"SECTION 2. Chapter 37, Hawaii Revised Statutes, is amended by adding a new section to part IV to be appropriately designated and to read as follows:

"§37- _____ Climate change and tourism marketing and destination management; projects; budget request. The governor shall request, in the budget or supplemental budget submitted to the legislature pursuant to section 37-71 or 37-72, that an amount of general funds equal to _____ per cent of the moneys collected pursuant to chapter 237D be expended to advance specific projects that address climate change and support tourism marketing and destination management, including projects that mitigate, adapt to, or increase resiliency to climate change and tourism.""

Senator Dela Cruz moved that Floor Amendment No. 3 be adopted, seconded by Senator DeCoite.

Senator Dela Cruz rose to speak in support of the amendment as follows:

"In S.B. 1396, there is a definition within the bill for 'climate change' noted on page 3, lines 19 to 20, as 'projects that mitigate, adapt to, or increase resiliency to climate change.' However, the bill lacks a definition for tourism that appropriately addresses statutory mandates that we have in place through HRS 201B-1, 201B-6, and 201B-6.4. This floor amendment will address this by amending references on page 3, lines 9, 13, 19, and 20, from 'tourism' to 'tourism marketing

and destination management.' This clarification better shows the legislative intent and alignment with existing statute."

The motion to adopt Floor Amendment No. 3 was put by the Chair and carried, with Senator Awa voting "No."

Senator Dela Cruz then moved that Stand. Com. Rep. No. 1049 be received and placed on file, seconded by Senator DeCoite and carried.

SECTION 1. Senate Bill No. 1589, S.D. 2, is amended by amending SECTION 3 of the bill to read as follows:

"SECTION 3. There is appropriated out of the stadium development special fund the sum of \$49,500,000 or so much thereof as may be necessary for fiscal year 2025-2026 and \$ or so much thereof as may be necessary for fiscal year 2026-2027 for the purposes of the stadium development special fund described in section 109-3.5, Hawaii Revised Statutes; provided that:

(1) The development timelines set by the stadium authority have been met for the new aloha stadium entertainment district; and

(2) The sum appropriated and authorized for expenditure for fiscal year 2026-2027 pursuant to this section shall be derived solely from moneys received by the State as a gift or grant from private sources.

The sums appropriated shall be expended by the stadium authority of the department of business, economic development, and tourism for the purposes of this Act; provided that if the new aloha stadium entertainment district project is terminated before completion, then all moneys remaining in the stadium development special fund that are not expended or encumbered shall lapse to the general fund."

Senator Dela Cruz moved that Floor Amendment No. 4 be adopted, seconded by Senator DeCoite.

Senator Dela Cruz rose to speak in support of the amendment as follows:

Senator DeCorte rose to speak in opposition to the measure as follows:

“Although this bill is solid when it comes to protecting our aquifer, however, I gotta advocate for the residents of Wai’anae and firmly oppose this bill as it would keep the current landfill operational in my district. Wai’anae continues to face challenges and has been labeled as the dumping ground of Hawai’i. This does not represent the culture of my community, and it’s time that our surroundings reflect that. We have hosted more landfills than any other district. We are surrounded by sewers, power plants, industrial zones. Our voices are often drowned out by those in position of power and privilege who make these decisions for us without our input and definitely without our consent.

“Wai’anae has been more than patient, but there is a limit to our tolerance. This is not about waste management; this is about justice, and I must demand that solutions respect both our water resources and the residents of Wai’anae instead of one being sacrificed for the other. We gotta find a solution to the next landfill site. We have to have the conversation—the hard conversation—of where our trash is going to end up. Eventually we will be at our max, and I don’t want Wai’anae to continue to be looked at as the dumping grounds as we continue to hold the most Native Hawaiian homestead population in the state of Hawai’i—we have the most blood in our community. And I want us to have the pride of not having to leave our coastline looking at a landfill and coming back home looking at a landfill. So, as I support the intent of this bill and the protection of our water sources, I have to advocate for the residents of our community and hope that change can come out of this floor, out of this house, and out of this legislature. So, thank you, colleagues. Thank you, Senate President.”

Senator Fevella rose to speak in strong support of the measure as follows:

“Mr. President, I support waste-to-energy solutions because the technology can eliminate the need for landfills. Our neighbor islands could benefit from advancing to a waste-to-energy technology that has been used in Japan and Europe. The energy options would take the combustible materials, number one, would produce energy; number two, reduce the amount of waste sent to landfills; number three, offsets the needs to import oil; number four, to take care of the land—make sure we have enough land that would be needed for landfills; and help reach the state goals and achieve clean energy by 2045.

“If Maui were using all of this, 70,000 tons would be combustible MSW could be a plant that would produce between 5 to 10 megawatts of energy. If Kaua’i were used, all of its 68,000 tons of MSW could be having a plant that produced about 5 megawatts of energy. If Hawai’i Island were to use 171 tons of waste, a waste-to-energy plant could produce about 10 megawatts of energy.

“One might ask, how could the public-private partnership work on waste-to-energy? Well, for starters, P3 would leverage the private sector to finance and resource by building on state land. They have expertise in the newest technologies—number three, they have bring to the table innovation and developing message to complete the waste-to-energy facilities.

“The reason why I bring this up—and I understand a lot of testimony had said about the clean energy, Senate President—but this technology is new and hasn’t been thought of and not even had been brought up, too, in Hawai’i. But the reason why we had done the—with my colleague in the energy—we’ve been talking about this is because everybody said we don’t have enough municipal waste. That is not true. We’re not telling them to build H-POWER; we’re asking them to consider to build something that would fit each neighbor island.

“I gon’ talk for Hilo because I take rubbish there every time when I go up there, visit my daughter. Hilo has to take their rubbish to Kona. Kona is the landfill. Now, if both of them—not saying they would—but both of them would fit a renewable energy plant. Going forward, we don’t need to talk about other energy options—you’ll be able to have both of them—and nobody have to travel over Hilo to Kona, and that’s about four to five hours one way. And then when the landfill is not accessible, not easy to take your trash out in Hilo. But I gon’ tell you this: Hilo has the best—not only Hilo but Kona—has the best way of their technology on dumping their rubbish.

“But, again, this would help out the neighbor islands a lot if they would consider it and look into it, but, again, colleagues, I ask you guys for support on this waste-to-energy bill. Thank you.”

"I appreciate the fervor of the introducer in trying to explore this as a tool for waste management. However, Maui County's looked at this many times through many different mayoral administrations, and it just never pencils. It never has, and I don't think it ever will, so that's my reservations for Maui. Thank you."

"Mr. President, we celebrate Fourth of July, American Independence Day, as an official state holiday. It's a day when 13 American colonies separated from Great Britain, but why haven't we celebrated Hawai'i become a sovereign nation as a state holiday? In 1843, Great Britain and France signed a declaration of recognizing the independence of the Hawai'i nation. Today, certain charter schools recognize the day as an official school holiday, but we need to officially recognize this day so all can celebrate Hawaiian culture in the modern times. The teaching of Native children and charter schools—we also have to teach all children of these islands. Let's celebrate November 28 with goodness and justice as we officially state the holiday of La Kuokoa, Hawaiian Independence Day. Colleagues, let's stand together for the Independence Day of our Hawai'i nei. Thank you for supporting, and I hope you support Senate Bill 614. Thank you, and mahalo, Mr. President."

Senator McKelvey rose to speak in support of the measure with reservations as follows:

"I want to thank the committee chairs for the work they've been doing on this bill. However, as I brought up, I think, earlier, I think without having the DLNR doing these EISs globally for all the permit holders, it's just unrealistic that they're going to be able to do this given the limited amount of companies to do this work and the amount of money needed for this. So I hope if this measure goes forward that there can be an earnest discussion about having the administration and department conducting these EISs so they can be done quickly and without great burden to the permit holders. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"I'd like to briefly explain the intent and the purpose of this bill. It is not intended to get rid of or undermine the Hawai'i Environmental Policy Act, better known as HEPA. This act impacts every person and every agency in our islands. We need to make sure we are doing our due diligence while still making sensible decisions with respect to cultural, economic, and fiscal impacts relating to the ethical use of our ocean resources.

"This bill was intended to address a court ruling that unintentionally affected many industries across the board, which include fishing and gaming, commercial use, and ocean recreation. It also affects our research and technology sectors as well as our fishermen and farmers. We need to ensure that we can not only help to rebuild our community and economy but to protect and preserve our environment and ensure that this is the same across all of our islands. A year is more than enough time—and I thank our Judiciary chair for the S.D. 2—for individuals and businesses alike that are being challenged or are undergoing the review process to begin preparing for an environmental impact statement to be done. Senator Chang rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang's remarks read as follows:

"I think we can all agree that Hawai'i's agricultural land is precious, and that ensuring its availability for local farmers and food producers is a critical priority. However, we must protect agricultural lands without acting with discriminatory intent. SB242 embodies the same discriminatory logic that 'alien land laws' used to divide people along lines of citizenship and national origin. Hawai'i has a rich cultural diversity and history of immigrant contributions to agriculture. We must be especially cautious about reviving exclusionary practices tantamount to such a shameful and harmful chapter of American legal history.

"Across the United States, including here in Hawai'i, alien land laws have been used as tools to marginalize and dispossess immigrant communities, particularly Asian immigrants, from economic participation and land ownership. This bill is strikingly similar in structure and intent to California's Alien Land Laws of 1913 and 1920, which explicitly barred 'aliens ineligible for citizenship' from owning land or holding long-term leases on agricultural property. These laws were deliberately designed to target Japanese, Chinese, Indian, and other Asian immigrants who were denied U.S. citizenship under federal immigration laws at the time. These laws weren't merely about preserving farmland or protecting local farmers. They were part of a broader strategy to racialize property rights and enforce exclusionary policies.

"It took decades – and landmark cases like *Oyama v. California* and *Takahashi v. Fish and Game Commission* – for courts to begin dismantling these racist policies because they violated the **Equal Protection Clause** of the 14th Amendment.

"SB242's restrictions on 'foreign entities' owning or leasing agricultural land echo this legacy. It deploys similar legal categories—citizenship and foreign incorporation—as proxies

for determining who can and cannot access Hawai'i's land resources. It is contrary to Hawai'i's values of aloha and inclusivity. These challenges demand solutions that are equitable, non-discriminatory, and consistent with constitutional principles. I urge us to be cautious about walking a path that revives harmful, racist precedents."

Senator Richards rose to speak in support of the measure with reservations as follows:

"I do understand the intent of this, but we are struggling here in the state to promote and enhance agriculture production throughout the state. We need that outside investment, and we have very good partners that are foreign entities investing in our state. So, while I do understand the intent, I think we've got to look at this a little bit harder, and I'll be supporting with reservations. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1054 was adopted and S.B. No. 242, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FOREIGN OWNERSHIP OF AGRICULTURAL LAND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Aquino, Chang, DeCoite, Elefante, Fukunaga, Hashimoto, Inouye, Kanuha, Kim, Moriwaki, Richards, Wakai). Noes, none.

Stand. Com. Rep. No. 1057 (S.B. No. 308, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 1057 be adopted and S.B. No. 308, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Fevella rose to speak in strong opposition to the measure as follows:

"We the people have the right to defend ourselves and our freedom to guarantee our Second Amendment right. This bill unfortunately punishes responsible gun owners and doesn't address the real cause of gun violence. People kill people, not guns. By limiting the access of magazines, we are only hurting law-abiding citizens. This amendment does not target the real issues of gun violence, such as improving mental health services, and illegal magazines and guns is already the root to the cause of the crime.

"This bill harms those who use firearms for self-defense, sporting, sport shooting, and hunting. Again, we going hunting, it's easier to carry one 30-round clip than carrying three 10-round clips or individual bullets. If we—my family, my property—is threatened, having a limited number of bullets wouldn't allow me to defend my family and my property fully.

"Criminals will always find a way to bypass the law, and our community will bear the burden of these limited that little improvement to our safety. As I vote 'no' on this bill and do say to defend our rights to also be able to encourage and focus the solution to actually truly make our community safer. Thank you, Senate President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1057 was adopted and S.B. No. 308, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20; Ayes with Reservations (Aquino). Noes, 5 (Awa, DeCorte, Fevella, Gabbard, Richards).
