No. 3 Committee on Transportation and Intergovernmental Affairs, then to the Committee on Ways and Means

**REFERRAL OF SENATE RESOLUTION**

The President made the following committee assignment of a resolution that was offered on Thursday, January 21, 1999:

Senate  
Resolution Referred to:

No. 3 Committee on Transportation and Intergovernmental Affairs, then to the Committee on Ways and Means

Senator Slom rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Just a comment on the item that was in the paper yesterday regarding the Waiahole Ditch, which the Minority Leader did speak about on opening day, but just to reinforce this, particularly, for some of our new colleagues here.

"Last year I raised several questions about the purchase of that ditch. I asked for budgetary information which was not available at the time we were asked for money. I asked about the operations and the maintenance and the repair of the ditch, which was not discussed at the time that we were asked to fund \$10 million. And everybody talked about how easy it was going to be. The deal was supposed to be consummated in July of last year, and now we're at the end of January of this year. The deal has still not been consummated because there is a difficulty and a dispute involving the land owner, Castle & Cooke, and Amfac/JMB. It involves lease; it involves easements; it involves water usage.

"I mention these points because we're going to be faced with a lot of legislation again this year. We're going to be asked for appropriations. We're going to be asked to vote on things. And I would only ask that my colleagues, again, use their discretion and ask for, and get answers before we appropriate any more of the people's money, and make sure that any of the projects that we term as investments are very sound and that all of the problems have been worked out before we give our stamp of approval.

"Thank you, Mr. President."
