Agricultural and Livestock Commission modeled after those in other states will allow for coordination and sharing of information between state and federal agencies, ensure that policy initiatives pertaining to the livestock and agricultural sectors are adequately represented and enforced, and allow for a separate, dedicated branch of the Department of Law Enforcement to conduct professional law enforcement investigations to solve and prevent livestock and agriculture-related criminal activities in the State. As such, your Committees respectfully request that the Department of Agriculture or other appropriate agency establish an Agricultural and Livestock Commission to be part of the conversation in regards to agricultural crimes.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 138, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 138, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Judiciary: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3582 Judiciary on S.C.R. No. 213

The purpose and intent of this measure is to request the Office of the Administrative Director of the Courts to collect, compile, and share data on the assessment of fees, court costs, fines, and restitution in cases against minors.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, Office of the Public Defender, ACLU of Hawai'i, Policy Advocacy Clinic at Berkley Law, Stonewall Caucus of the Democratic Party of Hawai'i, and Hawai'i Friends of Restorative Justice.

Your Committee finds that charging fees, fines, costs, and restitution to youth can be harmful to young people and their families while disproportionately impacting Native Hawaiian, Pacific Islander, and Black youth. Your Committee further finds that more than sixteen states in the United States have eliminated or prohibited the imposition of fees or fines, or both, on young people and their families. Your Committee believes that current data is necessary to better understand the statewide and county-specific imposition and impact of fees, court costs, fines, and restitution on young people and their families in the State. This measure will allow the State to better understand how to improve the criminal justice system and increase fairness statewide.

Your Committee has amended this measure by:

- (1) Updating and clarifying data, research, and sources referenced in the findings;
- (2) Specifying that current data is needed to better understand the statewide and county-specific imposition and impact of fees, court costs, fines, and restitution on young people and their families in the State;
- (3) Inserting language requesting the data collected, compiled, and shared by the Office of the Administrative Director of the Courts to be provided as a statewide aggregate and by court circuit;
- (4) Inserting language requesting the Office of the Administrative Director of the Courts to report to the Legislature no later than forty days prior to the convening of the Regular Session of 2025, instead of twenty days, post the Office's report on the Judiciary's public website, and provide a copy of the report to the Judicial Council;
- (5) Inserting language requesting the Judicial Council to consult the report during the next Penal Code review; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 213, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 213, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3583 Judiciary on S.R. No. 189

The purpose and intent of this measure is to request the Office of the Administrative Director of the Courts to collect, compile, and share data on the assessment of fees, court costs, fines, and restitution in cases against minors.

Your Committee received testimony in support of this measure from the Crime Victim Compensation Commission, ACLU of Hawai'i, Policy Advocacy Clinic at Berkley Law, and Hawai'i Friends of Restorative Justice.

Your Committee finds that charging fees, fines, costs, and restitution to youth can be harmful to young people and their families while disproportionately impacting Native Hawaiian, Pacific Islander, and Black youth. Your Committee further finds that more than sixteen states in the United States have eliminated or prohibited the imposition of fees or fines, or both, on young people and their families. Your Committee believes that current data is necessary to better understand the statewide and county-specific imposition and impact of fees, court costs, fines, and restitution on young people and their families in the State. This measure will allow the State to better understand how to improve the criminal justice system and increase fairness statewide.

Your Committee has amended this measure by:

- (1) Updating and clarifying data, research, and sources referenced in the findings;
- (2) Specifying that current data is needed to better understand the statewide and county-specific imposition and impact of fees, court costs, fines, and restitution on young people and their families in the State;

- (3) Inserting language requesting the data collected, compiled, and shared by the Office of the Administrative Director of the Courts to be provided as a statewide aggregate and by court circuit;
- (4) Inserting language requesting the Office of the Administrative Director of the Courts to report to the Legislature no later than forty days prior to the convening of the Regular Session of 2025, instead of twenty days, post the Office's report on the Judiciary's public website, and provide a copy of the report to the Judicial Council;
- (5) Inserting language requesting the Judicial Council to consult the report during the next Penal Code review; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 189, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 189, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3584 Government Operations on S.C.R. No. 46

The purpose and intent of this measure is to request the Department of Accounting and General Services to:

- (1) Establish a working group to plan and construct a Hawaii First Responders Memorial;
- (2) Coordinate all matters regarding the Hawaii First Responders Memorial either through private funds or funds allocated by the Legislature; and
- (3) Submit a report of the working group's plans, including findings, recommendations, projected costs, and any necessary legislation, to the Legislature by November 30, 2024.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii Law Enforcement Memorial Foundation.

Your Committee finds that the construction of a first responders memorial in the State is an appropriate way to recognize and honor the first State's responders for the selfless sacrifices they have made to bravely serve the public. According to testimony received by your Committee, a Hawaii first responders memorial would provide a place where family, friends, fellow first responders, and the public can visit and remember those who died in the line of duty. This measure facilitates the construction of the memorial by requesting that a working group of relevant stakeholders submit a report including plans and projected costs of the memorial to the Legislature before November 30, 2024.

Your Committee has amended this measure by:

- (1) Amending the list of recipients of certified copies to include the Chief of the Ocean Safety Bureau of the Maui County Department of Fire and Public Safety and the head of the Ocean Safety Bureau of the Kauai Fire Department; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 46, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3585 Government Operations on S.R. No. 34

The purpose and intent of this measure is to request the Department of Accounting and General Services to:

- (1) Establish a working group to plan and construct a Hawaii First Responders Memorial;
- (2) Coordinate all matters regarding the Hawaii First Responders Memorial either through private funds or funds allocated by the Legislature; and
- (3) Submit a report of the working group's plans, including findings, recommendations, projected costs, and any necessary legislation, to the Legislature by November 30, 2024.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and Hawaii Law Enforcement Memorial Foundation.

Your Committee finds that the construction of a first responders memorial in the State is an appropriate way to recognize and honor the first State's responders for the selfless sacrifices they have made to bravely serve the public. According to testimony received by your Committee, a Hawaii first responders memorial would provide a place where family, friends, fellow first responders, and the public can visit and remember those who died in the line of duty. This measure facilitates the construction of the memorial by requesting that a working group of relevant stakeholders submit a report including plans and projected costs of the memorial to the Legislature before November 30, 2024.

Your Committee has amended this measure by:

- (1) Amending the list of recipients of certified copies to include the Chief of the Ocean Safety Bureau of the Maui County Department of Fire and Public Safety and the head of the Ocean Safety Bureau of the Kauai Fire Department; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 34, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3586 Government Operations on S.C.R. No. 174

The purpose and intent of this measure is to request:

- (1) The Legislature to convene a task force to develop a Twenty-First Century Data Governance Task Force (Task Force) to assess current demographic data collection, processing, retention, and sharing procedures utilized by all state agencies;
- (2) The Task Force to submit a report of its findings and recommendations to the Legislature before the Regular Session of 2025; and
- (3) The Task Force to dissolve on June 30, 2025.

Your Committee received testimony in support of this measure from the Department of Health, Office of Planning and Sustainable Development, Office of Enterprise Technology Services, and Hawaii Data Collaborative.

Your Committee finds that not all state agencies keep, or make accessible to the public, demographic data in a standard or uniform manner that comports with the prevailing federal standards. Given the diversity of languages and cultures in the State, the uniform collection and sharing of data specific to Asian Americans, Native Hawaiians, and other Pacific Islanders is critical to understanding the distinct needs of these communities. The Task Force established by this measure will help the State shape programs and policies that strategically target those most in need and advance more equitable outcomes for all communities in the State.

Your Committee recognizes that this measure does not designate the lead agency to convene the Task Force requested in this measure or the person to serve as its chairperson. Therefore, this measure needs to be amended to address these matters.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Health, rather than the Legislature, to convene the Task Force;
- (2) Amending the composition of the Task Force by replacing the Director of the Department of Health's Office of Health Equity with the Director of Health or the Director's designee;
- (3) Inserting language that requests the Director of Health or the Director's designee to serve as the chairperson of the Task Force;
- (4) Amending the list of recipients of certified copies by replacing the Director of the Department of Health's Office of Health Equity with the Director of Health;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 174, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 174, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3587 Government Operations on S.R. No. 150

The purpose and intent of this measure is to request:

- (1) The Legislature to convene a task force to develop a Twenty-First Century Data Governance Task Force (Task Force) to assess current demographic data collection, processing, retention, and sharing procedures utilized by all state agencies;
- (2) The Task Force to submit a report of its findings and recommendations to the Legislature before the Regular Session of 2025; and
- (3) The Task Force to dissolve on June 30, 2025.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development and Office of Enterprise Technology Services.

Your Committee finds that not all state agencies keep, or make accessible to the public, demographic data in a standard or uniform manner that comports with the prevailing federal standards. Given the diversity of languages and cultures in the State, the uniform collection and sharing of data specific to Asian Americans, Native Hawaiians, and other Pacific Islanders is critical to understanding the distinct needs of these communities. The Task Force established by this measure will help the State shape programs and policies that strategically target those most in need and advance more equitable outcomes for all communities in the State.

Your Committee recognizes that this measure does not designate the lead agency to convene the Task Force requested in this measure or the person to serve as its chairperson. Therefore, this measure needs to be amended to address these matters.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Health, rather than the Legislature, to convene the Task Force;
- (2) Amending the composition of the Task Force by replacing the Director of the Department of Health's Office of Health Equity with the Director of Health or the Director's designee;
- (3) Inserting language that requests the Director of Health or the Director's designee to serve as the chairperson of the Task Force;
- (4) Amending the list of recipients of certified copies by replacing the Director of the Department of Health's Office of Health Equity with the Director of Health;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 150, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 150, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3588 Government Operations on S.C.R. No. 228

The purpose and intent of this measure is to urge the federal government to reimburse Hawaii for the removal of debris, dredging of toxic materials, and other environmental cleanup efforts in Lahaina Harbor.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Lahaina Harbor's waters are inundated with debris and toxic chemicals resulting from the August 2023 Maui wildfires. Your Committee also recognizes the concerns raised during the public hearing for this measure that failure to engage in the environmental cleanup of Lahaina Harbor now with federal funds could have greater impacts later on. Accordingly, this measure will help the State offset the high costs of recovery as the County of Maui continues to rebuild.

Your Committee notes that, in meeting with the Department of Land and Natural Resources (DLNR), it was represented that a request for reimbursement of the cost for debris removal was denied by the federal government; however, the Federal Emergency Management Agency (FEMA), in response to subsequent inquiries, responded that it never received such a request from DLNR and is open to it. Your Committee hopes that DLNR and FEMA will come to the table to discuss this matter before subsequent deliberations of this measure, as there is a time limit to request federal funds for this important cleanup.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 228 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3589 Government Operations on S.R. No. 204

The purpose and intent of this measure is to urge the federal government to reimburse Hawaii for the removal of debris, dredging of toxic materials, and other environmental cleanup efforts in Lahaina Harbor.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Lahaina Harbor's waters are inundated with debris and toxic chemicals resulting from the August 2023 Maui wildfires. Your Committee also recognizes the concerns raised during the public hearing for this measure that failure to engage in the environmental cleanup of Lahaina Harbor now with federal funds could have greater impacts later on. Accordingly, this measure will help the State offset the high costs of recovery as the County of Maui continues to rebuild.

Your Committee notes that, in meeting with the Department of Land and Natural Resources (DLNR), it was represented that a request for reimbursement of the cost for debris removal was denied by the federal government; however, the Federal Emergency Management Agency (FEMA), in response to subsequent inquiries, responded that it never received such a request from DLNR and is open to it. Your Committee hopes that DLNR and FEMA will come to the table to discuss this matter before subsequent deliberations of this measure, as there is a time limit to request federal funds for this important cleanup.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 204 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3590 (Joint) Water and Land and Housing on S.C.R. No. 55

The purpose and intent of this measure is to urge the Hawaii Community Development Authority to establish a multiagency working group to update maps, tier tables, and inventories of state lands suitable and available for affordable housing development.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Hawaii Housing Finance and Development Corporation, and two individuals.

Your Committees received comments on this measure from the Office of Planning and Sustainable Development and Hawai'i Community Development Authority.

Your Committees find that Hawaii has been in the midst of a housing shortage for decades. A 2015 report by the Department of Business, Economic Development and Tourism titled "Measuring Housing Demand in Hawaii, 2015-2025" projected that housing demand will exceed sixty thousand units, with nearly seventy percent needed for households earning eighty percent or less of the Area Median Income. Your Committees conclude that updates to the maps, tier tables, and inventories of state lands will be a helpful tool for the development of new affordable housing.

Your Committees recognize that resources are needed for the Hawaii Community Development Authority as well as for infrastructure needs for the future.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 55, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 55, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Water and Land: Ayes, 4. Noes, none. Excused, 1 (McKelvey).
 Housing: Ayes, 3. Noes, none. Excused, 2 (Aquino, Awa).

SCRep. 3591 (Joint) Water and Land and Housing on S.R. No. 44

The purpose and intent of this measure is to urge the Hawaii Community Development Authority to establish a multiagency working group to update maps, tier tables, and inventories of state lands suitable and available for affordable housing development.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services and Hawaii Housing Finance and Development Corporation.

Your Committees received comments on this measure from the Office of Planning and Sustainable Development and Hawai'i Community Development Authority.

Your Committees find that Hawaii has been in the midst of a housing shortage for decades. A 2015 report by the Department of Business, Economic Development and Tourism titled "Measuring Housing Demand in Hawaii, 2015-2025" projected that housing demand will exceed sixty thousand units, with nearly seventy percent needed for households earning eighty percent or less of the Area Median Income. Your Committees conclude that updates to the maps, tier tables, and inventories of state lands will be a helpful tool for the development of new affordable housing.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 44, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 44, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Water and Land: Ayes, 4. Noes, none. Excused, 1 (McKelvey).
 Housing: Ayes, 3. Noes, none. Excused, 2 (Aquino, Awa).

SCRep. 3592 (Joint) Water and Land and Health and Human Services on S.C.R. No. 218

The purpose and intent of this measure is to request the Department of Land and Natural Resources to conduct a feasibility study to assess reasonable accommodations for beach access for persons with disabilities.

Your Committees received testimony in support of this measure from the Executive Office on Aging and two individuals.

Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that beach access for persons with disabilities, including veterans, is extremely limited, especially for those in wheelchairs. Your Committees further find that although there is beach wheelchair access at certain beaches in the State, it is not available at most beaches, preventing residents and visitors with disabilities from enjoying the State's beaches. To ensure equitable access to the State's beaches, your Committees conclude that the Department of Land and Natural Resources should conduct a feasibility study to assess the provision and maintenance of reasonable accommodations for persons with disabilities so that those persons may have access to the shoreline of any beach that has a public restroom within an ocean recreation management area.

As affirmed by the records of votes of the members of your Committees on Water and Land and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 218 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
 Water and Land: Ayes, 4. Noes, none. Excused, 1 (Chang).
 Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3593 (Joint) Water and Land and Health and Human Services on S.R. No. 194

The purpose and intent of this measure is to request the Department of Land and Natural Resources to conduct a feasibility study to assess reasonable accommodations for beach access for persons with disabilities.

Your Committee received testimony in support of this measure from the Executive Office on Aging.

Your Committees find that beach access for persons with disabilities, including veterans, is extremely limited, especially for those in wheelchairs. Your Committees further find that although there is beach wheelchair access at certain beaches in the State, it is not available at most beaches, preventing residents and visitors with disabilities from enjoying the State's beaches. To ensure equitable access to the State's beaches, your Committees conclude that the Department of Land and Natural Resources should conduct a feasibility study to assess the provision and maintenance of reasonable accommodations for persons with disabilities so that those persons may have access to the shoreline of any beach that has a public restroom within an ocean recreation management area.

As affirmed by the records of votes of the members of your Committees on Water and Land and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 194 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 4. Noes, none. Excused, 1 (Chang).

Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3594 Water and Land on S.R. No. 104

The purpose and intent of this measure is to request the Department of Land and Natural Resources to work with the National Oceanic and Atmospheric Administration and other experts to conduct a study on the population status of depleted coral reef herbivores around the island of Oahu and develop effective alternative policies for substantially replenishing those populations within a decade.

Your Committee received testimony in support of this measure from Department of Land and Natural Resources, Hawai'i Reef and Ocean Coalition, Friends of Hanauma Bay, The Nature Conservancy, Restore the Commons, Global March for Elephants and Rhinos, Ocean Preservation Society, Miloli'i Makai Watch, and twenty-one individuals.

Your Committee finds that coral reefs are fundamental to the fabric of local communities, providing a source of food, materials, and traditional activities, in addition to ecological and economic benefits. The maintenance and recovery of coral reefs requires an abundant and diverse population of coral reef herbivores. The population of these fish around the island of Oahu is five percent below its potential. Your Committee recognizes the importance of herbivorous reef fish to the health of coral reef ecosystems and finds that a study on the population status of various herbivore fish species will help increase the population of these species around the island of Oahu.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 104, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 104, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3595 Water and Land on S.R. No. 152

The purpose and intent of this measure is to urge the Department of Land and Natural Resources and Board of Land and Natural Resources to adopt certain procedures relating to the Dam and Appurtenance Improvement or Removal Grant Program to assist applicants in obtaining grants.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Dam and Appurtenance Improvement or Removal Grant Program provides funding to owners of private dams for plans, design, construction, and equipment to improve or remove deficient dams and appurtenances, as determined by the Department of Land and Natural Resources (Department). However, grant applicants are subject to the discretion and uneven application of criteria by the Department and Board of Land and Natural Resources (Board), which discourages applicants from improving these structures. Your Committee maintains that the Board and Department should clarify and communicate to the public the criteria it develops for the award of grants from the Dam and Appurtenance Improvement or Removal Grant Program to assist applicants in their efforts to maintain or improve existing dam infrastructure.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 152, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 152, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3596 (Joint) Transportation and Culture and the Arts and Agriculture and Environment on S.C.R. No. 106

The purpose and intent of this measure is to urge the Department of Health, Department of Transportation, and Department of Land and Natural Resources to take action to reduce the carbon emissions arising from airplane transportation to and from the State.

Your Committees received testimony in support of this measure from Citizens' Climate Lobby Hawaii and one individual.

Your Committees received comments on this measure from the Department of the Attorney General and Hawaiian Airlines.

Your Committees find that the Hawaiian islands are the most remote inhabited archipelago from any continental land mass, to and from which air transportation is the only means of rapid travel. Your Committees further find that multiple possibilities exist to address carbon emissions caused by air travel to and from the State, that include but are not limited to offsetting the carbon contributions from visitors, adjusting the number of visitors coming to the State, and requiring airlines operating in the State to use technology that has a lower carbon output. Your Committees conclude that reducing emissions requires governmental action from both the Legislature and by state departments and agencies.

Your Committees have amended this measure by:

- (1) Clarifying that the Department of Health, Department of Transportation, and Department of Land and Natural Resources are urged to take any action possible to reduce the carbon emissions arising from airplane transportation to and from the State;
- (2) Requesting that the Department of Health, Department of Transportation, and Department of Land and Natural Resources convene a task force to research sustainable aviation fuel and other decarbonization measures for domestic and international travel that can be turned into actual recommendations for the departments and Legislature;
- (3) Requesting that the task force be co-chaired by the Director of Transportation and the Chief Energy Officer of the Hawaii State Energy Office and consist of the following members:
 - (A) A representative from the Department of Health;
 - (B) A representative from the Hawai'i Climate Change Mitigation and Adaptation Commission; and
 - (C) Any members deemed necessary and invited by the co-chairs; and
- (4) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 106, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 106, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3597 (Joint) Transportation and Culture and the Arts and Agriculture and Environment on S.R. No. 88

The purpose and intent of this measure is to urge the Department of Health, Department of Transportation, and Department of Land and Natural Resources to take action to reduce the carbon emissions arising from airplane transportation to and from the State.

Your Committees received comments on this measure from Department of the Attorney General and Hawaiian Airlines.

Your Committees find that the Hawaiian islands are the most remote inhabited archipelago from any continental land mass, to and from which air transportation is the only means of rapid travel. Your Committees further find that multiple possibilities exist to address carbon emissions caused by air travel to and from the State, that include but are not limited to offsetting the carbon contributions from visitors, adjusting the number of visitors coming to the State, and requiring airlines operating in the State to use technology that has a lower carbon output. Your Committees conclude that reducing emissions requires governmental action from both the Legislature and by state departments and agencies.

Your Committees have amended this measure by:

- (1) Clarifying that the Department of Health, Department of Transportation, and Department of Land and Natural Resources are urged to take any action possible to reduce the carbon emissions arising from airplane transportation to and from the State;
- (2) Requesting that the Department of Health, Department of Transportation, and Department of Land and Natural Resources convene a task force to research sustainable aviation fuel and other decarbonization measures for domestic and international travel that can be turned into actual recommendations for the departments and Legislature;
- (3) Requesting that the task force be co-chaired by the Director of Transportation and the Chief Energy Officer of the Hawaii State Energy Office and consist of the following members:
 - (A) A representative from the Department of Health;
 - (B) A representative from the Hawai'i Climate Change Mitigation and Adaptation Commission; and
 - (C) Any members deemed necessary and invited by the co-chairs; and
- (4) Amending its title in accordance with its amended purpose.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 88, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 88, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3598 (Joint) Transportation and Culture and the Arts and Agriculture and Environment on S.C.R. No. 140

The purpose and intent of this measure is to request the Department of Transportation to convene a task force to research a green highway program.

Your Committees received testimony in support of this measure from the Department of Transportation, Department of Land and Natural Resources, and one individual.

Your Committees find that green highways offer numerous benefits, including improved air and water quality, reduced noise pollution, enhanced biodiversity, and increased recreational opportunities for residents and visitors. Your Committees further find that the implementation of a green highway program aligns with statewide goals for environmental stewardship, climate resilience, and sustainable development, and will contribute to a healthier and more resilient future for the State's communities. Your Committees conclude that the Department of Transportation must take proactive steps to explore and implement initiatives like green highways to achieve the State's climate mitigation goals.

Your Committees have amended this measure by:

- (1) Deleting language that would have requested the Department of Transportation to convene a task force to research and develop a green highway program;
- (2) Removing the Director of Transportation and the Chairperson of the Board of Land and Natural Resources from the membership of the task force;
- (3) Inserting language requesting the task force to include a representative from the Department of Transportation and Department of Land and Natural Resources and any other representative with subject matter expertise, to be selected and invited by the chairpersons of the task force;
- (4) Inserting language requesting the President of the Senate and Speaker of the House of Representatives to appoint the co-chairpersons of the task force;
- (5) Inserting language requesting the task force to:
 - (A) Develop green highway standards to address urban temperatures, stormwater retention, unsightly infrastructure impacting tourism, and mental health; and
 - (B) Examine best examples and practices in places that successfully implement green highway infrastructure;
- (6) Amending its title in accordance with its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 140, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 140, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3599 (Joint) Transportation and Culture and the Arts and Agriculture and Environment on S.R. No. 121

The purpose and intent of this measure is to request the Department of Transportation to convene a task force to research a green highway program.

Your Committee received testimony in support of this measure from the Department of Transportation and Department of Land and Natural Resources.

Your Committees find that green highways offer numerous benefits, including improved air and water quality, reduced noise pollution, enhanced biodiversity, and increased recreational opportunities for residents and visitors. Your Committees further find that the implementation of a green highway program aligns with statewide goals for environmental stewardship, climate resilience, and sustainable development, and will contribute to a healthier and more resilient future for the State's communities. Your Committees conclude that the Department of Transportation must take proactive steps to explore and implement initiatives like green highways to achieve the State's climate mitigation goals.

Your Committees have amended this measure by:

- (1) Deleting language that would have requested the Department of Transportation to convene a task force to research and develop a green highway program;
- (2) Removing the Director of Transportation and the Chairperson of the Board of Land and Natural Resources from the membership of the task force;
- (3) Inserting language requesting the task force to include a representative from the Department of Transportation and Department of Land and Natural Resources and any other representative with subject matter expertise, to be selected and invited by the chairpersons of the task force;
- (4) Inserting language requesting the President of the Senate and Speaker of the House of Representatives to appoint the co-chairpersons of the task force;
- (5) Inserting language requesting the task force to:

- (A) Develop green highway standards to address urban temperatures, stormwater retention, unsightly infrastructure impacting tourism, and mental health; and

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3600 (Joint) Energy, Economic Development, and Tourism and Water and Land on S.C.R. No. 89

The purpose and intent of this measure is to request that the Hawaii State Energy Office and Office of Planning and Sustainable Development develop a plan to implement a waste-to-energy technology solution.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development and three individuals.

Your Committees received testimony in opposition to this measure from Life of the Land, Energy Justice Network, Environmental Caucus of the Democratic Party of Hawai'i, Solid Waste Task Force of the Hawai'i Environmental Change Agents, Zero Waste Kauai, Kaua'i Climate Action Coalition, Green Party of Hawai'i, 350Hawaii.org, Climate Protectors Hawai'i, Kaua'i Group of the Hawaii Chapter of the Sierra Club, and fourteen individuals.

Your Committees received comments on this measure from the Hawaii State Energy Office and Hawaiian Electric.

Your Committees find that waste-to-energy facilities greatly reduce the volume of municipal solid waste that must be stored in a landfill by converting it to ash. Your Committees further find that waste-to-energy technology is a viable solution to reduce the State's solid waste stream, decrease the State's need for landfills, and provide non-fossil fuel electricity to reduce the State's dependency on the global oil market. This measure encourages the planning and implementation of new renewable energy projects, relating to waste-to-energy, to further advance the State's progress in achieving its renewable energy goals.

Your Committees note concerns raised in testimony regarding the current planning and operation of waste-to-energy facilities in the State and that a shortage of trash has hampered the ability of the Honolulu Program of Waste and Energy Recovery to meet its contractual obligations with Covanta Honolulu Resource Venture, leading to approximately \$6,200,000 in penalty and liquidated damage payments. Your Committees further note that narrowly focusing this measure to only include waste-to-energy technology solutions limits the development and attention to other alternative technology solutions and that this measure should be used as a mechanism to determine the best technology strategies to reduce waste and advance the State's renewable energy goals.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language requesting that the Hawaii State Energy Office and the Office of Planning and Sustainable Development develop a plan to implement waste-to-energy and other alternative technology solutions;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 89, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 89, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Kim).

Water and Land: Ayes, 4; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Chang).

SCRep. 3601 (Joint) Energy, Economic Development, and Tourism and Water and Land on S.R. No. 75

The purpose and intent of this measure is to request that the Hawaii State Energy Office and Office of Planning and Sustainable Development develop a plan to implement a waste-to-energy technology solution.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development.

Your Committees received testimony in opposition to this measure from the Environmental Caucus of the Democratic Party of Hawai'i, Kaua'i Climate Action Coalition, Green Party of Hawai'i, Energy Justice Network, 350Hawaii.org, Climate Protectors Hawai'i, and sixteen individuals.

Your Committees received comments on this measure from the Hawaii State Energy Office, Hawaiian Electric, and one individual.

Your Committees find that waste-to-energy facilities greatly reduce the volume of municipal solid waste that must be stored in a landfill by converting it to ash. Your Committees further find that waste-to-energy technology is a viable solution to reduce the State's solid waste stream, decrease the State's need for landfills, and provide non-fossil fuel electricity to reduce the State's dependency on the global oil market. This measure encourages the planning and implementation of new renewable energy projects, relating to waste-to-energy, to further advance the State's progress in achieving its renewable energy goals.

Your Committees note concerns raised in testimony regarding the current planning and operation of waste-to-energy facilities in the State and that a shortage of trash has hampered the ability of the Honolulu Program of Waste and Energy Recovery to meet its contractual obligations with Covanta Honolulu Resource Venture, leading to approximately \$6,200,000 in penalty and liquidated damage payments. Your Committees further note that narrowly focusing this measure to only include waste-to-energy technology solutions limits the development and attention to other alternative technology solutions and that this measure should be used as a mechanism to determine the best technology strategies to reduce waste and advance the State's renewable energy goals.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language requesting that the Hawaii State Energy Office and the Office of Planning and Sustainable Development develop a plan to implement waste-to-energy and other alternative technology solutions;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 75, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 75, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Kim).

Water and Land: Ayes, 4; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Chang).

SCRep. 3602 (Joint) Energy, Economic Development, and Tourism and Higher Education on S.C.R. No. 145

The purpose and intent of this measure is to request stakeholders to update the East-West Center study titled "Hawaii as an East-West Bridge: A Survey of the Economic Value of Non-Tourist International Activities in Hawaii".

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; East-West Center; CARES; and one individual.

Your Committees find that the East-West Center is an institution that was established by the United States Congress in 1960 to promote better relations and understanding among the people and nations of the United States, Asia, and the Pacific through cooperative study, research, and dialogue. Your Committees further find that the East-West Center conducted a study over thirty years ago surveying the economic value of non-tourist international activities in Hawaii. Updating the study would explore the modernized role that these activities play in the State's economy and will provide insight into the diverse economic contributions beyond tourism that the State offers to the global community to further support the State's resilience and competitiveness in the global arena.

Your Committees note that this measure does not contain any specific outcomes, benchmarks, goals, or objectives to be accomplished from updating the East-West Center study. Your Committees further note that although this measure requests stakeholders to update the East-West Center study, only a representative from the East-West Center was present to testify on this measure, making it difficult to determine the efficacy or benefit of this measure without any additional stakeholder input, especially from the Department of Business, Economic Development, and Tourism, whose written testimony suggests an estimate of costs to complete the study.

Your Committees have amended this measure by making a technical, nonsubstantive amendment to its title for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 145, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 145, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4; Ayes with Reservations (Kim). Noes, none. Excused, 1 (Fevella).

Higher Education: Ayes, 4; Ayes with Reservations (Hashimoto, Kidani, Kim). Noes, none. Excused, 1 (Fevella).

SCRep. 3603 (Joint) Energy, Economic Development, and Tourism and Higher Education on S.R. No. 123

The purpose and intent of this measure is to request stakeholders to update the East-West Center study titled "Hawaii as an East-West Bridge: A Survey of the Economic Value of Non-Tourist International Activities in Hawaii".

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and East-West Center.

Your Committees find that the East-West Center is an institution that was established by the United States Congress in 1960 to promote better relations and understanding among the people and nations of the United States, Asia, and the Pacific through cooperative study, research, and dialogue. Your Committees further find that the East-West Center conducted a study over thirty years ago surveying the economic value of non-tourist international activities in Hawaii. Updating the study would explore the modernized role that these activities play in the State's economy and will provide insight into the diverse economic contributions beyond tourism that the State offers to the global community to further support the State's resilience and competitiveness in the global arena.

Your Committees note that this measure does not contain any specific outcomes, benchmarks, goals, or objectives to be accomplished from updating the East-West Center study. Your Committees further note that although this measure requests stakeholders to update the East-West Center study, only a representative from the East-West Center was present to testify on this measure, making it difficult to determine the efficacy or benefit of this measure without any additional stakeholder input, especially from the Department of Business, Economic Development, and Tourism, whose written testimony suggests an estimate of costs to complete the study.

Your Committees have amended this measure by making a technical, nonsubstantive amendment to its title for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 123, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 123, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4; Ayes with Reservations (Kim). Noes, none. Excused, 1 (Fevella).

Higher Education: Ayes, 4; Ayes with Reservations (Hashimoto, Kidani, Kim). Noes, none. Excused, 1 (Fevella).

SCRep. 3604 (Joint) Commerce and Consumer Protection and Health and Human Services on S.C.R. No. 159

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for biomarker testing.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board, Infusion Access Foundation, American Cancer Society Cancer Action Network, Advanced Medical Technology Association, International Cancer Advocacy Network, Alzheimer's Association-Hawaii, The Michael J. Fox Foundation for Parkinson's Research, Aimed Alliance, Debbie's Dream Foundation: Curing Stomach Cancer, and two individuals.

Your Committees find that biomarker testing, which is the analysis of a patient's tissue, blood, or other biospecimen for the presence of a gene, protein, or other substance that can provide information about a patient's chronic condition, allows for a more precise and personalized approach to medical care. In addition to being able to identify specific genetic, molecular, or biochemical markers associated with an individual's disease, biomarker testing allows health care providers to tailor their treatments to an individual's specific condition. However, your Committees find that despite the many benefits of biomarker testing, the lack of insurance coverage for comprehensive testing creates a financial barrier for many patients who would otherwise greatly benefit from these services.

Your Committees note that H.B. No. 2223, H.D. 1, Regular Session of 2024, proposes to require health insurers, mutual benefit societies, health maintenance organizations, and health plans under the State's Medicaid managed care program to provide coverage for biomarker testing, beginning on January 1, 2025. Section 23—51, Hawaii Revised Statutes, requires new measures mandating health insurance coverage for specific health services, specific diseases, or certain providers of health care services as part of individual or group health insurance policies, to be referred, via concurrent resolution, to the Auditor for analysis. Section 23-52, Hawaii Revised Statutes, specifies the minimum information required for assessing the social and financial impact of the proposed health insurance coverage mandate in the Auditor's report. This measure requests the Auditor to analyze the proposed mandatory health insurance coverage for biomarker testing in accordance with sections 23—51 and 23-52, Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 159 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (Aquino, Awa).

SCRep. 3605 (Joint) Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 182

The purpose and intent of this measure is to urge the Public Utilities Commission to honor and comply with its statutory duty to investigate the causes of the August 2023 Maui wildfires as required by section 269-9, Hawaii Revised Statutes.

Your Committees received testimony in support of this measure from Life of the Land.

Your Committees received comments on this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committees find that section 269-9, Hawaii Revised Statutes, provides, in relevant part, that the Public Utilities Commission shall "investigate the causes of any accident which results in loss of life, and may investigate any other accidents which in its opinion require investigation". The August 2023 Maui wildfires, which appears to have been initially started by a downed utility pole owned by a Maui electric utility company, resulted in the tragic loss of life of over one hundred people. Your Committees further find that the likely cause of the August 2023 Maui wildfires is well within the Public Utilities Commission's established jurisdiction, resulted in the loss of life, and would reasonably qualify as an accident that would require investigation pursuant to the Public Utilities Commission's discretionary authority. Therefore, this measure urges the Public Utilities Commission to carry out its mandate and conduct an investigation of the August 2023 Maui wildfires. Further, this measure urges the Public Utilities Commission to be more proactive in exercising its administrative authority over electric utilities, to take steps to mitigate future wildfires, and ensure a more resilient and reliable electric grid for the people of the State.

Your Committees have amended this measure by:

- (1) Inserting language urging the Public Utilities Commission to formally open a docket, in accordance with section 269-9, Hawaii Revised Statutes, to investigate the causes of the August 2023 Maui wildfires;
- (2) Inserting language urging the Public Utilities Commission to request from the County of Maui an unredacted version of the investigative findings of the United States Bureau of Alcohol, Tobacco, and Firearms and Explosives (ATF) National Response Team and Honolulu Field Office that were, or will be, provided to the Maui Fire Department for inclusion in the Maui Fire Department's origin and cause report for the August 2023 Maui wildfires; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 182, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 182, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3606 (Joint) Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs on S.R. No. 156

The purpose and intent of this measure is to urge the Public Utilities Commission to honor and comply with its statutory duty to investigate the causes of the August 2023 Maui wildfires as required by section 269-9, Hawaii Revised Statutes.

Your Committees received testimony in support of this measure from Life of the Land.

Your Committees received comments on this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committees find that section 269-9, Hawaii Revised Statutes, provides, in relevant part, that the Public Utilities Commission shall “investigate the causes of any accident which results in loss of life, and may investigate any other accidents which in its opinion require investigation”. The August 2023 Maui wildfires, which appears to have been initially started by a downed utility pole owned by a Maui electric utility company, resulted in the tragic loss of life of over one hundred people. Your Committees further find that the likely cause of the August 2023 Maui wildfires is well within the Public Utilities Commission’s established jurisdiction, resulted in the loss of life, and would reasonably qualify as an accident that would require investigation pursuant to the Public Utilities Commission’s discretionary authority. Therefore, this measure urges the Public Utilities Commission to carry out its mandate and conduct an investigation of the August 2023 Maui wildfires. Further, this measure urges the Public Utilities Commission to be more proactive in exercising its administrative authority over electric utilities, to take steps to mitigate future wildfires, and ensure a more resilient and reliable electric grid for the people of the State.

Your Committees have amended this measure by:

- (1) Inserting language urging the Public Utilities Commission to formally open a docket, in accordance with section 269-9, Hawaii Revised Statutes, to investigate the causes of the August 2023 Maui wildfires;
- (2) Inserting language urging the Public Utilities Commission to request from the County of Maui an unredacted version of the investigative findings of the United States Bureau of Alcohol, Tobacco, and Firearms and Explosives (ATF) National Response Team and Honolulu Field Office that were, or will be, provided to the Maui Fire Department for inclusion in the Maui Fire Department’s origin and cause report for the August 2023 Maui wildfires; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 156, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 156, S.D. 1.

SCRep. 3607 (Joint) Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 186

The purpose and intent of this measure is to request the Insurance Commissioner to conduct a comprehensive study on wildfire risk and insurance, including market-based approaches.

Your Committees received comments on this measure from the Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committees find that the August 2023 Maui wildfire is changing the way insurers view Hawaii’s wildfire risk, much like how in 1992, Hurricane Iniki affected the coverage of new hurricane insurance policies in the State. As climate change increases the likelihood of future extreme weather events, the increased risk of property damage stemming from wildfires may cause insurers to raise rates, limit coverage for certain losses, or exit high-risk markets entirely. Your Committees find that it is in the public interest to ensure the availability and affordability of insurance coverage for Hawaii residents, and therefore, this measure requests the Insurance Commissioner to conduct a study on the various issues surrounding wildfire risks and insurance in Hawaii.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 186 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3608 (Joint) Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs on S.R. No. 160

The purpose and intent of this measure is to request the Insurance Commissioner to conduct a comprehensive study on wildfire risk and insurance, including market-based approaches.

Your Committees received comments on this measure from the Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committees find that the August 2023 Maui wildfire is changing the way insurers view Hawaii's wildfire risk, much like how in 1992, Hurricane Iniki affected the coverage of new hurricane insurance policies in the State. As climate change increases the likelihood of future extreme weather events, the increased risk of property damage stemming from wildfires may cause insurers to raise rates, limit coverage for certain losses, or exit high-risk markets entirely. Your Committees find that it is in the public interest to ensure the availability and affordability of insurance coverage for Hawaii residents, and therefore, this measure requests the Insurance Commissioner to conduct a study on the various issues surrounding wildfire risks and insurance in Hawaii.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 160 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3609 Government Operations on S.C.R. No. 51

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study to understand the implementation process for a continuous legislative session and its relative impacts on the State.

Your Committee did not receive any testimony on this measure.

Your Committee finds that a regular session of Hawaii's legislature is limited to a period of sixty days per year. Your Committee further finds that the efficiency, productivity, orderliness, and transparency of the state legislature could be improved with the implementation of a continuous legislative session. The study requested by this measure will provide valuable information to promote government efficiency and productivity.

Your Committee notes that due to certain holidays surrounded by deadline dates, the Legislature's standing committees lose hearing days, which limits the time for the members to review and deliberate on the legislative measures, and more importantly, for the public to deliberate and provide their input. Therefore, this measure needs to be amended to facilitate further meaningful conversation and increased scrutiny of legislative measures.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that expands the scope of the requested study to include studies on extending the legislative session and adding additional recess days, in addition to a study on a continuous legislature;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the study requested in this measure should include the impact a continuous legislative session would have on Senate special sessions that are convened to consider appointments for certain state positions and the effect a continuous legislative session would have on legislators who are appointed to serve on working groups.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 51, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 51, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (San Buenaventura). Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3610 Government Operations on S.R. No. 39

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study to understand the implementation process for a continuous legislative session and its relative impacts on the State.

Your Committee did not receive any testimony on this measure.

Your Committee finds that a regular session of Hawaii's legislature is limited to a period of sixty days per year. Your Committee further finds that the efficiency, productivity, orderliness, and transparency of the state legislature could be improved with the implementation of a continuous legislative session. The study requested by this measure will provide valuable information to promote government efficiency and productivity.

Your Committee notes that due to certain holidays surrounded by deadline dates, the Legislature's standing committees lose hearing days, which limits the time for the members to review and deliberate on the legislative measures, and more importantly, for the public to deliberate and provide their input. Therefore, this measure needs to be amended to facilitate further meaningful conversation and increased scrutiny of legislative measures.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that expands the scope of the requested study to include studies on extending the legislative session and adding additional recess days, in addition to a study on a continuous legislature;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that the study requested in this measure should include the impact a continuous legislative session would have on Senate special sessions that are convened to consider appointments for certain state positions and the effect a continuous legislative session would have on legislators who are appointed to serve on working groups.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 39, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 39, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (San Buenaventura). Noes, none. Excused, 2 (Wakai, Awa).

SCRep. 3611 (Joint) Government Operations and Agriculture and Environment on S.C.R. No. 131

The purpose and intent of this measure is to urge:

- (1) Hawaii's congressional delegation to take all actions necessary and proper to cause the United States Congress to fund the construction and commencement of operations of a laboratory certified by the United States Environmental Protection Agency (EPA) to analyze environmental toxins in the State and publish its results to the public; and
- (2) The Governor, Department of Health, and other relevant governmental agencies to support the construction and commencement of operations of the EPA-certified laboratory.

Your Committees received testimony in support of this measure from the Honolulu Board of Water Supply, Sierra Club of Hawai'i, Democratic Party of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and two individuals.

Your Committees find that the State's ability to evaluate the presence of environmental toxins in its air, water, soil, and biological specimens is severely hindered by the lack of a local laboratory certified by the EPA. Despite the rising number of contamination issues in the State creating an urgent need for a local EPA-certified laboratory, the cost to construct and operate one is currently beyond the State's means. This measure will allow the State to obtain the necessary funding to construct and operate a local EPA-certified laboratory that will enable the State to evaluate possible exposures to toxic compounds in a timely manner, manage and mitigate the impacts of exposure, if needed, and facilitate the prompt and transparent disclosure to the public.

Your Committees have amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 131, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 131, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3612 (Joint) Government Operations and Agriculture and Environment on S.R. No. 113

The purpose and intent of this measure is to urge:

- (1) Hawaii's congressional delegation to take all actions necessary and proper to cause the United States Congress to fund the construction and commencement of operations of a laboratory certified by the United States Environmental Protection Agency (EPA) to analyze environmental toxins in the State and publish its results to the public; and
- (2) The Governor, Department of Health, and other relevant governmental agencies to support the construction and commencement of operations of the EPA-certified laboratory.

Your Committees received testimony in support of this measure from the Honolulu Board of Water Supply, Sierra Club of Hawai'i, Democratic Party of Hawai'i, and one individual.

Your Committees find that the State's ability to evaluate the presence of environmental toxins in its air, water, soil, and biological specimens is severely hindered by the lack of a local laboratory certified by the EPA. Despite the rising number of contamination issues in the State creating an urgent need for a local EPA-certified laboratory, the cost to construct and operate one is currently beyond the State's means. This measure will allow the State to obtain the necessary funding to construct and operate a local EPA-certified laboratory that will enable the State to evaluate possible exposures to toxic compounds in a timely manner, manage and mitigate the impacts of exposure, if needed, and facilitate the prompt and transparent disclosure to the public.

Your Committees have amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 113, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 113, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3613 (Joint) Government Operations and Agriculture and Environment on S.C.R. No. 112

The purpose and intent of this measure is to urge the Department of Accounting and General Services to develop a comprehensive recycling program, with specific focus on the collection of HI-5 recyclable items, to be implemented in all offices at the Hawaii State Capitol.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services and one individual.

Your Committees find that although the State has established sustainable waste management goals, it has not made these efforts mandatory, which limits their effectiveness and participation rates. Your Committees further find that it is essential for the Legislature to lead by example in environmental stewardship efforts; demonstrating the State's commitment to sustainable practices. The comprehensive recycling program to be implemented by this measure will serve as a model for sustainable waste management practices and encourage those in the State to adopt similar recycling measure, thereby facilitating the State's achievement of its sustainability goals.

Your Committees have amended this measure by:

- (1) Clarifying that the Department of Accounting and General Services is demanded, rather than requested, to develop a comprehensive recycling program at the Hawaii State Capitol;
- (2) Amending the list of recipients of its certified copies to include the President of the Senate;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 112, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 112, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3614 (Joint) Government Operations and Agriculture and Environment on S.R. No. 94

The purpose and intent of this measure is to urge the Department of Accounting and General Services to develop a comprehensive recycling program, with specific focus on the collection of HI-5 recyclable items, to be implemented in all offices at the Hawaii State Capitol.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services.

Your Committees find that although the State has established sustainable waste management goals, it has not made these efforts mandatory, which limits their effectiveness and participation rates. Your Committees further find that it is essential for the Legislature to lead by example in environmental stewardship efforts; demonstrating the State's commitment to sustainable practices. The comprehensive recycling program to be implemented by this measure will serve as a model for sustainable waste management practices and encourage those in the State to adopt similar recycling measure, thereby facilitating the State's achievement of its sustainability goals.

Your Committees have amended this measure by:

- (1) Clarifying that the Department of Accounting and General Services is demanded, rather than requested, to develop a comprehensive recycling program at the Hawaii State Capitol;
- (2) Amending the list of recipients of its certified copies to include the President of the Senate;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 94, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 94, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3615 Transportation and Culture and the Arts on S.C.R. No. 146

The purpose and intent of this measure is to urge the Hawaii Sister-State Committee to recommend the initiation of a sister-state relationship between Hawaii and the province of Baleares.

Your Committee received testimony in support of this measure from five individuals.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that pursuant to section 229-3, Hawaii Revised Statutes, the initiation of a sister-state relationship between Hawaii and another state or province follows an evaluation and recommendation by the Hawaii Sister-State Committee, which then forwards its recommendation to the Legislature for its consideration. Your Committee further finds that the province of the Balearic Islands, also known as Baleares, is comparable to Hawaii in many ways, including but not limited to geography, tourism, housing, climate, and other economic and social similarities. Your Committee concludes that the combination of similar experiences on opposite sides of the world between Hawaii and Baleares affords a valuable opportunity to develop, learn, and confront the most pressing issues effecting both places.

Your Committee has amended this measure by:

- (1) Specifying that the State is encouraged to consider the initiation of a sister-state relationship between Hawaii and the Balearic Islands;
- (2) Specifying that the State is urged to conduct exploratory outreach to meet with appropriate leaders representing the Balearic Islands;
- (3) Adding language to urge the potential sister-state partnership to focus on key issues that Hawaii and the Balearic Islands have in common;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 146, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3616 Transportation and Culture and the Arts on S.R. No. 124

The purpose and intent of this measure is to urge the Hawaii Sister-State Committee to recommend the initiation of a sister-state relationship between Hawaii and the province of Baleares.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that pursuant to section 229-3, Hawaii Revised Statutes, the initiation of a sister-state relationship between Hawaii and another state or province follows an evaluation and recommendation by the Hawaii Sister-State Committee, which then forwards its recommendation to the Legislature for its consideration. Your Committee further finds that the province of the Balearic Islands, also known as Baleares, is comparable to Hawaii in many ways, including but not limited to geography, tourism, housing, climate, and other economic and social similarities. Your Committee concludes that the combination of similar experiences on opposite sides of the world between Hawaii and Baleares affords a valuable opportunity to develop, learn, and confront the most pressing issues effecting both places.

Your Committee has amended this measure by:

- (1) Specifying that the State is encouraged to consider the initiation of a sister-state relationship between Hawaii and the Balearic Islands;
- (2) Specifying that the State is urged to conduct exploratory outreach to meet with appropriate leaders representing the Balearic Islands;
- (3) Adding language to urge the potential sister-state partnership to focus on key issues that Hawaii and the Balearic Islands have in common;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 124, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 124, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3617 Transportation and Culture and the Arts on S.C.R. No. 149

The purpose and intent of this measure is to urge the State Foundation on Culture and the Arts to convene a task force to research and develop a plan to implement chess as a competitive sport.

Your Committee received testimony in support of this measure from one individual.

Your Committee received comments on this measure from the State Foundation on Culture and the Arts.

Your Committee finds that the global chess industry is estimated to be valued at more than \$2,110,000,000, and is expected to continue expanding its financial profitability. Your Committee further finds that beyond entertainment, chess can supplement traditional classroom education by promoting logical thinking, instilling a sense of self-confidence, and improving communication and pattern recognition skills. Your Committee concludes that the State can support mental health and education throughout the State by encouraging the development of a plan to implement chess as a competitive sport.

Your Committee has amended this measure by:

- (1) Urging the task force to research and develop a plan to expand access to chess as a competitive sport;
- (2) Urging the Department of Education to collaborate with Hawaii chess organizations to expand access to chess in public schools as a learning, development, and collaboration tool;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 149, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 149, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3618 Transportation and Culture and the Arts on S.R. No. 127

The purpose and intent of this measure is to urge the State Foundation on Culture and the Arts to convene a task force to research and develop a plan to implement chess as a competitive sport.

Your Committee received comments on this measure from the State Foundation on Culture and the Arts.

Your Committee finds that the global chess industry is estimated to be valued at more than \$2,110,000,000, and is expected to continue expanding its financial profitability. Your Committee further finds that beyond entertainment, chess can supplement traditional classroom education by promoting logical thinking, instilling a sense of self-confidence, and improving communication and pattern recognition skills. Your Committee concludes that the State can support mental health and education throughout the State by encouraging the development of a plan to implement chess as a competitive sport.

Your Committee has amended this measure by:

- (1) Urging the task force to research and develop a plan to expand access to chess as a competitive sport;
- (2) Urging the Department of Education to collaborate with Hawaii chess organizations to expand access to chess in public schools as a learning, development, and collaboration tool;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 127, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 127, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3619 Transportation and Culture and the Arts on S.C.R. No. 198

The purpose and intent of this measure is to encourage the Capitol Modern museum and State Foundation on Culture and the Arts to increase opportunities for artists, songwriters, and producers to showcase their talent on a public platform while fostering access to all forms of art, including fine arts, performing arts, music, filmmaking, digital arts, literature, wood carving, photography, and ceramics.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and two individuals.

Your Committee finds that in 1967, Hawaii became the first state in the nation to adopt a percent-for-art law with the enactment of the Art in State Buildings law, which designates one percent of construction costs of new buildings for the acquisition of works of art, either by commission or purchase. Your Committee further finds that the Art in Public Places Program, supported by the percent-for-art law, has enhanced the physical environment of state buildings while providing educational experiences of visual arts to the public. Your Committee concludes that student artist internships, art education, and art programs are important foundations to teach, train, equip, and empower artists, encourage local talent, and help independent producers grow their artistry.

Your Committee has amended this measure by:

- (1) Inserting language urging the Capitol Modern museum and State Foundation on Culture and the Arts to:
 - (A) Foster access to modern art and creative media;

- (B) Prioritize educational, extracurricular, and career development strategies for marginalized schools and students;
 - (C) Collaborate with the Honolulu Community College Music & Entertainment Learning Experience, University of Hawaii-West Oahu Creative Media Program, Creative Lab Hawai'i, and Entrepreneurs Sandbox; and
 - (D) Increase accessibility to art for youth through performances, classes, and training; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 198, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 198, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3620 Transportation and Culture and the Arts on S.R. No. 174

The purpose and intent of this measure is to encourage the Capitol Modern museum and State Foundation on Culture and the Arts to increase opportunities for artists, songwriters, and producers to showcase their talent on a public platform while fostering access to all forms of art, including fine arts, performing arts, music, filmmaking, digital arts, literature, wood carving, photography, and ceramics.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts.

Your Committee finds that in 1967, Hawaii became the first state in the nation to adopt a percent-for-art law with the enactment of the Art in State Buildings law, which designates one percent of construction costs of new buildings for the acquisition of works of art, either by commission or purchase. Your Committee further finds that the Art in Public Places Program, supported by the percent-for-art law, has enhanced the physical environment of state buildings while providing educational experiences of visual arts to the public. Your Committee concludes that student artist internships, art education, and art programs are important foundations to teach, train, equip, and empower artists, encourage local talent, and help independent producers grow their artistry.

Your Committee has amended this measure by:

- (1) Inserting language urging the Capitol Modern museum and State Foundation on Culture and the Arts to:
 - (A) Foster access to modern art and creative media;
 - (B) Prioritize educational, extracurricular, and career development strategies for marginalized schools and students;
 - (C) Collaborate with the Honolulu Community College Music & Entertainment Learning Experience, University of Hawaii-West Oahu Creative Media Program, Creative Lab Hawai'i, and Entrepreneurs Sandbox; and

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 174, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 174, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3621 (Joint) Health and Human Services and Judiciary on S.C.R. No. 135

The purpose and intent of this measure is to urge the Governor's Senior Advisor for Mental Health and the Justice System to define their role and to provide an annual report to the Legislature on the progress the State has made towards jail diversion.

Your Committees received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Office of Youth Services, and Hawaii Substance Abuse Coalition.

Your Committees received testimony in opposition to this measure from the Department of Health.

Your Committees received comments on this measure from the Office of the Governor, Governor's Coordinator on Homelessness, Department of Corrections and Rehabilitation, Office of Wellness and Resilience, Department of Human Services, the Judiciary, and Opportunity Youth Action Hawai'i.

Your Committees find that the Governor's Senior Advisor for Mental Health and the Justice System has a crucial role in improving the State's implementation of the Substance Abuse and Mental Health Services Administration (SAMHSA) model on jail diversion, which details how individuals with mental and substance use disorders come into contact with and move through the criminal justice system. Your Committees further find that it is vital for the Senior Advisor to gather and report substantive data on the various community programs funded by the Department of Human Services, Department of Health, and the Judiciary that provide various services in the SAMHSA model on jail diversion. This measure increases transparency on the progress that the Senior Advisor for Mental Health and the Justice System has made on jail diversion in the State and also supports the implementation of a targeted approach to enhance services in jails and prisons, support robust re-entry services in the State, and support deflection and diversion services.

Your Committees have amended this measure by:

- (1) Inserting findings that the uniqueness and importance of having a position in the Office of the Governor that is dedicated to mental health and the justice system makes the Senior Advisor for Mental Health and the Justice System a de facto lead on mental health and the justice system initiatives for the State;
- (2) Inserting language to clarify that the Senior Advisor for Mental Health and the Justice System's annual reports to the Legislature are requested to:
 - (A) Include any proposed legislation;
 - (B) Include a review of all federal and state court cases and constitutional, statutory, and rule changes impacting the Hawaii Revised Statutes that relate to mental health and involuntary transport, examination, hospitalization, and treatment, including assisted community treatment, as proposed in Senate Bill No. 2992, S.D. 2, H.D. 1 (2024); and
 - (C) Be made publicly available;
- (3) Inserting language to request the Senior Advisor for Mental Health and the Justice System to regularly submit reports to the Chairperson of the Senate Standing Committee on Health and Human Services on the progress the State has made towards jail diversion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 135, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 135, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Awa).
 Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3622 (Joint) Health and Human Services and Judiciary on S.R. No. 122

The purpose and intent of this measure is to urge the Governor's Senior Advisor for Mental Health and the Justice System to define their role and to provide an annual report to the Legislature on the progress the State has made towards jail diversion.

Your Committees received testimony in support of this measure from the Hawaii Substance Abuse Coalition.

Your Committees received comments on this measure from the Office of the Governor, Governor's Coordinator on Homelessness, Department of Corrections and Rehabilitation, Department of Human Services, and the Judiciary.

Your Committees find that the Governor's Senior Advisor for Mental Health and the Justice System has a crucial role in improving the State's implementation of the Substance Abuse and Mental Health Services Administration (SAMHSA) model on jail diversion, which details how individuals with mental and substance use disorders come into contact with and move through the criminal justice system. Your Committees further find that it is vital for the Senior Advisor to gather and report substantive data on the various community programs funded by the Department of Human Services, Department of Health, and the Judiciary that provide various services in the SAMHSA model on jail diversion. This measure increases transparency on the progress that the Senior Advisor for Mental Health and the Justice System has made on jail diversion in the State and also supports the implementation of a targeted approach to enhance services in jails and prisons, support robust re-entry services in the State, and support deflection and diversion services.

Your Committees have amended this measure by:

- (1) Inserting findings that the uniqueness and importance of having a position in the Office of the Governor that is dedicated to mental health and the justice system makes the Senior Advisor for Mental Health and the Justice System a de facto lead on mental health and the justice system initiatives for the State;
- (2) Inserting language to clarify that the Senior Advisor for Mental Health and the Justice System's annual reports to the Legislature are requested to:

 - (B) Include a review of all federal and state court cases and constitutional, statutory, and rule changes impacting the Hawaii Revised Statutes that relate to mental health and involuntary transport, examination, hospitalization, and treatment, including assisted community treatment, as proposed in Senate Bill No. 2992, S.D. 2, H.D. 1 (2024); and
 - (C) Be made publicly available;
- (3) Inserting language to request the Senior Advisor for Mental Health and the Justice System to regularly submit reports to the Chairperson of the Senate Standing Committee on Health and Human Services on the progress the State has made towards jail diversion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 122, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 122, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Awa).
 Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3623 (Joint) Commerce and Consumer Protection and Health and Human Services on S.C.R. No. 207

The purpose and intent of this measure is to request the Auditor to conduct a sunrise analysis on mandating dental and vision insurance coverage.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board.

Your Committees received comments on this measure from the Office of the Auditor.

Your Committees find that preventive dental and vision care has a direct impact on a person's health and wellness. In addition to cavities and gum disease, dental health is also linked to cardiovascular disease, cancer, and diabetes. Further, a vision exam can identify more than just the need for corrective lenses, but can uncover eye diseases, such as macular degeneration, cataracts, and glaucoma. Notwithstanding, your Committees find that over 223,000 Hawaii residents do not have dental insurance coverage and the same number of residents or more, also do not have vision insurance coverage. Therefore, this measure requests the Auditor to conduct a social and financial assessment of mandating dental and vision coverage to further efforts to support the health of residents in the State.

Your Committees have amended this measure by:

- (1) Identifying S.B. No. 2259, S.D. 2 (2024), as the specific legislative measure that would mandate the dental and vision insurance treatment coverage described in this measure, which is requested to be analyzed pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes;
- (2) Amending its title to clarify its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 207, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 207, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (Aquino, Awa).

SCRep. 3624 (Joint) Commerce and Consumer Protection and Health and Human Services on S.R. No. 183

The purpose and intent of this measure is to request the Auditor to conduct a sunrise analysis on mandating dental and vision insurance coverage.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board.

Your Committees received comments on this measure from the Office of the Auditor.

Your Committees find that preventive dental and vision care has a direct impact on a person's health and wellness. In addition to cavities and gum disease, dental health is also linked to cardiovascular disease, cancer, and diabetes. Further, a vision exam can identify more than just the need for corrective lenses, but can uncover eye diseases, such as macular degeneration, cataracts, and glaucoma. Notwithstanding, your Committees find that over 223,000 Hawaii residents do not have dental insurance coverage and the same number of residents or more, also do not have vision insurance coverage. Therefore, this measure requests the Auditor to conduct a social and financial assessment of mandating dental and vision coverage to further efforts to support the health of residents in the State.

Your Committees have amended this measure by:

- (1) Identifying S.B. No. 2259, S.D. 2 (2024), as the specific legislative measure that would mandate the dental and vision insurance treatment coverage described in this measure, which is requested to be analyzed pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes;
- (2) Amending its title to clarify its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 183, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 183, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (Aquino, Awa).

SCRep. 3625 (Joint) Health and Human Services and Agriculture and Environment on S.C.R. No. 222

The purpose and intent of this measure is to request the Department of Health to carry out widespread soil testing in Lahaina and to develop a soil remediation plan.

Your Committees received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and one individual.

Your Committees received comments on this measure from the Department of Health.

Your Committees find that the August 2023 Maui wildfire was the fifth deadliest wildfire in United States history, with more than two thousand two hundred structures damaged or destroyed. Your Committees further find that high-intensity wildfires such as the wildfire experienced in Lahaina, cause physical, chemical, and biological changes to the surrounding soil. Your Committees additionally find that burned or melted building materials, furniture, plastics, and consumer electronics produce toxic substances that can also contaminate soil, which may threaten human health, groundwater quality, ocean ecosystems, and food production. This measure supports the public and environmental health of the Lahaina community by identifying potential risks of soil contamination following the August 2023 Maui wildfire.

Your Committees note that the Department of Health has recently executed the Comprehensive Environmental Monitoring and Sampling Plan contract for a consultant to review environmental data collected by other federal and state agencies, conduct data management, and design a data portal, and that the Department of Health has requested reimbursement from the Federal Emergency Management Agency for this soil testing contract. However, your Committees further note the concerns raised in the Department of Health's testimony that it does not have the personnel or resources to develop a comprehensive soil remediation plan.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language to request the Department of Health to seek funding for the development of a comprehensive soil remediation plan; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 222, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 222, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3626 (Joint) Health and Human Services and Agriculture and Environment on S.R. No. 198

The purpose and intent of this measure is to request the Department of Health to carry out widespread soil testing in Lahaina and to develop a soil remediation plan.

Your Committees received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i and one individual.

Your Committees find that the August 2023 Maui wildfire was the fifth deadliest wildfire in United States history, with more than two thousand two hundred structures damaged or destroyed. Your Committees further find that high-intensity wildfires such as the wildfire experienced in Lahaina, cause physical, chemical, and biological changes to the surrounding soil. Your Committees additionally find that burned or melted building materials, furniture, plastics, and consumer electronics produce toxic substances that can also contaminate soil, which may threaten human health, groundwater quality, ocean ecosystems, and food production. This measure supports the public and environmental health of the Lahaina community by identifying potential risks of soil contamination following the August 2023 Maui wildfire.

Your Committees note that the Department of Health has recently executed the Comprehensive Environmental Monitoring and Sampling Plan contract for a consultant to review environmental data collected by other federal and state agencies, conduct data management, and design a data portal, and that the Department of Health has requested reimbursement from the Federal Emergency Management Agency for this soil testing contract. However, your Committees further note the concerns raised in the Department of Health's testimony that it does not have the personnel or resources to develop a comprehensive soil remediation plan.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language to request the Department of Health to seek funding for the development of a comprehensive soil remediation plan; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 198, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 198, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Awa).

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

SCRep. 3627 (Joint) Government Operations and Transportation and Culture and the Arts on S.C.R. No. 110

The purpose and intent of this measure is to request the City and County of Honolulu to transfer to the State its authority to construct a Makakilo Drive extension to Kualakai Parkway.

Your Committees received testimony in support of this measure from the Free Access Coalition and Palehua Townhouse Association.

Your Committees find that although over twenty thousand residents live in Makakilo in the City and County of Honolulu, Makakilo Drive remains the only way into and out of the residential area. Given the August 2023 Maui wildfire in Lahaina, your Committees recognize the importance and necessity of evacuation routes and access points in residential areas. This measure promotes public

safety and improves transportation in Makakilo by facilitating the construction of an additional route and access point for residents in the area.

Your Committees acknowledges that the City and County of Honolulu (City and County) has been encountering design and planning setbacks to address the limited access to and from the Makakilo area for years. Accordingly, your Committees recommend that the Department of Transportation and City and County examine a cost-sharing model whereby the State would build the bridges and the City and County would build the roads for the project.

As affirmed by the records of votes of the members of your Committees on Government Operations and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 110 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3628 (Joint) Government Operations and Transportation and Culture and the Arts on S.R. No. 92

The purpose and intent of this measure is to request the City and County of Honolulu to transfer to the State its authority to construct a Makakilo Drive extension to Kualakai Parkway.

Your Committee received testimony in support of this measure from the Palehua Townhouse Association.

Your Committees find that although over twenty thousand residents live in Makakilo in the City and County of Honolulu, Makakilo Drive remains the only way into and out of the residential area. Given the August 2023 Maui wildfire in Lahaina, your Committees recognize the importance and necessity of evacuation routes and access points in residential areas. This measure promotes public safety and improves transportation in Makakilo by facilitating the construction of an additional route and access point for residents in the area.

Your Committees acknowledges that the City and County of Honolulu (City and County) has been encountering design and planning setbacks to address the limited access to and from the Makakilo area for years. Accordingly, your Committees recommend that the Department of Transportation and City and County examine a cost-sharing model whereby the State would build the bridges and the City and County would build the roads for the project.

As affirmed by the records of votes of the members of your Committees on Government Operations and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 92 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

SCRep. 3629 (Joint) Government Operations and Public Safety and Intergovernmental and Military Affairs on S.C.R. No. 103

The purpose and intent of this measure is to request all high-occupancy public buildings constructed after January 1, 2025, to be:

- (1) Designed to withstand category five hurricanes as determined by wind zone maps; and
- (2) Used as shelters in the event of an emergency.

Your Committees received comments on this measure from the Department of Accounting and General Services.

Your Committees find that the State is vulnerable to catastrophic natural disasters, including hurricanes, that can devastate communities. Historically, the State's two defenses against hurricanes have been its cool seas that slow and weaken hurricanes and strong trade winds that tear hurricanes apart; however, climate change is not only increasing the frequency and strength of hurricanes worldwide but also warming the seas and weakening trade winds, further increasing the vulnerability of the State. As such, improved emergency preparedness is of paramount importance. This measure requests that certain public buildings be designed for stronger resiliency to expand the number of available shelters in the State, thereby increasing the protection of Hawaii's people.

Your Committees acknowledge the concerns raised by the Department of Accounting and General Services that the design process for buildings to be constructed after January 1, 2025, is likely to have been completed, and that amending the designs of these and other projects that are under design or considered for appropriations to comply with this measure would require a higher budget than previously appropriated or estimated. Your Committees further acknowledge that this measure does not define "high-occupancy public buildings", and it would not be unreasonable to interpret the term to include privately constructed high-occupancy buildings available to the public and federally constructed high-occupancy buildings. Therefore, this measure needs to be amended to address these matters.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the measure applies to all high-occupancy state and county buildings, the design of which commences on or after July 1, 2025, rather than all high-occupancy public buildings constructed after January 1, 2025;
- (2) Inserting language requesting that these buildings not only be designed but also be constructed to withstand category five hurricanes;
- (3) Inserting language that defines the term "high-occupancy state and county building";
- (4) Amending its title to reflect its amended purpose; and

- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 103, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 103, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Awa).

SCRep. 3630 (Joint) Government Operations and Public Safety and Intergovernmental and Military Affairs on S.R. No. 85

The purpose and intent of this measure is to request all high-occupancy public buildings constructed after January 1, 2025, to be:

- (1) Designed to withstand category five hurricanes as determined by wind zone maps; and
- (2) Used as shelters in the event of an emergency.

Your Committees received comments on this measure from the Department of Accounting and General Services.

Your Committees find that the State is vulnerable to catastrophic natural disasters, including hurricanes, that can devastate communities. Historically, the State's two defenses against hurricanes have been its cool seas that slow and weaken hurricanes and strong trade winds that tear hurricanes apart; however, climate change is not only increasing the frequency and strength of hurricanes worldwide but also warming the seas and weakening trade winds, further increasing the vulnerability of the State. As such, improved emergency preparedness is of paramount importance. This measure requests that certain public buildings be designed for stronger resiliency to expand the number of available shelters in the State, thereby increasing the protection of Hawaii's people.

Your Committees acknowledge the concerns raised by the Department of Accounting and General Services that the design process for buildings to be constructed after January 1, 2025, is likely to have been completed, and that amending the designs of these and other projects that are under design or considered for appropriations to comply with this measure would require a higher budget than previously appropriated or estimated. As affirmed by the records of votes of the members of your Committees on Government Operations and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 85, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 85, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Awa).

SCRep. 3631 (Joint) Government Operations and Water and Land on S.C.R. No. 210

The purpose and intent of this measure is to request that the Department of Accounting and General Services and Department of Land and Natural Resources work with the City and County of Honolulu to establish a community garden on the east lawn of the Hawaii State Capitol.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Seed Growers Network, and Hawai'i Farm Bureau.

Your Committees received testimony in opposition to this measure from one individual.

Your Committees received comments on this measure from the Department of Accounting and General Services.

Your Committees find that community gardens can produce substantial amounts of healthy, local produce, thereby contributing to the achievement of the State's local food production goals. Your Committees recognize that the east lawn of the State Capitol is underutilized and that establishing a community garden on this underutilized area would reaffirm the State's commitment to sustainability, community, and transparency.

Your Committees note the concerns raised in testimony that establishment of a community garden on the east lawn of the State Capitol may have structural impacts on the State Capitol's underground parking garage, including the increase in water usage to sustain the garden damaging the garage's lights and electrical wiring. Furthermore, given the historic nature of the site, consultation with the State Historic Preservation Division may be necessary. Testimony also raised concerns as to the lack of sufficient parking near the site,

which may create hardship for the community to utilize the garden. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committees have amended this measure by:

- (1) Deleting language that references the State Capitol and its east lawn;
- (2) Inserting language that requests the Department of Accounting and General Services and Department of Land and Natural Resources to work with the City and County of Honolulu to establish community gardens on underutilized public land;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that this measure, as amended, does not condone the immediate establishment of community gardens in public infrastructure.

As affirmed by the records of votes of the members of your Committees on Government Operations and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 210, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 210, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

Water and Land: Ayes, 5; Ayes with Reservations (Elefante, Fevella). Noes, none. Excused, none.

SCRep. 3632 (Joint) Government Operations and Water and Land on S.R. No. 186

The purpose and intent of this measure is to request that the Department of Accounting and General Services and Department of Land and Natural Resources work with the City and County of Honolulu to establish a community garden on the east lawn of the Hawaii State Capitol.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Farm Bureau, and Food+ Policy Internship 2024.

Your Committees received comments on this measure from the Department of Accounting and General Services.

Your Committees find that community gardens can produce substantial amounts of healthy, local produce, thereby contributing to the achievement of the State's local food production goals. Your Committees recognize that the east lawn of the State Capitol is underutilized and that establishing a community garden on this underutilized area would reaffirm the State's commitment to sustainability, community, and transparency.

Your Committees note the concerns raised in testimony that establishment of a community garden on the east lawn of the State Capitol may have structural impacts on the State Capitol's underground parking garage, including the increase in water usage to sustain the garden damaging the garage's lights and electrical wiring. Furthermore, given the historic nature of the site, consultation with the State Historic Preservation Division may be necessary. Testimony also raised concerns as to the lack of sufficient parking near the site, which may create hardship for the community to utilize the garden. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committees have amended this measure by:

- (1) Deleting language that references the State Capitol and its east lawn;
- (2) Inserting language that requests the Department of Accounting and General Services and Department of Land and Natural Resources to work with the City and County of Honolulu to establish community gardens on underutilized public land;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that this measure, as amended, does not condone the immediate establishment of community gardens in public infrastructure.

As affirmed by the records of votes of the members of your Committees on Government Operations and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 186, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 186, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

Water and Land: Ayes, 5; Ayes with Reservations (Elefante, Fevella). Noes, none. Excused, none.

SCRep. 3633 Health and Human Services on S.C.R. No. 94

The purpose and intent of this measure is to request the establishment of a Telehealth Working Group to:

- (1) Examine the impact of widespread telehealth adoption during the coronavirus disease 2019 (COVID-19) pandemic;
- (2) Identify public policy initiatives at the federal and state level to optimize the telehealth utilization as the State transitions out of the COVID-19 pandemic; and
- (3) Submit a report to the Legislature before the Regular Session of 2025.

Your Committee received testimony in support of this measure from the Department of Human Services, The Queen's Health System, Grassroot Institute of Hawaii, and Hawaii Medical Service Association.

Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that the State experienced an increase in the use of telehealth during the COVID-19 pandemic. Your Committee further finds that although there is some data to support the safety, efficacy, timeliness, access, and cost effectiveness of telehealth, the impact of widespread telehealth adoption in the State is largely unknown. This measure will allow the State to obtain a full evaluation of the impact of widespread telehealth adoption in the State on safety, utilization, total cost of care, and patient and provider satisfaction and greater insight into existing telehealth challenges and benefits to determine how best to integrate telehealth into in-person practice as the State transitions out of the COVID-19 pandemic.

Your Committee has amended this measure by:

- (1) Clarifying that the Telehealth Working Group's representative from the Professional and Vocational Licensing (PVL) Division of the Department of Commerce and Consumer Affairs is to be appointed by the Licensing Administrator of the PVL Division or the Licensing Administrator's designee;
- (2) Inserting language to add one representative from health plans in the State to the Telehealth Working Group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 94, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 94, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3634 Health and Human Services on S.R. No. 80

The purpose and intent of this measure is to request the establishment of a Telehealth Working Group to:

- (1) Examine the impact of widespread telehealth adoption during the coronavirus disease 2019 (COVID-19) pandemic;
- (2) Identify public policy initiatives at the federal and state level to optimize the telehealth utilization as the State transitions out of the COVID-19 pandemic; and
- (3) Submit a report to the Legislature before the Regular Session of 2025.

Your Committee received testimony in support of this measure from the Department of Human Services, Grassroot Institute of Hawaii, and Hawaii Medical Service Association.

Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that the State experienced an increase in the use of telehealth during the COVID-19 pandemic. Your Committee further finds that although there is some data to support the safety, efficacy, timeliness, access, and cost effectiveness of telehealth, the impact of widespread telehealth adoption in the State is largely unknown. This measure will allow the State to obtain a full evaluation of the impact of widespread telehealth adoption in the State on safety, utilization, total cost of care, and patient and provider satisfaction and greater insight into existing telehealth challenges and benefits to determine how best to integrate telehealth into in-person practice as the State transitions out of the COVID-19 pandemic.

Your Committee has amended this measure by:

- (1) Clarifying that the Telehealth Working Group's representative from the Professional and Vocational Licensing (PVL) Division of the Department of Commerce and Consumer Affairs is to be appointed by the Licensing Administrator of the PVL Division or the Licensing Administrator's designee;
- (2) Inserting language to add one representative from health plans in the State to the Telehealth Working Group; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 80, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 80, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3635 Commerce and Consumer Protection on S.C.R. No. 183

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the County of Maui to investigate and enforce applicable laws against landlords who are ending rental agreements to house FEMA-eligible households through the Direct Lease Program or the Department of Human Services Rental Assistance Program.

Your Committee received testimony in support of this measure from Kaibigan ng Lāhaina.

Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee finds that the Federal Emergency Management Agency (FEMA) and the State have been providing short-term housing for households that were displaced by the August 2023 Maui wildfire through FEMA's Direct Lease Program and the Department of Human Services' Rental Assistance Program (RAP). Your Committee further finds that because these programs pay above-market rates, it has been reported that some landlords on Maui have been refusing to renew lease agreements with existing tenants to rent the properties to FEMA- or RAP-eligible households in favor of higher rents. Your Committee finds that these incidents are not only unfair and unethical, but may also violate the moratorium on evictions established by the Governor's emergency proclamations. Therefore, this measure urges the Department of Commerce and Consumer Affairs and the County of Maui to address these illegal practices and ensure the stability of housing for residents in Lahaina.

Notwithstanding, your Committee notes the concerns raised by the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, testifying that the responsibility to investigate and enforce applicable laws against unscrupulous landlords who may have violated the Governor's emergency proclamation falls on the Department of the Attorney General. Therefore, amendments to this measure are necessary to address this issue.

Accordingly, your Committee has amended this measure by:

- (1) Urging the Department of the Attorney General, rather than the Department of Commerce and Consumer Affairs and Maui County, to investigate and enforce applicable laws against landlords who are ending rental agreements to house FEMA-eligible households through the Direct Lease Program or the Department of Human Services Rental Assistance Program;
- (2) Amending its title to reflect its amended purpose;
- (3) Updating the list of certified copy recipients by replacing the Director of Commerce and Consumer Affairs and Mayor of the County of Maui with the Attorney General; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 183, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

SCRep. 3636 Commerce and Consumer Protection on S.R. No. 157

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the County of Maui to investigate and enforce applicable laws against landlords who are ending rental agreements to house FEMA-eligible households through the Direct Lease Program or the Department of Human Services Rental Assistance Program.

Your Committee received testimony in support of this measure from Kaibigan ng Lāhaina.

Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee finds that the Federal Emergency Management Agency (FEMA) and the State have been providing short-term housing for households that were displaced by the August 2023 Maui wildfire through FEMA's Direct Lease Program and the Department of Human Services' Rental Assistance Program (RAP). Your Committee further finds that because these programs pay above-market rates, it has been reported that some landlords on Maui have been refusing to renew lease agreements with existing tenants to rent the properties to FEMA- or RAP-eligible households in favor of higher rents. Your Committee finds that these incidents are not only unfair and unethical, but may also violate the moratorium on evictions established by the Governor's emergency proclamations. Therefore, this measure urges the Department of Commerce and Consumer Affairs and the County of Maui to address these illegal practices and ensure the stability of housing for residents in Lahaina.

Notwithstanding, your Committee notes the concerns raised by the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, testifying that the responsibility to investigate and enforce applicable laws against unscrupulous landlords who may have violated the Governor's emergency proclamation falls on the Department of the Attorney General. Therefore, amendments to this measure are necessary to address this issue.

Accordingly, your Committee has amended this measure by:

- (1) Urging the Department of the Attorney General, rather than the Department of Commerce and Consumer Affairs and Maui County, to investigate and enforce applicable laws against landlords who are ending rental agreements to house FEMA-eligible households through the Direct Lease Program or the Department of Human Services Rental Assistance Program;
- (2) Amending its title to reflect its amended purpose;

- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 157, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 157, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).

SCRep. 3637 (Joint) Commerce and Consumer Protection and Housing on S.C.R. No. 115

The purpose and intent of this measure is to encourage developers to incorporate net zero water building strategies when constructing and renovating housing projects in the State.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Ulupono Initiative, and seven individuals.

Your Committees find that a net zero water project creates a water-neutral building where the amount of alternative water--water sourced sustainably, such as harvested rainwater--used and water collected from the building systems such as green infrastructure and on-site treated wastewater, and returned to the original water source is equal to the building's total water consumption. This measure encourages developers to incorporate net zero water building strategies into their construction and renovation of housing projects in the State to help reduce pollution, mitigate impacts on aquifers, and conserve Hawaii's precious water resources.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 115 and recommend its adoption.

Signed by the Chair and the President on behalf of the Committees.
Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).
Housing: Ayes, 3. Noes, none. Excused, 2 (Kanuha, Awa).

SCRep. 3638 (Joint) Commerce and Consumer Protection and Housing on S.R. No. 98

The purpose and intent of this measure is to encourage developers to incorporate net zero water building strategies when constructing and renovating housing projects in the State.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committees find that a net zero water project creates a water-neutral building where the amount of alternative water--water sourced sustainably, such as harvested rainwater--used and water collected from the building systems such as green infrastructure and on-site treated wastewater, and returned to the original water source is equal to the building's total water consumption. This measure encourages developers to incorporate net zero water building strategies into their construction and renovation of housing projects in the State to help reduce pollution, mitigate impacts on aquifers, and conserve Hawaii's precious water resources.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 98 and recommend its adoption.

Signed by the Chair and the President on behalf of the Committees.
Commerce and Consumer Protection: Ayes, 3. Noes, none. Excused, 2 (McKelvey, Awa).
Housing: Ayes, 3. Noes, none. Excused, 2 (Kanuha, Awa).

SCRep. 3639 Health and Human Services on Gov. Msg. No. 606

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF HEALTH

G.M. No. 606 VALERIE KATO, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Valerie Kato for service as the Deputy Director of the Department of Health.

Your Committee received testimony in support of the nomination for the appointment of Valerie Kato from the Governor; Department of Land and Natural Resources; Department of Health; Department of Hawaiian Home Lands; Department of Budget and Finance; Department of Transportation; Department of Law Enforcement; Department of Corrections and Rehabilitation; Department of Commerce and Consumer Affairs; Department of Defense; Department of Agriculture; Department of Accounting and General Services; Department of Taxation; Department of Business, Economic Development, and Tourism; Department of Labor and Industrial Relations; Executive Office on Aging; and eighty individuals.

Upon review of the testimony, your Committee finds that Ms. Kato's background and dedication to serving the public qualify her to be appointed as the Deputy Director of the Department of Health.

Your Committee notes that Ms. Kato has been serving as the First Deputy Director for the Department of Health on an interim basis since July 2023. In her role, Ms. Kato manages and provides direction to various Department of Health offices and analyzes and develops internal administrative and procurement policies and procedures to ensure the Department efficiently meets its statutory and ethical obligations. Ms. Kato also leads budget preparation and supervises the management of facilities and the coordination of resources. Recently, Ms. Kato has been overseeing the provision of vital records requests for those on Maui who lost their records as a result of the August 2023 Maui wildfires. Prior to joining the Department of Health, Ms. Kato worked for the Department of the Attorney General in various roles, including as Deputy Attorney General for the Commerce and Economic Development Division, Covid Exemption Team, and Health Division. More recently, Ms. Kato served as First Deputy Attorney General and Supervising Deputy Attorney General for the Health Division where she provided legal services to the Department of Health. Prior to that, Ms. Kato worked as an associate attorney for fifteen years, focusing on commercial litigation, real property disputes, labor and employment law, probate and trust litigation, personal injury, and bankruptcy matters. Ms. Kato received her Juris Doctor from Georgetown University Law Center and has a Bachelor's degree in English from the University of Hawaii at Manoa where she

graduated with honors. Ms. Kato is also an active member in her community and has served in multiple capacities with Hui Makaala, Hawaii United Okinawa Association, and Read to Me International.

Your Committee believes that Ms. Kato's extensive experience in diverse legal services, planning of policy and program development, knowledge of statutory and ethical requirements, alternative dispute resolution, and background working with the Department of Health will be assets for the Department and will help forge a more efficient administration. Your Committee further notes that Ms. Kato's personal statement expresses her goals to improve the efficiency and effectiveness of the Department of Health's internal procurement processes to enable programs to timely procure goods and services, fill critical vacancies, improve services to the public, and improve the Department's facilities. Your Committee therefore recommends that Valerie Kato be appointed as Deputy Director of the Department of Health based on her knowledge, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3640 (Joint) Ways and Means and Judiciary on H.B. No. 2480

The purpose and intent of this measure is to modernize the process for authentication services provided by the Office of the Lieutenant Governor.

More specifically, this measure:

- (1) Requires the Office of the Lieutenant Governor to set a fee by administrative rule for the issuance of an apostille or a non-apostille certification;
- (2) Establishes the apostilles and certifications special fund; and
- (3) Appropriates moneys into and out of the special fund.

Your Committees received written comments in support of this measure from the Office of the Lieutenant Governor.

Your Committees find that the fees authorized and the special fund established by this measure will enable the Office of the Lieutenant Governor to successfully execute its constitutional obligations regarding authentication services and to cost-effectively and conveniently serve the public.

Your Committees note that this measure, as received by your Committees, appropriated \$12,000 into and out of the apostilles and certifications special fund.

Your Committees have amended this measure by changing the appropriations to unspecified amounts to facilitate further discussion on the measure.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2480, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2480, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3641 Judiciary on H.B. No. 2058

The purpose and intent of this measure is to:

- (1) Establish requirements and penalties for owners of dangerous dogs; and
- (2) Allow for impounding of dangerous dogs under certain conditions.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney of the County of Hawai'i, three members of the Hawai'i County Council, Hawai'i State Association of Counties, Hawaiian Humane Society, Hawai'i Animal Welfare Association, Animal Interfaith Alliance in Britain, Americans for Democratic Action Hawai'i, Hina's Legacy Rescue Foundation, Malama O Puna, and one hundred twenty-three individuals.

Your Committee received testimony in opposition to this measure from the Office of the Public Defender and two individuals.

Your Committee received comments on this measure from the Department of the Attorney General, Department of Agriculture, and American Kennel Club.

Your Committee finds that the State struggles with the problem of loose dogs that behave aggressively. To address this issue, the County of Hawaii passed Ordinance No. 36 in 2022 to establish fines, penalties, and other regulations for individuals who own dangerous dogs. However, dog attacks have continued to occur, demonstrating the need for stronger laws and enforcement. Your Committee also finds that existing state law preempts the enactment of felony offenses through county ordinance. This measure will protect the public by addressing dangerous conditions caused by dogs and their owners in local communities and imposing appropriate penalties.

Your Committee has amended this measure by:

- (1) Establishing the new part added by this measure in chapter 711, Hawaii Revised Statutes, instead of chapter 142, Hawaii Revised Statutes;
- (2) Deleting language that would have included a private contractor retained by a county to enforce animal laws in the definition of “animal control authority”;
- (3) Inserting a definition for “bodily injury” to have the same meaning as defined in section 707-700, Hawaii Revised Statutes;
- (4) Inserting definitions for “intentionally”, “knowingly”, and “recklessly” as those terms are defined in section 702-206, Hawaii Revised Statutes;
- (5) Defining “officer” to mean any sheriff, deputy, and any member of a police force and animal control officers of the several counties of the State;
- (6) Inserting a definition for “substantial bodily injury” to have the same meaning as defined in section 707-700, Hawaii Revised Statutes and replacing the term “serious bodily injury” with “substantial bodily injury”;
- (7) Replacing the term “serious injury to any animal” with “substantial injury to any animal”;
- (8) Deleting language that would have allowed a law enforcement officer to enter the premises where a dangerous dog is located to seize and impound the dog if there is probable cause to believe that there is a violation of section 143-2.6, Hawaii Revised Statutes;
- (9) Clarifying that a law enforcement officer is not liable for any damage resulting from an entry to impound a dangerous dog unless the damage was caused by acts beyond the scope of the officer’s authority or the officer’s negligence, gross negligence, or intentional misconduct rather than the damage resulted from intentional or reckless behavior;
- (10) Clarifying that the owner of a dangerous dog is required to pay the animal control authority within five days after the dangerous dog is impounded;
- (11) Clarifying that a dangerous dog owner’s failure to pay impoundment, care, and provision costs for the dangerous dog may result in forfeiture of the dangerous dog owner’s right to contest those costs and any ownership rights to the dangerous dog;
- (12) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (13) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2058, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2058, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3642 (Majority) Judiciary on H.B. No. 1980

The purpose and intent of this measure is to establish the separate offense and applicable penalties relating to the fighting of birds in the first and second degrees.

Your Committee received testimony in support of this measure from the Hawaii High Intensity Drug Trafficking Area, Department of Law Enforcement, Honolulu Police Department, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, Animal Welfare Institute, Humane Society of the United States, Hawaiian Humane Society, Animal Interfaith Alliance in Britain, Hina’s Legacy Rescue Foundation, Fur-Angel Foundation, and twenty-seven individuals.

Your Committee received testimony in opposition to this measure from T’s Farm Supply LLC, Hawaii Game Breeders Association, a form letter signed by more than one hundred thirty individuals, a form letter signed by more than one thousand two hundred seventy individuals, and more than one hundred seventy-five individuals.

Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that although existing law has separate offenses allowing prosecution of people who attend or wager on dog fighting, no clear equivalent exists for bird fighting, despite its long history in the State. Additionally, other forms of criminal activity, such as illegal gambling and drug trafficking, are often present at bird fights. This measure will reduce criminal activity in local communities by allowing prosecution of those who provide venues, organization, and other material support for bird fighting.

Your Committee has amended this measure by:

- (1) Inserting language increasing the criminal penalty of cruelty to animals by fighting birds in the first degree to a class B felony if the offense involves five or more birds;
- (2) Deleting language that would have made each violation of cruelty to animals by fighting birds in the first degree, including each bird involved in a violation of the offense, a separate offense;
- (3) Inserting language clarifying that multiple violations of cruelty to animals by fighting birds in the first degree which occur on the same day constitute a single offense;
- (4) Deleting language that would have made each violation of cruelty to animals by fighting birds in the second degree, including each bird and each device used in the violation, a separate offense;

- (5) Inserting language clarifying that multiple violations of cruelty to animals by fighting birds in the second degree which occur on the same day constitute a single offense;
- (6) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1980, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1980, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (San Buenaventura). Noes, 1 (Awa). Excused, none.

SCRep. 3643 Ways and Means on H.B. No. 2377

The purpose and intent of this measure is to make an emergency appropriation to transfer funds within a department to meet operating budget shortfalls and other program requirements for the fourth quarter of fiscal year 2024.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, Department of Corrections and Rehabilitation, and Department of Transportation.

Your Committee finds that Act 164, Session Laws of Hawaii 2023, did not contain a provision that was included in previous budget Acts and authorized the Governor to transfer funds between programs within a department to address budget shortfalls and other program requirements. The omission of such a proviso has caused a critical funding emergency by limiting the ability of departments to transfer funds between their programs to address changing conditions. The transfer of funds in this measure will remedy this situation.

Your Committee has amended this measure by:

- (1) Transferring \$24,000,000 out of PSD 402, 405, 406, 409, 410, 420, 421, and 808;
- (2) Transferring \$3,500,000 into PSD407;
- (3) Transferring \$20,500,000 into PSD900; and
- (4) Inserting the appropriate Ramseyer provision to properly reflect the amendments above.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2377, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2377, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3644 Ways and Means on H.B. No. 2430

The purpose and intent of this measure is to establish and appropriate moneys for the Summer Electronic Benefits Transfer for Children Program.

Your Committee received testimony in support of this measure from the Department of Education, Department of Human Services, Office of the Governor, ABC Stores, AlohaCare, American Heart Association, Down to Earth Organic & Natural, Hawaii Appleseed, Hawaii Children's Action Network Speaks!, Hawaii Farm Bureau, Hawaii Foodbank, Hawaii Good Food Alliance, Hawaii Food Industry Association, Hawaii Public Health Institute, Okimoto Corp., Parents and Children Together, PPRM-Hawaii, and seven individuals.

Your Committee finds that the State will participate in the United States Department of Agriculture's Summer Electronic Benefits Transfer for Children Program, which addresses food insecurities by providing families with financial support during the summer to buy food at grocery stores, farmers markets, or other authorized retailers. Your Committee further finds that this measure will enable the Department of Human Services to develop and implement State participation in this important program, and includes additional funding for necessary administrative costs.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2430, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2430, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3645 Ways and Means on H.B. No. 2488

The purpose and intent of this measure is to amend the minimum qualifications for the Chairperson of the Taxation Board of Review.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that requiring the Chairperson of the Taxation Board of Review to be an attorney or accounting professional with knowledge of and experience in Hawaii state taxes will better reflect the necessary qualifications for the position and will enhance the pool of potential candidates.

Your Committee has amended this measure by changing the effective date from July 1, 3000, to July 1, 2024.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2488, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2488, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3646 Commerce and Consumer Protection on H.B. No. 2394

The purpose and intent of this measure is to amend various sections of article 11 of chapter 431, Hawaii Revised Statutes, that govern Insurance Holding Company Systems in the State to adopt certain revisions that were made to the National Association of Insurance Commissioners (NAIC) Model No. 440, Insurance Holding Company System Regulatory Act.

Your Committee notes that the companion to this measure, S.B. No. 3083, S.D. 1, Regular Session of 2024 (S.B. No. 3083, S.D. 1), is a substantially similar measure that also makes various amendments to article 11 of chapter 431, Hawaii Revised Statutes. S.B. No. 3083, S.D. 1, was previously passed by the Senate and is currently being considered in the House of Representatives.

Prior to the hearing on this measure, your Committee posted and made available for public view a proposed S.D. 1, which amends this measure by deleting its contents and replacing it with the contents of S.B. No. 3081, S.D. 1, Regular Session of 2024 (S.B. No. 3081, S.D. 1), which was previously passed by this Committee and subsequently deferred by your Committee on Ways and Means. S.B. No. 3081, S.D. 1, makes various amendments to title 24, Hawaii Revised Statutes, the State's Insurance Code. Specifically, the proposed S.D. 1:

- (1) Defines "dormant captive insurance company", sets out a procedure to apply for a certificate of dormancy, and exempts certified dormant captive insurance companies from certain taxes and reporting requirements;
- (2) Includes in the term "trade name", names under which individuals or business entities are conducting business or doing business as;
- (3) Clarifies continuing education provider filing requirements;
- (4) Clarifies reinsurance intermediary-manager filing requirements;
- (5) Amends the surety bond threshold requirement for third party administrators and clarifies the audited financial statements requirements; and
- (6) Amends the definitions of "controlled unaffiliated business" and "participant" as applied to captive insurance companies.

Your Committee received testimony in support of the proposed S.D. 1 from the Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee received comments on the proposed S.D. 1 from the Department of the Attorney General.

Your Committee finds that the National Association of Insurance Commissioners (NAIC) updated certain provisions of the Insurance Holding Company System Regulatory Act relating to, among other things, the group capital assessment and calculation, which captures insurer risk at the level of the entire group, and liquidity stress test calculation. During the public hearing on the proposed S.D. 1, the Insurance Commissioner testified that passage of the proposed S.D. 1, which makes amendments to the State's Insurance Code, and S.B. No. 3083, S.D. 1, which makes amendments to article 11 of the Insurance Code, are necessary administrative measures for the Insurance Division to properly supervise the insurance industry and maintain its accreditation status with the NAIC.

Accordingly, your Committee has amended this measure by adopting the proposed S.D. 1.

Your Committee notes the concerns raised in the testimony of the Department of the Attorney General that the proposed S.D. 1 may raise issues pertaining to germaneness, as articulated in *League of Women Voters of Honolulu v. State*, 150 Hawai'i 182, 499 P.3d 382 (2021). Your Committee expressly notes that the proposed S.D. 1 was advanced upon the request of the Insurance Commissioner and Department of Commerce and Consumer Affairs, and pursuant to discussions with the Department of the Attorney General during the public hearing, your Committee finds justified reason to recommend that the proposed S.D. 1 pass Second Reading. Your committee further notes, however, that it is the intent of your Committee to fully comply with the requirements as articulated in *League of Women Voters*, which held that the three-readings process "begin[s] anew after a non-germane amendment changes the object or subject of a bill so that it is no longer related to the original bill as introduced".

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2394, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2394, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Awa).

SCRep. 3647 Judiciary on H.B. No. 1927

The purpose and intent of this measure is to:

- (1) Raise the criminal penalty for the offense of indecent exposure from a petty misdemeanor to a misdemeanor if the victim is less than sixteen years of age; and
- (2) Provide that the state of mind requirement is not applicable to the fact that the victim is less than sixteen years of age and that the actor is strictly liable with respect to the attendant circumstance that the victim was less than sixteen years of age.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawai'i, and two individuals.

Your Committee received testimony in opposition to this measure from the Office of the Public Defender, Friends of Little Beach Maui, American Association of Nude Recreation, and one individual.

Your Committee finds that sexual assault is a serious matter and that victims of sexual assault can suffer trauma for many years. Additionally, children under the age of sixteen, who cannot legally consent to sexual activity, are more vulnerable and potentially subject to greater harm. Your Committee believes that children under sixteen should have more legal protection to prevent exposure to inappropriate sexual conduct. This measure is intended to deter harmful sexual conduct towards children by raising the penalty for the offense of indecent exposure when the victim is less than sixteen years of age.

Your Committee has amended this measure by:

- (1) Replacing the term "victim" with the term "person to whom the genitals were exposed" or "person exposed";
- (2) Clarifying that the person to whom the genitals were exposed must be less than sixteen years of age at the time of the offense for indecent exposure to be a misdemeanor;
- (3) Making it effective upon its approval;
- (4) Amending section 1 to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1927, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1927, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (San Buenaventura). Noes, none. Excused, none.

SCRep. 3648 Judiciary on H.B. No. 1604

The purpose and intent of this measure is to:

- (1) Allow the court to order substance abuse assessment and treatment of a defendant before trial; and
- (2) Prohibit the revocation of parole or arrest of a parolee solely due to the parolee having one positive test for drug use.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Office of the Public Defender, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Democratic Party of Hawai'i, Opportunity Youth Action Hawai'i, ACLU of Hawai'i, and five individuals.

Your Committee received testimony in opposition to this measure from the Hawaii Paroling Authority, Department of the Prosecuting Attorney of the City and County of Honolulu, and four individuals.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that many individuals facing criminal charges also struggle with substance abuse. However, the use of alcohol and illicit substances by parolees is often rooted in complex issues of addiction, rather than a deliberate choice to disregard the law or terms of parole. Additionally, treatment and support for substance abuse have been shown to be more cost-effective and beneficial to society than incarceration. Your Committee believes that subjecting a parolee to arrest and potential revocation of community supervision is disruptive to their overall efforts and progress in re-integrating into their community. This measure will allow people to receive necessary treatment early on and reduce the long-term impacts of untreated substance abuse.

Your Committee has amended this measure by:

- (1) Requiring any substance abuse assessment and necessary treatment be commenced within seven days of a court order issued prior to trial;
- (2) Adding as a basis that a parolee's parole may not be revoked or forfeited solely due to the parolee having one positive test for alcohol use;
- (3) Inserting an effective date of April 14, 2112, to encourage further discussion;
- (4) Amending section 1 to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1604, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1604, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (Elefante). Noes, none. Excused, 1 (Awa).

SCRep. 3649 (Majority) Judiciary on H.B. No. 1842

The purpose and intent of this measure is to:

- (1) Increase the maximum fine for violations of the fire protection laws;
- (2) Specify that each day a violation exists or continues to exist shall constitute a distinct and separate offense;
- (3) Raise the criminal penalty for the offense of arson in the fourth degree to a class C felony if the offense was committed during the time period and within the geographic area in which a red flag warning was in effect; and
- (4) Provide that the state of mind requirement is not applicable to the fact that the red flag warning was in effect and that the actor is strictly liable with respect to the attendant circumstance that the red flag warning was in effect.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Maui Chamber of Commerce, and one individual.

Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that more than ninety-nine percent of fires in the State are human caused. In the University of Hawaii's review of twelve thousand fires, eight hundred had a determined cause, with twenty percent of those fires being suspected arson. Your Committee believes that determining the cause of fires, particularly arson, is crucial to ensuring the accountability for the destruction of properties, environments, and injury or death. This measure will ensure the safety and protection of the State's communities, rangelands, and forested watersheds by deterring certain actions that lead to a heightened risk of wildfires.

Your Committee notes that upon enactment of this measure, the State and county governments will need to consider communicating best practices to those affected by this measure.

Your Committee has amended this measure by:

- (1) Decreasing the maximum fine for a violation of the fire protection laws from \$5,000 to \$2,500;
- (2) Changing the state of mind requirement applicable to the attendant circumstance that the red flag warning was in effect at the time and within the geographic area in which the act was committed to be negligence, rather than strict liability; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1842, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1842, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Awa). Excused, none.

SCRep. 3650 Judiciary on H.B. No. 2183

The purpose and intent of this measure is to establish safe harbor protections for survivors of sexual exploitation who seek medical or law enforcement assistance.

Your Committee received testimony in support of this measure from Rainbow Family 808, Imua Alliance, and four individuals.

Your Committee finds that more than twenty-three percent of sex trafficking victims in the State report being first exploited before turning eighteen. Additionally, more than eighty percent of victims report being raped and ninety-five percent report being physically assaulted. This measure will ensure that victims of sex trafficking are able to seek the help they need without being held legally responsible for the trauma they endured.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2183, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2183, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3651 (Majority) Judiciary on H.B. No. 2231

The purpose and intent of this measure is to:

- (1) Establish as a goal of the State the increased representation of female law enforcement officers in the State by 2030; and
- (2) Require each law enforcement agency to recruit law enforcement officers from diverse backgrounds.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Honolulu Police Department, State of Hawaii Organization of Police Officers, Stonewall Caucus of the Democratic Party of Hawai'i, ACLU of Hawai'i, Policing Project, and one individual.

Your Committee finds that the national average for sworn women police officers in county and city departments is approximately thirteen percent. Additionally, research indicates that female officers use less force, less excessive force, are named in fewer complaints and lawsuits, and see better outcomes for crime victims, especially in sexual assault cases. This measure will improve recruitment and retention of female police officers to meet police staffing shortages while building a police force that better meets the needs of the State's communities.

Your Committee has amended this measure by:

- (1) Expanding the employment goal of each law enforcement agency to include increasing the employment of law enforcement officers who do not adhere to the gender binary;
- (2) Requiring law enforcement agencies to recruit law enforcement officers from diverse backgrounds, including diverse educational backgrounds instead of only schools of social work;
- (3) Amending section 1 to reflect its amended purpose;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2231, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2231, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Awa). Excused, none.

SCRep. 3652 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 2193

The purpose and intent of this measure is to:

- (1) Authorize law enforcement and fire officers to enter and inspect any licensee's or permittee's premises, under certain conditions, to verify compliance with the State's Fireworks Control Law;
- (2) Establish procedures for the Department of Law Enforcement to conduct administrative inspections of controlled premises;
- (3) Require certain licensees and permittees to keep records and maintain inventories;
- (4) Require licensees and permittees to report any stolen fireworks or articles pyrotechnic;
- (5) Authorize a law enforcement agency or county fire department to safely dispose confiscated fireworks and articles pyrotechnic;
- (6) Require violators to be held liable for storage and disposal costs;
- (7) Specify that each type of prohibited firework constitutes a separate violation;
- (8) Authorize the Department of Law Enforcement, in addition to the counties, to enforce the Fireworks Control Law; and
- (9) Make an appropriation.

Your Committees received testimony in support of this measure from the Department of Law Enforcement, Pearl City Neighborhood Board No. 21, Hawaiian Humane Society, and three individuals.

Your Committees find that the Illegal Fireworks Task Force was established in 2023. Although it has been operational for a very short time, the Task Force has removed nearly two hundred thousand pounds of illegal fireworks off of the State's streets. This measure will address several weaknesses identified by the Illegal Fireworks Task Force which include requirements for licensing, recording, and reporting of fireworks related commodities; inspection and disposal authorities for state and county agencies; and a mechanism to recover costs associated with the storage and disposal from those responsible for any illegal fireworks confiscated by authorities.

Your Committees have amended this measure by:

- (1) Deleting language that would have made an unspecified appropriation amount for the continued operation of the Illegal Fireworks Task Force and reimbursement of funds to law enforcement agencies for Task Force-related law enforcement operations;
- (2) Amending section 1 to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2193, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2193, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

SCRep. 3653 (Joint) Judiciary and Ways and Means on H.B. No. 1889

The purpose and intent of this measure is to expand workers' compensation medical benefits for firefighters to include coverage for breast cancer and cancer of the female reproductive organs.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, Disability and Communication Access Board, State Fire Council, Honolulu Fire Department, ILWU Local 142, Chamber of Sustainable Commerce, and one individual.

Your Committees find that over the last decade, the fire profession has experienced an increase in firefighter deaths related to cancer, with female firefighters developing a wide variety of cancers and at an earlier age than most women. Your Committees further find that there are approximately forty female firefighters out of a total of nearly two thousand one hundred active firefighters in the State. Although this is not a high percentage of the total, your Committees believe that female firefighters deserve to be covered due to anatomical differences. This measure will provide female firefighters and their family with the financial and moral support they require if affected by certain cancers.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1889, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1889, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

SCRep. 3654 (Joint) Ways and Means and Judiciary on H.B. No. 2451

The purpose and intent of this measure is to improve the processes for assessing the mental health of criminal defendants.

More specifically, the measure:

- (1) Authorizes an examiner who is appointed to assess a defendant to conduct the examination via telehealth;
- (2) Amends the conditions for release and examination of fitness to proceed for defendants charged with certain petty misdemeanors;
- (3) Provides a mechanism for the automatic screening of certain petty misdemeanants for involuntary hospitalization or assisted community treatment; and
- (4) Appropriates moneys to establish full-time positions and provide additional resources to support the examination of defendants via telehealth.

Your Committees received written comments in support of this measure from the Judiciary, Disability and Communication Access Board, Behavioral Health Administration, Hawaii Substance Abuse Coalition, Hawaii Psychological Association, and three individuals.

Your Committees find that the mental health screenings and assessments authorized and supported by this measure will help the State intervene, divert, and treat persons having mental health issues who become involved with the State's criminal justice system. Your Committees further find that allowing defendants to be examined via telehealth will aid in the timely completion of court-ordered examinations.

Your Committees note that the written comments provided by the Department of Health offer suggested amendments for a conference committee to consider.

Your Committees have amended this measure by:

- (1) Clarifying the definition of "telehealth";
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2451, H.D. 3, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2451, H.D. 3, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3655 (Majority) Commerce and Consumer Protection on H.B. No. 2020

The purpose and intent of this measure is to expand the definition of "renewable energy producer" in section 171-95, Hawaii Revised Statutes, which is used to determine the Board of Land and Natural Resources' disposition of public lands to renewable energy producers.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Public Utilities Commission, Kaua'i Island Utility Cooperative, and Eurus Energy America Corporation.

Your Committee received testimony in opposition to this measure from the Chamber of Sustainable Commerce and 350Hawaii.org.

Your Committee received comments on this measure from Hawaiian Electric.

Your Committee finds that section 171-95, Hawaii Revised Statutes, allows the Board of Land and Natural Resources to lease public lands to renewable energy producers without public auction, enabling the renewable energy producers to directly negotiate with the Board for favorable terms and conditions. However, under existing law, to be eligible for a directly negotiated lease, a renewable energy producer is required to sell all of the net power produced from the demised premises to an electric utility company regulated under the state Public Utilities Commission law. Your Committee finds that by amending the definition of "renewable energy producer" to remove these limitations, this measure will expand the pool of potential applicants eligible for leases, provide the Board of Land and Natural Resources with greater flexibility to generate revenue, and support the State in achieving its ambitious renewable energy goals.

Your Committee has amended this measure to clarify that this is not a wheeling measure, by inserting language specifying that the definition of "renewable energy producer" shall not be construed to allow wheeling of electricity over electric public utility lines or infrastructure that is not otherwise authorized by law or rule or order of the Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2020, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2020, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (McKelvey). Noes, 1 (Awa). Excused, 1 (Richards).

SCRep. 3656 (Majority) Commerce and Consumer Protection on H.B. No. 2426

The purpose and intent of this measure is to clarify when a relative seeking to be a resource caregiver for a child is entitled to an administrative appeal for the Department of Human Services' denial of a foster home license.

Your Committee received testimony in support of this measure from the Department of Human Services and Department of the Attorney General.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that under existing law, when a relative is denied a license to be a child's resource caregiver, the Department of Human Services is required to provide the specific reasons for the denial and an explanation of the procedures for an administrative appeal. Your Committee finds, however, that existing law is not clear as to when the applicant may actually utilize the administrative appeals process. Therefore, this measure clarifies that an applicant may appeal the denial of a license using the administrative appeals process if the reason for the denial is the applicant's failure to meet the licensing standards adopted by the Department of Human Services, and if the denial is based on the fact that the child was not actually placed with the applicant, the applicant's recourse is to seek judicial review by the family court that has exclusive jurisdiction over placement determinations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2426, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2426, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Awa). Excused, 1 (Richards).

SCRep. 3657 Judiciary on H.B. No. 1554

The purpose and intent of this measure is to:

- (1) Expand the Department of Land and Natural Resources' rulemaking authority to include any rule to impose restrictions or requirements deemed necessary to protect certain aquatic life; and
- (2) Expand the Board of Land and Natural Resources' authority to temporarily adopt, amend, or repeal certain natural resource rules by formal action at a publicly noticed meeting if the Board finds that such adoption, amendment, or repeal is necessary to implement effective and adaptive management measures in light of newly available technology, or in light of newly available data.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that pursuant to section 187A-2, Hawaii Revised Statutes, the Department of Land and Natural Resources (Department) is mandated to manage and administer the aquatic life and aquatic resources of the State. Although the Department currently uses a variety of existing management tools, such as size limits, bag limits, closed seasons, gear restrictions, and permitting of specific gear to regulate the State's fisheries through the adoption of administrative rules, your Committee believes that broadening the suite of management tools will allow more effective management of the State's aquatic resources. This measure will therefore better equip the Department to effectively manage aquatic resources statewide.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1554, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1554, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3658 Judiciary on H.B. No. 2298

The purpose and intent of this measure is to:

- (1) Establish a timeline by which roasted coffee, instant coffee, and ready-to-drink coffee beverages that use a geographic origin in labeling or advertising are required to contain a certain percent coffee by weight from that geographic origin; and
- (2) Exempt retailers that do not package roasted coffee, instant coffee, or ready-to-drink coffee beverages from liability for the sale of roasted coffee, instant coffee, or ready-to-drink coffee beverages that use a label or advertisement in violation of the coffee labeling law.

Your Committee received testimony in support of this measure from the Department of Agriculture; two members of the Hawai'i County Council; Hawai'i Farmers Union United; Mai Mahealani Farm, LLC; Guard Well Farm; Rancho Aloha Coffee Farm; Konaloha Farms; Kona Coffee Farmer's Association; Mountain Thunder Coffee Plantation; Huahua Farm; Kanalani Ohana Farm; Absolute Palate, LLC; Bea's Knees Farm, LLC; Hawaii Coffee Association; Synergistic Hawaii Agriculture Council; Hawai'i Farm Bureau; The Buna Coffee Company; Ka'awaloa Trail Farm; Hawaii Coffee Growers Association; Cyanotech Corporation; South Kona Estate Coffee Farm; 'Aina Design Corp.; Hawai'i Alliance for Progressive Action; Chamber of Sustainable Commerce; The Martin Ohana Farm; The Four Sens, LLC; Ka'u Coffee Mill, and thirty-one individuals.

Your Committee received testimony in opposition to this measure from the Hawaii Coffee Company, Kaiwi Farms, Aloha Hills Coffee, Mulvadi Corporation, A Better Cup Coffee Consulting, and twenty-three individuals.

Your Committee received comments on this measure from Retail Merchants of Hawaii, Hawaii Food Industry Association, and one individual.

Your Committee finds that coffee is a premium commodity and one of the State's important agricultural crops. Despite the premium value of Hawaii-grown coffee, the State has not protected the integrity of the names of coffee origin regions. Instead, existing law allows coffee blends that only contain very small amounts of coffee beans from the State's distinctive regions to use the name of those regions on product packaging, a practice that deceives consumers and harms coffee growers. This measure will protect consumers by ensuring that minimum blend amounts allowed for coffee products that bear geographic origin names constitute a majority of the product from that geographic origin and are sufficient to ensure that the product reflects the quality and character of the region.

Your Committee has amended this measure by making nonsubstantive, technical amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2298, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2298, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (Gabbard). Noes, none. Excused, 1 (Awa).

SCRep. 3659 Judiciary on H.B. No. 1922

The purpose and intent of this measure is to:

- (1) Expand the Department of Land and Natural Resources' rulemaking authority to include any rule deemed necessary to protect certain wildlife; and
- (2) Expand the Board of Land and Natural Resources' authority to timely adopt, amend, or repeal certain rules if the Board finds that the action is necessary to implement effective and adaptive management measures in response to impacted natural resources or in light of newly available technology or data.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that administrative rules provide state agencies with direction to effectively carry out their mandates. However, certain situations may arise that require timely action by state agencies, including the Department of Land and Natural Resources, to reflect emerging and rapidly advancing technology and data. Therefore, the Board and Department of Land and Natural Resources should be provided with greater flexibility to adopt, amend, or repeal certain rules for effective management in the event of new technology or available data. Accordingly, this measure will ensure that the Department of Land and Natural Resources has the flexibility necessary to ensure ongoing protection of natural resources and wildlife statewide.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1922, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1922, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3660 Judiciary on H.B. No. 2278

The purpose and intent of this measure is to:

- (1) Clarify labeling requirements for macadamia nuts;
- (2) Require country of origin to be included on the label of a consumer package of processed macadamia nuts; and
- (3) Allow a private right of action for violations.

Your Committee received testimony in support of this measure from the Department of Agriculture; one member of the Hawai'i County Council; Hawai'i Farmers Union United; Synergistic Hawai'i Agriculture Council; Hawaiian Macadamia Nut Services; Hawai'i Farm Bureau; Hawai'i Alliance for Progressive Action; Hawaii Cattlemen's Council, Inc.; Island Harvest Inc.; Macadamia Growers of Hawai'i; Cyanotech Corporation; Hawai'i Macadamia Nut Association; LavaRock Farm; Susan's Nuts; and one hundred sixty individuals.

Your Committee received testimony in opposition to this measure from the Hawaiian Host Group and one hundred ninety-two individuals.

Your Committee finds that macadamia nuts have become an agricultural and cultural export for the State. However, certain macadamia nut products utilize Hawaii-branded packaging and marketing despite using foreign or out-of-state materials. Without proper labeling, consumers cannot know whether they are truly buying Hawaiian-grown products. This measure will align existing state law with federal country of origin requirements, make it easier for the Department of Agriculture to support small and mid-sized growers who wish to bring their Hawaiian-grown products to market, and allow the State's growers to stand out in the marketplace.

Your Committee has amended this measure by making it effective on July 1, 2024.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2278, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2278, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3661 Judiciary on H.B. No. 1599

The purpose and intent of this measure is to:

- (1) Require public meeting notices to inform members of the public how to provide remote oral testimony in a manner that allows the testifier, upon request, to be visible to board members and other meeting participants; and
- (2) Recognize a board's authority to remove and block individuals who disrupt meetings.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund, Disability and Communication Access Board, Public First Law Center, and ACLU of Hawai'i.

Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that existing law permits boards to refuse to permit individuals to testify by videoconference without giving up certain rights, such as disclosing their identity or registering in advance of a meeting. Your Committee further finds that this process creates a tiered system that denies remote testifiers the opportunity to be visible in front of board members while testifying. This measure will ensure that members of the public have the opportunity to participate by both audio and video means at remote meetings subject to the Sunshine Law.

Your Committee has amended this measure by inserting an effective date of January 1, 2025.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1599, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1599, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3662 Judiciary on H.B. No. 1600

The purpose and intent of this measure is to require boards to schedule a meeting for deliberation and decision-making on a report by an investigative group at least six business days after the board meeting in which the investigative group presented the findings and recommendations of its investigation to the board.

Your Committee received testimony in support of this measure from the Office of Information Practices, League of Women Voters of Hawaii, and Public First Law Center.

Your Committee finds that existing law has an exception to the Sunshine Law's open meetings requirement to permit a limited number of board members to investigate an issue and report back to the board before a decision is made. Existing law also requires that in these cases, the board must hold three meetings. However, boards have circumvented the legislative intent of this exception by separately noticing these meetings back-to-back, in some instances only minutes after one another. This measure will set a clear standard for how much time must elapse between these mandatory meetings.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1600, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1600, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3663 Judiciary on H.B. No. 2342

The purpose and intent of this measure is to:

- (1) Prohibit carrying or using a firearm in the commission of a separate misdemeanor offense;
- (2) Amend and clarify prohibitions regarding deadly or dangerous weapons, switchblade knives, and butterfly knives; and
- (3) Clarify hunter education certificates and other written exemptions regarding permit issuing.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, and one individual.

Your Committee received testimony in opposition to this measure from sixty individuals.

Your Committee finds that under existing law, it is a class C felony to knowingly possess a pistol or other deadly or dangerous weapon while engaged in the commission of a crime. This measure will protect the public from the serious risks associated with the carrying of firearms in connection with criminal activity by updating that prohibition and creating a separate class C felony offense for carrying a firearm while engaged in the commission of a separate misdemeanor offense.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2342, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2342, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3664 Judiciary on H.B. No. 2337

The purpose and intent of this measure is to replace representatives from the sugar and pineapple industries with representatives of the coffee and diversified agriculture industries on the Advisory Committee on Pesticides.

Your Committee received testimony in support of this measure from the Department of Agriculture, University of Hawai'i System, Hawai'i Farm Bureau, and Hawai'i Farmers Union United.

Your Committee finds that there has been a significant reduction in the agricultural footprint of the sugar and pineapple industries since the Advisory Committee on Pesticides was established. Your Committee believes that amending the membership of the Advisory Committee on Pesticides by replacing the sugar and pineapple industries with a representative from the coffee industry, which is among the top three most economically significant crops in the State, as well as adding a representative of diversified agriculture, will allow broader representation of commodities. This measure will update the membership of the Advisory Committee on Pesticides to more accurately reflect the existing landscape of the agriculture industry in the State.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2337, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2337, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3665 Judiciary on H.B. No. 2295

The purpose and intent of this measure is to:

- (1) Authorize stopping, standing, and parking restrictions and prohibitions on property under jurisdiction of the Director of Transportation and the counties, respectively; and
- (2) Specify that the counties may issue traffic infractions for violations of any law prohibiting or restricting the stopping, standing, or parking of vehicles on all highways and county property.

Your Committee received testimony in support of this measure from the Department of Transportation and Ulupono Initiative.

Your Committee finds that issuing citations for traffic violations bolsters the enforcement of county and state traffic laws while increasing public safety and reducing congestion due to vehicular traffic. This measure will improve the safety of the State's roadways

by ensuring that counties are able to issue traffic infractions where vehicles are creating an unsafe environment on roadways and properties under the Department of Transportation or county jurisdiction.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2295, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2295, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3666 Judiciary on H.B. No. 2071

The purpose and intent of this measure is to:

- (1) Provide that any photo red light imaging detector system's clear and unobstructed recorded image of a motor vehicle license plate shall be prima facie evidence that the motor vehicle to which the license plate is attached is the motor vehicle for which the license plate was issued; and
- (2) Require the State, the county, or the State's or county's third-party contractor to implement a process to record the date on which the summons or citation was submitted to the post office, which shall be prima facie evidence of the date the summons or citation was submitted to the post office.

Your Committee received testimony in support of this measure from the Department of Transportation and Disability and Communication Access Board.

Your Committee finds that vehicles that fail to stop for a red light pose a danger to pedestrians and other motorists. Your Committee further finds that pedestrians with certain disabilities, such as vision impairments or mobility issues, and children, who are less visible to drivers, are especially at risk. This measure will allow for increased enforcement to make the State's roadways safer and hold individuals accountable for failing to stop for a red light.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2071, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2071, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3667 Judiciary on H.B. No. 1902

The purpose and intent of this measure is to:

- (1) Clarify that the Governor's and mayors' emergency management powers shall be consistent with the Hawaii State Constitution;
- (2) Clarify the scope of the comprehensive emergency management plan;
- (3) Clarify the powers of the Governor and mayors to extend or terminate a state of emergency;
- (4) Shorten the duration of price control periods from ninety-six hours to seventy-two hours; and
- (5) Amend emergency management law to protect tenants, mortgagors, consumers, and residents for certain periods of time after the issuance of a gubernatorial or mayoral emergency proclamation.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS, Retail Merchants of Hawaii, Lāhāina Strong, Green Party of Hawai'i, Save Honolulu Coalition, Hawaii Food Industry Association, Hawai'i Alliance for Progressive Action, Jewish Voice for Peace-Hawai'i, Hawai'i State AFL-CIO, Help Maui Rise, and two-hundred and ten individuals.

Your Committee received testimony in opposition to this measure from the Hickam Federal Credit Union, Hawaii State Federal Credit Union, Wailuku Federal Credit Union, Hawaii First Federal Credit Union, Hawaii Community Federal Credit Union, Valley Isle Community Federal Credit Union, Maui Federal Credit Union, Grassroot Institute of Hawaii, Mortgage Bankers Association of Hawaii, Hawaii Credit Union League, Hawaii Bankers Association, Honolulu Federal Credit Union, Aloha Pacific Federal Credit Union, Big Island Federal Credit Union, Consumer Data Industry Association, Hāmākua Federal Credit Union, and eleven individuals.

Your Committee received comments on this measure from the Hawaii Financial Services Association and two individuals.

Your Committee finds that pursuant to section 127A-30, Hawaii Revised Statutes, when the Governor or a mayor declares a state of emergency, there is a prohibition that follows on any increase in the selling price of any commodity. Your Committee further finds that the use of emergency proclamations has expanded in recent years and there is almost always an active emergency proclamation at any given time. Differences in interpretation of the Governor's and mayor's emergency powers have led to confusion and inconsistent business practices. This measure will provide clarity in the laws granting the Governor and mayors emergency powers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1902, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1902, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Elefante, San Buenaventura). Noes, none. Excused, 1 (Awa).

SCRep. 3668 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 2443

The purpose and intent of this measure is to:

- (1) Repeal the sunset date of the authorization for primary caregivers to cultivate medical cannabis for qualifying patients;
- (2) Clarify that primary caregivers may continue to cultivate medical cannabis for qualifying patients subject to certain restrictions; and
- (3) Increase the maximum number of qualified patients for which each location used to cultivate cannabis may cultivate cannabis from five to ten patients.

Your Committees received testimony in support of this measure from the Department of Health, Cannabis Society of Hawai'i, and four individuals.

Your Committees received testimony in opposition to this measure from Aloha Green Apothecary, Care Waialua, Oahu Cannabis Farms Alliance, and thirty-one individuals.

Your Committees received comments on this measure from the Department of the Attorney General, Akamai Cannabis Consulting, and one individual.

Your Committees find that grow site limits are important for ensuring patient safety and monitoring compliance with state rules for growing cannabis for medical use to prevent excessive growth and diversion from the medical-use system. Additionally, each patient is permitted to grow up to ten plants, meaning a ten-patient limit will restrict the total number of plants at a grow site to no more than one hundred plants. Your Committees believe that this is a manageable grow site size for the Department of Health to adequately monitor. This measure will therefore increase patient access to medical marijuana without compromising patient safety.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2443, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

Ways and Means: Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3669 (Joint) Ways and Means and Judiciary on H.B. No. 2359

The purpose and intent of this measure is to establish a Digital Equity Grant Program to award grants to support digital equity projects benefitting certain covered populations in the State.

Your Committees received written comments in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Hawaii State Health Planning and Development Agency; State Council on Developmental Disabilities; Disability and Communication Access Board; Office of Hawaiian Affairs; Kauai County Council; Hawaii Primary Care Association; AARP Hawaii; Kapolei Chamber of Commerce; Hawaii Broadband Hui; Charter Communications; Hawaii Library Association; Waianae Coast Comprehensive Health Center; Hawaiian Telcom; Chamber of Commerce Hawaii; and Maui Chamber of Commerce.

Your Committees find that supporting access to digital technology and broadband services for underserved communities in the State will help expand employment and educational opportunities and improve access to health care in those communities.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2359, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3670 (Majority) Commerce and Consumer Protection on H.B. No. 1633

The purpose and intent of this measure is to amend the law that exempts owner-builders from state law governing contractors by:

- (1) Repealing language that allows lessees of the property to be eligible for the exemption; and
- (2) Repealing language that requires the buildings or structures to be built or improved for the property owner's own use or for use by the owner's grandparents, parents, siblings, or children.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS and Grassroot Institute of Hawaii.

Your Committee received testimony in opposition to this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs and Contractors License Board.

Your Committee finds that property owners that construct or improve certain buildings or structures on their own property can do so without a construction license by obtaining an owner-builder exemption permit. However, under the existing law governing owner-builder exemptions, any newly constructed or improved building or structure must ultimately be for the owner's or their family's use and occupancy. Your Committee finds that this requirement has made it difficult and more expensive for homeowners who seek to self-convert their single-family residences into leasable multi-family dwellings. Therefore, this measure removes certain restrictions on the use of a property built or improved pursuant to the owner-builder exemption to help stimulate the construction of rental housing and increase the housing supply in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1633, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Awa). Excused, 1 (Richards).

SCRep. 3671 Commerce and Consumer Protection on H.B. No. 1896

The purpose and intent of this measure is to, beginning January 1, 2027, prohibit the manufacture, sale, offer for sale, distribution for sale, and distribution for use of any food packaging, food service ware, cosmetic, or personal care product that contains intentionally added perfluoroalkyl and polyfluoroalkyl substances (PFAS), with certain exceptions.

Your Committee received testimony in support of this measure from the Sierra Club of Hawai'i, Chamber of Sustainable Commerce, Hawai'i Food+ Policy Internship 2024, and two individuals.

Your Committee received comments on this measure from Beautycounter.

Your Committee finds that PFAS, a group of manufactured chemicals that have been used in industry and consumer products since the 1940s because of their useful properties, are known as "forever chemicals" because they build up in human bodies and do not break down naturally in the environment. Current scientific research suggests that PFAS--which can be found in fire extinguishing foam, food packaging, and household and personal care products--leaches into water, soil, and food and may lead to adverse reproductive effects, developmental effects or delays in children, increased risk of some cancers, and interference with the body's natural hormones, among others. Recognizing the harm of PFAS, the State prohibited the manufacture, sale, or distribution for sale or use of certain types of food packaging beginning December 31, 2024, and fire extinguishing foam, beginning July 1, 2024, that contain PFAS through Act 152, Session Laws of Hawaii 2022. This measure expands the State's ban on PFAS to protect the environment and human health from their detrimental and toxic effects.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1896, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Richards).

SCRep. 3672 Commerce and Consumer Protection on H.B. No. 1944

The purpose and intent of this measure is to authorize certain types of radiographical coverage and specialist consultations without a treatment plan within the context of workers' compensation coverage for employees with cervical and lumbar spinal injuries, or suspected cervical and lumbar spinal injuries.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Insurers Council, Work Injury Medical Association of Hawaii, and three individuals.

Your Committee finds that untreated serious injuries to the cervical or lumbar spine can result in paralysis or the loss of muscle strength in some extremities. Emergency diagnostic tests, such as x-rays, magnetic resonance imaging (MRI), and neurological consultations, can help identify spinal cord injuries early so that treatment to possibly prevent the permanent loss of function can be instituted as quickly as possible. Early diagnosis and treatment can also allow employees to return to their jobs sooner. Therefore, this measure expedites the diagnosis of and streamlines the medical treatment for employees who sustained serious injuries to the cervical or lumbar spine while working, by allowing them to obtain an MRI and consultation with a specialist within the first sixty days after the injury without a treatment plan under the context of workers' compensation coverage.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1944, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Richards).

SCRep. 3673 Education on H.B. No. 2577

The purpose and intent of this measure is to:

- (1) Authorize the Department of Health to require the Department of Education to report coronavirus disease 2019 potential outbreaks or other public health emergencies and related information in a manner most appropriate to public health and safety, as determined by the Department of Health; and
- (2) Repeal the requirement to publish the report on the Department of Education's website.

Your Committee received testimony in support of this measure from the Department of Education and Department of Health.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that Act 4, Special Session Laws of Hawaii 2021 (Act 4), mandated the Department of Education to publish weekly reports of coronavirus disease 2019 (COVID-19) cases in public schools. The federal public health emergency for the COVID-19 pandemic ended on May 11, 2023. Since then, the State has transitioned to post-pandemic public health and safety procedures. However, the Department of Education is required to continue its mandate by Act 4 despite shifting public health trends regarding COVID-19. Therefore, this measure streamlines existing reporting procedures while ensuring the health and safety of Hawaii's keiki and the greater educational community.

Your Committee acknowledges the concerns raised by the Department of the Attorney General that personally identifiable information may be inadvertently shared in the Department of Education's reporting process, violating the federal Family Educational Rights and Privacy Act (FERPA). Amendments to this measure are therefore necessary to address this concern.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language prohibiting the Department of Health from requiring the Department of Education to include in any report personally identifiable information or education records pursuant to FERPA;
- (2) Authorizing the Department of Education to provide personally identifiable information only after the Department of Education has determined that a health or safety emergency exists; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2577, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2577, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Kidani).

SCRep. 3674 (Majority) Commerce and Consumer Protection on H.B. No. 2316

The purpose and intent of this measure is to clarify the cumulative voting requirements for condominium association meetings. Specifically, this measure clarifies that:

- (1) In condominium elections, cumulative voting rights apply to all candidates regardless of whether they are nominated; and
- (2) Individual votes are used in cumulative voting.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians; Palehua Townhouse Association; Hawaii First Realty LLC; Honolulu Tower AOA; Law Offices of Mark K. McKellar, LLLC; and fourteen individuals.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee received comments on this measure from one individual.

Your Committee finds that under the existing law governing cumulative voting in condominium association elections, cumulative voting is authorized only for nominated persons, to the exclusion of write-in candidates. Therefore, this measure expands the authorization for cumulative voting to include write-in candidates to ensure that every vote in a condominium election can be distributed among candidates as the voter sees fit, regardless of nomination status.

Your Committee notes testimony raising concerns that under existing law, the statutory cumulative voting requirements apply to cumulative voting only if the association's bylaws provide for cumulative voting for an election at a meeting, allowing some associations to circumvent the statutory restrictions. Your Committee further notes testimony requesting for clarification in statute allowing cumulative voting to be used when write-in candidates are selected by an owner. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language clarifying that if an election is to be held by cumulative voting pursuant to the bylaws, rather than if the bylaws provide for cumulative voting for an election at a meeting, each unit owner present in person or represented by proxy shall have a number of votes equal to the unit owner's voting percentage multiplied by the number of positions to be filled at the election; and
- (2) Inserting a definition of the term "candidate" to mean a nominee or write-in candidate.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2316, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2316, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Awa). Excused, 1 (Richards).

SCRep. 3675 (Majority) Commerce and Consumer Protection on H.B. No. 2317

The purpose and intent of this measure is to:

- (1) Clarify that the deadline for proxy votes to be delivered to the secretary of a planned community association or the managing agent for association meetings is 4:30 p.m. Hawaii-Aleutian Standard Time; and
- (2) With respect to statements of owners requesting nomination to boards of directors that accompany notices of intent to distribute proxies by the board, specify that the statements are not to exceed one single-sided eight and one-half inches by eleven inches page.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians; Palehua Townhouse Association; Hawaii First Realty LLC; Law Offices of Mark K. McKellar, LLC; and thirteen individuals.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee received comments on this measure from two individuals.

Your Committee finds that, under existing law, planned community associations are allowed to limit the statements of owners who request a nomination to the board of directors to one hundred words. However, your Committee finds that this one-hundred-word limitation may not be sufficient to allow a person requesting a nomination to the board to appropriately convey their qualifications to other owners. Therefore, this measure repeals the one-hundred-word limitation, but maintains the requirement that the statement shall not exceed one single-sided eight and one-half inches by eleven inches page or one hundred kilobytes, if the board's notice of intent to distribute proxies states that a longer statement shall be available on the Internet.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2317, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2317, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, 1 (Awa). Excused, 1 (Richards).

SCRep. 3676 Judiciary on H.B. No. 1915

The purpose and intent of this measure is to update the Uniform Probate Code by reducing the number of required publications of a notice to creditors by a trustee to once a week for two successive weeks, consistent with amendments made by Act 158, Session Laws of Hawaii 2023, to publication requirements applicable to probate matters generally.

Your Committee received testimony in support of this measure from the Judiciary, Commission to Promote Uniform Legislation, and one individual.

Your Committee finds that Act 158, Session Laws of Hawaii 2023 (Act 158), among other amendments, amended the Uniform Probate Code under section 501:3-801(a), Hawaii Revised Statutes, to require the petitioner to file a notice to creditor from once a week for three weeks to once a week for two weeks. Act 158 inadvertently did not amend the frequency requirements for a trustee or successor trustee to file notices to creditors, which remained at once a week for three weeks. Your Committee believes that having consistent provisions is necessary for the efficiency of the probate and trust administration process. Therefore, the purpose of this measure is to harmonize the requirements for trustees and successor trustees with the requirements for petitioners so that notices to creditors, whether filed by a petitioner or by trustees or successor trustees, would be once a week for two successive weeks.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1915, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3677 Judiciary on H.B. No. 1916

The purpose and intent of this measure is to prohibit, in certain circumstances, the publication of the personal information of federal and state judges and other judicial staff whose duties put them at risk for acts of violence or threats.

Your Committee received no testimony on this measure.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 1 of this measure. The proposed S.D. 1 amends this measure by:

- (1) Expanding protections to cover the protected personal information of:
 - (A) The Governor;
 - (B) The Lieutenant Governor;
 - (C) The State Administrative Director appointed pursuant to section 26-3, Hawaii Revised Statutes;
 - (D) Any head of a state department established under section 26-4, Hawaii Revised Statutes;
 - (E) Any member of the Legislature;
 - (F) Any active, formerly active, or retired justice of the Hawaii Supreme Court;

- (G) Any judge of the Hawaii Intermediate Court of Appeals;
 - (H) Any judge of a Hawaii circuit court or circuit family court;
 - (I) Any judge of a Hawaii district court or district family court;
 - (J) A per diem judge of a Hawaii district court or district family court;
 - (K) Any active, formerly active, or retired justice of the United States Supreme Court;
 - (L) Any judge of the United States Court of Appeals;
 - (M) Any judge or magistrate judge of the United States District Court;
 - (N) Any judge of the United States Bankruptcy Court who resides in the State, formerly resided in the State while serving as a federal judge, or owns real property in the State;
 - (O) The Administrative Director of the Courts;
 - (P) The Deputy Administrative Director of the Courts;
 - (Q) Any employee or volunteer of the Office of Elections; and
 - (R) Any person designated for good cause by the Governor, Chief Justice, Chairperson of the Office of Hawaiian Affairs, President of the Senate, or Speaker of the House of Representatives in the designator's respective body;
- (2) Further prohibiting the posting or disclosure of personal information;
 - (3) Establishing the offense of unlawful publication of personal information;
 - (4) Establishing within the State's Address Confidentiality Program protection for public servants through a process for employees to request that personal information not be disclosed or publicly available; and
 - (5) Inserting legislative findings.

Your Committee received testimony in support of the proposed S.D. 1 from the Judiciary, Consumer Data Industry Association, Hawaii State Bar Association, American Judicature Society, Hawaii State Trial Judges Association, and six individuals.

Your Committee received testimony in opposition to the proposed S.D. 1 from the Public First Law Center, TechNet, Hawaii Chapter of the Society of Professional Journalists, and RELX Group.

Your Committee received comments on the proposed S.D. 1 from the Department of the Attorney General, Department of Land and Natural Resources, Department of Law Enforcement, Office of Information Practices, and Department of Budget and Fiscal Services of the City and County of Honolulu.

Your Committee finds that in the last few years across the country there are numerous examples of horrific acts of violence being committed against public servants and their families at their homes. Your Committee believes that the escalating threats and safety concerns underscore how imperative it is to safeguard the personal residences and other personally identifying information of certain public servants. This measure will allow the State to play a proactive role in preserving the safety and wellbeing of dedicated individuals who serve the public.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Prohibiting government agencies, persons, and organizations from making publicly available on the Internet the protected personal information of certain public servants upon request of the public servant or their representative;
- (2) Deleting the offense of unlawful publication of personal information, and instead providing that the covered public servant or family member may bring an action seeking injunctive or declaratory relief, with the person or organization required to pay costs and attorneys fees, and in the case of a government agency no costs or fees would be awarded;
- (3) Placing the protections in a new chapter within the Hawaii Revised Statutes, instead of within the State's Address Confidentiality Program;
- (4) Adding the Chief Judge of the United States District Court for the District of Hawaii to the list of people who may designate for good cause additional public servants as a covered public servant;
- (5) Increasing the time in which the government agency, person, or organization is required to remove the protected information from the Internet from seventy-two hours to three business days of receiving a request to remove and adding an additional ten business day extension to remove the protected information;
- (6) Requiring that a request to a government agency to remove the protected information:
 - (A) Be made by the covered public servants' department head;
 - (B) Identify the specific government record or indexed document number;
 - (C) Be made no more than once a month; and
 - (D) Include all covered public servants in a single request, with the possibility of additional requests under exigent circumstances;
- (7) Expanding the type of records or information exempted to include:

- (A) Copies of recorded instruments affecting title to real property provided by a title insurance company to a government agency;
 - (B) Records provided by a government agency to another government entity; provided that the records are not publicly available on the Internet;
 - (C) Information that is part of a news story, commentary, editorial or other speech on a matter of public concern;
 - (D) Provision or disclosure of information pursuant to the Fair Credit Reporting Act, Gramm-Leach-Bliley Act, Health Insurance Portability and Accountability Act, and the Driver's Privacy Protection Act; and
 - (E) Publication of notices that are required by law;
- (8) Amending section 1 to reflect its amended purpose;
 - (9) Making it effective on October 1, 2024; and
 - (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1916, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1916, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3678 Ways and Means on H.B. No. 1760

The purpose and intent of this measure is to support the development of affordable housing in the State.

Specifically, this measure:

- (1) Authorizes the Hawaii Housing Finance and Development Corporation and the counties to establish a bond recycling program and secure a line of credit or other instrument of indebtedness for the bond recycling program;
- (2) Requires a reserve to be maintained for the unsecured portion of debt incurred for the bond recycling program;
- (3) Establishes a subaccount within the rental housing revolving fund to be used as a reserve for the bond recycling program; and
- (4) Requires a county or bond issuer to report to the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation on the status of loans issued under the bond recycling program.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation; NAIOP Hawaii; Maui Chamber of Commerce; and Stanford Carr Development, LLC.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that bond recycling is a valuable tool that allows the State and counties to efficiently utilize tax-exempt private activity bond volume from previous years while preserving the current volume cap. Your Committee further finds that authorizing bond recycling in Hawaii will support the expansion of affordable housing development in the State.

Your Committee has amended this measure by:

- (1) Renaming the bond recycling program as the bond volume cap recycling program;
- (2) Removing language authorizing the Hawaii Housing Finance and Development Corporation or a county to secure a line of credit or other instrument of indebtedness for the bond recycling program;
- (3) Removing language requiring the Hawaii Housing Finance and Development Corporation to maintain a certain amount of moneys in reserve;
- (4) Adding language that enables the Legislature to authorize the Hawaii Housing Finance and Development Corporation to secure lines of credit or other instruments of indebtedness in a total amount that does not exceed \$150,000,000 for a term that corresponds to each fiscal biennium;
- (5) Authorizing the Hawaii Housing Finance and Development Corporation to secure a line of credit or other instrument of indebtedness in an amount not to exceed \$150,000,000 during the current fiscal biennium that ends on June 30, 2025, to meet the requirements of federal tax law for the bond volume cap recycling program;
- (6) Removing preamble language that provided that this measure would exclude bond debt under the bond recycling program from the State's debt limit;
- (7) Establishing the bond volume cap recycling program subaccount as a new subsection in section 201H-202, HRS, rather than within an existing subsection; and
- (8) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1760, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1760, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3679 Ways and Means on H.B. No. 1827

The purpose and intent of this measure is to appropriate moneys for health care workforce development initiatives.

More specifically, this measure appropriates moneys to:

- (1) The Department of Labor and Industrial Relations for:
 - (A) The public high school health care workforce certificate program; and
 - (B) The glidepath program for certified nurse aides; and
- (2) The Department of Education to renovate and equip certain public high school classrooms to be used for health care training.

Your Committee received written comments in support of this measure from the Department of Education, Hawaii State Council on Developmental Disabilities, Hawaii State Health Planning and Development Agency, Hawaii Pacific Health, Hawaii Primary Care Association, Hawaii State Teachers Association, Healthcare Association of Hawaii, Kaiser Permanente, Kapalama Neighborhood Security Watch, and Palolo Chinese Home.

Your Committee finds that the initiatives supported by the funding in this measure will help address the State's growing health care workforce needs.

Your Committee notes that in its written comments the Healthcare Association of Hawaii recommended the following amendments to the measure:

- (1) Inserting language into Part II to clarify that the public high school health care workforce certificate program is intended to incorporate transition-to-employment support with demonstrated partner employers to fill in-demand professions and serve the islands of Oahu, Hawaii, Kauai, and Maui;
- (2) Inserting language into Part III to clarify that the renovation and equipping of high school classrooms to be used for health care training should be done in partnership with nonprofit community development and restoration organizations;
- (3) Inserting language into Part IV to clarify that the glidepath program is intended to serve certified nurse aides working in long-term care facilities on the islands of Maui, Oahu, Hawaii, and Kauai and who are enrolled in employer-based cohorts that incorporate employer-sponsored tuition support, educational support, and wrap services; and
- (4) Amending all references to the Department of Labor and Industrial Relations to instead refer to the Department of Business, Economic Development, and Tourism.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1827, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1827, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3680 Ways and Means on H.B. No. 2404

The purpose and intent of this measure is to amend the state income tax law.

More specifically, this measure:

- (1) Changes income tax rates to unspecified amounts;
- (2) Changes the applicable percentage and minimum applicable percentage of the employment-related expenses for which the Child and Dependent Care Income Tax Credit may be claimed to unspecified percentages;
- (3) Changes the adjusted gross income overage and annual threshold amounts used to calculate the applicable percentage to unspecified amounts; and
- (4) Conforms state tax laws to certain federal deductions.

Your Committee received testimony in support of this measure from the Office of The Governor, Department of Taxation, Hawaii County Office of Aging, AARP Hawaii, Catholic Charities Hawaii, Chamber of Commerce Hawaii, Hawaii Alliance for Progressive Action, Hawaii Children's Action Network Speaks!, Hawaii Family Caregiver Coalition, Hawaii Primary Care Association, Hawaii State Democratic Women's Caucus, and nineteen individuals.

Your Committee received comments on this measure from the Democratic Party of Hawaii, Grassroot Institute of Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Public Health Institute, League of Women Voters of Hawaii, and Tax Foundation of Hawaii.

Your Committee finds that providing tax relief for low- to moderate-income taxpayers will allow the State's residents to retain more of their income, and will help address cost-of-living increases.

Your Committee has amended this measure by deleting its contents and inserting provisions to:

- (1) Increase the amounts for the income tax brackets and standard deduction amounts for tax year 2024;
- (2) Adjust annually for tax years beginning after December 31, 2024, the income tax brackets and standard deduction amounts by a cost-of-living adjustment factor; and
- (3) Amend the taxable income brackets and income tax rates for each filing status for taxable years beginning after December 31, 2023.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2404, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2404, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3681 Ways and Means on H.B. No. 2484

The purpose and intent of this measure is to conform the state income tax law and estate and generation—skipping transfer tax law to the Internal Revenue Code of 1986, as amended as of December 31, 2023.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee recognizes that this measure serves to comply with sections 235-2.5(c) and 236E-4(c), Hawaii Revised Statutes, which require the Department of Taxation to submit legislation to conform relevant state tax laws to the Internal Revenue Code as it existed on the December 31 preceding each Regular Session, to the extent appropriate for the State.

Your Committee has amended this measure by making a technical nonsubstantive amendment for purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2484, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2484, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3682 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 2136

The purpose and intent of this measure is to require the Department of Agriculture to establish and implement a pesticide inspection program that:

- (1) Increases compliance with the proper use of restricted use pesticides;
- (2) Ensures the continued prohibition on the use or application of pesticides containing chlorpyrifos; and
- (3) Informs the public of the most recent pesticide inspection results on the Department of Agriculture's website.

Your Committees received testimony in support of this measure from the Food+ Policy Internship 2024, Hawai'i Farmers Union United, and seven individuals.

Your Committees received comments on this measure from the Department of Agriculture, Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, and one individual.

Your Committees find that restricted use pesticides are pesticides that require regulatory controls in addition to the rules for controlling the misuse of pesticides to ensure that only people with special knowledge, skills, equipment, and supplies are allowed to buy, use, or supervise their use. Your Committees further find that because the improper sale, use, or supervision of restricted use pesticides can cause significant harm to both public health and the environment, it is necessary to establish a systematic process for conducting certain inspections relating to restricted use pesticides and require the results of those inspections to be made available to the public. Therefore, by requiring the Department of Agriculture to establish and implement a pesticide inspection program, this measure will protect the health of the environment and people in the State and promote greater transparency and accountability pertaining to the use of restricted use pesticides in the State.

Notwithstanding, your Committees have heard the concerns raised by the Hawai'i Farm Bureau, requesting that this measure be amended for clarification and to ensure due process regarding information published on the Department of Agriculture's website as a result of this measure. Therefore, amendments to this measure are necessary to address these issues.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the Department of Agriculture, in establishing the pesticide inspection program, shall:
 - (A) Develop a system to conduct inspections periodically, rather than annually; and
 - (B) Make a summary of data, rather than all of the data, available to the public on the online reporting tool for restricted use pesticides; and
- (2) Inserting language clarifying that the Department of Agriculture shall post the results of pesticide inspections upon completion of a final order issued by the Department for a violation of the pesticide inspection program or any rules adopted thereunder, rather than post the results of all pesticide inspections conducted pursuant to the pesticide inspection program.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2136, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2136, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4; Ayes with Reservations (Richards). Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11; Ayes with Reservations (DeCoite). Noes, none. Excused, 2 (Aquino, Wakai).

SCRep. 3683 Judiciary on H.B. No. 1611

The purpose and intent of this measure is to require law enforcement agencies and the Law Enforcement Standards Board to consult the National Decertification Index and report certain information related to a law enforcement officer's certification status to the Index.

Your Committee received testimony in support of this measure from the ACLU of Hawai'i and Policing Project at NYU School of Law.

Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers.

Your Committee received comments on this measure from the Department of Law Enforcement.

Your Committee finds that law enforcement officers are authorized to use physical force to enforce laws and have the de facto power to stop anyone, at any time, for any reason, and that these encounters can result in injury or death. Your Committee believes that when this authority is abused and results in the suspension or revocation of the law enforcement officer's certification, the Law Enforcement Standards Board should be transparent about sharing that information with other law enforcement agencies. Additionally, your Committee believes that the Law Enforcement Standards Board should conduct thorough background checks before certifying a new officer to ensure that the officer has not abused their authority in another position. This measure will strengthen the State's decertification laws by sharing officer certification suspension and revocation information with other states through the National Decertification Index and require hiring agencies to review the same information before hiring new officers.

Your Committee has amended this measure by:

- (1) Clarifying that before certifying or employing any law enforcement officer, the Law Enforcement Standards Board and the employing law enforcement agency are required to consult the National Decertification Index to determine whether the applicant or employee is listed and to review any information about that person;
- (2) Clarifying that the Law Enforcement Standards Board is required to report to the National Decertification Index each time the board opens an investigation into whether a law enforcement officer does not meet the minimum standards for employment;
- (3) Requiring the Law Enforcement Standards Board to take certain actions to determine if the National Decertification Index is accepting certain information or records by July 1, 2026, instead of July 1, 2025;
- (4) Making it effective on July 1, 2026; and
- (5) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1611, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1611, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3684 Judiciary on H.B. No. 1869

The purpose and intent of this measure is to:

- (1) Establish the felony offenses of misuse of uncrewed aircraft in the first, second, and third degrees; and
- (2) Require uncrewed aircraft to be operated by a human operator at all times.

Your Committee received testimony in support of this measure from the Department of Corrections and Rehabilitation and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee received comments on this measure from Hawaiian Electric and one individual.

Your Committee finds that new technology, such as drones, may be used to conduct illegal activities including the drug trade, gang activities, smuggling contraband, and to facilitate assaults. Specifically, drones may be used to deliver contraband including weapons in or near jails and prisons with little warning or detection. This measure will ensure that drones are not used to create an increased risk to the safety, security, and well-being of the State's residents.

Your Committee has amended this measure by:

- (1) Including the use of an uncrewed aircraft in furtherance of the commission of a felony under misuse of uncrewed aircraft in the third degree instead of misuse of uncrewed aircraft in the first degree;
- (2) Deleting language that would have prohibited a person convicted of misuse of uncrewed aircraft in the second or third degree from being eligible for a deferred acceptance of guilty plea or nolo contendere plea under chapter 853, Hawaii Revised Statutes;
- (3) Making it effective upon its approval; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1869, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1869, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3685 Judiciary on H.B. No. 1529

The purpose and intent of this measure is to:

- (1) Allow any burial council member whose term has expired to continue in office as a holdover member until the member's reappointment to a second term is confirmed or a successor is nominated and appointed;
- (2) Prohibit holdover members from holding office beyond the end of the fourth regular session of the Legislature following the expiration of the member's term of office; and
- (3) Allow burial councils to allow council members and the public to participate in meetings remotely, using interactive conference technology.

Your Committee received no testimony on this measure.

Your Committee finds that Island Burial Council meetings are often postponed because they lack sufficient quorum. These delays are often caused by the expiration of a member's term, the delay of a member's reappointment, or a successor not being timely appointed. This measure will reduce unnecessary delays to Island Burial Council meetings.

Your Committee has amended this measure by:

- (1) Deleting redundant language that would have allowed burial councils to allow council members and the public to participate in meetings remotely, using interactive conference technology;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1529, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1529, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3686 Judiciary on H.B. No. 1578

The purpose and intent of this measure is to:

- (1) Permit a shipping container chassis that holds a valid out-of-state certificate of vehicle registration to obtain a certificate of safety inspection; and
- (2) Make an out-of-state registration for a shipping container chassis valid in the State until its expiration in the other state or for one year after a vehicle safety inspection.

Your Committee received testimony in support of this measure from the Department of Transportation; Matson Navigation Company, Inc.; and Hawaii Harbors Users Group.

Your Committee finds that shipping container chassis are a critical part in moving container cargo out of ports and to final destinations. Due to the nature of intermodal equipment, shipping container chassis are frequently moved from port to port and state to state. Your Committee further finds that most other states in the country recognize the intermodal and interstate nature of shipping container chassis and out-of-state license plates and registrations. This measure will support safe and efficient cargo operations and reduce the costs of transporting goods.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1578, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3687 Judiciary on H.B. No. 2581

The purpose and intent of this measure is to remove the ability of the Governor or a mayor to suspend electronic media transmission during a state of emergency.

Your Committee received testimony in support of this measure from All Hawaii News; Hawaii Chapter of the Society of Professional Journalists; Public First Law Center; Albatross News; Hawaii Association of Broadcasters, Inc.; Grassroot Institute of Hawaii; Pacific Media Group; and three individuals.

Your Committee finds that existing law allows the Governor or a mayor to suspend electronic media transmission during an emergency. Your Committee further finds that this authority is overly broad and vague, as the term electronic media could include not only radio and television broadcasts, but also text messages, emails, and posts to social media platforms, which would restrain lawful free speech and violate the First Amendment of the United States Constitution. This measure will ensure that First Amendment rights remain protected during an emergency declaration by removing the Governor's and mayor's emergency power to suspend electronic media transmissions.

Your Committee has amended this measure by inserting an effective date of April 14, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2581, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2581, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3688 Judiciary on H.B. No. 2493

The purpose and intent of this measure is to create two new commercial driver's license restrictions relating to operating a commercial motor vehicle in excess of eighteen thousand pounds gross vehicle weight rating and operating a commercial motor vehicle on Lanai and Molokai only.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that commercial driver's license testing on Lanai and Molokai has been determined by the Federal Motor Carrier Safety Association to not meet federal standards. Your Committee further finds that specific driving skills needed to operate commercial motor vehicles, including the ability to choose a safe gap for changing lanes, passing other vehicles, and crossing or entering traffic and the ability to signal appropriately when changing direction in traffic, cannot be tested due to the lack of highway infrastructure. By creating a two-tiered licensing system, this measure will increase roadway safety and allow individuals to continue to obtain commercial driver's licenses to operate on Lanai and Molokai.

Your Committee has amended this measure by:

- (1) Deleting its severability clause;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2493, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2493, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3689 Judiciary on H.B. No. 2491

The purpose and intent of this measure is to amend existing state law to adopt federal penalties for commercial driver's license violations.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that special penalties related to commercial motor vehicle employer and driver out-of-service violations and railroad-highway grade crossing violations are inadequate according to the Federal Motor Carrier Safety Administration. Your Committee further finds that failure to comply with federal regulations may jeopardize funding Hawaii currently receives from the Federal Motor Carrier Safety Administration. This measure will improve roadway safety within the State by adopting federal penalties for commercial driver's license violations.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2491, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2491, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3690 Judiciary on H.B. No. 2482

The purpose and intent of this measure is to:

- (1) Repeal the requirement for the Office of the Lieutenant Governor and county clerk's offices to timely post paper or electronic copies of all meeting notices filed by boards in a central location in a public building, and instead, require the offices to ensure access to paper or electronic copies of the notices; and
- (2) Repeal the statute providing that cancellation of a meeting is not required for failure of a board to file a copy of the meeting notice with the Office of the Lieutenant Governor or the appropriate county clerk's offices and retain a copy of proof of filing the notice, or failure of the Office of the Lieutenant Governor or county clerk's offices to timely post paper or electronic copies of the meeting notice in a central location in a public building.

Your Committee received testimony in support of this measure from the Office of Lieutenant Governor and one individual.

Your Committee received testimony in opposition to this measure from All Hawaii News.

Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that under existing law, a board must provide a copy of its notice to the Lieutenant Governor or clerk, who must then post a paper or electronic copy in a central location in a public building. The Lieutenant Governor has historically met the posting requirement by posting paper copies in the Capitol basement and the clerks have historically posted paper copies in a prominent county office building. However, the existing law does not require posting in either of those specific locations. This measure will increase efficiency and reduce paper usage across state departments and agencies while ensuring that public access to notices is maintained.

Your Committee has amended this measure by:

- (1) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2482, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2482, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3691 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 2471

The purpose and intent of this measure is to establish a statutory framework for inspections of public land leases or licenses by the Department of Land and Natural Resources, including by third-party inspectors contracted by the Department.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committees find that under chapter 171, Hawaii Revised Statutes, and the terms and conditions of the various land dispositions approved by the Board of Land and Natural Resources, the Department of Land and Natural Resources (Department) has the authority to periodically inspect the premises under lease, license, or revocable permit. However, the Department's land agents are typically not architects, engineers, or licensed contractors and may not be qualified to identify components of existing structures on the premises in need of repair or replacement. To address this, the House Investigative Committee established under House Resolution No. 164 (2021) recommended that the Department select third-party inspectors to conduct physical inspections of leased properties at the expense of the lessee. This measure will ensure that long-term dispositions like leases and licenses are properly inspected and that all necessary corrective actions as determined by qualified inspectors are taken.

Your Committees have amended this measure by making it effective on July 1, 2024.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2471, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2471, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, 1 (Awa). Excused, none.

Ways and Means: Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3692 (Joint) Judiciary and Ways and Means on H.B. No. 2218

The purpose and intent of this measure is to amend the Hawaiian Homes Commission Act of 1920, as amended, to increase the loan limit for direct loans provided by the Department of Hawaiian Home Lands from fifty percent to seventy-five percent of the maximum single residence loan amount allowed in Hawaii by the United States Department of Housing and Urban Development's Federal Housing Administration.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Office of Hawaiian Affairs, one member of the Hawai'i County Council, Makaha Hawaiian Civic Club, and four individuals.

Your Committees find that costs associated with buying and building homes have gone up significantly in recent years. Your Committees believe that the current limit on loan amounts of fifty percent of the maximum single resident loan amount in the State is unnecessary and unreasonably constrains native Hawaiian beneficiaries' ability to finance the building and purchasing of homes on Hawaiian homelands. This measure will help Department of Hawaiian Home Lands beneficiaries to purchase or make improvements to their homes.

Your Committees have amended this measure by inserting language requiring the Department of Hawaiian Home Lands to provide financial literacy education for all borrowers.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2218, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2218, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3693 (Joint) Judiciary and Ways and Means on H.B. No. 1838

The purpose and intent of this measure is to:

- (1) Expand the zoning powers of counties; and
- (2) Expand the scope of the transient accommodations tax law to include certain shelters and vehicles with sleeping accommodations.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Office of the Mayor of the County of Maui, one member of the Maui County Council, one member of the Kaua'i County Council, Puakukui Owners Residents Neighborhood Organization, Kohala Coast Resort Association, Sierra Club of Hawai'i, UNITE HERE Local 5, Help Maui Rise, Tagnawa, Hawai'i Lodging and Tourism Association, Jewish Voice for Peace Hawai'i, Maui Housing Hui, Hawai'i Alliance for Progressive Action, ILWU Local 142, Lāhainā Strong, Green Party of Hawai'i, and more than two hundred individuals.

Your Committees received testimony in opposition to this measure from the O'ahu Short-Term Rental Alliance; Maui Paradise Properties; Hawaii First Realty LLC; Hawaii Legal Short Term Rental Alliance; REALTORS Association of Maui, Inc.; Hawai'i Association of REALTORS; Hawai'i Mid and Short-Term Rental Alliance; Kaua'i Board of REALTORS; Maui Chamber of Commerce; Maui Vacation Rental Association; Tiki Moon Villas; Rental By Owner Awareness Association; West Hawaii Association of REALTORS; Aloha Vacation Rentals; Serendipity Associates; Honolulu Board of REALTORS; ZEN, Inc.; Kama'āina Occupied Short-Term Rentals O'ahu; Molokai Vacation Properties; and more than five hundred fifteen individuals.

Your Committees received comments on this measure from the Department of Taxation, Maui Hotel and Lodging Association, Grassroot Institute of Hawaii, Airbnb, Tax Foundation of Hawaii, and four individuals.

Your Committees find that there is an acute shortage of long-term housing options for residents, which is exacerbated when existing inventory is reserved for visitor use only. Your Committees believe that while the counties are working to address housing demand, they should also be empowered to gradually phase out the use of short-term rentals over time. This measure will increase the availability of long-term housing options by encouraging housing to be used for the purpose of providing long-term homes for the State's residents.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1838, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1838, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

SCRep. 3694 (Joint) Judiciary and Ways and Means on H.B. No. 2505

The purpose and intent of this measure is to:

- (1) Increase the fines for violations of land use laws; and
- (2) Impose enhanced fines for developers and owners of important agricultural lands who repeatedly use the lands for unintended purposes.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that there may be individuals who abuse the important agricultural land designation system for its incentives. Your Committees believe that individuals who exploit their important agricultural lands designation for personal or financial gain should be subjected to enhanced penalties. This measure will allow the State to support a diversity of agricultural activities and opportunities that expand agricultural income and job opportunities and increase agricultural self-sufficiency in the State by deterring individuals from using their important agricultural lands for unintended purposes.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2505, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5. Noes, none. Excused, none.

Ways and Means: Ayes, 12. Noes, none. Excused, 1 (Kanuha).

SCRep. 3695 Judiciary on H.B. No. 1597

The purpose and intent of this measure is to:

- (1) Clarify that members of the public may sue a board or alleged board after receiving an adverse Office of Information Practices decision, and that the decision will be reviewed de novo;
- (2) Establish a two-year statute of limitations to bring the lawsuit and reaffirm a complainant's right to seek review by the Office of Information Practices first;

- (3) Recognize that only a member of the public may recover attorney's fees and costs if that person prevails in an open meetings lawsuit;
- (4) Require that persons suing for open meetings law violations notify the Office of Information Practices about the lawsuit so that it may decide whether to intervene; and
- (5) Require open meetings lawsuits that seek to void a board's final action to be prioritized by the courts.

Your Committee received testimony in support of this measure from the Office of Information Practices and Public First Law Center.

Your Committee finds that under existing law, if the Office of Information Practices (Office) issues a decision finding that a board did not violate the Sunshine Law, there is not a clear statutory path for the person who complained to the Office to challenge the Office's decision. Following a cause of action brought after a decision by the Office that a board had not violated the Sunshine Law, the Hawaii Supreme Court ruled that the complaining party is allowed to sue the Office instead of the board for the alleged Sunshine Law violation. This measure will conform the Sunshine Law with similar Uniform Information Practices Act appeal processes to allow a person to sue the relevant board over the board's alleged violation and require the court to hear the lawsuit de novo.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1597, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3696 Ways and Means on H.B. No. 2501

The purpose and intent of this measure is to repeal the reporting requirement that the University of Hawaii identify the cost impacts to the State of providing workers' compensation coverage for University of Hawaii students.

Your Committee received written comments in support of this measure from the University of Hawaii.

Your Committee finds that no workers' compensation claims for University of Hawaii students have been made since the 2014-2016 fiscal biennium. However, the University of Hawaii is still required to submit a biennial report to the Legislature, whether or not a claim is made. Your Committee further finds that a similar reporting requirement for the Department of Education was repealed by Act 224, Session Laws of Hawaii 2022. Your Committee thus recognizes that the reporting requirement for the University of Hawaii is no longer necessary.

Your Committee has amended this measure by changing the effective date from July 1, 3000, to upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2501, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2501, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3697 Ways and Means on H.B. No. 2662

The purpose and intent of this measure is to provide recreational and educational opportunities for youth tenants in public housing.

More specifically, this measure:

- (1) Requires the Hawaii Public Housing Authority to establish a two-year Recreation and Education Upward Mobility Pilot Program;
- (2) Authorizes the Hawaii Public Housing Authority to contract with third parties to implement the pilot program; and
- (3) Appropriates moneys for the pilot program.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority, Kalihi Community Center, and one individual.

Your Committee finds that the pilot program established by this measure will provide youth tenants in public housing with extra-curricular and educational opportunities that can assist with their socioeconomic upward mobility.

Your Committee notes that the Hawaii Public Housing Authority has requested an appropriation of \$10,500,000 to rehabilitate, remodel, renovate, and repair approximately one hundred fifty housing units to help the Authority address federally-mandated improvements and retrofitting of units.

Your Committee has amended this measure by appropriating an unspecified amount to the Hawaii Public Housing Authority to rehabilitate, remodel, renovate, and repair approximately one hundred fifty housing units.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2662, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2662, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3698 Ways and Means on H.B. No. 1912

The purpose and intent of this measure is to increase the capacity of the District Court of the First Circuit.

Specifically, this measure statutorily establishes one additional district court judgeship in the First Circuit.

Your Committee received written comments in support of this measure from the Judiciary and Hawaii State Bar Association.

Your Committee finds that the additional District Court judge position authorized by this measure will allow the District Court of the First Circuit to better manage court dockets, be more responsive to the needs of the community, increase capacity in rural courts, and develop and expand specialized court calendars.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1912, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3699 Ways and Means on H.B. No. 1914

The purpose and intent of this measure is to increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel in criminal proceedings.

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, and ACLU of Hawaii.

Your Committee finds that the increased rate of compensation in this measure will assist the Judiciary in recruiting and maintaining qualified and experienced counsel to be appointed in criminal proceedings statewide.

Your Committee notes that this measure, as received by your Committee, appropriated \$2,500,000 for the increased rate of compensation provided by the measure.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$2,500,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1914, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1914, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3700 Ways and Means on H.B. No. 1917

The purpose and intent of this measure is to appropriate moneys for collective bargaining cost items for Judiciary employees who are members of a collective bargaining unit and for their excluded counterparts.

Your Committee received written comments in support of this measure from the Judiciary; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual.

Your Committee finds that the exclusive representative of various collective bargaining units has been pursuing temporary hazard pay for work performed by government employees during the coronavirus disease 2019 pandemic. Your Committee further finds that this measure provides a vehicle to appropriate moneys for the temporary hazard pay of the Judiciary employees who are members of those collective bargaining units and for their excluded counterparts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1917, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3701 Ways and Means on H.B. No. 2069

The purpose and intent of this measure is to facilitate the modernization of the State's information technology resources.

Specifically, this measure authorizes the employment of persons within the Comptroller's office in positions who:

- (1) Are exempt from state laws governing civil service and collective bargaining; and
- (2) Support communications, change management, and business process improvement programs related to the State's information technology modernization efforts.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services.

Your Committee finds that authorizing the Department of Accounting and General Services to recruit and retain employees who are exempt from the civil service and collective bargaining laws will increase the Department's capacity to effectively perform critical state functions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2069, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3702 Ways and Means on H.B. No. 2373

The purpose and intent of this measure is to make emergency appropriations for collective bargaining cost items for the members of bargaining units (1) and (10) and their excluded counterparts for fiscal biennium 2023-2025.

Your Committee received written comments in support of this measure from the Department of Budget and Finance; Judiciary; United Public Workers, AFSCME Local 646, AFL-CIO; and University of Hawaii.

Your Committee finds that the exclusive representative of collective bargaining units (1) and (10) has been pursuing temporary hazard pay for work performed by government employees during the coronavirus disease 2019 pandemic. Your Committee further finds that this measure provides a vehicle to appropriate moneys for the temporary hazard pay of employees in those collective bargaining units and for their excluded counterparts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2373, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3703 Ways and Means on H.B. No. 1964

The purpose and intent of this measure is to strengthen the State's childcare and early education workforce.

Specifically, this measure:

- (1) Establishes a child care provider subsidy and bonus program to adequately compensate and retain the existing early child care workforce in all licensed and registered child care provider settings; and
- (2) Appropriates moneys for the child care provider subsidy and bonus program.

Your Committee received written comments in support of this measure from the Early Learning Board, Office of Hawaiian Affairs, Executive Office on Early Learning, Office of the Mayor of the County of Hawaii, a member of the Hawaii County Council, Department of Research and Development of the County of Hawaii, Department of Community Services of the City and County of Honolulu, Early Childhood Resource Center of the County of Maui, Chamber of Sustainable Commerce, Parents and Children Together, Courtney's Day Care, Hawaii Alliance for Progressive Action, Hawai'i Children's Action Network Speaks!, Hawaii State Coalition Against Domestic Violence, American Association of University Women Hawaii, Holomua Collaborative, He'e Coalition, Early Childhood Action Strategy, Hawaii Women Lawyers, Aloha United Way, The Samuel N. and Mary Castle Foundation, Chamber of Commerce Hawaii, Hawaii Democratic Women's Caucus, and more than fifty individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received comments on this measure from the Department of Human Services and University of Hawaii.

Your Committee finds that the demand for quality child care and early education far exceeds the number of qualified child care and early education professionals currently available in the State. Your Committee further finds that the establishment of a child care provider subsidy and bonus program will help to retain and recruit child care and early education professionals.

Your Committee has amended this measure by:

- (1) Codifying the child care provider subsidy and bonus program in Chapter 346, part VIII, subpart A, Hawaii Revised Statutes;
- (2) Clarifying that an application to participate in the child care provider subsidy and bonus program must contain proof that only child care workers, instead of both child care workers and family child care homes, are employees of a licensed or registered child care provider; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1964, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1964, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3704 Ways and Means on H.B. No. 2131

The purpose and intent of this measure is to address the spread of the two-lined spittlebug throughout the State.

More specifically, this measure:

- (1) Appropriates moneys to the Department of Agriculture to mitigate and control infestations of the two-lined spittlebug and fund recovery efforts for areas affected by the two-lined spittlebug; and
- (2) Requires the Department of Agriculture to submit a report to the Legislature.

Your Committee received written comments in support of this measure from the College of Tropical Agriculture and Human Resources of the University of Hawaii; Department of Agriculture; Department of Land and Natural Resources; Coordinating Group on Alien Pest Species; Hawaii Cattlemens Council; Hawaii Farm Bureau; Hawaii Farmers Union; Hawaii Food+ Policy; Kealia Ranch; Kualoa Ranch; Larry Jeffs Farms, LLC; Ulupono Initiative; and numerous individuals.

Your Committee finds that the two-lined spittlebug is severely damaging the rangelands on the island of Hawaii and creating opportunities for invasive weed species to overtake grass species. Your Committee notes that the damage caused by the two-lined spittlebug also includes the creation of dead grasses and other wildfire fuels. Accordingly, your Committee believes that providing for the mitigation and control of two-lined spittlebug infestations will help to protect the State's rangelands and prevent future wildfires.

Your Committee has amended this measure by:

- (1) Requiring the Department of Agriculture to submit a final report to the Legislature; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2131, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2131, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3705 Ways and Means on H.B. No. 2216

The purpose and intent of this measure is to increase the state supplemental payment limits for certain adult residential care homes, licensed developmental disabilities domiciliary homes, community care foster family homes, and certified adult foster homes.

Your Committee received written comments in support of this measure from the Disability and Communication Access Board; State Council on Developmental Disabilities; AARP Hawaii; Adult Foster Homecare Association of Hawaii; Alliance of Professional Primary Care Administrators; Coalition of Caregivers; Community Home Care Association; International Longshore and Warehouse Union Local 1000; Sebastians Arch, LLC; United Community Healthcare of Hawaii; and numerous individuals.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that increasing the state supplemental payment limits for types I and II adult residential care homes, licensed developmental disabilities domiciliary homes, community care foster family homes, and certified adult foster homes will help to ensure that the actual costs incurred by care providers are adequately defrayed.

Your Committee has amended this measure by repealing outdated statutory language that initially established the dates by which the state supplemental payments were increased for residential care homes classified as either facility type I or II, licensed developmental disabilities domiciliary homes, community care foster family homes, and certified adult foster homes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2216, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2216, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3706 Ways and Means on H.B. No. 2619

The purpose and intent of this measure is to appropriate moneys for the biosecurity program of the Department of Agriculture to develop and implement projects for clean plant material, agricultural treatments, diagnostics, and pest management.

Your Committee received written comments in support of this measure from the Hawaii Department of Agriculture; Department of Land and Natural Resources; Office of Hawaiian Affairs; County of Maui; Larry Jeffs Farms, LLC; Hawaii Cattlemen's Council; Land Use Research Foundation of Hawaii; Hawaii Floriculture and Nursery Association; Hawaii Farm Bureau; Hawaii Crop Improvement Association; Ulupono Initiative; Carol Kwan Consulting, LLC; Maui County Farm Bureau; and four individuals.

Your Committee finds that the State's agricultural biosecurity program helps safeguard Hawaii's unique environment, natural resources, public health, and agricultural industries. The program's pre-entry measures, port-of-entry inspections, post-entry measures, and other programs help protect the State from the introduction and spread of harmful pests.

Your Committee has amended this measure by:

- (1) Deleting Section 1 of the measure and renumbering subsequent sections accordingly; and
- (2) Amending the appropriation to fund thirteen programs and one hundred ten positions in support of the State's biosecurity and invasive species response. Your Committee notes that of these programs and positions:
 - (A) Seventy-eight positions and \$17,619,338 in general funds will be added to Program ID AGR122. Of these seventy-eight positions, thirty-two positions and \$2,376,168 in general funds are new positions and funds, and the remaining forty-six positions and funds were previously included in the base budget through special funds; and
 - (B) Thirty-two positions and \$2,178,530 in general funds will be added to Program ID AGR846. Of these thirty-two positions, twelve positions and \$804,492 in general funds are new positions and funds, and the remaining twenty positions and funds were previously included in the base budget through revolving funds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2619, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2619, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3707 Ways and Means on H.B. No. 2742

The purpose and intent of this measure is to establish a pre-litigation mediation procedure for Maui tenancies that are subject to the current eviction moratorium.

Specifically, this measure:

- (1) Requires landlords to provide Maui tenants with at least fifteen calendar days of notice before terminating a rental agreement for failure to pay rent and initiating a summary proceeding for possession of the dwelling unit;
- (2) Authorizes tenants to schedule a mediation within the fifteen-day period to prohibit landlords from evicting tenants while the mediation is pending, subject to certain deadlines; and
- (3) Requires the landlord to participate in the mediation if scheduled by the tenant.

Your Committee received written comments in support of this measure from the Judiciary and the Mediation Center of the Pacific, Inc.

Your Committee received written comments on this measure from the Hawaii Association of REALTORS.

Your Committee finds that the expiration of the Maui eviction moratorium may potentially result in lawsuits that could overwhelm courts on Maui. Your Committee believes that establishing a pre-litigation mediation process will help to reduce state court workload, keep tenants housed, and leave landlords with an acceptable alternative to a summary proceeding for possession of a dwelling unit.

Your Committee acknowledges the written comments submitted by the Hawaii Association of REALTORS, which requests that a provision for rent relief be added to this measure to help ensure that tenants are able to stay in the homes they are renting. The written comments by the Hawaii Association of REALTORS also explain that, without a rent relief provision, the measure merely delays eviction without addressing the root issue that gives rise to the evictions.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2742, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2742, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3708 Ways and Means on H.B. No. 2395

The purpose and intent of this measure is to exempt from enrollment in the Employees' Retirement System members of the Hawaii National Guard who are ordered into active duty to provide services to the State.

Your Committee received written comments in support of this measure from the Department of Defense.

Your Committee received written comments on this measure from the Employees' Retirement System.

Your Committee finds that members of the Hawaii National Guard who are not also state or county employees may ultimately never vest in, or benefit from, the State's retirement system. This measure will allow these servicemembers to retain more of their earned compensation by exempting them from mandatory enrollment in the Employees' Retirement System.

Your Committee has amended this measure by:

- (1) Making the measure effective upon its approval; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2395, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2395, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3709 Ways and Means on H.B. No. 2489

The purpose and intent of this measure is to exempt the senior software developers in the Department of Taxation from civil service.

Your Committee received written comments in support of this measure from the Department of Taxation.

Your Committee recognizes that the Department of Taxation has faced difficulty in recruiting and retaining experienced software developers, as persons with the experience and skillset needed to perform this type of work require commensurate salaries that exceed

what is currently provided by civil service. Accordingly, your Committee finds that exempting the Department's senior software developers from civil service law will facilitate the Department's attempts to attract and retain qualified employees.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2050, to upon approval; and
- (2) Making a technical nonsubstantive change for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2489, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2489, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3710 Ways and Means on H.B. No. 2396

The purpose and intent of this measure is to authorize the State to provide an allowance for the payment of TRICARE Reserve Select coverage to junior officers, warrant officers, and enlisted personnel of the Hawaii National Guard who are ordered to active duty for more than thirty days in the service of the State.

Your Committee received written comments in support of this measure from the Department of Defense.

Your Committee finds that providing an allowance for Tricare Reserve Select coverage is the most cost-effective way for the State to ensure accessible and affordable health care coverage for members of the Hawaii National Guard when the members are called into active duty service for an extended period.

Your Committee has amended this measure by:

- (1) Changing the measure's effective date from July 1, 2042, to upon its approval; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2396, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2396, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3711 Ways and Means on H.B. No. 2570

The purpose and intent of this measure is to require attorneys who are applying to practice in the State pro hac vice to include certain evidence in their applications, in addition to the information and evidence required by the rules of the Hawaii Supreme Court, to ensure that both the applicant and local counsel will pay all state income tax due for Hawaii business activities.

Your Committee received written comments in support of this measure from the Hawaii Association of Public Accountants.

Your Committee received written comments in opposition to this measure from the Judiciary.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the additional evidence required by this measure for petitions or motions to practice in Hawaii pro hac vice will help ensure compliance with the State's income tax laws, reduce the need for certain tax audits, and inform out-of-state attorneys who practice in the State's courts of their Hawaii tax obligations.

Your Committee has amended this measure by clarifying that applications to practice in the State pro hac vice should include an affirmation that both the applicant and local counsel will pay all general excise tax as well as all state income tax due for Hawaii business activities, as recommended in written comments from the Hawaii Association of Public Accountants.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2570, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2570, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3712 Ways and Means on H.B. No. 2485

The purpose and intent of this measure is to make certain amendments to state taxation law.

Specifically, the measure:

- (1) Repeals a \$5 fee for each certified copy of a tax clearance;
- (2) Establishes a \$500 fine for failure to comply with reporting requirements under the general excise tax law and transient accommodations tax law for collection of rent by a third party; and
- (3) Increases from \$50 to \$1,000 the unfair competition fine under the general excise tax law.

Your Committee received written comments in support of this measure from the Department of Taxation.

Your Committee received written comments on this measure from the Travel Technology Association, Expedia Group, and one individual.

Your Committee finds that the \$5 fee for each certified copy of a tax clearance is outdated because the Department of Taxation no longer certifies tax clearances. Your Committee also finds that although current law requires every person authorized to collect rent on behalf of an owner of real property in the State to provide certain information to the Department, there is currently no penalty for the failure to comply. Your Committee further finds that the fine in the general excise law for unfair competition has not been increased since 1935, and an increase is necessary to adjust for inflation.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2485, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2485, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3713 Ways and Means on H.B. No. 1913

The purpose and intent of this measure is to increase the rate of compensation and maximum allowable amounts per case for court-appointed counsel and guardians ad litem in family court proceedings.

Your Committee received written comments in support of this measure from the Judiciary, Department of Human Services, and ACLU of Hawaii.

Your Committee received written comments on this measure from the Hawaii State Bar Association.

Your Committee finds that the increased rate of compensation and maximum allowable amounts per case will assist the Judiciary in recruiting and retaining qualified and experienced court-appointed counsel and guardians ad litem in family court proceedings, which will prevent unnecessary delays in family court cases.

Your Committee notes that this measure, as received by your Committee, appropriated \$1,500,000 for the increased rate of compensation provided in the bill.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$1,500,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1913, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1913, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3714 Ways and Means on H.B. No. 2490

The purpose and intent of this measure is to change the statutory limits on certain capital advancement contracts.

More specifically, this measure:

- (1) Changes the total capital advancement contract value threshold that the Department of Transportation may execute without legislative approval;
- (2) Changes the limit on the total aggregate value of certain capital advancement contracts entered into by the Department of Transportation; and
- (3) Requires the Department of Transportation to submit an annual report to the Legislature.

Your Committee received written comments in support of this measure from the Department of Transportation; Hawaii Harbors Users Group; and Matson Navigation Company, Inc.

Your Committee finds that increasing the maximum limit on capital advancement contracts executed by the Department of Transportation will help the Department to more efficiently improve port facilities throughout the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2490, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3715 Ways and Means on H.B. No. 1936

The purpose and intent of this measure is to mandate that the Department of Transportation require the securing of mooring lines from vessels to commercial docks, wharves, piers, quays, and landings to be performed by labor that is subject to collective bargaining.

Your Committee received written comments in support of this measure from International Brotherhood of Electrical Workers Local Union 1186, International Longshore and Warehouse Union Local 142, and numerous individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Shippers Council and Retail Merchants of Hawaii.

Your Committee received written comments on this measure from the Department of the Attorney General, Department of Transportation, and Public Utilities Commission.

Your Committee finds that requiring the securing of mooring lines from vessels to commercial docks, wharves, piers, quays, and landings to be performed by labor subject to collective bargaining will allow regulated intrastate shipping companies to use their current qualified staff to safely and more efficiently conduct their necessary mooring operations.

Your Committee has amended this measure by:

- (1) Clarifying that the collective bargaining requirements to be established in accordance with this measure exclude labor performed at certain locations, by certain entities, and involving certain activities;
- (2) Clarifying that this measure shall not be applied so as to impair the obligation of any contract in violation of the Constitution of the State of Hawaii or the United States Constitution;
- (3) Changing the effective date from July 1, 3000, to upon its approval; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1936, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1936, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3716 Ways and Means on H.B. No. 2376

The purpose and intent of this measure is to adjust funding for certain Department of Transportation projects pursuant to Act 164, Session Laws of Hawaii 2023.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Department of Transportation.

Your Committee finds that in prior years, the Legislature's budget acts contained a proviso that permitted departments to transfer funds between their respective programs. Your Committee notes, however, that Act 164, Session Laws of Hawaii 2023, does not contain this proviso. Your Committee recognizes that without this proviso, the Department of Transportation is unable to transfer funds between its programs to replace one of its two existing barrier transfer machines that provide high occupancy vehicle lanes during morning rush hour on Oahu. Accordingly, your Committee believes that transferring moneys between the Department of Transportation's programs will help the Department of Transportation to ensure the continued safe and efficient flow of morning traffic on Oahu.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2376, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2376, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3717 Ways and Means on H.B. No. 1763

The purpose and intent of this measure is to address the shortage of affordable housing in the State.

More specifically, this measure:

- (1) Amends the priority for which moneys in the Rental Housing Revolving Fund are to be used; and
- (2) Requires the Hawaii Housing Finance and Development Corporation to prioritize the allocation of Rental Housing Revolving Fund moneys to certain housing projects.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands, Hawaii Public Housing Authority, Office of Hawaiian Affairs, AARP Hawaii, and Aloha United Way.

Your Committee received written comments in opposition to this measure from the Building Industry Association of Hawaii; Mark Development, Inc.; and Stanford Carr Development, LLC.

Your Committee received written comments on this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, King Lunalilo Trust, and one individual.

Your Committee finds that the State is facing a shortage of affordable housing. Your Committee also finds that the State's public housing inventory is aging and that many units are functionally obsolete. Your Committee further finds that the intent of this measure is to address the housing crisis by funding the development of additional affordable housing units.

Your Committee has amended this measure by:

- (1) Adding a definition for the term "project readiness";
- (2) Repealing the authorization to use Rental Housing Revolving Fund moneys to issue grants;
- (3) Clarifying the permitted uses of the Rental Housing Revolving Fund;
- (4) Clarifying that the Hawaii Housing Finance and Development Corporation shall not forgive any loan made from the Rental Housing Revolving Fund unless the Corporation forecloses on the project;
- (5) Requiring the Hawaii Housing Finance and Development Corporation to submit a report to the Legislature on plans to revolve funds back into the Rental Housing Revolving Fund to ensure its self-sufficiency; and
- (6) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1763, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1763, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3718 Ways and Means on H.B. No. 2340

The purpose and intent of this measure is to appropriate moneys to satisfy claims against the State, its officers, and its employees.

Your Committee received written comments in support of this measure from the Department of the Attorney General, Department of Corrections and Rehabilitation, Department of Education, Department of Human Services, Department of Land and Natural Resources, and Department of Transportation.

Your Committee received written comments on this measure from the Department of Human Resources Development.

Your Committee finds that the State has a responsibility to promptly satisfy all claims against the State upon the resolution of those claims. Your Committee further finds that the timely passage of this measure will help to minimize the State's obligation to pay interest that accrues on the claim amounts.

Your Committee has amended this measure by:

- (1) Making additional appropriations of:
 - (A) \$800,000.00 in general funds for the settlement in the case of Schweitzer v. State of Hawaii;
 - (B) \$1,000,000.00 in general funds for the settlement in the case of A.B. v. Department of Education;
 - (C) \$1,800,000.00 in general funds for the settlement in the case of C.K., J.M., and T.M. v. Department of Human Resources;
 - (D) \$35,961.64 out of the state highway fund for the settlement in the case of Allstate Insurance Company v. State of Hawaii Department of Transportation; and
 - (E) \$265.00 in general funds for a miscellaneous claim by Jessie J. McMorrow and Kevin B. McMorrow;
- (2) Amending the payment requirements for the settlement in the case of Courtney Ledford v. Ethan Ferguson, et al., by:
 - (A) Changing the amount appropriated to the Department of the Attorney General to satisfy the claim from \$750,000.00 to \$1,250,000.00; and
 - (B) Deleting the requirement that \$500,000.00 of the claim settlement be equally apportioned and paid from the available general funds appropriated by Act 164, Session Laws of Hawaii 2023, to the Department of Human Resources Development and Department of Land and Natural Resources;
- (3) Amending the payment requirements for the settlement in the case of Leinette Reyes, et al. v. Eric Tanaka, by:
 - (A) Changing the amount appropriated to the Department of the Attorney General for the settlement of the claim from \$1,200,000.00 to \$2,000,000.00; and
 - (B) Deleting the requirement that \$800,000.00 of the claim settlement be paid from the available general funds appropriated by Act 164, Session Laws of Hawaii 2023, to the Department of Public Safety/Corrections and Rehabilitation;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making a technical nonsubstantive amendment for the purpose of consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2340, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2340, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3719 Judiciary on H.B. No. 2435

The purpose and intent of this measure is to authorize the Director of Health to permit synchronous online access to apply for marriage and civil union licenses in lieu of in-person applications, as specified in rules adopted by the Department of Health pursuant to chapter 91, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that an emergency order during the coronavirus disease 2019 pandemic allowed the Department of Health to authorize the issuance of licenses to marry via online access, exempting individuals from the normal statutory requirement of an in-person appointment. Your Committee believes that with the cessation of the emergency order, and a rebounding economy statewide, there is a need to ensure the Department of Health can process applications for licenses to marry in a timely manner. This measure will improve operational efficiency within the Department of Health while ensuring timely access to services.

Your Committee has amended this measure by:

- (1) Clarifying that persons applying for a license to marry are required to appear:
 - (A) In-person or by synchronous online access before an employee of the Department of Health authorized to issue licenses; or
 - (B) In-person before an agent authorized to grant marriage licenses and are required to file with the agent an application in writing, or remotely by synchronous online access before an agent and as authorized by the Department of Health in rules adopted pursuant to chapter 91, Hawaii Revised Statutes;
- (2) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2435, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2435, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3720 Judiciary on H.B. No. 2492

The purpose and intent of this measure is to amend existing law to meet new federal regulations for commercial driver's licenses when the Drug and Alcohol Clearinghouse prohibits a driver from operating a commercial vehicle due to drug and alcohol violations.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the existing Hawaii statute is not in compliance with new federal requirements relating to the issuance, renewal, transfer, or upgrade of commercial driver's licenses and commercial learner's permits. Your Committee further finds that beginning on November 18, 2024, the Federal Motor Carrier Safety Administration will require all states to request information from the Drug and Alcohol Clearinghouse in order to issue, renew, or upgrade a commercial driver's license or commercial learner's permit. This measure will bring the State in compliance with the federal requirements by amending penalties regarding drug and alcohol violations.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2492, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2492, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3721 Judiciary on H.B. No. 2354

The purpose and intent of this measure is to clarify that the Small Business Regulatory Review Board (Board) has the authority to review legislation affecting small businesses in response to requests from small business owners.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and two individuals.

Your Committee finds that it is important that the Board's purview is clearly understood by the small business community, state and county agencies, Hawaii business chambers, and trade organizations. This measure will clarify that the Board's scope of responsibilities includes reviewing legislation affecting small businesses in the State.

Your Committee has amended this measure by inserting an effective date of April 14, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2354, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2354, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3722 Judiciary on H.B. No. 2546

The purpose and intent of this measure is to:

- (1) Allow for the use of fine meshed nets for the protection of plants against invasive species; and
- (2) Require the Department of Agriculture to establish a registration program for purchasers of fine meshed nets in the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Waianae Coast Comprehensive Health Center, and four individuals.

Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that the coconut rhinoceros beetle is considered a major agricultural and environmental pest. Although coconut rhinoceros beetle is particularly damaging to coconut palms, they can also be found in banana, pineapple, betelnut, and sugarcane, among others. Your Committee further finds that fine mesh nets are an effective management and detection tool for the coconut rhinoceros beetle, particularly because they can exclude other medium to large pests and be used on individual plants. Your Committee finds that by authorizing the Department of Agriculture to establish a registration program for persons using fine meshed nets to protect plants against invasive species, this measure will help protect the State's vital agricultural industry and preserve the State's delicate natural ecosystems.

Your Committee has amended this measure by inserting an effective date of April 14, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2546, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2546, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3723 Judiciary on H.B. No. 2315

The purpose and intent of this measure is to:

- (1) Specify the procedure for condominium association meetings conducted in person and electronically; and
- (2) Clarify the procedure for electronic meetings, electronic voting, and mail voting.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians; Hawaiiiana Management Company, Ltd.; Palehua Townhouse AOA; AOA Lakeview Sands; Law Offices of Mark K. McKellar, LLC; and thirteen individuals.

Your Committee received comments on this measure from one individual.

Your Committee finds that the usage of electronic voting devices is an efficient, accurate, and auditable method for counting votes at condominium association meetings. Your Committee further finds that the integration of digital technology into condominium association governance promotes participation, streamlines processes, and can help minimize management costs. This measure will clarify certain laws relating to electronic meetings and voting, thereby contributing to the prudent expansion of digital technology in condominium association governance.

Your Committee has amended this measure by:

- (1) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2315, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2315, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3724 Judiciary on H.B. No. 1923

The purpose and intent of this measure is to allow overnight camps in operation prior to January 1, 1961, to be regulated via the special permit process.

Your Committee received testimony in support of this measure from the Department of Agriculture; Office of Planning and Sustainable Development; Boy Scouts of America, Aloha Council; and Maui Chamber of Commerce.

Your Committee finds that in *Ho'omoana Foundation v. Land Use Commission*, 152 Haw. 337, 526 P.3d 314 (2023), the Hawaii Supreme Court held that the specific exclusion of overnight camps from permitted uses under section 205-4.5(a)(6), Hawaii Revised

Statutes, means that the public and private recreational use of overnight camps in agricultural districts is not permitted, even by special permit, overruling the Hawaii Supreme Court's decision in *Maha'uilepu v. Land Use Commission*, 71 Haw. 332, 790 P.2d 906 (1990). Your Committee further finds that there are two campgrounds with special permits expiring within the next two years on Maui and two camps on Oahu that may also be impacted by the ruling in *Ho'omoana Foundation*. As a result of *Ho'omoana Foundation*, these campgrounds would need to obtain a district boundary amendment to change the land use classification from agricultural to urban, which is an overly burdensome process as these campgrounds are in rural settings with no urban uses in the nearby vicinity. This measure codifies that overnight camps in operation before January 1, 1961, may be regulated via the special permit process.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1923, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1923, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3725 Judiciary on H.B. No. 2400

The purpose and intent of this measure is to:

- (1) Require a teacher to surrender their teaching license if the teacher resigns or retires during the pendency of any investigation into allegations of sexual assault, sexual harassment, or other physical abuse of a student; and
- (2) Require the surrender of the teacher's license to be reported to the National Association of State Directors of Teacher Education and Certification.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Teacher Standards Board, and one individual.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that some teachers facing serious allegations, such as sexual assault or harassment of a student, exploit the existing system by resigning or retiring before they can be formally terminated after a completed investigation. Your Committee believes that it is imperative to address this critical issue within the State's education system. This measure will ensure that teachers who have resigned or retired in lieu of termination during the pendency of the investigation do not retain their teaching license.

Your Committee has amended this measure by:

- (1) Clarifying that teachers are required to forfeit, rather than surrender, their teaching license if the teacher resigns or retires during the pendency of any investigation into allegations of sexual assault, sexual harassment, or other physical abuse of a student;
- (2) Clarifying that the forfeiture of the teacher's license, rather than surrender of the license, must be reported to the National Association of State Directors of Teacher Education and Certification;
- (3) Amending section 1 to reflect its amended purpose; and
- (4) Making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2400, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2400, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3726 Judiciary on H.B. No. 2425

The purpose and intent of this measure is to:

- (1) Clarify that a confirmed report of child abuse or neglect, harm, or threatened harm will result in the perpetrator's name being maintained in the central registry; and
- (2) Clarify when a person's name may be expunged from the central registry and establish a process for expungement upon request.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Human Services.

Your Committee finds that protecting the State's keiki is of paramount importance. Presently, the central registry of individuals confirmed to be perpetrators of child abuse or neglect protects the community from certain dangerous individuals. However, inclusion in the central registry can have serious consequences, including limited employment or volunteer opportunities. Despite the severity of inclusion on the central registry, the processes of inclusion or removal are not widely known. Accordingly, this measure protects keiki statewide, ensures Department of Human Services' efficiency, and clarifies the process of being placed on or having one's name removed from the central registry.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2425, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2425, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3727 Judiciary on H.B. No. 2090

The purpose and intent of this measure is to:

- (1) Beginning January 1, 2025, allow residential uses in areas zoned for commercial use to be considered permitted under certain circumstances; and
- (2) Require, no later than January 1, 2025, each county to adopt or amend its ordinances to allow for adaptive reuse of existing commercial buildings in the county's building codes.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Office of Housing of the City and County of Honolulu, one member of the Kaua'i County Council, Housing Hawai'i's Future, Hawai'i Association of REALTORS, Building Owners and Managers Association Hawai'i, Hawaii Young Republicans, Grassroot Institute of Hawaii, Democratic Party of Hawai'i, Building Industry Association Hawaii, Maui Chamber of Commerce, Land Use Research Foundation of Hawaii, and six individuals.

Your Committee received testimony in opposition to this measure from Hawaii's Thousand Friends and two individuals.

Your Committee received comments on this measure from the Disability and Communication Access Board and American Institute of Architects Hawaii.

Your Committee finds that the aftermath of the coronavirus disease 2019 pandemic and trends in remote work have resulted in historically high vacancy rates and an underutilization of commercial space and office buildings. Your Committee believes that allowing the development of housing in commercial districts and encouraging the repurposing of older commercial buildings that are underutilized due to market conditions or functional obsolescence will expand the State's housing inventory while also creating more vibrant communities. This measure will increase the State's supply of housing by adapting commercial spaces for residential uses.

Your Committee has amended this measure by:

- (1) Making it effective on January 1, 2025; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2090, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2090, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3728 Judiciary on H.B. No. 2370

The purpose and intent of this measure is to clarify the requirements to establish a quorum to do business and validate acts of the Stadium Authority.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Stadium Authority.

Your Committee finds that the Stadium Authority has consistently struggled to establish quorum to conduct business or take official action due to the ambiguity of existing laws and vacancies on the Stadium Authority. This measure will clarify that a majority of the Stadium Authority's currently appointed voting members is required to do business to enhance public trust and promote a transparent and accountable decision-making process.

Your Committee has amended this measure by inserting an effective date of April 14, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2370, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2370, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3729 Commerce and Consumer Protection on H.B. No. 2393

The purpose and intent of this measure is to:

- (1) Require health insurers, mutual benefit societies, and health maintenance organizations to cover mandated services for mammography at least as favorably as coverage for other radiological examinations; and

- (2) Amend the external review process under the state Patients' Bill of Rights and Responsibilities Act, to be based on the National Association of Insurance Commissioners Uniform Health Carrier External Review Model Act.

Your Committee received testimony in support of this measure from the Insurance Division of the Department of Commerce and Consumer Affairs and Disability and Communication Access Board.

Your Committee finds that while Hawaii has some of the best breast cancer screening rates in the country, data still shows that many women in the State are not being regularly screened. Your Committee further finds that inadequate health care coverage for mammography services may cause some women with breast cancer symptoms to delay care for many months, which is detrimental as breast cancer has a greater chance of being successfully treated if detected early. Therefore, this measure increases the accessibility to mammograms and diagnostic breast cancer services for women in Hawaii by establishing certain minimum coverage standards for mammography services that are provided by health insurers, mutual benefit societies, and health maintenance organizations under current insurance mandates. Further, this measure updates the external review process under the state Patients' Bill of Rights and Responsibilities Act, by which an enrollee may review a health plan's decision to deny coverage for or payment of a medical service, based on the National Association of Insurance Commissioners Uniform Health Carrier External Review Model Act.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2393, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3730 Commerce and Consumer Protection on H.B. No. 1577

The purpose and intent of this measure is to:

- (1) Change the fees that a towing company may charge to tow vehicles left unattended on private and public property;
- (2) Authorize a towing company or parking management company to charge a fee for the placement or removal of vehicle immobilization devices;
- (3) Require that a towing company that charges fees to tow vehicles left unattended on private and public property, or a towing company or parking management company that charges fees for the placement or removal of vehicle immobilization devices, to accept payment by the vehicle owner for charges by cash, credit card, and debit card and not direct an individual to use an on-site automated teller machine in lieu of accepting payment by credit card and debit card; and
- (4) Require a minimum period of twelve hours before the issuance of a violation or towing of a motor vehicle parked in a legal public stall, unless otherwise directed by law enforcement in the case of an emergency.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that in the near decade and a half since certain statutory tow rates for vehicles left unattended on private and public property were last amended by Act 269, Session Laws of Hawaii 2007, the cost of operating a business in the State has increased, including the costs of labor, fuel, insurance, and towing equipment. Your Committee further finds that the existing law governing the rates allowed per tow has not provided for the significant costs required to tow an overturned vehicle. Therefore, this measure will provide much needed assistance to the towing industry and ensure that the actual cost of a tow is reflected in the statutory rates allowed per tow.

Notwithstanding, your Committee has heard the concerns raised by the Department of the Attorney General that certain amendments made to this measure during the legislative process, if challenged, may not survive judicial scrutiny under article III, section 15, of the Hawaii State Constitution, as they appear to fall outside the scope of the original purposes of this measure as introduced, which is to authorize tow operators to charge an additional amount for overturned vehicles. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have:
 - (A) Changed the amount of maximum fees that towing companies may charge to tow vehicles left unattended on private and public property;
 - (B) Authorized companies engaged in towing or parking management to charge for parking control or the placement or removal of any device upon a vehicle designed to immobilize the vehicle under certain conditions and establish a maximum fee amount; and
 - (C) Required a minimum period of twelve hours to pass before a company engaged in towing or parking management may issue a fine and commence a tow of the motor vehicle for any violation occurring in a legal parking stall open to the public, unless directed by law enforcement in the event of an emergency;
- (2) Inserting language authorizing tow companies to charge additional reasonable amounts to tow vehicles left unattended on private and public property if the tow involves an overturned vehicle; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1577, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1577, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3731 Commerce and Consumer Protection on H.B. No. 2070

The purpose and intent of this measure is to require cash or protest bonds paid or filed by parties initiating an administrative appeal for protests of solicitations or award of contracts under the Hawaii Public Procurement Code to be returned to the initiating parties, minus administrative costs as determined by the Office of Administrative Hearings of the Department of Commerce and Consumer Affairs, except in cases where the party does not prevail and the Office of Administrative Hearings finds that the appeal was frivolous or made in bad faith.

Your Committee received testimony in support of this measure from the Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; General Contractors Association of Hawaii; Ralph S. Inouye Co., Ltd.; Koga Engineering & Construction, Inc.; S & M Sakamoto, Inc.; Jas. W. Glover, Ltd.; Healy Tibbitts Builders, Inc.; Moss & Associates, LLC; and Albert C. Kobayashi, Inc.

Your Committee finds that the primary purpose of the Hawaii Public Procurement Code is to ensure fair and ethical procurement while maximizing the use of public funds, and provides a bid protestor with a reasonable opportunity to appeal. Your Committee also finds that under the existing Code, a party initiating an administrative appeal to protest certain solicitations or awards of contracts is required to pay a cash or protest bond in the amount of one percent of the estimated value of the contract to deter frivolous appeals. If the appealing party prevails, the cash or protest bond is returned to the initiating party; however, if the appealing party loses, the bond is forfeited in its entirety to the State's general fund. Your Committee finds that these requirements have a chilling effect, not just on frivolous appeals, but on all appeals, as the high cost and time-involvement of the appeals process coupled with the uncertainty of prevailing make it no longer fiscally prudent for many to initiate the process. Therefore, this measure addresses this issue while allowing the Office of Administrative Appeals to recover its administrative costs and continuing to deter frivolous appeals.

Your Committee has amended this measure by inserting an effective date of July 1, 2040, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2070, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2070, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3732 Judiciary on H.B. No. 2526

The purpose and intent of this measure is to:

- (1) Increase the penalty for a third or subsequent offense involving the unauthorized driving or operation of motor vehicles to a class C felony; and
- (2) Authorize the court, as part of the person's sentencing for the third or subsequent offense, to order that the vehicle used by the person in the commission of the offense be subject to forfeiture.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and two individuals.

Your Committee finds that in 2023, roughly twenty percent of all traffic fatalities in the State involved an unlicensed driver. Your Committee further finds that recent high-profile fatal incidents have emphasized the need to reexamine the State's laws that regulate unlicensed drivers due to existing provisions that allow a person to be convicted of driving without a valid license again and again while facing nothing more than a misdemeanor. Therefore, this measure serves to continue the State's efforts to deter and prevent unlicensed individuals from getting behind the wheel and to increase the public safety of both drivers and pedestrians.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2526, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3733 Judiciary on H.B. No. 2444

The purpose and intent of this measure is to temporarily authorize the Department of Health to conduct criminal history record checks of applicants for permits to operate as a hemp processor.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that, to become a licensed hemp processor in the State, an applicant must satisfy a criminal background check requirement. Prospective applicants may satisfy criminal background checks through a fingerprint and criminal background check conducted by the Department of Health. However, existing powers of the Department of Health do not provide them with the authority to conduct criminal history record checks on consenting hemp processor applicants. Accordingly, this measure clarifies existing procedures to effectuate the legislative intent of Act 263, Session Laws of Hawaii 2023, while ensuring timely processing of hemp processor permits.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2444, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3734 Judiciary on H.B. No. 2343

The purpose and intent of this measure is to authorize the Director of Labor and Industrial Relations to file certified copies of final orders of wage payment violations in any court of competent jurisdiction to expedite enforcement and serve the public policy of ensuring that employees are paid in accordance with their employers' legal obligations.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Labor and Industrial Relations, and Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee.

Your Committee finds that the current method of enforcing and collecting on final orders of wage payment violations exclusively in circuit court is inefficient and results in delayed payments to employees who are entitled to reimbursement from employers who violated wage payment laws. Your Committee further finds that expanding section 388-9.7, Hawaii Revised Statutes, to allow enforcement proceedings to be brought in district court will improve the efficiency of the enforcement process. This measure will therefore expedite the enforcement of wage payment violations by allowing proceedings to be brought in district courts due to their more expeditious processes and procedures.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2343, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3735 Judiciary on H.B. No. 1642

The purpose and intent of this measure is to allow an employee or the exclusive representative, if applicable, to file a complaint with the Hawaii Labor Relations Board if the employer fails to comply with section 78-64, Hawaii Revised Statutes, relating to general employee orientation.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that some employers fail to comply with existing law that requires an employer to provide newly hired employees with a general orientation on their benefits and rights within twenty calendar days of being hired. As a result, the exclusive representative who represents the employees is often left to identify a new employee's worksite and inquire about their work schedule in order to provide them with information about their rights as a public employee. Your Committee further finds that there is no penalty if an employer does not meet this requirement. This measure will ensure that newly hired employees are not denied important employment information and that employers are held accountable to existing statutory requirements.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1642, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3736 Judiciary on H.B. No. 2478

The purpose and intent of this measure is to:

- (1) Authorize the Governor to execute a compact on behalf of the State to cooperate in the Pacific States Marine Fisheries Commission (PSMFC); and
- (2) Establish procedures for selection and succession of commissioners.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the PSMFC is an interstate compact agency that provides a forum to discuss interstate fisheries resources management; coordinates research and management projects related to interstate fisheries and makes this data available to the public; and disperses federal fishery disaster funds. According to testimony received by your Committee, membership to the PSMFC would not only facilitate improved management of state and regional marine fishery resources, but also increase access to other fisheries' scientists and managers with expertise in matters that the State currently lacks and potentially open avenues for federal funding to enhance the management of Hawaii-based fishery projects. This measure will provide greater resources for the State's natural resource management agencies and its fishing industry to sustainably manage its aquatic resources.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2478, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3737 Judiciary on H.B. No. 2475

The purpose and intent of this measure is to, for purposes of regulating commercial ocean recreational activity:

- (1) Provide that advertisements and offers of unpermitted commercial ocean use activities or commercial ocean recreational equipment are prima facie evidence that:
 - (A) The owner of the advertised or offered commercial activity disseminated or directed dissemination of the advertisements or offers; and
 - (B) The commercial activity is operated at the location advertised or offered;
- (2) Establish that a person charged with a violation of commercial activity restrictions bears the burden of proof that the person is not conducting illegal commercial activity or is otherwise authorized by the Department of Land and Natural Resources to conduct the activity; and
- (3) Include advertisements and offers within the definition of “commercial activity”.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Maui Chamber of Commerce.

Your Committee finds that the rapid expansion of unpermitted commercial ocean recreational activity in the State has led to an overuse of boating facilities, strain on natural resources, and conflicts between recreational and commercial ocean users. Your Committee recognizes that providing better ocean recreation management and enforcement tools helps to ensure the protection of the State’s natural resources. This measure will help reduce the over-commercialization of ocean resources and allow the public greater recreational enjoyment of state ocean waters by providing the Department of Land and Natural Resources with more clarity for enforcing commercial ocean activity restrictions.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2475, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3738 (Joint) Ways and Means and Judiciary on H.B. No. 2453

The purpose and intent of this measure is to facilitate the timely disbursement of certain federal grant moneys.

More specifically, this measure authorizes the Governor, or a state official with authorization from the Governor, to transfer federal capitalization grant moneys between the Water Pollution Control Revolving Fund and the Drinking Water Treatment Revolving Loan Fund.

Your Committees received written comments in support of this measure from the Department of Health, Ulupono Initiative, and three individuals.

Your Committees find that the United States Environmental Protection Agency oversees the State’s implementation of the Water Pollution Control Revolving Fund and the Drinking Water Treatment Revolving Loan Fund programs and may withhold or delay future capitalization grants if those programs struggle to expeditiously disburse grant moneys. Your Committees further find that the ability to move moneys between the two funds will help facilitate timely disbursement of grants.

Your Committees have amended this measure by:

- (1) Clarifying the conditions applicable to transfers of moneys between the Water Pollution Control Revolving Fund and the Drinking Water Treatment Revolving Loan Fund;
- (2) Requiring the Department of Health to submit a report to the Legislature on transfers between the Water Pollution Control Revolving Fund and the Drinking Water Treatment Revolving Loan Fund prior to the Regular Session of 2025; and
- (3) Changing the effective date to July 1, 2024.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2453, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2453, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).
Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3739 (Joint) Ways and Means and Judiciary on H.B. No. 2700

The purpose and intent of this measure is to protect residents from future wildfires in the State.

Specifically, this measure:

- (1) Establishes the Hawaii Wildfire Relief Corporation and the Hawaii wildfire relief fund to provide compensation for property damage resulting from catastrophic wildfires in the State;
- (2) Creates a process for electric utilities to develop and submit wildfire protection plans to the Public Utilities Commission for approval; and
- (3) Authorizes electric utilities to recover the costs and expenses of developing, implementing, and administering the wildfire protection plans while avoiding a disproportionate impact on a specific ratepayer or counties.

Your Committees received written comments in support of this measure from Clearway Energy Group; Ulupono Initiative; International Brotherhood of Electrical Workers, Local Union 1260; Hawaii Farm Bureau; Retail Merchants of Hawaii; Kapolei Chamber of Commerce; Plus Power; Hawaiian Electric; Hawaii Cattlemen's Council; Maui Chamber of Commerce; and more than sixty individuals.

Your Committees received written comments in opposition to this measure from the Kauai Island Utility Cooperative, State Farm, and Hawaii Association for Justice.

Your Committees received written comments on this measure from the Office of the Governor; Attorney General; Department of Commerce and Consumer Affairs, Division of Consumer Advocacy; Public Utilities Commission; Tax Foundation of Hawaii; and Hawaiian Telcom.

Your Committees find that the cost of protracted litigation regarding wildfire damages can impose massive costs on the State, counties, utilities, landowners, and other defendants that may be alleged to have contributed to catastrophic wildfires. Those costs may overwhelm the major institutions in the community, undermining their ability to make investments that the State needs. Accordingly, your Committees find that it is in the public interest to avoid the costs of litigation arising out of catastrophic wildfires in order to protect Hawaii's economy and encourage investment in the State.

Your Committees acknowledge that the Department of Commerce and Consumer Affairs, Division of Consumer Advocacy, has requested that the measure be amended to prohibit a public utility from increasing rates in order to fund contributions to the wildfire relief fund and pay financing costs related to bonds for the issuance of wildfire protection. Your Committees also acknowledge the testimony of the Public Utilities Commission regarding deadlines for the Commission to issue decisions, and how establishing deadlines based upon the last filing, rather than the initial application, will help to ensure that the Commission can develop a sound docket once the docket record is properly developed.

Your Committees further note that provisions added by part II of the measure are intended to apply to electric utility cooperative associations.

Your Committees have amended this measure by:

- (1) Adding definitions for "operation date" and "wildfire relief fund";
- (2) Clarifying that, for the purpose of making a determination of whether insufficient funding exists for the wildfire relief fund, the fund administration shall determine whether the fund will fail to be fully capitalized by the fifth year of operation after the operation date;
- (3) Clarifying that the remaining amount of the supplemental contribution to the wildfire relief fund, but not more than the largest contribution by other contributors, shall be paid by the State, subject to legislative appropriation;
- (4) Clarifying that the fund administrator may permit annual supplemental contributions to the wildfire relief fund instead of a single upfront contribution, subject to the payment of interest;
- (5) Authorizing, under certain circumstances, recovery of an investor-owned utility's contributions to the wildfire relief fund via a securitization transaction;
- (6) Capping the State's loan to the wildfire relief fund following a depletion event;
- (7) Clarifying the terms and time frames for contributor payments to the wildfire relief fund;
- (8) Specifying that eligibility and compensation for property owners from the wildfire relief fund shall be limited to uninsured real or personal property damage;
- (9) Clarifying the time frame in which the fund administrator may declare a depletion event, and specifying that the depletion percentage shall be based on the financial capacity of the wildfire relief fund;
- (10) Clarifying the rights of property owners or property insurers to seek payments from the wildfire relief fund if a fund depletion event occurs, and establishing a three-year period to true up damages incurred;
- (11) Clarifying policyholder rights and the rights of property insurers to subrogation;
- (12) Exempting electric utility cooperative associations from the wildfire relief fund established by Part I of the measure;
- (13) Clarifying how the Public Utilities Commission shall determine whether a wildfire mitigation plan is reasonable;
- (14) Specifying that electric utility cooperative associations shall recover the costs of a wildfire protection plan through a dedicated, discrete tariff rider;
- (15) Establishing penalties for electric utilities that do not comply with an approved wildfire protection plan;
- (16) Requiring that if an electric utility applies for financing through the Public Utilities Commission to recover any wildfire protection costs, the electric utility shall show net savings to consumers and lower rates compared to traditional financing options;
- (17) Authorizing an electric utility to sell, transfer, assign, or pledge property to a government entity for purposes of lower financing costs through government-issued recovery bonds;
- (18) Capping the total securitization surcharge at five percent of the average residential customer's bill;
- (19) Clarifying that the issuance of a financing order does not constitute a general obligation of the State or any of its political subdivisions;

- (20) Authorizing an electric utility to sell, assign, or pledge its interest in wildfire protection property for purposes of improved financing; and
- (21) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2700, H.D. 3, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2700, H.D. 3, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kanuha, Shimabukuro).

Judiciary: Ayes, 5. Noes, none. Excused, none.

SCRep. 3740 (Joint) Judiciary and Commerce and Consumer Protection on H.B. No. 1539

The purpose and intent of this measure is to:

- (1) Increase fines for violations of certain traffic laws and required motor vehicle insurance minimums;
- (2) Establish minimum and maximum sentences for persons convicted of violations of certain traffic laws;
- (3) Amend the minimum liability coverage thresholds to unspecified amounts;
- (4) Establish a separate prohibition on driving motor vehicles having noisy mufflers on public highways in high-density areas;
- (5) Establish separate fines for violations of motor scooter and motor vehicle muffler regulations;
- (6) Define “high-density areas”; and
- (7) Establish fines for placing any device upon a vehicle designed to immobilize the vehicle without consent of the owner of the vehicle.

Your Committees received testimony in support of this measure from the Hawaii Association for Justice; Niwao & Roberts, Certified Public Accountants, A Professional Corporation; and seven individuals.

Your Committees received testimony in opposition to this measure from the American Property Casualty Insurance Association, Hertz, and State Farm Mutual Automobile Insurance Company.

Your Committees received comments on this measure from the Department of the Attorney General, Insurance Division of the Department of Commerce and Consumer Affairs, Hawaii Insurers Council, Turo Inc., and three individuals.

Your Committees find that there is an increase in traffic violations and fatalities by repeat offenders, repeated violations of the State’s minimum motor vehicle insurance policy requirements, and noise pollution and disturbances from low restriction mufflers on motor vehicles. Your Committees further find that it is necessary to mitigate these impacts on the State’s residents. This measure will increase fines and amend terms for violations of certain traffic laws to improve safety on the State’s streets and better protect the State’s residents.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1539, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1539, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 3; Ayes with Reservations (Elefante). Noes, none. Excused, 2 (San Buenaventura, Awa).

Commerce and Consumer Protection: Ayes, 3; Ayes with Reservations (Fukunaga). Noes, none. Excused, 2 (McKelvey, Awa).

SCRep. 3741 (Joint) Commerce and Consumer Protection and Judiciary on H.B. No. 2415

The purpose and intent of this measure is to:

- (1) Authorize the Governor to enter the State into the multistate Nurse Licensure Compact, which will allow a nurse who is licensed by a home state to practice under a multistate licensure privilege in each party state;
- (2) Beginning July 1, 2026, require individuals that hold a multistate nurse license issued by another state employed by a health care facility to annually complete demographic data surveys; and
- (3) Authorize the State Board of Nursing to charge different fees customarily and historically charged for registered nurses and licensed practical nurses who hold a multistate license issued by the State.

Your Committees received testimony in support of this measure from the United States Department of Defense, Department of Corrections and Rehabilitation, Department of Commerce and Consumer Affairs, Department of Labor and Industrial Relations, Hawai‘i State Center for Nursing, Disability and Communication Access Board, Hawai‘i Primary Care Association, Healthcare Association of Hawaii, Palolo Chinese Home, Hawaii Military Affairs Council, The Queen’s Health System, Kaiser Permanente, Hawaii Young Republicans, Hawai‘i Pacific Health, Hawaii Medical Service Association, Adventist Health Castle, Hawai‘i Care Choices, Grassroot Institute of Hawaii, Hawaii Association of Health Plans, and four individuals.

Your Committees received testimony in opposition to this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Pride at Work-Hawai'i, Hawai'i Association of Professional Nurses, Hawai'i American Nurses Association, Hawai'i Nurses Association-OPEIU Local 50, Hawaii State AFL-CIO, United Nurses Associations of California/Union of Health Care Professionals, Hawai'i Nurses and Health Practitioners, and IATSE Local 665.

Your Committees received comments on this measure from the Board of Nursing, Hawaii Health Systems Corporation, and Hawaii Association for Justice.

Your Committees find that as the State continues to face a severe shortage of health care workers, which includes an acute shortage of registered nurses and licensed practical nurses, new solutions must be considered to help ensure that Hawaii residents can continue to obtain quality health care. Your Committees find that one potential solution is for the State to enter the multistate Nurse Licensure Compact presently adopted by forty-one states, which would allow nurses who are licensed by a home state to practice under a multistate licensing privilege in states that are a party to the compact. Your Committees find that by entering into the multistate Nurse Licensure Compact, the State can expand the pool of potential qualified nurses that are eligible to work in Hawaii, alleviate the nursing shortage and the associated burdens placed on existing nursing staff, and provide for the health and well-being of Hawaii's people.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2415, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2415, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4; Ayes with Reservations (McKelvey, Richards). Noes, none. Excused, 1 (Awa).

Judiciary: Ayes, 3; Ayes with Reservations (Elefante). Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3742 Judiciary on H.B. No. 2553

The purpose and intent of this measure is to:

- (1) Authorize pharmacists to administer vaccines to persons three years of age or older;
- (2) Authorize pharmacy interns and pharmacy technicians under the direct supervision of a pharmacist to administer vaccinations to persons between the ages of three and seventeen, if certain requirements are met; and
- (3) Authorize pharmacists to order vaccines for administration to persons between the ages of three and seventeen.

Your Committee received testimony in support of this measure from the Department of Health; University of Hawai'i at Hilo; Disability and Communication Access Board; Board of Pharmacy; CVS Health; Retail Merchants of Hawaii; Times Pharmacy; Moloka'i Drugs, Inc.; American Pharmacists Association; Hawaii Pharmacists Association; National Community Pharmacists Association; Walgreen Co.; and sixteen individuals.

Your Committee finds that during the coronavirus disease 2019 pandemic, certain temporary amendments were made to the federal Public Readiness and Emergency Preparedness Act to authorize pharmacists and certain pharmacy personnel to act beyond the limited scope of existing state law to order and administer a number of vaccines to children between the ages of three to seventeen, including routinely recommended childhood vaccinations. This temporary authority greatly helped minimize interruptions to patient access to necessary, routine, and recommended vaccination services. Your Committee finds that it is in the public interest for the State to codify in state law the temporary federal amendments before they end on December 31, 2024, and therefore, this measure permanently expands the role of licensed pharmacists and certain pharmacy personnel to administer vaccines to their communities and makes it easier for families to protect their children against influenza and other highly contagious diseases.

Your Committee has amended this measure by:

- (1) Clarifying that pharmacists are authorized to administer vaccines to persons three years of age or older, not only persons between the ages of three and seventeen;
- (2) Clarifying that pharmacy interns and pharmacy technicians under the direct supervision of a pharmacist are authorized to administer vaccinations to persons three years of age or older, not only persons between the ages of three and seventeen;
- (3) Clarifying that pharmacists are authorized to order vaccines for administration to persons three years of age or older, not only persons between the ages of three and seventeen;
- (4) Requiring only pharmacy technicians, not pharmacy interns, to have a Certified Pharmacy Technician certification from either the Pharmacy Technician Certification Board or National Healthcareer Association to be authorized to administer a vaccine to a person three years of age or older;
- (5) Amending section 1 to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2553, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2553, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3743 Judiciary on H.B. No. 2446

The purpose and intent of this measure is to:

- (1) Authorize the Examiner of Drivers to suspend the driver's license of a person who violates certain regulations relating to the use of disability parking permits;
- (2) Authorize each county to enact ordinances to enforce the design and construction requirements for the provision of accessible parking spaces, including the establishment of penalties for failure to comply with the ordinances;
- (3) Authorize officials appointed by a county to enter the property of places of public accommodation to enforce violations of the county ordinances; and
- (4) Require the court to distribute fifty percent of any fine imposed on a person who violates certain regulations for the use of disability parking permits to the law enforcement agency that issued the citation.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Disability and Communication Access Board, one member of the Kaua'i County Council, Retail Merchants of Hawaii, and six individuals.

Your Committee finds that parking spaces for individuals with mobility disabilities provide greater accessibility to various establishments statewide. However, improper usage of disability parking placards may prevent qualified individuals from traveling to and accessing various facilities, creating additional mobility challenges. Therefore, this measure ensures appropriate usage of disability parking placards and enforcement to promote accessibility for all individuals.

Your Committee has amended this measure by inserting an effective date of April 14, 2112, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2446, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2446, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3744 Judiciary on H.B. No. 2582

The purpose and intent of this measure is to exclude critical infrastructure information from disclosure requirements under the Uniform Information Practices Act.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Honolulu Board of Water Supply, and Hawaiian Electric.

Your Committee received testimony in opposition to this measure from the Public First Law Center and thirty individuals.

Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that critical infrastructure are assets, systems, and networks that provide necessary functions for residents of the State and comprise sixteen federally designated critical infrastructure sectors, including energy, emergency services, water, health care, and others, that are part of a complex, interconnected ecosystem. Your Committee further finds that it is imperative to establish protections for critical infrastructure information that is created, received, or maintained by government agencies, as any threat to critical infrastructure sectors could have potentially debilitating consequences to national security, the economy, and public health and safety. To safeguard the State's critical infrastructure sectors and ensure public health and safety, this measure exempts critical infrastructure information from public disclosure under the Uniform Information Practices Act.

Your Committee has amended this measure by:

- (1) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2582, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2582, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (San Buenaventura). Noes, none. Excused, 1 (Awa).

SCRep. 3745 Judiciary on H.B. No. 2483

The purpose and intent of this measure is to authorize the Department of Corrections and Rehabilitation to search criminal histories and fingerprint records of current and prospective volunteers and contracted and subcontracted service providers and their employees who are directly involved in providing correctional programs, treatment, and services to persons committed to a correctional facility or who are placed in close proximity to persons committed when providing services on behalf of the Department or the correctional facility.

Your Committee received testimony in support of this measure from the Department of Corrections and Rehabilitation.

Your Committee finds that in 2022, the Hawaii Criminal Justice Data Center notified the Department of Corrections and Rehabilitation that the Department has no legal authority to conduct background checks. However, the Department of Corrections and Rehabilitation's Corrections Programs and Services Division (CPSD) is responsible for vetting and training volunteers and service providers that provide programs and services to the offender population at correctional facilities statewide. The inability to conduct

background checks has negatively impacted CPSD's ability to provide programs and services that are imperative to an offender's success in rehabilitation and eventual reentry into the community. This measure will ensure that correctional programs and services are staffed with qualified individuals and volunteers by allowing the Department of Corrections and Rehabilitation to properly vet and conduct background checks on potential volunteers and contractors.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2483, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2483, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3746 Judiciary on H.B. No. 2352

The purpose and intent of this measure is to:

- (1) Exempt the administrator of the Law Enforcement Standards Board from civil service laws; and
- (2) Clarify membership and certain powers and duties of the Law Enforcement Standards Board and establish new deadlines for the completion of Board responsibilities.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Law Enforcement.

Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers.

Your Committee received comments on this measure from the ACLU of Hawai'i.

Your Committee finds that the Law Enforcement Standards Board was established by section 139-2, Hawaii Revised Statutes, for the certification of law enforcement officers, including county police officers and officers of the Departments of Law Enforcement, Land and Natural Resources, Taxation, and Attorney General. Your Committee further finds that the Law Enforcement Standards Board must consult and cooperate with the counties, state agencies, other governmental agencies, universities and colleges, and other institutions concerning the development of law enforcement officer training schools and programs. This measure will provide the Law Enforcement Standards Board with more time and resources to accomplish its mission.

Your Committee has amended this measure by:

- (1) Inserting language adding to the membership of the Law Enforcement Standards Board a member selected by the union representing police officers in the State who shall serve for a term of four years;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2352, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2352, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3747 Judiciary on H.B. No. 2458

The purpose and intent of this measure is to:

- (1) Require the Director of Law Enforcement to investigate alleged violations of the law when directed to do so by the Governor or when the Director determines that an investigation would be in the public interest; and
- (2) Authorize the Director of Law Enforcement to issue subpoenas as part of the investigative powers of the Department of Law Enforcement.

Your Committee received testimony in support of this measure from the Department of Law Enforcement.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that, presently, the Director of Law Enforcement has subpoena powers to conduct investigations under the Uniform Controlled Substances Act. However, the Director of Law Enforcement's subpoena powers are not extended to other criminal law enforcement investigations, or to civil or administrative investigations, that the Department of Law Enforcement may conduct. Your Committee notes that the extension of these subpoena powers are necessary for the Department of Law Enforcement to enforce state laws and conduct thorough investigations. This measure will allow the Department of Law Enforcement to fulfill its statutory mandate to reduce crime and increase the safety and security of the public by clarifying that the Director of Law Enforcement has authority to issue subpoenas as part of the investigative powers of the Department of Law Enforcement.

Your Committee has amended this measure by:

- (1) Inserting an effective date of April 14, 2112, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2458, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2458, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3748 Judiciary on H.B. No. 1598

The purpose and intent of this measure is to:

- (1) Require boards to make available for public inspection board packets, if created, at the time the board packet is distributed to board members but no later than two business days before the board meeting;
- (2) Carve out an exception by allowing public testimony to be distributed to board members before the board meeting;
- (3) Require boards to include in the notice to persons requesting notification of meetings, a list of the documents that were compiled by the board and distributed to board members before a board meeting for use at the meeting; and
- (4) Require boards to post board packets on its website.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, League of Women Voters of Hawaii, Public First Law Center, and one individual.

Your Committee received testimony in opposition to this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee received comments on this measure from the Department of Human Services, Office of Information Practices, and Hawai'i State Commission on Fatherhood.

Your Committee finds that existing law sets a deadline to distribute board packets to board members and to the public forty-eight hours prior to the meeting. However, the current forty-eight hour deadline often falls on a weekend or holiday when staff is unavailable. This measure will avoid this situation and provide a more effective process by calculating the deadline by business days.

Your Committee has amended this measure by:

- (1) Clarifying that as soon as practicable, a board must accommodate requests for electronic access to the board packet and post the board packet on its website;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1598, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1598, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3749 Judiciary on H.B. No. 1527

The purpose and intent of this measure is to:

- (1) Prohibit animal owners and their employees from performing any surgical procedures on a pet animal;
- (2) Provide that a violation of the prohibition is a class C felony;
- (3) Clarify that the offense of cruelty to animals in the first degree does not apply to accepted veterinary practices when the practices are performed by a licensed veterinarian; and
- (4) Repeal the exemption of cropping and docking as customarily practiced under the offense of cruelty to animals in the first degree.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i, Hawaiian Humane Society, Animal Interfaith Alliance, Kaua'i Humane Society, Animal Welfare Institute, Hawaii Veterinary Medical Association, and twenty individuals.

Your Committee received testimony in opposition to this measure from Ponoholo Ranch Limited, Haleakala Ranch Company, Palika Ranch Family Limited Partnership, Kapapala Ranch, Parker Ranch, McCandless Land and Cattle Co. LLC, and ten individuals.

Your Committee received comments on this measure from the Department of Agriculture; Hawaii Board of Veterinary Medicine; and Hawaii Cattleman's Council, Inc.

Your Committee finds that existing law exempts non-veterinarians from performing painful surgical procedures on animals. Non-veterinarians often perform these procedures without access to pain medication, antibiotics to prevent infection, and other critical pre- and post-operative care that can only be provided under the supervision of a licensed veterinarian. This measure will reduce unnecessary pain, harm, and suffering to pet animals by closing the loophole allowing owners to operate on or hire unqualified people to operate on their own pet animals.

Your Committee notes that the penalties for unlicensed persons performing surgical procedures on a pet animal only apply to “pet animals” and therefore by definition do not apply to livestock.

Your Committee has amended this measure by:

- (1) Clarifying that a person who engages in the practice of veterinary medicine or offers to practice without having a valid unrevoked license obtained from the Hawaii Board of Veterinary medicine is guilty of a misdemeanor and subject to a fine not to exceed \$1,000;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1527, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1527, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

SCRep. 3750 Judiciary on H.B. No. 2481

The purpose and intent of this measure is to repeal chapter 503B, Hawaii Revised Statutes, which governs the Time Share Commissioners of Deeds.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor.

Your Committee finds that, to increase the efficiency and convenience for foreign buyers to purchase local time share properties and boost the State’s tourism industry, Act 277, Session Laws of Hawaii 2013, codified as chapter 503B, Hawaii Revised Statutes, authorizes the Lieutenant Governor to appoint time share commissioners of deeds to administer oaths and take acknowledgments, proofs of deeds, and other foreign instruments in connection with the execution of conveyance documents relating to time share properties in the State. According to testimony received by your Committee, there are no discernable records of any Lieutenant Governor appointing any commissioners of deeds or the adoption of any administrative rules pursuant to chapter 503B, Hawaii Revised Statutes. Your Committee additionally finds that Act 54, Session Laws of Hawaii 2020, updated and conformed state law regarding notaries public and current notary practices to address notarial acts performed for remotely located individuals, including foreign buyers of local time share properties. This measure therefore eliminates any statutory redundancy regarding the ability of foreign buyers to execute certain documents to purchase time share properties in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2481, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3751 Ways and Means on H.B. No. 1686

The purpose and intent of this measure is to require that the authorized benefit for chiropractic treatments allowed under personal injury protection benefits provided through motor vehicle insurance be tied to the charges, and any subsequent increases in charges, that are permissible under the workers’ compensation supplemental medical fee schedule.

Your Committee received written comments in support of this measure from Aloha Family Chiropractic; Dr. Jill Dawrs Family Chiropractic Clinic; Hawaii State Chiropractic Association; Piianaia Ohana Chiropractic, Inc.; Tanaka and Associates Chiropractic & Massage; Turning Point Chiropractic, and numerous individuals.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Insurers Council.

Your Committee finds that the changes to the authorized insurance benefits for chiropractic treatments in this measure will modernize the reimbursement structure for chiropractic care and will increase access to health care for Hawaii’s people.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1686, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3752 Ways and Means on H.B. No. 1974

The purpose and intent of this measure is to increase, from \$50 to \$75, the state-provided needs allowance for individuals living in various long-term care homes or facilities.

Your Committee received written comments in support of this measure from the Disability and Communication Access Board, State Council on Developmental Disabilities, Executive Office on Aging, AARP Hawaii, Aloha United Way, ILWU - Local 1000/Sebastian’s Arch LLC, and two individuals.

Your Committee finds that the needs allowance has not been increased since 2007 and that increasing the amount is essential to compensate for the rising cost of goods and services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3753 Ways and Means on H.B. No. 1624

The purpose and intent of this measure is to require certain insurers, mutual benefit societies, and health maintenance organizations to provide coverage for standard fertility preservation services for persons who may undergo a medically necessary treatment that may cause iatrogenic infertility.

Your Committee received written comments in support of this measure from the Alliance for Fertility Preservation, American Cancer Society Cancer Action Network, Association for Clinical Oncology, Fertility Institute of Hawaii, Hawaii Society of Clinical Oncology, The Leukemia & Lymphoma Society, and three individuals.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that many medical treatments, including chemotherapy and radiation, may cause infertility in both men and women. Your Committee further finds that requiring insurance coverage for standard fertility preservation services for individuals undergoing these medical treatments will help to ensure that the medical treatments do not interfere with each affected individual's ability to have children.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1624, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3754 Ways and Means on H.B. No. 2805

The purpose and intent of this measure is to appropriate an unspecified amount of money to the University of Hawaii Economic Research Organization to conduct a multiethnic cohort study and develop and maintain a registry regarding the health effects of the August 2023 Maui wildfires.

Your Committee received written comments in support of this measure from the Department of Health; Department of Human Services, State of Hawaii; University of Hawaii; 'Ahahui o na Kauka: Association of Native Hawaiian Physicians; American Cancer Society Cancer Action Network; American Lung Association in Hawaii; Hawaii Community Foundation; Hawai'i Health C.A.R.E. Hui; Hawaii Medical Association (HMA); Hawaii Public Health Association; Hawaii Psychological Association; Hispanic Chamber of Commerce Hawaii; Hawaii Medical Services Association (HMSA); Roots Reborn; Tagnawa for Maui; and numerous individuals.

Your Committee finds that the funding for a multiethnic cohort study and establishment of a registry in this measure will provide invaluable information to the State, local organizations, and policymakers regarding the full impacts of the Maui wildfires.

Your Committee notes that in its written comments, the University of Hawaii Economic Research Organization has requested the following appropriation amounts for this measure:

- (1) \$1,500,000 for the multiethnic cohort study; and
- (2) \$835,000 for the establishment of a registry.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2805, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3755 Ways and Means on H.B. No. 2715

The purpose and intent of this measure is to allow the counties to issue special motor vehicle number plates to commemorate Malama Puuloa, and provide a revenue source for the restoration of Pearl Harbor.

More specifically, this measure:

- (1) Authorizes the issuance of special motor vehicle number plates commemorating Malama Puuloa;
- (2) Requires the Director of Finance of the City and County of Honolulu to design the special number plates, based on certain guidelines;
- (3) Requires the Director of Finance of each county to charge a special number plate fee and fundraising fee, and authorizes the Director to charge an additional fundraising fee for renewal of the special number plate; and
- (4) Provides that a portion of the revenue generated by the fundraising fees be deposited in the name of Malama Puuloa in a separate budget account.

Your Committee received written comments in support of this measure from FFA, Hui O Hoohonua, and numerous individuals.

Your Committee finds that the issuance of a special number plate commemorating Malama Puuloa is an appropriate way to support the organization's mission to restore Puuloa, or Pearl Harbor.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2715, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3756 Ways and Means on H.B. No. 2641

The purpose and intent of this measure is to reestablish the appraisal management company registration program within the Department of Commerce and Consumer Affairs.

More specifically, this measure:

- (1) Codifies as a new chapter the provisions of the repealed chapter 466L, Hawaii Revised Statutes;
- (2) Clarifies the repeal of chapter 466L, Hawaii Revised Statutes;
- (3) Authorizes the Department of Commerce and Consumer Protection to employ certain personnel without regard to chapter 76, Hawaii Revised Statutes; and
- (4) Appropriates moneys out of the compliance resolution fund to implement the appraisal management company registration program.

Your Committee received written comments in support of this measure from Hawaii Bankers Association, Hawaii Financial Services Association, Hawaii REALTORS, Mortgage Bankers Association of Hawaii, Real Estate Valuation Advocacy Association, and one individual.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that pursuant to section 26H-4, Hawaii Revised Statutes, the appraisal management company registration program was repealed on June 30, 2023. Your Committee notes that without an active appraisal management company registration program in the State, lenders that serve Hawaii mortgage consumers are no longer able to use appraisal management companies to perform federally related transactions in the State, adversely impacting home affordability and ownership in the State. Your Committee therefore believes that re-establishing the appraisal management company registration program will help to mitigate these adverse impacts on home affordability and ownership throughout the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2641, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3757 Ways and Means on H.B. No. 2790

The purpose and intent of this measure is to require the Hawaii Housing Finance and Development Corporation to submit a report analyzing the feasibility of continuing to fund the operations of the housing loan and mortgage program.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that due to the current high interest-rate environment, the Hawaii Housing Finance and Development Corporation has been working to re-start the housing loan and mortgage program, which is also known as the Hula Mae Single Family Program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2790, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3758 Ways and Means on H.B. No. 2248

The purpose and intent of this measure is to require and appropriate moneys for the University of Hawaii Sea Grant College Program to develop a north shore beach management and climate adaptation plan for a certain area of the north shore of Oahu.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, University of Hawaii, Shoreline Preservation Coalition, Surfrider Foundation, and two individuals.

Your Committee finds that a beach management and climate adaptation plan for the portion of Oahu's north shore between Sunset Point and Shark's Cove will help to preserve the beach as located within this iconic coastal area for future generations to enjoy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2248, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (DeCoite).

SCRep. 3759 Judiciary on H.B. No. 2159

The purpose and intent of this measure is to:

- (1) Require the Department of the Attorney General to assist with the preparation and filing of petitions for assisted community treatment and with the presentation of the case, unless declined by the petitioner;

- (2) Repeal language entitling the subject of a petition for assisted community treatment to legal representation by a public defender;
- (3) Provide a mechanism for the automatic screening of certain nonviolent defendants for involuntary hospitalization or assisted community treatment; and
- (4) Authorize courts to require certain probation violators to undergo a mental health evaluation and treatment program as a condition of continued probation.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Office of the Public Defender, Hawaii Substance Abuse Coalition, 'Ohana Health Plan, Hawai'i Psychological Association, and one individual.

Your Committee received testimony in opposition to this measure from the ACLU of Hawai'i and one individual.

Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Disability Rights Center.

Your Committee finds that individuals suffering from mental health challenges must be properly evaluated and assessed to determine what types of services they require, and what can be offered to them, whether inpatient, outpatient, or community based, upon the dismissal of a criminal case. Additionally, your Committee believes that permitting the court to divert a probation violator to mental health evaluation and treatment as a condition of continued probation rather than simply revoking the probation will provide the court with a valuable tool to both determine and address whether an individual may be having difficulty with the terms and conditions of their probation due to a mental disease, disorder, or defect. This measure will improve government response to individuals suffering from mental health challenges, particularly for those who may become or already are involved in the criminal justice system.

Your Committee has amended this measure by:

- (1) Inserting language providing that a judge may order that a subject be released during the pendency of a decision on a petition for assisted community treatment;
- (2) Inserting language allowing the family court to appoint an attorney for the subject of a petition for assisted community treatment if the interests of justice require one be appointed;
- (3) Inserting language to repeal the sunset date of June 30, 2024, for Act 111, Session Laws of Hawaii 2017, which will make permanent the orders to treat over objection law in sections 334-161 and 334-162, Hawaii Revised Statutes;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2159, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2159, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3760 Ways and Means on H.B. No. 2463

The purpose and intent of this measure is to amend the definition of "employee" in Hawaii's wage and hour law to exclude any employee who receives \$4,000 or more in guaranteed monthly compensation.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, Democratic Party of Hawaii, Democratic Party of Hawaii Education Caucus, Democratic Party of Hawaii Labor Caucus, and Hawaii Children's Action Network Speaks!.

Your Committee received written comments on this measure from the Maui Chamber of Commerce.

Your Committee finds that the existing guaranteed monthly compensation exemption of \$2,000 equates to less than the State's current minimum wage. Increasing the exemption to \$4,000 will close a loophole in the State's wage and hour law and help protect the financial security of low-income workers.

Your Committee has amended this measure by making the measure effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2463, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2463, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3761 Ways and Means on H.B. No. 2384

The purpose and intent of this measure is to amend provisions regarding the powers of the School Facilities Authority and the funding of school development, planning, or construction projects.

Specifically, this measure:

- (1) Makes the Department of Education, instead of the School Facilities Authority, the administrator of the school facilities special fund;

- (2) Reduces by \$100,000,000 the appropriation made to the school facilities special fund, pursuant to Act 257, Session Laws of Hawaii 2022, as amended by Act 175, Session Laws of Hawaii 2023, for school-related construction projects; and
- (3) Changes the means of financing for \$100,000,000 of school facilities special fund moneys appropriated pursuant to Act 257, Session Laws of Hawaii 2022, as amended by Act 175, Session Laws of Hawaii 2023, from general funds to general obligation bond funds.

Your Committee received written comments on this measure from the Department of Budget and Finance and School Facilities Authority.

Your Committee finds that reducing a portion of the funding made by Act 257, Session Laws of Hawaii 2022, as amended by Act 175, Session Laws of Hawaii 2023, and changing the means of financing for the remaining portion will help to balance the state financial plan.

Your Committee has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2384, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2384, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3762 Ways and Means on H.B. No. 1772

The purpose and intent of this measure is to prevent fall-related injuries among senior citizens.

Specifically, this measure appropriates moneys to support the Department of Health's Senior Fall Prevention Campaign.

Your Committee received written comments in support of this measure from the Disability and Communication Access Board, Office of Hawaiian Affairs, Executive Office on Aging, Alzheimer's Association, AARP Hawaii, Catholic Charities Hawaii, Hawai'i Family Caregiver Coalition, and four individuals.

Your Committee received written comments on this measure from the Department of Health.

Your Committee finds that an average of one hundred forty-four seniors die and thousands more are injured as a result of unintentional falls each year. Your Committee further finds that falls are not an inevitable part of aging and are preventable.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1772, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1772, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3763 Ways and Means on H.B. No. 2329

The purpose and intent of this measure is to protect the agricultural industry from destructive invasive species.

Specifically, this measure appropriates moneys to establish a one-year pilot program to reduce the population of rose-ringed parakeets on Kauai using past research and on-the-ground experience to guide future strategies.

Your Committee received written comments in support of this measure from the Department of Agriculture, Department of Land and Natural Resources, Office of Economic Development of the County of Kauai, Hawaii Farm Bureau, The Nature Conservancy, Kauai Invasive Species Council, and five individuals.

Your Committee finds that rose-ringed parakeets cause significant damage to food crops and other agricultural goods. Your Committee further finds that a year-long pilot program to reduce the population of rose-ringed parakeets is needed to provide relief to farmers.

Your Committee has amended this measure by:

- (1) Expanding the scope of the pilot program to include the island of Oahu; and
- (2) Making a technical nonsubstantive amendment for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2329, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2329, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3764 Ways and Means on H.B. No. 2224

The purpose and intent of this measure is to require and appropriate moneys for the Executive Office on Aging to create a comprehensive plan to accomplish long-term care policy goals that, when implemented, will ensure the availability of a full continuum of institutional and community-based services.

Your Committee received written comments in support of this measure from the Hawaii State Health Planning and Development Agency, Executive Office on Aging, AARP Hawaii, and Healthcare Association of Hawaii.

Your Committee finds that the plan required and funded by this measure will help further the State's goal to create a strong, comprehensive, long-term care system in Hawaii.

Your Committee has amended this measure by:

- (1) Requiring the Executive Office on Aging to coordinate with the State Health Planning and Development Agency to develop the long-term care plan, as suggested in written comments from the State Health Planning and Development Agency; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2224, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2224, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3765 Ways and Means on H.B. No. 1533

The purpose and intent of this measure is to increase the amount of death benefits paid by the Department of Human Services to cover the costs of cremation and disposition for a deceased person who was eligible for medical or financial assistance at the time of the person's death and whose body is unclaimed.

Your Committee received written comments in support of this measure from ILWU - Local 1000/Sebastian's Arch, LLC; Hawaii Funeral and Cemetery Association; Dodo Mortuary, Inc.; and one individual.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that when a body is unclaimed, mortuaries and crematories bear any costs above the State's reimbursement rate for the body's cremation, transportation, storage, and final disposition. Increasing the reimbursement rate will make it more sustainable for the State's mortuaries and crematories to continue to accept and care for unclaimed remains.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1533, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1533, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3766 Ways and Means on H.B. No. 2042

The purpose and intent of this measure is to appropriate moneys to address the mental health and wellness needs of youth in the State.

Your Committee received written comments in support of this measure from the Governor's Office of Wellness and Resilience, Office of Hawaiian Affairs, Disability and Communication Access Board, Catholic Charities of Hawaii, Hawaii Substance Abuse Coalition, Hawaii Youth Services Network, Healani Land Company, Mental Health America of Hawaii, YMCA of Honolulu, and five individuals.

Your Committee received written comments on this measure from the Department of Health.

Your Committee finds that the funding appropriated by this measure will support and address the growing mental health challenges faced by youth in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2042, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2042, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3767 Ways and Means on H.B. No. 2712

The purpose and intent of this measure is to appropriate moneys to increase funding for the Department of Human Services' med-QUEST Division reimbursement for applied behavioral analysis services.

Your Committee received written comments in support of this measure from ABC Group Hawaii, BAYADA, Behavior Analysis No Ka Oi, BTSH, Experiad LLC, the Council of Autism Service Providers, Easterseals Hawaii, Hawaii Association for Behavior Analysis, Hawaii Psychological Association, Kuhn Behavioral Consulting, Malama Pono Autism Centers, Mau Loa Learning LLC, Pakolea Support Services, Positive Behavior Supports Corporation, and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Human Services and one individual.

Your Committee finds that the appropriation and increased med-QUEST reimbursement rate for behavioral analysis services in this measure will help to ensure that individuals with autism and their families have access to the best possible care and support.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2712, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2712, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3768 (Joint) Ways and Means and Judiciary on H.B. No. 2361

The purpose and intent of this measure is to facilitate assistance between the Hawaii Community Development Authority and state and county agencies.

Specifically, the measure authorizes:

- (1) Any state or county agency to assist and enter into cooperative agreements with the Hawaii Community Development Authority upon request of the Authority for the purposes of chapter 206E, Hawaii Revised Statutes; and
- (2) The Hawaii Community Development Authority, upon request of a state or county agency, to render services to, assist, and enter into cooperative agreements with state or county agencies for projects within and outside designated community development districts.

Your Committees received written comments in support of this measure from the Department of Corrections and Rehabilitation; Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; and Hawaii Community Development Authority.

Your Committees recognize that section 206E-18, Hawaii Revised Statutes, currently authorizes state and county agencies to render services to the Hawaii Community Development Authority upon request, but does not explicitly authorize the Authority to reciprocate. Your Committees find that if the Authority is willing to use its extensive knowledge and experience to assist other state and county agencies on projects, then the Authority should have the power to do so.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2361, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 10. Noes, none. Excused, 3 (Kidani, Shimabukuro, Fevella).

Judiciary: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

SCRep. 3769 Ways and Means on H.B. No. 1595

The purpose and intent of this measure is to require the Department of the Attorney General to establish, and require the Hawaii Criminal Justice Center to submit legislation regarding, a temporary pilot project to expunge certain arrest records relating to the possession of marijuana.

Your Committee received written comments in support of this measure from the Judiciary; Chamber of Sustainable Commerce; Marijuana Policy Project; Community Alliance on Prisons; Democratic Party of Hawaii; American Civil Liberties Union of Hawaii; Hawaii Cannabis Industry Solutions; Opportunity Youth Action Hawaii; Japanese American Citizens League, Honolulu Chapter; Last Prisoner Project; Hawaii Innocence Project and Beyond Guilt Hawaii; and three individuals.

Your Committee received written comments on this measure from the Department of the Attorney General.

Your Committee finds that a past criminal record can impose barriers to a person's progress and access to employment, housing, education, insurance, and other necessities of life. Your Committee also finds that a pilot project that is focused on the expungements of arrest records for low-level marijuana offenses could help eliminate the stigma attached to those records.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1595, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3770 Ways and Means on H.B. No. 1830

The purpose and intent of this measure is to establish a framework for granting provisional or associate-level licensure for marriage and family therapists, mental health counselors, and psychologists.

Your Committee received written comments in support of this measure from the Board of Psychology; Department of Health; Disability and Communication Access Board; Office of Wellness and Resilience; State Council on Mental Health; AlohaCare; Brighter Bound; Center for Healing & Transformation; Hawaii Association for Marriage and Family Therapists; Hawaii Counselors Association; Hawaii Substance Abuse Coalition; National Association of Social Workers - Hawaii Chapter; Parents And Children

Together; Pau Hana Counseling, LLC; The Hawaii Psychological Association; The Hawaiian Islands Association for Marriage and Family Therapy; and numerous individuals.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that granting provisional, associate-level marriage and family therapist, mental health counselor, and psychologist licenses will help to satisfy the critical need for high-quality mental health practitioners in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1830, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3771 Ways and Means on H.B. No. 2241

The purpose and intent of this measure is to support the operations of the Civil Air Patrol.

Specifically, this measure:

- (1) Appropriates moneys to the Department of Defense for civilian auxiliary aviation operations of the type performed by the Civil Air Patrol; and
- (2) Authorizes the Civil Air Patrol to receive grant funding from the State, without requiring bylaws or policies that describe the manner in which the activities or services for which a grant awarded under Chapter 42F, Hawaii Revised Statutes, will be conducted or provided.

Your Committee received written comments in support of this measure from the Civil Air Patrol.

Your Committee received written comments in opposition to this measure from the Department of the Attorney General.

Your Committee finds that, for more than seventy-five years, the Civil Air Patrol has assisted emergency management agencies throughout the nation with disaster response and recovery efforts. In Hawaii, the Civil Air Patrol has provided valuable services following catastrophic wildfires, volcanic eruptions, inclement weather incidents, flooding events, and tsunamis.

Your Committee has amended this measure by:

- (1) Removing language that would exempt certain entities that are wholly owned by the United States from the requirement to have bylaws or policies describing the manner in which a grant awarded under Chapter 42F, Hawaii Revised Statutes, will be used;
- (2) Removing language that would require annual appropriations to the Hawaii Wing, Civil Air Patrol, notwithstanding Chapter 42F, Hawaii Revised Statutes, or other laws to the contrary; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2241, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2241, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3772 Ways and Means on H.B. No. 2644

The purpose and intent of this measure is to appropriate moneys to support the Hawaii Ant Lab in mitigating the effects of little fire ants in the State.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Coordinating Group on Alien Pest Species, Hawaii Farm Bureau, Hawaii Ant Lab, and four individuals.

Your Committee received written comments on this measure from the Department of Agriculture and University of Hawaii.

Your Committee finds that the moneys and positions authorized by this measure will provide critical support to the Hawaii Ant Lab for mitigating little fire ant infestations, conducting extension services, and developing and refining the lab's tools and methods.

Your Committee has amended this measure by:

- (1) Changing the expending agency for the appropriation from the Department of Land and Natural Resources to the Department of Agriculture; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2644, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2644, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3773 Ways and Means on H.B. No. 2685

The purpose and intent of this measure is to equitably expand access to clean energy.

More specifically, this measure establishes:

- (1) The Solar Hui Program, in which multi-family residential property owners may co-invest in solar systems for low- and moderate-income households;
- (2) The solar hui investment fund; and
- (3) A Solar Hui Program Fund Manager position.

Your Committee received written comments in support of this measure from the Hawaii Green Infrastructure Authority, Blue Planet Foundation, Climate Protectors Hawaii, Hawaii Executive Collaborative's Climate Coalition, Hawaii REALTORS, and 350 Hawaii.

Your Committee received written comments on this measure from the Department of Budget and Finance and the Department of Commerce and Consumer Affairs, Division of Consumer Advocacy.

Your Committee finds that the equitable expansion of solar energy provided by this measure will help the State reach its renewable energy and decarbonization goals.

Your Committee notes that, in its written comments, the Hawaii Green Infrastructure Authority requested an appropriation of \$125,000 plus fringe out of the Hawaii green infrastructure special fund for the implementation of the Solar Hui Program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2685, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3774 Ways and Means on H.B. No. 2720

The purpose and intent of this measure is to establish a new bargaining unit for graduate assistants employed by the University of Hawaii and community college system.

Your Committee received written comments in support of this measure from the Stonewall Caucus of the Democratic Party of Hawaii, Pride at Work - Hawaii, United Public Workers, Hawaii State Teachers Association, National Education Association, University of Hawaii at Manoa Graduate Student Organization, Academic Labor United, University of Hawaii Student Caucus, Democratic Party of Hawaii, Hawaii Government Employees Association, Democratic Party of Hawaii Education Caucus, Democratic Party of Hawaii Labor Caucus, and numerous individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and University of Hawaii Professional Assembly.

Your Committee finds that providing collective bargaining rights to graduate student assistants will help to increase employment benefits, encourage qualified individuals to seek employment in those positions, and promote equity among university teaching positions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2720, H.D. 3, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3775 Ways and Means on H.B. No. 1925

The purpose and intent of this measure is to facilitate future long-range development of the State.

More specifically, this measure:

- (1) Establishes the Hawaii State Planning Act Phase II Task Force within the Office of Planning and Sustainable Development; and
- (2) Makes an appropriation.

Your Committee received written comments in support of this measure from the Hawaii Department of Agriculture, Office of Hawaiian Affairs, Office of Planning and Sustainable Development, Department of Research & Development, County of Hawai'i, aio, Hawaii Community Foundation, Hawaii Farm Bureau, Hawaii Gas, Hawaiian Host Group, Holomua Collaborative, Housing Hawaii's Future, HPM Building Supply, Mana Up, Title Guaranty of Hawaii, and Tori Richard.

Your Committee finds that Act 100, Session Laws of Hawaii 1978, established the Hawaii State Planning Act to guide future long-range development of the State. Your Committee also finds that, in 2018, the Office of Planning and Sustainable Development completed Phase I of the comprehensive review of the Hawaii State Planning Act. Your Committee further finds that the Office of Planning and Sustainable Development's findings and recommendations provide a foundation and scope of a recommended Phase II update, including an approach to align current and emerging conditions and issues to enhance the effectiveness of planning, the needs of Hawaii's people, and the future trajectory of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1925, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3776 Ways and Means on H.B. No. 2496

The purpose and intent of this measure is to authorize state agencies to use an alternative procurement method if authorized by a federal statute or other authority and the head of the purchasing agency.

Your Committee received written comments on this measure from the State Procurement Office and Department of Transportation.

Your Committee finds that authorizing the use of specific alternative procurement methods will provide flexibility to help reduce costs for procurements for which existing methods of source selection may not be appropriate.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2496, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3777 Ways and Means on H.B. No. 2227

The purpose and intent of this measure is to increase the availability of child care for military and civilian families.

Specifically, this measure exempts United States Department of Defense-certified child care providers who operate off federal property from the state law governing child care.

Your Committee received written comments in support of this measure from the United States Department of Defense, Department of Human Services, and Hawaii Military Affairs Council.

Your Committee finds that both civilian and military families are often in urgent need of qualified child care options. Your Committee further finds that exempting family child care providers who are already certified through the military service process from state laws governing child care will improve the quality of life and economic security of providers and families.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2227, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3778 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 2614

The purpose and intent of this measure is to:

- (1) Require government entities in the State that issue building permits to implement, by January 1, 2025, SolarAPP+ or a functionally equivalent online automated permitting platform that verifies code compliance and issues permits to licensed contractors for solar distributed energy resource systems in real time; and
- (2) Require government entities in the State that issue building permits in areas served by an investor-owned electric utility to adopt a self-certification process for solar distributed energy resource systems that are not SolarAPP+ compatible.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office; Sierra Club of Hawai'i; Sunnova Energy International, Inc.; Catholic Charities Hawai'i; Citizens' Climate Lobby Hawaii; Canadian Solar Inc.; Solar Help Hawaii; Sol-Ark; Photonworks Engineering LLP; Independent Energy; Building Decarbonization Task Force of the Hawai'i Environmental Change Agents; Hawai'i Energy; Blue Planet Foundation; Free Access Coalition; Greenpeace Hawai'i; Hawai'i Executive Collaborative Climate Coalition; AES Hawai'i; Alaska Airlines; Alexander & Baldwin; Bowers & Kubota; Chaminade University; Hawai'i Green Bank; Hawaiian Airlines; Hawaiian Electric; 'Iolani School; Kaiser Permanente; KHON2; The Nature Conservancy - Hawai'i and Palmyra; Re-Use Hawaii; School of Ocean and Earth Science and Technology, University of Hawai'i; Sun Noodle; Young Brothers; Zephyr Insurance Company, Inc.; Zippy's; Green Party of Hawai'i; Hawaii Solar Energy Association; Kauai Climate ACTION Coalition; 350Hawaii.org; Sunrun Inc.; Ulupono Initiative; Hawai'i Alliance for Progressive Action; Malama Solar LLC; The Solaray Corporation dba Inter-Island Solar Supply; Hawaii Food Industry Association; Chamber of Sustainable Commerce; Environmental Caucus of the Democratic Party of Hawai'i; Tesla; and seventy-three individuals.

Your Committees received testimony in opposition to this measure from the Contractors License Board.

Your Committees received comments on this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committees find that the building permit process is essential to ensuring that construction work is carried out safely and in compliance with necessary laws, building codes, and regulations. However, the comprehensive nature of the building permit process can sometimes result in delays or significant additional costs for projects, which in turn can constrain the deployment of important energy generation and storage technology systems that are necessary for the State to meet its ambitious renewable energy goals. Your Committees further find that online permitting tools specifically tailored towards helping expedite the building permit process for solar distributed energy resource systems, such as the United States Department of Energy's SolarAPP+, have been successfully implemented by many other states and cities. Therefore, this measure requires any government entity in the State that issues building permits to take advantage of these renewable energy permitting tools to help the State meet its clean energy, reliability, and resilience goals.

Notwithstanding, your Committees have heard the concern raised by the Hawaii State Energy Office regarding language in this measure pertaining to the self-certification process for areas served by an investor-owned electric utility requiring certain written notice

from the duly licensed architect or duly licensed engineer who intends to install the solar distributed energy resource system, on grounds that engineers and architects are not approved installers of systems. Your Committees also note the testimony of the Contractors License Board requesting implementation of additional safeguards before the closing of the building permits. Therefore, amendments to this measure are necessary.

Accordingly, your Committees have amended this measure by:

- (1) Amending the self-certification process for residential and commercial on-site solar distributed energy resource systems in areas of the State served by an investor-owned electric utility by:
 - (A) Clarifying that the government entity that issues building permits is required to receive written notice that the installation of the system complies with all applicable codes and laws from the projects' relevant licensed professionals in their respective fields, rather than the duly licensed architect, duly licensed engineer, duly licensed electrician, or duly licensed plumber, as applicable, who intends to install the solar distributed energy resource system; and
 - (B) Inserting language that requires the government entity that issues building permits to conduct a final inspection after completion of the project and deem the installation to be in compliance with all applicable codes and laws before closing of the permit;
- (2) Requiring the Hawaii State Energy Office to plan for the State to achieve its energy goals with deadlines, including the renewable portfolio standards set forth in section 269-92, Hawaii Revised Statutes, before January 1, 2025, the date by which government entities in the State that issue building permits are required to implement SolarAPP+ or a functionally equivalent online automated permitting platform pursuant to this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2614, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2614, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (DeCoite, Dela Cruz).

SCRep. 3779 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 2144

The purpose and intent of this measure is to require the Department of Health to amend the definition of "homemade food products" under chapter 11-50, Hawaii Administrative Rules, and adopt certain administrative rules regarding the sale and delivery of homemade food products.

Your Committees received testimony in support of this measure from the Department of Health; Agribusiness Development Corporation; Hawaiian Goodness LLC; Hawaii Master Food Preservers, Inc.; Grassroot Institute of Hawaii; Hawaii Tropical Fruit Growers; Food+ Policy Internship 2024; Maui Chamber of Commerce; Pukana Lā Farms; and thirteen individuals.

Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that the homemade food industry, which includes home-prepared food products that are sold directly to consumers, is a small but growing industry that is preferred by certain consumers who are mindful of responsible food sourcing, interested in a healthy lifestyle, and want to support the local communities and individuals who produce the foods that they enjoy. Your Committees find that despite the great interest in commercially available homemade food, the existing regulatory framework creates many challenges and burdens for those who cannot easily comply with the requirements established by the Department of Health. Your Committees find that by enacting this measure, the State can help support and grow small businesses, offer locally-made alternatives to imported brands, create local employment opportunities, and keep more money within local communities.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2144, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2144, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Aquino, Wakai).

SCRep. 3780 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1828

The purpose and intent of this measure is to:

- (1) Extend the deadline for the State to achieve its energy-efficiency portfolio standards (EEPS) target from 2030 to 2045 and update the EEPS;
- (2) Require the Public Utilities Commission to establish interim goals for electricity use reduction to be achieved by 2030, 2035, and 2040, in addition to 2015, 2020, and 2025; and
- (3) Authorize the Public Utilities Commission to adjust the 2045 and interim EEPS.

Your Committees received testimony in support of this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaii State Energy Office, Hawaii Green Infrastructure Authority,

Office of Economic Development of the County of Kaua'i, Hawaiian Electric, Building Decarbonization Task Force of the Hawai'i Environmental Change Agents, Blue Planet Foundation, Citizens' Climate Lobby Hawaii, Hawai'i Alliance for Progressive Action, Ulupono Initiative, 350Hawaii.org, Hawaii Solar Energy Association, Elemental Excelerator, Hawai'i Energy, and ten individuals.

Your Committees find that energy efficiency is a means of using less energy to provide the same or greater level of energy services to end-users. Act 155, Session Laws of Hawaii 2009, codified energy efficiency goals for the State by establishing an EEPS target goal of reducing statewide electricity use by 4,300 gigawatt-hours by 2030, and required the Public Utilities Commission to establish interim goals for electricity use reduction to maximize cost-effective energy efficiency programs and technologies. Your Committees find that tremendous progress has since been made towards this goal and, this measure, by updating the EEPS target to 6,000 gigawatt-hours of cumulative persisting electricity savings by 2045, will ensure that Hawaii residents will continue to see the benefits from energy-efficiency programs over the next two decades. Further, by aligning the EEPS target date with that of the State's renewable energy portfolio standards target date, this measure will help facilitate improved monitoring and coordinated planning across the state energy sector.

Your Committees note that during the public hearing for this measure, certain concerns were raised regarding the Public Utilities Commission's collaboration with the Hawaii State Energy Office, which participates in EEPS discussions as a member of the EEPS Technical Working Group, a group of energy stakeholders that, among other things, review and assess the State's progress towards meeting its EEPS 2030 target goal. Your Committees note that because the Hawaii State Energy Office does not have a board and does not report directly to the Director of Business, Economic Development, and Tourism, there is little accountability for them in relation to assisting the State in meeting its EEPS target, including the interim goals, and their set of goals has become acquiring federal funds. Your Committees further note that the primary focus of the EEPS Technical Working Group and its members should be on outcomes, such as meeting the EEPS target goal including interim goals, and not just on acquiring federal funding. Therefore, amendments to this measure are necessary to address these concerns.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language clarifying that the interim goals established by the Public Utilities Commission for electricity use reduction shall show clear progress towards meeting the State's 2045 EEPS goal; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1828, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1828, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Aquino, Wakai).

SCRep. 3781 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 2253

The purpose and intent of this measure is to:

- (1) Authorize the Department of Health to require all restaurants and hotel establishments to maintain an inventory of an opioid antagonist;
- (2) Expressly permit law enforcement officers to carry an opioid antagonist while on-duty;
- (3) Require funds for the purchase of opioid antagonists used by law enforcement officers employed by a county to be paid for using county funds; and
- (4) Clarify that emergency personnel, law enforcement officers, and first responders may administer an opioid antagonist to an individual experiencing an opioid-related drug overdose.

Your Committees received testimony in support of this measure from the Honolulu Police Department, one member of the Honolulu City Council, Hawaii Substance Abuse Coalition, Democratic Party of Hawai'i, Hawai'i Health & Harm Reduction Center, and Hawai'i Lodging & Tourism Association.

Your Committees received testimony in opposition to this measure from the Hawai'i Restaurant Association, Tiki's Grill & Bar, and Posso Pizza Inc. dba Domino's Pizza.

Your Committees find that opioid antagonists are substances that bind to opioid receptors to block the effects of opioids. In this manner, opioid antagonists can counteract opioid signaling and help return a person's nervous system to a state of balance. Your Committees further find that pre-stationing opioid antagonists in certain public spaces, such as restaurants and hotel establishments, can help expedite antidote delivery and prevent opioid overdoses. Therefore, this measure facilitates the prevention of opioid overdoses by increasing the number of establishments where opioid antagonists shall be maintained and clarifying the situations under which appropriate individuals may administer them.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2253, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (DeCoite, Dela Cruz).

SCRep. 3782 Ways and Means on H.B. No. 2083

The purpose and intent of this measure is to provide for the establishment of programs within the Department of Education relating to school meals.

More specifically, this measure:

- (1) Requires the Department of Education to establish a recognition program to incentivize certain schools to submit a plan to reach the State's local farm to school meal goal; and
- (2) Authorizes the Department of Education to establish a plant-based meal pilot program at Mililani High School to provide a plant-based meal option at the school, and to report to the Legislature.

Your Committee received written comments in support of this measure from the Department of Agriculture, Mililani High School, Office of Hawaiian Affairs, 350 Hawaii, Center for Getting Things Started, Down to Earth Organic & Natural, Hawaii Alliance for Progressive Action, Hawaii Farmers Union, Hawaii Food+ Policy, and numerous individuals.

Your Committee received written comments on this measure from the Department of Education, Hawaii Cattlemen's Council, Hawaii Farm Bureau, and one individual.

Your Committee finds that providing plant-based meal options at Department of Education schools will promote healthier and more environmentally conscious school meals. Your Committee also finds that incentivizing schools to develop plans to reach the State's local farm to school meal goal will help to support the State's agricultural industry.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2083, H.D. 3, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3783 Ways and Means on H.B. No. 1639

The purpose and intent of this measure is to establish a calculation for the Hawaii Employer-Union Health Benefits Trust Fund employer base composite monthly contribution so that the contribution amount will be known to retirees during open enrollment.

Specifically, this measure:

- (1) Effective January 1, 2025, establishes a 5.2 percent rate increase for the employer base composite monthly contribution; and
- (2) Effective January 1, 2026, establishes that the employer base composite monthly contribution shall be based on the change in Medicare Part B premiums from 2024 to 2025 and at a two-year lag thereafter.

Your Committee received written comments in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund and one individual.

Your Committee finds that the current calculation of the employer base composite monthly contribution relies on Medicare Part B premium amounts that are sometimes not published until after the retiree open enrollment period. Accordingly, in some years, retirees are uncertain of their employer's contribution amounts when deciding to enroll in the program. Your Committee further finds that this measure will correct this problem by requiring the employer contribution amounts to be calculated based on Medicare Part B premium amounts that are published before open enrollment, thereby providing more certainty to retirees during open enrollment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1639, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3784 Ways and Means on H.B. No. 1997

The purpose and intent of this measure is to authorize the Public Utilities Commission to establish a discounted rate by tariff for certain water carriers engaging in the interisland transport of renewable hydrogen.

Your Committee received written comments in support of this measure from the Department of Research and Development of the County of Hawaii, Sustainable Energy Hawaii, and one individual.

Your Committee received written comments in opposition to this measure from 350 Hawaii and Kauai Climate Action Coalition.

Your Committee received written comments on this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, and Public Utilities Commission.

Your Committee finds that making the delivery of renewable fuels more cost-efficient through the use of discounted rates for the interisland transport of renewable hydrogen will help the State to more efficiently achieve its sustainable energy goals.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1997, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3785 Ways and Means on H.B. No. 2467

The purpose and intent of this measure is to repeal the sunset date of Act 222, Session Laws of Hawaii 2021, which will have the effect of permanently authorizing the Board of Land and Natural Resources to approve rent credits for demolition and infrastructure costs for public land leases.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee recognizes that Act 222, Session Laws of Hawaii 2021, authorizes the Board of Land and Natural Resources to approve rent credits to encourage lessees on public lands to conduct demolition work or improve infrastructure. Your Committee also recognizes that Act 222 is scheduled to be repealed on June 30, 2026. Your Committee finds it appropriate make Act 222 permanent, so that the Board of Land and Natural Resources may continue to negotiate long-term leases and provide incentives for investments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2467, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3786 Ways and Means on H.B. No. 2486

The purpose and intent of this measure is to authorize the Director of Taxation or the Director's designee to serve administrative subpoenas outside of Hawaii.

Your Committee received written comments in support of this measure from the Department of Taxation.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that many businesses that are subject to Hawaii state taxes do not have a physical presence in the State or maintain a location for service of process in the State. Your Committee believes that authorizing the Director of Taxation and a designee of the Director to serve administrative subpoenas outside the State will help to assist the Department of Taxation in enforcing Hawaii's tax laws and thus increase tax revenues.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2486, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3787 Ways and Means on H.B. No. 1892

The purpose and intent of this measure is to support the upgrade, conversion, or connection of certain cesspools in the State.

More specifically, this measure:

- (1) Establishes distinct dates by which each cesspool in the State categorized as priority level 1 or 2 is upgraded, converted, or connected to a sewerage system;
- (2) Authorizes the Director of Health to consult with the counties, nonprofit organizations, and wastewater industry professionals for certain public outreach and education activities; and
- (3) Appropriates moneys to the Department of Health to:
 - (A) Retain qualified consultants to undertake certain public outreach and education activities; and
 - (B) Implement the cesspool compliance pilot grant project established pursuant to Act 153, Session Laws of Hawaii 2022, including establishing full-time equivalent engineer and accountant positions.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands, Department of Land and Natural Resources, Hawaii Green Infrastructure Authority, University of Hawaii, Coral Reef Alliance, Hawaii Reef and Ocean Coalition, Indivisible Hawaii, Public Access to Sunscreens, Surf Rider Foundation, WAI: Wastewater Alternatives and Innovations, and four individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Health and Hawaii REALTORS.

Your Committee finds that establishing distinct deadlines for higher-risk cesspools, including those categorized as priority levels 1 or 2, will help to protect the State's coral reefs by minimizing nearshore water contamination.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1892, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3788 Ways and Means on H.B. No. 2107

The purpose and intent of this measure is to ensure that limited English proficient populations are incorporated into disaster management planning.

Specifically, this measure appropriates moneys to establish limited English proficiency language access coordinator positions within the Hawaii Emergency Management Agency.

Your Committee received written comments in support of this measure from the Office of Community Services, Office of Language Access, Hawaii State Health Planning and Development Agency, Waipahu Safe Haven Center, Hawaii State Coalition Against Domestic Violence, Hawai'i Alliance for Progressive Action, Hawaii Coalition for Immigrant Rights, The Legal Clinic, Hawaii Friends of Civil Rights, and seven individuals.

Your Committee received written comments on this measure from the Department of Human Services and the Disability and Communication Access Board.

Your Committee finds that many individuals who are not proficient in the English language encounter barriers when attempting to obtain relief through state or county programs during the aftermath of disasters. Your Committee further finds that this measure will help to ensure that all individuals can access critical services following disasters, regardless of their level of English proficiency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2107, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3789 Ways and Means on H.B. No. 2074

The purpose and intent of this measure is to appropriate moneys and positions for the Department of Education Hawaiian language immersion program, known as Kaiapuni schools.

Your Committee received written comments in support of this measure from the Hawaii Teacher Standards Board, Office of Hawaiian Affairs, Department of Education, Aha Kauleo, Hawaii Alliance for Progressive Action, Hawaii State Teachers Association, Ke Kula Kaiapuni o Kailua, Hui Makua O Puohala, and fifteen individuals.

Your Committee finds that the appropriation of moneys and positions in this measure will help to increase access to the Kaiapuni program and assist the State in meeting its legal obligations under *Clarabal v. Department of Education* and the Constitution of the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2074, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3790 Ways and Means on H.B. No. 2369

The purpose and intent of this measure is to increase the maximum interest rate on Community-Based Economic Development loans to ten percent.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that increasing the maximum allowable interest rate on Community-Based Economic Development loans to ten percent will ensure that the loan program has the flexibility to offer low-interest loans that also comply with applicable federal rules.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2369, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3791 Ways and Means on H.B. No. 2457

The purpose and intent of this measure is to facilitate the effectiveness of the Department of Law Enforcement.

Specifically, the measure:

- (1) Requires the Department of Law Enforcement to pursue and obtain accreditation from the Commission on Accreditation for Law Enforcement Agencies, Inc., for all divisions and sections within the Department of Law Enforcement; and
- (2) Establishes Commission on Accreditation for Law Enforcement Agencies coordinator positions, exempt from civil service, within the Department.

Your Committee received written comments in support of this measure from the Department of Law Enforcement and State of Hawaii Organization of Police Officers.

Your Committee recognizes that the Sheriff Division of the Department of Law Enforcement has been required to be pursue accreditation from the Commission on Accreditation for Law Enforcement Agencies, Inc., since 2011, when the Sheriff Division was still part of the Department of Public Safety. Your Committee finds that the current accreditation requirement is insufficient for the Department of Law Enforcement, a statewide law enforcement agency comprising additional divisions and sections along with the Sheriff Division. Accordingly, your Committee finds that it is essential to expand the accreditation requirement to all divisions and sections within the Department.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2457, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3792 Ways and Means on H.B. No. 2365

The purpose and intent of this measure is to replace the Director of Law Enforcement, as a member of the Hawaii Interagency Council for Transit-Oriented Development, with the Director of Corrections and Rehabilitation.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Corrections and Rehabilitation; and Office of Planning and Sustainable Development.

Your Committee finds that because the Hawaii Interagency Council for Transit-Oriented Development advises on the planning and development of certain state facilities, including the redevelopment of Department of Corrections and Rehabilitation properties, the Director of Corrections and Rehabilitation is a more appropriate director to serve as a member of the Council.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2365, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3793 (Joint) Ways and Means and Judiciary on H.B. No. 2690

The purpose and intent of this measure is to make changes to the management structure, responsibilities, and funding of the Commission on Water Resource Management to support the State's water management and water remediation efforts.

More specifically, part I of the measure:

- (1) Establishes the position of Red Hill Water Alliance Initiative (WAI) Policy Coordinator within the Office of the Executive Director of the Commission on Water Resource Management (Commission);
- (2) Establishes a Red Hill Remediation Special Fund to be administered by the WAI Policy Coordinator;
- (3) Establishes and appropriates moneys for positions within the Office of the Chairperson of the Board of Land and Natural Resources for purposes of WAI policy coordination; and
- (4) Appropriates moneys for ecosystem monitoring by the Department of Land and Natural Resources of the area surrounding the Red Hill Bulk Fuel Storage Facility.

Part II of the measure:

- (1) Authorizes the Commission to retain independent legal counsel;
- (2) Authorizes the Commission to declare a water emergency in certain circumstances;
- (3) Repeals the position of Deputy for Water Resource Management and replaces it with the position of Executive Director of the Commission on Water Resource Management;
- (4) Clarifies that the Commission is attached to the Department of Land and Natural Resources for administrative purposes only;
- (5) Requires the nominating committee for the Commission to include one person appointed by the Chief Executive Officer of the Office of Hawaiian Affairs;
- (6) Authorizes affected parties to challenge an emergency order of the Commission;
- (7) Establishes fines for certain water use offenses and violations of the Commission's orders; and
- (8) Clarifies the Commission's authority to declare a water shortage and the requirements for providing public notice of the declared water shortage.

Your Committees received written comments in support of this measure from the Office of Hawaiian Affairs; University of Hawaii; Board of Water Supply; Koolau Foundation; Kupuna for the Moopuna; Hoakamana; Free Access Coalition; Lahaina Strong; Hui O Na Wai Eha; Jewish Voice for Peace - Hawaii; Recycle Hawaii, Clean the Pacific; Green Party of Hawaii; Save Honolua Coalition; Native Hawaiian Legal Corporation; Ke Kula Kaiapuni o Kekaulike; Ahahui o Hawaii; Na Kiai Kai; Koolaupoko Hawaiian Civic Club; Hawaii Alliance for Progressive Action; Council for Native Hawaiian Advancement; Hawaii Government Employees Association; Sierra Club; Tagnawa for Maui; Sierra Club of Hawaii; Democratic Party of Hawaii; ACLU of Hawaii; Kaneohe Bay Regional Council; New Earth Flow; Help Maui Rise; and numerous individuals.

Your Committees received written comments in opposition to this measure from the Department of Land and Natural Resources, Attorney General, and two individuals.

Your Committees received written comments on this measure from the Department of Budget and Finance and two individuals.

Your Committees find that the changes made by this measure to the management, responsibilities, and funding of the Commission on Water Resource Management will help ensure comprehensive, coordinated, and complete remediation of the water contamination linked to the Red Hill Bulk Fuel Facility. Your Committees also find that these changes will improve the Commission's ability to oversee the State's water resource management and to address water shortages and water emergencies.

Your Committees note that the Department of Land and Natural Resources, in its written comments, requested the following amendments to the measure:

- (1) Placing the position of WAI Policy Coordinator within the Office of the Chairperson of the Board of Land and Natural Resources, rather than within the Office of the Executive Director of the Commission;
- (2) Deleting section 12 of the measure;
- (3) Adding language to section 174C-15(c), Hawaii Revised Statutes, establishing a presumption that a violator's economic and financial conditions allow the payment of the statutory penalty and placing the burden of proof to the contrary on the offender; and
- (4) Adding a provision to repeal subsection (g) of section 174C-62, Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2690, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

Judiciary: Ayes, 3; Ayes with Reservations (Elefante). Noes, none. Excused, 2 (Gabbard, Awa).

SCRep. 3794 (Joint) Ways and Means and Judiciary on H.B. No. 1640

The purpose and intent of this measure is to facilitate negotiations on the repricing of classes within a public employment collective bargaining unit.

Specifically, the measure:

- (1) Requires that within thirty days of receipt of a written request from the exclusive representative to negotiate, and at times allowed under the collective bargaining agreement, the employer shall negotiate the repricing of classes within a bargaining unit; and
- (2) Provides that if an employer fails to timely initiate a negotiation or the parties cannot reach an agreement within ninety days after the exclusive representative's written request to negotiate or by January 31 of a year in which the agreement is due to expire, whichever is earlier, an impasse exists and certain impasse procedures shall apply.

Your Committees received written comments in support of this measure from the United Public Workers, Hawaii Government Employee Association, and Hawaii State AFL-CIO.

Your Committees received written comments in opposition to this measure from the Department of Human Resources Development.

Your Committees received written comments on this measure from the Department of Budget and Finance; Department of Human Resources, County of Kauai; and Department of Human Resources, City and County of Honolulu.

Your Committees find that current procedures for the repricing of classes within public employment gives insufficient consideration to employee concerns. Further, the procedures lack both an appeal mechanism and an adjudication process through an impartial review. Accordingly, your Committees find it appropriate to amend these procedures to protect public employees and foster a more collaborative and productive bargaining process.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1640, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 9; Ayes with Reservations (Moriwaki). Noes, none. Excused, 4 (Kidani, Shimabukuro, Wakai, Fevella).

Judiciary: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

SCRep. 3795 Ways and Means on H.B. No. 1953

The purpose and intent of this measure is to direct the Judicial Council to conduct a comprehensive review of the Hawaii Penal Code and recommend any necessary amendments.

Your Committee received written comments in support of this measure from the Department of Corrections and Rehabilitation, Judiciary, ACLU of Hawaii, Community Alliance on Prisons, and three individuals.

Your Committee finds that the Judicial Council's recommendations, based on a comprehensive review, will help the State ensure that the Hawaii Penal Code is consistent and proportional; aligns with evidence-based strategies and best practices; responds appropriately to offenders who have mental illnesses; and is effective at deterring crime, reducing recidivism, and providing restitution to victims.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1953, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1953, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3796 Ways and Means on H.B. No. 2374

The purpose and intent of this measure is to make emergency appropriations for collective bargaining cost items for the members of bargaining units (2), (3), (4), (9), (13), and (14) and their excluded counterparts for fiscal biennium 2023-2025.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Judiciary, University of Hawaii, and Hawaii Government Employees Association.

Your Committee finds that the exclusive representative of collective bargaining units (2), (3), (4), (9), (13), and (14) has been pursuing temporary hazard pay for work performed by government employees during the coronavirus disease 2019 pandemic. Your Committee further finds that this measure provides a vehicle to appropriate moneys for the temporary hazard pay of employees in those collective bargaining units and their excluded counterparts. Your Committee also finds that similar costs for legislative officers and employees, though excluded from collective bargaining, should also be funded.

Your Committee has amended this measure by adding a new part that appropriates moneys to fund Hawaii employer-union health benefits trust fund costs and other cost adjustments for legislative officers and employees.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2374, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2374, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3797 Ways and Means on H.B. No. 2504

The purpose and intent of this measure is to amend the cigarette tax and tobacco tax law.

More specifically, this measure:

- (1) Expands the cigarette tax levied upon a wholesaler or dealer under section 245-3, Hawaii Revised Statutes, to include electronic smoking devices and e-liquids;
- (2) Requires 1.0 cent per cigarette, electronic smoking device, and e-liquid, but not more than \$500,000 per fiscal year, to be deposited into the credit of the Tobacco Enforcement Special Fund;
- (3) Repeals research expenses as an authorized use of funds from the Hawaii Cancer Research Special Fund;
- (4) Prohibits the Cancer Center of Hawaii's Early Clinical Trial Program from receiving moneys from the Hawaii Cancer Research Special Fund; and
- (5) Requires the University of Hawaii to submit an annual report to the Legislature on the financial status of the Early Clinical Trial Program.

Your Committee received written comments in support of this measure from the University of Hawaii Cancer Center, Compassion for Cancer Caregivers, Hawaii Pacific Health, Hawaii Primary Care Association, Hawaii Substance Abuse Coalition, Waianae Coast Comprehensive Health Center, and four individuals.

Your Committee received written comments in opposition to this measure from ABC Stores, Hawaii Smokers Alliance, and three individuals.

Your Committee received written comments on this measure from the Department of the Attorney General, Department of Health, Department of Taxation, American Cancer Society Cancer Action Network, and Tax Foundation of Hawaii.

Your Committee finds that, according to the United States Surgeon General, increasing the price of tobacco products is the single most effective way to reduce consumption. Your Committee also finds that increases in cigarette and tobacco taxes have historically been associated with reducing youth and young adult tobacco use and increasing adult cessation, which contributes to lowering chronic disease and health care spending, including Medicaid spending, in the State.

Your Committee has amended this measure by:

- (1) Clarifying that tax revenues deposited into the Hawaii Cancer Research Special Fund shall not be used for early clinical trials; and
- (2) Deleting language that would have:
 - (A) Repealed research expenses as an authorized use of funds in the Hawaii Cancer Research Special Fund;
 - (B) Prohibited the Cancer Center of Hawaii's Early Clinical Trial Program from receiving moneys from the Hawaii Cancer Research Special Fund; and
 - (C) Required the University of Hawaii to submit an annual report to the Legislature on the financial status of the Early Clinical Trial Program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2504, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2504, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3798 Ways and Means on H.B. No. 1886

The purpose and intent of this measure is to amend the authorized uses of moneys in the reduced ignition propensity cigarette program special fund.

More specifically, this measure authorizes the State Fire Council to use moneys in the special fund to:

- (1) Defray the cost of statewide fire prevention, education, life safety, and preparedness programs; and
- (2) Hire administrative personnel.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee received written comments on this measure from the Department of the Attorney General and Hawaii State Fire Council.

Your Committee finds that authorizing the use of the reduced ignition propensity cigarette program special fund to support the State Fire Council and its programs and activities will provide the Council with additional funding to better protect life, property, and the environment in the State.

Your Committee has amended this measure by changing the effective date from July 1, 3000, to upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1886, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1886, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3799 Ways and Means on H.B. No. 2420

The purpose and intent of this measure is to ensure the availability of funding for efforts to reduce the number of applicants on the Department of Hawaiian Home Lands waitlist.

Specifically, the measure:

- (1) Establishes a temporary Act 279 special fund to be used by the Department of Hawaiian home lands to fulfill its fiduciary duties to beneficiaries of the Hawaiian Homes Commission Act and Act 279, Session Laws of Hawaii 2022;
- (2) Amends Act 279, Session Laws of Hawaii 2022, to provide that any unexpended or unencumbered moneys from the Act's appropriation shall lapse to the Act 279 special fund on June 30, 2024;
- (3) Appropriates unspecified moneys from the Act 279 special fund for the purposes of the special fund; and
- (4) Abolishes the Act 279 special fund on June 30, 2026, and provides that any unexpended and unencumbered balance shall lapse to the general fund.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance, Department of the Attorney General, and Tax Foundation of Hawaii.

Your Committee notes that Act 279, Session Laws of Hawaii 2022, appropriated \$600,000,000 from the general fund to the Department of Hawaiian Home Lands to reduce the number of applicants on the Department's waitlist. However, your Committee recognizes that the Act's provision that any unencumbered moneys would lapse to the general fund on June 30, 2025, is inconsistent with article VII, section 11, of the Hawaii State Constitution, which provides in part that no general fund appropriation shall be made for a period exceeding three years. Accordingly, your Committee finds that this measure is an appropriate mechanism for the State to maintain the intent of Act 279 while operating according to constitutional requirements.

Your Committee further finds that opportunities exist to generate additional revenue from lands of the Department of Hawaiian Home Lands that can support and expand long-term funding for housing and services for beneficiary families, such as potential low-heat geothermal energy generation in Waimanalo, Oahu, and other similar opportunities that should be explored.

Your Committee has amended this measure by:

- (1) Providing that one of the uses of moneys in the Act 279 special fund includes exploring and developing opportunities to generate additional revenue from lands the Department of Hawaiian Home Lands controls to fulfill certain fiduciary duties;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2420, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2420, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3800 Ways and Means on H.B. No. 2499

The purpose and intent of this measure is to designate the Chief Financial Officer of the University of Hawaii to act as the University of Hawaii's chief procurement officer.

Your Committee finds that designating the Dean of the College of Engineering as the University of Hawaii's chief procurement officer will ensure that the university continues to conduct construction procurements in a compliant, efficient, and transparent manner.

Your Committee has amended this measure by:

- (1) Amending section 103D-203, Hawaii Revised Statutes, to designate the Dean of the College of Engineering as the University of Hawaii's chief procurement officer;
- (2) Inserting repeal and reenactment instructions into the effective date section of the bill to clarify that the Dean of the College of Engineering shall remain the University of Hawaii's chief procurement officer after section 103D-203, Hawaii Revised Statutes, is repealed and reenacted pursuant to Act 8, Special Session Laws of Hawaii 2021, and this measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2499, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2499, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3801 Ways and Means on H.B. No. 1861

The purpose and intent of this measure is to provide for the use of Hawaiian diacritical markings on motor vehicle number plates issued in the State.

More specifically, this measure:

- (1) Requires the use of an 'okina in the word "Hawai'i" and authorizes the use of all uppercase letters, all lowercase letters, or initial capital letters on all number plates issued on or after January 1, 2025;
- (2) Limits issuance of special number plates for environmental conservation to electric vehicles; and
- (3) Specifies that special number plates for environmental conservation do not require the use of the phrase "Aloha State".

Your Committee received written comments in support of this measure from the Department of Finance of the County of Hawaii.

Your Committee finds that requiring the use of an 'okina on number plates will help the State to promote to the public the proper meaning, spelling, and pronunciation of the word "Hawai'i". Your Committee also finds that limiting to electric vehicles the issuance of special number plates for environmental conservation will help to better align the purpose of the special number plates with the vehicles that will bear the special number plates.

Your Committee has amended this measure by:

- (1) Clarifying that the designs for special number plates for environmental conservation may, but shall not be required to, bear the words "Aloha State"; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1861, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1861, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3802 (Joint) Ways and Means and Commerce and Consumer Protection on H.B. No. 2339

The purpose and intent of this measure is to amend the State's laws relating to 911 services.

More specifically, the measure:

- (1) Repeals the word "enhanced" from statutory references to enhanced 911 services, including the title of the State of Hawaii Enhanced 911 Board, to authorize the State to fund all 911 technologies; and
- (2) Authorizes the State of Hawaii 911 Board to employ staff, in addition to the executive director, who are exempt from chapters 76 and 89, Hawaii Revised Statutes.

Your Committees received written comments in support of this measure from the Public Utilities Commission, Hawaii Office of Enterprise Technology Services, State of Hawaii Enhanced 911 Board, and Maui Police Department.

Your Committees find that the phrase “enhanced 911 services” refers to a specific, now antiquated, technology. Repealing the word “enhanced” will facilitate improvements to 911 communications and provide residents with faster access to emergency services by allowing the State to utilize modern emergency communication technologies. Your Committees further find that exempting Board employees from the State’s civil service and collective bargaining laws will allow the Board to recruit and retain qualified persons to maintain its operations.

Your Committees have amended this measure by changing the effective date to July 1, 2024.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2339, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2339, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Aquino, Wakai).

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3803 (Joint) Ways and Means and Judiciary on H.B. No. 2686

The purpose and intent of this measure is to expand the powers of the Hawaii Property Insurance Association and reactivate the Hawaii Hurricane Relief Fund to help to stabilize the property insurance market in the State.

Your Committees received written comments in support of this measure from the Hawaii Green Infrastructure Authority; Hawaii Bankers Association; Hawaii First Realty, LLC; Hawaii Insurers Council; Holomua Collaborative; Honolulu Tower Association of Apartment Owners; Mortgage Bankers Association of Hawaii; and one individual.

Your Committees received written comments in opposition to this measure from American Property Casualty Insurance Association and one individual.

Your Committees received written comments on this measure from the Department of Commerce and Consumer Affairs, Department of Land and Natural Resources, Department of Taxation, Grassroot Institute of Hawaii, Hawaii REALTORS, Land Use Research Foundation of Hawaii, Maui Chamber of Commerce, State Farm, and Tax Foundation of Hawaii.

Your Committees find that the State’s rising disaster risks and increasingly unpredictable property insurance market necessitate legislative action to stabilize the property insurance market in the State to ensure that property owners can access affordable property insurance coverage.

Your Committees note that a new board may be necessary for the management of a new condominium insurance fund.

Your Committees have amended this measure by deleting its contents and inserting language requiring and appropriating moneys for the Insurance Commissioner to conduct a study relating to the stabilization of property insurance in the State.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2686, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2686, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

Judiciary: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

SCRep. 3804 Ways and Means on H.B. No. 2774

The purpose and intent of this measure is to modify certain benchmark goals and the timeline for the Department of Education to provide locally-sourced agricultural and food products.

Your Committee received written comments in support of this measure from the Hawaii Department of Education, Hawaii Ulu Cooperative, Hawaii Alliance for Progressive Action, Hawaii Farm Bureau, Ulupono Initiative, Chamber of Commerce Hawaii, Hawaii Food + Policy, and four individuals.

Your Committee received written comments on this measure from the Hawaii Department of Agriculture and one individual.

Your Committee finds that this measure will help the State meet its food sustainability goals by resolving discrepancies between the locally sourced food benchmarks for the Department of Education and those of other state entities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2774, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3805 Ways and Means on H.B. No. 2626

The purpose and intent of this measure is to specify certain findings that the Board of Land and Natural Resources must make in order to lease a government-owned Hawaiian fishpond.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Hawaii Alliance for Progressive Action, Kuaaina Ulu Auamo, Nature Conservancy, and three individuals.

Your Committee finds that the specific findings required by this measure will streamline the process for the repair, restoration, maintenance, and operation of traditional Hawaiian fishponds while also prioritizing traditional Native Hawaiian practices that are essential to the health of the fishponds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2626, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3806 Ways and Means on H.B. No. 2743

The purpose and intent of this measure is to reduce the number and environmental impact of cesspools in the State.

More specifically, this measure:

- (1) Requires the University of Hawaii Water Resources Research Center and the University of Hawaii Sea Grant College Program to develop an overlay with the Hawaii Cesspool Prioritization Tool to identify specific priority areas in which the county sewer system or other centralized treatment system could most feasibly be expanded or constructed to reduce or eliminate cesspools before January 1, 2050;
- (2) Authorizes the counties to designate sewer improvement districts;
- (3) Beginning July 1, 2025, authorizes the counties to assess a cesspool pollution fee on real properties containing a cesspool;
- (4) Authorizes each county to establish a county cesspool closure and mitigation special fund;
- (5) Authorizes the counties to use cesspool pollution fee revenues or other revenues, including real property tax revenues, for certain activities that eliminate, reduce, or mitigate the impacts of cesspools, including the expansion of county sewer systems and the issuance of grants and low-interest loans to property owners; and
- (6) Makes an appropriation.

Your Committee received written comments in support of this measure from the Department of Health; Department of Land and Natural Resources; Hawaii State Association of Counties; Hawaii County Council; Hawaii Reef and Ocean Coalition; Maui Chamber of Commerce; Oceanic Preservation Society; Public Access to Sunscreens Coalition; Surfrider Foundation, Hawaii Region; WAI: Wastewater Alternatives & Innovations; and eight individuals.

Your Committee received written comments on this measure from Hawai'i Association of REALTORS® and the Tax Foundation of Hawaii.

Your Committee finds that Hawaii has approximately eighty-three thousand cesspools that discharge an estimated fifty million gallons of untreated sewage into the State's groundwater and surface waters every day. Your Committee also finds that, although the counties are responsible for constructing and maintaining wastewater systems, the State presently does not require the counties to develop wastewater management plans, nor are the counties required to identify neighborhoods that could be connected to existing and planned wastewater treatment facilities. Due to this lack of formal wastewater management planning, individual landowners, the counties, and the Department of Health currently do not know which cesspools are situated in areas that will eventually be connected with existing and proposed county wastewater facilities, and when those connections can be made.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2743, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3807 Ways and Means on H.B. No. 2399

The purpose and intent of this measure is to increase, from one to two, the number of public library system administrative assistants who are exempt from civil service.

Your Committee received no written comments on this measure.

Your Committee recognizes that Act 88, Session Laws of Hawaii 2021, created a new administrative assistant position in the Hawaii State Public Library System. Although the new position was intended to be permanently exempt from civil service, no corresponding amendment to statutory law was made at the time. Your Committee finds it appropriate to correct this oversight, as the exempt status for the position is essential to ensure that any hired individual has the requisite skills and experience necessary to manage library facilities statewide.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3808 Ways and Means on H.B. No. 500

The purpose and intent of this measure is to appropriate moneys to the Department of Education for various educational opportunities and extracurricular programs for students.

Your Committee received written comments in support of this measure from the Department of Education; the Chief of Ocean Safety for the City and County of Honolulu; Hawaii High Schools Surfing; Kai Loa, Inc.; the Outrigger Duke Kahanamoku Foundation; Ke Kula o Samuel M. Kamakau, LPCS; Leilehua High School's Mules Surf Team; and two individuals.

Your Committee finds that competitive sports and other extracurricular activities help students develop character, form bonds with other students, and learn ways of facing challenges. Accordingly, your Committee finds it appropriate for the State to support these activities, which are part of providing students with a well-rounded education.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 500, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3809 Ways and Means on H.B. No. 1881

The purpose and intent of this measure is to update the maximum administrative fine amounts for violations of laws relating to standards of conduct and lobbyists.

Your Committee received written comments in support of this measure from the Hawaii State Ethics Commission.

Your Committee finds that Hawaii currently has one of the lowest administrative fines for ethics violations in the United States. Your Committee further finds that increasing the maximum fine amount will help to increase the public's confidence in government institutions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1881, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3810 Ways and Means on H.B. No. 2328

The purpose and intent of this measure is to authorize and appropriate moneys for the Hawaii Housing Finance and Development Corporation to purchase three parcels of land in Honolulu on the island of Oahu for the purposes of providing affordable housing.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments in opposition to this measure from Proof Social Club, Skull-Face Books and Vinyl, CARES, J. Dolan's, Honolulu Tenants Union, and numerous individuals.

Your Committee received written comments on this measure from the Disability and Communication Access Board and Hawaii Housing Finance and Development Corporation.

Your Committee finds that Hawaii's shortage of affordable housing continues to grow and that purchasing the three parcels with their associated buildings, as proposed by this measure, will help to increase the Hawaii Housing Finance and Development Corporation's inventory of affordable housing and ensure that the housing units within those parcels remain affordable in perpetuity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2328, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3811 Ways and Means on H.B. No. 2802

The purpose and intent of this measure is to propose a constitutional amendment to repeal the Legislature's authority to limit marriage to opposite-sex couples.

Your Committee received written comments in support of this measure from the Office of the Governor; Hawaii Civil Rights Commission; American Association of University Women of Hawaii; Hawaii Health and Harm Reduction Center; Papa Ola Lokahi; Stonewall Caucus of the Democratic Party of Hawaii; Pride at Work – Hawaii; Democratic Party of Hawaii; Hawaii State Teachers Association; Fujiwara and Rosenbaum, LLLC; Hawaii State AFL-CIO; Indivisible Hawaii; ACLU of Hawaii; Qwaves Media; Hawaii State Commission on Fatherhood; Project Vision Hawaii; Change 23 Coalition; Japanese American Citizens League, Honolulu Chapter; Hawaii LGBT Legacy Foundation; and seventy individuals.

Your Committee received written comments in opposition to this measure from six individuals.

Your Committee finds that, in 2013, the United States Supreme Court recognized the right of same-sex couples to marry. Your Committee further finds that the United States Congress enacted the Respect for Marriage Act in 2022, which requires federal, state, and local governments to recognize and respect same-sex marriage.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2802, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 1 (DeCoite).

SCRep. 3812 Ways and Means on H.B. No. 1832

The purpose and intent of this measure is to improve efficiency in hiring government employees.

Specifically, this measure:

- (1) Authorizes a state department, division, or agency, rather than the Department of Human Resources Development, to conduct the minimum qualification review of applicants for vacant positions within the department, division, or agency; and
- (2) Requires the Department of Human Resources Development under certain circumstances to provide state departments, divisions, and agencies the applications received for vacancies.

Your Committee received written comments in support of this measure from the Department of Law Enforcement and United Public Workers.

Your Committee received written comments in opposition to this measure from the Department of Human Resources Development.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Health; Hawaii Housing Finance and Development Corporation; and Office of Planning and Sustainable Development.

Your Committee finds that the State is currently facing an unprecedented number of job vacancies. Your Committee further finds that this measure will help to shorten the hiring process and allow departments, divisions, and agencies to expeditiously fill those job vacancies.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2050, to upon approval; and
- (2) Making a technical nonsubstantive amendment for purposes of clarity and consistency.

Your Committee respectfully requests that your Committee on Conference, should it convene to deliberate on this measure, consider the amendment suggested by the testimony of the Department of Health, which would establish a three-year pilot program within the Department to assess the feasibility of specific reforms to streamline and shorten the hiring process.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1832, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1832, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (DeCoite, Kidani).

SCRep. 3813 Ways and Means on H.B. No. 2372

The purpose and intent of this measure is to amend Act 164, Session Laws of Hawaii 2023, to provide that out of the Act's general fund appropriation for the solar energy storage loan program for the Hawaii Green Infrastructure Authority (BED138), \$50,000,000, or so much thereof as may be necessary for fiscal year 2023-2024, shall be deposited into the clean energy and energy efficiency revolving loan fund established in section 196-65.5, Hawaii Revised Statutes, to be expended by the Authority to make solar and storage loans, subject to a lapsing date of June 30, 2025.

Your Committee received written comments in support of this measure from Department of Business, Economic Development and Tourism; Hawaii Green Infrastructure Authority; Hawaii Climate Change Mitigation and Adaptation Commission; Hawaii Solar Energy Association; Climate Protectors Hawaii; Ulupono Initiative; 350Hawaii.org; Shifted Energy; Solarize808; Sunspear Energy; PV Tech; and two individuals.

Your Committee finds that directing appropriated moneys to the clean energy and energy efficiency revolving loan fund will facilitate funding for solar and storage installations, which will address immediate financial challenges faced by nearly fifty percent of the State's residents and support underserved ratepayers. Your Committee also finds it appropriate that this measure will enable the Hawaii Green Infrastructure Authority to continually leverage these funds by re-lending and re-investing those same public dollars, thus reaching and benefitting more Hawaii families over time.

Your Committee has amended this measure by:

- (1) Requiring, no later than twenty days prior to the convening of the Regular Session of 2025, the Hawaii Green Infrastructure Authority to submit to the Legislature a report on plans to revolve moneys back into the green infrastructure special fund so that the fund is self-sufficient; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2372, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2372, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3814 Ways and Means on H.B. No. 2563

The purpose and intent of this measure is to require the Hawaii Tourism Authority to develop and publish, through a contract with a third party, a mobile application that includes all online applications and processes, including the collection of any applicable reservation fees, necessary to acquire any permit, license, or reservation that is needed to conduct recreational and commercial activities within the State that are regulated by, or under the jurisdiction of, a state or county agency.

Your Committee received written comments in support of this measure from the Hawaii Tourism Authority, Hawaii Lodging & Tourism Association, Chamber of Commerce Hawaii, Ocean Safety Ohana, and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that creating the mobile application supported by this measure will provide a cohesive digital platform to make the State's recreational and commercial activities more accessible to Hawaii's residents and visitors.

Your Committee has amended this measure by:

- (1) Requiring the Hawaii Tourism Authority to study the feasibility of, and create a plan for, developing the mobile application, rather than requiring the Authority to develop the mobile application, and making conforming amendments;
- (2) Requiring the Hawaii Tourism Authority to submit a report, including the Authority's plans for the mobile application and any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025;
- (3) Deleting provisions establishing a Tourism Enterprise Fund;
- (4) Deleting the appropriation for the Hawaii Tourism Authority to contract for the development of the mobile application and making conforming amendments;
- (5) Inserting language authorizing the Hawaii Tourism Authority to sell or lease the naming rights for the Hawaii Convention Center facility;
- (6) Inserting language exempting the Hawaii Convention Center from certain requirements regarding concessions on public property;
- (7) Inserting language facilitating advertising and marketing in and on the Hawaii Convention Center facility;
- (8) Changing the measure's effective date from July 1, 3000, to July 1, 2024, and providing that Section 2 of the measure shall be repealed on June 1, 2025; and
- (9) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2563, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2563, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3815 (Joint) Ways and Means and Judiciary on H.B. No. 1831

The purpose and intent of this measure is to establish and appropriate moneys for a behavioral health crisis center pilot program.

Your Committees received written comments in support of this measure from the Judiciary, Disability and Communication Access Board, State Council on Mental Health, Office of Hawaiian Affairs, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Queen's Health System, AlohaCare, Hawaii Psychological Association, and two individuals.

Your Committees received written comments in opposition to this measure from one individual.

Your Committees received written comments on this measure from the ACLU of Hawaii.

Your Committees find that the behavioral health crisis centers established pursuant to this measure will help provide persons in crisis with faster access to care, limit the use of law enforcement resources for assisting persons in crisis, and reduce visits to hospital emergency rooms for crisis care and mental health services.

Your Committees have amended this measure by:

- (1) Clarifying that the dedicated first responder drop-off area that the measure requires at each behavioral health crisis center should be reserved for law enforcement vehicles and ambulances, as suggested in written comments from the Department of Health;
- (2) Specifying that the moneys appropriated by the measure should also be expended for establishing a triage center for medically monitored detoxification and the treatment of substance abuse disorders and mental illnesses;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1831, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1831, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
Ways and Means: Ayes, 10. Noes, none. Excused, 3 (Kidani, Shimabukuro, Fevella).
Judiciary: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Awa).

SCRep. 3816 Ways and Means on H.B. No. 1932

The purpose and intent of this measure is to authorize the Department of Transportation to acquire and hold title to property for certain purposes.

Your Committee received written comments in support of this measure from the Department of Transportation.

Your Committee finds that authorizing the Department of Transportation to directly acquire and hold title to real property will help expedite the completion of transportation projects and improve public transportation safety, efficiency, accessibility, and sustainability in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1932, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3817 Ways and Means on H.B. No. 2380

The purpose and intent of this measure is to make an emergency appropriation to the Department of Budget and Finance to disburse moneys in the mass transit special fund.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Oahu Metropolitan Planning Organization, and Honolulu Authority for Rapid Transportation.

Your Committee finds that the emergency appropriation authorized by this measure will allow the Department of Budget and Finance to timely distribute moneys in the mass transit special fund that are anticipated to exceed the existing appropriation for fiscal year 2023-2024.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2380, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3818 Ways and Means on H.B. No. 2653

The purpose and intent of this measure is to amend the estate and generation-skipping transfer tax law.

More specifically, this measure:

- (1) Conforms Hawaii estate tax laws to the operative provisions of the Internal Revenue Code to decrease the burden on taxpayers and increase efficiencies in the Department of Taxation's monitoring and auditing of estate tax returns; and
- (2) Establishes an estate tax deduction for the value of closely held business interests that will help ensure that locally-owned family businesses can continue to contribute to the state economy and assist families to retain the ownership interest in their family businesses.

Your Committee received written comments in support of this measure from ABC Stores; Ace Auto Glass; Akita Enterprises, Ltd.; Aloha Beer; ALTRES; Avalon Group; Ben Franklin/Ace Hardware; Big Island Candies; Big Island Subaru; Big Island Toyota; Business Consulting Resources, Inc.; Business Strategies; Cataract and Retina Center of Hawaii; City Mill; Commercial Flooring; Commercial Roofing and Waterproofing Hawaii, Inc.; Continental Assets Management; C.S. Wo/Homeworld; Cushman and Wakefield Chaney Brooks; Easy Music Center; Finance Enterprises, Ltd.; Foodland Supermarket, Ltd.; Goodfellow Brothers; Grassroot Institute of Hawaii; Ground Transportation, Inc.; Hanai Appliance; Hawaii Automobile Dealers Association; Hawaii Forest and Trail; Hawaii National Bank; Hawaii Restaurant Association; Hawaii Self Storage; Hawaii Specialty Vehicles; Hawaii Transportation Association; Hee Hing Restaurant; Highway Inn; HONBLUE, Inc.; Honolulu Disposal Service; House of Finance; HPM Building Supply; Island Insurance Companies; Jade Dynasty Seafood Restaurant; JN Group; Johnny Finney, LLC; Kamaka Ukuleles; Kapaa Solar, LLC; Kauai Vehicle Service Center; KLF Repair Service; KTA Super Stores; Kualoa Ranch; L&L Hawaiian Barbeque; Liliha Bakery; Loyalty Enterprises; MacNaughton, Inc.; Malu Investments; Mana Up Hawaii; Martin and MacArthur; Matt's Transmission Repair; Maui Toyota; McCully Bicycle and Sporting Goods; Meadow Gold Dairies; MW Group; Oahu Veterinary Clinic; Pacific Administrators, Inc.; Petland; Plaza Assisted Living; ProService; Rannikks Auto Specialists; Sae Design Group; Servco Pacific, Inc.; Soderholm Bus and Mobility; Stanford Carr Development; Sun Noodle North America; Title Guaranty of Hawaii; Tony Group; Tori Richard, Ltd.; Truck Shop Maui; Ulupalakua Ranch; United Tire and Recapping Company; Watumull Properties Corp.; Y. Hata; Yummy Restaurant Group; Zippy's Restaurants; and five individuals.

Your Committee received written comments in opposition to this measure from the Center on Budget and Policy Priorities, Democratic Party of Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Children's Action Network Speaks!, Indivisible Hawaii Healthcare Team, Institute on Taxation and Economic Policy, Kauai Climate Action Coalition, League of Women Voters of Hawaii, Save Medicaid Hawaii, and numerous individuals.

Your Committee received written comments on this measure from the Department of Taxation.

Your Committee finds that Hawaii has one of the highest estate taxes in the nation, due to its high estate tax rate and low exclusion amount. In contrast, the current federal exclusion amount applicable to gift and estate transfers is more than double the amount of the Hawaii estate tax exclusion amount. This difference has resulted in the need for complicated and technical estate planning and requires the Department of Taxation to expend funds and resources to independently monitor and examine the filings of estate tax returns.

Your Committee notes that the Department of Taxation has requested that the definition of "qualified family-owned business interest" used in the measure be amended to account for entities other than corporations, such as partnerships and limited liability companies.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2653, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3819 Ways and Means on H.B. No. 2801

The purpose and intent of this measure is to expand the scope and amend the administration of the commercial property assessed financing program.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Green Infrastructure Authority, Department of Budget and Fiscal Services of the City and County of Honolulu, Department of Research and Development of the County of Hawaii, AARP Hawaii, Aina Nalu Homeowners Association, Aio, CastleGreen Finance, Hawaii Energy, Hawaii Insurers Council, Hawaii Laborers & Employers Cooperation and Education Trust, Hawaii REALTORS, Hawaii Solar Energy Association, Holomua Collaborative, International Brotherhood of Electrical Workers Local Union 1186, Island Insurance Companies, Nuveen Green Capital, Petros PACE Finance, Ulupono Initiative, and several individuals.

Your Committee finds that expanding the scope of the commercial property assessed financing program to include condominiums having six or more units will help the affected condominium owners to access favorable financing so they can afford improvements to satisfy new regulatory requirements and mitigate future damages. Your Committee also finds that the Hawaii Green Infrastructure Authority is a more appropriate entity than the counties to administer this expanded, statewide program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2801, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 2 (Kidani, Fevella).

SCRep. 3820 Government Operations on Gov. Msg. No. 626

Recommending that the Senate advise and consent to the nomination of the following:

ADMINISTRATOR, STATE PROCUREMENT OFFICE

G.M. No. 626 BONNIE KAHAKUI, for a term to expire in 4 years

Your Committee reviewed the personal history, resume, and statement submitted by Bonnie Kahakui for service as the Administrator of the State Procurement Office.

Your Committee received testimony in support of the nomination for the appointment of Bonnie Kahakui from the Department of Accounting and General Services (DAGS); Department of Agriculture; Department of Health; Department of Human Resources Development; Department of Labor and Industrial Relations; Department of Transportation; Office of Enterprise Technology Services; Hawaii Technology Development Corporation; Hawaii Campaign Spending Commission; Green Door Finance LLC; Civic Initiatives, LLC; Subcontractors Association of Hawaii; and thirty-seven individuals.

Your Committee received testimony in opposition to the nomination for the appointment of Bonnie Kahakui from one individual. Your Committee notes that the testimony submitted in opposition to this nominee contained no substantive information or commentary relating to her appointment.

Upon review of the testimony, your Committee finds that Ms. Kahakui's twenty-seven years of experience in procurement across various levels, including nine years of specialized experience in eProcurement, institutional knowledge of the State Procurement Office, and dedication to serving the public qualify her to be appointed as the Administrator of the State Procurement Office.

Ms. Kahakui has been serving as the Acting Administrator of the State Procurement Office since January 2020. In this role, her responsibilities include but are not limited to providing guidance to all governmental bodies relating to procurement; developing, reviewing, and analyzing procurement rules, policies, and procedures; planning, developing, and coordinating implementation of procurement online systems; investigating procurement irregularities of purchasing agencies; and overseeing all operations of the State Inventory Management System and the State Surplus Office. Ms. Kahakui first joined the State Procurement Office in December 2007 as a Purchasing Specialist and thereafter served as an eProcurement Supervisor before becoming the Assistant Administrator in 2019. During her seventeen years of service at the State Procurement Office, Ms. Kahakui has helped execute numerous projects that have increased efficiency, cost-savings, and transparency of procurement in the State, resulting in her receipt of numerous awards, including DAGS Manager of the Year (2020), Government Standards of Excellence Award (2018) for the Hawaii Awards and Notices Database System or HANDS, DAGS Team of the Year (2017) for the Procurement Wizard, and Governor's Team of the Year (2014) for the Hawaii Electronic Procurement (HlePRO) System. Furthermore, under Ms. Kahakui's leadership, the State Procurement Office was able to restore and add seven full-time equivalent (7.0 FTE) positions in 2022; the Procurement Policy Board was finally able to meet to update the administrative rules regarding the public procurement; and the State realized approximately \$36,000,000 in cost savings for fiscal year 2023 through the coordination and consolidation of purchases for certain goods and services across various government agencies. Before joining the State Procurement Office, Ms. Kahakui served as the Travel Manager at the Office of the Comptroller from 1997 to 2007, where she was responsible for, among other things, the implementation and administration of the travel services contract and the procurement and administration of the car rental contract.

Your Committee notes that Ms. Kahakui earned an Associate of Arts degree in Legal Studies from the Kapiolani Community College from which she graduated with honors and a Bachelor of Business Administration degree in Travel Management from the University of Hawaii. Ms. Kahakui is also a member of numerous professional organizations, including but not limited to the National Association of State Procurement Officials, National Institute for Public Procurement, and National Contract Management Association.

Testimony submitted in support of Ms. Kahakui universally speak not only to her extensive knowledge of complex procurement policies and issues, but also her approachability, accessibility, integrity, and flexibility when assisting, advising, and guiding those in the Executive Branch and potential vendors to balance the principles of ethical public procurement. Numerous testifiers who worked

and continue to work closely with her, including eighteen staff members of the State Procurement Office, noted her leadership, exceptional executive and organizational ability, and commitment to excellence.

Your Committee notes from Ms. Kahakui's personal statement that over the next four years, she hopes to continue improving and modernizing procurement processes; establish and standardize procedures on recording and investigating possible procurement violations and procurement reviews; enable ready access to procurement knowledge statewide; create and implement a procurement certification program; ensure that small businesses, including business owned by veterans, Native Hawaiians, and women, are able to effectively participate in contracting opportunities with governmental agencies; and conduct market research for the feasibility of a state travel management contract.

Your Committee believes that Ms. Kahakui, with her extensive procurement experience and institutional knowledge, as well as her dedication to public service, possesses the qualifications to continue to lead the State Procurement Office. Your Committee therefore recommends that Bonnie Kahakui be appointed as Administrator of the State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Gabbard).

SCRep. 3821 Commerce and Consumer Protection on Gov. Msg. Nos. 508 and 612

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PHYSICAL THERAPY

G.M. No. 508 CYNTHIA TAMAYO, for a term to expire 06-30-2027; and

G.M. No. 612 MICHELE CHEE, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Cynthia Tamayo and Michele Chee for service on the Board of Physical Therapy.

CYNTHIA TAMAYO

Your Committee received testimony in support of the nomination for the reappointment of Cynthia Tamayo from the Board of Physical therapy and one individual.

Upon review of the testimony, your Committee finds that Ms. Tamayo's background, experience, and dedication to community service qualify her to be reappointed to the Board of Physical Therapy as a licensed physical therapist member. Ms. Tamayo has served as a member of the Board of Physical Therapy since 2019. Since September 2020, she has served as the Chairperson of the Board of Physical Therapy, after having previously served as the Board's Vice Chairperson. Ms. Tamayo is currently employed as the Regional Director of Rehabilitation Services for the Maui Health System, where she oversees clinical physical therapy services in multiple care settings, implements policies for clinical activities, and performs budget and other fiscal management duties. Previously, she gained considerable physical therapy management experience through her work as the Manager of Rehabilitation Services for Shriners Hospitals for Children and, prior to that, with St. Francis Medical Center-West. Your Committee finds that Ms. Tamayo's leadership, longstanding participation as a member of the Board of Physical Therapy, and more than thirty years of physical therapy experience, will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Cynthia Tamayo be reappointed to the Board of Physical Therapy based on her knowledge, experience, and commitment to public service.

MICHELE CHEE

Your Committee received testimony in support of the nomination for the appointment of Dr. Michele Chee from the Board of Physical Therapy and Shriners Hospitals for Children.

Upon review of the testimony, your Committee finds that Dr. Chee's leadership, background, and experience qualify her to be appointed to the Board of Physical Therapy as a licensed physical therapist member. Dr. Chee has been serving as an interim member of the Board of Physical Therapy and currently works as the Director of Rehabilitation Services for the Shriners Hospitals for Children in Honolulu. In her role, Dr. Chee provides leadership and guidance for the rehabilitation department on staffing, regulatory compliance, and departmental initiatives that support the organization's mission to improve the lives of keiki in need. Previously, Dr. Chee worked as a licensed physical therapist for the organization for eighteen years and obtained her Doctor of Physical Therapy in 2013. In addition to her primary work responsibilities, Dr. Chee is a member of multiple professional organizations, such as the Rehab Executive Council for Shriners Children's and the Hawaii Chapter of the American Physical Therapy Association. Your Committee finds that Dr. Chee, with her extensive management and clinical physical therapy experience that spans more than twenty-five years, will provide a thoughtful and considerate perspective that will enhance the work of the Board of Physical Therapy. Your Committee therefore recommends that Michele Chee be appointed to the Board of Physical Therapy based on her leadership, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3822 Higher Education on Gov. Msg. Nos. 535 and 623

Recommending that the Senate advise and consent to the nominations of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 535 JEANETTE AYERS-KAWAKAMI, for a term to expire 06-30-2027; and

G.M. No. 623 SONDRA LEIGGI BRANDON, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Jeanette Ayers-Kawakami and Sondra Leiggi Brandon for service on the Center for Nursing Advisory Board.

JEANETTE AYERS-KAWAKAMI

Your Committee received testimony in support of the nomination for the appointment of Jeanette Ayers-Kawakami from the Hawai'i State Center for Nursing.

Upon review of the testimony, your Committee finds that Dr. Ayers-Kawakami's experience and knowledge qualify her for appointment to the Center for Nursing Advisory Board as a member who is a nurse with an active Hawaii nursing license. Dr. Ayers-Kawakami has been a registered nurse for over twenty years and has served as a nursing educator for nearly ten years. Presently, Dr. Ayers-Kawakami serves as an Associate Professor and the Director at the University of Hawaii at Hilo School of Nursing, where she oversees and teaches in the Doctor of Nursing Practice, Bachelor of Science in Nursing, and Registered Nurse to Bachelor of Science in Nursing programs. Dr. Ayers-Kawakami holds a Doctor of Nursing Practice, and her research and professional goals focus on addressing rural health disparities in the State. Your Committee notes that Dr. Ayers-Kawakami is an active member of her community, serving as a member of the Hawaii Island Oral Health Coalition Advisory Board and committee member of Parents and Children Together Health Services Advisory Board. Your Committee further finds that Dr. Ayers-Kawakami has an understanding of the roles and responsibilities of board members and that her experience and knowledge as a nursing educator will be assets to the Center for Nursing Advisory Board. Your Committee therefore recommends that Jeanette Ayers-Kawakami be appointed to the Center for Nursing Advisory Board based on her experience, knowledge, and commitment to public service.

SONDRA LEIGGI BRANDON

Your Committee received testimony in support of the nomination for the appointment of Sondra Leiggi Brandon from the Hawai'i State Center for Nursing and The Queen's Health System.

Upon review of the testimony, your Committee finds that Ms. Leiggi Brandon's background and knowledge qualify her for appointment to the Center for Nursing Advisory Board as an advanced practice registered nurse member. Ms. Leiggi Brandon has been an advanced practice registered nurse for over ten years and presently serves as Vice President of Behavioral Patient Care at the Queen's Medical Center and as an outpatient psychiatric/mental health advanced practice registered nurse with Care Hawaii. Ms. Leiggi Brandon previously served as a clinical instructor at the University of Hawaii at Manoa and as a faculty member at the University of Phoenix, where she taught courses in the fundamentals of nursing and psychiatric and mental health nursing. Your Committee notes that Ms. Leiggi Brandon is a decorated, recognized nursing professional and received the 2023 Queen Emma Leadership Award and has appeared as a contributor on various media programs regarding mental health. Your Committee further finds that Ms. Leiggi Brandon understands the roles and responsibilities of board members and that her extensive knowledge of psychiatric and mental health nursing and her professional experience will be assets to the Center for Nursing Advisory Board. Your Committee therefore recommends that Sondra Leiggi Brandon be appointed to the Center for Nursing Advisory Board based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fukunaga).

SCRep. 3823 Agriculture and Environment on H.C.R. No. 189

The purpose and intent of this measure is to:

- (1) Urge the State to prohibit the introduction of biocontrol agents that might threaten economically important forage grass species;
- (2) Request the State to consider a holistic approach to address wildfire risk by prioritizing fuel reduction of unmanaged lands that can utilize a variety of tools including grazing, creation of fire buffers, mechanical controls, and the consideration of the use of applicable strategies for landscape level control, so long that it takes into consideration economic and ecological implications as well as potential impacts to critical industries; and
- (3) Urge the State to provide for the protection of Hawaii's rangelands and important forage grass species that sustain beef cattle production through funding policies, initiatives, and directives to state agencies to incentivize livestock grazing for the management of forage grasses and other vegetation on lands managed by the State and private sector that are currently undermanaged.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Larry Jeffs Farms, LLC; Kealia Ranch LLC; and five individuals.

Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committee received comments on this measure from one individual.

Your Committee finds that many forage grass species support livestock production and provide important manageable and sustainable ground cover for the State's rangelands, thereby minimizing bare soil and erosion, maximizing water infiltration, improving soil health, and decreasing the spread of noxious weeds. This measure aims to protect local livestock production and manage the environment of the State by preventing the eradication of these important forage grasses species.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 189, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Rhoads, Awa).

SCRep. 3824 (Joint) Public Safety and Intergovernmental and Military Affairs and Water and Land on H.C.R. No. 3

The purpose and intent of this measure is to urge each county to establish an emergency zoning code for post-disaster use.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that the August 2023 Maui wildfires further exacerbated the State's existing severe housing shortage. Your Committees further find that reportedly damaging over three thousand properties, the wildfires had a large impact on rental housing and housing for low-income families and individuals. As climate change continues to impact the frequency and severity of disasters, your Committees conclude that it is imperative for each county to establish an emergency zoning code that would allow for the siting of temporary shelters such as trailers, recreational vehicles, and prefab housing to be used immediately following a disaster.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 3, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Public Safety and Intergovernmental and Military Affairs: Ayes, 3; Ayes with Reservations (Wakai). Noes, none. Excused, 2 (Fukunaga, Awa).
Water and Land: Ayes, 5; Ayes with Reservations (McKelvey). Noes, none. Excused, none.

SCRep. 3825 Education on Gov. Msg. Nos. 520, 710, 711, 712, 713, 714, and 735

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EDUCATION

- G.M. No. 520 KAHELE DUKELOW, for a term to expire 06-30-2026;
- G.M. No. 710 MARY HATTORI, for a term to expire 06-30-2027;
- G.M. No. 711 KEN KURAYA, for a term to expire 06-30-2027;
- G.M. No. 712 WILLIAM ARAKAKI, for a term to expire 06-30-2027;
- G.M. No. 713 WESLEY LO, for a term to expire 06-30-2027. (Expiration date amended to 06-30-2025 by GM734);
- G.M. No. 714 ELYNNE CHUNG, for a term to expire 06-30-2026; and
- G.M. No. 735 ROY TAKUMI, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Kaheleonolani "Kahele" Dukelow, Mary Hattori, Ken Kuraya, William Arakaki, Wesley Lo, Elynne Chung, and Roy Takumi for service on the Board of Education.

KAHELE DUKELOW

Your Committee received testimony in support of the nomination for the appointment of Kahele Dukelow from the Department of Education, Office of Hawaiian Affairs, HawaiiKidsCAN, Hui for Excellence in Education, Native Hawaiian Education Association, Moku o Manokalanipō Kaua'i Council of the Association of Hawaiian Civic Clubs, 'Aha Kauleo, Kimokeo Foundation, Kanaeokana Kula Hawaii Network, and thirty-nine individuals.

Upon review of the testimony, your Committee finds that Ms. Dukelow's experience and knowledge qualify her for appointment to the Board of Education as a member representing Maui County pursuant to section 302A-121, Hawaii Revised Statutes. Ms. Dukelow is an experienced educator and administrator, serving in various roles in both kindergarten through grade twelve and higher education. Ms. Dukelow presently serves as Vice Chancellor of Academic Affairs at the University of Hawaii Maui College. Previously, Ms. Dukelow served as Dean of Arts and Sciences at the University of Hawaii Maui College, Professor of Hawaiian Studies, and various teaching roles within the Department of Education and Kaiapuni Hawaiian language immersion schools. Ms. Dukelow is also an active member of her community, serving as Chairperson and Board Member of 'Aha Kauleo State Council of Public Hawaiian Immersion Schools and Council Member for the Maui and Lāna'i Burial Council. Your Committee further finds that Ms. Dukelow understands the roles and responsibilities of board members, and her experience in higher education administration, classroom teaching, and Hawaiian language immersion education will be assets to the Board of Education. Your Committee therefore recommends that Kahele Dukelow be appointed to the Board of Education based on her experience, knowledge, and commitment to public service.

MARY HATTORI

Your Committee received testimony in support of the nomination for the appointment of Mary Hattori from the Office of the Governor, Department of Education, HawaiiKidsCAN, Hui for Excellence in Education, Micronesians United – Big Island, and twenty-four individuals.

Upon review of the testimony, your Committee finds that Dr. Hattori's experience and background qualify her for appointment to the Board of Education as a member representing the City and County of Honolulu pursuant to section 302A-121, Hawaii Revised Statutes. Dr. Hattori is an experienced higher education instructor and administrator and holds a Doctor of Education from the University of Hawaii at Manoa. Dr. Hattori presently serves as Director of the Pacific Islands Development Program at the East-West Center. Additionally, Dr. Hattori serves as Affiliate and Cooperating Graduate Faculty for various departments at the University of Hawaii at Manoa and Chaminade University. Previously, Dr. Hattori served in various roles at the University of Hawaii System, including as Outreach Director and Associate Specialist Faculty for the Center for Pacific Island Studies. Your Committee notes that Dr. Hattori is also an active member of her community, serving as Board Member of the Mid-Continent Regional Education Lab, Hawai'i Council for the Humanities, and Honolulu Printmakers. Dr. Hattori also serves as Co-Founder and Organizing Partner of the Doris Duke Theatre Annual Cultural Animation Film Festival. Your Committee further finds that Dr. Hattori understands the roles and responsibilities of board members, and her extensive experience in higher education, teaching, and research will be assets to the Board of Education. Your Committee therefore recommends that Mary Hattori be appointed to the Board of Education based on her knowledge, background, and dedication to public service.

KEN KURAYA

Your Committee received testimony in support of the nomination for the reappointment of Ken Kuraya from the Department of Education, HawaiiKidsCAN, Hui for Excellence in Education, and six individuals.

Upon review of the testimony, your Committee finds that Mr. Kuraya's knowledge and experience qualify him for reappointment to the Board of Education as an at-large member pursuant to section 302A-121, Hawaii Revised Statutes. Mr. Kuraya is a retired educator, having dedicated over forty years of service to the Department of Education. Previously, Mr. Kuraya served as Vice Principal at Jefferson, Ala Wai, and Hahaione Elementary Schools; Honolulu District Resource Teacher; Secondary School Teacher at Niu Valley, Kailua, and Kawanakoa Intermediate Schools; and Educational Assistant at Kailua Intermediate and Wilcox Elementary Schools. Mr. Kuraya is also an experienced fiscal administrator for the Department of Education and served as Budget Specialist, Budget Director, and Budget Execution Administrator for over twenty years. Your Committee further finds that Mr. Kuraya has served as a member of the Board of Education since July 2022, and he presently serves as Chairperson of the Board's Finance and Infrastructure Committee. Accordingly, your Committee believes that Mr. Kuraya's prior experience on the Board, as well as his extensive experience as an educator and fiscal administrator, will continue to be assets to the Board of Education. Your Committee therefore recommends that Ken Kuraya be reappointed to the Board of Education based on his experience, knowledge, and commitment to public service.

WILLIAM ARAKAKI

Your Committee received testimony in support of the nomination for the reappointment of William Arakaki from the Department of Education, Kapa'a Middle School, King Kaumuali'i Elementary School, HawaiiKidsCAN, Hui for Excellence in Education, and eighteen individuals.

Upon review of the testimony, your Committee finds that Mr. Arakaki's experience and knowledge qualify him for reappointment to the Board of Education as a member representing Kauai County pursuant to section 302A-121, Hawaii Revised Statutes. Mr. Arakaki is a retired educator and administrator and served the Department of Education for over forty years. After twelve years of teaching, Mr. Arakaki served as Vice Principal of Kapaa High School, Vice Principal of Kapaa Middle School, and Principal of Waimea High School. Additionally, Mr. Arakaki served as Kauai Complex Area Superintendent for thirteen years. Mr. Arakaki is an active member of his community and currently serves as a Board Member of Kaula I Ka Pono Academy, Kauai Adolescent Treatment and Healing Center, and Kauai Fatherhood Council. Your Committee further finds that Mr. Arakaki has served as a member of the Board of Education since July 2020, and he presently serves as Chairperson of the Student Achievement Committee. Accordingly, your Committee believes that Mr. Arakaki's prior experience on the Board, as well as his extensive experience as an educator and administrator, will continue to be assets to the Board of Education. Your Committee therefore recommends that William Arakaki be reappointed to the Board of Education based on his knowledge, experience, and desire to serve his community.

WESLEY LO

Your Committee received testimony in support of the nomination for the appointment of Wesley Lo from the Office of the Governor, Department of Education, HawaiiKidsCAN, Hui for Excellence in Education, Healthcare Association of Hawaii, The Queen's Health System, and thirty-seven individuals.

Upon review of the testimony, your Committee finds that Mr. Lo's knowledge and background qualify him for appointment to the Board of Education as an at-large member pursuant to section 302A-121, Hawaii Revised Statutes. Mr. Lo is an experienced health care executive and presently serves as Chief Executive Officer for Ohana Pacific Health and Hale Makua Health Services. Previously, Mr. Lo served as Regional Chief Executive Officer of the Hawaii Health Systems Corporation Maui Region and Chief Financial Officer of Maui Memorial Medical Center and Maui Radiology Consultants. Your Committee notes that Mr. Lo is an active participant in his community, serving as Director of the Healthcare Association of Hawaii where he presently serves as Chairperson of the Long-Term Care Committee. Mr. Lo also previously served as Chairperson of the Board of the Hawai'i Health Network, Director and Past Chairperson of the Maui Economic Development Board, and Director of the Maui High School Foundation. Further, Mr. Lo previously served as an inaugural member of the Board of Education from 2011 to 2013, and served as Chairperson of the Finance and Infrastructure Committee and Vice Chairperson of the Audit Committee. Your Committee further finds that Mr. Lo understands the roles and responsibilities of board members, and his extensive experience as a financial executive and executive manager will be assets to the Board of Education. Your Committee therefore recommends that Wesley Lo be appointed to the Board of Education based on his experience, knowledge, and commitment to public service.

ELYNNE CHUNG

Your Committee received testimony in support of the nomination for the appointment of Elynne Chung from the Office of the Governor, Department of Education, HawaiiKidsCAN, Hui for Excellence in Education, and twenty-six individuals.

Upon review of the testimony, your Committee finds that Ms. Chung's experience and background qualify her for appointment to the Board of Education as a member representing the City and County of Honolulu pursuant to section 302A-121, Hawaii Revised Statutes. Ms. Chung is an experienced educator and administrator, dedicating over thirty-five years of service to the Department of Education. Ms. Chung formerly served as Principal of Mililani Middle School and Pearl Harbor Kai Elementary School. Ms. Chung also served as Vice Principal of Aiea High School, Makalapa Elementary School, and Radford High School; Central District Educational Specialist, Special Education; and Classroom Teacher and Curriculum Coordinator at Hale Kula Elementary School. Your Committee further finds that Ms. Chung is an active member of her community, serving as Vice President of the University of Hawaii College of Education Alumni Association. Ms. Chung also served as a member of the Department of Education Multi-Track Calendar Committee, Telework Task Force, Bell Schedule Committee, and Committee on Weights. Your Committee notes that Ms. Chung understands the roles and responsibilities of board members, and her extensive experience as an educator and administrator will be assets to the Board of Education. Your Committee therefore recommends that Elynn Chung be appointed to the Board of Education based on her background, knowledge, and dedication to public service.

ROY TAKUMI

Your Committee received testimony in support of the nomination for the appointment of Roy Takumi from the Office of the Governor; Department of Education; HawaiiKidsCAN; Hui for Excellence in Education; Hawaii Ports Maritime Council; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories, and Canada, AFL-CIO, CLC, Local 665; Labor Caucus of the Democratic Party of Hawaii; and twelve individuals.

Upon review of the testimony, your Committee finds that Mr. Takumi's background and knowledge qualify him for appointment to the Board of Education as an at-large member and Chairperson pursuant to section 302A-121, Hawaii Revised Statutes. Mr. Takumi served as the Representative of the Thirty-Fifth District in the Hawaii House of Representatives from 1992 to 2022. During his tenure, Mr. Takumi served as Chairperson of the House of Representatives Committee on Education for fifteen years. Previously, Mr. Takumi served as Communications Director for the Hawaii State AFL-CIO; Program Director for the American Friends Service Committee, Hawaii Office; and Community Organizer for Korean immigrants in Osaka, Japan. Your Committee notes that Mr. Takumi remains an active member of his community, serving as Vice-Chairperson for the Education Committee of the States and Labor Education Advisory Council, Commissioner for the Commission on Employment and Human Resources, Chairperson of the Inter-Agency Council Immigration Law Task Force; and Member of American Friends Service Committee, Hawaii Office, Council on Nontraditional Employment for Women, Hawaii Job Training Coordinating Council, and Civil Rights Consortium. Mr. Takumi understands the roles and responsibilities of board members and his background as an elected official and extensive background in education policy and labor advocacy will be assets to the Board of Education. Your Committee therefore recommends that Roy Takumi be appointed to the Board of Education based on his experience, knowledge, and proven commitment to public service.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3826 Hawaiian Affairs on Gov. Msg. No. 567

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 567 WALT KANEAKUA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Walt Kaneakua for service on the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination for the appointment of Walt Kaneakua from the Department of Hawaiian Home Lands; Department of Land and Natural Resources; Waimānalo Hawaiian Homes Association; Native Hawaiian Community Development Corporation; The Hawai'i Pacific Foundation, Inc.; Hui O Hana Pono; Ho'omana Pono, LLC; Kaimana Hila; Aloha Travel LLC; and twenty-nine individuals.

Your Committee received testimony in opposition to the nomination for the appointment of Walt Kaneakua from one individual.

Upon review of the testimony, your Committee finds that Mr. Kaneakua's background and dedication to serving the Native Hawaiian community qualify him for appointment to the Hawaiian Homes Commission. Currently, Mr. Kaneakua serves as a Director for the Hawaii Pacific Foundation, a nonprofit Native Hawaiian organization that fosters Native Hawaiian owned and Native Hawaiian serving small businesses, Mr. Kaneakua leads the Board of Directors for the Hawaii Pacific Foundation's Strategic Planning Committee and oversees the partial Hawaii Pacific Foundation portfolio for charitable giving in the Native Hawaiian community. Mr. Kaneakua also teaches as a professor at Pacific Rim Christian University and the U.S. Naval War College at Pearl Harbor.

Your Committee notes that Mr. Kaneakua is dedicated to serving the public and currently sits on the Board of Governors for Shriners for Children (Hawaii). Mr. Kaneakua has also worked as congressional staff for United States Senators Daniel K. Inouye and Mazie Hirono and Congresswoman Tulsi Gabbard. Your Committee further finds that Mr. Kaneakua's extensive knowledge and experience will benefit the Hawaiian Homes Commission. Your Committee therefore recommends that Walt Kaneakua be appointed to the Hawaiian Homes Commission based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3827 Hawaiian Affairs on H.C.R. No. 32

The purpose and intent of this measure is to request the Office of Hawaiian Affairs to identify the scope of Native Hawaiian cultural appropriateness for the purpose of addressing Native Hawaiian disparities with emphasis on the following priority areas:

- (1) Native Hawaiian economic development needs;
- (2) Native Hawaiian education needs;
- (3) Native Hawaiian health needs; and
- (4) Native Hawaiian housing needs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, State Council on Developmental Disabilities, and two individuals.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State, on condition of its admission into the Union, was entrusted with continuously pursuing the betterment of conditions of Native Hawaiians. However, Native Hawaiians continue to confront pronounced disparities and inequities in crucial aspects of life that are the consequences of enduring structural racism rooted in historical injustices. Your Committee further finds that the State lacks a comprehensive guiding document on Native Hawaiian cultural appropriateness to inform decision-making in an inclusive, respectful, and effective manner that is sensitive to Native Hawaiian cultural identity and heritage in accordance with the interests and aspirations of Native Hawaiians. Your Committee therefore believes that the Office of Hawaiian Affairs should conduct a study identifying the scope of Native Hawaiian cultural appropriateness to address the disparities Native Hawaiians face in all aspects of life.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 32, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 3828 Agriculture and Environment on H.C.R. No. 24

The purpose and intent of this measure is to request the Department of Agriculture to:

- (1) Create a plan to develop an Invasive Species Placard Program (Program) and assess the resources needed to implement the Program; and
- (2) Submit the plan, an assessment of the resources needed to implement the Program, and its recommendations to the Legislature before the Regular Session of 2025.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that horticultural trade is one of the primary pathways through which invasive pests are spread around the State. Your Committee further finds that color-coded placards, similar to the Department of Health's placard program to ensure food safety and cleanliness in restaurants and other food establishments, could be effective in restricting the movement of plants from a nursery, farm, or agriculture-related business that are infested with invasive pests within each island and across the State. This measure aims to protect the people and delicate environment of the State from invasive pests.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (DeCoite, Richards). Noes, none. Excused, 1 (Awa).

SCRep. 3829 Education on Gov. Msg. Nos. 522 and 523

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII TEACHER STANDARDS BOARD

G.M. No. 522 DALE MATSUURA, for a term to expire 06-30-2026; and

G.M. No. 523 DONDRA OZAKI, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Dale Matsuura and Dondra Ozaki for service on the Hawaii Teacher Standards Board.

DALE MATSUURA

Your Committee received testimony in support of the nomination for the appointment of Dale Matsuura from Roosevelt High School, Hawaii State Teachers Association, and Special Parent Information Network.

Upon review of the testimony, your Committee finds that Ms. Matsuura's experience and knowledge qualify her for appointment to the Hawaii Teacher Standards Board as a licensed teacher member who is regularly engaged in teaching at the time of appointment pursuant to section 302A-801, Hawaii Revised Statutes. Ms. Matsuura has been an educator for over twenty years, and she presently serves as Student Services Coordinator for Roosevelt High School. Previously, Ms. Matsuura served as a Curriculum Coordinator and Reading and Science Special Education Teacher at Kawanakoa Middle School. Your Committee further finds that Ms. Matsuura is an active member of her committee, serving as a teacher member of the Special Education Advisory Council, member of the joint Hawaii State Teachers Association and Department of Education Special Education Committee, and School Community Council Parent Member for Manoa School. Your Committee notes that Ms. Matsuura has an understanding of the roles and responsibilities of board members and that her experience and knowledge as a special education teacher and student services professional will be assets to the Hawaii Teacher Standards Board. Your Committee therefore recommends that Dale Matsuura be appointed to the Hawaii Teacher Standards Board based on her experience, knowledge, and commitment to public service.

DONDRA OZAKI

Your Committee received testimony in support of the nomination for the appointment of Dondra Ozaki from the Department of Education, Ewa Elementary School and two individuals.

Upon review of the testimony, your Committee finds that Ms. Ozaki's knowledge and background qualify her for appointment to the Hawaii Teacher Standards Board as a licensed teacher member regularly engaged in teaching at the time of appointment pursuant to section 302A-801, Hawaii Revised Statutes. Ms. Ozaki has been an educator for twenty-three years and presently serves as an Instructional Coach within the Department of Education's Office of Curriculum and Instructional Design. Previously, Ms. Ozaki served in various roles, including as a teacher, new teacher mentor, virtual learning coach, and instructional leader at Ewa Elementary School. Your Committee further finds that Ms. Ozaki is an active member of the educational community, serving as an I-Ready Administrator and Leadership Team member for the State Distance Learning Program, Academic Review and Instructional Leadership Team member, and Professional Learning Community Planner and Facilitator. Your Committee notes that Ms. Ozaki has an understanding of the roles and responsibilities of board members and that her knowledge and background as an instructional coach will be assets to the Hawaii Teacher Standards Board. Your Committee therefore recommends that Dondra Ozaki be appointed to the Hawaii Teacher Standards Board based on her knowledge, experience, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Hashimoto, Kidani).

SCRep. 3830 Education on Gov. Msg. Nos. 589 and 590

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING BOARD

G.M. No. 589 SULMA GANDHI, for a term to expire 06-30-2027; and

G.M. No. 590 STEPHANIE SHIPTON, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Sulma Gandhi and Stephanie Shipton for service on the Early Learning Board.

SULMA GANDHI

Your Committee received testimony in support of the nomination for the appointment of Sulma Gandhi from the Executive Office on Early Learning, Office of Wellness and Resilience, Waimānalo Health Center, Parents and Children Together, and twelve individuals.

Upon review of the testimony, your Committee finds that Dr. Gandhi's experience and knowledge qualify her for appointment to the Early Learning Board as an at-large member pursuant to section 302L-1.6, Hawaii Revised Statutes. Dr. Gandhi holds a Doctorate in Business Administration: Health Care Management and Leadership and is an experienced health and human services administrator, dedicating over twenty years to various aspects of education and child development ranging from newborn health and welfare to higher education student health and wellness services, and home-based intervention to prevent child abuse and neglect. Dr. Gandhi presently serves as the Hawai'i Health Program Officer for the Stupski Foundation. Your Committee further finds that Dr. Gandhi is an active member of her community, serving as a community trainer and member for the East Hawai'i Suicide Prevention Task Force, Hilo Medical Center Foundation, and Early Childhood Action Strategy Safe Families. Your Committee notes that Dr. Gandhi has an understanding of the roles and responsibilities of board members and that her experience and knowledge in human services and early childhood development will be assets to the Early Learning Board. Your Committee therefore recommends that Sulma Gandhi be appointed to the Early Learning Board based on her experience, knowledge, and commitment to public service.

STEPHANIE SHIPTON

Your Committee received testimony in support of the nomination for the appointment of Stephanie Shipton from the Executive Office on Early Learning, Kāne'ohe Elementary School, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Shipton's background and experience qualify her for appointment to the Early Learning Board as a member representing the City and County of Honolulu pursuant to section 302L-1.6, Hawaii Revised Statutes. Ms. Shipton has been an education policy professional for over fifteen years, where she has focused on teacher recruitment and retention, compliance with state and federal education regulations, and environmentalism within education. Ms. Shipton was instrumental in the development of the State's Every Student Succeeds Act implementation plan and policy audit and revision under

the Board of Education. Your Committee further finds that Ms. Shipton is an active member of her community, serving as Board Secretary for the Women's Fund of Hawai'i Board of Directors and as a member of Waipahu High School Teacher Academy Advisory Board and Hope Street Group Hawai'i Advisory Board. Your Committee notes that Ms. Shipton has an understanding of the roles and responsibilities of board members and that her knowledge and background in education policy will be assets to the Early Learning Board. Your Committee therefore recommends that Stephanie Shipton be appointed to the Early Learning Board based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Kidani).

SCRep. 3831 Education on Gov. Msg. Nos. 715, 716, 717, 718, 720, and 721

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING BOARD

- G.M. No. 715 JONI ONISHI, for a term to expire 06-30-2028;
- G.M. No. 716 ELAINE YAMASHITA, for a term to expire 06-30-2028;
- G.M. No. 717 ALANNA BAUMAN, for a term to expire 06-30-2028;
- G.M. No. 718 LINDSEY HEATHCOCK, for a term to expire 06-30-2027;
- G.M. No. 720 KAU'I BURGESS, for a term to expire 06-30-2027; and
- G.M. No. 721 CHERYL CUDIAMAT, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Joni Onishi, Elaine Yamashita, Alanna Bauman, Lindsey Heathcock, Kau'i Burgess, and Cheryl Cudiamat for service on the Early Learning Board.

JONI ONISHI

Your Committee received testimony in support of the nomination for the appointment of Joni Onishi from the Executive Office on Early Learning and five individuals.

Upon review of the testimony, your Committee finds that Ms. Onishi's experience and knowledge qualify her for appointment to the Early Learning Board as a member representing the County of Hawaii. Ms. Onishi is an experienced higher education instructor and administrator, dedicating over thirty-five years of service to the University of Hawaii. Presently, Ms. Onishi is Professor Emerita at Hawaii Community College. Previously, Ms. Onishi served as Vice Chancellor for Academic Affairs, Interim Chancellor, Interim Dean for Career and Technical Education, and as a tenured faculty member. Further, Ms. Onishi is a decorated educator and she received the 2010 and 2021 Chancellor's A'ali'i Award and the 2004 University of Hawaii Board of Regents Medal for Excellence in Teaching. Your Committee further finds that Ms. Onishi is an active member of her community, serving as a board member of the Hawaii Economic Opportunity Council, Honpa Hongwanji Hilo Betsuin, and Crime Stoppers. Your Committee notes that Ms. Onishi understands the roles and responsibilities of board members and that her extensive experience in higher education teaching and administration will be assets to the Early Learning Board. Your Committee therefore recommends that Joni Onishi be appointed to the Early Learning Board based on her experience, knowledge, and commitment to public service.

ELAINE YAMASHITA

Your Committee received testimony in support of the nomination for the appointment of Elaine Yamashita from the Executive Office on Early Learning and five individuals.

Upon review of the testimony, your Committee finds that Ms. Yamashita's background and knowledge qualify her for appointment to the Early Learning Board as a member representing the County of Maui. Ms. Yamashita is an experienced early childhood educator and professional, dedicating nearly twenty years to the University of Hawaii. Presently, Ms. Yamashita is Professor Emerita at the University of Hawaii Maui College. Ms. Yamashita served as the Early Childhood Education Program Coordinator and as an instructor in Human Services at the University of Hawaii Maui College. Previously, Ms. Yamashita served as Director and Teacher at Ala Lani Preschool. Your Committee further finds that Ms. Yamashita is an active member of her community, serving as a member of the Hawaii Careers with Young Children Steering Team and Early Care and Education Task Force. Additionally, Ms. Yamashita served as Chairperson of the Academic Senate at the University of Hawaii Maui College and Vice President of Public Policy for the Hawai'i Association for the Education of Young Children State Board. Your Committee notes that Ms. Yamashita understands the roles and responsibilities of board members, and her extensive experience as an early childhood learning instructor and professional will be assets to the Early Learning Board. Your Committee therefore recommends that Elaine Yamashita be appointed to the Early Learning Board based on her knowledge, background, and dedication to public service.

ALANNA BAUMAN

Your Committee received testimony in support of the nomination for the appointment of Alanna Bauman from the Executive Office on Early Learning, Office of the Mayor of the County of Kaua'i, PATCH, Leadership Kaua'i, and eleven individuals.

Upon review of the testimony, your Committee finds that Ms. Bauman's experience and knowledge qualify her for appointment to the Early Learning Board as a member representing the County of Kauai. Ms. Bauman is an experienced community relations and early childhood professional, and she presently serves as the Early Childhood Education System Coordinator for the Kaua'i Planning and Action Alliance and as a Contractor for Early Childhood Action Strategy, where she provides direct services and administrative

support to enhance the health, safety, and well-being of children and families in the County of Kauai. Previously, Ms. Bauman served as the Online Program Coordinator for Leadership Kaua'i, Development Associate for Kaua'i Independent Food Bank, and Committee Clerk for the Hawaii State House of Representatives. Your Committee further finds that Ms. Bauman is an active member of her community, serving as Treasurer for the Hanalei Initiative and as a Research Volunteer for Sustainable San Mateo. Your Committee notes that Ms. Bauman understands the roles and responsibilities of board members, and her experience in early childhood policy, logistics, and administrative and operational support services will be assets to the Early Learning Board. Your Committee therefore recommends that Alanna Bauman be appointed to the Early Learning Board based on her background, knowledge, and desire to serve her community.

LINDSEY HEATHCOCK

Your Committee received testimony in support of the nomination for the appointment of Lindsey Heathcock from the Executive Office on Early Learning.

Upon review of the testimony, your Committee finds that Dr. Heathcock's experience and knowledge qualify her for appointment to the Early Learning Board as a member representing the City and County of Honolulu. Dr. Heathcock is a Pediatrician at Hawaii Pacific Health Community Pediatrics Group and has extensive experience providing direct services that enhance the health, safety, and well-being of children and families. Dr. Heathcock is a decorated member of the medical community and she received the 2021 Resident Teaching Award and won third place for the Hawaii Pediatric Association Research and Education Foundation Resident Research Project Award. Your Committee further finds that Dr. Heathcock is an active member of her community, serving as Resident/Chief Representative for the John A. Burns School of Medicine Department of Pediatrics Diversity, Equity, and Inclusion Task Force and Pediatric Education and Development for Students Committee; Volunteer at Casa el Buen Samaritano Diabetes Clinic; and Board Member of Fondren Apartment Ministry Westbury United Methodist Church. Your Committee notes that Dr. Heathcock understands the roles and responsibilities of board members, and her experience as a practicing pediatrician will be an asset to the Early Learning Board. Your Committee therefore recommends that Lindsey Heathcock be appointed to the Early Learning Board based on her experience, knowledge, and commitment to public service.

KAU'I BURGESS

Your Committee received testimony in support of the nomination for the appointment of Kau'i Burgess from the Executive Office on Early Learning, 'Aha Pūnana Leo, Parents and Children Together, Kamehameha Schools, Kūpuna for the Mo'opuna, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Burgess' knowledge and background qualify her for appointment to the Early Learning Board as an at-large member. Ms. Burgess is an experienced community relations and government affairs professional focused on serving the Native Hawaiian community. Previously, Ms. Burgess served as Government Relations Director for Kamehameha Schools. In her role, Ms. Burgess assisted in the development of early learning programs, including advocacy to expand pre-kindergarten programs statewide, which was achieved through Act 46, Session Laws of Hawaii 2020. Ms. Burgess also served in additional roles at Kamehameha Schools as an Integrated Strategies Manager and Community Relations Specialist. Your Committee further finds that Ms. Burgess is an active member of her community, serving as Chairperson of the Ma'i Movement Hawai'i Board of Directors, Vice Chairperson of Hui Mālama o ke Kai Youth Leadership Development Program Board of Directors, and a member of the King Kamehameha Hawaiian Civic Club and the Aloha Stadium Authority (with a term to expire June 30, 2024). Your Committee notes that Ms. Burgess understands the roles and responsibilities of board members, and her extensive experience in public policy and community affairs will be assets to the Early Learning Board. Your Committee therefore recommends that Kau'i Burgess be appointed to the Early Learning Board based on her knowledge, experience, and dedication to public service.

CHERYL CUDIAMAT

Your Committee received testimony in support of the nomination for the appointment of Cheryl Cudiamat from the Executive Office on Early Learning and one individual.

Upon review of the testimony, your Committee finds that Ms. Cudiamat's experience and knowledge qualify her for appointment to the Early Learning Board as an at-large member. Ms. Cudiamat is an experienced executive manager, and she presently serves as the Chief Executive Officer and Director of Keiki Care Center of Hawaii, Inc., a role she has held for nearly fifteen years. As Chief Executive Officer and Director, Ms. Cudiamat oversees and manages daily operations for the preschool, including licensing, enrollment, marketing, and fiscal responsibilities. Additionally, Ms. Cudiamat also serves as President of Structural Hawaii, Inc.; Chief Executive Officer of Structural Builders Hawaii, Inc.; and General Manager of Pono Entertainment, LLC. In Ms. Cudiamat's other executive management roles, she has demonstrated a wealth of experience to ensure accountability and effective operations. Your Committee notes that Ms. Cudiamat understands the roles and responsibilities of board members, and her experience as an executive manager and business and marketing professional will be assets to the Early Learning Board. Your Committee therefore recommends that Cheryl Cudiamat be appointed to the Early Learning Board based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3832 Public Safety and Intergovernmental and Military Affairs on Gov. Msg. Nos. 667, 668, and 669

Recommending that the Senate advise and consent to the nominations of the following:

CORRECTIONAL INDUSTRIES ADVISORY COMMITTEE

- G.M. No. 667 TERRI FUNAKOSHI, for a term to expire 06-30-2028;
 G.M. No. 668 ROBERT MAHAFFEY, for a term to expire 06-30-2028; and
 G.M. No. 669 CHRISTOPHER LUM LEE, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Terri Funakoshi, Robert Mahaffey, and Christopher Lum Lee for service on the Correctional Industries Advisory Committee.

TERRI FUNAKOSHI

Your Committee received testimony in support of the nomination of Terri Funakoshi to the Correctional Industries Advisory Committee of from the Department of Corrections and Rehabilitation, YWCA O'ahu, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Funakoshi's experience, knowledge, and passion qualify her for appointment to the Correctional Industries Advisory Committee as a member. Your Committee notes that Ms. Funakoshi is currently the Chief Operating Officer of the YWCA O'ahu where she has been able to secure over \$5,500,000 in grant funding over her four years with the organization. Ms. Funakoshi has twenty-three years' experience holding leadership positions that include Executive Vice President of Hilo Hatties, President of the Hawaii Culture & Retail Association, Director of the Patsy T. Mink Center for Business & Leadership, and Director of Operations and Business Development for YWCA O'ahu prior to becoming its Chief Operating Officer. Through these positions, Ms. Funakoshi has developed agency initiatives and innovative programs that deliver successful outcomes and a positive impact on her community. Your Committee therefore recommends that Terri Funakoshi be appointed to the Correctional Industries Advisory Committee based on her experience, knowledge, and leadership skills.

ROBERT MAHAFFEY

Your Committee received testimony in support of the nomination of Robert Mahaffey to the Correctional Industries Advisory Committee of from the Department of Corrections and Rehabilitation.

Upon review of the testimony, your Committee finds that Mr. Mahaffey's experience, knowledge, and leadership skills qualify him for appointment to Correctional Industries Advisory Committee as a member representing the private business sector. Your Committee notes that Mr. Mahaffey is a Retail Operations Manager with over twenty years of combined professional experience in leadership and operational management roles. Before his current role as Retail Operations Manager at Rowley's Red Barn, his previous experience includes Operations Manager for Crystal Tones and Grocery Manager for Harmons. Your Committee further finds that prior to these roles Mr. Mahaffey worked as both an Operations Manager and Administrator for Hawaii Correctional Industries, collaborating with the Department of Public Safety and individual correctional facilities to meet each facility's needs. Your Committee therefore recommends that Robert Mahaffey be appointed to the Correctional Industries Advisory Committee based on his experience, knowledge, and desire to contribute to the community.

CHRISTOPHER LUM LEE

Your Committee received testimony in support of the nomination of Christopher Lum Lee to the Correctional Industries Advisory Committee from the Department of Corrections and Rehabilitation and one individual.

Upon review of the testimony, your Committee finds that Mr. Lum Lee's background, experience, and knowledge qualify him for appointment to the Correctional Industries Advisory Committee as a member representing the private business sector. Your Committee notes that Mr. Lum Lee currently serves as Principal Guard and Chief Administrative Officer for TriSec, Inc. Mr. Lum Lee has over ten years of relevant experience including Security Officer at Private Security Group, Inc.; Budget Analyst for the City and County of Honolulu Department of Budget and Fiscal Services; Program Improvement Specialist for the Office of Hawaiian Affairs; and Juvenile Justice Program Specialist for the Department of Human Services Office of Youth Services. Your Committee further finds that Mr. Lum Lee is also active in his community through his board positions on the City and County of Honolulu Oahu Workforce Development Board, Hawaii Cyber Lions Club and Hawaii Cyber Lions Foundation, and Hawaii Public Health Association. Your Committee therefore recommends that Christopher Lum Lee be appointed to the Correctional Industries Advisory Committee based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
 Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3833 Public Safety and Intergovernmental and Military Affairs on Gov. Msg. No. 687

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII ADVISORY COUNCIL ON EMERGENCY MANAGEMENT

- G.M. No. 687 LISA VARES, for a term to expire 06-30-2028

Your Committee received testimony in support of the nomination for the Hawai'i Advisory Council on Emergency Management of Lisa Vares from the County of Maui Department of Fire and Public Safety.

Upon review of the testimony, your Committee finds that Ms. Vares' experience, dedication, and knowledge qualify her for appointment to Hawai'i Advisory Council on Emergency Management. Your Committee notes that Ms. Vares currently serves as General Manager of Vares Contracting, Inc. where her duties include obtaining permits, estimating engineering costs, and maintaining

insurance for excavation and construction projects throughout the State. Along with her current role, Ms. Vares volunteered with the Hawai'i Emergency Management Agency during the August 2023 Maui wildfires and chairs the County of Maui Fire and Public Safety Commission. Your Committee further finds that Ms. Vares has obtained a variety of certifications and completed trainings with the United States National Park Service, Hawaiian Electric, Federal Aviation Administration, and the United States Joint Chiefs of Staff. Your Committee therefore recommends that Lisa Vares be appointed to the Hawai'i Advisory Council on Emergency Management based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3834 Hawaiian Affairs on Gov. Msg. No. 639

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF KAUA'I AND NI'IHAU

G.M. No. 639 WAYNE HARADA JR., for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Wayne Harada Jr. for service on the Island Burial Council, Islands of Kaua'i and Ni'ihau.

Your Committee received testimony in support of the nomination for the appointment of Wayne Harada Jr. from the Department of Land and Natural Resources and one individual.

Upon review of the testimony, your Committee finds that Mr. Harada Jr.'s background and dedication to serving the Native Hawaiian community qualify him for appointment to the Island Burial Council, Islands of Kaua'i and Ni'ihau, as a member. Mr. Harada Jr. is currently an educator at the Kanuikapono Public Charter School Luna Ho'okele 'Ike Hawai'i where his responsibilities include planning and implementing culturally relevant units of Hawaiian culture and traditions, instructing Hawaiian studies and language using a project based learning approach, implementing indigenous Hawaiian culture in all aspects of learning and teaching, and planning and implementing community engagement events deeply rooted in Hawaiian culture. Your Committee notes that Mr. Harada Jr. is a traditional Hawaiian practitioner of hula, fishing, and farming, and speaks the Hawaiian language. Your Committee further finds that Mr. Harada Jr. thoroughly understands the roles and responsibilities of Council members and his knowledge of traditional Hawaiian culture and practices will be an asset to the Island Burial Council, Islands of Kaua'i and Ni'ihau. Your Committee therefore recommends that Wayne Harada Jr. be appointed to the Island Burial Council, Islands of Kaua'i and Ni'ihau based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3835 Labor and Technology on Gov. Msg. No. 528

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 528 BLANCHE MATSUYAMA, for a term to expire 06-30-2027

Your Committee reviewed the personal history and resume submitted by Blanche Matsuyama for service on the Board of Trustees of the Deferred Compensation Plan.

Your Committee received testimony in support of the nomination for the appointment of Blanche Matsuyama from the Department of Human Resources Development, one member of the Board of Trustees of the Deferred Compensation Plan, and Mayor of the County of Kauai.

Upon review of the testimony, your Committee finds that Ms. Matsuyama's experience, knowledge, and proven leadership on the Board of Trustees of the Deferred Compensation Plan qualify her for appointment to the Board as a public employee member. Your Committee notes that Ms. Matsuyama has served as the Managing Director of the County of Kauai since August 2023, managing fourteen departments and a budget of more than \$300,000,000. Ms. Matsuyama has been an auditor since 2004 and possesses a wealth of knowledge in auditing and financial management. Your Committee further finds that Ms. Matsuyama is an active member in a number of professional organizations, including serving in multiple positions within the Kauai Economic Development Board since 2011. Ms. Matsuyama has been serving on the Board of Trustees of the Deferred Compensation Plan since 2020, and her leadership and extensive experience in financial management and financial reporting functions will continue to be assets to the Board. Your Committee therefore recommends that Blanche Matsuyama be appointed to the Board of Trustees of the Deferred Compensation Plan based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3836 Labor and Technology on Gov. Msg. No. 529

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII LABOR RELATIONS BOARD

G.M. No. 529 STACY MONIZ, for a term to expire 06-30-2029

Your Committee reviewed the personal history, resume, and statement submitted by Stacy Moniz for service on the Hawaii Labor Relations Board.

Your Committee received testimony in support of the nomination for the appointment of Mr. Moniz from the Department of Labor and Industrial Relations; Office of the Mayor of the County of Kauai; Hawai'i Labor Relations Board; Hawaii State Teachers Association; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Government Employee Association, AFSCME Local 152, AFL-CIO; University of Hawaii Professional Assembly; ADR Hawaii, Inc.; American Federation of State, County and Municipal Employees, AFL-CIO; Hawaii State AFL-CIO; Sailors Union of the Pacific; State of Hawaii Organization of Police Officers; International Longshore and Warehouse Union, Local 142; Hawaii Ports Maritime Council; Hawai'i Nurses' Association-OPEIU Local 50; IASTE Local 665; Law Offices of Michael Jay Green, Attorney at Law; Broderick Dispute Resolution LLC; and twenty individuals.

Your Committee received testimony in opposition to the nomination for the appointment of Stacy Moniz from one individual.

Upon review of the testimony, your Committee finds that Mr. Moniz's background and extensive experience in the area of public sector unions qualify him to be nominated for appointment to the Hawaii Labor Relations Board. Your Committee notes that Mr. Moniz has been serving on the Hawaii Labor Relations Board as an interim member since August 2023. Prior to that, Mr. Moniz served as an arbitrator with the Hawaii Labor Relations Board from 2015 to 2023, and as the Advocacy Chief for the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO (HGGEA) from 2017 to 2023. During his tenure with the HGGEA, Mr. Moniz acted as the primary representative for HGGEA members in labor arbitrations and selected grievance procedures, and appeared numerous times before the Hawaii Labor Relations Board, representing individuals and classes in labor disputes. Your Committee also notes that Mr. Moniz earned a Juris Doctor degree from the University of Hawaii William S. Richardson School of Law, and testimony submitted by the Hawaii Labor Relations Board attests to his understanding and knowledge of the relevant laws and procedures, judicial decorum, and temperament of restraint. Therefore, your Committee recommends that Stacy Moniz be appointed to the Hawaii Labor Relations Board based on his knowledge and experience.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3837 Labor and Technology on Gov. Msg. No. 531

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

G.M. No. 531 TUIA'ANA SCANLAN, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Tuia'ana Scanlan for service on the Hawaii Workforce Development Council.

Your Committee received testimony in support of the nomination for the appointment of Tuia'ana Scanlan from the Creative Industries Division of the Department of Business, Economic Development & Tourism; Workforce Development Council; Honolulu Film Office; Hawaii Island Film Office; University of Hawaii West Oahu Center for Labor Education and Research; United Public Workers, AFSCME Local 646, AFL-CIO; Council of Hawaii Entertainment Unions; University of Hawaii Professional Assembly; Hawaii Government Employee Association, AFSCME Local 152, AFL-CIO; Pride at Work-Hawai'i; Iron Workers Stabilization Fund; International Brotherhood of Electrical Workers Local Union No. 1186; Hawaii State AFL-CIO; Sailors Union of the Pacific; Hawaii Ports Maritime Council; Hawai'i Nurses' Association-OPEIU Local 50; IATSE Local 665; and twenty-eight individuals.

Upon review of the testimony, your Committee finds that Mr. Scanlan's more than ten years of experience in the State's entertainment industry and commitment to training students and upskilling workers in film, media, and stage craft as the President of IATSE Local 665, the labor organization representing entertainment technicians in the State, qualify him to be nominated for appointment to the Hawaii Workforce Development Council as a member representing labor organizations and workforce training organizations. Your Committee notes that Mr. Scanlan has been serving as the President of IATSE Local 665 since 2019 and as the organization's International and District Delegate since 2013. Prior to becoming the President, Mr. Scanlan served in various positions within IATSE Local 665, including Vice President and Executive Board Member. Mr. Scanlan has extensive experience in the State's entertainment industry, gained through his work on the sets of notable films and projects including Hawaii Five-O, Jurassic World, and Magnum P.I. Your Committee further notes testimony attesting to Mr. Scanlan's leadership skills, deep understanding of the challenges faced by the State's workforce, passion for preserving and honoring Hawaii's culture, and commitment to enhancing his knowledge in the field of workforce development, evidenced by his current enrollment in the Labor Studies Certificate Program at the University of Hawaii West Oahu Center for Labor Education and Research. Therefore, your Committee recommends that Tuia'ana Scanlan be appointed to the Hawaii Workforce Development Council based on his experience, knowledge, and dedication to developing the State's entertainment industry workforce.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3838 Labor and Technology on Gov. Msg. No. 658

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII RETIREMENT SAVINGS BOARD

G.M. No. 658 BRIAN TANIGUCHI, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Brian Taniguchi for service on the Hawaii Retirement Savings Board.

Your Committee received testimony in support of the nomination for the reappointment of Brian Taniguchi from the Department of Labor and Industrial Relations; Hawaii Retirement Savings Board; Hawaii Government Employee Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; AARP Hawaii'i; Hawaii State AFL-CIO; Sailors Union of the Pacific; Hawaii Port Maritime Council; Hawai'i Nurses' Association-OPEIU Local 50; IATSE Local 665; and three individuals.

Upon review of the testimony, your Committee finds that Senator Taniguchi's background, dedication to serving the public, and extensive knowledge on the Hawaii Retirement Savings Program qualify him to be nominated for reappointment to the Hawaii Retirement Savings Board as a member who is a retiree who resides in Hawaii, representing retirees in Hawaii. Senator Taniguchi has over forty years of experience as an elected official in the State serving in both the House of Representatives and Senate. Prior to his retirement in 2022, Senator Taniguchi served as the Chair of the Senate Committee on Labor and Culture and the Arts, and therefore, has a comprehensive understanding of the challenges and opportunities facing Hawaii's workforce and retirees. Your Committee notes that Senator Taniguchi was instrumental in the establishment of the Hawaii Retirement Savings Program, including introducing Senate Resolution No. 76, Regular Session of Hawaii 2021, which created the Hawaii Retirement Savings Task Force to assess the feasibility of establishing the program in the State; serving as a member of the task force; and introducing and advocating for Act 296, Session Laws of Hawaii 2022, which established the program under state law. Your Committee further notes that Senator Taniguchi has been serving on the Hawaii Retirement Savings Board since 2023, and finds that his thorough understanding of the legislation that established the Hawaii Retirement Savings Program and the legislative intent behind it will continue to be critical to the successful development and implementation of the program. Your Committee therefore recommends that Brian Taniguchi be reappointed to the Hawaii Retirement Savings Board based on his knowledge, experience, and dedication to providing workers in the State with a vehicle to build their savings to achieve financial security in retirement.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3839 Commerce and Consumer Protection on Gov. Msg. Nos. 634, 653, and 654

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PRIVATE DETECTIVES AND GUARDS

G.M. No. 634 JERALD DOLAK, for a term to expire 06-30-2028;

G.M. No. 653 ARTHUR LOGAN, for a term to expire 06-30-2026; and

G.M. No. 654 GAISON ONTAI, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Jerald Dolak, Arthur Logan, and Gaison Ontai for service on the Board of Private Detectives and Guards.

JERALD DOLAK

Your Committee received testimony in support of the nomination for the appointment of Jerald Dolak from the Department of Commerce and Consumer Affairs, Aqua Aston Hospitality, Hawaii Hotel Visitors Industry Security Association, Kyo-ya Hotels & Resorts, HHVISA, and seven individuals.

Upon review of the testimony, your Committee finds that Mr. Dolak's experience, background, and commitment to public service qualify him for appointment to the Board of Private Detectives and Guards as a licensed guard member. Your Committee notes that Mr. Dolak has held several security and safety roles at Outrigger Resorts in Hawaii since 1988 and is currently the Director of Security and Safety and Corporate Director of Loss Prevention where he directs and oversees the implementation of all security programs and maintains the company's Safety and Health and Emergency Response programs. Mr. Dolak also participates in his community as Chairman of the Citizens Advisory Commission on Civil Defense for the City and County of Honolulu and as President of the Hawaii Hotel Visitor Industry Security Association (HHVISA). Your Committee finds that Mr. Dolak thoroughly understands the role and responsibilities of board members and his experience and knowledge will enhance the effectiveness of the Board of Private Detectives and Guards. Your Committee therefore recommends that Jerald Dolak be appointed to the Board of Private Detectives and Guards.

ARTHUR LOGAN

Your Committee received testimony in support of the nomination for the appointment of Arthur Logan from the Department of Commerce and Consumer Affairs, Maui Police Department, and one individual.

Upon review of the testimony, your Committee finds that Chief Logan's background, knowledge, and dedication to public service qualify him for appointment to the Board of Private Detectives and Guards as a Police Chief member. Your Committee notes that Chief Logan has been serving as the Chief of Police of the Honolulu Police Department since 2022. Prior to his service as Chief of Police, Chief Logan worked as the Adjutant General of the State's Department of Defense, criminal investigator for the Department of the Attorney General, adjunct professor of Criminal Justice and Homeland Security Studies at Hawaii Pacific University, and in several capacities for the Hawaii National Guard, including Chief of Staff from 2008 to 2013. Chief Logan is involved in his community and has served as a board member of the YMCA and the Alaka'i Committee at Saint Louis School in addition to serving on numerous councils, commissions, and task forces. Your Committee finds that Chief Logan thoroughly understands the role and responsibilities of board members and his knowledge and background will enhance the effectiveness of the Board of Private Detectives and Guards. Your Committee therefore recommends that Arthur Logan be appointed to the Board of Private Detectives and Guards.

GAISON ONTAI

Your Committee received testimony in support of the nomination for the appointment of Gaison Ontai from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Mr. Ontai's knowledge, experience, and desire to serve his community qualify him for appointment to the Board of Private Detectives and Guards as a public member. Your Committee notes that Mr. Ontai is an experienced corporate lawyer at The Queen's Health Systems with over a decade of experience in the health care industry. As Corporate Counsel, Mr. Ontai oversees a myriad of legal affairs, including regulatory compliance, contract negotiations, and litigation management. Mr. Ontai is committed to community service, serving as the Director of Aloha Harvest and as a Pro Bono Attorney. Your Committee finds that Mr. Ontai thoroughly understands the role and responsibilities of board members and his experience, knowledge, and perspective as a private citizen will be assets to the Board of Private Detectives and Guards. Your Committee therefore recommends that Gaison Ontai be appointed to the Board of Private Detectives and Guards.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3840 Commerce and Consumer Protection on Gov. Msg. No. 504

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF ACUPUNCTURE

G.M. No. 504 MARTA REBELLA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Marta Rebella for service on the Board of Acupuncture.

Your Committee received testimony in support of the nomination for the appointment of Marta Rebella from the Board of Acupuncture and one individual.

Upon review of the testimony, your Committee finds that Ms. Rebella's experience, background, and commitment to public service qualify her for appointment to the Board of Acupuncture as a public member. Your Committee notes that Ms. Rebella has decades of experience in human resources and county government. Ms. Rebella also served her community as a board member and President of the Board of Directors of the YWCA of Orange County and has served a previous term on the Board of Acupuncture. Your Committee finds that Ms. Rebella thoroughly understands the role and responsibilities of board members, and her background in human resources and government, along with her willingness to serve the public, will be assets to the Board of Acupuncture. Your Committee therefore recommends that Marta Rebella be appointed to the Board of Acupuncture based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3841 Commerce and Consumer Protection on Gov. Msg. No. 509

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PRIVATE DETECTIVES AND GUARDS

G.M. No. 509 BENJAMIN MOSZKOWICZ, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Benjamin Moszkowicz for service on the Board of Private Detectives and Guards.

Your Committee received testimony in support of the nomination for the appointment of Benjamin Moszkowicz from the Board of Private Detectives and Guards, Mayor of the County of Hawai'i, one member of the Hawai'i County Council, and three individuals.

Upon review of the testimony, your Committee finds that Chief Moszkowicz's background, experience, and dedication to community service qualify him to be appointed to the Board of Private Detectives and Guards as a Chief of Police member. Chief Moszkowicz has served as an interim member of the Board of Private Detectives and Guards since November 2023 and has been an integral contributor to the discussions on various matters facing the Board. Chief Moszkowicz currently serves as the Chief of the Hawaii Police Department where he oversees a staff of four hundred eighty-four sworn personnel and one hundred fifty-six professional team members. Previously, Chief Moszkowicz honorably served the Honolulu Police Department in various capacities for twenty-two years--rising from Metropolitan Police Recruit to Metropolitan Police Major and Division Commanding Officer--and oversaw multiple divisions that are essential to the organization. Testifiers have recognized Chief Moszkowicz as a creative and inspiring leader, with outstanding qualifications and an unwavering dedication to serving the people of Hawaii. Your Committee finds that Chief Moszkowicz's extensive leadership and management skills, and more than two decades of experience in policing, will enhance the work of the Board of Private Detectives and Guards. Your Committee therefore recommends that Benjamin Moszkowicz be appointed to the Board of Private Detectives and Guards based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3842 Commerce and Consumer Protection on Gov. Msg. No. 604

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I MEDICAL BOARD

G.M. No. 604 ANGELA PRATT, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Angela Pratt for service on the Hawaii Medical Board.

Your Committee received testimony in support of the nomination for the appointment of Dr. Pratt from the Hawaii Medical Board and one individual.

Upon review of the testimony, your Committee finds that Dr. Pratt's experience, background, and commitment to public service qualify her to be appointed to the Hawaii Medical Board as a licensed physician or surgeon member. Dr. Pratt has held a medical license in Hawaii since 2002. For the last twenty-one years, Dr. Pratt has worked in private practice as an obstetrics and gynecology physician at the Kapiolani Medical Center for Women and Children. A proud graduate of the John A. Burns School of Medicine (JABSOM), Dr. Pratt now serves as a faculty member, clinical professor, robotics surgeon obstetrics and gynecology instructor, and co-chairperson of Minimally Invasive Surgery under JABSOM's Department of Obstetrics, Gynecology, and Women's Health. Dr. Pratt also owns and operates the Hawaii Beauty and Wellness Center, Inc., where she provides women's health care and rejuvenation services. In addition to her professional responsibilities, Dr. Pratt is also an active participant in her community and currently serves as a member of numerous internal committees of the Kapiolani Medical Center for Women and Children. Dr. Pratt also serves on the boards of directors for Make-A-Wish Hawaii, Maryknoll School, and Native Hawaiian Chamber of Commerce, among others. Dr. Pratt is also a member of numerous professional organizations and previously served as the President of the Hawaii Medical Association.

Your Committee further notes that Dr. Pratt has served as an interim member of the Hawaii Medical Board since July 2023 and has a thorough understanding of the role and responsibilities of Board members. Your Committee therefore recommends that Angela Pratt be appointed to the Hawaii Medical Board based on her experience, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3843 Commerce and Consumer Protection on Gov. Msg. No. 613

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF BARBERING AND COSMETOLOGY

G.M. No. 613 RAYNETTE HALL, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Raynette Hall for service on the State Board of Barbering and Cosmetology.

Your Committee received testimony in support of the nomination for the reappointment of Raynette Hall from the State Board of Barbering and Cosmetology and one individual.

Upon review of the testimony, your Committee finds that Ms. Hall's experience, background, and commitment to public service qualify her to be reappointed to the State Board of Barbering and Cosmetology as a licensed beauty operator member. Your Committee notes that Ms. Hall has served as a member of the State Board of Barbering and Cosmetology since her appointment on July 1, 2021,

and she has served as the Board's Vice Chairperson since March 29, 2022. Ms. Hall has held a beauty operator license in Hawaii since 2002 and is the owner and operator of Hapa Heaven Salon & Spa LLC located in Hawaii Kai, Oahu. Ms. Hall also works as a nail technician at Polish on the Go LLC, where, in addition to nail services, she provides training and interview preparation for nail technician applicants. Previously, Ms. Hall gained considerable beauty experience working as a nail technician for The Modern Honolulu, Aveda at Ala Moana, and Paul Brown Salon, among others. Ms. Hall is recognized by her peers as a dedicated professional and strong advocate for the beauty industry and during the coronavirus disease 2019 pandemic, she worked with state and city officials on proposals for the safe reopening of salons and barbershops. Your Committee finds that Ms. Hall's extensive experience as a licensed beauty operator, professional expertise, and commitment to improving the profession, provides an insightful perspective that will continue to enhance the effectiveness of the State Board of Barbering and Cosmetology. Your Committee therefore recommends that Raynette Hall be reappointed to the State Board of Barbering and Cosmetology based on her experience, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3844 Commerce and Consumer Protection on Gov. Msg. No. 655

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHYSICAL THERAPY

G.M. No. 655 ROSS LUM, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Ross Lum for service on the Board of Physical Therapy.

Your Committee received testimony in support of the nomination for the appointment of Ross Lum from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Lum's background, experience, and desire to serve his community qualify him for appointment to the Board of Physical Therapy as a licensed physical therapist member. Your Committee notes that Dr. Lum has been licensed as a physical therapist in the State since 2015 and is also a certified orthopaedic clinical specialist. Dr. Lum holds a Doctorate of Physical Therapy and is a Partner and Clinical Director at JACO Rehab, where he also previously worked as a staff physical therapist. Your Committee finds that Dr. Lum has a thorough understanding of the role and responsibilities of board members as he has chaired the Membership Committee for the American Physical Therapy Association Hawaii Chapter for the past five years. Dr. Lum's knowledge, passion, and commitment to the physical therapy community will enhance the effectiveness of the Board of Physical Therapy and his experience will offer critical insight to the Board. Your Committee therefore recommends that Ross Lum be appointed to the Board of Physical Therapy based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3845 Commerce and Consumer Protection on Gov. Msg. Nos. 511, 512, and 513

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF NURSING

G.M. No. 511 TERRENCE ARATANI, for a term to expire 06-30-2024;

G.M. No. 512 BRADLEY KUO, for a term to expire 06-30-2027; and

G.M. No. 513 SHERI SHIELDS-HANSON, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Terrence Aratani, Bradley Kuo, and Sheri Shields-Hanson for service on the State Board of Nursing.

TERRENCE ARATANI

Your Committee received testimony in support of the nomination for the appointment of Terrence Aratani from the State Board of Nursing, Hawai'i Primary Care Association, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Aratani's background, experience, and dedication to community service qualify him to be appointed to the State Board of Nursing as a public member. Since 2014, Mr. Aratani has been employed as the Chief Executive Officer of the Ko'olauloa Health Center on the North Shore of Oahu, where he oversees the operations, functions, and compliance activities for the health center. Previously, Mr. Aratani proudly served the Hawaii State Senate for over a decade in various roles, including as the Chief of Staff for the Office of the Senate President. An attorney by trade, Mr. Aratani also served as a Staff Attorney for the Insurance Division of the Department of Commerce and Consumer Affairs where he gained considerable experience and knowledge of the various insurance laws and health care systems in Hawaii. Presently, Mr. Aratani remains involved in the local community, serving on the boards of directors of numerous organizations, such as the Honolulu Community Action Program, Epilepsy Foundation of Hawaii, and Hawaii State Federal Credit Union. Your Committee notes that Mr. Aratani has served as an

interim member of the State Board of Nursing since August 2023 and has a thorough understanding of the role and responsibilities of Board members. Your Committee therefore recommends that Terrence Aratani be appointed to the State Board of Nursing based on his background, experience, and dedication to serving his community.

BRADLEY KUO

Your Committee received testimony in support of the nomination for the appointment of Bradley Kuo from the Hawai'i State Center for Nursing, Hawai'i American Nurses Association, Optimum Health and Wellness Hawaii LLC, and two individuals.

Upon review of the testimony, your Committee finds that Dr. Kuo's background, knowledge, and professional experience qualify him to be appointed to the State Board of Nursing as a registered nurse member licensed as an advanced practice registered nurse (APRN) in the State. Dr. Kuo has over thirteen years of experience as a registered nurse and is currently the President and owner of Wellness Partners Hawaii, Inc., an online tele-mental health clinic that strives to increase mental health awareness and accessibility across all Hawaiian islands via the use of technology. In addition, Dr. Kuo works as a Senior Behavioral Health APRN for The Queen's Medical Center where he also serves as the hospital's APRN Fellowship Coordinator. Dr. Kuo obtained his Doctor of Nursing Practice in 2019 and serves as a nursing academic and advocate, having presented various scholarly works on subjects such as critical care for nurses and rural telehealth, and has provided legislative and policy updates to Hawaii nursing community stakeholders. Further, Dr. Kuo is active in numerous professional associations and currently serves on the Hawaii Department of Health's Vaccine Medical Advisory Working Group. Your Committee notes that Dr. Kuo has served as an interim member of the State Board of Nursing since June 2023 and has a thorough understanding of the role and responsibilities of Board members. Your Committee therefore recommends that Bradley Kuo be appointed to the State Board of Nursing based on his knowledge, background, and professional experience.

SHERI SHIELDS-HANSON

Your Committee received testimony in support of the nomination for the appointment of Sheri Shields-Hanson from the State Board of Nursing and one individual.

Upon review of the testimony, your Committee finds that Ms. Shields-Hanson's experience, background, and commitment to public service qualify her to be appointed to the State Board of Nursing as a registered nurse member with expertise in nursing education. Since 2017, Ms. Shields-Hanson has taught full-time as a Nurse Educator for the Assessment Technologies Institute, where she teaches intensive National Council Licensure Examination (NCLEX) preparation courses in all exam areas and specialties of the National Council of State Boards of Nursing Test Plan. Previously, Ms. Shields-Hanson was a Professor at Santa Barbara City College for twenty-five years, where she lectured, provided clinical instruction, advised students, and helped direct and update the clinical practicum for the Associate's Degree in Nursing Program. Prior to that, Ms. Shields-Hanson worked as a Registered Nurse in various hospitals and medical centers for over twenty years and maintains an active Registered Nurse license in both Hawaii and California. Your Committee notes that Ms. Shields-Hanson has served as an interim member of the State Board of Nursing since August 2023 and has a thorough understanding of the role and responsibilities of Board members. Your Committee therefore recommends that Sheri Shields-Hanson be appointed to the State Board of Nursing based on her experience, background, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3846 Commerce and Consumer Protection on Gov. Msg. Nos. 515, 516, and 517

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

- G.M. No. 515 ISABELLA GARY, for a term to expire 06-30-2027;
- G.M. No. 516 WENDELL LEE, for a term to expire 06-30-2027; and
- G.M. No. 517 ROBERT KAWAHARA, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Isabella Gary, Wendell Lee, and Robert Kawahara for service on the State Board of Public Accountancy.

ISABELLA GARY

Your Committee received testimony in support of the nomination for the appointment of Isabella Gary from the State Board of Public Accountancy, Hawai'i Primary Care Association, and one individual.

Upon review of the testimony, your Committee finds that Ms. Gary's experience, background, and commitment to public service qualify her to be appointed to the State Board of Public Accountancy as a public member. Ms. Gary has been employed as the Chief Operating Officer of Ko'olauloa Health Center on the North Shore of Oahu since 2018 where she oversees the monitoring and evaluation of all health center sites and identifies opportunities to improve the health center's efficiency. Ms. Gary also performs the duties of the Chief Compliance Officer on behalf of the organization, monitors federal grants, and acts as a liaison between non-federal funding sources and management to ensure compliance with outcome-based goals. Before being promoted to her executive position, Ms. Gary worked in various roles within the organization, including as the Director of Transformation and Utilization and as a Quality Improvement Officer and Risk Manager. Your Committee finds that Ms. Gary's leadership and management experience, professional expertise, and non-industry background will provide an insightful perspective that will enhance the work of the State Board of Public

Accountancy. Your Committee therefore recommends that Isabella Gary be appointed to the State Board of Public Accountancy based on her experience, background, and commitment to public service.

WENDELL LEE

Your Committee received testimony in support of the nomination for the appointment of Wendell Lee from the State Board of Public Accountancy; Hawaii Society of Certified Public Accountants Board of Directors; Island Plastic Bags, Inc.; Kimberly Jones, CPA; Legacy Works; and thirty-two individuals.

Upon review of the testimony, your Committee finds that Mr. Lee's background, knowledge, and professional experience qualify him to be appointed to the State Board of Public Accountancy as a member in active practice with a current license and permit to practice public accountancy. Mr. Lee has nearly forty years of public accounting experience and has held numerous leadership roles in his profession. Since 2020, Mr. Lee has been the Principal and co-owner of Legacy Works Hawaii, a local full-service trust and probate administration company with over \$150 million in assets under management. Previously, Mr. Lee was the Managing Director at Trustee Administrative Services Hawai'i LLC. Mr. Lee was also a founding partner of Accuity LLP, which successfully transitioned the former Honolulu office of PricewaterhouseCoopers into one of the largest accounting practices in Hawaii. Presently, Mr. Lee also teaches accounting at the University of Hawaii-West Oahu. Mr. Lee has also remained active in the local professional community and is affiliated with the American Institute of Certified Public Accountants and Hawaii Society of Certified Public Accountants, among others. Your Committee notes that Mr. Lee has served as an interim member of the State Board of Public Accountancy since November 2023 and his extensive industry knowledge, professional and leadership experience, and longstanding dedication to public service will provide a valuable perspective that will enhance the work of the Board. Your Committee therefore recommends that Wendell Lee be appointed to the State Board of Public Accountancy based on his background, knowledge, and professional experience.

ROBERT KAWAHARA

Your Committee received testimony in support of the nomination for the appointment of Robert Kawahara from the State Board of Public Accountancy; Maui County Federal Credit Union; Hawaii Society of Certified Public Accountants Board of Directors; Island Plastic Bags, Inc.; Craft 'Ohana LLC; and six individuals.

Upon review of the testimony, your Committee finds that Mr. Kawahara's background, proven leadership, and dedication to community service qualify him to be appointed to the State Board of Public Accountancy as a member in active practice with a current license and permit to practice public accountancy. Mr. Kawahara has been a Certified Public Accountant in Hawaii since 2006. For the last eight years, Mr. Kawahara has worked as a Managing Partner for the Maui public accounting firm Kawahara + Hu LLP. Mr. Kawahara has over twenty-six years of public accountancy experience and has generously shared his accumulated knowledge through his service on numerous boards and associations, such as the Maui Economic Development Board, Maui County Employees Federal Credit Union, and Lahaina Intermediate School Educational Foundation. In addition, Mr. Kawahara has frequently presented on various public accounting subjects -- such as tax planning and financial literacy, among others -- for the benefit of the Maui nonprofit and small business community and remains active in numerous professional and community associations. Your Committee notes that Mr. Kawahara has served as an interim member of the State Board of Public Accountancy since November 2023 and has a thorough understanding of the role and responsibilities of Board members. Your Committee therefore recommends that Robert Kawahara be appointed to the State Board of Public Accountancy based on his background, prior experience, and dedication to community service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3847 Commerce and Consumer Protection on Gov. Msg. Nos. 518 and 651

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII BOARD OF CHIROPRACTIC

G.M. No. 518 RACHEL KLEIN, for a term to expire 06-30-2027; and

G.M. No. 651 JEANNE-MARIE COLOMA, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Rachel Klein and Jeanne-Marie Coloma for service on the Hawaii Board of Chiropractic.

RACHEL KLEIN

Your Committee received testimony in support of the nomination for the appointment of Rachel Klein from the Hawaii Board of Chiropractic, Hawaii State Chiropractic Association, and one individual.

Upon review of the testimony, your Committee finds that Dr. Klein's experience and knowledge qualify her for appointment to the Hawaii Board of Chiropractic as a licensed chiropractor member. Dr. Klein has been a licensed chiropractor in Hawaii since 2014 and presently serves as the Medical Director of Klein Natural Health and Wellness Center in Hilo. Dr. Klein also serves as an adjunct faculty member at Sonoran University of Health Sciences and National University of Health Sciences, where she teaches courses in clinical neurology, naturopathic medicine, and parenteral therapy. Your Committee notes that Dr. Klein holds a Doctor of Naturopathic Medicine and a Doctor of Chiropractic. Your Committee further finds that Dr. Klein served a prior term on the Hawaii Board of Chiropractic from 2019 to 2023 and has served as the Board's Vice-Chairperson. In addition, Dr. Klein is an active member of her community, serving as Board Member At-Large for the International Board of Functional Neurology, President of the Board of Directors of the Hawaii Society of Naturopathic Physicians, and Alternate Island Director for the Hawaii State Chiropractic

Association. Your Committee therefore recommends that Rachel Klein be appointed to the Hawaii Board of Chiropractic based on her experience, knowledge, and commitment to public service.

JEANNE-MARIE COLOMA

Your Committee received testimony in support of the nomination for the appointment of Jeanne-Marie Coloma from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Ms. Coloma's background and desire to serve her community qualify her for appointment to the Hawaii Board of Chiropractic as a public member. Ms. Coloma serves as a Quality Control Inspector where she conducts data analysis of real estate transactions for marketing and management contracts. Ms. Coloma's experience spans roles in quality control, insurance, real estate, and retail management. According to testimony received by your Committee, Ms. Coloma exhibits meticulous attention to detail, effective communication skills, and commitment to excellence. Your Committee notes that Ms. Coloma understands the roles and responsibilities of board members, and her extensive experience in data analysis, customer service, and office management will be assets to the Hawaii Board of Chiropractic. Your Committee therefore recommends that Jeanne-Marie Coloma be appointed to the Hawaii Board of Chiropractic based on her knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3848 Commerce and Consumer Protection on Gov. Msg. Nos. 519 and 614

Recommending that the Senate advise and consent to the nominations of the following:

PEST CONTROL BOARD

G.M. No. 519 JOHN SPEED, for a term to expire 06-30-2027; and

G.M. No. 614 WILLIAM LEE, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by John Speed and William Lee for service on the Pest Control Board.

JOHN SPEED

Your Committee received testimony in support of the nomination for the reappointment of John Speed from the Pest Control Board and Hawaii Pest Control Association.

Upon review of the testimony, your Committee finds that Mr. Speed's background, experience, and dedication to community service qualify him to be reappointed to the Pest Control Board as a licensed pest control operator member. Mr. Speed has served as a member of the Pest Control Board since he was first appointed on July 1, 2021, and currently serves as Chairperson of the Board. Mr. Speed has also previously served as the Pest Control Board's Vice Chairperson and Legislative Liaison. Mr. Speed is the founding President of Kilauea Pest Control, Inc., a termite and general pest control company located in Kailua, Oahu. Mr. Speed has over twenty years of pest control experience and has been licensed as a pest control operator in Hawaii since September 2002. Your Committee finds that Mr. Speed is also an active participant in his local community, serving as the Vice President of the Hawaii Pest Control Association; a member of the U-Group Pest Management Alliance; and as a leader in his church congregation. Your Committee further finds that Mr. Speed's professional expertise, longstanding Board participation, and demonstrated commitment to public service will continue to enhance the work of the Pest Control Board. Your Committee therefore recommends that John Speed be reappointed to the Pest Control Board based on his knowledge, experience, and commitment to public service.

WILLIAM LEE

Your Committee received testimony in support of the nomination for the reappointment of William Lee from the Pest Control Board, Hawaii Pest Control Association, and one individual.

Upon review of the testimony, your Committee finds that Mr. Lee's knowledge, experience, and dedication to the pest control industry qualify him to be reappointed to the Pest Control Board as a licensed pest control operator member. Mr. Lee has served as a member of the Pest Control Board since he was first appointed on an interim basis on January 11, 2021. Mr. Lee is the owner and operator of Will Kill Termites & Pests LLC, a termite and pest extermination company located in Hilo, Hawaii island. Mr. Lee has nearly twenty years of pest control experience and has been licensed as a pest control operator in Hawaii since July 2006. Your Committee finds that Mr. Lee is also actively involved in various community organizations, such as the Hawaii Island Contractor's Association and Hilo Yacht Club. Your Committee finds that Mr. Lee's wealth of professional knowledge, desire to serve the public, and outlook as a neighbor island Board member provides a unique perspective that will continue to enhance the work of the Pest Control Board. Your Committee therefore recommends that William Lee be reappointed to the Pest Control Board based on his experience, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3849 Commerce and Consumer Protection on Gov. Msg. Nos. 642 and 643

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII MEDICAL BOARD

G.M. No. 642 WESLEY MUN, for a term to expire 06-30-2027; and

G.M. No. 643 MICHAEL JAFFE, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Wesley Mun and Michael Jaffe for service on the Hawaii Medical Board.

WESLEY MUN

Your Committee received testimony in support of the nomination for the reappointment of Wesley Mun from the Hawaii Medical Board.

Upon review of the testimony, your Committee finds that Mr. Mun's background, experience, and dedication to public service qualify him for reappointment to the Hawaii Medical Board as a public member. Your Committee notes that Mr. Mun retired in 2018 after a thirty-eight-year career in health care administration. Mr. Mun has held various roles in the health care field, including the Corrections Health Care Division Administrator at the Department of Public Safety, Health Coverage Management Branch Administrator with the Department of Human Services, and Executive Director of DentiCare of California and Hawaii. Your Committee further finds that Mr. Mun has served as a public member of the Hawaii Medical Board since 2019 and his professional expertise in health care administration will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Wesley Mun be reappointed to the Hawaii Medical Board based on his experience, knowledge, and dedication to serving the community.

MICHAEL JAFFE

Your Committee received testimony in support of the nomination for the appointment of Michael Jaffe from the Hawaii Medical Board.

Upon review of the testimony, your Committee finds that Dr. Jaffe's experience, knowledge, and commitment to public service qualify him for appointment to the Hawaii Medical Board as a licensed osteopathic physician member. Your Committee notes that Dr. Jaffe has held a current, active, and unencumbered osteopathic medical license in the State since February 2017. Dr. Jaffe has been in private practice, specializing in physical medicine, rehabilitation, and pain management, at Hawaii Brain and Spine since January 2018. Your Committee further finds that Dr. Jaffe previously served as a member of the Hawaii Medical Board from 2019 to 2023, and his knowledge and insight will support the effectiveness of the Hawaii Medical Board. Your Committee therefore recommends that Michael Jaffe be appointed to the Hawaii Medical Board based on his knowledge, background, and commitment to serving the community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3850 Commerce and Consumer Protection on Gov. Msg. Nos. 649, 650, and 676

Recommending that the Senate advise and consent to the nominations of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 649 RUSSELL INOUYE, for a term to expire 06-30-2028;

G.M. No. 650 ALAN SHINTANI, for a term to expire 06-30-2028; and

G.M. No. 676 DARYL SUEHIRO, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Russell Inouye, Alan Shintani, and Daryl Suehiro for service on the Contractors License Board.

RUSSELL INOUYE

Your Committee received testimony in support of the nomination for the appointment of Russell Inouye from the Department of Commerce and Consumer Affairs; General Contractors Association of Hawaii; King & Neel Pacific, Inc.; Hensel Phelps; Koga Engineering & Construction, Inc.; Ralph S. Inouye Co., Ltd.; S & M Sakamoto, Inc.; Pacific Resource Partnership; Healy Tibbitts Builders, Inc.; and Royal Contracting Company.

Upon review of the testimony, your Committee finds that Mr. Inouye's background and dedication to serving the public qualify him to be appointed to the Contractors License Board as a licensed member. Your Committee notes that Mr. Inouye has been an engineer since 1988 and is a licensed Professional Engineer and licensed Contractor. Mr. Inouye is currently a Project Engineer, Project Manager, and Island Manager for Koga Engineering & Construction, Inc. Mr. Inouye is also an active member in a number of professional organizations, and currently serves as 2nd Vice President for the General Contractors Association of Hawaii, Vice Chairperson of the Laborers Negotiating Subcommittee, and Alternate Trustee of the Operating Engineers Pre-Apprenticeship for the Apprentice and Journeyman Training Fund. Your Committee finds that Mr. Inouye has a thorough understanding of the role and responsibilities of board members and his extensive experience in engineering will continue to enhance the effectiveness of the

Contractors License Board. Your Committee therefore recommends that Russell Inouye be appointed to the Contractors License Board based on his knowledge, background, and dedication to public service.

ALAN SHINTANI

Your Committee received testimony in support of the nomination for the appointment of Alan Shintani from the Department of Commerce and Consumer Affairs; General Contractors Association of Hawaii; Hawaii Building Industry Foundation; Nordic PCL Construction, Inc.; Mashima Electric, LLC; Building Industry Labor Association of Hawaii; Ralph S. Inouye Co., Ltd.; S & M Sakamoto, Inc.; The Wilhem Group; Royal Contracting Company, Ltd.; King & Neel Pacific, Inc.; Koga Engineering & Construction, Inc.; Hawaii Laborers & Employers Cooperation and Education Trust; D.R. Horton Hawaii; Pacific Resource Partnership; Building Industry Association of Hawaii; CC Engineering & Construction, Inc.; Healy Tibbitts Builders, Inc.; and four individuals.

Upon review of the testimony, your Committee finds that Mr. Shintani's experience and commitment to public service qualify him to be appointed to the Contractors License Board as a licensed member. Your Committee notes that Mr. Shintani has been a licensed general contractor builder for over forty years. Mr. Shintani is currently President of Alan Shintani, Inc., a local company offering general contracting services for various projects. Previously, Mr. Shintani completed apprenticeships in carpentry and served in various roles as a carpenter. Mr. Shintani is also an active member in a number of professional organizations, serving as President of the Building Industry Labor Association, Chairperson of the Hawaii Building Industry Foundation, and Management Trustee of the Laborers Union Pension Trust Fund and Carpenters Union 401K and Financial Security Trust Funds. Your Committee finds that Mr. Shintani has a thorough understanding of the role and responsibilities of board members and his extensive experience in carpentry, masonry, and residential and small commercial construction projects will continue to enhance the effectiveness of the Contractors License Board. Your Committee therefore recommends that Alan Shintani be appointed to the Contractors License Board based on his knowledge, experience, and commitment to public service.

DARYL SUEHIRO

Your Committee received testimony in support of the nomination for the appointment of Daryl Suehiro from the Contractors License Board.

Upon review of the testimony, your Committee finds that Mr. Suehiro's knowledge and prior service on the Contractors License Board qualify him to be appointed to the Contractors License Board as a licensed specialty contractor member. Your Committee notes that Mr. Suehiro has been a journey worker electrician since 1986. Mr. Suehiro is the President of D. Suehiro Electric, Inc. and Vice President of 808 Underground Utilities, Inc. Mr. Suehiro is also an active member of his professional community, having served as Past President and Current Director of the Electrical Contractors Association of Hawaii and as a board member for the Sand Island Business Association and T&T Tinting Specialist, Inc. Your Committee notes that Mr. Suehiro previously served on the Contractors License Board from 2008 to 2016 and has most recently served as an interim member of the Board since July 2023. Accordingly, your Committee finds that Mr. Suehiro has a thorough understanding of the role and responsibilities of board members and his extensive experience in electrical contracting will continue to enhance the effectiveness of the Contractors License Board. Your Committee therefore recommends that Daryl Suehiro be appointed to the Contractors License Board based on his institutional knowledge and desire to serve his community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3851 Commerce and Consumer Protection on Gov. Msg. Nos. 616 and 617

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS AND LANDSCAPE ARCHITECTS

G.M. No. 616 ALAN INABA, for a term to expire 06-30-2028; and

G.M. No. 617 JOEL KUROKAWA, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Alan Inaba and Joel Kurokawa for service on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects.

ALAN INABA

Your Committee received testimony in support of the nomination for the appointment of Alan Inaba from the Board of Professional Engineers, Architects, Surveyors and Landscape Architects and two individuals.

Upon review of the testimony, your Committee finds that Mr. Inaba's background, experience, and dedication to serving his community qualify him for appointment to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects as a professional surveyor member from the County of Hawaii. Your Committee notes that Mr. Inaba has been a licensed professional land surveyor since 1984 and a licensed land court surveyor since 1993. Mr. Inaba is the principal land surveyor at Inaba Engineering, Inc., a local business based in Hilo, Hawaii, that provides engineering and surveying services. Mr. Inaba also serves as an advisor to Hawaii Community College's Career and Technical Education Program Advisory Council. Your Committee further notes that Mr. Inaba has served two previous terms on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects from 2015 to 2023 and his professional expertise and ability to represent the unique perspectives of Hawaii County as a surveyor will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Alan Inaba be appointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects based on his background, knowledge, and dedication to serving the community.

JOEL KUROKAWA

Your Committee received testimony in support of the nomination for the reappointment of Joel Kurokawa from the Board of Professional Engineers, Architects, Surveyors and Landscape Architects.

Upon review of the testimony, your Committee finds that Mr. Kurokawa's experience, knowledge, and commitment to public service qualify him for reappointment to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects as a landscape architect member from the City and County of Honolulu. Your Committee notes that Mr. Kurokawa has been licensed as a professional landscape architect since 2002 and is a founding Partner and Principal Landscape Architect at Ki Concepts LLC, a local business based in Honolulu that provides landscape architecture and planning services. Your Committee further notes that in addition to his two prior terms where he served from 2013 to 2020, Mr. Kurokawa has served on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects since 2021, and recently led the Board's efforts to refresh the Landscape Architecture State examination as it transitioned to computer-based testing. Mr. Kurokawa's knowledge of local, national, and international landscape architecture, and forty years of professional experience, will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Joel Kurokawa be reappointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects based on his experience, knowledge, and commitment to serving the community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3852 Commerce and Consumer Protection on Gov. Msg. Nos. 510, 615, and 624

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS AND LANDSCAPE ARCHITECTS

- G.M. No. 510 JONATHAN LUCAS, for a term to expire 06-30-2027;
- G.M. No. 615 KEVIN KATAYAMA, for a term to expire 06-30-2028; and
- G.M. No. 624 NANCY CASSANDRO, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Jonathan Lucas, Kevin Katayama, and Nancy Cassandro for service on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects.

JONATHAN LUCAS

Your Committee received testimony in support of the nomination for the appointment of Jonathan Lucas from the Board of Professional Engineers, Architects, Surveyors and Landscape Architects and one individual.

Upon review of the testimony, your Committee finds that Mr. Lucas' background, experience, and dedication to community service qualify him to be appointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects (Board) as a professional architect member representing Kauai county. Currently, Mr. Lucas works as a licensed architect and project manager for Palms Hawaii Architecture, LLC on the island of Kauai and serves as a lecturer for the Kauai Community College's Trade Technology Division and Construction Academy. Mr. Lucas has over fifteen years of architectural experience and has been licensed as an architect in Hawaii since December 2019. Your Committee further finds that Mr. Lucas is also actively involved in the Kauai community, serving as Chairperson of the County of Kauai Public Access Open Space Commission and as a member of the County of Kauai Building Code Task Force Committee. Mr. Lucas also volunteers with numerous community organizations, including Habitat for Humanity and the Kauai Surfrider Foundation. Your Committee further finds that Mr. Lucas has served as an interim member of the Board since January 2024 and has a thorough understanding of the role and responsibilities of Board members. Your Committee therefore recommends that Jonathan Lucas be appointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects based on his knowledge, experience, and commitment to public service.

KEVIN KATAYAMA

Your Committee received testimony in support of the nomination for the reappointment of Kevin Katayama from the Board of Professional Engineers, Architects, Surveyors and Landscape Architects; Iwamoto Engineering Consultants, Inc.; Anbe, Aruga & Ishizu, Architects, Inc.; and three individuals.

Upon review of the testimony, your Committee finds that Mr. Katayama's background, knowledge, and prior experience on the Board of Professional Engineers, Architects, Surveyors and Landscape Architects (Board) qualify him to be reappointed to the Board as a professional engineer member representing the City and County of Honolulu. Mr. Katayama has served as a member of the Board since 2021 and currently serves as Vice Chairperson of the Board and Chairperson of the Board's Administrative Rules Revision Permitted Interaction Group. Mr. Katayama has over thirty years of experience as an engineer and is currently the President and Principal-in-Charge of Katayama & Associates, Inc., a consulting mechanical engineering firm that provides design and construction supervision services relating to air conditioning, ventilation, plumbing, fire protection, and energy management systems. Testifiers have recognized Mr. Katayama as a highly respected mechanical engineer with strong professional design expertise and high ethical standards and professionalism. Your Committee finds that Mr. Katayama's wealth of professional expertise, desire to serve the public, and continued service on the Board will provide continuity and further enhance the work of the Board. Your Committee therefore recommends that Kevin Katayama be reappointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects based on his background, knowledge, and proven leadership.

NANCY CASSANDRO

Your Committee received testimony in support of the nomination for the appointment of Nancy Cassandro from the Department of Commerce and Consumer Affairs; B+K Design Group, LLC; and seven individuals.

Upon review of the testimony, your Committee finds that Ms. Cassandro's leadership, experience, and commitment to public service qualify her to be appointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects (Board) as a landscape architect member. Ms. Cassandro has been a licensed landscape architect in Hawaii since 1996 and is the co-founder of Umemoto Cassandro, Design Corporation, a well-respected design firm that strives to promote the use of native materials, respect historical and cultural elements, and celebrate the natural artistic assets of landscapes. Your Committee further finds that Ms. Cassandro is also an established leader in the local landscape architect community, having served three consecutive terms as the President of the American Society of Landscape Architects, Hawaii Chapter. Testifiers have recognized Ms. Cassandro as a hard-working, humble, and trustworthy professional who has been a strong and vocal advocate on behalf of the landscape architect community. Your Committee finds that Ms. Cassandro's leadership, dedication to the profession, and more than forty years of experience in landscape architecture will provide an insightful perspective that will enhance the work of the Board. Your Committee therefore recommends that Nancy Cassandro be appointed to the Board of Professional Engineers, Architects, Surveyors and Landscape Architects based on her leadership, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3853 Commerce and Consumer Protection on Gov. Msg. No. 633

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII BOARD OF OPTOMETRY

G.M. No. 633 PETER SEARL, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Peter Searl for service on the Hawaii Board of Optometry.

Your Committee received testimony in support of the nomination for the reappointment of Peter Searl from the Hawaii Board of Optometry.

Upon review of the testimony, your Committee finds that Dr. Searl's experience, knowledge, and proven leadership on the Hawaii Board of Optometry qualify him for reappointment to the Board as a licensee member. Your Committee notes that Dr. Searl has been licensed as an optometrist since 2002 and specializes in sports vision and concussion education. Dr. Searl has worked as an optometrist for twenty-two years and has also served as a pilot and captain for Hawaiian Airlines for thirty-two years. Your Committee further finds that Dr. Searl has served on the Hawaii Board of Optometry since 2021 and currently serves as the Board's Vice Chairperson. Dr. Searl's extensive experience and knowledge will continue to be assets to the Hawaii Board of Optometry. Your Committee therefore recommends that Peter Searl be reappointed to the Hawaii Board of Optometry based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3854 Commerce and Consumer Protection on Gov. Msg. No. 632

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 632 STEVEN CHOW, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Steven Chow for service on the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination for the appointment of Steven Chow from the Motor Vehicle Repair Industry Board.

Upon review of the testimony, your Committee finds that Mr. Chow's background, knowledge, and proven leadership on the Motor Vehicle Repair Industry Board qualify him for appointment to the Board as a public member. Your Committee notes that Mr. Chow has been a licensed attorney in Hawaii since 1981 and is currently a Partner with the firm of Fukunaga Matayoshi Ching & Kon-Herrera LLP. Your Committee further notes that Mr. Chow has experience as a member of a number of State boards, including the Motor Vehicle Industry Licensing Board where he currently serves as Vice Chairperson, the term of which is scheduled to expire June 30, 2024. Mr. Chow also previously served on the Motor Vehicle Repair Industry Board from 2007-2015 where he assisted in drafting both statutory and administrative rule revisions for the Board. Your Committee finds that Mr. Chow's institutional knowledge and legal expertise will be assets to the Motor Vehicle Repair Industry Board. Your Committee therefore recommends that Steven

Chow be appointed to the Motor Vehicle Repair Industry Board based on his experience, knowledge, and dedication to serving the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3855 Commerce and Consumer Protection on Gov. Msg. No. 630

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF BARBERING AND COSMETOLOGY

G.M. No. 630 ASHLEY MARIE CORNELIO, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Ashley-Marie Cornelio for service on the State Board of Barbering and Cosmetology.

Your Committee received testimony in support of the nomination for the appointment of Ashley-Marie Cornelio from the Department of Commerce and Consumer Affairs and five individuals.

Upon review of the testimony, your Committee finds that Ms. Cornelio's background and dedication to serving the public qualify her to be appointed to the State Board of Barbering and Cosmetology as a licensed barber member. Your Committee notes that Ms. Cornelio has been a barber since 2010 and is currently serving as a Licensed Master Barber at Sixty-One Barbershop in Honolulu. Previously, Ms. Cornelio worked as a Master Barber at a resort in Las Vegas, Nevada. Ms. Cornelio is also an active participant in her community and has provided strategic leadership and guidance as a volunteer for the American Foundation for Suicide Prevention. Your Committee finds that Ms. Cornelio has a thorough understanding of the role and responsibilities of board members and her extensive experience as a barber will enhance the effectiveness of the State Board of Barbering and Cosmetology. Your Committee therefore recommends that Ashley-Marie Cornelio be appointed to the State Board of Barbering and Cosmetology based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3856 Commerce and Consumer Protection on Gov. Msg. No. 644

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DENTISTRY

G.M. No. 644 CRAIG YAMAMOTO, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Craig Yamamoto for service on the Board of Dentistry.

Your Committee received testimony in support of the nomination for the appointment of Craig Yamamoto from the Board of Dentistry and one individual.

Upon review of the testimony, your Committee finds that Dr. Yamamoto's background, experience, and commitment to public service qualify him to be appointed to the Board of Dentistry as a practicing dentist member from the City and County of Honolulu. Your Committee notes that Dr. Yamamoto has been licensed to practice dentistry in Hawaii since 1992, and currently is in private practice at Oral Surgery Hawaii, which he co-founded in 1999. Dr. Yamamoto is also an active participant in a number of professional and community organizations, including the Hawaii Dental Association, Honolulu County Dental Society, and volunteer with Kalihi Kokua Valley Health Center. Your Committee further notes that Dr. Yamamoto served a previous term with the Board of Dentistry from 2022-2023 and his professional expertise in oral surgery and participation in the anesthesia permitted interaction group are valuable assets to the Board. Your Committee therefore recommends that Craig Yamamoto be appointed to the Board of Dentistry based on his background, knowledge, and dedication to serving the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3857 Commerce and Consumer Protection on Gov. Msg. No. 656

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF NATUROPATHIC MEDICINE

G.M. No. 656 KRISTEN COLES, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Kristen Coles for service on the Board of Naturopathic Medicine.

Your Committee received testimony in support of the nomination for the reappointment of Kristen Coles from the Board of Naturopathic Medicine.

Upon review of the testimony, your Committee finds that Dr. Coles' background, experience, and proven leadership on the Board of Naturopathic Medicine qualify her to be nominated for reappointment to the Board as a licensed naturopathic physician member. Your Committee notes that Dr. Coles has held a naturopathic physician license in Hawaii since 2012 and has worked as a naturopathic physician and licensed acupuncturist at Steelsmith Natural Health Center for over a decade and is the Medical Manager at its IV Nutritional Clinic. Dr. Coles also engages with the local community as a public speaker, writer, and educator, and has lectured at local hospitals and the University of Hawaii Nancy Atmospera-Walch School of Nursing. Your Committee further finds that Dr. Coles has served on the Board of Naturopathic Medicine since 2018, and her extensive experience in naturopathic medicine will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Kristen Coles be reappointed to the Board of Naturopathic Medicine based on her experience, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3858 Commerce and Consumer Protection on Gov. Msg. No. 657

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PSYCHOLOGY

G.M. No. 657 DON PEDRO, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Don Pedro for service on the Board of Psychology.

Your Committee received testimony in support of the nomination for the reappointment of Don Pedro from the Board of Psychology.

Upon review of the testimony, your Committee finds that Dr. Pedro's background, experience, and proven leadership qualify him to be nominated for reappointment to the Board of Psychology as a psychologist member. Your Committee notes that Dr. Pedro has worked for the Department of Health Adult Mental Health Division in various roles since 2004, while also maintaining a part-time private practice as a clinical psychologist. Dr. Pedro is also a lecturer at University of Hawaii's Kapiolani Community College and an adjunct faculty member at Hawaii Pacific University. Dr. Pedro is actively involved in his community, serving on the I Ola Lahui-Rural Hawai'i Behavioral Health Board of Directors. Your Committee further finds that Dr. Pedro has served on the Board of Psychology since 2017, and his extensive experience in clinical psychology and adult mental health will continue to be assets to the Board. Your Committee therefore recommends that Don Pedro be reappointed to the Board of Psychology based on his experience, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3859 Commerce and Consumer Protection on Gov. Msg. No. 686

Recommending that the Senate advise and consent to the nomination of the following:

REAL ESTATE COMMISSION

G.M. No. 686 NIKKI SENTER, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Nikki Senter for service on the Real Estate Commission.

Your Committee received testimony in support of the nomination for the reappointment of Nikki Senter from the Real Estate Commission.

Upon review of the testimony, your Committee finds that Ms. Senter's experience, knowledge, and proven leadership on the Real Estate Commission qualify her for reappointment to the Real Estate Commission as a public member. Your Committee notes that Ms. Senter has over twenty years of experience in real estate law and has been licensed as an attorney in Hawaii since 2001. Ms. Senter has worked as the Senior Assistant General Counsel for the Howard Hughes Corporation since 2019, and before that served as President and Founder of Senter Law LLLC where she handled various real estate matters. Your Committee further finds that Ms. Senter currently serves as Vice Chairperson of the Real Estate Commission and is the Chairperson of the Laws and Rules Review Committee. Ms. Senter also served prior terms on the Real Estate Commission from 2011 to 2018 and her experience and knowledge will continue to be assets to the Commission. Your Committee therefore recommends that Nikki Senter be reappointed to the Real Estate Commission based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (McKelvey, Richards).

SCRep. 3860 (Joint) Public Safety and Intergovernmental and Military Affairs and Government Operations on H.C.R. No. 4

The purpose and intent of this measure is to request the current members of the Northwest Wildland Fire Protection Agreement to amend the Agreement to allow Hawaii to join as a member.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, State Fire Council, and Honolulu Fire Department.

Your Committees find that in 1998, the United States Congress enacted the Northwest Wildland Fire Protection Agreement (Agreement) under Public Law 105—377, that provided a way for member states, provinces, and territories to cope with wildland fires that might be beyond the capabilities of a single member agency, through information, technology, and resource sharing activities. However, your Committees further find that membership is limited to certain geographical constraints and solely includes Alaska, Idaho, Montana, Oregon, Washington, the Yukon Territory, the Province of British Columbia, and the Province of Alberta, including any other state, province, or territory that is contiguous to any member. Your Committees conclude that despite the membership restrictions, the State has much to benefit from the Agreement to prevent a tragedy similar to the August 2023 Maui wildfires from reoccurring.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 4, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Awa).
Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3861 (Joint) Public Safety and Intergovernmental and Military Affairs and Housing on H.C.R. No. 75

The purpose and intent of this measure is to request the United States Department of Defense, including the Navy, Army, and Air Force, to increase on-base housing availability for active duty personnel and their dependents assigned to military installations in the State.

Your Committees received testimony in support of this measure from one individual.

Your Committees received comments on this measure from the Hawaii Military Affairs Council.

Your Committees find that Hawaii's unique strategic position in the Pacific Ocean has led to one of the largest concentrations of United States military forces in the country. Your Committees further find that a major contributing factor to high rent and limited availability of housing in the State is the demand for housing by active duty military personnel and their dependents. Your Committees conclude that increasing on-base housing for active duty military personnel and their dependents will help to alleviate the severe housing shortage in the State.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Housing that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 75, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Public Safety and Intergovernmental and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Wakai, Awa).
Housing: Ayes, 3. Noes, none. Excused, 2 (Aquino, Awa).

SCRep. 3862 Judiciary on Gov. Msg. No. 685

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION TO PROMOTE UNIFORM LEGISLATION

G.M. No. 685 BLAKE OSHIRO, for a term to expire 06-30-2027. (Board name amended to Commission to Promote Uniform Legislation by GM690)

Your Committee reviewed the personal history, resume, and statement submitted by Blake Oshiro for service on the Commission to Promote Uniform Legislation.

Your Committee received testimony in support of the nomination for the appointment of Blake Oshiro from the Department of the Attorney General, Department of Labor and Industrial Relations, Hawaii Public Housing Authority, Commission to Promote Uniform Legislation, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Oshiro's background and extensive experience qualify him to be nominated for appointment to the Commission to Promote Uniform Legislation (Commission). Your Committee notes that Mr. Oshiro has served on the Commission for five years, and during that time the Commission effectively supported and adopted or amended approximately a dozen acts. Your Committee also notes that Mr. Oshiro is a lawyer licensed to practice law in the State, having received his Juris Doctor from the William S. Richardson School of Law in 1996 and a Bachelor of Arts in English Literature from the University of Southern California in 1992. In addition to his service on the Commission, Mr. Oshiro has extensive experience with

state government and government relations. Mr. Oshiro currently works as the Senior Advisor to Governor Green and was previously Deputy Chief of Staff to Governor Abercrombie until 2014, when he returned to the private practice of law. He then spent two years as the Executive Vice President of a consulting firm that specializes in government relations, including political advertising and lobbying. Additionally, testimony submitted on behalf of the nominee notes that since his initial appointment in 2019, Mr. Oshiro has attended and actively participated in the meetings of the Commission, assisting the Commission in advocating for the passage of uniform laws with lobbying efforts at the Legislature on bills that have been identified as priorities by the Commission. Your Committee therefore recommends that Blake Oshiro be appointed to the Commission to Promote Uniform Legislation based on his background, knowledge, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3863 Judiciary on Gov. Msg. No. 526

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAII

G.M. No. 526 SHAWN MERRILL, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Shawn Merrill for service on the Board of Registration of the Island of Hawai'i.

Your Committee received no testimony on the nomination for the appointment of Shawn Merrill.

Your Committee finds that Ms. Merrill's professional experience, background, and desire to serve her community qualify her for appointment to the Board of Registration of the Island of Hawai'i. Ms. Merrill holds a Bachelor of Science degree in Criminal Justice from the California State University, Sacramento, and a paralegal certificate and an Associate of Arts degree from Skyline College. Ms. Merrill has worked in the legal profession for nearly two decades, starting her career as a paralegal in 2006 at Gibson, Robb, and Lindh, LLP. Since then, Ms. Merrill has also worked as a paralegal at Crudele and Beerman, LLLC, and currently works as a paralegal for the Law Office of Robert P. Marx, LLC. Additionally, Ms. Merrill currently serves as the Chairperson of the Board of Registration of the Island of Hawai'i, having served since 2017. Your Committee further notes that Ms. Merrill is an active member of other community organizations, including the Mercedes-Benz Club of America, Hawaii Section, where she is the President. Additionally, Ms. Merrill serves as a 4-H Leader for Hawaii County and is a member of the Finance Committee of the Hawaiian Paradise Park Owners Association. Your Committee therefore recommends that Shawn Merrill be appointed to the Board of Registration of the Island of Hawai'i based on her background, knowledge, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3864 Judiciary on Gov. Msg. No. 591

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE ELECTIONS ACCESSIBILITY NEEDS ADVISORY COMMITTEE

G.M. No. 591 JAMES GASHEL, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by James Gashel for service on the Statewide Elections Accessibility Needs Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment of James Gashel from the Department of Human Services and Statewide Elections Accessibility Needs Advisory Committee.

Upon review of the testimony, your Committee finds that Mr. Gashel's background and extensive experience qualify him to be nominated for appointment to the Statewide Elections Accessibility Needs Advisory Committee as a member. Your Committee notes that from 2022 to 2023, Mr. Gashel previously served as a member of the Statewide Voters with Special Needs Advisory Committee, which was renamed the Statewide Elections Accessibility Needs Advisory Committee by Act 14, Session Laws of Hawaii 2023, where he took the lead on advising the Hawaii State Office of Elections on electronic ballot processes by providing substantial and targeted advice on the need to simplify the voter identification and verification procedure. Prior to his service on the Statewide Elections Accessibility Needs Advisory Committee, Mr. Gashel served at the National Federation of the Blind, where he became one of the best known advocates for the blind in the United States, with his work leading to significant changes in nearly every law directly affecting blind Americans, including the Social Security Act, Rehabilitation Act, Randolph-Sheppard Act for Blind Entrepreneurs, Americans with Disabilities Act, Copyright Act, Individuals with Disabilities Education Act, and the Help America Vote Act. Your Committee further notes that due to his years of work with the National Federation of the Blind, Mr. Gashel has access to a national network of colleagues who can advise on issues of interest to the Statewide Elections Accessibility Needs Advisory Committee. Your Committee therefore recommends that James Gashel be appointed to the Statewide Elections Accessibility Needs Advisory Committee based on his experience, leadership skills, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3865 Judiciary on Gov. Msg. Nos. 527, 659, 660, 661, 662, 663, and 664

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I STATE LESBIAN, GAY, BISEXUAL, TRANSGENDER, QUEER, PLUS COMMISSION

- G.M. No. 527 SANDY HARJO-LIVINGSTON, for a term to expire 06-30-2027;
- G.M. No. 659 KATHLEEN O'DELL, for a term to expire 06-30-2026;
- G.M. No. 660 MICHAEL GOLOJUCH, JR., for a term to expire 06-30-2027;
- G.M. No. 661 SHANDA LEWIS, for a term to expire 06-30-2027;
- G.M. No. 662 RICHARD VELASQUEZ, for a term to expire 06-30-2026;
- G.M. No. 663 PHILLIP STEINBACHER, for a term to expire 06-30-2028. (Nominee's name amended to PHILIP STEINBACHER by GM692); and
- G.M. No. 664 JOE TOLBE, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Sandy Harjo-Livingston; Kathleen O'Dell; Michael Golojuch, Jr.; Shanda Lewis; Richard Velasquez; Philip Steinbacher; and Joe Tolbe for service on the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission.

Your Committee notes that the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus, or LGBTQ+, Commission is a newly created commission established by Act 41, Session Laws of Hawaii 2022, and that these nominees, plus an eighth nominee to be considered later, will form the inaugural Commission. The law establishing the Commission made findings about its purpose, including that there is a need to establish a body to improve the State's interface with members of the lesbian, gay, bisexual, transgender, queer, plus community; to identify the short- and long-range needs of its members; and to ensure that there is an effective means of researching, planning, and advocating for the equity of this population in all aspects of state government. Your Committee believes that these nominees, who are representatives from all of the counties and the Department of Health's Sexual and Gender Minority Workgroup and who bring their distinct viewpoints from the LGBTQ+ community, are well-suited to perform their duties.

SANDY HARJO-LIVINGSTON

Your Committee received testimony in support of the nomination for the appointment of Sandy Harjo-Livingston from one individual.

Upon review of the testimony, your Committee finds that Dr. Harjo-Livingston's experience, background, and desire to serve their community qualify them for appointment to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Dr. Harjo-Livingston holds a Doctorate in Political Theory and International Relations from the University of Aberdeen, a Master of Arts in Marriage and Family Counseling from the New Orleans Baptist Theological Seminary, and a Bachelor of Arts in Philosophy and Psychology from Mississippi College. During their academic career, Dr. Harjo-Livingston taught a wide array of courses, including international political economy, international relations and postcolonialism, political theory and communications, public policy, and gender studies. In addition to their work in academia, Dr. Harjo-Livingston has worked on numerous films and television programs, serving as a writer or director on more than twenty productions while also working as an assignments desk news manager, site producer, and digital reporter for KHON2. Your Committee further notes that Dr. Harjo-Livingston is an active member in their community, as they currently sit on the advisory board for the Hawai'i LGBT Legacy Foundation and is a board member of Hawai'i Women in Filmmaking. Your Committee therefore recommends that Sandy Harjo-Livingston be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission based on their background, knowledge, and desire to contribute to the community.

KATHLEEN O'DELL

Your Committee received testimony in support of the nomination for the appointment of Kathleen O'Dell from Kailua United Methodist Church and eleven individuals.

Upon review of the testimony, your Committee finds that Dr. O'Dell's experience, knowledge, and desire to serve qualify her to be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Dr. O'Dell holds a Doctorate of Curriculum and Instruction from Kent State University with a concentration in multicultural and international early childhood education. Dr. O'Dell also holds a Master of Arts in teaching from Kent State University and a Bachelor of Arts in international political science from the University of Hawai'i at Hilo. Dr. O'Dell currently works as a support network coordinator for 'Ohana Family and a curriculum developer and instructor for University of Hawai'i Windward Community College. Previously, Dr. O'Dell worked as a complex academic officer at the Kailua-Kalāheo Complex for the Department of Education and was an instructor and research assistant at Kent State University. Your Committee also notes that Dr. O'Dell is an active member of her community, having served as preschool parish staff relations liaison at Kailua United Methodist Church, Co-Chair of the Hawai'i State 'Ohana Family Support Network, district coordinator of the Rotary International Convention, and as a member and Paul Harris Fellow of Rotary International for more than a decade. Your Committee believes that Dr. O'Dell's experience in education and commitment to serving her community will be invaluable to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Your

Committee therefore recommends that Kathleen O'Dell be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission based on her experience, knowledge, and desire to serve her community.

MICHAEL GOLOJUCH, JR.

Your Committee received testimony in support of the nomination for the appointment of Michael Golojuch, Jr. from the Office of the Mayor of the City and County of Honolulu; one member of the Honolulu City Council; IATSE Local 665; Stonewall Caucus of the Democratic Party of Hawai'i; Hawaii State AFL-CIO; Hawaii Ports Maritime Council; Democratic Party of Hawaii Labor Caucus; Hawaii Health and Harm Reduction Center; Hawaii State Teachers Association; Women's Caucus of the Democratic Party of Hawai'i; International Union of Painters and Allied Trades, District Council 50, Painters Local Union 1791; United Public Workers, AFSCME Local 646, AFL-CIO; Rainbow Family 808; and twenty-five individuals.

Upon review of the testimony, your Committee finds that Michael Golojuch, Jr.'s background, extensive experience, and commitment to the LGBTQ+ community qualify him for appointment to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Mr. Golojuch holds a Bachelor's of Business Science and Hospitality Management from the University of San Francisco. Mr. Golojuch currently works as a private consultant, providing advice on the legislative process and advocacy, office management, and personnel management. Previously, Mr. Golojuch worked as a private secretary to the Deputy Director of the Department of Human Resources Development. Your Committee notes that Mr. Golojuch is an active member of his community and has extensive experience in public service. Mr. Golojuch presently serves as Communications Chair of the Labor Caucus of the Democratic Party of Hawai'i, Chair of the Stonewall Caucus and the Caucus' Representative to the State Central Committee of the Democratic Party of Hawai'i, Vice President of Hawai'i State AFL-CIO, and Acting President of Pride at Work Hawai'i. Additionally, Mr. Golojuch has served as a safety net committee member of Aloha United Way, blood drive coordinator for the Blood Bank of Hawai'i, Assistant Secretary for the Democratic Party of Hawai'i, Co-Chair for the Kapolei City Lights Electrical Parade, and Chair of Honolulu Pride for five years. Your Committee therefore recommends that Michael Golojuch, Jr. be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission based on his background, knowledge, experience, and desire to serve his community.

SHANDA LEWIS

Your Committee received testimony in support of the nomination for the appointment of Shanda Lewis from the Waianae Coast Comprehensive Health Center and four individuals.

Upon review of the testimony, your Committee finds that Ms. Lewis' experience, background, and desire to advocate for the LGBTQ+ community qualify her for appointment to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Ms. Lewis holds a Masters in Nursing from California State University, a Bachelors of Science in Nursing from National University, and a Bachelors of Science in Genetics from the University of California at Davis. Ms. Lewis is licensed as an advanced practice registered nurse in the State and currently works as Site Director and a family nurse practitioner at the Waianae Coast Comprehensive Health Center, where she develops and implements a program focusing on transgender, lesbian, bisexual, and gay patients to offer gender affirming hormone therapy and care, as well as improve healthcare to the LGBTQ+ population and reduce healthcare disparities. Your Committee notes that at the Waianae Coast Comprehensive Health Center, Ms. Lewis also educates her colleagues, staff, and trainees on the unique health needs of the transgender population. Additionally, testimony submitted on behalf of the nominee notes that Ms. Lewis possesses an unwavering dedication to her profession and advocacy for the LGBTQ+ community. Your Committee further finds that before working at the Waianae Coast Comprehensive Health Center, Ms. Lewis worked as a family nurse practitioner for the Lavender Clinic and was a RN III at the Madera Community Hospital. Your Committee therefore recommends that Shanda Lewis be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission based on her experience, background, and desire to advocate for the LGBTQ+ community.

RICHARD VELASQUEZ

Your Committee received testimony in support of the nomination for the appointment of Richard Velasquez from one individual.

Upon review of the testimony, your Committee finds that Mr. Velasquez's experience, background, and desire to serve qualifies him for appointment to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Mr. Velasquez graduated from Indiana University where he earned a Master's Degree in Social Work. Additionally, Mr. Velasquez holds a Bachelor's Degree in Social Work from Ball State University. Your Committee notes that Mr. Velasquez has dedicated much of his professional career helping veterans. Mr. Velasquez started his career at the Department of Veterans Affairs in 1983 as a social worker at VAMC Marion in Marion, Indiana, and continued in various positions including call center manager, administrative program specialist, program specialist, homeless program coordinator, and administrative officer for research, and most recently he worked as a lead patient advocate. After retiring from more than thirty years of service at the Department of Veterans Affairs in 2019, Mr. Velasquez continued to work as a medical social worker at the Adventist Health Castle Medical Center until 2023. Your Committee therefore recommends that Richard Velasquez be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission based on his background, knowledge, and desire to serve.

PHILIP STEINBACHER

Your Committee received testimony in support of the nomination for the appointment of Philip Steinbacher from seven individuals.

Upon review of the testimony, your Committee finds that Mr. Steinbacher's professional experience, background, and knowledge qualify him for appointment to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Mr. Steinbacher graduated from the University of Central Florida in 1994, where he earned a Master of Arts in elementary education, and also holds a Bachelor of Arts in music from Indiana University of Pennsylvania. Your Committee notes that Mr. Steinbacher has more than forty years of experience in education, advocacy, music, entertainment, and writing, during which he has worked with children, adults, and people of diverse backgrounds and abilities. Mr. Steinbacher began his career in 1981 as an entertainer, staging assistant, special services coordinator, and department assistant for the Walt Disney World Co. in Lake Buena Vista, Florida. Currently, Mr. Steinbacher works as a creative entrepreneur and he volunteers for the Trevor Project, the nation's leading LGBTQ+ youth crisis intervention and

suicide prevention organization. As a creative entrepreneur, he founded and sponsored the Hawai'i Technology Academy's Spectrum Alliance and wrote, produced, and edited Garden Island Tea, an informational digital newsletter for the LGBTQ+ community on Kaua'i. Your Committee notes that Mr. Steinbacher has dedicated much of his professional career to education, as he previously served as the Fine Arts Department Head, Choral Director, and was a teacher at Island School on Kaua'i from 2006 to 2020. Your Committee therefore recommends that Philip Steinbacher be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission based on his background, knowledge, and professional experience.

JOE TOLBE

Your Committee received testimony in support of the nomination for the appointment of Joe Tolbe from four individuals.

Upon review of the testimony, your Committee finds that Mr. Tolbe's experience, background, and strong commitment to community service qualify him for appointment to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Mr. Tolbe began his volunteering and community service nearly four decades ago as a board member of the San Francisco Pride Parade in 1985, where he organized annual gay pride parades in the city. Additionally, Mr. Tolbe volunteered for the Arcadia Body Building Society and for the Community United Against Violence. Mr. Tolbe also served as a facilitator for BRIDGES Maui in 1992, where he provided a safe space for LGBTQI+ youth and teens. Your Committee further notes that Mr. Tolbe has been actively volunteering for Aloha Maui Pride since 2014, where he helps organize "gay brunch" the first Sunday of each month, creates and organizes monthly gay dining out and hiking events, and fundraises for annual pride events. Mr. Tolbe also presently volunteers for Lei of Aloha for World Peace, where he is a member of a core group of volunteers who help to weave a mile long ti leaf lei to deliver to places affected by violence. Mr. Tolbe began volunteering for Lei of Aloha for World Peace in response to the mass shooting at the Pulse nightclub in Orlando, Florida, where forty-nine people were killed, and has travelled personally to present the lei with Hawaiian protocol and grieve and heal with the people affected by the violence. Your Committee finds that Joe Tolbe's experience, background, and dedication to serving his community will be advantageous and therefore recommends that he be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 527: Ayes, 3. Noes, none. Excused, 2 (San Buenaventura, Awa).

For Gov. Msg. Nos. 659, 660, 661, and 662: Ayes, 4. Noes, none. Excused, 1 (Awa).

For Gov. Msg. Nos. 663 and 664: Ayes, 5. Noes, none. Excused, none.

SCRep. 3866 (Joint) Agriculture and Environment and Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 92

The purpose and intent of this measure is to:

- (1) Recognize the issue of illegal dumping within the Waipahu community; and
- (2) Urge the State, City and County of Honolulu, and military to work together to address the issue of illegal dumping within the Waipahu community.

Your Committees received comments on this measure from the Department of Health.

Your Committees find that illegal dumping in Waipahu not only poses a hazardous environmental risk to residents and visitors of the community, but for neighboring residents as well. This measure is necessary to protect the public health and safety of the people and the environment of the State.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Public Safety and Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 92, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (Richards, Awa).

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3867 Education on H.C.R. No. 166

The purpose and intent of this measure is to urge the State Public Charter School Commission to work with stakeholders to develop and adopt administrative rules, including rules governing the negotiation process between the Commission and public charter schools.

Your Committee received testimony in support of this measure from the Hawaii Public Charter Schools Network, Kanu O Ka 'Aina New Century Public Charter School Governing Board, Kualapuu Public Charter School, and two individuals.

Your Committee received comments on this measure from the State Public Charter School Commission.

Your Committee finds that Act 62, Session Laws of Hawaii 1999, was intended to provide greater flexibility and autonomy to charter schools at the institutional level, authorizing existing public schools and new schools to be designated as new century charter schools. Existing law authorizes the State Public Charter School Commission to adopt administrative rules to administer and implement state laws regarding public charter schools, including negotiations to execute sound charter contracts. While existing law provides the Board of Education with the power to decide appeals of decisions by the State Public Charter School Commission regarding a charter contract, there is no appeals process for a complaint. Therefore, this measure urges prompt action by the State Public Charter School Commission to ensure compliance and effective operations.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Richards).

SCRep. 3868 Government Operations on H.C.R. No. 138

The purpose and intent of this measure is to request the Legislative Reference Bureau to:

- (1) Study the year-round legislature models of California, New York, Pennsylvania, and Wisconsin to clarify the similarities and differences in operations with respect to legislative schedules, operational costs, legislative and staff salaries, and policies regarding outside employment; and
- (2) Submit a report of its study, including findings, recommendations, and any proposed legislation, to the Legislature no later than forty-five days prior to the convening of the Regular Session of 2025.

Your Committee did not receive any testimony on this measure.

Your Committee finds that a regular session of the State's legislature is limited to sixty days per year. Your Committee further finds that a year-round legislative session could provide lawmakers with increased opportunities to interact with their constituents and stakeholders, enabling them to obtain a more precise understanding of public opinion on various issues. However, the costs associated with a year-long legislature, including any financial burden to taxpayers, have not been studied in depth. The study requested by this measure will provide valuable information regarding the implementation of a year-round legislature in the State.

Your Committee notes that S.C.R. No. 51, S.D. 1, Regular Session of 2024 (S.C.R. No. 51, S.D. 1), which was previously passed by the Senate, is a substantially similar measure that also requests that the Legislative Reference Bureau conduct a study of a continuous legislative session. Your Committee finds that the language in S.C.R. No. 51, S.D. 1, is preferable because it broadens the scope of the requested study to include the options of extending the legislative session and adding additional recess days.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.C.R. No. 51, S.D. 1, a substantially similar measure, which requests the Legislative Reference Bureau to conduct a study of a continuous legislative session, extending the legislative session, and adding additional recess days.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 138, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 138, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3869 Government Operations on H.C.R. No. 77

The purpose and intent of this measure is to request:

- (1) The Governor to establish a Leadership Accelerator Program to:
 - (A) Acknowledge, train, and develop exceptional managers in state government; and
 - (B) Build relationships between such talented individuals to break down silos and create channels of communication between state departments; and
- (2) The Leadership Accelerator Program to hold regularly scheduled monthly leadership training meetings and submit a report of its findings and recommendations, including any proposed legislation, to the Governor, Legislature, and each department head no later than twenty days prior to the convening of each regular session.

Your Committee did not receive any testimony on this measure.

Your Committee finds that public employees in managerial roles serve an important function in overseeing the efficient delivery of public services. Your Committee finds, however, that the lack of channels of communication among state departments may create silos of information and services that hinder the process. Your Committee further finds that a statewide Leadership Accelerator Program for exceptional managers in state government would enable the State to break down silos and empower its workforce to efficiently and effectively provide vital services that improve, strengthen, and protect communities across the State. Therefore, this measure supports government efficiency by investing and fostering exceptional managers in state government with exemplary performance to become leaders of Hawaii's future and create channels of communications among state departments.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 77, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3870 Government Operations on H.C.R. No. 97

The purpose and intent of this measure is to request the Department of Accounting and General Services to:

- (1) Establish a working group to plan and construct a Hawaii First Responders Memorial;
- (2) Coordinate all matters regarding the Hawaii First Responders Memorial either through private funds or funds allocated by the Legislature; and

- (3) Submit a report of the working group's plans, including findings, recommendations, projected costs, and any necessary legislation, to the Legislature by November 30, 2024.

Your Committee received testimony in support of this measure from the Hawaii Law Enforcement Memorial Foundation; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual.

Your Committee finds that the Hawaii Law Enforcement Memorial offers a place of honor for those law enforcement officers who sacrificed their lives in the line of duty. Your Committee further finds that the construction of a Hawaii First Responders Memorial in the State similar to the Hawaii Law Enforcement Memorial is an appropriate way to recognize sacrifices of the State's non-law enforcement first responders, including firefighters, lifeguards, paramedics, emergency medical technicians, medical flight nurses, and pilots. This measure facilitates the construction of a Hawaii First Responders Memorial where family, friends, fellow first responders, and the public can visit and remember those first responders who lost their lives while bravely serving the public.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 97, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3871 Government Operations on H.C.R. No. 143

The purpose and intent of this measure is to urge the Department of Human Services, Department of Health, and Judiciary to prioritize ensuring that contracts for government services are adequately resourced to cover the costs of providing those services.

Your Committee received testimony in support of this measure from the Department of Health; Catholic Charities Hawai'i; Hawai'i True Cost Coalition; Hawai'i Health & Harm Reduction Center; Parents And Children Together; Partners in Care – Oahu's Continuum of Care; EPIC 'Ohana; Hawai'i State Coalition Against Domestic Violence; The Institute for Human Services, Inc.; Hawai'i Children's Action Network Speaks!; Hawai'i Foodbank, Inc.; Mediation Center of the Pacific, Inc.; YMCA of Honolulu; Aloha United Way; Hale Kipa, Inc.; AlohaCare; Lanakila Pacific; Easterseals Hawaii; The Spirit Horse Ranch Inc.; Adult Friends for Youth; and two individuals.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that community-based organizations provide services to vulnerable populations in the State through government contracts at reduced rates. However, a recent survey found that ninety-one percent of these organizations were resourced below the full operating costs required to provide the contracted services. According to testimony received by your Committee, government contract rates have not increased in the past decade, while program expenses, including wages, utilities, and administrative costs have all increased. This measure urges certain state departments and the Judiciary that contract with community-based organizations for critical public services to the State's vulnerable communities, such as support for victims of domestic violence, foster care and at-risk youth, low-income households and the elderly, and homeless families and individuals to ensure that the contracts are adequately resourced to cover the operating costs of these community-based organizations to assure the continuation of these essential services.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 143, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3872 (Joint) Government Operations and Judiciary on H.C.R. No. 171

The purpose and intent of this measure is to request state and county agencies responsible for removing deceased dogs and cats from public roadways to:

- (1) Check for, scan, and record the microchip of the deceased dog or cat, along with the location found, descriptive information about the pet, and any contact phone number, name, or address shown on the animal's tag or collar;
- (2) Timely notify county animal services or animal service contractors of the deceased dog or cat, including the microchip number, if any, location found, descriptive information about the pet, and any contact phone number, name or address shown on the pet's tag or collar; and
- (3) Allow county animal services or animal service contractors to use their staff or volunteers to follow up with the registered pet owners.

Your Committees received testimony in support of this measure from Animal Rights Hawai'i, Hawaiian Humane Society, and one individual.

Your Committees find that the state and county agencies responsible for removing deceased dogs and cats from public roadways do not take routine steps to ascertain the animals' owners, if any. Your Committees note that microchipping is one of the safest, most accessible, and most affordable identification tools for pet owners and since January 1, 2022, dog and cat owners in the State are required by law to microchip their pets. This measure will help provide closure for owners who have lost and continue to search for their dog or cat.

Your Committees have amended this measure by:

- (1) Amending its title to reflect its contents; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Judiciary that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 171, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 171, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).
 Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3873 (Joint) Water and Land and Housing on H.C.R. No. 140

The purpose and intent of this measure is to urge the Office of Planning and Sustainable Development to develop a scope of work or requests for proposals for bidders to perform their own analysis and methodology that will determine whether a development will contribute to the long-term fiscal sustainability of the State and respective county.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development.

Your Committees find that the Government Accountability Office predicts that state and county governments will operate with negative balances until 2060 without major policy change due to a combination of an aging population and the need to replace degrading infrastructure. Your Committees further find that fiscal sustainability is achievable and requires new development proposals to be not only evaluated against adopted development regulations and construction standards, but also in relation to the fiscal productivity of the project. Your Committees also find that proposed developments should be judged, in part, on their long-term fiscal cost or benefit to the city. Your Committees therefore believe that the Office of Planning and Sustainable Development should develop a scope of work or requests for proposals for bidders to perform their own analysis to determine whether or not a proposed development will contribute to the long-term sustainability of the State and respective county, which would give decisionmakers and the public useful information when renewing project proposals, plans, and zoning applications.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Housing that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 140, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 140, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Water and Land: Ayes, 5. Noes, none. Excused, none.
 Housing: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3874 (Joint) Water and Land and Transportation and Culture and the Arts on H.C.R. No. 198

The purpose and intent of this measure is to request the State's congressional delegation to:

- (1) Advocate for the enforcement of existing international laws to reduce ghost nets entering the State from international waters;
- (2) Advocate for the establishment of a requirement for United States fishing vessels to mark their fishing gear; and
- (3) Create financial incentives to retrieve and dispose of floating fishing gear.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Friends of Hanauma Bay, and one individual.

Your Committees find that discarded or lost fishing nets in the ocean, otherwise known as ghost nets, regularly wash in from international waters to the reefs of Papahānaumokuākea Marine National Monument, causing harm to the reef and marine wildlife. Your Committees further find that the International Law of the Sea allows states to take action against vessels entering their ports if there is evidence that they have abandoned or negligently lost fishing gear, although gear is not marked in a way as to trace ownership. Your Committees conclude that Hawaii's congressional delegation should advocate for the enforcement of existing international law and the establishment of new requirements and financial incentives to reduce the number of ghost nets entering Hawaiian waters.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Transportation and Culture and the Arts that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 198, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 198, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Water and Land: Ayes, 5. Noes, none. Excused, none.
 Transportation and Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3875 Water and Land on H.C.R. No. 9

The purpose and intent of this measure is to authorize the issuance of a perpetual, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (1) 4-6-003:077, Heeia, Koolaupoko, Oahu, for the existing drain, and the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on July 8, 2010, the Board of Land and Natural Resources, subject to conditions, approved a grant of a perpetual, non-exclusive easement to resolve the encroachment of the drain identified in this measure. Your Committee further finds that on December 13, 2019, the Board approved technical amendments to the 2010 Board approval to insert accurate legal references and to facilitate the easement documentation process. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing drain.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 9, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3876 Water and Land on H.C.R. No. 10

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (1) 4-5-047:051, Kaneohe, Kooalaupoko, Oahu, for the existing boat ramp and concrete wall, and the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and three individuals.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on August 26, 2022, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the encroachments of the boat ramp and concrete wall identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing boat ramp and concrete wall.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 10, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Fevella).

SCRep. 3877 Water and Land on H.C.R. No. 11

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (1) 3-5-058:011, Waialae-Iki, Honolulu, Oahu, for the existing seawall revetment, and the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on April 14, 2023, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the encroachment of the seawall revetment identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall revetment.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (McKelvey). Noes, none. Excused, 1 (Fevella).

SCRep. 3878 Water and Land on H.C.R. No. 12

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (1) 4-5-047:013, Kaneohe, Kooalaupoko, Oahu, for the existing concrete boat ramp, and the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on May 12, 2023, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the encroachment of the concrete boat ramp identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing concrete boat ramp.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 12, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3879 Water and Land on H.C.R. No. 13

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (1) 5-3-008:012, Hauula, Koolauloa, Oahu, for the existing riprap revetment, ramp, and rock groin, and the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on August 26, 2022, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the encroachments of the riprap revetment, ramp, and rock groin identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing riprap revetment, ramp, and rock groin.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 13, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3880 Water and Land on H.C.R. No. 14

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (2) 3-8—014:022, Maalaea Beach Lots, Waikapu, Wailuku, Maui, for the existing seawall, and the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Ma'alaea Village Association, and six individuals.

Your Committee received comments on this measure from Milowai Maalaea AOA.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on October 9, 2015, the Board of Land and Natural Resources, subject to conditions, approved a grant of a fifty-five-year non-exclusive easement to resolve the encroachment of the seawall identified in this measure. Your Committee notes that on January 8, 2021, the Board of Land Natural Resources approved an amendment to the decision made on October 9, 2015, to shorten the term of the non-exclusive easement from fifty-five to twenty-five years, or in the event the applicant is unsuccessful in acquiring the fee or obtaining an extension of the ground lease of the abutting apartment property, to end on December 31, 2038, concurrent with the expiration of the ground lease for the abutting apartment property. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3881 Water and Land on H.C.R. No. 22

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key: (1)3-1-039: seaward of 065, Waikiki, Honolulu, Oahu, for the construction, use, repair, and maintenance of concrete steps, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on October 13, 2023, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five year non-exclusive easement to resolve the encroachment of the seawall identified in this measure. Your Committee concludes that the easement is necessary for the construction, use, repair, and maintenance of the concrete steps.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 22, H.D. 2, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 22, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3882 (Joint) Government Operations and Housing on H.C.R. No. 118

The purpose and intent of this measure is to urge the counties to amend or adopt ordinances to be consistent with the Hawaii Housing Finance and Development Corporation's rules regarding residential income requirements on housing projects.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committees find that inconsistent housing regulations between the State and counties can contribute to the high cost of housing in the State. Your Committees further find that the State's housing strategies are undermined when the residential income requirements on certain housing projects established by the counties are lower than those adopted or established by the State. This measure alleviates the stress on residents and housing developers in the State by urging the counties to align their residential income requirements on housing projects with those adopted by the Hawaii Housing Finance and Development Corporation.

Your Committees note that while it is important for counties to have their own regulations in some projects, they must recognize that this could potentially cause a shortfall in funding for said projects. As such, in those instances, the county must come up with the needed funds to cover the shortfall from their own budget.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language to urge the counties to amend or adopt ordinances to be consistent with the Hawaii Housing Finance and Development Corporation's rules regarding not only residential income requirements, but also, affordability terms on housing projects or subsidize any resulting revenue shortfall to the housing project; and
- (2) Amending its title to reflect its amended purpose.

As affirmed by the records of votes of the members of your Committees on Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 118, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 118, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).

Housing: Ayes, 3. Noes, none. Excused, 2 (Chang, Awa).

SCRep. 3883 (Joint) Government Operations and Housing on H.C.R. No. 122

The purpose and intent of this measure is to request the counties to:

- (1) Amend or adopt an ordinance to allow religious, educational, or medical institutions to construct residential units on parcels of lands that are within the state urban land use district and zoned for residential or commercial use that:
 - (A) Limits any proposed development of residential units to less than fifteen acres and no greater than fifty percent of the parcel area; and
 - (B) Requires that any residential unit developed on a religious, educational, or medical institution's property be retained by the institution so long as the institution remains in existence; and
- (2) Make clear that it is not the intent of the ordinance to provide a process to allow developers to create a religious, educational, or medical institution for the sole purpose of circumventing the normal development process.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Grassroot Institute of Hawaii.

Your Committees find that creative solutions, such as allowing certain institutions to develop residential units on their property, are necessary to address the housing shortage in the State. This measure seeks to expand development options in the State's housing market, thereby alleviating price pressure on the private market, preventing the displacement of long-standing residents, and ensuring that the State remains accessible across diverse housing prices and forms. Your Committees note that the changes outlined in this resolution have the potential to be helpful in creating kupuna housing near the future West Maui Hospital, as well as Department of Hawaiian Home Lands housing in the same area.

As affirmed by the records of votes of the members of your Committees on Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 122, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).

Housing: Ayes, 3. Noes, none. Excused, 2 (Chang, Awa).

SCRep. 3884 (Joint) Agriculture and Environment and Commerce and Consumer Protection on H.C.R. No. 161

The purpose and intent of this measure is to request the Department of Agriculture to:

- (1) Convene a working group to review the effectiveness of the relevant state laws governing agricultural-based commercial operations; and
- (2) Submit a report of the working group's findings and recommendations to the Legislature before the Regular Session of 2025.

Your Committees received testimony in support of this measure from Keep the North Shore Country, Hui o Kamamanui, Hawaii's Thousand Friends, and one individual.

Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that there are a number of contested cases alleging the abuse of the intent of Act 113, Session Laws of Hawaii 2012, (Act 113) by agricultural-based commercial operations on agricultural lands that do not necessarily support the agricultural production of those lands. According to testimony received by your Committees, these commercial operations sidestep county planning considerations, defy statewide efforts to protect agricultural land for agricultural production, and ultimately harm farmers by competing for precious land. Your Committees note that the purpose of this measure is to request more information on the issue while acknowledging that the Department of Agriculture does not have the regulatory authority within agricultural districts to enforce or make changes that the working group may recommend. The review of relevant state laws governing agricultural-based commercial operations requested by this measure ensures the intent of Act 113 to enable bona fide agricultural producers to continue to farm in the State and remain profitable.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 161, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Awa).

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3885 (Joint) Labor and Technology and Government Operations on H.C.R. No. 29

The purpose and intent of this measure is to urge the United States Congress to support continued funding of the Affordable Connectivity Program.

Your Committees received testimony in support of this measure from the Office of the Lieutenant Governor, Verizon, Hawaiian Telcom, Charter Communications, Broadband Hui, and one individual.

Your Committees find that under the Affordable Connectivity Program administered by the Federal Communications Commission (FCC), eligible households in the State receive discounts on monthly broadband service and a one-time discount to purchase electronic devices from participating providers, allowing subscribers to afford internet speeds and devices sufficient for key online activities such as at-home learning, health care, banking, and public services. Furthermore, in areas of the State in which broadband is not available, the Affordable Connectivity Program incentivizes the deployment of new broadband infrastructure. Your Committees find, however, that the FCC is in the process of winding down this program that currently benefits over sixty thousand Hawaii households, due to insufficient congressional funding. Therefore, this measure urges continued funding of the Affordable Connectivity Program to ensure that low-income households in the State may continue to access vital online services and resources.

As affirmed by the records of votes of the members of your Committees on Labor and Technology and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 29, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Labor and Technology: Ayes, 5. Noes, none. Excused, none.

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3886 (Joint) Labor and Technology and Health and Human Services on H.C.R. No. 81

The purpose and intent of this measure is to request the Director of Labor and Industrial Relations to amend title 12, chapter 15, Hawaii Administrative Rules, to clarify that compensation for advanced practice registered nurses (APRNs) under the State's Workers' Compensation Law is distinct from compensation for registered nurses (RNs) and shall be one hundred percent of the fees authorized under the Medicare fee schedule.

Your Committees received testimony in support of this measure from the Hawaii's Affiliate of the American College of Nurse-Midwives; Carol A. Orr, MD LLC; and four individuals.

Your Committees received comments on this measure from the Hawai'i State Center for Nursing.

Your Committees find that existing rules adopted by the Department of Labor and Industrial Relations pertaining to the Workers' Compensation Medical Fee Schedule provide that fees for services provided by assistants to providers of service, such as licensed physician assistants and RNs, shall be eighty-five percent of the fees authorized by the Medicare Fee Schedule. Your Committees also find that in Hawaii, APRNs are distinct from RNs. Specifically, APRNs are primary care providers whose scope of practice exceeds that of RNs, and under the State's Workers' Compensation Law, APRNs are included in the definitions of health care provider and physician, who are entitled to receive one hundred percent of the fees authorized under the Medicare Fee Schedule. Your Committees find however, that because the language in the rules do not clearly distinguish APRNs from RNs, some insurance companies, many on the mainland, refuse to reimburse APRNs at a rate of one hundred percent, claiming that APRNs are assistants to providers of service. Therefore, this measure requests the Department of Labor and Industrial Relations to amend the rules to clarify that APRNs are distinct from RNs and shall be reimbursed at one hundred percent of the fees authorized by the Medicare Fee Schedule.

As affirmed by the records of votes of the members of your Committees on Labor and Technology and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 81, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Labor and Technology: Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

Health and Human Services: Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

SCRep. 3887 Labor and Technology on H.C.R. No. 80

The purpose and intent of this measure is to urge state executive departments that utilize the Department of Human Resources Development for hiring purposes to review minimum qualifications and compensation for class specifications for job postings and

provide suggestions, including alternative qualifications that can be used in lieu of existing minimum qualifications, to the Department of Human Resources Development.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

Your Committee finds that in 2022, there were almost four thousand vacant positions across the State's executive departments, which is anticipated to increase as thirty-three percent of the State's workforce is eligible to retire in the next five years. Your Committee further finds that the current hiring process limits a department's flexibility in hiring individuals because funding for a position may be tied to a particular class specification, which requires certain minimum qualifications most applicants for the position may not have. Therefore, this measure will enable state executive departments to share meaningful suggestions to improve the current process and increase the opportunity to recruit and hire qualified individuals capable of filling the growing vacancies.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 80, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 3888 (Majority) Hawaiian Affairs on H.C.R. No. 196

The purpose and intent of this measure is to urge the Hawaiian Homes Commission to consult beneficiaries of the Hawaiian Homes Commission Act of 1920, as amended, regarding alternative waitlist and award prioritization based upon lineal and generational descendancy for Hawaiian Home Lands located in Hana, Maui.

Your Committee received testimony in support of this measure from two individuals.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that there remains an extensive waitlist of native Hawaiian beneficiaries attempting to obtain leases of Hawaiian Home Lands. Under current practice, the Department of Hawaiian Home Lands gives priority to persons on the waitlist based upon their dates of application. Your Committee further finds that basing waitlist prioritization and awards on lineal and generational descentance may be a more culturally appropriate option, especially in rural and remote areas where higher concentrations of these descendants remain. Your Committee therefore believes that the Department of Hawaiian Home Lands should consult beneficiaries regarding this alternative waitlist and award prioritization which would help the Department of Hawaiian Home Lands to mitigate risks as the Department develops new projects and awards new lots in rural areas.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 196, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 196, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3; Ayes with Reservations (Keohokalole, Richards). Noes, 1 (Fevella). Excused, 1 (Ihara).

SCRep. 3889 Housing on H.C.R. No. 131

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to develop a ten-year plan to satisfy Hawaii's housing demand.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and CARES.

Your Committee finds that agencies such as the Hawaii Public Housing Authority are planning to develop a substantial number of homes over the next ten years. Your Committee further finds that the Hawaii Housing Finance and Development Corporation should be at the forefront of proactively working to alleviate the State's housing shortage. Therefore, this measure will require the Hawaii Housing Finance and Development Corporation to submit its ten-year plan to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025.

Your Committee notes the Hawaii Housing Finance and Development Corporation's concerns regarding the numerous obstacles it faces when developing housing within the State, such as insufficient infrastructure, restrictive land use and zoning policies, and lengthy and complex regulatory processes, among others. However, your Committee also notes that the State is experiencing a critical housing shortage with an urgent need for additional units to meet current and future demands. Your Committee further notes its frequent requests and urging of the Hawaii Housing Finance and Development Corporation to provide a similar plan in previous years.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 131, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 3890 Housing on H.C.R. No. 84

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to adopt administrative rules to create a process for housing projects to be exclusively for sale or rent to qualified residents.

Your Committee received testimony in support of this measure from CARES.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Hawaii Housing Finance and Development Corporation requires certain housing projects to offer half of the available units to buyers whose income is at or below one hundred forty percent of the area median income. Your Committee further finds that existing law authorizes certain exemptions from statutes, ordinances, charter provisions, and rules relating to planning, zoning, development and improvement of land, and construction standards for certain housing projects developed by the Hawaii Housing Finance and Development Corporation or with an eligible developer under a government assistance program. However, residential units at all price points are needed to solve the chronic housing shortage for residents. Therefore, this measure will establish an alternate pathway for housing projects seeking an exemption from state laws and rules.

Your Committee notes the concerns raised in the Hawaii Housing Finance and Development Corporation's (HHFDC) testimony that, currently, only projects that are primarily affordable to households earning up to one hundred forty percent of the area median income qualify for expedited review under HHFDC's program pursuant to section 201H-38, Hawaii Revised Statutes. According to HHFDC, an alternative pathway would be a significant policy change and prefers the intent be accomplished through the passage of Senate Bill No. 2066, S.D. 2, H.D. 2, Regular Session of 2024, rather than this measure. Your Committee notes however, that the existing income restrictions identified by HHFDC were in fact established by administrative rules adopted by HHFDC, not by a bill passed by the Legislature.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 84, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 3891 Health and Human Services on Gov. Msg. Nos. 666 and 677

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 666 GERALD ISOBE, for a term to expire 06-30-2027; and

G.M. No. 677 GERALD OHTA, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Gerald Isobe and Gerald Ohta for service on the Disability and Communication Access Board.

GERALD ISOBE

Your Committee received testimony in support of the nomination for the appointment of Gerald Isobe from the Disability and Communication Access Board and two individuals.

Upon review of the testimony, your Committee finds that Mr. Isobe's experience, knowledge, and proven leadership on the Disability and Communication Access Board qualify him for appointment to the Disability and Communication Access Board as an individual with a disability. Your Committee notes that Mr. Isobe served for over forty years as an operating accountant with the United States Department of Defense and retired in September 2020 as a Senior Financial Management Analyst at the Naval Health Clinic Hawaii Headquarter. Mr. Isobe is also dedicated to community service evidenced by his service as the Vice President of the Hawaii Service on Deafness, Treasurer of the Aloha State Association of the Deaf. Your Committee further finds that Mr. Isobe has been serving on the Disability and Communication Access Board since 2019 and chairs the Board's Standing Committee on Communication Access, advocating for and bringing awareness of diverse communication access tools and methods to meet the Americans with Disabilities Act's definition of effective communication. Mr. Isobe's experience and knowledge will continue to be assets to the Disability and Communication Access Board. Your Committee therefore recommends that Gerald Isobe be appointed to the Disability and Communication Access Board based on his experience, knowledge, and commitment to public service.

GERALD OHTA

Your Committee received testimony in support of the nomination for the reappointment of Gerald Ohta from the Disability and Communication Access Board, State Health Planning and Development Agency, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Ohta's experience, knowledge, and proven leadership on the Disability and Communication Access Board qualify him for reappointment to the Disability and Communication Access Board in the capacities of an individual with a disability and an individual knowledgeable in areas for which the Board has rulemaking authority. Your Committee notes that Mr. Ohta served the State for forty-seven years in various roles, including as the Department of Health's Affirmative Action Officer, Departmental Language Access Coordinator, and American with Disabilities Act Coordinator before his retirement in 2017. Mr. Ohta is also dedicated to community service and has served as the President of the Hawaii Public Health Association and a member of the American Public Health Association. Your Committee further finds that Mr. Ohta has been serving on the Disability and Communication Access Board since 2020 and is currently on the Board's Standing Committees on Parking and Transportation, offering his knowledge on disability issues as it relates to programs and services accessibility, communication access, accessible parking, and employment discrimination. Mr. Ohta's experience and knowledge will continue to be assets to the Disability and Communication Access Board. Your Committee therefore recommends that Gerald Ohta be reappointed to the Disability and Communication Access Board based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3892 Health and Human Services on Gov. Msg. Nos. 672, 673, and 674

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF CERTIFICATION OF PUBLIC WATER SYSTEM OPERATORS

G.M. No. 672 WILLIAM WHALEY, for a term to expire 06-30-2028;

G.M. No. 673 IAN ICHIMURA, for a term to expire 06-30-2028; and

G.M. No. 674 ZHAOHUI WANG, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by William Whaley, Ian Ichimura, and Zhaohui Wang for service on the Board of Certification of Public Water System Operators.

WILLIAM WHALEY

Your Committee received testimony in support of the nomination for the appointment of William Whaley from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Whaley's over twenty-five years of operational experience in drinking water distribution systems and water treatment plants and dedication to serving the public qualify him to be appointed to the Board of Certification of Public Water System Operators as an individual duly qualified in the fields of sanitary engineering or public water system operation. Mr. Whaley is currently the Chief of Utilities for the U.S. Army Installation Management Command at U.S. Army Garrison Hawaii, serving as the Water System Operator covering four public water systems, managing the water treatment plants and distribution system. Mr. Whaley built his career at U.S. Army Garrison Hawaii from the bottom up, starting as a helper and rising through numerous positions, including Plumbing Leader, Maintenance Mechanic Leader, and Plumbing Supervisor. In addition, Mr. Whaley is certified as a Grade 3 Distribution System Operator and a Grade 1 Water Treatment Plant Operator, and therefore, understands the value of a certification program. Furthermore, Mr. Whaley has served on the Board of Directors for Hawaii Rural Water Association, and has a thorough understanding of the role and responsibilities of board members. Your Committee finds that Mr. Whaley's professional experience and certifications will bring valuable insight to the Board of Certification of Public Water System Operators from an operator's perspective. Your Committee therefore recommends that William Whaley be appointed to the Board of Certification of Public Water System Operators based on his knowledge, background, and dedication to public service.

IAN ICHIMURA

Your Committee received testimony in support of the nomination for the appointment of Ian Ichimura from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Ichimura's over eleven years of operational experience in drinking water distribution systems and water treatment plants and dedication to serving the public qualify him to be appointed to the Board of Certification of Public Water System Operators as an individual duly qualified in the fields of sanitary engineering or public water system operation. Mr. Ichimura is currently the President of Pural Water Specialty Co., Inc., a company that employs distribution system and water treatment plant operators. As President, Mr. Ichimura is responsible for overseeing the company's operations of public water systems across the State. Before his promotion to President, Mr. Ichimura served as the company's Vice President and Finance and Operations Manager, responsible for the operation and maintenance of over twenty potable and non-potable water systems. Furthermore, Mr. Ichimura is certified as a Grade 3 Distribution System Operator and a Grade 2 Water Treatment Plant Operator, and therefore, understands the value of a certification program. Your Committee finds that Mr. Ichimura's professional experience and certifications will bring valuable insight to the Board of Certification of Public Water System Operators from both an operator's and small business owner's perspective.

ZHAOHUI WANG

Your Committee received testimony in support of the nomination for the appointment of Zhaohui Wang from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Wang's nearly ten years of experience as an Environmental Engineer with the Department of Health Safe Drinking Water Branch and dedication to serving the public qualify him to be appointed to the Board of Certification of Public Water System Operators as an individual duly qualified in the fields of sanitary engineering or public water system operation. Mr. Wang is currently the Acting Supervisor of the Compliance and Enforcement Section of the Department of Health Safe Drinking Water Branch, which issues operator certifications, ensures each public water system is operated by certified operators, and provides direct support to the Board of Certification of Public Water System Operators. Your Committee finds that Mr. Wang has a thorough understanding of the role and responsibilities of board members and his extensive experience in the field of public water system operation, providing technical assistance to water purveyors regarding drinking water regulations, will enhance the effectiveness of the Board of Certification of Public Water System Operators. Your Committee therefore recommends that Zhaohui Wang be appointed to the Board of Certification of Public Water System Operators based on his knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Health and Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3893 Health and Human Services on Gov. Msg. No. 548

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 548 HANNAH PRESTON-PITA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Hannah Preston-Pita for service on the Health Planning Council, Hawaii County Subarea.

Your Committee received testimony in support of the nomination for the appointment of Hannah Preston-Pita from the State Health Planning and Development Agency; Office of the Mayor of the County of Hawai'i; Health Planning Council, Hawai'i County Subarea; one member of the Hawai'i County Council; Ka Hale Pomaika'i; HinaMauka; and one individual.

Upon review of the testimony, your Committee finds that Dr. Preston-Pita's background and dedication to serving the public qualify her to be appointed to the Health Planning Council, Hawaii County Subarea. Dr. Preston-Pita received a doctorate and master's degree in Clinical Psychology from Argosy University and a doctorate in Education from Concordia University. Dr. Preston-Pita became a licensed clinical psychologist in 2008, and provided integrated behavioral health services and program development in rural areas of Oahu, including at Waimanalo Community Health Center and Kahuku Hospital. In 2011, Dr. Preston-Pita became a licensed clinical psychologist at the Big Island Substance Abuse Council, and was promoted to her current position of Chief Executive Officer in 2012. Your Committee finds that Dr. Preston-Pita has a thorough understanding of the role and responsibilities of board members and her extensive knowledge in clinical psychology and expertise in providing health care and support services in rural settings will continue to enhance the effectiveness of the Hawaii County Subarea Health Planning Council. Your Committee therefore recommends that Dr. Hannah Preston-Pita be appointed to the Health Planning Council, Hawaii County Subarea based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

SCRep. 3894 Health and Human Services on Gov. Msg. No. 551

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HONOLULU SUBAREA

G.M. No. 551 TRISHA KAJIMURA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Trisha Kajimura for service on the Health Planning Council, Honolulu Subarea.

Your Committee received testimony in support of the nomination for the appointment of Trisha Kajimura from the State Health Planning and Development Agency, American Lung Association in Hawai'i, Parents and Children Together, Mental Health America of Hawai'i, Hawai'i Alliance of Nonprofit Organizations, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Kajimura's background and dedication to serving the public qualify her to be nominated for appointment to the Health Planning Council, Honolulu Subarea. Your Committee notes that Ms. Kajimura is currently the Vice President of Strategy and External Affairs at Parents and Children Together. Previously, Ms. Kajimura has held numerous leadership roles at various health organizations, including Deputy Director at Hawai'i Health & Harm Reduction Center from 2021 to 2023; Director of Business Development and Public Relations at Sutter Health Kahi Mohala from 2020 to 2021; Executive Director at Mental Health America of Hawai'i from 2016 to 2020; and Social Policy Director at Catholic Charities Hawai'i from 2012 to 2016. Your Committee also notes that Ms. Kajimura holds a Master of Public Health degree from the University of Hawaii at Manoa. Your Committee further notes that Ms. Kajimura has served on various boards and advisory committees, including as a member of the Hawaii Public Association Board of Directors, Hawaii Alliance of Non-Profit Organization Board of Directors, Western Region Public Health Training Center Advisory Board, and Public Health Training Hui Advisory Committee, and therefore has a thorough understanding of the role and responsibilities of council members. Your Committee finds that Ms. Kajimura's extensive experience in public health administration and community involvement will enhance the effectiveness of the Honolulu Subarea Health Planning Council. Your Committee therefore recommends that Trisha Kajimura be appointed to the Health Planning Council, Honolulu Subarea based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

SCRep. 3895 Health and Human Services on Gov. Msg. No. 553

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 553 RAHNIA BOYER, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Rahnia Boyer for service on the Health Planning Council, Tri-Isle Subarea.

Your Committee received no testimony for the nomination for the appointment of Rahnia Boyer.

Your Committee finds that Ms. Boyer's background and extensive experience in health care operations qualify her to be nominated for appointment to the Health Planning Council, Tri-Isle Subarea. Your Committee notes that Ms. Boyer has nearly twenty years of leadership experience in the health care industry in Hawaii and Alaska, and therefore understands the need for strategic planning, transparent communication, and collaborative efforts in addressing the various issues relating to the provision of health care in rural settings. Ms. Boyer is currently the Executive Director at Lanai Community Health Center and Vice President of Village Health at Yukon-Kuskokwim Health Corporation. Ms. Boyer has held leadership roles at various health care organizations, including serving as the Vice President of Workforce Development, Education Director, and Nicotine Control and Research Program Manager at Yukon-Kuskokwim Health Corporation and as the Chronic Care Active Management and Prevention Director at Norton Sound Health Corporation. Your Committee also notes that Ms. Boyer received a master's degree in Communication and Leadership from Gonzaga University. Furthermore, Ms. Boyer has a thorough understanding of the role and responsibilities of council members through her previous service on the federally appointed Community Health Aide Program Certification Board in Alaska. Your Committee finds that Ms. Boyer's knowledge and expertise in health care management in rural settings will continue to enhance the effectiveness of the Tri-Isle Subarea Health Planning Council. Your Committee therefore recommends that Rahnia Boyer be appointed to the Health Planning Council, Tri-Isle Subarea based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

SCRep. 3896 Health and Human Services on Gov. Msg. No. 554

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, WINDWARD OAHU SUBAREA

G.M. No. 554 CHERIE CHU, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Cherie Chu for service on the Health Planning Council, Windward Oahu Subarea.

Your Committee received testimony in support of the nomination for the appointment of Cherie Chu from the State Health Planning and Development Agency and University of Hawai'i System.

Upon review of the testimony, your Committee finds that Dr. Chu's background and extensive experience in the health care field qualify her to be nominated for appointment to the Health Planning Council, Windward Oahu Subarea. Your Committee notes that Dr. Chu is a Board Certified Clinical Care Pharmacist with a Doctor of Pharmacy degree from the University of Hawaii at Hilo. Dr. Chu has been serving as a Clinical Pharmacist at The Queen's Medical Center Emergency Department since 2014, and as a practicing Associate Professor at the University of Hawaii at Hilo Daniel K. Inouye College of Pharmacy, serving as an ICU Clinical Pharmacist at Adventist Health Castle Medical Center since 2013. Dr. Chu teaches multiple pharmacy courses, has co-authored peer-reviewed health publications, and conducted numerous continuing education presentations and research projects. Your Committee also notes that Dr. Chu's experience as a front-line worker during the coronavirus disease 2019 pandemic has given her valuable insights into the inequities in the current health care system, gaps in care, community health needs, and the importance of collaboration and advocacy in achieving positive health outcomes. Your Committee acknowledges testimony stating that Dr. Chu has been serving as a valuable member of the Windward Oahu Subarea Health Planning Council, and find that her skills, expertise, and knowledge in emergency and acute care and over ten years of experience as a licensed pharmacist will continue to increase the effectiveness of the Council. Your Committee therefore recommends that Cherie Chu be appointed to the Health Planning Council, Windward Oahu Subarea based on her knowledge, experience, and dedication to serving the public.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

SCRep. 3897 Health and Human Services on Gov. Msg. No. 670

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII CHILDREN'S TRUST FUND ADVISORY BOARD

G.M. No. 670 WENDY BOTELHO-CORTEZ, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Wendy Botelho-Cortez for service on the Hawaii Children's Trust Fund Advisory Board.

Your Committee received testimony in support of the nomination for the appointment of Wendy Botelho-Cortez from the YMCA of Honolulu, Hilo Y's Men & Women's Club, Zonta Club of Hilo, Hawaii State Coalition Against Domestic Violence, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Botelho-Cortez's background and dedication to advancing youth and strengthening families in the State qualify her to be appointed to the Hawaii Children's Trust Fund Advisory Board as a member appointed by the Governor from a list of seven names submitted by the Hawaii Community Foundation. Your Committee notes that Ms. Botelho-Cortez has held various roles in the field of social work since 1992, including over twenty-one years of service as a Social Worker for various State departments including the Department of Health Developmental Disabilities Division, Department of Human Services Child Welfare Services Branch (CWS), and Department of Public Safety Hawaii Community Correctional Center. Your Committee further notes that Ms. Botelho-Cortez's experience at the Department of Health and CWS, both in case management positions and as a foster parent, legal guardian, and adoptive parent, and being the legal guardian of a child with mental health issues has provided her with a deep understanding of the needs and challenges Hawaii's keiki and families face on a daily basis. Ms. Botelho-Cortez is currently the Chief Executive Officer for the Island of Hawaii YMCA. Previously, Ms. Botelho-Cortez was an Activities Director for the Hilo Legacy Rehabilitation and Nursing Center. Your Committee finds that Ms. Botelho-Cortez has a thorough understanding of the role and responsibilities of board members and her extensive experience in social work and personal experience as a parent and legal guardian will enhance the effectiveness of the Hawaii Children's Trust Fund Advisory Board. Your Committee therefore recommends that Wendy Botelho-Cortez be appointed to the Hawaii Children's Trust Fund Advisory Board based on her knowledge, background, and dedication to the well-being of Hawaii's youth.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3898 Water and Land on Gov. Msg. No. 695

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I COMMUNITY DEVELOPMENT AUTHORITY (KAKAAKO DISTRICT)

G.M. No. 695 MICHAEL CHINA, for a term to expire 06-30-2028. (term to expire amended to 06-30-2025 by GM749)

Your Committee reviewed the personal history, resume, and statement submitted by Michael China for service on the Hawai'i Community Development Authority (Kakaako District).

Your Committee received testimony in support of the nomination for the appointment of Michael China from the Hawai'i Community Development Authority and two individuals.

Upon review of the testimony, your Committee finds that Mr. China's experience, background, and dedication to the redevelopment of the Kakaako Community District qualify him for appointment to the Hawai'i Community Development Authority as a member. Your Committee notes that Mr. China is currently employed by the Ho'ea Wealth Advisory Group, the only wealth management team from Hawaii to be listed on Forbes' rankings of top wealth management teams. Mr. China is active in his community and serves on the advisory board for McKinley High School's Business Academy, and is also the head coach of Punahou's Varsity Division II boys' volleyball team. Your Committee finds that Mr. China thoroughly understands the roles and responsibilities of board members and his knowledge, experience, and desire to responsibly develop the Kakaako Community will be assets to the Hawai'i Community Development Authority. Your Committee therefore recommends that Michael China be appointed to the Hawai'i Community Development Authority for matters affecting the Kakaako District based on his knowledge, experience, and willingness to serve the public.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

SCRep. 3899 Water and Land on Gov. Msg. No. 696

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I COMMUNITY DEVELOPMENT AUTHORITY (KALAELOA DISTRICT)

G.M. No. 696 MIKI'ALA LIDSTONE, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Miki'ala Lidstone for service on the Hawai'i Community Development Authority (Kalaeloa District).

Your Committee received testimony in support of the nomination for the appointment of Miki'ala Lidstone from the Hawai'i Community Development Authority and two individuals.

Upon review of the testimony, your Committee finds that Ms. Lidstone's experience, background, and dedication to the redevelopment of the Kalaeloa District qualify her for appointment to the Hawai'i Community Development Authority as a member. Your Committee notes that since December 2014, Ms. Lidstone has been the Executive Director of Ulu A'e Learning Center where she manages and directs culturally grounded, place-based out-of-school and community programs and events in West Oahu. Before her employment at Ulu A'e, Ms. Lidstone was a Hawaiian Language and English teacher at Kapolei High School from 2004 to 2018. Ms. Lidstone is involved in her community and has volunteered as a Kumu Hula at Halau 'O Kaululaua'e since 2005. Your Committee finds that Ms. Lidstone thoroughly understands the role of board members and her knowledge, experience, and desire to nurture community engagement will be assets to the Hawai'i Community Development Authority. Your Committee therefore recommends that

Miki'ala Lidstone be appointed to the Hawai'i Community Development Authority for matters affecting the Kalaeloa District based on her knowledge, experience, and willingness to serve the public.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

SCRep. 3900 Water and Land on Gov. Msg. No. 697

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I COMMUNITY DEVELOPMENT AUTHORITY (PULEHUNUI DISTRICT)

G.M. No. 697 GLENN YAMASAKI KIMURA, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Glenn Yamasaki Kimura for service on the Hawai'i Community Development Authority (Pulehunui District).

Your Committee received testimony in support of the nomination for the appointment of Glenn Yamasaki Kimura from the Hawai'i Community Development Authority and five individuals.

Upon review of the testimony, your Committee finds that Mr. Yamasaki Kimura's experience, background, and dedication to the redevelopment of the Pulehunui District qualify him for appointment to the Hawai'i Community Development Authority as a member representing small business owners and officers or directors of non-governmental organizations. Your Committee notes that Mr. Yamasaki Kimura is the current President of No Ka Oi Energy, LLC, a renewable energy development company, where he is responsible for sales and marketing, procurement of engineering partners, development of marketing material, raising of capital, market research and analysis, and contract negotiation. Mr. Yamasaki Kimura is involved in his community, having served as a Trustee and Treasurer of Seabury Hall since 2014 and as a member of the Maui Economic Opportunity Board since 2022. Your Committee finds that Mr. Yamasaki Kimura thoroughly understands the role and responsibilities of board members and his knowledge, experience, and desire to responsibly develop the Pulehunui District will enhance the effectiveness of the Hawai'i Community Development Authority. Your Committee therefore recommends that Glenn Yamasaki Kimura be appointed to the Hawai'i Community Development Authority for matters affecting the Pulehunui District based on his knowledge, experience, and willingness to serve the public.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

SCRep. 3901 Water and Land on Gov. Msg. Nos. 698 and 699

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 698 MYLES MIYASATO, for a term to expire 06-30-2025; and

G.M. No. 699 KEN HAYASHIDA, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Myles Miyasato and Ken Hayashida for service on the Land Use Commission.

MYLES MIYASATO

Your Committee received testimony in support of the nomination for the appointment of Myles Miyasato from the Land Use Commission, Office of the Mayor of the County of Hawai'i, County of Hawai'i Planning Department, one member of the Hawai'i County Council, Hawaii State AFL-CIO, Operating Engineers Local Union No. 3, Hawai'i Nurses Association – OPEIU Local 50, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Miyasato's experience, background, and commitment to public service qualify him for appointment to the Land Use Commission. Your Committee notes that, after graduating from the carpentry program at Maui Community College, Mr. Miyasato was employed by a Maui-based engineering firm as a land surveyor and draftsman. Mr. Miyasato also worked at the Hawai'i Operating Engineers Stabilization Fund for seventeen years before retiring as the Executive Director. Mr. Miyasato is active in his community, serving as Chair of the Hawai'i County Cost of Government Commission, as a member of the County's Transportation Commission, and as a member and Chair of the East Hawai'i Planning Commission. Your Committee finds that Mr. Miyasato thoroughly understands the role and responsibilities of commissioners and his experience, knowledge, and dedication to public service will enhance the effectiveness of the Land Use Commission. Your Committee therefore recommends that Myles Miyasato be appointed to the Land Use Commission based on his experience, knowledge, and desire to serve the public.

KEN HAYASHIDA

Your Committee received testimony in support of the nomination for the appointment of Ken Hayashida from the Land Use Commission; Office of the Mayor of the County of Hawai'i; County of Hawai'i Planning Department; Research Corporation of the

University of Hawai'i; Hawaii State AFL-CIO; General Contractors Association of Hawaii; Operating Engineers Local Union No. 3; Akinaka and Associates, LTD.; NAIOP Hawaii; and nine individuals.

Upon review of the testimony, your Committee finds that Mr. Hayashida's experience, background, and commitment to public service qualify him for appointment to the Land Use Commission. Your Committee notes that Mr. Hayashida is currently the President of KAI Hawaii, Inc., a structural engineering firm. Prior to his employment at KAI Hawaii, Inc., Mr. Hayashida worked as a structural engineer, project engineer, and project manager at various companies. Mr. Hayashida is active in his community and has served as a member or chair or director of various organizations, including the Research Corporation of the University of Hawaii, City and County of Honolulu Planning Commission, American Council of Engineering Companies, and State of Hawaii Earthquake Advisory Board. Your Committee finds that Mr. Hayashida thoroughly understands the role of commissioners and his expertise, experience, and knowledge will enhance the effectiveness of the Land Use Commission. Your Committee therefore recommends that Ken Hayashida be appointed to the Land Use Commission based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

SCRep. 3902 (Majority) Water and Land on Gov. Msg. No. 594

Recommending that the Senate advise and consent to the nomination of the following:

DEPUTY DIRECTOR, DEPARTMENT OF LAND AND NATURAL RESOURCES

G.M. No. 594 RYAN KANAKA'OLE, for a term to expire 12-31-2026. (Term expiration date amended to 12-07-26 by GM693)

Your Committee reviewed the personal history, resume, and statement submitted by Ryan Kanaka'ole for service as the Deputy Director of the Department of Land and Natural Resources.

Your Committee received testimony in support of the nomination for the appointment of Ryan Kanaka'ole from the Office of the Governor; Department of Budget and Finance; Department of Land and Natural Resources; Department of Corrections and Rehabilitation; Department of Agriculture; Department of Labor and Industrial Relations; Department of Hawaiian Home Lands; Department of Transportation; Department of Taxation; Department of Law Enforcement; Department of Commerce and Consumer Affairs; Department of Defense; Department of Business, Economic Development, and Tourism; Department of Health; Department of Accounting and General Services; Hawaii Housing Finance and Development Corporation; Hawaii Public Housing Authority; Hawai'i State Energy Office; Agribusiness Development Corporation; Hawaii State Aha Moku; Division of State Parks of the Department of Land and Natural Resources; Office of Enterprise Technology Services; Kaho'olawe Island Reserve Commission; one member of the Hawai'i County Council; and fifty-four individuals.

Your Committee received comments on the nomination for the appointment of Ryan Kanaka'ole from one individual.

Upon review of the testimony, your Committee finds that Mr. Kanaka'ole's extensive experience in various state and county positions and community involvement qualify him for appointment to the position of Deputy Director of the Department of Land and Natural Resources.

Your Committee finds that Mr. Kanaka'ole has served as the interim Deputy Director of the Department of Land and Natural Resources since January 2024 where he assumed the role of Legislative Coordinator, reviewing and weighing in on hundreds of bills that directly impact the Department. Mr. Kanaka'ole previously served as a Deputy Attorney General, providing counsel for the Hawai'i Housing Finance and Development Corporation, Mauna Kea Stewardship Oversight Authority, and Department of Hawaiian Home Lands. In addition to his service in the Department of the Attorney General, Mr. Kanaka'ole served as General Counsel and as an analyst in the Office of the Auditor, as Deputy Corporation Counsel in the Office of the Corporation Counsel of Hawai'i County, and as a Law Clerk to the Honorable Steven S. Alm in the First Circuit Court of Hawai'i. Mr. Kanaka'ole's legal expertise in real property, land use, Native Hawaiian law, civil litigation, trusts, contracts, and administrative law will enhance the effectiveness of the Department of Land and Natural Resources.

Your Committee further finds that Mr. Kanaka'ole is active in his community and served on the Board of Directors for Nā Mamo o Kāwā, a 501(c)(3) nonprofit organization that provides cultural and environmental stewardship for seven hundred eighty-five acres of undeveloped shoreline in the Ka'ū District of Hawai'i Island from 2017 to 2020. While there, he created the group's coastal and dryland forest revegetation program and secured over \$250,000 in grant funding. Your Committee notes that Mr. Kanaka'ole served as the O'ahu Director for the Young Lawyers Division of the Hawai'i State Bar Association from 2020 to 2021. Mr. Kanaka'ole holds a Bachelor of Arts in Political Science with Highest Honors from the University of Hawai'i at Hilo and a Juris Doctor and Certificate in Native Hawaiian Law from the University of Hawai'i at Mānoa's William S. Richardson School of Law.

Testifiers frequently highlight Mr. Kanaka'ole's calmness and even temperament, his cultural foundation growing up in Ka'ū, and work with community stakeholders who share a similar mission to the Department of Land and Natural Resources that benefits both the Department and the people of Hawaii. Mr. Kanaka'ole's experience, effective leadership, and utmost dedication to his job and his community will be assets to the Department of Land and Natural Resources. Your Committee therefore recommends that Ryan Kanaka'ole be appointed to the position of Deputy Director of the Department of Land and Natural Resources based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (McKelvey). Noes, 1 (Chang). Excused, 1 (Fevella).

SCRep. 3903 Higher Education on H.C.R. No. 205

The purpose and intent of this measure is to urge the University of Hawaii to adopt and publicize a statewide equity statement.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that college and university-based diversity, equity, and inclusion initiatives provide critical support to their respective student populations. However, diversity, equity, and inclusion initiatives have faced scrutiny and attacks in recent years, threatening academic freedom and undermining future student success. Your Committee further finds that the University of Hawaii has made substantial contributions to the work of diversity, equity, and inclusion at all ten campuses in the University of Hawaii System, creating opportunities for historically underrepresented populations in higher education, including Native Hawaiians, Pacific Islanders, Filipinos, first-generation college students, and Pell Grant recipients. Therefore, this measure urges the adoption and publication of a statewide equity statement to affirm support and demonstrate the importance of diversity, equity, and inclusion.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 205, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3904 Health and Human Services on H.C.R. No. 172

The purpose and intent of this measure is to request the Director of Health to convene a working group to address issues relating to patient transfer and ambulance services and evaluate potential solutions.

Your Committee received testimony in support of this measure from the Hawaii Medical Association, Air Methods Corporation, Hawaii Chapter of the American College of Emergency Physicians LLC, and one individual.

Your Committee received comments on this measure from the Department of Health and American Medical Response.

Your Committee finds that patients on Oahu and the neighbor islands are currently experiencing significant delays in receiving necessary health care while waiting for transfer to a facility that can provide a higher level of care. Your Committee further finds that only one company, Hawaii Life Flight, offers air ambulance services for neighbor islands, and that American Medical Response is the sole private ground ambulance and primary provider of inter-facility transport on Oahu, considering that Honolulu Emergency Medical Services' primary focus is emergency 911 responses. Your Committee additionally finds that the input, expertise, and collaborative efforts of the many stakeholders involved in providing care to patients throughout the State is necessary to develop and evaluate potential solutions to address issues with the current patient transfer and ambulance system. Therefore, this measure requests the convening of a working group to allow relevant stakeholders to collaborate to address these issues and evaluate potential solutions.

Your Committee has amended this measure by:

- (1) Clarifying that the stakeholders requested to be invited to serve on the working group as transportation service providers include current and future air and ground transportation service providers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 172, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 172, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3905 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 52

The purpose and intent of this measure is to urge the Department of Law Enforcement, fire departments and police departments of each county, humane societies in each county, and media organizations throughout the State to collaborate to create and disseminate public service announcements to highlight the dangers of, and advocate against the use of, illegal fireworks in order to protect the health and safety of the community, pets, and wildlife.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Land and Natural Resources, and one individual.

Your Committee finds that illegal fireworks in Hawaii pose significant safety, environmental, and health issues throughout the State. Your Committee further finds that while fireworks are viewed as generally safe, injuries are common, psychological trauma can occur, and animals and wildlife are at severe risk. Your Committee concludes that a collaboration with the Department of Law Enforcement, fire departments and police departments of each county, humane societies in each county, and media organizations throughout the State to disseminate a Public Service Announcement is necessary to reduce the significant widespread effects of fireworks.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 52, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 52, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3906 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 134

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency to identify and submit a request for an appropriate grant, including but not limited to a hazard mitigation assistance grant or pre-disaster mitigation program grant, to the Federal Emergency Management Agency for rockfall mitigation in Moanalua Gardens and Moanalua Valley, Oahu, under the Tripler Army Medical Center hillside.

Your Committee received no testimony on this measure.

Your Committee finds that on Oahu, the Moanalua Gardens and Moanalua Valley communities are considered a high-risk zone for landslides and rockfalls. Your Committee further finds that because of federal jurisdiction over hillsides near these areas, the United States Army Corps of Engineers has previously conducted rockfall mitigation projects to ensure the safety of federally owned buildings such as Tripler Army Medical Center. Your Committee concludes that while the Hawaii Emergency Management Agency is responsible for planning for and responding to natural and human-caused emergencies in the State, federal assistance from the Federal Emergency Management Agency is necessary to ensure the safety of the Moanalua Gardens and Moanalua Valley communities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 134, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 134, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3907 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 160

The purpose and intent of this measure is to request the Women's Corrections Implementation Commission to develop a strategy and make recommendations to reduce the number of women incarcerated at the Women's Community Correctional Center by twenty-five percent by 2029.

Your Committee received testimony in support of this measure from the Judiciary, Department of Corrections and Rehabilitation, Criminal Justice Research Institute, ACLU of Hawai'i, Women's Prison Project, YWCA O'ahu, Hawai'i Friends of Restorative Justice, Adult Friends for Youth, and five individuals.

Your Committee finds that a task force established by House Concurrent Resolution No. 85, H.D. 2, S.D. 1, Regular Session of 2016, found that the current model of prisons in the State reinforces institutionalized thought patterns and re-traumatizes women. Your Committee further finds that the lack of progress diverting women from the criminal justice system can be traced to two failings: the lack of a definite, measurable goal by which to reduce the number of incarcerated women and a lack of resources allocated to proven community-based rehabilitative programs. Your Committee concludes that it is imperative to establish policy changes regarding probation, parole, and restitution; set measurable goals to reduce the number of incarcerated women; and provide sufficient resources to community-based programs to include mental health counseling, drug and alcohol treatment, education, and job training to improve the prison system for incarcerated women and reduce the amount of women incarcerated.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 160, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 160, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3908 (Joint) Public Safety and Intergovernmental and Military Affairs and Judiciary on H.C.R. No. 194

The purpose and intent of this measure is to request the Department of Law Enforcement to conduct a study to determine if xylazine testing strips should be excluded from the State's definition of drug paraphernalia.

Your Committees received testimony in support of this measure from the Department of Law Enforcement, Department of Health Alcohol and Drug Division, and Hawaii Substance Abuse Coalition.

Your Committees find that recently criminal fentanyl manufacturers are combining xylazine, a sedative commonly used in veterinary medicine, with fentanyl to create a potent drug combination that increases the likelihood of a fatal drug overdose. Your Committees further find that legislatures across the country have altered their drug paraphernalia laws to either explicitly legalize fentanyl test strips or generally legalize drug testing equipment in order to combat fentanyl overdoses. Your Committees conclude that to decrease fatal overdoses within the State, it is necessary for the Department of Law Enforcement to study if xylazine testing strips should be excluded from the State's definition of drug paraphernalia.

As affirmed by the records of votes of the members of your Committees on Public Safety and Intergovernmental and Military Affairs and Judiciary that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 194, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety and Intergovernmental and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Awa).

Judiciary: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3909 Health and Human Services on H.C.R. No. 71

The purpose and intent of this measure is to request the Department of Health to convene a Stakeholder Working Group to make recommendations to enhance meaningful access to health care in the State through the provision of language assistance services.

Your Committee received testimony in support of this measure from the Department of Health, Office of Language Access, State Health Planning and Development Agency, Hawai'i Coalition for Immigrant Rights, Hawai'i Friends of Civil Rights, AlohaCare, Hawai'i Primary Care Association, Hawai'i Appleseed Center for Law and Economic Justice, Hawai'i Children's Action Network Speaks!, Hawai'i Alliance for Progressive Action, Hawaii Medical Service Association, and three individuals.

Your Committee finds that Title VI of the Civil Rights Act of 1964 mandates recipients of federal financial assistance to take reasonable steps to provide meaningful access to programs, services, and activities for limited English proficient persons. Your Committee further finds that while major hospitals across the State have made strides in addressing language barriers, much remains to be done to ensure comprehensive language access in health care settings to guarantee equitable and effective communication for all individuals, particularly those with limited English proficiency. This measure requests the convening of a Stakeholder Working Group to make recommendations to improve effective communication in health care and human services to prevent misdiagnosis, delayed medical treatment, and language access barriers to necessary services and programs.

Your Committee has amended this measure by:

- (1) Inserting language to request the Department of Health to invite at least one limited English proficient individual with experience accessing health services to participate in the Stakeholder Working Group;
- (2) Inserting language to request the Stakeholder Working Group's study and assessment of language access in health care settings across the State and on each island in the State to include the benefits and impacts of technologies such as artificial intelligence; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 71, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 71, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3910 Health and Human Services on H.C.R. No. 187

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on best practices for nurse staffing in health care facilities.

Your Committee received testimony in support of this measure from the Hawaii State AFL-CIO, Hawai'i Nurses' Association-OPEIU Local 50, and one individual.

Your Committee received comments on this measure from the Legislative Reference Bureau, Healthcare Association of Hawaii, and Hawai'i State Center for Nursing.

Your Committee finds that the State is facing a persistent health care staffing shortage, which has been exacerbated by the challenges posed by the coronavirus disease 2019 pandemic. Your Committee further finds that as a result of this ongoing shortage, the staff-to-patient ratio has greatly increased, leading to working conditions becoming increasingly unpredictable and unsafe and increasing the rate of burnout among health care professionals. This measure requests the Legislative Reference Bureau to conduct a study to identify best practices in labor standards for health care facilities to help inform lawmakers on how to improve working conditions for health care professionals and increase recruitment and retention.

Your Committee notes the concerns raised in the Legislative Reference Bureau's testimony that the Bureau lacks specific subject matter expertise necessary to conduct the requested study and that they do not have any staff with specific expertise in or particular knowledge of matters relating to health care, health care staffing, patient safety and best practices, or occupational safety. Therefore, there is a need to amend this measure to limit the scope of the requested study.

Accordingly, your Committee has amended this measure by:

- (1) Removing language that would have requested the Legislative Reference Bureau to conduct a study on best practices for nurse staffing in health care facilities which would assess and discuss:
 - (A) Best practices, as set forth by entities such as The Joint Commission, on staffing for hospitals and other settings of care;
 - (B) The effectiveness of different types of staffing standards in ensuring patient and worker safety, and quality of care;
 - (C) Existing staffing standards and regulations in other states;
 - (D) Alternative approaches to staffing standards, such as acuity-based staffing models or nurse-driven staffing decisions;
 - (E) The experiences and perspectives of health care professionals, including nurses, administrators, and other stakeholders, regarding staffing standards;
 - (F) The potential benefits and challenges associated with implementing staffing standards in Hawaii; and

- (G) The costs of implementing various staffing standards, including nurse-to-patient ratios;
- (2) Inserting language to request the Legislative Reference Bureau to conduct a study on best practices for nurse staffing in health care facilities which shall assess and discuss:
- (A) Existing nursing staffing standards and regulations in other states; and
- (B) A literature review of best practices for staffing and workforce development, along with successful efforts in other states to address the nursing workforce shortage; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 187, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 187, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3911 Energy, Economic Development, and Tourism on H.C.R. No. 184

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to collaborate with universities in the State to convene the Hawaii Creative Innovation Group.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and University of Hawai'i System.

Your Committee finds that the fashion and music industries in the State contribute to economic growth, job creation, cultural preservation, and tourism development, and that the State's diverse ecosystem of artists, venues, recording studios, and educational institutions strengthens the State's cultural identity and enriches the lives of residents and visitors alike. Your Committee further finds that fashion and design education programs in the University of Hawaii System and at other universities in the State can provide the training necessary to advance creative entrepreneurs in these industry sectors. This measure therefore requests the convening of the Hawaii Creative Innovation Group to develop a strategy by which the State can grow emerging creative sectors into new brands, music placement, music sectors, companies, and value-added businesses in design, fashion, and technology.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 184, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (Kim, Fevella). Noes, none. Excused, 1 (DeCoite).

SCRep. 3912 Energy, Economic Development, and Tourism on H.C.R. No. 70

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to convene a Sports Wagering Working Group to conduct an analysis of the potential legalization and regulation of online sports wagering in Hawaii.

Your Committee received testimony in support of this measure from DraftKings Inc. and Sports Betting Alliance.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism and SidePrize LLC d/b/a PrizePicks.

Your Committee finds that a robust illegal sports betting market thrives in the absence of a legal, regulated framework. Your Committee further finds that by channeling sports wagering activity into a responsible, regulated, and legal market, the State stands to gain millions of dollars each year in additional tax revenue. This measure requests the convening of a Sports Wagering Working Group to analyze the benefits and impacts of legalization and regulation of online sports wagering in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Sports Wagering Working Group is requested to submit a report on its analysis, including any findings, recommendations, and proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2026, rather than the Regular Session of 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 70, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4; Ayes with Reservations (Kim, Fevella). Noes, none. Excused, 1 (DeCoite).

SCRep. 3913 Energy, Economic Development, and Tourism on H.C.R. No. 213

The purpose and intent of this measure is to request the Hawaii State Energy Office to convene a Renewable Liquid Fuels Working Group to study local production, development, and incentives for renewable liquid fuels.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office; Airlines Committee of Hawaii, Inc.; Neste; Pono Pacific Land Management, LLC; Hawaiian Airlines; Hawai'i Gas; Pacific Biodiesel Technologies, LLC; Par Hawaii; Airlines for America; Island Energy Services; and one individual.

Your Committee finds that the transportation sector significantly contributes to greenhouse gas emissions, and renewable liquid fuels offer a viable solution to mitigate greenhouse gas emissions across various modes of transportation, including aviation. Your Committee further finds that the State is heavily dependent on various modes of transportation for tourism, commerce, and inter-island travel; is particularly susceptible to the impacts of climate change; and has a vested interest in fostering a comprehensive, diverse portfolio of renewable liquid fuels. This measure establishes a Renewable Liquid Fuels Working Group to explore how to best facilitate and incentivize the production of a range of renewable liquid fuels in the State and to provide valuable insights and recommendations for promoting the adoption and development of this critical sector.

Your Committee has amended this measure by:

- (1) Inserting language requesting that a representative of the Airlines Committee of Hawaii be invited to participate in the Renewable Liquid Fuels Working Group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 213, H.D. 2, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 213, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Kim, Fevella). Noes, none. Excused, 1 (DeCoite).

SCRep. 3914 Health and Human Services on H.C.R. No. 91

The purpose and intent of this measure is to request the Department of Human Services to establish a working group to address issues relating to reimbursements and payments to home- and community-based services providers.

Your Committee received testimony in support of this measure from the Big Island Adult Foster Home Operators, International Longshore & Warehouse Union International, International Longshore & Warehouse Union Local 1000, and six individuals.

Your Committee received comments on this measure from the Department of Human Services and Healthcare Association of Hawaii.

Your Committee finds that home- and community-based services providers provide essential and necessary services to the State's elderly and vulnerable populations. Your Committee further finds that adequate reimbursements and payments are crucial to sustain and improve the quality of care provided by home- and community-based residential care home facilities, and that there is a pressing need to identify and implement measures to enhance reimbursement rates for all home- and community-based services providers. This measure requests the establishment of a working group to address issues relating to reimbursements and payments to home- and community-based services providers by conducting an analysis of the current reimbursement and payment system, identifying areas where improvements can be made, exploring strategies, and engaging with stakeholders to gather input and feedback.

Your Committee notes the Department of Human Services' testimony that the comprehensive analyses and report requested in this measure are similar to the rate studies contracted by its Med-QUEST Division's that cost an average of \$450,000, and that an additional \$350,000 may be needed since home- and community-based services are funded through various non-Medicaid sources, and therefore, federal Medicaid match would be unavailable.

Your Committee has amended this measure by:

- (1) Removing language that would have requested the Director of Health to be a member of the working group;
- (2) Inserting language to request the working group to request funding of \$350,000 to conduct the comprehensive analysis of the current reimbursement and payment system for home- and community-based services providers; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 91, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 91, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3915 Health and Human Services on H.C.R. No. 94

The purpose and intent of this measure is to request the Department of Human Services to conduct a study on the feasibility of increasing the Medicaid reimbursement payment rate for Hawaii's community care foster family homes and expanded adult residential care homes for Medicaid clients in 2032 and every ten years thereafter.

Your Committee received testimony in support of this measure from International Longshore & Warehouse Union Local 1000 and one individual.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the State has a limited number of beds in nursing homes for patients requiring a nursing home level of care, and that community care foster family homes (CCFFHs) and expanded adult residential care homes (E-ARCHs) provide additional options for a nursing home level of care throughout the State. Your Committee further finds that Senate Resolution No. 4, S.D. 1, adopted during the Regular Session of 2022, requested the Department of Human Services to study the feasibility of increasing the Medicaid reimbursement rates for CCFFHs, E-ARCHs, and other types of home- and community-based services care providers and services, and in response, the Department submitted a report of its findings and recommendations to the Legislature in December 2022.

This measure requests the Department to conduct a similar study in 2032 and every ten years thereafter to continually monitor the issues relating to Medicaid reimbursement rates for CCFFHs and E-ARCHs.

Your Committee notes the Department of Human Services' testimony that the feasibility study requested in this measure for 2032 will require significant resources and funding and that the Department will need additional general fund appropriations a year in advance, with the first appropriation in the biennium budget of 2031. Your Committee further notes the Department of Human Services' testimony that Medicaid reimbursement rates for CCFFHs and E-ARCHs have been increased in the last eight years, including a five percent increase in 2022, and therefore, language in this measure's legislative findings regarding the lack of rate increases is inaccurate.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language in its legislative findings stating that the Medicaid rate for CCFFH reimbursement has not been increased in the last eight years;
- (2) Inserting language to request the Department of Human Services to request funding by 2031 to conduct the feasibility study in 2032; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 94, H.D. 2, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 94, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3916 (Joint) Transportation and Culture and the Arts and Government Operations on H.C.R. No. 62

The purpose and intent of this measure is to urge the Department of Transportation and City and County of Honolulu to install speed bumps and speed limit signage along the portion of Kapolei Parkway between Kapolei High School and Kapolei Middle School.

Your Committees received no testimony for this measure.

Your Committees find that in Kapolei, speeding is a constant contributing factor in motor vehicle accidents and traffic fatalities. Your Committees further find that speed bumps and speed limit signage can be effective tools to slow down motor vehicle traffic and prevent collisions. Your Committees conclude that installing speed bumps and speed limit signage along Kapolei Parkway would help to reduce the number of speeding vehicles on the roadway and protect the residents of Kapolei. However, your Committees find that, in the aftermath of the August 2023 Maui wildfires, ensuring access to evacuation routes for residential areas is a more pressing concern.

Accordingly, your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of S.C.R. No. 110, a measure that requests the City and County of Honolulu to transfer to the State the City and County of Honolulu's authority to construct a Makakilo Drive extension; and
- (2) Amending its title to reflect its amended purpose.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 62, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 62, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).
Government Operations: Ayes, 4; Ayes with Reservations (San Buenaventura). Noes, none. Excused, 1 (Awa).

SCRep. 3917 Water and Land on Gov. Msg. No. 728

Recommending that the Senate advise and consent to the nomination of the following:

MAUNA KEA STEWARDSHIP AND OVERSIGHT AUTHORITY

G.M. No. 728 NEIL HANNAHS, for a term to expire 06-30-2028. (Term to expire amended to 06-30-2027 by GM756)

Your Committee reviewed the personal history, resume, and statement submitted by Neil Hannahs for service on the Mauna Kea Stewardship and Oversight Authority.

Your Committee received testimony in support of the nomination for the appointment of Neil Hannahs from three individuals.

Upon review of the testimony, your Committee finds that Mr. Hannahs' experience, background, and dedication to public service qualify him for appointment to the Mauna Kea Stewardship and Oversight Authority. Your Committee notes that Mr. Hannahs is the founder and present CEO of Ho'okele Strategies LLC, a consulting firm that fosters the emergence of high performance leadership and enterprises with indigenous values to catalyze abundance, health, sustainability, and social equity. Mr. Hannahs also possesses extensive experience in land resource management in Hawaii. From 2000 to 2015, Mr. Hannahs directed the Kamehameha Schools Land Assets Division. Your Committee also notes that Mr. Hannahs has served on numerous boards, commissions, and committees, including Awaialu, Hawai'i Commission on Water Resource Management, Hawaiian Land Trust, and the Polynesian Voyaging Society. Your Committee finds that Mr. Hannahs thoroughly understands the role and responsibilities of Authority members and his wealth of knowledge and experience will be assets to the Mauna Kea Oversight and Stewardship Authority as a member with land resource

management expertise. Your Committee therefore recommends that Neil Hannahs be appointed to the Mauna Kea Oversight and Stewardship Authority based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

SCRep. 3918 Water and Land on Gov. Msg. No. 647

Recommending that the Senate advise and consent to the nomination of the following:

GAME MANAGEMENT ADVISORY COMMISSION

G.M. No. 647 NICHOLAI BARCA, for a term to expire 06-30-2027. (Nominee's name amended to NICOLAI BARCA by GM689)

Your Committee reviewed the personal history, resume, and statement submitted by Nicolai Barca for service on the Game Management Advisory Commission.

Your Committee received testimony in support of the nomination for the appointment of Nicolai Barca from the Department of Land and Natural Resources and one individual.

Upon review of the testimony, your Committee finds that Mr. Barca's experience, background, and dedication to serving the public qualify him for appointment to the Game Management Advisory Commission. Your Committee notes that Mr. Barca previously served on the Game Management Advisory Commission as the Kauai representative from 2019 to 2023. As a commissioner, Mr. Barca has served as an intermediary for Kauai's hunting community and the State and state agencies, contributed his knowledge of Hawaiian ecology and game mammals to the Game Management Advisory Commission to inform its decisions, and wrote and updated the Kauai Hunter Director for Landowners to help connect landowners to hunters and trappers in their area for assistance with pig problems. In addition to the Game Management Advisory Commission, Mr. Barca is a field coordinator for The Nature Conservancy of Hawaii-Kauai Program and also serves on the Na Ala Hele Kauai Advisory Council, representing hunter, fisher, and conservation interests. Your Committee further finds that Mr. Barca thoroughly understands the role and responsibilities of commissioners and his extensive experience in conservation and hunting will be assets to the Game Management Advisory Commission. Your Committee therefore recommends that Nicolai Barca be appointed to the Game Management Advisory Commission based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3919 Water and Land on Gov. Msg. Nos. 641 and 679

Recommending that the Senate advise and consent to the nominations of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 641 ELIZABETH ROBINSON, for a term to expire 06-30-2028; and

G.M. No. 679 JOHN SINTON, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Elizabeth Robinson and John Sinton for service on the Legacy Land Conservation Commission.

ELIZABETH ROBINSON

Your Committee received testimony in support of the nomination for the appointment of Elizabeth Robinson from the Department of Land and Natural Resources, Hawai'i Land Trust, Ala Kahakai National Historic Trail, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Robinson's experience, background, and commitment to public service qualify her for appointment to the Legacy Land Conservation Commission as a member possessing scientific qualifications as evidenced by an academic degree in wildlife or marine biology, botany, forestry, ecology, resource management, biogeography, zoology, or geology. Your Committee notes that since 2018, Ms. Robinson has served as the Director of Hawaii Life Real Estate Services' Conservation and Legacy Lands Initiative, leading the firm's efforts as a resource for owners and sellers of legacy properties with conservation values and working with local communities and Hawaii non-profit organizations to identify conservation and legacy lands across Hawaii to develop strategies for their protection. Ms. Robinson also serves her community as secretary of the North Kohala Affordable Housing Group, secretary of the Kohala Community Plan, and as a member of the North Kohala Access Group. Ms. Robinson has a Ph.D. in Mineral Economics from the Colorado School of Mines. Your Committee finds that Ms. Robinson thoroughly understands the role and responsibilities of commissioners and her expertise and dedication will be assets to the Legacy Land Conservation Commission. Your Committee therefore recommends that Elizabeth Robinson be appointed to the Legacy Land Conservation Commission based on her experience, knowledge, and commitment to public service.

JOHN SINTON

Your Committee received testimony in support of the nomination for the appointment of John Sinton from the Department of Land and Natural Resources, Trust for Public Land, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Sinton's experience, background, and commitment to public service qualify him for appointment to the Legacy Land Conservation Commission as a member possessing scientific qualifications as evidenced by an academic degree in wildfire or marine biology, botany, forestry, ecology, resource management, biogeography, zoology, or geology. Your Committee notes that Mr. Sinton is presently a professor emeritus of the Department of Earth Sciences at the University of Hawaii at Manoa. Mr. Sinton possesses extensive experience in geological field mapping in addition to his expertise of Hawaiian geology, igneous petrology, volcanology, and marine geology. Mr. Sinton has a Ph.D. in Geology from the University of Otago, Dunedin, New Zealand. Mr. Sinton has previously served as a Commissioner of the State's Legacy Land Conservation Program and has also served as Chair and as a Commissioner of the Hawaii Natural Area Reserves System Commission. Your Committee finds that Mr. Sinton thoroughly understands the role and responsibilities of commissioners and his background and knowledge will be assets to the Legacy Land Conservation Commission. Your Committee therefore recommends that John Sinton be appointed to the Legacy Land Conservation Commission based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (McKelvey).

SCRep. 3920 Water and Land on Gov. Msg. Nos. 729, 730, and 731

Recommending that the Senate advise and consent to the nominations of the following:

MAUNA KEA STEWARDSHIP AND OVERSIGHT AUTHORITY

- G.M. No. 729 JOSHUA MANGAUIL, for a term to expire 06-30-2028. (Term to expire amended to 06-30-2027 by GM756);
- G.M. No. 730 GARY KRUG, JR., for a term to expire 06-30-2028. (Term to expire amended to 06-30-2027 by GM756); and
- G.M. No. 731 POMAICALANI BERTELMANN, for a term to expire 06-30-2028. (Term to expire amended to 06-30-2027 by GM756)

Your Committee reviewed the personal histories, resumes, and statements submitted by Joshua Mangauil; Gary Krug, Jr.; and Pomaikalani Bertelmann for service on the Mauna Kea Stewardship and Oversight Authority.

JOSHUA MANGAUIL

Your Committee received testimony in support of the nomination for the reappointment of Joshua Mangauil from two individuals.

Upon review of the testimony, your Committee finds that Mr. Mangauil's background and dedication to serving the public qualify him for reappointment to the Mauna Kea Stewardship and Oversight Authority as a member. Mr. Mangauil studied Hawaiian Lifestyles at Hawai'i Community College and graduated as a Kumu Hula in 2020 with Uniki rites. Your Committee notes that Mr. Mangauil has been serving on the Mauna Kea Stewardship and Oversight Authority since 2023 as a Hawaiian cultured practitioner representative board member. Mr. Mangauil is the present Executive Director and Head Instructor at HŌ'Ā Hawaii, an organization he founded in collaboration with other visionary community members eager to support Hawaiian cultural education by providing cultural learning opportunities for the community and visitors of all ages. Mr. Mangauil is also contracted by Kanu o ka 'Āina New Century Public Charter School. Before his work with HŌ'Ā, Mr. Mangauil worked for the Department of Education as a Kumu 'Ike, providing Hawaiian cultural- and place-based education to students at Honoka'a and Waiakea. Your Committee further finds that Mr. Mangauil thoroughly understands the role and responsibilities of board members and his knowledge, experience, and dedication to Native Hawaiian issues will continue to be assets to the Mauna Kea Oversight and Stewardship Authority. Your Committee therefore recommends that Joshua Mangauil be reappointed to the Mauna Kea Oversight and Stewardship Authority as a member who is a recognized practitioner of Native Hawaiian traditional and customary practices based on his experience, knowledge, and commitment to public service.

GARY KRUG, JR.

Your Committee received testimony in support of the nomination for the reappointment of Gary Krug, Jr. from two individuals.

Upon review of the testimony, your Committee finds that Mr. Krug, Jr.'s background and dedication to serving the public qualify him for reappointment to the Mauna Kea Stewardship and Oversight Authority as a member. Mr. Krug, Jr. holds a Doctor of Education in Curriculum and Instruction from the University of Hawaii'i at Mānoa and has held a Hawai'i State Teacher Certification and License since 2001. Your Committee notes that Mr. Krug, Jr. has served on the Mauna Kea Stewardship and Oversight Authority since 2023. Mr. Krug, Jr. is currently the principal of Ka Waihona o ka Na'auao Public Charter School. Before working at Ka Waihona o ka Na'auao, Mr. Krug, Jr. was employed by the Office of Hawaiian Education of the Department of Education as a Kaiapuni Section Educational Specialist II from 2015 to 2019. Mr. Krug, Jr. has also taught at the university level and has published scholarly monographs and given numerous scholarly presentations on Native Hawaiian culture and perspectives in education. Your Committee further finds that Mr. Krug, Jr. thoroughly understands the role and responsibilities of board members and his knowledge and experience will continue to be assets to the Mauna Kea Stewardship and Oversight Authority. Your Committee therefore recommends that Gary Krug, Jr. be reappointed to the Mauna Kea Stewardship and Oversight Authority as a member who is recognized as possessing expertise in the fields of preschool through 12th-grade public education or post-secondary education based on his knowledge, experience, and commitment to public service.

POMAIKALANI BERTELMANN

Your Committee received testimony in support of the nomination for the reappointment of Pomaikalani Bertelmann from twelve individuals.

Upon review of the testimony and the nominee's personal statement, your Committee finds that Ms. Bertelmann's background and dedication to serving the public qualify her for reappointment to the Mauna Kea Stewardship and Oversight Authority as a member. Ms. Bertelmann holds a Lifestyles Certificate in Hawaiian Lifestyles from Hawai'i Community College and is in the process of completing her Bachelor of Arts at BYU Idaho with focuses on family and human services and genealogical research and family history. Your Committee notes that Ms. Bertelmann has served on the Mauna Kea Stewardship and Oversight Authority since 2023. She is currently employed by Kanu o Ka 'Āina New Century Public Charter School as Kumu Alaka'i and as Ho'okele Haumāna and 'Ae Like Coordinator. In these roles, her responsibilities include the instruction of students in 'āina-based education to create opportunities for students to engage with practitioners of place and understand their ways of knowing. Your Committee also notes that Ms. Bertelmann has received extensive training in Native Hawaiian practices and holds several certificates from various organizations that emphasize indigenous knowledge and place-based education. Your Committee further finds that Ms. Bertelmann thoroughly understands the role and responsibilities of board members and her knowledge of Hawaiian tradition and customs and experience will continue to be assets to the Mauna Kea Oversight and Stewardship Authority. Your Committee therefore recommends that Pomaikalani Bertelmann be reappointed to the Mauna Kea Stewardship and Oversight Authority as a member who is a lineal descendent of a practitioner of Native Hawaiian traditional and customary practices associated with Mauna Kea based on her knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Chang, Fevella).

SCRep. 3921 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 702 and 703

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAI'I TOURISM AUTHORITY

G.M. No. 702 MUFU HANNEMANN, for a term to expire 06-30-2027. (Chairperson designation removed by GM755); and

G.M. No. 703 BLAINE MIYASATO, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Mufu Hannemann and Blaine Miyasato for service on the Board of Directors of the Hawai'i Tourism Authority.

MUFU HANNEMANN

Your Committee received testimony in support of the nomination for the appointment of Mufu Hannemann from the Hawai'i Tourism Authority; Department of Education; Department of Labor and Industrial Relations; Department of Business, Economic Development, and Tourism; Mayor of the County of Hawai'i; Mayor of the County of Kaua'i; Mayor of the City and County of Honolulu; three members of the Honolulu City and Council; two members of the Hawai'i County Council; four members of the Kaua'i County Council; one member of the Maui County Council; Honolulu Emergency Services Department; Waikiki Improvement Association; Hawai'i Farm Bureau; Visitor Aloha Society of Hawaii; Kālaïmoku Group Inc.; University Health Alliance; Imanaka Asato; Blue Hawaiian Helicopters; Hawaii Government Employees Association, AFSCME, Local 152, AFL-CIO; T S Restaurants Management, Inc.; Ka La'i Waikiki Beach; Hawaii Fire Fighters Association; International Association of Fire Fighters, Local 1463 AFL-CIO; Kekaha Agriculture Association; Robert's Hawaii Inc.; Westin Maui Resort & Spa; International Brotherhood of Electrical Workers, Local Union 1186; Hawai'i Visitors & Convention Bureau; Farrington High School; Surfjack Hotel & Swim Club; Sheet Metal Workers Local Union 293 Hawaii; Hawai'i Gas; Albert C. Kobayashi, Inc.; Hawaii Ironworkers Stabilization Fund; Council for Native Hawaiian Advancement; Ironworkers Local 625; Outrigger Hospitality Group; Hawai'i Lodging & Tourism Association; Hawai'i Ag & Culinary Alliance; Mauna Lani, Auberge Resorts Collection; Kyo-ya Management Company, Ltd.; Bank of Hawaii; Hawtree International Inc.; Halekulani Corporation; Tihati Productions, Ltd.; Honolulu Marathon; and fifty-five individuals.

Upon review of the testimony, your Committee finds that Mr. Hannemann's experience, background, and commitment to public service qualify him for appointment to the Board of Directors of the Hawai'i Tourism Authority as an at-large member. During the course of Mr. Hannemann's career, he has gained broad experience and knowledge about the State's hospitality and tourism industry. Your Committee notes that Mr. Hannemann has been the President and Chief Executive Officer of the Hawai'i Lodging & Tourism Association since 2015 where he has advocated for the interests of the hospitality industry through government affairs, communication and outreach, and philanthropy. Prior to that, Mr. Hannemann served the City and County of Honolulu for over ten years as a Councilmember and Mayor, demonstrating his ability to coordinate with governmental agencies to bolster the State's tourism industry. Your Committee further notes that Mr. Hannemann has served as an interim member of the Board of Directors of the Hawai'i Tourism Authority since July 2023 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Mufu Hannemann be appointed to the Board of Directors of the Hawai'i Tourism Authority based on his knowledge, experience, and commitment to public service.

BLAINE MIYASATO

Your Committee received testimony in support of the nomination for the appointment of Blaine Miyasato from the Hawai'i Tourism Authority; Department of Business, Economic Development, and Tourism; Department of Transportation; Department of Transportation Airports Division; Imanaka Asato; Hawai'i Farm Bureau; Hawai'i Lodging & Tourism Association; Hawai'i Ag & Culinary Alliance; and eighteen individuals.

Upon review of the testimony, your Committee finds that Mr. Miyasato's background, experience, and dedication to public service qualify him for appointment to the Board of Directors of the Hawai'i Tourism Authority as an at-large member. Your Committee notes that Mr. Miyasato has been the Managing Director of State and Local Government Affairs, Corporate Communications for Hawaiian Airlines since 2018 where he represents the interests of Hawaiian Airlines in all matters involving state, local, and county government. Mr. Miyasato has served Hawaiian Airlines since 1985 and has held various roles that demonstrate his ability to implement innovative solutions in the State's airline industry and knowledge about the State's hospitality and tourism industry. Mr. Miyasato is also active in his community, serving as a member of the Hawaii Business Roundtable and Chamber of Commerce Hawaii. Your Committee further notes that Mr. Miyasato has served as an interim member of the Board of Directors of the Hawai'i Tourism Authority since July 2023 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Blaine Miyasato be appointed to the Board of Directors of the Hawai'i Tourism Authority based on his experience, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3922 Higher Education on Gov. Msg. No. 732

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 732 MICHAEL MIYAHIRA, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Michael Miyahira for service on the Board of Regents of the University of Hawaii.

Your Committee received testimony in support of the nomination for the appointment of Michael Miyahira from the Office of the Governor; one member of the Hawai'i County Council; Synergistic Hawai'i Agriculture Council; North Kohala Community Resource Center; Japanese Chamber of Commerce & Industry of Hawaii; Dodo Mortuary, Inc. & Crematory; Hawaii Floriculture and Nursery Association; Takamine Construction, Inc.; Torkildson Katz, a Law Corporation; Maui Varieties, Ltd.; and fourteen individuals.

Upon review of the testimony, your Committee finds that Mr. Miyahira's experience, knowledge, and desire to serve as a Regent for the Board of Regents of the University of Hawaii qualify him to be appointed as a Regent representing Hawaii County pursuant to section 26-11, Hawaii Revised Statutes. Mr. Miyahira is the owner of Business Strategies, a company that provides consulting services to small and family-owned businesses. Mr. Miyahira also spent over twenty years as a banker with one of Hawaii's largest commercial banks and assisted in creating the bank's Business Banking Division, serving as a Senior Landing Officer. Mr. Miyahira is also an experienced executive manager, serving as Chief Financial Officer in the real property development industry for fifteen years. Additionally, Mr. Miyahira previously served as an Adjunct Professor at the University of Hawaii at Hilo, College of Business and Economics. Mr. Miyahira is also an active member of his community, serving as a member of the University of Hawaii Shidler Family Business Center of Hawaii and the Center's Big Island Advisory Board; Hawaii Care Choices; Hawaii Island Corrections Advisory Council; and the University of Hawaii at Hilo, College of Business and Economics Advisory Council. Further, Mr. Miyahira also served as Trustee for the Lawyers' Fund for Client Protection of the Hawaii Supreme Court and Past President of the National Client Protection Organization, Hawaii Island Chamber of Commerce, and Japanese Chamber of Commerce.

According to Mr. Miyahira at the public hearing on his nomination, the Board of Regents should maximize the strengths of each University of Hawaii campus to ensure growth and development for the diversification of academic programs, increased enrollment, and achievement of student success. Mr. Miyahira cited the University of Hawaii at Hilo and West Oahu campuses as two potential sites that could be leveraged to serve community needs and student populations who live and work in the surrounding neighborhoods. Further, Mr. Miyahira is committed to addressing the issue of student housing at the University of Hawaii, citing the image and perception of student housing as a major deciding factor in a prospective student's decision to attend a University of Hawaii campus. Mr. Miyahira noted that student housing should be a safe, clean, secure, and comfortable environment for students to study, socialize, and develop during their college careers.

Additionally, as a financial industry professional, Mr. Miyahira supports focused budget formulation and review to ensure a thorough understanding of university operations and fiscal procedure. Your Committee notes that Mr. Miyahira affirmed that the Board of Regents should consider the various vacancies across the University of Hawaii System and how vacant positions impact campus resources, student support, and operational efficiency. Mr. Miyahira cited his extensive experience and knowledge in finance and private sector management, noting that a thorough understanding of operations is imperative to determining solutions, including fiscal priorities. To accomplish his goals as a Regent, Mr. Miyahira noted that he intends to seek information, ask questions, and find solutions to be a proactive member of the Board of Regents. Mr. Miyahira pledged to be a strong voice on the Board of Regents to ensure progress on pressing university issues. Your Committee notes that Mr. Miyahira emphasized that accountability is of paramount importance and should be utilized for both personal performance and in evaluations of university operations.

Your Committee further finds that Mr. Miyahira's fresh perspective and ideas to ensure effective university operations, board oversight, and fiscal responsibility demonstrates a commitment to prioritizing student health and safety, academic achievement, and diversity within the University of Hawaii System. Your Committee notes that Mr. Miyahira understands the roles and responsibilities of board members, and his extensive experience in banking and executive management will be assets to the Board of Regents of the University of Hawaii. Your Committee therefore recommends that Michael Miyahira be appointed to the Board of Regents of the University of Hawaii based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3923 (Joint) Commerce and Consumer Protection and Health and Human Services on H.C.R. No. 53

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for biomarker testing.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board, Epilepsy Foundation of Hawaii, American Lung Association Hawai'i, American Cancer Society Cancer Action Network, International Cancer Advocacy Network, Alzheimer's Association – Hawaii, and six individuals.

Your Committees find that biomarker testing, which is the analysis of a patient's tissue, blood, or other biospecimen for the presence of a gene, protein, or other substance that can provide information about a patient's disease or condition, allows for a more precise and personalized approach to medical care. As precision medicine becomes the standard of care in treatment for diseases like cancer, mental health, and autoimmune diseases, biomarker testing has risen in importance as the gateway to many of these therapies. However, your Committees find that despite the many benefits of biomarker testing, the lack of insurance coverage for comprehensive testing creates a financial obstacle for many patients who would otherwise benefit greatly from the testing.

Your Committees note that H.B. No. 2223, H.D. 1, Regular Session of 2024, proposes to require health insurers, mutual benefit societies, health maintenance organizations, and health plans under the State's Medicaid managed care program to provide coverage for biomarker testing, beginning on January 1, 2025. Section 23—51, Hawaii Revised Statutes, requires new measures mandating health insurance coverage for specific health services, specific diseases, or certain providers of health care services as part of individual or group health insurance policies, to be referred, via concurrent resolution, to the Auditor for analysis. Section 23-52, Hawaii Revised Statutes, specifies the minimum information required for assessing the social and financial impact of the proposed health insurance coverage mandate in the Auditor's report. Accordingly, this measure requests the Auditor to analyze the proposed mandatory health insurance coverage for biomarker testing in accordance with sections 23—51 and 23-52, Hawaii Revised Statutes.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 53, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).
Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3924 (Joint) Commerce and Consumer Protection and Health and Human Services on H.C.R. No. 225

The purpose and intent of this measure is to request the Auditor to conduct a social and financial assessment of prohibiting step therapy requirements in health insurance policies, contracts, plans, or agreements that cover the treatment of stage two through stage five cancer.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board and two individuals.

Your Committees received comments on this measure from the Office of the Auditor.

Your Committees find that step therapy is a type of cost-control program used by insurers that requires a patient to first try a generic or lower-cost prescription drug that treats a given condition before "stepping up" to a similar-acting, but more expensive drug prescribed by a clinician. While step therapy can, in many instances, save money for both the insurer and patient when the patient responds well to the less expensive drug, the slow and deliberate nature of step therapy may not be appropriate for patients diagnosed with stage two through stage five cancer. For many cancer patients, time is generally of the essence, as cancer that is effectively treated early is more likely to be treated successfully. Notwithstanding, a typical step therapy patient might be required to use the lower cost prescription drug for thirty days or longer before an exception can be requested from the insurer to cover the more expensive drug that was originally prescribed. Your Committees find that requiring cancer patients to wait weeks or months for a cheaper drug to fail can place these patients at risk of becoming sicker should their cancer further spread.

Your Committees note that S.B. No. 2316, Regular Session of 2024, proposes to prohibit a health insurer from requiring an insured diagnosed with stage two through stage five cancer to undergo step therapy before covering the insured for certain drugs prescribed by the insured's health care provider, under certain conditions. Your Committees further note that while requiring insurers to provide timely and quality health care to cancer patients by prohibiting step therapy requirements would not generally be considered a proposed form of mandated insurance coverage, insofar as S.B. No. 2316 (2024) requires that certain investigational new drugs be covered that may be an expansion of the current coverage for those diagnosed with stage two through stage five cancer, your Committees find that a social and financial assessment may be warranted pursuant to sections 23—51 and 23-52, Hawaii Revised Statutes. Accordingly, this measure requests the Auditor to analyze, as appropriate, the prohibition of step therapy requirements in health insurance policies, contracts, plans, or agreements that cover the treatment of stage two through stage five cancer.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 225, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 4. Noes, none. Excused, 1 (Awa).

Health and Human Services: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3925 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 87

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency to install a new emergency siren near the intersection of Aumakua Street and Auhuhu Street in upper Pacific Palisades.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board No. 21 and one individual.

Your Committee finds that residents living in the Pacific Palisades area of Oahu assert that they are unable to hear the emergency siren located at Pearl City High School. Your Committee further finds that the alternate emergency siren at Palisades Elementary School has been inoperable for several years, creating a public safety concern in the event of a critical public emergency. Your Committee concludes that a new emergency siren is needed in the upper Pacific Palisades area to keep residents alerted to all civil defense emergencies in a timely manner to take any necessary safety measures.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 87, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3926 Public Safety and Intergovernmental and Military Affairs on H.C.R. No. 124

The purpose and intent of this measure is to request the Department of Law Enforcement to convene a Search and Rescue Working Group to develop and make recommendations to deter hikers from entering illegal hiking trails and to address rising search and rescue costs facing the State and counties due to increased illegal hiking traffic.

Your Committee received testimony in support of this measure from the Department of Law Enforcement and one individual.

Your Committee finds that despite warnings on certain dangerous trails throughout the State, some individuals and groups unlawfully enter trails that have been closed to the public due to safety concerns, ultimately putting themselves at risk of significant injury and risking damage to native habitats and other natural resources that may be in those closed areas for preservation purposes. Your Committee further finds that the State and counties incur significant costs associated with the rescue of hikers who choose to go on illegal hikes and often ignore signs prohibiting access. Your Committee concludes that it is critical to develop policies that encourage public safety and accountability because of the considerable costs associated with the search and rescue of individuals who willfully disregard the safety of themselves and others by ignoring warning signs.

As affirmed by the record of votes of the members of your Committee on Public Safety and Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 124, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3927 Commerce and Consumer Protection on Gov. Msg. No. 631

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 631 DESTINY IRVINE-HALAMA, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Destiny Irvine-Halama for service on the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination for the appointment of Destiny Irvine-Halama from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Ms. Irvine-Halama's background, experience, and dedication to community service qualify her to be appointed to the Motor Vehicle Repair Industry Board as a public member. Currently, Ms. Irvine-Halama is an Outreach Specialist for the Waianae branch of the Institute for Native Pacific Education and Culture (INPEACE), a nonprofit organization that seeks to improve the quality of life for Native Hawaiians through community partnerships that provide educational opportunities and promote self-sufficiency. In her current role, Ms. Irvine-Halama works directly with local community members of the Leeward Oahu area to identify their needs and develop and track wellness programs and initiatives accordingly. Previously, Ms. Irvine-Halama served as a Research Assistant at the community-focused Waianae Coast Comprehensive Health Center. Your Committee finds that Ms. Irvine-Halama has a thorough understanding of the role and responsibilities of Board members and her commitment to serving and improving the lives of the people in her community will enhance the effectiveness of the Motor Vehicle Repair Industry Board. Your Committee therefore recommends that Destiny Irvine-Halama be appointed to the Motor Vehicle Repair Industry Board based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3928 Commerce and Consumer Protection on Gov. Msg. No. 705

Recommending that the Senate advise and consent to the nomination of the following:

PUBLIC UTILITIES COMMISSION

G.M. No. 705 COLIN YOST, for a term to expire 06-30-2028. (Term to expire amended to 06-30-2030 by GM733)

Your Committee reviewed the personal history, resume, and statement submitted by Colin Yost for service on the Public Utilities Commission.

Your Committee received testimony in support of the nomination for the appointment of Colin Yost from the Hawaii State Energy Office, Department of Commerce and Consumer Affairs, Hawaii Green Infrastructure Authority, Board of Water Supply of the City and County of Honolulu, Blue Planet Foundation, Ulupono Initiative, Hawaii Solar Energy Association, Sol-Ark, Photonworks Engineering LLP, Solar Help Hawaii, Malama Solar LLC, International Brotherhood of Electrical Workers Local Union 1260, Tesla, AES Hawai'i, Hawai'i Energy, ELCCO Inc., Sunrun Inc., and eighteen individuals.

Upon review of the testimony, your Committee finds that Mr. Yost's background, experience, and dedication to community service qualify him to be appointed to the Public Utilities Commission. Since November 2022, Mr. Yost has served as one of the three appointed full-time commissioners responsible for the administration of the Public Utilities Commission. During his tenure, Mr. Yost has quickly and adeptly gained an understanding of the Commission's mission and goals and has cultivated positive working relationships with staff, regulated entities, and community stakeholders statewide. Prior to his appointment, Mr. Yost was the Chief Operating Officer of RevoluSun, LLC, the largest solar and energy storage contractor in the State, where he led the company's general business operations and gained considerable executive-level experience in commercial solar project development, utility relations, legal and risk management matters, permitting and policy creation. Before his role as Chief Operating Officer, Mr. Yost served as the General Counsel for both RevoluSun, LLC, and RevoluSun Solar Corp., its franchisor affiliate, and personally led the development of over twenty-five megawatts of commercial solar projects, benefitting both the company and the State through increased renewable energy generation. Mr. Yost also acquired substantial working knowledge of and familiarity with the Public Utilities Commission through his representation of RevoluSun, LLC's interests in Commission dockets. Your Committee finds that Mr. Yost's fourteen years of experience in high level positions with RevoluSun, LLC showcase the quality of leadership and intellectual competence that he will contribute to the Public Utilities Commission through his continued service as a Commissioner.

Further, a lawyer by trade, Mr. Yost was the founding partner and trial lawyer for Cruise & Yost, LLLC, where he represented individual and organizational clients in civil litigation involving consumer protection, Native Hawaiian rights, environmental protection, land use, and other general business matters. He also acquired significant litigation experience in both federal and state courts as an associate trial attorney at Paul, Johnson, Park & Niles, Attorneys At Law, A Law Corporation, and as an Assistant Attorney General for the Oregon Department of Justice, where he was the principal attorney for Oregon in the multi-state prosecution of Enron Corporation and other energy companies for the fraudulent manipulation of energy markets. Mr. Yost also served as the co-chairperson of a national task force convened to draft enforcement guidelines relating to deceptive energy marketing.

Your Committee further finds that, before joining the Public Utilities Commission, Mr. Yost was actively involved in the community and served on numerous boards and committees, such as the Blue Planet Foundation, Hawaii Solar Energy Association, Sierra Club of Hawai'i, and Pacific Resilience Partnership, among others. Testifiers have highlighted and praised Mr. Yost's sound judgment, deep knowledge of the energy industry, and his keen legal acumen, all of which make him well-suited to serve as a Commissioner. Mr. Yost received his Juris Doctorate from the Lewis & Clark Northwestern School of Law and his Bachelor of English and Bachelor of Environmental Studies from the University of Pennsylvania.

Your Committee finds that, as evidenced by the record, Mr. Yost has devoted his career and education to renewable energy and environmental protection, and his accumulated knowledge, lifelong dedication, and passion for the environment will continue to guide his efforts in leading the State's transition to renewable energy from fossil fuels. Your Committee further finds that Mr. Yost, with his proven leadership, extensive renewable energy and environmental background, and desire to serve the public, will continue to provide a thoughtful and considerate perspective that will enhance the effectiveness of the Public Utilities Commission.

Lastly, your Committee notes that, despite being the newest Commissioner, Mr. Yost has displayed his mettle, courage, and willingness to lead through his involvement in the Public Utilities Commission's delicate, complex, and highly public response to the August 2023 Maui wildfires, including the deadliest fire in the United States in over one hundred years. Your Committee finds that while certain aspects of the Public Utilities Commission's response has drawn criticism, Mr. Yost has remained candid, open, and responsive to questions from legislators, both federal and state, and has actively participated in legislative discussions to ensure that, going forward, the Commission takes a more proactive approach in addressing the many future challenges of which the Public Utilities Commission is tasked, such as wildfire investigation, mitigation, and recovery; electrical grid resiliency and reliability; electricity wheeling; and the incorporation of firm renewables as part of the State's renewable energy portfolio. Accordingly, your Committee finds that Mr. Yost has a thorough understanding of the role and responsibilities of Commission members and therefore recommends that Colin Yost be appointed to the Public Utilities Commission based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

SCRep. 3929 Commerce and Consumer Protection on Gov. Msg. No. 707

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS AND LANDSCAPE ARCHITECTS

G.M. No. 707 JANET PRIMIANO, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Janet Primiano for service on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee received testimony in support of the nomination for the appointment of Janet Primiano from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Upon review of the testimony, your Committee finds that Ms. Primiano's background, experience, and dedication to community service qualify her to be appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a public member. Your Committee finds that Ms. Primiano has been a dental hygienist in Hawaii for forty-three years and has over thirty-five years of dental hygiene examination experience. Since 2019, Ms. Primiano has worked at Kahala Smile Professionals, LLC, a local dentistry practice located in Honolulu. She is also currently a dental hygienist examiner for CDCA-WREB-CITA, an independent testing agency that administers the ADEX dental and dental hygiene clinical licensure examinations nationwide. Further, Ms. Primiano has held numerous leadership and advocacy roles in the field of dental hygiene and has represented Hawaii on various industry matters, including the development of reliable, valid, and defensible examinations for initial licensure in dentistry and dental hygiene. Ms. Primiano also previously served as an industry member on the Board of Dentistry and has served a previous term as the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects, including serving as Chairperson. Your Committee finds that Ms. Primiano has a thorough understanding of the role and responsibilities of Board members and therefore recommends that Janet Primiano be appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3930 Commerce and Consumer Protection on Gov. Msg. No. 739

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII MEDICAL BOARD

G.M. No. 739 DANNY TAKANISHI, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Danny Takanishi for service on the Hawaii Medical Board.

Your Committee received testimony in support of the nomination for the appointment of Danny Takanishi from the Hawaii Medical Board, Hawaii Medical Association, The Queen's Health System, John A. Burns School of Medicine of the University of Hawai'i (JABSOM), and two individuals.

Upon review of the testimony, your Committee finds that Dr. Takanishi's background, experience, and dedication to community service qualify him to be appointed to the Hawaii Medical Board as a physician member representing the City and County of Honolulu. Dr. Takanishi is a graduate of JABSOM and is a highly respected physician, educator, and leader with over thirty years of sustained and dedicated medical practice. Dr. Takanishi has worked as an attending surgeon at The Queen's Medical Center since 2002 and also serves as a tenured Professor of Surgery and the current Interim Associate Dean of Academic Affairs at JABSOM, having previously held a number of critical roles, including Program Director and Associate Chair of Surgery for Academic Affairs. Your Committee notes that Dr. Takanishi has previously served on the Hawaii Medical Board, including serving as its Chairperson. Dr. Takanishi is recognized by his peers as an eminently qualified medical professional with strong leadership skills and an ability to work well with others, and testifiers praised his commitment to protecting the health and well-being of the people of Hawaii. Your Committee finds that Dr. Takanishi's proven leadership on the Hawaii Medical Board and extensive background in medicine and surgery provides a thoughtful and considerate perspective that will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Danny Takanishi be appointed to the Hawaii Medical Board based on his experience, background, and dedication to his community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3931 Commerce and Consumer Protection on Gov. Msg. No. 740

Recommending that the Senate advise and consent to the nomination of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 740 ROBERT GREIG, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Robert Greig for service on the Elevator Mechanics Licensing Board.

Your Committee received testimony in support of the nomination for the appointment of Robert Greig from the Elevator Mechanics Licensing Board and International Union of Elevator Constructors, Local 126.

Upon review of the testimony, your Committee finds that Mr. Greig's background, experience, and dedication to community service qualify him to be appointed to the Elevator Mechanics Licensing Board as a licensed elevator mechanic member. Mr. Greig has over a decade of experience in the elevator mechanic industry and since 2012, has worked for Kone Inc., a global leader in the elevator and escalator trade. Mr. Greig is also actively involved in his professional community, including serving previous terms on the Elevator Mechanics Licensing Board, including serving as its Chairperson; various roles with the International Union of Elevator Constructors, Local 126; Chairperson of the Local 126 Joint Apprenticeship Committee; and as an Instructor in the Apprenticeship Program, where he imparts his knowledge and experience to the next generation of elevator constructors. Your Committee finds that Mr. Greig's proven leadership, prior board experience, and extensive background in elevator service and repair will provide a thoughtful and considerate perspective that will enhance the effectiveness of the Elevator Mechanics Licensing Board. Your Committee therefore recommends that Robert Greig be appointed to the Elevator Mechanics Licensing Board based on his experience, background, and dedication to his community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3932 Commerce and Consumer Protection on Gov. Msg. No. 741

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 741 SHERI TOKUMARU, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Sheri Tokumaru for service on the Board of Pharmacy.

Your Committee received testimony in support of the nomination for the reappointment of Sheri Tokumaru from the Board of Pharmacy, University of Hawai'i System, and four individuals.

Upon review of the testimony, your Committee finds that Dr. Tokumaru's background, experience, and dedication to community service qualify her to be reappointed to the Board of Pharmacy as a licensed pharmacist member. Dr. Tokumaru is a board-certified, critical care pharmacist with over twenty years of pharmacy experience. Currently, Dr. Tokumaru works as an Associate Professor and Clinical Pharmacist in the Neuroscience Intensive Care Unit at The Queen's Medical Center on Oahu. Dr. Tokumaru also serves as the Director of Interprofessional Education and Development for the Daniel K. Inouye College of Pharmacy at the University of Hawai'i at Hilo. Dr. Tokumaru is recognized by her peers as an expert in both pharmacy clinical practice and education, and testifiers commented on Dr. Tokumaru's professionalism and dedication to moving the practice of pharmacy forward through her teaching and community work. Your Committee notes that Dr. Tokumaru has served on the Board of Pharmacy since 2019 and her extensive professional expertise as a pharmacist and educator will provide a thoughtful and considerate perspective that will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Sheri Tokumaru be reappointed to the Board of Pharmacy based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3933 Commerce and Consumer Protection on Gov. Msg. No. 745

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF ACUPUNCTURE

G.M. No. 745 SHERRY MIZUMOTO, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Sherry Mizumoto for service on the Board of Acupuncture.

Your Committee received testimony in support of the nomination for the appointment of Sherry Mizumoto from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Dr. Mizumoto's background, experience, and dedication to community service qualify her to be appointed to the Board of Acupuncture as a licensed acupuncturist member. Dr. Mizumoto earned a Doctor of Chinese Medicine from the University of California San Diego Center for Integrative Medicine and has over a decade of clinical acupuncture and herbal medicine experience. Dr. Mizumoto is the owner and operator of Dr. Sherry L. Mizumoto Acupuncture, which provides services such as acupuncture and acupressure sessions, aromatherapy, Chinese medicine, and cosmetic facial acupuncture in West Maui. Dr. Mizumoto is also a professor and faculty member at the Pacific College of Health and Science in San Diego, California, where she works daily with doctoral students and helps train future dedicated practitioners of holistic and integrative care. Your Committee finds that Dr. Mizumoto's extensive professional expertise in clinical acupuncture and her commitment to educating and mentoring future acupuncture professionals will provide a thoughtful and considerate perspective that will enhance the

effectiveness of the Board. Your Committee therefore recommends that Sherry Mizumoto be appointed to the Board of Acupuncture based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3934 Commerce and Consumer Protection on Gov. Msg. No. 709

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PRIVATE DETECTIVES AND GUARDS

G.M. No. 709 EDWARD CHU, JR., for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Edward Chu, Jr., for service on the Board of Private Detectives and Guards.

Your Committee received testimony in support of the nomination for the reappointment of Edward Chu, Jr., from the Board of Private Detectives and Guards.

Upon review of the testimony, your Committee finds that Mr. Chu's background, experience, and dedication to community service qualify him to be reappointed to the Board of Private Detectives and Guards as a public member. Since 2009, Mr. Chu has worked as a licensed independent agent for ACW Group, LLC, selling commercial property and casualty insurance and personal lines insurance. Previously, Mr. Chu was an account executive at Matson Navigation Company, Inc., where he managed an account base of eighty-five customers, representing \$17,000,000 in annual revenues. Your Committee notes that Mr. Chu has served on the Board of Private Detectives and Guards since 2020 and currently serves as the Board's Vice Chairperson. Your Committee finds that Mr. Chu's prior Board experience and extensive background in risk management provides a thoughtful and considerate perspective that will continue to enhance the effectiveness of the Board of Private Detectives and Guards. Your Committee therefore recommends that Edward Chu, Jr., be reappointed to the Board of Private Detectives and Guards based on his experience, background, and dedication to his community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3935 Commerce and Consumer Protection on Gov. Msg. Nos. 706 and 737

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 706 JAMES TAM, for a term to expire 06-30-2028; and

G.M. No. 737 MILES KAMIMURA, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by James Tam and Miles Kamimura for service on the Board of Electricians and Plumbers.

JAMES TAM

Your Committee received testimony in support of the nomination for the appointment of James Tam from the Department of Commerce and Consumer Affairs, Electrical Contractor's Association of Hawai'i, Hawaii Electricians Market Enhancement Program, International Brotherhood of Electrical Workers Local Union 1186, International Brotherhood of Electrical Workers Local Union 1260, and Plumbers and Fitters United Association Local 675.

Upon review of the testimony, your Committee finds that Mr. Tam's background, experience, and dedication to community service qualify him to be appointed to the Board of Electricians and Plumbers as a private citizen member not connected with the industry. Mr. Tam has over forty years of experience as a licensed attorney whose practice focused on helping employer associations and local unions strengthen their industries through the strategic use of their multi-employer Taft-Hartley and Employee Retirement Income Security Act (ERISA) regulated trust funds, and his clients included many electrician and plumber unions. Currently, Mr. Tam is a Senior Vice President at WhiteStar Advisors, LLC, an independent Securities Exchange Commission registered investment advisor and qualified professional asset manager under ERISA, where he similarly counsels employers and union trustees on how to best achieve consistent returns on trust funds. Your Committee finds that Mr. Tam's extensive professional legal expertise and relevant industry knowledge and background will be assets to the Board of Electricians and Plumbers. Your Committee therefore recommends that James Tam be appointed to the Board of Electricians and Plumbers based on his knowledge, experience, and commitment to public service.

MILES KAMIMURA

Your Committee received testimony in support of the nomination for the appointment of Miles Kamimura from the Department of Commerce and Consumer Affairs, International Brotherhood of Electrical Workers Local Union 1186, International Brotherhood of Electrical Workers Local Union 1260, Plumbers and Fitters United Association Local 675, and one individual.

Upon review of the testimony, your Committee finds that Mr. Kamimura's experience, background, and commitment to community service qualify him to be appointed to the Board of Electricians and Plumbers as a private citizen member not connected with the industry. Mr. Kamimura has over forty years of experience in the commercial real estate industry and is the President and founder of Pacific Property Group, Inc., a company that provides commercial property management services, in addition to leasing, sales, and consulting services for office, retail, and industrial properties. Previously, Mr. Kamimura was the President of the real estate firm, Colliers Monroe Friedlander Management, Inc., and worked as a commercial property manager for the real estate firm formerly known as Chaney Brooks and Company. As a longtime commercial real estate professional, Mr. Kamimura has been exposed to and understands the many challenges that are unique to the electrician and plumbing industries. Your Committee finds that Mr. Kamimura's leadership and extensive commercial real estate background will provide a thoughtful and considerate perspective that will enhance the effectiveness of the Board of Electricians and Plumbers. Your Committee further finds that Mr. Kamimura has a thorough understanding of the role and responsibilities of Board members and therefore recommends that Miles Kamimura be appointed to the Board of Electricians and Plumbers based on his experience, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3936 Commerce and Consumer Protection on Gov. Msg. Nos. 708, 742, 743, and 744

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

- G.M. No. 708 NICHOLAS CHING, for a term to expire 06-30-2028;
- G.M. No. 742 WAYNE DE LUZ, for a term to expire 06-30-2028;
- G.M. No. 743 KENNETH OBENSKI, for a term to expire 06-30-2028; and
- G.M. No. 744 CARLETON WILLIAMS, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Nicholas Ching, Wayne De Luz, Kenneth Obenski, and Carleton Williams for service on the Motor Vehicle Industry Licensing Board.

NICHOLAS CHING

Your Committee received testimony in support of the nomination for the appointment of Nicholas Ching from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Mr. Ching's background, experience, and dedication to community service qualify him to be appointed to the Motor Vehicle Industry Licensing Board as a public member. Mr. Ching is a licensed attorney with over a decade of litigation experience and currently works at Fukunaga Matayoshi Ching & Kon-Herrera LLP, where he practices in the area of civil litigation. Previously, Mr. Ching worked as an associate attorney at Bilecki & Tipon, LLLC, where he focused on criminal defense and family law, and served as an AmeriCorps member of Legal Aid Society of Hawaii, a public interest nonprofit law firm. In addition to his professional work, Mr. Ching has served as a volunteer on the board of directors for The Cove Waikiki Condominium Association for nine years. Your Committee finds that Mr. Ching's legal background, analytical skills, and desire to serve the public will provide a thoughtful and considerate perspective that will enhance the effectiveness of the Motor Vehicle Industry Licensing Board. Your Committee therefore recommends that Nicholas Ching be appointed to the Motor Vehicle Industry Licensing Board based on his knowledge, experience, and commitment to public service.

WAYNE DE LUZ

Your Committee received testimony in support of the nomination for the appointment of Wayne De Luz from the Motor Vehicle Industry Licensing Board, Bank of Hawaii, Hawai'i Automobile Dealers Association, and two individuals.

Upon review of the testimony, your Committee finds that Mr. De Luz's experience, background, and commitment to community service qualify him to be appointed to the Motor Vehicle Industry Licensing Board as an industry member. Mr. De Luz has over forty years of experience in the auto dealer industry and has held a number of key managerial roles at auto dealerships before establishing Big Island Motors, Inc. in 2005, a Mazda, Subaru, and Hyundai franchise auto dealership located in Hilo, Hawaii. Mr. De Luz is also actively involved in the professional auto dealer community, having served as a board member and President of the Hawai'i Automobile Dealers Association and two previous terms as a member of the Motor Vehicle Industry Licensing Board. Your Committee finds that Mr. De Luz, with his proven leadership, prior service on the Motor Vehicle Industry Licensing Board, and extensive auto industry expertise, will provide a thoughtful and considerate perspective that will enhance the work of the Board. Your Committee therefore recommends that Wayne De Luz be appointed to the Motor Vehicle Industry Licensing Board based on his background, knowledge, and desire to serve his community.

KENNETH OBENSKI

Your Committee received testimony in support of the nomination for the appointment of Kenneth Obenski from the Department of Commerce and Consumer Affairs and Office of the Mayor of the County of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Obenski's knowledge, experience, and dedication to community service qualify him to be appointed to the Motor Vehicle Industry Licensing Board as a public member. Mr. Obenski is a retired professional engineer who, with a career spanning four decades, has lectured, taught, and authored numerous articles and books on a wide range of subjects relating to his forensic engineering specialty, which includes accident reconstruction and failure analysis.

Mr. Obenski has been qualified to appear as an expert witness in nine state courts and is an inventor and manufacturer who holds two patents. In addition, Mr. Obenski is actively engaged in the community, sharing his wealth of professional experience relating to traffic safety and vehicle accidents through his service as Chairperson of the Kona Traffic Safety Committee and Hawaii Traffic Safety Council on Hawaii island and Commissioner of the Transportation Commission of the County of Hawai'i. Your Committee finds that Mr. Obenski's extensive professional engineering experience and thorough understanding of motor vehicle traffic safety and vehicle accidents will provide a thoughtful and considerate perspective that will enhance the effectiveness of the Motor Vehicle Industry Licensing Board. Your Committee therefore recommends that Kenneth Obenski be appointed to the Motor Vehicle Industry Licensing Board based on his knowledge, experience, and commitment to public service.

CARLETON WILLIAMS

Your Committee received testimony in support of the nomination for the appointment of Carleton Williams from the Department of Commerce and Consumer Affairs, Hawaii Society of Certified Public Accountants, and one individual.

Upon review of the testimony, your Committee finds that Mr. Williams' experience, knowledge, and dedication to community service qualify him to be appointed to the Motor Vehicle Industry Licensing Board as a public member. Mr. Williams is a graduate of the Shidler College of Business at the University of Hawai'i at Manoa and has over forty years of experience in accounting and finance. Mr. Williams is the founder of CW Associates, A Hawaii Certified Public Accounting Corporation (CW Associates, CPAs), which was ranked the fourth largest Certified Public Accountant firm in Hawaii, according to the 2022 Pacific Business News "Book of Lists". After retiring from CW Associates, CPAs, Mr. Williams' latest venture has been the founding of Manoa CPA LLC in 2023. In addition to his professional work, Mr. Williams serves on numerous boards and committees, such as the Advisory Board of The Salvation Army (Hawaii and Pacific Region) and DTRIC Insurance Company, Limited, among others. Mr. Williams also teaches finance courses as a graduate program instructor at Chaminade University and the University of Hawai'i. Previously, Mr. Williams served on the Board of Public Accountancy and has a thorough understanding of the roles and responsibilities of board members. Your Committee therefore recommends that Carleton Williams be appointed to the Motor Vehicle Industry Licensing Board based on his background, experience, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3937 Health and Human Services on Gov. Msg. No. 547

Recommending that the Senate advise and consent to the nomination of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 547 MICHAEL LAM, for a term to expire 06-30-2027. (Emergency Medical Services Advisory Board amended to the Emergency Medical Services Advisory Committee by GM 764)

Your Committee reviewed the personal history, resume, and statement submitted by Michael Lam for service on the Emergency Medical Services Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment of Michael Lam from the Emergency Medical Services and Injury Prevention System Branch of the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Mr. Lam's over twenty years of experience as a firefighter and paramedic and dedication to serving the public qualify him to be appointed to the Emergency Medical Services Advisory Committee as a member from the County of Hawaii who is a mobile intensive care technician or emergency medical technician engaged in the practice of prehospital emergency medical service. Your Committee notes that Mr. Lam has been serving as the Emergency Medical Services (EMS) Captain of the Hawaii Fire Department in Hilo since 2018, where he is responsible for providing support services for the fire-based EMS system and providing EMS education and training to Hawaii Fire Department personnel and community members. Prior to his current position, Mr. Lam was a practicing firefighter and paramedic for the Hawaii Fire Department for fifteen years. Your Committee also notes testimony attesting to Mr. Lam's strong advocacy for prehospital medical care and passion for training prehospital medical care personnel, as evidenced by his credentials as an American Heart Association CPR instructor, National Registry of Emergency Medical Technicians training officer, and Stop the Bleed instructor. Your Committee further notes that Mr. Lam has attended previous meetings held by the Emergency Medical Services Advisory Committee and understands the role and responsibilities of being a member. Your Committee finds that Mr. Lam's expertise and extensive experience as a frontline firefighter and paramedic will be invaluable to the Emergency Medical Services Advisory Committee. Your Committee therefore recommends that Michael Lam be appointed to the Emergency Medical Services Advisory Committee based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Awa).

SCRep. 3938 Health and Human Services on Gov. Msg. No. 747

Recommending that the Senate advise and consent to the nomination of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 747 MARILYN MATSUNAGA, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Marilyn Matsunaga for service on the Emergency Medical Services Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment of Marilyn Matsunaga from the Department of Health, American Medical Response, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Matsunaga's background, experience, and dedication to serving the public, specifically in the areas of health care and human services, qualify her to be appointed to the Emergency Medical Services Advisory Committee as a representative of the City and County of Honolulu who is a consumer of health care who has no connection with or relationship to the health care system of the State. Your Committee notes that Ms. Matsunaga has over twenty years of executive-level leadership experience in the State with over ten years of her leadership experience being in the health care industry. Your Committee further notes that Ms. Matsunaga has been serving as the Chief Executive Officer of Belief Consulting since 2003, and as the Owner of Pacific Clear Hawaii since 2020. Previously, Ms. Matsunaga was the Executive Director of the Oahu Workforce Development Board from 2008 to 2016, where she gained experience and knowledge of workforce development programs and initiatives. In addition, Ms. Matsunaga exemplifies her leadership experience in the health care field through her eight years serving as the Administrator of the State Health Planning and Development Agency and five years serving as the Special Assistant to the Deputy Director for Hospitals at the Department of Health. Your Committee finds that Ms. Matsunaga has a thorough understanding of the role and responsibilities of board members and her extensive experience in health care research and planning will enhance the effectiveness of the Emergency Medical Services Advisory Committee. Your Committee therefore recommends that Marilyn Matsunaga be appointed to the Emergency Medical Services Advisory Committee based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Awa).

SCRep. 3939 Housing on Gov. Msg. Nos. 722 and 723

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII PUBLIC HOUSING AUTHORITY

G.M. No. 722 GEORGE DEMELLO, for a term to expire 06-30-2028; and

G.M. No. 723 SUSAN KUNZ, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by George DeMello and Susan Kunz for service on the Board of Directors of the Hawai'i Public Housing Authority.

GEORGE DEMELLO

Your Committee received testimony in support of the nomination for the reappointment of George DeMello from the Hawaii Public Housing Authority and one individual.

Upon review of the testimony, your Committee finds that Mr. DeMello's experience, knowledge, and proven leadership on the Board of Directors of the Hawaii Public Housing Authority qualify him for reappointment to the Board as a public member from the County of Hawaii who is directly assisted by the Authority under Federal Low-Rent Public Housing or Federal Section 8 Tenant-Based Housing Assistance Payments Program. Mr. DeMello is the Owner and Creator/Designer for Hey George Sewing in Hilo, Hawaii, and is an active participant in his community, having served with the Merrie Monarch Festival, Boy Scouts of America, Lanakila Residents Association, and Waiakeawaena Elementary School PTA. Mr. DeMello has served as a member of the Hawaii Public Housing Authority Board of Directors since 2021 and provides leadership, support, dedication, and care as the Board's current Vice Chairperson. Mr. DeMello has also served on the Hawaii Public Housing Authority's Resident Advisory Board and Hilo Evictions Board, assisting the State in giving public housing tenants a voice on the Hawaii Public Housing Authority Board of Directors. Your Committee therefore recommends that George DeMello be reappointed to the Board of Directors of the Hawaii Public Housing Authority based on his experience, knowledge, and commitment to public service.

SUSAN KUNZ

Your Committee received testimony in support of the nomination for the appointment of Susan Kunz from the Statewide Office on Homelessness and Housing Solutions, Hawaii Public Housing Authority, Mayor of the County of Hawai'i, and one individual.

Upon review of the testimony, your Committee finds that Ms. Kunz's background, knowledge, and prior service on the Board of Directors of the Hawaii Public Housing Authority qualify her for appointment to the Board as a public member from the County of Hawaii. Ms. Kunz is currently the Executive Director of the Big Island Housing Foundation and oversees the management of six affordable multi-family and senior housing properties. Previously, Ms. Kunz served as the Housing Administrator for the County of Hawaii's Office of Housing and Community Development. Your Committee notes that Ms. Kunz has served previous terms on the Board of Directors for the Hawaii Public Housing Authority and her nearly twenty years of experience within the housing spectrum will continue to be a valuable asset to the Board. Your Committee therefore recommends that Susan Kunz be appointed to the Board of Directors of the Hawaii Public Housing Authority based upon her background, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 3940 Judiciary on Gov. Msg. Nos. 724 and 725

Recommending that the Senate advise and consent to the nominations of the following:

CIVIL RIGHTS COMMISSION

G.M. No. 724 JON MATSUOKA, for a term to expire 06-30-2027; and

G.M. No. 725 ARSIMA MULLER, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Jon Matsuoka and Arsima Muller for service on the Civil Rights Commission.

JON MATSUOKA

Your Committee received testimony in support of the nomination for the appointment of Jon Matsuoka from the Department of Labor and Industrial Relations and Hawai'i Civil Rights Commission.

Upon review of the testimony, your Committee finds that Dr. Matsuoka's background and knowledge qualify him for appointment to the Civil Rights Commission. Presently, Dr. Matsuoka serves as Executive Director of Honpa Hongwanji Hawaii Betsuin. Previously, Dr. Matsuoka served as Dean and Professor of the Myron B. Thompson School of Social Work at the University of Hawaii at Manoa and Vice Chancellor for Academic Affairs at Hawai'i Tokai International College. Dr. Matsuoka holds a Doctor of Philosophy in Social Work and Psychology degree from the University of Michigan. Your Committee notes that Dr. Matsuoka is an active member of his community, serving as Chairperson of Hawaii Living Treasures and the Global Commission on Social Work; Vice President of the Papakolea Community Development Corporation; and member of the Institute of Native Pacific Education and Culture Board of Directors, Native Hawaiian Legal Corporation Board of Directors, and Project Dana Advisory Board. Your Committee further finds that Dr. Matsuoka has been a member of the Civil Rights Commission since 2019, and his experience in higher education teaching and administration and social work will be assets to the Civil Rights Commission. Your Committee therefore recommends that Jon Matsuoka be appointed to the Civil Rights Commission based on his background, knowledge, and commitment to public service.

ARSIMA MULLER

Your Committee received testimony in support of the nomination for the appointment of Arsima Muller from the Department of Labor and Industrial Relations, Hawai'i Civil Rights Commission, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Muller's background and knowledge qualify her for appointment to the Civil Rights Commission. Presently, Ms. Muller is a Partner at Carlsmith Ball LLLP, where she represents clients in corporate and regulatory matters and serves as Chairperson of the Transactional Practice Group. Previously, Ms. Muller served as Staff Attorney and Judicial Law Clerk for the Republic of the Marshall Islands High Court, Assistant Legal Adviser for the Republic of the Marshall Islands Embassy, and as an Attorney at Homer Law. Ms. Muller holds a Juris Doctorate from George Washington University Law School. Your Committee notes that Ms. Muller is an active member of her community, serving as Director of Micronesian Health Advisory Council, Ho'omaka Hou Learning Center, Legal Aid Society of Hawaii, and We Are Oceania; and as a volunteer for the Access to Justice Room. Your Committee further finds that Ms. Muller has been a member of the Civil Rights Commission since 2022, and her background as a practicing attorney and commitment to Pacific Islander populations will be assets to the Civil Rights Commission. Your Committee therefore recommends that Arsima Muller be appointed to the Civil Rights Commission based on her background, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3941 Housing on Gov. Msg. Nos. 700 and 701

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION

G.M. No. 700 CAROL REIMANN, for a term to expire 06-30-2028; and

G.M. No. 701 SEAN SASAKI, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Carol Reimann and Sean Sasaki for service on the Board of Directors of the Hawaii Housing Finance and Development Corporation.

CAROL REIMANN

Your Committee received testimony in support of the nomination for the reappointment of Carol Reimann from the Hawaii Housing Finance and Development Corporation; Department of Business, Economic Development, and Tourism; Pacific Resource Partnership; and Hale Mahaolu.

Upon review of the testimony, your Committee finds that Ms. Reimann's experience, knowledge, and prior service on the Board of Directors of the Hawaii Housing Finance and Development Corporation qualify her for reappointment as a public member from the County of Maui who has affordable housing knowledge and expertise. Your Committee notes that Ms. Reimann has been the Vice President of Alexander & Baldwin-Maui since 2018 and has ample experience in land development. Ms. Reimann previously served as the Director of Housing and Human Concerns for the County of Maui where she initiated programs to facilitate the development of affordable housing in conjunction with the Hawaii Housing Finance and Development Corporation. Ms. Reimann has served as a member of the Board of Directors of the Hawaii Housing Finance and Development Corporation since 2020 and currently serves as the Board's Vice Chair. Your Committee therefore recommends that Carol Reimann be reappointed to the Board of Directors of the Hawaii Housing Finance and Development Corporation based on her experience, knowledge, and commitment to public service.

SEAN SASAKI

Your Committee received testimony in support of the nomination for the reappointment of Sean Sasaki from the Hawaii Housing Finance and Development Corporation and Department of Business, Economic Development, and Tourism.

Upon review of the testimony, your Committee finds that Mr. Sasaki's experience, background, and prior service on the Board of Directors of the Hawaii Housing Finance and Development Corporation qualify him for reappointment as a public member from the City and County of Honolulu. Your Committee finds that Mr. Sasaki has over twenty-five years of construction management and project controls experience and has been involved at all levels of the project lifecycle from proposal to closeout. Mr. Sasaki further has an extensive background in civil engineering, cash-flow management and quality control, and project audits, performance analysis, and management reviews. Mr. Sasaki is currently the Project Manager of Financial Controls for Na Ali'i Consulting & Sales, LLC, an affiliate of the Nakupua Companies, a Native Hawaiian organization that specializes in management consulting, facilities support, and environmental services to federal and defense organizations. Your Committee notes that Mr. Sasaki has served as a member of the Hawaii Housing Finance and Development Corporation's Board of Directors since 2021 and currently serves as the Board's Secretary. Your Committee therefore recommends that Sean Sasaki be reappointed to the Board of Directors of the Hawaii Housing Finance and Development Corporation based on his experience, background, and dedication to public service.

Your Committee further notes the ongoing critical housing shortage that continues to be an urgent priority for the State and recognizes the need for tangible outcomes from the Hawaii Housing Finance and Development Corporation, more specifically a targeted vision from its Board of Directors, to successfully accomplish the provision of housing to meet the State's needs. Of concern to your Committee is the apparent lack of sufficient, qualified staffing within the Hawaii Housing Finance and Development Corporation in comparison to the extent of the projects needed to meet the State's housing demands. Your Committee notes that crafting unique policies and exploring all options available to the Hawaii Housing Finance and Development Corporation should be proactively pursued by its leadership, namely its Board of Directors. As Hawaii's primary housing development agency, the Hawaii Housing Finance and Development Corporation should be at the forefront of the State's efforts to develop additional housing. Your Committee has worked to address these issues for a number of years and remains of the opinion that the Hawaii Housing Finance and Development Corporation could move with much greater speed to address these concerns. As each year goes by, more local families are faced with having to leave the State due to a lack of affordable housing options. Accordingly, it is incumbent upon the Board of Directors of the Hawaii Housing Finance and Development Corporation to guide the direction of the Corporation to achieve its purpose in developing the housing urgently needed to prevent Hawaii families from leaving the State.

In recognition of these issues, at the public hearing to consider the reappointment of these nominees, your Committee asked the nominees whether they, as members of the Board of Directors of the Hawaii Housing Finance and Development Corporation, would commit to annually and publicly evaluating the performance of the Executive Director of the Corporation, being that it has been more than one year since the last evaluation. Your Committee notes that both nominees responded in the affirmative. Your Committee further questioned the nominees' commitment to the Corporation's formulation of a plan to develop one hundred thousand units, or however many units may be necessary to end the housing shortage in the State. Both nominees answered in the affirmative regarding their support for the formulation of such a plan. Your Committee additionally expressed its concerns with the terms of the loans made from the Rental Housing Revolving Fund and the Qualified Allocation Plan adopted by the Corporation with regard to the Low-Income Housing Tax Credit program. When the nominees were questioned as to whether they would vote to amend the Qualified Allocation Plan to prioritize projects that are state- or county-owned, or if privately owned, projects that are perpetually affordable, are required to use their profits to build more housing, or repay their loans early, both nominees answered in the affirmative.

As affirmed by the records of votes of the members of your Committee on Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3942 Judiciary on Jud. Com. No. 26

Recommending that the Senate consent to the nomination of the following:

DISTRICT COURT OF THE FIRST CIRCUIT

J.C. No. 26 MICHELLE N. COMEAU, for a term to expire in 6 years

Your Committee reviewed the personal history, resume, and statement submitted by Michelle N. Comeau for service on the District Court of the First Circuit, State of Hawaii.

Your Committee received testimony in support of the appointment of Michelle N. Comeau from sixteen individuals.

Your Committee received comments on the appointment of Michelle N. Comeau from the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) uses a rating system that considers several criteria to assist the HSBA Board in making a recommendation to your Committee on whether the appointee is “qualified” or “not qualified”. Specifically, the criteria the HSBA Board employs is the same criteria found in the American Bar Association’s Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those guidelines include the following criteria, which are not exclusive: integrity, diligence, legal knowledge and ability, professional experience, temperament, financial responsibility, public service, and ability to fulfil the responsibilities and duties required of the position for which the applicant has been appointed. Upon review of the established criteria, the HSBA Board found the appointee to be qualified for the position of District Court Judge of the First Circuit.

Judge Comeau received her Bachelor of Arts degree in Economics from Dartmouth College, and her Juris Doctor degree from the University of California, Los Angeles School of Law, where she graduated magna cum laude. Judge Comeau has been licensed to practice law in the State of Hawaii since 2011.

Judge Comeau currently works as a Per Diem District Court Judge for the First Circuit, a position she has held since 2017. As a Per Diem Judge, Judge Comeau adjudicates misdemeanors, petty misdemeanors, criminal violations, restraining orders, summary possession, and limited jurisdiction civil claims. Judge Comeau also currently works as of counsel for Nakashima Ching LLC, where she advocates for organizations and individuals facing difficult legal disputes in federal and state courts in the State, with a focus on property law and other civil matters. Previously, Judge Comeau was an associate at Alston, Hunt, Floyd, and Ing and was a Law Clerk for the Honorable Susan Oki Mollway in the United States District Court for the District of Hawaii.

Your Committee notes that Judge Comeau is involved in the community. Judge Comeau presently serves on the Board of Directors for Residential Youth Services and Empowerment and is a Troop Leader for Girl Scouts of Hawaii Troop 861. Additionally, Judge Comeau serves on the Priest Search Committee for the Parish of St. Clements.

Testimony submitted in support of Judge Comeau’s appointment commended her competence, compassion, courage, decisiveness, and ability to work well with others. Testimony submitted in support of Judge Comeau’s appointment also noted that, through her years of experience as a Per Diem Judge, she has proven her abilities to perform at the highest level and will be able to immediately contribute to the efficiency and daily workings of the District Court.

Your Committee finds that, based on the testimony submitted on her behalf, Michelle N. Comeau has the experience, temperament, judiciousness, and other competencies required to be a District Court Judge, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Court Judge.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (San Buenaventura). Noes, none. Excused, none.

SCRep. 3943 Labor and Technology on Gov. Msg. No. 704

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TRUSTEES OF THE EMPLOYEES’ RETIREMENT SYSTEM

G.M. No. 704 VINCENT BARFIELD, for a term to expire 06-30-2030

Your Committee reviewed the personal history, resume, and statement submitted by Vincent Barfield for service on the Board of Trustees of the Employees’ Retirement System.

Your Committee received testimony in support of the nomination for the appointment of Vincent Barfield from the State of Hawaii Employees’ Retirement System, Department of Budget and Finance, Association of Military Banks of America, and one individual.

Upon review of the testimony, your Committee finds that Mr. Barfield’s professional experience and background in banking, investment services, and retirement plans qualify him to be nominated for appointment to the Board of Trustees of the Employers’ Retirement System as a member who is a citizen of the State who is not a public employee, with at least three years of experience providing financial services, including investments, to public, corporate, or private institutional clients. Mr. Barfield has over thirty years of experience working in the State’s financial sector. He served in various positions at the Bank of Hawaii from 1992 until his retirement in 2019, including serving as a Managing Executive overseeing all wealth management businesses, including private banking, brokerage, international client banking, personal trust administration, institutional services, investment management, foundation administration, trust tax, trust real estate, operations, and compliance. Previously, Mr. Barfield served as the Pacific Area Credit Manager for Motorola Communications and held several management and lending positions at First Hawaiian Bank. Your Committee notes that Mr. Barfield has served on numerous boards in the past, including the Association of Military Banks of America, USS Missouri Memorial Association, East West Center Foundation, and Prevent Child Abuse Hawaii, and therefore, has a thorough understanding of the role and responsibilities of board members. Your Committee also notes that Mr. Barfield has been serving on the Board of Trustees of the Employees’ Retirement System since 2012 in various roles, including chair and vice-chair, and currently services as the Chair of the Human Resources Committee, Vice Chair of the Administrative & Audit Committee, and member of the Investment and Governance Policy Committees. Your Committee further notes the testimony of the Employees’ Retirement System attesting to Mr. Barfield’s provision of invaluable insight and professional knowledge during Board discussions and decisions. Your Committee finds that Mr. Barfield’s extensive experience in the financial sector and proven leadership will continue to contribute greatly to the Board of Trustees of the Employers’ Retirement System. Your Committee therefore recommends that Vincent Barfield be appointed to the Board of Trustees of the Employers’ Retirement System based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 3944 Labor and Technology on Gov. Msg. No. 727

Recommending that the Senate advise and consent to the nomination of the following:

LABOR AND INDUSTRIAL RELATIONS APPEALS BOARD

G.M. No. 727 HARRY YEE, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Harry Yee for service on the Labor and Industrial Relations Appeals Board.

Your Committee received testimony in support of the nomination for the appointment of Harry Yee from the Department of Labor and Industrial Relations; International Union of Elevator Constructors, Local 126; Leong, Kunihiko, Brooke & Kim, Attorneys at Law, A Law Corporation; United Public Workers, AFSCME Local 646, AFL-CIO; Weber, Van Dyke & Fujimoto, LLLP, A Limited Liability Law Limited Partnership; Hawaii Government Employee Association, AFSCME Local 152, AFL-CIO; Hawaii State AFL-CIO; Timothy P. McNulty, A Law Corporation; and nine individuals.

Upon review of the testimony, your Committee finds that Mr. Yee's experience, background, and commitment to public service qualify him for appointment to the Labor and Industrial Relations Appeals Board. Mr. Yee earned his Juris Doctor degree from the Suffolk University School of Law in 1981 and began his legal career in Boston Massachusetts, including serving as an Assistant Attorney General at the Civil Rights Division and Medicaid Fraud Control Unit of the Department of the Attorney General for the State of Massachusetts. He relocated to Hawaii in 1989 and founded his own law firm, where he regularly represented injured workers as a claimant's counsel before the Department of Labor and Industrial Relations Disability Compensation Division and the Labor and Industrial Relations Appeals Board for fourteen years. Thereafter, Mr. Yee became an Assistant United States Attorney at the United States Attorney's Office in the District of Hawaii, where he represented federal agencies and the United States Armed Forces in a wide variety of civil matters including medical malpractice, complex tort, environmental, tax, and immigration cases from 2003 to 2023. Your Committee acknowledges testimony attesting to Mr. Yee's ability to evaluate the multi-faceted legal issues presented by workers' compensation claims, thorough knowledge of relevant laws and rules pertaining to workers' compensation, as well as his intellect, experience, and temperament necessary to serve on the Labor and Industrial Relations Appeals Board. Your Committee finds that Mr. Yee's knowledge and extensive experience as a litigator and counsel representing clients in workers' compensation cases will enhance the effectiveness of the Labor and Industrial Relations Appeals Board. Your Committee further finds that Mr. Yee has shown himself to be an intelligent, proficient, and creative practitioner of Labor and Workers' Compensation Law and would be a valuable asset to the Board. Your Committee therefore recommends that Harry Yee be appointed to the Labor and Industrial Relations Appeals Board based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 3945 Labor and Technology on Gov. Msg. No. 726

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII LABOR RELATIONS BOARD

G.M. No. 726 CLARK HIROTA, for a term to expire 06-30-2030

Your Committee reviewed the personal history, resume, and statement submitted by Clark Hirota for service on the Hawaii Labor Relations Board.

Your Committee received testimony in support of the nomination for the appointment of Clark Hirota from the Department of Human Resources Development; Department of Labor and Industrial Relations; Department of the Attorney General; Mayor of the City and County of Honolulu; Honolulu Police Department; International Brotherhood of Electrical Workers Local 1260; State of Hawaii Organization of Police Officers; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; International Association of Heat and Frost Insulators & Allied Workers Local 132; and twenty-four individuals.

Upon review of the testimony, your Committee finds that Mr. Hirota's background, knowledge, and over twenty-five years of experience in the areas of labor and employment qualify him for appointment to the Hawaii Labor Relations Board as a representative of labor. Your Committee notes that Mr. Hirota has been serving as a Labor Specialist for the City and County of Honolulu Department of Human Resources since 2008, where he is responsible for advising, representing, and advocating for county departments on matters involving labor unions; conducting labor advocacy and collective bargaining; providing assistance in interest arbitrations with the State of Hawaii Organization of Police Officers; and serving as a hearing officer for the county departments' contested cases. Your Committee also notes that Mr. Hirota earned a Juris Doctorate degree from the Seattle University School of Law in 1996, and has focused his career in the areas of labor and employment. Before assuming his current position, Mr. Hirota served as Deputy Corporation Counsel at the City and County of Honolulu, representing and advocating for the county in administrative and labor arbitration hearings, interest arbitration regarding contract negotiations with the Hawaii Government Employees Association, and Hawaii Labor Relations Board proceedings. His previous positions also include serving as a Labor Counselor at the Office of the Staff

Judge Advocate, where he advised and advocated for the United States Army in various employment- and labor-related matters; and as an attorney in private practice, during which he represented and advocated for clients in various labor matters, including collective bargaining and administrative and labor arbitration hearings. Your Committee finds that Mr. Hirota's knowledge in labor and employment laws and experience in labor arbitrations and proceedings before the Hawaii Labor Relations Board will be invaluable assets for the Board. Your Committee therefore recommends that Clark Hirota be appointed to the Hawaii Labor Relations Board based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Labor and Technology that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 3946 Energy, Economic Development, and Tourism on Gov. Msg. No. 605

Recommending that the Senate advise and consent to the nomination of the following:

STRATEGIC BROADBAND COORDINATOR, DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT & TOURISM

G.M. No. 605 CHUNG CHANG, for a term to expire 12-07-2026

Your Committee reviewed the personal history, resume, and statement submitted by Chung Chang for service as the Strategic Broadband Coordinator within the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of the nomination for the appointment of Chung Chang from the Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Hawaii Technology Development Corporation; Research and Economic Analysis Division of the Department of Business, Economic Development, and Tourism; Creative Industries Division of the Department of Business, Economic Development, and Tourism; Foreign-Trade Zone Division of the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Agribusiness Development Corporation; Natural Energy Laboratory of Hawaii Authority; Hawaii Green Infrastructure Authority; Broadband Hui; Hawai'i Farm Bureau; Hawaiian Telcom; and five individuals.

Upon review of the testimony, your Committee finds that Mr. Chang's experience, background, and commitment to public service qualify him for appointment to the position of Strategic Broadband Coordinator. Your Committee notes that Mr. Chang has a diverse background in providing strategic business leadership, demonstrated through his service in various roles in the private and public sectors. Mr. Chang has served the Hawaii State Senate Committee on Ways and Means as a Committee Clerk and Bills Researcher and also served the Department of Business, Economic Development, and Tourism as a Deputy Director and Aerospace Development Coordinator. During the course of Mr. Chang's career, he has gained broad experience and knowledge about the State's digital economy and how to ensure the equitable distribution of digital technologies to residents of the State. Your Committee further notes that Mr. Chang has served as the interim Strategic Broadband Coordinator since July 2023 and has a thorough understanding of the roles and responsibilities of the Strategic Broadband Coordinator. Your Committee therefore recommends that Chung Chang be appointed to the position of Strategic Broadband Coordinator based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3947 Energy, Economic Development, and Tourism on Gov. Msg. No. 671

Recommending that the Senate advise and consent to the nomination of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

G.M. No. 671 JENNIFER WILKINSON, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Jennifer Wilkinson for service on the Community-Based Economic Development Advisory Council.

Your Committee received testimony in support of the nomination for the appointment of Jennifer Wilkinson from the Department of Business, Economic Development, and Tourism; County of Hawai'i Department of Liquor Control; and fifteen individuals.

Upon review of the testimony, your Committee finds that Ms. Wilkinson's background and dedication to serving the public qualify her to be appointed to the Community-Based Economic Development Advisory Council as a member representing the financial community. Your Committee notes that Ms. Wilkinson has been a Financial Services Executive since 2009, leading innovation in products and people management, analyzing productivity and profitability models, and streamlining process improvements. Ms. Wilkinson is currently serving as a Commissioner for the County of Hawai'i Department of Liquor Control. Previously, Ms. Wilkinson was a Chief Lending Officer for San Mateo Credit Union in Redwood City, California, where she developed and implemented growth strategies for real estate, consumer, business, and participation loan activities. Your Committee finds that Ms. Wilkinson has a thorough understanding of the role and responsibilities of board members and her extensive experience in the finance industry will continue to enhance the effectiveness of the Community-Based Economic Development Advisory Council. Your Committee therefore recommends that Jennifer Wilkinson be appointed to the Community-Based Economic Development Advisory Council based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3948 Energy, Economic Development, and Tourism on Gov. Msg. No. 736

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY

G.M. No. 736 DAVELYN KALIPI, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Davelyn Kalipi for service on the Board of Directors of the Natural Energy Laboratory of Hawaii Authority.

Your Committee received testimony in support of the nomination for the reappointment of Davelyn Kalipi from the Department of Business, Economic Development, and Tourism; W. M. Keck Observatory; and eleven individuals.

Upon review of the testimony, your Committee finds that Ms. Kalipi's experience, knowledge, and proven leadership on the Board of Directors of the Natural Energy Laboratory of Hawaii Authority qualify her for reappointment to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority as a public member. Your Committee notes that Ms. Kalipi has over twenty-five years of executive experience and a thorough understanding of government, community relations, strategic planning, and economic development. Ms. Kalipi has worked for Progression Energy, LLC, as the Executive Vice President for Hawaii, the Pacific, and Asia for eight years, and also serves as President of Kalipi Enterprises, LLC, a company that provides consulting services for community-based economic development in the areas of food security, energy security, and community empowerment. Ms. Kalipi also previously served as an attorney with the United States Army, Judge Advocate Generals Corps. Your Committee notes that Ms. Kalipi is an active participant in her community and serves as a member of a number of boards, including the Mālama 'Aina Foundation, Blue Planet Foundation, and the Hawaii Leadership Forum of Fellows, among others. Your Committee further finds that Ms. Kalipi has served on the Board of Directors of the Natural Energy Laboratory of Hawaii Authority since 2022 and her experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Davelyn Kalipi be reappointed to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3949 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 608 and 609

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION

G.M. No. 608 JESSE COOKE, for a term to expire 06-30-2024; and

G.M. No. 609 JESSE COOKE, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Jesse Cooke for service on the Board of Directors of the Agribusiness Development Corporation.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Jesse Cooke from the Department of Agriculture; Agribusiness Development Corporation; County of Hawaii Department of Research and Development; Ulupono Initiative; Hawaii Farm Bureau; Hawaii Food Industry Association; Larry Jefts Farms, LLC; Hawaii Farmers Union United; HIplan; Aloha Harvest; Hawaii Investment Ready; Hawaii Land Trust; Polipoli Farms LLC; The Food Basket Inc.; Slow Money Hawaii; Feed the Hunger Fund; North Shore Economic Vitality Partnership; Hawaii Cattlemen's Council, Inc.; Commercial and Business Lending; Germinate by HIplan; Oahu Fresh; Hawaii Farming LLC; MetroGrow Hawaii LLC; Lanakila Pacific; Hawaiian Chip Company LLC; Pacific Gateway Center; Hawaii Food Hub Hui; Hartung Brothers, Inc.; and twelve individuals.

Upon review of the testimony, your Committee finds that Mr. Cooke's professional experience, background, and desire to serve his community qualify him for consideration for appointment and reappointment to the Board of Directors of the Agribusiness Development Corporation as a member representing the City and County of Honolulu. Your Committee notes that Mr. Cooke has been a financial analyst for over twenty years and has an extensive background in investments, financial modeling, business lending, fundraising, research, and project development. Mr. Cooke has been serving as Vice President of Investments & Analytics for Ulupono Initiative since 2014, where he develops strategic initiatives to support projects and organizations that work to increase local food production. Your Committee finds that Mr. Cooke's involvement in Hawaii's agricultural industry, experience in the local food sector, and knowledge of financial matters and grants will aid in the decision-making process for the Board of Directors of the Agribusiness Development Corporation. Your Committee further finds that Mr. Cooke has been serving as an interim member of the Board of Directors of the Agribusiness Development Corporation and his knowledge and finance experience will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Jesse Cooke be appointed and reappointed to the Board of

Directors of the Agribusiness Development Corporation based on his background, knowledge, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3950 Hawaiian Affairs on Gov. Msg. No. 746

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 746 SANOE MARFIL, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Sanoë Marfil for service on the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination for the appointment of Sanoë Marfil from the Department of Hawaiian Home Lands; one member of the Kaua'i County Council; three Commissioners of the Hawaiian Homes Commission; Council for Native Hawaiian Advancement; Makaha Hawaiian Civic Club; Ahupua'a O Nānākuli Homestead; Wai'anae Valley Homestead Community Association; Keaukaha Pana'ewa Farmers Association; Nānākuli-Mā'ili Neighborhood Board No. 36; Nanakuli High and Intermediate School PTSA; Sovereign Council of Hawaiian Homestead Associations; Association of Hawaiians for Homestead Lands; Association of Hawaiian Civic Clubs; Matson Navigation Company, Inc.; Ho'omana Pono, LLC; VKN Services, Inc.; and thirty-six individuals.

Upon review of the testimony, your Committee finds that Ms. Marfil's experience, background, and commitment to public service qualify her for appointment to the Hawaiian Homes Commission. Your Committee notes that Ms. Marfil currently works as the Chief Program Officer at the Institute for Native Pacific Education and Culture where she has been employed since 2010. Her responsibilities encompass the strategic direction of all programming; development of strong relationships with foundations, businesses, and community leaders; and participation in development efforts through grant application and reporting. Ms. Marfil is also involved in her community, currently serving as the President of the Nanaikapono Hawaiian Civic Club and as a parent liaison for Ka Papahana 'o Mā'ilikūkahi. Ms. Marfil has nearly twenty years of experience as a nonprofit leader and is a Hawaiian educator with experience in Hawaiian culture and place-based pedagogy and curriculum. Your Committee finds that Ms. Marfil thoroughly understands the role and responsibilities of Commissioners and her experience, knowledge, and dedication to the advancement of Native Hawaiians will be assets to the Hawaiian Homes Commission. Your Committee therefore recommends that Sanoë Marfil be appointed to the Hawaiian Homes Commission based on her experience, knowledge, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 3951 Judiciary on Gov. Msg. No. 665

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I STATE LESBIAN, GAY, BISEXUAL, TRANSGENDER, QUEER, PLUS COMMISSION

G.M. No. 665 JOSEPH VICK, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Joseph Vick for service on the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission.

Your Committee received no testimony on the nomination for the appointment of Joseph Vick.

Your Committee finds that Mr. Vick's background, experience, and dedication to the LGBTQ+ community qualify him to be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission. Mr. Vick has owned My Bar Kona since November 1, 2013, and in his more than ten years of ownership he has grown the business into a central hub for the LGBTQ+ community on the island of Hawaii. Mr. Vick has transformed My Bar Kona into a neighborhood safe space and works to ensure that it remains a positive and safe environment for everyone in his community, but especially members of the LGBTQ+ community. In addition to his experience as a small business owner, Mr. Vick co-created Kona Pride with his husband, which is a nonprofit dedicated to hosting annual pride parties. Each year, Kona Pride executes three-day weekend events at numerous locations throughout Kailua-Kona, most recently having more than nine events at multiple locations. Your Committee believes that Joseph Vick will bring extensive leadership, experience, and a strong desire to serve his community to the Commission and therefore recommends that he be appointed to the Hawai'i State Lesbian, Gay, Bisexual, Transgender, Queer, Plus Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3952 Agriculture and Environment on Gov. Msg. No. 678

Recommending that the Senate advise and consent to the nomination of the following:

ENDANGERED SPECIES RECOVERY COMMITTEE

G.M. No. 678 LINDSAY YOUNG, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Lindsay Young for service on the Endangered Species Recovery Committee.

Your Committee received testimony in support of the nomination for the appointment of Lindsay Young from the Department of Land and Natural Resources and two individuals.

Upon review of the testimony, your Committee finds that Dr. Young's knowledge, experience, and desire to serve her community qualify her for appointment to the Endangered Species Recovery Committee as a field biologist member with expertise in conservation biology pursuant to section 195D-25, Hawaii Revised Statutes. Your Committee notes that Dr. Young earned a Ph.D. in Ecology, Evolution, and Conservation Biology from the University of Hawaii, a Master of Science in Zoology from the University of Hawaii, and a Bachelor of Science in Zoology from the University of British Columbia. Dr. Young is not only the owner and operator of Conservation Fencing LLC, a local manufacturing business that provides materials and predator exclusion fencing to federal and state agencies, but also works as the Executive Director and Senior Scientist at Pacific Rim Conservation since 2008 and an affiliate graduate faculty member of the University of Hawaii's Department of Natural Resources and Environmental Management since 2017. According to testimony received by your Committee, Dr. Young was recently selected by National Geographic to be the Vice President of Research for its Pristine Seas program. Your Committee further notes that Dr. Young has attended and presented at multiple meetings of the Endangered Species Recovery Committee over the last ten years and that her familiarity with the federal habitat conservation plan process and expertise on native seabirds will be an asset to the Endangered Species Recovery Committee. Your Committee therefore recommends that Lindsay Young be appointed to the Endangered Species Recovery Committee based on her knowledge, experience, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3953 Agriculture and Environment on Gov. Msg. No. 645

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY COMMITTEE ON PESTICIDES

G.M. No. 645 MELVIN TOKUDA, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Melvin Tokuda for service on the Advisory Committee on Pesticides.

Your Committee received testimony in support of the nomination for the appointment of Melvin Tokuda from the Department of Agriculture and Hawaii'i Farm Bureau.

Upon review of the testimony, your Committee finds that Mr. Tokuda's background, experience, and desire to serve his community qualify him for appointment to the Advisory Committee on Pesticides as a representative of the Department of Health pursuant to section 149A-51, Hawaii Revised Statutes. Your Committee notes that Mr. Tokuda earned a Bachelor of Science in Agriculture from the University of Hawaii at Manoa and has been on staff at the Department of Health as an Environmental Health Specialist in the Safe Drinking Water Branch since February 2008. Prior to that, he was a Pesticide Specialist at the Department of Agriculture for over sixteen years. Your Committee further notes that through these positions, Mr. Tokuda is well-versed in federal and state rules relating to the distribution of safe drinking water and the manufacturing, distribution, and use of pesticides, and that his expertise will help the Advisory Committee on Pesticides fulfill its duties to advise and assist the Department of Agriculture in pesticide problems and in developing and revising laws and rules to enforce Hawaii's Pesticides Law. Your Committee therefore recommends that Melvin Tokuda be appointed to the Advisory Committee on Pesticide based on his experience, knowledge, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (DeCoite, Awa).

SCRep. 3954 Agriculture and Environment on Gov. Msg. No. 694

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF AGRICULTURE

G.M. No. 694 NATHANIEL OSWALD, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Nathaniel Oswald for service on the Board of Agriculture.

Your Committee received testimony in support of the nomination for the appointment of Nathaniel Oswald from the Department of Agriculture; Hawai'i Farm Bureau; Hawai'i Farm Bureau Molokai Chapter; Hawaii Cattlemen's Council, Inc.; Molokai Chamber of Commerce; Larry Jeffs Farms, LLC; Hawaii Crop Improvement Association; and eight individuals.

Upon review of the testimony, your Committee finds that Mr. Oswald's knowledge, experience, and commitment to public service qualify him for appointment to the Board of Agriculture as a member at-large pursuant to chapter 26-16(a), Hawaii Revised Statutes. Your Committee notes that Mr. Oswald moved to Molokai over twenty-four years ago and has over thirty years of experience in agriculture, specializing in crop nursery management. He is the owner of Oswald Nursery Management LLC, a local business that provides consulting and management services to agriculture operations, since 2017. According to testimony received by your Committee, Mr. Oswald has been certified by the Department of Agriculture as a Pesticide Applicator for the past ten years. Your Committee further notes that Mr. Oswald is active in the community, including service as the President of the Hawaii Farm Bureau's Molokai Chapter for the last eight years, member of the Maui Economic Development Board, and member of the Steering Committee for the Maui County Department of Agriculture. Mr. Oswald has also been a member of the Molokai Irrigation System Water Users Advisory Board since his appointment in 2021. His knowledge and experience in various aspects of agriculture and agriculture support industries, along with his perspective as a farmer from a neighboring island, will be an asset to the Board. Your Committee therefore recommends that Nathaniel Oswald be appointed to the Board of Agriculture based on his knowledge, background, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (DeCoite, Awa).

SCRep. 3955 Judiciary on Gov. Msg. No. 675

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF OAHU

G.M. No. 675 BARBARA MARUMOTO-COONS, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Barbara Marumoto-Coons for service on the Board of Registration of the Island of Oahu.

Your Committee received testimony in support of the nomination for the appointment of Barbara Marumoto-Coons from one individual.

Upon review of the testimony, your Committee finds that Ms. Marumoto-Coons' background and extensive experience in state and federal government qualify her to be nominated for appointment to the Board of Registration of the Island of Oahu. Ms. Marumoto-Coons holds a Bachelor of Arts degree in sociology from the University of Hawaii. Your Committee notes that Ms. Marumoto-Coons presently serves on the Department of Land and Natural Resources' Diamond Head Citizens Advisory Committee. Previously, Ms. Marumoto-Coons was a representative in the Hawaii State House of Representatives from 1978 to 2012, where she served as House Republican Leader from 1985 to 1986 and from 2001 to 2002. Ms. Marumoto-Coons has also served on numerous federal commissions, including the President's Commission on Asian Americans and Pacific Islanders, Defense Advisory Committee on Women in the Services, Advisory Committee on Equal Opportunity for the United States Department of Agriculture, and Intergovernmental Advisory Commission on Education. Your Committee further finds that Ms. Marumoto-Coons is presently a board member for several community organizations, including Help, Understanding, and Group Support; University of Hawaii Arts and Sciences Alumni Association; and National Japanese-American Historical Society. Your Committee finds that Barbara Marumoto-Coons brings a wealth of knowledge and experience in public service and therefore recommends that she be appointed to the Board of Registration of the Island of Oahu.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3956 Agriculture and Environment on Gov. Msg. Nos. 588, 598, and 599

Recommending that the Senate advise and consent to the nominations of the following:

MOLOKA'I IRRIGATION SYSTEM WATER USERS ADVISORY BOARD

G.M. No. 588 JILL COOMBS, for a term to expire 06-30-2027;

G.M. No. 598 OSCAR IGNACIO, for a term to expire 06-30-2027; and

G.M. No. 599 JAMES BOSWELL, for a term to expire 06-30-2027

Your Committee reviewed the personal histories, resumes, and statements submitted by Jill Coombs, Oscar Ignacio, and James Boswell for service on the Molokai Irrigation System Water Users Advisory Board.

JILL COOMBS

Your Committee received testimony in support of the nomination for the appointment of Jill Coombs from the Department of Agriculture, Hikiola Cooperative, Hawai'i Farm Bureau Molokai Chapter, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Coombs' background, experience, and commitment to public service qualify her for appointment to the Molokai Irrigation System Water Users Advisory Board as a non-homestead farmer user on Molokai pursuant to section 167-23(a)(2), Hawaii Revised Statutes. Your Committee notes that Ms. Coombs has been involved in agriculture industry for over twenty years, thirteen of which have been on Molokai growing crops that are watered by the Moloka'i Irrigation System. She is currently employed as Production Lead for Bayer in Kaunakakai, Molokai, and has managed one of the largest farms on Molokai for the last six years. Your Committee further notes that Ms. Coombs has served on the Molokai Irrigation System Water Users Advisory Board since her appointment in 2019 and is currently the Chairperson of the Board. Her leadership and insight regarding the design, upkeep, capabilities, and limitations of the aging Molokai Irrigation System will continue to enhance the effectiveness of the Molokai Irrigation System Water Users Advisory Board. Your Committee therefore recommends that Jill Coombs be appointed to the Molokai Irrigation System Water Users Advisory Board based on her background, experience, and commitment to public service.

OSCAR IGNACIO

Your Committee received testimony in support of the nomination for the appointment of Oscar Ignacio from the Department of Agriculture and Department of Hawaiian Homelands.

Upon review of the testimony, your Committee finds that Mr. Ignacio's background, experience, and desire to serve his community qualify him for appointment to the Molokai Irrigation System Water Users Advisory Board as the designee (by name rather than office) of Hikiola Cooperative, Inc. pursuant to section 167-23(a)(4), Hawaii Revised Statutes. Prior to his current employment as a security guard for Bayer, Mr. Ignacio retired in 2018 with over thirty years of service at the Department of Agriculture. Your Committee notes that, over the course of his career with the Department, Mr. Ignacio was responsible for the operation and maintenance of the Molokai Irrigation System and the delivery of agricultural waters to farmers, with the last ten years of his service as the District Manager of the Molokai Irrigation System. Your Committee further notes that Mr. Ignacio has previously served as the Vice President on the Molokai Livestock Coop Board and has an understanding of the roles and responsibilities of board members. His institutional knowledge of and experience with the Molokai Irrigation System and its users will enhance the effectiveness of the Molokai Irrigation System Water Users Advisory Board. Your Committee therefore recommends that Oscar Ignacio be appointed to the Molokai Irrigation System Water Users Advisory Board based on his background, experience, and desire to serve his community.

JAMES BOSWELL

Your Committee received testimony in support of the nomination for the appointment of James Boswell from the Department of Agriculture and Department of Hawaiian Home Lands.

Upon review of the testimony, your Committee finds that Mr. Boswell's background, experience, and desire to serve his community qualify him for appointment to the Molokai Irrigation System Water Users Advisory Board as a homestead farmer user on Molokai pursuant to section 167-23(a)(1), Hawaii Revised Statutes. Your Committee notes that Mr. Boswell has been involved in the agriculture industry for over thirty-five years. Before his retirement in 2016, he was an instructor and farm manager at the University of Hawaii Maui College, for almost thirty years, where he taught courses in botany, biology, and agriculture and managed the College's twenty-eight-acre farm on Molokai. Your Committee further notes that Mr. Boswell previously served on the Molokai Irrigation System Water Users Advisory Board from 2008 to 2012 as a member, secretary, and chairperson and is a current member of the Molokai Land Soil Conservation Board. His knowledge of the needs of Molokai's diverse water users and passion for environmental stewardship will be an asset to the Molokai Irrigation System Water Users Advisory Board. Your Committee therefore recommends that James Boswell be appointed to the Molokai Irrigation System Water Users Advisory Board based on his background, experience, and desire to serve his community.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 588 and 599: Ayes, 4. Noes, none. Excused, 1 (Awa).

For Gov. Msg. No. 598: Ayes, 3. Noes, none. Excused, 2 (Rhoads, Awa).

SCRep. 3957 Agriculture and Environment on Gov. Msg. No. 646

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY COMMITTEE ON PESTICIDES

G.M. No. 646 QING LI, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Qing Li for service on the Advisory Committee on Pesticides.

Your Committee received testimony in support of the nomination for the appointment of Qing Li from the Department of Agriculture, Hawai'i Farm Bureau, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Li's knowledge, experience, and desire to serve his community qualify him for appointment to the Advisory Committee on Pesticides as a representative of the University of Hawaii College of Tropical Agriculture and Human Resources pursuant to section 149A-51, Hawaii Revised Statutes. Your Committee notes that Mr. Li earned a Bachelor of Science in Agriculture from the Shangdong Agricultural University and a Doctorate in Agricultural and

Environmental Chemistry from the University of California-Davis. He has been a Professor at the University of Hawaii at Manoa's (UH-Manoa's) Department of Molecular Biosciences and Bioengineering since 2002, the Director of UH-Manoa's Proteomics Core Facility since 2011, and a research faculty member at the Hawaii Pacific Neuroscience Center since 2017. Your Committee further notes that Mr. Li previously served on the Advisory Committee on Pesticides from 2007 to 2015, and that his technical expertise in pesticide use, research and development, environmental issues, analysis, toxicology, disposal and remediation will enhance the effectiveness of the Advisory Committee on Pesticides. Your Committee therefore recommends that Qing Li be appointed to the Advisory Committee on Pesticide based on his knowledge, experience, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3958 Transportation and Culture and the Arts on Gov. Msg. Nos. 579, 580, 581, and 602

Recommending that the Senate advise and consent to the nominations of the following:

SAFE ROUTES TO SCHOOL ADVISORY COMMITTEE

- G.M. No. 579 THOMAS NOYES, for a term to expire 06-30-2026;
- G.M. No. 580 JAMES BURKE, for a term to expire 06-30-2026;
- G.M. No. 581 JESSICA THOMPSON, for a term to expire 06-30-2026; and
- G.M. No. 602 JEANNE TORRES, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Thomas Noyes, James Burke, Jessica Thompson, and Jeanne Torres for service on the State Routes to School Advisory Committee.

THOMAS NOYES

Your Committee received testimony in support of the nomination for the appointment of Thomas Noyes from the Ulupono Initiative and one individual.

Upon review of the testimony, your Committee finds that Mr. Noyes' background, experience, and dedication to the community qualify him for appointment to the Safe Routes to School Advisory Committee as a member representing an organization with a focus on bicycling. Your Committee notes that Mr. Noyes is currently the Executive Director for Kauai Path Inc., a nonprofit organization working to preserve, protect, and extend access through the design, implementation, and stewardship of non-motorized multi-use paths, where he leads fundraising, coordinating advocacy, managing volunteers, and implementing programs to further Kauai Path's strategic direction. Mr. Noyes has more than forty-two years of experience in non-profit, state, corporate, and community project management and communications. Prior to his current position, Mr. Noyes worked for the Department of Health; Kauai Planning and Action Alliance; Thomas Noyes Project Management Services; AT&T Wireless; Cingular Wireless, LLC; Ameritech Cellular Services, Inc.; and Griffin Noyes Associates. Your Committee further finds that Mr. Noyes is active in his community having served as chair of the Kauai Na Ala Hele Advisory Council and as a member of a variety of other committees and councils on Kauai. Additionally, Mr. Noyes' commitment to bicycling, including his instructor certification with the League of American Bicyclists, will be an asset to the Safe Routes to School Advisory Committee. Your Committee therefore recommends that Thomas Noyes be appointed to the Safe Routes to School Advisory Committee based on his experience, knowledge, and commitment to public service.

JAMES BURKE

Your Committee received testimony in support of the nomination for the appointment of James Burke from AARP Hawai'i, Hawai'i Family Caregiver Coalition, Ulupono Initiative, and one individual.

Upon review of the testimony, your Committee finds that Mr. Burke's background, experience, and knowledge qualify him for appointment to Safe Routes to School Advisory Committee as a member representing an organization with a focus on senior citizens and their families. Your Committee notes that Mr. Burke currently serves as a member of the Honolulu Rate Commission, a commission that reviews the fees, fares, rates, tolls, and other charges for the use of the municipal transportation system. Prior to that, Mr. Burke worked for the National Disaster Preparedness Training Center at the University of Hawaii, Department of Transportation Services for the City and County of Honolulu, Public Transit Division, Honolulu Public Transit Authority, and Department of Transportation. Your Committee further finds that Mr. Burke is also an active member in his community, serving on a variety of committees in the interests of seniors regarding transportation and disaster preparedness. Additionally, Mr. Burke's commitment to AARP as a volunteer and representative will be an asset to the Safe Routes to School Advisory Committee. Your Committee therefore recommends that James Burke be appointed to the Safe Routes to School Advisory Committee based on his experience, knowledge, and commitment to public service.

JESSICA THOMPSON

Your Committee received testimony in support of the nomination for the appointment of Jessica Thompson from the Ulupono Initiative.

Upon review of the testimony, your Committee finds that Ms. Thompson's background, experience, and knowledge qualify her for appointment to the Safe Routes to School Advisory Committee as a member representing an organization with a focus on public health and mobility. Your Committee notes that Ms. Thompson is the current Program Manager for the Safe, Accessible, and Inclusive Mobility Program at the Hawaii Public Health Institute where she works to build cross-sector, statewide coalitions to advance public health projects and programs. Ms. Thompson has over twenty years of experience in community development and managerial roles

including working with Hillsboro School District, Community Warehouse, Oregon Walks, and PATH: People for Active Transportation Hawaii. Your Committee further finds that Ms. Thompson's expertise in public health and community building will be an asset to the Safe Routes to School Advisory Committee. Your Committee therefore recommends that Jessica Thompson be appointed to the Safe Routes to School Advisory Committee based on her experience, knowledge, and desire to serve the community.

JEANNE TORRES

Your Committee received testimony in support of the nomination for the appointment of Jeanne Torres from Sensory Travel, LLC and fourteen individuals.

Upon review of the testimony, your Committee finds that Ms. Torres' experience, knowledge, and passion qualify her for appointment to the Safe Routes to School Advisory Committee as a member representing an organization with a focus on transportation equity and mobility. Your Committee notes that with over ten years of managerial experience, Ms. Torres is the current Executive Director of Guide Dogs of Hawaii. Prior to her current role, she served as General Manager and Service Programs Coordinator for Eye of the Pacific Guide Dogs and Mobility Services, Inc. and still serves on its Board of Directors. Your Committee further finds that Ms. Torres is active in her community and serves on the Hawaii Center for Independent Living Board of Directors, Committee for Accessible Transportation, Committee for the Protection of Service Animals, and National Federation of the Blind of Hawaii. Ms. Torres' commitment to equity, accessibility, mobility, and transportation will be an asset to the Safe Routes to School Advisory Committee. Your Committee therefore recommends that Jessica Torres be appointed to the Safe Routes to School Advisory Committee based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Transportation and Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Kanuha, Awa).

SCRep. 3959 Transportation and Culture and the Arts on Gov. Msg. Nos. 572, 573, 574, 575, 576, and 637

Recommending that the Senate advise and consent to the nominations of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

- G.M. No. 572 OLIVIA MANN, for a term to expire 06-30-2027;
- G.M. No. 573 JAMIE WHITTLE-WAGNER, for a term to expire 06-30-2027;
- G.M. No. 574 CECELIA HOFFMAN, for a term to expire 06-30-2027;
- G.M. No. 575 KU'ULEILANIMEKEALOHAMAU KUPAHU-MARINO AHOANO, for a term to expire 06-30-2027;
- G.M. No. 576 JERALD KEAULANA, for a term to expire 06-30-2027; and
- G.M. No. 637 JAME SCHAEDEL, for a term to expire 06-30-2028

Your Committee reviewed the personal histories, resumes, and statements submitted by Olivia Mann, Jamie Whittle-Wagner, Cecelia Hoffman, Ku'uleilanimekealohamau Kupahu-Marino Kahoano, Jerald Keaulana, and Jame Schaedel for service on the King Kamehameha Celebration Commission.

OLIVIA MANN

Your Committee received testimony in support of the nomination for the appointment of Olivia Mann from the Department of Business, Economic Development, and Tourism; King Kamehameha Celebration Commission; Daughters and Sons of the Hawaiian Warriors-Māmakakaua; and one individual.

Upon review of the testimony, your Committee finds that Ms. Mann's experience and knowledge qualify her for appointment to the King Kamehameha Celebration Commission as a member representing Daughters and Sons of Hawaiian Warriors-Māmakakaua. Your Committee notes that with over forty years of experience, Ms. Mann was a ukulele instructor at the Royal Hawaiian Center for thirty years, has taught hula at the Hālau Hula O Maiki, and is currently a Kumu Hula at the Royal Hawaiian Center. Ms. Mann is active in her community as the Director of 'Ahahui Ka'iulani, a member of the Daughters and Sons of the Hawaiian Warriors-Māmakakaua, and an active participant in numerous ceremonies and traditions including the commemorative ceremony at King Kamehameha 'Ekahi statue, annual commemorative ceremony and tribute for Princess Victoria Ka'iulani, and Kahikolu celebration. Your Committee further finds that Ms. Mann has a thorough understanding of the role and responsibilities of the King Kamehameha Celebration Commission. Your Committee therefore recommends that Olivia Mann be appointed to the King Kamehameha Celebration Commission based on her experience, knowledge, and commitment to public service.

JAMIE WHITTLE-WAGNER

Your Committee received testimony in support of the nomination for the reappointment of Jamie Whittle-Wagner from the Department of Business, Economic Development, and Tourism and King Kamehameha Celebration Commission.

Upon review of the testimony, your Committee finds that Ms. Whittle-Wagner's experience and knowledge qualify her for reappointment to the King Kamehameha Celebration Commission as a member representing the island of Maui. Your Committee notes that Ms. Whittle-Wagner is currently the Scholarship Associate and Community Outreach for Ka Hikina O Ka La where she works to provide scholarships to students residing in Maui Nui that are pursuing a degree in Hawaiian Studies or STEM. She is also a Cultural Assistant for the Maui Arts and Cultural Center where she assists the Cultural Director and coordinates the Ku Mai Ka Hula Competition. Prior to her current positions, Ms. Whittle-Wagner was the Registration Module Consultant and Conference Director for Ka 'Aha Hula 'O Halauaola; Rooms Director, Conventions Manager, and Director of Luau for the Royal Lahaina Resort; and

Administrative Assistant and Volunteer Coordinator for the Maui Historical Society, Bailey House Museum. Ms. Whittle-Wagner is an active member in her community on Maui and currently serves as the Maui Commissioner for the King Kamehameha Celebration Commission and is a teacher, leader, and dancer for Na Maile Ku Honua. Your Committee therefore recommends that Jamie Whittle-Wagner be reappointed to the King Kamehameha Celebration Commission based on her experience, knowledge, and commitment to public service.

CECELIA HOFFMAN

Your Committee received testimony in support of the nomination for the appointment of Cecelia Hoffman from the Department of Business, Economic Development, and Tourism and King Kamehameha Celebration Commission.

Upon review of the testimony, your Committee finds that Ms. Hoffman's experience and knowledge qualify her for appointment to the King Kamehameha Celebration Commission as a member representing the island of Kauai. Your Committee notes that Ms. Hoffman is the current Education Director for the Kaua'i Museum where she assists and coordinates with schools to help them obtain a better knowledge of Kauai leaders. In addition to her roles at the Kauai Museum, she is Kumu 'Ōlelo Hawai'i for the Kaua'i Adult Education. Prior to her current positions, Ms. Hoffman was the Hawaiian Culturalist for 'Aha Kūpuna/Kumu Kalāheo where she taught children Hawaiian cultural practices including mele, hula, arts, and crafts. Through her professional experience, Ms. Hoffman has demonstrated a commitment to educating both local residents and visitors about the history and culture of the State. Furthermore, Ms. Hoffman is proficient in the Hawaiian language and is dedicated to preserving the language for future generations. Your Committee therefore recommends that Cecelia Hoffman be appointed to the King Kamehameha Celebration Commission based on her experience, knowledge, and commitment to public service.

KU'ULEILANIMEKEALOHA MAU KUPAHU-MARINO KAHOANO

Your Committee received testimony in support of the nomination for the appointment of Ku'uleilanimekealohama Kupahu-Marino Kahoano from the Department of Business, Economic Development, and Tourism; King Kamehameha Celebration Commission; Marriott Resort Waikiki Beach; and two individuals.

Upon review of the testimony, your Committee finds that Ms. Kupahu-Marino Kahoano's experience and knowledge qualify her for appointment to the King Kamehameha Celebration Commission as a member representing the Waimanalo Hawaiian Homes Association. Your Committee notes that with over thirty years of clinical and community nursing, Ms. Kupahu-Marino Kahoano is currently a Cultural Programming and Lead Instructor at the Salvation Army Women's Way and a Pediatric Intermittent Nurse for Cradles and Crayons Pediatric Nursing. Ms. Kupahu-Marino Kahoano is the Founder and President of Caring for Hawai'i Neonates where she manages the Board and coordinates community development, fundraising, volunteering, and grant support. Prior to her current positions, Ms. Kupahu-Marino Kahoano worked as a nurse for Navian Hospice, Tripler Army Medical Center, Kapiolani Medical Center for Women and Children, San Diego Hospice and Palliative Care, Sharpe Mary Birth Women's Hospital, and Santa Rosa Memorial Hospital. Ms. Kupahu-Marino Kahoano is an active member in her community with fifty years of volunteerism including over forty years of Kumu Hula and cultural teaching. Your Committee further finds that Ms. Kupahu-Marino Kahoano's commitment to cultural competency in health care makes her well qualified for the King Kamehameha Celebration Commission. Your Committee therefore recommends that Ku'uleilanimekealohama Kupahu-Marino Kahoano be appointed to the King Kamehameha Celebration Commission based on her experience, knowledge, and commitment to public service.

JERALD KEAULANA

Your Committee received testimony in support of the nomination for the appointment of Jerald Keaulana from the Department of Business, Economic Development, and Tourism and King Kamehameha Celebration Commission.

Upon review of the testimony, your Committee finds that Mr. Keaulana's experience and knowledge qualify him for appointment to the King Kamehameha Celebration Commission as a member representing the Kapahulu Music Club. Your Committee notes that Mr. Keaulana is currently responsible for the teaching, planning, and designing of Hawaiian language courses at Punahou School, and is a Hawaiian music and dance resource teacher for grades K-12. With thirty-eight years of experience in education, Mr. Keaulana has had lecturer, educator, and professorship positions at Molokai High and Intermediate School, Washington Intermediate School, Kapiolani Community College, Honolulu Community College, Kalani High School, University of Hawaii at Manoa, Lei Hulu Hula School, and Punahou School. Mr. Keaulana is an active member in his community and is a Board Member of the Lanikuhonua Cultural Institute, Waianae Coast Comprehensive Health Center, Mary Kawena Pukui Society, Lei O Lanikujonua, and Waihona Mele No'eau. Additionally, your Committee notes that Mr. Keaulana has a distinguished publication record with ten published works relating to Hawaiian language and culture and is a native speaker of the Hawaiian language. Your Committee therefore recommends that Jerald Keaulana be appointed to the King Kamehameha Celebration Commission based on his experience, knowledge, and commitment to public service.

JAME SCHAEDEL

Your Committee received testimony in support of the nomination for the appointment of Jame Schaedel from the Department of Business, Economic Development, and Tourism; King Kamehameha Celebration Commission; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Schaedel's experience and knowledge qualify him for appointment to the King Kamehameha Celebration Commission as a member representing Kamehameha Schools Alumni Association. Your Committee notes that Mr. Schaedel is a Policy Advisor for the Honolulu City Council. With over sixteen years of analyst and managerial experience, Mr. Schaedel has worked for the Hawaii House of Representatives, Honolulu City Council, Hawaii Department of Transportation, and Hawaii Department of Land and Natural Resources. In addition to working for the State, Mr. Schaedel is a servicemember with the United States Army Reserve and Hawaii Army National Guard. Mr. Schaedel is an active member in his community and is a Board Member of the Kamehameha Schools Alumni Association, member of the United States Coast Guard Auxiliary, State Legislative Officer for the Hawaii Veterans of Foreign Wars, and a member of the Kapolei Hawaiian Civic Club. Your Committee further finds that Mr. Schaedel's dedication to the State of Hawaii qualifies him for the King Kamehameha Celebration

Commission. Your Committee therefore recommends that Jame Schaedel be appointed to the King Kamehameha Celebration Commission based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Transportation and Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Kanuha, Awa).

SCRep. 3960 Transportation and Culture and the Arts on Gov. Msg. No. 577

Recommending that the Senate advise and consent to the nomination of the following:

CHAIRPERSON, STATE FOUNDATION ON CULTURE & THE ARTS

G.M. No. 577 KONRAD NG, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Konrad Ng for service on the State Foundation on Culture and the Arts.

Your Committee received testimony in support of the nomination of Konrad Ng from the Department of Business, Economic Development, and Tourism; State Foundation on Culture and the Arts; Hawai'i International Film Festival; The Peale Center for Baltimore History and Architecture, Inc.; and five individuals.

Upon review of the testimony, your Committee finds that Dr. Ng's experience and knowledge qualify him for appointment as the Chairperson of the State Foundation on Culture and the Arts. Your Committee notes that Dr. Ng has been involved in the Arts for twenty-three years, including his most recent position as the Executive Director of Shangri La Museum of Islamic Art, Culture & Design in Honolulu. Dr. Ng's previous experience as a senior executive, curator, and educator includes working for the Smithsonian Institution, University of Hawai'i at Manoa, Honolulu Museum of Art, and Hawaii International Film Festival. In addition to his professional experience, Dr. Ng is active in the arts community, holding member positions on the Hawaii Public Radio Board of Directors, Center for Asian American Media National Advisory Board, and Asian American Literary Review Advisory Board. Your Committee finds that Dr. Ng's extensive expertise in the arts will continue to enhance the effectiveness of the State Foundation on Culture and the Arts. Your Committee therefore recommends that Konrad Ng be appointed to the State Foundation on Culture and the Arts based on his experience, knowledge, and commitment to the arts.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Kanuha, Awa).

SCRep. 3961 Transportation and Culture and the Arts on Gov. Msg. No. 578

Recommending that the Senate advise and consent to the nomination of the following:

STATE FOUNDATION ON CULTURE & THE ARTS

G.M. No. 578 SEAN CONNELLY, for a term to expire 06-30-2027

Your Committee reviewed the personal history, resume, and statement submitted by Sean Connelly for service on the State Foundation on Culture and the Arts.

Your Committee received testimony in support of the nomination of Sean Connelly from the Department of Business, Economic Development, and Tourism and State Foundation on Culture and the Arts.

Upon review of the testimony, your Committee finds that Dr. Connelly's experience and knowledge qualify him for appointment to the State Foundation on Culture and the Arts as an at-large member. Your Committee notes that Dr. Connelly has been involved in the arts for twenty-five years and was, most recently, an Adjunct Assistant Professor at Columbia University Graduate School of Architecture, Planning, and Preservation. In addition to a variety of teaching appointments and academic publications, Dr. Connelly is an accomplished artist whose work encompasses a variety of media including architecture, sculpture, film, and design. His works have been displayed at prestigious institutions and he has two upcoming exhibitions for the Smithsonian Museum and Orange County Museum of Art. Your Committee further notes that Dr. Connelly is currently involved in two building projects: the Kaunani Learning Lab Masterplan and Building Concept and Makena Golf and Beach Club Affordable Housing Project. Your Committee finds that Dr. Connelly's extensive experience in the arts will continue to enhance the effectiveness of the State Foundation on Culture and the Arts. Your Committee therefore recommends that Sean Connelly be appointed to the State Foundation on Culture and the Arts based on his background, knowledge, and passion for the arts.

As affirmed by the record of votes of the members of your Committee on Transportation and Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3; Ayes with Reservations (Elefante). Noes, none. Excused, 2 (Kanuha, Awa).

SCRep. 3962 (Joint) Transportation and Culture and the Arts and Government Operations on H.C.R. No. 157

The purpose and intent of this measure is to urge the United States and the State to recognize and take action to address the ongoing air transport crisis on Molokai and Lanai.

Your Committees received testimony in support of this measure from AlohaCare, The Queen's Health System, a member of the Maui County Council, and two individuals.

Your Committees find that Molokai and Lanai residents face a unique struggle with the high cost and inconsistency of air travel and the lack of sufficient access to critical medical care. Your Committees further find that federal regulations hinder the State's ability to manage air transportation and thus forestall any attempt to improve the situation for residents of Molokai Lanai. Your Committees conclude that improved air transportation services to Molokai and Lanai would ensure that affected residents have access to a broader range of off-island necessary health care services and other personal appointments, meetings, and needs.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 157, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3963 (Joint) Transportation and Culture and the Arts and Government Operations on H.C.R. No. 49

The purpose and intent of this measure is to request the City and County of Honolulu to conduct a sidewalk feasibility study between Kamañaki Street and Kalihi Valley Park to address major concerns and deficiencies along Kalihi Street.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that Kalihi Valley is an older community that was largely built before modern standards for road construction were developed. Your Committees further find that the upper portion of Kalihi Street, the main artery through Kalihi Valley, has no sidewalks at all resulting in many dangerous locations along the street, particularly for the disabled and kupuna, who are unable to traverse certain places along the street without walking onto the street itself. Your Committees conclude that it is necessary to study the feasibility of placing sidewalks along this vital roadway to ensure the safety of Kalihi Valley residents.

As affirmed by the records of votes of the members of your Committees on Transportation and Culture and the Arts and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 49, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Transportation and Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Inouye, Awa).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Awa).

SCRep. 3964 Health and Human Services on H.C.R. No. 125

The purpose and intent of this measure is to request the establishment of a Telehealth Working Group to examine the impact of widespread telehealth adoption during the coronavirus disease 2019 (COVID-19) pandemic and identify public policy initiatives at the federal and state levels to optimize telehealth utilization as the State transitions out of the COVID-19 pandemic.

Your Committee received testimony in support of this measure from the Department of Health, Department of Human Services, The Queen's Health System, Grassroot Institute of Hawaii, University of Hawai'i System, and one individual.

Your Committee finds that the State experienced an increase in the use of telehealth during the COVID-19 pandemic. Your Committee further finds that although there is data to support the safety, efficacy, timeliness, access, and cost effectiveness of telehealth, the impact of widespread telehealth adoption in the State is largely unknown. This measure provides the State with greater insight into existing telehealth challenges and benefits by requesting the working group to evaluate and report on the impact of widespread telehealth adoption in the State on safety, utilization, total cost of care, and patient and provider satisfaction.

As affirmed by the record of votes of the members of your Committee on Health and Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Awa).
