the Arts on H.C.R. No. 150**

The purpose and intent of this measure is to request the Department of Transportation to establish an air service task force to provide recommendations for improving commercial air travel to and from Molokai and Lanai.

Your Committee received testimony in support of this measure from the Department of Transportation and four individuals.

Your Committee finds that, presently, only one commercial airline provides air transport services to Molokai and Lanai, which has become unreliable as flights are infrequent and often canceled at the last minute. As a result, many Molokai and Lanai residents who must travel for essential reasons such as medical appointments, work, and family, are stranded without outgoing or inbound flights. This measure aims to improve air transportation services for Molokai and Lanai between major hubs to provide residents with stable, reliable, and affordable options.

Your Committee has amended this measure by:

- (1) Amending the composition of the air service task force by:
  - (A) Removing the United States Secretary of Transportation, or the Secretary's designee;
  - (B) Removing the Regional Administrator for the Federal Aviation Administration, Western-Pacific Region, or the Regional Administrator's designee;
  - (C) Removing the Director of Commerce and Consumer Affairs, or the Director's designee;
  - (D) Adding three members to be selected by the Governor, President of the Senate, and Speaker of the House of Representatives, respectively; and
  - (E) Adding any additional member whose expertise may be relevant to and as recommended by the task force;

- (2) Inviting the Regional Administrator for the Federal Aviation Administration, Western-Pacific Region to the task force;
- (3) Requesting the task force to consider a new air traffic control tower for Lanai Airport;
- (4) Removing the United States Secretary of Transportation and Director of Commerce and Consumer Affairs from the list of recipients of certified copies;
- (5) Adding the Governor to the list of recipients of certified copies; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 150, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 150, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1952 Transportation and Culture and the Arts on H.C.R. No. 16**

The purpose and intent of this measure is to designate February 24, 2023, as “Remember Ukraine Day in Hawaii”

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai‘i, Hawaii Stands With Ukraine, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that on February 24, 2022, the military forces of Russia attacked the neighboring country of Ukraine in an unprovoked invasion. People all over the world were deeply moved by the tragic loss of human life, intentional targeting of Ukrainian noncombatants, and massive destruction inflicted upon Ukraine. As a result, the global diplomatic, ideological, and moral response, led by the United States and its allies, set a precedent especially for other nations who would deploy similar tactics against peaceful neighboring countries. This measure upholds human rights, individual freedoms, and remembers the devastating toll of the Russian invasion of Ukraine.

Your Committee has amended this measure by:

- (1) Deleting language that would have designated February 24, 2023, as “Remember Ukraine Day in Hawaii”;
- (2) Inserting language affirming support and solidarity with the free and independent people of Ukraine;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 16, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 16, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

**SCRep. 1953 (Joint) Government Operations and Transportation and Culture and the Arts on H.C.R. No. 37**

The purpose and intent of this measure is to request the Comptroller, in consultation with other state officials, to submit a report on the process and procedures for the transfer of funds to the Works of Art Special Fund.

Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Your Committees find that Act 298, Session Laws of Hawaii 1967, required all appropriations for the original construction of any state building to include, as a nondeductible item, an amount of one percent of the appropriation for the acquisition of works of art that may be incorporated into the facility. Further, Act 389, Session Laws of Hawaii 1989, established the Works of Art Special Fund into which one percent of all state fund appropriations for capital improvements designated for the construction cost element is mandated to be deposited. While the requirements for the Works of Art Special Fund are statutorily prescriptive, further clarification is needed to ensure funds are spent in an appropriate manner to support the State’s artistic heritage. This measure requests information to ensure the process for the transfer of funds into the Works of Art Special Fund is efficient and proper.

As affirmed by the records of votes of the members of your Committees on Government Operations and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 37, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).  
Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1954 Commerce and Consumer Protection on H.C.R. No. 29**

The purpose and intent of this measure is to request the Department of Commerce and Consumer Affairs to study potential solutions for the legal and physical situation at Sunset Memorial Park and make recommendations for a long-term management plan.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that Sunset Memorial Park in Pearl City, Oahu, has been neglected for years and has been the subject of numerous complaints by individuals who have family members buried there. The company that owns Sunset Memorial Park involuntarily dissolved in 2006, and the company's owner passed away in 2011, leaving the property in legal limbo. Since the passing of the property's owner, maintenance of Sunset Memorial Park has relied solely on volunteers to clean up and care for the cemetery. In response, the Legislature enacted Act 193, Session Laws of Hawaii 2018 (Act 193) to limit liability for volunteers maintaining or repairing cemetery grounds. Act 193 also required the Department of Commerce and Consumer Affairs, in consultation with the Department of Accounting and General Services, to develop short-term and long-term strategies for the upkeep, repair, and maintenance of Sunset Memorial Park. Although much work has been done to survey and map Sunset Memorial Park, almost five years have passed since the enactment of Act 193, and a long-term plan or solution regarding Sunset Memorial Park is still not in place. This measure is a step towards helping the community to secure real and long-term solutions for the maintenance of Sunset Memorial Park.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 29, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1955 Commerce and Consumer Protection on H.C.R. No. 41**

The purpose and intent of this measure is to:

- (1) Urge the Public Utilities Commission to reevaluate and adopt administrative rules relating to the removal of abandoned lines, double poles, and equipment; and
- (2) Request the Public Utilities Commission to adopt updated provisions of the National Electrical Safety Code to streamline the removal of double poles and other unsafe abandoned equipment.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs Division of Consumer Advocacy and one individual. Your Committee received comments on this measure from the Public Utilities Commission, Hawaiian Electric, and Hawaiian Telcom.

Your Committee finds that the Public Utilities Commission (PUC) regulates all chartered, franchised, certificated, and registered public utility companies operating in the State. The 2002 edition of the National Electrical Safety Code, adopted by the PUC, states that "[l]ines and equipment permanently abandoned shall be removed or maintained in a safe condition." Your Committee finds that when a new utility pole is installed adjacent to an existing utility pole for the purpose of transferring electric, telephone, cable, or other wires from one pole to another, the original pole is often left in place, resulting in what is referred to as double poles. There are thousands of derelict utility poles, double poles, and utility lines abandoned across Hawaii neighborhoods. The removal of unnecessary and unsightly derelict lines and poles will eliminate potential public hazards, organize communication and utility pole lines, and favorably influence the surrounding community. This measure therefore requests the PUC to adopt provisions of the National Electrical Safety Code in order to expedite the removal of unused poles.

Your Committee notes the concerns raised in testimony that administrative rule making can be a lengthy process and that opening a new proceeding to address the issue of double poles would be more expedient. Accordingly, amendments to this measure are necessary to address these concerns.

Therefore, your Committee has amended this measure by:

- (1) Replacing language urging the PUC to adopt administrative rules relating to the removal of abandoned lines, double poles, and equipment with language urging the PUC to open a new proceeding relating to the removal of abandoned lines, double poles, and equipment;
- (2) Deleting language urging the PUC to adopt updated provisions of the National Electrical Safety code;
- (3) Inserting language requesting the PUC to submit a status report of the new proceeding to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 41, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 41, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1956 Housing on H.C.R. No. 179**

The purpose and intent of this measure is to reaffirm the Legislature's commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Affordable Housing Connections, LLC.

Your Committee finds that the State is facing a housing shortage and it must support and facilitate the production and maintenance of available affordable housing. Your Committee recognizes that, while Low-Income Housing Tax Credits are not subject to a volume cap, they must be used in conjunction with private activity bond financing. Your Committee further recognizes that the combination of federal and state Low-Income Housing Tax Credits and private activity bonds allows developers to feasibly build rental housing projects for households at or below sixty percent of the area median income. Additionally, private activity bonds, which are capped by the federal government each year, have been the primary financing source of affordable housing. While special purpose revenue bonds (SPRBs) have no cap, some are subject to the private activity bond volume cap, which can divert much needed private activity bond financing and hinder the ability of developers to build affordable housing projects in the State. In recognition of this situation, the Legislature enacted Act 182, Session Laws of Hawaii 2022, which establishes a moratorium on the issuance of SPRBs, unless requested by the Governor. This measure seeks to reaffirm the Legislature's commitment to allow the maximum amount of private activity bonds to be used to address the State's ongoing housing crisis.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 179, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1957 Housing on H.C.R. No. 178**

The purpose and intent of this measure is to request that the University of Hawaii, in consultation with the Hawaii Housing Finance and Development Corporation or any other appropriate state agency, conduct a feasibility study on redeveloping lands situated at tax map parcel (TMK) (1) 2-8-015:001 into workforce housing and other affiliated uses.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii System is currently planning to redevelop some of its real estate, including TMK (1) 2-8-015:001, which is the current location of the College of Education, the former location of the Public Broadcasting Station, the University Laboratory (Charter) School, and the University of Hawaii at Manoa Childcare Center. According to testimony received by your Committee, the University of Hawaii has already been looking to relocate university facilities on TMK (1) 2-8-015:001, and is considering the development of housing on the parcel, as it would benefit the University, surrounding neighborhood, and the State. This measure accordingly helps advance the State in its efforts to address its ongoing housing crisis, especially the need for workforce housing.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1958 Labor and Technology on H.C.R. No. 58**

The purpose and intent of this measure is to request the Department of Labor and Industrial Relations to complete a comparative study of its policies on youth employment and federal requirements for youth employment under the Fair Labor Standards Act.

Your Committee received testimony in support of this measure from HawaiiKidsCan, Hawaii Work-Based Learning Policy Hui, Chamber of Commerce Hawaii, and one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the feasibility study requested by this measure is intended to broaden work-based opportunities for students in the State. Your Committee further finds that not only do certain work-based learning opportunities provide students with exposure and experience to later obtain high-quality, high-paying jobs, but they can also give certain employers the chance to recruit and grow their workforce through mentoring and training the next generation of workers. According to testimony received by your Committee, the Department of Labor and Industrial Relations does not currently have the capacity to take on additional responsibilities. This measure is necessary to determine how to best support career readiness experiences shared between students, employers, and other stakeholders.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that:
  - (A) States that resources exist across the State for students to participate in public and private work-based learning opportunities;
  - (B) Requests the Department of Labor and Industrial Relations to examine policies that will broaden work-based learning opportunities for students;
  - (C) Requests that the Department of Labor and Industrial Relations report on what practices and policies would enable the State to streamline access to work-based learning opportunities that provide students with advantages in the Hawaii job market; and
  - (D) Encourages the Department of Labor and Industrial Relations to work with partners, such as Hawaii P-20 and Chamber of Commerce Hawaii, for additional research capacity and support, if needed;
- (2) Updating the list of certified copy recipients to include the Executive Director of the Workforce Development Council;
- (3) Amending the title accordingly; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 58, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Lee).

**SCRep. 1959 Labor and Technology on H.C.R. No. 61**

The purpose and intent of this measure is to request the Hawaii Labor Relations Board to establish objective standards and criteria for splitting off a group of state workers into a new bargaining unit to assist the Legislature in determining the appropriateness of requests that come before it.

Your Committee received testimony in support of this measure from United Public Workers, AFSCME Local 646, AFL-CIO and one individual. Your Committee received comments on this measure from the Hawaii Labor Relations Board and one individual.

Your Committee finds that since the Legislature established thirteen statutorily defined collective bargaining units in 1970, only two additional collective bargaining units have been created. This measure seeks to establish objective standards and criteria that protect the rights and working conditions of public workers in the State so that the Legislature can appropriately evaluate measures that request the creation of additional bargaining units.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 61, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Lee).

**SCRep. 1960 Transportation and Culture and the Arts on Gov. Msg. Nos. 570 and 571**

Recommending that the Senate advise and consent to the nominations of the following:

MEDICAL ADVISORY BOARD

G.M. No. 570 BERTRAM PROVIDENCE, MD, for a term to expire 06-30-2027; and

G.M. No. 571 BRENT BURROUGHS, MD, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Bertram Providence and Brent Burroughs for service on the Medical Advisory Board.

BERTRAM PROVIDENCE

Your Committee did not receive any testimony on the nomination for the appointment of Bertram Providence.

Your Committee finds that Dr. Providence's experience and knowledge qualify him for appointment to the Medical Advisory Board. A lifelong public servant, Dr. Providence served in the United States Army Medical Corps for twenty-seven years, attaining the rank of Brigadier General. Dr. Providence currently serves a board-certified orthopedic surgeon at Tripler Army Medical Center and Chief of Orthopedic Surgery Service at the Veterans Affairs Medical Center in Honolulu. In addition to his role as a medical professional, Dr. Providence also serves as an Adjunct Professor of Surgery at the Uniformed Services University in Bethesda, Maryland, educating the next generation of surgeons across the United States. Based on Dr. Providence's varied experiences in the field of surgery and orthopedics, his knowledge and experience will provide a unique perspective to the Medical Advisory Board. Your Committee therefore recommends that Bertram Providence be appointed to the Medical Advisory Board based on his experience, knowledge, and commitment to public service.

BRENT BURROUGHS

Your Committee did not receive any testimony on the nomination for the appointment of Brent Burroughs.

Your Committee finds that Dr. Burroughs' experience and knowledge qualify him for appointment to the Medical Advisory Board. Dr. Burroughs is a board-certified neurologist with over twenty years of experience. Before moving to Hawaii, Dr. Burroughs served as a neurologist in private practice while also assisting with the comprehensive stroke program at Legacy Meridian Park in Oregon. Presently, Dr. Burroughs serves as a Neurologist at Queen's Medical Center - West Oahu, managing the hospital's neurology inpatient and outpatient services. In addition to his work as a neurologist, Dr. Burroughs serves as a member of the West Physician Executive Council, the Queen's Medical Center - West Oahu's physician leadership board. Your Committee further finds that Dr. Burroughs understands the roles and responsibilities of board members and that his experience and knowledge will provide a unique perspective to the Medical Advisory Board. Your Committee therefore recommends that Brent Burroughs be appointed to the Medical Advisory Board based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Transportation and Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Inouye).

**SCRep. 1961 Transportation and Culture and the Arts on Gov. Msg. No. 573**

Recommending that the Senate advise and consent to the nomination of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS

G.M. No. 573 JANET SATO, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Janet Sato for service on the State Foundation on Culture and the Arts.

Your Committee received testimony in support of the nomination for the appointment of Janet Sato from the State Foundation on Culture and the Arts and seven individuals.

Upon review of the testimony, your Committee finds that Ms. Sato's experience and knowledge qualify her for appointment to the State Foundation on Culture and the Arts. Ms. Sato recently retired from the Department of Education, serving as a visual arts instructor for over thirty years at H.P. Baldwin High School in Wailuku, Maui. As an active member of her community, Ms. Sato was instrumental in the State Foundation on Culture and the Arts' Artists-in-the-Schools program National Portfolio Day. Additionally, Ms. Sato also encouraged her visual arts students in competitions across the State and the United States, such as the Hawaii Regional Scholastic Art and Photography Exhibition and Kaha Ki'i Congressional Art Competition. Your Committee further finds that Ms. Sato's extensive experience in the visual art community will be assets to the State Foundation on Culture and the Arts. Your Committee therefore recommends that Janet Sato be appointed to the State Foundation on Culture and the Arts based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1962 Transportation and Culture and the Arts on H.C.R. No. 133**

The purpose and intent of this measure is to urge the Department of Transportation to conduct a study to establish safe routes to school.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that transformative change of Hawaii's transportation routes to prioritize walking, rolling, bicycling, and public transit will allow the State to achieve its transportation, public health, education, and clean energy goals. Creating complete, safe routes to schools for Hawaii's students provides safe, convenient, and accessible routes to ensure every student has an opportunity to attend classes without the fear of serious injuries. However, decades of automobile-centric planning and development has created formidable barriers to creating complete, safe, and comfortable bicycle and pedestrian networks. This measure promotes the health and safety of Hawaii's students, including those in rural and low socioeconomic communities, while also prioritizing infrastructure improvements to provide alternative transportation routes and modes.

Your Committee has amended this measure by:

- (1) Deleting language that would have urged the Department of Transportation to conduct a study to establish safe routes to school;
- (2) Inserting language that urges the Department of Transportation to establish safe routes to school in Waipahu;
- (3) Deleting language that would have required the Department of Transportation to submit a report to the Legislature;
- (4) Inserting language that requests the Department of Transportation, in consultation with the Department of Transportation Services of the City and County of Honolulu, to consider the construction of raised sidewalks and safer crossings in the Waipahu area;
- (5) Adding the Director of Transportation Services of the City and County of Honolulu to the list of recipients of certified copies;
- (6) Amending its title in accordance with its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 133, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 133, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1963 (Majority) Judiciary on H.C.R. No. 74**

The purpose and intent of this measure is to encourage the facilitation of a path to citizenship for immigrants from parties to the Compacts of Free Association.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawai'i Civil Rights Commission. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Compacts of Free Association (COFA) are a series of treaties between the United States, the Federated States of Micronesia, the Republic of Palau, and the Republic of the Marshall Islands. Your Committee finds that COFA allows citizens of Micronesia to live and legally work in the United States without visas as "non-immigrants". While citizens of COFA nations present in the United States are eligible to receive some social and health services that other immigrants and United States

citizens can receive, they are ineligible for other services, including Medicaid. Under United States immigration law there is no path to United States citizenship for citizens of COFA nations. This measure encourages the creation of a path to citizenship for citizens of COFA nations.

Your Committee has amended this measure by clarifying its legislative findings.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 74, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 74, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1964      Judiciary on H.C.R. No. 72**

The purpose and intent of this measure is to urge the Office of Youth Services and Family Court of the First Judicial Circuit to collaborate in identifying processes, procedures, and strategies for partnering with community organizations to maximize rehabilitation and minimize recidivism for juvenile offenders.

Your Committee received testimony in support of this measure from the Judiciary, Office of Youth Services, Hawai'i Youth Services Network, Policy Advocacy Clinic at Berkeley Law, American Civil Liberties Union of Hawai'i, and one individual.

Your Committee finds that children of Micronesian or Native Hawaiian ancestry and other Pacific Island youth are overrepresented in the State's juvenile justice system. Intergenerational trauma, cultural disconnection, homelessness, and other factors can drive and contribute to a high disparity in such juvenile offenders. Studies have shown that youth who are connected to their culture and community are more successful and less likely to become involved in the juvenile justice system. This measure will encourage the Office of Youth Services and Family Court of the First Judicial Circuit to work with community organizations to identify ways to reduce the overrepresentation of Pacific Islander and other marginalized youths within the juvenile justice system.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 72, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1965      Judiciary on H.C.R. No. 87**

The purpose and intent of this measure is to request the Office of Elections to prepare and submit a proposal to the Legislature on the cost and personnel required to prepare and distribute a voter information guide.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that the public needs access to information on candidates for elected office and ballot questions in a clear, standardized format. There is increasing demand for access to information in a digital format. Voters with special-needs require adaptive technology to access digital information, and voters may require ballot information to be made available in their native language. This measure will encourage the Office of Elections to prepare to provide voters with candidate information in a printed format, digital format, and screen reader-accessible format for voters with special needs who are unable to read standard print due to disability, and a translation of the digital voter information in various languages.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 87, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1966      Judiciary on H.C.R. No. 200**

The purpose and intent of this measure is to urge the President of the United States to publish the Equal Rights Amendment as the Twenty-eighth Amendment to the Constitution of the United States.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Article V of the Constitution of the United States sets forth a two-step amending procedure. The first step of the Article V amending procedure is the proposal of an amendment either by two-thirds vote of both houses of Congress or by a convention called by application of two-thirds of the states. In 1972, the ninety-second Congress of the United States, at its second session, in both houses, by a constitutional majority of two-thirds, adopted the Equal Rights Amendment. The second and final step of the Article V amending procedure is ratification of an amendment by three-fourths of the states. As of January 27, 2020, three-fourths of the states have ratified the Equal Rights Amendment. The Equal Rights Amendment now meets the strict requirements of Article V of the Constitution of the United States and should be added as the Twenty-eighth Amendment with no further delay.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1967 (Joint) Judiciary and Hawaiian Affairs on H.C.R. No. 108**

The purpose and intent of this measure is to urge the establishment of a Native Hawaiian Intellectual Property Working Group to discuss policies and legislation with respect to Native Hawaiian intellectual property.

Your Committees received testimony in support of this measure from one member of the Hawai'i County Council, Council for Native Hawaiian Advancement, and eleven individuals. Your Committees received comments on this measure from one individual.

Your Committees find that Native Hawaiian people's collective intellectual property rights are based upon the traditional, cultural knowledge developed over thousands of years and passed down from generation to generation. Your Committees further find that the laws of the State do not expressly recognize and protect the collective intellectual property rights of the Native Hawaiian peoples. This measure will establish a Native Intellectual Property Working Group to address that issue.

Your Committees have amended this measure by:

- (1) Adding the Association of Hawaiian Civic Clubs to the Native Intellectual Property Working Group;
- (2) Specifying that a majority of the members, rather than a consensus, can include additional Native Hawaiian organizations;
- (3) Changing the report submission deadline to forty days prior to the Regular Session of 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 108, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 108, H.D. 1, S.D. 1.

Signed by the Chair and President on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Ihara, Shimabukuro).

**SCRep. 1968 Agriculture and Environment on H.C.R. No. 107**

The purpose and intent of this measure is to urge the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill or deemed to have been impacted by an active landfill to a degree that warrants such an exemption.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers; Hydroponics Alternatives, LLC; and six individuals.

Your Committee finds that landfills are hazardous to human health and that communities in West Oahu have been subjected to these hazards for decades. The community members and their families in the two census tracts abutting the PVT Landfill operated in Nanakuli have been especially impacted by the attributed pollution in the area, and live approximately ten years less than the state average of eighty-two years, being the second and third lowest life expectancies in Hawaii. Your Committee acknowledges that every community in Hawaii is entitled to a clean and healthful environment and that the overreliance on landfills and consumer-based solid waste accumulation is unsustainable and detrimental to the health of residents and the environment of the State. However, your Committee further recognizes that the critical statewide waste-related infrastructure changes will require immense planning, funding, and political support over time, which can each be slow to acquire and fickle by nature. In the meantime, the State must do what it can to alleviate the immediately hazardous and deleterious ailments that afflict residents near landfills on Oahu. Therefore, this measure urges the City and County of Honolulu to provide a real property tax exemption for those residents living within a certain distance of an active landfill and in areas that the City and County deems to be impacted by landfill operations. While this exemption does not resolve the overarching issue, it is intended to reduce the burdens of a polluted environment by financially empowering residents to improve their health and well-being as they see fit.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 107, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1969 Judiciary on H.C.R. No. 51**

The purpose and intent of this measure is to urge the Governor to initiate a clemency program for individuals who have been prosecuted for cannabis-related offenses.

Your Committee received testimony in support of this measure from the Last Prisoner Project, Drug Policy Forum of Hawaii, American Civil Liberties Union of Hawai'i, Marijuana Policy Project, and nine individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the war on drugs has been found to be destructive and devastating to immigrant, indigenous, and low-income individuals, families, and communities. Mass incarceration is significantly worsened by the war on drugs, which includes the criminalization of cannabis possession. The prosecution of cannabis offenses has deprived people of accessing higher education, housing, employment, individual liberty, and the right to vote. This measure requests the initiation of a clemency program for individuals who have been prosecuted for cannabis-related offenses, which will eliminate barriers for thousands of people seeking employment, housing, and educational opportunities who would have otherwise been ineligible.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 51, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1970 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 86**

The purpose and intent of this measure is to request the Legislative Reference Bureau to report on systems of firearms insurance and other financial responsibility requirements pertaining to firearms.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Legislative Reference Bureau and the Department of Commerce and Consumer Affairs' Insurance Division.

Your Committee finds that in recent years, legislation has been introduced or considered in a number of states, including Hawaii, that would establish systems of mandatory firearms insurance or other financial responsibility requirements. Your Committee believes that systems of insurance and other financial responsibility requirements can, in some contexts, play an important role by facilitating compensation for injured persons and reducing risks by encouraging safer behavior. This measure will help to facilitate further study and consideration of the rapidly evolving policy area of firearms insurance and other financial responsibility requirements pertaining to firearms.

Your Committee has amended this measure by:

- (1) Limiting the scope of the Legislative Reference Bureau's summary of relevant firearm insurance laws and other financial responsibilities on firearms to insurance laws that other states may be enacting;
- (2) Clarifying that the Insurance Commissioner is requested to provide an analysis of the types of firearm insurance policies offered in other states, which entities are offering those policies, and the pricing of those policies; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 86, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 86, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1971 Judiciary on H.C.R. No. 88**

The purpose and intent of this measure is to request the Judiciary to prepare a master development plan for the South Kohala District Court complex, including a capitol improvement project request, to upgrade the South Kohala District Court.

Your Committee received no testimony on this measure.

Your Committee finds that Waimea needs a bigger district court complex, a District Court Judge, and Circuit Court Judge to serve the large geographical area and its growing population. The current complex does not have adequate seating capacity, and people often must wait outside; some days as many as fifty individuals are forced to wait outside. This serious lack of judiciary facilities in South Kohala can only be remedied by an objective evaluation of the demand for these facilities and a determination of how these needs can be met. This evaluation and analysis would provide the necessary information to prepare a master development plan to upgrade the South Kohala District Court complex. This measure will encourage the Judiciary to prepare a plan to resolve the problems related to the lack of space for court staff and users, courthouse security improvements, and access.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 88, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1972 Health and Human Services on Gov. Msg. Nos. 594, 595, 612, and 629**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON MENTAL HEALTH

- G.M. No. 594 KRISTIN WILL, for a term to expire 06-30-2026;
- G.M. No. 595 HEIDI ILYAVI, for a term to expire 06-30-2026;
- G.M. No. 612 JOHN BETLACH, for a term to expire 06-30-2026; and
- G.M. No. 629 MARY WATERHOUSE, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Kristin Will, Heidi Ilyavi, John Betlach, and Mary Waterhouse for service on the State Council on Mental Health.

KRISTIN WILL

Your Committee received testimony in support of the nomination for the appointment of Kristin Will from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Will's professional experience, knowledge, and dedication to serving others qualify her for appointment to the State Council on Mental Health as a member representing the principal state agency with

respect to criminal justice. Ms. Will holds a Master's degree in Clinical Psychology with a specialization in Forensic Psychology and is a state Certified Substance Abuse Counselor. Since 2018, Ms. Will has worked with individuals with serious and persistent mental illness as a social worker within the Mental Health Unit of the Judiciary. In 2021, she assumed the roles of Mental Health Unit Supervisor and Mental Health Court Coordinator for the Judiciary's Mental Health Court Program. Prior to her work with the Judiciary, Ms. Will served as a Substance Abuse Counselor at the Kalihi Branch of the YMCA of Honolulu, where she provided substance use treatment, counseling, and education to youth. Your Committee notes that Ms. Will has served as an interim member of the State Council on Mental Health since July 2022, and her knowledge of the legal system as it pertains to mental health will continue to be invaluable to the Council's work. Your Committee therefore recommends that Kristin Will be appointed to the State Council on Mental Health based on her experience and passion for helping individuals with mental illness and substance abuse disorders.

#### HEIDI ILYAVI

Your Committee received testimony in support of the nomination for the appointment of Heidi Ilyavi from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Ilyavi's background, knowledge, and desire to serve her community qualify her for appointment to the State Council on Mental Health as a member representing families of children with serious emotional disturbances. Ms. Ilyavi currently serves as a Parent Partner with Child and Family Service, where she works directly with families caring for youth with emotional and behavioral challenges to help them learn new skills, access resources, advocate for themselves, and navigate state systems and agencies. Further, as a parent of a child with mental health issues, she brings personal experience of the needs, resources, and service gaps of the behavioral health support system. Your Committee notes that Ms. Ilyavi has served on the State Council on Mental Health since 2020. During her tenure, Ms. Ilyavi has advocated for increasing the living wage for mental health workers and the more effective use of data to improve mental health services. Your Committee finds that Ms. Ilyavi's experience and knowledge will continue to be assets to the Council and therefore recommends that Heidi Ilyavi be appointed to the State Council on Mental Health based on her personal and professional experience, proven advocacy, and commitment to serving youth with mental health issues.

#### JOHN BETLACH

Your Committee received testimony in support of the nomination for the appointment of John Betlach from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Betlach's knowledge, experience, and desire to serve the community qualify him for appointment to the State Council on Mental Health as a member representing the Hawaii Service Area Board on Mental Health and Substance Abuse. Mr. Betlach holds a Master of Business Administration and a Master's degree in Holistic Health Education with a focus on body-oriented psychotherapy and cultural differences. For nearly forty years, Mr. Betlach has served as a Health and Wellness Coach, educating individuals on holistic healing methods and how to develop resiliency in times of crisis. As an experienced clinical professional, Mr. Betlach has provided direct care, treatment, intervention, case management, and counseling in both inpatient and outpatient settings, including as a psychiatric technician at a home for children who were sexually abused, suicidal, and chemically dependent. Your Committee notes that Mr. Betlach currently serves as an interim member of the State Council on Mental Health, and his knowledge and experience will continue to be of great value to the Council. Your Committee therefore recommends that John Betlach be appointed to the State Council on Mental Health based on his experience, expertise, and passion for serving those in need.

#### MARY WATERHOUSE

Your Committee received testimony in support of the nomination for the appointment of Mary Waterhouse from the Department of Health; Hawaii Disability Rights Center; The Institute for Human Services, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Ms. Waterhouse's proven leadership, experience, and commitment to public service qualify her for appointment to the State Council on Mental Health as a member representing families of adults with serious mental illnesses who are receiving, or have received, mental health services. Ms. Waterhouse holds a Master's degree in Health Administration, and since retiring from a career in fiscal management in 2009, she has dedicated herself to addressing mental health issues throughout the State. Ms. Waterhouse currently serves as the Vice President of the Hawaii Disability Rights Center and the Board of Directors of Mental Health America of Hawaii. Ms. Waterhouse also formerly served as a Board Member and President of the State's Protection and Advocacy for Individuals with Mental Illness Program. Your Committee notes that Ms. Waterhouse has served as an interim member of the State Council on Mental Health since July 2022, where she has demonstrated a deep understanding of the legislative process and commitment to improving Hawaii's mental health laws. Your Committee therefore recommends that Mary Waterhouse be appointed to the State Council on Mental Health based on her experience, leadership, and dedication to improving mental health in the State.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 594: Ayes, 4. Noes, none. Excused, 1 (Awa).

For Gov. Msg. Nos. 595, 612, and 629: Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 1973 Health and Human Services on Gov. Msg. Nos. 604 and 605**

Recommending that the Senate advise and consent to the nominations of the following:

#### HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 604 JAMIE CAMEROS, for a term to expire 06-30-2023; and

G.M. No. 605 JAMIE CAMEROS, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Jamie Cameros for service on the Health Planning Council, Hawaii County Subarea.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Jamie Cameros from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Ms. Cameros' knowledge, experience, and desire to serve her community qualify her for appointment and reappointment to the Health Planning Council, Hawaii County Subarea. Ms. Cameros holds a Bachelor's degree in Business Administration from the University of Hawaii at Manoa. She has worked for Kaiser Permanente for over thirty years and currently serves as a Senior Project Manager, where she oversees program administration, process improvement, and regulatory compliance. In addition to having substantial knowledge of the health care industry and the state health system, Ms. Cameros also holds great expertise in processes and procedures pertaining to Certificates of Need. During the course of her career with Kaiser Permanente, Ms. Cameros has been responsible for all Certificate of Need functions and helped revise the applicable state statutes and administrative rules pertaining to the certificates. This direct experience will prove invaluable to the work of the Health Planning Council, Hawaii County Subarea, which advises the State Planning and Development Agency in the administration of the Certificate of Need Program for Hawaii County. Your Committee notes that Ms. Cameros previously served on the State Planning Council, Hawaii County Subarea, from 2002 to 2006, has been serving as an interim member since 2022, and has a thorough understanding of the roles and responsibilities of the Council's members. Your Committee therefore recommends that Jamie Cameros be appointed and reappointed to the Health Planning Council, Hawaii County Subarea, based on her professional experience and expert knowledge of the state health system.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1974 Health and Human Services on Gov. Msg. Nos. 559 and 572**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 559 JOHN BEEBE, for a term to expire 06-30-2026; and

G.M. No. 572 JAMES LABRIE, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by John Beebe and James LaBrie for service on the State Council on Developmental Disabilities.

JOHN BEEBE

Your Committee received testimony in support of the nomination for the appointment of John Beebe from the State Council on Developmental Disabilities.

Upon review of the testimony, your Committee finds that Mr. Beebe's experience, knowledge, and proven leadership qualify him for appointment to the State Council on Developmental Disabilities as a member representing parents of individuals with developmental disabilities. Mr. Beebe is a Commander in the United States Coast Guard and has served as President and Chief Executive Officer of Celestial Payments since 2012. As demonstrated by an extensive executive management career and the successful founding of Global eTelecom, Inc. (now Sage Group, PLC), Mr. Beebe possesses strong diplomatic and relationship building skills, creativity, and positive energy, which will assist the State Council on Developmental Disabilities to develop and adopt the State Plan for Individuals with Developmental Disabilities. Further, as a parent of children with disabilities, Mr. Beebe brings personal experience of the needs, resources, and service gaps of public and private agencies that provide services to individuals with disabilities. Your Committee notes that Mr. Beebe has served on the State Council on Developmental Disabilities since 2019 and currently serves as the Council's chair. Therefore, your Committee recommends that John Beebe be appointed to the State Council on Developmental Disabilities based on his proven leadership, experience, and commitment to improving the lives of individuals with disabilities.

JAMES LABRIE

Your Committee received testimony in support of the nomination for the appointment of James LaBrie from the State Council on Developmental Disabilities and two individuals.

Upon review of the testimony, your Committee finds that Mr. LaBrie's background, experience, and desire to serve his community qualify him for appointment to the State Council on Developmental Disabilities as a member representing individuals with developmental disabilities. As an individual with personal experience in receiving services from the Department of Health's Developmental Disabilities Services Division and residing in over twenty foster homes, Mr. LaBrie brings critical insight to the development of policies for home and community-based services for residents with disabilities. A dedicated advocate for individuals with disabilities, Mr. LaBrie contributes to the state Self-Advocacy Advisory Council to empower other individuals with disabilities to advocate on behalf of themselves. Your Committee further finds that Mr. LaBrie's commitment to caring for and uplifting others extends beyond the disability community through his volunteer work with Kids Hurt Too Hawaii, Reunion Hawaii Church, and Tekniqlingz. Your Committee notes that Mr. LaBrie has a thorough understanding of the role and responsibilities of Council members, and his personal experience advocating for himself and other individuals with disabilities will contribute an important perspective to the Council. Your Committee therefore recommends that James LaBrie be appointed to the State Council on Developmental Disabilities based on his knowledge, background, and passion for advocating for individuals with disabilities.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 559: Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Awa).

For Gov. Msg. No. 572: Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1975 Health and Human Services on Gov. Msg. Nos. 664, 665, and 666**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 664 MARY BROGAN, for a term to expire 06-30-2027;

G.M. No. 665 DEBORAH KOBAYAKAWA, for a term to expire 06-30-2027; and

G.M. No. 666 ALANA SOUZA, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Mary Brogan, Deborah Kobayakawa, and Alana Souza for service on the State Council on Developmental Disabilities.

MARY BROGAN

Your Committee received testimony in support of the nomination for the reappointment of Mary Brogan from the Department of Human Services; State Council on Developmental Disabilities; Hilopa'a Family to Family, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Dr. Brogan's knowledge, leadership, and commitment to serving the people of the State qualify her for reappointment to the State Council on Developmental Disabilities as a member representing state entities that administer funds provided under federal law relating to individuals with disabilities. Dr. Brogan earned a Master of Education in Counseling and Guidance and a Doctorate in Social Welfare and Educational Administration. Dr. Brogan has worked within the disabilities field for over twenty-five years and currently serves as the Administrator of the Developmental Disabilities Division of the Department of Health. Prior to that, Dr. Brogan served as a Performance Improvement Coordinator for the Department's Behavioral Health Administration. In addition to her leadership within state agencies, Dr. Brogan is involved in disability policy at the national level, serving as President of the Board of Directors of the National Association of State Directors of Developmental Disabilities Services. Your Committee notes that Dr. Brogan has served on the State Council on Developmental Disabilities since 2018, and her deep understanding of the systems that serve individuals with disabilities is instrumental to the Council's work. Your Committee therefore recommends that Mary Brogan be reappointed to the State Council on Developmental Disabilities based on her expertise, experience, and dedication to serving individuals with disabilities.

DEBORAH KOBAYAKAWA

Your Committee received testimony in support of the nomination for the reappointment of Deborah Kobayakawa from the State Council on Developmental Disabilities and one individual.

Upon review of the testimony, your Committee finds that Ms. Kobayakawa's experience, advocacy, and desire to serve qualify her for reappointment to the State Council on Developmental Disabilities as a member representing parents of individuals with developmental disabilities. As a parent of a child with developmental disabilities, Ms. Kobayakawa is passionate about helping families navigate the complex systems of care that serve individuals with disabilities. Currently, Ms. Kobayakawa owns and operates an independent consulting practice, Heart to Heart Parent Consulting, where she equips parents with the skills needed to advocate for their children within the Department of Education and Department of Health's Developmental Disabilities Division. In addition to providing independent services, Ms. Kobayakawa also facilitates support groups for parents of individuals on the autism spectrum as a Group Facilitator with Ho'omana Parent Support Group. Your Committee further finds that Ms. Kobayakawa's deep understanding of state systems of care is rooted in more than a decade of service as a Special Education Teacher with the Department of Education. Your Committee notes that Ms. Kobayakawa has served on the State Council on Developmental Disabilities since 2020, including as Chair for two years, and her personal experience and insight provide critical contributions to the Council's work. Your Committee therefore recommends Deborah Kobayakawa be reappointed to the State Council on Developmental Disabilities based on her background, knowledge, and passion for supporting families of persons with disabilities.

ALANA SOUZA

Your Committee received testimony in support of the nomination for the reappointment of Alana Souza from the Department of Human Services, State Council on Developmental Disabilities, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Souza's knowledge, professional experience, and record of public service qualify her for reappointment to the State Council on Developmental Disabilities as a member representing state entities that administer funds provided under federal law relating to individuals with disabilities, including title XIX of the Social Security Act. Ms. Souza holds a Bachelors of Social Work and is currently pursuing a Masters of Social Work. She has gained extensive experience within the disabilities field over the past decade, including serving as a social worker for the Department of Health's Developmental Disabilities Division and in her current role as a social worker for the Department of Human Services' Med-QUEST Division, where she reviews applications for the state Medicaid Home and Community-Based Waiver Program, among other responsibilities. Your Committee notes that Ms. Souza has served on the State Council on Developmental Disabilities since 2022, and her knowledge of the state's QUEST Integration Program and experience working with individuals with disabilities receiving QUEST Integration benefits have been beneficial to the Council's work on improving access to health care services for individuals with disabilities. Your Committee therefore recommends that Alana Souza be reappointed to the State Council on Developmental Disabilities based on her experience, expertise, and dedication to serving the people of the State.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1976 Health and Human Services on Gov. Msg. Nos. 553 and 555**

Recommending that the Senate advise and consent to the nominations of the following:

STATE REHABILITATION COUNCIL

G.M. No. 553 JUDY GUAJARDO, for a term to expire 06-30-2025; and

G.M. No. 555 HOWARD LESSER, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Judy Guajardo and Howard Lesser for service on the State Rehabilitation Council.

JUDY GUAJARDO

Your Committee received testimony in support of the nomination for the appointment of Judy Guajardo from the Department of Human Services.

Upon review of the testimony, your Committee finds that Ms. Guajardo's professional experience, background, and desire to serve her community qualify her for appointment to the State Rehabilitation Council as a member representing Maui County and the Statewide Independent Living Council. Since 2014, Ms. Guajardo has been a Volunteer Coordinator at Nā Hoaloaha, a nonprofit organization that provides care to seniors and individuals with disabilities in the County of Maui. Ms. Guajardo is also an active member in her community and currently serves as the Chair of the Statewide Independent Living Council of Hawaii, whose mission is to promote independent living and integration of persons with disabilities into the community, including assisting them in obtaining equal access to employment, social, economic, and political opportunities.

Your Committee finds that Ms. Guajardo's understanding of the needs of individuals with disabilities, knowledge on available resources and programs, expertise in assisting and advocating for individuals with disabilities, and dedication to public service will be great assets to the State Rehabilitation Council. Your Committee therefore recommends that Judy Guajardo be appointed to the State Rehabilitation Council based on her background, knowledge, and desire to contribute to the community.

HOWARD LESSER

Your Committee received testimony in support of the nomination for the reappointment of Howard Lesser from the Department of Human Services and Hawaii Disability Rights Center.

Upon review of the testimony, your Committee finds that Mr. Lesser's experience, commitment to public service, and proven leadership on the State Rehabilitation Council qualify him to be reappointed to the State Rehabilitation Council as a member representing the client assistance program. Mr. Lesser has worked as an advocate for individuals with disabilities for over forty years and has distinguished himself with his dedication to this field. Mr. Lesser is currently a Senior Advocate at the Hawaii Disability Rights Center, which is the State's designated Client Assistance Program.

Your Committee notes that Mr. Lesser has been a member of the State Rehabilitation Council since 2016 and has served in various capacities, including serving as its Chair and Vice-Chair. Your Committee further notes that, although it finds Mr. Lesser to be qualified to serve on the Council, it appears that Mr. Lesser has already served the maximum two consecutive three-year terms allowed pursuant to section 348-8(a), Hawaii Revised Statutes, with no break in service. However, your Committee acknowledges that S.B. No. 313 (2023), which was passed by the Legislature and enrolled to the Governor, addresses this issue by amending section 348-8(a), Hawaii Revised Statutes, to exempt the member representing the Client Assistance Program from the Council's term limit. S.B. No. 313, if enacted as currently written, will take effect upon approval by the Governor.

Your Committee finds that Mr. Lesser's extensive experience and dedication as an advocate for individuals with disabilities, commitment to public service, and proven leadership will continue to contribute greatly to the State Rehabilitation Council. Your Committee therefore recommends that Howard Lesser be reappointed to the State Rehabilitation Council.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1977 Health and Human Services on Gov. Msg. Nos. 606 and 607**

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 606 TERESA SPINOLA-CAMPBELL, for a term to expire 06-30-2023; and

G.M. No. 607 TERESA SPINOLA-CAMPBELL, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Teresa Spinola-Campbell for service on the Disability and Communication Access Board.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Teresa Spinola-Campbell from the Disability and Communication Access Board.

Upon review of the testimony, your Committee finds that Dr. Spinola-Campbell's knowledge, experience, and desire to serve her community qualify her for appointment and reappointment to the Disability and Communication Access Board as a member representing parents or guardians of persons with disabilities. Dr. Spinola-Campbell holds a Doctorate degree in Sociology from McMaster University, and for thirteen years, Dr. Spinola-Campbell served as the Americans with Disabilities Act (ADA) Coordinator and Equal Opportunity Officer for the Department of Human Resources of the County of Hawaii. As ADA Coordinator and Equal Opportunity Officer, Dr. Spinola-Campbell worked with various community groups and consumers and developed policies and procedures, resolved complaints, and delivered training sessions pertaining to state and federal civil rights laws. Your Committee notes that Dr. Spinola-Campbell has served as an interim member of the Disability and Communication Access Board since November 2022 and, as a caregiver of a person with a disability, brings personal experience advocating for accessibility improvements across the State. Your Committee therefore recommends that Teresa Spinola-Campbell be appointed and reappointed to the Disability and Communication Access Board based on her experience, knowledge, and dedication to increasing accessibility for individuals with disabilities.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1978 Health and Human Services on Gov. Msg. Nos. 560 and 561**

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE HEALTH COORDINATING COUNCIL

G.M. No. 560 JENNIE CHAHANOVICH, for a term to expire 06-30-2025; and

G.M. No. 561 JONAGUSTINE LIM, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Jennie Chahanovich and Jonagustine Lim for service on the Statewide Health Coordinating Council.

JENNIE CHAHANOVICH

Your Committee received testimony in support of the nomination for the appointment of Jennie Chahanovich from the State Health Planning and Development Agency and Hawai'i Pacific Health.

Upon review of the testimony, your Committee finds that Ms. Chahanovich's experience, knowledge, and proven leadership qualify her for appointment to the Statewide Health Coordinating Council. Ms. Chahanovich holds a Bachelor of Science in Allied Health Sciences and Health Care Administration and a Master of Business Administration in International Marketing. Since 2002, Ms. Chahanovich has served in numerous health care executive positions within Hawaii Pacific Health's multi-hospital system. Ms. Chahanovich is currently the President and Chief Executive Officer of Wilcox Memorial Hospital and Chief Executive Officer of Kauai Medical Clinic. Ms. Chahanovich also previously served as Chief Executive Officer of Pali Momi Medical Center and Director of Respiratory Care and Rehabilitation Services for Kapiolani Medical Center for Women and Children and Pali Momi Medical Center. In addition to her executive expertise, Ms. Chahanovich brings to the Statewide Health Coordinating Council experience in leadership roles on a number of professional and community boards, including those of the American Heart Association Hawaii Division, Hospice Hawaii, and Hawaii-Pacific Chapter of the American College of Healthcare Executives. Your Committee notes that Ms. Chahanovich has served as a member of the Health Planning Council, Kauai County Subarea, since 2016 and an interim member of the Statewide Health Coordinating Council since 2022. Your Committee therefore recommends that Jennie Chahanovich be appointed to the Statewide Health Coordinating Council based on her leadership experience, expertise, and commitment to public service.

JONAGUSTINE LIM

Your Committee received testimony in support of the nomination for the appointment of Jonagustine Lim from the State Health Planning and Development Agency and Hawai'i Primary Care Association.

Upon review of the testimony, your Committee finds that Mr. Lim's knowledge, experience, and desire to serve his community qualify him to be appointed to the Statewide Health Coordinating Council. Mr. Lim holds a Bachelor of Science in Information and Computer Sciences and a Master of Business Administration. For the past twenty-three years, Mr. Lim has provided consulting, project management, and computer networking support services to government, nonprofit, and private entities, including those within the health care industry, and currently serves as President of LimPacific, Inc. Mr. Lim's expertise in the field of information technology will strengthen the work of the Statewide Health Coordinating Council, given the importance of accessible and secure electronic health information in the health care field. In addition to his professional career, Mr. Lim also regularly volunteers, including with Waianae CARE, Inc. and Aloha Medical Mission. Mr. Lim was also selected as a Pacific Century Fellow, Class of 2009. Your Committee notes that Mr. Lim previously served on the Statewide Health Coordinating Council from 2016 to 2020, serving as both Chair and Vice Chair, and has served as an interim member of the Council since July 2022. Your Committee therefore recommends that Jonagustine Lim be appointed to the Statewide Health Coordinating Council based on his proven leadership, background, and dedication to serving the community.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 1979 (Majority) Health and Human Services on Gov. Msg. Nos. 556 and 557**

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 556 FRANCINE JOHANSEN, for a term to expire 06-30-2026; and

G.M. No. 557 ROBERT SHRODER, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Francine Johansen and Robert Shroder for service on the Health Planning Council, Tri-Isle Subarea.

FRANCINE JOHANSEN

Your Committee received testimony in support of the nomination for the appointment of Francine Johansen from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Ms. Johansen's knowledge, experience, and passion for serving her community qualify her for appointment to the Health Planning Council, Tri-Isle Subarea. Ms. Johansen has been a registered nurse in Hawaii since 2013 and currently works as a Health Care Coordinator at AlohaCare, where she works closely with Hawaii's Medicaid and Medicare populations and providers. Prior to serving as a Health Care Coordinator, Ms. Johansen gained experience advocating for patients and coordinating care for clients with severe mental illness and basic health needs through her role as a Registered Nurse Case Manager at Mental Health Kokua. Your Committee further finds that Ms. Johansen serves as a volunteer with the ARISE Program, focusing on mental health awareness, and is certified in safetalk suicide prevention. Your Committee notes that Ms. Johansen has served as an interim member of the State Health Planning Council, Tri-Isle Subarea, since 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Francine Johansen be appointed to the Health Planning Council, Tri-Isle Subarea, based on her professional experience and commitment to serving vulnerable populations of the State.

ROBERT SHRODER

Your Committee received testimony in support of the nomination for the appointment of Robert Shroder from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Mr. Shroder's professional expertise and experience within the field of health care qualify him to be appointed to the Health Planning Council, Tri-Isle Subarea. Mr. Shroder holds a Bachelor's degree in Public Administration and a Master's degree in Hospital and Health Administration with a concentration in Finance. For nearly twenty years, Mr. Shroder served in numerous health care executive positions within Mercy Health – Youngstown, formerly Humility of Mary Health Partners, a large, multi-hospital system in Ohio. During his years serving as Administrator and Chief Operating Officer, Executive Vice President of Operations, and, most recently, President and Chief Executive Officer, Mr. Shroder has gained experience in assessing and responding to community needs. In addition to his executive expertise, Mr. Shroder brings to the Health Planning Council extensive experience serving on professional and community boards, including the Summa Health Board of Directors, American Hospital Association's Regional Policy Board, and Youngstown Warren Chamber of Commerce. Your Committee notes that Mr. Shroder has served as an interim member of the Health Planning Council, Tri-Isle Subarea, since 2022 and currently serves as its Vice Chair. Your Committee therefore recommends that Robert Shroder be appointed to the Health Planning Council, Tri-Isle Subarea, based on his extensive experience in hospital administration, proven leadership on the council, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1980 Health and Human Services on Gov. Msg. No. 558**

Recommending that the Senate advise and consent to the nomination of the following:

RADIOLOGIC TECHNOLOGY BOARD

G.M. No. 558 RENA SHIMATA, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Rena Shimata for service on the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Rena Shimata from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Shimata's professional experience, background, and desire to serve her community qualify her for appointment to the Radiologic Technology Board as a member with at least five years' experience who is certified and engaged in the practice of nuclear medical technology. Ms. Shimata has worked as a Nuclear Medicine Technologist at Straub Medical Center since July 2018, and before that, served as a Radiology Technologist in Las Vegas, Nevada. Ms. Shimata is a certified Registered Nuclear Medicine Technologist and Registered Radiology Technologist and obtained her nuclear medicine technologist and radiographer license in Hawaii in 2018. Ms. Shimata further holds two Associate of Science degrees in Radiologic Technology from the University of Nevada Las Vegas (UNLV), one from the Radiology Program and one from the Nuclear Medicine Program. Ms. Shimata also served on UNLV's Radiography Board during her time as a student, and therefore has an understanding of

the roles and responsibilities of board members. Your Committee therefore recommends that Rena Shimata be appointed to the Radiologic Technology Board based on her background, knowledge, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1981 Health and Human Services on Gov. Msg. No. 641**

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON FATHERHOOD

G.M. No. 641 JEFF ESMOND, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Jeff Esmond for service on the Commission on Fatherhood.

Your Committee did not receive testimony on the nomination for the appointment of Jeff Esmond for service on the Commission on Fatherhood.

Upon review of Jeff Esmond's testimony, your Committee finds that Mr. Esmond's professional experience, background, and desire to serve his community qualify him for consideration for appointment to the Commission on Fatherhood. Mr. Esmond has nearly thirty years of experience in retirement plan administration and has been the owner and President of Hawaii5500 LLC, a third-party administrator of employer-sponsored retirement and welfare plans, since 2017. Mr. Esmond is also an active member in his community and has served on the Kaneohe Business Group since 2018, the Health and Wellness Committee for Kaneohe Elementary School since 2015, and the Nuuanu YMCA Membership Advisory Committee. Your Committee further notes that Mr. Esmond has been a member of the Commission on Fatherhood since 2021, and currently serves as its Chair and the Chair of its Finance Committee.

Your Committee further finds that Mr. Esmond brings to the Commission the underrepresented perspective of a father who happens to be gay. Mr. Esmond has personally experienced the challenges of understanding his identity and coming out to his family and other individuals in his life. Your Committee also notes that Mr. Esmond and his husband pursued, and have overcome various barriers, to become fathers to three children through surrogacy. Moreover, Mr. Esmond also understands that gay men, despite many stereotypes, are as diverse as any given group and no single set of standards or generalizations applies to all. Your Committee believes that Mr. Esmond's perspective is essential to the Commission on Fatherhood in helping its members understand and provide guidance to fathers in the State on various issues, including those faced by gay fathers, fathers of children who have come out or not yet come out as gay, and fathers of children who are transgender. Your Committee finds that Mr. Esmond's expertise in financial issues, experience as a gay man who pursued fatherhood and overcame various barriers to becoming a father through surrogacy, and his desire to serve his community, will continue to be great assets to the Commission on Fatherhood. Your Committee therefore recommends that Jeff Esmond be appointed to the Commission on Fatherhood.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1982 Labor and Technology on Gov. Msg. Nos. 646, 647, 648, 649, 650, 651, and 667**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I WORKFORCE DEVELOPMENT COUNCIL

G.M. No. 646 DEREK KANEHIRA, for a term to expire 06-30-2027;

G.M. No. 647 B. MANU BERMUDES, for a term to expire 06-30-2027;

G.M. No. 648 ROBERT LIETZKE, for a term to expire 06-30-2027;

G.M. No. 649 KELLY UEOKA, for a term to expire 06-30-2027;

G.M. No. 650 DION DIZON, for a term to expire 06-30-2027;

G.M. No. 651 CARLA KUOKAWA, for a term to expire 06-30-2026; and

G.M. No. 667 SHELLI IHORI, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Derek Kanehira, B. Manu Bermudes, Robert Lietzke, Kelly Ueoka, Dion Dizon, Carla Kurokawa, and Shelli Ihori for service on the Hawai'i Workforce Development Council.

DEREK KANEHIRA

Your Committee received testimony in support of the nomination for the appointment of Derek Kanehira from the Department of Labor and Industrial Relations; Hawai'i Workforce Development Council; Optimize HR LLC; Alexander & Baldwin, Inc.; and eighteen individuals.

Upon review of the testimony, your Committee finds that Mr. Kanehira's knowledge and dedication to serving the public qualify him to be appointed to the Hawaii Workforce Development Council as a member from the private sector, including nonprofit organizations and businesses in the State, pursuant to section 202-1(b)(4), Hawaii Revised Statutes. Your Committee notes that Mr. Kanehira has over thirty years of experience in human resources and is currently the Senior Vice President of Human Resources for Alexander & Baldwin, Inc. Prior to that, he was the Vice President and Director of Human Services for the Hawaii Employers Council, a nonprofit association that provides human resource services to employers. During the hearing, Mr. Kanehira noted the importance and benefit of bringing career opportunity discussions and conversations to students at a much younger age to encourage them to think about career options and increase school attendance. Your Committee further notes Mr. Kanehira is a board member in several professional and community organizations, including the Hawaii Employers Council, Hawaii Compensation Group, and Big Brothers Big Sisters Hawaii. Your Committee further finds that Mr. Kanehira has a thorough understanding of the role and responsibilities of board members and his extensive experience in human resources and community engagement will enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that Derek Kanehira be appointed to the Hawai'i Workforce Development Council based on his knowledge and dedication to public service.

#### B. MANU BERMUDES

Your Committee received testimony in support of the nomination for the appointment of B. Manu Bermudes from the Department of Labor and Industrial Relations and Hawai'i Workforce Development Council.

Upon review of the testimony, your Committee finds that Ms. Bermudes' knowledge and desire to serve the public qualify her to be appointed to the Hawaii Workforce Development Council as a member from the private sector, including nonprofit organizations and businesses in the State, pursuant to section 202-1(b)(4), Hawaii Revised Statutes. Your Committee notes that Ms. Bermudes has over thirty years of experience in human resources and is currently the Vice President of Human Resources and Diversity, Equity, and Inclusion at Hawaiian Dredging Construction Company, Inc. Prior to that, she was the Senior Human Resources Business Partner and Labor Relations for Par Hawaii Refinery. Your Committee further notes Ms. Bermudes holds numerous certifications, including Senior Certified Professional and Workplace Investigative Specialist from the Society of Human Resources Management. In her written statement, Ms. Bermudes asserted that she is confident that she can make a valuable contribution to the work of the Hawai'i Workforce Development Council and is committed to upholding the highest standards of integrity and professionalism in all of her work. Your Committee further finds that Ms. Bermudes understands the role and responsibilities of board members and her extensive experience in workforce training and development will enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that B. Manu Bermudes be appointed to the Hawai'i Workforce Development Council based on her knowledge and desire to serve the public.

#### ROBERT LIETZKE

Your Committee received testimony in support of the nomination for the appointment of Robert Lietzke from the Department of Labor and Industrial Relations, Hawai'i Workforce Development Council, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Lietzke's experience and desire to serve the public qualify him to be appointed to the Hawaii Workforce Development Council as a member from the private sector, including nonprofit organizations and businesses in the State, pursuant to section 202-1(b)(4), Hawaii Revised Statutes. Your Committee notes that Mr. Lietzke earned a Bachelor of Science from the United States Air Force Academy and a Master of Science in Human Resource Management from Chapman University. Mr. Lietzke has over thirty-two years of experience in military service and is currently a Vice President at Booz Allen Hamilton. During the hearing, Mr. Lietzke spoke about his passion to leverage the defense industry, especially with the increased focus on the Indo-Pacific Region, to create a more resilient economy and attract, create, and retain qualified workers across the State. Your Committee further notes Mr. Lietzke is also an active member in professional and community organizations, including the Omidyar Forum of Fellows, Hawaii Defense Alliance Steering Committee, and Military Affairs Council of the Hawaii Chamber of Commerce. Your Committee further finds that Mr. Lietzke has a thorough understanding of the role and responsibilities of board members and his extensive experience in workforce modernization and passion for local workforce development will enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that Robert Lietzke be appointed to the Hawai'i Workforce Development Council based on his experience and desire to serve the public.

#### KELLY UEOKA

Your Committee received testimony in support of the nomination for the reappointment of Kelly Ueoka from the Department of Labor and Industrial Relations, Hawai'i Workforce Development Council, Parents and Children Together, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Ueoka's experience and dedication to serving the public qualify him to be reappointed to the Hawaii Workforce Development Council as a member from the private sector, including nonprofit organizations and businesses in the State, pursuant to section 202-1(b)(4), Hawaii Revised Statutes. Your Committee notes that Mr. Ueoka earned a Bachelor of Arts in Computer Information Systems from Southern Oregon University. He has over fifteen years of experience in technology and consulting and is currently the President of Paxca, one of Hawaii's largest, locally owned technology firms. Your Committee further notes that under Mr. Ueoka's leadership, Paxca created the Huakai Workforce Development Program, which helps displaced workers obtain work opportunities in the technology sector by reskilling individuals through on-the-job participation and self-paced learning. Your Committee further finds that Mr. Ueoka was appointed to the Hawai'i Workforce Development Council in 2022 and is currently serving as the Vice Chair of its Finance and Performance Measures Committee. He understands the role and responsibilities of board members and his leadership skills and extensive experience in information technology and workforce development will continue to enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that Kelly Ueoka be reappointed to the Hawai'i Workforce Development Council based on his experience and dedication to public service.

#### DION DIZON

Your Committee received testimony in support of the nomination for the reappointment of Dion Dizon from the Department of Labor and Industrial Relations; Hawai'i Workforce Development Council; United Public Workers, AFSCME Local 646, AFL-CIO;

Pride at Work - Hawai'i Chapter; Hawaii Laborers & Employers Cooperation and Education Trust Fund; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii Ports Maritime Council; Island, REALTORS, LLC; University of Hawaii Center for Labor Education & Research; and three individuals.

Upon review of the testimony, your Committee finds that Ms. Dizon's knowledge and dedication to serving the public qualify her to be reappointed to the Hawaii Workforce Development Council as a member from labor organizations and workforce training organizations, pursuant to section 202-1(b)(5), Hawaii Revised Statutes. Your Committee notes that Ms. Dizon earned a Juris Doctorate from the William S. Richardson School of Law in 2022. Your Committee further notes that she has been the Political Education Director for the Hawaii State AFL-CIO since April 2020 and a Real Estate Broker for Island, REALTORS, LLC, since June 2001. Testimony in support of Ms. Dizon emphasized her attention to detail and enthusiasm for understanding workforce development issues. During the hearing, she stated that early and clear communication of career pathways lends itself to intentional workforce development that fulfills the needs of the State. Your Committee further finds that Ms. Dizon was appointed to the Hawai'i Workforce Development Council in 2022 and her experience with labor, housing, and law will continue to enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that Dion Dizon be reappointed to the Hawai'i Workforce Development Council based on her knowledge and dedication to public service.

#### CARLA KUROKAWA

Your Committee received testimony in support of the nomination for the appointment of Carla Kurokawa from the Department of Labor and Industrial Relations, Hawai'i Workforce Development Council, and one individual.

Upon review of the testimony, your Committee finds that Ms. Kurokawa's experience and dedication to serving the public qualify her to be appointed to the Hawaii Workforce Development Council as a member from a community-based native Hawaiian organization that operates workforce development programs, pursuant to section 202-1(b)(5), Hawaii Revised Statutes. Your Committee notes that Ms. Kurokawa has almost forty years of experience at Alu Like, Inc., a private, nonprofit service organization that assists Native Hawaiians in achieving social and economic self-sufficiency, and is currently the Employment and Training Manager, where she administers the employment and training program on Hawaii Island. During her time at Alu Like, Inc., Ms. Kurokawa has gained professional experience and expertise in administering and monitoring Workforce Innovation and Opportunity Act programs and previous federal programs implemented under the Workforce Investment Act, American Recovery and Reinvestment Act, and the Job Training Partnership Act. During the hearing, she stated that it is important to focus not only on the youth but also adults who are looking for employment opportunities. Your Committee further notes that Ms. Kurokawa is an active member in professional and community organizations, including the American Job Center, Human Services Advisory Council of the Hawaii Community College, and Hawaii Island Chamber of Commerce. Your Committee further finds that Ms. Kurokawa understands the role and responsibilities of board members and her extensive experience in training program development and program assessment will enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that Carla Kurokawa be appointed to the Hawai'i Workforce Development Council based on her experience and desire to serve the public.

#### SHELLI IHORI

Your Committee received testimony in support of the nomination for the reappointment of Shelli Ihori from the Department of Labor and Industrial Relations and Hawai'i Workforce Development Council.

Upon review of the testimony, your Committee finds that Ms. Ihori's knowledge and dedication to serving the public qualify her to be reappointed to the Hawaii Workforce Development Council as a member from labor organizations and workforce training organizations, pursuant to section 202-1(b)(5), Hawaii Revised Statutes. Your Committee notes that Ms. Ihori received her Bachelor of Business Administration and Master of Human Resource Management from the Shidler College of Business, University of Hawaii at Manoa. Over the past seventeen years, Ms. Ihori has been the Associate Director of Workforce Development at Hawaii Pacific Health, where she gained professional knowledge and experience in program development, regulatory compliance, training development, and community partnerships in the health care industry. In her written statement, Ms. Ihori stated that, with current recruitment and staffing challenges, she hopes to increase education for students and other members of the community relating to high demand careers that can lead to advancement and provide opportunities for training and upskilling to keep residents in the State. Your Committee further finds that Ms. Ihori was appointed to the Hawai'i Workforce Development Council in 2022 and her extensive experience in health care recruitment and community collaboration will continue to enhance the effectiveness of the Hawai'i Workforce Development Council. Your Committee therefore recommends that Shelli Ihori be reappointed to the Hawai'i Workforce Development Council based on her knowledge and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Labor and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 646, 648, 649, 650, 651, and 667: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

For Gov. Msg. No. 647: Ayes, 4. Noes, none. Excused, 1 (Keith-Agaran).

#### **SCRep. 1983 Labor and Technology on Gov. Msg. Nos. 655, 656, 657, 658, and 659**

Recommending that the Senate advise and consent to the nominations of the following:

#### HAWAI'I RETIREMENT SAVINGS BOARD

G.M. No. 655 KAREN YASUKAWA, for a term to expire 06-30-2025;

G.M. No. 656 JESSIE DEAN, for a term to expire 06-30-2026;

G.M. No. 657 BRIAN TANIGUCHI, for a term to expire 06-30-2024;

G.M. No. 658 ANDREW NOMURA, for a term to expire 06-30-2026; and

G.M. No. 659 BARBARA KRIEG, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Karen Yasukawa, Jessie Dean, Brian Taniguchi, Andrew Nomura, and Barbara Krieg for service on the Hawai'i Retirement Savings Board.

#### KAREN YASUKAWA

Your Committee received testimony in support of the nomination for the appointment of Karen Yasukawa from the Department of Labor and Industrial Relations; AARP Hawai'i; Hawaii Benefit Administrators, Inc.; and five individuals.

Upon review of the testimony, your Committee finds that Ms. Yasukawa's knowledge and dedication to serving the public qualify her to be appointed to the Hawai'i Retirement Savings Board as a member with professional knowledge and experience in representing the interests of employers in terms of retirement savings pursuant to section 389-3(b)(3)(C), Hawaii Revised Statutes. Your Committee notes that Ms. Yasukawa has over thirty years of experience in the financial services industry and is currently the Senior Vice President of Investments for the Kikawa Group of Raymond James. Your Committee further notes that Ms. Yasukawa has been designated as a certified investment management analyst since 2002 and an accredited investment fiduciary since 2010. Your Committee further notes Ms. Yasukawa is also an active member in professional and community organizations, including the Raymond James Retirement Plan and Institutional Advisory Council, National Retirement Advisor Council, and Japanese Cultural Center of Hawaii. During the hearing, Ms. Yasukawa indicated that one of the first steps of the Hawai'i Retirement Savings Board should be to determine the employers to whom the State could offer the option to participate in Hawaii Saves, a statewide retirement savings program with payroll deduction features. Your Committee further finds that Ms. Yasukawa has a thorough understanding of the role and responsibilities of board members and her extensive experience in managing institutional retirement investment plans will enhance the effectiveness of the Hawai'i Retirement Savings Board. Your Committee therefore recommends that Karen Yasukawa be appointed to the Hawai'i Retirement Savings Board based on her knowledge and dedication to public service.

#### JESSIE DEAN

Your Committee received testimony in support of the nomination for the appointment of Jessie Dean from the Department of Labor and Industrial Relations, AARP Hawai'i, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Dean's experience and desire to serve the public qualify him to be appointed to the Hawai'i Retirement Savings Board as a member representing the interests of small businesses in Hawaii pursuant to section 389-3(b)(3)(B), Hawaii Revised Statutes. Your Committee notes that since April 2022, Mr. Dean has been the Chief Executive Officer of the King Lunalilo Trust and Lunalilo Home (Trust), which provides various services for kupuna. Testimony indicates that as the Chief Executive Officer of the Trust, Mr. Dean has ensured the financial stability of the Trust by identifying and implementing new programs that diversified the revenue sources of the Trust. Previously, Mr. Dean worked as the Tribal Affairs Administrator for the Washington State Health Care Authority, where he developed healthcare policies for American Indian and Native Alaskan tribes. Your Committee further notes that Mr. Dean has nearly five years of experience as a financial and compliance auditor, nearly ten years as a corporate attorney, and eight years as an executive of a state agency. During the hearing, Mr. Dean emphasized that not only is it important that a statewide retirement savings program be easy to understand, but also easy to administer. Your Committee further finds that Mr. Dean understands the role and responsibilities of board members and his extensive experience in compliance and oversight will enhance the effectiveness of the Hawai'i Retirement Savings Board. Your Committee therefore recommends that Jessie Dean be appointed to the Hawai'i Retirement Savings Board based on his experience and desire to serve the public.

#### BRIAN TANIGUCHI

Your Committee received testimony in support of the nomination for the appointment of Brian Taniguchi from the Department of Labor and Industrial Relations, AARP Hawai'i, and two individuals.

Upon review of the testimony, your Committee finds that Senator Taniguchi's background and dedication to serving the public qualify him to be appointed to the Hawai'i Retirement Savings Board as a member who is a retiree who resides in Hawaii, representing retirees in Hawaii pursuant to section 389-3(b)(3)(E), Hawaii Revised Statutes. Your Committee notes that Senator Taniguchi has over forty years of experience as an elected official, and served as the senator representing District 11 of Manoa, Makiki, Punchbowl, and Papalokea, chairing the Senate Committee on Labor, Culture and the Arts before his retirement in 2022. Your Committee recognizes that Senator Taniguchi was a member of the temporary retirement savings task force that submitted a feasibility study demonstrating the need for a retirement savings program for Hawaii's workers. Your Committee further notes that his keen understanding of the legislation that created Hawaii Saves is instrumental in the success of its development and implementation. During the hearing, Senator Taniguchi indicated that he felt a strong responsibility to ensure that Hawaii Saves is set up properly and would be willing to serve an extra term to ensure that it is. Your Committee further finds that Senator Taniguchi has a thorough understanding of the role and responsibilities of board members and his extensive insight and understanding of local labor issues will continue to enhance the effectiveness of the Hawai'i Retirement Savings Board. Your Committee therefore recommends that Brian Taniguchi be appointed to the Hawai'i Retirement Savings Board based on his knowledge, background, and dedication to public service.

#### ANDREW NOMURA

Your Committee received testimony in support of the nomination for the appointment of Andrew Nomura from the Department of Labor and Industrial Relations; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; MPI Consulting LLC; AARP Hawai'i; Presentation Resources; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Nomura's background and desire to serve the public qualify him to be appointed to the Hawai'i Retirement Savings Board as a member with professional knowledge and experience in establishing retirement savings plans and retirement investment products pursuant to section 389-3(b)(3)(A), Hawaii Revised Statutes. Your Committee notes that Mr. Nomura was a Financial Advisor at Morgan Stanley Wealth Management for two decades before his retirement in February 2023. Your Committee further notes that Mr. Nomura also has over twenty years of experience in marketing. Your Committee also finds Mr. Nomura is an active member in community organizations, including Hawaii Meals on Wheels and the Kaimuki High School Class of 1969 Reunion Committee. During the hearing, Mr. Nomura indicated that, if appointed, he would work

to involve not only private sector employers, but also stakeholders in the financial planning community and businesses, in order to increase the number of workers in the State that are covered by a retirement savings plan. Your Committee further finds that Mr. Nomura understands the role and responsibilities of board members and his extensive experience in retirement planning will continue to enhance the effectiveness of the Hawai'i Retirement Savings Board. Your Committee therefore recommends that Andrew Nomura be appointed to the Hawai'i Retirement Savings Board based on his background and desire to serve the public.

#### BARBARA KRIEG

Your Committee received testimony in support of the nomination for the appointment of Barbara Krieg from the Judiciary, Department of Labor and Industrial Relations, AARP Hawai'i, and ten individuals.

Upon review of the testimony, your Committee finds that Ms. Krieg's background and dedication to serving the public qualify her to be appointed to the Hawai'i Retirement Savings Board as a member with professional knowledge and experience in representing the interests of employees in terms of retirement savings pursuant to section 389-3(b)(3)(D), Hawaii Revised Statutes. Your Committee notes that before her retirement in 2017, Ms. Krieg was the Assistant Superintendent of the Office of Human Resources in the Department of Education. Prior to that, Ms. Krieg was the Director of Human Resources Development. Your Committee further notes that Ms. Krieg also has over fifteen years of experience as a labor employment law attorney and experience with government contracts and nonprofit governance. Your Committee also notes Ms. Krieg has served on the board on a number of local professional and community organizations, including the Hawaii Deferred Compensation Plan, Hawaii Employer-Union Health Benefits Trust Fund, Tau Dance Theater, and the Disability Rights Legal Center. During the hearing, Ms. Krieg clarified that she is currently a member of the Executive Council of the AARP Foundation and that her connection with AARP Hawaii is key to the implementation of Hawaii Saves. Your Committee further finds that Ms. Krieg has a thorough understanding of the role and responsibilities of board members and her extensive insight and understanding of labor employment law will continue to enhance the effectiveness of the Hawai'i Retirement Savings Board. Your Committee therefore recommends that Barbara Krieg be appointed to the Hawai'i Retirement Savings Board based on her knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Labor and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

#### **SCRep. 1984 Labor and Technology on Gov. Msg. No. 503**

Recommending that the Senate advise and consent to the nomination of the following:

#### CHIEF INFORMATION OFFICER, OFFICE OF ENTERPRISE TECHNOLOGY SERVICES

G.M. No. 503 DOUG MURDOCK, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Doug Murdock for reappointment as Chief Information Officer.

Your Committee received testimony in support of the nomination for the reappointment of Doug Murdock from the Governor, Department of Transportation, Department of Law Enforcement, Department of Budget and Finance, Department of Health, Department of Land and Natural Resources, Department of Public Safety, Department of Human Resources Development, Department of Human Services, Department of Labor and Industrial Relations, Department of Taxation, Office of Elections, State Procurement Office, Hawaii Public Housing Authority, and twenty-one individuals.

Mr. Murdock earned a Juris Doctorate from the University of Washington School of the Law, a Master's degree in Public Administration from Central Michigan University, and a Bachelor's degree in Economics from Portland State University. Mr. Murdock served in the United States Air Force and retired in 2010 with the rank of Colonel after twenty-five years of service.

Your Committee notes that Mr. Murdock has served as the Chief Information Officer since his appointment in 2019. Prior to his service as the Chief Information Officer, Mr. Murdock not only was the Vice President of Administrative and Fiscal Affairs for the Hawaii Tourism Authority from August 2012 to December 2014, but also served as the Comptroller of the Department of Accounting and General Services from January 2015 to November 2016. Your Committee further notes that after moving to Hawaii, Mr. Murdock served on the Procurement Policy Board from 2011 to 2012.

In his written statement to your Committee, Mr. Murdock stated that his priorities during this upcoming term include the completion and execution of the IT Consolidation Plan; continued modernization of legacy systems, especially the Enterprise Financial System; development of a new citizen identity and fraud prevention system; provision of resources for better civic engagement; and continued transformation of the Office of Enterprise Technology (ETS).

Over the last four years, Mr. Murdock has fulfilled his responsibility to organize, manage, and oversee statewide information technology governance. Under his leadership, ETS designed and implemented the State of Hawaii Safe Travels technology platform to protect the health of residents and visitors and restart the economy during the coronavirus disease 2019 (COVID-2019) pandemic; finalized and implemented the State of Hawaii 2019-2023 IT Strategic Plan to help state government better serve the public; modernized the State's numerous legacy systems, including the payroll and time and leave systems; moved the State's mainframe applications to the cloud thereby reducing costs of each application, but also improving the speed, reliability, and disaster recovery capabilities of each application; and enhanced the State's cybersecurity resources. Testimony received by your Committee also noted that, at the start of the COVID-2019 pandemic, Mr. Murdock ensured that ETS services and shared resources were made available to support the antiquated Unemployment Insurance System and worked with all cabinet members to balance the limited state resources between critical systems that helped allow over 190,000 residents to successfully file their initial unemployment insurance claims

between the months of April and May 2020. Your Committee also notes that the accomplishments of ETS over the last four years have been recognized by outside organizations, including the Center for Digital Government, Google, and StateScoop.

Your Committee finds that testimony submitted in support of Mr. Murdock's nomination universally speak highly of his legal, technical, business, and government expertise; proactive problem solving; and overall effectiveness. Additionally, testimony commended his leadership style, stating that it has enabled and empowered staff, engaged department stakeholders, and produced significant achievement in ensuring that critical services are delivered to the public through the optimum use of information technology resources. Testimony across multiple departments confirmed that they were looking forward to continued collaboration with Mr. Murdock.

After hearing from the nominee and considering his resume and statement, your Committee further finds that his past performance and commitment to public service qualify Doug Murdock for reappointment as the Chief Information Officer.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 1985 Labor and Technology on Gov. Msg. No. 529**

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS

G.M. No. 529 WILLIAM KUNSTMAN, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by William Kunstman for service as the Deputy Director of Labor and Industrial Relations.

Your Committee received testimony in support of the nomination for the appointment of William Kunstman from the Governor; Department of Labor and Industrial Relations; Department of Transportation; Department of Public Safety; Department of Budget and Finance; Department of Agriculture; Department of Land and Natural Resources; Department of Health; Department of Hawaiian Home Lands; Department of Taxation; Office of Enterprise Technology Services; Office of Community Services; Labor and Industrial Relations Appeals Board; Schindler Elevator Corporation; AARP Hawai'i; ALTRES, Inc.; Hawaii Laborers-Employers Cooperation and Education Trust; Hale Hau'oli Hawai'i; Hawaii Injured Workers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Work Injury Medical Association of Hawaii; and twenty-two individuals. Your Committee received comments on the nomination for the appointment of William Kunstman from one individual.

Upon review of the testimony, your Committee finds that Mr. Kunstman's knowledge, dedication to public service, and experience qualify him for appointment as the Deputy Director of Labor and Industrial Relations. Mr. Kunstman has over ten years of experience at the Department of Labor and Industrial Relations (Department) and has been serving as the interim Deputy Director since December 2022. Prior to his time with the Department, he was the Labor Committee Clerk for Senator Dwight Takamine, where he managed committee operations and assisted in the oversight of measures regarding the Department of Labor and Industrial Relations, Department of Human Resources Development, Employer-Union Health Benefits Trust Fund, and Employees' Retirement System. Your Committee notes that Mr. Kunstman received a Master's degree in Public Administration and a Master's degree in Library and Information Science from the University of Hawaii at Manoa, and a Bachelor of Arts degree in History from the University of Wisconsin at Madison.

Your Committee further finds that Mr. Kunstman has served in a number of capacities at the Department, including but not limited to Program Evaluation Analyst VII, Public Information Officer, Assistant to the Director of Labor and Industrial Relations, Legislative Coordinator, and Administrative Rules Coordinator. During the hearing, Mr. Kunstman demonstrated his knowledge of the needs of the Department and the challenges that it currently faces. He also indicated his focus on updating the Department's policies and procedures; increasing resources and capacity, in part through modernization; re-engaging stakeholders from both the business and labor sides; and ensuring a collaborative culture between the various divisions of the Department.

Your Committee also finds that testimony submitted in support of Mr. Kunstman's nomination universally speak positively as to his broad knowledge and practical experience with labor policies and issues in Hawaii. Testimony noted that his experience in government operations, including agency oversight, budgeting, capital improvements projects, and interpersonal skills make him uniquely qualified to serve as the Deputy Director of Labor and Industrial Relations. Additionally, testifiers commended his professionalism and work ethic, especially during the coronavirus disease 2019 pandemic.

After hearing from Mr. Kunstman and considering his resume and statement, your Committee finds that Mr. Kunstman demonstrates a high-level of understanding of the mission of the Department, and his experience and dedication to public service qualify him to serve as the Deputy Director of Labor and Industrial Relations. Your Committee therefore recommends that William Kunstman be appointed as the Deputy Director of Labor and Industrial Relations based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

**SCRep. 1986 (Majority) Judiciary on Gov. Msg. No. 502**

Recommending that the Senate advise and consent to the nomination of the following:

ATTORNEY GENERAL, DEPARTMENT OF THE ATTORNEY GENERAL

G.M. No. 502 ANNE LOPEZ, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Anne Lopez for service on the Department of the Attorney General.

Your Committee received testimony in support of the nomination for the appointment of Anne Lopez from the Governor, Department of Land and Natural Resources, Department of Labor and Industrial Relations, Department of Public Safety, Department of Budget and Finance, Department of Education, Department of Law Enforcement, Department of Hawaiian Home Lands, Department of Transportation, Department of Health, Department of Commerce and Consumer Affairs, Department of Human Resources Development, Campaign Spending Commission, Office of Enterprise Technology Services, Hawaii Public Housing Authority, Hawai'i Health Systems Corporation, Healthcare Association of Hawaii, Everytown for Gun Safety, Moms Demand Action for Gun Sense in America, Students Demand Action for Gun Sense in America, Parents and Children Together, Hawai'i Health Systems Corporation Kaua'i Region, and one hundred and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Anne Lopez from seven individuals. Your Committee received comments on the nomination for the appointment of Anne Lopez from the Board of Directors of the Hawaii State Bar Association and Akamai Cannabis Consulting.

Ms. Lopez received a Bachelor of Science degree from San Jose State University. She subsequently received a Doctorate of Jurisprudence from the University of Hawai'i at Mānoa William S. Richardson School of Law where she was the Co-Editor in Chief for the University of Hawai'i Law Review. Ms. Lopez has served as Acting Attorney General since December 2022. Ms. Lopez previously held numerous roles with the Hawai'i Health Systems Corporation, including Vice President and General Counsel, where she was responsible for leading the in-house legal department, including the Corporate Director of Risk Management, staff attorneys, and legal support staff in providing legal counsel and health care risk management services for Hawai'i's state-owned health care system and its affiliates. Ms. Lopez was also responsible for working to facilitate the passage of health care legislation and ensured system-wide compliance with federal and state laws. Ms. Lopez previously served as a Special Assistant to Attorney General David Louie. Prior to that, for over ten years, she worked in private practice and was a litigation and transaction associate at the law firm of Chun, Kerr, Dodd, Beaman and Wong and a litigation associate at the law firm of Kobayashi, Sugita & Goda.

Testimony in support of Ms. Lopez's nomination commend her depth of experience, leadership abilities, and legal background. Even in her brief time as Acting Attorney General, she has already shown her ability to delve deeply into legal matters and understand the nuanced implications her decisions will have on government operations. She has also earned a reputation of being a very knowledgeable, highly competent, and effective leader. Many testifiers noted that her strong work ethic, integrity, and exceptional ability to navigate complex legal issues and make sound decisions will continue to be great assets to the Department of the Attorney General.

Your Committee finds that, based on the testimony submitted on her behalf, Anne Lopez has the experience, temperament, and other competencies to be the Attorney General of the State of Hawaii, and in that capacity, she will continue to be a strong advocate on behalf of the interests of the State and its residents.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 1987 Judiciary on S.R. No. 202**

The purpose and intent of this measure is to request the Administrative Director of the Courts of the Hawaii State Judiciary to collect, compile, and share data on the assessment of fees, court costs, fines, and restitution in cases against minors.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, Office of the Public Defender, Hawai'i Friends for Restorative Justice, Hawaii Health & Harm Reduction Center, American Civil Liberties Union of Hawai'i, Policy Advocacy Clinic at Berkeley Law, Opportunity Youth Action Hawai'i, and Institute for Justice. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that research shows that charging fees, fines, costs, and restitution to youth is harmful to young people and their families. In Hawai'i, the consequences of such costs fall disproportionately on Native Hawaiian, Pacific Islander, and Black youth, who are more likely to be arrested, detained, and unable to afford fees, fines, costs, and restitution. There is a growing consensus that fees and fines should not be assessed for mistakes made in a person's youth, regardless of the age or jurisdiction in which the person is adjudicated or sentenced. This measure will encourage the Administrative Director of the Courts of the Hawaii State Judiciary to produce information that will help determine whether the State should prohibit the imposition of fees and fines on young people.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 202 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1988 Agriculture and Environment on Gov. Msg. Nos. 583, 584, 585, 586, and 587**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION**

G.M. No. 583 JASON OKUHAMA, for a term to expire 06-30-2023;

G.M. No. 584 JASON OKUHAMA, for a term to expire 06-30-2027;

G.M. No. 585 JAYSON WATTS, for a term to expire 06-30-2025;

G.M. No. 586 KAREN SEDDON, for a term to expire 06-30-2023; and

G.M. No. 587 KAREN SEDDON, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Jason Okuhama, Jayson Watts, and Karen Seddon for service on the Board of Directors of the Agribusiness Development Corporation.

**JASON OKUHAMA**

Your Committee received testimony in support of the nominations for the appointment and reappointment of Jason Okuhama from the Agribusiness Development Corporation; Hawai'i Alliance for Community-Based Economic Development; Oahu Agriculture and Conservation Association Ag Finance Hui; Feed the Hunger Fund; Hawai'i Investment Ready; Farm Link Hawaii; Ulupono Initiative; Hawai'i Farm Bureau; Larry Jeffs Farms, LLC; and two individuals.

Your Committee finds that Jason Okuhama has an extensive banking background and experience working for the State, and has been a managing partner at Hawai'i Lending Specialists, LLC, since 2000. Mr. Okuhama previously worked as a business loan officer at Bank of America and the Department of Business, Economic Development, and Tourism, and has worked as a Mortgage Loan Officer at the International Savings and Loan Association and as an Assistant Branch Manager at First Hawai'i Bank. Your Committee additionally finds that Mr. Okuhama has the experience and expertise needed by the Agribusiness Development Corporation to seek out commercial, federal, and state funding for projects that are important to Hawaii's agricultural industry. Over his career, Mr. Okuhama has secured tens of millions of dollars in financing for large and small food producing operations in the State. As the State seeks to increase local food independence and security, your Committee believes Jason Okuhama has the background necessary to facilitate and support this arduous economic and agricultural transition as a member of the Board of Directors of the Agribusiness Development Corporation and therefore recommends that he be appointed and reappointed to the Board.

**JAYSON WATTS**

Your Committee received testimony in support of the nomination for the appointment of Jayson Watts from the Agribusiness Development Corporation; Office of the Mayor of the County of Kaua'i; one member of the Honolulu City Council; Maui Economic Opportunity, Inc.; Hawai'i Public Health Institute; Hawaii Food Industry Association; Ulupono Initiative; Hawai'i Farm Bureau; SanHi Government Strategies; Larry Jeffs Farms, LLC; and twenty-three individuals.

Your Committee finds that Jayson Watts is currently the Director of External Affairs and Strategic Initiatives at Mahi Pono, LLC, a farming company on Maui that is working to transform forty-one thousand acres of vacant former sugar cane land into a thriving hub of diversified agriculture. Mr. Watts has also served the State for twenty years through his work in various roles, including as Special Assistant to the Director of Labor and Industrial Relations, Senior Advisor to the Lieutenant Governor, Assistant Senate Sergeant-at-Arms, Legislative Director of the Office of the Senate Majority Caucus Leader, and as an Intern and Staff Assistant at the Office of Congresswoman Patsy T. Mink. Your Committee further finds that Mr. Watts has hands-on experience in the local agricultural industry and serves on multiple boards, including the Maui County Farm Bureau and Hawai'i Food Industry Association. Your Committee asserts that Jayson Watts' knowledge and familiarity with local agriculture will improve the function and capability of the Board of Directors of the Agribusiness Development Corporation, and therefore recommends that he be appointed to the Board.

**KAREN SEDDON**

Your Committee received testimony in support of the nominations for the appointment and reappointment of Karen Seddon from the Agribusiness Development Corporation; Hawai'i Farm Bureau; Larry Jeffs Farms, LLC; and four individuals.

Your Committee finds that Karen Seddon's professional background in planning, designing, financing, and constructing various community development projects will provide crucial expertise to the Board of Directors of the Agribusiness Development Corporation. Ms. Seddon is the Regional Vice President of EAH Housing where she takes primary leadership over all affordable housing development activity in the Hawaii region. She previously worked as Regional Vice President of the Michaels Organization, Executive Director of the Hawaii Housing Finance and Development Corporation, Director of Land development at DR Horton – Hawaii, and Development Manager at Kapalua Land Company. She is also a member of Lambda Alpha International, which provides a forum for the exchange of ideas in the fast-paced world of land use and development, and the Urban Land Institute, which provides leadership in the responsible use of land. Ms. Seddon's extensive development background and experience will prove to be invaluable as the Agribusiness Development Corporation continues to partner with farmers, ranchers, and aquaculture groups to optimize the use of selected high-value lands, water systems, and infrastructure for commercial agricultural use for the economic, environmental, and social benefit of the people of Hawaii. Your Committee therefore recommends that Karen Seddon be appointed and reappointed to the Board of Directors of the Agribusiness Development Corporation.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 583: Ayes, 4. Noes, none. Excused, 1 (Awa).

For Gov. Msg. Nos. 584, 585, 586, and 587: Ayes, 5. Noes, none. Excused, none.

**SCRep. 1989 Water and Land on Gov. Msg. No. 541**

Recommending that the Senate advise and consent to the nomination of the following:

MAUNA KEA STEWARDSHIP AND OVERSIGHT AUTHORITY

G.M. No. 541 JOHN KOMEIJI, for a term to expire 06-30-2025 (role amended to Chairperson by G.M. No. 609)

Your Committee reviewed the personal history, resume, and statement submitted by John Komeiji for service as the Chairperson of the Mauna Kea Stewardship and Oversight Authority.

Your Committee received testimony in support of the nomination for the appointment of Mr. Komeiji from the Hawaiian Civic Club of Hilo; Matson Navigation Company, Inc.; Canada-France-Hawai'i Telescope Corporation; and twelve individuals. Your Committee received testimony in opposition to the nomination for the appointment of Mr. Komeiji from one individual.

Upon review of the testimony, your Committee finds that Mr. Komeiji's background, experience, and dedication to community service qualify him to be appointed as Chairperson of the Mauna Kea Stewardship and Oversight Authority. Mr. Komeiji was selected to represent the Authority as an individual with business and finance experience who has previous administrative experience in managing a large private-sector business and was concurrently nominated to serve as the interim Chairperson by former Governor David Ige. Prior to leading the Authority, Mr. Komeiji held the highly esteemed position of General Counsel and Vice President of the Kamehameha Schools. Mr. Komeiji also previously served as the President and General Manager of the local communications services giant, Hawaiian Telcom, following its acquisition by Cincinnati Bell in 2018. Before obtaining the top leadership role, Mr. Komeiji served as the Chief Administrative Officer and General Counsel of Hawaiian Telcom for over a decade. Further, prior to his transition to in-house counsel, Mr. Komeiji served as a named partner at the prominent local law firm, Watanabe Ing LLP (formerly known as Watanabe Ing and Komeiji LLP).

Mr. Komeiji is also active in the community and has served on numerous for-profit and nonprofit boards. Mr. Komeiji currently serves on the board of The 200 Club, an organization comprising two hundred businesses and community leaders who support the Honolulu Police Department and Honolulu Fire Department. He also serves as Assistant Treasurer of the University of Hawaii Alumni Association. Mr. Komeiji additionally is the former president of the Hawaii State Bar Association. Mr. Komeiji earned his Juris Doctorate from the University of California Hastings College of Law and his Bachelor of Education degree from the University of Hawaii at Manoa.

Your Committee finds that Mr. Komeiji, with his demonstrated ability to lead and oversee large scale private-sector businesses and nonprofit organizations, possesses the requisite qualifications to serve as the Chairperson of the Authority. Mr. Komeiji is a proven and trustworthy leader who is capable of executing boardroom-level strategic plans and carrying out an organization's vision, mission, and purpose. Mr. Komeiji received near-unanimous support from testifiers, many of whom praised his integrity, leadership, and commitment to solving problems in the "Hawaii way". Your Committee also believes that Mr. Komeiji's background in mediation will serve him well, as he moves the Authority forward and engages with the community to resolve the many complex issues surrounding Mauna Kea. Your Committee finds that Mr. Komeiji has a thorough understanding of the role and responsibilities of the Chairperson of the Authority and therefore recommends that John Komeiji be appointed as Chairperson of the Mauna Kea Stewardship and Oversight Authority based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Chang).

**SCRep. 1990 Water and Land on Gov. Msg. Nos. 538, 542, 543, and 544**

Recommending that the Senate advise and consent to the nominations of the following:

MAUNA KEA STEWARDSHIP AND OVERSIGHT AUTHORITY

G.M. No. 538 PAUL HORNER, for a term to expire 06-30-2025;

G.M. No. 542 RICHARD MATSUDA, for a term to expire 06-30-2025;

G.M. No. 543 GARY KRUG, for a term to expire 06-30-2024; and

G.M. No. 544 KAMANAMAICALANI BEAMER, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Paul Horner, Richard Matsuda, Gary Krug, and Kamanamaikalani Beamer for service on the Mauna Kea Stewardship and Oversight Authority.

PAUL HORNER

Your Committee received testimony in support of the nomination for the appointment of Mr. Horner from the Hawaiian Civic Club of Hilo, Kūpuna for the Mo'opuna, and three individuals. Your Committee received testimony in opposition to the nomination for the appointment of Mr. Horner from one individual.

Upon review of the testimony, your Committee finds that Mr. Horner's background, experience, and dedication to community service qualify him to be appointed to the Mauna Kea Stewardship and Oversight Authority. Mr. Horner has been serving as an interim member of the Authority since his appointment in September 2022. Mr. Horner was selected from a list of names submitted by the President of the Senate. Mr. Horner, a Native Hawaiian, is the President and Chief Executive Officer of Na Leo 'o Hawai'i, a public

access television organization whose mission is to facilitate diverse community dialogue and educational awareness for the citizens of Hawaii island. Previously, Mr. Horner gained considerable hospitality industry experience through his work as a manager at the Hawaii Visitors and Convention Bureau and various resort locations on Hawaii island, such as The Club at Kukui'ula, Sheraton Kona Resort and Spa at Keauhou Bay, Outrigger Kona Resort and Spa at Keahou Bay, and others.

Your Committee finds that Mr. Horner, with his extensive background in business, tourism, and hospitality, will provide a diverse perspective that will enhance the work of the Authority. Mr. Horner has been with the Authority since its inception and has demonstrated his commitment and willingness to engage in the hard work necessary to establish the new agency. Your Committee finds that Mr. Horner has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Paul Horner be appointed to the Mauna Kea Stewardship and Oversight Authority based on his knowledge, experience, and commitment to public service.

#### RICHARD MATSUDA

Your Committee received testimony in support of the nomination for the appointment of Mr. Matsuda from the Maunakea Observatories, Hawaiian Civic Club of Hilo, Kona-Kohala Chamber of Commerce, Hawai'i Island Chamber of Commerce, and seven individuals. Your Committee received testimony in opposition to the nomination for the appointment of Mr. Matsuda from three individuals.

Upon review of the testimony, your Committee finds that Mr. Matsuda's background, experience, and dedication to community service qualify him to be appointed to the Mauna Kea Stewardship and Oversight Authority as a member selected from a list of names submitted by the Maunakea Observatories. Mr. Matsuda has been serving as an interim member of the Authority since his appointment in September 2022. Mr. Matsuda has dedicated nearly three decades of his career to the W. M. Keck Observatory on Mauna Kea. Currently, Mr. Matsuda serves as the Associate Director of External Relations, where he has built relationships with government leaders, legislators, and the community on behalf of the Observatory. Previously, Mr. Matsuda served as the Chief of Operations and served as a member of the Mauna Kea Working Group. Before then, Mr. Matsuda worked in a variety of electrical engineering and management roles. Prior to joining the Observatory, Mr. Matsuda was employed as a Senior Design Engineer at Boeing.

Your Committee finds that Mr. Matsuda, with his extensive science and engineering background and twenty-eight years of experience working at one of the most prominent and well-known observatories on Mauna Kea, is well-suited to join the Authority. Mr. Matsuda has been with the Authority since its inception -- in addition to serving on the Authority's predecessor, the Mauna Kea Working Group -- and has demonstrated his commitment to getting the new agency off the ground. Your Committee believes that Mr. Matsuda's long history with Mauna Kea and his unique perspective as a representative of astronomers will allow him to greatly contribute to future discussions. Your Committee finds that Mr. Matsuda has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Richard Matsuda be appointed to the Mauna Kea Stewardship and Oversight Authority based on his knowledge, experience, and commitment to public service.

#### GARY KRUG

Your Committee received testimony in support of the nomination for the appointment of Dr. Krug from the Hawaiian Civic Club of Hilo, Kūpuna for the Mo'opuna, and three individuals. Your Committee received testimony in opposition to the nomination for the appointment of Dr. Krug from three individuals.

Upon review of the testimony, your Committee finds that Dr. Krug's background, experience, and dedication to community service qualify him to be appointed to the Mauna Kea Stewardship and Oversight Authority. Dr. Krug has been serving as an interim member of the Authority since his appointment in September 2022. Dr. Krug was selected as an individual recognized as possessing expertise in the fields of p-12 public education or post-secondary education. Dr. Krug currently serves as the Principal of Ka Waihona o ka Na'auao Public Charter School in Nanakuli, Oahu, which provides its students with an environment of academic excellence, social confidence, and Hawaiian cultural awareness. Previously, Dr. Krug was an Educational Specialist for the Department of Education's Hawaiian Language Immersion Program, where he helped revitalize the Hawaiian language in the State's public schools. Before then, Dr. Krug worked in a variety of roles at the University of Hawaii at Manoa and lectured on courses covering p-12 education and Hawaiian studies. Dr. Krug has also published and presented numerous scholarly works on such subjects. In 2022, Dr. Krug was bestowed the Educator of the Year award by the Native Hawaiian Education Association.

Your Committee finds that Dr. Krug, with his extensive background in p-12 education and Native Hawaiian culture, will provide a unique perspective that will help enhance the work of the Authority. Dr. Krug has been with the Authority since its inception and is dedicated to the work of the new agency. Dr. Krug has deep ties to Mauna Kea and his expansive knowledge of Native Hawaiian cultural issues will help contribute to the work of the Authority as well as build community trust. Your Committee finds that Dr. Krug has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Gary Krug be appointed to the Mauna Kea Stewardship and Oversight Authority based on his knowledge, experience, and commitment to public service.

#### KAMANAMAICALANI BEAMER

Your Committee received testimony in support of the nomination for the appointment of Dr. Beamer from the Hawaiian Civic Club of Hilo, Kūpuna for the Mo'opuna, Canada-France-Hawaii Telescope Corporation, and ten individuals. Your Committee received testimony in opposition to the nomination for the appointment of Dr. Beamer from five individuals.

Upon review of the testimony, your Committee finds that Dr. Beamer's background, experience, and dedication to community service qualify him to be appointed to the Mauna Kea Stewardship and Oversight Authority. Dr. Beamer has been serving as an interim member of the Authority since his appointment in September 2022. Dr. Beamer was selected as an individual with aina (land) resource management expertise and specific experience with Hawaii island-based management. Dr. Beamer currently serves as a Full Professor at the University of Hawaii at Manoa and is associated with the Kamakakūokalani Center for Hawaiian Studies, Hawai'i inuiākea School of Hawaiian Knowledge, William S. Richardson School of Law, and Hui 'Āina Momona program. Dr. Beamer also currently serves as a board member for the University of Hawai'i Professional Assembly and Aloha Kuamo'o 'Āina, a nonprofit

founded to steward the lands and waters of Kuamo‘o, Hawaii island. Previously, Dr. Beamer served as a member of the State Water Resource Management Commission, where he similarly helped protect and manage the waters of the State. Before then, Dr. Beamer held a variety of administrative roles at the Kamehameha Schools. Dr. Beamer was also the former President and Chief Executive Officer of The Kohala Center, an independent and community-based center for research, conservation, and education. Dr. Beamer has also published and presented numerous scholarly works on subjects such as water management, conservation, and ahupua‘a in the Hawaiian Kingdom. Dr. Beamer also secured approximately \$17,000,000 in grants and donations for his various institutions and organizations.

Your Committee finds that Dr. Beamer, with his extensive background in science, education, conservation, and water resource management -- largely focused on Hawaii island -- will provide a diverse perspective that will help enhance the work of the Authority. Dr. Beamer has likewise been with the Authority since its inception and has testified as to his commitment to build the new agency to be a consortium for all stakeholders. Your Committee finds that Dr. Beamer has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Kamanamaikalani Beamer be appointed to the Mauna Kea Stewardship and Oversight Authority based on his knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1991 Water and Land on Gov. Msg. Nos. 537, 539, and 540**

Recommending that the Senate advise and consent to the nominations of the following:

MAUNA KEA STEWARDSHIP AND OVERSIGHT AUTHORITY

G.M. No. 537 MICHELLE WONG-WILSON, for a term to expire 06-30-2025;

G.M. No. 539 JOSHUA MANGAUIL, for a term to expire 06-30-2024; and

G.M. No. 540 POMAICALANI BERTELMANN, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Michelle Wong-Wilson, Joshua Mangauil, and Pomaikalani Bertelmann for service on the Mauna Kea Stewardship and Oversight Authority.

MICHELLE WONG-WILSON

Your Committee received testimony in support of the nomination for the appointment of Michelle Wong-Wilson from one member of the Hawai‘i County Council, Canada-France-Hawai‘i Telescope Corporation, Kūpuna for the Mo‘opuna, Association of Hawaiian Civic Clubs, Hawaiian Civic Club of Hilo, Council for Native Hawaiian Advancement, Kāko‘o Haleakalā, Waimea Hawaiian Civic Club, Kamehameha Schools, and seventy individuals. Your Committee received testimony in opposition to the nomination for the appointment of Michelle Wong-Wilson from seven individuals. Your Committee received comments on the nomination for the appointment of Michelle Wong-Wilson from one individual.

Upon review of the testimony, your Committee finds that Dr. Wong-Wilson’s background, experience, and dedication to community service qualify her to be appointed to the Mauna Kea Stewardship and Oversight Authority. Dr. Wong-Wilson has been serving as an interim member of the Authority since her appointment in September 2022. Dr. Wong-Wilson was selected from a list of names submitted by the Speaker of the House of Representatives. Dr. Wong-Wilson is a Native Hawaiian educator, cultural practitioner, and community leader. Dr. Wong-Wilson retired in 2016 as an assistant professor in Hawaiian Studies and longtime coordinator of the Hālaulani Transfer Success Center at Hawai‘i Community College, where she helped numerous Native Hawaiian and other students successfully transfer to the University of Hawai‘i at Hilo or other four-year baccalaureate institutions to achieve a degree. Dr. Wong-Wilson has dedicated her career to Native Hawaiian issues and has taught, lectured, published, and presented on topics related to Native Hawaiian culture and history. Dr. Wong-Wilson is also involved in community organizations, such as the Kohala Hawaiian Civic Club and ‘Āina Aloha Economic Futures Initiative, and was formerly involved with Kamehameha Schools Trustees Advisory Board and the Native Hawaiian Chamber of Commerce. Dr. Wong-Wilson was also a former member of the Mauna Kea Working Group.

Your Committee finds that Dr. Wong-Wilson, with her extensive background in education and Native Hawaiian culture and history, possesses the qualifications to serve as a member of the Authority. Dr. Wong-Wilson has demonstrated her dedication to serving the Native Hawaiian community and her perspective will enhance the work of the Authority. Your Committee finds that Dr. Wong-Wilson has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Michelle Wong-Wilson be appointed to the Mauna Kea Stewardship and Oversight Authority based on her knowledge, experience, and commitment to public service.

JOSHUA MANGAUIL

Your Committee received testimony in support of the nomination for the appointment of Joshua Mangauil from one member of the Hawai‘i County Council; Kamehameha Schools; Ho‘omana Pono, LLC; Canada-France-Hawai‘i Telescope Corporation; Kūpuna for the Mo‘opuna; Hawaiian Civic Club of Hilo; Kāko‘o Haleakalā; Waimea Hawaiian Civic Club; and seventy-four individuals. Your Committee received testimony in opposition to the nomination for the appointment of Joshua Mangauil from five individuals.

Upon review of the testimony, your Committee finds that Mr. Mangauil’s background, experience, and dedication to community service qualify him to be appointed to the Mauna Kea Stewardship and Oversight Authority. Mr. Mangauil has been serving as an interim member of the Authority since his appointment in September 2022. Mr. Mangauil was selected as an individual who is a recognized practitioner of Native Hawaiian traditional and customary practices. With that in mind, Mr. Mangauil is the founder and

director of the Hawaiian Cultural Center of Hāmākua, a multicultural and multigenerational community center situated in the heart of Honoka'a, which serves as a space for residents to deepen their connection with Hawaiian culture through community classes in art, hula, language, history, agriculture, and philosophy. Since 2016, the Center has hosted special events, guest speakers, community service projects, and cultural exchange programs to create a cultural foundation for the community. Before then, Mr. Mangauil worked for the Department of Education as the 'Ike Hawai'i Resource Teacher for Honoka'a, Waiākea, and Laupāhoehoe, where he provided culture-based education centered on traditional Native Hawaiian practices to pass on such knowledge to the next generation. Mr. Mangauil graduated as a Kumu hula in 2020 with Uniki rites and is also active in kalo (taro) farming in Waipi'o, Hawaii island.

Your Committee finds that Mr. Mangauil, with his extensive background in education and Native Hawaiian traditional and cultural practices, possesses the qualifications to serve as a member of the Authority. Your Committee believes that Mr. Mangauil's leadership, knowledge, and dedication to Native Hawaiian issues will enhance the work of the Authority. Your Committee finds that Mr. Mangauil has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Joshua Mangauil be appointed to the Mauna Kea Stewardship and Oversight Authority based on his knowledge, experience, and commitment to public service.

#### POMAIKALANI BERTELMANN

Your Committee received testimony in support of the nomination for the appointment of Pomaikalani Bertelmann from the Association of Hawaiian Civic Clubs, Kūpuna for the Mo'opuna, Hawaiian Civic Club of Hilo, Kāko'o Haleakalā, Waimea Hawaiian Civic Club, Kamehameha Schools, and twenty-six individuals. Your Committee received testimony in opposition to the nomination for the appointment of Pomaikalani Bertelmann from three individuals.

Upon review of the testimony, your Committee finds that Ms. Bertelmann's background, experience, and dedication to community service qualify her to be appointed to the Mauna Kea Stewardship and Oversight Authority. Ms. Bertelmann has been serving as an interim member of the Authority since her appointment in September 2022. Ms. Bertelmann was selected as an individual who is a lineal descendant of a practitioner of Native Hawaiian traditional and customary practices associated with Mauna Kea. Your Committee finds that Ms. Bertelmann was born and raised on Hawaii island and her family has been a part of the world-famous Hōkūle'a's legacy from its inception. Further, Ms. Bertelmann's family, along with the community of Hawaii island, was responsible for building the double-hulled voyaging canoe, the Makali'i, that was used to educate communities around the world about the voyaging traditions of the ancient Native Hawaiians. Ms. Bertelmann has sailed on multiple deep sea voyages on the Makali'i, Hōkūle'a, and the Alingano Maisu, and she has shared her experiences and culture with students through her past work at Nā Kālai Wa'a and through Kanu o Ka 'Āina New Century Public Charter School, where she is currently employed as the Ho'okele Haumana Counselor. Previously, Ms. Bertelmann served as the Statewide Sail Coordinator for the Polynesian Voyaging Society.

Your Committee finds that Ms. Bertelmann, as a lineal descendant of a world-renowned voyaging family with extensive experience in traditional and customary Native Hawaiian navigational and astronomical practices, possesses the requisite qualifications to serve as a member of the Authority. Your Committee believes that Ms. Bertelmann's unique lived experience can serve to bridge the ancient Hawaiian study of the stars by master navigators with the modern scientific discoveries being made through the observatories on Mauna Kea. Your Committee finds that Ms. Bertelmann has a thorough understanding of the role and responsibilities of Authority members and therefore recommends that Pomaikalani Bertelmann be appointed to the Mauna Kea Stewardship and Oversight Authority based on her knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 1992 Transportation and Culture and the Arts on Gov. Msg. Nos. 568 and 569**

Recommending that the Senate advise and consent to the nominations of the following:

#### STATE HIGHWAY SAFETY COUNCIL

G.M. No. 568 TIFFANY YAJIMA, for a term to expire 06-30-2023; and

G.M. No. 569 TIFFANY LIGHTFOOT, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Tiffany Yajima and Tiffany Lightfoot for service on the State Highway Safety Council.

#### TIFFANY YAJIMA

Your Committee received testimony in support of the nomination for the appointment of Tiffany Yajima from the Department of Transportation and five individuals.

Upon review of the testimony, your Committee finds that Ms. Yajima's experience and knowledge qualify her for appointment to the State Highway Safety Council. Ms. Yajima currently serves as a government affairs attorney for SanHi Government Strategies, specializing in ground transportation and energy policy at the county, state, and federal levels. Additionally, Ms. Yajima has extensive experience participating in working groups dedicated to transportation policy and infrastructure such as the Electric Vehicle Infrastructure Working Group, Hawaii Hydrogen Implementation Working Group, and Hawaii Energy Policy Forum Transportation Working Group. Ms. Yajima also co-authored the 2021 Hawaii Autonomous Vehicle Legal Preparation Task Force report. Your Committee further finds that Ms. Yajima understands the roles and responsibilities of board members, and her experience in government affairs will be an asset to the State Highway Safety Council. Your Committee therefore recommends that Tiffany Yajima be appointed to the State Highway Safety Council based on her proven experience and knowledge.

TIFFANY LIGHTFOOT

Your Committee received testimony in support of the nomination for the appointment of Tiffany Lightfoot from the Department of Transportation and four individuals.

Upon review of the testimony, your Committee finds that Ms. Lightfoot's experience and knowledge qualify her for appointment to the State Highway Safety Council. Ms. Lightfoot currently serves as the State Trauma Program Coordinator for the Emergency Medical Services and Injury Prevention System Branch of the Department of Health. Serving in the field of medicine for twenty years, Ms. Lightfoot is also a registered nurse and previously served as a flight paramedic. Ms. Lightfoot has also served on numerous boards, including as President-Elect of the National Association of State Emergency Medical Services Officials Trauma Council; Past Executive Director of the American College of Emergency Physicians Hawaii Chapter; and member of the Emergency Nurses Association. Your Committee further finds that Ms. Lightfoot's experience as a medical professional will be an asset to the State Highway Safety Council. Your Committee therefore recommends that Tiffany Lightfoot be appointed to the State Highway Safety Council based on her proven experience and knowledge.

As affirmed by the records of votes of the members of your Committee on Transportation and Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1993 Transportation and Culture and the Arts on Gov. Msg. No. 591**

Recommending that the Senate advise and consent to the nomination of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

G.M. No. 591 LEINAALA LOPEZ, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Leinaala Lopez for service on the King Kamehameha Celebration Commission.

Your Committee received testimony in support of the nomination for the appointment of Leinaala Lopez from Hoomohala O Molokai Foundation and seven individuals.

Upon review of the testimony, your Committee finds that Ms. Lopez's experience and knowledge qualify her for appointment to the King Kamehameha Celebration Commission. Ms. Lopez is a lifelong resident of Molokai, where her family has contributed to Molokai's culture through mele (song), hula, lei making, and traditional art. Your Committee notes that Ms. Lopez is an active member of her community, incorporating her knowledge and skills in various forms of Hawaiian culture to perpetuate and preserve traditional cultural arts. Ms. Lopez assisted with the Molokai Kamehameha Day Gala, Parade, and Hoolaulea in 2022 as part of Molokai's King Kamehameha Day Celebrations. Your Committee further finds that Ms. Lopez understands the role and responsibilities of board members and her knowledge of Hawaiian cultural arts will enhance the effectiveness of the King Kamehameha Celebration Commission. Your Committee therefore recommends that Leinaala Lopez be appointed to the King Kamehameha Celebration Commission based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1994 Transportation and Culture and the Arts on Gov. Msg. No. 632**

Recommending that the Senate advise and consent to the nomination of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS

G.M. No. 632 RANDALL FUJIKI, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Randall Fujiki for service on the State Foundation on Culture and the Arts.

Your Committee received testimony in support of the nomination for the appointment of Randall Fujiki from the Downtown Art Center and twenty individuals. Your Committee received comments on the nomination for the appointment of Randall Fujiki from the State Foundation on Culture and the Arts and one individual.

Upon review of the testimony, your Committee finds that Mr. Fujiki's experience and knowledge qualify him for appointment to the State Foundation on Culture and the Arts. Mr. Fujiki has been a licensed architect and planner for nearly forty years, serving in a variety of roles, including as principal planner, director, and senior leadership. In addition, Mr. Fujiki also served as Director of the Department of Design and Construction and Director of Department of Planning and Permitting of the City and County of Honolulu. Your Committee also notes that Mr. Fujiki is a distinguished member of the architecture industry, serving as a Fellow and recipient of the President's Award for Distinguished Public Service from the American Institute of Architects. Mr. Fujiki has served on the Foundation on an interim basis since September 2022, and his extensive experience in architecture, urban and regional planning, and design will continue to be an asset to the Foundation. Your Committee therefore recommends that Randall Fujiki be appointed to the State Foundation on Culture and the Arts based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1995 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 579 and 669**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (HEEIA DISTRICT)

G.M. No. 579 JO-ANN LEONG, for a term to expire 06-30-2026; and

G.M. No. 669 KAIWIPUNI LIPE, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Jo-Ann Leong and Kaiwipuni Lipe for service on the Hawaii Community Development Authority.

JO-ANN LEONG

Your Committee received testimony in support of the nomination for the appointment of Jo-Ann Leong from the Hawaii'i Community Development Authority, Hawaii'i State Aha Moku, Ko'olaupoko Hawaiian Civic Club, and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Jo-Ann Leong from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Dr. Leong's experience, background, and proven leadership on the Hawaii Community Development Authority Board qualify her for appointment to the Board as a community member representing a non-profit organization in the Heeia District. Dr. Leong earned her Doctorate in Microbiology from the University of California San Francisco School of Medicine and served for nearly forty years as a professor, researcher, and distinguished leader in academics. For fourteen years, Dr. Leong served as the former Director Emeritus of the Hawaii Institute of Marine Biology and a Professor in the School of Ocean and Earth Science and Technology at the University of Hawaii at Manoa. Dr. Leong also previously served as Chairman of the Board of Directors for the Center of Tropical and Subtropical Aquaculture in Hawaii and as President of the National Association of Marine Laboratories. Your Committee further notes that Dr. Leong is a dedicated public servant and currently serves as a board member for Paepae O Heeia and Kako o Oiwi and is a contributing member of the Koolapoko Hawaiian Civic Club. Dr. Leong also previously served a four-year term on the Hawaii Community Development Authority representing the Heeia District and remains eager to serve, as Dr. Leong acknowledges the Heeia District is facing a critical period in its development. Your Committee therefore recommends that Jo-Ann Leong be appointed to the Hawaii Community Development Authority based on her extensive experience and continuing commitment to her community.

KAIWIPUNI LIPE

Your Committee received testimony in support of the nomination for the appointment of Kaiwipuni Lipe from the Hawaii'i Community Development Authority, Hawaii'i State Aha Moku, and Ko'olau Foundation. Your Committee received testimony in opposition to the nomination for the appointment of Kaiwipuni Lipe from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Dr. Lipe's experience, background, and commitment to public service qualify her for appointment to the Hawaii Community Development Authority as a member representing the Heeia District. Dr. Lipe holds a Doctorate in Education Administration (Higher Education) from the University of Hawaii at Manoa, a Master's of Science in Counseling Psychology from Chaminade University of Honolulu, and a Bachelor of Arts in Hawaiian Studies from the University of Hawaii at Manoa. Dr. Lipe currently serves the University of Hawaii at Manoa as a Native Hawaiian Affairs Program Officer; Interim Director for the Institute of Hawaiian Language Research and Translation; and Director of the Truth, Racial Healing, and Transformation Campus Center. Dr. Lipe is also a prolific Hawaiian language educator, having taught at Ke Lei Papahi 'o Kākuhihewa, Kamehameha Schools, and the University of Hawaii at Manoa as a graduate research assistant. Your Committee notes that Dr. Lipe is an active member of the community and currently serves as Vice President of Hawaii Women in Filmmaking, and previously served as a member of the Commission on the Status of Women. Dr. Lipe indicated in her personal statement that she believes her experience as a trained Racial Healing Circle Facilitator and counselor demonstrates her ability to connect people and enable open discussion, which will benefit the Hawaii Community Development Authority to ensure that diverse communities can be heard and understood to keep the Authority's work relevant and in service of local communities. Your Committee therefore recommends that Kaiwipuni Lipe be appointed to the Hawaii Community Development Authority based on her experience in education and dedicated commitment to public service.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1996 Energy, Economic Development, and Tourism on Gov. Msg. No. 668**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (KAKAAKO DISTRICT)

G.M. No. 668 KEVIN SAKODA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Kevin Sakoda for service on the Hawaii Community Development Authority.

Your Committee received testimony in support of the nomination for the appointment of Kevin Sakoda from the Hawaii Community Development Authority. Your Committee received testimony in opposition to the nomination for the appointment of Kevin Sakoda from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Sakoda's experience, knowledge, and proven leadership on the Hawaii Community Development Authority qualify him for appointment to the Authority as a member representing the Kakaako District. Ms. Sakoda holds a Master's in Business Administration from the University of Chicago Graduate School of Business and a Bachelor of Science in Electrical Engineering from Northwestern University. Mr. Sakoda has over twenty years of experience in financial markets and possesses a unique combination of skills in technology, disciplined management, risk management, and strategic development to achieve common goals. Mr. Sakoda most recently served as the Managing Director and Head of International Yen Sales for UBS Securities in Tokyo, Japan. Previously, Mr. Sakoda was the Director of the Hedge Fund Sales Group at Barclays Capital in Tokyo, Japan. Mr. Sakoda also worked as a Senior Trader with NationsBank in the Interest Rate Group in Tokyo, Japan and the Interest Rate Product Group in Chicago, Illinois. Mr. Sakoda's experiences have also been enhanced by his extensive experience working and traveling in Asia. In addition to his professional experience, Mr. Sakoda has served on the Hawaii Community Development Authority since 2019 and has a thorough understanding of the roles and responsibilities of the Authority's members. Mr. Sakoda indicated in his personal statement that he believes his disciplined decision-making skills, based on not only financial viability and soundness but also non-financial valuations of community and relationships, will help the Hawaii Community Development Authority and the Kakaako community. Your Committee therefore recommends that Kevin Sakoda be appointed to the Hawaii Community Development Authority based on his extensive experience in the financial sector and his commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1997 Energy, Economic Development, and Tourism on Gov. Msg. No. 662**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY

G.M. No. 662 PETER APO, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Peter Apo for service on the Hawaii Community Development Authority.

Your Committee received testimony in support of the nomination for the appointment of Peter Apo from the Hawaii Community Development Authority and Hawaii State Aha Moku. Your Committee received testimony in opposition to the nomination for the appointment of Peter Apo from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Apo's background, knowledge, and commitment to public service qualify him for appointment to the Hawaii Community Development Authority as a cultural specialist member. Mr. Apo has over forty-five years of experience in various leadership roles within all levels of government in the State and currently serves as the President of Peter Apo Company, LLC, which provides consulting services to Hawaii businesses, and President of Mamo Records. Mr. Apo previously served two terms as a Trustee for the Office of Hawaiian Affairs, and as the Director of Culture and Education for the Native Hawaiian Hospitality Association, Director of Waikiki Development for the City and County of Honolulu, Special Assistant on Hawaiian Affairs to Governor Ben Cayetano, and served as a State Legislator in the Hawaii State House of Representatives for over a decade. In addition to his career in public service, Mr. Apo has also served on dozens of boards and commissions for various State and community organizations and has been honored with numerous accolades and awards, including the Lifetime Achievement O'o Award from the Native Hawaiian Chamber of Commerce, Outstanding Public Service Award from the United States Army Pacific Command, Secretary of the Army Meritorious Service Award, and multiple music awards. Your Committee notes that Mr. Apo indicated in his personal statement that he hopes to bring his accumulated institutional knowledge and plethora of long-standing relationships with community and government leaders to the Hawaii Community Development Authority to help guide the Authority as a cultural specialist. Your Committee therefore recommends that Peter Apo be appointed to the Hawaii Community Development Authority based on his knowledge, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

**SCRep. 1998 Energy, Economic Development, and Tourism on Gov. Msg. No. 639**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY

G.M. No. 639 CHASON ISHII, for a term to expire 06-30-2027. (Reference to Kakaako District removed and nominee's position corrected to an At-Large member by GM 653)

Your Committee reviewed the personal history, resume, and statement submitted by Chason Ishii for service on the Hawaii Community Development Authority.

Your Committee received testimony in support of the nomination for the appointment of Chason Ishii from the Hawai'i Community Development Authority and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Chason Ishii from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Ishii's experience, background, and commitment to public service qualify him to be appointed to the Hawaii Community Development Authority as an at-large member. Mr. Ishii is a versatile executive and community leader with more than two decades of business experience. Prior to his current role as President of Atlas Insurance Agency, the largest insurance agency in the State, Mr. Ishii was the developer and President of Green Home Solutions/Koa Capital; President of HHL Holdings, Inc.; and President of Coldwell Banker Pacific Properties. Your Committee notes that Mr. Ishii is also a member of several professional groups and organizations, including the Young Presidents Organization, Chief Executive Group, and MarshBerry Organization. Your Committee additionally notes that Mr. Ishii has chaired the Hawaii Community Development Authority for nearly two years and his skills as a successful business leader will continue to be assets to the Authority. Mr. Ishii further holds a degree in Executive Education from the Harvard Graduate School of Business and a Bachelor of Business Administration from the University of Hawaii at Manoa. Mr. Ishii indicated in his personal statement that he hopes to bring his years of executive leadership experience and insight and understanding of the housing and commercial development market in the State to continue to help guide the Hawaii Community Development Authority. Your Committee therefore recommends Chason Ishii be appointed to the Hawaii Community Development Authority based on his decades of experience in business, history of community involvement, and proven leadership.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1999 Energy, Economic Development, and Tourism on Gov. Msg. No. 638**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII TECHNOLOGY DEVELOPMENT CORPORATION

G.M. No. 638 MATTHEW SULLIVAN, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Matthew Sullivan for service on the Hawaii Technology Development Corporation.

Your Committee received testimony in support of the nomination for the appointment of Matthew Sullivan from the Hawaii Technology Development Corporation, Oceanit, and seven individuals. Your Committee received testimony in opposition to the nomination for the appointment of Matthew Sullivan from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Sullivan's experience, knowledge, and proven leadership qualify him for appointment to the Hawaii Technology Development Corporation. Your Committee finds that Mr. Sullivan has worked in product design and technology for over a decade. Mr. Sullivan currently serves as the Director of Product at Oceanit since 2017, where he collaborated with Hawaiian Electric Company, Shell, and Chevron to commercialize advanced nanotechnology surface treatments to increase energy efficiency and reduce greenhouse gas emissions for the energy industry; secured \$20,000,000 in grant funding for technology development with the United States Department of Energy and Department of Defense; and developed technology commercialization relationships with various industries and companies in a number of diverse fields, including battery storage, life sciences, industrial, and automotive. Mr. Sullivan also serves as the Chair of the Board of StoryTree, a start-up software company he co-founded in 2011 in Silicon Valley. Your Committee further notes that Mr. Sullivan has a Master of Science from the Stanford University Hasso Platter Institute of Design and also served as an Adjunct Professor at Stanford University where he taught Introduction to Product Design Fundamentals. Mr. Sullivan was also a Startup Mentor for 500 Startups in San Francisco, California, where he advised startups on product design and product strategy and how to pitch and raise money from investors. Your Committee believes that Mr. Sullivan's knowledge of the technology startup lifecycle and strong desire to create an environment for technology and entrepreneurship in the State will be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Matthew Sullivan be appointed to the Hawaii Technology Development Corporation based on his experience, knowledge, and proven leadership.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2000      Judiciary on Gov. Msg. No. 562**

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL RIGHTS COMMISSION

G.M. No. 562    ARSIMA MULLER, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Arsima Muller for service on the Hawai'i Civil Rights Commission.

Your Committee received testimony in support of the nomination for the appointment of Arsima Muller from the Hawai'i Civil Rights Commission and three individuals. Your Committee received testimony in opposition to the nomination for the appointment of Arsima Muller from one individual.

Upon review of the testimony, your Committee finds that Ms. Muller's background and dedication to the civil rights of the people of Hawai'i and the people of Micronesia qualify her to be appointed to the Hawai'i Civil Rights Commission. Your Committee notes that Ms. Muller has been a partner at Carlsmith Ball LLP since 2013, where she represents clients in all aspects of corporate and regulatory matters and commercial litigation. During the course of her career, Ms. Muller has been a staunch advocate for her clients and the Marshallese people, including strong involvement on the Marshallese Education Day Committee. Your Committee further notes that Ms. Muller has been serving as an interim member of the Hawai'i Civil Rights Commission and has a thorough understanding of the roles and responsibilities of its members. Your Committee recommends that Arsima Muller be appointed to the Hawai'i Civil Rights Commission based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2001      Commerce and Consumer Protection on Gov. Msg. No. 618**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOXING COMMISSION OF HAWAII

G.M. No. 618    ROBYN JUMAWAN, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Robyn Jumawan for service on the State Boxing Commission of Hawaii.

Your Committee received testimony in support of the nomination for the appointment of Robyn Jumawan from the Department of Commerce and Consumer Affairs; USA Boxing, Hawaii Association; and four individuals. Your Committee received testimony in opposition of the nomination for the appointment of Robyn Jumawan from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Ms. Jumawan's experience, background, and commitment to public service qualify her for appointment to the State Boxing Commission as a USA Boxing, Inc. member. Your Committee notes that Ms. Jumawan has worked in various roles in the sport of boxing for over fifteen years. Ms. Jumawan is currently the Vice President and Marketing Specialist of PearlSide Boxing, Inc., where she markets boxing programs to the public and serves as supervisor at USA Boxing sanctioned events. During the course of Ms. Jumawan's career, she has gained broad experience and knowledge about the sport of boxing, having served as a USA Boxing member, judge, coach, and Vice President and Chief of Officials for USA Boxing Hawaii. In 2018, Ms. Jumawan was nationally ranked by USA Boxing as the number ten Level 3 official in charge. Ms. Jumawan is currently the State Registration Chair for the United States Amateur Boxing Association and assists the Boxing Commission in promoting amateur boxing across the state. Your Committee finds that Ms. Jumawan has a thorough understanding of the role and responsibilities of commission members and her extensive experience in the sport of boxing will continue to enhance the effectiveness of the State Boxing Commission of Hawaii. Your Committee therefore recommends that Robyn Jumawan be appointed to the State Boxing Commission of Hawaii based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2002      Commerce and Consumer Protection on Gov. Msg. No. 624**

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 624    JOHN CAUDELL, JR., for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by John Caudell, Jr. for service on the Motor Vehicle Industry Licensing Board.

Your Committee received testimony in support of the nomination for the reappointment of John Caudell, Jr. from the Motor Vehicle Industry Licensing Board and Hawaii Automobile Dealers' Association. Your Committee received testimony in opposition of the nomination for the reappointment of John Caudell, Jr. from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his reappointment.

Upon review of the testimony, your Committee finds that Mr. Caudell's experience, knowledge, and proven leadership on the Motor Vehicle Industry Licensing Board qualify him for reappointment to the Board as a member engaged in the motor vehicle industry. Your Committee notes that Mr. Caudell has over forty years of experience in the automotive industry and has owned Pre-Owned Motor Cars Ltd., a licensed motor vehicle dealership located in Kailua-Kona, for twenty-eight years. Mr. Caudell has been a member of the Hawaii Automobile Dealers' Association since 2006 and currently serves as its President. Your Committee further finds that Mr. Caudell has served on the Motor Vehicle Industry Licensing Board since 2022. Mr. Caudell's experience and knowledge will continue to be assets to the Motor Vehicle Industry Licensing Board. Your Committee therefore recommends that John Caudell, Jr. be reappointed to the Motor Vehicle Industry Licensing Board based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2003 Commerce and Consumer Protection on Gov. Msg. No. 550**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF NATUROPATHIC MEDICINE

G.M. No. 550 CORINNE MAUL DE SOTO, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Corinne Maul de Soto for service on the Board of Naturopathic Medicine.

Your Committee received testimony in support of the nomination for the appointment of Corinne Maul De Soto from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition of the nomination for the appointment of Corinne Maul De Soto from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Dr. De Soto's experience, background, and commitment to public service qualify her for appointment to the Board of Naturopathic Medicine as a licensed naturopathic physician member. Your Committee notes that Dr. De Soto has been a licensed doctor of naturopathic medicine in Hawaii for nearly a decade. Dr. De Soto is the owner and Medical Director of the Koa Clinic of Integrative Healing and founder, Executive Director, and Medical Director of the Koa Community Health Foundation in Kailua-Kona. During the course of Dr. De Soto's career, she has gained broad experience and knowledge about naturopathic medicine and remains involved with multiple organizations related to her profession, including the Hawaii Society of Naturopathic Physicians, American Association of Naturopathic Physicians, and Pediatric Association of Naturopathic Physicians. Your Committee further notes that Dr. De Soto has served as an interim member of the Board of Naturopathic Medicine since 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Corinne Maul De Soto be appointed to the Board of Naturopathic Medicine based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2004 Health and Human Services on H.C.R. No. 96**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committee received testimony in support of this measure from the Hawaii Society of Clinical Oncology; Association for Clinical Oncology; American Cancer Society Cancer Action Network; Advanced Reproductive Medicine & Gynecology of Hawaii, Inc. dba Fertility Institute of Hawaii; and two individuals. Your Committee received comments on this measure from the Hawaii Medical Service Association.

Your Committee finds that certain cancers and treatments may affect a person's fertility. While a person may desire to undergo fertility preservation procedures to prepare for these possible impacts to fertility, many individuals are unable to obtain these desired procedures due to their high cost. As a first step to addressing this gap in insurance coverage for reproductive health care, this measure requests the Auditor to perform the statutorily required assessment on the impacts of mandating and expanding health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Awa).

**SCRep. 2005 Higher Education on Gov. Msg. Nos. 600 and 601**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 600 LAUREL LOO, for a term to expire 06-30-2027; and

G.M. No. 601 ABIGAIL MAWAE, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Laurel Loo and Abigail Mawae for service on the Board of Regents of the University of Hawaii.

LAUREL LOO

Your Committee received testimony in support of the nomination for the appointment of Laurel Loo from the Contractors Association of Kaua'i and three individuals.

Upon review of the testimony, your Committee finds that Ms. Loo's knowledge, background, and desire to serve the University of Hawaii community qualify her for appointment to the Board of Regents of the University of Hawaii as a member representing and residing in the County of Kauai. Ms. Loo holds a Bachelor's degree in Journalism from the University of Hawaii at Manoa and a Juris Doctorate from the William S. Richardson School of Law. As a student, Ms. Loo was active in the University community, serving as Editor in Chief of Ka Leo O Hawaii and Business Editor of the University of Hawaii Law Review. Currently, Ms. Loo is a partner at McCarriston Miller Mukai MacKinnon, LLP and serves as a Per Diem Judge for the District Court and Family Court of the Fifth Circuit. Ms. Loo is also a professionally trained mediator and has conducted mediations in the areas of business and family law. As an attorney, Ms. Loo has provided governance training to government and private boards and commissions and has supported increased transparency of the Board of Regents as an interim member of the Board, a position she has held since the beginning of 2023. Ms. Loo has also served as a member in a number of professional and community organizations, including serving as the former Director of the Hawaii State Bar Association. Your Committee therefore recommends that Laurel Loo be appointed to the Board of Regents of the University of Hawaii based on her proven leadership, experience, and commitment to serving the public.

ABIGAIL MAWAE

Your Committee received testimony in support of the nomination for the appointment of Abigail Mawae from 'Ahahui o Hawai'i and six individuals.

Upon review of the testimony, your Committee finds that Ms. Mawae's background, experience, and dedication to the University of Hawaii community qualify her to be appointed to the Board of Regents of the University of Hawaii as a member representing University of Hawaii students. Ms. Mawae graduated from the University of Hawaii at Manoa with a Bachelor of Arts in Communicology and is currently pursuing her Juris Doctorate at the William S. Richardson School of Law. As an undergraduate, Ms. Mawae competed on the Women's Swimming and Diving Team, was awarded Mountain Pacific Sports Federation All-Academic Team Member in 2021, and served as Captain of the University of Hawaii Fellowship of Christian Athletes. Your Committee notes that Ms. Mawae has served as an interim member of the Board of Regents since November 2022, and her advocacy on behalf of student-athletes and Native Hawaiian students will continue to contribute vital perspectives to the Board of Regents' efforts to address student welfare and further the University's commitment to being a Native Hawaiian place of learning. Your Committee therefore recommends that Abigail Mawae be appointed to the Board of Regents of the University of Hawaii based on her advocacy and passion for serving the student community.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2006 Judiciary on Gov. Msg. Nos. 663 and 670**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 663 STACEY MONIZ, for a term to expire 06-30-2027; and

G.M. No. 670 EDITH NEUMILLER, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Stacey Moniz and Edith Neumiller for service on the Commission on the Status of Women.

STACEY MONIZ

Your Committee received testimony in support of the nomination for the reappointment of Stacey Moniz from one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Stacey Moniz from two individuals.

Upon review of the testimony, your Committee finds that Ms. Moniz's experience, background, and proven leadership qualify her for reappointment to the Commission on the Status of Women as a member from Maui County. Your Committee notes that Ms. Moniz has a thirty-eight-year career in nonprofit organizational and business management, including as Executive Director of the Maui Farm, a nonprofit organization that provides housing and programs for women in transition as a result of domestic violence. She previously served as the Executive Director of Women Helping Women, an organization working with victims of domestic abuse. During Ms. Moniz's career, she has gained broad experience and knowledge about women's empowerment, mainly in the field of domestic violence, including providing training, community organizing, and expert testimony. Your Committee further finds that Ms. Moniz has served on the Commission on the Status of Women since 2019. Ms. Moniz's experience and knowledge will continue to be assets to the Commission on the Status of Women. Your Committee therefore recommends that Stacey Moniz be reappointed to the Commission on the Status of Women based on her knowledge, experience, and commitment to public service.

#### EDITH NEUMILLER

Your Committee received testimony in support of the nomination for the reappointment of Edith Neumiller from the Zonta Club of Hilo and five individuals. Your Committee received testimony in opposition to the nomination for the reappointment of Edith Neumiller from one individual.

Upon review of the testimony, your Committee finds that Ms. Neumiller's experience, background, and proven leadership qualify her for reappointment to the Commission on the Status of Women as a member from Kauai County. Your Committee notes that Ms. Neumiller has been an appointed member of the Kauai Committee on the Status of Women since 2013, and has participated in various programs and events, including the Human Trafficking Forum, Women's History Month, Breast Cancer Awareness Month, Equal Pay Proclamation, Denim Day Proclamation, and Career Day. During Ms. Neumiller's appointment, she has gained broad experience and knowledge in women's issues and has attended four annual conferences of the National Association of Commission for Women. Over the course of Ms. Neumiller's service, she has championed bringing awareness to human trafficking and other issues affecting women and girls in Hawai'i. Ms. Neumiller's experience and knowledge will continue to be assets to the Commission on the Status of Women. Your Committee therefore recommends that Edith Neumiller be reappointed to the Commission on the Status of Women based on her knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 663: Ayes, 5. Noes, none. Excused, none.

For Gov. Msg. No. 670: Ayes, 5; Ayes with Reservations (Elefante). Noes, none. Excused, none.

#### **SCRep. 2007      Ways and Means on Gov. Msg. No. 507**

Recommending that the Senate advise and consent to the nomination of the following:

#### DIRECTOR, DEPARTMENT OF BUDGET AND FINANCE

G.M. No. 507    LUIS SALAVERIA, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Luis Salaveria for service as the Director of Finance.

Your Committee received testimony in support of the nomination for the appointment of Luis Salaveria from the Governor; Department of Transportation; Department of Labor and Industrial Relations; Department of Law Enforcement; Department of Public Safety; Department of Commerce and Consumer Affairs; Department of Human Services; Department of Hawaiian Home Lands; Department of Taxation; Department of Land and Natural Resources; Department of Human Resources Development; Department of Education; Department of Agriculture; Office of Enterprise Technology Services; Hawaii State Energy Office; Employees' Retirement System; Office of Community Services; Agribusiness Development Corporation; Stadium Authority; Hawaii Green Infrastructure Authority; Natural Energy Laboratory of Hawaii Authority; Office of the Public Defender; Hawaii Public Housing Authority; Hawaii Technology Development Corporation; Imanaka Asato, LLLC; SanHi Government Strategies; Healthcare Association of Hawaii; Hawaii Laborers & Employers Cooperation and Education Trust; Ulupono Initiative; Hawaii Farm Bureau; Hawaii REALTORS; University of Hawaii Professional Assembly; Parents and Children Together; Capitol Consultants of Hawaii, LLP; and twenty-seven individuals.

Your Committee recognizes that Mr. Salaveria has more than thirty years of experience in both the public and private sectors. He previously served as the Director of Business, Economic Development, and Tourism; Deputy Director of Finance; Senior Budget/Financial Analyst of the Department of Defense; and Budget Supervisor of the Senate Committee on Ways and Means. Mr. Salaveria also served in executive-level government affairs and finance roles in the private sector. He earned a Bachelor of Arts degree from the University of Hawaii at Manoa, with a major in economics and a minor in political science. Your Committee finds that Mr. Salaveria's education and extensive professional experience have equipped him with a comprehensive understanding of the structure, scope, and role of government and finance.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 2008      Ways and Means on Gov. Msg. No. 531**

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF BUDGET AND FINANCE

G.M. No. 531 SABRINA NASIR, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Ms. Sabrina Nasir for service as the Deputy Director of the Department of Budget and Finance.

Your Committee received testimony in support of the nomination for the appointment of Ms. Nasir from the Office of the Governor; Department of Transportation; Department of Public Safety; Department of Human Resources Development; Department of Law Enforcement; Department of Defense; Department of Agriculture; Department of Taxation; Department of Land and Natural Resources; Department of Hawaiian Home Lands; Department of Human Services; Department of Business, Economic Development, and Tourism; Department of Labor and Industrial Relations; Department of Health; Office of Enterprise Technology Services; Employees' Retirement System; Hawaii Public Housing Authority; Stadium Authority; Governor's Coordinator on Homelessness; Climate Change Mitigation and Adaptation Commission; Hawai'i Friends of Civil Rights; Hawaii Tropical Fruit Growers; Synergistic Hawaii Agriculture Council; Milun Hawaii; Hawaii Good Food Alliance; Ulupono Initiative; Hawaii Regional Council of Carpenters; One Shared Future; and numerous individuals.

Your Committee received testimony from one individual in opposition to the nomination for the appointment of Ms. Nasir.

Prior to her nomination and commencement of work as the Deputy Director of Budget and Finance in December 2022, Ms. Nasir served in the administration of Governor David Ige as a Senior Policy Advisor in the Office of the Governor. Her prior government experience includes working for the United States Census Bureau as a Restricted Data Center Researcher under special sworn status; for the Hawaii Department of Transportation Harbors Division as a Project Manager; and for the Hawaii Senate Committee on Ways and Means in roles having progressively increasing levels of responsibility, first as a Budget Analyst, then Capital Improvements Program Specialist, and ultimately Budget Chief. Ms. Nasir also has experience in the non-profit and academic sectors. She established the East-West Center's first Diversity, Equity, and Inclusion program and served as the institution's Title IX Coordinator, in addition to having worked as a Coordinator for its Indo-Pacific Perceptions of Messaging Project. She also worked for The Legal Clinic as a contracted Project Specialist. In the sphere of higher education, Ms. Nasir worked for the University of California at Irvine as a Researcher and for the University of Hawaii at Manoa as a College Outreach Specialist.

Ms. Nasir has earned the respect and esteem of numerous current and former colleagues and community members, as evidenced by the overwhelmingly positive testimony submitted on her behalf. Colleagues highlighted her dedication to excellence, commitment as a public servant, deep and nuanced understanding of state budget and policy issues, and competence in a variety of substantive areas, including advanced statistical analysis skills and expertise in creating data collection and management systems. They also noted her keen intelligence, integrity, impeccable work ethic, humility, patience, and skill in communicating large amounts of complex material to other persons, and generosity with her time. Your Committee also notes that despite having a busy career and demanding work schedule, Ms. Nasir has committed personal time to work for the betterment of the State by volunteering with The Legal Clinic, Hawaii Coalition on Immigrant Rights, and Mana Maoli. Additionally, your Committee notes that Ms. Nasir has furthered her education over the years. Subsequent to graduating with a Bachelor's degree in Economics from the University of California at Berkeley, she went on to obtain two Master's degrees and a Ph.D. that span the fields of globalization, development, demographic analysis, and sociology.

Your Committee notes from Ms. Nasir's personal statement that she shares the vision of the Director of Budget and Finance to accomplish three key goals: (1) protect the State's credit and financial well-being; (2) improve transparency, communication, and metrics; and (3) improve the effectiveness and efficiency of departmental operations. Ms. Nasir identified the modernization of the Department's financial management system as the most ambitious of these overarching goals, noting that the modernization will facilitate the accomplishment of related objectives, have positive impacts statewide, and greatly improve the Department's ability to effectively monitor, plan, and allocate resources. Ms. Nasir noted that her extensive research and academic experience has given her the ability to systematically analyze information and make data-driven decisions. Your Committee notes that this skill is particularly important for a person serving as Deputy Director of Budget and Finance, as the role regularly requires decision-making that involves allocating limited resources to many compelling yet competing needs. Your Committee believes, based on Ms. Nasir's education, work experience, and demonstrated sincerity and commitment to the people of Hawaii and the health of the State's finances, that she possesses the necessary qualifications to serve as Deputy Director of the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Dela Cruz, Kidani, Fevella). Noes, none. Excused, 1 (Inouye).

**SCRep. 2009 Ways and Means on Gov. Msg. No. 518**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF TAXATION

G.M. No. 518 GARY SUGANUMA, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal statement and resume submitted by Gary Suganuma for service as the Director of Taxation.

Your Committee received testimony in support of the nomination of Gary Suganuma from the Office of the Governor; Department of Transportation; Department of Law Enforcement; Department of Budget and Finance; Department of Labor and Industrial Relations; Department of Public Safety; Department of Commerce and Consumer Affairs; Department of Human Services; Department of Hawaiian Home Lands; Department of Land and Natural Resources; Department of Agriculture; Office of Enterprise Technology Services; Department of Finance for the County of Maui; County of Kauai; Pacific Resource Partnership; Yoshida & Associates;

Watanabe Ing, LLP; Tax Section of the Hawaii State Bar Association; Capitol Consultants of Hawaii, LLP; Hawaii Regional Council of Carpenters; and numerous individuals.

Upon review of the testimony and the nominee's qualifications, your Committee recognizes that Gary Suganuma earned a Bachelor's degree in Business Administration from the University of Hawaii and a Juris Doctor degree from the University of the Pacific. He served as a law clerk for two judges in the First Circuit Court and practiced as a litigation attorney for eleven years. He served as Deputy Attorney General in the Education Division of the Department of the Attorney General and has served since 2017 as the Supervising Deputy Attorney General in the Department's Tax and Charities Division. Your Committee believes that Gary Suganuma's expertise, experience, and commitment to public service make him highly qualified to serve as the Director of Taxation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2010 Ways and Means on Gov. Msg. No. 532**

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF TAXATION

G.M. No. 532 KRISTEN SAKAMOTO, for a term to expire 12-07-2026

Your Committee reviewed the personal statement and resume submitted by Ms. Kristen Sakamoto for service as the Deputy Director of the Department of Taxation.

Your Committee received testimony in support of the nomination for the appointment of Ms. Sakamoto from the Office of the Governor; Department of Agriculture; Department of Budget and Finance; Department of Commerce and Consumer Affairs; Department of Hawaiian Home Lands; Department of Human Services; Department of Labor and Industrial Relations; Department of Land and Natural Resources; Department of Law Enforcement; Department of Public Safety; Department of Transportation; Office of Enterprise Technology Services; Department of Budget and Fiscal Services City and County of Honolulu; Department of Finance of the County of Kauai; Department of Finance of the County of Maui; Capitol Consultants of Hawaii, LLP; Hawaii Regional Council of Carpenters; Pacific Resource Partnership; Tax Section of the Hawaii State Bar Association; and numerous individuals.

Upon review of the testimony and the nominee's qualifications, your Committee finds that the nominee has served as Deputy Corporation Counsel in the Finance Section of the Department of Budget and Fiscal Services of the City and County of Honolulu since August 2021. Your Committee notes that the nominee previously served as a Deputy Attorney General in the Tax and Charities Division of the Department of the Attorney General; an Administrative Rules Specialist in the Department of Taxation; an Associate Attorney at Bracamontes & Vlasak, P.C.; an Associate Attorney at Bradshaw & Associates, P.C.; a Judicial Extern to the Honorable Maxine M. Chesney; a Certified Law Clerk for the San Mateo County Counsel; and a Law Clerk for the Bay Area Legal Aid. Your Committee also notes that the nominee earned a Bachelor of Business Administration degree in Management Information Systems from the University of Hawaii at Manoa and a Juris Doctor degree from the University of California, Hastings College of the Law. Your Committee believes that Kristen Sakamoto's expertise, experience, and commitment to public service make her highly qualified to serve as the Deputy Director of the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2011 Transportation and Culture and the Arts on Gov. Msg. No. 519**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF TRANSPORTATION

G.M. No. 519 EDWIN SNIFFEN, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Edwin Sniffen for service as the Director of Transportation.

Your Committee received testimony in support of the nomination for the appointment of Edwin Sniffen from the Governor; Department of Taxation; Department of Land and Natural Resources; Department of Public Safety; Department of Human Services; Department of Human Resources Development; Department of Budget and Finance; Department of Health; Department of Agriculture; Department of Law Enforcement; Department of Hawaiian Home Lands; Department of Labor and Industrial Relations; Office of Enterprise Technology Services; Agribusiness Development Corporation; Hawaii Public Housing Authority; Hawaii Technology Development Corporation; one member of the House of Representatives; Mayor of the City and County of Honolulu; Mayor of the County of Kauai; Mayor of the County of Hawaii; Honolulu Board of Water Supply; Department of Facility Maintenance of the City and County of Honolulu; Department of Transportation Services of the City and County of Honolulu; Oahu Metropolitan Planning Organization; Department of Public Works of the County of Kauai; Department of Planning of the County of Kauai; one member of the Hawaii County Council; Ho'omana Pono, LLC; Airlines Committee of Hawaii; Hawaii Regional Council of Carpenters; Hawaii Transportation Association; Airlines for America; Hawaiian Airlines, Inc.; Hawaii Harbors Users Group; Matson Navigation Company, Inc.; International Longshore and Warehouse Union, Local 100; Young Brothers, LLC; Elizabeth Kahanu Hawaiian Civic Club;

Castle & Cooke Homes Hawai'i, Inc.; Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; Hawaiian Electric Industries; Sustainability Partners LLC; Pacific Resource Partnership; Hawaii Longshore Division of the International Longshore and Warehouse Union, Local 142; Oahu Motorsports Association; Smart Start LLC; Iron Workers Stabilization Fund; Hui 'Oihana – Hawai'i Island Native Hawaiian Chamber of Commerce; Association of Hawaiian Civic Clubs; Ulupono Initiative; General Contractors Association of Hawaii; Norwegian Cruise Line Holdings Ltd.; Hawaii Building & Construction Trades Council; Waimea Christmas Parade; International Brotherhood of Electric Workers, Local 1186; Operating Engineers Local Union No. 3; Airport Concessionaires Committee; Hawai'i Community Foundation; American Association of State Highway and Transportation Officials; International Longshore and Warehouse Union, Local 142; and one hundred eighty-one individuals. Your Committee received testimony in opposition to the nomination for the appointment of Edwin Sniffen from two individuals.

Upon review of the testimony, your Committee finds that Mr. Sniffen's experience and knowledge qualify him for appointment as the Director of Transportation. Mr. Sniffen has served as the interim Director of Transportation since December 2022 and has since worked closely with the leadership team of the Department to ensure Hawaii's transportation infrastructure operates efficiently and safely. Mr. Sniffen has served in the Department of Transportation for over a decade, most recently serving as the Deputy Director of Transportation – Highways Division. During his tenure, Mr. Sniffen oversaw seven hundred eighty employees and \$500 million in capital improvement projects, special maintenance projects, and operational funding. Additionally, Mr. Sniffen's scope of responsibilities also extended to leading the modernization efforts for highways statewide and leveraging highway resources toward the State's highest priorities, including the piloting of green materials for broad construction use and sustainability initiatives; leveraging highways resources toward broadband infrastructure for underserved communities; joint initiatives with high schools and the University of Hawaii College of Engineering to promote STEM curriculum; improving public access to highways data; pursuing affordable housing partnerships; and maximizing federal funding for the State. Mr. Sniffen also served as a leader during the coronavirus disease 2019 pandemic, where he led paperless initiatives and utilized highways facilities to provide timely updates and testing sites during the pandemic. More recently, Mr. Sniffen also assisted with the Red-Light Safety Program to ensure safety on state roads while also raising awareness on the dangers of distracted, impaired, and reckless driving. As Deputy Director, Mr. Sniffen also served as a representative of the State in high profile issues regarding highways funding, initiatives, facilities, and impacts, including serving as a primary point of contact with federal, state, and county agencies.

Your Committee also finds that Mr. Sniffen's experience in senior leadership, engineering, and government operations provide experience and institutional knowledge necessary to lead the Department of Transportation. As the Director of Transportation, Mr. Sniffen pledges to commit to address climate change and affirmed his vision to align Department of Transportation goals with statewide sustainability and climate change mitigation and adaptation policies, including collaboration with other federal, state, and county agencies to ensure a proactive approach to the challenges ahead. Your Committee notes that Mr. Sniffen also identified other Department of Transportation priorities during his tenure, including traffic management and enforcement to protect the State's roadways; establishing and expanding safe routes for other modes of travel for pedestrians, bikers, keiki, and kupuna; and diversifying the locations of economic sectors across the State to alleviate traffic congestion in the State's urban cores.

Your Committee further finds that Mr. Sniffen is an active member of his community. Mr. Sniffen served as Chair of the Committee on Transportation System Security and Resilience of the American Association of State Highway Transportation Officials Board and as Chair of the Audit Committee of the Western Association of State Highway Transportation Officials Board. Mr. Sniffen received a Bachelor of Science degree in civil engineering from Santa Clara University and he is a licensed professional engineer.

Your Committee believes that Mr. Sniffen's previous experience in senior leadership, engineering, and large-scale government operations qualify him to serve as the Director of Transportation. As a leader seeking inter-departmental solutions for a wide range of issues such as funding, staffing, infrastructure, and daily operations, Mr. Sniffen's noted reputation as an innovator will allow the Department of Transportation to move forward. Mr. Sniffen's experience will benefit the Department of Transportation as it strives to fulfill its mission to support the State's transportation infrastructure and address rising challenges to the State's goals. Your Committee therefore recommends that Edwin Sniffen be appointed as the Director of Transportation based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 2012 Labor and Technology on Gov. Msg. No. 515**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS

G.M. No. 515 JADE BUTAY, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Jade Butay for service as the Director of Labor and Industrial Relations.

Your Committee received testimony in support of the nomination for the appointment of Jade Butay from the Governor; Department of Labor and Industrial Relations; Department of Transportation; Department of Law Enforcement; Department of Budget and Finance; Department of Agriculture; Department of Defense; Department of Commerce and Consumer Affairs; Department of Public Safety; Department of Hawaiian Home Lands; Department of Land and Natural Resources; Department of Human Services; Department of Taxation; Department of Human Resources Development; Hawaii Public Housing Authority; Office of Enterprise Technology Services; Office of Community Services; Labor and Industrial Relations Appeals Board; Hawai'i Civil Rights Commission; Mayor of the City and County of Honolulu; Mayor of the County of Hawaii; Mayor of the County of Kauai; one member of the Maui County Council; Āliamanu-Salt Lake-Foster Village-Airport Neighborhood Board of the City and County of Honolulu;

Board of Water Supply of the City and County of Honolulu; Oahu Metropolitan Planning Organization; Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; Operating Engineers Local Union No. 3; Hawaii Laborers-Employers Cooperation and Education Trust; Retail Merchants of Hawaii; Work Injury Medical Association of Hawaii; United Public Workers, AFSCME Local 646, AFL-CIO; Airlines Committee of Hawaii; Unite Here Local 5; Waikiki Improvement Association; University of Hawaii Professional Assembly; Hawai'i Friends of Civil Rights; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; International Brotherhood of Electrical Workers Local 1260; Airport Concessionaires Committee; Oahu Filipino Community Council; Hawai'i State AFL-CIO; Filipinos for Affirmative Action; Environmental Caucus of the Democratic Party of Hawai'i; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; We Are Oceania; Hawai'i Lodging & Tourism Association; Nakem Conferences, Inc.; Hawaii Masons' and Plasterers' Unions Stabilization Fund; Hawaii Carpenters Apprenticeship and Training Fund; Hawaii Workers Center; Hawai'i Farm Bureau; Hawaii Medical Service Association; and one hundred six individuals. Your Committee received testimony in opposition to the nomination for the appointment of Jade Butay from two individuals. Your Committee received comments on the nomination for the appointment of Jade Butay from one individual.

Mr. Butay earned a Bachelor of Business Administration with Distinction from the University of Hawaii at Manoa and a Master of Business Administration from Babson College. Since then, he has accumulated twelve years of experience as a management consultant and over eleven years of experience in positions of leadership within the executive branch. Prior to being nominated to serve as the Director of Labor and Industrial Relations, Mr. Butay was the Director of Transportation, a position he has held since November 2017. Your Committee notes that Mr. Butay not only served as the Deputy Director of the Department of Transportation from 2011 to 2013, and 2014 to 2017, but also served as the Deputy Director of the Department of Labor and Industrial Relations from 2013 to 2014. Your Committee further notes that Mr. Butay has served as the interim Director of Labor and Industrial Relations since December 2022.

Your Committee recognizes the wide-ranging testimony it has received in support of Mr. Butay's nomination from both state and county departments, for-profit and nonprofit organizations, and numerous individuals across various industries and communities. Testimony in support of Mr. Butay's nomination speak positively to his character and professionalism, along with his many contributions to the Filipino community. In response to your Committee's questionnaire, Mr. Butay shared his vision to have a thriving workforce by enhancing current programs of the Department of Labor and Industrial Relations and developing new programs to positively impact the community and help displaced workers gain the skills necessary to rejoin the workforce.

Your Committee recognizes that it is the solemn responsibility of the Senate to evaluate whether the Governor's nominees are qualified for the position to which they are nominated. Your Committee notes that its assessment is based on the past performance of the nominee, the performance of the nominee during the public hearing, and testimony of those with direct knowledge of the nominee's ability to lead. Your Committee finds that the testifiers agree that Mr. Butay is attentive, collaborative, and personable. However, those who have worked directly with him report his lack of leadership, that his role as Director of Transportation was purely ceremonial as he acted as a caretaker rather than improving the organization. Your Committee thus has grave concerns about the ability of the nominee to lead the Department of Labor and Industrial Relations based on his performance to date. More is needed to meet the post-pandemic challenges, goals, and mission of the Department.

Your Committee believes that during this new administration, the State needs leaders who can address and solve the labor challenges that have emerged from the coronavirus disease 2019 pandemic. Your Committee further believes that the Director of Labor and Industrial Relations must be proactive and results-oriented to effectively and efficiently fulfill the mission of the Department. Hearing these concerns, Mr. Butay has committed to work more proactively with department managers and staff to address the State's workforce shortage, create incentives to retain talent in the State, care for workers of small businesses, and balance labor and management concerns. Therefore, while your Committee has concerns, based on the aforementioned commitment by the nominee, it recommends, with reservations, that Jade Butay be appointed as Director of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Lee, Moriwaki, Fevella). Noes, none. Excused, 1 (Keith-Agaran).

### **SCRep. 2013 Commerce and Consumer Protection on Gov. Msg. No. 602**

Recommending that the Senate advise and consent to the nomination of the following:

#### HAWAII MEDICAL BOARD

G.M. No. 602 ELIZABETH IGNACIO, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Elizabeth Ignacio for service on the Hawaii Medical Board.

Your Committee received testimony in support of the nomination for the appointment of Elizabeth Ignacio from the Department of Commerce and Consumer Affairs, Hawaii Medical Association, Hawai'i Radiological Society, and one individual. Your Committee received testimony in opposition to the nomination for the appointment of Elizabeth Ignacio from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Dr. Ignacio's experience, background, and commitment to public service qualify her for appointment to the Hawaii Medical Board as a licensed allopathic physician member from Maui County. Your Committee notes that Dr. Ignacio has been a licensed physician in Hawaii since 2010 and is board certified by the American Board of Radiology in Diagnostic and Vascular and Interventional Radiology. Dr. Ignacio is currently employed with Hawaii Pacific Health Medical Group and Renaissance Imaging Medical Associates as a diagnostic and interventional radiologist. During the course of Dr. Ignacio's career, she has gained broad experience and knowledge in her field and has served in numerous advocacy and medical

society leadership roles in the State, including as President of the Hawaii Radiological Society; Delegate for the Council Steering Committee for the American College of Radiology; and in various roles for the Hawaii Medical Association where she currently serves as President elect. Dr. Ignacio was also at the forefront of the response to the coronavirus disease 2019 pandemic, serving on the HICOVID Healthcare Provider Task Force, Hawaii Statewide Provider Surge Capacity Committee, Maui COVID Testing Capacity Group, and Aloha Trace Coalition. Your Committee further notes that Dr. Ignacio has served as an interim member of the Hawaii Medical Board since 2023 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Elizabeth Ignacio be appointed to the Hawaii Medical Board based on her knowledge, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2014 (Majority) Commerce and Consumer Protection on Gov. Msg. No. 621**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF NURSING

G.M. No. 621 CARRIE OLIVEIRA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Carrie Oliveira for service on the State Board of Nursing.

Your Committee received testimony in support of the nomination for the reappointment of Carrie Oliveira from the Board of Nursing, Hawai'i State Center for Nursing, and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Carrie Oliveira from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her reappointment.

Upon review of the testimony, your Committee finds that Dr. Oliveira's experience, knowledge, and proven leadership on the State Board of Nursing qualify her for reappointment to the State Board of Nursing as a public member. Your Committee notes that Dr. Oliveira has a Ph.D. in Communication and is an Associate Specialist for Workforce Research with the Hawaii State Center for Nursing, where she has improved the timeliness and distribution of the Center's research and solely produced the State's largest research undertaking related to nurses since 2016, which has been presented at the national level. Dr. Oliveira previously served as the Director of Research with SMS Research and Marketing Services, Inc. and spent a number of years as a professor at East Tennessee State University, including time as the Associate Chair of Curriculum for the Department of Communication. Your Committee further finds that Dr. Oliveira has served on the State Board of Nursing since 2019 and currently serves as Chair. Accordingly, Dr. Oliveira's experience and knowledge will continue to be assets to the State Board of Nursing. Your Committee notes that, although this is Dr. Oliveira's third consecutive appointment, she has served on the State Board of Nursing for only a total of four years, which is less than the maximum eight years allowed by section 457-3, Hawaii Revised Statutes. Accordingly, Dr. Oliveira's experience and knowledge will continue to be assets to the State Board of Nursing. Your Committee therefore recommends that Carrie Oliveira be reappointed to the State Board of Nursing based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Awa). Excused, none.

**SCRep. 2015 Commerce and Consumer Protection on Gov. Msg. Nos. 603, 619, and 620**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PHARMACY

G.M. No. 603 BRANDON RABANG, for a term to expire 06-30-2026;

G.M. No. 619 PATRICK ADAMS, for a term to expire 06-30-2027; and

G.M. No. 620 CATALINA CROSS, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Brandon Rabang, Patrick Adams, and Catalina Cross for service on the Board of Pharmacy.

BRANDON RABANG

Your Committee received testimony in support of the nomination for the appointment of Brandon Rabang from the Department of Commerce and Consumer Affairs and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Brandon Rabang from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Rabang's experience, background, and commitment to public service qualify him for appointment to the Board of Pharmacy as a public member. Your Committee notes that Mr. Rabang is currently an Executive Hybrid Territory Specialist and Direct Sales Trainer for Janssen Pharmaceutical, Inc. where he is responsible for achieving sales quota and business objectives within the Hawaii region. During the course of Mr. Rabang's career, he has gained broad

experience and knowledge about the pharmaceutical industry pertaining to cardiovascular and internal medicine and has developed relationships with physicians, medical practices and staff, hospitals, hospital networks, clinics, purchasing departments, pharmacies, and other pertinent stakeholders. Your Committee further notes that Mr. Rabang has served as an interim member of the Board of Pharmacy since 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Brandon Rabang be appointed to the Board of Pharmacy based on his knowledge, experience, and commitment to public service.

#### PATRICK ADAMS

Your Committee received testimony in support of the nomination for the reappointment of Patrick Adams from the Board of Pharmacy and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Patrick Adams from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Adams's background, knowledge, and proven leadership on the Board of Pharmacy qualify him for reappointment to the Board as a pharmacist member. Your Committee notes that Mr. Adams has over twenty years of experience in pharmacy and was most recently the Director of Pharmacy at Malama Compounding Pharmacy. Prior to that, Mr. Adams served as the Director of Pharmacy at Foodland Supermarkets; the Community Affairs Director at the University of Hawaii at Hilo, Daniel K. Inouye College of Pharmacy; and a pharmacy manager in Washington and Hawaii. Mr. Adams has also received additional education as a pharmacist to perform specialized duties and holds national qualifications and certificates to train pharmacists in various areas. Your Committee further finds that Mr. Adams has served on the Board of Pharmacy since 2020 and his experience and knowledge will continue to be assets to the Board of Pharmacy. Your Committee therefore recommends that Patrick Adams be reappointed to the Board of Pharmacy based on his experience, background, and dedication to public service.

#### CATALINA CROSS

Your Committee received testimony in support of the nomination for the reappointment of Catalina Cross from the Board of Pharmacy; First Vitals Health and Wellness, Inc.; and four individuals. Your Committee received testimony in opposition to the nomination for the reappointment of Catalina Cross from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Dr. Cross's knowledge, experience, and dedication to community service qualify her for reappointment to the Board of Pharmacy as a public member. Your Committee notes that Dr. Cross holds a Ph.D. in Public Policy and Administration and is the current General Manager for Pharmacare Hawaii, where she develops and implements strategies to increase financial growth of retail pharmacy and third party administrator services. Dr. Cross is also a member of the National Community Pharmacists Association; was previously a co-chair of Maui Community Health Partners; and Dean's Council Member of the University of Hawaii at Hilo, Daniel K. Inouye College of Pharmacy. Your Committee further finds that Dr. Cross has served on the Board of Pharmacy since 2019 and her knowledge and experience as a public member will continue to enhance the effectiveness of the Board of Pharmacy. Your Committee therefore recommends that Catalina Cross be reappointed to the Board of Pharmacy based on her background, knowledge, and continued desire to serve her community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 2016 Commerce and Consumer Protection on Gov. Msg. Nos. 614, 617, and 640**

Recommending that the Senate advise and consent to the nominations of the following:

#### BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 614 PHILLIP LUCERO, for a term to expire 06-30-2027;

G.M. No. 617 ROBERT BARRETT, for a term to expire 06-30-2027; and

G.M. No. 640 SHEUNG MAN WONG, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Phillip Lucero, Robert Barrett, and Sheung Man Wong for service on the Board of Electricians and Plumbers.

#### PHILLIP LUCERO

Your Committee received testimony in support of the nomination for the appointment of Phillip Lucero from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to the nomination for the appointment of Phillip Lucero from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Lucero's experience, knowledge, and prior leadership on the Board of Electricians and Plumbers qualify him for reappointment to the Board of Electricians and Plumbers as a licensed electrician member. Your Committee notes that Mr. Lucero has thirty-one years of experience in the contracting industry and has been licensed as an electrician in Hawaii since 1992. Mr. Lucero is the owner of Preferred Electricians, LLC and previously served as Vice President of Electricians, Inc. Mr. Lucero is also a subject matter expert for the National Association of State Contractors Licensing Agencies Electricians Exam. Your Committee further finds that Mr. Lucero previously served two terms on the Board of Electricians and Plumbers and was elected as Chair and served on the Applications Review Committee. Mr. Lucero's experience and knowledge will

continue to enhance the effectiveness of the Board of Electricians and Plumbers. Your Committee therefore recommends that Phillip Lucero be appointed to the Board of Electricians and Plumbers based on his experience, knowledge, and continued desire to serve the public.

ROBERT BARRETT

Your Committee received testimony in support of the nomination for the reappointment of Robert Barrett from the Board of Electricians and Plumbers, one member of the Honolulu City Council, and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Robert Barrett from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Barrett's background, knowledge, and proven leadership on the Board of Electricians and Plumbers qualify him for reappointment to the Board of Electricians and Plumbers as a public member. Your Committee notes that Mr. Barrett has over thirty years of experience in the construction industry and is the President and co-owner of Coastal Windows, Inc., a family owned and operated vinyl window and door manufacturer in Hawaii that has grown into a state of the art manufacturing facility and earned recognition and honors at the state and national level. Your Committee further notes that Mr. Barrett is an active participant in his community and serves as a member of numerous other boards, councils, and associations, including his role as Chairman of the Parent Advisory Council, Chairman of the Parish Pastoral Advisory Council, President of the Board of Directors for the Mililani Town Association, and President of the Gentry Waipio Industrial Area Association. Your Committee finds that Mr. Barrett has served on the Board of Electricians and Plumbers since 2019 and currently serves as Vice President. Mr. Barrett's local business acumen, deliberative experience, and valuable consumer perspective will continue to be assets to the Board of Electricians and Plumbers. Your Committee therefore recommends that Robert Barrett be reappointed to the Board of Electricians and Plumbers based on his knowledge, background, and dedication to public service.

SHEUNG MAN WONG

Your Committee received testimony in support of the nomination for the reappointment of Sheung Man Wong from the Board of Electricians and Plumbers and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Sheung Man Wong from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Wong's experience, knowledge, and proven leadership on the Board of Electricians and Plumbers qualify him for reappointment to the Board of Electricians and Plumbers as a licensed plumber member. Your Committee notes that Mr. Wong has been a licensed plumber in Hawaii since 2010 and currently works with Gordon Mechanical, LLC as its Vice President of Operations. During his career, Mr. Wong has worked on various commercial, residential, and mixed-use projects, and has worked as a plumber apprentice, journeyman, foreman, and supervisor and understands the requirements for regulating electrical and plumbing professionals. Your Committee further finds that Mr. Wong has served on the Board of Electricians and Plumbers since 2019, previously served as Vice Chair, and is currently serving as its Chair and as a member of the Applications Review Committee. Mr. Wong's active leadership, experience, and knowledge will continue to benefit the Board of Electricians and Plumbers. Your Committee therefore recommends that Sheung Man Wong be reappointed to the Board of Electricians and Plumbers based on his experience, background, and demonstrated leadership.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2017 Commerce and Consumer Protection on Gov. Msg. No. 508**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS

G.M. No. 508 NADINE ANDO, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Nadine Ando for service as the Director of the Department of Commerce and Consumer Affairs.

Your Committee received testimony in support of the nomination for the appointment of Nadine Ando from the Governor; Department of Agriculture; Department of Budget and Finance; Department of Commerce and Consumer Affairs; Department of Health; Department of Human Resources Development; Department of Human Services; Department of Labor and Industrial Relations; Department of Land and Natural Resources; Department of Taxation; Department of Transportation; Hawaii Public Housing Authority; Healthcare Association of Hawaii; Kaiser Permanente Hawai'i; American Resort Development Association - Hawaii; Capitol Consultants of Hawaii, LLP; Hawai'i Association of REALTORS; Hawaii Electricians Market Enhancement Program; Hawaii Medical Service Association; International Brotherhood of Electrical Workers Local Union No. 1186; Imanaka Asato; Marriott Vacations Worldwide Corporation; Hawaii Credit Union League; and forty-six individuals. Your Committee received testimony in opposition to the nomination for the appointment of Nadine Ando from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Ms. Ando's background, experience, and commitment to public service qualify her for appointment as Director of Commerce and Consumer Affairs. Ms. Ando has served as interim Director of Commerce and Consumer Affairs since December 2022. At the time of her appointment, Ms. Ando was working as litigation counsel with the law firm of Fukunaga Matayoshi Ching & Kon-Herrera, LLP. Ms. Ando serves on the Advisory Committee of the Bar Leadership Institute; as Chair and Commissioner of the Hawaii State Judicial Selection Commission; and is the Lawyer-Delegate for the United States

District Court, Hawaii Judicial Conference. Ms. Ando has extensive background in commercial and real estate litigation, professional liability law, insurance coverage, products liability, and employment litigation, having been a partner with some of the State's most highly respected law firms over the course of her forty year career as an attorney. Ms. Ando has received consistent professional recognition for her work, having been listed in Best Lawyers of America and Super Lawyers for her commercial litigation practice since 2006 and 2008, respectively.

Overwhelming testimony indicates that Ms. Ando is respected by her colleagues. Testimony in support of her nomination indicates that she has a proven track record of being a diligent worker, an effective problem solver, and an open-minded leader. Testifiers who have worked closely with Ms. Ando commented that, in her time as Interim Director of Commerce and Consumer Affairs, she has demonstrated her ability to quickly grasp and understand complex issues facing the Department. Other testifiers noted that Ms. Ando brings a leadership style that welcomes collaboration and ideas for improvement.

Your Committee notes from Ms. Ando's personal statement that her vision for the Department of Commerce and Consumer Affairs is to modernize processes across the Department, improve efficiency and customer engagement with the Department for public facing agencies, and streamline workload processes for Department staff. Ms. Ando also highlighted the need to provide cross division access to data and information to increase the Department's ability to flag individuals and business entities who are not in compliance with state law; address vacancy and retention issues within the Department, as well as succession planning for divisions for employees with institutional knowledge; improve professional and vocational licensing processes to alleviate the shortage of critical workers; and encourage telecommunications providers to expand infrastructure and access to unserved and underserved communities in the State.

Your Committee finds that Ms. Ando's leadership abilities, professional experience, and accomplishments will be valuable assets to the Department of Commerce and Consumer Affairs, the State of Hawaii, and its consumers and businesses. Your Committee therefore recommends that Nadine Ando be appointed as the Director of Commerce and Consumer Affairs based on her extensive knowledge, background, and dedication to serving the public.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2018 Commerce and Consumer Protection on Gov. Msg. Nos. 622, 623, 642, and 645**

Recommending that the Senate advise and consent to the nominations of the following:

CONTRACTORS LICENSE BOARD

- G.M. No. 622 PAUL ALEJADO, for a term to expire 06-30-2027;
- G.M. No. 623 ERIC HIGASHIHARA, for a term to expire 06-30-2027;
- G.M. No. 642 RANDALL LAU, for a term to expire 06-30-2027; and
- G.M. No. 645 DARYL SUEHIRO, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Paul Alejado, Eric Higashihara, Randall Lau, and Daryl Suehiro for service on the Contractors License Board.

PAUL ALEJADO

Your Committee received testimony in support of the nomination for the reappointment of Paul Alejado from the Contractors License Board; Commercial Roofing & Waterproofing HI, Inc.; and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Paul Alejado from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his reappointment.

Upon review of the testimony, your Committee finds that Mr. Alejado's experience, knowledge, and proven leadership on the Contractors License Board qualify him for reappointment to the Contractors License Board as a general contractor member. Your Committee notes that Mr. Alejado has over thirty-five years of experience in the construction industry and has been licensed as a general building contractor in Hawaii since 2004. Mr. Alejado currently serves as the President of Noa Pacific Construction and prior to that worked as a field superintendent and chief estimator for bidding and securing projects. Your Committee further finds that Mr. Alejado has served on the Contractors License Board since 2019 and his experience and knowledge will continue to be assets to the Contractors License Board. Your Committee therefore recommends that Paul Alejado be reappointed to the Contractors License Board based on his experience, knowledge, and commitment to public service.

ERIC HIGASHIHARA

Your Committee received testimony in support of the nomination for the reappointment of Eric Higashihara from the Contractors License Board and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Eric Higashihara from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his reappointment.

Upon review of the testimony, your Committee finds that Mr. Higashihara's knowledge, background, and proven leadership on the Contractors License Board qualify him for reappointment to the Contractors License Board as a public member. Your Committee notes that Mr. Higashihara has over twenty-five years of experience as a private wealth advisor and has owned an Ameriprise Financial franchise since 1997. Additionally, Mr. Higashihara has served on several boards and committees, including on the Board of Trustees at Assets School, as a Finance Committee member for Mid-Pacific Country Club, as Treasurer for Punahou Aquatics, and on the Board of Governors of the Japanese Cultural Center of Hawaii. Your Committee further finds that Mr. Higashihara has served on the

Contractors License Board since 2019 and his background and perspective as a public member will continue to enhance the effectiveness of the Contractors License Board. Your Committee therefore recommends that Eric Higashihara be reappointed to the Contractors License Board based on his knowledge, experience, and continued desire to serve the public.

RANDALL LAU

Your Committee received testimony in support of the nomination for the appointment of Randall Lau from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to the nomination for the appointment of Randall Lau from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Lau's experience, background, and proven leadership on the Contractors License Board qualify him for appointment to the Contractors License Board as a general contractor member. Your Committee notes that Mr. Lau has thirty-five years of experience in the construction industry and has been licensed as a general building contractor in Hawaii since 1991. Mr. Lau is currently the principal RME for CEG Solutions, LLC and prior to that was a consultant and sole proprietor for Randy Lau & Associates. Your Committee further finds that Mr. Lau previously served on the Contractors License Board from 2010-2014 and served four years as the Chair. Mr. Lau's professional background and prior leadership experience will be assets to the Contractors License Board. Your Committee therefore recommends that Randall Lau be appointed to the Contractors License Board based on his experience, background, and dedication to public service.

DARYL SUEHIRO

Your Committee received testimony in support of the nomination for the appointment of Daryl Suehiro from the Department of Commerce and Consumer Affairs, Electrical Contractor's Association of Hawai'i, International Brotherhood of Electrical Workers Local Union No. 1186, and Hawaii Electricians Market Enhancement Program. Your Committee received testimony in opposition to the nomination to the appointment of Daryl Suehiro from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Suehiro's experience, background, and prior leadership on the Contractors License Board qualify him for appointment to the Contractors License Board as a specialty contractor member. Your Committee notes that Mr. Suehiro has over thirty-five years of experience working as a licensed electrical contractor and licensed journey worker electrician. Mr. Suehiro is currently the President of D. Suehiro Electric, Inc., and the Vice President of 808 Underground Utilities, Inc. Your Committee further finds that Mr. Suehiro previously served on the Contractors License Board from 2008 to 2016 and his experience as a specialty contractor and unique knowledge will continue to be assets to the Contractors License Board. Your Committee therefore recommends that Daryl Suehiro be appointed to the Contractors License Board based on his experience, knowledge, and desire to serve his community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2019 Commerce and Consumer Protection on Gov. Msg. Nos. 592 and 625**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PSYCHOLOGY

G.M. No. 592 JEFFREY STERN, for a term to expire 06-30-2026; and

G.M. No. 625 JILL OLIVEIRA CABBAB, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Jeffrey Stern and Jill Oliveira Cabbab for service on the Board of Psychology.

JEFFREY STERN

Your Committee received testimony in support of the nomination for the appointment of Jeffrey Stern from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to the nomination for the appointment of Jeffrey Stern from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Dr. Stern's experience, background, and commitment to public service qualify him for appointment to the Board of Psychology as a licensed member. Your Committee notes that Dr. Stern has been a licensed psychologist since 2004 and has performed clinical work with an emphasis on children's mental health while working in his private practice and in schools such as Iolani School. During the course of Dr. Stern's career, he has gained broad experience and knowledge about the field of child psychology, including those suffering from neurodevelopmental disabilities. Dr. Stern has also been highly active in educating and training future Hawaii psychologists through his time spent mentoring students on basic principles of research at Iolani School and within multiple doctoral level training programs, including his current roles as Assistant Professor at Chaminade University and Lecturer at University of Hawaii at Manoa. Your Committee further notes that Dr. Stern has served as an interim member of the Board of Psychology since 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Jeffrey Stern be appointed to the Board of Psychology based on his knowledge, experience, and commitment to public service.

JILL OLIVEIRA CABBAB

Your Committee received testimony in support of the nomination for the reappointment of Jill Oliveira Cabbab from the Board of Psychology, Hawaii Psychological Association, and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Jill Oliveira Cabbab from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her reappointment.

Upon review of the testimony, your Committee finds that Dr. Oliveira Cabbab's professional experience, knowledge, and proven leadership qualify her for reappointment to the Board of Psychology as a licensed member. Your Committee notes that Dr. Oliveira Cabbab has over twenty years of experience in psychology and has been licensed as a clinical psychologist in Hawaii since 2002. Dr. Oliveira Cabbab currently serves as a Behavioral Health Consultant for Tripler Army Medical Center and maintains a private practice as a Clinical Psychologist. Dr. Oliveira Cabbab also has experience working within training programs, such as I Ola Lāhui where, from 2013-2020, she was the Director of Training. Your Committee further finds that Dr. Oliveira Cabbab has served on the Board of Psychology since 2017. Your Committee notes that, although it finds Dr. Oliveira Cabbab qualified to serve on the Board of Psychology, it appears that she has served on the Board of Psychology continuously since 2017 and thus the stated term of this reappointment will exceed the maximum eight consecutive years of service allowed by section 26-34, Hawaii Revised Statutes. Until then, Dr. Oliveira Cabbab's leadership, experience, and knowledge will continue to be assets to the Board of Psychology. Your Committee therefore recommends that Jill Oliveira Cabbab be reappointed to the Board of Psychology based on her experience, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2020 Commerce and Consumer Protection on Gov. Msg. Nos. 548, 549, 613, and 615**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTISTRY

- G.M. No. 548 JONATHAN LAU, for a term to expire 06-30-2026;
- G.M. No. 549 CRAIG YAMAMOTO, for a term to expire 06-30-2023;
- G.M. No. 613 ANDREW TSEU, for a term to expire 06-30-2027; and
- G.M. No. 615 JOYCE YAMADA, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Jonathan Lau, Craig Yamamoto, Andrew Tseu, and Joyce Yamada for service on the Board of Dentistry.

JONATHAN LAU

Your Committee received testimony in support of the nomination for the appointment of Jonathan Lau from the Department of Commerce and Consumer Affairs, Hawaii Dental Association, and five individuals. Your Committee received testimony in opposition to the nomination for the appointment of Jonathan Lau from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Dr. Lau's experience, background, and commitment to public service qualify him for appointment to the Board of Dentistry as a dentist member from Maui. Your Committee notes that Dr. Lau has been a dentist for over thirty years and currently serves as an associate dentist with the Wailuku Dental Group. Previously, Dr. Lau served as a principal dentist and president of the Wailuku Dental Group, Inc. for nearly thirty years where he gained broad experience and knowledge about general restorative dentistry and worked with a wide range of patients from children to the elderly. As a dentist from Maui who has experience working as a sole practitioner and in a large group practice setting, Dr. Lau is uniquely equipped to share the perspectives and concerns of the Maui dental community and provide representation for Maui County. Your Committee further notes that Dr. Lau is an active volunteer in his community and has served as an interim member of the Board of Dentistry since July 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Jonathan Lau be appointed to the Board of Dentistry based on his knowledge, experience, and commitment to public service.

CRAIG YAMAMOTO

Your Committee received testimony in support of the nomination for the appointment of Craig Yamamoto from the Department of Commerce and Consumer Affairs, Hawaii Dental Association, and one individual. Your Committee received testimony in opposition to the nomination for the appointment of Craig Yamamoto from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Dr. Yamamoto's knowledge, experience, and dedication to public service qualify him for appointment to the Board of Dentistry as a dentist member from Oahu. Your Committee notes that Dr. Yamamoto has been a dentist for over thirty years and has been licensed in Hawaii since 1992. Dr. Yamamoto is an oral surgeon in private practice and founded Oral Surgery Hawaii in 1999. Dr. Yamamoto also donates his time as a volunteer dentist with the Kalihi Kokua Valley Health Center, Dental Samaritans, and American Dental Association. Your Committee further notes that Dr. Yamamoto has served as an active leader with a number of professional organizations, including the Hawaii Society of Oral and Maxillofacial Surgeons, Hawaii Dental Society, and Honolulu County Dental Society. Dr. Yamamoto has served as an interim member of the Board of Dentistry since

July 2022 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Craig Yamamoto be appointed to the Board of Dentistry based on his experience, background, and desire to serve his community.

#### ANDREW TSEU

Your Committee received testimony in support of the nomination for the reappointment of Andrew Tseu from the Board of Dentistry, Hawai'i Public Health Institute, and one individual. Your Committee received testimony in opposition of the nomination to the reappointment of Andrew Tseu from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his reappointment.

Upon review of the testimony, your Committee finds that Dr. Tseu's background, knowledge, and proven leadership on the Board of Dentistry qualify him for reappointment to the Board of Dentistry as a dentist member from Oahu. Your Committee notes that Dr. Tseu has been a licensed dentist in Hawaii since 1999 and is currently the Hospital and Community Dental Services Branch Chief and an Administrative Hearings Officer for the Department of Health. Dr. Tseu is also a dentist for the State of Hawaii Medicaid Organ and Tissue Transplant Program. Your Committee further notes that Dr. Tseu also possesses a Juris Doctor degree, is a member of the Hawaii State Bar Association, and is well-versed in Hawaii's laws surrounding dentistry. Dr. Tseu is also a member of several professional organizations and associations, including Dental Lifeline Hawaii and Hawaii Oral Health Coalition. Your Committee further finds that Dr. Tseu has served on the Board of Dentistry since 2019 and currently serves as Vice Chair. Your Committee finds that Dr. Tseu's legal background and experience working in the public health sector will allow him to continue to provide a unique perspective to the Board of Dentistry. Your Committee therefore recommends that Andrew Tseu be reappointed to the Board of Dentistry based on his experience, knowledge, and dedication to public service.

#### JOYCE YAMADA

Your Committee received testimony in support of the nomination for the reappointment of Joyce Yamada from the Board of Dentistry and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Joyce Yamada from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her reappointment.

Upon review of the testimony, your Committee finds that Ms. Yamada's knowledge, experience, and proven leadership on the Board of Dentistry qualify her for reappointment to the Board of Dentistry as a dental hygienist member from Maui. Your Committee notes that Ms. Yamada has been working as a licensed dental hygienist in Hawaii since 1985, is a certified dental assistant, and has held various roles at the University of Hawaii Maui College since 2002, including her current roles as a professor and coordinator for the dental assisting program. Ms. Yamada is an active participant within her community and profession and serves as a member and former officer of the Maui County Dental Hygienists' Association and is an advocate for dental health, having launched a number of community outreach initiatives on Maui. Your Committee further finds that Ms. Yamada is an active member in her profession and currently serves as a member of the American Dental Hygiene Association, American Dental Assistants Association of University Women, and the Healthy Eating, Healthy Living Coalition. Ms. Yamada has served on the Board of Dentistry since 2019 and her experience and knowledge will continue to enhance the effectiveness of the Board of Dentistry. Your Committee therefore recommends that Joyce Yamada be reappointed to the Board of Dentistry based on her knowledge, proven leadership, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 2021 Government Operations on Gov. Msg. Nos. 589, 590, 610, 611, and 661**

Recommending that the Senate advise and consent to the nominations of the following:

#### PROCUREMENT POLICY BOARD

- G.M. No. 589 LANCE INOUYE, for a term to expire 06-30-2023;
- G.M. No. 590 RICHARD HELTZEL, for a term to expire 06-30-2025;
- G.M. No. 610 DIANE NAKAGAWA, for a term to expire 06-30-2026;
- G.M. No. 611 LISA MARUYAMA, for a term to expire 06-30-2024; and
- G.M. No. 661 LANCE INOUYE, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Lance Inouye, Richard Heltzel, Diane Nakagawa, and Lisa Maruyama for service on the Procurement Policy Board.

#### LANCE INOUYE

Your Committee received testimony in support of the nominations for the appointment and reappointment of Lance Inouye from the State Procurement Office, General Contractors Association of Hawaii; Matson Navigation Company, Inc.; Royal Contracting Co., Ltd; S&M Sakamoto, Inc.; Hawaii Laborers-Employers Cooperation and Education Trust; Koga Engineering & Construction, Inc.; Nordic PCL Construction, Inc.; D&C Plumbing, Inc.; Alan Shintani, Inc.; Civil-Mechanical Contractor, Inc.; SSFRM International, Inc.; and six individuals.

Upon review of the testimony, your Committee finds that Mr. Inouye's contracting background qualifies him for appointment and reappointment to the Board as a member with five years of high-level construction procurement experience. Your Committee notes

that Mr. Inouye is President and Chief Executive Officer of Ralph S. Inouye Co., Ltd. where he has spent over forty years in the construction business. Previously, he worked as an attorney in private practice and a Deputy Attorney General. Mr. Inouye has served on numerous boards, including the Hawaii State Land Use Commission, General Contractors Association of Hawaii, Hawaii Operating Engineers Health and Welfare Fund, Shriners Hospital Capital Campaign Committee, Academy of the Pacific Board, and Department of Education Advisory Committee. In addition to his many years of construction experience in Hawaii, Mr. Inouye has extensive knowledge of the Hawaii Procurement Code. Your Committee therefore finds that Lance Inouye's knowledge, background, and experience with the construction procurement process in Hawaii will be valuable assets to the Procurement Policy Board.

#### RICHARD HELTZEL

Your Committee received testimony in support of the nomination for appointment of Richard Heltzel from the State Procurement Office; General Contractors Association of Hawaii; Matson Navigation Company, Inc.; S&M Sakamoto, Inc.; Civil-Mechanical Contractor; Royal Contracting Co., Ltd; SSFM International, Inc.; Elite Pacific Construction, Inc.; D&C Plumbing, Inc.; Nordic PCL Construction, Inc.; Koga Engineering and Construction, Inc.; Alan Shintani, Inc.; and six individuals.

Upon review of the testimony, your Committee finds that Mr. Heltzel's maritime construction background qualifies him for appointment to the Board as a member with five years of general procurement experience. Mr. Heltzel is a licensed civil engineer and has over forty years of maritime construction experience, including thirty-eight years of experience with the procurement process of the State and local agencies as well as federal contracts. Mr. Heltzel is currently the President of Healy Tibbitts Builders, Inc., where he is directly responsible for planning and execution of the company's ongoing and completed projects. Prior to serving as President, he was the company's Vice President and Project Manager. Mr. Heltzel is affiliated with several professional organizations, including the General Contractors Association of Hawaii, where he has previously served as Vice President, President, and Chairman of the Legislative Committee; Associated General Contractors of America; and American Society of Civil Engineers. Your Committee was concerned that the other nominees represented general contractors and thus there would not be a voice for the subcontractors on the Procurement Policy Board. During the hearing, Mr. Heltzel indicated that he held multiple subcontractor licenses in his own right and as such will advocate for the subcontractor community on issues that affect them. Accordingly, your Committee finds that Mr. Heltzel would provide a necessary voice on the board by ensuring representation of subcontractors. Your Committee therefore finds that Richard Heltzel's knowledge, background, and experience will be valuable assets to the Procurement Policy Board.

#### DIANE NAKAGAWA

Your Committee received testimony in support of the nomination for appointment of Diane Nakagawa from the State Procurement Office, Office of the Mayor of the County of Hawai'i, Department of Parks and Recreation of the County of Hawai'i, Finance Department of the County of Hawai'i, Office of the Corporation Counsel of the County of Hawai'i, Department of Research and Development of the County of Hawai'i, Office of the County Clerk of the County of Hawai'i, Department of Finance of the County of Maui, and four individuals.

Upon review of the testimony, your Committee finds that Ms. Nakagawa's work in county and local government and community-based organizations qualify her for appointment to the Board as a member with five years of high-level county procurement experience. Your Committee notes that Diane Nakagawa has served as the Deputy Director of the Finance Department of the County of Hawai'i since May 2022. Prior to this, she served as the County's Purchasing Agent, overseeing procurement, with the exception of construction-related contracts, for all county departments. During her time with the County of Hawai'i, she has implemented several critical initiatives such as developing a procurement training program for employees and a development program for businesses to promote competition in the marketplace. Ms. Nakagawa previously worked for the City of Phoenix, Arizona, and the Gilbert Chamber of Commerce in Arizona. She has over twenty years of experience working in economic development and public administration and has been instrumental in guiding executive and legislative branches with understanding statutory requirements for all procurement processes. Your Committee therefore finds that Diane Nakagawa's experience, personal knowledge, and demonstrated interest in public service will be valuable assets to the Procurement Policy Board.

#### LISA MARUYAMA

Your Committee received testimony in support of the nomination for appointment of Lisa Maruyama from the State Procurement Office; Maui Economic Opportunity, Inc.; Oahu Economic Development Board; YWCA O'ahu; The Institute for Human Services, Inc.; Partners in Development Foundation; EPIC 'Ohana, Inc.; Transform Hawai'i Government; Hawai'i Public Health Institute; Domestic Violence Action Center; Parents and Children Together; Hawai'i Community Foundation; Hawai'i Appleseed Center for Law and Economic Justice; National Council of Nonprofits; Hawai'i Children's Action Network Speaks!; and fifteen individuals.

Upon review of the testimony, your Committee finds that Ms. Maruyama's nonprofit background qualifies her for appointment to the Board as a member with five years of general procurement experience. Your Committee notes that Ms. Maruyama currently is the President and Chief Executive Officer of the Hawaii Alliance of Nonprofit Organizations, which provides support and services to Hawaii's nonprofit organizations to improve their overall management, including professional development opportunities for staff and boards of directors in program development and implementation, financial management, fundraising, marketing, community relations, and advocacy. Her professional experience includes serving as Interim Executive Director of the Women's Fund of Hawaii, Marketing Consultant for the Hawaii Alliance of Nonprofit Organizations, Marketing Consultant for the Hawaii Forest Industry Association, Vice President of Public Affairs at Bright Light Marketing, Executive Director of the Pacific and Asian Affairs Council, and Executive Director of the Mental Health Association in Hawaii. Your Committee further finds that Ms. Maruyama has successfully convened and maintained meetings among Hawaii's nonprofit leaders to have honest and candid conversations about the government and procurement system so that government agencies and nonprofit organizations can work collaboratively as partners. Your Committee therefore finds that Lisa Maruyama's knowledge, working experience, and desire to contribute to the community will be valuable assets to the Procurement Policy Board.

As affirmed by the records of votes of the members of your Committee on Government Operations that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Awa).

**SCRep. 2022 Commerce and Consumer Protection on Gov. Msg. No. 588**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF OPTOMETRY

G.M. No. 588 WALLACE KOJIMA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Wallace Kojima for service on the Board of Optometry.

Your Committee received testimony in support of the nomination for the reappointment of Wallace Kojima from the Board of Optometry. Your Committee received testimony in opposition to the nomination for the reappointment of Wallace Kojima from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Dr. Kojima's experience, knowledge, and proven leadership on the Board of Optometry qualify him for reappointment to the Board of Optometry as a licensed optometrist member who does not live in the City & County of Honolulu. Your Committee notes that Dr. Kojima has been a licensed optometrist for over thirty years and has been in private practice in Kailua-Kona, Hawaii, since 2004. Dr. Kojima previously served as a manager and optometrist for Lenscrafters/Eyexam 2000, and prior to that, practiced with Kojima and Sakamoto, O.D. Inc. Your Committee further finds that Dr. Kojima is a member of multiple professional affiliations, including the Hawaii Optometric Association and American Optometric Association. Dr. Kojima has served on the Board of Optometry since 2019 and his experience and knowledge will continue to be assets to the Board of Optometry. Your Committee therefore recommends that Wallace Kojima be reappointed to the Board of Optometry based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2023 Commerce and Consumer Protection on Gov. Msg. No. 626**

Recommending that the Senate advise and consent to the nomination of the following:

PEST CONTROL BOARD

G.M. No. 626 JONATHAN MONTALBO, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Jonathan Montalbo for service on the Pest Control Board.

Your Committee received testimony in support of the nomination for the appointment of Jonathan Montalbo from the Pest Control Board and Hawaii Pest Control Association. Your Committee received testimony in opposition of the nomination for the appointment of Jonathan Montalbo from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Montalbo's experience, knowledge, and proven leadership on the Pest Control Board qualify him for appointment to the Pest Control Board as a licensee member. Your Committee notes that Mr. Montalbo has over twenty-five years of experience in the pest control industry and has been a licensed pest control operator in Hawaii since 2007. Mr. Montalbo is currently the President of Aloha Termite Kauai, Inc., DBA Aloha Termite and Pest Control, a position he has held for over fifteen years. Mr. Montalbo also previously worked as a service technician for various pest control companies in the State. Your Committee further finds that Mr. Montalbo is a member of a number of professional organizations, including the Hawaii Pest Control Association, where he previously served as President. Mr. Montalbo also previously served two terms on the Pest Control Board from 2014-2021, where he served as both the Vice Chair and Chair of the Board. Mr. Montalbo's experience and knowledge will continue to be assets to the Pest Control Board. Your Committee therefore recommends that Jonathon Montalbo be appointed to the Pest Control Board based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2024 Commerce and Consumer Protection on Gov. Msg. No. 616**

Recommending that the Senate advise and consent to the nomination of the following:

REAL ESTATE COMMISSION

G.M. No. 616 DERRICK YAMANE, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Derrick Yamane for service on the Real Estate Commission.

Your Committee received testimony in support of the nomination for the reappointment of Derrick Yamane from the Real Estate Commission and Hawai'i Association of REALTORS. Your Committee received testimony in opposition to the nomination for the reappointment of Derrick Yamane from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his reappointment. Your Committee received comments on the nomination for the reappointment of Derrick Yamane from one individual.

Upon review of the testimony, your Committee finds that Mr. Yamane's experience, knowledge, and proven leadership on the Real Estate Commission qualify him for reappointment to the Real Estate Commission as a licensed broker member. Your Committee notes that Mr. Yamane has over thirty years of experience in the real estate industry and has been licensed as a real estate broker in Hawaii since 1991. Mr. Yamane currently serves as a partner and broker-in-charge for Locations, LLC, where he oversees and supervises over three hundred real estate agents and reviews and approves purchase contracts and listing agreements. Your Committee further finds that Mr. Yamane has served on the Real Estate Commission since 2019 and has served as its Chair since 2022. Mr. Yamane's extensive experience in the real estate industry will continue to support the purpose of and provide a valued perspective to the Real Estate Commission. Your Committee therefore recommends that Derrick Yamane be reappointed to the Real Estate Commission based on his experience, knowledge, and demonstrated leadership.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2025 Commerce and Consumer Protection on Gov. Msg. No. 627**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS AND LANDSCAPE ARCHITECTS

G.M. No. 627 HOWARD LAU, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Howard Lau for service on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects.

Your Committee received testimony in support of the nomination for the reappointment of Howard Lau from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to the nomination for the appointment of Howard Lau from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to his appointment.

Upon review of the testimony, your Committee finds that Mr. Lau's background, knowledge, and previous experience on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects (Board) qualify him for appointment to the Board as a structural engineer member from Oahu. Your Committee notes that Mr. Lau has over forty years of experience in structural and civil engineering and has been licensed as a structural engineer in Hawaii since 1978. Mr. Lau has been a structural engineering principal advisor with Coffman Engineers since 2022, after serving as President of Shigemura, Lau, Sakanashi, Higuchi & Associates, Inc. for twenty-four years. During the course of his career, Mr. Lau has served in various leadership capacities for structural and civil engineering associations at both the local and national level, including the Structural Engineers Association of Hawaii (past President), Light Gauge Steel Engineers Association- Hawaii Chapter (past President), and Light Gauge Steel Engineers Association (past National Director and National Vice President). Your Committee further finds that Mr. Lau previously served on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects and his extensive experience and knowledge will be assets to the Board. Your Committee therefore recommends that Howard Lau be appointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2026 Labor and Technology on Gov. Msg. No. 513**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR, DEPARTMENT OF HUMAN RESOURCES DEVELOPMENT

G.M. No. 513 BRENNA HASHIMOTO, for a term to expire at noon on 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Brenna Hashimoto for service as the Director of Human Resources Development.

Your Committee received testimony in support of the nomination for the appointment of Brenna Hashimoto from the Governor; Department of Transportation; Department of Law Enforcement; Department of Budget and Finance; Department of Commerce and Consumer Affairs; Department of Public Safety; Department of Hawaiian Home Lands; Department of Land and Natural Resources; Department of Education; Department of Human Services; Department of Labor and Industrial Relations; Department of Taxation; Employee Relations Division, Employee Staffing Division, Employee Claims Division, Labor Relations Division, Administrative

Services Office, Information Systems Office, and Equal Employment Opportunity Program of the Department of Human Resources Development; Office of Enterprise Technology Services; Hawaii Public Housing Authority; One Shared Future Inc.; and sixteen individuals.

Ms. Hashimoto earned a Bachelor's degree in Sociology from the University of Oregon. Since then, she has accumulated over thirty years of experience in the Hawaii state government, mainly in the area of human resources. Specifically, Ms. Hashimoto has eleven years of experience in the Department of Health, over thirteen years of experience in the University of Hawaii System, and over seven years of experience in the Department of Human Services (DHS).

Your Committee notes that Ms. Hashimoto has been serving as the interim Director of Human Resources Development since December 2022. Prior to that, she served as the Director of Human Resources for DHS since January 2016, where she managed and oversaw all aspects of the DHS' human resources program, including recruitment, position classification, employee benefits, training, employee relations, records management, labor relations, and civil rights compliance for over two thousand three hundred employees. During this time, she not only served as a member of the employer's negotiating teams for bargaining unit 9, which consists of registered professional nurses, and bargaining unit 10, which consists of institutional, health, and correctional workers, but also chaired the Human Resources Council (Council) in 2017 and co-chaired the Council from 2018 to 2019.

In her written statement, Ms. Hashimoto stated that employee recruitment and retention is by far the biggest challenge facing the Department of Human Resources Development (DHRD) and other executive branch departments. Accordingly, her highest priority and most immediate initiative is to rebuild DHRD by filling its vacancies and developing expertise necessary to fulfill the mission and goals of DHRD. Your Committee notes that since December 2022, Ms. Hashimoto has received gubernatorial approval and partial funding from the Coronavirus State Fiscal Recovery Funds to implement a Human Resources Modernization Project. The proposed Human Resources Modernization Project takes a three-pronged approach to increase recruitment; modernize worker's compensation claims; and identify opportunities to further support the Department's programs, plans, and initiatives. During the hearing, Ms. Hashimoto also noted that because of the few retention incentives available to state employees due to collective bargaining constraints, she intends to conduct retention and exit surveys to better understand and address the reasons why employees leave or stay in government service.

Your Committee finds that testimony submitted in support of Ms. Hashimoto's nomination speak highly of her specialized knowledge of human resources and distinguished track record of providing innovative, creative, and practical solutions to human resources management issues. Other testifiers spoke of her proactive leadership and interpersonal skills as well. Testimony submitted by DHS stated that, during the coronavirus disease 2019 pandemic, Ms. Hashimoto was an integral part of DHS response, which continued to ensure that the people of Hawaii thrived. Your Committee especially notes that not only has Ms. Hashimoto received testimony in strong support of her nomination across multiple departments, but from DHRD's senior management team as well.

With her vast knowledge and experience in human resources of the Hawaii state government, long-term vision for public employees, and support from her team and other departments, your Committee recommends that Brenna Hashimoto be appointed as the Director of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2027      Judiciary on Gov. Msg. No. 675**

Recommending that the Senate advise and consent to the nomination of the following:

INTERMEDIATE COURT OF APPEALS AS ASSOCIATE JUDGE

G.M. No. 675    KIMBERLY TSUMOTO GUIDRY, for a term to expire in 10 years

Your Committee reviewed the personal history, resume, and statement submitted by Kimberly Tsumoto Guidry for service on the Intermediate Court of Appeals as Associate Judge.

Your Committee received testimony in support of the appointment of Kimberly Tsumoto Guidry from the Governor, Hawai'i Women Lawyers, and thirty-eight individuals. Your Committee received testimony in opposition to the appointment of Kimberly Tsumoto Guidry from one individual. Your Committee received comments on the appointment of Kimberly Tsumoto Guidry from the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) uses a rating system that considers several criteria to assist the HSBA Board in making a recommendation to your Committee on whether the appointee is "qualified" or "not qualified". Specifically, the criteria the HSBA Board employs is the same criteria found in the American Bar Association's Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those guidelines include the following criteria, which are not exclusive: integrity, diligence, legal knowledge and ability, professional experience, temperament, financial responsibility, public service, health, and ability to perform the responsibilities and duties required of the position for which the applicant has been appointed. Upon review of the established criteria, the HSBA Board found the appointee to be qualified for the position of Associate Judge of the Intermediate Court of Appeals.

Ms. Guidry received a Bachelor of Arts in History with Highest Honors from the University of Hawai'i at Mānoa. She then received her Juris Doctor from the University of Hawai'i at Mānoa, William S. Richardson School of Law. Ms. Guidry has been licensed to practice law in the State of Hawaii since 2002.

Ms. Guidry has been with the Department of the Attorney General in numerous roles for over twenty years. She currently serves as Solicitor General and Supervising Deputy Attorney of the Appellate Division, where she oversees most state and federal appeals and

appears and argues in civil and criminal cases before the Ninth Circuit Court of Appeals, Hawai'i Supreme Court, and Hawai'i Intermediate Court of Appeals. While at the Department of the Attorney General, Ms. Guidry was a member of the 2021 Attorney General's Team of the Year, member of the 2018 Governor's Team of the Year, and recipient of the 2015 Department of the Attorney General Employee of the Year Award. Ms. Guidry also serves on the Department of the Attorney General's Appeal and Opinions Review Committee and trains deputy attorneys on the Hawai'i Rules of Appellate Procedure. Ms. Guidry's more than two-decade long career with the Department of the Attorney General demonstrates her commitment to serving the public and her specialized knowledge in the area of appellate practice.

In addition to her work for the Department of the Attorney General, Ms. Guidry serves on the Judiciary's Hawai'i Rules of Appellate Procedures Standing Committee and is a Bar Examiner for the Hawai'i State Board of Bar Examiners. For three months in 2006, she served as a National Association of Attorneys General Supreme Court Fellow in Washington D.C.

Testimony submitted in support of Ms. Guidry's appointment commends her experience in appellate work, professional ability, legal skills, work ethic, and integrity. Numerous testifiers also praise her high ethical standards, as well as her compassion, thoughtfulness, and even temperament.

Your Committee finds that, based on the testimony submitted on her behalf, responses to questions asked by the members of your Committee, and your Committee's review of her qualifications, Kimberly Tsumoto Guidry has the knowledge, diligence, and other competencies to be an Associate Judge for the Intermediate Court of Appeals, and she has the legal expertise and integrity to fully and faithfully discharge the duties associated with that judicial office.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

#### **SCRep. 2028 Public Safety and Intergovernmental and Military Affairs on S.R. No. 138**

The purpose and intent of this measure is to urge the United States Marine Corps to relocate all live fire training and aviation activity away from Puuloa Range Training Facility.

Your Committee received testimony in support of this measure from two members of the Ewa Neighborhood Board, Surf rider Foundation, Hui o Ho'ohonua, Ulu A'e Learning Center, and nine individuals. Your Committee received testimony in opposition to this measure from the United States Marine Corps and eight individuals. Your Committee received comments on this measure from the Hawaii Military Affairs Council.

Your Committee finds that the noise pollution, risk of stray bullets, and environmental impact of the Puuloa Range Training Facility have negatively impacted the health and safety of residents living near the facility for decades. Your Committee believes that locating a large shooting facility in a densely populated residential community is detrimental to the well-being of the residents. This measure will address the community's concerns about the environmental harm, noise pollution, and other dangers associated with the facility's open-air ranges.

Your Committee has amended this measure by:

- (1) Expanding the list of recipients of certified copies of the Resolution to include the:
  - (A) Administrator of the Federal Aviation Administration;
  - (B) Commander of the Indo-Pacific Command;
  - (C) Commander of the Naval Facilities Engineering Command Pacific;
  - (D) Commanding General of the Marine Installations Pacific;
  - (E) Commander of Marine Corps Base Hawaii;
  - (F) Members of Hawaii's Congressional Delegation;
  - (G) Governor;
  - (H) Chairperson of the Board of Land and Natural Resources;
  - (I) Director of Health;
  - (J) Director of the Office of Planning and Sustainable Development;
  - (K) Mayor of the City and County of Honolulu; and
  - (L) Chairperson of the Honolulu City Council; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 138, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 138, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).
