At this time, Senator Keohokalole rose to speak on a point of personal privilege as follows:

“Colleagues, on Friday, the chair of the Department of Agriculture, Sharon Hurd, provided the Legislature, in a joint legislative briefing with the House, an update on the status of her department’s efforts in implementing Act 231, which last year appropriated \$20 million to the DOA to fight a range of invasive species, including coconut rhinoceros beetle, little fire ant, and brown tree snake. And, as you know, that \$20 million appropriation was cut by the governor in half to \$10 million. In her report on Friday into the status of how that \$10 million appropriation was being spent, the Ag chair, Sharon Hurd, reported in a slide deck that 52 percent of the program moneys from Act 231, or about \$4 million, were encumbered. In truth, only \$1.3 million was encumbered, and I know that because I checked with the comptroller of the Department of Accounting and General Services that morning and received an email confirmation at 11:29 a.m. When I questioned the chair about this in the briefing at the table, she flatly denied that her numbers were inaccurate and repeatedly refused to acknowledge the truth, which is that almost 90 percent of the funds from Act 231 have not yet been encumbered.

“Yesterday, my office received a letter from the Department of Agriculture that reads, on the last paragraph of the six-page letter, as follows, and I quote, ‘To date, HDOA has encumbered \$1,354,522.09 of the \$10 million.’ Thirteen point five five percent.

“So, Mr. President, the reason I bring this up on a point of personal privilege is that the public and this body deserve to have confidence that what is being presented to the Legislature and the public in our official proceedings by this administration is the truth. In the letter, the director stated, and I quote, ‘I apologize if my presentation created confusion on the progress HDOA is making to spend down the appropriation for biosecurity.’ If you go back in and look at the YouTube recording of that briefing, the confusion in the briefing seems to me to be her lack of understanding of what the term ‘encumbrance’ actually means. This is a member of the cabinet and a confirmed department head of state government. The term ‘encumbrance’ is a fundamental state budgeting term that’s actually featured in Article VII, Section 12, of the constitution, which is why I brought it up because that \$10 million appropriation lapses on June 30, and we are halfway through the fiscal year. The public and the Senate deserve better than to be drawn into debates about facts. Maybe that works in Washington, D.C., but it shouldn’t stand here, so I would like this letter, Mr. President, respectfully, to be entered into the Journal so that the record reflects the facts and so that we can move forward accordingly. Thank you.” (The Chair so ordered.)

The Chair having so ordered, the letter from the Department of Agriculture is identified as **“ATTACHMENT A”** to the Journal of this day.

Senator Kim announced that the Committee on Higher Education would be holding an informational briefing on the University of Hawai‘i budget at 2:00 p.m. in Conference Room 229.

The Chair made the following announcements:

“Today is the last day for bill introduction. The limit is five bills per member, and the deadline is 4:30 p.m. this afternoon.

“The joint session to receive the Chief Justice’s State of the Judiciary address will convene at 10:00 a.m. in the Senate Chamber. Please remain here or return by 9:45 a.m. so we can start on time.”

At 9:09 a.m., on motion by Senator Wakai, seconded by Senator DeCorte and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with Senate Concurrent Resolution No. 1, to receive the Chief Justice’s State of the Judiciary Address.

JOINT SESSION

The President then appointed Senators Karl Rhoads and Dru Mamo Kaniuha, on behalf of the Senate, and Representatives David A. Tarnas and Lauren Matsumoto, on behalf of the House of Representatives, to escort the Honorable Mark E. Recktenwald, Chief Justice of the Supreme Court, State of Hawai'i, to the rostrum.

Senator Lynn DeCoite and Representative Dee Morikawa presented Chief Justice Recktenwald with lei.

President Kouchi stated:

"Now, I know you're all here to listen to the chief justice, and normally I'd simply introduce him so he could begin, but I know you're all aware that this is his last address as chief justice to deliver the State of the Judiciary, and I would like to say, in September of 2010, when I was appointed to the Hawai'i State Senate, I had the privilege of being sworn in by the chief justice, and every other time that I've stood here on Opening Day, he's administered the oath of office for me, and it's been a real pleasure to work with the chief justice over the last 15 years. He's been incredibly innovative, creative, compassionate, and has certainly been an outstanding manager as each of us in leadership had to be navigating through COVID, through security issues that we've faced, and his service to our state has been tremendous. He will be missed, and I am so blessed to have had a great friend. Now, I was trying to get a quote for you, CJ, but between my Opening Day speech and the governor's State of the State, I'm all out of quotes. But my chief of staff, Harrison Kawate, shared with me this morning—one of our favorite movies is *Tombstone*, and as Wyatt Earp is riding off with his posse to take care of all those bad guys in the world, we wanted to take a line from *Tombstone* as a lead-in to your introduction: This is the last charge of CJ Recktenwald and his band of immortals."

The President then presented to the members of the Thirty-Third Legislature and guests the Honorable Mark E. Recktenwald, Chief Justice of the Supreme Court, State of Hawai'i.

The Mohala Wahine proceeded with an oli.

Chief Justice Recktenwald presented the State of the Judiciary Address as follows:

"Mahalo to the staff and participants of Women's Court for sharing that beautiful oli with us. Women's Court is also known

as 'Mohala Wahine,' which means 'blossoming woman,' and I can't think of a more fitting name to describe the growth and transformation of these women or a more meaningful way to start this morning.

"President Kouchi, Speaker Nakamura, Governor Green and First Lady Jaime Green, Lieutenant Governor Luke and Second Gentleman Michael Luke, members of the Senate and House, former first lady Jean Ariyoshi, former governor John Waihe'e and Lynne Waihe'e, former governor Ben Cayetano and Vicky Cayetano, Mayor Rick Bissen, members of the Consular Corps and the Royal Order of Kamehameha, distinguished guests, family, and friends: Good morning and aloha.

"President Kouchi, mahalo for your support over the years. And Speaker Nakamura, we're excited to work with you in your new role.

"Later this year, I will reach the mandatory retirement age of 70. Today will be my eighth and last opportunity to formally address the Legislature since my appointment in 2010. I reflect back on my journey to this moment with humility, gratitude, and amazement. As a child growing up in Chicago, never in my wildest dreams did I imagine that one day I would have the honor and privilege of serving as Hawai'i's chief justice.

"When I first arrived in Hawai'i in 1980, I didn't know a soul. I carried my résumé around this building and found my first job here, working as a committee clerk. The person who decided to give me a chance was Senator Ann Kobayashi, and I am forever grateful to her. I developed a deep respect for the Legislature, a respect that continues to this day. So, standing here, in this place, at this time, is truly a full-circle moment.

"I deeply appreciate the support of the Legislature for our efforts to make the Judiciary more responsive to the needs of Hawai'i's people. I'm excited to report that we'll be opening the new Wahiawā district court next year! Mahalo to Senator Donovan Dela Cruz and Representative Kyle Yamashita for their support. This session, we've identified some important additional needs in our legislative package. These include funds to design a new courthouse in Waimea, to add a much-needed district court judge in Kona, and to address a critical shortage of court-appointed counsel in criminal and termination of parental rights cases.

"We've come a long way since 2010. Back then, our access-to-justice movement was just getting off the ground. Today, we're recognized as one of the top states in the nation. Back then, there was no Veterans Court, Environmental Court, or Women's Court. Today, those programs are flourishing. Back then, the people of West Hawai'i appeared in court at repurposed buildings scattered along the coast. Today, our new Kona Courthouse is a vibrant hub dispensing justice. And back then, only about 30 percent of our full-time judges were women. Today, exactly half of our judges are women!

"I'd like to review what the Judiciary—with the support of the Legislature and our community partners—has accomplished and how we can build on it for the future. I'm going to talk about four broad areas: delivering critical services, enhancing access to justice, innovating for evolving needs, and promoting trust and confidence in the courts.

"First, I'm proud of how we've performed our core mission of deciding cases fairly and efficiently in accordance with the law. In any given year, our trial courts resolve more than 30,000 criminal cases, more than 18,000 civil cases, more than 13,000 family court cases, and hundreds of thousands of traffic and parking cases.

"We've made civil litigation more efficient by streamlining discovery and setting cases for trial sooner. We've doubled down on our commitment to alternative dispute resolution.

Thanks to the Legislature—with Speaker Nakamura, Senator Troy Hashimoto, and others in the forefront—we implemented a pilot program for mediating landlord–tenant disputes during the pandemic. It treated landlords fairly and helped people reach agreements that allowed them to stay in their homes. We’re grateful to the Legislature for adopting a similar program for Maui last session.

“But the true test of an institution is how it steps up in times of crisis. The pandemic and the Maui fires severely tested our limits to respond and adapt, and we answered the call and met the challenge.

“During the pandemic, our judges and staff embraced remote proceedings so courts could continue to provide justice. Since then, we have held over 800,000 remote proceedings—an astonishing transformation of how we do business, which has made our courts more accessible.

“Another example of the resilience of the Judiciary is the response to the Maui wildfires. I’ll never forget calling Judge Peter Cahill the next morning. I suspected he might ask me to temporarily close the courts on Maui, but, instead, he told me he was selecting a jury for a criminal trial. Potential jurors had shown up that day, even in the midst of an unspeakable tragedy that claimed the lives of 102 people. Judge Cahill set the tone for our response: We would provide justice without interruption to a community that desperately needed stability while extending grace and support to those who were impacted. Our Maui judges and staff, including employees who returned to work even though they lost their own homes, made all that happen.

“In the aftermath of the fires, people were desperate. They needed help on legal issues from housing to immigration, and many of them simply needed someone to listen. Members of the Maui County Bar Association, including some who lost their own homes, stepped up big-time to provide assistance in locations across Lāhainā. I was there—I saw them—and I’ve never been prouder.

“Others rose to meet the moment: Almost 300 attorneys from across the state staffed a hotline set up by the Hawaii State Bar Association, and our community’s legal services providers joined in on the frontlines. Mahalo to Governor Green and Mayor Bissen for their leadership during those difficult times. Can you please join me in acknowledging all of them?

“Second, access to justice: I’m proud of how our legal community has come together to deliver on the promise of access to justice for all. Each year, thousands of people in Hawai‘i have to represent themselves in civil cases because they can’t afford an attorney. Those cases can involve issues as profound as whether a family will be evicted from their home or who will have custody of the children in a divorce.

“Our Access to Justice Commission has been a game-changer. One of its signature initiatives is the self-help centers in our courthouses where volunteer attorneys provide legal advice and information to people who don’t have a lawyer helping them present their side of the story in court. I’m grateful to the hundreds of volunteer attorneys and the Legal Aid Society of Hawai‘i for supporting this amazing effort. We now have centers across the state, which have assisted nearly 39,000 people at almost no cost to the state.

“But we still don’t have enough attorneys to meet the need, so we’ve begun to consider how other highly trained professionals can help. Last year, the Supreme Court established a pilot project in Hilo where Legal Aid paralegals, working under the supervision of licensed attorneys, represent clients in paternity cases. The vast majority of people in these cases are without counsel even though momentous issues like

child custody can be at stake. Mahalo to Judge Darien Nagata and Legal Aid for getting this pilot off to a great start.

“We are using every resource at our disposal to get people the help they need. We launched a pro bono program for cases on appeal, supported the development of an online pro bono service, established a partnership with the state library system to make interactive court forms available at libraries across the state, trained trusted community leaders about available legal resources, and placed volunteer court navigators in Maui District Court. The trust and collaboration that’s been built through these efforts was on display in Waimānalo two weeks ago, when more than 40 volunteers from 10 different organizations came together for an expungement and bench warrant recall clinic. You could just feel the positive energy in the room, and those who were helped left with a weight lifted off their shoulders. Thank you to Deputy Chief Judge Melanie May and Deputy Public Defender Eddie Aquino for their leadership. Mahalo also to Representative Lisa Marten for getting the word out and to Representative David Tarnas for his efforts on this issue.

“The future for access to justice is bright: There are promising opportunities to leverage artificial intelligence to enhance access. Legal Aid recently rolled out an online, AI-powered legal navigator program. And we’re actively assessing how the courts and legal profession can responsibly utilize AI to better serve the public. I thank Justice Vlad Devens and Judge Jack Tonaki for co-chairing this important work.

“All of these efforts have been noticed nationally: In the most recent Justice Index survey, Hawai‘i ranked sixth among the states for our efforts to increase access to justice! We still have much work to do, but we can rightly be proud of how far we have come.

“Third, innovation. I’m proud of how we’ve developed a culture of innovation at the Judiciary. Let me share a few shining examples. First, we’ve learned that the pathways into the criminal justice system for women are different than men. Almost all of them have histories of trauma and abuse early in life. Shouldn’t we account for those factors to help them heal and make better choices going forward? The answer is an emphatic yes. It started with Girls Court, where Judge Karen Radius founded a first-of-its-kind court focused on the needs of teenage girls. Girls Court assembles an all-female team to work with them to nurture their strengths, build healthy relationships, and develop a sense of self-worth and hope. More than 180 young women have completed the program, which just celebrated its 20th anniversary under the leadership of Judge Dyan Medeiros.

“We’ve built on the spectacular success of Girls Court. In 2022, based on a proposal by Chief Judge Mark Browning and with the critical support of the Women’s Legislative Caucus—and, in particular, Representative Linda Ichiyama—the Legislature authorized a similar pilot program for adult women. Women’s Court has made incredible strides since then thanks to the stewardship of Judge Trish Morikawa and a great team of staff and partners at the prosecuting attorney’s and public defender’s offices. We can’t afford to lose this momentum, so I am asking the Legislature to make that program permanent this session!

“We can still do better. Judge Morikawa is leading the Women’s Corrections Implementation Commission to guide these efforts. And we’ve had strong support from a grassroots group that has come together: the Women’s Prison Project. They’ve undertaken initiatives from opening transitional housing to building a fitness room at the Women’s Correctional Center. Mahalo to former governor Linda Lingle for her leadership of those efforts.

“You heard the beautiful voices of Mohala Wahine at the start of this program. I’d like to ask them, along with those who have been at the forefront of these crucial efforts—Judges Morikawa and Medeiros, retired judge Radius, the amazing Women’s and Girls Court teams, the members of the commission and the Women’s Prison Project—to please stand and be recognized.

“Girls Court and Women’s Court are examples of treatment courts, a model that uses a team approach to address populations with specific underlying needs. We created a Driving While Impaired Court in 2013, which has reduced recidivism among some of the most dangerous drivers on our roadways. We created Veterans Treatment Court that serves veterans who are having a hard time reacclimating to civilian life. In 2017, our Community Outreach Court was created to help people who are unhoused find jobs and a stable place to live. Many are held back by unpaid fines and fees, outstanding bench warrants, or the loss of their driver’s license. Participants can work off their obligations through community service and get connected with resources that offer them a fresh start.

“Community Outreach Court meets people where they live. The court convenes in locations across O’ahu, from Wai’anae to Kāne’ohe, at community centers and public libraries. Sometimes the judge is seated across a picnic table from the participants, learning how they’re doing and what they need to progress. Community Outreach Court has resolved nearly 11,000 cases, recalled close to 900 bench warrants, lifted more than 7,000 license stoppers, and provided assistance to well over 600 participants, and those are remarkable results! Mahalo to our partners from the Honolulu Prosecuting Attorney’s and Public Defender’s Offices, and thanks to Judges Thom Haia, Shellie Park-Hoapili, and the late Darolyn Lendio Heim for making a difference in the lives of the participants.

“Every day, our district courts see individuals with serious mental illness who have been picked up on non-violent, petty misdemeanors. Working with the prosecutors and public defenders, we’ve developed new pathways to divert these offenders away from the justice system and into community-based treatment. And last year, thanks to the leadership of Governor Green and with the support of Mayor Rick Blangiardi, a critical milestone was achieved: The state opened a drop-off center in Iwilei where police can bring individuals in crisis to be stabilized and then offered services rather than arresting them.

“Make no mistake: All of these efforts are focused on making our community safer, and there are guardrails in place to ensure that dangerous offenders are held in custody. Developing the right tools for this work has taken years and is still evolving. We’re grateful for the many legislators who have worked hard on these efforts, including Senator Karl Rhoads, Representative Della Au Belatti, Senator Joy San Buenaventura, Senator Sharon Moriwaki, among others. Thank you to each of them.

“On Opening Day, President Kouchi and Speaker Nakamura both spoke eloquently about the importance of education in ensuring a good future for our keiki. We couldn’t agree more. But if kids aren’t attending school, they will miss out on that future. In 2015, we launched Truancy Court to address the challenges presented by chronic absenteeism. The key is early intervention so we can determine why kids are missing school and remove obstacles to regular attendance. The reasons can be as basic as lack of transportation or appropriate clothing or a family’s need for child care.

“Truancy Court, which began at Wai’anae Intermediate School, has grown to serve four schools on O’ahu helping over 200 students last year, with most situations resolving without a formal court petition. In 2022, we started the Early Education Intervention Program to reach elementary-school students as

well, with an additional 305 students at 27 schools on O’ahu assisted this past year. We have an incredibly productive partnership with the Department of Education (Superintendent Hayashi is here—I really appreciate their support) and the Department of the Attorney General (Attorney General Anne Lopez is here; again, we appreciate that office’s support), allowing us to establish similar programs across the state. I’m grateful to Judges Dyan Medeiros, Rebecca Copeland, Jessi Hall, Natasha Shaw, Darien Nagata, and Gregory Meyers and all the program staff for their efforts. We’ve done all of this with existing resources, but we could do so much more with a modest investment. That’s why we’re seeking funding for three additional social worker positions here on O’ahu to expand this work so our kids stay in school and can thrive!

“Fourth and finally, I’d like to focus on the single biggest challenge facing the Judiciary: promoting public trust and confidence in the courts. Surveys conducted by the Pew Center show that public confidence in government generally is at an all-time low. We can’t just assume we have the public’s trust; we need to earn it.

“We started by making ourselves more transparent so the public can see who we are and what we do. The Supreme Court now livestreams our oral arguments—more than 125 times since 2020. Our move to remote proceedings means that many of our court hearings can now be viewed online. And with the implementation of electronic filing for all courts, the public can now more easily access court records.

“Critically, we’ve also gone out into the community to engage directly with people, especially young people. Through our Courts in the Community program, the Hawai’i Supreme Court has held oral arguments in actual cases at high schools across the state. We’ve been in packed gyms from Kealakehe to Lahainaluna to Wai’anae. Just last month, we convened before nearly 400 students at Mililani High School to hear the case of a woman who’d been evicted from public housing. Volunteer attorneys visit the schools beforehand to help teach the students about the case, and, afterward, the justices answer questions posed by the students. More than 6,000 students have attended these events, leaving with a better understanding of the Judiciary’s role in our democracy.

“To further enhance civic education, the court established the PACE Commission. Under the leadership of Justice Lisa Ginoza and Representative Amy Perruso, the commission has conducted three-day Law & Justice Academies for high-school students on Maui and in Hilo. Plans are underway for a similar academy on Kaua’i, and they’ve also worked to establish Schools of Democracy to recognize those schools whose efforts are really exceptional in this area.

“How else do we build trust in the courts? Trust is built by ensuring judicial independence, which is critical to protecting the rule of law. Judicial independence means that judges are able to decide cases impartially, free from passion, pressure, or outside influence. Only then can we expect the public to have confidence and trust in our decisions.

“Trust is also built by acting with respect and aloha in the way we handle cases and how we treat people. One prime example is committing to respect ‘ōlelo Hawai’i. We’ve established that any party who wishes to communicate with the court in the Hawaiian language may do so. Mahalo to the Legislature, and in particular Senator Rhoads, who has provided vital resources to the Judiciary’s Hawaiian language program.

“Finally, trust in the courts is built by having capable judges who reflect the community we serve. Hawai’i has a merit-based system of judicial selection and retention. I believe this system, which promotes both judicial independence and accountability, is the best one available. It provides what people rightfully

expect: highly qualified judges who decide based on the law and the facts of each case. One important responsibility I have as chief justice is to appoint the judges for our district and family courts, subject to Senate confirmation. Over the years, I've appointed 61 new judges, who now make up the majority of our full-time judges. I always look for the most qualified candidate who has demonstrated a commitment to public service and have selected people from both prosecutor and public defender backgrounds, civil practitioners, government attorneys, and family law specialists, with 54 percent of them having been women.

"As I prepare to pass the torch to the next generation of Judiciary leaders, I'm pleased to report that the Judiciary is strong, resilient, and thriving. As I look out into the audience, I see the faces of members of the Judiciary who have worked tirelessly for many years to overcome difficult challenges. And I see new faces who are stepping up to join the fray. I'm filled with pride for our judges, administrators, and staff, and I am confident in the Judiciary's future. I know I'll be leaving our courts in good hands. Thank you for all that each of you do. Could all of our Judiciary 'ohana—justices, judges, administrators, and staff—please stand to be recognized?"

"Being here today, I am reminded of my dear friend Pat Mau-Shimizu, who served as chief clerk of the House for many years, and I can feel her presence with us. She, more than anyone, would know that events like this require a tremendous amount of preparation, and I would like to thank the amazing staff of the Senate and House Clerk's and Sergeant-at-Arms offices for all their assistance today. Can you please join me in acknowledging them?"

"I also remember fondly the outstanding legislators I worked with over the years as chief justice who have since passed away, including Representatives Mark Nakashima, Mark Takai, Clift Tsuji, and Mele Carroll and Senators Breene Harimoto, Gil Kahele, and Sam Slom.

"As I look back on the improbable path that's led me here today, I am filled with gratitude for everyone who has helped me and supported the Judiciary along the way.

"I want to thank Governor Lingle for her nominations that allowed me to join the bench and eventually become chief justice and to the Senate for confirming me. I've had wonderful mentors since becoming a judge, in particular Chief Judge Jim Burns and Chief Justice Ronald Moon, both of whom have left us, and I miss them dearly.

"I'm grateful for all my colleagues at the Supreme Court. We're entrusted with the awesome responsibility of interpreting the Hawai'i Constitution. We undertake our work with humility, with deep respect, and are always mindful our decisions profoundly affect people's lives.

"I've also had the privilege of working with many outstanding chief judges and deputy chief judges and court administrators who've set the bar high and led by example.

"I'm grateful for the wonderful partners in the community who provided steadfast support for the Judiciary, from Deans Avi Soifer and Camille Nelson at the William S. Richardson School of Law; to Larry Okinaga at the American Judicature Society; to the late Pat Mau-Shimizu and Cathy Betts at the Hawaii State Bar Association; to Randy Perreira and Kalani Werner at UPW and HGEA; to Dan Foley, Simeon Acoba, and Joe Cardoza at the Access to Justice Commission; to Bob LeClair at the Hawaii Justice Foundation; and the staff and boards of the Legal Aid Society of Hawai'i, Volunteer Legal Services Hawai'i, Native Hawaiian Legal Corporation, Domestic Violence Action Center, and the many other legal services providers. Can you please join me in acknowledging all of them?"

"I've been surrounded by people in my own office who are incredibly caring, hard-working, and devoted: Curt Shibata, Jaye Atiburcio, Ginger Pana, and Grace Ginoza (Curt pulled an all-nighter last night helping us get ready for this, by the way, and the others were there pretty late, too) along with my outstanding law clerks and externs. And the Judiciary and I have been blessed by an amazing administrative director, Rod Maile, as well as his deputies, Daylin-Rose Heather, Brandon Kimura, and Iris Murayama; and special assistant Lisa Lum. Rod will be retiring later this year. For over 40 years, he's been a trusted and respected voice in state government. Can you please join me in recognizing him?"

"Most importantly, I want to thank my family for all of their support and the countless sacrifices they made for me: my parents, Connie and Bill; my children Andrew and Sarah and stepson Trevor; my brother-in-law Joe Mahoe; Alvin Akee; and especially my beloved wife, Dr. Gailynn Williamson, who unfortunately could not be here today. I mentioned at the start of my remarks that I didn't know anyone when I arrived in Hawai'i. Fortunately for me, the first person I met when I walked off the plane was Gailynn. It was the best day of my life. I thank her from the bottom of my heart for the beautiful life we've built together.

"In closing, as I look back at my time at the Judiciary, I realize that the most powerful lessons I've learned are the simplest. Do what's right. Don't forget your roots. Speak up for people who don't have a voice. Treat everyone with respect. These are the values that guide what we do at the Judiciary every day and will serve as a shining beacon for our future.

"The law shouldn't be an abstraction. It should always be about helping people find justice. It should be applied evenly to all, no matter if you're wealthy and powerful or on the outside looking in. It should be about ensuring voices are heard and that everyone will get a fair shake when they walk into one of our courtrooms. That's the promise of 'justice for all,' and I'm proud to be part of an institution that works every day to make that promise a reality.

"Once again, thank you to the Legislature for all your support and for giving me this opportunity to speak with you today. Mahalo and aloha."

House of Representatives Speaker Nadine K. Nakamura then rose and stated:

"Governor Green, Lieutenant Governor Luke, esteemed colleagues, and honored guests: It is my honor to give closing remarks today. I'd like to start by thanking the Senate for hosting this joint session today. Thank you, President Kouchi, for your kind remarks over the past few weeks—first on Opening Day, then at the governor's State of the State address, and you even complimented me during our *Civil Beat* Cafe panel yesterday. I know you buttering me up had nothing, absolutely nothing, to do with our budget negotiations that concluded yesterday. Smooth, sly, smart, and subtle—these traits have served you well, and at the end of the day, your senators and your Senate staff are the beneficiaries.

"Thank you to the justices, judges, and members of the Judiciary for all that you do. It is wonderful to hear that the state of the Judiciary is strong and thriving. Chief Justice Recktenwald: Thank you most of all. Your leadership has been steady, thoughtful, and innovative. Your outstanding commitment to public service reminds me of another prominent member of the Hawai'i Supreme Court: Justice Edward Nakamura. Ed was my husband, Galen's, uncle and the first person in my life to suggest that I should run for the House of Representatives over 30 years ago.

"For many years, Ed was a labor lawyer for the ILWU. He spent years at the Legislature advocating for Hawai'i workers.

Ed was instrumental in writing the 1974 Hawai'i Prepaid Health Care Act, workers' compensation, temporary disability laws. They were not easy accomplishments. Year after year, the bills died. But Ed, together with Senator Nadao Yoshinaga and Representative Yoshito Takamine, persevered and helped steer Hawai'i toward having some of the most progressive worker protections and benefits in the nation. Later, he became a Hawai'i Supreme Court justice and remained a strong advocate for the people of Hawai'i.

"Ed's legacy is one we can all admire, and Ed would have been so proud of you, CJ. Like Ed, you understood the real-life problems of people. You led the Judiciary with humility and have always been an independent thinker. You have persevered and brought about so many positive changes for Hawai'i, including the Truancy Court, Community Outreach Court, Women's Court, Environmental Court, Veterans Treatment Court, Access to Justice centers, and the list goes on and on. But I'd like to give a special shout-out for during the pandemic, allowing us to all work on the eviction mediation program that helped the most vulnerable residents when they needed it the most. And on that note, I'd like to give a special shout-out to Judge Melanie May, retired judge Joseph Cardoza, Brandon Kimura, and Senator Hashimoto for their work in crafting a law saving many from eviction.

"Your legacy is of a more accessible, stable, collaborative, and innovative Judiciary than ever before. You have inspired an entire generation of local attorneys. You will be dearly missed as our chief justice, but I am confident that you will continue serving our community in invaluable ways."

At 10:47 a.m., Speaker Nakamura declared the Joint Session adjourned.

SUBJECT: Joint Informational Briefing on Biosecurity

Alpha Chair Gabbard, Chair Kahaloa and Members of the Committees:

At the Joint Informational Briefing on Biosecurity by the Committee on Agriculture & Food Systems and the Committee on Agriculture and Environment on Friday, January 17, 2025, I provided updates on the progress the Hawaii Department of Agriculture (HDOA) has made to lead and coordinate the State's invasive pest control and eradication biosecurity efforts including appropriated funds from Act 231, SLH 2024.

I presented information on the status of the appropriation for biosecurity and HDOA efforts to encumber funds for biosecurity contracts. I apologize if my presentation created confusion on the progress HDOA is making to spend down the appropriation for biosecurity. It was never my intent to create confusion or mislead the legislature on the status of biosecurity contracts.

We are actively working on proposals to enter contracts to encumber funds and are working with the Department of Accounting and General Services to ensure timely processing of contracts as biosecurity is a top priority for the state and HDOA.

HDOA was appropriated \$10,000,000 in fiscal year 2025 to support statewide biosecurity efforts. \$7,494,355 of the \$10,000,000 was appropriated towards direct biosecurity implementation via contracting and projects. \$2,505,645 was appropriated for creation of 44 new positions with the Plant Industry Division, supporting the Plant Quarantine, Plant Pest Control, and Pesticides Branches.

This letter provides an update related to the implementation and expenditures related to Act 231, SLH 2024.

- Risk Assessment, \$240,000: With the exponential expansion of parcel delivery and direct-to-consumer retailers, Amazon, FedEx, and UPS cargo will be the focus of this project. Research and assessment will be conducted

ATTACHMENT A

- Coqui Frog Response, \$74,355: HDOA has purchased approximately \$8,000 of food grade citric acid for the direct treatment of coqui frogs by HDOA staff. Humidity degrades and hardens citric acid and HDOA does not have appropriate storage facilities to ensure degradation of the citric acid does not occur. HDOA intends to encumber funds through a purchase order and will purchase the citric acid in increments. The Plant Quarantine Branch Manager is assigned as the delegated procurement officer for this project. All funds will be encumbered by June 30, 2025.
- Tech Upgrades \$800,000: HDOA has worked with the Office of Enterprise Technology Services (ETS) to develop a biosecurity website. The website will include data related to the implementation of Act 231 and priority pests of the Plant Industry Division. ETS services are provided at no cost, including use of GIS/ESRI software. HDOA will pay for the licensing of mapping software. The Chairperson is assigned as the delegated procurement officer for this project and is working with the HDOA IT staff on procuring a list of professional services providers for upgrades, which will be completed by May 2025.
- The Akamai Arrival program also required purchase of Salesforce licensing at approximately \$8,000. IT costs associated with the roll out of the Akamai Arrival program for the Biosecurity form or the Pet Arrival Portal will be obligated from available funds, none of which have been identified at this time.
- The Pesticides Branch will re-develop software for the Education and Certification section at an approximate cost of \$100,000. Solicitation and award of the services will be initiated in February 2025, contract and encumbrance are expected in March and April 2025. The Pesticides Program Manager is assigned as the designated procurement officer for this project.
- Funds allocated to Tech Upgrades is expected to be encumbered by June 30, 2025.
- Biosecurity Facility Planning \$600,000: HDOA has awarded AECOM \$400,000 to develop a biosecurity facility plan. AECOM is currently revising the scope of services to retrofit a biosafety level 2 (BSL2) facility at the HDOA King Street campus and planning for a BSL3 modular facility at Whitmore Village. The Pesticides Program Manager, when serving as the TA for the Plant Industry Administrator, served as the procurement officer. When the TA ended, the Chairperson assumed the role of procurement officer for this project. A revised scope of services will be submitted in January 2025, with a contract and encumbrance expected in February and March 2025.

- Green Waste, \$800,000: HDOA initiated an RFP to provide services to dispose of designated green waste on November 1, 2024, and received one qualified bidder. HDOA requested a Best and Final Offer from the proposer on December 23, 2024, and the proposer declined to provide a Best and Final Offer. The Pesticides Program Manager is assigned as the designated procurement officer for this project. HDOA intends on releasing an updated RFP to obligate and encumber the funds in February 2025. The award will be made in March 2025 with drafting of contract and encumbrance expected by May 31, 2025.
- Compost Reimbursement, \$400,000: The compost reimbursement website was updated with documents and notification on October 28, 2024. The application period closes on May 31, 2025. Payments will be processed by June 30, 2025, and expected, as with previous compost reimbursement programs, to be fully expended. An Agricultural Loan Officer from the Agricultural Loan Division is assigned to assist the Plant Industry Division with the compost reimbursement program.
- Little Fire Ants (LFA) Response, \$1,500,000: HDOA initiated an RFP on November 1, 2024, and received one qualified bidder. Rentokil-Terminix was awarded \$1,100,000 to assist residential properties with LFA treatment for Hawaii, Kauai, Maui, and Oahu. The contract is in the final stages of processing, awaiting vendor number assignment from the Department of Accounting and General Services. The Pesticides Program Manager is assigned as the designated procurement officer for this project. The expected encumbrance date of the contract is January 31, 2025.
- Approximately \$100,000 is expected to be used for travel, outreach, survey, and treatment and to procure equipment, and pesticide products for the Plant Industry Division statewide. The Hawaii Ant Lab (HAL) submitted a proposal for \$150,000 through the University of Hawaii, requesting further funding to provide direct outreach services for the residential LFA treatment project. HDOA requested an amendment of the proposal due to selection of Rentokil-Terminix and other reduction of services due to the capacity of HDOA.
- LFA is a structural pest. Treatments of structural pests require licenses that certified pest control operators have. The Pesticides Control Board minutes discussing HAL's request to treat LFA in residences is being reviewed.
- Pending review, HDOA intends to contract HAL for approximately \$75,000 and request a proposal in support of the control and mitigation of LFA. The remaining funds will be obligated and encumbered through an RFP for community projects for Oahu and Hawaii County. The RFP is expected to be released in April 2025 with an award and encumbrance to follow by June 30, 2025.
