Senator Kidani introduced the Honorable Colleen Hanabusa, former congresswoman and former Hawai‘i State Senate president.

The President then addressed the members of the Senate and guests as follows:

“Aloha, and wow. This is a tough morning when I’m going to have to start with an apology. As COVID has dominated all of our lives for the last several years, and we faced the task of deciding how do we open, I chose to take a path down the middle and be somewhat cautious and limit us to 60 percent capacity on the floor. As I look out at the full gallery and everyone who has come here, I apologize to all of those who could have been added if we had had 100 percent and couldn’t make it. I hope that we continue the progress that we are making in a safer, healthy community to be fully reopened again. Not everyone gets to speak today, so every Opening Day since I’ve been president, I have been sure to say on behalf of each member of the Senate to our families, who have been so patient in supporting us as we pursue public office and serving, for the sacrifices that you have made; to all of the wonderful friends and family who have come forward to help us get to this day: There aren’t enough words to say how grateful we are for the sacrifice and commitment that you have made to help us all try to make Hawai‘i a better place. So, to all of the families and friends, how about a big hand?”

“So how does a Waimea High School alum from the beautiful island of Kaua‘i wind up with such an amazing protocol from the Kamehameha School students? Well, the program planner in my office happens to be an alumnus of

Kamehameha Schools. But as we talked about the theme, ‘Mālama Hawai‘i’ was an important aspect of where we see ourselves going forward and being guided by those principles in the decisions that we make. Most of the politicians, when we’re out there promising the world on the campaign trail, talk about creating a better, brighter future for the young people of Hawai‘i and to empower them to be the next generation of leaders. But if we leave them on the sidelines and we never put them in the game, then how do they get the opportunity? How do they acquire the skills to take over? And so this was a great opportunity for them to participate in their government, to have a voice, and to get comfortable appearing here. Now, as I sat and listened to Ms. Wong’s contemplation, I could not imagine 15-year-old Ron Kouchi standing here like she did and delivering the message that she did today, and it certainly gives me great hope for the future of Hawai‘i.

“We all talked immediately when we shut the airport down—how we needed to diversify off of tourism and how we couldn’t be so dependent on tourism, but the stark realities of our distance from market, cost of shipping, and then with the war in Ukraine and events worldwide and fuel costs rising dramatically overnight, we are at the mercy of so many external forces that the main product we have is the beauty of our islands, the beauty of our people, and tourism. But when we’ve surveyed, our residents have been clear: Visitors should be paying for their impact on our natural resources; and visitors should take the time to learn about the Hawaiian culture, the Hawaiian people; and when they are a guest in our house, they should treat our home like they would hope we would treat their home when we visit; and, last, all of the profits being made by visitors coming to our islands should not be shipped off to other shores. And so to the Mālama Hawai‘i program—I don’t want to sell newspapers, and I’ll begin with that.

“So Governor Green talks about the green fee (pun intended) and how to tax tourists to get them to pay for these impacts, but other areas who are doing this are nations and it’s a national program going into national coffers. We are a state and, under federal law, any money collected at our airport—where most of the green fees are collected in other areas—needs to be spent on the airport, and it’s not getting to the natural resources that we want to help. I suggested that we expand on the current park reservation fee system that we have. Ke’e Beach at the end of the road on the North Shore of Kaua‘i generates about a million dollars a year in entrance fees and parking fees. Wai‘ānapanapa on Maui generates about \$3.5 million in reservation and parking fees. And Diamond Head, which I believe went live in May of last year, in the month of October, collected \$900,000. In those three parks alone, we can generate almost \$15 million. There are other parks that would be appropriate—not all lend themselves to this reservation fee—but I believe we could be generating between 20 and 40 million dollars a year from the visitor. And I’ve shared these ideas with Governor Green, and we’re trying to tax the same person, so I don’t get why I’m supposed to be fighting with him because I didn’t agree, like, let’s maybe charge them at the airport, so I’m committed to work with him to get the resources we need from the people we agree should be paying it to take care of our natural resources and, in some of these parks, to have the lifeguards necessary to be sure that residents and visitors alike can go there safely.

“The second thing is, DLNR runs parks, so I think they’re focused on their mission in that way. But if they’re online, doing the reservation system, then I believe we should have links so that people making those reservations can buy Hawai‘i-made products, and we can have small mom-and-pops be exposed to the millions of people who are making these reservations. During COVID, almost all of these businesses have created websites and online sales techniques to get their products out because you didn’t have brick and mortar and people coming in. This way, we can ensure that as the visitors

come and enjoy Hawai‘i, that we can share in the visitor dollar with all of the residents of Hawai‘i, and we can see small businesses flourish and succeed. I know when I’ve talked to the governor, he agrees 100 percent with that as well. And so maybe we need to get DBEDT involved with this system to get the links because that’s not a DLNR thing; maybe we need to get IT involved in this to make it work. Or maybe we need to call the Kamehameha Schools Kapālama Middle School computer class and have them come here and help create the links. I don’t know how we’re going to do it, but I know we are going to do it and it can be done.

“I was with the lieutenant governor yesterday with a host of legislators, and it reminded me, before we started the 2020 session, the Legislature and Governor Ige held a big press conference to talk about four major pillars that we hoped to address during the 2020 session: universal pre-K, creation of a new school facilities department to get school facilities constructed better, affordable housing, and to increase the minimum wage and pass an earned income tax credit that was refundable. And then COVID hit and a lot of that got put on the back burner because of the economic uncertainty. But we continued to meet, we continued to work, and even as we dealt with COVID, these four issues remained at the forefront. I am pleased to report that, last session, we spent over a billion dollars in an investment for affordable housing, including the \$600 million for those on the Department of Hawaiian Home Lands list. And we passed a minimum wage that will get to \$18 and an earned income tax credit. As we started to see more financial success but greater burden in our community, we also wound up giving a \$300 credit per individual in families that earned under a hundred thousand dollars. You can look for more of those kinds of solutions in the upcoming session as we continue to try to help those in our community who are in great need, living paycheck to paycheck, identified in the ALICE report.

“What the lieutenant governor is spearheading and talked about yesterday is great educational outcomes for children who attend pre-K. And we know that there are those who may not want their children there yet, and we respect that, but for those who want to go, the price should not be an obstacle to giving your child a fair start, an ability to compete on equal ground. And while we’re most focused on giving the children of Hawai‘i that education, the added benefit is relieving those families of the cost of child care and, with that, we want to make sure that we can put more money into the pockets of our working men and women of Hawai‘i. And I publicly said at the press conference yesterday that I’m fully supportive of the lieutenant governor’s plan and she can count on my support, and by the amount of legislators that were there, this is going to be great for the kids of Hawai‘i. So how about a big hand for the lieutenant governor?

“Before I get to the end of the report and the governor thinks that I’m only kissing up to the lieutenant governor because I don’t want her to make fun of me, we’ve seen too often where there’s been tension just within the executive branch and, as a newly elected governor and lieutenant governor, the concern that she may be running against him. And I want to publicly say to Governor Green: I admire your confidence. I admire the self-esteem you have to be confident enough to empower the lieutenant governor to undertake such an important task—to give her your full support because you want every member of your team working at an optimum level, and it’s going to take that kind of commitment if we’re going to succeed in solving the problems we face, so thank you, Governor Green.

“We’ve had two issues that the press is asking a lot of questions about. First, with the recent Supreme Court decision on reproductive rights: Who would be leading the Senate in dealing with these issues? And I’m pleased to report that

Senator San Buenaventura is now doing not just human services, but the health committee, and so you will have a strong advocate in Senator San Buenaventura. Thank you for stepping up, Senator San Buenaventura.

“The second thing that they’ve been asking is, with the recent court rulings, what are we going to do with gun legislation? Here in Hawai‘i, we have some of the strictest gun laws in the nation today. The one thing that is an undeniable fact: Bad people do bad things, and you can’t just legislate out bad behavior because people routinely break the law. As I was coming here to appear on TV before 5:00, I may have gone 38 miles an hour in the 35-mile-an-hour zone. But what nobody’s talking about is, when the bad thing happens, what do we do to try and make sure that we can stop it as quickly as possible with as little damage as possible? And I believe Vice President Kidani and Ways and Means Chair Dela Cruz have come up with an amazing idea of how to protect our children and the residents of Hawai‘i. They have been pushing for a first responders park in the Mililani area where we are not looking at housing state law enforcement—we are looking at county and federal law enforcement as well. We want them training together; we want them working together. And when they did a recap in Uvalde, Texas, one of the findings about the delayed response is the multi-layer jurisdictional authority that was on-site and nobody knowing who or what should be taking command and giving what order and who was in charge. And I believe in what Senator Kidani and Senator Dela Cruz are trying to do is make sure that doesn’t happen to us here in Hawai‘i—that we keep our children safe and our people safe.

“Okay, I’ve looked at my notes and I’ve talked about how I love the governor and the lieutenant governor. (Joy, he didn’t really mean it—don’t hit him.) In working toward the end, and I opened with about young people’s voices being heard, I met an incredible woman last year, and she’s known as Ms. Sarah ‘Mili.’ She is a middle school teacher at ‘Ilima Intermediate School, and she has led or been part of the leadership of the Ma‘i Movement here in Hawai‘i. For those of you who don’t know what that is, it’s ending period poverty. Former senator Acasio had identified that in her priorities last year as we talked about the Senate’s priorities. I started seeing Facebook posts from my daughter-in-law Sarah Kern, who’s a middle school teacher at Chiefess Kamakahelei Middle School on Kaua‘i, and found out that Sarah ‘Mili’ and her students had submitted legislation two years prior and, with COVID and no money, never got a hearing on their bill. Reintroduced it again the next year and, with the financial uncertainty of COVID, never got a hearing on their bill. So, they decided in the third year to introduce their bill again, but this time, with the money, and they got smarter in how they were doing their work. They were featured in *Civil Beat* and they got picked up in all of the news stories, and as the hearings were held, they came out with students to the Capitol and testified, and at the end of the day: \$2 million dollars so that we would have period products available in all of the schools in the state of Hawai‘i. But the more important thing was that they were having the young boys and girls having the conversation in school about biology and normal human functions of both males and females. You had several of the young guys who were actively involved, and they have dispensers that are out in the open so that there’s no shame in coming to get any period products if you need them, and a key mission was to normalize the conversation. And it was amazing to me how they hit the tipping point and became the buzz of the last legislature, so join me in giving a big hand to Sarah ‘Mili.’ So, as a typical guy, I immediately pigeonholed her as the Ma‘i Movement champion and left it at that, and as I followed her on social media, she is a nationally recognized teacher and leader for so many other things besides the Ma‘i Movement. But when we talk about the public school education that our children are getting here in Hawai‘i, I just want to say,

it’s people like Sarah who are making the difference in the lives of our children, so one more time.

“And, in closing, I started in the 1982 election; I was 25, I was single. I had a lot of my friends not coming home—staying where they went to school or repping in the military because the mid-’80s was a difficult economic time in Hawai‘i, and West Kaua‘i, where I grew up, had a negative population growth, so I wanted to create jobs and, in the process, I eventually met my wife, Joy, who I married, and then I had to change my priorities. Then in 1990, our son Dan was born, and in 1991, our son Egan was born and, again, my priorities changed. So by the time I get to the Hawai‘i State Legislature in 2010, I’m focused on trying to create a Hawai‘i where our children would choose to come back to because they have choices, and I’m so pleased to be here this morning, at least having accomplished the goal for me, as both sons are now back here in Hawai‘i and working. They have met wonderful women and they are now married. We’re looking forward to the families someday that they will have, and I am committed to each and every one of you to continue to work toward that goal because I know how good it feels to have our children home. I would like to thank Senators Akaka and Inouye, who gave our eldest son, Dan, an opportunity to work in Washington, D.C.; to Senator Hirono, who hired not only our son Dan but his wife, Katie, and they both worked for her. And then in having a more appropriate workplace, Dan was able to work for Congresswoman Hanabusa and be in a different office from his wife. And so for the mentoring and everything you’ve poured into helping make our son Dan the person he is today with his wife, Katie: Thank you very much. To my brother Scott, who doesn’t like these crowds and is sitting in my office watching—he is my younger son’s, Egan’s, boss. When I’m here and doing this work and not on Kaua‘i, he has provided so much mentorship and guidance for Egan. I appreciate everything he’s done to help us in raising Egan. His wife, Sarah, needs, well, all the congratulations to the people in the world for her. She did Teach for America in Wai‘anae, and after she finished, she stayed there for a total of five years, and what’s significant about that is, she lives in Hawai‘i Kai. And so she drove over an hour each way because she loved the students in Wai‘anae, she loved the people of Wai‘anae, and it took a great guy like Egan to entice her to Kaua‘i to come and teach the students on Kaua‘i, so we’ve been blessed to have great mentors and help. I know each of you would like to stand up and thank the people who have done that, but I hope, in sharing a little bit of our family’s personal story, I’m saying thank you on behalf of all of the Senate members for all of you who have contributed so much in making us who we are today. It’s been a real pleasure to resume in front of people; it’s been lonely with the gallery and the floor empty or the impersonal meetings of Zoom. And so thank you very much—aloha.”

At 11:02 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:14 a.m.

At this time, the President remarked:

“Before I ask the Clerk to introduce our musical guest for this morning, I did omit that, in December, we hosted a Council of State Governments conference in Honolulu. They normally have 500 to 700 participants—we had almost 1,200. And our entertainer this morning graciously entertained the crowd at the lū‘au with several songs, was a big hit. And on the last day of the conference, staying with the climate change and Mālama Hawai‘i, Senator DeCoite led a community event where we invited participants to plant something in a potted plant, and we distributed vegetable plants around the state. For the members, we selected chili pepper plants so that you would get off to a hot start, but if you were wondering where the gift came from, the Council of State Governments had sponsored the

community activity and they were presenting the chili pepper plants to your offices under the supervision of Senator DeCoite.”

The Temporary Clerk introduced Amy Hānaiali‘i, who, along with her guitarist, Josh Hearl, performed several popular songs for members of the Senate and guests.

The President thanked Ms. Hānaiali‘i, then announced that nominations were in order for the office of Vice President of the Senate.

Senator Moriwaki placed in nomination the name of Senator Michelle N. Kidani for Vice President of the Senate, seconded by Senator Shimabukuro.

Senator Kim moved that the nominations be closed, seconded by Senator San Buenaventura.

The motion was then put by the Chair and carried unanimously, and the Temporary Clerk was directed to cast a unanimous ballot for Senator Michelle N. Kidani as Vice President of the Senate.

The ballot having been so cast, Senator Michelle N. Kidani was declared elected as Vice President of the Senate of the Thirty-Second Legislature of the State of Hawai‘i, Regular Session of 2023.

S.C.R. No. 1 "SENATE CONCURRENT RESOLUTION REQUESTING THE CHIEF JUSTICE OF THE HAWAII SUPREME COURT TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION FOR THE STATE OF THE JUDICIARY ADDRESS."

Offered by: Senators Kanuha, Fevella.

On motion by Senator Rhoads, seconded by Senator Gabbard and carried, S.C.R. No. 1 was adopted.

At this time, the Chair made the following statement:

"At this time, the Senate would like to take a moment to make a special presentation to our newest members.

"In conjunction with our 55 years of statehood anniversary in 2014, we presented a very special lapel pin to current and past senators. This pin is a symbol of our service in the Senate, and to the people of the State of Hawai'i.

“Under Senate Rule 92, the Senate pin shall be worn only by current or past members of this body. I would like to thank Senator Kim, who was president at the time and initiated the program and had the pins made. And I would be remiss, as I talked about being such a proud father myself: Congratulations, Senator Kim, on your son being sworn in at the House of Representatives (on the lower house).

“At this time, I would like to invite Senators Aquino, Awa, Elefante, McKelvey, and Richards to come to the rostrum to receive their Senate pins, and, Senator Kidani, could you help me?”

Senators Aquino, Awa, Elefante, McKelvey, and Richards then proceeded to the rostrum, where they were presented with the Senate pin by Senate President Kouchi and Senate Vice President Kidani.

At this time, Senator Wakai rose to speak on a point of personal privilege as follows:

“Mr. President, it is with deep sorrow that I’d like to request that the Senate adjourn on a rising vote and observe a moment of silence in honor and memory of our former colleague, Senator Ron Menor, who was also a city councilmember.”

ADJOURNMENT

At 11:45 a.m., on motion by Senator Wakai, seconded by Senator DeCoite and carried, the Senate adjourned until 11:30 a.m., Thursday, January 19, 2023, on a rising vote, observing a moment of silence in memory of former senator and councilmember Ron Menor.

The Speaker then presented to the members of the Thirty-Second Legislature and guests the Honorable Josh Green, Governor of the State of Hawai'i.

Governor Green presented the State of the State Address as follows:

"Aloha. Thank you for that welcome; it warms my heart. Good people of Hawai'i, Jaime, Speaker Saiki, Senate President Kouchi, Chief Justice Recktenwald, OHA Chairwoman Carmen Lindsey, Lieutenant Governor Sylvia Luke, honorable members of our legislature, colleagues and friends, former governors of our state—I respect you so much—mayors and your

representatives, our congressional delegation, foreign dignitaries, and leaders from our public sector and private sectors: Mahalo for being here—I appreciate you. It's a great honor to stand before you here and address you as your governor. This is more than just an update; this is more than an update just on our progress as a state. This is our beginning, our huliau—a moment to share our vision and values.

"Over the past few years, we have come through enormous challenges together. We endured a once-in-a-century pandemic that impacted our way of life, threatened our economy, and robbed us of too many precious lives. We wrestled with a housing crisis. This housing crisis forced too many of our people out of our state in search of economic opportunity or, more importantly, affordable homes. We witnessed the risks and the consequences of an economy that's simply too dependent on tourism alone. And we suffered environmental threats from both pollution and the effects of global climate change. But even in our darkest hours, Hawai'i's values shone through, the character and soul of our people has prevailed, and we found a new dawn of hope—a new dawn of hope together. Through these difficult times, we showed that when we stand together, when we put our values into action, we can meet almost any challenge and overcome any problem, no matter how large or difficult it may seem. People of Hawai'i have elected us to lead, and they've given us a clear mandate—and I say 'us a clear mandate,' not me—to act on their behalf following our common values. It's time for us to move Hawai'i forward, and we'll do that by taking bold action rooted in these values that we share.

"Unity: Governor John A. Burns said it best: 'In diversity, there can be unity. In division, there is schism.' Hawai'i is one 'ohana—one family—and this is one of our most important values and greatest strengths. In its essence, 'ohana is a commitment to each other with aloha, respect and appreciation for our diversity, and tolerance of our differences—all in service for the greater good. I know we share that value. It allows all of us to benefit from our different cultures, our perspectives, our lived experiences—and that is a different lived experience all across our state. Through this, we forge a single unity of purpose out of the most diverse population imaginable. Look at us—look how diverse. We will unite and bring all of our strengths to bear on the urgent issues we face with this diversity. This will be one of my most important responsibilities as governor, honestly: to bring people together. I'll unite us as one 'ohana, and always remind us that we're stronger together and that we can accomplish anything when we share a common purpose.

"A mandate for bold action: The preamble of our constitution of Hawai'i holds that 'we reserve the right to control our destiny, to nurture the integrity of our people and culture, and to preserve the quality of life that we desire.' It's not only our right, but our kuleana, our responsibility, to take action to control that destiny and preserve the quality of life for our people. Our constitution gives us this right, and the people of Hawai'i have given us—again, us—the mandate and imperative as their elected leaders to do it. So today we need new ideas. We need new solutions and bold action rooted in these shared values once again. You know me—business as usual won't work anymore; there is simply too much on the line to accept the status quo. Each day without action means another family is forced to leave to the mainland, another child is sleeping on the street, another local business closes, or another precious natural resource is put at risk. Each day without action means we miss another opportunity to heal Hawai'i, do what's right and just, and preserve our islands for the future generations. So our administration has already begun to act with urgency since day one. Our state motto says so powerfully, 'The life of the land is perpetuated in righteousness,' and this is the moment for righteous, bold action rooted in our common values. So I ask

everyone here to say yes to the wisdom guiding us in our constitution, our motto, and in that mandate the people have given us. Say yes to new ideas and solutions, and to putting our values into action. Say yes to achieving goals, yes to overcoming challenges. Yes, we can make a difference in our communities and in the lives of our most vulnerable. And yes to more housing as we all believe. Yes to more jobs and opportunities for our young residents. Yes to building and leading the world on renewable energy. Yes to lowering the cost of living, which we know is the most important thing that our families wrestle with. And yes to governing ethically together. We owe the people of Hawai'i an effective government that takes action. If we accept our kuleana, and we follow the mandate we have been given and take action rooted in our common values, we will show the people of our state that we're working for them, and they can believe in government once again.

“So what have we done so far? Today is day 49—day 49 of our administration. We've had a little more than a thousand hours on the job. We've already accomplished a great deal together in this short time: we nominated a cabinet of qualified public servants, led by my chief of staff, Brooke Wilson—thank you, Brooke, for that; I appreciate you. We showed respect to our public workers with administrative leave during the holiday season, a move which also supported local spending in our local businesses. We announced a new educator tax credit, which I hope that you guys will believe in so that our teachers can receive a \$500 credit to support the work and investment they put into students in the classroom. Because of your work—your work—we released \$50 million in grants-in-aid to directly support our nonprofits across our state and the service providers for the critical work that they do in our communities—that's credit to you. Thank you for giving us those resources for people who need it. We've proposed a climate impact fund of \$100 million right out of the gate to fight climate change. We've announced the return of over 363 acres to the Hawaiian Homes Commission on Moloka'i for beneficiaries, and we've signed an agreement with Haneda Airport to streamline travel and promote made-in-Hawai'i products, and even improve Daniel K. Inouye Airport. We took immediate action to prevent disruption in a healthcare crisis when the service to our rural islands, our rural communities, was threatened when the plane crashed from Hawaii Life Flight—this saved lives along the way. We've been active: Our administration attacks problems. Now is the time to invest in our people and our communities. With this in mind, I'll identify right now several of the priorities our legislature and administration must act on to move Hawai'i forward. I take to heart what you are saying.

“Budget and bill priorities: The Legislature on Opening Day already advanced extraordinary ideas. Our budget will reflect those priorities. We're adding and emphasizing several high-priority items related to housing, homelessness, the cost of living, climate, environment, and mental health. Some important specifics that you'll see right now:

- Additional 'ohana zone funding, which puts homeless individuals into permanent housing right away to give them the chance to thrive—you already have supported that, mahalo;
- More resources for the Hawai'i State Loan Repayment Program to help pay off educational loans for primary care providers and behavioral health providers so that Hawai'i remains the health state for generations to come. This investment once and for all addresses our healthcare provider shortage—once and for all we can not have shortages in our neighbor islands; thank you for supporting these initiatives;
- In the health theme, our budget also adds 60 new positions to expand nursing and medical programs across all of the UH campuses, with a special emphasis on

behavioral health, which the freshman legislators made very clear was a priority for them; mahalo, early legislators;

- And we also know that there has to be more service in certain parts of our state, so we'll expand the intensive care unit and medical surgical units at Hilo Hospital with a \$50 million request for CIP funds. They have great needs on the Big Island, and we saw that during the pandemic—thank you for that recommendation, Big Island;
- In your wisdom, you created an Office of Wellness and Resilience within the governor's office to focus on trauma-informed care. We have put resources in there to make that permanent;
- And we will have a concerted push to protect our natural environment in partnership with all of the great work that you always have done;
- We're adding critical mental health resources in our budget for schools and our communities because that's where kids get care;
- And, finally, we'll be supporting our state's priority to make pre-K universally available to Hawai'i's families, led by my lieutenant governor, whom I think some of you know.

“Since our inauguration last month, I've been meeting with departments and agencies to insist we break barriers and open doors in the halls of government. I tell them constantly, 'Care for people'—that's my message—so here's how we're going to start caring for people.

“Affordable housing: The biggest factor affecting the cost of living in our state, the biggest, is affordable housing. Safe, affordable, and stable housing is a human right, and it's more than just a place to live: It impacts our health, our identity, our sense of belonging. Housing crises are not new. All the way back—May 15, 1935—the Eighteenth Territorial Legislature created the Hawaii Housing Authority. This basically was the first body in our islands' history dedicated to addressing the housing needs of our state as a priority. But nearly nine decades later, we're still working to provide housing for our people. When Governor Burns signed Act 105 into law on June 19, 1970, which was five months after I was born, state government initiated housing and community development on a scale unprecedented in our state. So I suggest we return now to an era of bold housing initiatives. I'm completely aware that you've already begun this fight, but we need a comprehensive approach—it has to continue—to housing on all segments of our population, from renters to low- to moderate-income individuals, to families, to those experiencing homelessness. That's why our administration is making housing the top priority and committing a comprehensive housing agenda to you. You'll see the details right now.

“Developing infrastructure from the resources we appropriate for the state is crucial in every way to create adequate housing, but we need to start from the ground to make sure that our infrastructure is built and affordable housing actually gets expedited. We'll also address and improve policies and processes that impede the development of housing; this has become a very big problem. And we can't do this alone: We need a coordinated approach with the counties and our stakeholders—that's why I'm glad they're here today. We need to also make these big investments, but we have to coordinate getting rid of the red tape, so we're proposing over a billion dollars of new investment in housing, and I've already heard some of that from you as leaders. To be specific, these funds will be used to support major investments in the Hawaii Public Housing Authority to renovate and upgrade public housing units, to provide state rental subsidies for the low-income families we have, and to boost financing for more affordable units through the Hawaii Housing Finance and Development

Corporation (HHFDC). You're all familiar with these approaches, but we'll also deliver on the Legislature's commitment to fund the Department of Hawaiian Home Lands: It's a priority for our administration. I know you want answers; we will work with you to get this done.

"In addition, new ideas: We propose a state match for the city affordable housing program, which incentivizes the development of more affordable housing rental units in urban Honolulu. Mayor Blangiardi and I are already partnering on our approach day and night to this housing initiative because the crisis is felt most intensely on O'ahu—but, of course, all across our state—so I'll partner with all of our mayors and regularly convene stakeholders across all sectors so we can troubleshoot and streamline the processes to speed up housing. These projects have to go faster. So what you'll see is, you'll see us cutting red tape so we can provide housing as soon as possible, and it will likely require additional action from you and from the executive branch. Please don't doubt the scope of this problem requires both.

"Now I'd like to talk about housing communities that are homeless-based. We can't forget about our unhoused communities; they're struggling. In the past, efforts to address homelessness have often emphasized enforcement and triage, pushing people from one neighborhood to another, moving people from street or shelter to temporary housing, with many, frankly, finding themselves back right where they started. We've made progress at getting people into homes in recent years, but the number of people on the street—those experiencing unsheltered homelessness—continues to rise. We see it every day. We need to shift our efforts from temporary fixes to a permanent solution. We need these places immediately. Homelessness should not be accepted as a normal part of our society. It shouldn't be normal to avert our eyes from the suffering of another human being, ever. We shouldn't ever need to avoid our public places because homeless citizens have overwhelmed a park or street or sidewalk. We have come to accept the silent suffering that goes on for thousands of our people in our parks, along our beaches, even here on the grounds of the State Capitol. Our homeless crisis is a strain on our aloha and a threat to our spirit. That's why we're committed to the development of 12 *kauhale* across our state—12 *kauhale*. As you know, *kauhale* are tiny villages; they're communities where people can thrive. And we send our special respect and appreciation to Twinkle, to Aunty Blanche, to others who have been pioneers in this area—thank you, for them, please. Soon, Hawai'i will break ground on a new neighbor island *kauhale*, perhaps in the next two or three days. This will be at the Kukuioia Emergency Shelter and Assessment Center in Kona. With 64 units, this new *kauhale* will meet the housing, social, and healthcare needs of our people there on the street. It will help future residents for years to come, and it will only cost \$8,000 per unit—that's about \$500,000 in total. Now, for perspective, it costs \$322,000 a year to support a person who's suffering with schizophrenia or other mental illnesses at our Hawai'i State Hospital—\$322,000 per person per year. So for less than the cost of keeping two such people out of the hospital for one year, we can build an entire community of low-cost, permanent housing at *kauhale*—just two people. Building *kauhale* communities takes time, it takes energy, it takes planning, it takes people, it takes passion. It also takes conviction: a commitment to breaking from the status quo. So, again, Twinkle Borge and Blanche McMillan—just two names among many—are showing what it takes to embrace this village concept to help our people find a permanent home. So, to be specific, our enhanced *Kauhale Initiative* will follow their example: It will create low-footprint, low-cost housing with a village environment designed for community support, healing, and progress. As long as we are in a housing crisis, we'll treat it like an emergency. So I'm going to do something a little

untraditional: I'm going to take action right now with all of you. I've spoken with many of you as leaders. As of this moment, because this is a crisis, in my hands is an emergency proclamation, and I'm signing it for you [*signs proclamation*], for all of us. It goes into effect today. This emergency proclamation will streamline the construction and processes for housing—low-impact housing. It removes unnecessary barriers; it removes red tape. We've done this before together and it worked. It enables our partners, our community leaders, to tackle homelessness head-on, right quick, affordably. A copy of this proclamation will be delivered to your offices right now. Thank you for working with me on this.

"Cost of living: Two weeks ago, I testified in person before the House Finance committee on the meaning of ALICE—Asset Limited, Income Constrained, and Employed people. These are families that are struggling to afford very basic household necessities such as child care, healthcare, and transportation; families who have to choose between buying food or medicine for their families one paycheck—one paycheck—away from a healthcare crisis which would bankrupt them, slipping them deeper into poverty or facing eviction. Our cost of living is the highest in the country at nearly twice the national average—we all know this. In Hawai'i, we should not teeter; none of our people should teeter on the brink of poverty in order to simply provide for their 'ohana. Our job should be enough to support our families with just one employed person in our family. So here's what we're going to do: Our plan takes the necessary steps to strengthen the health of ALICE families in our communities. The Green Affordability Plan (GAP)—G-A-P—it cuts taxes significantly and provides tax relief for people that need it the most, and I was so grateful to hear that in the speech of Speaker Saiki and alluded to by Senate President very passionately just one week ago. Give them a round of applause; they're incredible people. If adopted fully, this package, by the Legislature, it will provide just over \$300 million in tax relief annually to the people who need it the most. This tax break will help us get money into the pockets of the working families that I referenced so they can purchase essential goods and services like food, medicine, and housing, as we discussed, and it will, in turn, stimulate our economy because every single dollar that goes back to an ALICE family will be spent immediately in the economy—immediately.

"So this proposal follows very specifically the recommendations of the 2020 Tax Commission, so we'll reform our tax code. We do this to provide for a cost-of-living adjustment in response to recent inflammatory pressures. (They were inflammatory, but they're also inflationary, which is really what I meant to say.) This plan provides universal tax relief, and let me break it out for you:

- We shift the tax brackets slightly to ensure that working families aren't burdened by inflation;
- More than double the standard deduction from \$2,200 to \$5,000;
- We double the personal exemption from \$1,144 to \$2,288.

Now, it may sound complicated, but it's not. Our current tax structure misses support in many cases for ALICE families. It helps people who are in deep, deep, deep trouble, but in the ALICE family sense, it doesn't. I'm just going to show you just a little bit of what it looks like without dwelling on this. Right now, ALICE families are in the middle here [*holds up chart*]: These are people that make between \$41,000 and \$129,000, depending on how many kids they have. They really struggle to pay their rent, their mortgages, for food. We have a lot of tax breaks for people who are deeply, deeply impoverished, so you can get an idea of what that looks like. If we implement this plan together, this is what it looks like [*holds up chart*]: These are those ALICE families and these are the tax breaks that they would see. It would be tax breaks for every single income

bracket in our state. They'd be paying less taxes under this plan. This is where we are focusing our energies. So I reiterate: The Green Affordability Plan directly supports ALICE families. This plan makes sure every income bracket does a little better, and it directly lowers—directly lowers—Hawai'i's cost of living for every single resident by keeping more money in our pockets for each taxpayer, especially those who are wrestling with survival. This proposal means that a family of four in every income bracket can anticipate \$2,000 in savings right off the bat for reduced taxes, and lower-income families will see even more savings significantly. For many, this is the equivalent of a full extra paycheck every year.

“In the spirit of what you've been proposing and working on for years—sometimes with me, sometimes with other leaders—the Green Affordability Plan also intentionally rewards families who take care of others: the caretakers, the caregivers, and educators. As I mentioned, it creates a new educator tax credit of \$500 per teacher—they can help their students. It provides our hardest-hit residents a renter's credit of \$350. It also makes the food excise tax credit available to a full third of all taxpayers and expands the earned income tax credit from 20 percent to 30 percent of the federal amount. We will also take bold action to expand something important: the child and dependent care tax credit. Now, under this proposal—under this proposal—working families paying for day care, babysitters, summer camps, afterschool care, care for support that is needed when families are working, and people who have adult day care—individuals in their family—they'll be eligible for up to \$10,000 to offset the costs of the fees that are going into all of that care. This will provide a huge relief for working families and help reduce the choice that they face: They have to face the choice of whether to start a family or invest in a career. That choice won't be before them if they're able to have this tax credit.

“Now, how can we afford this? Well, this plan doesn't just make it easier for ALICE families; this plan goes to the core of what economic growth has to be. This plan will grow our economy, it ensures healthier kūpuna, our keiki are healthier—they have more care, it reduces the burden placed on family caretakers all across our state. This way, they don't have to choose between a job, child care, rent, or health care, or even between school supplies and dinner. The Green Affordability Plan, our plan, is essentially relief from the economic burdens faced by all of the families who are right now choosing to leave our islands. We thought long and hard about this—how resources should be allocated and invested—and these are our state priorities. So when we invest in families, we invest in our future, and our return on investment is unlimited as it will come back to us tenfold. As you can see, I feel that the people of Hawai'i deserve generational tax reform, and I think this is the time to do it: with a new legislature, a new governor, coming out of the pandemic. All the stars have aligned for us to take action for people. And what this will do is, it will help us build a more equitable future, where our people can be productive and secure; a future where residents are not one paycheck away from crisis; a future where our priorities reflect actually our values, and we can all rise together as one 'ohana. That's what this plan is about.

“Our climate crisis: Tax relief provides immediate support to our families across the state, but we also need to take action to protect our environment and our planet, which is why we have direct and long-term effects constantly on the horizon. Even as our economy is struggling, we have to look to the future for climate response. This is why addressing climate change today is most important. The impact of climate change is wide-ranging. As an island state, climate change does so many things: It threatens our economy, our culture, our environment, and, really, the sustainability of our way of life. So you heard me commit \$100 million for climate impact funds steered by the

Climate Change Mitigation and Adaption Commission, so it's not just my ideas; it's the ideas of those who know about the environment. But we're committed to broader strategies on climate change—strategies that are equitable, culturally responsive to a resilient future. This includes looking at the resiliency of the power grid, renewable energy, sustainable transportation, land use planning, sea level rise, the health and how it's impacted by the environment, natural and cultural resource impacts, and, frankly, much more. So we've dedicated these resources in a vital effort, but we can't do this alone at all. This fund, which I do believe is a necessity, will be open to contributions from anyone, whether they are local or from around the globe. This is our opportunity to seek resources on the impact of tourism. Now, let's break this out a little bit. The revenues generated from visitor impact fees should fortify all of our efforts to protect Hawai'i's people and our way of life, and we'll continue to take the impacts of climate change seriously. I support any plan—any plan—that gets us to a place where resources come from the impact of travelers to protect our environment. Thank you, Senate President, for expressing those good ideas.

“Economic development: Our administration will work to ensure that our economy does several things: fosters prosperity for all of our people, creates opportunities for our keiki, protects the unique character of Hawai'i, and, finally, strengthens and supports all of our shared values. We're not going to sit passively on the sidelines any longer when it comes to our economic development. We'll reach out to beyond our shores and seek opportunities for our people. In doing so, we'll fulfill the promise that Governor Burns saw for our state, and, in his words, Hawai'i 'will finally assume our rightful place in the Pacific sun.' We're the center of the Pacific, linking Australia, New Zealand, Taiwan, Japan, Korea, and the broader United States. In the coming years, I hope to reposition our economy to pursue global opportunities—we'll retool tourism, develop green technologies, and expand our reach into international markets better than ever for our small businesses and also our world-class professional sector. Now, how do we do this? We do this by being bold. We'll have to move beyond an economy of pure tourism, and we have to become energy independent, as you all know. We'll fulfill this potential as an economic and renewable energy leader in the Pacific. We have already, in the first 49 days, been doing something. We've been working with partners across the globe—Japan, local businesses, and key sectors for Hawai'i's economy, like the international wedding industry, which also brings in 20 percent of all the visitors from Japan. We're working with them to change the way we view our traditional economy. And welcoming more visitors like our Japanese neighbors means we can generate much more revenue for local businesses while taking in fewer tourists overall; that's tourism management. But we're also working on new plans—new plans to increase the export of locally made and locally grown products with our regional partners. Despite being the 41st largest state by population, we rank last of all U.S. states in overall economic exports, a statistic that has to change. So our economy—our economy—is rife with untapped potential. We'll encourage small businesses and professional service sectors to seek new markets beyond our islands; health tourism should be among that. But we'll strengthen, most importantly, Native Hawaiian-owned businesses. By supporting Native Hawaiian-owned businesses, we support Hawaiian agricultural food products like taro, breadfruit, sweet potatoes, and we promote indigenous farming practices to keep our people physically, mentally, and spiritually nourished. Diversifying our crops, expanding on ag with food systems that actually help us connect with the land and each other helps us grow in ways that we haven't done before. We eat together, we grow foods together, we deepen our connection to our 'āina—this is critical for our state. By advocating for our local interests and through dialogue

with our partners, we can create many more opportunities for Hawai'i.

"I'm pleased to share that we're doing something right now: It's an initiative with the federal government, our community, and international partners to pursue investments in cutting-edge hydrogen technologies for Hawai'i. Through cooperation with partners in Japan, Australia, New Zealand, and Congress, this technology can help stabilize the Pacific energy resilience that we need; it promotes our defense infrastructure and reduces our reliance on fossil fuels. To that end—to that end—we're preparing right now a historic application to potentially bring in over a billion dollars—\$1 billion—in federal and private sector investments to our state through a regional Hydrogen Hub. The integration of hydrogen technology into our grid, along with the continued expansion of traditional renewables—solar, wind, all of the infrastructure—will give utilities, businesses, and local talent an international advantage. With the potential to turn our state into a regional energy exporter, we change the whole model of our economy. Through proactive efforts like these (these are just a few examples), Hawai'i can lead our Pacific neighbors into the future. This is not just through defense initiatives, which are critical to us, but through greater economic, energy, and cultural integration; this is our future. So, as you see, what we'll be doing is leveraging climate investments, renewable energy and environmental expertise, and our unique geographic position—our location—to achieve even greater economic diversification. This is one of the ways we escape from a full reliance on tourism.

"Now, please indulge me as I talk about major projects. We also need to address two major projects, at least: the stadium and a new correctional facility. We all want a stadium, a place where we can be proud of our sports teams. We want a stadium for our university, our families, our keiki, and our broader community. Now, when the Aloha Stadium first opened in Central O'ahu in September of 1975, it was a great triumph—we won six of our last eight games that season. We had a new coach. I'll tell you this: We had 40,585 people in the stands in that last game against Tennessee. (And the Pittsburgh Steelers that year won their first of their six titles.) But for a project of this size, we have to be thoughtful, thorough, and analytical. We've already addressed the benefits of a public-private partnership in the future development of the Aloha Stadium, but such a partnership will only work if the state gets a fair deal. We're carefully reviewing our options; we're working with colleagues because we know that there is some conflict, and we'll find the best option to go forward to make this a reality for our people. We can't afford to wait—it's been pointed out by dear friends—we can't afford to wait because the longer the delay, the higher the cost. We have to support this stadium with economic activity all around it. The same goes for replacing the obsolete OCCC. To replace the OCCC, we need to build a modern, new correctional facility that's safe, secure, and humane. It has to have the capacity to provide rehabilitation, counseling, education, job training opportunities to inmates, and, at the same time, protect us, protect our kids. Almost all of those convicted of nonviolent crimes and held in our correctional facilities will someday return to our communities and will be living alongside us as our neighbors. We must move forward with restorative approaches to justice rather than strictly punitive ones. As my administration reviewed the details of these projects, we saw that previous legislatures provided general fund moneys to begin the construction of a new stadium and plan the construction of the new jail. We'll work with you on projects of this size hand in hand. We have to work together to reach consensus because these two projects will have to be debated seamlessly between us—we have to get it right. Again, our goal will be to secure the best deals for our state and get these projects moving forward as quickly as possible. I am there with you 100 percent of the way.

"Just a little more to share: accountable government. Our state deserves transparent and accountable government—we agree on this. Without good governance, without trust, without ethical standards, how can we truly serve the people and make progress for our state? Corruption from the past must be taken seriously and rooted out. The abuse of power is an affront to all the people of Hawai'i. They tell us that day in and day out. Corruption was the basis of widespread pessimism, which people expressed openly across our state. To be a public servant is to be responsible. It's a privilege, and we carry with this privilege a full responsibility for everyone around us. So I've directed our new attorney general to take seriously corruption and ethics reform in our state and county government. What does this mean? I agree with the recommendations of the House Commission to Improve Standards of Conduct, and it's time to, as they said, 'rebuild integrity and trust in government.' I look forward to working with the Legislature in every way on taking a course of action, and I will sign any common-sense legislation that achieves anything meaningful from ethics reform standards in our state government. I am there, again, with you 100 percent of the way.

"So, as you can see, we'll hold everyone in Hawai'i to this high standard of ethics and accountability, and the federal government also and its institutions are no exception. We must hold the U.S. Navy accountable for the environmental disaster at Red Hill and shut it down for good. To be blunt, Hawai'i must never again risk any leaks or spills of any toxic substance into our water supply. This means that any entity or organization that wants to operate in our state must fully understand, respect, and comply with the absolute commitment that Hawai'i will not tolerate pollution of our water. The current oversight of Red Hill is not strong enough; I just need to be direct about this. Like so many citizens, I was not satisfied with last week's presentation from the Navy and the EPA, and I say that with respect. The Navy needs to be 100 percent transparent with us and open with the public and their elected leaders, which is all of us in this room. To be specific on how we'll approach this, our administration intends to approach Red Hill like we dealt with the pandemic: with continued monitoring, continued updates, continued analysis, and transparent updates so people can see what is actually happening. Enhanced oversight, these frequent updates, and constant communication about the draining of the tanks, the quality of our water around them in the community, and the progress to permanently close Red Hill will all be led by our deputy director of Health in partnership—in partnership—with the Board of Water Supply's leadership, and I will be there every step of the way beside them. So, forgive me, get used to some more white boards on these matters.

"Finally, I tasked our attorney general with a real problem: to address a chilling reality that was described in the Missing and Murdered Native Hawaiian Women and Girls Task Force report, which found that Native Hawaiian girls and women were experiencing gender-based violence at rates disproportionate to any other population. The very recognition of this matter is a critical first step toward reckoning with the depth of this horrifying issue, and we're committed in our attorney general's office to providing the resources to end these crimes against Native Hawaiian women—thank you, Anne, for leading this charge.

"When it comes to governance, sunlight, open windows, and plenty of fresh air are the best disinfectants we have. (Don't freak out here.) This is why I agree with the call from the Civil Beat Law Center for our administration and their partners: Our government documents have to be easily accessible and available and virtually cost-free to obtain. We're going to make that happen in our administration. We need to build trust and to do what we can to be open and transparent all the time and

accountable to the public; that's a commitment I give from our administration.

"A culture of public service: Over the last few weeks, the Legislature has conducted many important informational briefings with our new cabinet and nominees. As we lean into our first legislative session together, this administration comes to you in a spirit of full collaboration—you have my cell phone. Our nominees are stepping forward in a time of great adversity. Times are tough; you know that as elected officials. They are willing to dedicate themselves heart and soul to the work of the people of Hawai'i. Several critical members of our cabinet and our government will require, absolutely, confirmation by the Senate in the coming weeks; thank you, colleagues, for that work. But government in Hawai'i cannot function without these people, without qualified and dedicated people—a corps of public servants to administer all that we come up with together, to implement our mandates and priorities, all the work that you will do in these next hundred days. So I extend my gratitude to our cabinet nominees, who have stepped up to serve; they are leaders in their fields; they have great experience. They are often willing to sacrifice enormous time with their families and other professional opportunities for a life now of public service. So I'd like to especially congratulate and welcome our many new women and Native Hawaiian leaders. They will smash the remaining glass ceilings of public service, and I am honored to sweep up the debris behind them. I want you to know I've set a high standard for all of our nominees. None of us—none of us—can actually meet all of the expectations of us as legislators, but they're already meeting with you; they're exceeding my expectations as a new governor because of how hard they work and how much they care. The Senate will now vet them and confirm them on their ability to do the job, I hope. There are moments when nominees can become collateral damage from potential disputes that have gone way back for us politically, though we've done what we can to heal any rifts that we ever had. But their ability to work and their commitment to getting things done in Hawai'i is critical. I would say this: Any conflict, chronic or acute, and dysfunction amongst branches of government is not going to be good for any of us, especially when it doesn't serve the interest of the people. I need these folks working. I nominated them because they can get the job done in their disciplines, and we will work together to make sure that happens, so I ask you to let them do just that. Mahalo for considering all of these nominees. Now, with due diligence, I ask that you confirm them, but I will work with you day and night to make sure we are a responsive, powerful, impactful government. They will make Hawai'i proud, they're making me proud, and they, like you—they, like you—are public servants. So we ask each other to respect our team, your teams as they step forward into these roles. This is Hawai'i's team. Thank you for this consideration.

"Our dream and our destiny: Today we find ourselves at a crossroads, a turning point in our history. We face enormous challenges as a state, and the strain of these challenges is slowly eroding the hopes and the dreams of our people. Thousands of families are voting with their feet, choosing to leave our islands in search of affordable housing and economic opportunity. Thousands more live in our streets, suffering without help, without hope, despairing for a better tomorrow. Climate change and industrial pollution threaten to permanently degrade our land and resources. These are tragedies which must not stand by and be witnessed idly without doing everything in our power to change. Ultimately, we're not going to be judged by our words or our rhetoric; we're going to be judged by our actions and our accomplishments. How will we secure the health of our state? How will we nurture the integrity of our people and culture? How will we create the quality of life that we desire? We will do it together, as one 'ohana united by our shared values. We must provide economic relief that I described and restore hope

to our people. We must restore the health of our land and our water. We must redeem the promise of Hawai'i. In pursuit of these goals, here and now, we commit ourselves to four years of decisive action, making progress every single day, and never giving up. Hawai'i's people deserve ambitious goals, big dreams, and bold action. 'The less foresighted may label us dreamers for expressing what may be regarded as overly grandiose thoughts.' Governor Burns said that. 'But dream we must, as we must pursue these dreams with vigor and energy, if we are to attain the greatness that is so patently the destiny of Hawai'i and its people.' Governor Burns was right. Hawai'i's destiny is greatness: a greatness born of shared values; a greatness of family, community, and love; of rich diversity, tolerance, and unity; of commitment, responsibility, and hope; of reverence for our natural and cultural heritage and our shared history. We are the inheritors of this dream and this destiny. Together, we will fulfill our destiny. Together, we will realize our dreams. And together, we will live up to the promise of Hawai'i. Mahalo, and thank you for the honor to serve."

Senate President Ronald D. Kouchi then rose and stated:

"Thank you, Governor Green. I would like to cite two specific examples of how I will commit my personal support in working with you going forward. I have never made the top 10 best dressed list in any kind of fashion competition, but I want you to know that I chose the tie with intentionality this morning, and it's buried in the leis, but it's a green tie for Governor Green and the Green Plan going forward as showing a sign of my support.

"The second is when the governor talks about 100 percent renewable as the goal. Currently, in my district, the islands of Kaua'i and Ni'ihau, they are in for a permit for a pumped storage energy plan out in West Kaua'i. If approved, by 2025, Kaua'i will have achieved the 90 percent renewable energy provision to the grid on Kaua'i. The goal is attainable, and my personal commitment is not to stop to take care of my district, Governor Green, but to continue to have Kaua'i work with you and your team to bring those kinds of numbers to the rest of the state.

"Last Wednesday, when we convened in the Senate, I wanted to be cautious, and we opened at 60 percent and invited cabinet members, the military, and the consular corps, but we had no one from the private sector on our floor. So, in closing, I would like to look to the private sector people who are here today. When the pandemic hit and we were faced with what seemed like an insurmountable challenge, you responded in such an incredible way and so quickly, with nonprofit leadership from Hawai'i Community Foundation, all of the banks putting aside the competition for customers and pooling their resources to help us, the hospitals putting aside their competitive issues and working together for all of the people of Hawai'i, and I appreciate that I have a chance to say to all of the private sector businesses, the nonprofits, and, most importantly, each of you have stories of the unsung heroes in your communities—individuals who stepped forward during the pandemic and helped others in their community to make sure that nobody was left behind: a big thank you.

"And I commit on behalf of the Senate, and I am confident of the commitment of the House, that we will replicate what we did together in collaboration during the pandemic. The challenges that the governor has outlined are greater than any one of us individually could overcome by ourself, and it's only in that collaboration that we will succeed. So, Governor, you have the full support of the Senate as we go forward."

At 11:07 a.m., President Kouchi declared the Joint Session adjourned.

ADJOURNMENT

At 11:07 a.m., the Senate adjourned until 9:00 a.m.,
Wednesday, January 25, 2023.

FIFTH DAY

Wednesday, January 25, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 9:00 a.m. with the President in the Chair.

The Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Fourth Day.

At this time, Senator Kanuha welcomed Martha Saenz, National Conference of State Legislatures (NCSL) state liaison for Hawai'i, who was seated in the gallery.

The Chair noted that former senator Taniguchi had been the Senate's NCSL liaison and had also handled sister cities relationships. The Chair added that Senator Lee had taken over the latter and that he would also serve as the Senate's liaison to NCSL. The Chair explained to new legislative members that NCSL is a national organization that provides training and educational conferences for state legislators.

Senator Michelle N. Kidani and Representative Linda Ichiyama presented Chief Justice Recktenwald with lei.

The President then presented to the members of the Thirty-Second Legislature and guests the Honorable Mark E. Recktenwald, Chief Justice of the Supreme Court, State of Hawai'i.

Chief Justice Recktenwald addressed the Joint Session as follows:

“President Kouchi, Speaker Saiki, Governor Green and First Lady Jaime Green, Lieutenant Governor Luke and Second

Gentleman Michael Luke, members of the Senate and House, former governor John Waihe'e and Ms. Lynn Waihe'e, former governor Linda Lingle, members of the Consular Corps and the Royal Order of Kamehameha, distinguished guests, family, and friends: Good morning and aloha. After all the challenges of the pandemic, it's indeed a blessing to be back here in person. Mahalo to President Kouchi and his team—the Sergeant-at-Arms, the Clerk's office, everyone who makes this event happen—for welcoming us into this beautiful chamber. An event was held this past Sunday that brought such pride and joy to our state: the running of the Eddie Aikau Big Wave Invitational. I am honored that we are joined here today by Eddie's brother, Clyde Aikau, who organized this epic event, and I'd like to ask him to please stand and be recognized.

“The Judiciary 'ohana is made up of 1,700 dedicated and hard-working members. As chief justice, I am proud to be one of them. I thank the Legislature for this opportunity to tell our story, to explain how we are advancing the cause of justice and serving our community. To Governor Green: We are eager to collaborate with your administration and are encouraged by your focus on homelessness and mental illness in our community. I wish to recognize my two friends and colleagues Justice Paula Nakayama and Justice Michael Wilson. They are retiring this year after serving a combined total of over 50 years in the Judiciary. Would they please stand so we can recognize their outstanding contributions to our state? On a sad note, I wish to acknowledge the recent passing of two beloved members of the Judiciary 'ohana: my predecessor, Chief Justice Ronald T.Y. Moon, and Judge Darolyn Lendio Heim. As the first person of Korean ancestry to serve as chief justice on any American court, CJ Moon helped shape the Judiciary into the institution it is today. Judge Lendio Heim made her mark in district court by taking the court out into the community to reach those in need. We dearly miss them both.

“Public service is the lifeblood of the Judiciary. It defines who we are as an institution. The Judiciary's role in our democracy is different from the other branches of government, but we share the common goal of serving the public. Our core mission is to decide cases fairly and impartially in accordance with the law, but our work doesn't end when the gavel falls. We implement programs to address the root causes of recidivism, such as drug use and mental illness, and to respond to other urgent community needs. We embrace this expanded role. Like everyone else, the pandemic tested us, but we have emerged as a stronger, more resilient institution. We have harnessed new technologies to make us more accessible. We're forging new partnerships to make our community safer. We're expanding programs to support vulnerable children and families. And we're improving access to justice, nurturing diversity, and promoting civic engagement. I look forward to sharing these priorities with you today.

“The pandemic created immense challenges to a court system accustomed to conducting business in person. Despite personal hardships, our judges and staff have always met those challenges and kept providing justice to our community. I want to thank our chief judges—Lisa Ginoza, Mark Browning, Peter Cahill, Bob Kim, and Randal Valenciano—for their leadership. But it is truly a team effort, and I would ask all the members of the Judiciary 'ohana here in attendance today to stand and be recognized for keeping the Judiciary strong; please stand. We learned from the pandemic. We could not meet in person, so we harnessed new technologies to conduct proceedings remotely. Instead of having to miss work, people can now appear in a traffic infraction case by simply using their phone. Since the pandemic began, we've held more than half a million remote hearings, and this number is rapidly climbing. We also started an eReminder service and have sent more than 24,000 texts and emails to notify parties of upcoming court dates. Guess what happened? The appearance rate has significantly increased and

is now almost 90 percent in O'ahu District Court. We are also more transparent. The Hawai'i Supreme Court now livestreams all of our oral arguments, and more than 17,000 people have tuned in. And last April, we made electronic filing available 24/7 for all courts throughout our system—a huge milestone—by adding family court civil cases. In short, we have created modern courts that use new technologies to meet the needs of a community accustomed to doing business online.

“In his Opening Day speech, Speaker Saiki said the *Sesame Street* word of the day was ‘cooperation.’ Indeed, the pandemic demonstrated the importance of partnerships—working together with others—to achieve far more than we could do on our own. When the pandemic hit, there were predictions that there would be thousands of evictions, a literal tsunami, but that didn't happen. One big reason why is because the Legislature enacted Act 57, which required eviction cases to go to mediation. It was a win-win for both landlords and tenants. It kept people in their homes while treating landlords fairly. Statewide, over 85 percent of the 1,600 cases mediated were settled without going to court. And, here on O'ahu, 85 percent of the settlements resulted in tenants remaining in their homes. Mahalo to Representatives Troy Hashimoto and Nadine Nakamura for crafting Act 57, and our district court judges, the bar, and mediation providers for implementing it. Act 57 expired last year, but we look forward to working with the Legislature to establish a similar program going forward.

“Hale Hilina'i is another example of a successful partnership. If you've driven up Piikoi Street recently, you've seen it: a gleaming, new 20-story tower. It provides both 200 affordable rental units and critical resources for juveniles. We could not have completed this innovative project without the Legislature's cooperation, and particularly that of Speaker Saiki, and our partner, the Hawaii Housing Finance and Development Corporation. This new facility symbolizes the Judiciary's commitment to prevention and healing for at-risk youth. It enables us to intervene earlier and connect youth and their families with meaningful, culturally responsive services. In short, it will empower at-risk youth to forge a better future. The new Wahiawā Civic Center, which will house the Wahiawā District Court and probation offices, is another multi-use project that will provide much-needed benefits to the community. Mahalo to Senator Donovan Dela Cruz for having the vision for this project.

“Our core mission is deciding cases. Last year, we resolved more than 92,000 criminal cases, 35,000 civil cases, and 13,000 family court cases, not to mention several hundred thousand traffic and parking infractions. Deciding that many cases gives us unique insights into the challenges facing the community, and we use these insights to find ways to help people and identify broader solutions. We can keep our community safer by addressing the root causes that bring people into the criminal justice system. The rates of serious mental illness and substance use disorders are four to seven times higher for those in jail than the general population, and many inmates suffer from both conditions. Yet these individuals often cycle repeatedly in and out of incarceration without access to needed services and treatment. We must stop that revolving door.

“One answer is treatment courts. They use intense supervision and a team approach to break the cycle of recidivism. From our groundbreaking Girls Court to our Drug, Mental Health, and Veterans Treatment Courts, we have developed specialized programs that enable participants to overcome deep-seated challenges and lead productive lives. Building on this success, the Legislature last session approved funding for Women's Court. It recognizes the simple fact that women experience very different pathways to criminal involvement than men. Women in prison are 80 to 90 percent more likely to have extensive histories of trauma, such as sexual

or physical abuse. In just six months, our Women's Court team, led by Judge Trish Morikawa, has developed programs tailored to address women's needs, collaborated with treatment providers, and selected participants. We are excited to announce that Women's Court will officially go live later this afternoon. Mahalo to Judge Mark Browning for having the vision for Women's Court, and to the Women's Legislative Caucus for its support, and, in particular, Representative Linda Ichiyama and Lieutenant Governor Sylvia Luke. Mahalo also to the Women's Prison Project, a grassroots group organized by former governor Linda Lingle, that supported Women's Court and other legislation focusing on the special needs of women in the criminal justice system.

“Homelessness. We see it around us every day: people in makeshift tents lining the sidewalk, in parks, and at beaches—indeed, right outside this building. I'd bet that for many legislators here, it is the number one concern voiced by your constituents. We know there are no simple solutions, and no branch of government can hope to address homelessness on its own. But the Judiciary is committed to doing our part to find more effective solutions. Our Community Outreach Court represents a novel approach that has achieved positive results. The court focuses on nonviolent individuals who are houseless or on the verge of becoming houseless and who have pending matters for minor offenses. Participants agree to perform community service to resolve those matters and are matched with service providers who assist them in obtaining housing, mental health and drug treatment, and other services. Community Outreach Court is unique in that teams go out into the community, sometimes tent to tent, to find participants to enroll, and the court itself travels to convene where those in need live. More than 465 individuals have completed the outreach court program, 7,600 cases have been cleared, and 5,600 hours of community service have been completed. We are holding Community Outreach Court on O'ahu in Wai'anae, Kāne'ohe, and Kaka'ako; and on Maui in Kihei; and we plan to expand the court to Waikīkī.

“In 2019, we held a summit that identified major shortcomings in how people suffering from mental illness are treated in the criminal justice system. It simply makes no sense to hold in custody for months nonviolent petty misdemeanor defendants who are incompetent only to release them back to the streets with no ongoing treatment or services. The Legislature responded by passing Act 26, giving those offenders the chance to obtain treatment, rather than having them languish in custody, and I appreciate Representative Della Au Belatti and Senator Joy San Buenaventura for their work on Act 26. In the short time since it was enacted, the state has saved over \$8.5 million due to reduced incarceration and state hospital costs, over 70 defendants have been discharged and linked to services, and more than 25 have received an extended commitment for treatment. We should build on that success and consider diverting other nonviolent individuals with mental illness.

“All of us—the Legislature, the executive branch, and the Judiciary—are strongly committed to resolving the mental health emergency afflicting our community. Let's seize the opportunity and work together. Let's invest in resources such as mental health drop-off centers and crisis stabilization units successfully used in Arizona and Miami to get people appropriate treatment away from the criminal justice system. Let's explore all options to get treatment for those who need it. Let's join forces to find more effective solutions.

“Family court is where hope, healing, and new beginnings occur. It's where the profound impact of our expanding role in providing essential services can most clearly be seen. Reducing the detention of minors has been a critical focus of the family courts. Almost all of the minors in the juvenile justice system

are themselves victims of abuse and trauma. Research shows that placing them in detention often inflicts additional harm, which can spiral into more serious offenses. Our reforms, which have been underway for more than a decade, focus on detaining youth only when necessary for public safety, and diverting the others into appropriate supervision and treatment. These efforts have been a resounding success. We have drastically reduced the number of juveniles held in detention while enhancing public safety. In the last 15 years, the number of juveniles admitted to secure detention or committed to the Hawaii Youth Correctional Facility has dropped by more than 80 percent. But juvenile crime did not go up—quite the opposite; there’s been an 85 percent reduction in juvenile felony petitions. But there is one statistic that exemplifies the tremendous progress we’ve made: Last June, for the first time ever, there were no girls detained at the Hawaii Youth Correctional Facility. You cannot do better than zero.

“The pandemic was particularly hard on our state’s students. Many faced obstacles to participating meaningfully in classes. Our Truancy Court program is helping students who aren’t attending school to get back on track. The key is early intervention. Our juvenile probation officers engage with students, parents, and counselors to resolve the issues causing students to miss school. These early interventions are highly successful in getting students back to attending classes, and only rarely are formal court proceedings required. From its start at Wai’anae Intermediate, the Truancy Court program has expanded to other middle schools with the goal of spreading further as resources allow. Family court is also targeting absenteeism in elementary schools and is currently working with the families of 88 students at eight schools. I thank Judges Matthew Viola, Rebecca Copeland, Jessi Hall, and Darien Nagata for all those efforts on these initiatives.

“To ensure the public’s trust, courts must be transparent and accessible, judges should reflect the diversity of the communities they serve, and the public must understand the Judiciary’s role in our democracy. So how are we building trust? First, we must ensure that everyone’s voice is heard. We’ve established self-help centers across the state where volunteer attorneys provide free legal information or assistance to people in civil cases who otherwise would have to navigate the system alone. Over the past decade, there have been more than 35,000 self-help consultations at little or no cost to the public, and remote consultations added during the pandemic have expanded the centers’ reach. We could not provide this critical resource without the steadfast support of the Access to Justice Commission, the Hawaii State Bar Association, the Legal Aid Society of Hawai’i, the county bar associations, and the hundreds of attorneys who have donated their time. We have an absolutely amazing Access to Justice movement in Hawai’i, and that’s because of passion of so many people who are dedicated to supporting that effort, and I want to ask all of them in the audience here today that I just mentioned to please stand to be recognized.

“We must ensure that ‘ōlelo Hawai’i can flourish in our courts. We recently hired a Hawaiian language coordinator, and I thank Senator Karl Rhoads for his support of that position. One of the first projects she will tackle is to make foundational legal documents, our constitution, key cases, and statutes, readily available in ‘ōlelo Hawai’i.

“Public trust is also bolstered by a judiciary that reflects the diversity of the communities we serve. Here in Hawai’i, our merit-based judicial selection system has enabled us to secure highly qualified judges from many different backgrounds. The Senate is a crucial component of the selection process, and I thank President Kouchi and the members of the Senate for their commitment to that process. Here’s one important sign of the progress we’ve made on diversity: I am pleased to report that,

as of today, 49 percent of our full-time judges are women. And our judges reflect Hawai’i’s rich diversity of races, ethnicities, and backgrounds. In cultivating the values of diversity and inclusion, we post demographic information about our judges and mandate implicit bias training for all judges and staff.

“Finally, trust requires public understanding of the importance of a strong and independent judiciary. Our Courts in the Community program promotes that awareness by holding supreme court oral arguments live, in actual cases, at high schools across the state. Over the past decade, more than 5,000 students have participated. Just last month, we convened at Lahainaluna High School with over 300 enthusiastic high school students from Maui, Moloka’i, and Lāna’i. The energy in that gym was amazing! We’re so grateful to the lawyers who volunteered their time to teach the students about the case, and I want to thank each and every one of them for their commitment—thank you very much.

“Courts in the Community is part of a much broader effort. The Supreme Court has created the PACE Commission to ‘promote and advance civic education for students and citizens throughout Hawai’i.’ The Commission, led by Chief Judge Lisa Ginoza and Representative Amy Perruso, recently hosted a free, three-day academy for high school students on Maui. They learned about the legal system, community involvement, and law-related careers. Mahalo to the American Judicature Society and its chair, Larry Okinaga, for supporting the PACE Commission, and to the William S. Richardson School of Law, the University of Hawai’i Maui College, and the Maui County Bar Association for making the Academy such a success.

“Although we are proud of what we have accomplished, much remains to be done. We thank the Legislature for your past funding support. As we move forward, we respectfully ask for funding that will enable the Judiciary to provide justice and meet our community’s needs. For our operating budget, we are requesting a modest increase of 4.4 percent in the coming fiscal year, and 4 percent the year after. Most critically, we are seeking restoration of funding for more than 30 positions statewide that were defunded early in the pandemic. We curtailed our budget requests during the pandemic and did everything we could to stretch our limited resources, but without restoration of funding, our ability to provide needed services is severely compromised.

“We’re also seeking a new district court judge in the First Circuit to provide stability and continuity for rural courts on O’ahu; funding for our programs in the community, including our new juvenile resource center at Hale Hilina’i; and funding for court-appointed counsel, guardians ad litem, and to permit children to stay with their mothers undergoing residential treatment. Our capital improvement requests total \$16 million, and they include fixtures and equipment for the new Wahiawā District Court and funds for essential repair and maintenance for our aging courthouses to keep the roofs from leaking and the elevators working. These requests reflect what we need to restore the services impaired by the pandemic and to forge ahead with new initiatives to serve the community. We sincerely appreciate the Legislature’s consideration.

“In sum, the Judiciary is moving forward from the pandemic a stronger and more resilient institution, applying the lessons we learned and building on the partnerships we formed. We have harnessed new technologies to make us more accessible. We are expanding programs to reach and assist vulnerable children and families. And we are raising awareness of the Judiciary’s critical role in our democracy. We are doing everything in our power to provide justice and serve our community.

“This past Sunday, in monster waves with 50-foot faces, the Eddie Aikau Big Wave Invitational was held at Waimea Bay. The contest honors Eddie Aikau, the legendary lifeguard and

waterman, who risked, and ultimately gave, his life to help others. Eddie’s legacy is captured in the simple phrase ‘Eddie would go.’ Just as Eddie would go, the three branches of government must also be bold and courageous in finding solutions to the daunting challenges facing our community. Each branch must, of course, be faithful to the separate roles we play in our democracy, but we can still collaborate to find solutions. On issues such as homelessness and mental illness, the ideas are out there, the resources are out there, the will is out there. Let’s dive in and find the way forward, together.

“Once again, mahalo to the Legislature for inviting me to be here today, and best wishes for a productive session. Mahalo and aloha.”

House of Representatives Speaker Scott K. Saiki then rose and stated:

“Thank you, Chief Justice Recktenwald. I just told the chief justice that his speech was better than my Opening Day speech and certainly better than the Senate President’s Opening Day speech.

“Before adjourning this session, I’d just like to make three brief shoutouts. First, to Chief Justice Recktenwald: I just want to let everybody know that we really respect the chief justice, his leadership, and his advocacy for the Judiciary, and we look forward to working with him this year and next year, so thank you, Chief Justice. As the CJ mentioned, we’d like to also do a shoutout to all of the judges and judiciary staff and community partners who we know have worked so hard throughout the pandemic. We know that you worked under severe constraints and limitations that were exacerbated by the need to balance due process, so thank you for all of your work throughout the pandemic. And, finally, we’d like to do a shoutout and thank you to our retiring justices, Justice Wilson and Justice Nakayama. In particular, I’d like to just mention something about Justice Nakayama because, from afar, I have developed so much respect for her, and I know that, after 30 years, she leaves a body of work that will endure because it is reasoned and practical, and leaves us with a framework to solve problems in our state. So thank you to both Justice Wilson and Justice Nakayama.”

At 10:41 a.m., Speaker Saiki declared the Joint Session adjourned.

SIXTH DAY

Friday, January 27, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 11:35 a.m. with the President in the Chair.

The Roll was called showing all Senators present, with the exception of Senator Fevella who was excused.

The President announced that he had read and approved the Journal of the Fifth Day.

At this time, Senator Dela Cruz welcomed Maksim Yervandyan, who is from Armenia and currently a junior attending Kailua High School. Senator Dela Cruz noted that Mr. Yervandyan was here through the Future Leaders Exchange program, which provides opportunities for high school students to spend a year in the United States, and that the International Hospitality Center had been honored in receiving grantees for placement in Hawai'i.

Senator Inouye introduced students from the Secondary Student Conference who were visiting the Capitol. Present in the gallery were students from Hilo High School, Senator Inouye's alma mater and home of the Vikings: Bransen Hatakenaka, Mariella Wasserman, Dylan Yanazaki, King James Mangoba, Malakai Keawe-Correa, Richard Gonsalves, Jaycie Menino, and Florelane Gonzalves, who were in attendance with student activities coordinator Ms. Charlene Masuhara and teacher Mr. Nicholas Yamamoto. Senator Inouye also acknowledged students from Waiākea High School, home of the Warriors: Paul Brillhante, Abigail Jensen, Claire Kildahl, Marli Mason, Lina Miyazaki, Cheydon Naleimaile-Evangelista, Andrew Paresa, and Mía Tulang, who were seated in the gallery with Ms. Patti Nishimoto, student activities coordinator.

Senator Elefante introduced Shushanika Ergasheva, a student intern from the International Hospitality Center who was shadowing him that day and was seated in the gallery. Senator Elefante then welcomed visitors from his alma mater, 'Aiea High School, home of Nā Ali'i. Present in the gallery were Mr. Neal Nakamitsu, Senator Elefante's former student class advisor, and students Miki Ng, Cassie Matsumoto, Elijah Jaden Lorica, Kelsy Kawakami, Lehi Keawemauhili-Viernes, and Jazmine Mayo.

Senator Kidani noted that this was the first day of the Secondary Student Conference, an annual event that selects only a handful of students from each public high school and brings in the brightest of minds to discuss current youth issues and ideas for possible change using current legislation at the State Capitol. Senator Kidani explained that the conference focuses on exposing delegates to the legislative process and giving them an opportunity to talk about the issues that matter most to students and promote change within their schools and communities.

On behalf of Senate President Kouchi, Senator Kidani then introduced student government officers from Kaua'i High

School who were attending the Secondary Student Conference. Seated in the gallery were Emma Burgess, Jeanine Longboy, Trishelle Calzada, Angeli Tolosi, Priscilla Matthews, Jacob Trujillo, Skyler Tanicala, Marissa Matsushige, and student activities coordinator Divina Plowman. Senator Rhoads rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Rhoads's remarks read as follows:

"I rise in support of the measure. This is the bill in response to the Hawai'i Supreme Court's *Obrero* decision in September. It restores the ability of prosecutors to initiate prosecution of felony cases upon a finding of probable cause after a preliminary hearing before a judge. This process was authorized by constitutional amendment forty years ago.

"The bill represents a months-long discussion that involved many parties, including the Attorney General's office, the Public Defender's office, and the four county prosecutors. It is a compromise that achieves the principal goal of authorizing felony prosecutions by use of the preliminary hearing process while also putting restrictions on how many times a prosecutor can bring the same case absent new evidence.

"Mahalo."

TWENTY-SECOND DAY

Tuesday, February 21, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai‘i, Regular Session of 2023, convened at 11:32 a.m. with the President in the Chair.

The Roll was called showing all Senators present.

The President announced that he had read and approved the Journal of the Twenty-First Day.

At this time, Senator Ihara introduced legislative process participant and national committeeman for the majority party, Mr. Bart Dame, who was present in the gallery.

Senator Gabbard introduced students and teachers from DreamHouse ‘Ewa Beach Charter School, located in Kalaeloa. Seated in the gallery were seventh-grade student leaders Alinna, Zion, Alizay, Ronson, Genesis, Miah, Hennessy, Reef, Pookela, Anaiah, Kiersten, Jaedin, Isaias, Layton, Tala, Rev, Dakota, and Kamryn, and their two teachers, Bianca Mina and Chayanne Koko.

Senator Kanuha, on behalf of the Senate, welcomed the parents of Tate Cadang, Mike and Vanessa Cadang, who were present in the gallery with their daughter. Senator Kanuha thanked Tate Cadang, a staff member of Senate President’s office, for the moment of contemplation she had offered prior to the Senate’s floor session.

Senator Keohokalole introduced UH journalism intern Keya Rivera, who was joined in the gallery by legislative attorney Randall Wat.

Senator Keohokalole then honored and celebrated ‘Aha Pūnana Leo, and presented the following remarks:

“In 1983, ‘Aha Pūnana Leo was created as a grassroots effort with the sole purpose of reviving ‘ōlelo Hawai‘i. Now, ‘Aha Pūnana Leo serves as a local, national, and international model for language revitalization.

“Over the past decades, ‘Aha Pūnana Leo established and built numerous programs throughout the islands, helped to lift a 90-year ban on teaching Hawaiian language in public and private schools, advocated for other indigenous people, and raised awareness about the consequences of the loss of indigenous languages. Today, we honor 40 years of revitalizing ‘ōlelo Hawai‘i.

“Mr. President, I yield my time to my colleague from Kona.”

Senator Kanuha rose to present the following remarks:

“Colleagues, it is my honor to introduce Dr. Kauano Kamanā, if you could please rise, and hold your applause till the end of this presentation. Born in Honolulu and raised in Kalihi on O‘ahu and Kalama‘ula on Moloka‘i, she attended Kamehameha Schools in Kapālama and studied Hawaiian language under Larry Kimura at the University of Hawai‘i. In 2010, she earned a PhD in Hawaiian and indigenous language and culture revitalization from the University of Hawai‘i at Hilo. She was the first person of Native Hawaiian ancestry to receive a PhD from the College of Hawaiian Language.

“At the University of Hawai‘i at Hilo, Dr. Kamanā is an associate professor in the College of Hawaiian Language and program coordinator for Kula Maui Ola, the Hawaiian Medium Laboratory Schools, and serves as the president for Ke Kula ‘o Nāwahīokalani‘ōpu‘u, a Hawaiian immersion laboratory school for pre-kindergarten to grade 12 students in Kea‘au. Please help me welcome Dr. Kauano Kamanā to the Hawai‘i State Senate.

“Mr. President, may I now yield my time to my colleague from Hilo?”

Senator Inouye rose to present the following remarks:

“Colleagues, it is my honor to introduce Larry Lindsey Kimura—may you please rise? Aloha, Larry.

“Mr. Kimura grew up in Waimea, South Kohala, during the 1940s with his grandparents being among the last Native Hawaiian speakers of their community. He has taught Hawaiian language for over 40 years at the University of Hawai‘i and continues his work at Ka Haka ‘Ula o Ke‘elikōlani College of Hawaiian Language at UH Hilo. He is a co-founder and current board member at the ‘Aha Pūnana Leo. Often described as the grandfather of Hawaiian language, Kimura’s work can be traced back to the conception of core foundational educational programs in the 1980s that launched the rebirth of the Hawaiian language. Please help me welcome Larry Lindsey Kimura to the Hawai‘i State Senate.

“Mr. President, may I yield my time to my colleague from Kailua?”

Senator Lee rose to present the following remarks:

“Today, I have the distinct honor and privilege of introducing the next honoree, Aunty Lolena Nicholas—please rise and be recognized. Aunty Lolena is a mānaleo (first-language Hawaiian speaker—one of the rarest of all) from the island of Ni‘ihau who has dedicated her life to perpetuating ‘ōlelo Hawai‘i and was one of the original mānaleo to teach at ‘Aha Pūnana Leo.

“Throughout her 30-year career, she has had a hand in teaching ‘ōlelo Hawai‘i to thousands of students. Many of her students have moved on to be leaders in their own communities and places of work. As ‘ōlelo Hawai‘i continues to grow, there are more and more people who have been influenced positively by Aunty Lolena’s life work of keeping the Hawaiian language alive and thriving. She recently retired but is here with us today, so please help me welcome Aunty Lolena Nicholas to the Hawai‘i State Senate.

“Mr. President, may I yield my time to my colleague from Pearl City?”

Senator Aquino rose to present the following remarks:

“Today, I have the honor in introducing Nāmaka Rawlins. As she is unavailable to be here today, in her stead is Kanoe Fujiwara. She is here to represent Nāmaka Rawlins.

“Nāmaka is the former executive director of ‘Aha Pūnana Leo, serving nearly 20 years in that capacity, and the past chair of the Native Hawaiian Education Council. She is currently the director of strategic collaborations and serves on the senior leadership team.

“Throughout her career, Nāmaka has been at the forefront of the language revitalization movement on many levels: teaching, coordinating programs on five islands, and advocating for public policy that supports the preservation of indigenous languages. Nāmaka believes it is important that a representative of the comprehensive indigenous system of education is on the Education Council to express the needs of our Hawaiian-speaking children and families at the local and national levels. Colleagues, please help me welcome Nāmaka Rawlins, represented by Kanoe Fujiwara—please give her a hand, everyone.

“Mr. President, may I yield my time to my colleague from Wai‘anae?”

Senator Shimabukuro rose to present the following remarks:

“Our next honoree, Dr. Keawe Lopes, has been a member at ‘Aha Pūnana Leo since 2011. He is unavailable to be here today; however, Ka‘iulani Laehā will be representing him—may you please rise?”

“Dr. Keawe Lopes is a professor at Kawaihuelani Center for Hawaiian Language at UH Mānoa and the coordinator of Ka Waihona A Ke Aloha, Ka Papahana Ho‘ohenomele. His intimacy with the Hawaiian language serves as a foundation in his hālau, Ka Lā ‘Ōnohi Mai o Ha‘eha‘e, which he opened with his wife in 2005. Dr. Lopes is also a recording artist and Nā Hōkū Hanohano nominee in both the Hawaiian Language Album and Haku Mele Song Composer categories. Colleagues, please help me welcome Dr. Keawe Lopes and his ‘ohana to the Hawai‘i State Senate.

“Mr. President, may I yield my time to my colleague from Mililani?”

Senator Kidani rose to present the following remarks:

“Our last honoree seated in the gallery, I would like to introduce Ka‘iulani Laehā—may you please rise? She is the current chief executive officer of ‘Aha Pūnana Leo.

“She is a graduate of Kamehameha Schools and holds a bachelor of science in business administration with a major in finance as well as a master of business administration. Ka‘iulani was fortunate to grow up at a time when ‘ōlelo Hawai‘i was once again being used and heard in pockets of Hawai‘i, greatly attributed to the efforts of the ‘Aha Pūnana Leo founders and pioneers of the Hawaiian language movement. Ka‘iulani was drawn by the continued relevance of our language and is now engaged in ensuring the legacy of our ‘ōlelo Hawai‘i, the core of what makes Hawai‘i special to us all.

“Senate President, I would like to ask permission to acknowledge our honorees with their lei and certificates, and may we have a hand for Ka‘iulani Laehā?”

The Chair commented to Dr. Kimura that the members were thrilled he had been blessed with great health and had been able to witness in person the recognition of his life’s work. The Chair then thanked Dr. Kimura.

At 11:46 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:55 a.m.

THIRD READING

Stand. Com. Rep. No. 657 (S.B. No. 835):

Senator Dela Cruz moved that Stand. Com. Rep. No. 657 be adopted and S.B. No. 835, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Dela Cruz rose to speak in support of the measure as follows:

"This measure repeals a statutorily mandated general fund budget appropriation formulation for the University of Hawai'i. My office requested an opinion by the attorney general's office, which found that a provision in section 304A-2101, which requires further legislative action to actually appropriate moneys, cannot bind successive legislatures to make particular appropriations, does not require the Legislature to appropriate a specific amount, and serves only as an intention by the Legislature to appropriate moneys in the future. As such, to clarify the appropriation process and to prevent future confusion, the provision should be repealed. I ask that the attorney general's opinion be inserted into the Senate Journal. And I'd just like to ensure that the Senate does stand in support of the University and wants to assure that, by this action, we are correcting a constitutional flaw in the statute as advised by the attorney general and that we continue our goal to support and fund the UH and its community colleges and all of its campuses to achieve a first-class institution. I ask my colleagues to support this measure."

The Chair having so ordered, the opinion from the attorney general is identified as "ATTACHMENT A" to the Journal of this day.

Senator Moriwaki rose to speak in support of the measure as follows:

"I would like the previous speaker's remarks to be inserted into the Senate Journal as my own. Thank you." (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, Stand. Com. Rep. No. 657 was adopted and S.B. No. 835, entitled: "A BILL FOR AN ACT RELATING TO GENERAL FUND BUDGET APPROPRIATIONS FOR THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

S.B. No.:	Re-referred to:
S.B. No. 838	Jointly to the Committee on Higher Education and the Committee on Ways and Means
S.B. No. 839, S.D. 1	Committee on Energy, Economic Development, and Tourism, then jointly to the Committee on Commerce and Consumer Protection and the Committee on Ways and Means

on a formula tied to the amount of regular tuition and related fee revenues estimated for a particular fiscal year.

As we were about to issue our advice in response to your memorandum, your office contacted us on August 23, 2022 and informed us there were other statutes similar to section 304A-2101, HRS in that they also imposed budgetary appropriation requirements on the Legislature. Your office then requested we include in our advice, consideration of these other statutes.

I. Section 304A-2101, Hawaii Revised Statutes.

We first focus on the original subject of the advice request, section 304A-2101, HRS. Section 304A-2101(a) provides that the Legislature shall appropriate to the University general fund budget appropriations in an amount "not less than three times and not greater than five times the amount of regular tuition and related fee revenues estimated for that fiscal year."

In applying this budgetary formula to fiscal year 2022-2023, we note that the University estimated its regular tuition and related fee revenues to be \$218,970,107.² Consequently, under the section 304A-2101(a)'s budget formula, the University's share should be at least \$656,910,321 and not more than \$1,094,850,535. However, the Legislature only appropriated \$567,098,868.³

Nonetheless, we conclude the Legislature did not violate the statute when it underfunded the University because adherence to the formula is not a requirement. Section 304A-2101 and other similar statutes directing specific appropriations do not require the Legislature to appropriate general funds according to the statutory provisions. There is no effect in the Legislature's failure to comply with statutory mandates such as section 304A-2101 because such sections: (1) require further legislative action to actually appropriate moneys; (2) cannot bind successive Legislatures to make particular appropriations; (3) does not require the Legislature to appropriate a specific amount; and (4) serves only as an intention by the Legislature to appropriate moneys in the future.

A. Section 304A-2101 is not an appropriation.

First, section 304A-2101 does not make an appropriation of general funds. Appropriations are made, not in general law⁴ such as section 304A-2101, but through the

Dear Senator Dela Cruz:

Re: Statutorily Mandated Budget Appropriations

This is in response to your August 1, 2022 memorandum requesting our advice regarding statutes that impose budgetary appropriation requirements on the Legislature. We understand your concern is what happens when such statutory mandates are not met. In particular, you cited section 304A-2101,¹ Hawaii Revised Statutes ("HRS"), which requires the Legislature to appropriate general funds to the University of Hawaii ("University") based

¹ Section 304A-2101 states:

§304A-2101. General fund budget appropriations; formulation. (a) The general fund budget appropriations for the university shall be an amount not less than three times and not greater than five times the amount of regular tuition and related fee revenues estimated for that fiscal year.

(b) Any general fund budget appropriation for the university for operating purposes for any fiscal year shall include the consideration of:

- (1) The fiscal condition of the State;
- (2) Enrollment;
- (3) Access to educational opportunity;
- (4) The mix of resident and nonresident students; and
- (5) Community service and noninstruction programs.

(c) No revenue received by the university pursuant to the University of Hawaii tuition and fees special fund established under section [304A-2153] may be used by the governor or the director of finance as a justification for reducing any budget request or allotment to the university unless the university requests such a reduction.

Section 304A-2101 does not authorize the expenditure of moneys for the University. It merely provides a formula for the general fund budget appropriation for the University. While section 304A-2101 describes the components of the budget formula, it is not an expenditure authority. The general fund appropriation for the University for fiscal year 2022-2023 was made by the Legislature through the Supplemental Appropriations Act of 2022.

Thus, a general law like section 304A-2101 is not the vehicle by which general funds are appropriated to the University. section 304A-2101 merely provides guidance to the Legislature regarding the general fund appropriations to the University based on its formula components. It still requires an appropriation by the Legislature in order to be implemented.

B. One Legislature Cannot Bind Another.

Second, section 304A-2101 is not a mandate which requires the appropriation of moneys at the designated levels because "one Legislature may not bind a successor Legislature (or even itself) to make an appropriation."⁶ Town of Milton, 623 N.E.2d at 484. Article III, section 1 of the Hawaii State Constitution states:

⁶ The issue of whether one Legislature may bind another Legislature to appropriate funds has been addressed in other jurisdictions. For example:

1. "[A]bsent a constitutional restriction on the legislative power, one legislature cannot restrict or limit the right of a succeeding legislature to exercise the power of legislation." State ex. rel. Stenberger v. Menge, 344 N.W. 2d 344, 349 (Neb. 1996).
2. "The Legislature cannot, through enactment of an act or statute, bind itself or its successor to make a particular appropriation." Associated Industries v. Secretary of Com., 395 N.E. 2d 262, 286-287 (Mass. 1992) (citations omitted).
3. "One legislature cannot limit the power of successor legislatures to appropriate funds." Fredrick v. Presque Isle Cty. Cir. Judge, 476 N.W. 2d 142, 148 (Mich. 1991) (citations omitted).
4. "One legislature cannot impose a legal obligation to appropriate money upon succeeding legislatures." Maine State Housing Authority v. Depositors Trust Co., 278 A. 2d 699, 707 (Me. 1971) (citation omitted).
5. "The authority of a legislature is limited to the period of its own existence. One general assembly cannot bind a future one." Frost v. State, 172 N.W.2d 575, 583 (Iowa 1969) (citations omitted).
6. One Legislature "cannot tie the hands of its successors, or impose upon them conditions with reference to subjects upon which they have equal power to legislate." Village of North Atlanta v. Cook, 133 S.E. 2d 585, 589 (Ga. 1963) (citations omitted).
7. "One Legislature cannot obligate succeeding Legislatures to make appropriations." Opinion of the Justices, 79 A.2d 753, 756 (Me. 1951).

budget and appropriation process. Town of Milton v. Commonwealth, 623 N.E.2d 482, 484 (Mass. 1993). Article VII, section 5 of the Hawaii State Constitution provides that "[n]o public money shall be expended except pursuant to appropriations made by law." In addition, article VII, section 9 of the Hawaii State Constitution prescribes the appropriation process.⁵ Among other things, article VII, section 9 of the Hawaii State Constitution requires appropriation measures to be submitted to the Governor by bill.

An appropriation is the setting "apart from the public revenue a certain sum of money for a specified object, in such manner that the executive officers of the government are authorized to use that money, and no more, for that object, and for no other." Opinion of Justices, 79 N.E.2d 881, 882 (Mass. 1948) (citations omitted). See also Op. Att'y Gen. 72-6 (1972) (a bill constituted an appropriations bill if it authorized the expenditure of money and stipulated the amount, manner and purpose of the various items of expenditure).

⁵ Article VII, section 9 of the Hawaii State Constitution provides:

LEGISLATIVE APPROPRIATIONS; PROCEDURES; EXPENDITURE CEILING

Section 9. In each regular session in an odd-numbered year, the legislature shall transmit to the governor an appropriation bill or bills providing for the anticipated total expenditures of the State for the ensuing fiscal biennium. In such session, no appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until the bill authorizing operating expenditures for the ensuing fiscal biennium, to be known as the general appropriations bill, shall have been transmitted to the governor.

In each regular session in an even-numbered year, at such time as may be provided by law, the governor may submit to the legislature a bill to amend any appropriation for operating expenditures of the current fiscal biennium, to be known as a supplemental appropriations bill, and bills to amend any appropriations for capital expenditures for the current fiscal biennium, and at the same time the governor shall submit bills or bills providing for any added or changed expenditures that may be required. In each regular session in an even-numbered year, bills may be introduced in the legislature to amend any appropriation or bond authorization act of the current fiscal biennium or prior fiscal periods. In any such session in which the legislature submits to the governor a supplemental appropriations bill, no other appropriation bill, except bills recommended by the governor for immediate passage, or to cover the expenses of the legislature, shall be passed on final reading until such supplemental appropriations bill shall have been transmitted to the governor.

GENERAL FUND EXPENDITURE CEILING

Notwithstanding any other provision to the contrary, the legislature shall establish a general fund expenditure ceiling which shall limit the rate of growth of general fund appropriations, excluding federal funds received by the general fund, to the estimated rate of growth of the State's economy as provided by law. No appropriations in excess of such ceiling shall be authorized during any legislative session unless the legislature shall, by a two-thirds vote of the members to which each house of the legislature is entitled, set forth the dollar amount and the rate by which the ceiling will be exceeded and the reasons therefor.

The legislative power of the State shall be vested in a legislature, which shall consist of two houses, a senate and a house of representatives. Such power shall extend to all rightful subjects of legislation not inconsistent with this constitution or the Constitution of the United States.

Thus, the Legislature has complete legislative authority and may enact legislation as it determines except as limited by the Hawaii State Constitution or the Constitution of the United States. See, e.g., *State ex. rel. Stenbjerg*, 544 N.W.2d at 349; *Opinion of the Justices*, 623 A.2d 1258, 1262 (Me. 1993). Consequently, to read HRS section 304A-2101 as requiring the Legislature to appropriate funds as specified in its provisions would violate article III, section 1 of the Hawaii State Constitution by attempting to restrict the power of a subsequent Legislature to legislate.

The issue of restricting a subsequent Legislature's right to legislate was addressed in the *Opinion of the Justices*, 673 A.2d 693 (Me. 1996). The Supreme Judicial Court of Maine, when asked by the House of Representatives of Maine if the courts would enforce a bill which becomes law, but that law is not followed by subsequent Legislatures, stated:

The answer to this question is clearly in the negative. This bill, if enacted, will be on equal footing with every other law passed by the Legislature: subsequent sessions of the Legislature may choose to follow it, or they may choose to repeal it, either expressly or by implication. See *Manigault v. Springs*, 199 U.S. 473, 487, 26 S.Ct. 127, 133, 50 L.Ed. 274 (1905) (bill requiring Legislature to give direct notice to all interested parties and to publish the notice in a major newspaper, prior to the granting of a private right or privilege by special bill, could be "repealed, amended, or disregarded by the Legislature" and was "not binding upon any subsequent legislature."), cited by *Sierra Club v. Froehlike*, 816 F.2d 205, 215 (5th Cir. 1987) ("courts cannot set aside legislation because it is inconsistent with prior legislation"), cited also in *Peterson v. United States Department of the Interior*, 899 F.2d 799, 808 (9th Cir. 1990) (upholding Congressional alteration of a previously enacted government contract, recognizing "the fundamental principle that Congress always has the power to amend, repeal or ignore legislation passed by earlier congresses"). To read this statute as binding upon future Legislatures is to read it as an attempt to amend the Constitution of the State of Maine through improper means. Such a bill would not be enforced by the courts against future Legislatures.

Id. at 696.

Further, as a matter of statutory construction, we should avoid construing a statute in a manner which would render it unconstitutional when an alternative construction is reasonably presented. *Maine State Housing Authority*, 278 A.2d at 707-708. In this instance, by

The Honorable Donovan M. DeLa Cruz

Page 6

construing section 304A-2101 as advisory in nature, we avoid the constitutional conflict with article III, section 1 of the Hawaii State Constitution, and are able to harmonize the statute with the constitution.

C. Reading Section 304A-2101 as an Appropriation is an Absurd Result.

Third, the Legislature is presumed not to intend an absurd result, and legislation will be construed to avoid, if possible, inconsistency, contradiction, and illogicality. *State v. Malufai*, 80 Hawai'i 126, 137, 906 P.2d 612, 623 (1995) (citation and internal quotation marks omitted). In interpreting a statute, the foremost obligation of the court is to ascertain and give effect to the intention of the Legislature, which is to be obtained primarily from the language contained in the statute itself. *State v. Toyomura*, 80 Hawai'i 8, 18, 904 P.2d 893, 904 (1995) (citation and internal quotation marks omitted). The court may resort to extrinsic aids in determining the legislative intent. One avenue is the use of legislative history as an interpretive tool. 80 Hawai'i at 19, 904 P.2d at 904 (citation and internal quotations marks omitted).

While section 304A-2101 uses the word "shall," it is a directory statute, not a mandatory statute. A statute is directory if the observance of the provision is not necessary to the validity of the proceedings. A statute is mandatory if the failure to follow it will render the proceedings to which it relates illegal and void. *Jack Endo Electric, Inc. v. Lear Siegler, Inc.*, 59 Haw. 612, 585 P.2d 1265, 1269 (1978).

The use of the word "shall" in the statute is not dispositive of the issue of whether the statute is mandatory rather than directory. While the word "shall" is generally regarded as mandatory, in certain situations it may properly be given a directory meaning. In determining whether a statute is mandatory or directory the intention of the legislature must be ascertained. The legislative intent may be determined from a consideration of the entire act, its nature, its object, and the consequences that would result from construing it one way or the other. In general, a statute is directory rather than mandatory if the provisions of the statute do not relate to the essence of the thing to be done or where no substantial rights depend on compliance with the particular provisions and no injury can result from ignoring them.

Id. (citations, internal quotation marks, and ellipsis points omitted).

To determine the Legislature's intent of section 304A-2101, we may look to "the consequences that would result from construing it one way or the other." We conclude that section 304A-2101 is a directory statute because this construction will not render the regular general fund appropriation made to the University illegal and void, the outcome if section 304A-2101 were construed as a mandatory statute.

We have reviewed the list of these statutes and note they appear to be facially similar to section 304A-2101 in that they appear to require the Legislature to appropriate funds to a particular entity and/or for a particular purpose. However, we are reluctant to automatically consider them as having the same effect as section 304A-2101, that is, that they are serve only as expressions of legislative intent and require further legislation to actually appropriate moneys. To reach a determination of each statute would require the same degree of review as was done of section 304A-2101, which included research of the statute's legislative history and of the particular facts and historical treatment of the statute since its enactment.

The Honorable Donovan M. Dela Cruz
September 13, 2022
Page 7

D. Section 304A-2101 Represents an Intention of the Legislature.

Fourth, consistent with our reading that section 304A-2101 is a directory statute, we conclude it acts only as an intention by the Legislature to appropriate funds in the future.

In a case similar to our situation, the Michigan Supreme Court determined that statutory language which purported to fiscally bind successive Legislatures only acted as an intention to appropriate, rather than a mandate to do so. *Board of Education of Oakland Schools v. Porter*, 221 N.W.2d 345, 349 (Mich. 1974).

At issue in *Oakland Schools* was a statutory provision which purportedly required the appropriation of moneys in future years to school districts. A year after the statute was enacted, the Michigan Legislature attempted to effectuate this statutory provision by making an appropriation for it. However, the Governor exercised his item veto power and disapproved the appropriation. The Oakland schools then filed suit arguing that the Governor's veto of the subsequent bill did not affect the validity of the existing statute, which, they contended, required the Legislature to appropriate the moneys pursuant to the terms of the statute. *Id.* at 345-346.

The Michigan Supreme Court concluded that the statute at issue expressed only a desire to appropriate in the future. This construction avoids any conflict with the constitutional requirements binding upon both the Legislature and the Governor, and, in our opinion, furthers the comity between these two branches that is necessary for the responsible functioning of the State government.

Id. (emphasis in original).

In summary, to read section 304A-2101 as requiring the Legislature to appropriate funds pursuant to its budget formula would cause the Legislature to be in conflict with the Hawaii State Constitution, render a portion of the general appropriation bill superfluous, create an absurd result, and allow one Legislature to bind a successor Legislature. Thus, section 304A-2101 has no effect to bind the Legislature to a particular level of appropriations and acts only as an intention by the Legislature to appropriate funds in the future.

II. Statutes Similar to Section 304A-2101, Hawaii Revised Statutes.

In addition to section 304A-2101, the Senate Majority Research Office has identified the following HRS sections that require the Legislature to make appropriations for a particular amount (attached):

As such, while we can agree the other statutes listed above appear to be functionally similar to section 304A-2101, we cannot conclude their effects to be the same without a more in depth analysis of each statute; such a review of almost thirty statutes would exceed the time allowed for this response. We suggest that if there is a continuing concern about these statutes, the Legislature could take action to repeal them.

TWENTY-FOURTH DAY

Thursday, March 2, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 11:39 a.m. with the President in the Chair.

The Roll was called showing all Senators present, with the exception of Senators Fukunaga and Ihara who were excused.

The President announced that he had read and approved the Journal of the Twenty-Third Day.

At this time, Senator Rhoads introduced an old friend, Blane Sardinha, who was joined in the gallery by his friend Lei.

Senator Gabbard noted that Goodwill has been serving people of Hawai'i for more than 60 years and that its mission is to help people reach their full potential and become self-sufficient. Senator Gabbard then acknowledged participants and staff from Goodwill's Ho'olana program, including his baby sister Barbara, who were seated in the gallery.

Senator DeCoite, on behalf of the Maui delegation, welcomed guests from the Self-Advocacy Advisory Council. Present in the gallery were Moloka'i representatives Mark Kay; Henry Freitas; Ernest Kapu, Jr.; Brandon Reny Wong; Lydell Kapu; and Rebecca Reich, and Maui representatives Andrew Maea, Natalie Greenleaf, Kami Satterlee, Daisy Alcaraz, Jessica Tavares, and Stephanie Kealoha.

Senator San Buenaventura explained that the State Council on Developmental Disabilities had sponsored the 23rd annual Day at the Capitol in celebration of contributions people with developmental disabilities make to the community. Senator San Buenaventura noted that March was Developmental Disabilities Awareness Month and that self-advocates from across the state had created their own theme to commemorate the month, "Friendship and Leadership, Forever." Senator San Buenaventura then introduced Big Island delegates Jesse Floyd, Maclisa Evangelista, Cheryl Obrero, Nikki Kiakona, Kahiau Kiakona, Hi'ilani Kiakona, Pualani Raposa, Kingston Pareisa, Penny Kindscuh, Kristian Kindscuh, and Lolini Latoa, who were seated in the gallery.

On behalf of Senate President Kouchi, Senator Kanuha welcomed the Kaua'i self-advocates and representatives of the Developmental Disabilities Council who were present in the gallery. Senator Kanuha requested that the names of the guests be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, the names of the guests from Kaua'i read as follows:

"Deziree Tacub, Robert Stuart, Travis Planas, Anne Hvizdak, Dylan Wasano, Philip Padilla-Contrades, Emma Iloreta, Joshua Iloreta, Marry Sunada, Ronalene Perono, Davlyn Brede, Carleen Yamamoto, Alexandra McClurg, Marry Sunada, Monalei Amulacian, Shana Cruz, and Frank Cruz."

The Chair acknowledged El Doi, who was seated with the Kaua'i delegation in the gallery. The Chair noted that Ms. Doi had worked for the State of Hawai'i and then County of Kaua'i in service of the developmental disabilities community and that she has continued to volunteer during retirement. The Chair expressed appreciation for Ms. Doi's efforts through the decades.

Senator Inouye acknowledged guests from Abilities Unlimited. Present in the gallery were program manager Cara Rosehill; support staff Donna Smith; vice president of programs Natasha Nakatsuka; and participants Gary Masumoto, Julie Kimoshita, William Cho, Tiare Cross, and Jon Miyake.

Senator Shimabukuro recognized Ron Shimabuku and other guests from the Alzheimer's Association as well as Gino Soquena from the Hawaii Building & Construction Trades Council, who were seated in the gallery.

The Chair led the members and audience in a round of applause for all the guests.

The Chair noted that during the welcome ceremony in the Auditorium that morning, the lieutenant governor had commented on the possibility of developmental disabilities self-advocates and advocates deciding on a color theme for their Day at the Capitol, much like purple had been worn that day to show support for Alzheimer's Day. The Chair stated that perhaps the following year, there would be a uniform sea of developmental disabilities shirts in the gallery.

ORDER OF THE DAY

ADOPTION OF A RESOLUTION

MATTER DEFERRED FROM WEDNESDAY, FEBRUARY 22, 2023

S.R. No. 20:

Senator Awa moved that S.R. No. 20 be adopted, seconded by Senator Wakai.

Senator Awa rose to speak in support of the measure as follows:

“This measure is to hold us at a higher standard. I think we can all say that drinking and driving is unacceptable, it’s no good, and, being leaders of our community, I feel that if you’re pulled over by a police officer, you should have to take the sobriety test. If you don’t, you should lose your job here. This is not just Senate—it’s House, too. I feel like we should set an example and hold us at a higher standard.”

Senator Rhoads rose to speak in opposition to the measure as follows:

“Article III, Section 12, of the constitution gives the Senate and House authority to discipline and suspend and expel their members in extreme cases, and there’s nothing in there that says that we can’t take a negative inference from someone who refuses to take their breathalyzer test and use that as the basis for expulsion, so, in my opinion, this measure is unnecessary. Mahalo.”

The motion was put by the Chair and failed to carry, and S.R. No. 20, entitled: “SENATE RESOLUTION AMENDING THE RULES OF THE SENATE TO ESTABLISH THAT A FAILURE TO SUBMIT TO A BREATHALYZER TEST, BLOOD TEST, OR FIELD SOBRIETY TEST DURING A

LAWFUL STOP SHALL BE GROUNDS FOR EXPULSION,” failed to be adopted.

ORDER OF THE DAY
ADOPTION OF RESOLUTIONS
MATTERS DEFERRED FROM
THURSDAY, MARCH 2, 2023

S.R. No. 21:

Senator Awa moved that S.R. No. 21 be adopted, seconded by Senator Wakai.

Senator Awa rose to speak in support of the measure as follows:

“This request isn’t just about having the option to wear aloha attire on the Senate floor; this is about allowing our aloha to shine in the Senate every single day. Having it in our heart is one thing—we should be allowed to wear it on our sleeves, too. I’ve heard the argument that we have to respect the institution. I argue we need to respect our people, and I ask you adopt this mentality before it’s too late. We are the Aloha State, yet the people who carry the spirit where aloha originates from continue to leave, and now Hawaiians are the minority in our own native land. Senators, I ask you to leave your hands down today and be a part of history: the day the Senate chose to honor its people with the same respect it gives the institution. It’s not just Aloha Friday; it’s aloha every day.”

The motion was put by the Chair and failed to carry, and S.R. No. 21, entitled: “SENATE RESOLUTION AMENDING THE RULES OF THE SENATE OF THE THIRTY-SECOND LEGISLATURE OF THE STATE OF HAWAII, REGULAR SESSION OF 2023, BY ADOPTING A NEW RULE 27.5, FLOOR SESSION ATTIRE,” failed to be adopted.

Stand. Com. Rep. No. 675 (S.C.R. No. 14):

No. 1572, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 487, entitled: “A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING OR REPEALING VARIOUS PROVISIONS OF THE HAWAII REVISED STATUTES OR THE SESSION LAWS OF HAWAII FOR THE PURPOSES OF CORRECTING ERRORS AND REFERENCES, CLARIFYING LANGUAGE, OR DELETING

OBSOLETE OR UNNECESSARY PROVISIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Fevella, Fukunaga, Ihara).

S.B. No. 383:

Ayes, 21. Noes, 1 (Awa). Excused, 3 (Fevella, Fukunaga, Ihara).

S.B. No. 160:

Senator Rhoads moved that S.B. No. 160, having been read throughout, pass Third Reading, seconded by Senator Gabbard.

Senator Rhoads rose to speak in support of the measure as follows:

“There’s only one other state that has lowered their blood alcohol, their BAC, to 0.05, and that’s Utah, and the first year that they did that, their fatalities from drunk driving dropped by almost 20 percent. But they’re far from an outlier—there’s many countries that already have this: Argentina, Australia, Austria, Belgium, Finland, France, Germany, Greece, Hong Kong, Israel, Italy, South Africa, Spain, Switzerland, Thailand, Taiwan, Turkey all have 0.05. And then a number of countries have gone even farther: China, Estonia, Poland, Sweden have a 0.02 limit, and Serbia, Japan, and Uruguay have 0.03, so this is far from being an outlier in the broad scheme of things. It will save lives. Mahalo.”

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, I’ve voted consistently in opposition to this, not because I think that people should be driving under the influence—however, I don’t think that by putting a point number is equality for those of us who happen to be less in weight, and I think I’ve made this argument on the floor before. For me, drinking a glass of wine or two glasses of wine will give me probably over 0.05, whereas you, Mr. President, could probably drink six glasses of wine and still not hit the 0.05.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“I fully understand Judiciary chair’s concern that this would actually save lives. However, I’d like to also point out that 0.05 is such a low threshold, especially for the young people as the prior speaker has spoken, that we really should consider an intermediary step because people have lost jobs—have lost careers—just for one DUI. And I request that the body consider as this bill moves forward that we don’t have this draconian penalty for such a low threshold. Thank you very much.”

The motion was put by the Chair and carried, S.B. No. 160, entitled: “A BILL FOR AN ACT RELATING TO THE USE OF INTOXICANTS WHILE OPERATING A VEHICLE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“Mr. President, though I fully support the intent of this bill, I am concerned about the details, so, in accordance with that, I will be voting ‘with reservations.’ Thank you.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“My concern is, when I saw the Board of Water Supply’s map of the aquifers, it was like the entire island. The reality is, we waste, and unless we have an alternative source for waste disposal, we’re probably sanctioning garbage scows off-island. And for those reasons, unless there’s an alternative, I stand with reservations. Thank you.”

The motion was put by the Chair and carried, S.B. No. 388, entitled: “A BILL FOR AN ACT RELATING TO WASTE DISPOSAL FACILITIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 697 be adopted and S.B. No. 158, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Gabbard.

Senator Rhoads rose to speak in support of the measure as follows:

“I wish I’d thought of this bill myself. I’m so tired of being charged \$20 to send something that weighs an ounce to Hawai’i when it costs exactly the same amount to mail it, so good job to the introducer. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 697 was adopted and S.B. No. 158, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO DECEPTIVE TRADE PRACTICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Dela Cruz’s remarks read as follows:

“Mr. President, I rise today to speak in strong support of SB283.

“This measure excludes from the public charter school per-pupil funding calculation all amounts relating to programs that provide comparable benefits to all public-school students, regardless of whether the student attends a Department of Education school or a public charter school.

“The charter schools receive funds on a per pupil basis as compared to the Department of Education. This means that when general funds are added to the Department of Education, a proportionate amount must be added for charter schools – even

though charter schools do not provide that service, or charter school students have access to the same services and programs provided by the Department of Education. Excluding funding for programs that can service both DOE and charter school students from the per pupil calculation ensures equitable funding for all students.

“I ask my colleagues to support this measure.”

Senator Keohokalole moved that Stand. Com. Rep. No. 853 be adopted and S.B. No. 1016, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator McKelvey.

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1016 S.D.1 which provides more certainty in maintaining the quality of acute care services at the three state-owned healthcare facilities in Maui County. Act 103, Session Laws of Hawaii 2015 (Act 103), codified at part IV of chapter 323F, Hawaii Revised Statutes, allowed the transfer of the operations and management of the Maui Regional System facilities from the Hawaii Health Systems Corporation to one or more private entities or their nonprofit management entities. Since Act 103 required these private entities to be hospitals licensed in the State, the options for possible partners were extremely limited. Ultimately, on January 14, 2016, Maui Health System, A Kaiser Foundation Hospitals LLC, entered into a transfer agreement with the State of Hawaii. In practice, however, certain representations made by Maui Health System to the Hawaii Health Systems Corporation and the Maui Regional System board during the negotiations were not conveyed to the Governor during the process and therefore not reflected in the transfer agreement. This measure expands the choice of private entities to which the Hawaii Health Systems Corporation may

transfer its Maui Regional System facilities and ensures that any representations made by the chosen private entity to the Hawaii Health Systems Corporation is conveyed to the Governor during the negotiation process. I ask my colleagues to vote in support of this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 853 was adopted and S.B. The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Senator Mike Gabbard's Journal Remarks on SB 420 SD2

"(Sustainable Food Systems Working Group) – June 13, 2023

"Colleagues, we keep complaining ad nauseam about how we import 85-90% of our food at cost of \$3 billion annually, and why aren't we doing more to fix the problem. We know there's plenty of agriculture land available...we know about the importance of supporting local agriculture...and we want to do so in a way that's sustainable. But where's the plan? We've got to have a plan. In my seven years as Agriculture and Environment Chair, Senate Bill 420 is the best opportunity I've seen to solve this nagging problem in local agriculture. SB420 establishes a sustainable food systems working group within the Department of Agriculture. What's a sustainable food system you may ask? A sustainable food system is one in which producers, retailers, members of the community, non-governmental organizations, and government agencies partner to create a vibrant and resilient local food economy that

enhances and sustains the environmental, economic, and social health of the community. SB420 requires a working group to submit a plan, yes, an actual plan, with recommendations for implementation, and any proposed legislation to the legislature. The plan would be aligned with the 2015 United Nations 17 SDGs (Sustainable Development Goals.) It appropriates funds to establish the working group and develop the plan and for an unspecified number of sustainability specialist positions to be employed by the Department of Agriculture. This bill is my number one priority this session, and I'm asking for your support. Please join me in supporting this important bill. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 946 was adopted and S.B. No. 420, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SUSTAINABLE FOOD SYSTEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Water is essential for a sustainable quality of life and community in Hawaii. The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1015, S.D. 1 which will continue and expand a pilot program to increase the number of licensed practical nurses (LPN) in Hawaii by supporting the workforce glidepath supporting certified nurse aides (CNAs) in their journey to become LPNs. There is a great need for more LPNs in the state—the 2022 Healthcare Workforce report noted a statewide demand for 211 additional LPNs. Unfortunately, there were not enough opportunities to educate and train for this particular type of clinicians. The Health Care Association of Hawaii (HAH), partnering with Ohana Pacific Health/Hale Makua and UH Maui College, created an innovative, first of its kind CNA to LPN Glidepath pilot program. This program enabled an 'earn and learn' glidepath model that delivers online didactic curriculum and hands-on clinical education at a student's place of work. The program is one year long, and CNAs can double their salary if they successfully complete the program.

"This pilot program was launched in January 2023, and serves students through UH Maui College on Maui, Oahu, and Kauai who are employed by Ohana Pacific Health and Kaiser Permanente. There was a huge demand for participation in the program, which ultimately included 40 students. This funding will enable the program to continue and, hopefully, expand to all islands and include more students to meet the demonstrated interest in this expanded opportunity. I urge my colleagues to vote in support of this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 951 was adopted and S.B. No. 1015, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Thank you Mr. President. I rise in support of S.B. No. 155, S.D. 1 which supports important educational and workforce needs, especially on the neighbor islands. First, the measure facilitates the development of a dedicated degree program for science, technology, engineering, and mathematics teachers will help address the State's critical need for teachers in these fields with an eye towards filling pukas in our rural and neighbor island schools. Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1099, S.D.1 which would allow a County, like Maui, an opportunity to adopt an ordinance to create a surcharge on the State general excise tax which can be used for housing infrastructure, including sewer, water and roadways. The measure would also allow Kauai and the Big Island to amend their existing ordinance to allow this expanded use of their surcharge colleges. This measure supports the development of affordable and workforce housing, which will allow skilled employees to remain in the State instead of leaving due to a lack of affordable housing options. I urge my colleagues to vote in favor of this measure."

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1122, S.D. 1 which would clarify in statute that all deputy directors are subject to the advice and consent of the Senate. As you know, deputy directors of executive agencies hold vast amounts of power and influence in the State government, and they are responsible for considerable swaths of departmental agencies. A nominee for the position of Deputy Director, First Deputy, or Deputy Chair should be subject to the advice and consent of the Senate, rather than whether a particular attorney general interprets a constitutional provision in a certain way despite long-standing and recognized practice. I urge my colleagues to codify advice and consent for deputy directors in law rather

than leave it to the whims of the opinion of a new attorney general when we have a new Governor.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“Colleagues, the courts currently already have the discretion as to whether or not to enforce child custody laws, and, as such, this bill is unnecessary. What I fear will occur is that our State’s custody orders will not be enforced by other countries, and they’re going to use this as an example of us choosing to go against the Hague Convention—a treaty entered into by the U.S. State Department for the entire country; and as such, I don’t believe Hawai’i should be one of those who chooses not to abide by the Hague Convention. Thank you.”

At 9:13 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:13 a.m.

“Hawai‘i Department of Transportation is not required to do studies to lower speed limits as has been shown in my district when they lowered the speed limit on Highway 11 leading to Volcano from 55 down to 35. It has caused major anguish, high anxiety for 25,000 people who live in that district, and, as such, this bill is unnecessary. In fact, it should be amended to require them to do such speed studies, and, as such, I’m in opposition.”

Senator McKelvey rose to speak in opposition to the measure as follows:

“I would like the words of the previous speaker entered into the Journal as if they were my own, except striking out ‘Volcano’ and putting in ‘Lahaina Bypass Road.’ This is many of the instances where the Department of Transportation has unilaterally acted on its own without concordance or accordance of this body—the Legislature—nor the public, so I agree wholeheartedly with the former speaker. Thank you.”

Senator Fevella rose to speak in opposition to the measure as follows:

"As the introducer of this measure with Senator Aquino signing and co-signing and Senator Kidani, the intent of this bill was to phase out the tip credits by January 1, 2029. This bill before us was revised and requires the Department to submit a report to the Legislature instead of addressing the issue head-on. I have constantly felt this was unfair to the tip workers to have their pay reduced by the employers who allow reduced tip and a portion of their wages.

"Mr. President, as you can see, me and my family love to eat out at the restaurants. We always visit Zippy's a lot, but we noticed on the receipt (I don't know if you guys go restaurants a lot, but I do), so, if you guys look on your guys' receipt, there is a kitchen charge. They've been putting this on the bill for a while already, but not everybody checks their bill—they just pay the regular 20 percent, 15 percent, 3 percent, whatever the percent they like pay—but they also charge that penalty while the employees who get their deductions from their minimum wage and the kitchen staff.

"Mr. President, I'm asking my colleagues today to vote 'no' on this bill even though I'm the introducer of the bill because they're already charging us: If you guys look at your guys' bill next time you guys go, there is a percentage of a kitchen charge. They're already taking away money from us while we tipping them, and they're taking money from the servers, and I think that is a misjustice for the servers who serve our community and especially on minimum wages. Thank you, Senate President and colleagues."

Senator McKelvey rose to seek a ruling on a potential conflict of interest as follows:

“I’m on the board of directors of a 501(c)(4).”

The Chair responded:

“Again, this is affecting all of the nonprofits, so the same would be directed for Senator Keith-Agaran on his previous question. This is still the class of nonprofits and not benefiting a particular one.”

Senator McKelvey asked if the ruling would stand for the remainder of session, and the Chair confirmed that it would.

Senator Richards rose to seek a ruling on a potential conflict of interest as follows:

“I, too, sit on a 501(c)(3).”

“The City and County of Honolulu in 2021 reported an estimate of Hawai‘i. O‘ahu generated 2.2 million tons of waste annually: 36 percent recycled, 42.3 percent processed through the H-POWER, and the remaining 22 percent waste to ash to H-POWER to go to the landfill in Waimanalo Gulch—was supposed to be closed over 10 years ago. The blue ribbon panel designated an old Ameron site in Kailua as the next landfill over five years ago. Colleagues, we live in the beautiful Hawai‘i nei. No senator wants a landfill in their community, and we are right; we should require the Hawai‘i State Energy Office to enter into a public-private partnership in building a waste-to-energy facility to eliminate the need for a landfill. This landfill—a lot of you guys that I gave the information to—will also reduce the ash to go into the landfill. They’ll go over the ash, take out all the metals, and then they’ll put it into construction to be used for construction. Colleagues, I strongly urge you to support and be in favor for Senate Bill 1247. Thank you, Mr. President.”

“My district has a number of cesspools that would be affected by this, with no sewer system in sight for the foreseeable future, and without the details as to how my poor district will be able to afford the conversion, I have strong reservations with passing this bill. Thank you very much.”

Senator Richards rose to speak in support of the measure with reservations as follows:

“I echo the sentiments previously. Though I support the concept, I’m concerned about how we’ll actually get this done. Thank you.”

Senator DeCoite rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite’s remarks read as follows:

“I am voting with reservations on this bill because it shortens the time for cesspool owners to upgrade, convert, or connect their cesspools.

“With over 80,000 cesspools in the State that need to convert, upgrade, or connect to a sewerage system, we need to give owners the time and support to enable them to make these conversions, and upgrades. The costs for these upgrades can range from \$10,000 up to \$50,000 or even more depending on where the cesspool is located. This will certainly have a huge cost impact on those communities on the neighbor islands and in rural areas. People may simply not have the money to afford these conversions and upgrades.

“The working group should have provided us with the types of assistance we could provide and any alternatives that may be available, instead of just saying we needed to expedite conversions, upgrades, or connections.

“Mahalo”

Senator Fevella rose to speak in opposition to the measure as follows:

“It’s going to really affect my community. Most of my community do have cesspools, and there is no near, miles away, tie-in to any sewer system, so that’s going to really affect my community, so at this time, I’m voting ‘no’ on this bill. Thank you, Senate President.”

Senator San Buenaventura rose to speak in strong support of the measure as follows:

"Three years before *Roe v. Wade*, in 1970, Hawai'i became the first state to legalize abortion in a bipartisan effort led by Representative Pat Saiki. Today, with an affirmative vote for S.B. 1, the Hawai'i Senate has an opportunity to reaffirm that right. Like our colleagues did 53 years ago, the Hawai'i Senate can stand behind and protect our medical providers from being arrested, subpoenaed, and prosecuted simply for providing safe abortions. By passing S.B. 1, the Hawai'i Senate can vote firmly that we stand by a person's right of privacy and a right of choice. Thank you, and I urge my colleagues to vote affirmatively for S.B. 1."

Senator McKelvey rose to speak in strong support of the measure as follows:

"I would just like the words of the previous speaker entered in the Journal as if they were my own. (The Chair so ordered, by reference only.) And just glad that we're doubling down on the executive order that was issued by the previous governor to protect our providers. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1079 was adopted and S.B. No. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Keohokalole moved that Stand. Com. Rep. No. 1083 be adopted and S.B. No. 669, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Moriwiki rose to speak in opposition to the measure as follows:

"Senate Bill 669 proposes to decriminalize the personal use of cannabis. It's premature. Much more work is needed to address the concerns raised by our regulatory agencies. The Legislature decriminalized medical use of marijuana to help those suffering from pain. We acted with compassion and with medical parameters to protect persons from misuse of this drug. But crossing the threshold to personal use of this increasingly potent drug, even for a small amount, is premature. This bill doesn't have the regulatory safeguards for the health and safety of our community. We know the widespread adverse impacts of substance abuse—we struggle to help our homeless, domestically abused because of addiction. This session, we're making more stringent our drunk driving laws and controlling vaping. How does decriminalizing cannabis for personal use fit in with these values? We must ask ourselves if we are enabling the abuse should this bill pass. It makes little sense to use increased tax revenues to justify more drug use. This bill contains serious technical errors and omissions, including the lack of funding. I have other concerns from the attorney general, the prosecutor, the Department of Health, and the Department of Transportation, who testified on this bill in opposition, and I ask that those be entered as part of my remarks in the Senate Journal. I ask my colleagues to vote 'no' on Senate Bill 669. Thank you."

The Chair having so ordered, Senator Moriwiki's additional remarks read as follows:

"Advocates say we will increase tax revenues and grow our economy. But at what cost?"

- The Attorney General said it would require significant additional resources just to clear the criminal histories of offenders—currently at 288,000.
- The Honolulu Prosecutor points out that commercially-produced items are now reaching historically high levels of THC – prior to the 1990s, it was less than 2%. Today, popular strains reach as high as concentrated products reaching upwards of 95%. The higher the levels, even a 'small amount' can impair one's thinking and actions.
- The Department of Health said, that even though legalized adult use will be restricted to those aged 21 and older, the human brain continues to develop into the mid-20s and remains vulnerable to detrimental effects, with evidence that adolescents and young adults who use cannabis are more likely than non-users to have suicidal thoughts or

attempt suicide. DOH also raised several concerns regarding fetal development under the influence of THC during pregnancy.

- DOT testified that legalization of cannabis for adult use is associated with a 4.8% increase in traffic fatalities, 5.8% increase in traffic injuries, and increases the odds of being in a traffic collision by 32%. And, among all emergency room visits attributed to specific drugs in 2021, cannabis accounted for more emergency room visits than heroin and fentanyl combined.
- And as for growing our economy, the DCCA points out that Hawaii banks have not provided banking services to cannabis producers because several federal banking laws prohibit banks from engaging in activity with businesses deemed illegal. Additionally, the state's former tax director warned that the department does not have expertise to regulate cannabis and warned that dispensaries would need to pay out taxes in cash because of banking regulations.

Finally, advocates use Colorado's revenues generated from taxes and fees as a model for our legalizing marijuana, but it has also been reported that for every dollar of tax revenue generated, Colorado spends \$4.50 counteracting the legalization effects. So I ask, shouldn't we do a cost/benefit analysis before we plunge into decriminalizing marijuana?"

Senator Inouye rose to speak in opposition to the measure as follows:

"The CDC has provided a lot of reasons to say no to recreational marijuana, and here is one: People who are addicted to marijuana may also be at a higher risk of other negative consequences of using the drug, such as problems with attention, memory, and learning. Some people who are addicted need to smoke more and more marijuana to get the same high. It is also important to be aware that the amount of THC in marijuana, such as the marijuana potency or strength, has increased over the past few decades. The higher the THC content, the stronger the effects on the brain. In addition, some methods of using marijuana—dabbing or edibles—may deliver very high levels of THC to the user. Researchers do not yet know the full extent of the consequences when the body and the brain, especially the developing brain, are exposed to high concentrations of THC or how recent increases in potency affect the risk of someone becoming addicted. I have received many oppositions in my district from my constituents, and I urge my colleagues to vote 'no' on this measure. Mahalo."

Senator San Buenaventura rose to speak in strong support of the measure as follows:

"We were the first state to legalize marijuana for medical use, yet we are one of the later states to legalize it for recreational use. This bill is a very small step. It decriminalizes a small amount: one ounce—less than a quarter of what we are allowing for medical use. And not only that, we are allowing licensed dispensaries, which are overregulated if you listen to them, and actually have the more stringent standards than any of the other states. Our labs—Department of Health labs—inspect the cannabis for multiple toxins, for multiple pesticides, multiple molds that other states do not inspect. So this bill is a very small step. It allows us to cut back on the illicit market by allowing free access for only one ounce of recreational use, and it allows for the dispensing of a safer form of marijuana for those who need to use it, and for those reasons, I urge my colleagues to pass this bill. Thank you."

Senator Keohokalole rose to speak in support of the measure as follows:

“With all due respect to my fellow colleagues, prohibition on alcohol ended in this country 90 years ago because it was an unsuccessful policy—it just does not work. It does not allow us to focus from a public health standpoint on the segments of our population that really need help and support. That’s why we got rid of a complete ban on alcohol, and that’s why that policy does not work, as well, for cannabis. When it comes to cannabis versus alcohol, there’s a plethora of public health information that shows that alcohol is as dangerous if not more. There is a strict regulatory regime to ensure that products are safe. That is the proposal that we are pursuing here in the Senate. It is time to take these products off of the black market, to regulate them effectively, to bring in the segments of the community that have been operating in the shadow, and to recognize that there are broad potential benefits economically but also from a healthcare standpoint to providing more access to cannabis to our community. And, again, to address the correlation to the regulatory actions that we take on vaping and tobacco: To me, those are arguments in favor of bringing this industry into the light—regulating them effectively so that we can make sure we are managing for the predatory aspects of any commercial industry, cannabis included, to protect the health and safety of our children, but also, again, to focus on the segments of our population that really do need help and support, not the rest of the community who are grown adults who can make decisions for themselves. I ask my colleagues to join me in support. Thank you.”

Senator Fevella rose to speak in support of the measure as follows:

“I’m probably one of the few in here who was against it when I was a young child. As I got a little bit more older, I learned a little bit more about it. You put it in the ground, you plant it, it grows. Alcohol and tobacco is manipulated into what it is. What we drink: diet sodas, Coca Cola, everything else—manipulated for our consumption that is not good for us, either. Reason why I say this is because I had a cousin; he’s a couple years older than me. I used to call him a druggie—don’t get me wrong. But I realized, if he did not have marijuana in the morning and marijuana at night, he won’t be able to concentrate, he wouldn’t be able to work, he wouldn’t have been graduated. He working almost 35 years in operating engineers union; he’s going to retire. But he never used it in overuse—it’s in moderation just like anything else. If we use too much alcohol, it also can cause brain damage. If we can drink too much water, we also can kill ourself by drinking too much water. Everything’s in moderation, but I agree with my colleague from Kāne’ohe that we need to get them off the streets because the drugs that are being sold on the streets, you not knowing if it’s safe or it’s laced with something, and people think it’s funny when they lace it with something, and somebody goes into a medical problem and have brain damage. So, I’m in support. Thank you, Senate President.”

Senator McKelvey rose to speak in strong support of the measure as follows:

“First of all, I want to thank the work of the chair of CPN that he’s done on this measure. I mean, he did a lot of hard work on improving it, addressing the concerns of the numerous stakeholders, particularly addressing the concerns of the monopolization of the potential recreational industry that has occurred in other states. You know, it’s funny: We were the first state, as the speaker from Puna said, to adopt medical marijuana, and yet we’re one of the last to look at recreational marijuana. You have purple and red states like Oklahoma who have gone in this direction to bring it above ground and to tax the revenue. Right now, the revenue that’s generated—and it’s happening everywhere—goes to organized crime. It goes to off-world figures. It doesn’t go to fund our schools; it doesn’t go to fund our communities; it doesn’t even go to fund addiction

programs. It goes into the hands of criminals. As my good colleague from Hilo noted, you go to the fourth floor of the airport and it’s full of smoke right now, so it’s happening all around us. It’s only by bringing it up and regulating it and taxing it and then providing the revenue for support for those who do struggle for addiction problems that we can truly have this work for our communities instead of against it. So I understand the concerns that many members have risen. However, I think the work that’s being done on the bill is remarkable, and I think it deserves further conversation, so I, too, hopefully will see this bill progress, and I stand in strong support. Thank you.”

Senator Dela Cruz moved that Stand. Com. Rep. No. 1089 be adopted and S.B. No. 1035, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator San Buenaventura rose to speak in strong support of the measure as follows:

“For many sessions, there are multiple bills asking for various types of general excise tax exemptions. I urge my colleagues that this is the one bill that should survive the legislative session and because our medical providers, as we all know, are in dire straits. We are facing a medical shortage of medical providers as you could see by the multiple bills asking for compacts, too. Medical providers who are willing to accept Medicare, Medicaid, or TRICARE are not only accepting those cases, but they are accepting the poorest of the poor, and they are unable, unlike other retailers, to pass on the general excise

tax to their patients. So if we want our medical providers to provide help and health and care for the poorest of the poor, we should at least give them a break, and this is the one bill that gives them a break, and this is the one bill that recognizes their selflessness in doing so. Thank you. I urge my colleagues to support this all the way.”

Senator Inouye rose to speak in support of the measure as follows:

“I’d like the comments of the previous speaker to be entered into the Journal as if it was mine. Mahalo, Mr. President.” (The Chair so ordered, by reference only.)

Senator Rhoads moved that Stand. Com. Rep. No. 1092 be adopted and S.B. No. 81, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Inouye rose to speak in strong support of the measure as follows:

“This is a simple bill which clarifies that the DLNR authority shall supersede the Mauna Kea Stewardship and Oversight Authority for all lands designated under the state conservation district. This clarification is necessary as the Department of Land and Natural Resources is responsible for overseeing conservation lands statewide. When the Mauna Kea authority was created, the jurisdictional status of conservation land management on Mauna Kea remained ambiguous. All this bill does is clear up the ambiguity.

“Mr. President, I find it hard to believe that the new Mauna Kea Stewardship and Oversight Authority would be given authorization over conservation lands over the DLNR, whose mandate is to be responsible for all conservation lands belonging to the State of Hawai‘i. Mauna Kea is home to incredible flora, fauna, land formations, and several endangered native and endemic species. The Department of Land and Natural Resources is the best-suited state agency to manage the delicate ecosystems of Mauna Kea. For this reason, Mr. President and members, I ask for your support of this bill. Thank you, Mr. President, colleagues. Mahalo.”

Senator Kim rose to speak in support of the measure with reservations as follows:

“Mr. President, this is more than a clarification. As you know, I’ve worked very hard to pass the Mauna Kea authority bill. Many hours, many drafts, we’ve gone into it, and so I’m going to read from the bill: ‘Notwithstanding any law to the contrary, all powers and duties of the board of land and natural resources pursuant to chapter 171, and the land use commission pursuant to chapter 205, concerning permits, dispositions, land use approvals, and any other approvals pertaining to the Mauna

Kea lands are transferred to the authority upon the expiration of the transition period.’ That is clear in the bill, so it’s not a clarification: That was the intent. And so this bill takes that portion away, and so with that—I know it has a defective date, and so I am voting ‘with reservations.’ Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1092 was adopted and S.B. No. 81, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO NATURAL RESOURCE MANAGEMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 1104 be adopted and S.B. No. 937, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, I actually don’t have any opposition to section 3 of this measure; I support that. However, in section 2, the bill talks about the approval process and expediting the approval process of the Land Use Commission, and I think we’re all for that. However, this bill goes very far in the sense that it has nine members, and what it says is that ‘a simple majority of affirmative votes of the members present and qualified to vote shall be necessary for any boundary amendment,’ which means that five members is quorum, and the ‘members present’ means you only need three members in order to pass a boundary amendment. That is a minority. I don’t know that that’s the intent. To expedite is one thing, but to allow three members out of nine to make decisions on this—I think it goes a bit too far, and I think we need to fix that. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1104 was adopted and S.B. No. 937, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE LAND USE COMMISSION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

TWENTY-NINTH DAY

Monday, March 13, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 11:36 a.m. with the President in the Chair.

The Roll was called showing all Senators present, with the exception of Senators Fevella, Fukunaga, Ihara, and Kanuha who were excused.

The President announced that he had read and approved the Journal of the Twenty-Eighth Day.

At this time, Senator Shimabukuro noted that members of the Wai'anae Moku Kupuna Council possess historical and cultural knowledge about the Wai'anae Moku, otherwise known as the Wai'anae Coast. Senator Shimabukuro added that the 2022 Legislature, through a concurrent resolution, had designated the Wai'anae Moku Kupuna Council an advisory resource to the members of the Legislature. Senator Shimabukuro then introduced members of the Wai'anae Moku Kupuna Council who were seated in the gallery: Aunty Georgie Navarro, Uncle Ed Werner, Lena Suzuki, Heather Greaber, Aunty Kapua Medeiros, Aunty Pam Aio, Aunty Zee Nahooikaikaholohokulani, Aunty Juanita Brown-Kawamoto, Aunty Kaiulani Apostadiro, Uncle Mel Kahele, Uncle George Paris, Patrice Tanna, Uncle Paul Aio, Aunty Lovely Aona, Greg Tapaan, Uncle Kaili Keliikoa-Kamai, and Kapua Keliikoa-Kamai.

Senator Kidani also thanked the

Senator Kidani then congratulated the 2023 State Teacher of the Year and District Teachers of the Year, and presented the following remarks:

"Colleagues, each spring, the chairs of the Senate and House Education committees designate a week during which we invite teachers, students, and education professionals to the Capitol to be recognized through floor presentations and education-related events. Our annual Education Week celebration is an event that I look forward to each year.

"This year, we are particularly excited as it is the first time in three years that we are inviting honorees back to the Capitol to receive their congratulatory Senate certificates which detail their extraordinary accomplishments. Awardees will also receive a program booklet and a Senate pin to further express our recognition and admiration for their achievements as well as their contributions to educational excellence in our schools.

"Today, we recognize individuals who have demonstrated teaching excellence, student achievement, and campus leadership. Those whose names are entered into the official record in each of these categories are just a few of the thousands whose contributions comprise the collective educational efforts in our state. As Board of Education Chair Bruce Voss reminded us in his moving moment of contemplation speech, education is a tremendous responsibility and requires the support of the community to foster student success. As chair of your Committee on Education, I am deeply moved and inspired by the hard work of each of these awardees, and the determination and resilience of our education system.

"Mr. President and colleagues, you have each received a program booklet for this year's Education Week. I urge you to read about the remarkable individuals we are recognizing this year. These deserving students, teachers, and campus leaders represent the broad spectrum of excellence in our education system.

"Mr. President, I also request that names and accomplishments on all of our honorees be entered into the Senate Journal each day to ensure that the 2023 Education Week recipients are rightfully recognized. (The Chair so ordered.) Thank you.

"To start with, our state Department of Education each year solicits nominations for classroom educators to be honored as Teachers of the Year. One teacher is selected by a committee from each of our DOE school complex areas and one from public charter school campuses. Our guests this morning include several of our deserving district Teachers of the Year.

"I am proud and honored to open Education Week 2023 by recognizing our 2023 State Teacher of the Year honoree, Michael Ida. Michael is a National Board Certified teacher and the O'ahu District's Farrington-Kaiser-Kalani Complex Teacher of the Year (go, Govs). Mr. Ida has been a lifelong learner and veteran teacher at Kalani High School for nearly three decades. Currently a math and computer science teacher, he serves as the mathematics department chairperson, Academic Review team member, computer science club advisor, and coach for student math competitions. Mr. Ida also helped launch the computer science program at Kalani, which included project-based learning with real-world applications for students.

"He is on the leadership teams of the Hawaii Council of Teachers of Mathematics, the Hawai'i chapter of the Computer Science Teachers Association, and the Hawai'i National Board

Certified Teachers Collective. In addition to his work with students, Mr. Ida also provides innovative tech-related professional development sessions for Kalani faculty. The impact of his efforts is a testament to his passion for teaching, the enthusiasm he shares with his students, and his tremendous subject-matter expertise.

“Please join me in congratulating the O’ahu District’s Farrington–Kaiser–Kalani Complex Area awardee and our State Teacher of the Year, Michael Ida. Thank you, and I now yield the floor to Senator Shimabukuro.”

The Chair having so ordered, the names and accomplishments on the honorees read as follows:

“Awardees on the Floor: Michael Ida (2023 State Teacher of the Year), Nuikalā Koerte (2023 Nānākuli–Wai’anae Complex Teacher of the Year), Leeann Manuel (2023 Campbell–Kapolei Complex Teacher of the Year), Keevan Matsumoto (2023 Kaimukī–McKinley–Roosevelt Complex Teacher of the Year), and Daphne Okunaga (2023 Pearl City–Waipahu Complex Teacher of the Year).

“Guests in the Gallery: Aven Okunaga, Darin Okunaga, Grant Okunaga, Leolani Leao, Pitone Leao, Uahiapele Koerte, Kuulei Lum, Iwalani Lum, Jersey Standing–Soares, Lisa De Ponte, Iris Kajikawa, Dennis Kajikawa, Kim Sanders, and Dennis Lum.”

Senator Shimabukuro rose to present the following remarks:

“In addition to Mr. Ida, the Senate would like to recognize all the inspiring teachers leading their districts and the education industry. The following recipients are all deserving of thanks and praise for the extraordinary work they do. As the residential district senator for this inspiring honoree, I am proud to acknowledge Nuikalā Koerte as the Leeward District’s Nānākuli–Wai’anae Complex Teacher of the Year.

“Ms. Koerte has been an early educator for over 20 years, 8 of which she’s served as a kindergarten and first-grade teacher at my alma mater, Wai’anae Elementary. A proud Native Hawaiian educator, Ms. Koerte approaches education with a child-first focus, looking to indigenous knowledge to guide her teachings. While she has achieved many professional goals throughout her career, Ms. Koerte is most proud of the hands-on learning experiences she established with community partners Papahana Kuaola and Mālama Loko Ea. Their support allowed her students the immersive experiences of āina-based learning, working firsthand in lo’i kalo and loko i’a. She cites the ‘ōlelo no‘eau “A’ohe pau ka ‘ike i ka hālua ho‘okahi” as an invaluable cultural principle which acknowledges that one can learn from many sources. As such, her methods are steeped in cultural traditions and methods that turn to nature and community as resources from which both she and her students can yield valuable lessons.

“Colleagues, please join me in congratulating the Leeward District’s Nānākuli–Wai’anae Complex Teacher of the Year, Nuikalā Koerte. I now yield the floor to Senator Gabbard.”

Senator Gabbard rose to present the following remarks:

“As the senator for District 21, I’m honored to recognize Leeann Manuel as the Leeward District’s 2023 Campbell–Kapolei Complex Teacher of the Year.

“Licensed as a math and TESOL instructor (that’s ‘teaching English to speakers of other languages’), Leeann transitioned to ‘Ewa Makai Middle School in 2016, where she’s been for the past seven years. She has been the induction and mentoring lead for the past six years and currently serves as the school’s curriculum coach for math, English language arts, and social studies. Beyond the classroom, Leeann’s commitment to education extends to her colleagues and the work she’s done to

further educational resources within ‘Ewa Makai. She has been the AVID program staff developer—that’s Advancement Via Individual Determination. Leeann is highly active with the Smarter Balanced Assessments (SBA) math, and creates lessons and activities for Tools for Teachers as a special needs education Smarter Balanced teacher.

“It is my pleasure and distinct honor to recognize Leeann Manuel and offer aloha congratulations to Leeann as the Leeward District’s 2023 Campbell–Kapolei Complex Teacher of the Year. Colleagues, please join me in honoring her. And now, I turn the floor over to Senator Chang.”

Senator Chang rose to present the following remarks:

“It is my privilege as the residential district senator for this outstanding awardee to recognize Keevan Matsumoto as the Honolulu District’s 2023 Kaimukī–McKinley–Roosevelt Complex Teacher of the Year.

“A second-generation special education (SPED) teacher following in the footsteps of his mother, Mr. Matsumoto currently serves as the student services coordinator (SSC) at Kaimukī High School. Prior to this appointment, he was a SPED teacher at Kaimukī who specialized in students with moderate to profound learning disabilities as well as the SPED department head. Dedicated to supporting students beyond the classroom, he is also the school’s head of delegation and the head coach for the Special Olympics team, where he was awarded the Outstanding School Delegation award by Special Olympics Hawai’i. In addition to these remarkable efforts, Mr. Matsumoto is also the founder and president of the nonprofit Kaimuki Youth Development Organization, which is dedicated to providing prevocational, vocational, and community engagement opportunities for children with disabilities.

“Colleagues, please join me in congratulating the Honolulu District’s 2023 Kaimukī–McKinley–Roosevelt Complex Teacher of the Year, Keevan Matsumoto. I now yield the floor to Senator Dela Cruz.”

Senator Dela Cruz rose to present the following remarks:

“I’m honored to recognize Daphne Okunaga as the Leeward District’s Pearl City–Waipahu Complex Teacher of the Year.

“Ms. Okunaga is a Pearl City High alumna, where she has been a dedicated educator for 18 years. Throughout her tenure, she has served as a math and business teacher, math department chairperson, International Business and Design Academy lead, introduction to college mathematics state trainer, and more. A former Hawai’i State Teacher Fellow, she is a Smarter Balanced Performance and Practice Committee rep and a member of the Patsy T. Mink Leadership Alliance. Ms. Okunaga received the 2017 Presidential Award for Excellence in Mathematics and Science Teaching, and in 2022, she was awarded the Hawaii Education Association’s Centennial Award as well as the National Career Academy Coalition’s 2022 Career Academy Teacher of the Year award. She is truly an exceptional educator who is deserving of this recognition.

“Please join me in recognizing our final honoree today, the Leeward District’s Pearl City–Waipahu Complex Teacher of the Year, Daphne Okunaga. I now yield the floor to Senator Kidani.”

Senator Kidani rose and stated:

“Colleagues, as you can see, we have a wealth of educational excellence in our midst that I am thrilled to celebrate. These outstanding teachers represent the tremendous talent, dedication, and accomplishments of our educators here in Hawai’i, and I am grateful to have this opportunity to honor them. Senate President, I now yield the floor back to you.”

The Chair remarked that, rather than recessing to greet the honored guests, he believed the Senate would be adjourning in several minutes, after which the members would be looking forward to congratulating the guests and taking pictures.

ADJOURNMENT

At 11:58 a.m., on motion by Senator Wakai, seconded by
Senator DeCoite and carried, the Senate adjourned until
11:30 a.m., Tuesday, March 14, 2023.

THIRTIETH DAY

Tuesday, March 14, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 11:33 a.m. with the President in the Chair.

The Roll was called showing all Senators present, with the exception of Senators Fukunaga and Gabbard who were excused.

The President announced that he had read and approved the Journal of the Twenty-Ninth Day.

At this time, Senator Richards introduced his wife, Terri Impson, and twins A.R. and Ruby, who were seated in the gallery.

Senator Wakai introduced Kina Mahi from Hawaii Foodbank and Melissa Pavlicek, a well-known figure around the Capitol, who were present in the gallery.

Senator Awa acknowledged his kids, Orion Awa, Jayton Page, and Aurora Awa, and girlfriend, Jaime Tenorio, who were seated in the gallery.

Senator Kidani congratulated the 2023 District Teachers of the Year, and presented the following remarks:

"We continue our celebration of Education Week with our next group of incredible educators. The State of Hawai'i acknowledges teachers as the unsung heroes of our state and county. On local and state levels, educators are those tasked with the immense responsibility of cultivating young minds and impressing upon them not only the knowledge necessary to become successful, but important values and life skills needed to adapt to the changes of the modern world.

"I would like to call upon the senator from District 19 to introduce their constituent."

Senator Aquino rose to present the following remarks:

"On the second day of Education Week, I would like to recognize our 2023 Charter Schools Teacher of the Year honoree, Cerina Livaudais—please stand.

"Ms. Livaudais joined DreamHouse 'Ewa Beach Public Charter School in 2020 as a seventh-grade science coach. She started the first computer science program grounded in identity, leadership, and diversity. Her efforts aim to decolonize STEM education by incorporating guest speakers from local organizations such as the Purple Mai'a Foundation to indigenize the way computer science is taught. Ms. Livaudais guided her students through the Samsung Solve for Tomorrow competition and the Congressional App Challenge's national coding competition. Her students won the Congressional App Challenge competition for the second year in a row, programming award-winning apps aimed at increasing Hawaiian representation in children's video games. In 2021, she was awarded the Cognizant Innovation in Computer Science Education Award for her tremendous efforts and impact, expanding access to and advocating for computer science education.

"She is truly a remarkable educator who is deserving of recognition. Colleagues, please join me in congratulating the 2023 Charter Schools Teacher of the Year honoree, Cerina Livaudais.

"Colleagues, in addition to celebrating Ms. Livaudais, I would also like to take a moment to acknowledge her amazing students who have joined her here to support their teacher on this special occasion. We are thrilled to welcome them here to

the State Capitol. Will the students and chaperones of DreamHouse 'Ewa Beach please stand to be recognized? Senate President, may I request their names be entered into the Journal?" (The Chair so ordered.)

The Chair having so ordered, the names of the students and chaperones read as follows:

"Ha'ō Sarmiento, Cherise Duyag, Trez Cadiente, Kainui Cadiente, Jordan Rodriguez, Leodegario Yoshioka-Ramirez, Cailyn Castaño, Chloe Castano, Zailah Thompson, Legend Kauakahi, Titan Kane, Kayj Roughton, Elijah Idica, Levi Cruz Thompson, Aiden Abes, Alizay Iwamoto-Capenia, Lea Leao, Sophia Wallace, Xyiah Branco-Santiago, Chaney Lopez, Chyanne Koko, Darlene Flores, Mike Sarmiento, Sarah Haiola, Flaviana Ancheta, David Brooks, Crisann Leao, Pamela Goodwin, and Crissy Leao."

The Chair remarked that Ms. Livaudais had taught at Wai'anae with his daughter-in-law Sarah and that it had been nice to meet her earlier that morning.

Senator McKelvey rose to present the following remarks:

"It's my honor and privilege on behalf of myself and Senator Lynn DeCoite to go ahead and acknowledge Maui District's 2023 Hāna–Lahainaluna–Lāna'i–Moloka'i Complex Teacher of the Year recipient, Cornelio 'CJ' Ancheta. CJ, can you please rise?"

"Currently in his fifth year of teaching at Lahainaluna High School, CJ serves as a secondary math teacher. In 2018, he completed a professional development course on problem-based learning at the University of Hawai'i Maui College followed by a summer workshop on project-based learning (PBL) with the Kupu Hou Academy in his second year of teaching. The experience prompted his passion for PBL and helped him to realize PBL as a teaching strategy that can enhance student learning by improving their communication, creativity, collaboration, and critical thinking skills. In 2020, CJ was selected as a Hawai'i State Teacher Fellow, as well as the HIDOE Innovation Grant awardee.

"And in his previous life, Mr. President, he was also a publisher of one of Maui's largest Filipino-language newspapers, so I'd like to mention that as well.

"Please join me, everybody, in recognizing Maui District's 2023 Hāna–Lahainaluna–Lāna'i–Moloka'i Complex Teacher of the Year recipient, Cornelio 'CJ' Ancheta. I now turn the floor over to Senator Kanuha."

Senator Kanuha rose to present the following remarks:

"It is with great pride and aloha that I acknowledge the Hawai'i District's 2023 Ka'ū–Kea'au–Pāhoa Complex Teacher of the Year, Chyanee Brooks—could you please stand? (I knew I was going to get your name wrong. I even called the school this morning to make sure I pronounced it right, and I still got it wrong, so I apologize for that—Chyanee Brooks.)

"A National Board Certified Teacher, Brooks currently serves as a high school English teacher at Ka'ū High & Pahala Elementary School, where she has taught for the past nine years. An accomplished academic and educator, she has been recognized as a Hawai'i State Teacher Fellow and a Pulitzer Center Teacher Fellow, and is pursuing her PhD in neuroscience at Mahidol University's Research Center for Neuroscience Institute of Molecular Biosciences. (Wow!) Brooks is a strong advocate for assessments that empower student learning and success. She has led professional development trainings for teachers throughout the state as well

as authored various articles on educational assessments, feedback, and student voice. She is a tremendous academic and educator who is truly deserving of this recognition.

“Colleagues, please join me in celebrating the Hawai‘i District’s 2023 Ka‘ū–Kea‘au–Pāhoa Complex Teacher of the Year, Chyanee Brooks. Mr. President, I now yield the floor to Senator Awa.”

Senator Awa rose to present the following remarks:

“Finally, today, we recognize one of the North Shore’s very own: Jared Haiola, Teacher of the Year for our Central District’s Leilehua–Mililani–Waiālua Complex. Mr. Haiola has been a special education teacher for the past 22 years at Hale‘iwa Elementary School. He founded the school’s robotics team back in 2016. Since then, and with the help of Waiālua High School, students at Hale‘iwa Elementary picked up top honors twice at the Vex IQ Robotics Hawai‘i state championships. Mr. Haiola also picked up the Vex IQ Robotics Teacher of the Year award in 2021. His career highlights include watching his students win those two state titles while developing their STEM education. He’s a second-generation teacher, an advisor, a coach, and it’s my honor to recognize our Leilehua–Mililani–Waiālua Complex Teacher of the Year, Jared Haiola.”

Senator Kidani rose and stated:

“Colleagues, it is with great pride and aloha that we celebrate these exemplary district teachers. Their commitment to education and investment in Hawai‘i’s keiki ensures the future of our state, and I know I am not alone in expressing my gratitude to each and every one of our teachers for the profound work they do. Though not all of our amazing educators were able to join us here this week, I would also like to recognize the other District Teachers of the Year who are not here today but will also be receiving Senate certificates to honor them for their tireless work: Malia Draper, Cherie Teraoka, Joel Matsunaga, Shelby-Ann Erdmann, Deanne Takeno, Kristy Taise, and Makena Ale. Senate President, may I request that these names be entered into the Senate Journal? (The Chair so ordered.)

“I would also like to take a moment to recognize our amazing long-time community partner, Friends of the Library, for their continued support of Education Week. Many of us look forward to their annual book fair at the Capitol during this exciting week of celebrations. They started this morning in Room 224. I would like to mahalo Nainoa Mau and the Friends of the Library staff for returning the book fair to the Capitol, as well as to their special guests who have joined us here in the gallery. Gathered here with us are their Volunteer of the Year awardees, who have truly gone above and beyond, providing year-round warehouse support to the organization, sorting and pricing nearly one million items each year. Will the Friends of the Library Volunteers of the Year please stand in the gallery to be recognized?: Dianne Boons, Kathee Hoover, and Maile Tuthill. Congratulations and mahalo nui to all of you!

“Tomorrow, I look forward to welcoming the hard-working administrators and staff who support our students as we continue recognizing our 2023 Education Week honorees. Senate President, I yield back to you.”

The Chair having so ordered (on the Twenty-Ninth Day, March 13, 2023), the names and accomplishments on the honorees read as follows:

“Awardees on the Floor: Cerina Livaudais (2023 Charter Schools Teacher of the Year), Jared Haiola (2023 Leilehua–Mililani–Waiālua Complex Teacher of the Year), Chyanee Brooks (2023 Ka‘ū–Kea‘au–Pāhoa Complex Teacher of the Year), and Cornelio CJ Ancheta (2023 Hāna–Lahainaluna–Lāna‘i–Moloka‘i Complex Teacher of the Year).

“Guests in the Gallery: Ha‘o Sarmiento, Cherise Duyag, Trez Cadiante, Kainui Cadiante, Jordan Rodriguez, Leodegario Yoshioka-Ramirez, Cailyn Castaño, Chloe Castano, Zailah Thompson, Legend Kauakahi, Titan Kane, Kayj Roughton, Elijah Idica, Levi Cruz Thompson, Aiden Abes, Alizay Iwamoto-Capenia, Lea Leao, Sophia Wallace, Xyiah Branco-Santiago, Chaney Lopez, Chyanne Koko, Darlene Flores, Mike Sarmiento, Sarah Haiola, Flaviana Ancheta, David Brooks, Kathee Hoover LeBuse, Crisann Leao, Dianne Boons, Pamela Goodwin, Stacie Kunihisa, and Crissy Leao.”

The Chair commented that Mr. Mau was probably still working at the book fair in Conference Room 224. The Chair noted that the fair had been well-attended and that he had seen numerous legislators and staff with hands full of purchases. The Chair expressed his hope that the event had been helpful to the Library in carrying out its mission.

The Chair then noted that the day’s agenda was short and so, instead of recessing, the Senate would conclude its agenda and congratulate the honored guests and pose for pictures upon adjournment.

HOUSE COMMUNICATION

The following communication from the House (Hse. Com. No. 458) was read by the Clerk and was placed on file:

Hse. Com. No. 458, informing the Senate that on March 13, 2023, H.B. No. 1514, H.D. 1, S.D. 1 passed Final Reading in the House of Representatives.

ORDER OF THE DAY**RE-REFERRAL OF HOUSE BILLS**

The Chair re-referred the following House bills that were received:

H.B. No.:	Re-referred to:
H.B. No. 70, H.D. 2	Committee on Health and Human Services, then to the Committee on Judiciary
H.B. No. 913, H.D. 2	Jointly to the Committee on Energy, Economic Development, and Tourism and the Committee on Hawaiian Affairs, then to the Committee on Ways and Means
H.B. No. 1082, H.D. 3	Jointly to the Committee on Health and Human Services and the Committee on Commerce and Consumer Protection, then jointly to the Committee on Judiciary and the Committee on Ways and Means
H.B. No. 1406, H.D. 1	Jointly to the Committee on Transportation and Culture and the Arts and the Committee on Agriculture and Environment, then to the Committee on Ways and Means

At this time, Senator DeCoite announced that the Women's Legislative Caucus would be putting together Easter baskets for the Domestic Violence Action Center, Institute for Human Services, Parents And Children Together, and Salvation Army of Hawai'i. Senator DeCoite stated that the baskets would be gathered and brought to the front of the Auditorium on April 7th, and thanked the members for their support.

The Chair announced that there would be a leadership meeting in his office immediately following adjournment.

The Chair then made the following comments:

"I want to thank the members and the committee chairs: In the last two weeks, you have gone through several cabinet nominations and have made recommendations that will soon be coming to the full Senate. I was troubled when the governor said that we should just give him a chance and let everybody he nominates get confirmed just because. If that were the case, the law would simply be written that the governor appoints who he wants to have on his team, but instead, the law says we have the duty and responsibility of advise and consent, one that we take seriously, not just for cabinet members—members who serve on boards and commissions and the Judiciary.

"I think what is noteworthy in what happened yesterday is that the nominee to chair the Department of Agriculture had some struggles in expressing a vision for her department in the initial meetings with the Senate, but in subsequent meetings has been able to rise and meet the challenge and, in the course of carrying out her duties, has shown that the committee unanimously supported her. And so I urge you to continue to do your job, to continue to take your responsibility seriously, and we will continue to go through the process and treat people fairly. And for those who are able to articulate the vision and give us the confidence that they are going to come out with the best product for the people of Hawai'i, we will continue to advance those candidates. So thank you for your hard work."

ADJOURNMENT

At 11:51 a.m., on motion by Senator Wakai, seconded by Senator DeCoite and carried, the Senate adjourned until 11:30 a.m., Wednesday, March 15, 2023.

THIRTY-FIRST DAY

Wednesday, March 15, 2023

The Senate of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 11:37 a.m. with the President in the Chair.
