THE
 TWENTY-FIRST LEGISLATURE
 STATE OF HAWAII
 REGULAR SESSION OF 2001
 JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 17, 2001

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, was called to order at 10:02 o'clock a.m., by the Honorable Lorraine R. Inouye, Temporary Chair of the Senate.

At this time, the members of the Senate and guests rose to sing the National Anthem and "Hawaii Pono'i" led by Mr. Afatia Thompson and Mr. Avion Weaver.

The Divine Blessing was then invoked by the Reverend Norman Okasako, Senior Pastor, Mililani Missionary Church, who was escorted to the rostrum by Senators Fukunaga, Menor and Hogue.

Nominations now being in order for a temporary clerk, Senator Kim nominated Paul T. Kawaguchi, seconded by Senator Slom.

Senator Tam moved that the nominations be closed, seconded by Senator Chun Oakland and carried.

The Chair declared Paul T. Kawaguchi as Temporary Clerk of the Senate.

MESSAGE FROM THE GOVERNOR

Gov. Msg. No. 1, dated December 8, 2000, informing the Senate that he appointed Russell S. Kokubun to the Senate, effective December 8, 2000, to fill the vacancy created by the resignation of Andrew Levin from the State Senate, Third Senatorial District, and pursuant to Section 17-3, HRS, Mr. Kokubun's term will expire on General Election Day of 2002, was read by the Clerk and was referred to the Committee on Credentials.

Senator Hanabusa then moved that a committee of three Senators be appointed by the Chair as a Committee on Credentials to examine the certificates of election of the newly elected members of the Senate and to submit a report of its findings to the Senate, second by Senator Ihara and carried.

The Chair thereupon appointed Senators Buen, Chun and Kawamoto to serve on such committee.

At 10:13 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:15 o'clock a.m.

SPECIAL COMMITTEE REPORT

Senator Buen, for the Committee on Credentials, presented a report (Spec. Com. Rep. No. 1) as follows:

"The Honorable Lorraine R. Inouye
 Temporary Chair of the Senate
 The Twenty-first State Legislature
 State Capitol
 Honolulu, Hawaii 96813

Dear Chair Inouye:

Your Committee on Credentials begs leave to report that it has examined the Certificates of Election of the Senate of the Twenty-first Legislature of the State of Hawaii, Regular Session of 2001, and finds that the following persons have been legally elected and are fully qualified to sit as members of the Senate.

The newly elected Senators whose respective terms of office will expire on November 5, 2002 are:

Second Senatorial District

David M. Matsuura

Fifth Senatorial District

J. Kalani English

Eighth Senatorial District

Sam Slom

Ninth Senatorial District

Matthew Matsunaga

Eleventh Senatorial District

Brian T. Taniguchi

Twelfth Senatorial District

Carol Fukunaga

Fourteenth Senatorial District

Suzanne Chun Oakland

Fifteenth Senatorial District

Donna Mercado Kim

Sixteenth Senatorial District

Norman Sakamoto

Eighteenth Senatorial District

Ron Menor

Twentieth Senatorial District

Brian Kanno

Twenty-fourth Senatorial District

Bob Hogue

Twenty-fifth Senatorial District

Fred Hemmings

Your Committee on Credentials further reports that it has received Governor's Message No. 1 and has examined the credentials of the Honorable Russell S. Kokubun and finds that he is fully qualified to fill the vacancy in the Senate, Third District, created by the resignation of Senator Andrew Levin for the Twenty-first Legislature of the State of Hawaii, Regular Session of 2001, whose term of office will expire on November 5, 2002.

Respectfully submitted,

/s/Jan Yagi Buen

/s/Jonathan Chun

/s/Cal Kawamoto"

Senator Taniguchi moved that Special Committee Report No.1 be adopted, seconded by Senator Chumbley and carried.

The Committee on Credentials was thereupon discharged with thanks.

The Chair, at this time, appointed Senators Ige, Hanabusa and Nakata to escort Chief Justice Ronald T.Y. Moon of the Hawaii State Supreme Court to the rostrum to administer the oath of office to the newly elected members of the Senate.

The Senators escorted Chief Justice Moon to the rostrum and were thereupon discharged with thanks.

Chief Justice Moon administered the oath of office to the newly elected members of the Senate who were standing at their respective desks.

The Roll was then called by the Temporary Clerk showing all Senators present.

Nominations for officers of the Senate being next in order, Senator Sakamoto placed in nomination the name of Senator Robert Bunda for President of the Senate, seconded by Senator Menor.

Senator Kanno moved that the nominations be closed, seconded by Senator Matsuura.

The motion to close the nominations was then put by the Chair and carried and the Temporary Clerk was directed to cast a ballot for Senator Robert Bunda as President of the Senate.

The ballot having been so cast, Senator Robert Bunda was declared elected President of the Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001.

The Chair then appointed Senators Kim, Matsuura, Sakamoto, Taniguchi and Slom to escort the President to the rostrum and the President addressed the members of the Senate and guests as follows:

"Governor Cayetano, Lieutenant Governor Hirono, Chief Justice Moon, Congressman Abercrombie, Governor Waihee,

Mayor Harris, Mayor Kim, Mayor Kusaka, Mayor Apana, distinguished guests, fellow Senators, and friends – Aloha and Welcome!

"I first want to thank my colleagues for the very great privilege and challenge of being chosen to lead this State Senate. I am honored and I am humbled by your vote of confidence in me. As we open this Twenty-First Legislative Session here in Hawaii, the world marks the beginning of the twenty-first century and the third millennium. This is indeed a time for great expectations and hope for the future. It is also a time of great change and great affirmation.

"Change can be a very positive force in politics – as it is in our everyday lives. It can also be a frightening thing – sometimes uncomfortable and disorienting. However, make no mistake about this certainty . . . things change. In order for truly effective change to take place here in the Senate, we need to work collaboratively with one another and make decisions based on fact, reason and hope.

"Mahatma Gandhi said it well: 'We must be the change we wish to see in the world.' We are all mirrors of one another and the actions we take as legislators should reflect the consciousness of the people – people who want the actions of their elected leaders to reflect what they are truly feeling. Change is the message that voters made very clear last November. Perhaps we need to change the way we listen to that message. Winston Churchill once said, 'You can have 10,000 regulations and still not have respect for the law.' We need to restore public confidence by our actions and take steps to restore government to its highest purpose – and that is to enact laws and resolutions that will do the greatest good for the greatest number of people.

"For us in Hawaii, we are at the beginning of what looks like an economic recovery, but we have been warned that this could be fleeting and short-lived. No matter how small or wide the window of opportunity, we need to take advantage of it. We need to sustain and improve upon what we have in order to continue our social, economic and educational growth. We must further develop Hawaii's image as a clean, healthy and culturally attractive place that is technologically geared to do business with any part of the world.

"A large part of this means changing our own government systems to make sure these reflect the latest technology and managerial skills to serve our local public and business community. I commend the administration and all it has done in the past several years to promote high-tech business development. Teaming with the University of Hawaii and the business sector, they have made enormous strides to create a climate of entrepreneurship by nurturing technology based business ventures in Hawaii. We must also strive to ensure that government is prepared with the 21st century technology and personnel skills that will enable us to serve the public properly in the new millennium.

"There are those who say that our main problem is a backlog of budget items – items that will quickly absorb whatever additional revenues there might be. There are far too many areas in need of remedial funding, not to mention funding to meet Felix-related requirements in special education, public worker contracts, long term care, school repair and maintenance, health and human services programs – and the list goes on. We need to look beyond just the money and examine chronic problems within the system. Why does a school have to wait three years to get air conditioning units installed? Why is it taking so long to develop a working definition of a student entitled to special services under the Felix Consent Decree? Why don't projects designed to reduce obviously dangerous

conditions – and save lives on our highways – take priority over programs to reduce traffic congestion? Why have we failed to cover the actual cost of care to the hospitals and long-term care providers who minister to our ill and elderly? Why do some of these same complaints and problems come before us again and again, year after year? Somewhere along the way, there is a dysfunction in the system. We are spending our time attempting to fix the results and not the causes. This we need to change!

“We must build our current sources of revenue as we explore future sources. A more diversified tourist industry means a stronger tourism economy. If one type of visitor business declines, others should continue unaffected. The Legislature did the right thing two years ago in establishing a tourism authority with sufficient dollars to do this type of strategic promotion. Its marketing efforts have helped establish new visitor numbers from the mainland to offset declining Asian visitors. It has shifted our focus to visitor expenditures and length of stay instead of yearly head counts, and it has sought longer-term contracts for major professional sports events, particularly those that will be on national television in the winter. Obviously, we would have a better chance with several healthy segments – so if one goes down, others keep pumping.

“Eco-tourism can provide for greater diversification of our tourism industry and increased protection of our environment as well. Internationally, coral reef systems provide millions of jobs and billions of dollars each year in tourism. In Hawaii, gross revenue from the single, half-square mile coral reef reserve that is Haunauma Bay has been estimated at more than \$8.6 million a year. We have the potential for developing more natural areas like Haunauma Bay that promote tourism and protect our natural resources through preservation and conservation management. I have been working with the community in my own district for more than a year in an attempt to increase the level of protection for the marine life at Shark’s Cove on the North Shore. While there is resistance to imposing restrictions on unlimited access to the ocean’s resources, it will take a change in our attitude towards the protection of our environment to open our eyes to the long term benefits we can reap on all levels. The problem also exists inland where the recent closure of the Manoa Falls Trail to commercial operators is further evidence of our need for a shift in attitude towards finding the best management practices. We must protect the natural beauty of our land while still allowing us to share the experience with visitors.

“We should re-examine the establishment of a Port Authority for the purpose of building up our harbor facilities beyond its present limits and make them more tourist friendly. We need to support the Convention Center as the core of yet another important segment of tourism, one which needs to be cultivated and broadened as it brings many first time visitors to Hawaii. Health and wellness tourism is yet another way of capitalizing on Hawaii’s year round climate. It invites a stronger partnership with the John Burns School of Medicine in its quest to establish itself as a premier health research and resource facility in the world.

“While tourism is of vital importance to our economy, we need to continue to look at other possibilities for diversification to sustain long-term growth. Agriculture remains an important part of our economic future in spite of the loss of sugar and decline in pineapple production. We have seen steady gains in the amount of locally grown produce for both export and local consumption. Aquaculture has proven its potential through significant growth over recent years and now mariculture, the seeding and harvesting of ocean stock, has shown early promise of becoming a viable industry. All of these components lend

stability to our economic picture as it reduces our dependence on tourism.

“Government also has to deal with certain fundamental social commitments with respect to our people and the quality of life they deserve. Primary among those beliefs has to be this: How we provide for our kupuna and chronically ill is a reflection of the respect and compassion we have for them. It is a measure of our dignity as a society – and, quite frankly, we do not measure up as well as we should. Our long-term care system is fragmented and uncoordinated – a hodgepodge of separate programs that are often redundant, sometimes even at odds or in competition with one another. We need to consolidate our long term care resources and implement a seamless, completely integrated long term care continuum – one that will assure the highest quality of care, the most appropriate level of care . . . and a fair reimbursement for the actual cost of care. At the same time, we must do all we can to stimulate and encourage enrollment in long term care insurance plans and shift the proportionate burden of financing away from government toward a more reasonable public-private balance. If not, the current system – already fragile – will collapse under the weight of us, the Baby Boomers, as we progress into our golden years.

“Another issue on the table is the funding of raises for our public work force. Some unions have already won pay raises via arbitration; some others are still in negotiations. We have contracts that have been agreed to – or do we? Funds for public worker contract agreements are absent from the Governor’s budget. If we are to fund collective bargaining contracts, we will need to take it from some other existing or proposed program. Governor Cayetano is also saying that we need not fund some of these contracts because negotiators can be sent back to the bargaining table. Well . . . let me tell you . . . if we want to restore public confidence in government, we should find the means to live up to our end of the bargain.

“While government needs to work at restoring public confidence in our approach to law making, the public has an obligation to support or oppose those decisions that are inconsistent with their own priorities. A good example is the value we place on our public school teachers. There is no other public employee that has as much of an impact on our children, and therefore our future, as do teachers. In some cultures teachers are revered and recognized for their importance in shaping the minds and morals of the young. Why, then, do we fail them as a group by failing to give them adequate tools and resources to do their job? We are not talking about just salary increases but moral support in the form of advocacy from the administration, from the union and from us, those elected to carry the public’s message to the Capitol. By a margin of two to one, the public supports a salary increase for teachers, above and beyond the State’s offer to date. A salary increase to the teachers has more than just fiscal implications – it will be an indication of how we have prioritized our agenda for the future.

“Today we have as a guest in our Chambers an example of an outstanding teacher – a teacher whose students say he has the ability to turn complicated science concepts into lessons they can understand. Mr. Derek Minakami, a physics teacher at Kailua High School, was named the 2001 Hawaii State Teacher of the Year and was recently named one of four finalists for the National Teacher of the Year to be announced by President Bush in April. As Derek says, it is the ‘people element’ that is at the core of teaching. Derek, will you please stand and be recognized by the Hawaii State Senate. (Mr. Minakami, who was seated on the Senate Floor, rose to be recognized.)

“Now . . . what do we need to do to make sure that there will be more Derek Minakamis in Hawaii’s future? The answer is,

by placing the proper emphasis on the critical importance of good teachers to our public school system. The demand for qualified special education teachers, and the difficulty we have in recruiting them, is a wake up call for all of us. The solutions are there. To implement them, we in the Senate need to support an agenda for change that will emerge from this Legislative Session.

"Also of vital importance to the health and welfare of our children in school is the condition of the schools themselves. Governor Cayetano has proposed spending \$50 million a year over the biennium on school repair and maintenance. On the surface, this is an impressive amount. However, our latest estimates indicate that we are facing a staggering \$640 million backlog of repair and maintenance projects. At a rate of \$50 million a year, it would take us almost 13 years to address the backlog – and that won't even take care of the new projects that would arise during that period.

"I believe we need to make a greater commitment to providing a safe learning environment for our children. Therefore, I have proposed to the Way and Means Chair that we double the Governor's budgeted amount to \$100 million a year.

"Every school – in every community – across our State will benefit from this funding. And I say to my colleagues, every one of your districts will benefit from this funding. Every year, just about every Legislator says education is their highest priority. Today, I ask each of you to join me in a pledge that we will fund this \$100 million a year for school repair and maintenance. To the people, I say this is the commitment and pledge of your Legislators, your Senators. Know that when the Session ends, our commitment to our children's education will not be in doubt.

"In fact, when the Session ends, our capacity for change will have been clearly demonstrated. Only then can we hope to restore public confidence in our ability to provide the leadership people have a right to expect.

"In conclusion, I would like to share a lesson I learned this year, which really saved my life. I would not be standing here today if earlier this year I hadn't listened to my gut instincts, listened to my body, and then did something about it. That 'something' was a quadruple coronary bypass. I thank you – Dr. Nakamura, Dr. Kobayashi, and Dr. Makino. (Dr. Nakamura, Dr. Kobayashi, and Dr. Makino rose to be recognized.) Thank you for taking the time out of your busy schedule to be with us today. Most of all, thank you for making it possible for me to be able to count on many more years with the most important people in my life – my wife, Gail; my daughter, Ashley; and my two sons, Robson and JR. (The President's family then rose to be recognized.)

"And so to my fellow Senators, my friends, to all of you out there, as we proceed along the path of legislative review and analysis this year, I would leave you with this same message – pay attention when something doesn't 'feel right,' listen to your instincts, listen to your constituents and supporters, and then do something about it.

"Mahalo and thank you."

Senator Slom, Minority Leader of the Senate, then responded as follows:

"Mr. President, colleagues, Governor and Mrs. Cayetano, Lt. Governor Hirono, Mr. Chief Justice, our Congressional delegation, our Mayors, Federal Trade Commissioner Orson Swindle, distinguished guests, friends, and family – Aloha!

"I am honored and privileged today to present comments reflecting positions of your Minority – the emerging Republican Majority in the Senate – for the upcoming 2001 Legislative Session on behalf of Floor Leader Fred Hemmings, Policy Leader Bob Hogue, and myself – your three amigos. (Laughter.)

"Our citizens in the gallery – at work, in school, and in their homes – have waited patiently for their Legislators, especially their Senators, to achieve meaningful changes and results, not based on partisanship but on fundamental principles. We have not served them well in the past, but we will in the future, and we promise today to depart from 'business as usual.'

"Mr. President, you said that change is inevitable – an effective change – and we pledge our support for that effective change.

"Hawaii requires revolutionary change – out of the box thinking – based on moral principle, not rhetoric or political strategy designed to benefit a chosen few. Some politicians describe their spending plans as 'visionary,' but the public often views them more accurately as 'delusional.'

"We, however, are optimistic, we're positive, we're determined, and we're energetic to bring about the long delayed change so needed in Hawaii. Many colleagues share our goal. Mr. President, we are not the 'loyal opposition.' Our loyalty is to positive leadership in this State. We extend our friendship, our support, and our willingness to work openly and diligently to our Senate leadership, to the House, to our Governor, and all of Hawaii's residents. We seek broad citizen inclusion in the marketplace of ideas.

"We will agree – and we will disagree – during this Session on issues that come before us. But we will do our best to honestly highlight options, alternatives, and, ultimately, solutions to challenges facing Hawaii. We do not desire to deal in personalities, only in issues impacting us all.

"Our approach and philosophy, however, is different from the failed policies, parties, and promises of the past, and our voices will be strong in advocating a 'new' economy – built by consumers, the working men and women of Hawaii, not politicians – that preserves sound principles of thrift, investment, rationality and accountability.

"By background and experience, we are result-oriented and goal-driven. We want Hawaii to succeed. We are business-experienced, while understanding that compassion and sensitivity are not mutually exclusive to a moral free market of competitive economic principles. However, there is a bottom line. Ignoring it invites fiscal irresponsibility and more unkept or delayed promises for our neediest citizens.

"Remembering what was precisely said and promised is neither a 'personal attack' nor blame, but acceptance of responsibility for what must be done. If an individual lawmaker, a legislative body, a cabinet official, or a Governor makes a promise to teachers, Native Hawaiians, union members, environmentalists, small businesses, or special education children and their families, we must keep our promises to each and every one.

"We won't gamble with our economic future; we'll work and invest for it. Hawaii is blessed with a preponderance of able, creative, skilled, qualified individuals – and this is our greatest resource.

"We have allowed too many residents to leave, punishing their risk-taking and taxing their success. We need to release

their creative energy and provide incentives for merit and for accomplishment here in Hawaii.

"Our legislative agenda for 2001 is simple. It's a pyramid based on three major points:

- (1) Immediate and measurable economic improvement for all of our citizens starting with the long overdue elimination of the cruel taxation of food, healthcare and rents – a Republican proposal for more than 40 years. This proposal, stalled till now but supported overwhelmingly by the public we serve, will pass. We advocate more income remaining with families and businesses earning that income, and oppose tax and fee increases. The economy has not 'turned around' for everyone, and continuing layoffs, bankruptcies and foreclosures give grim testimony to the fact that we must change our economic climate. We have already specified cut items in the budget that are duplicative, wasteful, and non-productive to end the spiral of escalating non-priority costs allowing us to spend more money for basic human needs;
- (2) Autonomy for our public schools and teachers through our 10-point, effective, action initiative with local, elected, policy control; textbooks for EVERY student in this state; prompt elimination of the embarrassing \$640 million in backlog that the President spoke about; and these prioritizations would be made by the schools themselves. In addition, we need recognition, compensation, continuing education and tuition assistance for classroom teachers in Hawaii; creative resolution of the Felix special education mandate with recoupment of federal funds due us while separating medical from educational application; and finally
- (3) A fair, fiscally responsible, workable civil service collective bargaining law that does not place existing employees and retirees at risk of losing what was promised and reasonably relied upon, but one that will recognize affordability, Neighbor Island independence, non-statutory benefits, and managerial flexibility for future employees. We are pleased to continue to stand by and support Governor Cayetano on this major issue.

"There will be additional individual measures that we will author, cosponsor, and support: among them, legislation to guarantee true Native Hawaiian sovereignty while ending government dependency; increasing the age of consent to protect Hawaii's young women; a victims' rights package endorsed by statewide law enforcement; an automatic ballot recount procedure; greater autonomy for Hawaii's four counties; an elected Attorney General; implementation of the Legislative Auditor's many fiscal and management recommendations; abolition of regulations that strangle small business and investment; true privatization; an empowerment of all our people through 'sunshine' enforcement and options such as initiative, referendum, recall, and unicameralism. The public deserves full and open debate on these proposals, regardless of politics. We will insure that it will occur.

"We are cognizant that the next biennial budget will prove challenging, but like every single mom, every family, and every small business in this state, we can learn to prioritize wisely and rationally. Fifty million dollars for a government fish tank, \$25 million for a government art warehouse, millions more for a government golf course may not be the wisest use of hard-earned tax money in this state.

"Previously arbitrated pay raises are on our front burner and they need resolution. We support greater compensation, merit

incentives, and autonomy for our teachers where possible, but let us not forget the role parents play as teachers so that a reduced tax burden, more take home pay, direct involvement in the choices and educational options for their own children must also be a priority.

"Does this all sound ambitious? It is. Does it sound unattainable? It's not. Could it be done? Definitely. Let's stop dumbing down Hawaii. If only a portion of these programs are enacted in a timely manner, it will be beneficial to Hawaii in the new millennium. But we want it all, and so should you, the public. You've expressed skepticism about our ability and resolve to accomplish anything during this Session. That's appeared in recent polls. Why must we continue to talk of 'waiting' and long delays? Native Hawaiians have died waiting for their homestead, teachers have died or retired waiting for respect, and special needs keikis have become adults beyond school age waiting for government to do what is legally required and what is morally right.

"Can three members of a Legislative body influence the outcome of legislation this Session? ABSOLUTELY! But we humbly seek and need the public's support statewide. I repeat, we in the current Minority are optimistic. We will make personal sacrifices. We pledge our support to the leadership to prove the skeptics wrong. But our problem in Hawaii is not a lack of money, it's a lack of political will and strong leadership. This year we can begin to reverse this by producing true bipartisan results. The public doesn't want Democrat or Republican laws; it wants – and deserves – the best laws we can produce.

"We would like to see the hard and difficult issues on the table at the beginning of the Session, not at the end. The Senate must focus on basic needs, not divert its attention to other personal or emotional issues, and open discussions on Hawaii's problems with all 25 Senators, not closed door factional meetings of a few.

"Everyone will be looking at us – as they should – not as Democrats or Republicans, but as your elected representatives. We know they will be looking at the three of us with even more scrutiny.

"Taxpayers expect and deserve our respect and full commitment to a Hawaii that emphasizes success, not just survival. We must earn your respect and your trust. We cannot, must not, and will not disappoint our neighbors any longer. Accountability is not just for teachers or public employees; it is for every one of us here.

"We in this Chamber must never forget who sent us here, who pays for us, whose money we spend, and whose lives we affect by what we do – or don't do. We owe you our very best and we must deliver.

"We pledge to you to focus on the next generation, not the next election. We pledge long term solutions, not short term 'feel good' fixes. And we can achieve greatness, not because it is politically advantageous, but because it is just.

"I leave you with these words of Edward Everett Hale, 150 years ago, in case you're wondering what you can do. He said: 'I am only one. But still, I am one. I cannot do everything, but still I can do something. And because I cannot do everything, I will not refuse to do the something that I can do.'

"Let us begin our work today. Mahalo and aloha!"

At 11:00 o'clock a.m., the Senate stood in recess subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by "Colo[red square]."

The Senate reconvened at 11:25 o'clock a.m.

The President then announced that nominations were in order for the office of Vice President of the Senate.

Senator Chun placed in nomination the name of Senator Hanabusa for Vice President of the Senate, seconded by Senator Buen.

Senator Nakata moved that the nominations be closed, seconded by Senator Kokubun.

The motion was then put by the Chair and carried and the Temporary Clerk was directed to cast a ballot for Senator Hanabusa as Vice President of the Senate.

The ballot having been so cast, Senator Hanabusa was declared elected as Vice President of the Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001.

SENATE RESOLUTION

The following resolution (S.R. No. 1) was read by the Temporary Clerk and was disposed of as follows:

S.R. No. 1, providing for the election of Paul T. Kawaguchi for Clerk of the Senate, Carol T. Taniguchi for Assistant Clerk of the Senate, Bienvenido C. Villaflores for Sergeant-at-Arms of the Senate, and Abraham Pacheco for Assistant Sergeant-at-Arms of the Senate, Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, was offered by Senators Kawamoto, Chun and Slom.

On motion by Senator Kawamoto, seconded by Senator Matsunaga and carried, S.R. No. 1 was adopted.

The President thereupon administered the oath of office to the newly elected Clerk, Assistant Clerk, Sergeant-at-Arms and Assistant Sergeant-at-Arms of the Senate.

SENATE CONCURRENT RESOLUTION

The following concurrent resolution (S.C.R. No. 1) was read by the Clerk and was disposed of as follows:

S.C.R. No. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE CHIEF JUSTICE OF THE HAWAII SUPREME COURT TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION FOR THE STATE OF THE JUDICIARY ADDRESS," was offered by Senator Kanno.

On motion by Senator Kanno, seconded by Senator Matsuura and carried, S.C.R. No. 1 was adopted.

At 11:28 o'clock a.m., the Senate stood in recess subject to the call of the Chair. Kahuku High School's "Vocal Motion" and Auntie Genoa Keawe then entertained the members of the Senate and their guests.

The Senate reconvened at 12:05 o'clock p.m.

The Honorable James "Kimo" Apana, Mayor of the County of Maui;

The Honorable Jeremy Harris, Mayor of the City and County of Honolulu;

Ms. Haunani Apoliona, Chair, Office of Hawaiian Affairs;

Rear Admiral Joseph J. McClelland, Jr., Commander, U.S. Coast Guard, 14th Coast Guard District;

The Honorable Sheila Watumull, Dean of the Consular Corps in Hawaii;

The Honorable Rolando Gregorio, Consul General of the Philippines;

The Honorable Jiadoo Lee, Consul General of Korea;

The Honorable Hans Strasser, Honorary Consul General of Austria; and

Mr. Benny Agbayani of the New York Mets.

The Speaker then appointed Senators Colleen Hanabusa, Cal Kawamoto and Sam Slom, on behalf of the Senate, and Representatives Sylvia Luke, Marcus Oshiro and Galen Fox, on behalf of the House of Representatives, to escort the Honorable Benjamin J. Cayetano, Governor of the State of Hawaii, to the rostrum.

Senator Lorraine Inouye and Representative Bertha Kawakami presented Governor Cayetano with maile and ilima leis.

The Speaker then presented to the members of the Twenty-First Legislature and guests the Honorable Benjamin J. Cayetano, Governor of the State of Hawaii.

The Governor addressed the Joint Session as follows:

"Mr. Speaker, Mr. President, members of the Senate, members of the House, Mayor Apana, Mayor Harris, Council Chairs, members of the Consular Corps, members of our military, distinguished guests, my fellow citizens:

"This morning it is my privilege to make my seventh address on the State of the State.

"I want to thank the people of Hawaii for giving me the honor of leading our beloved State into the Next Century.

"I thank my wife, Vicky, our children, our families, our friends, my cabinet members, and supporters who have helped to make this day possible.

"I congratulate all of you – those of you who were recently successful in your elections. For those for whom this is the very first time, our people have given you a great privilege, a great honor, an experience given to only a lucky few.

"By all accounts, the year 2000 was a great year for our State. There were many stories of individual successes: Angela Baraquo crowned Miss America; Leslie Lam Mrs. America; Brian Vilorio representing Hawaii in the Olympics.

"One of the most notable, of course, was Benny Agbayani. Mr. Speaker, you stole my thunder by introducing him early. (Laughter.) But he deserves a second introduction because we all know that Benny overcame adversity early in the season and he went on to win a starting role with the New York Mets, and he was instrumental in getting the Mets into the World Series. He inspired us, he inspired me, and he made Hawaii proud.

"He is with us this morning and I want to reintroduce him again. Ladies and Gentlemen, members of the Legislature, join me in welcoming the Come Back Kid, Benny Agbayani. (Mr. Agbayani rose to be recognized.)

"Benny, are you thinking of running for anything? (Laughter.)

"I was also pleasantly surprised this morning because I saw four of my former cabinet members here and I'd like to introduce them, with your indulgence. Larry Miike, former Director of the Department of Health. (Dr. Miike rose to be recognized.) I'm not sure if Larry is wearing his shoes or not. That's the way he was when he was at the Department. Lorraine Akiba, formerly the Director of the Department of Labor. (Ms. Akiba also rose to be recognized.) Someone who really did a good job under difficult circumstances with the Department of Land and Natural Resources, former Director Tim Johns. (Mr. Johns rose to be recognized.) I'm really honored this morning that she came; she's been a good public servant, ladies and gentlemen, the former Attorney General of this State, Margery Bronster. (Ms. Bronster rose to be recognized.) Marge caught me unaware and was in on this. I'm really glad that she's here.

"Out of respect for the limits of your endurance for long speeches, and State of the States are usually long, I have prepared a booklet which gives more details of my agenda for the next two years. This will be made available to you, of course after I speak.

"Last year, was a great year for our State.

"The State government finished the year in sound fiscal condition. State bond ratings were upgraded and we were given high marks by national organizations for our fiscal practices.

"The State's economy, which started to recover in late 1998 through 1999, is now expanding. And the signs of positive economic growth are convincing.

"In 1995, our unemployment rate was 5.9 percent. Today, it is down to 3.7 percent – the lowest since 1992 – and well below the national average of 4 percent.

"In 2000, the Real Gross State Product increased by 3 percent – the strongest growth in a decade. And this year, personal income will show a 5 percent growth – the largest increase since 1992.

"For 2001, we expect a 2 percent growth in jobs or 10,000 new jobs – the fastest growth rate since 1991.

"Tourism is up. Private construction is up. Auto sales continued at record levels for the second consecutive year. Real estate sales are up. Consumer confidence is up.

"Hawaii's economy is back, expanding, stronger, and more diverse than ever in the past decade.

"Our challenge is to keep the momentum going, to develop a strong, sustainable, and diverse economy, and to do it without destroying our beautiful environment and compromising our core values.

"The importance of a strong economy cannot be overstated. The past eight years of economic stagnation has taught us that a weak economy impairs the State's ability to provide services to the poor, the needy, and the disabled.

"That is the reality and simple truth.

"The current slowdown in the U.S. economy, the lingering recession in Japan, the rise of oil prices make it imperative that we continue to restructure our economy, reform our State government, and invest in our economic future.

"Some of our past investments are paying off.

"Tourism had a record year last year, and this year it might be even better.

"One reason is our three-year old, state-of-the-art, \$300 million Hawaii Convention Center, one of the most beautiful in the world, and it is already drawing repeat conventions.

"Another is the \$60 million we give the Hawaii Tourism Authority to market Hawaii each year.

"Last year, nearly 7 million tourists came to Hawaii and they spent nearly 10 percent more than they did in 1999, reversing a three-year decline in expenditures.

"This year, we will focus a bit on expanding our cruise line industry.

"In 1998, the total impact of the cruise industry in Hawaii was about \$304 million. In four years, we expect it to skyrocket to 1.4 billion dollars!

"Cruise lines are a very important part of Hawaii's tourist industry, especially for places such as Hilo and Kauai, which have not shared fully in our economic expansion.

"Therefore, I will submit to you a request for funding to improve docking and pier facilities with priority for Hilo and Nawiliwili harbors.

"I am pleased to report that our efforts to position Hawaii as an international meeting place – a 'Geneva of the Pacific' – is making great progress.

"The Pacific Basin Economic Council meeting last year was such a big success that the group – made up of 1,100 corporations from more than 20 countries – will return again in 2002, 2003, and 2004.

"Getting PBEC was a home run. But this year, Hawaii will score again when we host the prestigious Asian Development Bank meeting in May.

"Finance ministers from 60-member nations, CEOs and presidents from the world's top banks and financial institutions,

along with hundreds of foreign and American news people, will be here.

“And because it is ADB’s custom for the President of the host country to address its members, we may even get to see President Bush here in May.

“These international meetings go a long way towards convincing people that Hawaii is a good place to do serious business. But we need to do more.

“For more than 50 years, our tourist industry has successfully marketed Hawaii as a place of leisure, of fun, sun, and surf. As a result, Hawaii has been repeatedly ranked as one of the world’s top tourist destinations.

“To sell Hawaii as a good place to do business, we need to change our marketing strategy.

“Therefore, I will submit legislation for your consideration to require the HTA to use one-third of its marketing fund to promote Hawaii as a business destination.

“The challenge to maintain and improve Hawaii’s standing as a world-class tourist destination never ends. We must keep an eye on our competition and make the changes necessary to keep our competitive edge.

“Survey after survey on Hawaii tourism reach the same conclusion: To compete, to meet the challenges of global competition, Hawaii must provide a greater diversity of exciting and interesting experiences for our visitors.

“In response, we have included in our budget request appropriations to develop more diverse experiences and to improve Hawaii’s parks, marine and wilderness areas.

“For Waikiki, I have requested funding to build our proposed new Visitor Center at the old Canon Club at Diamond Head, and to evaluate the feasibility of an urban park at the site of the Ala Wai Golf Course.

“And we have developed a vision for Kakaako.

“Kakaako is the last large parcel of undeveloped state-owned land in urban Honolulu. Its central location is perfect for a development that will serve residents and visitors alike.

“The State has been trying to develop Kakaako for more than 30 years. It’s poured hundreds of millions of dollars into building infrastructure mostly on the mauka side of Ala Moana Boulevard.

“The State made huge investments in Kakaako and private land values have gone up, but little in the way of development has happened.

“When I took office in 1994, we decided to focus on developing state-owned land, mostly on the makai side of Kakaako.

“I see Kakaako, and I call it Kakaako Makai, as a gathering place for residents and visitors alike – a place to work, to play, to teach and to do research.

“We propose that the state invest in developing a complex of attractions designed to highlight Hawaii’s historical and cultural history and its science and technological achievements.

“First, we propose a world-class aquarium. Second, a science and technology center. We believe that both will

compliment the existing Children’s Discovery Center, and the University of Hawaii’s Pacific Biomedical Research Center located out there at the point.

“We believe that our proposed aquarium will be to Hawaii what Baltimore’s famous National Aquarium has been to Baltimore. Back in the 1970s, Baltimore’s political leaders had the vision and courage to boldly step forward and give their Baltimore the national icon it needed.

“Today, the aquarium is Baltimore’s top attraction, generating nearly \$200 million in revenue each year. It’s educational partnerships and programs service more than 200,000 children annually.

“The second part of the complex is a proposed science and technology center, which will showcase Hawaii’s strengths in astronomy, ocean marine sciences, biotechnology and volcanology.

“A few weeks ago, we took a big step forward in making this project a reality when the Bishop Museum Board decided to relocate their proposed Science and Technology Center to Kakaako.

“This is a win for Bishop Museum, which you designated last year as a state museum, because Kakaako is a far superior site for their science center than Kalihi. And it is a win for the State because the Bishop Museum’s plan fits perfectly in our vision for Kakaako Makai.

“In each case, the State is working in partnership with the private sector. On the proposed aquarium, a private 501-C nonprofit foundation was formed. The task force, headed by Walter Dods of First Hawaiian Bank, is comprised of leaders from the University, business, labor and community groups reflecting all groups – political and social.

“The task force has pledged to raise \$20 million in private funds to augment the State’s investment of \$50 million – \$ 20 million of which will come from revenue bonds.

“The fact that a group of respected private citizens are prepared to raise \$20 million for the aquarium is truly remarkable. I know of no other state project for which such a large commitment was ever made.

“Whether it is civil service reform, economic development, or education, the people of our State expect and deserve bold action from their political leaders. But nothing big will ever be done if we think small.

“I believe we have an opportunity in Kakaako to do something bold, something which will redefine the character of our waterfront. And after emerging from eight years of economic stagnation, I think the time is right.

“If we work in partnership with the private sector, with business, with labor and the community, I believe Kakaako can become – as one of our daily newspapers put it – a ‘grand statement . . . a masterpiece of design that will instantly become a worldwide symbol of Honolulu’s rebirth.’

“Our greatest asset in marketing Hawaii to the world is our breathtaking natural environment.

“Limited resources, however, cannot support unlimited growth. And economic growth should never come at the expense of our natural environment.

"With your approval, I propose a long-range study of our State's carrying capacity to help evaluate our State's ability to endure growth.

"I have asked Dr. Seiji Naya of DBEDT to head this project. We will look at whether the State's infrastructure and our natural resources can survive such growth without being damaged.

"The results of this analysis will be used to create a strategic plan to make sure we balance our economic interests in maintaining tourism with our duty to protect our natural environment.

"For years, our State parks have served our needs. They have become a haven for our people to take a break from their busy lives to enjoy the outdoors.

"Well, because of the economic downturn over the years, our parks system needs more attention now more than ever. We must repair worn facilities, upgrade older ones, and otherwise beautify these parks.

"I propose spending \$22 million in capital improvements to repair and maintain our State parks.

"For the long-term care of our parks, I am proposing that half the money from the hotel room tax that does not go for marketing be used to improve and protect our State parks system.

"Every day, I am thankful that I live in the most beautiful place on earth. Over the years, so much of it has changed. Where there were once overgrown kiawe trees, now there are hotels, and where there were once cane fields, now there are homes and businesses.

"But there are still a few places left in Hawaii where native plants grow wild and undisturbed. The State has been slowly acquiring some of the most treasured pieces so that we can keep these places wild.

"We acquired the historic compound south of Kona that once served as the residence of a chiefess of Hawaii.

"On Maui, we got the famous – or infamous – road to Hana designated as one of the nation's 'Millennium Legacy Trails.'

"With your help we bought the spectacular Ka Iwi Coastline here on Oahu.

"On Kauai, we have ended a 20-year controversy by banning commercial motorized boating on the beautiful Hanalei River.

"And just this month, we acquired beautiful Lumahai Beach, made famous in the movie 'South Pacific.' We will do more.

"In my first State of the State address six years ago, I shared with you my belief that Hawaii's potential for economic diversification was promising in three areas: high technology, healthcare and biotechnology.

"There were some skeptics who thought Hawaii had no chance for success in developing a meaningful and viable high technology industry.

"Well, they were wrong. The number of high technology companies in Hawaii has nearly tripled in just five years.

"Last year when you passed Act 297, and the year before, Act 178, you gave Hawaii's high tech companies some of the best incentives in the nation.

"This Session we will propose additional changes to these laws to give greater incentives, which will make Hawaii more attractive to high tech businesses.

"We have already attracted a number of impressive high tech companies, and I am pleased that they have recruited many of Hawaii's best and brightest to come home.

"Last Wednesday, one of the speakers lamented the brain drain of Hawaii's best and brightest to the Mainland. I share their concern. In fact, many are forced to leave Hawaii because of the lack of opportunities. Well, we are bringing them home.

"This morning, we invited a few of them to be here this morning, but when word got around, a whole bunch showed up. They come from about a dozen of Hawaii's high tech companies. They came home because they found good paying, challenging high tech jobs, and because, like you and me, they love Hawaii.

"They are an energetic and dynamic group. They're organized and will help spread the word to other Hawaii residents on the mainland about the opportunities in Hawaii's growing high tech industry.

"Mark my words, I believe these young professionals and entrepreneurs, Hawaii's best and brightest, will be a vibrant and dynamic force in building Hawaii's high tech industry.

"Members of the Legislature, please join me in welcoming Hawaii's best and brightest home. Welcome home! (The men and women representing the high tech industry rose to be recognized.)

"Nothing, and I've said this many times in my speeches, is more important than the education of our children.

"That's why we spared the Department of Education's budget, while cutting every other department.

"Over the past six years, we made education our highest priority. We increased teacher salaries, extended the school year by seven days, and built a record number of new schools and classrooms.

"This year, I ask you to approve my request for \$290 million for school capital improvements – \$90 million for the construction of new schools and classrooms, \$100 million for repair and maintenance, and an additional \$100 million to renovate our older schools and bring them up to par with the new schools. In all, \$290 million – or 29 percent of our proposed \$1 billion capital improvement request.

"Mr. President, if you would like to add another \$100 million to that total, we will support you.

"In addition, I propose spending \$21 million to buy 18,000 new computers for our public schools. This will bring down the ratio of students to computers from 6:1 to 4:1.

"Hawaii's children must learn to use this technology because it will open doors of learning and knowledge ordinarily not available to them. It will help teach them the skills of critical thinking. It will allow them to learn from student counterparts around the world. And it will help them discover and experience the exciting world of the Internet. Please support our request for these computers.

"When our students are given the proper tools, they can compete against anyone. Members of the Legislature, I would like to introduce to you a group of students from Kapolei Elementary School who have made all of us proud of our public schools.

"These six children competed in a national computer competition called ThinkQuest Junior. They walked off with the top simulation award in the nation with their interactive site entitled, 'Values: Making Choices for Life' – a quote that I used last year in my State of the State.

"They are here in the gallery today with their Kapolei Elementary School technology coordinator Michael O'Connor. I want them to stand. Mike will you and the kids stand, please. (Mr. O'Connor and his students rose to be recognized.) I realize they went head to head with the rest of the country and they came up number one. Congratulations.

"When I had the honor of serving as your Lieutenant Governor, we created the 'A-Plus' after-school program. For nearly 12 years now, 'A-Plus' has been providing quality after school care to thousands of elementary, latchkey children.

"More critical than 'A-Plus,' however, is the need for quality preschool care. For three and four year olds, this service has been lacking. Learning, after all, has its greatest impact during a child's formative years. This is why preschool is so important to a child's development.

"When our Administration began in 1994, less than 1,000 of about 16,400 needy three- and four-year-old children in Hawaii had access to preschool.

"By working in partnerships with the Good Beginnings Alliance, Head Start and other private preschool providers like Kamehameha Schools, the State successfully placed 8,400 of these children in a preschool program.

"We now propose a universal access preschool program for all needy children. No general funds are needed. Under the direction of Susan Chandler, we advocated resources that would be used for other things. Instead, we will utilize federal, private, and other funding to give preschool access to the remaining 8,000 children by the year 2004.

"I consider this program one of the Administration's high priorities; we call this 'Pre-Plus.' I have asked the Lt. Governor to head it. I ask for your support in bringing universal preschool to all of our needy children.

"The University of Hawaii is not just a place of higher learning; it is also a driving force for the economic development of this State. That is why I propose that we support Dr. Cadman's vision for a brand new, world-class medical school in Kakaako Makai.

"The new medical school will be the foundation of Hawaii's healthcare and biotechnology industries. At \$141 million for the first phase, it will not come cheap. But it will help develop a biotech industry that has the potential to bring more than 50-million new dollars into the State each year, and I ask you to support Dr. Cadman's vision in Kakaako Makai. In fact, he's up there; he came unannounced. Doctor, will you please stand. (Dr. Cadman rose to be recognized.)

"Last year, you supported my proposal to give an extra \$1 million to four specific schools at the University: engineering, international business, medicine, and, at the Community College, high technology training.

"I am pleased to report to you that these schools, headed by entrepreneurial and innovative deans, have produced some outstanding results. For example, the School of Business leveraged its \$1 million by four times to expand its School of E-commerce.

"These disciplines are important to our efforts to develop a skilled workforce for high tech, healthcare, and biotech.

"I ask you again to support our request for \$1 million to each of these programs. But, this year, I am also asking for an additional \$1 million to boost the University's Department of Information and Computer Science program – critical, I think, to the development of high tech here.

"Nothing is more important than access to education whether it be lower or higher education. That has always been important to me. I am a person who had to go away to just get into a junior college in California. But California at that time had access to everyone. Today, we have access, but I want to go a step further and I want to share with you my plan to give Hawaii's high school graduates greater access to higher education in the University of Hawaii system.

"I propose establishing a scholarship program, which would pay the full tuition of any public or private high school graduate with a 'B' average who is admitted to a school in the University of Hawaii system.

"I propose that the \$175 million now sitting in the Hurricane Relief Fund be deposited into the State's Rainy Day Fund, and that the interest earned on that combined deposit be put into a scholarship fund that we will call the Hawaii New Century Scholarship.

"This is not a new idea. It is patterned after Georgia's immensely popular Hope Scholarship program. That program is supported by a state lottery. We can do ours without a state lottery. All we need is bold and innovative thinking. I ask for your support on this project.

"I am pleased to report to you that the purchase of the Hemmeter building was completed in December. The State Foundation on Culture and Arts will begin planning for its new home.

"This purchase makes real a vision developed more than 30 years ago. When Governor John A. Burns established the State Foundation, the concept was to create an art museum – an art museum without walls.

"But even Governor Burns himself knew and believed that the State Foundation would need a permanent home. So Governor Burns and Mayor Neal Blaisdell, the Republican Mayor of Honolulu at that time, put together a search committee to find that home. And they did.

"The committee recommended the old YMCA building, and isn't it amazing how it would come full circle because that building is the Hemmeter Building which we just bought in December. John Burns' vision is now a reality.

"I say this to you, isn't it amazing what great things can be done when partisanship is set aside and political leaders work together.

"Last year, we had an agenda to modernize state government. While some progress was made, much more remains to be done. Therefore, we will renew our efforts to reform civil service and restructure government.

"We will propose to revise the criteria used by fact-finding panels and arbitrators in making awards to require arbitrators to consider the State's entire fiscal condition including healthcare costs.

"We will continue to follow a policy of agreeing to collective bargaining agreements that increase the efficiency and productivity of government workers.

"We will propose legislation which will give the state the right to privatize and curb overtime abuse. These reforms are long overdue. You have seen them for the last six years of my Administration. If you are not going to pass them, tell me in advance so we don't go through the trouble, but I want you this year to give it a shot, and let's make it happen this year. Let's reform civil service and let's restructure the State government.

"During the past year, the Department of Hawaiian Home Lands continued its unprecedented pace of building homesteads and returning Hawaiians to the land.

"During this Administration, more homesteads will be completed than at any other time in the 80-year history of the program.

"And, by the end of our Administration, we will have secured the resources and completed the planning to allow the next Governor to match our eight-year production in just four years!

"In this coming year we will do the following:

We will welcome kupuna into the first ever Hawaiian Homes Kupuna project, a partnership with OHA. I want to thank Haunani Apoliona and OHA for that partnership. It's going to produce great results;

We will hand over keys to Hawaiian families entering the first ever rent-to-own project on Hawaiian Home Lands;

We will complete the first ever multi-family development project at Kalawahine on Oahu; and

We will break ground on the first-ever Hawaiian Home Lands community on the island of Lanai.

"What a great job Ray Soon and the Hawaiian Homes Commissioners have done! I want to acknowledge Ray. He didn't know I was going to do this. Ray, stand up and take a bow for the Department. (Mr. Soon rose to be recognized.)

"Clouding the good work of the Department, however, is the recently filed lawsuit – Barrett vs. State of Hawaii – which challenges the constitutionality of OHA and the Department.

"It is a broadside attack on Hawaiian programs and on our State Constitution.

"I believe that OHA, established under the State Constitution and approved by the people of this State, Hawaiian and Hawaiian-at-heart, and the Department of Hawaiian Home Lands, established by Congress 80 years ago, will withstand this attack.

"And I pledge that I will use every authority vested in me as your Governor, every resource available to my Administration to successfully defend and protect the rights of native Hawaiians.

"I know that there are those with legislation pending which would put on the table a bill to merge OHA and the Department. At this time I would urge caution because I think that under other conditions this might be a very good idea, but it places OHA and the Department at greater risk because each entity has different legal origins. I would ask that this bill be withdrawn because I will not support it.

"In recent years, I was forced to cut services to the most vulnerable among us. This, while we cut taxes to get the economy going again, paid for arbitrated pay raises, and spared the Department of Education from any budget cuts at all.

"We tried to avoid cutting these services. We left no stone unturned to find additional revenues. We raided special funds, implemented the payroll lag, froze hiring, eliminated positions, but in the end, state programs for the poor, needy, the disabled – the weakest among our citizens – suffered.

"Well, now that the economy has rebounded, this Administration's highest priority is to restore and, where appropriate, expand social services.

"We've done much to improve the efficiency of the programs that provide people's most basic needs, such as food and shelter.

"Our welfare reforms have received national recognition. Recently, the State received a \$5 million cash bonus from the federal government for being a leader in welfare reform. We lead the nation in getting more people on welfare working again, earning more and getting off the welfare rolls.

"But we must do more.

"Since 1992, the homeless population has decreased by 40 percent. And we assisted in developing 4,500 affordable rental-housing units – a record for any Administration.

"But the need is still there and we must and we will do more.

"One-third of all of our federally assisted public housing are located in the neighborhood where I was born – Kalihi-Palama. These units are old and in dire need of improvements.

"That's why I am proposing a \$10 million appropriation to supplement federal funding that will revitalize the Kuhio Park Terrace and Kuhio Homes.

"The people in our public housing programs deserve this, and I ask for your support!

"Caring for our disabled and elderly is a huge problem for many families. I, personally, have known the struggles of trying to care for an elderly parent at home. Therefore, I will request from you a modest \$2 million in funding to expand our Kupuna Care and Nursing Home Without Walls programs. Please support this request. It is just a modest request to help our senior citizens.

"Last year, I asked you to increase the minimum wage. Our bill was bottled up in committee and died. There are many of you good people here this morning and I again will submit a new bill and ask you to increase the minimum wage.

"I was heartened last week to hear the Speaker support increasing the minimum wage. An increase will uplift the lives of more than 16,000 of Hawaii's workers. If we want more people to get off welfare and back into the workforce, let's make sure they get paid a decent wage, and let's do it this year.

"Drug abuse is a problem which has devastated the lives of millions of people and their families. It is the major force that drives crime. It permeates society, affecting people from all walks of life, regardless of race, sex, age and social status.

"For decades now, the federal, state and county governments have waged a 'war against drugs,' relying mainly on law enforcement and punishment to deter illegal drug use. And the politicians have taken advantage of this situation.

"Last year, the voters in California stunned political experts by approving Proposition 36, which declares drug abuse a health problem and mandates treatment for first and second time non-violent drug offenders.

"Despite opposition by virtually all of the state's law enforcement community, most of the judges, and some health care groups, Proposition 36 was approved by 61 percent of the California voters.

"Proposition 36 signals a shift in philosophy that's beginning to sweep the nation. California, which has more than 200,000 inmates in state, county and local jails, is expected to save the State alone, more than \$200 million in incarceration costs and \$550 million in capital costs for a new prison.

"California has built ten times the number of prisons than they have colleges. California followed the lead of Arizona, which in 1996 approved a similar law. The latest studies from Arizona indicate the Arizona experience has achieved a 61 percent success rate.

"It's time for us to make a shift in policy here in Hawaii. Therefore, I will submit legislation that will mandate treatment instead of punishment for non-violent, first-time offenders.

"To give the State time to take an inventory of available drug treatment programs and to establish 'best practices' standards to assure high quality, effective programs, I propose that the bill go into effect on July 1, 2002. We have requested funding for this in our budget.

"This is a major departure from our current philosophy of treating drug offenders. I ask for your most thoughtful deliberation and support because I know that this will be very, very controversial as you hear the bill.

"Let me conclude with these words. Over the past few years and over the next few months, you will be faced with making difficult decisions.

"I urge each and every one of you to remember that those to whom government has the greatest duty to serve – the poor, the needy, the disabled – are those who cannot always provide for themselves. That is the core function of our government.

"After 26 years in public office, I am familiar with having to make tough decisions. I have always let my conscience be my guide, regardless of the political consequences.

"Making sure this State prospers in the twenty-first century, making sure that the quality of life improves, and making sure that we take care of those who need our services will require strong leadership and cooperation from all of us. It is my hope that we can work together to do what is right for the people of Hawaii.

"The people of Hawaii deserve bold leadership – let us give it to them and guide our beloved Hawaii to even greater heights!

"Thank you very much. Aloha!"

Senate President Robert Bunda then rose and stated:

"I am confident that we will do our best to work with you, Governor, to make your dreams of a better Hawaii our dreams of a better Hawaii, and to make your vision of the twenty-first century the road map we use to find our way there. Some may propose different ways to get there but I have no doubt that we all agree on where we want to end up – a state that can boast a high quality of life for all of its residents, a state that will look back on your term of office as visionary yet practical, as progressive yet compassionate, and most of all, a time of responsible leadership.

"If there is no further business, I declare this Joint Session adjourned."

At 10:54 o'clock a.m., President Bunda declared the Joint Session adjourned.

INTRODUCTION OF SENATE BILLS

On motion by Senator English, seconded by Senator Hemmings and carried unanimously, the Clerk was authorized to receive bills for introduction prior to 6:00 o'clock p.m. In consequence thereof, the following bills passed First Reading by title and were deferred:

Senate Bill

No. 808 "A BILL FOR AN ACT RELATING TO COMPUTERS."

Introduced by: Senator Chun.

No. 809 "A BILL FOR AN ACT RELATING TO RIGHTS OF PARENTS AND GUARDIANS."

Introduced by: Senator Chun.

No. 810 "A BILL FOR AN ACT RELATING TO EMPLOYMENT AND TRAINING ASSESSMENT."

Introduced by: Senators Nakata, Buen.

No. 811 "A BILL FOR AN ACT RELATING TO MARINE ENFORCEMENT."

Introduced by: Senator Inouye.

No. 812 "A BILL FOR AN ACT RELATED TO SPECIAL WASTES RECYCLING."

The Governor, I think, yesterday in his State of the State speech was referring to a bill I will be introducing, undaunted by his efforts. The bill is intended to bring autonomy to the Hawaiian assets of OHA and Hawaiian Home Lands. The Governor chose to prejudge the bill having not seen it yet. Although I did communicate via white paper on this issue, I don't think he understood the intent. It is not the intent to merge those agencies but to bring autonomy and self-determination for the Hawaiians and have them control their destiny.

"Thank you for this courtesy, Mr. President."

At 9:46 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:48 o'clock a.m.

At this time, the President made the following remarks:

"We would like to express our condolences to Senator Hemmings and his family. Funeral services for his father will be at 9:30 at Star of the Sea Church on Friday."

At 9:49 o'clock a.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with Senate Concurrent Resolution No. 1, to receive the Chief Justice's State of the Judiciary Address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, was called to order at 10:03 o'clock a.m. by the Honorable Robert Bunda, President of the Senate.

At this time, Senate President Bunda welcomed and introduced the following distinguished guests to the members of the Twenty-First Legislature:

The Honorable Benjamin J. Cayetano, Governor of the State of Hawaii, and Mrs. Vicky Cayetano. They were presented leis by Senator Donna Mercado Kim and Senator Cal Kawamoto;

The Honorable Mazie Hirono, Lieutenant Governor of Hawaii, and Mr. Leighton Oshima. They were presented leis by Representative Brian Schatz and Representative Marilyn Lee;

Mrs. Stella Moon, wife of Chief Justice Moon. She was presented a lei by Senator J. Kalani English;

Ms. Julie Moon, daughter of Chief Justice Moon;

Mrs. Mary Han and Mr. Joseph Han, mother and stepfather of Chief Justice Moon; and

The Honorable William S. Richardson, former Chief Justice of the Hawaii Supreme Court.

The President then appointed Senators Brian Kanno, Colleen Hanabusa, Jonathan Chun and Sam Slom, on behalf of the Senate, and Representatives Eric Hamakawa, Marcus Oshiro and David Pendleton, on behalf of the House of Representatives, to escort the Honorable Ronald T.Y. Moon, Chief Justice of the Hawaii Supreme Court, to the rostrum.

Senator Carol Fukunaga and Representative Bertha Kawakami presented Chief Justice Moon with maile and ilima leis.

Senate President Bunda then presented the Honorable Ronald T.Y. Moon, Chief Justice of the Hawaii Supreme Court, to the members of the Twenty-First Legislature.

The Chief Justice addressed the Joint Session as follows:

"Let me just initially thank President Bunda for introducing the members of my immediate family who are here. He neglected to mention one person who is part of the immediate family. I don't want him to throw a tantrum, but it's my brother Erick and his wife. (Both rose to be recognized.)

"Before I begin my formal remarks, I'd like to share a dream I had last night. I was here in this very place with all of you. Just as I was about to begin my speech, an angel appeared and offered me a choice of infinite wealth, wisdom, or beauty. Without hesitation, I selected infinite wisdom. 'Done' said the angel and disappeared in a cloud of smoke. Now all heads turned towards me and I looked like I was in a daze. After a lengthy pause, Pat Mau Shimizu, who sits right here in front of me, whispered 'CJ, say something.' I then looked at all of you and with my new gift of infinite wisdom said, 'I should have taken the money.' (Laughter.)

"Governor and Mrs. Cayetano, Vice Speaker Luke, President Bunda, other distinguished Legislators, Lieutenant Governor Hirono and Mr. Oshima, members of the federal and state Judiciaries, Korea's Counsel General Lee and other special guests, family, and friends:

"It is my privilege to have this opportunity to be here today to tell you about the work of the Hawaii State Judiciary. We can all be proud of the efforts of our Judiciary employees and volunteers. I am pleased to be able to publicly thank each and every one of our Judiciary employees for their continuing commitment, dedication, and outstanding work on behalf of our third branch of government. And, to our more than 2,000 volunteers, we say 'thank you' for unselfishly giving of your time and talents in helping to alleviate some of the load on our overburdened staff. All of our volunteers provide an invaluable service to the Judiciary, and I appreciate this opportunity to publicly recognize a very special one.

"Eighty-year-old Mike Maeda has contributed nearly 4,000 hours since he began volunteering with the courts and currently works three full days a week. Mr. Maeda is often called upon to help Judiciary offices, such as the Bar Examiners Office and the Family Court's legal research department and court management services branch. Judiciary employees who have been the grateful recipients of Mr. Maeda's services wholeheartedly agree that he is reliable, efficient, and accurate in his work. Not only is he willing to do any task assigned to him, he does so with a positive attitude, working diligently until the work is done. Needless to say, Mr. Maeda is an invaluable asset to the Judiciary and exemplifies the Aloha Spirit that makes our State so special. Ladies and gentlemen, would you please join me in recognizing Mr. Mike Maeda. (Mr. Maeda rose to be recognized.)

"As I present this my fifth State of the Judiciary Address to this distinguished body, I believe it is time for a change. Therefore, my address today will contain very few statistics. I will not refer to any of the Judiciary's budget requests, or to our legislative package. I do, however, want to spend a few minutes on a subject I have discussed in previous State of the Judiciary addresses because many of you are new legislators and because the number of legislators with legal backgrounds continues to decline. That subject, which remains a topic of paramount concern, is the role of the third branch of government and, in particular, the concept of judicial independence.

“Achieving a free and independent Judiciary was part of our national struggle for independence. As James Madison stated during the Constitutional Convention in 1787, ‘If it be essential to the preservation of liberty that the Legislative, Executive, and Judiciary powers be separate, it is essential to a maintenance of the separation that they should be independent of each other.’ In a constitutional democracy like ours, the Judiciary determines whether the actions undertaken by the legislative and executive branches of government conform to principles of law enunciated in our state and federal constitutions. Courts take abstract ideals – like equal protection and due process – and infuse them with life by resolving specific controversies that engage the deepest human passions and aspirations. In that process, the third branch of government is charged with the responsibility of defining the limits of governmental power and authority and protecting basic individual rights, such as freedom of expression, freedom of religion, the right to be heard before being deprived of liberty or property, and the right to an attorney.

“By fulfilling this role, courts defend minorities that might be overwhelmed by the numerical strength of the majority, or the economic power of the wealthiest sectors of society. We attempt to safeguard the frail and defenseless against those instances where misguided public passion tramples upon the rights of the less fortunate, or where the schemes of the unjust jeopardize the welfare of society as a whole. By adhering to a system of reasoned precedent, courts also provide order, stability, and predictability to the capricious and chaotic events of life. Stated somewhat differently, the Judiciary protects the individual from the excesses of society and protects society from the excesses of the individual. By regulating the equilibrium between these forces, courts preserve individual initiative and opportunity, foster the realization of human potential, and maintain social harmony and prosperity.

“Courts are, in this sense, the institution most accountable for the preservation and maintenance of our democratic heritage. The executive and legislative branches of government strive to be directly and immediately responsive to the popular electoral will. The judicial branch, on the other hand, is the guardian of the architecture of democracy itself. While courts generally give deference to rational enactments of the Legislature, it is still the courts’ duty to invalidate a statute that violates constitutional prohibitions. This distinctive function in no way makes the judicial branch superior to the executive or legislative branches. Rather, it simply means that we have been assigned to perform a different role, with a different perspective. Courts must respect the unique responsibilities entrusted to the executive and legislative branches. We strive to do so in every decision we make and pledge to continue doing so. Likewise, if democracy is to work, the legislative and executive branches must respect the unique responsibilities entrusted to the judiciary. We ask that you continue to appreciate our need to sustain judicial independence, so that we may best fulfill the obligations of the judiciary’s special mandate. With your understanding and assistance, I am certain that not only can we enhance the function of the Judiciary, but we can strive to renew the promise of democracy for our respective branches of government in order to serve our own generation and the generations to come.

“Because a strong, separate, and independent Judiciary requires adequate compensation for its judges, I want you to know how grateful I am – how grateful we all are – for the salary adjustment you made last year. Although it has made a tremendous positive difference, just one month ago, my friend and colleague, Kevin Chang – one of our outstanding jurists – left the state bench to work as a federal magistrate judge, earning approximately \$26,500 more annually than he did as a

state judge. Judge Chang served with distinction, and, surely, the federal bench’s gain is the state bench’s loss. It is a loss we must work to minimize in the future. I, therefore, hope you will agree with me that the challenge now is to ensure that it is not another ten years before the next increase.

“But, let me be clear; we agree with the Judicial Salary Commission’s recommendation that judicial pay raises not be requested in the upcoming fiscal biennium. However, we also agree with the Commission’s conclusion that ‘the current process . . . is fundamentally flawed, and, therefore, should be changed as soon as possible.’ As some of you may know, the Judicial Salary Commission is securing a commitment from the Cades Foundation to commission an independent study to identify a more timely and objective mechanism for determining judicial salary adjustments. We sincerely hope you will support such reforms in the future.

“As I reflect on the state of the Hawaii Judiciary, I find myself struggling with the notion that ‘perception is reality.’ Although I don’t believe that perception is always reality, it is accepted by many as such. There are two particular perceptions I often hear voiced about the Judiciary that I believe are actually misperceptions. The first is that judiciaries, including Hawaii’s, are insular institutions that operate in secret, and the second is that the judiciary has not changed the ways it resolves disputes in over a hundred years.

“I believe we have made great strides to combat the perception of secrecy and to, as they say, ‘let the sun shine in.’ Our Judicial Evaluation Program and Court Navigation Project certainly qualify as tangible examples of more openness and greater access.

“It is worthy to note that Hawaii is one of only 13 states with a judicial evaluation program. All currently eligible full-time trial judges have received evaluation results that provide valuable feedback to help them improve their performance, both in and out of the courtroom. In addition, evaluation results are provided to the Judicial Selection Commission and serves as a source of information for retention. But we did not stop there. To address concerns that the evaluation process was completely ‘in-house,’ this Fall we enlisted the assistance of former judges, retired practitioners, and community leaders to meet with individual judges to review the judge’s evaluation results and provide suggestions for improvement. To our knowledge, we are the only judiciary in the country without retention-elections to have people from outside the Judiciary involved in the evaluation process in this manner. Also, starting this month, we implemented a pilot project to evaluate appellate judges and justices, becoming only the third state in the country with an appointment system to do so.

“Our Court Navigation Project also exemplifies our efforts to let the sun shine in on the courts. This past year, we began one of the most comprehensive court-based assistance programs in the nation. The capital improvement funds you appropriated two years ago, combined with a quarter of a million dollars in federal grants, was used to launch the Ho’okele Court Navigation Project on August 8, 2000. The growing number of litigants who represent themselves can now receive one-on-one assistance from customer service centers located in the entryways of the Honolulu District and Circuit courthouses.

“The demand for Ho’okele services has far exceeded our expectations. Since opening five months ago, the project’s three stations have helped over 20,000 court users on O’ahu, directing them to appropriate courts, offices or agencies as well as helping them to complete court forms and/or explain court procedures. Almost 100 of these court users have taken the time to fill out customer satisfaction survey forms; some even

took the time to write directly to me. These surveys and letters represent a cross-section of our community – such as, persons adopting children, individuals seeking a divorce, and small business owners trying to collect on a debt. They represent court users from all corners of the island – from Hawaii Kai to Makaha, from Kailua to Ewa Beach.

“I am proud to tell you that every single one of these letters and surveys has been overwhelmingly positive, and we have been pleasantly surprised, not just by the volume, but also by the intensity of the public’s reaction. We read again and again, ‘Outstanding customer service’; ‘I would not have been able to do it otherwise’; and ‘It made all the difference in the world.’ In one letter, a court user with a complex problem stated that the concerned and caring Ho’okele staff provided the best customer service experience she had ever had! Comments like these reinforce and re-energize our commitment to make the courts more accessible, to demystify the legal process, and to remove the perception that there is a veil of secrecy covering the courts.

“The second misperception pertains to the way the judiciary resolves disputes. I’ve heard the argument presented something like this: The horse and buggy have been replaced by cars and planes; the phonograph has been replaced by compact disc players; the surgical knife has been replaced by the laser; yet, courts still resolve disputes the same way it did a century ago. I respectfully disagree and refer to the criminal justice context to illustrate why.

“People involved in the criminal justice system, both nationally and locally, have been advocating a more balanced approach to crime control that would redefine the system in very fundamental ways. Although the prosecution and punishment of offenders have an important place in crime control, there are limits to this traditional approach. I believe that an effective balance must be attained between traditional law enforcement and a problem-solving, restorative approach that rebuilds individual lives and communities. Rather than focusing solely on how much punishment is inflicted, restorative justice focuses on repairing and preventing the resulting harm by involving those affected, including victims, communities, and offenders. Judges and court officials must make a concerted effort to develop additional methods to integrate restorative justice into the Judiciary.

“To that end, I recently issued a Resolution reaffirming the Judiciary’s commitment to restorative justice and the delivery of services in a balanced manner in accordance with governing law. The Resolution also reiterates the concept of *Pono Kaulike*, which is our own way of saying equal rights and justice for all. Restorative justice-type programs exist in the Hawaii Judiciary, largely due to the Legislature’s support and commitment. A well-known example is the Hawaii Drug Court program. The drug court model is both cost-effective and life-affirming. On O’ahu alone, the drug court program saves taxpayers between \$600,000 and \$800,000 per year, which savings reflects, in part, the difference between what it costs to treat and rehabilitate offenders in the drug court program and what it would cost to incarcerate them. The program provides additional social and economic savings in the form of lower rates of recidivism (or re-incarceration). The life-affirming qualities of the program are evident in the number of drug court graduates who have successfully confronted their addiction-related issues, found jobs, returned to school, reunited their families, regained custody of their children, and re-entered their communities as productive, law-abiding citizens.

“Real-life stories of successful drug court graduates abound. One such story may be found in the life of Ms. Reyna Abordo. At the age of 24 and after years of addiction to ‘ice,’ Reyna was

arrested for fraudulent use of a credit card, promoting a dangerous drug, theft in the first degree, and forgery. As a result of her convictions, Reyna’s three children, then ages 4, 5, and 6, were removed from her care and taken into protective custody. Although initially resistant and apprehensive, Reyna entered the drug court program in 1996. During the two years in drug court, Reyna reported for drug treatment and counseling, resulting in significant changes in her behavioral attitudes.

“Today, Reyna has been drug-free for over four-and-a-half years, has been reunited with her three children, and is employed as a manager for Times Supermarket. She enjoys canoe paddling and doing volunteer work at her church, working with women addicted to drugs. She is currently focused on her college education, which she began during her participation in drug court. After completing her undergraduate work, she plans to pursue a Master’s degree in social work.

“As a result of her hard work and commitment, and with the assistance of the drug court program, Reyna has overcome her addiction. She is a loving mother and provider for her children as well as a productive and respected member of her community. I would like to recognize Ms. Reyna Abordo, who is here today on behalf of the 165 drug court graduates who have successfully completed the program and who remain drug free. Reyna, we are extremely proud of you – will you please rise. (Ms. Abordo rose to be recognized.)

“The Judiciary continues to commit significant resources to expanding and enhancing the drug court model throughout the state. The Maui Drug Court program was launched this past summer. A juvenile drug court on Oahu will begin in March, and Drug Court programs for the Big Island and Kauai are in the planning stages.

“Clearly, drug courts represent one significant example of how the Judiciary, with support from the Legislature, can offer restorative justice programs that address Hawaii’s changing needs and accommodate a wider range of rehabilitative services.

“The judiciary’s efforts in the area of jury reform represent another example of our commitment to being in the forefront of providing more effective ways to resolve disputes. In my address to you last year, I promised that I would update you on the results of our jury innovations pilot project. As many of you will recall, the project involved several innovations including allowing jurors to take notes and to suggest questions to be asked of witnesses, and informing jurors about the law applicable to the case before, rather than after, the attorneys’ closing arguments. The goal of the pilot project was to gather experience and empirical data about the effect of these and other trial innovations on members of the jury, the attorneys, and the participating judges.

“I am pleased to report that the results are striking. Jurors reported being more engaged in the trial, more attentive to courtroom activities, and better able to recall points made by the attorneys. According to judges and attorneys, trials did not take significantly longer when jurors asked questions or took notes, and their workload did not increase. When asked if any of the innovations impacted negatively on the trial or the rights of a party, the overwhelming response was ‘No.’ Although other jurisdictions have studied or tested one or more of the jury innovations addressed by the Hawaii pilot project, no other court has conducted as lengthy a pilot, or one involving as many innovations.

“As a result of our evaluation of the project, the Hawaii Supreme Court, this past year, adopted amendments to several

court rules relating to jury trial procedures that now allow all trial judges to utilize various jury innovations. Our commitment to improving juror satisfaction, comprehension, and recollection has drawn the positive notice of courts around the nation.

"It has been said, and I agree, that the Judiciary has a monopoly on how justice is dispensed and that this monopoly places us in a fiduciary relationship with the public. Nothing short of being on the front line of needed reform will satisfy that obligation. Our drug court programs, Ho'okele Court Navigation Project, and jury reforms are tangible manifestations of our deep commitment to continually re-examine the way we do business.

"Although the state of the Judiciary remains strong, I am concerned about the public's seeming disenchantment with government – and that includes the Judiciary. Disenchantment with the Judiciary can be seen in our experience with jury service questionnaires, which help us determine if a citizen is qualified for jury service. Over the past several years, fewer and fewer citizens are returning juror qualification forms. This is of great concern to me, as it should be to anyone committed to a system of government 'of, by, and for the people.' Unfortunately, our experience with jury qualification questionnaires appears to reflect a larger sense of public disenchantment. Somehow, we must do a better job of engaging the public in the business of the courts because, if the public is to have trust and confidence in the courts, it must be engaged in the judicial process. Indeed, jury service provides every citizen an opportunity to become actively engaged. The rewards of such service can be profound. It is not uncommon for jurors to share with our judges that their experience as a juror was moving, educational, enlightening, and, even on occasion, life changing. Allow me to share an excerpt from a letter written by a juror to one of our judges. She states, 'I wanted to write you a personal note to thank you for making my recent experience as a juror a very positive one. . . . Although I really didn't want to be chosen, after it was all over, I'm glad I had the opportunity to serve. . . . I'm telling all my friends and family how enlightened and educated I was by the entire process.' Based on my own personal experience as a trial judge and through feedback from other judges, I can tell you that many jurors – even the most reluctant ones – have expressed similar sentiments.

"Now, I don't mean to leave you with the impression that all citizens resist jury service. In fact, some are quite eager to serve. I'm told by one of our trial judges that during the selection of a jury in one of her cases, an attorney asked a perspective male juror, 'Sir, if you were picked for this jury, do you think you could follow the courts instructions?' 'Yes, I'm pretty sure I can,' replied the man, 'After all, I've been married for 40 years.' (Laughter.)

"Ladies and gentlemen, and, in particular, members of the legislative and executive branches: I pledge to you that the Judiciary will continue to reach out by providing useful information to the public, sponsoring forums for meaningful learning opportunities about the courts, and leading discussions about court procedures and the laws under which we operate.

"It is important for the public to recognize and appreciate that reaching out is a two-way street, and we hope it will extend its hand in return. I encourage the public to examine our judicial system and let us know which programs and policies are working and which we might need to reform. I look forward to hearing from them and from you.

"On behalf of the 1,700 employees of the Hawaii State Judiciary, I thank you for your support, your encouragement,

and your passion for excellence. Working together, we can ensure that we continue to promote the effective, efficient, and fair administration of justice.

"Thank you for your attention."

Vice Speaker Luke then rose and stated:

"Thank you Chief Justice Ronald Moon. We are fortunate that the responsibility to uphold the laws we create in these chambers is in the capable hands of yourself and your fellow Justices. It is gratifying to hear your vision and the plan of action that the Judiciary will follow.

"Your words remind us, in these opening days of the Legislative Session, that we must remain aware of the relationship that exists between the branches of our government. Although we have different responsibilities, the challenges that face the judiciary are not separate from the challenges that face the legislature or those that face the executive branch. Our ultimate goal is the same – to faithfully represent the interests of the people of Hawaii.

"On behalf of Senate President Robert Bunda and the members of the Senate, and on behalf of House Speaker Calvin Say and the members of the House of Representatives, the Legislature appreciates your recommendations for positive change and stands ready to take action on these issues.

"I hereby declare this Joint Session of the Legislature to be adjourned."

At 10:40 o'clock a.m., Vice Speaker Luke declared the Joint Session adjourned.

ADJOURNMENT

At 8:00 o'clock p.m., the Senate adjourned until 11:30 o'clock a.m., Thursday, January 25, 2001.

SIXTH DAY

Thursday, January 25, 2001

The Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, convened at 11:38 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Sam Domingo, First United Methodist Church, after which the Roll was called showing all Senators present with the exception of Senators Chun Oakland, Menor, Sakamoto and Tam who were excused.

The President announced that he had read and approved the Journal of the Fifth Day.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor (Gov. Msg. Nos. 113 to 118) were read by the Clerk and were disposed of as follows:

Gov. Msg. No. 113, dated January 19, 2001, transmitting a report, "Action Taken on Consultant for Overcollection of Federal Reimbursements in FY 96-97 and FY 97-98," pursuant to Act 89, Section 5, SLH 2000, was placed on file.

Gov. Msg. No. 114, submitting for consideration and confirmation as the Director of Human Resources Development, the nomination of DAVIS YOGI, term to expire December 2, 2002, was referred to the Committee on Labor.

Gov. Msg. No. 115, submitting for consideration and confirmation as the Director of Labor and Industrial Relations, the nomination of LEONARD AGOR, term to expire December 2, 2002, was referred to the Committee on Labor.

Gov. Msg. No. 116, submitting for consideration and confirmation as Chairperson, Board of Land and Natural Resources, the nomination of GILBERT S. COLOMA-AGARAN, term to expire December 31, 2002, was referred to the Committee on Water, Land, Energy, and Environment.

Gov. Msg. No. 117, submitting for consideration and confirmation as the Director of Taxation, the nomination of MARIE Y. OKAMURA, term to expire December 2, 2002, was referred to the Committee on Ways and Means.

Gov. Msg. No. 118, submitting for consideration and confirmation as the Director of Transportation, the nomination of BRIAN K. MINAAI, term to expire December 2, 2002, was referred to the Committee on Transportation, Military Affairs, and Government Operations.

At 11:43 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:46 o'clock a.m.

SENATE CONCURRENT RESOLUTIONS

The following concurrent resolutions (S.C.R. Nos. 5 to 10) were read by the Clerk and were deferred:

Senate Concurrent Resolution

No. 10 "SENATE CONCURRENT RESOLUTION URGING THE IDENTIFICATION OF INAPPROPRIATE AND PORNOGRAPHIC MATERIAL ON THE INTERNET."

Offered by: Senators Chun Oakland, Matsuura, Buen.

SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 2 to 7) were read by the Clerk and were adopted or deferred:

Senate Resolution

No. 2 "SENATE RESOLUTION ADOPTING THE RULES OF THE SENATE OF THE TWENTY-FIRST LEGISLATURE."

Offered by: Senators Bunda, Hanabusa, English, Chun, Slom.

Senator English then moved that S.R. No. 2 be adopted, seconded by Senator Hemmings.

Senator Chumbley rose in support of the measure with reservations as follows:

"Mr. President, I rise in to speak in support of this resolution, however, with pensive reservations.

"Mr. President and members, I applaud you for the work that you have done on the Rules. However, I would say that we had such an opportunity to make significant changes in this institution to move forward and the Rules that you are proposing here today will take us just one small step. Mr. President, it was my hope that we would be able to make some more substantial changes to these Rules and it's for those reasons that I do have those reservations.

"I think that the selection of some of the service agencies by members of this body as opposed to the office of the presiding officer is a step forward, however, it doesn't go far enough. In addition, I believe that the issue surrounding the expenditure of the public funds for this institution is not transparent enough yet. I hope that as we move forward, the public will have an opportunity to look at how this institution spends its approximately five million dollars.

"My final comments, Mr. President, are on issues that were agreed upon in the Majority Caucus with regards to creating transparency, particularly around the development of an administrative and financial manual and, in addition, the Caucus Rules. Those are two steps that we must take, and those are two steps that I hope that we can take relatively fast in consultation with the Minority members.

"Finally, one thing that is absent from these proposed Rules and these discussions is the adoption of a comprehensive ethics policy. I believe it is incumbent upon all of us to agree to a policy that we can abide ourselves to, to raise the level of respectability among the community in this institution.

"It is for those reasons I'll be voting 'with reservations' and I hope that my colleagues would agree that we all work together in adopting those additional components so that the governance of this institution can in fact become more transparent.

"Thank you."

Senator Chun rose to support the measure and stated:

"Mr. President, I rise in support of the motion.

"Mr. President, I believe this is a very good step forward and, under your leadership, we have been able to open the process more. I don't believe anybody would quarrel that this is the first time that these Senate Rules have been adopted and discussed in length by all members of the Majority Caucus, and I believe the Minority had a chance to look at that also. So this is a good step and I think, Mr. President, you should be applauded for your efforts in really opening up the process. Yes, there are things in there that other people want which we couldn't get, but hey, this is the first time open and honest dialogue and discussion has taken place. This is the first time that people were included in the process of adopting these Rules and having good comments about it.

"Mr. President, I think this is a step in the right direction and you should be applauded for the efforts along with everybody else who participated in these discussions.

"Thank you, Mr. President."

Senator Slom rose to support the measure and said:

"Mr. President, I rise also in support of the Rules, however, I would just like to make a couple of comments.

"These are Majority Rules that were adopted and while the Minority did get information – and I know there was an attempt to make it open – let me remind everybody that we always got

the information after everyone else and it did reduce the time for our input and full discussion.

"Generally speaking, I do like the direction of the Rules. However, I would point out that in Rule 11, Section 2, where the Majority party may establish the Majority Staff Office with a director and a chief attorney, the statement in Rule 11 is that the members of the Minority party may establish a Minority Staff Office consisting of an attorney. I think that we should also have equality in terms of staffing. Also, in the area of proportional representation on committees, I think we need to take a look at that, particularly in committees such as the Ways and Means Committee which, if I count the numbers correctly, we are entitled to another member of the Minority within that body.

"Further, I think that we have gone a long way to try to smooth out the process, but I see that there are some potential bumps along the road in the referral process. Speaking for the Minority, we, too, would like to have a very open process in terms of the internal budget so that the public – who pays all of our bills – has a clear understanding and knows exactly where all the money goes.

"Thank you again for the job well done, Mr. President."

Senator Matsunaga rose in support with reservations and said:

"Mr. President, I rise in support of the Rules with reservations.

"Mr. President, in addition to the comments made by two of the previous three speakers, I would like also to specifically highlight Rule 83, which says that, 'If any matter covered in Rule 35 or 36 shall be disclosed by any Senator, the Senator shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate.' I believe that is probably a mistake, Mr. President, because Rule 36 deals with nominations and appointments, and I don't think that is something that a Senator should be liable to censure, suspension, or expulsion for.

"Also, Mr. President, Rule 84 discusses 'Questions to State Officers.' Mr. President, these are Senate Rules; I don't think we can ask that the cabinet officers be bound by these Rules. I think it should properly read 'Questions to Senate Officers.'

"Except for those reservations and the comments made by the previous speakers, I will support these Rules.

"Thank you, Mr. President."

The motion was then put by the Chair and carried, and S.R. No. 2, entitled: "SENATE RESOLUTION ADOPTING THE RULES OF THE SENATE OF THE TWENTY-FIRST LEGISLATURE," was adopted.

No. 3 "SENATE RESOLUTION REQUESTING THE DEVELOPMENT OF A PLAN THAT ENCOURAGES PARENTS TO BECOME MORE ACTIVELY INVOLVED IN THEIR CHILDREN'S EDUCATION."

Offered by: Senators Chun Oakland, Kanno, Ihara, Matsunaga, Kawamoto.

No. 4 "SENATE RESOLUTION REQUESTING THE DEVELOPMENT OF A PLAN TO IMPROVE ORAL HEALTH FOR CHILDREN IN THE STATE."

Offered by: Senators Chun Oakland, Kanno,
Fukunaga, Matsuura, Ihara, Ige, Buen, Matsunaga.

No. 5 "SENATE RESOLUTION REQUESTING
CONTINUED DISCUSSION FOR A COMPREHENSIVE
REVIEW OF CURRENT CHILD PROTECTION LAWS."

Offered by: Senators Chun Oakland, Chumbley,
Kanno, Fukunaga, Matsuura, Ihara, Ige.

No. 6 "SENATE RESOLUTION REQUESTING THE
DEPARTMENT OF EDUCATION TO CREATE AN
ELEMENTARY SCHOOL-LEVEL PHYSICAL EDUCATION
PROGRAM."

Offered by: Senators Chun Oakland, Chumbley,
Kanno, Fukunaga, Matsuura, Ihara.

No. 7 "SENATE RESOLUTION URGING THE

RE-REFERRAL OF SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill Referred to:

No. 186 Jointly to the Committee on Tourism and Intergovernmental Affairs and the Committee on Economic Development and Technology, then to the Committee on Judiciary

Senator Slom rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“You know, I’m having a difficulty with the Governor of our State. It’s something new; it’s just happened. The other day during the State of the State Address . . . I guess I’m having trouble with the Governor and many of his communications directors. The other day, the Governor made remarks here to us in the House Chamber and said that the full text and additional information would be available in a booklet. And then the information was that the booklet had been distributed to all Legislators – more than 200 copies. This is the booklet. (Senator Slom held up the booklet for everyone to see.) I don’t know how many of my colleagues received a copy of this booklet, but people that I checked with had not, including my office, and we asked why. There was the scurrying around between different communications people within the department and we finally got this copy, I guess late yesterday afternoon, which is very interesting. I understand it was printed in-house. My problem is that these statements are made about the release and distribution of information and it doesn’t always jive with what’s happening. That brings us to the case of the Bahamas.

“We learn now that the Governor . . . who at first we were told by the communications director that the Governor was going to the Bahamas to look at the fish tank, and he was going by himself, and he was going economy class too – which conjured up for me the idea of the Governor with a backpack and kind of a bento box, going on the plane. But we were told more than twice that there was no one accompanying the Governor. And now we learn yesterday that in fact the Governor was accompanied. And he was accompanied by the former Superintendent of Education, the former political Chief of Staff of the Governor, the current lobbyist for a gambling organization in the Bahamas, and that in fact they spent a great deal of time talking about gambling and a proposal for Ko’olina.

“Mr. President, I understand you’re going to be introducing legislation in this body and there will be legislation introduced in the House about the gambling issue itself, and I have no

quarrel with that. My quarrel is the kind of information – misinformation and disinformation – that we’re getting from the Executive Branch. If somebody is going to go on a trip, and people are going to accompany them, and the taxpayers are paying for it, then I think everybody has a right to know exactly who’s going with them, who we’re paying for, and what the purpose is.

“I remember, Mr. President, a meeting several years ago during 1998 in San Francisco where the Governor ostensibly was going to talk to the bond rating services, and the outcome of that meeting from a San Francisco hotel was the development of the anti Linda Lingle bill, which was introduced upon the Governor’s return. So as I say, the issue of gambling or the issue of revenue or anything else I think is important and should stand on its own merits and be the subject of public discussion and full disclosure.

“I want to send a message to the Governor and the Governor’s Office that when they send down information about something that happens, we want to make sure that in fact that actually happens and that we get the truth, the truth of the matter.

“I also found it interesting, Mr. President, that the Governor came out two days ago and said that he would veto any bill that would be likely to pass eliminating or reducing the burden on all of our citizens on the general excise tax for food, for medical services, and for rents. Now he’s talking about a possible large source of income from gambling but did not say anything about the trade off of reducing that burden on our residents. So one could only conclude that we would still have the burden; we would still have the social cost of gambling and new sources of revenue.

“I just wanted to set the record straight, Mr. President. Thank you for the opportunity.”

The Senate reconvened at 11:48 o'clock a.m.

Senator Hogue rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, today I had the honor of attending the funeral of Mr. Fred Hemmings, Sr. who passed away recently. Fred Hemmings, Sr. was a very, very good man. He was a former policeman, former airport manager, and he also was a veteran, but above all, he was a dad.

"So today I hope, as you go through the day, that you not only say your prayer for his son, Senator Fred Hemmings Jr., but you say a prayer and honor all of the dads for making sacrifices for their children. Remember him as you honor Fred Hemmings, Sr.

"Thank you very much."

At this time, Senator Hanabusa, on behalf of the Senate, extended happy birthday wishes to Senator Chun.

At 11:55 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:56 o'clock a.m.

Senator Hemmings rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“In my previous incarnation as a member of the Legislature in the other Chamber, I took great pride in being the Legislator who introduced the least amount of bills, having subscribed to the philosophy that the government that needs to govern the least, governs the best. I lament having to make a confession here today on the floor of this august body that I had staff research this very important subject – the least amount of bills introduced as a primary introducer. This year I will have to relinquish the title to Senator Mercado Kim. I just thought this body should know that.”

ADJOURNMENT

At 11:43 o'clock a.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, January 31, 2001.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

TENTH DAY

Wednesday, January 31, 2001

The Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, convened at 11:43 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Bill Stonebraker, Senior Pastor, Calvary Chapel of Honolulu, after which the Roll was called showing all Senators present with the exception of Senators Fukunaga, Matsuura and Menor who were excused.

The President announced that he had read and approved the Journal of the Ninth Day.

Senator Sakamoto introduced the following representatives from the Army ROTC program at the University of Hawaii: Lieutenant General Allen Ono, Retired; Brigadier General Ed Hirata, Retired; Colonel Ed Gayagas, Retired; Dr. Patrick Naughton; Lieutenant Colonel Bob Takao; and Cadet Lieutenant Colonel Matt Sun.

At 11:54 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:58 o'clock a.m.

Approved:

President of the Senate

ELEVENTH DAY

Thursday, February 1, 2001

The Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, convened at 11:38 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Honorable Jonathan Chun, Hawaii State Senate, after which the Roll was called showing all Senators present with the exception of Senators Fukunaga, Ihara and Matsuura who were excused.

The President announced that he had read and approved the Journal of the Tenth Day.

At this time, the following introductions were made to the members of the Senate:

Senator Buen, on behalf of Senator Matsuura, introduced the following individuals representing the sponsors of Drug-Free Hawaii Awareness Month: Cliff Cisco, Senior Vice President of HMSA; Kendyl Ko, Educational Specialist from the Department of Education; Alan Shin, Director of Drug-Free Hawaii; and Tai Okamura, President of Landmark Entertainment.

Senator Nakata, on behalf of President Bunda and himself, congratulated the Kahuku High School Red Raiders Football Team on capturing the title of State Champions for 2000 and introduced the following individuals: Lisa DeLong, Principal; Hartwell LeeLoy, Athletic Director; Siuaki Livai, Head Coach; and Co-Captains Christopher Kemoeatu and Aaron Francisco.

At 11:54 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:02 o'clock p.m.

STANDING COMMITTEE REPORT

Senator Kim, for the Committee on Tourism and Intergovernmental Affairs, presented a report (Stand. Com. Rep. No. 2) recommending that S.B. No. 176 pass Second Reading and be referred to the Committee on Commerce, Consumer Protection and Housing.

On motion by Senator English, seconded by Senator Hemmings and carried, the report of the Committee was adopted and S.B. No. 176, entitled: "A BILL FOR AN ACT RELATING TO TIME SHARING PLANS," passed Second Reading and was referred to the Committee on Commerce, Consumer Protection and Housing.

Senator Kawamoto, for the Committee on Transportation, Military Affairs, and Government Operations, presented a report (Stand. Com. Rep. No. 3) recommending that the Senate advise and consent to the nomination of BRIAN K. MINAAI as Director of Transportation, in accordance with Gov. Msg. No. 118.

In accordance with Senate Rule 36(6), action on Stand. Com. Rep. No. 3 and Gov. Msg. No. 118 was deferred until Friday, February 2, 2001.

Senator Nakata, for the majority of the Committee on Labor, presented a report (Stand. Com. Rep. No. 4) recommending that S.B. No. 249 pass Second Reading and be referred to the Committee on Commerce, Consumer Protection and Housing.

On motion by Senator English, seconded by Senator Hemmings and carried, the report of the majority of the Committee was adopted and S.B. No. 249, entitled: "A BILL FOR AN ACT RELATING TO PART-TIME EMPLOYEES," passed Second Reading and was referred to the Committee on Commerce, Consumer Protection and Housing.

Clerk of the Senate

Approved:

President of the Senate

TWELFTH DAY

Friday, February 2, 2001

The Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, convened at 12:45 o'clock p.m. with the President in the Chair.

The Divine Blessing was invoked by Sister Claudia Wong, C.S.J., Sisters of St. Joseph, after which the Roll was called showing all Senators present with the exception of Senators Fukunaga, Matsunaga, Matsuura and Menor who were excused.

The President announced that he had read and approved the Journal of the Eleventh Day.

HOUSE COMMUNICATION

Hse. Com. No. 4, transmitting a letter informing the Senate that S.B. No. 890, S.D. 1, H.D. 1, was filed in the House Clerk's Office at 10:02 o'clock a.m. on January 31, 2001, was read by the Clerk and was placed on file.

There being no objections, the Senate took the following actions out of order from the sequence printed on the Order of the Day:

STANDING COMMITTEE REPORTS

Senator Sakamoto, for the Committee on Education, presented a report (Stand. Com. Rep. No. 5) recommending that S.B. No. 535 pass Second Reading and be referred to the Committee on Judiciary.

On motion by Senator English, seconded by Senator Hemmings and carried, the report of the Committee was adopted and S.B. No. 535, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Judiciary.

Senator Kim, for the Committee on Tourism and Intergovernmental Affairs, presented a report (Stand. Com. Rep. No. 6) recommending that S.B. No. 174 pass Second Reading and be referred to the Committee on Commerce, Consumer Protection and Housing.

On motion by Senator English, seconded by Senator Hemmings and carried, the report of the Committee was adopted and S.B. No. 174, entitled: "A BILL FOR AN ACT RELATING TO TIME SHARING PLANS," passed Second Reading and was referred to the Committee on Commerce, Consumer Protection and Housing.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 3 (Gov. Msg. No. 118):

Senator Kawamoto moved that Stand. Com. Rep. No. 3 be received and placed on file, seconded by Senator Buen and carried.

Senator Kawamoto then moved that the Senate advise and consent to the nomination of BRIAN K. MINAAI as Director of Transportation, term to expire December 2, 2002, seconded by Senator Buen.

Senator Kawamoto rose in support of the nomination and said:

"Mr. President, first of all I'd like to introduce Cheryl Minaai, wife of the nominee, and Julie Ann Minaai, his daughter. (Both rose to be recognized.)

"Mr. President, your Committee on Transportation, Military Affairs, and Government Operations received testimony from over 90 individuals in support of Mr. Minaai's nomination. There was no testimony submitted in opposition.

"Your Committee finds that the nominee will work with compassion and commitment in heading the Department of Transportation. As Deputy Director of Transportation, the nominee demonstrated the ability to lead and to carry out the responsibilities of that office. Your Committee finds that the nominee has been appointed based upon his credentials, integrity, and a desire to make Hawaii better through his participation as Director of Transportation.

"On a personal basis, I was fortunate enough to work with Mr. Minaai when he was Chief of Staff on the Senate Ways and Means Committee. Even back then, he impressed me with his work ethics, dedication and professionalism.

"After full consideration of Mr. Minaai's background, character, experience, and qualifications, your Committee has found the nominee to be qualified for the position of Director of Transportation and recommends that the Senate advise and consent to the nomination. I urge all my colleagues to vote 'aye' on this nominee.

"Thank you."

Senator Hemmings rose to support the nominee as follows:

"Mr. President, I rise to speak in favor of the nomination.

"Mr. President, I did some very extensive polling of every individual in the Republican Caucus and I can tell you most assuredly that the support for Mr. Minaai is unanimous. But I do want to add a note of special interest to those who represent the republican ideology here at the Legislature. Over 90 people testified in his favor, in fact, I think he got everybody down here but his wife for the testimony. Senator Kawamoto ran a very excellent Committee hearing and expeditiously got through the 90 testifiers.

"A particular note, Mr. President, was the fact that the majority of the testifiers were from the private sector and many of them flew in from the mainland to testify on behalf of his nomination. I think that's great testimony to the leadership of this man, but also to the fact that he is a man in government who can pull in private sector people to support his efforts. We know that good government is going to take more private sector partnership with good working people in government and Mr. Minaai is the man. Therefore, I can tell you that your Minority Caucus wholeheartedly supports his nomination.

"Thank you, Mr. President."

Senator Chun also rose in support of the nominee and said:

"Mr. President, I rise in favor of the nomination.

"Mr. President, it is interesting to note when I was talking to Mr. Minaai and going over his background that he is one of the few Department of Transportation department heads who is not an engineer. In fact he has an accounting degree and a planning degree. Mr. President, I think that's real interesting. I think

that's an indication of a new direction that the Department of Transportation is heading to. I think it's a much-needed way of looking at things because the Department of Transportation needs to plan ahead as we start the twenty-first century. They need to plan for our facilities; they need to plan for our airports; and I think having somebody with Mr. Minaai's background is a step in the right direction. So I fully support the nomination, Mr. President."

Senator Buen rose to speak in favor of the nomination and said:

"Mr. President and colleagues, I, too, rise in favor of this nominee.

"It has been a pleasure working with Mr. Minaai, particularly on the challenging road issues on Maui. With his experience and knowledge of state government and the budget, I truly believe he will be able to execute his plans.

"In the front page of this morning's Advertiser, it says, 'Frightening Traffic Mars Maui.' There are many challenges when the roads are very congested on Maui, and Mr. Minaai has been very responsive in meeting with me and other Legislators from Maui to fix these choked road problems. So we need a director who is proactive in addressing all the transportation needs of this State. I believe Mr. Minaai will be able to do that.

"For these reasons, Mr. President, I ask my colleagues to support this nomination. Thank you."

Senator Tam also rose in favor of the nominee and said:

"Mr. President, I wish to speak in favor of the nominee.

"Mr. President and fellow colleagues, I have known Mr. Brian Minaai for many years and have also worked with him as a budget analyst. There are three characteristics I would like to mention which describe Brian Minaai: he is (1) an experienced administrator; (2) fair and sincere; and (3) an excellent budget analyst.

"Thank you."

Senator Kim rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of this nomination.

"Although I haven't really worked with Mr. Minaai, I had the opportunity to meet with him in my office and I have found him to be very open and found him to be willing to also keep an open mind on many issues that will be before us. I really liked his attitude. I like his common sense approach. And some of the things we talked about, he got back to me right away on some of those issues, and I think that was very efficient of him to do that. I look forward to working with him. Thank you."

Senator Inouye rose to support the nominee and said:

"Mr. President, I speak on behalf of the Big Island contingent to support the nominee.

"Mr. President, last but not least, the Big Island is always there for us. On behalf of the Big Island Senators – Senator Kokubun, in the absence of Senator Matsuura, and of course, our former big islander, Senator Kawamoto – we wish Mr. Minaai well. His family has done very well for the community on the Big Island and it shows where his roots came from.

"For all of us I'm sure we're here to support him and continue to work with Mr. Minaai and we congratulate him. Thank Mr. President."

Senator English rose to support the nominee also and said:

"Mr. President, I rise in support of the nominee.

"Mr. President and members of the Senate, I've been very pleased with my discussions with the nominee, and I have to say that Maui is very proud to deliver another one of its sons to the administration side of government.

"I think that we have a great man in Mr. Minaai, mainly because he's open minded and willing to think long term, and willing to see all sides of an issue. I discussed some very pressing issues on Maui, as the Senator from Lahaina talked about, and indeed we are in gridlock in Maui, so to speak – nothing compared with Oahu, by the way, but for Maui it is gridlock. Mr. Minaai has been very open, very willing to discuss innovative ways of dealing with the problem. And that's what we need in government.

"I agree with our Minority Caucus, Mr. President, that anyone that can bring in the private sector and the ideas that the private sector has is well worth bringing on to our administration. Therefore, Mr. President, I support the nomination.

"Thank you."

Senator Slom added his support as follows:

"Mr. President, I, too, rise in support of the nominee.

"I want to echo the words of the Minority Floor Leader, and I want to say that the nominee is the right man for the right job at the right time, and we're all looking forward to having him succeed.

"And now, Mr. President, can I ask that we expedite this so we can get all these employees back to work so we fix Kalaniana'ole Highway. Thank you, Mr. President."

Senator Taniguchi rose in support and said:

"Mr. President, I rise to speak in favor of the nominee.

"I just wanted to echo all of the comments of my colleagues. I support Mr. Minaai very strongly. I believe he is dedicated, he's qualified, he's open, and I urge all my colleagues to vote for him.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 20. Noes, none. Excused, 5 (Fukunaga, Ihara, Matsuura, Matsuura, Menor).

HOUSE COMMUNICATION

Hse. Com. No. 5, returning S.B. No. 890, S.D. 1, which passed Third Reading in the House of Representatives on February 2, 2001, in an amended form, was read by the Clerk and was placed on file.

Senator Taniguchi moved that the Senate agree to the amendments proposed by the House to S.B. No. 890, S.D. 1, seconded by Senator Hanabusa.

Senator Taniguchi rose and said:

"Mr. President, the House made two amendments. One is to provide an additional \$300,000 to the Auditor's Office for Felix related consent decree studies and other activities. They also

amended the bill to insure that those appropriations be expended upon approval."

The motion was put by the chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 890, S.D. 1, and S.B. No. 890, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," was placed on the calendar for Final Reading.

At this time, the President made the following inquiry:

"Mr. Clerk, are we ready to vote on S.B. No. 890, S.D. 1, H.D. 1?"

The Clerk responded:

"Yes, Mr. President, pursuant to Article III, Section 15, of the Hawaii State Constitution, printed copies of the bill in a form to be voted on today were made available to the members for at least 48 hours."

Senator Kanno, Chair of the Committee on Judiciary, requested a waiver of the 72-hour notice requirement pursuant to Senate Rule 20 for the following Senate Bills:

S.B. No. 989;
S.B. No. 1544;
S.B. No. 1599;
S.B. No. 1606; and
S.B. No. 1620,

and the Chair granted the waiver.

Senator Slom rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"You know, in business, it's location, location, location. In life, it's timing. And I think in both situations – the announcement by the Governor and the forwarding of an administration bill to raise the salaries of cabinet level officials substantially – at a time when the teachers are marching and ready to go out on strike, at a time when the Governor professes a greater love for firemen than he does for University Professors; at a time when we keep talking about the importance of education and the compensation of those who are engaged in the education process, I think the timing was particularly poor. Some of these individuals may or may not deserve salary increases, but that's a separate issue. The real impact here is timing.

"I didn't know that the Governor was part of my lost tribe and believes in chutzpah, because this is an excellent example of that at this time.

"Thank you, Mr. President."

ADJOURNMENT

At 11:46 o'clock a.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, February 6, 2001.

and the Chair granted the waiver.

President of the Senate

Senator Slom rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Today, February 6, is the 90th birthday of Ronald Wilson Reagan, the 40th President of the United States. Only two former Presidents reached the age of 90 – that was John Adams and Herbert Hoover.

“It’s interesting that a dozen years after Mr. Reagan has left the Presidency, people are still talking about him. They’re still debating whether his policies were positive or negative, but they’re still talking about him. And I think that historians will treat him very well in terms of some of the initiatives that he began back in his Presidency in the early 1980s – the idea of peace through strength; the revitalization of the United States military; the ending of the cold war and the ending of the evil empire, the Soviet Union; the first attempts at privatization of Social Security; major welfare reform; drug programs for youth; decentralization of the cities; and so forth. These are all issues which are still being debated.

“I think that it is significant that we talk about and take a moment to reflect on the Presidency of Mr. Reagan. Next month, he and his wife Nancy will celebrate their 49th wedding anniversary. Mrs. Reagan, at that time, will christen a new Nimitz-class aircraft carrier, the USS Ronald Reagan. And, of course, for the last eight or nine years I think the focus of the former President has been his illness, Alzheimer’s disease. He has been a participant in studies and research to try to find a successful conclusion and alternative to this disease which affects so many people.

“For these and other reasons, I take a moment just to remember and to celebrate the birth of Ronald Reagan.

“Thank you, Mr. President.”

Senator Slom rose on a point of point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Yesterday, the announcement was made that the television series Baywatch Hawaii was not going to be renewed. Some of my colleagues may recall that I rose and spoke against the state involvement, state funding, and so-called state investment in this series. I am sorry to see the series end and the jobs that were created and the goods and services that were purchased by local businesses.

"The stories, some of them, were very uplifting in watching the series on a regular basis, but the problem is that many people did not watch it on a regular basis. I think what probably hurt the series the most was the government involvement and the attempt to get additional government funding and permanent funding where no other series, no other television program, no other entertainment vehicle had done that before or since. They have stayed on the merits of their own. And I think that's the course that we want to take.

"I take issue with those in the State who say that we got our \$3.5 million worth. I don't know exactly what it was that we got the \$3.5 million worth, but I think that we should continue to be vigilant in the future. We want to encourage all kinds of businesses. We certainly want to encourage those entertainment mediums that will highlight and display the best in the cultural attributes of our State. But we do not want the State in the business or the taxpayers subsidizing this or anything else like it.

"So, sorry to see it go, but I think that we will move on and we'll survive without Baywatch Hawaii.

"Thank you, Mr. President."

Senator Hemmings added the following comments:

"Mr. President, I rise on a point of personal privilege.

"In relationship to the previous remarks regarding Baywatch, I think it's important to note the positive, too, that the show did highlight some of Hawaii's most alluring and beautiful assets.

"Thank you, Mr. President."

ORDER OF THE DAY

THIRD READING

S.B. No. 274, S.D. 1:

Senator Kim moved that S.B. No. 274, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Kim rose to speak in support of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 274, S.D. 1.

"This bill will create a registry of local groups that leave the islands and travel to all parts of the world. It is my hope that the Tourism Authority and the Hawaii Convention and Visitors Bureau will use this information so that we will know, at any given time, where in the world we have people traveling and that they will dovetail their promotional budget and advertising budget with these groups.

"Our people are our best ambassadors. They're our best promoters of our islands, and I think that it behooves us to make use of them. When they go off to different places, they can get free publicity if they've been given help and given a packet. These are ways in which we can enhance our promotional dollars as well as allow people of the world to meet our people in person and not just see a TV commercial, or a poster, or so forth.

"Every year we have hundreds of school groups, choirs, church groups, marching bands, and hula halaus that travel around the world, and hopefully this legislation will allow the Authority, when it is appropriate and when they so need, that they can, in fact, contract with these groups. But that is not the intent of the bill. It is to create this registry so that we can enhance our promotional dollars.

"Thank you."

Senator Hemmings rose to speak with reservations on the measure as follows:

"Mr. President, I rise to speak in favor of the bill with reservations.

"With all due respect to the authoress of the bill, I do want to point out that the language qualifying groups is very broadly written to the tune of five or more people, and it's non-specific on who can collect up to \$10,000 in assistance for these groups. So it leaves open the opportunity for exploitation knowing that this bill can go over to the House and pass as is and be sent up to the Governor. I'm hoping that the authoress of the bill and the chairman of the subject committee can use her considerable influence to tighten the language up in the House if necessary.

"Thank you, Mr. President."

The motion was put by the Chair and carried, S.B. No. 274, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TOURISM AUTHORITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Chun Oakland, Matsunaga, Tam, Taniguchi).

RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 297, S.D. 1	Committee on Economic Development and Technology, then to the Committee on Ways and Means

No. 1633 Jointly to the Committee on Judiciary, the Committee on Health and Human Services, the Committee on Economic Development and Technology and the Committee on Tourism and Intergovernmental Affairs, then to the Committee on Ways and Means

Respectfully submitted,

At 11:59 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

Clerk of the Senate

The Senate reconvened at 12:00 o'clock noon.

Approved:

RECONSIDERATION OF ACTIONS TAKEN

S.B. No. 1119, S.D. 1:

President of the Senate

Senator Matsuura moved that the Senate reconsider its actions taken on February 7, 2001, in adopting Stand. Com. Rep. No. 49 and passing S.B. No. 1119, S.D. 1, on Second Reading, seconded by Senator Buen and carried.

Senator Matsuura then moved that Stand. Com. Rep. No. 49 be received and placed on file, seconded by Senator Buen.

Senator Matsuura rose and said:

"Mr. President, the committee report erroneously referred S.B. No. 1119, S.D. 1, to the Committee on Ways and Means. The correct referral is to the Committee on Commerce, Consumer Protection and Housing."

The motion was then put by the Chair and carried, Stand. Com. Rep. No. 49 was received and placed on file.

On motion by Senator Matsuura, seconded by Senator Buen and carried, S.B. No. 1119, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," passed Second Reading and was referred to the Committee on Commerce, Consumer Protection and Housing.

Senator Slom rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I know that when the Majority, in its wisdom, first raised the number of Senate Committees from 10 to 17 and then revised that number again down to 12, I think there was an error made, though, because obviously what we've seen in the last couple of weeks. The most important committee of all is not standing by itself. Of course I'm speaking of the re-referral to the re-referral to the re-referral committee.

"Senator Hemmings and I would gratefully volunteer to be co-chairs on the re-referral to the re-referral to the re-referral committee since that takes up so much of our time on a daily basis. So we just want to let you know that we volunteer in the era of bipartisanship, Mr. President.

"Thank you."

ADJOURNMENT

At 12:04 o'clock p.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, February 12, 2001.

Approved:

President of the Senate

NINETEENTH DAY

Tuesday, February 13, 2001

The Senate of the Twenty-First Legislature of the State of Hawaii, Regular Session of 2001, convened at 11:48 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Deacon Ron Choo, Parish Deacon Administrator of the Blessed Sacrament Church, after which the Roll was called showing all Senators present with the exception of Senators Ihara and Matsunaga who were excused.

The President announced that he had read and approved the Journal of the Eighteenth Day.

Senator Ige introduced Dr. Kenneth P. Mortimer, the eleventh President of the University of Hawaii, and commended him for his achievements, contributions, and many years of service and leadership to the University of Hawaii and congratulated him upon his retirement from the University of Hawaii. Accompanying President Mortimer was his wife, Lorrie, and Board of Regents Chair Lily Yao.

At this time, President Bunda invited President Mortimer to address the members of the Senate and appointed Senators Ige, Sakamoto and Slom to escort him to the podium.

President Mortimer addressed the members of the Senate as follows:

"Good morning, Mr. President and members of the Hawaii State Senate.

"Thank you, Senator Ige, for those very gracious comments. I said to Senator Slom, 'I didn't recognize myself.'

"This is my first, and probably my final, opportunity to address you as a group, and so I want to say right at the top of my remarks that I've appreciated your support and your grasp of critical issues facing higher education today, and your willingness to work with the University as a true partner towards greatness.

"When I came to the University of Hawaii in 1993 (and for Lorrie and me it was a homecoming of some sort), I said in my inaugural address that one of my major objectives was to redefine – to redefine – the relationship between the University and State government.

"Perhaps the most important issue we worked on together was this autonomy that Senator Ige spoke so eloquently about. You gave us the authority to place it on the ballot in November of last year and Hawaii voted overwhelmingly in favor of it. In fact, some people speculated that it was my test run for my political career. It certainly was a culmination of work over a period of years to give us control of tuition, to exempt us from procurement, and provide increased flexibility.

"I've said many times, and I believe it strongly, that no great public university can be run like a state bureaucracy. Constitutional autonomy is essentially the declaration that gives us the right to manage ourselves relative to our missions. It's a very important development, and I believe it will characterize my presidency in years ahead.

"I don't want you to underestimate the impact on our mindset alone at the University of Hawaii. The public confidence on this issue and the support of us and our

capabilities to self-govern was what we really received on November 7. In fact, the University has lost the ability to blame its problems on others without first looking in the mirror . . . without first looking in the mirror.

"I hope you agree that we've used this flexibility wisely. Tuition revenues have gone up from about 38 million in the first year, to 64 million this year – a 68 percent increase. We are still an affordable institution, but I think we've done better on that. Our research volume and training volume have set records for four straight years.

"As Senator Ige says, we started on an ambitious private fundraising campaign and I'm pleased to tell you today, Senator, that we stand at \$98 million on our way to that \$100 million goal. We have already raised \$98 million in the last three-and-a-half years.

"But I'm sure you know that autonomy is not an opportunity for the University to retreat, but to move forward and engage the people and the Legislature in new forms of partnership. So I must remind the public – we are not a private University. We will continue to need substantial support from the people of this State, as we've received in the past.

"What excites me about the future is we have the opportunity for a new brand of conversation between the University and its many publics. And that will be a conversation, not a confrontation . . . a conversation about new patterns of interaction, about new behavior on the part of the University and the many people who support it.

"There are still critical issues to deal with in my last months and I fully intend to remain active and totally engaged in the business of running our University. I intend to settle as much as I can so that my successor can start with a clean slate. I care very much about the people here – from students to senior executives – and if at all possible, I want to leave knowing that I've made a better place for them.

"On a personal note, I am deeply honored to have served as the eleventh President of the University, and I'm very proud of the work that we've done together to be where we are today.

"You, this State Senate, have shown great foresight and wisdom, and, if I may say, even boldness in your decision towards autonomy. You did what is counterintuitive to most political figures – and that is, to give up a measure of control.

"Your relationship with the University and our future President will be forever changed, and it will be for the better. That makes me very proud to have played a role in Hawaii's history.

"I have great respect for the work before you and the difficult decisions you have to make for the greater good of the people of this State, and I want to thank you, not only for your professional support, but for your courtesy and for the kindness of this day.

"Mahalo and aloha."

At 12:08 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:17 o'clock p.m.

ORDER OF THE DAY

THIRD READING

MATTER DEFERRED FROM TUESDAY, FEBRUARY 13, 2001

S.B. No. 65:

Senator Kanno moved that S.B. No. 65, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak with reservations and said:

"Mr. President, I rise in support of the measure with strong reservations.

"Clearly, our objective is, and should be, stopping domestic violence. That is essential to our community. It is a charge that we have as we've seen an increase in domestic violence. However, oftentimes when we are debating and passing legislation, the legislation has unintended consequences.

"This bill, for example, takes the least serious of all assault offenses and what it does with a third degree assault is requires only physical pain by the victim, which is very subjective and can be in varying degrees. As we have done in the past couple of years, we've also expanded the definition of household for domestic violence purposes. So you have a situation here where you could have individuals that push or shove or do something that the other person says causes pain and we have escalated it into this assault charge. The difference is that the deferred acceptance procedure, which is currently allowed

under law as an alternative from harsh consequences of a first offense, is removed under this bill.

“In addition to that, it has consequences for people such as law enforcement officers and others who own or possess, legally, firearms. Because if they were convicted under this new law and not have an opportunity for a deferred acceptance, then in fact they could probably lose the opportunity to possess these firearms for the rest of their lives.

“So I would hope that as this bill moves to the House and elsewhere, that there would be additional language and an exception for a first time offense, depending again on the circumstances.

“I want to reiterate our strong support for the elimination of domestic violence, but I think that we have to also use prudence when we look at legislation we’ve crafted.

“Thank you.”

Senator Hemmings also rose with reservations and said:

“Mr. President, I speak with reservations, although I’m voting in favor of this legislation.

“In looking over the documentation and the history of this legislation, it’s clear that the intent is to further curb domestic violence, but it may be too extensive to include first-time alleged offenders who may not have domestic violence in their mind or in their deeds. Case histories on domestic violence also reflect that usually it’s not the first-time offender that is the problem in a family, it’s the fifth- and sixth- and seventh-time offender and the people who are violating restraining orders. It seems that the law is oftentimes a lot more liberal with that end of the spectrum. Most of the crimes committed recently in the State of Hawaii have been by people who have been convicted of felonious crimes many times over.

“I would urge caution on this bill in order that we do not unduly indict and convict, or not allow a deferred acceptance plea for those who may not be actually involved in domestic violence as we know it.

“Thank you, Mr. President.”

Senator Slom rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“We’ve completed one-third of the Session, meaning that we have two-thirds to go, and the skepticism I think that was apparent from the public at the beginning is probably thicker now than it was at that time. We have not really done anything to mitigate the concerns of the public – their concerns that we would not really accomplish anything major. We’ve not really moved along any major tax reduction or standard of living increases, although we’re now moving along a tax increase. We’ve got several other measures that would increase the cost of doing business, the cost of living in this State. We haven’t really done anything to downsize government or to realign or streamline government. We haven’t done anything to solve the problems that have been brought on by the labor negotiations and the many salary demands.

“But what we have done, though, is been very creative in overlapping hearing schedules and in the passage of voluminous omnibus bills on to the next committee, generally Ways and Means.

“We should not be satisfied. We can be patient – as you know, Mr. President, I’m a very patient individual – but we have to remember that in that two-thirds time that we’ve got to come forward and accomplish the things that we said that we all believe in and that we want to do. We’ve got to make those our priorities and not get caught up in the minutia . . . keep our eye on the focus of these activities that the public keeps telling us over and over again are most important.

“So I will remain patient, Mr. President, but I will also remain observant and participate in the process that hopefully will move us along.

“Thank you.”

ADJOURNMENT

At 12:02 o’clock p.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate adjourned until 11:30 o’clock a.m., Friday, February 16, 2001.

The motion was then put by the Chair and carried, S.B. No. 496, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FOUNDATION ON CULTURE AND THE ARTS," was referred to the Committee on Ways and Means.

ADVISE AND CONSENT

MATTER DEFERRED FROM TUESDAY, FEBRUARY 20, 2001

Stand. Com. Rep. No. 365 (Gov. Msg. No. 117):

Senator Taniguchi moved that Stand. Com. Rep. No. 365 be received and placed on file, seconded by Senator Chun and carried.

Senator Taniguchi then moved that the Senate advise and consent to the nomination of MARIE Y. OKAMURA as the Director of Taxation, term to expire December 2, 2002, seconded by Senator Chun.

Senator Taniguchi rose in support of the nominee and said:

“Mr. President, I rise to speak in favor of G.M. No. 117.

“Mr. President, Marie Y. Okamura has worked for the last 19 years with the Department of Taxation. She began as a field auditor and served as chief of the revenue accounting branch, and in 1987 she began serving as head of the tax services and processing division which ultimately led her to the appointment as Deputy Director in 1999. In addition, during her years of service with the Department of Taxation, Ms. Okamura was once named ‘Employee of the Year’ and twice named ‘Manager of the Year.’

“All testimony at the hearing was in support of the nominee. The testimony indicated that Ms. Okamura is dedicated to ensuring that the services provided to the public are professional, efficient, and friendly. Her ability to initiate, plan, direct, and complete large and complex projects was particularly noted. She is someone who has worked her way to the top.

“Mr. President, after full consideration of the background, character, experience and qualifications of the nominee, your Committee has found the nominee qualified for the position to which she is nominated and would recommend the Senate advise and consent to the nomination.

“Thank you.”

Senator Hemmings also rose in support of the nominee and said:

“Mr. President, as the ranking member of your Republican contingent on the Ways and Means Committee, and, I might add, the only one on the Committee, I enjoy standing up in highly endorsing Ms. Okamura’s nomination to this position. She has gained her prominence in the tax department the old fashion way. Sometimes it eludes many of our society. She’s worked hard for many, many long years and I suspect her leadership in that role is going to bring her expertise to the job at hand.

“I am also noticing, and I’m somewhat concerned oftentimes though, that she does seem to spend an exorbitant amount of time with Lowell Kalapa, but we’re monitoring that real closely, Mr. President.

“I do hope that I’m speaking on behalf of the Republican Caucus that we support this nomination and wish her well.

“Thank you, Mr. President.”

Senator Hogue rose to support the nominee as follows:

“Mr. President, as the tallest member of the State Senate, I rise in support of a tiny lady with a huge, huge heart.

“I have noticed that even in my very brief tenure here in the State Senate, Mr. President, that Marie Okamura has been very open and accessible and willing to work hard to find the answers that are sometimes underlying in the tax issues.

“I highly endorse this very tiny lady with a big heart. Thank you.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Buen, Hanabusa, Ihara, Menor).

RE-REFERRAL OF SENATE BILLS

ORDER OF THE DAY

THIRD READING

S.B. No. 490:

On motion by Senator Kanno, seconded by Senator Matsuura and carried, S.B. No. 490, entitled: "A BILL FOR AN ACT RELATING TO DISPOSITION OF CONVICTED DEFENDANTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chumbley).

S.B. No. 781:

On motion by Senator Kanno, seconded by Senator Matsuura and carried, S.B. No. 781, entitled: "A BILL FOR AN ACT RELATING TO PENAL RESPONSIBILITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chumbley).

S.B. No. 805, S.D. 1:

Senator Kanno moved that S.B. No. 805, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hemmings rose to speak with reservations on the measure as follows:

"Mr. President, I rise to speak with reservations on the bill.

"Mr. President, after going over the digest and talking with my illustrious Judiciary Committee Representative, I see that this bill may interfere with a privacy relationship between the patients and doctors. Further through that, I think the previous Legislature passed a bill that was quite controversial on that relationship and this may add to the complication, therefore, my reservations.

"Thank you, Mr. President."

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 805, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," having been read

throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chumbley).

S.B. No. 859, S.D. 1:

Senator Kanno moved that S.B. No. 859, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak on the measure with reservations as follows:

"Mr. President, I rise to speak in favor of the bill with reservations.

"I think that the intent of the bill is good, but the bill has some problems within it. Both the prosecuting attorney and the paroling authority have testified in opposition to the measure, and I think what it does is undercut the responsibilities of the paroling authority. It does have flexibility right now to do the things that are embodied in this bill, but I think that this is an end run around their responsibility.

"Thank you."

Senators Inouye, Ihara, Kim, Ige, Hogue and Hemmings requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Chun rose to speak in favor of the measure and said:

"Mr. President, I'd like to speak in favor of the measure.

"Yes, it is true that it is under the authority of the parole board, but truthfully speaking, when the parole board refuses to take responsibility for its action, refuses to basically allow some kind of incentive program for its prisoners, I think the Legislature has to step in. This bill does that. If the paroling board wants to try to retake their responsibility and do the job that they were asked to do to begin with, then the bill provides that they can do so.

"I believe this bill is a good attempt to get the departments to do the work that they're supposed to do."

Senator Slom responded as follows:

"Mr. President, with all due respect to my learned colleague from the beautiful Garden Island of Kauai, it's not that the paroling authority has refused to do it, it's that the paroling authority has examined various procedures involved with individual cases and has made a determination on their own based on the facts that early release was not in the best interest of the individual or the victims themselves.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 859, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PAROLE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Matsunaga). Excused, 1 (Chumbley).

S.B. No. 1390, S.D. 1:

On motion by Senator Chun, seconded by Senator Matsuura and carried, S.B. No. 1390, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRADITIONAL HAWAIIAN

HEALING PRACTICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chumbley).

RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 239	Jointly to the Committee on Transportation, Military Affairs, and Government Operations and the Committee on Judiciary
No. 847	Jointly to the Committee on Transportation, Military Affairs, and Government Operations, the Committee on Labor and the Committee on Judiciary
No. 1096	Committee on Ways and Means
No. 1529	Committee on Judiciary

At this time, Senator Sakamoto made the following announcement:

“Mr. President, for the record, your joint Committees on Education and Health and Human Services heard S.B. No. 51 on February 28th of this year. That’s the bill relating to charter schools. Subsequently, we deferred the bill to March 2nd at 2:00 p.m. for Education, and 1:30 p.m. for HHS.

“The proposed amendments to S.B. No. 51 have financial implications and therefore the Honorable Chair of the Ways and Means Committee has agreed to waive the bill at this point in time, provided they be included in future deliberations on the matter.

“I just wanted to, for the record, make this statement, Mr. President. Thank you.”

At 12:23 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:27 o’clock p.m.

Senator Kanno, for the Committee on Judiciary, requested a waiver of the notice requirement pursuant to Senate Rule 20 for the following Senate Bills:

S.B. No. 1401;
S.B. No. 1469;
S.B. No. 1473; and
S.B. No. 1567,

and the Chair granted the waiver.

ADJOURNMENT

At 12:34 o’clock p.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate adjourned until 11:30 o’clock a.m., Friday, March 2, 2001.

Respectfully submitted,

Clerk of the Senate

Approved:

Ayes, 25. Noes, none.

RECONSIDERATION OF ACTION TAKEN

S.B. No. 1575, S.D. 1:

Senator Kawamoto moved that the Senate reconsider its action taken on March 1, 2001, in passing S.B. No. 1575, S.D. 1, on Second Reading, seconded by Senator Fukunaga and carried.

Senator Kawamoto then offered the following amendment (Floor Amendment No. 1) to S.B. No. 1575, S.D. 1:

SECTION 1. Senate Bill No. 1575, S.D. 1, is amended by correcting the title to read as it read in S.B. No. 1575 as originally introduced as follows:

"A BILL FOR AN ACT RELATING TO THE TRAFFIC CODE."

Senator Kawamoto moved that Floor Amendment No. 1 be adopted, seconded by Senator Fukunaga.

Senator Kawamoto explained:

"Mr. President, the floor amendment is to correct a drafting error which missed placing the word 'the' in the title."

Senator Slom rose to speak on the amendment as follows:

"Mr. President, I rise to speak on the amendment with reservations.

"I noticed that the only change that was made was on the 'the' but there still is a problem with the bill and the amendments, and that has to do with we're shifting responsibility to the pedestrians on this bill. We're requiring the pedestrian to do a lot of additional things including hand signals and how the pedestrian is seen, rather than putting the full responsibility on the driver.

"Thank you, Mr. President."

Senator Kawamoto rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in favor of the amendment and the bill.

"We understand that 85 percent of the pedestrians being hit today are people in the crosswalk. We understand the fact remains that we need to educate both the driver and the pedestrian. We need to make the responsibility of walking in the crosswalk a responsibility of the driver and the pedestrian. This bill provides an opportunity to follow what the Canadians do – they allow the responsibility of having eye contact with the driver and by providing, regardless of it being hands or legs or whatever, that you need to put it forward to show that you know you're going to cross a crosswalk at that instant. We remind the pedestrian that he has a responsibility, also, in the crosswalk to look around.

"Therefore, Mr. President, I urge my colleagues to vote 'aye' on this bill."

Senator Hemmings rose to speak with reservations on the measure and said:

"Mr. President, I know too many pedestrians who have been right by being in the crosswalk, but they've been dead right. Hopefully this bill will be pursued.

"I'm voting with reservations because I'm concerned that it puts too much of a burden on the driver and not enough on the pedestrian who ends up being the one that gets killed.

"Thank you, Mr. President."

At 10:20 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:22 o'clock a.m.

The motion to adopt Floor Amendment No. 1 was put by the Chair and carried.

On motion by Senator Kawamoto, seconded by Senator Fukunaga and carried, S.B. No. 1575, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE TRAFFIC CODE," passed Second Reading and was placed on the calendar for Third Reading on Thursday, March 8, 2001.

THIRD READING

Stand. Com. Rep. No. 753 (S.B. No. 1013, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 753 be received and placed on file, seconded by Senator Hanabusa and carried.

Senator Taniguchi then moved that S.B. No. 1013, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Taniguchi then offered the following amendment (Floor Amendment No. 2) to S.B. No. 1013, S.D. 2:

SECTION 1. Senate Bill No. 1013, S.D. 2, is amended by amending section 1 by deleting the amount of \$150,000,000 and replacing it with the sum of \$0.

SECTION 2. Senate Bill No. 1013, S.D. 2, is amended by amending section 2 by deleting the amount of \$150,000,000 and replacing it with the sum of \$0.

Senator Taniguchi moved that Floor Amendment No. 2 be adopted, seconded by Senator Hanabusa.

Senator Taniguchi explained:

“Mr. President, we’re just going to blank out the \$150 million ceiling in the bill.”

At 10:24 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:25 o’clock a.m.

Senator Taniguchi continued:

“Mr. President, we are blanking this amount out to encourage further discussion.”

The motion to adopt Floor Amendment No. 2 was put by the Chair and carried.

By unanimous consent, S.B. No. 1013, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY,” was placed on the calendar for Third Reading on Thursday, March 8, 2001.

Stand. Com. Rep. No. 801 (S.B. No. 1534, S.D. 1):

By unanimous consent, the amendments to S.B. No. 1534 proposed in S.D. 1 were withdrawn and Stand. Com. Rep. No. 801 was received and placed on file.

Senator Taniguchi noted:

“Mr. President, we are going back to the first initial draft of the original bill. There’s some concern about the far-reaching effects of S.D. 1, so we are proposing to go back to the original version.”

At 10:27 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:30 o’clock a.m.

By unanimous consent, S.B. No. 1534, entitled: “A BILL FOR AN ACT RELATING TO LONG-TERM CARE,” was placed on the calendar for Third Reading on Thursday, March 8, 2001.

Stand. Com. Rep. No. 889 (S.B. No. 1033, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 889 be received and placed on file, seconded by Senator Hanabusa and carried.

Senator Taniguchi moved that S.B. No. 1033, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Taniguchi then offered the following amendment (Floor Amendment No. 3) to S.B. No. 1033, S.D. 2:

SECTION 1. Senate Bill No. 1033, S.D. 2, is amended by substituting \$0 for \$2,000,000 in every place it appears in Section 1 of the bill.

Senator Taniguchi moved that Floor Amendment No. 3 be adopted, seconded by Senator Hanabusa.

Senator Taniguchi noted:

“Mr. President, in decision-making we had blanked out the amounts. Even though we may be supportive of the GO bond authorization, I believe we need to conform the bill to the decision made at the hearing.”

The motion to adopt Floor Amendment No. 3 was put by the Chair and carried.

By unanimous consent, S.B. No. 1033, S.D. 3, entitled: “A BILL FOR AN ACT AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS AND MAKING AN APPROPRIATION FOR THE BERNICE PAUAAHI BISHOP MUSEUM, OAHU,” was placed on the calendar for Third Reading on Thursday, March 8, 2001.

RECONSIDERATION OF ACTION TAKEN

S.B. No. 791, S.D. 1:

Senator Taniguchi moved that the Senate reconsider its action taken on March 2, 2001, in passing S.B. No. 791, S.D. 1, on Second Reading, seconded by Senator Hanabusa.

Senator Hemmings rose and said:

“Mr. President, with all due respect to the good Senator from Manoa, we support the amendment and delaying decision-making on this for 48 hours. Nevertheless, there are those who want to find the money for the teacher’s pay raise by cutting the waste and inefficiency and misappropriation of prior monies. So there are other ways to do it besides taking away tax benefits.

“Thank you, Mr. President.”

The motion was then put by the Chair and carried.

Senator Taniguchi then offered the following amendment (Floor Amendment No. 4) to S.B. No. 791, S.D. 1:

SECTION 1. Senate Bill No. 791, S.D. 1, is amended by correcting the title to read as it read in S.B. No. 791 as originally introduced as follows:

“A BILL FOR AN ACT RELATING TO TAXATION.”

Senator Taniguchi moved that Floor Amendment No. 4 be adopted, seconded by Senator Hanabusa.

Senator Taniguchi noted:

“Mr. President, there’s a technical error in the title of the bill. We’re just correcting that.”

The motion to adopt Floor Amendment No. 4 was put by the Chair and carried.

At 10:34 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:35 o'clock a.m.

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, S.B. No. 791, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was placed on the calendar for Third Reading on Thursday, March 8, 2001.

THIRD READING

Stand. Com. Rep. No. 926 (S.B. No. 1170, S.D. 2):

By unanimous consent, action on Stand. Com. Rep. No. 926 and S.B. No. 1170, S.D. 2, was deferred to the end of the calendar.

S.B. No. 1500:

Senator Tam moved that S.B. No. 1500, having been read throughout, pass Third Reading, seconded by Senator Ige.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise to speak in favor of the bill with reservations.

"This has been a problem that the Legislature, and particularly the Senate, has been trying to deal with for the last several years. It involves two things – the original will that created Irwin Memorial Park in the downtown Honolulu waterfront area, and also promises made to tenants at Aloha Tower Marketplace by, initially, the State of Hawaii regarding parking.

"There have been constant attempts, first through eminent domain and then by other means, to try to take back the park and pave it over into parking. The tenants are very unhappy at Aloha Tower Marketplace because they never got the parking that they were promised by the State. There's no alternative plans for parking at this moment, but in terms of good economic and environmental sense and also in honoring the will, we must maintain Irwin Park because that was the original purpose for that land, so I speak with reservations.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 1500, entitled: "A BILL FOR AN ACT RELATING TO PRESERVING AND MAINTAINING HISTORIC IRWIN MEMORIAL PARK AS A LANDSCAPED STREET-LEVEL OPEN SPACE GATEWAY TO THE HONOLULU WATERFRONT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 625, S.D. 1:

Senator Kawamoto moved that S.B. No. 625, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Kanno stated:

"Mr. President, I'd like to request that the record reflect that the voting sheet, as decked, was not accurate of the vote at the hearing. The voting sheet indicates four 'no' votes for myself and Senators Menor, Tam, and Taniguchi. The four of us should have been marked as excused.

"Thank you."

Senator Hemmings rose for a conflict ruling as follows:

"Mr. President, I need an opinion on a conflict of interest – I'm a surfer."

The Chair ruled the Senator Hemmings was not in conflict.

Senator Hemmings continued:

"Mr. President, I'm concerned about this bill not on what it's doing, but what the potential may pose for the Maalaea Harbor – probably one of Hawaii's greatest surfing resources. It has a tremendous impact on us all, economically, and that can be seen in Paia, where it's the windsurfing capital of the world, or in Haleiwa, which is recognized as the surfing capital of the world. Maalaea is a very famous surfing break for the world of surfing. Those resources are very limited to the reefs of these Hawaiian Islands, and this harbor poses a threat to eliminate that surf site.

"So I wish to go on record with favoring the ferry system, but not favoring it at the expense of destroying a tremendous natural resource as a surfing site.

"Thank you, Mr. President."

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of the bill.

"Mr. President, your Committee on Transportation, Military Affairs, and Government Operations heard the bill, heard the discussion, and we are just trying to provide, again, another alternative to transportation – the ferry system. These are some of the incentives that were requested upon our Committee.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 625, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HARBORS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 748:

On motion by Senator Kawamoto, seconded by Senator Fukunaga and carried, S.B. No. 748, entitled: "A BILL FOR AN ACT RELATING TO MOTORCYCLE OPERATOR EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Menor).

S.B. No. 1202, S.D. 1:

Senator Kawamoto moved that S.B. No. 1202, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senators Kim and Matsunaga requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1202, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Chumbley, Chun, English, Ihara, Inouye, Kokubun).

S.B. No. 1389:

Senator Kawamoto moved that S.B. No. 1389, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Hemmings rose to speak in opposition to the measure and stated:

“Mr. President, I rise to speak in opposition to the bill.

“I’ll make it brief, Mr. President. This increases anywhere from \$35 or up, the cost for towing a car, and I think it’s unwarranted since the consumers are already beleaguered by high costs in Hawaii. So I speak against the bill and will be voting ‘no.’”

The motion was put by the Chair and carried, S.B. No. 1389, entitled: “A BILL FOR AN ACT RELATING TO TOWING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Kanno).

Stand. Com. Rep. No. 604 (S.B. No. 1084, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 604 be adopted and S.B. No. 1084, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak with reservations on the measure and said:

“Mr. President, I rise to speak with strong reservations.

“Obviously, we’ve all been talking about Felix for many years. I know the esteemed Senator from Salt Lake has even gotten himself a model, which he has put together and has appropriately put on his desk – the Rubik’s cube – which somehow has been solved, and I know that Felix has not been solved.

“If I could read into the record a few items here . . . three items in particular – one, that the funding for the bureaucracy of Felix is made so without accountability; also, the ‘emergency’ need of this appropriation is fueled by the contempt order filed against the State last year and also by modified versions of the consent decree; and also, by the inclusion of all Felix costs in Comprehensive School Support Services, otherwise known as EDN 150.

“On the first point, the DOE has stated that their priority is to comply with the federal consent decree for Felix v. Cayetano. However, admittedly, the department’s priority is not to ensure that eligible children of special education services under the IDEA and Section 504 are benefiting from the services the department has developed and put in place. The DOE has not developed measurable outcomes, nor tracked the success or failure of specific treatments utilized by IEP teams. This Legislature continues to appropriate funds without holding departments accountable and demanding successful results.

“Secondly, the scope of services mandated by the consent decree was broadened by the change in definition of children – a very broad change. In fact, in the Status Conference Report filed with the US District Court on February 13, 2001, it says on

page 4, ‘Stipulation and Order Modifying Consent Decree, amending “Plaintiff class” to include “all children and adolescents with disabilities residing in Hawaii, from birth to 20 years of age, who are eligible for and in need of education and mental health services.”’ Hence, by opening up services to virtually every child in Hawaii, having no accountability, and over-identification of Felix and special education eligible children, which is admittedly done by the DOE, the State has effectively opened a Pandora’s Box of funding for the DOE, DOH, and DHS regarding Felix.

“Finally, with regards to EDN 150, which was established by this Legislative body last Session, it has become the warehouse for the Department of Education’s Comprehensive School Support Services Program. The DOE is now saying that all school based support services will be covered in this program. They have not delineated out Felix costs. That means services that are not Felix are included in this and services that are Felix are included in this. So, monies get appropriated to a program ‘in the name of Felix’ but they may not necessarily be spent on Felix. I think we’ve seen some items in regards to that – for example, A-plus and other programs.

“I realize that we must spend money for Felix. But, Mr. President, are we doing so wisely? I vote ‘yes,’ but with very strong reservations. Thank you.”

Senator Sakamoto rose to speak in support of the measure as follows:

“Mr. President, I rise to speak in support of the measure.

“Mr. President, some of the comments from the Senator from Kaneohe are well taken. He and others, as well as the Auditor, have questioned some of the things we need to do. Further down in our agenda are two measures that, in part, respond to some of these concerns, but let me discuss them now since the issue is at hand.

“The first measure is Stand. Com. Rep. No. 919/S.B. No. 1303 and the second measure is Stand. Com. Rep. No. 921/S.B. No. 957. Mr. President, these measures are our effort to support the Felix response plan. These measures direct the Department of Education to formulate clear and concise guidelines that facilitate the recommendation of appropriate services to Felix Class children. It makes clear that formulating an operational definition guideline is not to be misconstrued as an attempt to limit the State’s responsibility to fund and support appropriate services.

“A tremendous amount of time, energy and resources has been and continues to be expended by the State to comply with servicing our learning disabled children. However, there still exists confusion by educators, parents and service providers about which children are eligible for State support under Felix compliance, as has been pointed out, and more importantly what services best provide for the educational needs of the children. This measure (the first measure of the two I mentioned) seeks to address those concerns as well as those expressed in the auditor’s report, without distracting from compliance efforts ordered by the court.

“Your Education and Ways and Means Committees along with the joint Felix task force have also looked for ways to support and enhance the transfer of services to a school based system that will provide cost efficiencies and improve outcomes for our students. Therefore, we will be asking for your support of S.B. No. 957.

“S.B. No. 957 recognizes that the Comprehensive Student Support System, as was mentioned, that currently operates in

our public schools is designed to identify and meet the many and varied needs of our students. These needs can vary from short term behavioral interventions, to special curriculum for gifted and talented children, challenged or at risk students.

"This comprehensive system is also designed to encompass IDEA, 504, and Felix services. It also provides the best opportunity for early identification and intervention. This will of course provide major cost savings to the system – early identification and intervention. And most importantly, it can totally change a child's life and educational potentials.

"The measure requires the Department of Education, through CSSS, to adopt best practices, disclose potential conflicts of interest in the IEP process, and monitor services ordered through IEPs to ensure that services rendered are indeed resulting in improved educational achievement.

"Finally, the measure provides monitoring and assessments by the joint legislative taskforce that you and the Speaker have set up, Mr. President, to assure that our learning disabled children are being serviced more expeditiously and services are effective and cost efficient, and that we are accountable to all taxpayers.

"So I believe some of the Senator from Kaneohe's concerns will be addressed in the measures to come, and hopefully we can indeed resolve all the questions that are out there.

"Thank you, Mr. President."

Senator Hemmings rose to speak on the measure as follows:

"Mr. President, I want to address the larger issue. Since this is, more or less, the halfway point in the legislative process, I hope we . . .

Senator Chumbley interjected:

"Mr. President, is the speaker speaking for or against the measure?"

Senator Hemmings responded:

"I'm speaking for the measure, with reservations . . . actually, no, I'll change my mind since you brought it up – I'll vote 'no,' thank you. I'm going to vote 'no' because I know this will come back to us in the last waning days of the Legislature.

"In my 'no' vote, I hope I'm opening some minds. We have a systemic problem here in Hawaii. I don't want to play the blame game, but there is something called responsibility. Why is the State of Hawaii in such dire straits? We might ask ourselves that question, because before you can cure any disease, you must diagnose it.

"There are solutions that are much more cost effective and will solve the problems with the system, rather than just piecemeal – putting band-aids over some of the symptoms. For instance, we have a congressional delegation that is very proud of bringing guns and bombs to Hawaii with military spending. Ironically, something I, as a Republican, support. I believe there is peace in strength. I'm glad they do that, but they have failed miserably, absolutely miserably, in bringing funds here to Hawaii to support up to 40 percent of the cost of the Felix mandates. We only get 8 percent of the possible 40 percent funding we should get.

"So what's the solution? Not have emergency funding and throw more money at the problem as we've done with every

other problem in the recent history of the State of Hawaii. The solution is maybe introduce a resolution in this chamber and a concurrent one in the House chamber to ask our congressional delegation to start maybe seeing if our congressional delegation can get some of that Washington money to Hawaii to help us with this very serious problem.

"Item number two – I've been told by many people, including principals and experts in the area that the Ezra consent decree is one of the worst in the country, that we are having to comply with way more than is mandated by the law, simply because the Attorney General and the minions up there signed off on a bad consent decree. And with all due respect of Federal Judge Ezra, who is, I believe, a good St. Louis boy which means he has good roots, he's not the last word in all of this. Solution? Why don't we look at revisiting the consent decree through the legal process with some lawyers who are prepared to address this more professionally and see if we can't get it amended? I think Judge Ezra, if he was presented a good plan and was lobbied, may change his mind. But it's something that we should consider, rather than just once again throwing taxpayer's money at it.

"I'm going to say a word that probably scares most of the Democrats tremendously, and that's the word voucher. We have a de facto voucher system going on right now in the education system, and that's where smart parents come to the school and bring a lawyer in some instances, as has happened in my district with several of my schools, and threaten the principal and threaten the system, and the AG's Office knows what we all know – you can't afford to litigate, so the state settles. So we have a voucher system going on in the public education system where principals and teachers are signing off on their responsibility and many children are being sent to very expensive private schools at the expense of the taxpayers.

"Do we want emergency funding to settle this problem? The solution, Mr. President, that we should consider before the end of the Session is to further consider a tuition tax credit for children eligible for Felix consent decree assistance so that the many different institutions in the private sector, and some of which will be created to meet the demand, can address these very complex problems. A system that asks our public education system to be all things to all people, including mental health services, is absolutely ludicrous in concept. A tuition tax credit would allow the parents a choice in the marketplace of opportunities and could potentially save the State a huge amount of money.

"Also, in listening to President Bush talk to the national governors, he recognized that the federal government oftentimes creates mandates for states that are unfair. And I do believe that a solution there is to revisit the entire law at the national level and see if we can fine tune it since it was passed many years ago. We all want to make sure that the children of our nation have equal opportunity and no child is left behind. But do we want to do so in a fair way that the vast majority of children that need the normal education are suffering because resources are being wasted on the poor implementation of the IDEA law?

"So, Mr. President, speaking against this bill, I'm asking this chamber and this Legislature to look at alternatives to fix this system, rather than just throwing taxpayer's money at it year in and year out.

"Thank you for your indulgence, Mr. President."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I, too, rise in opposition to the bill.

"I want to echo some of the comments made by my colleagues, but I want to make it absolutely clear that in the four previous years that I've been here, I've voted for all of the appropriations for Felix/Cayetano. I know that we have a moral as well as a legal obligation to take care of the children, but we also have a moral and legal obligation to take care of the resources of the taxpayers, and we have not done that.

"As my colleague from Kailua said, we have been throwing money after the problem but we have not held people accountable. And that's part of the problem.

"This is an emergency piece of legislation, one of more than a dozen that we're going to be considering today. It's only an emergency because people have not held to their responsibility and we have not held them accountable. All we've done is appropriated more money.

"This bill, it's my understanding, will exceed the general fund appropriation ceiling for fiscal year 2001. That's one of the problems with it. The confusion that the good Senator from Moanalua mentioned, the confusion that's shared by parents and teachers and so forth, is confusion that they didn't create that we've created and we allow to continue. So at some point, we have to draw the line and say 'look, we're going to meet our responsibilities but we've got to hold people accountable.'

"I appreciate some of the things that have been done, but I remember the admonitions by the two University of Pennsylvania consultants that were hired by our State Auditor Marion Higa. And what they said was, 'the problem with our participation is that: (1) there's no business plan; and (2) there's no definition for what a Felix child is.' Now, in any business parlance, and if it were your own money, you would have that business plan and that definition first before you went ahead and appropriated more money. And that's what I want to see. I want to see the priorities established before we continue to spend money.

"Also, as the Senator from Kailua/Waimanalo mentioned, we have had alternatives on the table. They have been presented by the consultants, they've been presented by the Minority, they've been presented by other Majority members and we have not seriously considered them. The only thing that I saw happen with the suggestions from the consultants from the University of Pennsylvania is that the Attorney General, the Department of Health and Department of Education all circled the wagons to protect their particular interests and their domain, rather than saying let's really find a solution.

"So if we're interested in the children, if we're interested in solving this problem, let's do it and do it in a way that guarantees that we have a business plan and the definitions first before we have anymore emergency appropriations.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 604 was adopted and S.B. No. 1084, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

S.B. No. 1487, S.D. 1:

Senator Kim moved that S.B. No. 1487, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Chumbley rose in support of the measure with reservations and stated:

"Mr. President, I rise to speak in support of the measure with reservations.

"Mr. President, during caucus there were two items that came up on this measure. The first one is the ambiguities in the issue of the specific sums and how it applies. It is my belief that this needs to be clarified in the future hearings on this bill. I understand that the Chair of the TIA Committee is in fact going to do that so it's clear that it is a predetermined amount of money.

"Second, Mr. President, what's good for the goose is good for the gander and this should apply to all state agencies also.

"Thank you."

Senator Ihara rose and said:

"Mr. President, I have reservations on this bill as well."

Senators English and Ige also requested their votes be cast "aye, with reservations," and the Chair so ordered

The motion was put by the Chair and carried, S.B. No. 1487, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC AGENCY MEETINGS AND RECORDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 939, S.D. 1:

Senator Menor moved that S.B. No. 939, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hogue rose in support of the measure with reservations and stated:

"Mr. President, this bill has to do with subrogation and third party tortfeasors. I rise in support of this measure with reservations. I know that if anybody called me a third party tortfeasor we'd probably go out and beef in the backyard.

"But in any case, there was testimony before the Committee which indicated that this bill could drive up premiums, and I'm sure that we do not want that. We already live in one of the most expensive states in the entire world and we do not want it to be any more expensive than that. So I rise in support of this measure with very, very strong reservations, Mr. President."

Senators Slom and Hemmings requested their votes be cast "aye, with reservations," and the Chair so ordered

The motion was put by the Chair and carried, S.B. No. 939, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 620 (S.B. No. 174):

Senator Menor moved that Stand. Com. Rep. No. 620 be adopted and S.B. No. 174, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hogue rose to speak in favor of the measure with reservations and said:

“Mr. President, I rise to speak in favor of this bill with reservations.

“Currently, if a time-share unit located in Hawaii is sold out of state, the seller must give the buyer time to change his or her mind and cancel the sale. In fact, right now, essentially, it’s seven days. The seller also must give the buyer copies of disclosure statements for both Hawaii and for the state in which the sale is made. Each state has different rules about this, so currently the seller gets copies of the disclosures from both states, and gets the more liberal of the two cancellation periods.

“This bill seeks to apply the rules for the state in which the sale of the time-share was made, and ignore Hawaii’s consumer-friendly rules and disclosures.

“During the Committee hearing in Consumer Protection, we were not given copies of the disclosures for other states, so we couldn’t compare them with the ones from Hawaii and make an informed decision. I suggest we ask DCCA to get copies of these disclosures and present them to the next committee that hears this bill so that we can at least compare them to Hawaii’s.

“I don’t think that we’re making an informed decision, therefore, I voice my support with strong reservations.

“Thank you.”

Senators Taniguchi, Chumbley, Hemmings, Fukunaga, Hanabusa, Ihara and Chun Oakland then requested their votes be cast “aye, with reservations,” and the Chair so ordered

The motion was put by the Chair and carried, Stand. Com. Rep. No. 620 was adopted and S.B. No. 174, entitled: “A BILL FOR AN ACT RELATING TO TIME SHARING PLANS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Ige).

Stand. Com. Rep. No. 621 (S.B. No. 175, S.D. 2):

On motion by Senator Menor, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 621 was adopted and S.B. No. 175, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TIME SHARING PLANS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 622 (S.B. No. 176):

On motion by Senator Menor, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 622 was adopted and S.B. No. 176, entitled: “A BILL FOR AN ACT RELATING TO TIME SHARING PLANS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Ige).

Stand. Com. Rep. No. 629 (S.B. No. 1121):

Senator Menor moved that Stand. Com. Rep. No. 629 be adopted and S.B. No. 1121, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hemmings rose to speak against the measure as follows:

“Mr. President, I rise to speak against the bill.

“This is similar to the bill passed in the ‘80s, when I was in this Legislature in the other chamber, that allowed needle exchange. One question that always perplexes me that I’ve never gotten a good answer for is, If the State is exchanging needles and also providing the sale of syringes now for the use of drugs, where do the people using the drugs get the drugs? That’s a question that I think has great implications, especially in the criminal side of law.

“I believe this bill is doing nothing more than making the State an enabler – enabling people to take drugs easier rather than addressing their very serious problem.

“Thank you, Mr. President. I will be voting ‘no.’”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 629 was adopted and S.B. No. 1121, entitled: “A BILL FOR AN ACT RELATING TO THE SALE OF STERILE SYRINGES FOR THE PREVENTION OF DISEASE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

S.B. No. 123, S.D. 1:

On motion by Senator Menor, seconded by Senator Taniguchi and carried, S.B. No. 123, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HOUSING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1333, S.D. 1:

Senator Menor moved that S.B. No. 1333, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hogue rose to speak in opposition to the measure and stated:

“Mr. President, I rise to speak in opposition of this bill.

“Currently, financial Service Loan Companies often recruit their customers from the poorest and most financially strapped people in Hawaii, people who often desperately need the money for basic necessities like food or rent. Oftentimes they will charge just absolutely huge interest rates, sometimes what essentially goes up to like 29 or 31 percent annual percentage rates. This bill seeks to tack on new fees that would raise these APRs to absolutely unconscionable levels by springing an additional \$75 fee on consumers just before the loan closes. For example, if a customer applies for a \$500 loan paid back over one year, suddenly the already high 29 percent APR jumps to a 68 percent APR with this \$75 fee.

“Mr. President, I think we can do better than this. I rise in opposition. Thank you.”

Senator Chun rose in support of the measure with reservations and stated:

"Mr. President, I stand in support of the bill with reservations.

"Mr. President, this bill also allows the charging of prepayment penalty for variable rate or open-end loans. I don't see any reason or support as to why a consumer should be charged a prepayment penalty for open-ended loans. Basically, that's your charge cards, Mr. President. Absent any kind of showing as to why that is required or why we should allow our consumers to be subject to that kind of charge, I feel that this bill could be improved on.

"However, there are other portions of the bill that I believe are worthy of consideration and we should go on and discuss these matters further, so I will support the bill with reservations.

"Thank you, Mr. President."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"The banks and financial institutions I think have done a good job by themselves raising their own fees without the support and advocacy of the Legislature. Just like the defective date of 2050 in this bill, I think additional fees are defective as well."

Senators Inouye, Ige and Ihara then requested their votes be cast "aye, with reservations," and the Chair so ordered

The motion was put by the Chair and carried, S.B. No. 1333, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL SERVICES LOAN COMPANIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Hogue, Slom). Excused, 1 (Taniguchi).

At 11:07 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:08 o'clock a.m.

Stand. Com. Rep. No. 639 (S.B. No. 29, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 639 be adopted and S.B. No. 29, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hanabusa rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this bill.

"Mr. President, it's not an easy thing to do because I happen to know the gentleman who I believe this bill was specifically drafted for. I've known him since he was a law clerk and it has nothing to do with his capabilities or his abilities to perform the job.

"What my opposition is to Stand. Com. Rep. No. 639/S.B. No. 29 is that it is against everything that we have said we are going to do in terms of civil service reform and collective bargaining. This is a civil service position, colleagues, and what they want to do is to ensure that he gets paid a certain rate,

so they've come to us, the Legislature, to make an exception for one individual. I believe that such an action is contrary to what we have been badgered with for the past two years as to what is civil service reform. To have administration basically come forward and to say they now want us to make the exception, they want us to include in a statute that a particular individual will be paid no less than 95 percent, being that this individual is also a civil servant, they would be entitled to probably any kind of statutory types of increases that we may give people who hold civil service positions commensurate to the units that they supervise.

"I believe this is very bad policy, and as much as he is a friend, I cannot vote in favor of this measure.

"Thank you, Mr. President."

Senator Menor rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak briefly in favor of Stand. Com. Rep. No. 639, S.B. No. 29, S.D. 2.

"As you know, Mr. President, one of the reasons why this bill was introduced was to correct an inequitable and unfair situation involving the hiring of the current deputy insurance commissioner, Gordon Ito. I believe this bill should be passed, and if it is not passed, I believe that certain negative ramifications could result.

"First of all, if we do not pass this bill, the insurance commissioner has clearly indicated that the deputy commissioner would take a severe pay cut, which I think would be unfair and inequitable. But he also pointed out that the failure to enact this bill into law could negatively impact the administrative operations of the insurance division. He stated that if this bill were not to be adopted, that one way to remedy this situation would be to have Mr. Ito, the current deputy insurance commissioner, resign and re-advertise the position at the preferred salary.

"Mr. President, at the time Mr. Ito was selected for the position, the division had been without a chief deputy insurance commissioner for seven months. So, should Mr. Ito have to result to this procedure, the division will once more be without a chief deputy for a length of time, and again, that could have negative impacts on the operations of the division.

"However, notwithstanding the justifications that I've just mentioned, I would like to assure all of my colleagues in the Senate that this bill definitely remains a work in progress. I've already consulted with the insurance commissioner and we intend to work closely together to try to get the House to make amendments to the bill to try to address the concerns that have been expressed by some of my colleagues. For example, one of the concerns that's been expressed is that the bill, as presently worded, would require that the salary of the chief deputy commissioner would be no less than 95 percent of the maximum salary of the commissioner. This concern can be easily resolved by inserting language or an amendment into the bill to specify that the deputy commissioner salary would be up to 95 percent of the commissioner's salary.

"Another concern that's been raised is that the bill would set a precedent by having a departmental administrator's salary set by statute. I would like to point out that in previous sessions, the Legislature has enacted laws establishing and delineating the salaries of state employees. Examples of these are the salary of the insurance commissioner set by the director of commerce and consumer affairs; salary of the captive insurance administrator set at 95 percent of the insurance commissioner's

salary; salaries of department heads set by statute; deputies' or assistants' to department heads salaries set by statute; ombudsman's salary set by statute; ombudsman's first assistant salary set by statute; the executive director of housing finance and development corporation salary set by statute; and there are other instances where this has occurred.

"Nevertheless, notwithstanding the clear existence of precedent statutorily under Hawaii law, I am very sensitive to the concerns that the enactment of this bill may be setting a precedent that we may not want to establish in the future. In that regard, one possible amendment that we could make as this bill works its way through the process would be to clarify that the salary level would be set in an act and not by way of an amendment to a statutory provision.

"So again, my colleagues, this is a bill that's still a work in progress, and I respectfully request that we keep it alive for further consideration and move it over to the House.

"Thank you."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, after listening to both arguments, I'm going to be supporting the Senate Vice President from the beautiful island area of Waianae in opposition to this bill.

"The threats from the insurance commissioner notwithstanding, I think the real issue here is civil service and collective bargaining reform. And if in fact we are serious about having civil service and collective bargaining reform, this bill does not belong here. And it has nothing to do with the individual; it should not be personalized. It should be the process. We're always talking about the process, but we haven't done it.

"As far as work in progress, we're asked to vote on bills today that we are told are works in progress with defective dates and zero amounts and everything else. If we give our support, our unflinching support to these things and then we find out that the work in progress has no sidewalk and a leaky roof and everything else, then we have given our support to something which will be recorded for the future.

"So I'm going on record in opposition to this bill. Thank you, Mr. President."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I, too, would like to go on record as voting 'no' on this bill and speak against it.

"The good Senator from the central plain of Oahu recognizes that this bill is a bill in need of work. He concedes that it needs to be amended. We have the opportunity to do it. Let's do it. Let's not pass defective legislation on with the hopes that sometime in the future we'll fix it. It's our responsibility to pass on the best legislation possible. We have the opportunity to do it. Let's do it."

Senator Ige rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to this measure.

"My concern is really the process on this measure. The contents of this bill were not properly noticed and there was no opportunity for the public to comment on the bill as drafted. Therefore, I'll be voting 'no.'"

Senator Chun rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"I also agree with the statement made by the honorable Senator from Waianae. I appreciate the concern of the CPH Chair about needing a vehicle and letting this matter continue on. I believe we have sufficient vehicles already in process that talk about civil service. We have sufficient vehicles that talk about insurance. We have enough vehicles out there in order for us to address this question at a later time. If and when that happens, I am confident that the CPH Chair and his counterpart in the House will take into consideration the concerns raised by the members here on this floor today.

"If we are looking for a vehicle, and I agree that is necessary, we already have them. We don't need this bill, and I encourage all my colleagues to vote against this bill."

Senator Inouye rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak against this measure.

"Please register the remarks from my colleague of the twenty-first district as if it were my own into the Journal please. Thank you."

The Chair so ordered.

Senators Matsunaga, Chumbley, Kim and Matsuura requested their votes be cast "aye, with reservations," and the Chair so ordered

The motion was put by the Chair, Stand. Com. Rep. No. 639 failed to be adopted and S.B. No. 29, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," having been read throughout, failed to pass Third Reading on the following showing of Ayes and Noes:

Ayes, 11. Noes 14 (Buen, Chun, Chun Oakland, English, Hanabusa, Hemmings, Hogue, Ige, Ihara, Inouye, Kokubun, Nakata, Slom, Tam).

Stand. Com. Rep. No. 640 (S.B. No. 937):

Senator Menor moved that Stand. Com. Rep. No. 640 be adopted and S.B. No. 937, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hogue rose in favor of the measure with reservations and stated:

"Mr. President, I'm rising to speak in favor of this bill with reservations.

"This bill is somewhat of a step in the right direction, but it really is a manini step and was brought up in testimony before the Commerce, Consumer Protection and Housing Committee that perhaps we should take a giant step forward and do what is called 'no pay, no play.' What that means is that someone who recklessly drives without any auto insurance couldn't collect auto insurance from anyone else. So I rise with reservations.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 640 was adopted and S.B. No. 937, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE

INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 699:

Senator Taniguchi moved that S.B. No. 699, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose in favor of the measure with reservations and said:

“Mr. President, being a Republican and representing the Koolaupoko district of Kailua and Waimanalo, I rise to speak in favor of this bill with reservations. I’m going to take the President’s and this Senate body’s time in addressing this issue because I think it addresses a much larger problem.

“In order for us to understand the state of our economy and the dire straits we’re in in government, we have to understand where that problem came from. Back in the early ’80s there was a national reform of tax laws. The federal government cut taxes and cut the brackets dramatically. The big lie in the ensuing years is that the national deficit, Mr. President, was created by the Reagan tax cuts. And that is a lie because government in the Reagan years doubled the total amount of revenue collected on a yearly basis because tax cuts spawned a greater and bigger economy that produced more revenue.

“But what we did here in Hawaii in re-codifying our tax laws is we made some small adjustments but we did not reduce the rate of taxation and we did not reduce the brackets. So even the poor were paying in the top bracket of taxes and it created a tremendous windfall that at one point the Council of Revenues announced that we would have a \$600 million surplus. The then Governor decided that money could best be spent on ‘programs’ to help the people. There were those of us in the House of Representatives at that time that thought the money should be refunded not the usual customary dollar, but at a much larger rate. Fortunately, that idea prevailed and that year \$125 was given to each taxpayer on a tax return. A family of four of course got a \$500 rebate.

“The point is, in the ensuing years, what the prior administration did was build a huge, huge government bureaucracy. It really is the fourth branch of government and it’s a bureaucracy that we wrestle with everyday – the bureaucracy that consumes money and oftentimes doesn’t get things done.

“In addressing this bill, I’m sorry that it is a dollar. I’m sorry that it will probably remain a dollar because what we’re really talking about is the overpayment of the bills the government pays to get things done when so much money is wasted on a bureaucracy.

“Once again, Mr. President, there is a solution and that’s to reduce the state workforce. I would ask the question rhetorically, After doubling spending on state budgets from 1990-2001 because the budget has doubled, what’s gotten twice as better? What’s gotten better? I challenge the Majority Party who’s been at the helm of the state here, who’s been spending taxpayer’s money, to please tell me – please. We have one of the worst economies in the nation, while 49 states were wallowing in prosperity, and we’re getting the trickle down because of maybe some increased tourism. What has gotten better in the State of Hawaii for doubling in spending?

“I’m saying we have to fix the system. If we can go from approximately 45,000 public employees to well over 60,000 in four short years, why can’t we reduce that workforce through attrition? Now is the time for us to start thinking about serious solutions to these serious problems once again, rather than just throwing taxpayer’s money at it. The taxpayers deserve efficiency and they certainly deserve more than a one dollar refund for their hard-earned money that government has confiscated from them.

“Thank you, Mr. President.”

Senator Slom requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 699, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 735, S.D. 1:

Senator Taniguchi moved that S.B. No. 735, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

“Mr. President, I rise to speak against this.

“Mr. President, in Committee I asked the people that were asking for this whopping increase of \$10 million what the reason was and they gave the answer that oftentimes is given by the bureaucracy in state government. It was a very generic ‘cause the prices have gone up.’ I don’t know how any responsible project can go from a \$15 million budget to a \$25 million budget. And since it is special revenue bonds, they will not be paying tax on the interest. I hasten to say that we should be very cautious when handing out these bonds, therefore, I’m voting ‘no.’”

Senator Hogue requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 735, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR AN INTERGENERATIONAL CARE CENTER AT EWA VILLAGES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

At 11:25 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:38 o’clock a.m.

S.B. No. 1049, S.D. 1:

Senator Taniguchi moved that S.B. No. 1049, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose in support of the measure with reservations and stated:

“Mr. President, I rise in support with reservations of this bill.

"I'm all in favor of the lapsing of unused bills, and I notice that the amount is almost \$162 million. But that brings up a point, and that is that we're going to be discussing today a lot of these so-called special purpose revenue bonds, and many of them should not be authorized in the first place. If we're really not serious about it and if we really have not asked the proper questions in Committee in terms of the viability of the project, then they should not be authorized in the first place.

"So while I certainly suggest that we repeal these bills, I think we should keep that in mind when we vote on all the other ones coming up. Thank you."

The motion was put by the Chair and carried, S.B. No. 1049, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE REPEAL OF OUTSTANDING AUTHORIZED BUT UNISSUED SPECIAL PURPOSE REVENUE BONDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1180, S.D. 1:

Senator Taniguchi moved that S.B. No. 1180, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak with reservations on the measure and said:

"Mr. President, I just wish the Clerk to record my affirmative vote 'with reservations.'"

The Chair so ordered.

Senators Hogue and Slom also requested their votes be cast "aye, with reservations," and the Chair so ordered

The motion was put by the Chair and carried, S.B. No. 1180, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE CRIME VICTIM COMPENSATION SPECIAL FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 653 (S.B. No. 584, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 653 be adopted and S.B. No. 584, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, with deference to the good Senator from Maui, I rise to speak against this bill.

"Mr. President, this bill once again speaks to the larger issue of no systemic reform. What this is going to result in is bringing retired teachers out of retirement and basically paying twice for the same job to be done.

"I think a much better solution to this problem is to solve the larger problem with the living environment in Hawaii and the cost of living in Hawaii which is the deterrent to the availability of teachers and also to giving the teachers a pay raise they much deserve. And this, of course, includes making the difficult decisions that we've failed to make in the past of setting our

priorities and who should get paid more, who should get paid less and who, quite frankly, should not be working for the State of Hawaii.

"So with this in mind, I'm voting 'no.' I think there is a more fiscally responsible way to address this problem as with many others. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 653 was adopted and S.B. No. 584, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DEPARTMENT OF EDUCATION PERSONNEL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Hemmings).

Stand. Com. Rep. No. 654 (S.B. No. 823, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 654 be adopted and S.B. No. 823, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Mr. President, I rise to speak in favor of this bill with strong reservations.

"This is a well-intended bill that provides immunity to the so-called front-liners – the school administrators and other school employees involved in the Felix IEP process. Essentially, what it says is that only the State DOE or the DOH can be sued, not the employee, unless there is willful neglect on the part of that person. This is important because many front-line educators feel intimidated by the threat of legal action and I agree that somehow they must be protected.

"However, this is a slippery slope. Total immunity from liability for some but not all providers of Felix or special education services is discriminatory and unfair. Immunity also removes significant accountability from DOE and DOH and employees involved in the process. And, as the committee report also correctly points out, this immunity does not protect employees against federal claims.

"So, Mr. President, please record my vote as support with reservations. Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"This bill confers a 'special protection' to a subclass of state employees (i.e.: teachers who work with Felix kids) and creates unfair and unequal treatment of similarly situated persons under the law. Simply said, it's bad public policy to single out 'special ed. teachers' for 'special protection' and not other teachers or other state employees.

"The situation that is sought to be remedied under this bill cannot be achieved through legislation but rather through a very thorough understanding and explanation of the problems associated with their obligations and the protections by the Department of Education and the Attorney General's Office. Let's look at those two departments and get them to do a better job at what they're supposed to be doing.

"It's just bad public policy to create additional layers of conferring state immunity from liability on a piecemeal basis. This is bad public policy.

"Thank you."

Senator English rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this bill.

"Mr. President, I voted 'no' on this bill in all the Committees. My reason is that we already have immunity for government workers. This creates bad precedent for us in that we will be doing it on an ad-hoc basis granting immunity to different classes of workers, because it already exists if they're performing in the scope of their duties. This may be read to say that we are granting immunity for work done outside of the scope of duties.

"It's a slippery slope, as has been pointed out, and I opposed it from the beginning.

"Thank you, Mr. President."

Senator Hemmings rose to speak in favor of the measure with reservations and said:

"Mr. President, I speak in favor of the bill with reservations.

"This bill has to be looked at from another perspective, and that perspective I don't think has been discussed on the floor yet. Why is this bill needed? Simply because of tort and liability insurance extortion that goes on in our public school system where parents are coming to meetings regarding their children's needs and threatening the school and also the principals and teachers with a law suit. Quite frankly, in talking to the teachers and principals in my district, they feel threatened. This is addressing a real concern.

"But I do agree with the prior speakers that there is no uniformity to it. Really what they're saying is the plaintiff attorneys in A.T.L.A. (American Trial Lawyers Association) and organizations like that that are very well represented in lobbying this Legislature, have done a good job of preventing all the people of Hawaii from getting meaningful tort and liability insurance reform that we are trying to accord just the teachers in this situation.

"I address this bill with reservations because it is a principle that should be extended throughout our law system to protect innocent people from frivolous lawsuits. Oftentimes the State is settling without any protection from the AG's Office simply because they know what the trial lawyers know – that they can bring a lawsuit in the State of Hawaii, and the defendant, anywhere in a suit like this, cannot afford the time nor the money to defend themselves so it's cheaper to settle the claim and pay to have, once again, children go to private schools at the very big expense of the taxpayers.

"Good bill, but it needs to be expanded to include all of us who are threatened by wrongful lawsuits.

"Thank you, Mr. President."

Senator Chun rose in support of the measure and said:

"Mr. President, I stand in support of this bill.

"Mr. President, I would disagree with some of the speakers here today. There is no immunity for teachers or other workers

who are working specifically with the special ed. students under the Felix class students. There is no immunity out there. The fact of the matter is that people, teachers, counselors, IEP workers, they are getting sued. And they are not being defended by the State. That is the simple truth of what's going on over there.

"Because of that fact, because the employees are getting sued, because they're not getting defended by the State, teachers are afraid – afraid to stand up for what they think is right in the IEP process. They're afraid to do what is right when it comes to educating the students properly. They're afraid of doing right when it comes in terms of really making sure that all children are educated properly. This fear is what's driving the educational system. This fear is what's driving the cost of the Felix way beyond what all of us imagined. We need to address that and we need to address it quickly.

"Do I believe that this is setting up a special class? Yes, I believe. I believe that all employees should be covered. I believe that all employees should not be in fear of lawsuits just because they're doing their job. I believe the Attorney General's Office should do a better job of educating them and of giving them assurance that they will be defended if a lawsuit is filed against them. Yes, I believe, as one of the Senators mentioned today, that we need to get our departments to do their job, but, unfortunately, I can't legislate that. I can't do a law saying, 'Attorney General, do your job better; Department of Education, do your job better.' I don't think that's going to work.

"What we need to do is address the heart of the problem and that is to protect our teachers, protect our workers who are working in the schools. This bill does it. In fact, I would even advocate that this bill should be improved even more to ensure that they are protected.

"One of the things that came out loud and clear in the Committee hearings is that I asked them specifically, How many people have been sued in the Department of Education? How many suits have you defended? How many suits have you refused to defend and force the teachers to defend themselves and use their own money? And of those cases, How many of them have been reimbursed after they've won? We have not yet heard from the Attorney General's Department regarding those answers. My understanding is those questions were even asked in the Education Committee and yet no answer was given.

"That leaves me to the conclusion that there are people out there. I know, personally, of one person – a special ed. teacher – that was sued for doing her job. That person went down to the Attorney General's Office and asked for assistance. She was refused. She hired her own attorney and she fought that case and won. She asked for reimbursement of those monies and was refused again. This situation has happened again, and again, and again. This situation has led to special ed. teachers resigning out of frustration that if the State's not going to back them up, then why should they spend their hard-earned time and energies working for the State. And they have left employment.

"We have said all along that we need to keep these workers. We need to support these workers. Mr. President, this is the time to stand up and do that right now and I ask all my colleagues to support this measure.

"Thank you."

Senator Matsuura rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this bill.

"Before I introduced this legislation, I asked the Attorney General for an opinion. As you know, two years ago when we dealt with the Attorney General, one of the things that came up in the public hearing was the fact that they did make a mistake early on on this Felix thing and they hired a law firm from the mainland who went around and told our principals and our special ed. teachers that they were personally liable. They admitted at the public hearing that that was a mistake and they came back again. Unfortunately, the perception within our teachers and principals and special ed. teachers was that they were personally liable.

"Originally when I first came in at the beginning of this Session, I requested from the Attorney General a written opinion since the principals and the teachers would not listen to me. They would say, 'I want to see it in writing.' So I requested from the Attorney General's Office an opinion specifically outlining what they have reassured me. The Attorney General has reassured me many times, even within the public hearing, that the principals and the special ed. teachers are not personally liable. I have made a written request of the Attorney General and I have yet to receive that. That's why I decided to sponsor this bill. If you were at the public hearing, I requested it again, 'Where is the written opinion?' Mr. LeMahieu said that if he were to receive the Attorney General's opinion, he would be more than happy to disseminate it throughout the schools. To this day, we have yet to receive that opinion.

"So that is why we need this bill, Mr. President. I urge my colleagues to vote for it."

Senator Sakamoto rose to speak in support of the measure as follows:

"Very briefly, Mr. President, this bill will help to change the fear, hopefully, to hope. This bill will help to change uncertainty where we are as a body for the teachers and others to know that we support them and that indeed there is hope and for them to regain faith that we can get beyond Felix."

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of the bill with reservations.

"It's too bad that we need this bill. We really shouldn't have this bill. The Co-Majority Leader was talking about events of various departments that have not done their job, have not been held accountable. And most of us that have been here remember when the Department of Education and others came before our various Committees and asked for the authority to go out and hire attorneys to protect the teachers because the Attorney General was not doing that, their department was not doing that.

"I would beg to differ with the Co-Majority Leader when he says that there's nothing that he can do as a Legislator. This is what the whole thrust of the Minority is saying today to you – when these agencies come here and ask you for more money, more personnel and you don't ask them what kind of job they've done, then tell them NO! That's what we can do. And that's our responsibility. We support the teachers and they are special, and particularly the special ed. teachers, and to leave them hanging out there is criminal.

"Thank you, Mr. President."

Senators Fukunaga, Ihara, Ige and Menor then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 654 was adopted and S.B. No. 823, S.D. 1, entitled: "A BILL FOR AN ACT RELATED TO LIMITED LIABILITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Chumbley, English).

Stand. Com. Rep. No. 656 (S.B. No. 1082, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 656 be adopted and S.B. No. 1082, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of the measure with reservations.

"I noticed that it was a joint hearing for this bill between Education and Labor and there was no testimony whatsoever presented for the bill. The bill talks about providing workers' compensation for school approved work based learning programs but again there's no amount. We don't know how much we're asking for or how much we're going to be liable for.

"So I support the idea that these individuals should be covered and these programs should be covered, but again, I urge my colleagues to get the numbers first. Let's have the numbers before we vote on them.

"Thank you."

Senator Hemmings rose and said:

"Mr. President, I rise to speak in favor and I wish the Clerk to record a reservation on my vote."

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 656 was adopted and S.B. No. 1082, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 659 (S.B. No. 1212, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 659 be adopted and S.B. No. 1212, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Mr. President, I rise to speak in favor of this bill with reservations.

"This is another well intended bill that transfers the duty of licensing public school teachers from the DOE to the Hawaii Teacher Standards Board and sets up an infrastructure to do so.

Essentially, it allows the teaching profession to be much like others, like CPAs, lawyers or doctors.

"However, if this bill becomes law in its present form, I have a concern about accountability. In the Ways and Means Committee report, amendments were passed that among other things would delete the requirement that the Teacher Standards Board report to the Governor and the Legislature. Obviously, that would create a lack of accountability. However, in the current S.D. 1, the specific language reads, 'an annual report to the Governor and the Legislature and the Board's operations will be submitted annually.' So which is it? Is the Standards Board accountable in regards to the licensing of teachers or not?"

"Thank you."

Senators Slom and Hemmings requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 659 was adopted and S.B. No. 1212, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 660 (S.B. No. 1215, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 660 be adopted and S.B. No. 1215, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against the bill and I'd like the Journal to reflect my comments on S.B. No. 584, S.D. 2, at the top of the page.

"This is paying twice for the same service. We should fix the system, not pay twice as much to have the same job done.

"Thank you, Mr. President."

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 660 was adopted and S.B. No. 1215, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO REHIRING RETIRED TEACHERS IN THE DEPARTMENT OF EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Hemmings).

Stand. Com. Rep. No. 663 (S.B. No. 1362, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 663 was adopted and S.B. No. 1362, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO COACHES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 664 (S.B. No. 1364, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 664 be adopted and S.B. No. 1364, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in strong support of this measure.

"When the Minority Caucus met to discuss priorities for this Session, number one on our list, and maybe number one on yours as well, was education and finding a way to help the teachers. We strongly support the need for helping those teachers improve themselves through continuing education and matters of professional development. In fact, we sent forward one of our caucus bills to do just that, and the elements of that bill are contained in this measure.

"We encourage your support for S.B. No. 1364, which appropriates funds for public school teachers who pursue professional development. We believe it goes a long way towards improving the quality of teachers and, more importantly, the quality of our children's education.

"Thank you very much."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 664 was adopted and S.B. No. 1364, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TEACHERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 665 (S.B. No. 484, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 665 be adopted and S.B. No. 484, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak in favor of the measure with reservations and stated:

"Mr. President, I wish to stand and speak with reservations in favor of this bill.

"I'm wondering if we're putting the cart before the horse and I realize the good Senators from the Big Island are concerned about this issue but so was the county government on the Big Island. I might quote an article from a recent issue of the Pacific Business News, 'Hawaii County has no deal with Brewer Environmental Industries,' who will be the recipient of this loan, 'and has not given approval for the company's plan,' says a gentleman named Andy Levin, legislative advisor to Mayor Harry Kim.

"So we're essentially giving \$25 million in special revenue bond money – which is a huge, huge asset because of the nature of special revenue bonds – to a company that has not been approved for the business we're giving the bond for. And so I believe this may be a good investment, but it may be premature also, so I have my reservations."

Senator Slom then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 665 was adopted and S.B. No. 484, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF

SPECIAL PURPOSE REVENUE BONDS TO ASSIST INDUSTRIAL ENTERPRISES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 666 (S.B. No. 540, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 666 be adopted and S.B. No. 540, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Fukunaga rose in support of the measure with reservations and stated:

“Mr. President, I rise to speak in support of this measure with some reservations.

“I note that in prior years, legislation of this type has been supported by this body. I would certainly want to continue that support, but I would just note from the Department of Taxation’s testimony that this measure does not contain very much specificity in that the provisions would be retroactive to 2000; the maximum amount of the credit is uncapped; virtually any structure will qualify for the credit, a commercial, retail, hotel, warehouse, or industrial facility; and there are no definitions for commercial district.

“I would urge my colleagues to remember or to consider the fact that we will be taking up legislation to eliminate the reductions in income taxes that we passed several years ago and in prior years this legislation has carried a rather hefty price tag. I believe the bills that we considered in ’99 and 2000 were in the range of about \$63 million.

“Thank you, Mr. President.”

Senator Chumbley requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 666 was adopted and S.B. No. 540, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 669 (S.B. No. 594, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 669 be adopted and S.B. No. 594, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to the bill.

“As you know, I have tried to be consistent over the last five years in voting ‘no’ on any bill that creates a new special fund. I believe that the Legislative Auditor, the Tax Foundation, other budgetary experts have pointed out to us year after year that the creation of special funds is not a good budgeting process. It does not allow us to have access to the information and availability to those funds. And as we’ve seen time and time again, some of these funds turn out to be not so special, because if there is a need for money, then the administration or others have raided the special funds, transferred them to the general

fund, or used them for purposes that they were not expected to be used for in the first place.

“In addition, this bill has a number of problems. It has a defective date. It has a number of additional surcharges. It’s supposed to be related to motor vehicle violators, but the purpose of the actual fund turns out to be one of educational nature, which again says to me that it should come out of the general fund if it’s worthwhile.

“So, for these and other reasons, I’ll be voting ‘no.’ Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 669 was adopted and S.B. No. 594, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO NEUROTRAUMA,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

At 12:04 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:07 o’clock p.m.

Stand. Com. Rep. No. 670 (S.B. No. 1106, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 670 be adopted and S.B. No. 1106, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak with reservations on the measure and said:

“Mr. President, I rise to speak with strong reservations.

“As I mentioned earlier, we’re obviously having some tremendous problems regarding Felix accountability and also that we are being driven by the fact that there is a contempt order that has been filed against the State this last year.

“I wanted to bring up one other point – we are labeling services ‘Felix’ when they do not necessarily qualify as ‘Felix’ services because they are not services only for children with a mental health diagnosis. For example, in this report from the DHS, this emergency appropriation is partly for a demonstration project that was not mentioned in any of the legislative update reports that this body received on the status of complying with the Felix consent decree. So how do we know that in fact this project is for ‘Felix’ class individuals and in any way associated with the Felix Response Plan? Further, if in fact this plan is necessary to comply with IDEA and Section 504 regulations, then why is the project only being extended until July 1, 2001? According to the consent decree, the State is supposed to be developing a system of services that will be maintained long after the final compliance date this year.

“Once again, I think we’re following the items and that we’re sending things into a black hole and we’re not exactly sure how the money is being spent.

“I will vote ‘yes’ because I know we have to appropriate some money, but with strong reservations.

“Thank you.”

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill.

"In summary, this continues to throw good money after bad, with no assurances that the system will be fixed. It's simply an emergency appropriation without addressing the underlying problems.

"Thank you, Mr. President."

At 12:11 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:13 o'clock p.m.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 670 was adopted and S.B. No. 1106, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE DEPARTMENT OF HUMAN SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Hemmings, Sлом). Excused, 2 (Menor, Nakata).

There being no objections, consideration of the following Senate bill was advanced for the purpose of considering a floor amendment being offered:

Stand. Com. Rep. No. 922 (S.B. No. 1029, S.D. 2):

Senator Taniguchi moved that Senate Rule 53, requiring floor amendments to be presented to the Clerk no later than 9:00 a.m. on the day of the session at which the amendment is to be offered, be suspended pursuant to Senate Rule 85, seconded by Senator Hanabusa.

Senator Taniguchi then said:

"Mr. President, I wish to offer a Floor Amendment to S.B. No. 1029, S.D. 2, and I'm requesting that the Rule requiring that Floor Amendments be first submitted to the Clerk by 9:00 a.m. be suspended."

The motion to suspend Senate Rule 53 was put by the Chair and carried.

Senator Taniguchi moved that Stand. Com. Rep. No. 922 be received and placed on file, seconded by Senator Hanabusa and carried.

Senator Taniguchi then offered the following amendment (Floor Amendment No. 5) to S.B. No. 1029, S.D. 2:

Section 1. Senate Bill No. 1029, S.D. 2, is amended by amending section 10 to read as follows:

"SECTION 10. Section 237D-6.5, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) Beginning on January 1, 1999, revenues collected under this chapter shall be distributed as follows:

- (1) ~~147.3~~ \$1,000,000 of revenue collected under this chapter shall be deposited into the state parks special fund established under section 184-3.4;
- (2) \$60,000,000 of the revenues collected under this chapter shall be deposited into the tourism special fund established under section 201B-11; and
- (3) Of the remaining balance:
 - (A) 24.0 per cent of the revenues collected under this chapter shall be deposited into the convention center ~~capital and operations special~~ enterprise

fund established under section ~~206X-10.5;~~ 201B- ;

~~(2) 37.9 per cent of the revenues collected under this chapter shall be deposited into the tourism special fund established under section 201B-11;~~

~~(3) 44.8(B) 64.0~~ per cent of the revenues collected under this chapter shall be transferred as follows: Kauai county shall receive 14.5 per cent, Hawaii county shall receive 18.6 per cent, city and county of Honolulu shall receive 44.1 per cent, and Maui county shall receive 22.8 per cent~~[-]; and~~

~~(C) The remaining balance shall be deposited into the general fund.~~

All transient accommodations taxes shall be paid into the state treasury each month within ten days after collection, and shall be kept by the state director of finance in special accounts for distribution as provided in this subsection.""

Senator Taniguchi moved that Floor Amendment No. 5 be adopted, seconded by Senator Hanabusa.

Senator Taniguchi noted:

"Mr. President, we discovered this morning that the draft of this bill did not reflect the decision made at the Committee. The amendments conform the bill to the decision made by having a number of amendments made."

The motion to adopt Floor Amendment No. 5 was put by the Chair and carried.

By unanimous consent, S.B. No. 1029, S.D. 3, entitled: "A BILL FOR AN RELATING TO TOURISM," was placed on the calendar for Third Reading on Thursday, March 8, 2001.

At 12:16 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:08 o'clock p.m.

Stand. Com. Rep. No. 671 (S.B. No. 1127, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 671 be adopted and S.B. No. 1127, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak on the measure and said:

"Mr. President, once again this is a Felix bill. I wanted to raise a couple of points here.

"First off, the Child and Adolescent Mental Health Division (CAMHD) existed and received funding prior to the Felix Consent Decree. However, sometime in the last six years . . ."

Senator Ihara interjected:

"Mr. President, is the speaker for or against this bill?"

Senator Hogue responded:

"I'm terribly sorry. I rise to speak with strongest reservations.

"Once again, there was funding prior to the Felix Consent Decree. However, sometime in the last six years, this division stopped serving the general public and has testified that 'all of our expenditures are for Felix kids.' This is a direct quote from Anita Swanson from the Felix briefing on January 4, 2001. In fact, the DOE was under the impression that there was a statute

in our Hawaii Revised Statutes which limited the population served by this division to be strictly Felix because the Department of Health has been so adamant that the only population they could serve, and do serve, is Felix.

"After research with the DOE, DOH, LRB, and my own staff, we have found that no statute exists. So the question again is raised, Are these monies truly an emergency appropriation for Felix? If in fact this division only serves Felix beneficiaries, then what has happened to the general population that previously received mental health services from the Department of Health? Have they all been turned away and forgotten?"

"I also add this point and I'm sure that many of you are aware of these figures. In the 1991-92 fiscal year, the appropriation for this division was only \$12 million. By 1995, which interestingly enough was post Felix, the amount was \$27 million. In 1999, after the 'plaintiff class' definition was changed, and in effect broadened, as stated in the Status Conference Report filed with the US District Court, the appropriation skyrocketed to \$105 million. Last year, they were appropriated \$109 million. Now they need another \$46 million.

"How much more will they want without accountability, Mr. President?"

The motion was put by the Chair and carried, Stand. Com. Rep. No. 671 was adopted and S.B. No. 1127, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE CHILD AND ADOLESCENT MENTAL HEALTH DIVISION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 672 (S.B. No. 1142):

Senator Taniguchi moved that Stand. Com. Rep. No. 672 be adopted and S.B. No. 1142, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Kanno rose for a conflict ruling as follows:

"Mr. President, I'd like to request a ruling on a possible conflict. I'm an employee of PACT (Parents and Children Together), which is part of the Healthy Start Network. Part of these funds will go to PACT. However, I'd like to note that none of my pay will come from these monies."

The President ruled that Senator Kanno was not in conflict.

Senator Hogue rose to speak with reservations on the measure and said:

"Mr. President, once again I rise to speak with strong reservations.

"In the most recent legislative report dated January, 2001, the Healthy Start Program and Early Intervention Services Program are not even mentioned in the report. It is interesting to note that the Departments of Health or Education do not provide data on the number of children serviced that are Felix or are potentially special education as identified or treated through the Healthy Start and Intervention Services Programs. The question, of course – Why not?

"The purpose of early intervention services and healthy start programs are not limited to the Felix class child. In fact, how can you even diagnose a newborn as being Felix unless the

child was autistic or suffered some type of mental retardation upon birth? These two programs offer many identifications, for example, high risk child abuse situations. That particular identification would not – would not – constitute a Felix child, yet this measure implies these programs only service Felix children.

"In the past fiscal year, the Department of Health was appropriated over \$17 million, which includes but is not limited to servicing the Healthy Start Program; and more than \$12 million more which includes but is not limited to servicing the Early Intervention Services. It is unfair to label this emergency appropriation in the name of Felix when both programs provide services not isolated to Felix children.

"Finally, are we calling the problems Felix and actually serving a larger population? We ask this question; so far we don't have an answer.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 672 was adopted and S.B. No. 1142, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR EARLY INTERVENTION SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 674 (S.B. No. 497, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 674 was adopted and S.B. No. 497, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE COMMISSION ON WATER RESOURCE MANAGEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 675 (S.B. No. 1161, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 675 be adopted and S.B. No. 1161, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise to speak in support of the measure with reservations.

"The objective of the bill, I think, is a worthy one – to cut down cost to the government making reporting and public notice for seized property only reportable if it exceeds \$1,000 in value (the current law is \$100). I have no problem with the publication part of it. I do have a problem with the growing amounts and availability of property that's being seized by the state government.

"There could be a way of seizing property that, in fact, is not even abandoned, because the definitions here, I think, are open to discussion where you would have various properties that would be 1,000 here, 1,000 there and could add up to a hefty sum. So my concerns are with the abandonment policies of the State.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 675 was adopted and S.B. No. 1161, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DISPOSITION OF ABANDONED OR SEIZED PROPERTY ON PUBLIC LANDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 679 (S.B. No. 45, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 679 be adopted and S.B. No. 45, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator English rose to speak with reservations on the measure and said:

"Mr. President, I rise with reservations on this bill.

"The livelihood of farmers, especially small farms, depends ever increasingly on the attention that we pay as a population to them. Mr. President, government should provide every measure of assistance to ensure the welfare of this priceless commodity, and this bill aims to do that. However, as worded, the unintended returns of this bill may preclude bona fide processes and complaints from moving forward. This is because the way the bill sets up the 'rebuttable presumption,' and this presumption works both ways.

"So, as it's worded, I'm registering my reservations because it works for farmers, but it could also work against them.

"Thank you, Mr. President."

Senator Ihara rose and said:

"I have reservations on this bill, Mr. President."

The Chair so ordered.

Senator Buen rose to speak in favor of the measure and said:

"Mr. President, I speak in favor of the bill.

"Your Committees on Agriculture and Judiciary supported this measure to amend the definition of farming operation to include silviculture.

"In the hearings, we heard there may be friction between farming and non-farming communities. The members, however, agreed that tree farms and other agriculturists have the right to continue their operations if they are conducted in a responsible manner.

"Current law unfairly shifts the burden on the farmer to prove his farming operation is not a nuisance.

"Farming is an honorable profession and a way of life. I ask my colleagues to support agriculture, support this measure.

"Thank you."

Senator Fukunaga rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of this measure with reservations.

"My reservations are directed towards the deletion of the language which now makes it unclear as to whether new farming operations would also be covered under this measure.

"Thank you."

Senator Matsunaga requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 679 was adopted and S.B. No. 45, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FARMING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 680 (S.B. No. 640, S.D. 1):

On motion by Senator Kanno, seconded by Senator Matsuura and carried, Stand. Com. Rep. No. 680 was adopted and S.B. No. 640, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Ihara, Matsunaga).

Stand. Com. Rep. No. 681 (S.B. No. 643, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 681 be adopted and S.B. No. 643, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hemmings rose to speak in favor of the measure and said:

"Mr. President, I rise to bark in favor of this bill.

"Seriously, this is a wonderful bill. We all know the role dogs play in our society. They're used to console the elderly and the frail; they're used to assist the handicapped; and they're even used in hospitals to console the sick, the infirmed, and the dying.

"Unfortunately, in our society there are owners who are irresponsible, and vicious dogs pose a problem. This is a great minority of people in the dog-owner world, but nevertheless, they're there. Unfortunately, we have laws that restrict a dog's access to many public areas. We definitely need to increase access to beaches and parks with a reasonable leash law. Having said that, this bill will lead the way to having dogs more welcomed in our society and our lives by making irresponsible owners responsible for their vicious dogs.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 681 was adopted and S.B. No. 643, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DOGS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 682 (S.B. No. 94):

On motion by Senator Kanno, seconded by Senator Matsuura and carried, Stand. Com. Rep. No. 682 was adopted and S.B. No. 94, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 683 (S.B. No. 197, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 683 be adopted and S.B. No. 197, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley rose to speak in opposition to the measure and stated:

“Mr. President, I rise to speak in opposition to this measure.

“Colleagues, on the face of it, S.D. 2 really doesn’t look too harmful. There’s only one paragraph – 7 lines, 66 words. In fact, the rationale behind the bill is good – to ensure that our students and teachers are given the opportunity to both learn and teach in a safe environment that’s free of violence, threats of violence, or disruptions. However, this bill sets BAD PUBLIC POLICY as it no longer protects the juvenile’s right to privacy and is contrary to why juvenile records are sealed in the first place!

“This bill does absolutely NOTHING. By leaving this bill in the ‘permissive’ tone of voice (i.e., MAY), the family court is not obligated to turn over any information on an adjudicated juvenile. In addition to that, the courts are given another ‘out’ in that the court has to believe that such written notice is necessary for the rehabilitation of the minor or to protect students and staff members. There are two outs right there.

“This bill also lacks a formal structure or clear definition of ‘rehabilitating the minor’ or what’s needed to ‘protect students and staff’ for the courts to follow.

“Lastly, the bill does not provide adequate SAFEGUARDS to insure that once the district superintendent or chief administrator receives the written notice from the court, if it so chooses because it already has two outs, that the information, in fact, be kept private and only those who have a ‘need to know’ are given the information. This is not the way to deal with safety and violence-free place in our schools.

“I believe that our juveniles have a right to privacy and this bill would turn that topsy-turvy. Therefore, I urge you to vote ‘no.’”

Senator English rose to speak in opposition to the measure and stated:

“Mr. President, I rise to voice my ‘no’ vote on this bill.

“Mr. President, as the previous speaker stated, there’s some interesting problems with this, but I have to say that in the hearing on this bill we discussed some of these problems. We have not found a way to protect the rights of privacy of the minors involved. That is my primary concern and objection to this bill, in that we will be going contrary to establish policies of protecting the privacy of juveniles by this method because there’s no control on what happens to the record once it goes to the Department of Education.

“Thank you, Mr. President.”

Senator Sakamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in support of this measure.

“Your Senators from Maui have raised some good points, and in the Education Committee we have toned down some of the measures in the bill because of some of those concerns. However, at the same time, this bill was introduced because last year the family court failed to develop necessary procedures to notify schools when adverse action or adjudication against the minor resulted.

“So, Mr. President, the advocates of this measure from the public and private schools, over the past two years, have overwhelmingly expressed their support for the intent of the bill. Passage of this bill would enable the schools to initiate appropriate and timely responses to maximize the safety of educators and their students. It would also enable educators to initiate the appropriate services and support to assist in the rehabilitation of adjudicated students. However, the family court has opposed this measure because of fiscal implications, as well as technical reasons.

“Mr. President, notwithstanding those objections at the hearings this year, the family court did indicate their desire to collaborate with the DOE in developing the necessary procedures to implement the intent of this legislation. Based on this commitment and the procedures to protect the confidentiality of minors, I therefore request my colleagues to cast a ‘yes’ vote on this critical health and safety measure.

“Thank you.”

Senators Ihara, Matsunaga, Ige and Hanabusa then requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 683 was adopted and S.B. No. 197, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO JUVENILES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Chumbley, English, Fukunaga).

Stand. Com. Rep. No. 684 (S.B. No. 720, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 684 be adopted and S.B. No. 720, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chun requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 684 was adopted and S.B. No. 720, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PROHIBITION OF DISCRIMINATION BY PUBLIC ENTITIES TOWARDS INDIVIDUALS WITH DISABILITIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 687 (S.B. No. 447):

Senator Kanno moved that Stand. Com. Rep. No. 687 be adopted and S.B. No. 447, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

"This bill actually is an attack on private, mandatory arbitration agreements in private employment contracts. We had testimony, however, from the Hawaii Civil Rights Commission that parties to a mandatory arbitration agreement cannot waive or diminish the Commission's law enforcement jurisdiction or powers.

"The bill itself is very broad. It appears to be anti-business and it appears to directly contradict the Hawaii Supreme Court case *Brown v KFC*. It raises a number of constitutional issues, particularly with existing contracts, because mandatory arbitration agreements within private employment contracts have been upheld as viable and legal without anybody giving up rights.

"So for these reasons, I urge a 'no' vote. Thank you."

Senator Matsunaga requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Hanabusa rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support of the measure.

"Mr. President, in all matters of employment, especially when one is asked to enter into an employment contract, the issue that this bill addressed is whether as a condition of hiring one must agree to binding arbitration.

"What this law simply does is prohibit an employer from requiring mandatory arbitration, which then may not waive certain rights, but definitely will waive every other right in terms of a resolution of any dispute between the employee and the employer. If the employee chooses to enter into such an arbitrated resolution of his or her dispute with the employer, so be it. But to make it as a condition of employment, what we must look at is who has the bargaining power. Is the employee in the same position as the employer in entering into that agreement? And of course, the answer is no.

"That is why this bill is entered here with the hopes that what everyone would realize has a condition of employment. An employee should not be required to waive any other legal process and to opt for arbitration.

"Thank you, Mr. President."

Senators Chumbley and Sakamoto then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 687 was adopted and S.B. No. 447, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT PRACTICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 689 (S.B. No. 729, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 689 be adopted and S.B. No. 729, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"Mr. President, this bill is unfair to business. It disturbs the balance between employers and employees. Current employment laws in the State of Hawaii, and also federally, protect the employee from wrongful termination. What this bill does is allow a suit to be brought to stop an employer from hiring outside, permanent help during any labor dispute.

"Also, the bill provides that if there is legal action by the employer, and even if the employer prevails, the employer will not be able to recover attorney's fees and costs.

"And finally, the employer is prohibited from permanently replacing any employee. It disturbs the managerial responsibility and accountability, so I urge a 'no' vote.

"Thank you."

Senator Chun rose in support of the measure with reservations and stated:

"Mr. President, I stand in support of this bill with reservations.

"Mr. President, this bill attempts to basically provide certain rights of employees that are provided by the National Labor Relations Act but are not provided for in the State of Hawaii Labor Relations Act.

"In regards to the concern raised by the Honorable Senator from Hawaii Kai in regards to the removal of employees for participating in a labor dispute, the National Labor Relations Act already provides that the employees who are lawfully engaged in a protected activity cannot be fired from their position for engaging in such activities. The intent of that provision is, of course, to allow that same kind of action for Hawaii employees. I believe the intent is there; it was worded so that the protection is only there for employers that are under the NLRA. That does not include all the employees here in Hawaii.

"I believe that this bill, as it goes further, should be amended to provide that protection to all employees and not just employees under NLRA. I don't believe it is fair for an employer to fire an employee just because they're participating in a strike or participating in any concerted labor activity. That is not allowed under the federal law. It should not be allowed under our state law either.

"For those reasons, I do support this bill."

Senator Ihara requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 689 was adopted and S.B. No. 729, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LABOR DISPUTES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Chumbley, Hemmings, Hogue, Ige, Slom).

Stand. Com. Rep. No. 691 (S.B. No. 160, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 691 be adopted and S.B. No. 160, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senators Chumbley and Kim requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 691 was adopted and S.B. No. 160, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SPEEDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 692 (S.B. No. 164, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 692 be adopted and S.B. No. 164, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"Mr. President, I certainly appreciate the concerns for safety and the concerns for the Legislature in protecting our keikis. But you know what? We're requiring helmets on just about everything and everybody at every stage of life here.

"We have not required helmets for motorcycle riders and we've not required helmets for Legislators as yet. We're doing this because we say that the parents are not responsible enough to take care of their own children. Yet when the parents ask for parental notification in something that involves the life and death of their children, then the Legislature is really fast to say 'no we're not going to give the parents that right, but we will put helmets on.'

"So I rise in opposition because unless we're fully prepared to really take care of our keiki, I think for example, that every child at birth should be issued a helmet . . . no, no, Mr. President, I'm sorry, I think that we should do it before birth because coming down that birth canal is really risky business and very serious. And if we're not really prepared to take care of our children and have helmets on at all times, then I think we should reject this bill, Mr. President.

"Thank you very much."

Senator Kawamoto rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this bill.

"Mr. President, this is a Keiki Caucus bill. The reason for Keiki Caucus is the safety and well being of our young people. Again, adults can do what they want to do, but our young people we need to keep them safe so they can live a long and normal life.

"So I urge my colleagues to support this bill. Thank you."

Senator Hemmings then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 692 was adopted and S.B. No. 164, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TOY VEHICLES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hogue, Slom).

Stand. Com. Rep. No. 694 (S.B. No. 211, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 694 be adopted and S.B. No. 211, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"I think again this is one of those bills where maybe the intent is good if we're always trying to lower the bar and trying to pass legislation for the least responsible within our community. But there are many responsible teenagers and there are many reasons why these teenagers might be out on the road past 11 o'clock p.m.

"Also, if we're looking at neighbor islands, where we have greater distances, I think it makes it also problematic that we're going to be able to enforce this law. So while I think the objective may be good, I think the reality is that it is unenforceable and it's not a good bill as presently stated.

"Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I stand in opposition to this measure. The reason, Mr. President, as I've consistently stated over the years, is that those of us on the neighbor islands do not have the public transportation that those of you on Oahu do, and therefore it's going to create some additional burdens to young drivers on the neighbor islands.

"So I will be voting 'no.' Thank you."

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, again, in the interest of safety, interest of our young people, our concern is safety, safety driving. This bill provides the capability of, if you have a job, to go to and from the job with an excuse or letter from your employer.

"But this bill here, again, in the last few years we've seen it at Kipapa Gulch, we've seen it in Kauai, we've seen it in different places on the neighbor islands – night driving is something that you cannot play around with. It appears that when the sun goes down, the activities or the hormones of young people are such that the activity of driving fast, racing cars becomes a factor.

"So I urge my colleagues, for the safety of our young people, to pass this bill."

Senator Slom rose in response as follows:

"Mr. President, I must respond to the good Senator from God's country. I don't know what the hormones are like in Waipahu but . . .

"Again, what we're doing is a broad brush legislation in treating everybody the same and not making responsible choices for responsible individuals of which the vast majority of young people are. So I think if we're going to look at responsibility and we're going to look at freedom, then we can't be passing legislation like this, hormones or not. Maybe it belongs in a medical measure, I'm not sure.

"Thank you."

Senator English rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this bill. Being the youngest Senator here, I have to speak for the young generation.

"Mr. President, when we allow our youth to obtain driver's licenses, we give them parity with the rest of society. We're saying that you can drive on the roads. We're saying that you can freely move about. But what this does, it sets forward an 11:00 p.m. to 5:00 a.m. curfew. I'm thinking of, frankly, the rural areas of Hawaii – my districts in Maui and my homeland in Hana – where people have to travel very early and very late to get to and from work and to get to and from different places. This creates a very undue burden on the younger generation.

"Now, Mr. President, if you combine this with the effects of S.B. No. 1599, S.B. No. 1514, S.B. No. 1606, and S.B. No. 1600, then what you have is a situation where a police officer could possibly pull over someone driving at say 11:30 in the evening and try to ascertain their age. If they're unable to do so or thinks that the person is lying to them or misleading them, they can arrest them and may look at them and say 'Well, gee, you look a little bit tired, maybe you're under some drug. We're going to order a drug test right now.' And, by the way, caffeine is defined as a drug under some of these bills. So if you combine all of this, Mr. President, this is simply bad legislation.

"Thank you."

Senator Kawamoto rose to respond as follows:

"Mr. President, I just want to rise to make a couple of statements.

"Number one, the strong advocates of this bill is Youth in Action. These are the young people that are part of the MADD program. They are the Youth in Action and they came out and asked for this bill. They've been asking for this bill for the last three years and we're able to pass this bill. I think it's a bill not only for young people or the safety of young people, but also for the general public.

"Again, when you go down to places like Kipapa Gulch and especially on the neighbor islands when you have two-way highways where you don't have divided highways, the chances of getting into a major accident is very great. The fact is that not only do you take away lives of young people, but it could also be some adults.

"So I urge my colleagues to vote 'aye.'"

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill.

"We're continually asked to make decisions based on priority, and I want to address this issue with a question, a rhetorical question or sorts: Does this bill prevent a 16-year-old female from being sexually exploited by an adult male?"

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill, respectfully.

"I have four children. Two of them are teenagers. One of my teenagers will be reaching her 18th birthday here very, very

soon. It sounds like from this particular bill that if she works past 11:00 down at Roundtable Pizza, she'll have to bring a note, and apparently that will be okay. But then if she wants to go out with her friends and get a Coca-Cola over at Zippy's after 11:00 at night, then she's going to get pulled over by the police, potentially arrested and then have a record for the rest of her life.

"I believe in my daughter. I have taught her to be responsible. I ask all of my colleagues to do the common sense thing here and vote 'no' on this well-intended bill.

"Thank you."

Senators Taniguchi, Kim, Kokubun, Nakata, Fukunaga, Chun, Matsunaga and Hanabusa then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 694 was adopted and S.B. No. 211, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE DRIVER LICENSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 7 (Chumbley, English, Hemmings, Hogue, Ige, Ihara, Slom).

Stand. Com. Rep. No. 698 (S.B. No. 1341, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 698 be adopted and S.B. No. 1341, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hogue rose in favor of the measure with reservations and stated:

"Mr. President, I rise to speak in favor of this bill with some reservations.

"The purpose of this bill sounds pretty good and this may be rather innocuous, but if you're a young man from Hawaii and you're obtaining or renewing your driver's license, then you'd better make sure you've registered for the draft. If you didn't, you won't get your license. Now, the law also makes sure that the license information is forwarded to the selective service.

"The problems here seem to be a conflict of authority between the feds and the states or counties. Why should we here locally do the federal government's work for them without compensation? In fact, that was brought up in the committee report. It's one thing to help the feds; it's another thing to make sure that they will fully fund us.

"I'm sure we are all cognizant of the word Felix. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 698 was adopted and S.B. No. 1341, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNITED STATES SELECTIVE SERVICE SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 699 (S.B. No. 1603, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 699 be adopted and S.B. No. 1603, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley rose to speak in opposition to the measure and stated:

“Mr. President, I rise to speak in opposition to this measure.

“Mr. President, over the previous years as Judiciary Chair, we tried to look at these issues very carefully. And there are some continuing concerns I have with regards to this.

“This morning on the way in to work, I stopped at Longs and picked up some Sudafed because I feel a little bit of a cold coming along. Under this bill, these Sudafed may be included under 291-7 as a schedule I through IV drug. Therefore, if I take too many Sudafeds, I could get in trouble and get arrested for driving under the influence of drugs. I don’t think that’s our intention, Mr. President. I think that we really want to go after those who abuse the situation and those who are truly using the schedule I and schedule II drugs.

“So as the Committees continue to look at this, I would just ask that the Chairs be aware that there’s an unintended consequence to this bill and that you proceed cautiously.

“Thank you.”

Senator English also rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

“Mr. President, looking at this, I believe that this bill may go contrary to HIPAA (Health Insurance Portability and Accountability Act), the federal medical privacy laws, and including our own privacy laws because this requires healthcare providers to report blood and urine test results to law enforcement officials. So we have to be very cognizant on the policies that we set, and this may go contrary to federal policy.

“Thank you, Mr. President.”

Senator Hogue rose to speak in opposition to the measure as follows:

“Mr. President, I rise to speak in opposition to this bill – another flawed bill that started out with good intentions.

“The purpose is to make sure that after a traffic collision, doctors, hospitals, or any other healthcare providers report to law enforcement officials the results of blood or urine results. I’m all for public safety and I’m sure that all of you are as well. Who doesn’t want to help the police and make the roads a better place? But this bill may also have major privacy concerns.

“I think we need to ask the question, What about the doctor/patient relationship issue? If one of our esteemed Legislators, perhaps the Senator from Maui, took too much Sudafed and had himself a minor traffic accident while under the influence, would he be afraid to go to the doctor for fear of being reported to the police? Just wondering. This may, as has been brought up before, be a case of what is known as the law of unintended consequences.

“Please vote ‘no.’ Thank you.”

Senator Ihara then requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 699 was adopted and S.B. No. 1603, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ALCOHOL, DRUGS, AND HIGHWAY SAFETY,” having been read throughout,

passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Chumbley, English, Hemmings, Hogue, Ige, Slom).

Stand. Com. Rep. No. 700 (S.B. No. 1137, S.D. 1):

On motion by Senator Kanno, seconded by Senator Matsuura and carried, Stand. Com. Rep. No. 700 was adopted and S.B. No. 1137, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CRIMINAL PENALTIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 702 (S.B. No. 1166):

Senator Kanno moved that Stand. Com. Rep. No. 702 be adopted and S.B. No. 1166, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose in support of the measure with reservations and stated:

“Mr. President, I speak in support with reservations on this bill.

“The present penalty structure here says ‘not more than,’ and we’re changing this to say ‘not less than \$1,000 penalty.’ We have no ceiling for the amount of penalty and I’m always disturbed when we put in either blank amounts or we don’t have any ceilings because we don’t know what those limits are and we’re leaving them up to administrative law rather than legislative action.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 702 was adopted and S.B. No. 1166, entitled: “A BILL FOR AN ACT RELATING TO PENALTIES FOR THE STATEWIDE TRAIL AND ACCESS PROGRAM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 706 (S.B. No. 1102, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 706 be adopted and S.B. No. 1102, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hanabusa rose to speak with reservations on the measure and said:

“Mr. President and colleagues, it is with great difficulty that I rise with reservations against this bill. I say against this bill because if this bill was anything but sponsored by our colleagues in the House through their Hawaiian Caucus, I would probably have asked that this bill not make it this far and be held in Committee.

“Colleagues, as you know, the Senate last year took the lead on Rice v Cayetano and we took hearings, seven of them, throughout the State. At that time, we heard from many, especially our Hawaiian constituents and how they felt about the impact of Rice v Cayetano and how they felt threatened about their entitlements. We could not assure them that their entitlements would remain in place and that in fact Rice v

Cayetano was only a 15th amendment issue, thereby affecting their right to vote or having a Hawaiian only right to vote for the trustees of OHA.

"Soon thereafter, we have now been faced with the Barrett v State of Hawaii case and the Carroll v Nakatani case. These are the entitlement cases. These are brought under the 14th amendment.

"I have said that OHA and DHHL are two separate entities. They're created differently. As we all know, DHHL is a creation of the Hawaiian Homes Commission Act of 1920, OHA is our creation by way of our Constitutional Convention. And of course, we have codified both of them. DHHL is different because of the fact that we have assumed that public trust responsibility pursuant to our Admissions Act, where in OHA, what we did was part of the 5(f) obligations, we created OHA basically lateral to them.

"The reason I have difficulty with this bill and I've chosen to speak with strong reservations is because I want it in the Senate Journal that the intent of us, this Legislative body, if we passed a bill out, or at least for myself, is that it not be construed in any way of encouraging State action or acting as a state to affect the Hawaiian Homes Commission Act as it now stands. I understand and empathize with both DHHL, SCHHA, and all the beneficiaries who want to have self-governance and who want to have some type of legislative act which says 'yes, they have self-determination' – a criticism that you will find in the Rice v Cayetano decision and the majority of the Supreme Court Justices. But what this bill does is it sort of does it backwards. It has it by way of a State action by our bill, and then we send it to Congress and we hope that Congress does not disapprove. It is not the same as the direct congressional action that created the Hawaiian Homes Commission Act of 1920. It is for that reason that I cannot really support the bill, but it is because the caucus as well as members of the Hawaiian homes beneficiary class, and many of them are seeking it, that I do it just with reservations.

"What I would like to have is some showing among all of us that it is not our intent to undermine the Hawaiian Homes Commission Act and that specific mandate from Congress, and that we do not have either plaintiff, Barrett or Carroll, using any bill that we may pass in this Legislature as an indication of, in fact, State action and State control, thereby saying that the 14th amendment is applicable to that group.

"Thank you, Mr. President."

Senator Matsuura then requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Chun rose to speak in favor of the measure and said:

"Mr. President, I stand in favor of this bill.

"Mr. President, I appreciate the comments made by the Honorable Senator from Waianae. They are, of course, comments that are really focusing on the Barrett and Carroll case and whether we should do anything at this point in time to address those cases.

"This is a difficult issue, and I agree with the statements that we should not do anything that would jeopardize, basically, OHA or DHHL.

"I do support this bill primarily because of the reason that it is a bill that originated from the native Hawaiian community, especially the beneficiary class. It's a bill that they suggested and that they wanted to do to allow them to begin the process of

self-governance, to allow them in the process of basically establishing themselves as a separate trust entity.

"Mr. President, it is correct that we do not want to get unduly involved in State action with DHHL or the beneficiary class, but this bill, I think, does what it intended to do, and that is to allow them to go forward from here. The State is not the moving party in this bill. It is the beneficiaries themselves. As the beneficiaries, we should give them their due respect and their due acknowledgment that if it is something that they think that they need to go beyond these laws and to really start the process of self-governance, that government should support that intent.

"Finally, Mr. President, I know there is a concern of how this bill would impact the ongoing case of Barrett. I've had discussions with the attorneys hired by DHHL, and it is their feeling that this bill would not impact, in fact, that this bill could help them in their case to show that the beneficiaries themselves are taking charge of their own affairs.

"So, Mr. President, I stand in support of this bill. I believe the comments that are raised today are valid, but I think we should go beyond and the State should show that it really does support initiatives, initiatives by the native Hawaiian community.

"Thank you, Mr. President."

Senator English rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of the bill with strong reservations.

"Mr. President, as the only Hawaiian in the Senate and as a member of the Hawaiian Caucus, I'm going along with this. But my reservations are very similar to that of the Senator from Waianae in that we are in a very precarious situation. And once we start trying to change and amend the Hawaiian Home Lands Act and ask Congress to do this, we change the terms of engagement, which is the basis that all these lawsuits are coming from.

"Mr. President, I firmly believe in the law of unintended returns. And something that seems very nice like this, which is to say that we are allowing non-natives to receive lands, descendants of Hawaiians to receive lands, and also that we allow for self-determination on the Hawaiian Home Lands, we may be opening a door and we may be amending the Act asking Congress to disapprove this (which is the action they would have to take, if not, it goes into effect). It could, Mr. President, just could, lead to the downfall of the Hawaiian infrastructure in Hawaii – the Hawaiian trusts, Article XII of our Constitution – and for me that is too much of a risk.

"So I have very strong reservations, but as a member of the Hawaiian Caucus, I will support this moving forward. Thank you."

Senator Chumbley rose in support of the measure with reservations and stated:

"Mr. President, I rise to speak in support of the measure with reservations.

"Mr. President, my gut feeling is that all of us should be very concerned. In fact, we should have significant opposition to this measure. However, the native Hawaiian beneficiaries from my district have called and also asked that I support this measure. And I do it out of respect for them, but urge caution

because I think that this could lead to significant consequences that those native Hawaiian beneficiaries have not taken the time to fully understand.

“Thank you.”

Senator Nakata rose and said:

“Mr. President, I will be voting with reservations.”

The Chair so ordered.

Senators Kim, Matsunaga and Hogue then requested their votes be cast “aye, with reservations,” and the Chair so ordered.

Senator Buen rose and said:

“Mr. President, support with reservations.”

The Chair so ordered.

Senators Ihara, Chun Oakland and Kokubun also requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 706 was adopted and S.B. No. 1102, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAIIAN HOMES COMMISSION ACT, 1920, AS AMENDED,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1100:

Senator Kanno moved that S.B. No. 1100, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hanabusa rose to speak with reservations on the measure and said:

“Mr. President, my colleague from Kauai has asked me to just say ‘ditto.’ In essence, that is exactly what I’m going to do. I’d like to have my comments incorporated but I will add the following:

“The strong reservation almost nearing opposition that I have to S.B. No. 1100 is because we are specifically tinkering with the issue of blood quantum and we are increasing it. The Rice v Cayetano case, if anything, has called attention and should have sent up the red flag when we talk about blood quantum. This is, in my opinion, not a necessary action at this time.

“Again, my concern is that as we, the State, start to do this, we have here a race-based preference in the sense of a blood quantum one that is not clearly linked to the beneficial class. Let us not forget that in the Hawaiian Homes Commission Act the beneficial class is 50 percent plus blood quantum. The commissioners are being identified as 25 percent. And if you read the Rice v Cayetano case, one of the criticisms that the Supreme Court had was the fact that our voting class and our beneficial class were not identical. This is almost along those same lines.

“Again, I believe that we may be jeopardizing at least the Hawaiian Homes Commission and the Act that has given that specific entitlement. And for that reason, I have strong reservations about doing anything until such point in time that either the Akaka bill makes it through or at least we have a determination on the Barrett and the Carroll cases.

“So again, I ask that my colleagues, if they support this measure, please do so with reservations. Thank you.”

Senator English rose in support of the measure with reservations and stated:

“Mr. President, I rise to support this measure with strong reservations.

“Instead of taking up time, Mr. President, I’d like the remarks of the Senator from Waianae to be entered as mine as well.”

The Chair so ordered.

Senator Chumbley rose with reservations on the measure and said:

“Mr. President, my same reservations from the previous bill also apply to this measure.

“Mr. President, my gut feeling is that all of us should be very concerned. In fact, we should have significant opposition to this measure. However, the native Hawaiian beneficiaries from my district have called and also asked that I support this measure. And I do it out of respect of them, but urge caution because I think that this could lead to significant consequences that those native Hawaiian beneficiaries have not taken the time to fully understand.

“Thank you.”

Senators Matsuura, Matsunaga, Kim, Ihara, Hogue, Nakata, Buen, Kokubun, Chun Oakland and Taniguchi then requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1100, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAIIAN HOMES COMMISSION ACT, 1920, AS AMENDED,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 999:

Senator Kanno moved that S.B. No. 999, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose in support of the measure with reservations and stated:

“Mr. President, I rise in support with reservations.

“I was confused by this bill because I didn’t realize that there was a major problem running around to be attorneys. I know that many try to be used car salespeople or coaches, but I didn’t know that they were trying to be attorneys.

“The bill is based on the fact that the Committee finds that the unauthorized practice of law is a very serious problem. The Committee also said lawyers are held to a high degree of care in representing their clients needs and are subject to malpractice suits for breaching their duty. Aside from outright fraud – where someone represents himself or herself as an attorney, in which case we have existing law to take care of this – I think that this bill is aimed more at those people who give legal assistance without pretending or fraudulently trying to

misrepresent themselves, and I think there's a great need in the community.

"I'm also worried, Mr. President, that we in the Legislature may be guilty of the unauthorized practice of law. So I come at this bill with reservations.

"Thank you."

Senator Matsunaga then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 999, entitled: "A BILL FOR AN ACT RELATING TO THE UNAUTHORIZED PRACTICE OF LAW," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1367:

Senator Kanno moved that S.B. No. 1367, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"Members, while I may have supported determinate sentencing in the past, I believe that many of us have made a philosophical change and a shift to try to do more drug treatment and substance abuse counseling.

"This doubling of the mandatory minimum for crystal meth just goes too far and I don't see the real need to double it. It's tying the hands of the court and the judges who have the best ability to determine the facts of the case and make the decision.

"It's for those reasons I oppose this measure. Thank you."

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I support the bill with reservations.

"I heard the argument of my colleague from Maui, Kauai, and the oceans in between, and I think that part of the problem here is we keep sending conflicting signals – whether we want incarceration and enforcement of tough laws or do we want drug treatment – and we're trying to go back and forth. I think the one-year minimum that's currently in effect for crystal meth, some people argue, has been effective. Others argue that it's not. I think there is a general consensus that mandatory minimums are now less effective in reducing drug-related crimes.

"So I'll support this with reservations."

Senators Hanabusa, Hogue, Hemmings, Chun Oakland, Chun, English, Buen and Ige then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1367, entitled: "A BILL FOR AN ACT RELATING TO DRUG OFFENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Chumbley, Fukunaga, Matsunaga).

Stand. Com. Rep. No. 719 (S.B. No. 1068, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 719 be adopted and S.B. No. 1068, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Mr. President, I'm rising to speak in favor of this bill with reservations.

"You have to follow the logic of this one. This one is kind of an odd bill that has been researched by my staff, and I appreciate their very good research.

"We have several bills this Session trying to bring us into compliance with a federal law called the Gramm-Leach-Bliley Act. This bill is one of them. According to the legal staff of the Insurance Commissioner's Office, Gramm-Leach-Bliley says that unless 29 out of 56 jurisdictions (those are the 50 states plus 6 others) 'voluntarily' inflict these regulations upon themselves by November 12, 2002, the federal government will step in and inflict these rules upon all 56 jurisdictions and strip every one of them of the right to self-regulate themselves.

"These rules are not something that states were clamoring to enact before the feds tried to foist them upon us. Nobody really wanted every single one of these bureaucratic regulations, but insurance commissioners across the nation are telling legislatures all over the place that if we don't act now, the feds will step in next year and effectively take over.

"The kicker, though, is that unless Hawaii is exactly the 29th jurisdiction needed to enact these rules, then we've done this to ourselves in vain. That may sound extremely odd, but we have double- and triple-checked this fact directly with the Insurance Commissioner's Office here. If we enact these Gramm-Leach-Bliley rules and less than 28 other jurisdictions do so, the feds will step in anyway. If we enact these rules and more than 28 other jurisdictions do so, the feds will leave everyone alone for the time being. So, unless exactly 28 other jurisdictions decide to inflict all these rules upon themselves, our compliance is not needed.

"I know this all sounds extremely bizarre, but that's how it works, and so I vote in support with reservations. Thank you."

Senator Chun rose in support of the measure and said:

"Mr. President, I stand in support of this measure. I note that the honorable Mr. Gramm is a Republican and thank you for inflicting those measures upon us."

Senator Slom rose and said:

"Infliction or not, reservations please, Mr. President."

Senators Hemmings and Ige then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 719 was adopted and S.B. No. 1068, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PRODUCER LICENSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 721 (S.B. No. 127, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 721 be adopted and S.B. No. 127, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

“Mr. President, I rise to speak against this bill.

“To make a long story short, Mr. President, DAGS is broke. We’re really throwing money at a specific problem. We might fix the lavatories while the roofs are falling down on our children’s heads, and we all know the horror stories from our schools because I think each and every one of us have taken the time to visit our schools and talk to the principals and teachers that are dealing with broken down facilities.

“Six-hundred-forty million dollars is the alleged backlog of repair and maintenance work that has to be done on our schools. The question once again is, before we solve the problem we have to ask the reason why. And that’s not blame – it’s responsibility.

“In visiting schools in my district, I found one building was painted to the tune of \$210,000 by DAGS. The taxpayers paid that amount. The principal took the time to go to a private contractor who happened to be a friend of his and he said he probably could have painted the same school for between \$70,000 and \$90,000. There was an ADA access ramp built at a school in my district that was bid out by DAGS as a \$21,000 expenditure. It was built for \$7,000 by a principal because they happened to be a charter school and didn’t have to go through DAGS to get the job done.

“Representative Jaffe, the good Representative from the Kaimuki district in town, in the House of Representatives had DAGS come out and take a look, along with the school principal, at a cracked sidewalk. They have some sort of rule regarding cracks in sidewalks as far as liability goes. I think the figure was if it’s over 3/8 of an inch wide, they’d have to fix it because of liability reasons. Well, DAGS did a good job of fixing the portion of the sidewalk that was cracked more than 3/8 of an inch and left the rest unrepaired. This is the type of lunacy that is going on in DAGS. The procurement laws are such that DAGS oftentimes takes three times as long and costs three times as much to get a job done.

“So you want to find money to give pay raises to teachers, you want to find money to give a refund to the taxpayers – hold DAGS accountable. If what I’ve just demonstrated with specific examples holds to the whole system, a \$640 million bill to fix our schools could probably be paid for with about \$400 million of money spent directly by the principals.

“There is a solution to these problems – give the money to the principals, give the principals the right and the responsibilities that go along with it to bid out the process themselves in their schools as they need, and give them protection from the procurement laws that have oftentimes bogged down the process and end up driving up the cost, Mr. President. You see, there are common sense solutions to many of our problems that don’t require money being thrown at them.

“DAGS is broke! Let’s fix it. Thank you, Mr. President.”

Senator Slom rose in support of the measure with reservations and stated:

“Mr. President, I rise in support of the bill with reservations.

“I support the bill because the situation with the lavatories at the many schools is deplorable. But I note that when this bill passed out in an earlier version from the Education Committee, there was a statement directing the Superintendent of Education to enforce the rules of school health and safety, and I do not see that language in the present draft. I think that’s extremely important.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 721 was adopted and S.B. No. 127, S.D. 2, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE IMPROVEMENT AND MAINTENANCE OF STUDENT LAVATORIES IN ALL HAWAII PUBLIC SCHOOLS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Hemmings).

Stand. Com. Rep. No. 722 (S.B. No. 505, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 722 was adopted and S.B. No. 505, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 726 (S.B. No. 1211, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 726 be adopted and S.B. No. 1211, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 726 was adopted and S.B. No. 1211, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO SCHOOL FACILITIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 728 (S.B. No. 535, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 728 be adopted and S.B. No. 535, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Buen.

Senator Sakamoto rose to speak in support of the measure as follows:

“Mr. President, I’d like to speak in support of this measure.

“This measure establishes a risk management program in the Department. On one hand, some of the comments have come out, Why do we need to do some of the things that we propose to do? And it’s sad that the teachers and administrators are fearful. It’s sad that we get lawsuits. It’s sad that there’s much inaction. In many businesses, establishing a risk management program will address some of the concerns that are brought up from the Senator from Kailua, and others.

“Mr. President, this measure sort of represents how do we, as a Legislature, help. How do we, as a Legislature, look at

problems that we hear as we go visiting our schools or as we read our e-mail?

"I'd like to transition and, in this measure, talk about the sheet that I had placed on your desks. Your Education Committee along with your other Committees, Mr. President, have tried to look at many measures. And just as this risk management measure is sort of an overview, let me briefly go over what I placed on your desks.

"In my Committee, I've explained that I think we've got so many sides to the education problem, it's like the Rubik's cube – when you try to solve one side, you often mess up colors on the other side. In the administration block, which is the farthest right block on your sheet, we're trying to deal with principals, vice principals, auditor's report on salaries and some other issues administration wise.

"If you look at the center block on students, in there I think one of the prime issues that was brought up by the Senator from Kaneohe, and others, on Felix, certainly is a measure that deals with problems with students, not just the Felix students, not just special ed. students, but all students. We have several measures dealing with that. The students wanted representation on the board. They wanted their student council in statute and we're trying to deal with that.

"On the left, there are issues dealing with parent and community, how to get incentives for volunteers, how to help coaches, getting a military rep on the board because they do represent a big part of the community.

"On the bottom, for textbooks in schools, trying to have textbook money kept in schools, not returned to the general fund; supporting peer education; supporting new initiatives like laptops; continuing support with school-to-work; cyberspace; and other programs, Mr. President.

"On the top, school facilities – some of the bills we already passed, some we just talked about, including lavatories. Certainly we want our schools to be clean. There are several bills related to repairing them – one is a volunteer effort, that's S.B. No. 493, yet to come; an omnibus bill, S.B. No. 1577, which will deal with some of the concerns that the Senator from Waimanalo brought up and that DAGS needs improving. Certainly more things need to be improved. Part of it depends on us to help them in terms of changing some of their policies, funding some of their initiatives and all of us in helping to prioritize how school complexes can repair their schools. Certainly, with that we can get that done as well.

"Lastly, Mr. President, the teacher's initiatives are overflowing the box – tax credits, mentoring programs, salary advances, increments, former teachers, limiting their liability, national board certification, enhancements, tax deductions, reimbursements and much more, Mr. President.

"I beg your indulgence, but just a brief overview of some of the issues. Issues like risk management are an overarching issue that affect all sides of our cube.

"Thank you, Mr. President."

Senator Hemmings rose to speak in favor of the measure with reservations and stated:

"Mr. President, I rise to speak in favor of the bill with reservations.

"With all due respect to the good Senator from Moanalua, I do know what's in his heart and probably all of our hearts. We all want to do what is good. The question is not what, it's how.

"Speaking to this legislation, we're going to spend \$70,000 on helping, training, and advising teachers, and how to defend themselves against the onslaught of attorneys. Wouldn't it be better to defend everybody in our society with meaningful tort and liability insurance reform so that we all would be protected from the same threat of frivolous lawsuits? I think this is a systemic problem that needs reform across the board, not just for teachers.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 728 was adopted and S.B. No. 535, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, none. Excused, 4 (Chun, Fukunaga, Menor, Taniguchi).

Stand. Com. Rep. No. 729 (S.B. No. 992, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 729 be adopted and S.B. No. 992, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Buen.

Senator Slom rose to speak against the measure as follows:

"Mr. President, as previously noted, I will vote against all special fund bills.

"This bill, 992, actually creates two special funds – the cigarette tax stamp enforcement special fund and the cigarette tax stamp administration special fund. So I'm voting 'no.'

"Thank you."

Senator Hogue requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 729 was adopted and S.B. No. 992, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 1 (Slom). Excused, 4 (Chun, Fukunaga, Menor, Taniguchi).

Stand. Com. Rep. No. 732 (S.B. No. 131, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 732 be adopted and S.B. No. 131, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"Of all the agencies that we get constituent calls about, none is probably as controversial as the Child Support Enforcement Agency. We get calls from single moms who are not getting their payments under the child support laws. We get calls from fathers who are dutifully making the payments but all of a sudden wake up one morning and they have a subpoena or a

lien or enforcement judgment against them. All because of errors made with this agency.

"Now, a couple of years ago, this agency came to us and asked for more money to improve the computer and software system. The Legislature obliged. We gave them more money. They have a new computer and software system. Last year, this agency came before us and said, 'We're overworked, understaffed, underpaid. We need more money for more staff and more money.' This Legislature obliged. We gave them more money, more staff. This year, the agency again under new management is coming before the Legislature asking for more money, more staff. At no time does this Legislature ask what have you done with the money and why aren't there improvements? And as I say, we get complaints all the time that people call in and they can't talk to a live person, mistakes are still being made despite the software and everything else.

"So I'm sorry that the Co-Majority Leader probably went to read the transcripts of some of my earlier speeches because this is an example again of – What is it that the Legislature can do when these agencies don't perform? The answer is, you can say no more money until you show us that you have made improvement.

"That's my position, and that's why I'm voting 'no' on this bill. Thank you."

Senator Hemmings rose to speak against the measure and stated:

"Mr. President, I rise to speak against the bill.

"Mr. President, I'm painfully aware that sometimes marriages fail. But having said that, I don't think responsible citizens should have to have their children's cost to be raised, be managed and paid for by taxpayers – some on fixed incomes, some elderly, some poor – who all pay taxes to the State and, in a roundabout way, are underwriting the cost of payments being made to the parent that has custodial care by the parent that does not.

"What this leads to is once again a simple solution – just add on a small percentage of the amount to be paid so that the Attorney General's Office can pay for the administrative costs. That way, the person responsible for the child pays for the care of the child, which includes collecting the money to care for the child. It's a simple solution and the taxpayers once again don't have to dig into their pockets to subsidize someone else's existence.

"Thank you, Mr. President."

Senator Hogue requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 732 was adopted and S.B. No. 131, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE CHILD SUPPORT ENFORCEMENT AGENCY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Hemmings, Slom). Excused, 2 (Fukunaga, Matsuura).

Stand. Com. Rep. No. 734 (S.B. No. 440):

Senator Taniguchi moved that Stand. Com. Rep. No. 734 be adopted and S.B. No. 440, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Ihara rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to S.B. No. 440.

"Mr. President, I oppose moving the Office of Elections and making the Lieutenant Governor the Chief Election Officer in our State because this may place the Lieutenant Governor in a serious conflict of interest situation and undermine the public's trust. For example, if this bill passes, which takes effect July 1, 2001, let's say the Lieutenant Governor/Chief Election Officer while serving as Lieutenant Governor and Chief Election Officer is also a candidate for Governor and let's say there's a dispute in the outcome of the primary election for Governor for which the Chief Election Officer is also a candidate, Mr. President, I believe that it's our responsibility to encourage public trust in our government, but when the Chief Election Officer is also a candidate in an elections dispute, I have serious concerns about whether the voting public will be able to trust the Chief Election Officer, whoever that person may be, and will trust whether that person will act fairly and objectively when that same person is involved as a candidate in an election dispute.

"Mr. President, I note that the bill does provide that the Attorney General becomes responsible if an objection is made to nomination papers for the Office of Lieutenant Governor. However, there are many other duties of the Chief Election Officer, who may also be a candidate, that may cause public distrust and accusations of partisanship and conflict of interest, including: the Chief Election Officer oversees the polling place operations; trains the polling place chairs (all of whom may be members of the Majority Party); the Chief Election Officer also maintains data concerning registered voters; verifies whether party petitions meet statutory requirements; even authorizes the postponement of elections based on natural disaster; certifies the results of votes cast in an election; and of course selects the vendor for the voting systems; and many other duties.

"For these reasons, Mr. President, I cannot support this measure. Thank you."

Senator Hanabusa rose in support of the measure and stated:

"Mr. President and colleagues, this bill comes after much thought. The recommendation that the Elections Office be returned to the Lieutenant Governor's Office is really a result of the report of the Election Oversight Committee on the audit of the 1998 general election, which was headed by none other than Marion Higa our Auditor. Some of us may not remember it as clearly as others as to the fiasco of the 1998 election.

"What Marion Higa concludes is that the problem is the fact that we have no accountability for the Chief Election Officer, who just happens to be Mr. Dwayne Yoshina as this time. When we talk about the restoration of public trust, when we talk about the protection of that important Democratic process, that right that we send people off to die for, that right to vote, it is based upon those concerns that she says we may not have any other place to put it but to return it to the Lieutenant Governor's Office.

"As you know, most states have the Elections Officer directly under a Secretary of State. I guess the most famous one is the Florida situation. Other states, two others, have it under the Lieutenant Governor. And the Secretary of State basically has similar types of responsibility as the Lieutenant Governor does for the State of Hawaii. Yes, it may not be the perfect place, but the alternative is that we continue to let it go the way it's been operating now.

"Colleagues, ES&S has a contract that spans eight years. We have seen attorney general's opinions that have come before us that say we cannot bind Legislators into the future, but this contract somehow manages to do that. I sought an attorney general's opinion as to why that can be done for the Office of Elections and they said, 'Well, it's because it's subject to appropriations.' I'd like to see us not appropriate for the future elections and see what happens to us with ES&S."

"We have to do something. We know that we've got a problem with the Office of Elections. We know, for example, that there's been a reduction in the amount of budget that that office has from 21.4 percent since they've been left to go on their own. We've had, basically, minimal training. The fiascos of the 1998 election is specifically attributed to the Office of Elections and the fact that they just decided well they didn't have enough money so they changed our balloting at the last minute. Who then does the general public hold accountable for that? You can't go and remove an election commission, whose only job is to appoint or replace Mr. Yoshina, who doesn't get elected to their position. There is no one that is accountable."

"The return to the Lieutenant Governor's Office makes one person, an elected official, responsible to the people. We've had problems in the past, that's for sure, but I would say that to be able to have the public voice their concerns about how the election operates to that person, whether the person runs for Governor or not doesn't matter, runs for re-election or not doesn't matter, that person is going to be accountable. That's part of the job."

"We are elected officials. We are politicians. Everything we do is laden with conflict. So what's the difference here? What is more important? To me, I air in favor of the fact that we need somebody accountable to the voting public."

"I do not want to see any of your districts go through what mine did in 1998. That is not the way to operate – not knowing whether one of your Representatives will be seated on opening day; not knowing whether or not you'll have someone there; having the experience of going to the Office of Elections and saying 'I understand you're recounting ballots and part of those ballots are my ballots,' and then you're being told, 'well you don't have a right to even observe it.' That's the kind of flippancy you're going to deal with when someone believes that they are not accountable to anyone."

"The Lieutenant Governor will be accountable to the people. We do not have a Secretary of State, but we do have a Lieutenant Governor and that is where the Office of Elections should be."

"Thank you very much."

Senator Kim rose to speak in support of the measure as follows:

"Mr. President, I also rise in support, and I support our colleague from Waianae."

"I think accountability is something that I found, as my first year here in the Senate, been one of question. And I think it's about time that we force our agencies, and those agencies that we create, and those bodies that we create to be accountable. I think each and every one of us in our Committees should demand this kind of accountability. And if we don't have it then we need to do something about it."

"I will be supporting this measure. Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition of this bill."

"While I do agree that accountability is critical and the good Senator from Waianae hit the nail on the head on numerous points, I don't believe that moving this function of the Office of Elections back under the Lieutenant Governor just for the sake of being under the Lieutenant Governor is going to give the kind of accountability she nor the previous speaker just demanded."

"I believe that there are some inherent problems within the Office of Elections and they do need to be addressed, but this is throwing the baby out with the bath water. I don't think that this is the right way to go, therefore, if we want to solve some of these problems, colleagues, we better get serious about the money that we appropriate to the Office of Elections so that they can do their job. Half of the problem is that we haven't appropriated the necessary money."

"Thank you."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this legislation."

"Accountability is a word that we use often on this floor, but we never hold the people or departments accountable. It seems to me this problem results because of the Chief Election Officer not doing his job right. So maybe we should hold them accountable rather than transferring this responsibility back into the tremendously conflict of interest position of Lieutenant Governor."

"I think the good Senator from Kaimuki/Kapahulu illuminated very clearly all the inherent conflicts of interest when the Chief Election Officer is running their own election, but I would like to run one more by you for your consideration. We all know the effects of publicity in elections and we know how much money is spent to have name ID and to get our name out in front of the public. Well, I distinctly remember in prior elections when it was under the Lieutenant Governor's Office when a Lieutenant Governor was running either for re-election or for the Office of Governor (and I won't mention names) that wonderful glossy brochures went out from the Lieutenant Governor's Office with big smiling pictures of the Lieutenant Governor as the Chief Election Officer educating the constituency on how they should vote. I don't think they ever figured the subtle connections that maybe they would have the opportunity to vote for the person on the cover of that nice glossy paper. You can see there is a tremendous conflict of interest in the Lieutenant Governor's Office to run his or her own election."

"If we want accountability, let's hold accountable the person who's not doing the job to our liking. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 734 was adopted and S.B. No. 440, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 16. Noes, 8 (Chumbley, Chun Oakland, Hemmings, Hogue, Ige, Ihara, Matsunaga, Slom). Excused, 1 (Fukunaga).

Stand. Com. Rep. No. 735 (S.B. No. 1296, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 735 was adopted and S.B. No. 1296, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ATTORNEY'S FEES FOR APPOINTED COUNSEL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24, Noes, none. Excused, 1 (Fukunaga).

Stand. Com. Rep. No. 737 (S.B. No. 16, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 737 be adopted and S.B. No. 16, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Ige rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"Mr. President, S.B. No. 16 proposes to adopt the federal workers' compensation fee schedule in place of the 110 percent of the Medicare fee schedule for workers' compensation treatment. Mr. President, workers' compensation reform was one of the most effective legislative efforts to reduce the cost of doing business in the State of Hawaii. Since enacting changes in the early 1990s, workers' compensation premiums have fallen more than 62 percent for businesses across the State from 1994 to last year.

"The State Actuary has estimated that this measure before us would increase workers' compensation premiums for each and every business in the State between 14 and 24 percent for an increased cost to do business in this State of \$22 million to \$37 million. More ominously, the Insurance Commissioner notes that it is Mr. Simons' further view that given the probable increase in utilization, the actual increases may be even greater than those projected in his analysis.

"Mr. President, I really do believe that this is the wrong time to be messing with the workers' compensation insurance process.

"Thank you."

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support with reservations on the bill.

"First of all, there is a problem, there's no question about it, in terms of those doctors and those people that accept workers' compensation claims. They are not getting paid what it actually costs them to process the claim and deliver the service. That's why a number of practitioners have stopped delivering the service and it's harder for patients to get workers' comp injury protection. So that's one part of the problem.

"It is also true that the medical fee schedule is the primary reason that premium rates were forced down artificially. It amounts to price controls. We did that a number of years ago and everybody took credit for that. We didn't force down, however, the cost of the practitioner's utilities, or their rent, or their labor costs, or anything else, just the amount that they could charge or be paid.

"This bill, however, does not solve the problem because it goes to the federal schedule which is my understanding that only about three or four states utilize (most of them do use the

Medicare percentage). I think what we really have to do is to look beyond what the bill says, which by the way is another one of these bills with a defective date, and try to look at those people that actually need those practitioners that actually need, deserve, and can prove that there should be an increase in their compensation schedule. And they should get it, not everybody. That's what we do in this body – we pass legislation across the board for everybody, regardless of need, regardless of proof or necessity.

"So I will support it with reservations, but we need to do a lot more with this bill. Thank you."

Senator Nakata rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support of this bill.

"The previous speakers have noted some of the problems with it. I'm always surprised to find myself somewhat in agreement with the Senator from Hawaii Kai. I am discussing this with the proponents and I believe that they are coming around to some of the viewpoints that have been expressed here that maybe the impact on business of their proposal is too high.

"Last year, the position we had taken was 125 percent of the Medicare fee schedule. The present amount is 110 percent of the medical fee schedule. Business had saved on the order of 200 million a year with the reforms that Senator Ige mentioned. Though I believe that some increase is warranted, I believe that there is a need for correcting the balance and this is what we are trying to achieve with the parties.

"So I would ask that this body move the bill along as we continue to work on it. Thank you."

Senator Sakamoto rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"As the Senator from Pearl City reminded us, workers' compensation rates were going up in the order of 30 percent a year in 1993 and 1994. In 1995, this body chose to correct the problem of rising costs by using this fee schedule as a mechanism. There's no doubt in my mind, in Mr. Simons' mind, and many other people's minds that if you change this measure, we'll be back to double-digit increases as Mr. Simons and many others stated.

"Currently, workers' compensation is a problem again for many small and big employers. The speaker from Kahaluu kind of stated that businesses saved this money . . . no, businesses do not have \$200 million from workers' comp savings. All of this cost was paid for by the consumers who buy the products that we sell, workers who could keep their jobs. Nobody saves workers' comp money. These are costs that prevented some businesses from in fact going out of business and in fact allowed some businesses to keep their doors open.

"We want doctors, providers to get compensated. There are current mechanisms for the Department of Labor to address those in specific. If orthopedics are a problem, they can be addressed, but any broad sweep such as this, with uncertainty in costs, spells another nail in the coffin. And just as we're popping out of the coffin, it's no time to clamp down the lid again, Mr. President."

Senator Chun rose to speak in support of the measure as follows:

"Mr. President, I stand in support of this bill.

"Mr. President, I agree with a lot of the comments that have been made by my colleagues here in the Senate. However, I think the point is being missed, and that is, What is the impact of a workers' comp law and our medical fee schedule on the workers themselves?

"I don't do a lot of workers' comp cases myself, but in the ones that I have done recently, and in the past 10 years when I used to do a lot more of them, it was extremely difficult to get certain doctors or specialties to treat workers' comp patients. The reimbursement rates were so low that doctors were refusing to take the patient. That resulted, as far as the employer was concerned, in the difficulty of finding a doctor. If I don't find a doctor to get that case, then I have to pick one that's just going to treat my employee just as a number on the wall. What happens to the standard of care in that kind of situation? Is my employee who got injured going to get the same kind of treatment as a patient that does not have a workers' comp case going?

"I think it raises serious concerns in terms of the quality of the care that a patient, whether he be an employee or a member of the public, gets from doctors based upon a limitation of the medical fee schedules. I believe, Mr. President, by going forward and increasing the medical fees, whether it be across the board or by it being specific in terms of orthopedics, we will get better care to our employees. That will result, hopefully, in less time spent in a doctor's office and more time spent at work where hopefully they'll be helping the employers earn the kind of living that everybody wants to.

"The point is – yes, there might be a raise in rates; yes, there might be an impact in terms of business, but there also can be a positive point for businesses and for employees. We need to look out at what will best be able to get our workers back at work rather than searching for doctors who are looking at the bottom line and are refusing to take patients. That's what we've got to look at. That's been the problem in the past. That's what this bill tries to accomplish. Is there a better way to do it? I hope so. Is there another way on the Floor to do it today? No, there's not. We've got to move forward. We've got to try to get something done.

"Mr. President, I believe it is time that we take a stand and look at the welfare of our workers, which will also lead to the welfare of our employers. Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"While the good Senator from Kauai was right – we care about our employees – I think businesses are concerned about the costs of operations which then are passed on to us consumers. I think that all of us who have employees and those who don't, want to make sure that your constituents, if injured at work, get back to work as quickly as possible. If we are having problems in the communities providing services to these injured employees, then let's address it – but not across the board increases at 145 percent. That's a big increase from the existing 110 percent.

"In addition, I think some of the previous speakers who identified problems with the bill may not have looked at page 2, lines 17 through 19. That provision of the bill allows the insurance commissioner to set under Chapter 91, Public Hearings Rule, the ability to update and adjust these schedules on an annual basis, taking it out of the hands of the Legislature.

Right now it has to come back here for an update. Do you really want to allow the Insurance Commissioner that ability? With no oversight by us?

"Yes, rates might go down, but rates also might spiral upwards. This bill needs a lot more work and a lot more thought, and I'll be voting 'no.'

"Thank you."

Senator Hemmings rose to speak with reservations on the measure and said:

"Mr. President, I'm speaking with reservations on this legislation.

"In response to the rhetorical question – Is there a better way? – asked by the Senator from Niihau and Kauai, once again we're addressing the symptoms of a problem, Mr. President. We all know workers' compensation rates here in Hawaii have been a problem that has plagued business for all too many years. We addressed this issue way back in the '80s, but we've done nothing to really fix the system.

"We know that medical costs are high, but the whole cost of the insurance is due to the malfeasance, once again, of the people that are exploiting the system. We need to amend the presumption clause to balance the table in favor of fair play instead of stacking the system against the employer. This would allow enough money to be in the system to take care of the people with real medical needs by eliminating the people that are exploiting this system. I think the real solution is in that reform, not in piecemeal legislation such as this, so I will be voting with reservations."

Senator Sakamoto rose to respond as follows:

"Mr. President, just briefly in commenting to some of the comments from our speaker from South Kauai.

"Ten years ago, this 110 percent fee schedule was not in place. Ten years ago, it was too litigious, too much paperwork just as it is today. This body did not correct the adversarial nature of the workers' comp system, which should still be done. This body did not correct for some of the things that should be done in terms of who's compensable. The Supreme Court changed who's compensable in a ruling on stress. This body has chosen only to touch a big toe of it or a little toe of it. We still need to correct issues like that.

"Work comp should be less contentious, should help the worker return to work quickly, should not force the employer and the employee to become adversarial, should certainly not let the medical providers be in the driver's seat, and should be for the worker and the employer to work together and get them back to work as quickly as possible. We need to address many issues, not a quick fix. And this certainly is not a quick fix, it's a quick way to disaster."

Senators Kanno, Fukunaga, Ihara, Kim, Matsunaga and English requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Slom rose on a point of personal privilege and said:

"Mr. President, a point of personal privilege please.

"I've been troubled sitting here after the last 15 minutes and I'm very concerned about the impression that the good Senator from Kahaluu/Heeia had that he may have been in agreement with me by mistake and that it might get out somewhere. So I

want to assure the good Senator and Labor Committee Chairman that under the auspices of the Minority privacy protection act, all of his information in here will be protected and we will not let anybody know he was in 'almost' agreement with me. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 737 was adopted and S.B. No. 16, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL FEE SCHEDULES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Chumbley, Ige, Inouye, Sakamoto).

At 2:49 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 3:05 o'clock p.m.

Stand. Com. Rep. No. 738 (S.B. No. 23, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 738 be adopted and S.B. No. 23, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"We've had this bill before and I certainly applaud those people that want to go and help in disaster relief in other parts of the country as do other people come here. However, I think that we have a different standard here between private employees and public employees and we're also running the risk of running into problems with collective bargaining agreements here. I have a real problem that the service days are not defined in the contents of this bill.

"There are a lot of other questions that remain and I would like to see volunteers really being volunteers rather than being paid. Thank you."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I, likewise, rise to speak against the bill.

"I have a difficult time equating 'volunteer' with pay. Thank you, Mr. President."

Senator Hogue then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 738 was adopted and S.B. No. 23, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DISASTER RELIEF," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 740 (S.B. No. 733, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 740 be adopted and S.B. No. 733, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak very strongly in opposition to this bill.

"Many of us have been around since before this bill was enacted – the employee payroll and training tax bill – back in 1991. Every small business and, I think, large business organization fought this imposition of an additional tax not because business is opposed to training, since those of us in business spend most of our time training our employees, but for two reasons: one, at the time of the legislation when it was passed, there were more than 75 different training programs in the State of Hawaii, some were private, some were public, some were public/private partnerships. In addition to that, it represented a new tax, which is tacked on, on top of the unemployment compensation tax. And for our colleagues and friends who are not in the business community, who do not meet a payroll, the employee does not pay one cent of any of this tax. It is all paid by the employer.

"What happened in a compromise that was worked out by the Legislature was that there was agreement that after five years the tax would sunset, would go away. When four years came up, the Department of Labor, which had hired more people to run this program, decided that they didn't want it to sunset. They wanted it to continue and they wanted to expand it. And, as a matter of fact, even though there were very few people and very few businesses or organizations that were taking advantage of the training, they went out and they actually recruited organizations to take advantage of it.

"Originally, it was for training those workers who had lost their jobs in the transition economy where larger, older agricultural and other industries were shutting down and there was a need to retrain people so that they could find good, active, viable employment. What this fund has done, however, in the intervening years as it's gone out to people to justify the fund and the fund's employees existence, is to say to business organizations, 'we will give you money; we have money to give you.' They don't say that it comes from other businesses, because that's where the money comes from . . . 'we will give you money and we will help you pay for things that you had paid for in the past.'

"Some examples that came up during the hearing were really beautiful examples. One was from a physical fitness trainer who said that physical fitness trainers in order to get national certification have to pay between \$250 to \$1,000 to get that certification. And while they had been doing it in the past, now we have the ETF fund paying for it. Upon further questioning, we found out that these physical fitness trainers, most of whom are young people, are in transitional jobs themselves and it's part-time work not a career. We had law firms come down and testify and say how wonderful this fund was because in the past they would have to expend money themselves for things like conferences, meetings, lunches, or if they changed their computer software from WordPerfect to Word. They would have to pay for that, but now they can go down and tap the fund and get the fund for it. Now don't get me wrong, Mr. President, there was a stack of supporting documents from those businesses that were the recipients of the money and that had taken the money from other businesses.

"What this bill does is to make this fund and this tax permanent. I can absolutely guarantee this body that if we pass this bill, if it does become law, that this seemingly nominal 0.5 percent, which is the rate that is added currently on top of every employer's unemployment insurance tax rate, that rate will go up because the cry will be 'there's such a growing demand for these funds; we need to increase the tax rate.'

"So again, it's an example of the Legislature and the government not keeping faith with the business community. It sends the wrong message. It is a tax, and it is an opportunity for some people who have always paid for these things themselves and have the ability to pay to have other people subsidize them.

"For these and other reasons, this is a bad bill. It's a bad measure and should be killed, Mr. President. Thank you."

Senators Sakamoto, Chumbley, Chun Oakland, Fukunaga, Kim, Ihara, Ige, English, Matsunaga, Chun and Hanabusa then requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against the bill.

"Mr. President, there was a recent poll done by a national organization that for all intensive purposes had no political bias. It was reported in Pacific Business News. Hawaii, unfortunately for us, ranked last of the 50 states in the business investment category and there's a reason for that. The reason is bills like this that have an accumulative negative effect on the opportunity to do business in Hawaii.

"Things like this add to the reasons why Hawaii does not have a diversified economy, why we're not welcoming more businesses to our shores, and, quite honestly, why many of our young people are going to the mainland to seek opportunities in the world of business.

"Mr. President, I would like to urge my colleagues who have reservations to simply vote 'no' and we can stop this thing right now, dead in its tracks. Thank you, Mr. President."

Senator Chun rose to speak with reservations on the measure and said:

"Mr. President, I am going to vote with reservations on this bill.

"I believe the intent of the bill is a good one in that there are still agriculture workers out there that are in need of training, based upon this transition from agriculture to a new economy. So I believe the intent of the bill and the purpose of the bill is still valid.

"I am concerned and I am going with reservations not because I disagree with the intent of the bill but based upon the statements made, since I wasn't here when the fund was first started, that there was a commitment made to only make it last for a four-year period. I believe, Mr. President, that is true. We should live by our commitments and so I need time to reflect upon that and to determine what happened back then.

"As far as the need and purpose of it, I believe the purpose is good, but I also believe that if the government did make a commitment to stop the fund after a certain time period, we need to abide by that also.

"Thank you, Mr. President."

Senator Inouye rose to speak in opposition to the measure and stated:

"Mr. President, I speak in opposition of this bill.

"Mr. President, as a small farmer and a business owner, I think this straps the hands of those who want to provide the jobs

and this certainly would help a business such as mine. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 740 was adopted and S.B. No. 733, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Inouye, Slom).

Stand. Com. Rep. No. 741 (S.B. No. 849, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 741 was adopted and S.B. No. 849, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 749 (S.B. No. 214, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 749 be adopted and S.B. No. 214, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 749 was adopted and S.B. No. 214, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO VETERAN BURIAL GRANTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 750 (S.B. No. 758, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 750 be adopted and S.B. No. 758, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"We have discussed this bill for the last couple of years also. This is a bill that says that we should have people that cannot read or write English get driver's licenses more easily. Everybody talks about it in terms of the economic need for these folks to be able to drive and to get jobs. While I certainly appreciate that, every one of the people who came before us if they came from another country all confirmed the fact that if we were to go to their countries, we would be required to pass their driving test in their particular language.

"With more and more signs becoming prevalent on our highways today with more road construction and all that, I think it's extremely important, if we are truly concerned about safety, that we make sure that at a minimal people can read and write the English language.

"Thank you."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill.

"We have a wonderful tapestry of different cultures living in Hawaii. Each one of us on this floor, the vast majority of us, can trace our ancestry to places around the world where people have come to live in Hawaii or come to live in the United States. The one thing they all did at the time was they learned English, Mr. President. We are a multicultural society, but we do have things that bind us together, and the English language is one of them.

"This is a step in the wrong direction. I might refer this body to a wonderful book that was written over a course of 4,000 years. It's called the Bible. And in the Bible in the book of Genesis, when a certain group of people in Babylon at the time decided they would build a tower that would reach high into the heavens to proclaim how great they were, God decided to punish them. He punished them by making them all speak foreign tongues and divided the people. It was a great hardship and it divided Babylon. Of course we know the parable of the Tower of Babel as is taught to us in the Bible.

"This is babble legislation and I urge this body to give real consideration to it. This doesn't unite us; it divides us. We all have our cultural practices and we're all proud. I'm certainly proud of pao doce and sweet bread and my Portuguese heritage, but I speak English and I think that everybody that comes to our islands in the future, or this country, should do the same. One language unites us, not divides us.

"Thank you, Mr. President."

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"Mr. President, we're the land of aloha and all those good things that we say, multiethnic groups and all that stuff. We still support the fact that we can speak the language and we can understand the language.

"Mr. President, all the tourists that come here from Germany and all the different parts, we allow them to rent a car and drive. We're still not in an abundance of car crashes because they cannot read or write the English language. There's also the fact that the DOT has told us that all the things that are in English are not safety things, they're advisory. The things that are safety, like stop signs and those kinds of things, have all international signs.

"Therefore, Mr. President, I urge all my colleagues to vote 'aye' on this bill."

Senator Nakata rose to speak in favor of the measure and stated:

"Mr. President, I rise to speak in favor of this bill.

"I didn't intend to get into a theological discussion with the Senator from Kailua, but there are many ways of interpreting scriptures, and the Senator from Kailua has given you one, and I guess I can give you not just one other, but others. I think one part of the story of the Tower of Babel is that God did not want us to be all the same, that we are to enjoy the diversity that exists among us. That is what I would want to leave with you and why I would support this bill. We need to enjoy the diversity that exists among us.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 750 was adopted and S.B. No. 758, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRIVER'S LICENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 754 (S.B. No. 1599, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 754 be adopted and S.B. No. 1599, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"The issue here is whether the police have probable cause or not to believe that the person is giving false information. Do the police have probable cause?

"The proponents of this bill argue that under existing law, a refusal to provide identification is a violation and not a criminal offense, so the most an officer can do is issue another citation or summons. In the committee report it says, in such cases, your Committee believes that the police officer should have the power to arrest a person who refuses to provide accurate information regarding their identity.

"My name is Mickey Mouse. That's what the individual tells the police officer. However, under existing State statute, Section 803-5, an officer of the law, a police officer not a peace officer, a law enforcement officer as we're going to call them, can make a warrant-less arrest pursuant to that section. That section states: 'a police officer has probable cause to make an arrest when the facts and circumstances within the officer's knowledge and of which the officer has reasonably trustworthy information are sufficient in themselves to warrant a person of reasonable caution in the belief that a crime has been or is being committed.' The issue here is, Is this a violation or is this a crime?

"The bill doesn't address it and I think that there are opportunities already within the existing statutes that if the police want to arrest an individual for telling them that their name is Mickey Mouse, they in fact can already.

"Thank you."

Senator English rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to S.B. No. 1599, S.D. 1.

"Mr. President, I've been told by those close to our police departments of instances where false or misleading information has been provided by motor vehicle drivers, and I am aware that in some of these instances the drivers may do so in an effort to avoid arrest on an outstanding warrant. Yet, Mr. President, while I am sympathetic to the problems encountered by police officers in their attempt to ascertain the identity of motorists they stop, I am gravely concerned with the possibility of empowering our police officers with the authority to arrest an individual who may simply have forgotten their wallet at home that day.

"What constitutes a reasonable basis for believing that a motorist is unable to provide accurate information as to their

identity is highly subjective as currently written in this bill. For that reason, Mr. President, I will be voting 'no' on this measure.

"As a final point on this, we have to be very aware that this puts quite a bit of power in the hands of the police officer and does not come with proper guidelines for enforcement.

"Thank you, Mr. President."

Senator Kawamoto rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"We concern ourselves about giving false information, yet we as the public when something happens we say 'Well didn't you know he had this thing and that thing two months ago and yet they allow him to drive. Didn't you know that?' The idea is, if you're going to make the policemen accountable for these kinds of actions of past experiences or past warrants, then you should give him the tools in which he needs to get those past warrants as fast as he can. Therefore, Mr. President, I urge all my colleagues to vote 'aye' on this bill.

"Thank you."

Senators Kim, Hemmings, Ige, Ihara and Fukunaga requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 754 was adopted and S.B. No. 1599, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PENALTIES AND PROCEDURES ON ARREST," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Chumbley, English, Matsunaga, Slom).

Stand. Com. Rep. No. 757 (S.B. No. 1011, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 757 be adopted and S.B. No. 1011, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, again I rise in opposition.

"This bill establishes the statewide planning and geographic information systems special fund. I oppose it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 757 was adopted and S.B. No. 1011, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GEOGRAPHIC INFORMATION SYSTEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 758 (S.B. No. 1136, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 758 be adopted and S.B. No. 1136, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"This bill would require oil importers in the State to register with the Department of Health and maintain specific records, plus it imposes new fees on lubricating oils entering the State. I'm sure that the esteemed Senator from Hawaii Kai will notice that it establishes a special fund into which fees, permits, and penalties should be deposited. I believe that special fund will probably be just outside your neighborhood in Hawaii Kai.

"According to the Hawaii motorcycle dealers, and this is one of the reasons why I'm voting in opposition, and this quote came out in testimony and I noted it down - 'I don't believe the Department of Health has any idea how much paperwork this bill would generate. They'd have to chop down four forests to make the paper for the paperwork we'd have to churn out to save the environment.' And therefore, I vote 'no.'

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 758 was adopted and S.B. No. 1136, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO USED OIL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 760 (S.B. No. 1314, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 760 be adopted and S.B. No. 1314, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 1314, relating to the economy.

"Mr. President and fellow colleagues, this bill's direction is to stabilize and to make our economy more prosperous. Hawaii's economy has suffered in recent years due partly to the lack of economic diversity. Tourism has been the engine that drives our economy, but the seasonal nature of only one major industry has made Hawaii a party to international economic downturns. Thus, the only solution is economic diversity.

"Efforts are being made to develop other sectors of the economy such as agriculture, retail, electronic commerce and communications. Your Committee on Economic Development and Technology has also committed its efforts to develop the high technology industry.

"However, there is a need for a stronger focus on the diversification of Hawaii's economy. This bill seeks to create an economic task force to accomplish these goals. It would bring together industry, government and educational leaders to develop clear short and long-term goals with an implementation plan to build a solid foundation to move Hawaii's economy forward.

"A representative will be chosen from various groups, picked by their respective organization's members. The task force will include retail business, restaurants, hotels, public unions, private unions, business educators, high technology businesses, marketing and advertising professionals, tourism, environmental organizations and small business owners.

"By passing S.B. No. 1314, S.D. 1, all interested parties to Hawaii's economic future will have a stake in the plan. At present, there is NO statewide economic development plan accepted by the economic players. This is very similar to what we did in the year of 1993 when we formulated goals and objectives with the parties involved to protect our environmental future. Today, we have very little environmental problems because everybody was brought together. In fact, the various professions within the State of Hawaii are currently updating their environmental goals and objectives to better their future here.

"The other components of this bill to stimulate our economy are the undetermined dollars at this time to do as follows:

1. To market Hawaii's products and services internationally to establish Hawaii as the International Market Center of the Pacific.

"It has been my experience in traveling abroad that it is difficult to explain the type of products and services we have so people abroad can utilize what we have to enable us to prosper.

2. To establish a program to attract investments from the Pacific Rim countries. To allow contracts to be entered into with the assistance of the Community-Based Economic Development Program of the Department of Business, Economic Development and Tourism.

"My experience with Asian countries indicated that there is a strong desire by Asian business persons to do business in Hawaii.

3. To plan, design, and construct physical improvements which have been selected as part of an existing or emerging comprehensive, regional, multi-sector community-based strategic action planning process coordinated by the Hawaii Alliance for Community-Based Economic Development.
4. To use the issuance of general obligation bonds to extend the community-based economic development loans and grant programs to further information technology in distressed rural areas.

"I would like to emphasize that the dollars aren't determined at this time. It is also important that this bill is used as a vehicle to stabilize our economy and to make it more prosperous.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 760 was adopted and S.B. No. 1314, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE ECONOMY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Hemmings).

Stand. Com. Rep. No. 761 (S.B. No. 1501, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 761 be adopted and S.B. No. 1501, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Inouye requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 761 was adopted and S.B. No. 1501, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO KAKA'AOKO COMMUNITY DEVELOPMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 765 (S.B. No. 1183):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 765 was adopted and S.B. No. 1183, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 768 (S.B. No. 591, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 768 be adopted and S.B. No. 591, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in favor of the measure with reservations and said:

"Mr. President, I rise to speak in favor of this bill with reservations.

"The purpose of this bill is to create a new chapter to license occupational therapists. And just as a point of information to the members here, registration of occupational therapists began January 1, 1999, and it's scheduled for repeal on December 31, 2003. In between, there will be an auditor's report to evaluate it. Essentially, occupational therapists would like to get their licenses now, before the auditor's report, so that they can have more credibility with the public.

"Now in its testimony, the DCCA said it would like to wait, as is the normal process, until the auditor's report came out. Instead of being forced to play referee, the Committee on Commerce and Consumer Protection has placed a defective date at July 1, 2020. The obvious question is why? It seems more fair to me to make the occupational therapists wait for the auditor's report just like the process that was set up for everyone else.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 768 was adopted and S.B. No. 591, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO OCCUPATIONAL THERAPISTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 769 (S.B. No. 1073, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 769 was adopted and S.B. No. 1073, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRAVEL SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 778 (S.B. No. 749, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 778 be adopted and S.B. No. 749, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"While I certainly encourage more work for our local contractors and residents, we have wrestled around with this bill for a number of years and what we found out is that, first of all, we had a difficult time getting a definition for state resident, and we found out that a number of local contractors who have done business here for a long time, who hire local people, in fact, would be excluded from preferential treatment under this contract. But that begs the question whether or not there should be preferential treatment anyway, because in the end, what it means is that the consumers or the taxpayers are going to wind up paying higher prices for these preferences.

"So I'm in opposition to this bill. Thank you."

Senator Chumbley rose in opposition also and said:

"Mr. President, I, too, rise to speak in opposition to this measure.

"I first want to give the gold star of the day award to the Senator from Waipahu for his persistence. It seems like every year this keeps coming back and back and back.

"Members, this bill will not help to maintain and ensure that we do get state-awarded contracts to state contractors and to residents of Hawaii. It attempts to create a definition of the contractor and the employee by developing restrictions that no less than 85 percent of its employees have to be state employees and residents with certain restrictions that time must pass before this person can bid on contracts. This is not the way to deal with the procurement law and to deal with the efficient effective spending of your tax dollars.

"In addition, the increase in the preference bidding – I think it's from 6 or 7 percent up to 13 percent – is an unjustifiable jump. If we are truly moving towards performance bidding, I

don't think you need preferential treatment at all. Therefore, I'll be voting 'no.'

"Thank you."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this legislation.

"Has anyone asked, Mr. President, why mainland businesses can oftentimes get a job done here in Hawaii, in the middle of the Pacific, for cheaper than companies here in Hawaii can do it? I think the answer is obvious. It's because our businesses are shackled with excessive rules, excessive regulations, excessive taxes, some of which we've heaped more on today.

"Hawaii is not a profitable place to do business. So oftentimes, mainland businesses can do business in Hawaii and go back to the mainland with the money and not have to pay the undue penalties that we pay here in Hawaii for doing business, not the least of which is also the excise tax.

"It's really amazing, when you think about it, when you pick up the phone and call one particular bank's credit card company, that you're talking to someone in Georgia because they're handling that business for the local bank. It's a big bank, by the way. Another local hotel owned and operated by local people, when you pick up the phone and make a reservation with them, you're talking to a reservation agent in California.

"So the question is obvious and the answer is obvious, Mr. President, Hawaii is a terrible place to do business. And until we fix that, measures like this aren't going to solve our problems. They're just going to continue to drive up the cost of doing business in Hawaii without addressing the real underlying reason.

"Thank you, Mr. President."

Senator Kawamoto rose to speak in favor of the measure as follows:

"Mr. President, I rise in favor of this bill.

"Mr. President, the reason why this bill came about is that I talked to the Chief Procurement Officer. We found that there are about three or four contractors out there that do not have one state resident in their employment and they are taking our state monies and are taking our state jobs from our people. We found that out and we insisted that our state monies go to our people for public jobs.

"Last year, we passed the definition of state resident which is the same as what is in this bill. We also passed a bill for state contractors which is the definition in this bill. Mr. President, we passed that for the federal jobs and military jobs. The military people have accepted this and they're in the process of making rule changes to allow this and honor our state resident bill.

"We have gone for the last six years from a minus 10 percent economy to a plus 10 percent this past year – 20 percent increase in our construction industry economy. That is quite a job compared to five years ago when we found ourselves in the worst economy for the construction industry.

"What we're saying today is that we need this bill because we have unscrupulous contractors that come from the mainland and take our jobs. Sure these guys can outbid us. They can

outbid us because they don't have to pay for the type of workman's comp insurance and premiums that we have to pay. They don't have to pay for the pre-medical that we have to as state contractors. They don't have to pay, probably, for the GET taxes that they somehow get away with by placing their supplies in the federal properties and leave without telling us that they had done a construction job here. These are the reasons why these people who are from the mainland are coming down and taking our jobs and out-bidding our state contractors.

"I'm saying they should have a fair share at the federal jobs, but when it comes to our state jobs and our state monies, then it should go to our people that live here and give them the proper wages to enjoy what the State of Hawaii has to offer for them.

"Thank you very much. I'm urging all my colleagues to vote 'aye' on this bill."

Senator Hogue rose to speak against the measure as follows:

"Mr. President, I rise in opposition, and I would like to thank the esteemed Senator from Waipahu for giving the best speech for the Republican Party that I have ever heard. Thank you very much for establishing our case.

"Having said that, it's obvious that this bill does not make common sense, and I would urge all those to vote 'no.' Thank you very much."

Senators Ihara and Buen requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 778 was adopted and S.B. No. 749, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC PROCUREMENT CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Chumbley, English, Hemmings, Hogue, Matsunaga, Slom).

Stand. Com. Rep. No. 781 (S.B. No. 989, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 781 be adopted and S.B. No. 989, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Hemmings, Slom and Hogue requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 781 was adopted and S.B. No. 989, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE RELIEF OF CERTAIN PERSONS' CLAIMS AGAINST THE STATE AND PROVIDING APPROPRIATIONS THEREFOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 782 (S.B. No. 1016, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 782 was adopted and S.B. No. 1016, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HOUSING AND COMMUNITY DEVELOPMENT CORPORATION OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 784 (S.B. No. 1240, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 784 be adopted and S.B. No. 1240, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"This bill started out requiring a so-called living wage to be paid for any vendors or contractors doing business or performing services in excess of \$25,000 with the state government. The \$9.43 an hour wage, again, is an example of wage and price controls – just telling a business what they have to pay, but not keeping down any of the other costs that are associated with that business. It also will absolutely raise the price to consumers and taxpayers.

"The \$9.43 an hour is a very subjective figure. It has come from organizations that have done studies showing that that's what a family of four needs as a minimum to live above the federal poverty level. However, it all depends on how a particular family of four decides to live and it also depends on what the actual costs are of doing business. The contract and the marketplace, not the state government, should determine that rate.

"Thank you."

Senators Chun, Matsunaga, English, Ige, Ihara and Sakamoto then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 784 was adopted and S.B. No. 1240, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC CONTRACTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Chumbley, Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 786 (S.B. No. 710):

Senator Taniguchi moved that Stand. Com. Rep. No. 786 be adopted and S.B. No. 710, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Slom, Hemmings and Hogue requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 786 was adopted and S.B. No. 710, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 787 (S.B. No. 850):

Senator Taniguchi moved that Stand. Com. Rep. No. 787 be adopted and S.B. No. 850, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Sakamoto rose in support of the measure with reservations and stated:

“With reservations, Mr. President.

“I agree that people and organizations should have the right to strike, however, I also believe in arbitration. I think we should first try to improve the current arbitration method before we abandon it, and I believe that arbitration is not only good for the State, but also for state workers. I don’t believe state workers want to strike.

“I also believe that we would be placing the community at risk if we were to allow professional nurses, institutional, health, and correctional workers to strike in exchange for mandatory arbitration. Should these specific workers walk off the job, it would not only place the State in jeopardy, but also the individuals under their care and in fact the workers themselves who are out without their pay.

“Therefore I am voting with reservations. Thank you.”

Senators Kanno, Kim and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 787 was adopted and S.B. No. 850, entitled: “A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Menor).

Stand. Com. Rep. No. 791 (S.B. No. 1058, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 791 be adopted and S.B. No. 1058, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Kanno and Inouye requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 791 was adopted and S.B. No. 1058, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE PUBLIC EMPLOYEES HEALTH FUND,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Menor).

Stand. Com. Rep. No. 792 (S.B. No. 1144, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 792 be adopted and S.B. No. 1144, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

“We go through this every year, talking about minimum wage and how much the wage should be, and how many cents it should be raised, and what period of time, and whether we should tack it on to a consumer cost-of-living. And then, of course, we look at the restaurant workers and we strip them of their tip credit.

“What we’re really not doing is helping the people that we say we want to help. If we really want to put more money in the people’s pockets, then we have to cut taxes and we have to honor our commitment for tax reduction – not take it away from them and not raise taxes. If you want to have people have more take home pay and more ability to pay, then you allow them to keep that money in the first place and not give them a few more cents an hour at the expense of business, which triples their cost, and then tax them on that minimum wage increase.

“It’s the wrong message that we’re sending. It does not solve the problem that we say we’re trying to solve. Thank you.”

Senator Hemmings rose to speak against the measure as follows:

“Mr. President, I rise to speak against this measure.

“If we’re really compassionate and we really want to help the people that this bill proposes to assist by raising the minimum wage, we would want to consider why it needs to be raised. And that is because Hawaii consistently ranks as one of the highest costs of living in the nation. This is especially onerous in that our hungry pay 4 percent tax on their food to eat. Our sick pay 4 percent on their care. Our homeless, if they can rent something, get passed on to them more than likely, as all taxes are to the consumer, 4 percent for their shelter.

“If we really want to help our economy and help the people least able to afford living in Hawaii, we wouldn’t raise the minimum wage, which is going to eliminate their jobs in many cases. What we do is reduce the cost of living in Hawaii which would include eliminating the 4 percent excise tax on being hungry, sick, or in need of shelter.

“Thank you, Mr. President.”

Senator English rose in support of the measure with reservations and stated:

“Mr. President, I rise in support of this measure with reservations.

“Mr. President, through the hearings on this, we’ve heard that we need to pay a living wage. We’ve also heard that we need to pay a just wage. Employers have told us that the cost of doing business is too high. This measure may reduce worker’s hours or force them to reduce staffing.

“Mr. President, I feel that we should raise the minimum wage, however, we should keep the tip credit in here. This bill does not do that. So my reservation is that we should really consider putting in the tip credit because this will help the people that we want to help the most – the poor, the people without education that want to enter the job force. This is one of the areas that they can enter if they have the tip credits. They could enter into the restaurant business at a little lower rate than the minimum wage but it will be made up in the tips.

“Mr. President, this is the basis for my reservation. Thank you.”

Senator Nakata rose to speak in favor of the measure and said:

“Mr. President, the existing minimum wage of \$5.25 for an hour . . .”

The Chair interjected:

“Senator Nakata, for what purpose do you rise?”

Senator Nakata responded:

“To speak for the bill.

“At \$5.25 an hour, we’re talking about a wage that’s under \$12,000 a year, under \$1,000 a month. We’re talking about social justice here. Even the living wage, the \$9.43, even that is around \$20,000 and that’s based on a family of four. The federal poverty level for a family of four is in the neighborhood of \$16,000 a year, which I believe works out to somewhere around \$8.00 an hour. This is the kind of situation that we’re talking about.

“I think in the State of Hawaii we are people who care, and to talk about not approving an increase to \$5.75, which would still be less than \$13,000 a year, I don’t think it’s just. I know it may not make economic sense, but I think we do need to be looking at the needs of our people. \$5.75 is not something that’s going to break the bank. Most employers say that they pay more than that anyway.

“Although the common perception is that most of these workers are teenagers, that’s not necessarily the case. There are many women with young children who are on these wages. So I would ask you to support this increase. Thank you.”

Senator Sakamoto rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this measure, opposition on two counts.

“One previously mentioned is the tip credit. I talked to one restaurateur who showed his statistics from his restaurant. If indeed the minimum wage were here, he said many of his employees who are tipped employees make double or triple that amount when you include their tips on what they claim. He said they were claiming 8 percent. I tip more than 8 percent, in fact double that usually.

“So, Mr. President, the tipped employees that are very successful or even moderately successful, certainly if indeed the tipped employee including tips gets Z amount, I think a reasonable tip credit based on a portion of what they’re tipping would help. And he said the 20 cents an hour, or 25 cents, or 30 cents that he would save, if indeed there were a tip credit, he could pay his dishwasher more, who doesn’t get tips, he could pay some of the employees who don’t get tips more. The tip credit is very important not to help so much the employee who gets tips, but those who don’t.

“He said some of the employees who get tips don’t even pick up their paycheck because their tips are big money, and in fact their minimum wage money gets used for the taxes they owe. So on that account, I vote ‘no’ on that part.

“The second part, certainly we care. Whether an employer or not, we care. I don’t want to make this bill seem that if we’re not in favor of this bill that we don’t care. But I want your grandson, your daughter, your son, your neighbor to be able to get a starter job in this economy. You start low and you do well and you earn it.

“We talk about caring, welfare to work. We talk about 3,000 people coming off a system. For some of them to stay on the system right now, they’re volunteering for this state government at zero dollars. And now we want private employers to hire them. They’re volunteering for zero dollars, trying to get trained, and we want them to be hired and earn their money.

Help them by not raising the barrier for employers to hire and if they do well, as you stated, Senator from Kahaluu, most employers as the employees do better – here, 50 cents an hour more; here, a dollar more.

“I don’t have anybody at minimum wage, but certainly, many employers do. Let’s give those who are starting, those who are transitioning out of welfare, a lower barrier as opposed to a higher barrier.”

Senator Chumbley rose in support of the measure with reservations and stated:

“Mr. President, I rise to speak in support of this measure with reservations.

“Although during the caucus discussion on this measure I had told the Chair that I had opposition to this, I think that some of the comments he made on the floor today were very compelling. They were very compassionate and I wish that a lot of us could dig deep inside our hearts and be as compassionate as this gentleman has been in the past to people he doesn’t even know, to people whom he’ll never meet in his life.

“I do have concerns about the bill, and the concerns are only over the dropping of the tip credit. I believe that we can work with the Chairman of the Committee to have those tip credits reinstated as the measure comes back from the House. I think that is a balance to this issue, and I think it’s time that we raise the minimum wage. So I ask you to support this.

“Thank you.”

Senator Chun rose in support of the measure with reservations and stated:

“Mr. President, I rise in support of this measure with reservations.

“Mr. President, we’ve heard arguments, pros and cons, about raising the minimum wage. We’ve heard that if we raise the minimum wage we’re going to see a reduction in employment. We’ve also heard that if we raise the minimum wage that we’re not going to see any negative impact, in fact we’re going to see a prosperous workforce.

“Mr. President, to be totally honest, we don’t know. The evidence out there, the reports out there, are varied at best. They’re confusing and they don’t really give us any insight as to what’s going to happen. But I think the bottom line really is, Are the employees here in this State earning enough to make a living? I’m not an advocate for the living wage. I went with reservations on the last bill that talked about that. But I don’t believe really when you look deep down inside that a raise of the minimum wage to \$5.75 an hour is going to bankrupt anybody.

“I also don’t have concerns about taking the tip credit away. I’ve heard discussions about the employees who make tips make more in tips than they make in wages. Also, I’ve heard situations where certain restaurants also take the tips away from the employees and distribute it among their other employees in a manner they see fit. One way or the other, I don’t really know what’s going on there.

“I think what we need to do is take a stand, one way or the other. We need to look at how the employment is affected after that and go on from there. If it needs correction, we will correct it after that. But for us to sit on the fence and do nothing, because we don’t know what the impact is, is unforgivable. We

need to take a stand. We need to set a direction and then adjust accordingly.

"So, Mr. President, I believe this bill does that. I support it. I believe that as it goes on further in Conference, we need to talk about the tip credits. We need to talk about using the CPI as some kind of gauge. I'm not quite convinced that is the best way to tag on the minimum wage, but I think it takes a direction and we need to move off the dime and not let indecision guide our ways.

"Thank you, Mr. President."

Senator Ihara rose to speak with reservations on the measure and said:

"Mr. President, I have reservations on this bill.

"I support raising the minimum wage and oppose deleting the tip credit."

Senator Slom rose and said:

"Mr. President, if I might make some rebuttal in further opposition to this bill.

"We've heard a lot of words today. And what I hear over and over again is that we don't know. Well, the people that are in business, they do know, and they've told us. For my colleagues who do not know how to meet a payroll and don't have that responsibility, I can understand the lack of knowledge and lack of experience. But for those of us who do meet a payroll and do know what the costs are, let's go over a few things – basic minimum wage 101.

"First of all, whatever wage is paid, you can add to that in the State of Hawaii an additional 35-65 percent in additional mandates. For example, if somebody is getting \$6.00 an hour, you can add to that the cost of worker's compensation, unemployment compensation tax, temporary disability insurance, all of the other mandates that the employer must pay – amounts that are not paid for by the employee. These are state mandates. In addition to that, you're paying matching dollar for dollar social security taxes that the employee has taken out from his or her salaries. So when you want to talk about what a person is earning, you really have to talk about the total compensation and not the wage.

"Secondly, this is, as was stated by the good Senator from Moanalua, an entry level wage. It is a training wage. It is not meant to be a living wage. How many people, however, qualify or are encumbered by this wage? The Department of Labor doesn't know because they don't do any statistics for themselves. They rely on one professor at the University, funded by the labor unions, and he comes up with a figure based on a survey. His survey shows that less than 3 percent of total employees of over 500,000 in the civilian labor force earn the minimum wage. But that's a snapshot in time because the number and the individuals that he would look at say in February 1st would not necessarily be the same individuals in March 1st or April 1st, because people change. They either change jobs, they move up, they get increases or whatever.

"So I think we have to look at this. And employers, particularly those in the restaurant industry, have told us that if we continue to raise the total compensation cost, what it does is it makes the determination for them to either hire or not hire new employees and to keep or not keep the same amount of existing employees and not to have a certain amount of money which they can share with other employees. That's something that we have to consider. And that's a fact. There's no doubt

about that by anybody that meets a payroll and anybody that has employment.

"When we talk about being just and being compassionate, I've always found out that in this Legislature it's real easy to be compassionate with someone else's money and someone else's life. If you really want to be compassionate, then I would suggest to my colleagues that think something's wrong here to go out and start a business tomorrow in the State of Hawaii and pay your employees \$15.00 or \$20.00 an hour or \$30.00, give them all the time off that you want, give them all the benefits that you want, and see if you're still in business by the end of the week.

"There is a disconnect here between the reality of doing business in this State, the actual amount of costs, and what you have to do. Otherwise, there'd be more people going into business all the time and saying 'Wow, what a wonderful place this is to do business.' But this Legislature makes it extremely difficult, and when we have people that come in here and testify to us, we don't listen to them. And particularly in the restaurant industry they have told us how important the tip credit is. Why should we pass this bill today in hopes that maybe some later date we'll put it back in? We put it in; we take it out; we put it in; we take it out. We adjust the figures all the time, but we don't listen to the people that have created the jobs.

"So if we really want to be just and we really want to be compassionate and, as the good Senator from Kahaluu said, 'to meet the needs of our people,' then let's consider the needs of all of our people including those small and large businesses that take the risk for us every day, that reach their own hands in their own pockets to create jobs and welfare and contributions and income in this community, instead of us always trying to find ways to make it more difficult for them. And that's why I'm voting against this bill and I urge my colleagues to do the same.

"Thank you."

Senators Matsuura, Chun, Matsunaga, English, Ihara, Fukunaga and Chumbley then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 792 was adopted and S.B. No. 1144, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MINIMUM WAGE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Ige, Sakamoto, Slom).

Stand. Com. Rep. No. 795 (S.B. No. 1379):

Senator Taniguchi moved that Stand. Com. Rep. No. 795 be adopted and S.B. No. 1379, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this bill.

"This bill allocates money, albeit it's crossed out to zero right now, to fund much needed salary increases for our teachers. I find it quite ironic that we're willing to pay for education twice, in prior bills, by bringing retired teachers out of retirement and paying them for being retired but pay them again to go back into teaching while we continue to maintain payment for new teachers at a very low level. Where does the

money come from? I've tried to talk today about proposed solutions or alternatives to business as usual.

"The Catholic Church is a good example of what good management is in the education system. They have 44 schools, Mr. President, approximately 12,000 students, and they do not have a Department of Education. I think one of the people on the Board of Education brought to bear the point that they're spending \$1.2 billion a year. They're not sure how they're spending it, but they're sure it must be spent well. Well I can tell you they're not spending enough in the classroom with the children and with the teachers. The money for education has doubled in 11 short years since I was here at the Legislature, and the system has continued to deteriorate.

"Where can the money come from? As far as I can determine by figures from the Department of Education, we have about 300 bureaucrats at work in the centralized system. Their salary ranges range anywhere from \$30,000 to \$65,000. But let's take the low level of say \$40,000. If you multiply that times 300, you'll have over \$12 million. Those people aren't teaching kids; they aren't doing anything other than occupying a job in that hidden monster in government – bureaucracy. Let's put that money, those resources, back in the classrooms.

"There are common sense solutions in how to manage our public education system. The value of teachers should not only be determined by the supply and demand factor, but they should also be determined by the value of teaching for the welfare of this State. Teachers deserve more pay. We have to find the money to do it. It's there. Let's get the job done.

"Thank you, Mr. President."

Senator Taniguchi rose in support of the measure as follows:

"Mr. President, I also rise to speak in favor of this bill.

"Mr. President, I guess my colleague from Kahala has found, possibly, \$12 million. We still need over 200 more or \$290 million more, so I hope he will continue to help us on the Ways and Means Committee.

"Thank you."

Senator Hemmings rose and said:

"Mr. President, I rise on a point of rebuttal. Well, not actually rebuttal, I'm in total agreement, Mr. President.

"I welcome the opportunity to find hundreds of millions of dollars of additional savings that could be passed on to the taxpayers and also to fund much needed programs like this. I just might, since you brought it up, bring up a little example – I'm going to a press conference tomorrow at one o'clock in Waimanalo where the illustrious State of Hawaii spent \$12 million building a reservoir in 1993 that's empty and hasn't been completely full since then. It's a huge liability and our DLNR has broken federal environmental protection laws by trying to fix it without the necessary permits. It's created an erosion and public safety problem.

"Oh, Mr. President, I look forward to helping the Chairman of the Ways and Means Committee find additional money. The attrition rate in public employment is 4 percent. If you didn't rehire those jobs and we had the ability to shift jobs where the work is needed from where it's not needed, just through attrition we could save the State roughly \$200 million a year. The money's there. The taxpayers are being generous. What we have to do is be a little more official in just saying no to the spending we shouldn't be doing.

"Also, my good colleague from Manoa, I moved. I'm in the Koolaupoko district now. I couldn't afford to live in Kahala anymore. It's real difficult and expensive living in this State.

"Thank you, Mr. President."

Senator Taniguchi rose and said:

"Mr. President, I apologize for the wrong district. I remember Senator Hemmings in the House, and just as he called you Speaker, I forgot that he had moved up to the Senate.

"Mr. President, we have a long way to go as far as our budget and finding money for teachers. And like I said, if the Senator from Waimanalo has a list, we'd be very happy to entertain that and look at that in our Committee.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 795 was adopted and S.B. No. 1379, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 796 (S.B. No. 1635):

Senator Taniguchi moved that Stand. Com. Rep. No. 796 be adopted and S.B. No. 1635, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of this measure with reservations.

"The measure purports to add full-time temporary legislative staff to the employees' retirement system. I have no objection to that. My problem is that there's no indicated figure as to how much this costs. Again, I'm going to say that if we're going to pay for something, we should know what the costs are before we're asked to vote for it.

"Thank you."

Senator Kim rose in support of the measure with reservations and stated:

"Mr. President, I rise to speak in support with reservations.

"The bill does not say how long the retroactive period is, when it begins, and also what the impact may be. So that's my reservations. Thank you."

Senator Hemmings requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 796 was adopted and S.B. No. 1635, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 798 (S.B. No. 879, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 798 was adopted and S.B. No. 879, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SUBSTANCE ABUSE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 799 (S.B. No. 1122, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 799 be adopted and S.B. No. 1122, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak against the measure as follows:

"Mr. President, I'm forced, once again, to stand and vote against a measure.

"Even though I fully support what the Disability and Communications Access Board is doing, I cannot support the creation of the Disability and Communication Access Board special fund. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 799 was adopted and S.B. No. 1122, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DISABILITY AND COMMUNICATION ACCESS BOARD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 800 (S.B. No. 1325, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 800 be adopted and S.B. No. 1325, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, this is easier to stand up and oppose.

"This bill seeks to take a portion of the state conveyance tax and dedicate it to state funding to assist the homeless. I think that's a wonderful thing to do to assist the homeless. The only problem is this Legislature several years ago raised the conveyance tax in order for the Bureau of Conveyance to buy computer and software equipment to make their operations more successful. Then we again raised the conveyance tax so that they could have more employees to do the things that they want to do. Now we're going to take more of that money and we're going to dedicate it to an entirely different purpose, and that is to assist the homeless. And then they'll be back next year asking for more money and a higher tax rate because now they're involved in assisting the homeless.

"I think the conveyance tax, the Bureau of Conveyance should stick to doing what they're supposed to be doing, and that is the recordation of the transfer of legal documents. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 800 was adopted and S.B. No. 1325, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONVEYANCE

TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

S.B. No. 483:

On motion by Senator Menor, seconded by Senator Kanno and carried, S.B. No. 483, entitled: "A BILL FOR AN ACT RELATING TO RESTRAINT OF TRADE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 938, S.D. 1:

Senator Menor moved that S.B. No. 938, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I'm rising in opposition of this bill.

"This bill would raise the minimum motor vehicle liability coverage from \$20,000 to \$25,000 per person, and from \$40,000 to \$100,000 per accident. This bill is supposed to help victims of car accidents get money to compensate them for their injuries. But what it does is it actually raises premiums that are already amongst the highest in the nation; it increases the uninsured motorist population as people drop this more expensive coverage; it increases the number of lawsuits filed; and encourages even more lawyers to specialize in this area due to higher fees.

"I urge you to vote 'no.' Thank you."

Senator English then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 938, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 8 (Chumbley, Fukunaga, Hemmings, Hogue, Ige, Ihara, Matsunaga, Slom).

S.B. No. 1066, S.D. 1:

Senator Menor moved that S.B. No. 1066, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga,

Senator Hogue rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of this measure with reservations.

"We had testimony in the Commerce, Consumer Protection and Housing Committee that indicated if this bill moved forward, as initially written here, it could put HMAA and other smaller carriers out of business. I'm sure that's not intended. There is a defective date on it, but I recommend that we watch this bill very carefully. That's not what we want to do.

"Thank you very much."

The motion was put by the Chair and carried, S.B. No. 1066, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 810 (S.B. No. 171, S.D. 2):

On motion by Senator Menor, seconded by Senator Kanno and carried, Stand. Com. Rep. No. 810 was adopted and S.B. No. 171, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE REIMBURSEMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 723, S.D. 1:

Senator Kanno moved that S.B. No. 723, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support of the bill with reservations.

"I'm concerned about the over-broadness of this measure. The bill originally was supposed to be limited to violent offenders, but the draft affects victims of any adjudicated juvenile violator or convicted adult defendant. It provides for disclosure whenever the person has been convicted or adjudicated, but this presumed probation might not always be the case. The language, I think, needs to be more specific in this bill if it was intended to address victims of domestic violence.

"Lastly, this bill, as the judiciary testified, will test its limited resources.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 723, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PROBATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 28:

Senator Nakata moved that S.B. No. 28, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"This extends the mandatory employer notification of a closing, partial closing, or relocation of a business if it has 50 or more employees from the current 45 days to 90 days. The interesting thing about this measure is the State Department of Labor testified against it and said it was not only not necessary, but it would be harmful to businesses. I feel that that argument is a compelling one as well. There's no justification for requiring this.

"When a business must give this notice three months or more in advance, including relocation, what it does is it provides concerns among employees, among customers, and among vendors. And it may disturb the already tenuous business.

"Thank you."

Senator Sakamoto rose to speak in opposition to the measure and stated:

"Mr. President, I also rise in opposition.

"Similar to the remarks from the Senator from Hawaii Kai, this extended period is unreasonable because most businesses relocate or close for financial reasons. It will place undue financial hardship on employers who have to stay open for an additional 45 days if that's how they choose to come under the terms of the law. Such notification may be unfeasible for employers who close due to unforeseen circumstances and wouldn't allow them to give their employees the 90-day notice.

"In other instances, a business may take a period of several years to close and this proposed 90-day notification may cause employees to prematurely seek other employment, which would have a dire effect on those employees remaining, as well as the business itself.

"So, Mr. President, I think there are already provisions in the current law 45 days, and adding more to that will not help businesses, in fact it will not help the employees themselves, and if they indeed stay the 90 days, it will add more turmoil in their lives as well, Mr. President."

Senator Chun rose to speak in favor of the measure as follows:

"Mr. President, I stand in favor of this bill.

"Mr. President, this bill intends to increase the closing notification period from 45 to 90 days. Yes it is true that the Department of Labor did testify against it, but the people, they are missing the point of this. They are looking at the forest and not looking at the trees.

"The intent of this bill and the intent really of the entire dislocated workers provision is to get the workers back working as soon as they can. In order for us to do that, the State needs to step in and have as much information as they can.

"Case in point is the AmFac closure which just happened recently. The AmFac basically had 400 workers that were displaced by the closing of that plant. Those 400 workers all go on unemployment insurance benefits. They all will get paid from the State. They all will get their benefits. However, they will continue to get benefits until they find work.

"What has the Department of Labor done to assist those people in getting work? I attended one of the early meetings that the Department of Labor had with the AmFac workers to find out what was being offered to assist them either in finding new jobs or getting retrained. At that first meeting, the Department said we don't have anything. When I asked the Department, Do you have any lists of jobs opening that they can go to right now so that they won't be able to miss a paycheck so they can meet their bills? The answer was no. When I asked them if they knew exactly what kind of training they can offer through their ETF fund to assist these workers to be trained so they can get new work without missing a paycheck, the answer was, we don't know what kind of training is out there because we don't know what kind of jobs are out there.

"Mr. President, that kind of rapid response is not the kind of rapid response that I would anticipate from our Department of Labor that I anticipated from a department that said we don't need this tool. Mr. President, what has happened in Kauai and which I think will happen again and again as we see more of these closures is that the private sector, bless their heart, has stepped in.

"Just today I got a newsletter from the Contractor's Association of Kauai and they noted that there was a problem with 400 workers that could not find jobs, that didn't have any assistance from the Department of Labor, that didn't have any training from the Department of Labor. And they stepped in and they formed their own training program within a 90-day period. That's how long it took them. It took them from the end of 2000 to February of 2001. They came up with their own program. And what they've done is they did training programs to assist people to get retrained to work in different fields. And now they're having basically five classes with approximately a maximum of 15 employees each. So they're basically training 75 workers right now to get new jobs. All of this was done by the private sector in conjunction with the community colleges.

"That's the kind of response we need. But that took time. It took time, at least 90 days to get that done. Once these people are employed after that kind of training, they get off unemployment, which means it saves everybody money. That's what we're trying to look at. And that's what the intent of this bill is – to give the government some time to come up with training programs, time to find out what jobs are out there, time to figure out exactly what is needed to get people back to work.

"Now if our Department of Labor can't do that, then yes, I think our private sector should step in. I'm really thankful for the Contractor's Association of Kauai to do that. But I think this bill is necessary because we all know that doing these things for so many people who are leaving work we need all the time we can get. And I think by doing this, by getting them back to work, we will save ourselves money from the unemployment benefits that we don't have to pay.

"Thank you, Mr. President."

Senator Sakamoto rose again to speak in opposition to the measure and stated:

"Mr. President, I don't know what forest or what trees the Senator from South Kauai is talking about. If we cut down enough trees, maybe we'll see the forest. Is that it?

"Mr. President, Karen Takeda and the Contractor's Association of Kauai . . . very good. Private businesses doing what they can do, not government. It's been no secret, for years we have known about the demise of sugar. How much more warning do people need? It's no secret when plantations close.

"This bill talks about 50 employees. That's small companies. In fact, companies that are contractors on Kauai may relocate, and what does that mean? They need to say 90 days? In fact, some jobs don't even last 90 days.

"Mr. President, I would like clarification on what forest and what trees I don't see. The unemployment compensation? That's not paid for by government. The employers and the workers put money in based on the employees they have, and the ETF money goes in there too based on a surcharge to that. That's money from employers and employees.

"The Department of Labor should do their job, but it's not their job to hire anybody. If we want people who are dislocated

to have job opportunities, we need to allow businesses to survive and indeed thrive in this State, and let's go in that direction."

The motion was put by the Chair and carried, S.B. No. 28, entitled: "A BILL FOR AN ACT RELATING TO DISLOCATED WORKERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 8 (Chumbley, Hemmings, Hogue, Ige, Ihara, Matsunaga, Sakamoto, Slom).

Stand. Com. Rep. No. 819 (S.B. No. 331, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 819 be adopted and S.B. No. 331, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Mr. President, I apologize for rising here. I realize the hour is late, however, I just wanted to pass along this little story here about this particular bill. I'm rising in favor of the bill with reservations.

"There was a big problem in the testimony in this particular situation in the way that the DCCA talked with the tenants. I think that people should just be aware of that and that we should talk about communication because there is a tremendous lack of communication.

"What essentially this bill does is it speeds up the judicial process from 18 months to as little as 4-6 months, but it does not help the residents really learn a little bit more about responsibility. There was one story reported about a family that was evicted because they squandered the rent money because they spent it on a baby luau. Obviously, the DCCA could do a little bit more helping the people that need it most, rather than being expedient.

"Thank you very much."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 819 was adopted and S.B. No. 331, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Ige, Ihara).

Stand. Com. Rep. No. 826 (S.B. No. 981, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 826 be adopted and S.B. No. 981, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senators Kim and Sakamoto requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 826 was adopted and S.B. No. 981, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE BOARD OF LAND AND NATURAL RESOURCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

S.B. No. 759, S.D. 1:

Senator Kanno moved that S.B. No. 759, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

“This bill repeals the current joint tortfeasor law. It does not provide any joint tort reform, as many of us have been advocating for years, and it does not do anything to lower the cost of the litigious society which we’ve developed here, nor does it do anything to separate out the individual responsibilities within lawsuits.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 759, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO TORT ACTIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Slom). Excused, 1 (Ihara).

S.B. No. 1529:

Senator Kanno moved that S.B. No. 1529, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose in support of the measure with reservations and stated:

“Mr. President, I support this legislation with reservations.

“My reservations have to do with the requirement that a family or household member who knows or has reason to believe that an adult who is unable to obtain medical treatment or due care must provide that information promptly. There are too many vagaries in the bill, and I don’t like the mandatory requirement. I think what it may do is have the opposite effect and have people not get involved as they should.

“Thank you.”

Senators Hogue, Ige and Fukunaga then requested their votes be cast “aye, with reservations,” and the Chair so ordered

The motion was put by the Chair and carried, S.B. No. 1529, entitled: “A BILL FOR AN ACT RELATING TO DEPENDENT ADULTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Ayes, 25. Noes, none.

S.B. No. 653, S.D. 1:

Senator Menor moved that S.B. No. 653, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senator Hogue rose in support of the measure with reservations and stated:

“Mr. President, I rise to speak in favor of this bill with reservations.

“This measure is another one of those cases where we as Legislators end up having to play something that we really don’t like to play, and that is referee . . . this time in a dispute between the major oil companies and some of their dealers.

“What this bill does is partially repeal the so-called divorce law which was set up a few sessions ago to protect against the oil companies owning their own dealerships. It sounded like a good idea, but because times are tough in the service station business, several dealers would like that law repealed. Others who are adamantly against the oil companies do not.

“The Committee has recognized this dilemma by accurately putting a defective date on this particular measure, but I say we really need to fish or cut bait, really, before the end of the Session. Let’s either repeal the divorce law right now or do nothing. Let’s not go halfway.

“Thank you.”

Senators Slom, English, Hemmings, Hanabusa, Taniguchi and Matsuura then requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 653, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO GASOLINE DEALERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1067, S.D. 1:

Senator Menor moved that S.B. No. 1067, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsunaga.

Senators Slom, Hogue and Hemmings requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1067, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LIMITING HURRICANE PROPERTY INSURANCE RISK,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 4:32 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 4:40 o’clock p.m.

Stand. Com. Rep. No. 837 (S.B. No. 593, S.D. 2):

By unanimous consent, Stand. Com. Rep. No. 837 and S.B. No. 593, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MOTOR VEHICLE RENTAL INDUSTRY,” were recommitted to the Committee on Commerce, Consumer Protection and Housing.

Stand. Com. Rep. No. 838 (S.B. No. 900, S.D. 2):

On motion by Senator Menor, seconded by Senator Matsunaga and carried, Stand. Com. Rep. No. 838 was adopted and S.B. No. 900, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LIQUOR LICENSE APPLICATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 839 (S.B. No. 1038, S.D. 2):

Senator Kawamoto moved that Stand. Com. Rep. No. 839 be adopted and S.B. No. 1038, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator English requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 839 was adopted and S.B. No. 1038, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 239, S.D. 1:

Senator Kawamoto moved that S.B. No. 239, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"While I have no concerns over the re-definition of the Chinese New Year and support that portion of the bill, I think that subsequent sections of the bill contain simply excessive penalties. Making it a class C felony and increasing the fines up to \$5,000 and a two-year term of imprisonment go far, far, too far, Mr. President, in the way of penalties.

"For that reason, I vote 'no.' Thank you."

Senator Kim requested her vote be cast "aye, with reservations," and the Chair so ordered.

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, last year we had a good bill. We passed it out. We did the thing that we said it was going to do – cut down 30 or 40 percent of the smoke and fireworks. But we had one glitch with somebody out there. There may have been a lot of people out there but we caught one guy – a guy who had 180 pounds worth of illegal fireworks and was selling it. After that, we caught him and I asked the prosecutor's office, What can we expect from penalties on this individual? Who is being charged with a class C felon? Mr. President, the prosecutor said, 'without any priors, he may get a \$2,000 fine.'

"Mr. President, these guys are making \$75,000 to \$100,000 in three months. A \$2,000 fine is not a deterrent. He's going to go out and say 'that's the cost of business' to his friends, and we're going to have multiples of these people out in the community selling these illegal fireworks and being the thorn

on our backs as far as fireworks are concerned. We need to set an example.

"I went over to the prosecutor's office and said What can we do? He said you can amend the bill, charge them with a class C felon with a minimum sentence. And that's the minimum sentence. My colleagues, two years in jail, \$5,000, is not even a dent. If those fireworks had gone off in Pearl City, we would have lost three houses and probably killed about five people if all the aerals went off. That, we're saying, equates to two years in jail. So that's not a small sentence, as indicated. This is a sentence to tell people out there don't – DON'T DO ILLEGAL FIREWORKS. Don't do or sell things that can kill people.

"Thank you very much. I urge my colleagues to vote 'aye' on this bill."

Senator Chumbley rose again to respond as follows:

"Mr. President, I don't want to turn this into an explosive issue, however, I think I do want to draw the attention of my colleagues to the language on page 5 of the bill. As written last year and as adopted into law, the specific individual that the good Senator from Waipahu was speaking about, who had imported 180 pounds of aerals as he described, was therefore subject to a class C felony. If we have a problem with the prosecutor's office, which is not properly charging those individuals who under the law should have been charged with a higher crime, then it's a prosecutorial problem, it's not a statute problem.

"With this amendment, the individual who has one single aerial – no matter where they got that aerial from – then becomes guilty of a class C felony. That is just too extreme and goes way too far.

"Thank you."

Senator Kawamoto rose and said:

"Mr. President, again a rebuttal.

"A class C felon – maximum 5 years in jail, \$10,000 fine . . . it was not the prosecutor's fault. It was when he brought the charges up, the courts decided, because he didn't have a prior, that he's going to get just a fine of \$2,000 – a slap on the hand. That's the problem. And the problem comes when this individual goes out to his friends and says, 'hey, I don't have a prior, you don't have a prior, go out, make \$100,000 and you may get a \$2,000 fine. No problem. I'll do that.' And it's not the guy with only one aerial that's going to do that. It's these guys that have 200 and 300 pounds of aerals selling big bucks.

"The year before, there was an estimated \$15 million going across the table in three months. Mr. President, this is a serious thing. Lives have been lost. We need to curtail this kind of activity.

"Thank you."

Senator Ige rose and said:

"Mr. President, I'd just like to note my reservations on this measure."

The Chair so ordered.

Senator Ihara then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 239, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FIREWORKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Chumbley).

S.B. No. 500:

Senator Kawamoto moved that S.B. No. 500, having been read throughout, pass Third Reading, seconded by Senator Chun.

Senator English rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this bill.

"Mr. President, I'm so pleased with this bill, that we have gone back and taken the original name of a place – Kawaihapai – and returned the name to this airfield. Kawaihapai means the lifting waters, or the uplifting waters. Mr. President, for many of us, we've known this area as Dillingham Airfield, but now we are respecting the first peoples of these islands by going back to its original name, Kawaihapai, and calling this place Kawaihapai Airfield. This is what we should be doing throughout the islands – recognizing the original names of places – because the names embody the spirit of that particular place.

"So, Mr. President, I support this measure wholeheartedly and thank the introducer for doing so. Thank you."

Senator Hemmings rose to speak in favor of the measure with reservations as follows:

"Mr. President, I rise to speak in favor of this bill with reservations.

"Mr. President, Dillingham Airfield pays tribute to a historic figure in Hawaiian history. And it also is a historic site in that it's the only airfield in Hawaii that got an airplane off the ground in the December 7th attack on Pearl Harbor.

"I believe in many cases we can restore Hawaiian names to Hawaiian places. Probably the best example would be a very famous surfing spot called Palumalu, which has a wonderful, wonderful legend to it. It's a surfing spot that's world-renowned. Unfortunately, its name is now called Sunset Beach. I wonder if renaming Dillingham Airfield has more to do with political correctness rather than necessity, in changing the name. There are many other sites that have names like Sunset Beach where we could restore the Hawaiian name. I'm wondering if we should be attacking the names of places randomly, item by item with legislation at the State level.

"Thank you, Mr. President."

Senator Slom then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 500, entitled: "A BILL FOR AN ACT RELATING TO DILLINGHAM AIRFIELD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 995, S.D. 1:

Senator Kawamoto moved that S.B. No. 995, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kim.

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"This is yet another measure that attempts to deal with immunity from liability in a very, very curious way. It allows for the State to have no responsibility at all for those vehicles traveling upon a highway that are exercising reasonable caution and care, and it creates direct individual obligations for those who fail to be reasonable when they drive by falling asleep at the wheel or being intoxicated.

"This is very problematic as drafted, Mr. President, and is going to result in extensive litigation. It's just not a well-crafted measure that's going to need a lot of work. If we do want to provide immunity for the State and limit the situations like this, then I would say that this is not the approach.

"Thank you."

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, I rise in favor of this bill.

"Mr. President, this bill seeks to protect the State and the Counties and also, as amended, the public utilities from liability in cases involving highway accidents in which the driver at fault for the accident was speeding and under the influence of alcohol and drugs. Clearly, the State and County should not be found at fault for the accident when hundreds, thousands, or even millions of drivers a year drive over the same roadway safely and exercising reasonable care. The State, Counties, and the utility people should not be liable when a driver loses control, was speeding and intoxicated.

"Long ago, a former Senator from Hilo, the late Senator Dick Matsuura, he always told me 'Kawamoto, you've got to pass common sense bills.' Well, this is one for you, Dick, because this is a common sense bill. Thank you."

Senator Slom rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"I have been swayed by the common sense rhetoric of the gentleman from God's country. And who could vote against a bill, other than the Senator from Maui, that finally has truth in labeling? It is called litigation highways. It is the lawyer's panacea, so I support it wholeheartedly, Mr. President.

"Thank you."

Senator Kanno then requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Chun rose in support of the measure with reservations and stated:

"Mr. President, I stand in support of this bill with reservations.

"Mr. President, I believe the intent of the bill is well-meaning. I think we do need to take care of the situations where people drive recklessly on our roads where they're

driving under the influence or exceeding the speed limit. Our roads were never designed to handle safe traffic at any old speed. It was never designed to safely keep individuals who are drunk on the road without hurting themselves, and the law needs to recognize that.

"However, I do understand the concerns raised by the honorable Senator from Maui. I believe it goes a little bit beyond what could be done to solve this problem, but I believe as this bill progresses, if it does progress in the House, we could probably talk about a little bit more narrow ways of limiting liability on the part of the State and the Counties.

"Thank you, Mr. President."

Senators Menor, Ige, Ihara, Fukunaga, Tam, Hanabusa, Matsunaga, English and Taniguchi then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 995, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LITIGATION HIGHWAYS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Chumbley).

S.B. No. 1094, S.D. 1:

Senator Kawamoto moved that S.B. No. 1094, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kanno.

Senators Taniguchi, Kim, Ige and Menor requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1094, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FIREWORKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Chumbley).

S.B. No. 1201, S.D. 1:

Senator Kawamoto moved that S.B. No. 1201, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senators Kanno, Ihara, Menor, Hogue and Slom requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1201, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAYS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Chumbley).

Stand. Com. Rep. No. 854 (S.B. No. 1531, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 854 be adopted and S.B. No. 1531, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Buen rose to speak in favor of the measure and said:

"Mr. President, I speak in favor of this bill.

"This year, Mr. President, your Committee on Agriculture toured the State and heard from farmers and ranchers about the many agriculture lease problems that they are currently experiencing in the administering of agriculture lease negotiations by the Department of Land and Natural Resources, Land Management Division. Your Committee on Agriculture had extensive discussions with farmers, the Department of Land and Natural Resources, and the Department of Agriculture in the hearing on public lands and the administering of agriculture leases on public lands.

"This bill was amended to leave the public lands with the Department of Land and Natural Resources and the administering or the disposition of agriculture leases with the Department of Agriculture. Both departments and the farmers are agreeable with the amendments.

"Thank you, Mr. President. I ask my colleagues to vote in favor of this bill."

Senators Chumbley, Hemmings, Ige, English and Ihara requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 854 was adopted and S.B. No. 1531, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL LANDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 856 (S.B. No. 1070, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 856 be adopted and S.B. No. 1070, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose for a conflict ruling as follows:

"Mr. President, I have a conflict of interest. I have a life insurance license."

The Chair ruled that Senator Tam was not in conflict.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 856 was adopted and S.B. No. 1070, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONTINUING EDUCATION COURSES AND COURSE PROVIDERS FOR INSURANCE LICENSEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 857 (S.B. No. 1072, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 857 be adopted and S.B. No. 1072, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak with reservations on the measure and said:

"Mr. President, I rise to speak in favor of this particular Hawaii Hurricane Relief Fund bill with reservations.

"I probably don't have to tell this esteemed body that the Hawaii Hurricane Relief Fund is a very volatile measure. I

know that I've heard volumes from my constituents, and I'm sure that many of you have as well. Most of them really don't give a hoot about mortgage fees which have been accumulative of up to \$52 million in this fund for the past several years, or assessments which have been accumulated to the amount of about \$178 million, or insurance premiums which have accumulated to the amount of about \$315 million, or re-insurance payments which have accumulated to the amount of about \$359 million that the State has had to pay back.

"My constituents don't care about that. I know I've tried to tell them about it. They don't care. They just want their money back.

"Essentially, this bill only has to do with a part of that. It purports to suspend the collection of special mortgage recording fees by the Bureau of Conveyances. For that, it sounds like a no-brainer. However, those fees could be resurrected in a short time. A testifier for the Board of Realtors said it best when they opposed this measure, I'm quoting from the Committee, 'either the fund is open or it's closed.'

"My recommendation would be to stop the collection of mortgage recording fees immediately and refund the previously collected mortgage fees through at least a tax credit to those involved. It's fair, it's equitable, and it makes sense. Let's do what's right.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 857 was adopted and S.B. No. 1072, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HURRICANE RELIEF FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 859 (S.B. No. 1169, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 859 be adopted and S.B. No. 1169, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 859 was adopted and S.B. No. 1169, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO STATE PARKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 862 (S.B. No. 1207, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 862 was adopted and S.B. No. 1207, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 863 (S.B. No. 1292, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 863 was adopted and S.B. No. 1292, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TECHNOLOGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 865 (S.B. No. 244, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 865 be adopted and S.B. No. 244, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak against the measure as follows:

"Mr. President, I rise to speak against S.B. No. 244, which extends long-term care benefits to children, siblings, sibling's spouses, and probably anybody that was related at one time or another to a sibling or a spouse. Obviously the list goes on and on.

"This is a well-intended bill, but obviously could drive up the costs. I think there are unintended consequences. I urge my colleagues to vote 'no.'

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 865 was adopted and S.B. No. 244, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE BENEFITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom)

Stand. Com. Rep. No. 866 (S.B. No. 493, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 866 be adopted and S.B. No. 493, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak with reservations on the measure and said:

"Mr. President, I rise to speak with reservations.

"This particular measure is in regards to the Hawaii three R's which sounds very admirable, but really the big concern here is whether or not we've actually added a layer to the bureaucracy. This is well intended but I believe that there is a better measure down the road - S.B. No. 1577, S.D. 2, does this in a much better manner and I think that we do not need to add this new layer of bureaucracy.

"Thank you very much."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 866 was adopted and S.B. No. 493, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOLS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 867 (S.B. No. 716, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 867 be adopted and S.B. No. 716, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Hemmings and Matsunaga requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 867 was adopted and S.B. No. 716, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST NOT-FOR-PROFIT CORPORATIONS THAT PROVIDE HEALTH CARE FACILITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 870 (S.B. No. 1182, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 870 be adopted and S.B. No. 1182, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this bill.

"Last year there was only one bill in the Senate that garnered a 13 to 12 vote. It was the bill to allow the use of medical marijuana in very controlled and limited circumstances. What this bill would do, basically, is to eliminate many of the provisions of this bill, which just became an act. It just became effective less than three months ago.

"I think it raises a number of privacy concerns, also constitutional issues, and has additional identification and cost items involved in it. I think what we should do is allow the existing bill, the existing act that we passed to go into effect to see if there are any problems that need changing. Right now, we haven't seen any and we don't need this bill.

"Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"The previous speaker had correctly identified that the law this bill proposes to amend has not in fact been in full effect and enforced for that long of a time. In fact, on December 29, 2000, the administrative rules under which this statute would operate were adopted. Therefore, as indicated, it's not been much more than 2½ months at this point.

"I think what I find most offensive about this bill is that it requires the Department of Public Safety to turn over to the police chiefs the registry list of those individuals who under the authorization of their doctor have received access to medical marijuana. Where is the medical privacy for those patients who need this drug in order to be able to help relieve some of their symptoms? That's an issue of privacy between the doctor and the patient. It's not for the police chiefs to know about.

"There's little obligation in this bill other than the statement that 'it shall be kept confidential by the respective police departments, except for verification purposes.' Well who gets to verify it? This is private medical information. You have a right to privacy. This just goes way too far.

"The other aspect of the bill that I find disturbing is that it now attempts to narrow those particular debilitating diseases

under which the patient could receive the medical marijuana, from whatever means they get it or if they're going to grow it with their caretakers or however the process is of obtaining it. It seems far, far too intrusive of changes to something that's only been in place for a little while.

"I think that this is a complete reversal in an attempt to undermine something that was put into place in good faith, and this is a bad faith effort. Thank you."

Senator English rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this bill.

"Instead of going on a long speech, I'm just going to say my comments are the same as those of the Senator from Hawaii Kai and the Senator from Maui."

Senator Sakamoto rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support.

"I'm not the maker of this bill, however, I stood where the Senator from East Maui was standing last year and clearly showed this body how the measure that was the House measure was full of holes last year. If this measure can fix some of the measure's holes from last year, it's a good measure. At least it's better than it was.

"Mr. President, this body did not do a good job on the measure last year. I think admittedly from the proponents of the measure last year, it was a 13-12 vote and there was fear that the measure would not pass. But if this keeps the ability for those bona fide people to get medical marijuana, that's what the measure still does but it does close up some of the holes that existed in last year's measure, Mr. President."

Senator Nakata rose and said:

"Mr. President, I'll be voting with reservations."

The Chair so ordered.

Senators Hogue, Hemmings, Kim, Hanabusa and Buen requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 870 was adopted and S.B. No. 1182, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 8 (Chumbley, Chun Oakland, English, Fukunaga, Ige, Ihara, Matsunaga, Slom).

Stand. Com. Rep. No. 872 (S.B. No. 1177, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 872 be adopted and S.B. No. 1177, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill.

"Briefly, this is just the opposite of what we should be doing in this State. This makes medical care not a product of the private sector but rather a product of the public employees.

"What it does for the corrections system is eliminates flexibility in choice in the marketplace of medical care and ties us to one employee who may or may not be doing a good job. This preempts the flexibility to get the job done with choice in the medical service industry.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 872 was adopted and S.B. No. 1177, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONAL HEALTH CARE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Sлом).

Stand. Com. Rep. No. 874 (S.B. No. 18, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 874 be adopted and S.B. No. 18, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Sлом rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"As I've said previously and said in Committee, I certainly will entertain supporting the arbitration award for these public employees, but at some point we have to set a priority, and my priority has been, and even talking to my constituents, teachers. We talk about averting a teacher's strike. We talk about averting a university professor's strike. If we say that education is second-to-none, if we say that our teachers are so important, then they have to be number one in line and we have to take care of the teachers and educational officers first. That's what I intend to do. I will vote there first and if there is any money left over without raising our taxes or cutting our tax benefits, then I will support this bill as well. Until now, I trust my opposition to it.

"Thank you."

Senator Hemmings rose to speak in favor of the measure with reservations and said:

"Mr. President, I rise to speak in favor of the bill with very strong reservations.

"As previously noted in discussions on this Floor of the Senate, Mr. President, in the short years, the end of the '80s, we added over 20,000 public employees to the workforce. I might offer the suggestion that the public employees are suffering in the bad Hawaiian economy like the rest of us, and certainly they're as concerned about their children's education as we are.

"It might be important to note that most of the leaders in government send their children to private schools while urging the taxpayers that can't afford private schools to support public schools. It seems like a rather hypocritical position to take.

"I agree with the previous speaker from Hawaii Kai that the teachers should be at the front of the line for salary increases, but I'd also like to suggest to the union public employees that you might have to start making hard decisions for yourself. Do we want more public employees getting less or do we want less

public employees getting more? I think we've reached the point where they better start making those decisions for themselves.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 874 was adopted and S.B. No. 18, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR SALARY INCREASES FOR PUBLIC EMPLOYEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Sлом).

Stand. Com. Rep. No. 875 (S.B. No. 446, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 875 be adopted and S.B. No. 446, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Sлом rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"This is another one of those bills that has some good parts and bad parts, but the bad parts exceed the good parts. It would exclude student workers employed during part of the calendar year from receiving unemployment compensation benefits, and it makes that clear. But it also extends unemployment compensation benefits to dislocated employees of AmFac Sugar on Kauai, which is not part of the law. It also appropriates an amount from the general revenues and we don't know what the amount is; it's a blank amount. And to really put the topper on it, it establishes a temporary special fund in which to put these blank general funds into.

"I oppose it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 875 was adopted and S.B. No. 446, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO UNEMPLOYMENT COMPENSATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Hogue, Sлом). Excused, 1 (Menor).

Stand. Com. Rep. No. 877 (S.B. No. 523, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 877 was adopted and S.B. No. 523, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO APPOINTED PUBLIC OFFICIALS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Menor).

Stand. Com. Rep. No. 878 (S.B. No. 588, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 878 be adopted and S.B. No. 588, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Hanabusa, Kanno, Kim, Inouye, Kawamoto and Hogue requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 878 was adopted and S.B. No. 588, S.D. 2, entitled:

"A BILL FOR AN ACT RELATING TO PROFESSIONAL EMPLOYMENT ORGANIZATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Menor).

Stand. Com. Rep. No. 880 (S.B. No. 1044, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 880 be adopted and S.B. No. 1044, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Kanno requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 880 was adopted and S.B. No. 1044, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYEE HEALTH BENEFITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Menor).

Stand. Com. Rep. No. 881 (S.B. No. 1045):

Senator Taniguchi moved that Stand. Com. Rep. No. 881 be adopted and S.B. No. 1045, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak with reservations on the measure and said:

"Mr. President, I'm not sure about this bill because . . . I'm going to vote with reservations.

"It's unclear to me. The monies were for health fund premiums, but they were given to the Hawaii Convention Center Fund by the Governor. I think this is a problem that we face in terms of intermingling of both funds and also functions. So I will give it the benefit of the doubt until we can clear it up, but it definitely needs reservations now.

"Thank you."

Senators Hogue and Hemmings requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 881 was adopted and S.B. No. 1045, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR HEALTH FUND PREMIUMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Menor).

Stand. Com. Rep. No. 883 (S.B. No. 1052):

Senator Taniguchi moved that Stand. Com. Rep. No. 883 be adopted and S.B. No. 1052, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 883 was adopted and S.B. No. 1052, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES'

RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Menor).

Stand. Com. Rep. No. 886 (S.B. No. 336, S.D. 3):

Senator Taniguchi moved that Stand. Com. Rep. No. 886 be adopted and S.B. No. 336, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Kim rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 336, S.D. 3.

"Mr. President, this bill puts a sunset date of June 2003 on the Hawaii Tourism Authority and requires a financial audit. Your Committee spent a lot of time reviewing HTA's operation for the past two years, and I thank my Committee members for their participation.

"At the time the Legislature created the Hawaii Tourism Authority in 1998, many in the visitor industry wanted the agency to concentrate solely on tourism marketing and promotion. Instead, the Legislature gave it a very broad mandate to plan for, and oversee, the State's support for tourism. Its \$61 million budget comes from the transient accommodation tax special fund.

"Since its inception, the HTA has done a commendable job of launching many tourism marketing and promotional activities, as tourism executives had originally intended. However, in the process, the HTA has grossly neglected its many other obligations and has not lived up to the rest of its legislative mandate.

"Let's take the tourism strategic plan, entitled *Ke Kumu*, which provides the overall direction for the State's tourism efforts. The HTA did a fine job of soliciting community input for the plan, but has not followed through on that initial effort. The version we continue to receive is dated June 1999, and stamped 'Draft: For Discussion Purposes Only.' Public input gathered from statewide public hearings in mid-1999 has never been incorporated into the plan. And the HTA's commitment that the plan would be updated by early 2000 remains unfulfilled.

"Other problems that were uncovered during our lengthy hearings go to the very core of oversight and accountability. For example, HTA contracts the Hawaii Visitors and Convention Bureau to conduct the State's marketing and promotion. This translates into \$45 million, or 75 percent, of HTA's annual budget devoted to the HVCB. Yet, HTA has never conducted a comprehensive yearly evaluation of the HVCB's performance and effectiveness.

"In the same vein, the HTA also has not evaluated the performance of its \$182,000 a year executive director. What is troubling is that a few of the HTA board members have tried to institute an evaluation, but I am told that other board members have blocked it. Meanwhile, the director himself, Mr. Fishman could not tell us whether he has done yearly evaluations of his 20-member staff.

"Your Committee remains concerned about the large bureaucratic staff and a \$1.8 million administration budget because 90 percent of HTA's budget is contracted out. In addition to the HVCB contract, there are the NFL and PGA

contracts, numerous events contracts, and a contract for Team Unlimited, which, simply put, is for the hiring of a consultant to manage HTA's sports contracts. What I want to know is why we need a contract to manage the contracts when the job should be done by the staff?

"It further boggles my mind that Team Unlimited's contract last year was for \$495,000. This year, it has nearly doubled to \$750,000, with two-year options reaching \$825,000 in the third year. When I compared last year and this year's contracts, I could not find the justification for these huge increases. We further learned in the Committee that while Team's contract nearly doubled, responsibilities for contract payments and for festivals were removed and placed under the HTA staff, who, in my opinion, should be managing the contracts in the first place.

"So, in essence, HTA has cleverly increased its legislatively capped administrative budget to \$2.6 million by contracting out the oversight and management of the sports contracts. Given this fact, we asked Director Fishman to justify how an organization that contracts out 90 percent of its budget could justify such steep administrative expenses of \$2.6 million. Colleagues, I think we're in the wrong business!

"Your Committee also called into question, Mr. President, certain practices of HTA board members and potential conflict-of-interest issues. We must challenge the Authority members to judge their actions against the same ethics laws and standards governing other public officials, and to scrutinize the operations of the HTA with the same zeal as they do their own businesses.

"While I believe that the tourism industry members should be commended for their voluntary service to the people of Hawaii, they do so not without any self-interest. After all, their tourism-related businesses have much to gain from their involvement and decisions. And these top CEOs are still paid their high salaries when they attend to HTA business.

"I know that some of my colleagues believe we should resist changes to the HTA because this body created it in 1998. Let me say that laws or mandates approved by the Legislature should not be immune from evaluation and reassessment. As we have seen in the past, laws, agencies, and public programs are not sacred cows and it does not mean that they have carte blanche to operate as they so choose.

"I believe we should be supportive of the visitor industry. But that doesn't mean we have to be rubber stamps. As elected representatives of the people, we must ensure that tax revenues are well spent, that public programs are fulfilling their responsibilities. When something is amiss, it is our right and duty to respond.

"We must never be hesitant to demand accountability from the agencies we have created to serve the people of Hawaii. Our duties shouldn't be confined to convening for a few months a year to rush through thousands of bills. We must exercise the legislative oversight expected of us. We must and should make it a priority to review past mandates and legislation regularly to ensure that these laws achieve what was intended. We must keep all government agencies' feet to the fire.

"This bill will demonstrate our concern for our number-one industry – tourism – and send a message that we take our legislative responsibilities and the public trust seriously.

"Mr. President, as your Tourism and Intergovernmental Chairman, I will continue to exercise oversight and demand accountability from the Hawaii Tourism Authority. I hope with this kind of scrutiny over the next two years, we will not have to sunset the organization when the time comes.

"I urge my colleagues to vote 'aye.' Thank you."

Senator Buen rose to speak in favor of the bill and said:

"Mr. President, I stand in favor of this bill.

"In the many, many hours of hearings and informational meetings with the Hawaii Tourism Authority, I have great concern that many of the questions on financial spending could not be answered by the Executive Director. Many of the answers were skirted and verbal responses did not match the report provided to us.

"I applaud the volunteers on the Board who gave up their time to sincerely want to serve the public, but we do have an obligation to the public. It is the public's money and therefore I support the financial audit. We have an obligation to the public.

"I also applaud the Chair of the Tourism and Intergovernmental Affairs Committee for having the courage to hold the public's money accountable. I ask you to vote in favor of this bill. Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this bill.

"My opposition is not about accountability and my opposition is not about skirting our obligation to the public. My opposition to this measure is the fact that the Chair of the TIA Committee said we wanted to send a message. Well, let's work with the problems. Let's get them resolved. But to put into place a bill that would repeal the Hawaii Tourism Authority – the agency that's responsible for the billions of dollars that come into our State – is just too much of a risk.

"If we have problems, let's work on these specific problems of accountability, but let's not just repeal the whole Hawaii Tourism Authority. I think that just goes way too far in trying to send a message.

"Thank you."

Senator Slom rose to speak in support of the measure as follows:

"Mr. President, I rise in full support of the bill.

"I just wanted to let you know that this was a bipartisan effort. It was not a question of sending a message; it was a question of getting answers. We were told by the HTA which, as we've said, everybody appreciates . . . we appreciate their volunteer efforts and everything else, we appreciate the impact to the industry, but at the same time, we do have a responsibility. And as they said to us, they sent us tons of information and tons of material, it's true. They just didn't send us the answers to the questions that we asked.

"To answer the question that the Co-Majority Leader asked just a few short five hours ago, What is it that Legislators can do? This is what Legislators can do. I don't think it was courage on the part of the Chair of the TIA Committee; I think that she understands what her responsibility is. And I wish that more of my colleagues and more Committee Chairs would do exactly the same thing, and that is to scrutinize numbers that are presented to us, to ask obvious questions, and to get answers, require answers.

"I know the first time we had several hearings on this. And the first time, everybody from the HTA was in a very jocular mood, but they didn't have the answers and they thought it was funny that anybody would persist in asking these questions. So that was the real contribution that the TIA Chair made.

"We have to be responsible for the things that we put our names on. And we have to be responsible so that when something happens years later, we can say we know why that happened, we got the answers, or we got explanations for it.

"Finally, I think it's really important that several of the members came before the TIA Committee and said, 'We've been in many government positions before and nobody's ever asked us questions like these. Nobody's ever asked for an evaluation. Nobody's ever asked what the board of directors really thinks or what their autonomy is.' Well, it's about time that we ask more of these questions.

"So I think this is a good start, but I'd like to see it in all the Committees and among all my colleagues. Thank you."

Senators English, Matsunaga and Menor requested their vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 886 was adopted and S.B. No. 336, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 7 (Chumbley, Chun Oakland, Fukunaga, Ige, Ihara, Inouye, Kawamoto).

Stand. Com. Rep. No. 887 (S.B. No. 1606, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 887 be adopted and S.B. No. 1606, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure. I'll make it very brief.

"I want to refer to this as the 'bounty bill, bounty bill,' members, because it sets out a \$100 bounty for the police departments that make any arrests. On page 6 of the bill, line 18, you don't even have to be convicted, just a simple \$100 for the arrest. The Counties get the money, but the State still continues to pay for all of the legal processing under the court system.

"This isn't the right way to solve the problem of drunk drivers. Thank you."

Senator English rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this bill.

"You know, if you combine the effects of this bill with the effects of S.B. Nos. 1599, 1514, and 1600, we basically set out a policy of police powers beyond what any of us ever imagined. To boot, with this bill we say that we've got to pay them for exercising these powers over us.

"It is a bounty bill, Mr. President. It's a bill that encourages . . . I support that part. It encourages cops and police to be diligent and very observant and to go after these drunk drivers.

But everything else that the other bills do on top of this just makes it very distasteful to me. I'm very fearful for the rights of citizens, for due process, for, frankly, the protections of our constitution. And for these reasons, Mr. President, I will be voting 'no' on this measure."

Senators Slom, Ihara, Ige and Matsunaga requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 887 was adopted and S.B. No. 1606, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DRIVING UNDER THE INFLUENCE OF INTOXICATING LIQUOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Chumbley, English, Fukunaga).

Stand. Com. Rep. No. 888 (S.B. No. 1030, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 888 be adopted and S.B. No. 1030, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 1030, S.D. 2, Relating to the Hawaii Community Development Authority.

"This bill authorizes special facility revenue bonds to develop an Ocean Science Center in my Senatorial District, Kakaako. As this bill moves through this Legislative Session, we need to make sure the Hawaii Community Development Authority schedules public hearings which are open to the general public's ideas of how they envision the economic development of Kakaako – as 'A Gathering Place' for Hawaii's grassroots community. In fact, the Ocean Science Center would compliment the 'Multi-Culture Village,' cultural architecture, and cultural activities. Many people have also expressed to me that Kakaako should be a homogenous community for social activities for the youth and elderly.

"Thank you."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"I would call this a 'pork' bill but I guess it's more reasonably a 'sashimi' bill since it has to do with the Governor's fish tank.

"I think we have several problems here, not the least of which is whether or not we need and can afford this particular object. The bill contains an accountability problem because the authority, with the approval of the Governor, may enter into a special facility lease or an amendment or supplement thereto, without regard to the procurement code. And similarly, agreements to acquire, construct, remodel, furnish, or equip the special facility are not subject to the procurement code.

"This goes outside of what we've been trying to do, so I'm in opposition. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 888 was adopted and S.B. No. 1030, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY," having

been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Hogue, Slom). Excused, 1 (Ige).

Stand. Com. Rep. No. 891 (S.B. No. 1236):

Senator Taniguchi moved that Stand. Com. Rep. No. 891 be adopted and S.B. No. 1236, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 891 was adopted and S.B. No. 1236, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1209:

Senator Taniguchi moved that S.B. No. 1209, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against the bill.

"This bill contains \$400,000 that the taxpayers of Hawaii are going to have to pay for the University of Hawaii failing to meet environmental protection laws and it's a penalty of \$400,000. It really doesn't make sense. We're subsidizing mismanagement up there. If the University truly wants autonomy, they can have the autonomy to pay this bill rather than reaching in the taxpayer's pockets.

"Thank you, Mr. President."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I speak also in opposition to the bill.

"For the same reasons as my colleague from Kailua/Waimanalo, it is inconsistent with the autonomy that the University seeks and which we have granted them. They should be responsible. But more importantly, they should also be responsible to the laws that govern the rest of the private citizens within this State, including environmental laws.

"Thank you."

Senators Hogue and Chun requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1209, entitled: "A BILL FOR AN ACT RELATING TO CLAIMS AGAINST THE UNIVERSITY OF HAWAII AND PROVIDING APPROPRIATIONS THEREFOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Hemmings, Slom). Excused, 1 (Nakata).

S.B. No. 1563, S.D. 1:

On motion by Senator Sakamoto, seconded by Senator Kawamoto and carried, S.B. No. 1563, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE BOARD OF EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Chumbley). Excused, 1 (Nakata).

S.B. No. 1515, S.D. 1:

On motion by Senator Kanno, seconded by Senator Matsuura and carried, S.B. No. 1515, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SENTENCING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Nakata).

Stand. Com. Rep. No. 900 (S.B. No. 1550, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 900 be adopted and S.B. No. 1550, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Mr. President, I rise to speak in favor of this bill with reservations.

"I'm sure that many here in this esteemed body remember what was essentially called Act 87. I know that most people in this particular body voted in favor of it – the Medical Privacy Act. I know that the esteemed Senator from Hawaii Kai voted against it and we have voted essentially to repeal that.

"This bill could create the same sort of fiasco as the Medical Privacy Act. So I urge all of us to take a very close look at this particular bill as it moves along the process, just to make sure that it isn't another one of these medical privacy act type of bills.

"I know the HMSA people testified against it, so let's look at it very, very closely. Thank you very much."

Senator Slom then requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Chun rose to speak in support of the measure as follows:

"Mr. President, I stand in support of this bill.

"Mr. President, this is another bill that has been brought to us courtesy of the Republicans from the congressional delegation. We need to pass this bill unless we want to have the federal government feed it down or throw it down our throats, which I think would not be in the best interest of the public.

"So, Mr. President, I believe we should pass this bill. It does involve some privacy act but whenever the State can take control of its own destiny I think we should try to do that as opposed to having the federal government dictate it to us.

"Thank you, Mr. President."

Senator Slom rose on a point of personal privilege and said:

"Point of personal privilege, Mr. President.

"I'd just like to clarify something with the Co-Majority Leader. Does this mean that the Co-Majority Leader and his party will be accepting all Republican measures that are coming from the new Bush Administration including the tax incentives and so forth?"

Senator Chun responded:

"Mr. President, federal mandates are federal mandates. We will take them as they come, but we will hope to work with our State Republican Party over here to see if the federal congressional delegation over there with the Republican Party cannot force us to do things that are not in the best interest of the State of Hawaii. There are many, many, many federal mandates that are brewing in Washington, DC."

Senator Hemmings requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 900 was adopted and S.B. No. 1550, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 903 (S.B. No. 645, S.D. 1):

On motion by Senator Kanno, seconded by Senator Taniguchi and carried, Stand. Com. Rep. No. 903 was adopted and S.B. No. 645, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC AGE VERIFICATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 904 (S.B. No. 216):

Senator Kanno moved that Stand. Com. Rep. No. 904 be adopted and S.B. No. 216, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Ihara rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to S.B. No. 216.

"This bill would require all vessels operating in State waters to have on board their vessel an emergency position indicating radio beacon (EPIRB). Mr. President, a significant amount of the testimony submitted was in opposition to this bill.

"First there was concern about the costs involved because an EPIRB beacon costs between \$850 to over \$2,000 each. Passage of the bill would impose this cost on all 15,000 of the recreational and commercial state registered vessels in our State.

"In addition, the current definition of vessel is 'all description of watercraft used or capable of being used as a means of transportation on or in the water except a seaplane.' I suppose it excludes surfers. Mr. President, even jet skis, kayaks, and rowboats would be subject to this costly requirement, perhaps requiring the expenditure of more money on getting a beacon than on the purchase of the vessel itself.

"As I mentioned, there was a lot of concern about this bill and about the potential of false alarms from improper use of EPIRB beacons. The current false alarm rate exceeds 90

percent and it would surely increase significantly if we did indeed require all 15,000 boaters to be using these beacons.

"Mr. President, nearly every testifier – including the Department of Land and Natural Resources, the Hawaii Ocean Safety Team, and some companies – recommended one small but important change to the bill. This change would improve safety without significant cost. The suggestion was to allow boaters the option of carrying either an EPIRB beacon or an operational VHF radio. Most testifiers also recommend limiting the requirement to vessels operating more than one mile from shore.

"Because S.B. No. 216 is not limited in scope to operating within that one mile as recommended, and because S.B. No. 216 will increase the likelihood of many, many more false alarms, and because this bill would impose significant costs on many, many people who enjoy the ocean, I will be voting 'no' on this measure.

"Thank you."

Senator Slom rose to speak against the measure as follows:

"Mr. President, I, too, will be voting 'no.' I concur with the remarks from the good Senator from Kaimuki.

"I think it should be pointed out, should be very clear again, that this is legislation trying to provide safety for people because of some of the idiots that go out and don't take any precautions whatsoever. So we're assuming that everybody is an idiot and everybody's got to be protected by the State.

"The testimony showed very clearly that there is a big difference between EPIRBs and VHF equipment. The EPIRB, once you activate it, gives out a beacon which can be read by a satellite, and that's good news but it doesn't give any information. Besides the false readings that it gives, there are different degrees of emergency or help that a boater may need. VHF, which is highly reliable, is a transceiver operation where you can actually talk to the Coast Guard or talk to someone else and make clear exactly what the status of the problem is without any of the false reportings. It is less costly, more efficient, and still achieves the idea of safety.

"So if you want to require something, require that option as the Senator said – give boaters that option. Thank you."

Senator Kawamoto rose to support the measure as follows:

"Mr. President, I rise to speak in favor of this bill.

"First of all, Mr. President, the EPIRB doesn't cost \$800. We just had a maritime conference down at the convention center where an EPIRB cost \$231.

"Mr. President, the promoter of this bill was the Coast Guard. The Coast Guard, when they go out and try to find somebody, it costs them \$9,000 an hour. The kayak that got lost last year cost the Coast Guard \$75,000. We may not be the very smart guys or we may just attack the dumb guys, but you're only dumb when you go out there with a limited number of equipment.

"When we flew airplanes, we had the SIF. We squawked 7-7-7 and then you were in trouble. This is how the thing helps you – you know you're lost and out at sea and there's no way to be found, you turn on the beeper and automatically the Coast Guard turns their thing on and they can find you in a matter of minutes. The people that came with HOST, the VHF radio . . . HF/VHF radio (i.e., line of sight). The EPIRB can go a long

ways out in the water. People are dumb enough to be out there in the ocean 100 miles out, they're not going to use VHF radio.

"Mr. President, I urge my colleagues to vote 'aye' on this bill."

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"I'm not sure if any of my colleagues happened to see a very well-written article in one of our local newspapers. You may have missed it. It was in the sports section but it was in there the past few days. I thought it was very, very well written, and it spoke to the ideas that the Senator from Manoa also expressed about the 90 percent rate.

"If the esteemed Senator from Waipahu noted that there was some sort of a \$75,000 cost for the Coast Guard, think of the 90 percent rate that you heard here with these beepers going off all over the place. I think the VHF radio, which is much, much cheaper and also goes two ways, works exactly the way that we want it to.

"So, hopefully all of my colleagues will vote 'no' on this well-intended measure that is a little bit off base. Thank you."

Senators Kokubun, Matsuura and Chun requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 904 was adopted and S.B. No. 216, entitled: "A BILL FOR AN ACT RELATING TO WATERCRAFT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Chumbley, Hogue, Ige, Ihara, Matsunaga, Slom).

Stand. Com. Rep. No. 905 (S.B. No. 902):

Senator Kanno moved that Stand. Com. Rep. No. 905 be adopted and S.B. No. 902, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in support of the measure as follows:

"Mr. President, it gives me a great deal of pleasure to stand up and fully support this measure.

"I think it's an indication after 40 years of using Washington Place for political activities, it must be an indication that many people think there's going to be a change in the political climate and change in the political residency in Washington Place. So at this point, they want to make sure that there are no political activities taking place after next year's November election.

"So I think this is a great bill. I urge all my colleagues to get behind it and support it 100 percent. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 905 was adopted and S.B. No. 902, entitled: "A BILL FOR AN ACT RELATING TO THE USE OF WASHINGTON PLACE FOR CAMPAIGN ACTIVITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 913 (S.B. No. 838, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 913 be adopted and S.B. No. 838, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"Obviously, here we go again with the Hawaii Hurricane Relief bill. Who here really believed that virtually all of this money wouldn't eventually be sent to the State's general fund? Is that where it was intended in the first place? Of course not. The fund was originally set up to help Hawaii's homeowners and it did just that.

"I guess we can all thank, frankly, the forces of nature for not coming down on us for the past 9½ years. Hopefully we will be continually blessed for the next 29½ years, maybe even longer than that.

"It seems prudent to me to hold on to at least a portion of that fund and spend some funds for hurricane related expenses rather than, as some have espoused, college scholarships. I'm encouraged that the Committee on Ways and Means set aside 40 percent of the interest of the fund for that purpose. However, I'm very discouraged that the remainder, 60 percent of the interest, is going back into the general fund as if it were some kind of a tax windfall. We know better.

"I hope all of our constituents are watching us today because I certainly know mine are. Thank you."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"Our constituents have told us they want their money back. They're entitled to their money back. Originally, the Governor said, a month-and-a-half ago, he wanted their money back. Then he changed his mind and decided that he wanted a tuition program.

"The fact of the matter is, when this was established nearly 10 years ago, this fund – not insurance – this fund was established as a temporary stopgap measure until insurance companies would come back into the market. Insurance companies have come back into the market.

"There was discussion from the very beginning as to what would happen to the funds and how they should be distributed. From the very beginning, there were advocates who said the money should go back to those people who paid them. We've heard from the Hurricane Relief Fund that gee they don't know how to allocate the return of the money. Well, it's real simple – anybody that wants a claim, all they have to do is bring their check stubs or anything else and they can verify how much money they paid and how much money should be returned.

"There is a portion in the bill as amended by Ways and Means which talks about extending grants for hurricane mitigation equipment and applications, and I certainly support that. I think that's a worthy project. But that is a separate issue. We passed legislation or we discussed legislation the last couple of years that would enhance these kinds of operations.

"This is a clear example, once again, that the public is being misled. They are told that the money is theirs and that the money is going to be returned and then they watch politicians play with that money and one person says 'put it over here,' and another person says 'put it over here and put it over here.' The honest thing to do, the best thing to do is return it to the people who paid it.

"Thank you, Mr. President."

Senator Hemmings rose to speak on the measure as follows:

"Mr. President, it's important, once again, to analyze why this fund was created. Looking back at the terrible hurricane Iniki on Kauai, it's important to note that a state regulated insurance company . . . they certainly collected all the premiums from the people of Kauai, but when it came time to pay it out, they took a walk from the responsibility and paid absolutely nothing, leaving everybody on Kauai, many premium holders, holding the bag.

"The reason why this fund was created, in part, was to cover the basis of the failure of the insurance commission to adequately enforce the laws governing the control of insurance companies. The people of Kauai suffered immensely because of the failure of the insurance commissioner and the particular company, a local company.

"Thank you, Mr. President."

Senator Taniguchi rose to speak in favor of the measure as follows:

"Mr. President, I wasn't planning to speak and put my comments in the Journal, but I feel I must read my speech, unfortunately, because of some misunderstandings about the bill.

"The Hawaii Hurricane Relief Fund will suspend its insurance operations on December 1, 2001. Several ideas have been presented on what to do with the monies remaining in the trust fund. Your Committee on Ways and Means has contemplated many proposals, but the S.D. 2 seems to be the most logical and equitable.

"First, I want to dispel the idea of simply returning reserve monies to policyholders. The policyholders purchased hurricane insurance for a set period of time. They are paying for protection. Like other insurance companies, the Hawaii Hurricane Relief Fund should not be expected to return premiums only because the period of coverage is over and there were no hurricanes. Another reason why returning monies to policyholders is not a fair option is that other sources of revenue went into the fund, mainly from commercial owners and from mortgage recordation fees. It would be difficult to set up a fair apportionment system.

"The Hawaii Hurricane Relief Fund was established as a temporary measure to provide hurricane coverage for homeowners and businesses until a federal program was established. A federal hurricane insurance program similar to a federal flood insurance program was proposed but never enacted. In the meantime, private insurers are again offering hurricane coverage.

"Does this mean that the fund should be abolished? I do not believe so.

"Although private insurers have again entered the market, we cannot predict whether another instance like what happened in the aftermath of hurricane Iniki will happen again where

Hawaii's homeowners and businesses were left without any hurricane coverage.

"This bill sends a strong message that we will still be prepared for the next hurricane. First this bill proposes to use 20 percent of the interest of the trust principal, or about \$3 million, for hurricane mitigation. Homeowners and small businesses that install board-approved hurricane mitigation devices, such as hurricane clips and tie-downs, will be eligible to receive a dollar-for-dollar matching grant from the fund up to \$2,000. Encouraging installation of these hurricane mitigation devices means less overall damage to structures from a hurricane and less exposure for insurance claims.

"Second, this bill provides that 20 percent of the interest will remain with the principal for the purposes of reinvestment. This will allow the fund to continue its growth until such time when monies may be needed to cover hurricane damage losses again. The fund has approximately \$175 million. This is far from what is needed to cover losses from a direct hit to Oahu. If we keep the Hawaii Hurricane Relief Fund intact and allow for some moderate growth, it will be ready to once again offer some protection and security to homeowners and businesses of this State if a hurricane should occur.

"Finally, 60 percent of the interest monies will go into the general fund. This will allow us to use these monies in other ways, including for disaster programs. I ask that all of our members support this bill.

"Thank you."

Senator Menor rose to speak in favor of the measure and said:

"Mr. President, I also rise to speak in favor of this bill.

"As you know, the Committee that I chair, the Commerce, Consumer Protection and Housing Committee, along with Ways and Means also had jurisdiction over this measure. The bill that is before us is designed to address an issue that we definitely need to resolve this Session – which is, What is going to be done with the approximately \$175 million that will remain in the hurricane relief fund after the fund ceases to issue policies effective December of this year?

"I believe that the provisions of this bill are responsive to the public concerns. I believe that the public is expecting the Legislature to utilize or put any proposed uses for this fund in a way that they will bear a direct nexus or relationship to the underlying purposes for which the fund was established. In addition, I think the public would also like us to use the funds that remain in the hurricane relief fund to benefit the broader or larger communities in Hawaii.

"I believe that the provisions of this bill would accomplish those goals in several respects. First of all, what should be emphasized is that the bulk of the monies, the corpus in the fund, the approximately \$175 million that will remain in the fund at the end of this year, will be used for hurricane relief purposes to the extent that it will be retained in the Hawaii Hurricane Relief Fund to cover future losses in the event of a hurricane that could not or may not be covered by private hurricane insurance or under federal disaster emergency relief. So what needs to be pointed out or clarified again is the fact that the bulk of the monies will not be diverted to non-hurricane related uses.

"Now, in regards to the investment earnings, the esteemed Chair of the Ways and Means Committee has indicated proposed uses for those investment earnings. Again, the uses to

which those earnings would be put under this bill would either be used for hurricane related purposes or for the benefit of the general public. As has already been stated, the investment earnings under this bill could be used to provide grants to the vast majority of homeowners and small business owners who may wish to use these grants to be able to install hurricane mitigation devices on their properties. In addition, the investment earnings could also be reinvested into the fund to build up its corpus to allow us to cover the potentially substantial and significant hurricane losses that could occur in the future and which again may not be covered by other sources of funding.

"I know that there are those who have suggested that a better use for this fund would be to return all of those monies in the form of rebates, refunds, or through other means to the general public. I understand and am very sensitive to these concerns. While these proposals may sound good in theory, I would submit that in actual practice it would be very difficult to implement these recommendations.

"During the hearing on this measure, the administrator of the Hawaii Hurricane Relief Fund indicated that there do not exist adequate records for us to be able to identify all of the policyholders who have contributed to the fund and the specific amounts of premiums that they have contributed or paid into the fund since the inception of the HHRF several years ago. So while it may sound good in theory, I think that the provisions that are contained in this bill are not only more workable, but they are also responsive to the concerns of the public and will ultimately prove to be the most feasible uses of the funds as described or discussed in this bill.

"I know that the bill will be given further and more careful discussion in the House. I think that this measure should be kept alive for further consideration and discussion. Accordingly, I would ask my colleagues to vote in favor of this bill.

"Thank you."

Senator Hogue rose again and stated:

"Mr. President, I rise in rebuttal.

"With all due respect to the Chairs of the Ways and Means and the Commerce, Consumer Protection and Housing Committees, in regards to the insurance argument, I, too, have been swayed by the argument that once you pay out insurance premiums, hey, you paid for it. That's a good argument. I should note that about \$315 million of insurance premiums were collected and then the State hurricane relief fund essentially had to go out and purchase that insurance. Essentially, it cost more than that. In fact, it cost \$359 million for them to do that. So we can't give the insurance premiums back.

"However, the money that is actually left in there is a combination of assessments and mortgage recording fees, and other revenue, whatever that means . . . I think it means a tax.

"In regards to the paperwork, I understand that there is some problem about the microfilm and there is a problem about the records that have been kept, but why should the homeowners be punished because the State is inept in its record keeping? I bet that these homeowners and businesses have been very good in their record keeping, and I'll bet that they could produce paperwork that would allow them some sort of rebate or tax credit. First of all, we're not supposed to lie on our taxes, are we? So if you can produce the paperwork that allowed you for a tax credit, that would be an easy way to refund.

"Finally, how does putting 60 percent of the interest in the fund into the general fund, if I'm correct, how does that satisfy the requirement of looking into the future? How are we somehow satisfying the requirement of looking into the future? Once again, I certainly hope that you will vote 'no.'

"Thank you."

Senator Slom rose and said:

"Mr. President, allow me to make a few rebuttal statements as well.

"First of all, the hurricane relief fund is not your ordinary brand of insurance. In fact, it was not insurance. As I mentioned earlier, it was a fund; it was a mandated fund. There was no other competition. I had hurricane relief insurance prior to that fund. I had my choice of going to different companies based on their financial strength, integrity, the amount of coverage, and the amount of premium. I had no such choice with the hurricane relief fund.

"I did a really funny thing, a really dumb thing. I read the little policy. If you read the policy, it said, in effect, that you had no coverage whatsoever because, in effect, let's be honest about this, if there were a direct hit on Oahu or even a near direct hit on Oahu, \$175 million wouldn't even pay for the doughnuts and coffee for the volunteers. We would be talking about billions of dollars of destruction, and that is not covered by this fund, was never intended to be, and said very specifically in the fine print that in fact we would be assessed additional monies to help pay for any calamity and disaster.

"This idea about the record keeping being such a difficult thing, I mentioned it earlier, my colleague from Kaneohe reiterated the fact that if some people can produce their records they should be able to do that and get a refund. I think it begs a question though, Why didn't the hurricane relief fund keep adequate records? Why isn't anybody holding them accountable for that?

"The argument that the public would be very satisfied with what you want to do here – I don't think so! I didn't get any calls that said to me, 'oh please take my money and dump it into the general fund,' or 'take my money and give it as tuition scholarships to students who earn a B.' What they said over and over again and very clear was 'give me my money back!' That's what they said. And to the argument that they would be happy because this money would go for hurricane relief related projects or, as the Chairman said, 'for the benefit of the general public' into the general fund – well, we've seen all kinds of things that go into the general fund and are called benefit for the general public.

"What this is is a massive reallocation of wealth and taxes. It's not right. It should go back to the people that paid it. Thank you, Mr. President."

Senator Matsunaga then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 913 was adopted and S.B. No. 838, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HAWAII HURRICANE RELIEF FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 915 (S.B. No. 1028, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 915 be adopted and S.B. No. 1028, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose to speak in support of the measure as follows:

“Mr. President, I rise to speak in favor of S.B. No. 1028, S.D. 2, Relating to Community Development Districts.

“This bill requires the Hawaii Community Development Authority to develop a consolidation plan for transferring the responsibility of redeveloping the Kalaeloa Community Development District from Barbers Point Naval Air Station Redevelopment Commission to the Hawaii Community Development Authority. The Senate is approaching the consolidation plan appropriately by requiring the Hawaii Community Development Authority to develop a business plan. This plan would involve all parties with a stake in the consolidation. Furthermore, they would also be required to submit the final consolidation plan, audits, etc. to the Legislature for approval. The Legislature then would conduct a public hearing to assure all stakeholders are involved in the consolidation in order for further economic development to advance.”

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 915 was adopted and S.B. No. 1028, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO COMMUNITY DEVELOPMENT DISTRICTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chun).

Stand. Com. Rep. No. 919 (S.B. No. 1303, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 919 be adopted and S.B. No. 1303, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak with reservations on the measure as follows:

“Mr. President, I rise to speak with reservations.

“I probably have already taken up a lot of this esteemed body’s time with my concerns about the appropriation for the Felix Consent Decree. I certainly appreciate the strong efforts by the Senator from Moanalua and the Chairman of the Education Committee, also the Senator from the Big Island, the Chair of the Health and Human Services Committee for all of their hard work on this.

“However, I don’t believe that this bill goes far enough, and with that, I’ll sit down and we’ll get through this thing a little bit quicker.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 919 was adopted and S.B. No. 1303, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Chun).

Stand. Com. Rep. No. 920 (S.B. No. 927, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 920 was adopted and S.B. No. 927, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ADULT DAY HEALTH CARE CENTERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 921 (S.B. No. 957, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 921 be adopted and S.B. No. 957, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 921 was adopted and S.B. No. 957, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO STUDENT SUPPORT SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 661, S.D. 1:

Senator Taniguchi moved that S.B. No. 661, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose to speak in support of the measure as follows:

“Mr. President, I rise to speak in favor of S.B. No. 661, Relating to the State Budget.

“Each year much attention is focused on our state budget and its allocation to the various state departments and agencies. Throughout the Legislative Session, individuals, businesses, organizations, community groups, schools, departments and agencies have lobbied the Legislature for the best use of Hawaii’s scarce dollars. We in the Legislature spend countless hours in public hearings listening to these requests for funding, and based on what we learn in these hearings, we make the necessary budget decisions. What is rarely brought out in the news and what the public is basically unaware of is that, even after the budget is passed by the Legislature and even after the Governor signs the budget bill into law, the Governor still has the constitutional authority to withhold funding of items in the budget.

“This bill serves to hold the Governor and the Director of Budget and Finance accountable to the public. Before implementing any budget restrictions, they should be required to hold a public hearing on budget restrictions. We cannot expect our state departments and agencies to operate productively and efficiently and to accomplish their goals and objectives in providing the necessary public services if their ability to do so is being curtailed by budget restrictions. If there is a compelling reason to restrict the budget, it should be brought out in the open for the public to comment on before it is applied, just as our Public Utilities Commission should do before they increase any rates. That is the nature of our democracy and legislative process.

"I ask that my colleagues show their support for our democratic and legislative process by voting 'yes' on this bill. Colleagues, this is a bill requesting accountability by the Governor for his decisions.

"Thank you."

Senators Hemmings, Chumbley, Hogue and Slom requested their vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 661, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Fukunaga, Ige).

Stand. Com. Rep. No. 932 (S.B. No. 202, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 932 be adopted and S.B. No. 202, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hogue rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this bill.

"I know all of us were very, very disturbed by the events that took place on our roadways recently when a young mother and her two children were lost in a horrible accident, and we recognize the importance for safety. However, this particular bill just goes a little bit too far with the idea that we're going to have to put seven- and eight-year-olds in child restraint seats. I think seatbelts are more than enough.

"I know that a few years ago, as a proud father of four, I would have had to put . . . well, I wouldn't have been able to go anywhere because I wouldn't have had a car big enough to fit four child restraint seats in it. Luckily, I was a responsible parent who strapped up my kids in their seatbelts before we went anywhere. That was the first thing we did before we pulled out of the driveway. I certainly hope that other parents are just as responsible.

"I think this bill goes too far, and I will vote 'no.' Thank you."

Senators Ihara and Chumbley requested their vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 932 was adopted and S.B. No. 202, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD PASSENGER SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Ige, Slom).

Stand. Com. Rep. No. 934 (S.B. No. 1514, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 934 be adopted and S.B. No. 1514, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley rose to speak in opposition to the measure as follows:

"Mr. President, I rise to speak in opposition to this measure.

"Under current law, a stopped driver has the option of either choosing to take a blood or a urine test. Under this bill, colleagues, the police officer can unilaterally take that option away from the suspect, and the police officer is given far too much discretion. This goes against the policy of the implied consent law under which we currently operate. Many people have a legitimate concern about being stuck with a needle to draw blood, and I believe that those people should be allowed the opportunity to choose a urine test if they so choose, which is the less intrusive test.

"The second part of the bill is also very problematic and it's probably one that not much attention has been drawn to, but this bill also changes significantly, for those who are driving impaired, the definition of drugs. Right now, driving under the influence of drugs is only schedule I and II under HRS 329. But if you look at page 5 of the bill, lines 12-17, it's expanded to include a chemical substance, a natural or a synthetic substance. This would then get those in trouble who use legitimate across-the-counter drugs and again goes far, far, too far, in including these substances. While we don't want those individuals to be consuming over-the-counter drugs and driving impaired, it goes far too far. I think that this needs to be looked at as the Chairs continue this discussion.

"Thank you."

Senator English rose to speak in opposition to the measure and said:

"Mr. President, I rise to speak in opposition of this bill.

"Mr. President, everything that the Senator from Maui said, I would echo. You know, Mr. President, our county governments have incurred considerable expense in training a select core of police officers known as drug recognition experts. These nationally certified DRE officers undergo weeks of extensive training in field tests that will allow them to ascertain which of any chemical substances a driver who appears to be impaired may be under the influence of. These DRE officers are on call twenty-four hours a day and are usually summoned to the scene of a traffic stop where a driver passes a field sobriety test for alcohol but still appears to be impaired to the attending officer.

"Mr. President, the field test administered by the DRE officers seem to be a far less intrusive method of determining whether an individual is driving under the influence of drugs than the compelling of a blood or urine test, or both. I further assert that the compelling of a blood or urine test is clearly not the intention of the implied consent statute because there are provisions covering the situation where a driver refuses to submit to a blood or urine test.

"Additionally, Mr. President, I have concerns with this bill as it is currently written in that it expands the legal definition of drug to mean any chemical substance, natural or synthetic, that impairs a person's normal mental facilities. What's coffee? What's caffeine, Mr. President? This change subjects all who are currently taking medication – like the Senator from Maui and his Sudafed – for everything from flu to high blood pressure, to criminal liability. Lumping legitimate prescription drugs in with alcohol and illicit drugs ignores the very real differences between these substances both in the intent and result of their use.

"Mr. President, I support safe driving but believe that legislation of this type will unfairly penalize those who have to drive but also need to take prescription medication. For those reasons, Mr. President, I would like to register my 'no' vote on this bill.

“Thank you.”

Senator Kawamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in favor of this bill.

“The police department, the police officers, have supported these bills and asked us to pass a bill primarily because their concerns and problems are that they don’t have the tools in which, and many of the times their hands are tied, to do their jobs.

“I agree with the previous speaker as far as the different drugs they have. But the basic thing is that if you’re on prescription drugs and you bang somebody, and you kill somebody, then they’re not going to say whether you’re on bad drugs or prescription drugs, or good drugs, or whatever. You’re impaired and you killed somebody, and the person that died, you know he’s not going to come back and tell you that you shouldn’t have driven because you’re on prescription drugs.

“So Mr. President, I urge all my colleagues to vote ‘aye’ on this bill.”

Senators Hogue, Chun, Hanabusa, Ige, Chun Oakland and Taniguchi then requested their vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 934 was adopted and S.B. No. 1514, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO DRIVING UNDER THE INFLUENCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Chumbley, English, Fukunaga, Ihara, Matsunaga, Slom).

S.B. No. 724, S.D. 1:

Senator Kanno moved that S.B. No. 724, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose in support of the measure with reservations and stated:

“Mr. President, I support the legislation with reservations.

“I’m still concerned about the broad nature of the description of abuses and also the expansion of family or household members and the impact that that might have on the firearms rights of legitimate and peaceful firearms owners.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 724, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ABUSE OF FAMILY OR HOUSEHOLD MEMBERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 951, S.D. 1:

Senator Kanno moved that S.B. No. 951, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Sakamoto rose to speak in opposition of the measure as follows:

“Mr. President, I rise in opposition to this measure.

“I’m opposed to this bill for a number of reasons. This legislation is simply redundant. The crimes of assault, murder, vandalism, and incitement that the bill seeks to address are already punishable under state laws. Are we now to say that the violence committed upon one person is somehow not as bad as the violence committed on another person simply because of what the attacker was supposedly thinking? What this bill does seek to make illegal is the thought process behind crimes. This legislation seeks to penalize motive and this is a dangerous precedent for us to set.

“If we give ourselves the ability to prosecute or legislate what a person is thinking or feeling, no matter how despicable, we would be violating the very thing that our constitution protects – the ability to have an opinion.

“I believe that all crime is hateful, and it is my fear that if we begin to provide state resources for state crimes, we would be telling victims of crimes not associated with our hate crime legislation that they are not as important. The message this body would be sending is that your individual worth would be less dependent on who you are and more dependent on what group you are identified with, and this is simply not the case.

“Is this politically correct legislation to show the community and certain groups that we care? The problem is that we cannot legislate tolerance no matter how a person thinks. This can only be accomplished in our homes and in our communities. It would be misguided for us to assume that hate crime legislation would deter violence. It has not deterred crime on the Mainland, and it will not deter crime here. No violent crime is worse than any other no matter what the motive. Our state law already covers these crimes, and if laws need to be strengthened, let’s strengthen them.

“We live under the premise that we are all equal under the law. To pass this legislation would be to say that we’re not. So I urge my colleagues to oppose this measure.”

Senator Hemmings rose to speak against the measure as follows:

“Mr. President, I rise to speak against this bill.

“To be quick and succinct on it, this is politically correct lunacy. We all deserve equal protection from crime.

“Thank you, Mr. President.”

Senator Kanno rose to speak in support of the measure as follows:

“Mr. President, I rise to speak in support of the measure. I would just like to clarify our current statute in regards to the comments made by one of the previous speakers.

“Currently, our laws provide that there be a consideration for extended terms of imprisonment if crimes are committed against individuals in these categories: 60 years of age or older; blind; a paraplegic or quadriplegic; or 8 years of age or younger. Already in our statute we’ve designated certain categories of individuals where there shall be extended terms of imprisonment.

“I just wanted to have that clarified, and I urge my colleagues to vote ‘aye.’ Thank you.”

Senator Slom rose to speak in opposition of the measure as follows:

“Mr. President, I rise in opposition to this measure.

“You know, it’s very interesting because since I voted ‘no’ on this bill for the last several years, and I voted ‘no’ in this latest Committee, some of the e-mails and communications I’ve gotten – faxes, phone calls – are very interesting to me. They called me a bigot, a racist. One that I liked best was that ‘you are a hate-monger like the same as David Duke, Adolph Hilter, and Carol Gabbard.’ And you know, for people that say that they want to bring people together and that this kind of legislation will unify our community, I have not seen as much vindictiveness, as much hate, as much pettiness as I have from some of the supporters of this legislation.

“They completely disregard the first amendment, because what they are attacking are some of the things, when they give examples, some of the things that some people have said. But in a court of law and with this kind of legislation, in order to prove that, you would have to prove intent. And it’s very interesting that they gloss over the fact that the ACLU has testified against this measure from the standpoint of proving intent, because how would you prove intent? You would prove intent by looking at someone’s past record – things that they might have said, actions that they might have done. The ACLU and others are very clear about that that in any case they would not support bringing up prior arrests, convictions, actions, associations, or anything else. So there is no way really to prove intent other than for people to say, ‘you are a racist, you are a hate-monger, you are this or you are that.’ I think that’s very slim and very flimsy.

“I certainly concur with the good Senator from Moanalua that what we’ve done is created different categories of worth of life. And while I do concur with the Senator from Kapolei that we do have enhanced sentences for certain kinds of crimes right now, that does not necessarily make it right.

“Is a policeman’s life worth more than the family man next door who takes care of his four children, and is a soccer coach, and is gainfully employed, and makes contributions to the AUW? I think not, and yet that’s what we have done. We’ve driven a wedge between people. But I’m really concerned about the divisiveness that has occurred here.

“Now one of the examples that people that testified always brought up was the unfortunate murder that occurred in my district of a gentleman that I have known personally. His name was Kenneth Brewer. And there were a great many discussions that this was a sexually motivated crime. In fact, during that trial the jury considered that, and at the time of sentencing the judge considered that. People are not satisfied with what the jury verdict was. They’re not satisfied with what the judge handed down in terms of a sentence. But the process worked, and all of those issues were taken under consideration as they can be taken under consideration right now.

“But we get back to the original thought – and that is, if we’re going to say that a life is worth something, then it’s more important that someone has broken the social contract and taken that life, and that person should be punished. And as the Senator from Moanalua said, if the punishment is not strong enough, then let’s increase the punishment for anyone who would do violence to anyone else for whatever reason, but let’s not call people that oppose or raise issues about this legislation bigots, and racists, and hate-mongers, because that really undermines the cause of those people that say they’re in support of brining people together.

“Thank you Mr. President.”

Senator Kim then requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 951, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HATE CRIMES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Sakamoto, Slom).

S.B. No. 1609, S.D. 1:

Senator Kanno moved that S.B. No. 1609, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley rose to speak on the measure as follows:

“Mr. President, this is another example where the prosecutor’s office is trying to overturn the history of penal code practices because of its inability to prosecute cases where the prosecutor has the burden of proving that the arrested person knew that the property was stolen.

“Under general principles of penal responsibility/liability, it is an accepted defense to the prosecution that the conduct alleged does not include a ‘voluntary act.’

“This bill sets bad precedent in that it takes away an element that the prosecution has the burden of providing at trial. To enact such legislation erodes the very foundation that ‘a person is innocent until proven guilty.’ Be careful.

“Thank you.”

The Chair then inquired:

“Senator Chumbley, for what purpose did you rise?”

Senator Chumbley responded:

“In opposition.”

Senators Matsunaga and English requested their vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1609, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO POSSESSION OF STOLEN PROPERTY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Chumbley, Ihara).

Stand. Com. Rep. No. 942 (S.B. No. 224, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 942 be adopted and S.B. No. 224, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 942 was adopted and S.B. No. 224, S.D. 1, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR PINEAPPLE RESEARCH,” having been read throughout,

passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 945 (S.B. No. 1199, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 945 was adopted and S.B. No. 1199, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONCESSIONS ON PUBLIC PROPERTY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 946 (S.B. No. 1435, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 946 be adopted and S.B. No. 1435, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 1435, Relating to Hydrogen Research and Development.

"Mr. President and fellow colleagues, this bill establishes a public and private partnership within the Department of Business, Economic Development, and Tourism to support and promote hydrogen use in Hawaii. I commend the department for their testimony stating they can research this project without a budget from the Legislature. Their honesty is appreciated.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 946 was adopted and S.B. No. 1435, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HYDROGEN RESEARCH AND DEVELOPMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 947 (S.B. No. 1558):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 947 was adopted and S.B. No. 1558, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 948 (S.B. No. 59, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 948 was adopted and S.B. No. 59, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 951 (S.B. No. 1242, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 951 be adopted and S.B. No. 1242, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this bill.

"I was very disappointed at the hearing when I asked questions as other members of the Committee did, and we did not get answers or we got conflicting answers. What I got from the so-called development-training program is that basically it's to pay wages for students.

"So far there's only nine students who have taken up the program at the UH and the cost that came out of the committee was \$5,000 per student. I don't know where the dollars are going. I don't know what the benefits are. I don't think it's a good bill.

"Thank you."

Senator Hogue then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 951 was adopted and S.B. No. 1242, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE MILLENNIUM WORKFORCE DEVELOPMENT TRAINING PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 953 (S.B. No. 598, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 953 be adopted and S.B. No. 598, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure as follows:

"Again, Mr. President, I'm in opposition to the bill.

"I think the purposes are worthy, but it establishes yet another special fund – the birth defects special fund. So I'm voting in opposition.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 953 was adopted and S.B. No. 598, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO BIRTH DEFECTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 954 (S.B. No. 1114):

Senator Taniguchi moved that Stand. Com. Rep. No. 954 be adopted and S.B. No. 1114, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Hemmings and Hogue then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 954 was adopted and S.B. No. 1114, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE DEPARTMENT OF HUMAN SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 957 (S.B. No. 1216, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 957 be adopted and S.B. No. 1216, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak in opposition to the measure as follows:

"Yes, Mr. President, again I rise in opposition.

"Good bill, good purpose, special fund – opposition.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 957 was adopted and S.B. No. 1216, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO STUDENT LOANS FOR TEACHERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

Stand. Com. Rep. No. 958 (S.B. No. 678, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 958 be adopted and S.B. No. 678, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Tam rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 678, Relating to Technology, that your Committee on Economic Development and Technology passed.

"This bill would incorporate those ideas that encourage the development of Hawaii's High Technology while protecting local businesses.

"First, the New Economy Transition program will allow businesses to increase productivity and efficiency by utilizing technology. By emphasizing the partnership between government and business, this program will make our local and global businesses competitive.

"As Chair of the Economic Development and Technology Committee, my focus to build from the ground up as a strong foundation is essential to success. This bill requires all infrastructures at existing technology state parks to receive legislative appropriations before the Governor allocates funds for the construction of any new technology parks.

"Let me tell you in terms of the experience that I've had . . . last year I visited the southern part of China to attend the government's technology fair. While there, I was pleased to meet a friend from Japan who is in technology. He has several businesses in the United States – one in New York and, I believe, another in California. He wants to establish a biotech technology park facility in Maui.

"Senator Jan Buen, who accompanied me to China, also met him. He indicated he was very interested in developing a Maui Technology Park. But he expressed disappointment over the raw land, which was bare, with no infrastructure, no roads, no sewers, no water. He realized he would have to develop everything himself. That's a state facility basically . . . how depressing.

"I had to persuade him to continue to come here and look at the future. Today he is convinced and will return in April.

"Four other important Technology improvements contained in this bill are:

1. The Legislature will authorize the issuance of general obligation bonds to extend the community-based economic development loan and grant program to enhance information technology in the distressed rural areas.
2. All legislative documents and reports, including budget material, received by the legislature from state agencies shall require conversion from hard to electronic copy. Further, all bill payments will be processed electronically to reduce transactions in administration. This will lead to improvements in our state procurement system, thus making it more efficient, productive, and less costly for our taxpayers.
3. Basically, when we request something in writing, even budgetary material, we have had to wait several days, which is ridiculous.

Let me tell you what's happening in Congress. Congress has direct electronic online to the federal administration's budget and expenditures. We should have that capability also, if we are to do our work efficiently.

4. Finally, S.B. No. 678, as amended, will establish a task force on technology. It is clear that Hawaii's high technology industry is growing and Hawaii based companies are succeeding in many high-tech areas, including telecommunications, electronic commerce, networking infrastructure and hardware, software development and biotechnology. While there has been a great deal of progress in Hawaii's high technology industry, there is also a need to have a clearer focus on the problems and solutions currently existing within this community. This task force will also bring together industry, government and educational leaders to develop clear short and long-term goals for Hawaii's high technology industry with a specific implementation plan with a timeline to achieve these goals. This is a business approach. I have found that the business community generally is not in agreement with the Governor's current goals and objectives. In fact, the technology industry has not been fully involved and informed by the Governor of his goals and objectives, or the direction he plans to take to fulfill these goals and objectives.

"I urge my colleagues to vote in favor of this bill. Thank you."

Senators Chumbley, English and Hogue then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 958 was adopted and S.B. No. 678, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TECHNOLOGY,"

having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 961 (S.B. No. 1188, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 961 be adopted and S.B. No. 1188, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Chumbley rose to speak in favor of the measure with reservations as follows:

"Mr. President, I rise to speak in support of the measure with reservations.

"I have some very lengthy comments and concerns as they relate to the impact to the drug court that this proposed bill may have, so I'd like to have those inserted into the Journal. I just ask that the Chairs of the various Committees associated with this bill be very cautious on this, because it could have a devastating effect to treatment and counseling and drug control in our State.

"Thank you."

The Chair having so ordered, Senator Chumbley's remarks read as follows:

"Jail time for addicts
Ballot initiative would hamstring drug courts

It's really sad that California's public debate over treatment for addicted criminals could be co-opted by a few multimillionaires like George Soros on one side and the corrections officers' union on the other. Neither knows much about the disease of addiction.

But instead of the public and lawmakers learning from the exhaustive research on addiction treatment and then crafting sound policies, we're in for another divisive, superficial battle over a ballot initiative.

Soros, who is a New York financier, and a couple of other wealthy men are funding the campaign for the California Substance Abuse and Crime Prevention Act, which will appear on the November ballot. It would spend \$120 million for addiction treatment and prevent nonviolent drug offenders from being sent to jail. The investment in treatment is widely supported. The ban on jailing offenders is viewed by many drug court officials as a dangerous experiment.

Corrections officers say the ballot initiative would remove judges' discretion in sentencing. Weighing in is San Diego Superior Court Judge James Milliken, presiding judge for the juvenile court and chairman of the Superior Court's substance abuse policy committee. Milliken runs a very successful drug court for addicted parents of kids in foster care. His court has increased reunification rates for families from 30 percent to 70 percent. San Diego judges and the National Association of Drug Court Professionals overwhelmingly oppose the Soros initiative.

Said Milliken: 'It's well-intentioned, but it eviscerates the power of the court. . . . The hallmark of drug courts is to sentence substance abusers to short terms in jail for relapses. . . . If you tolerate relapse and don't have consequences, these people will use (drugs) again and again. . . . We are successful because we use the coercive power the court judiciously.'

Clients in San Diego County drug courts are tested regularly. If they test dirty, they get an automatic 36 hours in jail for their first relapse, with graduated sanctions thereafter. Under the Soros initiative, judges no longer could send addicts to jail for using drugs or alcohol. The only choice would be to send them to prison if they relapsed many times. There's no middle ground.

Milliken just returned from Maricopa County in Arizona, a state that passed a very similar initiative to the Soros measure. He visited their drug court, where the judge is not allowed to send people to jail if they relapse. The result? Forty percent tested dirty that very day.

In Milliken's court, only one or two test dirty at each session, precisely because of the threat of jail.

Alcohol and drug addiction is the leading cause of crime. If we prohibit the jailing of addicts on probation who relapse, we will wind up with more addicts on our streets, more families torn apart by drugs and alcohol, and more addicts committing serious crimes because they were never coerced into treatment."

"The Arizona Experience

Arizona and California are very different states, with a common experience: both have been successful targets of initiative processes that have changed criminal penalties for drug use. Both states are still in the process of sorting out the consequences of those changes and reacting to them. In the case of Arizona, passage of Proposition 200 (Prop. 200) took place in 1997, but its implementation is still being disputed in the courts.

My intention is not to attempt a comprehensive analysis of the Arizona experience, but to suggest how information coming from another state, in this case Arizona, can play an influential role in creating momentum for similar initiatives elsewhere.

In January 2000, I visited Phoenix, Arizona, and had the opportunity to talk to criminal justice professionals concerning Prop. 200. I visited several courts impacted by the initiative and over the next several months, had numerous conversations with individuals involved in the implementation of Prop. 200.

I came away with the conclusion that the Arizona ballot initiative has provided little relevant data to California's initiative debate; instead, it has provided a great deal of misleading and distorted information that was accepted at face value by many important California policy makers, and by the public generally.

For example, the California ballot initiative misleadingly quoted a report by the Arizona Supreme Court 'that the initiative is resulting in safer communities and more substance abusing probationers in recovery.' What is not addressed is that 'fifty percent (50%) of Prop. 200 funds were put aside for programs that increase and enhance parental involvement and increase education about the serious risks and public health problems caused by the abuse of alcohol or controlled substances' (Arizona Supreme Court, Administrative Office of the Courts; Drug Treatment and Education Fund, Legislative Report, Fiscal Year 1997-1998, p. 4, March 1999).

Although there is virtually no relevant outcome data concerning the Arizona experience, that did not prevent the California ballot initiative proponents from declaring that Prop. 200 has 'already saved state tax payers millions of dollars, and is helping more than 75% of program participants to remain drug free.' Incredibly, the Arizona Supreme Court data upon which

Prop. 36 proponents relied, makes no distinction between the 21% of probationers mandated to non-jail sentences under Prop. 200 (569 participants) and the remaining 1690 traditional probationers sent to treatment services enhanced by an infusion of funds under Prop. 200 [ibid, p13].

Clearly, the Arizona Supreme Court's 'safer communities and more substance abusing probationers in recovery' commentary was not intended to describe the impact of just 10% of Prop. 200 funding on the limited number of probationers impacted by Prop. 200's mandatory sentencing requirements (a total of 569 participants statewide who were not separately monitored), but that was precisely the message delivered in California."

Senators Slom, Matsunaga, English and Hogue then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 961 was adopted and S.B. No. 1188, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SENTENCING FOR DRUGS AND INTOXICATING COMPOUNDS OFFENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 962 (S.B. No. 1580, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 962 be adopted and S.B. No. 1580, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator English rose to speak in opposition to the measure as follows:

"Mr. President, I stand in opposition to this bill.

"This bill cuts way too close to the bright line between the division of church and state, and I see many problems with this down the line, so I'm voting 'no.'

"Thank you."

Senator Hogue then requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Chun rose to speak in opposition to the measure as follows:

"Mr. President, I stand in opposition to this bill.

"Mr. President, interesting enough, I stand in opposition to this bill for almost the opposite reason of the honorable Senator from Maui.

"I don't believe it cuts any differences between religious or non-religious institutions. In fact, I think it discriminates against religious institutions by prohibiting religious education institutions from availing themselves of the benefits of the special purpose revenue bond.

"If the concern of the Committee of taking secular education schools had to do with the first amendment freedoms in the United States Constitution, the report filed by the Legislative Reference Bureau clearly indicated that there is no first amendment federal violations by the State supporting neutral kinds of transportation or costs. I think what we're trying to do over here is, rather than going so far as avoiding any kind of connection with it, you are basically discriminating against

institutions based upon their content of what they believe in, which is in violation of the first amendment.

"You're not establishing a religion, but you are preventing the free exercise thereof. I feel that the pendulum is swinging way too much on that, and I would oppose that bill because it fails to delineate any reason why you're discriminating against religious education institutions.

"For that reason, Mr. President, I will vote against this bill."

Senator Hanabusa rose to speak in opposition to the measure as follows:

"Mr. President, I voted against this measure in both subject matter Committees.

"Mr. President, I ask my colleagues to realize what we're doing here. We're passing or we're asking to have a constitutional amendment put on the ballot. The Legislative Reference Bureau, in January of this year, came up with the study SPRBs for Private Schools: Practical and Constitutional Considerations.

"What we have heard today beginning at ten o'clock whenever the issue of education came up, was a constant reminder that we have said that education is first. What this amendment does and the reason why we require a constitutional amendment to do it is because Hawaii has clearly defined that under the case of *Spears v Honda* and the predecessor section to Article X, Section 1, of our Constitution, that our constitutional people who've implemented the Constitution, the people who voted back then (many of us weren't able to vote back then) made it very clear that we would never sacrifice public school education for anything else, and that meant the expenditure of public funds for the benefit of any private school education.

"The case of *Spears v Honda* was such a situation where it involved a provision of bus service for every student. It was ruled unconstitutional because of not only the fact that students may have gone to sectarian schools, but also the fact that students may have gone to private schools, and that took away funds from public school education.

"There is no question according to the Legislative Reference Bureau that special purpose revenue bonds are considered public funds. As a result, when we implement this, for those of us who stand behind public school education and feel that that's our obligation, we are in essence saying that part of those public funds that we feel should be used for public school education can in fact be shared by others in the private school area.

"The issue of what was raised by both my colleagues, the Senator from Kauai, and the Senator from Maui, also causes me concern. The words were changed from sectarian to secular. However, nowhere in the bill is sectarian or secular defined. So I don't know at what point a school goes over to sectarian or a school remains in secular, and we cannot propose a constitutional amendment on those lines.

"So colleagues, I ask that you vote in opposition to this measure. Thank you."

Senator Sakamoto rose to speak in support of the measure as follows:

"Mr. President, I rise in support.

"Obviously there's concerns with the measure, and the bill, as many others, is a work in progress.

"This bill proposes for special purpose revenue bonds to assist not-for-profit private sectarian educational institutions serving the general public. And private schools, like public schools, are faced with the same mounting problems associated with aging facilities, accelerating deterioration of facilities, and lack of infusion for capital improvements to keep up with modern and high technology demands for the young people.

"Mr. President, special purpose revenue bonds for private schools will benefit all of Hawaii's children and there are 36,000 that go to these private schools. If indeed private schools didn't have these children, they would further overburden our public schools. In fact, if these bonds are authorized and it does provide jobs, there will be taxes – more taxes to help support public education. And yes, it's a long-standing policy not to help private schools – questions about the impact. But, Mr. President, the Department of Education testified that the issuance of these bonds are not opposed as long as these don't affect these funds in their facilities special improvement fund. Certainly, Mr. President, if these jobs don't go ahead, we won't have jobs and taxes for these jobs.

"We have given other special purpose revenue bonds to high technology, agriculture, hospitals, candy factories. So are we saying if those indeed are public funds, and indeed those take away from education, should we give no special purpose revenue bonds? Because they all take away from public education because it's the special purpose revenue bond.

"So certainly, I know there's some concerns about sectarian, secular, and those terminology, but the fact that they're special purpose revenue bonds and just the fact that they are for these schools, in fact they are special purpose revenue bonds. But that shouldn't be picked out just because these are schools. We've done all these other special purpose revenue bonds.

"The Legislative Reference Bureau also said that special purpose revenue bonds indicated that financing for benefit of public schools would 'seem to be allowable.' Certainly there are other issues. The bill hopefully can go forward and clarify some of those issues and certainly hopefully by the end of session a product that will satisfy many of the concerns voiced today, Mr. President."

Senator Nakata rose to speak in opposition to the measure as follows:

"I rise to speak in opposition to this bill.

"I voted against it in subject matter Committee. I share the sentiments of the Senator from Waianae. In addition, we have trouble enough financing our public school system. What resources we have should be going that direction primarily. I am concerned that . . . look at our school system. We are really looking at a two-tier system of education in Hawaii – private schools for those who are better off and public schools for others.

"It is a concern of mine. Again, may I reiterate what resources we have to be placed in the public schools.

"Thank you."

Senator Hemmings rose to speak in favor of the measure and stated:

"Mr. President, I rise to speak in favor of this bill. I was not going to, but after the previous remarks, I think they should be rebutted.

"There was a constitutional argument made that public monies should be used for public education because we have an obligation. I think that argument fails in logic because it assumes that the parents who sacrifice and pay their taxes, much of which is used for public education, and then send their kids to a private school are paying twice. And the assumption is that they're not a member of the public. They certainly should receive the benefit of their tax dollars in education.

"There's another basic concept that I think the Majority Party is trying to defend exclusive use of public schools for public education. This constitutes a monopoly. Monopolies eliminate choice and competition in the marketplace, and that might be one of the reasons why public education is failing so miserably here in the State of Hawaii. A monopoly does not allow the consumer a choice. Public monies are spent only on public schools. If those monies would be diverted to the many private institutions that provided educational opportunities for all our children, maybe we would get more productivity from our public education dollars.

"The last point I want to make regards class envy. I happen to know, coming from a poor family – grew up in Kaimuki; I served lunch at Punahou School on scholarship – many of the children that go to private schools and parochial schools aren't rich kids. They're kids whose parents sacrificed for them. The great hypocrisy of all of this is, many of the self-righteous that stand up on this floor, and in prior Legislative Sessions, and defend public education and say we must all support it, are the very people that then turn around and send their kids to private schools. Think about it.

"So I support this bill. Let's promote opportunity, competition, and performance in the marketplace of education by eliminating the failing monopoly of the public schools."

Senator Chumbley rose to speak in opposition to the measure as follows:

"Thank you Mr. President, I rise to speak in opposition to this measure.

"Members, I think we need to separate some of the debate. This should not be a fiscal debate because the special purpose revenue bonds are not money that comes out of the state general obligation bonds or general funds. They come from a private market sector. So when you argue this, the fiscal aspect of it has some bearing, but not that much.

"It's more of a philosophical issue, and I think that there are constitutional overtones to this. When I look at public school versus private school, there's one simple distinction – and that is, a private school does not have to take public students. If the private schools would take public students at a no cost tuition, maybe this would be a good idea. But until they do, it's a bad idea."

Senators Matsunaga, Kim, Ige and Ihara requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 962 was adopted and S.B. No. 1580, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 15. Noes, 10 (Buen, Chumbley, Chun, English, Fukunaga, Hanabusa, Kawamoto, Kokubun, Nakata, Tam).

Stand. Com. Rep. No. 963 (S.B. No. 233, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 963 be adopted and S.B. No. 233, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Hogue rose to speak in opposition to the measure as follows:

"Mr. President, I'll be brief. I rise in opposition to this bill because over the past few weeks, we've been asked way too many times here to put on our referee shirts. We've heard bills from chiropractors who want to be physicians, physicians who want to be acupuncturists, psychologists who want to be psychiatrists, pharmacists who want to be nurses, social workers who want to be clinical social workers, and the list goes on and on.

"Obviously the positive impact on one profession has a negative impact on another. I will no longer be a referee except when I'm refereeing my daughter's games. I'm not going to stand here and pick one profession over another. I will vote 'no.'

"Thank you."

Senator Sakamoto rose to speak with reservations on the measure as follows:

"Mr. President, I rise with reservations.

"During the workers' comp long sessions – '94, '95 – one of the reasons workers' comp costs were driven up and one of the reasons chiropractors left our State was because there's two kinds of care I learned. One is curative, and one is palliative. Curative in fact cures what's wrong with your back, your neck, your arm, your nerves. Palliative makes you feel good and then you come back for next week's Tuesday, Thursday, Saturday treatments, and then you come back for next week's Tuesday, Thursday, Saturday treatments. And in that process in that time, the chiropractic profession were one of the main cost drivers, and people feel good so they went back.

"I'm concerned that now they claimed that they were experts at manipulation of the spine, and this bill says now they're experts of the human body. Take out spine manipulation, put in human body. Take out spinal column, put in human body. In addition to chiropractic spinal, you say extra spinal, which means everything else. And in fact, this bill also says you don't need a license, you can have a diploma. A diploma? Now, are we moving in the right direction? I think not. I think certainly this would need a lot more discussion if we're going to open up a profession from spinal column to body, from having a license to just having a diploma. Mr. President, this isn't a good bill."

Senator Hemmings rose to speak in opposition to the measure as follows:

"Mr. President, I rise to speak against this bill.

"It sounds like they're trying to manipulate their customer's wallets. Therefore, I'm voting 'no.'"

Senator Sakamoto rose and said:

"Mr. President, I said reservations, but I should be in opposition based on my comments and my colleague's comments."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 963 was adopted and S.B. No. 233, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CHIROPRACTIC,"

having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Sakamoto).

Stand. Com. Rep. No. 964 (S.B. No. 449, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 964 be adopted and S.B. No. 449, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chun rose to speak with reservations on the measure and said:

"Mr. President, with reservations.

"My only reservation is a concern in Section 3 of the bill, which basically adopts verbatim the provisions from Chapter 386 regarding employees who file workers' comp injury. Basically, those protections are already there in another chapter of the state statutes. I'm not quite clear of the impact of taking that portion of verbatim and putting it in another section of the law. I don't know the necessity of that. I don't know the impact, and that's why I'm confused.

"I will support the bill in terms of the protection. It needs to be there. I believe protection is there already, so I will continue to support the bill with reservations."

Senator Hogue requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"We already have a very strong whistleblowers bill. What this bill does is to create additional causes of action for disgruntled employees or terminated employees. It also raises the stakes so it makes it very attractive for attorneys in this particular situation. It also, I think, shifts the balance in terms of the managerial powers and authorities of employers because in certain sections it even tells whom the employer has to hire or rehire. So I'm opposed to it.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 964 was adopted and S.B. No. 449, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT PRACTICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Sakamoto, Slom).

Stand. Com. Rep. No. 966 (S.B. No. 1600, S.D. 1):

Senator Kanno moved that Stand. Com. Rep. No. 966 be adopted and S.B. No. 1600, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator English rose to speak in opposition to the measure and stated:

"Mr. President, as was the case with S.B. Nos. 1606, 1599 and 1514, I rise in opposition to S.B. No. 1600, S.D. 1.

"Here again, Mr. President, I believe this bill vests too much discretion in the hands of the individual police officer. I would remind my colleagues once again that the implied consent law

and the choice in the types of tests to be taken arise out of the plain fact that a blood test is inherently more intrusive than a breath test. Thus, the driver is given an option to have his or her body violated by a needle.

"Mr. President, I would like to urge my colleagues to join me in voting 'no' on S.B. No. 1600, S.D. 1."

Senator Hogue then requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I also rise in opposition to this measure. It appears that the good Senator from Maui has been looking at my notes over here . . . he sounds a lot like me.

"I do have concerns about this that it may not allow for sufficient probable cause and could result in the police in a 'fishing expedition' to determine if the individual is in fact impaired by alcohol or drugs. I think this is another one of those bills that just goes too far by empowering the police department to do things that we never really intended for the police to do.

"Thank you."

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 966 was adopted and S.B. No. 1600, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ALCOHOL, DRUGS, AND HIGHWAY SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Chumbley, English, Fukunaga, Ihara, Matsunaga).

S.B. No. 1466, S.D. 1:

Senator Kanno moved that S.B. No. 1466, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley rose and said:

"Mr. President, I would like to insert my comments in opposition to this measure into the Journal. Thank you."

"The Chair having so ordered, Senator Chumbley's remarks in opposition read as follows:

"This is another example in which the Prosecutor's Office lost another case and is now attempting to get the Legislature to overturn the court's decision.

"The Legislature's primary duty is to enact the laws of the state and the Judicial branch of government is entrusted with the responsibility of interpreting the laws under its jurisdiction and to insure that the laws are applied consistently and fairly to all. It sets forth bad precedent when the Legislature begins to get involved in interpreting the same laws that it adopted. Granted, when an ambiguity exists in the law, legislative intent becomes the primary focus as to why a certain rule was adopted and what did the Legislature truly mean when it adopted such legislation.

"As adopted by the Legislature when first consolidating all the common-law theft statutes and adhering to the principles of

the Model Penal Code (MPC), this very Legislature defined theft to require that the accused intended to deprive another person of property or services. The scienter (actual knowledge) of the value of the property being taken is IRRELEVANT. Theft is a specific intent crime. The theft law was designed to punish the offender according to the severity of the intended theft.

"Any tinkering with the elements of an offense should be fully explored and discussed and not done in a piecemeal fashion."

The motion was put by the Chair and carried, S.B. No. 1466, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THEFT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Chumbley, Matsunaga).

At 7:00 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:05 o'clock p.m.

Stand. Com. Rep. No. 975 (S.B. No. 664, S.D. 2):

Senator Taniguchi rose and said:

"Mr. President, on behalf of the Committee on Ways and Means, I request that the amendments to S.B. No. 664, S.D. 2, be withdrawn. The reason for this is we want to go back to S.D. 1 and pass it 'as is.'"

Senator Slom rose and said:

"Mr. President, ever cooperative, the Minority is very happy to acquiesce to the Senator's request."

Senator Hemmings then added:

"Mr. President, I'd like the record to note that I'm as equally confused by S.D. 1 as I was by S.D. 2." (Laughter.)

By unanimous consent, the amendments to S.B. No. 664 proposed in S.D. 2 were withdrawn, Stand. Com. Rep. No. 975 was received and placed on file, and S.B. No. 664, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE SMALL BOAT HARBORS," was placed on the calendar for Third Reading on Thursday, March 8, 2001.

Stand. Com. Rep. No. 976 (S.B. No. 834, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 976 be adopted and S.B. No. 834, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support with reservations.

"During the testimony, it was brought out by those people that support the so-called clean elections bill, where we would raid the public treasury to support poor politicians, that the current system of the voluntary check-off is not working at the \$2.00 level. So their proposal was, since it doesn't work at \$2.00, raise it to \$10.00. This bill modifies that and only raises it to \$5.00 for an individual.

"I'm willing to give it a try as long as it's a voluntary provision, but with reservations. Thank you."

Senators Hogue and Hemmings then requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 976 was adopted and S.B. No. 834, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HAWAII ELECTION CAMPAIGN FUND,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Inouye).

Stand. Com. Rep. No. 978 (S.B. No. 1366, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 978 be adopted and S.B. No. 1366, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak in favor of the measure with reservations and said:

“Mr. President, I rise to speak in favor of the bill with reservations.

“I call this a sea-flight bill, Mr. President. The private sector has tried numerous times before with transportation of this sort. There’s also been a great public expense with several efforts to get this concept in the water and running, and it hasn’t worked. It seems like we’re continuing to pursue a form of transportation that is unpalatable to the public.”

Senator Slom requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 978 was adopted and S.B. No. 1366, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSPORTATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Hogue). Excused, 1 (Inouye).

Stand. Com. Rep. No. 979 (S.B. No. 1469, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 979 be adopted and S.B. No. 1469, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Kokubun rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of S.B. No. 1469, S.D. 1.

“There are three primary purposes of this bill – one is kind of an obtuse way of addressing the constitutional provision regarding the identification and protection of important agricultural lands. That’s been before this body or before the Legislature for 22 years now, and there really has been no action. Primarily, I think it’s because the idea was to try to identify criteria that could be applied statewide to identify the important ag lands, which doesn’t work in the individual counties.

“Because those efforts have been unsuccessful, there have been various attempts by groups to take a look at the marginal ag land aspect, and by default, perhaps identifying the important ag lands. I think the important thing is that through the county planning process, there have been a number of attempts to

identify those marginal lands. In fact, all ag lands are under pressure now for development. So I think in that regard, the marginal ag lands are a good first step in looking at the constitutional provision.

“The second purpose of this bill is to establish a working group that actually integrates the county planning departments into the effort with the state. I think that’s going to be very, very important because the counties have really become quite sophisticated in their planning and land use regulations and, through their general plans and their community development plans, have really looked at the issue to a great extent. I think this taskforce or this working group would actually formalize that relationship and really bring the two land use/planning sectors into agreement.

“The third and final primary purpose in my mind is to really maximize the use of our state land use classification Rural District, which is very much underutilized at this point in time. I think that the Rural District, as we know in the history of the development of the land use laws, was developed after conservation, agriculture, and urban districts were established and has really not been used a great deal, but I think it really provides that kind of transition area between our urban areas and our active ag uses. It’s for that reason this working group would be looking at identifying those marginal ag lands and would also be looking at processing those marginal lands into the rural district which would allow the maintaining of that sort of lifestyle, that rural lifestyle.

“So with that, I ask all my colleagues to support this measure. Thank you.”

Senators Ihara, Fukunaga and Chumbley requested their votes be cast “aye, with reservations,” and the Chair so ordered.

Senator Chun rose to speak in support of the measure as follows:

“Mr. President, I support this bill and I would like the comments of the honorable Senator from the Big Island to be adopted as my own.”

Senator Hogue then requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 979 was adopted and S.B. No. 1469, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO LAND USE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 982 (S.B. No. 711, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 982 be adopted and S.B. No. 711, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak in favor with reservations and said:

“Mr. President, I rise to speak in favor of the bill with reservations.

“Prior to this Legislative Session, there were surveys taken and the majority of legislators in both houses expressed their support for raising the age of consent to 16, some to 17, some to 18, but generally to 16. Of the social issues that the public has gotten very concerned and exercised about and has spoken out

publicly about time and time again, they have always listed the age of consent as one of the top issues. They wanted 16 as a minimum. Most wanted a higher age.

"Can you imagine their surprise and their disappointment with us when we compromised already, in opposition to most of the testimony that we heard, and went down to 15 as the age of consent. I think it's really a sad message that we're sending out because it certainly is anti-woman/anti-girl that we're sending out, and it is anti-parent and it is anti-the-public. They have made their impressions very clear as to what they expect us to do in this area, and we've not been able to do it.

"It's interesting also, as I mentioned previously, that a number of my colleagues were quoting the city prosecutor's questions and objections to this measure. Although, when the city prosecutor usually comes and asks for stiffer law enforcement penalties, some of these same colleagues object to the police powers of the prosecutor. In addition to that, I do recall that the Chair of the Health and Human Services Committee had asked the prosecutor and the prosecutor's office for help in drafting legislation that would meet their concerns and would overcome some of the vagaries that they were complaining about in terms of enforceability, but we didn't do these things.

"So we're going into a weak position from the beginning, and as I said, I think it sends the wrong message from this body and to the community. Thank you."

Senators Hogue and Hemmings requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 982 was adopted and S.B. No. 711, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SEXUAL ASSAULT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1457, S.D. 1:

Senator Kanno moved that S.B. No. 1457, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Slom rose to speak on the measure and said:

"Mr. President, unless I'm misinterpreting this bill, and if my colleagues can correct me, I have a real problem here in that we're going to give original jurisdiction over a number of areas currently in the domain of the Supreme Court to the Circuit Court.

"I really don't have too much problems when we're talking about the Hawaii Tourism Authority, Hawaii Community Development Authority, and the procurement process, but I have a lot of problems with giving original concern to the Circuit Court in the area of elections. I think that was one of the things that we've talked about here – about how difficult it was to try to get adjudication if you now have to go to the Circuit Court and start out with anything having to do with elections and then go through an appeal process. People will be very old indeed before they get any kind of reconciliation, if that at all.

"So as I said, I don't have any problem with the other parts of the bill, but if I am correct in this assessment of this bill, I will vote 'no' unless it can be shown to me why the election process does not remain with the Supreme Court.

"Thank you."

Senator Kanno rose to respond as follows:

"Mr. President, I would like to correct the previous speaker.

"The bill was amended to make the adjustment so that the jurisdiction on elections would remain with the Supreme Court. Thank you."

Senator Slom rose and said:

"I thank the Judiciary Chairman for that correction, and I will vote with reservations. Thank you."

The motion was put by the Chair and carried, S.B. No. 1457, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ORIGINAL JURISDICTION OF THE HAWAII SUPREME COURT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kim).

Stand. Com. Rep. No. 989 (S.B. No. 181, S.D. 3):

Senator Taniguchi moved that Stand. Com. Rep. No. 989 be adopted and S.B. No. 181, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Mr. President, I rise in favor of the bill with reservations.

"I wanted to point out that Sections 11 and 12 of this bill might be unconstitutional, going against the fourth amendment because they allow for warrantless searches and seizures without probable cause or justification. I think that we should at least look into that.

"Thank you."

Senators Slom and Hemmings requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 989 was adopted and S.B. No. 181, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO PRODUCTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kim).

Stand. Com. Rep. No. 991 (S.B. No. 204, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 991 be adopted and S.B. No. 204, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senators Hemmings, Hogue, English and Slom requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 991 was adopted and S.B. No. 204, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL QUARANTINE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kim).

At 7:19 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:22 o'clock p.m.

Stand. Com. Rep. No. 995 (S.B. No. 582, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 995 was adopted and S.B. No. 582, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CYBERSPACE ENTREPRENEURS ACADEMIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 996 (S.B. No. 1577, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 996 be adopted and S.B. No. 1577, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against the bill.

"Very briefly, this invests continually into the failures of DAGS rather than looking at systemic reform. Therefore, I'm voting 'no' in the hopes that we'll consider, in the rest of this Legislative Session, ways to put repair and maintenance resources in the hands of the principals in the schools rather than in the hands of DAGS.

"Thank you, Mr. President."

Senator Sakamoto rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support of the measure and some of the concerns of the Senator from Waimanalo hopefully will be addressed as DAGS and DOE work together.

"Mr. President, I know the hour is late, but this is a very important measure – fixing our schools. This bill provides the framework to fulfill our commitment to address the \$600 million backlog of public school repairs. Your Committees have worked to develop a system that assures appropriate allocation of these funds, a fair and equitable system of prioritization of projects, and an ongoing maintenance program that assures timely repairs to prevent secondary damage and wholesale deterioration of our school facilities – facilities, Mr. President and colleagues, that represent an investment of over \$1.7 billion.

"During the 2000 Legislative Session, DAGS and the DOE estimated that we faced a backlog of \$240 million in the public schools. During the interim, they revised their estimate to \$600 million.

"In response to the growing backlog, the Senate Education and Ways and Means Committees established a working group to work during the interim with industry stakeholders to come up with long-range solutions. The Group met with DAGS and DOE staff, school staff, parents, students, industry and trade organizations, reviewed current and proposed policies and procedures and researched past studies and reports.

"Those efforts have resulted in S.B. No. 1577, S.B. No. 493 and S.B. No. 1211. Together these bills can provide a comprehensive approach to school repair and maintenance and emphasize systemic improvements that require planned long-term funding. It assures that the backlog can be eliminated over a ten-year period and hopefully we'll find the funds to do that and really do ongoing maintenance to prevent future backlogs.

"Mr. President, these measures were strongly supported by the stakeholders, community members, the schools, and we hope that we will get strong support in this body as well, Mr. President.

"Thank you."

Senator Kawamoto rose in support of the measure and said:

"Mr. President, besides the repair and maintenance that we all support, I'd like to thank the Chair for putting in this bill, something that I've been concerned about for the last six years, and that's the concern about business managers in our schools. We have 19 in this bill; we hope to get some more.

"Thank you very much, Chairman."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, reluctantly, I rise in opposition to this bill.

"As the last Senator from Waipahu said, it does have several good features in it but it also creates the state educational facilities repair and maintenance special fund. We have to get rid of that \$640 million backlog in maintenance. We had the money. The money was cockroached out of the maintenance funds in the past. It's criminal as to what we did or what we allowed to happen, but we don't solve that by creating more special funds.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 996 was adopted and S.B. No. 1577, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SCHOOL FACILITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

Stand. Com. Rep. No. 999 (S.B. No. 1473, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, Stand. Com. Rep. No. 999 was adopted and S.B. No. 1473, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PLANNING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1096, S.D. 1:

Senator Taniguchi moved that S.B. No. 1096, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise in support with reservations.

"I remain a staunch supporter for privatization, true and meaningful privatization. This bill really doesn't do that. It's not clear. I think that we have really decided not to make a very clear statement on privatization to services and it does not address the Konno v County of Hawaii decision, but we'll move it along and I'll support it with reservations."

Senator Kanno requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Inouye rose to speak with reservations on the measure and said:

"Mr. President, I speak on this bill with reservations.

"It was approved without a proper hearing. I believe we need to look at ways to increase government efficiency and decrease costs, but I do not agree with how it was done in this case.

"As Chair of the Water, Land, Energy, and Environment Committee, I am committed to public participation on legislation. We must be accountable. As Legislators, we should fully comply with this obligation. I understand the bill contains a defective effective date, however the addition of this date does not save the Senate from criticism.

"If we allow this kind of bill processing to continue, it will further cloud the negative appearance and feelings that the public has on the political process and the legislators.

"While most legislation we have passed takes a giant step forward, the approval process this bill went through takes a GIANT step backwards. With that, Mr. President, I vote on this bill with reservations."

Senator Hogue requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1096, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1005 (S.B. No. 940):

On motion by Senator Kanno, seconded by Senator Matsuura and carried, Stand. Com. Rep. No. 1005 was adopted and S.B. No. 940, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE UNFAIR PRACTICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1007 (S.B. No. 848, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 1007 be adopted and S.B. No. 848, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator English rose to speak in support of the measure as follows:

"Mr. President, I rise to speak in support of S.B. No. 848, S.D. 2.

"In a nutshell, Mr. President, the purpose of this bill is to ensure that our law enforcement officers are not relegated to

second-class citizens who, by nature of their jobs, are denied their Fifth Amendment rights under the constitution. Currently, officers in the State can and are being ordered to make statements that may incriminate themselves under the threat of losing their jobs. This is to say that administrative orders within our county police departments allow for discipline of an officer up to and including termination for refusing to answer questions posed to them during the course of an administrative investigation.

"It has been said that a law enforcement bill of rights is unnecessary because law enforcement officers are afforded what has been called Garrity rights. Under Garrity, statements made by an officer during the course of an administrative investigation cannot be used against the officer in criminal proceedings. However, Mr. President, without going into too much detail, there have been instances where statements made under Garrity have been produced in court. It is my understanding that some of these rulings have been overturned by the US Supreme Court. However, I'd like to assert to my colleagues that none of the police officers I know have the means to appeal a case all the way to the Supreme Court.

"In sum, Mr. President, I would like to say that it is important that we remember that police officers, merely because they have chosen to serve the public, should not and cannot be made to give up their rights as citizens of the United States. These men and women are citizens with rights first, who also happen to be police officers. I'm confident that officers who require discipline can be disciplined without forcing them to waive their Fifth Amendment rights and that this bill provides a method by which that right can be protected.

"Thank you."

Senators Slom and Hemmings then requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Chumbley rose in support of the measure with reservations and stated:

"Mr. President, I rise to support the measure with reservations.

"Although I agree that affording the due process and the constitutional protections that every citizen is entitled to under article V to police officers is important, I feel that the bill may go beyond some of its stated purposes with regards to the superseding of existing state laws, preempting county laws, and overriding chapter 91.

"So until we see a final version of this bill, Mr. President, I do have some concerns. Thank you."

Senator Ihara then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1007 was adopted and S.B. No. 848, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LAW ENFORCEMENT OFFICERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1008 (S.B. No. 864, S.D. 2):

Senator Kanno moved that Stand. Com. Rep. No. 1008 be adopted and S.B. No. 864, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Matsuura.

Senator Chumbley requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1008 was adopted and S.B. No. 864, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO OFFENSES AGAINST THE PERSON," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1009 (S.B. No. 796, S.D. 1):

On motion by Senator Kanno, seconded by Senator Matsuura and carried, Stand. Com. Rep. No. 1009 was adopted and S.B. No. 796, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE AND COUNTY TORT LIABILITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 7:34 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 7:35 o'clock p.m.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 1014 (Gov. Msg. No. 119):

Senator Kawamoto moved that Stand. Com. Rep. No. 1014 be received and placed on file, seconded by Senator Fukunaga and carried.

Senator Kawamoto then moved that the Senate advise and consent to the nomination of CHARLES M. KATSUYOSHI as Administrator, State Procurement Office, term to expire June 30, 2002, seconded by Senator Fukunaga.

Senator Kawamoto rose to speak in favor of the nominee as follows:

"Mr. President, I rise to speak in favor of the nominee.

"Mr. President, your Committee on Transportation, Military Affairs, and Government Operations, to which was referred Gov. Msg. No. 119, submit for study and consideration the nomination of Charles M. Katsuyoshi, gubernatorial nominee as Administrator of the State Procurement Office, for a term to expire June 30, 2002.

"Upon review of the resume and other background information submitted by the nominee, your Committee finds that Charles M. Katsuyoshi was born and raised in Hawaii. After graduating from the University of Hawaii, Mr. Katsuyoshi received a commission in the Army through the ROTC program. While in the Army, Mr. Katsuyoshi pursued a specialty in the field of logistics, which included responsibilities in procurement. Mr. Katsuyoshi then earned a Master of Science degree from the Florida Institute of Technology in business, with emphasis in procurement. Since 1994, Mr. Katsuyoshi has served as the Procurement Administrator for the City and County of Honolulu.

"Your Committee received testimony in support of the nominee from the Comptroller, the Assistant Administrator, and many others who had contact with the nominee.

"Your Committee members believe that Mr. Katsuyoshi is well equipped to handle the position of Administrator of the State Procurement Office. During the hearing regarding his nomination, Mr. Katsuyoshi outlined his four primary goals for the State Procurement Office:

- (1) To streamline government procurement through the use of information technology;
- (2) To increase cooperative procurement initiatives among the state, counties, and other governmental agencies;
- (3) To work to improve procurement laws and rules; and
- (4) To improve the procurement process through the training of procurement professionals and administrative support staff personnel.

"Your Committee finds that with his education, experience, and vision for the State Procurement Office, Mr. Katsuyoshi would make a very effective Administrator.

"As affirmed by the record of votes of the members of your Committee on Transportation, Military Affairs, and Government Operations that is attached to this report, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination."

Senator Hemmings rose in support of the nominee and said:

"Mr. President, I rise to speak in favor of the nomination.

"I had the opportunity to visit with Mr. Katsuyoshi in my office one day and was truly enlightened about his background. . . his background as a local boy who moved to the Mainland and achieved a high degree of success in the United States military. We know that the military is a meritocracy – where you achieve success not by who you know, but more by what you do and how well you do it. For this reason, I think he is eminently qualified to be the procurement officer for this State.

"I hope that in his decision-making in the future, he'll do what's best for the State not based upon who is doing it or who knows who, but on what is best for the taxpayers. Therefore, I speak highly of him and endorse his nomination.

"Thank you, Mr. President."

Senator Tam rose to speak in favor of the nominee and said:

"Mr. President, I wish to speak in favor of the nominee.

"This nominee has four characteristics I would like to expand upon. They are as follows:

1. He is knowledgeable of our procurement laws;
2. He is productive;
3. He is efficient; and
4. He is fair.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Kawamoto introduced Mr. Katsuyoshi, who was seated in the gallery with colleagues and well wishers.

Stand. Com. Rep. No. 1015 (Gov. Msg. No. 158):

Senator Matsuura moved that Stand. Com. Rep. No. 1015 be received and placed on file, seconded by Senator Buen and carried.

Senator Matsuura then moved that the Senate advise and consent to the nominations of KRISTINE M. FOSTER, BERT Y. MATSUOKA, WENDELL T. MURAKAWA and BARBARA A. YAMASHITA to the Hawai'i Advisory Commission on Drug Abuse and Controlled Substances, terms to expire June 30, 2004, seconded by Senator Buen.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 12:41 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:43 o'clock p.m.

THIRD READING

S.B. No. 1575, S.D. 2:

Senator Kawamoto moved that S.B. No. 1575, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Fukunaga.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this legislation. I want to make it brief.

"This shifts the burden of safety from the pedestrian to the driver of the car and the balance of power on the highway. I'll guarantee you in every accident, the car will always win. There are going to be pedestrians that are going to be in the right, but unfortunately, they're going to be dead right.

"I urge my colleagues to vote 'no' against this legislation. Thank you."

Senator Kawamoto rose to respond in favor of the measure and said:

"Mr. President, I beg to differ with the prior speaker. I speak in favor of the bill.

"This bill puts the responsibility on the pedestrian. I just want to let you know that this bill is an idea that the Canadians had, and it really puts the responsibility also on the pedestrian. Right now, all the bills that are coming over from the House, and in the past, have always been that the responsibility is solely on the driver. This bill attempts to put some responsibility on the pedestrian and driver.

"As you know, 85 percent of the people that are hit by cars are in the walkways, so I urge you all to vote 'aye' on this bill."

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this bill.

"I think the public looks to common sense legislation. With all due respect to the wonderful people from Canada, I'm not sure that this bill is making much common sense. If you were to look on page 4, for example, a pedestrian will have to 'Look for a break in the traffic that will permit vehicles time to stop safely and permit crossing by the pedestrian.' Point number two – 'Point either hand at a 45 degree angle towards the ground at the point of crossing.' What happens if they have kids in their hands? What happens if they're pushing a cart? What happens if they point their hands at 30 degrees or 32 degrees, or they can't point it at 45 degrees?

"I think this is a rather ridiculous point here, so let's put together the idea of some common sense legislation and vote 'no' on this one.

"Thank you."

Senators Ihara, Kim, English, Ige, Matsunaga and Chun Oakland then requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1575, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE

TRAFFIC CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Chumbley, Hemmings, Hogue, Slom).

S.B. No. 1013, S.D. 3:

Senator Taniguchi moved that S.B. No. 1013, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Slom rose to speak against the measure as follows:

"Mr. President, I rise to speak in opposition to the bill.

"This bill has to do with the Hawaii Community Development Authority and its expansion of its tax-exempt public facilities revenue bonds. The original draft was for \$35 million. The next draft went up to \$150 million. Now, of course, it's got a zero dollar amount, but I think the trend is clear – we're going to be voting to increase tremendously the scope and the power of the HCDA.

"There have been so many questions by people within the various communities affected by HCDA development and small businesses that I don't want to give it a carte blanche at this time. I want to see what the projects are for. I think we want to have a reasonable progression of dollar amounts, so I'll be voting 'no.'

"Thank you."

Senator Hemmings then requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 1013, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hogue, Slom).

S.B. No. 1033, S.D. 3:

Senator Taniguchi moved that S.B. No. 1033, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak in favor of the measure and said:

"In the interest of not having this Session progress too quickly, I want to do something that may astound you, Mr. President. I rise to speak in favor of this bill.

"I oftentimes . . . in fact I hope I will be noted for, if anything, and be remembered for, in my tenure here in the Legislature, voting 'no' against wanton spending on the part of government. Mr. President, I would like to say that this is a good expenditure. Bishop Museum is a repository for the cultures of the Pacific. Government should do this, and do well. I'm very proud to support this initiative.

"Thank you, Mr. President."

Senator Slom rose in support of the measure with reservations and stated:

"Mr. President, I rise to speak in support of the measure with reservations.

"When you talk about the Bishop Museum, everybody says that they like the Bishop Museum, and I like the Bishop Museum too. What I don't like are some of the plans announced for Kakaako and the means of financing, and the fact that we don't really have a handle on how it's going to be done. This particular bill started out with an expenditure of \$2 million in general obligation bonds – not revenue bonds, not special purpose bonds, but general obligation bonds – which means the taxpayers would pay for them.

"At this point, again this bill reflects a zero dollar amount, but I will hold my reservations until we have the exact dollar amounts and we can have more discussion as to what is going to go in Kakaako as a whole.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 1033, S.D. 3, entitled: "A BILL FOR AN ACT AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS AND MAKING AN APPROPRIATION FOR THE BERNICE PAUAAHI BISHOP MUSEUM, OAHU," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 791, S.D. 2:

Senator Taniguchi moved that S.B. No. 791, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Taniguchi rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 791.

"Mr. President, this bill will do two things – provide for a food tax credit and eliminate the income tax reduction which was part of Governor Cayetano's ERTF proposal three years ago. I will speak more about the latter provision.

"When we organized the Senate last year, I was humbled by the trust shown in me by many of my colleagues. In the past, I have proposed general excise tax increases to improve our educational system. I felt very strongly that this year we should be bold and do what we really needed to do. There is never a good time for a tax increase. When times are bad, some say do not raise taxes because it will hurt the economy. When times are good, those same people say do not raise taxes because we don't need the money.

"I was asked not to seek a general excise tax increase unless I could get a majority of both the House and Senate to support it. I was not able to do that. So I have not pursued that course, Mr. President, even though I believe that I could produce a tax package that would greatly benefit the citizens of this State and significantly improve our educational system.

"This bill is not a tax increase. It is not disguised as one. It is simply looking ahead and deciding that we probably cannot afford to implement tax reductions at this time.

"When I first assumed the duties of the Ways and Means Chairmanship, I was very encouraged by the fact that our economy had been improving. But I was soon confronted with mandated increases to fund Felix related costs and increases to fixed costs like debt service, retirement system contributions,

and health fund premiums. These were described as must-fund items. The increases run in the hundreds of millions of dollars.

"The Governor also proposed many initiatives of his own and encouraged his departments to seek restoration of many of the good programs that have been cut in the recent past because of our weak economic situation. These requests also run in the hundreds of millions of dollars. While it may be easy to say 'let's just cut the Governor's stuff,' many of these requests are reasonable, much needed, and some will save us money in the long term. I cannot, in good conscience, reject these items entirely.

"I was also asked to fund pay increases for our public employees. At the present time, increases for the United Public Workers, Hawaii Government Employees Association, and hospital employees will cost roughly \$176 million over the biennium. These items have either been settled or have been awarded in arbitration. I believe these are obligations we need to fulfill. These are promises that need to be kept.

"Additionally, if the UH faculty get all that they have asked for, it would amount to an additional \$100 million for the biennium. If teachers get all that they are asking for, we estimate it will cost \$290 million over the biennium. Let me say that again – \$290 million. I do not believe that that figure is too far off from being a meaningful pay increase for our teachers. We have already passed other bills that could make that amount even higher.

"I would also remind all of you that the Governor's budget, submitted to us in December, did not factor in any funding for pay raises. There's nothing in his budget to fund collective bargaining. Let me repeat that – the Governor has not funded anything . . . nothing . . . zero . . . for any raises. This includes teachers, principals, and school staff.

"While I remain an optimistic person, these are the reasons why I ask for your support of this measure – S.B. No. 791. This is why I must reluctantly ask you to eliminate our Governor's income tax reductions at this time, even though he has threatened to veto this measure, and even though the revenue from this bill would not quite balance our budget plan as we understand it today.

"While my staff, our Ways and Means Committee members, and I will certainly continue to try to balance our budget, we need to send a strong message to the House and to the Governor that the Senate is serious about funding teacher pay increases and that we are willing to make sacrifices like eliminating the Governor's income tax reduction scheme to fix our schools in a meaningful way by acknowledging the sacrifice and commitment of our teachers, principals, and school staff.

"Thank you, Mr. President."

Senator Ihara rose in opposition to the measure and stated:

"Mr. President, I rise in opposition to S.B. No. 791.

"Mr. President, I oppose eliminating the tax cuts scheduled for the 2000 and 2001 taxable years. Here are my five reasons for voting against this bill:

"Reason number one: taxpayers were not provided the opportunity to give input on the tax cut repeal section of this bill because this section was inserted with neither public notice nor a public hearing. Mr. President, the tax cut repeal impacts taxpayers so much that I believe the lack of public notice is reason alone, in this case, to vote against this bill.

"Reason number two: this bill, in effect, raises the income tax rates for Hawaii taxpayers. We say it repeals the tax cuts adopted in 1998, but the fact of the matter is that income tax rates are already set for this year and future years. The higher income tax rates made in this bill is my number two reason for voting against it – don't raise income taxes.

"Reason number three: if this bill becomes law this July, the Legislature will be mandating a retroactive tax increase. We'd be saying to taxpayers, 'Thank you for paying your income taxes for the first half of this year, but now that it's past – and after the fact – you owe state government even more, because we're raising the price of Hawaii citizenship for the first six months of this year – a reverse sale.' That is my reason number three.

"Reason number four: The Governor promises to veto this bill, which will not allow passage of what most legislators of both parties want – collective bargaining pay raises – all because of a financial plan wrecked by the veto. Reason number four is that we should face up to this reality now, so that a responsible financial plan can be worked on.

"And the final reason, number five: I believe that Hawaii's Majority Party made a promise to voters and taxpayers in the 1998 election. If this bill passes, it would be a promise broken.

"For these five reasons, Mr. President, I cannot support this measure."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I, too, rise in opposition to this bill. I want to thank the Senator from Kaimuki, who I think outlined perfectly well five points as to why my colleagues should vote against this measure. Let me add a few more things for your consideration.

"First of all, let there be no mistake – THIS IS A TAX INCREASE – and a retroactive tax increase at that! There was no hearing held either on the original S.B. No. 1196 or on S.B. No. 791, which is a violation of our Rules and a violation of moral principles. We all know that. We know that we should have held a hearing on something as important as this.

"When the good Senator from Manoa, the Chairman of Ways and Means, refers to this as the Governor's tax cut, I'm amused, because I recall last year's election when Legislators ran on this tax cut, told their constituents how they had voted proudly to cut their taxes, and then stood proudly with the Governor as the Governor kept saying how the economy was turning around. And what was the primary reason? The primary reason, if there was any turn around in the economy, was in this tax reduction.

"You may also recall that several years ago some of us spoke and we warned about having a tax reduction that was spread over four years. I said at the time that we're not really serious about this, because if we were really serious about this, you'd do the tax cut immediately, like John Fitzgerald Kennedy did and other people of honor. You don't drag it out, because when you drag it, that leaves the impression that people are going to manipulate it. We have the same impression with the seven-year period involving the general excise tax de-pyramiding reduction, and it allowed for the mischief that we're seeing right now.

"What kind of message does this send to the House? What kind of message does it send to the taxpayers? to the voters? Make no mistake, this is not the Governor's tax decrease – this is the Legislature's tax decrease. We're the ones that

authorized it. We're the ones that spoke for it. We're the ones that took credit for it. This is ours. And now to turn our backs and take this money away . . . as the good Senator said, people have relied on this tax cut; businesses have invested based on this tax cut; jobs have been created because of this tax cut.

"We went from the highest rates in the nation on personal income and we lowered them significantly, but over a four-year period of time. And now to argue that we have to make sacrifices? We're not making the sacrifices; we're sacrificing the taxpayers and the voters of this community. They are the source for all of these funds – for the collective bargaining agreements, for the Felix funds, for everything that we do in this body and across the way. They are the ones that we're going to sacrifice, and yet we don't even ask for their input.

"As was said, this is a promise made and yet another example, if we do this, of a promise broken. But Mr. President, I cannot believe that my colleagues here today will do this.

"Two days ago, we heard wonderful speeches about justice, and doing what's right, and compassion, and sensitivity. There's no more justice, no more compassion, no more sensitivity than leaving these tax cuts alone. And what have we offered in return? Well, we have a food tax credit, a blank amount at that, so we don't even know what it's going to be. We know that tax credits are not the same as tax reduction because you have to pay first. We continue to tax people for eating, as well as for being sick, as well as for renting and living.

"We're not easing the burden of people. We argued the other day over a few cents on a minimum wage bill. That won't do any better either. Here we have something that all of us could and did agree on in terms of making a reduction and making at least a move in the right direction. And we're going to take this away while at the same time extending special tax credits for certain kinds of technology businesses and special purpose revenue bonds exempting certain kinds of individuals, businesses, and organizations from taxes that would be gathered by the state, but telling the taxpayers, telling that single mom, telling that family, telling that small business that pays on a 1040 form, 'well this is a sacrifice that you'll have to make so that we can make a point to the House.'

"And what about the House? There's some disagreement over there, but the majority of opinions seems to be they don't want to do this. The Governor doesn't want to do this. Who wants to do this? Is this the only way to finance the collective bargaining agreements? No, it's not.

"We debated the other day and I've mentioned about putting things in priority. It means that we can't do everything, but we have to do those things that are the most important. If we say education is the most important, then we do that first. And other people may have to wait, but not the taxpayers who have already been overburdened and already been promised again and again.

"I heard the Speaker of the House the other day say that one of the reasons that he supports this is because 'gee, the taxpayers didn't even say "thank you" for what we did before.' Now isn't that something. The taxpayers didn't say thank you for not stealing more of their money. It's not the taxpayers that should be thanking us, we should be thanking the taxpayers for putting up with some of the idiocy that we have in terms of the things that we pass – where we have blank amounts and the dollars don't add up, and we don't do things correctly. That's the kind of sacrifices that we should be making.

"The Co-Majority Leader asked the other day, 'What can we do? What is the final thing that the Legislature can do?' It can keep its promises! It can keep its priorities! It can honor the commitments that have been made! And it starts right here.

"I can't believe that you even took so much time that you delayed the opening of this Session today still wrangling over this. It's such a no-brainer – DO THE RIGHT THING! Vote down this bill! Vote down this bill strongly with a strong message! Then let's go back to the table and let's talk about these issues of collective bargaining and other things in terms of what we can really afford. Do you know what that means? It means, painfully, that sometimes you have to say NO, like every parent and every business owner. It's not what you want to do; it's what you have to do and what you can afford to do. But you don't start with the taxpayers that you've already promised.

"I'm asking my colleagues to do the right thing, and you know what the right thing is – vote this bill down. Thank you, Mr. President."

Senator Sakamoto rose in support of the measure with reservations and stated:

"Mr. President, I rise in support with reservations.

"Mr. President, your Senator from Hawaii Kai, your Senator from Kaimuki/Kapahulu, they made some very good points. As the Senator from Hawaii Kai said, just the other day we passed many bills which are not in their final form – be that they have zero dollars, be they defective dates, Mr. President. If we said, 'I'm a man of principle and we're Senators of principle,' we wouldn't pass any bill that we wouldn't allow in its final form. We all would have voted much differently on many other measures, Mr. President.

"I do not support this bill in this form, but I do support our Chair and I do support our Senate in an effort that this is not day 59, this is not day 60. I do support the food tax credit. I do not support rolling back promises, but I do, at the end of the day, believe we need to support our obligations, be they to teachers, be they to other government employees and also to ourselves, Mr. President.

"So at this point in time, I do support moving this ahead with reservations for further discussion, Mr. President."

Senator Kim rose to speak on the measure with strong reservations and said:

"Mr. President, I rise with strong reservations on this measure. To save time, I'd like to have my neighboring colleague Senator Sakamoto's remarks to be put in as my own. Thank you."

Senator Tam rose to speak in favor of the measure and said:

"Mr. President and fellow colleagues, I rise to speak in favor of S.B. No. 791, S.D. 2.

"Basically, I have two reasons. First, as a Senator, I see this bill as a vehicle to further discussion through public hearings. We are only half way to completing this year's Legislative Session, yet we have more public hearings before us.

"Secondly, the Governor's budget proposal, which we received in January of this year, exceeds – yes, it exceeds – the budget ceiling as mandated by the Constitution of the State of Hawaii. In fact, in response to the Governor's costly budget, I am introducing a resolution requesting that he revisit his budget

proposals and reduce his out of line budget costs before we conclude this Legislative Session.

"Many of you have known me for opposing the Governor. Well, this is the approach I'm taking to ask for his assistance, in terms of staying within our budget ceiling. Thank you."

Senator Fukunaga rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this bill.

"This bill imposes a retroactive personal income tax increase for this year and repeals the tax decrease scheduled for 2002. I oppose this bill.

"Mr. President, during the last three years, we promised taxpayers that they would be our full partners in rebuilding Hawaii's stagnant economy.

- We did this by cutting taxes: de-pyramiding the general excise tax, and reducing a range of professional services, wholesale, hi-tech, and other business taxes.
- We did this by reducing personal income tax rates from 16 percent to 26 percent and more, phased over a four-year period.

"In effect, we agreed that individual taxpayer choice on purchases, bill payments, investments, and savings was the way to drive economic recovery. And guess what? This strategy is working!

"State tax revenues – one sign of better economic times – increased in late 1999 and throughout 2000. Last year, Hawaii's visitor industry experienced the best year that they have had in a decade. We're seeing market-driven economics beginning to work.

"Yet, before we see the full benefit of the tax cuts, we're proposing to take them away. This action represents the worst possible tax policy that we could adopt.

"First, we're renegeing on the promise that we made to reduce taxes by proposing to change the rules midstream. Isn't this sort of like endorsing arbitration for public employees and then refusing to pay the arbitration awards when they come due?

"Second, we're increasing taxes retroactively to the beginning of this year, so next April, taxpayers will owe more money for 2001 than they originally planned and budgeted for.

"Third, we're demonstrating that government cannot be trusted to carry out tax policies in a comprehensive economic agenda. This action will erode individual consumer confidence, and destroy any credibility we may have gained as to our ability to turn Hawaii's economy around. And that erosion of confidence, fellow Senators, is the most deadly result of all.

"For these reasons, I am voting 'no' on S.B. No. 791, S.D. 2. Thank you."

Senator Chumbley rose to speak in opposition to the measure and stated:

"Mr. President, I rise to speak in opposition to this measure.

"Before I make some comments, I want to add some clarity to two statements that were made by previous speakers. One statement called this 'Our Governor's tax reduction.' Another statement called this the 'Legislature's tax reduction.' Let's

make this clear – this is the ‘public’s tax reduction.’ It’s their money – it’s not ours’, and it’s not the Governor’s.

“Another comment was about a violation of a Rule, not so. There was no violation of a Senate Rule, no violation of any rule. The Constitution only requires that decision making be held in public, not that the Senate hold a hearing. Our Rules don’t even require that the Senate hold a hearing, unlike the House Rules, where they are compelled to hold a hearing. I’d like to propose to my colleagues that that should be the next Rule that we adopt for the Senate.

“Today we are debating to take back a tax cut that this Legislature promised to the taxpayers of this State just three Sessions ago. As we speak, 5,000 miles away, in the Capitol of our nation, Congress is voting on another tax issue. However, there is a marked difference between what we are doing here in Honolulu today and what they are doing in Washington, DC.

“Today, Congress is voting on a proposed tax cut plan as submitted by President Bush. In an opinion poll that was released just this morning, 57 percent of Americans who were surveyed supported that tax cut, while 32 percent opposed that tax cut plan. What do you think opinion polls here in Hawaii would say about what we’re debating on right now?

“While the Federal government and Congress are cutting taxes, here in Hawaii we are proposing to raise taxes. Some would say this action is not raising taxes, but simply returning to the old tax structure because we can’t afford it. Well, don’t be fooled by the smoke and mirrors. This action is indeed raising taxes.

“Some Senators say it would be irresponsible to not explore all alternatives, even scrapping a planned tax cut. I would say that it would be unconscionable to break our promise that we put in place in 1998 with the State’s most progressive tax reduction plan in history. Broken promises is not what our voters sent us here to do in this Legislature.

“Let me give you a specific example of what this proposed bill will mean to your constituents and, in fact, even to you, individually. Over the cumulative four-year phase-in period, a family of four with an annual income after tax credits would have a tax liability of \$12,208 under the old system. Under a fully phased-in four-year system, that same family of four would have had a tax liability of \$10,301, or a savings of \$1,907 at 16 percent. Just for this fiscal year alone, that means \$476 to that family of four. A single person with an annual income of \$30,000 . . . our salary as a Senator is \$32,000, very close to that. Our four-year tax liability during that period would have been \$8,428. Under the existing structure, the tax liability would have been \$6,950 – a tax reduction of \$1,478, an 18 percent reduction. You would save yourselves a \$373 tax cut this year. Those are significant dollars, particularly in a family of four. That \$2,000 over the four-year period can make a lot of difference – \$476 in a year can put a lot of food on the table for the family of four.

“I think some of the previous speakers talked about the implementation or the logistics problems of this, and I won’t go into that because it’s going to be a nightmare to implement as drafted right now.

“Cumulatively, we’ve been told that in the first fiscal year this would represent about \$80 million, and in the second fiscal year, \$120 million. That’s \$200 million of the public’s money that we’re proposing to take back.

“The good Senator from Manoa, the Chairman of our Ways and Means Committee, and all of us, colleagues, have a very

daunting task – and that’s to provide the necessary funds to meet all of the obligations of our State and even those of the pay raises. And yet, this action will not, by itself, solve that problem.

“I’m prepared to assist you, Chairman, in whatever way I can to help in making those hard and difficult choices, but I cannot support this proposed bill even with reservations.

“I promised my constituents an income tax in 1998, and I intend to keep that promise and I urge all of you members to vote ‘no’ on this measure.

“Mr. President, I also have some additional lengthy comments that I would like to have inserted into the Journal. Thank you.”

The Chair having so ordered, Senator Chumbley’s additional remarks read as follows:

“Repeal of state tax cuts is a terrible idea

If the Hawai’i Legislature truly believes it cannot get through the current session without raising taxes, it should look somewhere other than the recently reformed state income tax system.

But that, astonishingly, is what they seem bent on doing. The Senate Ways and Means Committee has positioned — on a standby basis — a measure that would repeal a substantial chunk of the income tax rollback approved by the 1998 Legislature.

Ways and Means Chairman Brian Taniguchi says the measure may be needed to provide the money for pay raises for teachers and for other public union contracts.

Taniguchi says the state may simply be unable to ‘afford’ the income tax rollbacks for this year and next year.

That kind of thinking can be treacherous. It would be just as logical — perhaps more so — to say that the taxpayers cannot ‘afford’ raises for teachers and others.

Which presents an interesting political dilemma for lawmakers: Whose ox will they gore, the taxpayers or the politically influential public-worker unions?

But it is a dilemma only if one’s thinking is restricted to two choices: raise taxes or reject raises. What legislators must do is think beyond this simple equation into more difficult, but ultimately more productive, directions.

There is no question the unions deserve raises. But those raises do not have to come at the expense of tax reductions promised with much fanfare just a few years ago.

The best way to achieve decent pay packages for the unions (with the teachers coming first in line) is to work outside the box on creative contracts that build in efficiency, flexibility and reform along with better pay.

That is the direction being pushed by Gov. Ben Cayetano, who has already seen some interest on the part of enlightened labor leaders. It would be a mistake to undermine this delicate reform progress by converting the debate into a simple zero-sum money issue.

And as for the tax cuts, did we hear House Speaker Calvin Say correctly when he said he has not sensed much

'appreciation' from the taxpayers for what was done to the income tax code in 1998?

A friendly hint: If the Legislature attempts to take away the income tax rollbacks on the basis of insufficient taxpayer 'appreciation,' there will be hell to pay.

Furthermore, if indeed there has been relatively small taxpayer recognition of the rollbacks, it might be because they have not even been fully phased in. Plus, the only taxpayers who saw any immediate impact of the reductions were the relative few who immediately reduced their payroll deductions in anticipation of the lower rates.

What will lawmakers say to those taxpayers if they cancel years two and three of the rollbacks?

Finally, the income tax cuts were not in response to a booming economy that was producing surpluses that by rights should be returned to the taxpayers.

In fact, the thinking was exactly the opposite: In the face of a weak economy, lawmakers experimented with a local form of 'trickle down' economics by approving income tax reductions as a stimulus measure.

The jury remains out on whether this experiment worked or not. But having launched the experiment, one would think the Legislature would feel morally obligated to see it through.

In short, repealing the income tax cuts before they have even had a chance to fully phase in is a bad idea. Don't do it."

Senator Matsunaga rose in opposition also and said:

"Mr. President, I rise in opposition to this measure.

"Mr. President, I will be voting 'no' on this measure for the reasons so eloquently articulated by previous speakers. I would, however, like to add three additional reasons for my 'no' vote:

1. Mr. President, this bill is sure to suffer a veto, and an override is unlikely to be neat-o.
2. Mr. President, we shouldn't raise taxes or we'll get plenty nasty faxes.
3. And finally, last but not least, Mr. President, we should all be promise-keepers, not grim tax-cut reapers.

"Thank you, Mr. President."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this bill.

"When I introduced S.B. No. 791 to restore the food tax credit, it was to provide relief most directly to lower income individuals. Well, Mr. President, this bill became a vehicle of the WAM Committee meeting on March 1st for the insertion of new language repealing personal income tax reductions set to go into effect for tax years beginning after December 30, 2000, and December 30, 2001.

"Mr. President, I voted with reservations in Committee. And yes, I still wish to provide lower income individuals with the relief afforded by a food tax credit. No, we cannot balance any raises to be paid by repealing the income tax reductions previously legislated.

"It may be true that many residents have not really noticed the impact of tax decreases which went into effect on January 1st. However, take it away, Mr. President, and they will surely note its omission. Yes, we need to fund pay raises. Let's find a way to do so without taking back the much-needed personal tax reduction.

"This is a tough act. We are balancing budgets, and we are balancing hopes. We are only halfway through his Session and I am reluctant to take myself out of the majority by voting 'no.' Twelve other Senators' noes are needed to kill this measure. Voting with reservations, may secure myself a seat at the Conference table. Thirteen noes may also allow me to sit later on a bill which looks for another way to balance our budgets and our hopes.

"Mr. President, I will be voting 'no' on S.B. No. 791."

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against this bill.

"Mr. President, this bill is cruel and it's a betrayal. First, it's cruel because it continues to leave in place the silly notion that we can give the poor, the hungry, the sick, the homeless, and those in need of a roof over their head help by a paltry tax credit, rather than eliminating the tax on food, on medical care, and on homes.

"Mr. President, this bill is a betrayal. Unfortunately, it has a partisan twang to it. I might remind my colleagues who served with me in the House of Representatives in the '80s, when John Waihee and his minions were spending wildly, I had a distinction – I stood on the Floor of the House several times, alone, and voted against the wild spending years. I made a simple prediction that the spending would result in an economic malaise.

"I might ask my colleagues, What has caused the economic abyss that Hawaii has fallen into? Some partisans, especially during campaign time, ironically, blame the plantation era, which is now a distant part of history. Others blame a racial group – it might have been those rich haoles. Some, Mr. President, have the audacity to blame Ronald Reagan for Hawaii's economic woes because of his tax cuts in the '80s. But political opinion and political correct talk cannot deny the facts of history.

"A writer, a very profound writer, named Adam Smith knew back in 1776, when he wrote the Wealth of Nations, what caused the economic malaise of the '90s that we're still suffering in. He said, 'High taxes, sometimes by diminishing the consumption of the taxed commodities, and sometimes by encouraging smuggling, frequently afford a smaller revenue to government than what might be drawn from more moderate taxes.' That wonderful leader that we all love for the inspiration he gave us, John F. Kennedy, cut taxes in the '60s. The result was increased revenue to government.

"I want to expose the big lie of the '80s that Reagan tax cuts created the national deficit. Reagan tax cuts resulted in increased revenues to the government. In six short years, government collected twice as much money after the tax cuts. Excessive spending, not tax cuts, created the national deficit. You don't have a deficit by putting more money into the pot. You have a deficit by spending more than you take in. Congress did that. And by the way, it was partisan back then.

"The evidence is overwhelming. The good Chairman of the Senate Ways and Means Committee made an offer to me the

other night, which I am going to take him up on. I agree wholeheartedly with him. You cannot go through this budget and cut item by item to find enough tax cuts to pay for what really is needed to be done. We have to have systemic reform. Why are we fighting privatization? We just saw a labor leader indicted for fraud on his own workers. What about the fraud on all the taxpayers of this State who have toiled in the sun or in the shadow of this great institution – the new company store called state government. Our people owe their lives to the company store, state government.

“The average wage earner families in Hawaii pay close to half of their income on pay taxes. And those of you who are holding the children hostage in saying we’re doing this for the benefit of the children, do you really believe that doubling the spending in ten short years will help education? Do you really believe that we have a federal consent decree governing our schools and that the Department of Health, Mental Health Division, has been under a federal consent decree because we spent more? Do you really agree that by doubling spending we’ve helped the truly needy? The system is broke. We have to fix the system. We cannot just continue to throw money at it.

“This bill, as it is now, is a betrayal of the people’s trust. I’m voting ‘no’ against it.

“The good Senator from Maui noted that he counted votes in your Caucus. I recommend you take a recess and think about what’s being done today. This is not going to be forgotten. This is a partisan issue. Hawaii’s economy is beleaguered. Does anybody doubt it? Hawaii’s economy has been beleaguered for ten years. Does anybody want to challenge me on that fact? What’s the reason?

“You have a chance to do what’s right. You have a chance to change things. You have a chance to be bold. Let’s demonstrate it now by voting ‘no’ against this bill. Thank you, Mr. President.”

Senator Slom rose again and said:

“Mr. President, just some brief final remarks.

“The other day we spent a lot of time, as we always do, on bills that had to do with vehicles and safety. And this bill has been described as merely a vehicle to get us from today to further discussion later on. You know, despite all of the safety equipment that you could put on this vehicle and despite us all wearing helmets, this vehicle is not safe.

“There’s only one part of this vehicle that would work –and that would be the brakes, because it would put the brakes on the economy and the economic turnaround and on the economic hopes and dreams of individuals and businesses in this community and those that think about coming here and relocating and creating more economic development. This vehicle is unsafe at any speed and I urge my colleagues to rethink their position and get out of this vehicle.

“Mr. President, I would like to request a Roll Call vote. Thank you.”

Senator Hogue rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

“I have been awed by the speeches that I have heard here today, and I think back to the reasons why I decided to enter into the race to become a Senator. One movie that was made back in 1939 made a difference to me. It starred Jimmy

Stewart. It’s called ‘Mr. Smith goes to Washington.’ It proved that one man could stand up with integrity and do the right thing. And I conjure up the images of that movie today on this particular vote because this vote today has everything to do with what we do here. It has to do with the word ‘integrity.’ How will the public believe us again if we break this promise?

“Do what is right. Remember why you ran. Vote with integrity. Vote ‘no.’ Thank you, Mr. President.”

Senator Nakata rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this bill.

“Mr. President, due to some of the circumstances of collective bargaining, the two unions that are left to negotiate settlements are the teachers and the professors at the University of Hawaii. Those professors are one of the keys to the new economy that this body has worked so hard to lay a foundation for. The public school teachers are the ones who will help to produce the workers for that new economy. With the budget situation that we face, we are sending both these groups of people a message – a message that we believe in what they do for this State.

“This is a very difficult for all of us. No question about that. But we are talking about the economic future of this State. There have been statements made one way. I would like to offer some statements the other way.

“When the Economic Revitalization Task Force came up with its package 3-4 years ago, it did include an increase in the general excise tax to balance the cuts made in the income tax. That part of the package was not passed. One of the consequences of not passing that tax increase back then is the situation that we see in repair and maintenance in the schools, at the university.

“The State of Hawaii’s economy, we know that it fell apart in the early part of the ‘90s when the Japanese bubble fell apart, when the US economy itself was in trouble, and tourism nose-dived. Our economy is in recovery, and I believe it’s largely now because of the increase in tourism. The increased spending on tourism has helped. But more than that, the strength of the global economy has produced 5 percent gains in tourism worldwide.

“We have very little control over our economy. It’s a small one. And what happens in the major economies elsewhere has far more influence on what happens here in our economy than what we do here. Though, one exception I see again is that, through the efforts of Legislators in this body and in the House, we have started to lay the foundation or we have laid a foundation for the technology industry and we need to support that.

“There was an article in this past Sunday’s paper about Connecticut and the investment that they have made in education. I’m not saying that’s something we should match, but where we spend \$6,000 or so per pupil in this State, Connecticut spends on the order of \$11,000. We need to make that kind of commitment to the teachers, to the professors, and to the children of this State.

“So I urge my colleagues to support this bill. Thank you.”

Senator Chun rose to speak in support of the measure as follows:

“Mr. President, I stand in support of this bill.

"Mr. President, comments have been made, and I think they are valid comments in terms of the tax cuts that were done in 1998. Comments were made in terms of our need to control our spending. Valid comments were made in terms of reforming our government. I agree with all those things and we are working towards those goals.

"If you remember, Mr. President, we just passed, two days ago, a privatization bill that would basically re-look at how we address those issues of providing services by the government. We passed a managed competition bill also, which looks at providing services by the private sector. We are working towards those goals. But, Mr. President, the bottom line is this – and really, I don't want to simplify it too much, but it really is not rocket science when you look at our budget – we are over budget. When you look at the proposed financial plan by the Governor that we have before us, at the end of the second biennium, we are going to be \$400 million in the hole – \$400 million.

"Now, there is only one or two ways to control that. One, we can cut our spending, which we can and we're looking at. We can raise our revenues, which we can and we're probably looking at too. But if you're ever going to think, Mr. President and the rest of the members, that we're going to take \$400 million and control that with just one thing, I think you need to re-look at that. Cuts of that kind of nature are going to take cooperation. It's going to take a myriad number of vehicles whether it be a tax cut or tax raise, or a rebuilt forming of government, or taking out services. It's not one thing that's going to do it and what we have to look at is using a number of ways to control those spendings.

"The worst thing that can happen, Mr. President, is come time at the last day of our Session, we have no other method of controlling this budget other than cutting off all services. And Mr. President, I have not heard any member of the public say that they want to cut all of our services. In fact, I've heard members of the public beg and demand more services. They demand the fact that we protect our environment more. They demand the fact that our roads are in such bad shape and that we have to spend more time on it. They look at our streams, our oceans, our coral reefs, they look at our fields and say 'We need to take better care of that. They're eroding it, they're damaging our environment.' They also look at our homeless and say, 'We need to take care of our homeless. We need to take care of those who are on welfare. We need to provide for social services for those who cannot provide for themselves.' I've heard people say that time and time again.

"We need to improve our services, not because we're court mandated to do that, not because somebody orders us to do it because of a lawsuit, but because we are human beings . . . Republicans and Democrats. We need to take care of those who can't take care of themselves. I haven't heard people screaming that we should stop spending on those.

"We also heard screaming that rather than send people to prison, we've got to treat them. I think that's a good thing but that costs money. I think in the long run, we will save money by treating drug abuse people, as opposed to sending them to prison. That costs money. That costs money in the front, but we've got to spend it.

"Mr. President, it is a hard decision. And it is something that I do not take lightly. It is something that people really are going to have to take a hard look at and decide what's the best way to do it. But Mr. President, the long and short of it, I said before when I first stood up, there is never going to be a single way that you're going to cut \$400 million in your budget. Mr.

President, we need to realize that. We need to look at every possible avenue for us to balance our budget, and I'm willing to look at this vehicle as a way of doing that.

"Last thing to note, Mr. President, this budget also is based upon the Council of Revenues' projection that was in December of 2000. We are scheduled to have another projection here in March. And the way things are looking up, I don't think that revenue projection is going to go up. There's a possibility it might go down, and there's a good probability it just might stay even. The bottom line though, if it goes down, we're not looking at \$400 million, we're looking at maybe \$450 million or maybe \$500 million, and then what will we say in terms of balancing our budget.

"Mr. President, I urge all my colleagues to make the tough choice. Don't take the easy answer out and say there are other ways. Fine, let's listen to them, but don't just shoot down one way without having a good plan to back it up. I haven't heard any plans today in terms of coming up with a way to get \$400 million back into our budget. I've heard noes, but I haven't heard anything positive. I think we need to kind of work together to get that done, Mr. President.

"Thank you."

Senator Hanabusa rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"Mr. President, I'd like to make one thing clear, and that is, no one that sits in this body wants to be in support of freezing any tax reduction. Anyone will tell you it is positively politically incorrect to probably proffer this. It is for that reason that I commend the Chair of the Ways and Means Committee.

"Mr. President, as Vice-Chair, I sat there with him as he went through the budget, looked at the worksheets, and the staff has toiled many, many hours to try and find an alternative to coming before this body and say support this bill. This is like a measure of last resort. But when we are faced with an administration budget that doesn't address pay raises and simply is balanced, really, on the backs of our employees, what do you do? Do we turn our backs on these employees? Do we say, to all those faxes that we are receiving now . . . and I will tell you, the majority of my faxes are from people saying please support the teachers. A lot of them are from students who say please support my teachers. A lot of them are from parents who say please support our teachers. What do we do? Do we turn our backs on them? Do we say, 'uh, uh, we're not going to touch taxes cause that is the big no-no.'

"For the Ways and Means Chair to come forward and say, 'this bill, this is something that we must do.' We must freeze the anticipated tax reduction because that will possibly give us \$200 million, but even that may not be enough, may not be enough. So what do we do? Do we have the political courage to say, 'We're not going to do that, but instead, maybe we won't fund HGEA, maybe we won't fund UPW, maybe we won't fund the teachers and maybe we won't fund UHPA and the little fire fighter group that we have to fund.' Do we do that? Do we tell Judge Ezra, 'You know, you're all wrong. I don't care if you're going to put us into an equivalent to a trusteeship, take over our bank accounts and then tell us, no, you're going to raise taxes whether you like it or not.' Is that what we're going to do? No, we're not going to do that. I don't think there's anyone here who's going to go forward and say to Judge Ezra, 'Hey, you can't do Felix.' Felix is something that began in the early '90s. It's indicative of a problem that we did not properly address. And you know what? We have to take

responsibility. We may not like the way it's done, but we have to take that responsibility. The bottom line is, unless we come up with alternatives for that, we are going to end up having to fund that.

"We may not agree with how the Governor handles negotiations, but do you know what? That's his prerogative and that's the way the law is written. He is the negotiator, not us. We fund, and that's our role.

"So given the way our role is in all of this, and given the fact that we have a budget that's been presented to us that doesn't address these obligations that many of you, when you ran, said 'Yes, I will support those pay raises,' and those of us who didn't run would have probably said the same thing had they asked us – these are obligations, and we have to fund them.

"What I would like to make very clear is that those who vote in favor of this bill are not doing it because they want to, everyone has the same reservations, same concerns, and probably would like to vote no. But because of the sense of responsibility, and maybe that's a new word that should replace political correctness in what we do, because of responsibility and the fact that we acknowledge our responsibility, we are going to vote that way. And that's why I ask my colleagues to support this measure. Yes, everyone has elections in 2002. Yes, this is not an easy decision to make, but we have that responsibility.

"I hear my good colleague from Waimanalo saying, 'Ten years ago, I knew this was coming because of the tax and spend orientation of the Democrats back then.' Maybe you're right, I don't know, I wasn't here ten years ago. But I will tell you that I am here now; these are the cards I'm dealt and this is the decision that I must make. And for that reason, I am supporting the Chair of the Ways and Means and I also applaud my colleagues, whether you go with reservations or otherwise, who are willing to stand up and say, 'We don't see any other resolution right now. We have to pass over this bill and let's do it.'

"Thank you very much, Mr. President."

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, I stand in favor of this bill.

"Mr. President, would you have the Clerk record the words of the Senator from Waianae as being my own. Thank you."

The Chair so ordered.

Senator Hemmings rose in rebuttal as follows:

"Mr. President, I stand in rebuttal to some previous remarks.

"To the good Senator of Waianae, and to you big-hearted, kind Democrats who are always raising taxes and spending more money for the children, I have a message for you – after doing it for 30 years, the children of Hawaii are worse off. My children, many of your children and grandchildren are actually living on the Mainland because they can't afford Hawaii.

"And to the good Senator from Waianae, yes, I was right, and I'm proud of it! I'm not saying anything new that I didn't say 10, 15 years ago. You've had a stranglehold on this government and you've had a stranglehold on this economy. You're playing the cards that you were dealt but you're playing with a stacked deck. Think about it.

"We can eliminate the waste, the inefficiency, the duplication, and the malfeasance. You want some ideas? Four percent attrition from the public workforce every year, \$170 million dollars – get rid of some of those jobs. Tell the labor unions the truth, especially Mr. Gary Rodrigues, who was indicted for fraud against his own people and who has the audacity to lobby us the way he does with the brute force and the 'You've got to do it our way or you'll suffer at the polls.' Stand up and be bold. He's wrong.

"The irony, the great irony of it all is, where are the working men and women of Hawaii that you and your party say you represent? They have to send their kids to a public school because they can't afford a private education. But the labor union bosses and the political leaders can send their kids to private schools. The people have to pay extra taxes to pay for the Felix consent decree because the State of Hawaii mismanaged government and we're in a deep hole. Is that the taxpayers' fault?

"Catholic schools – 44 schools, 12,000 students, no department of education. They do what we've been proposing for 20 years. Give the power back to the principals. Give schools the money and not a bow to bureaucracy downtown where bureaucrats with fancy titles like 'Assistant Director of Toilet Training' are passing around curriculum recommendations. It's ludicrous and you're holding the children hostage to take more money from the taxpayers because you're going to fix education.

"Well, the results are self-evident – DAGS, what a nightmare – what a nightmare . . ."

President Bunda interjected:

"Senator, please keep your remarks germane."

Senator Hemmings responded and continued:

"Yes sir.

"We're talking about spending and the need to heap more tax burden on the people of Hawaii, Mr. President. The taxpayers are beleaguered and sick.

"Judge Ezra on the Felix consent decree . . . Ezra is not the last word. The Felix consent decree is a bad agreement. Why can't we appeal it? I think the appeal courts might consider a different deal. Why not give tax credits so government doesn't have a monopoly on education? That's being discussed and I think the Governor even sees the wisdom in it. The point is we have to change the way we're doing things because this tax/spend formula has failed.

"Mr. President, I appreciate the opportunity to stand and express myself. This is very emotional for me. I'm not here because I'm getting paid a lot of money to be a Senator, and I'm not here representing the party I represent because it's a fast track to fame and fortune. I'm here because people of Hawaii need relief and change.

"Thank you, Mr. President."

Senator Inouye rose in opposition and said:

"Mr. President, I speak in opposition to S.B. No. 791, S.D. 2.

"Mr. President and members, it pains me to make a decision against our colleague, the Chair of Ways and Means. However, much has been said and I wish to have the remarks of the

Senator from East Maui entered into the Journal as if it were my own.

"My constituents were busy. Yes, they were busy with their faxes and their e-mails because they had no alternative to hear this bill and to voice their opinion, and I have been sent here because of them.

"This bill is doomed to fail in the next several weeks, and I think we should make a decision today to support the efforts of the previous year of 1998.

"Thank you, Mr. President."

Senator Menor rose to speak with reservations on the measure and said:

"Mr. President, I just wanted to have the Clerk note, for clarification, that my aye vote is with strong reservations.

"Thank you."

Senator Chun Oakland requested the following remarks be inserted into the Journal:

"Mr. President, I support S.B. No. 791, S.D. 2, as a vehicle to leave as many funding options available for the Legislature this Session to meet our State obligations and fulfill my responsibilities as an elected official.

"My hope is that by the end of this Session, we will be able to preserve the personal income tax reductions. I do not want to eliminate these reductions. I will do all I can to find other ways to fund the many worthy State programs and services that have such a tremendous impact on the quality of life for the people of Hawaii. I will do my best to find funds to also meet our responsibilities so that we may fund the pay increases agreed to on behalf of our State employees.

"I agree with all the statements made by my colleagues who spoke in favor and in opposition to this measure. The points and sentiments expressed are those that I share.

"Thank you for the opportunity to share my thoughts."

The motion was put by the Chair and carried, S.B. No. 791, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, and Roll Call vote having been requested, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 14. Noes, 11 (Chumbley, English, Fukunaga, Hemmings, Hogue, Ige, Ihara, Inouye, Kanno, Matsunaga, Slom).

S.B. No. 1029, S.D. 3:

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, S.B. No. 1029, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 1534:

On motion by Senator Taniguchi, seconded by Senator Hanabusa and carried, S.B. No. 1534, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE," having been

read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 664, S.D. 1:

Senator Taniguchi moved that S.B. No. 664, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Inouye rose to speak in opposition to the measure and stated:

"Mr. President, I speak in opposition to S.B. No. 664, S.D. 1.

"Mr. President and members, S.B. No. 664, S.D. 1, has several serious problems. The proposed new Section to Chapter 200, HRS, is entitled 'Recreational Small Boat Harbors.' However, Section 200-9, HRS, states that the purpose of small boat harbors is for recreational boating, the landing of fish, and commercial vessel activity, with the proviso that commercial vessel activities are prohibited in Ala Wai and Keehi small boat harbors. Therefore, only Ala Wai and Keehi harbors would be considered truly recreational in nature. If this is the intent of the bill, then the section title and other references to recreational small boat harbors should be changed to refer only to the Ala Wai and Keehi small boat harbors.

"The purpose of the bill, as stated in section 1, line 13, refers to a marine park but there is no definition of this term and there is no connection to the statutory language in section 2. The language of subsection 1, page 2, line 10, requiring a repair and maintenance system using computer technology is overly broad. I presume that this may refer to a computerized database listing various recurring or one-time repair projects, their estimated costs, and scheduled project implementation dates. However, no maintenance system or repair schedule is valid without the necessary funding to complete the repairs at the time they are scheduled. In any event, I understand that DLNR would prefer to seek the advice of the Department of Accounting and General Services in developing a maintenance system, and not the Department of Education.

"Another troublesome part of this bill is that no special fund called 'small boat recreational boating special fund' presently exists. Therefore, I presume this may refer to the boating special fund. If this is the case, this provision is directly contrary to Sections 36-27.5 and 36-30, HRS, relating to special fund assessments, as well as Section 200-8, HRS, requiring that both principal and interest in GO bonds used for boating facility projects be paid from the boating special fund. Without any provisions for alternative financing, the boating program would be unable to perform its statutory functions under Section 200-4, HRS, or pay its bills.

"If the intent of the bill is to establish a separate special fund for individual harbors by the use of the term 'small boat recreational boating special fund,' this would eliminate the needed flexibility for prioritizing and directing available assets to the most critical needs throughout the entire program. DLNR would not be able to support the smaller facilities in rural Oahu and on the neighbor islands.

"In conclusion, I would like to encourage additional work on the legislation before passing it over to the House, and I'd be happy to corral all our small boat harbors throughout the islands to participate in such hearings. I need more details and plans that respond to the concerns I explained. Therefore, I vote 'no.'

"Thank you."

Senator Tam rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of S.B. No. 664, S.D. 1, not S.D. 2, Relating to State Small Boat Harbors.

"The purpose of this measure is to impose greater accountability over financial activities of the Department of Land and Natural Resources with respect to small boat harbors.

"For years, there have been problems of accountability in the management of the boating special funds. In 1993, the Legislative Auditor's report found the accounting parameters of the boating program to be inadequate. In 1995, a follow-up report found that while some improvements had been made, the department still had not yet developed a comprehensive statewide boating program. By 1997, the condition had worsened, as the Legislative Auditor's report further found that:

1. There was no financial reporting within the division;
2. Property management practices were deficient; and
3. Controls over cash receipts and billings at three district offices and certain harbors were seriously deficient.

The auditor further stated that without proper internal controls there was no assurance that all cash receipts were properly deposited. This bill will provide that accountability, as it will:

1. Require harbors to have a repair and maintenance system using computer technology and a timetable. Some of you were here in the mid-1980s when we established a repair and maintenance system for the Department of Education using a timetable. The method of technology used to record documentation of when a roof should be repaired, for example, depended on the types of roofs and so forth. Today we are looking at a similar system, which has proven well for us. Yes, there is a backlog on repair and maintenance of our schools, but it's not our fault. When you have a governor who restricts money year after year from our balanced budget, there's your problem;
2. Prohibit the Department and the Governor from transferring money out of the small boat recreational special fund;
3. Require a special quarterly financial report of income and expenditures in compliance to HRS 200-8; and
4. Require that advisory board meetings organized by the Department of Land and Natural Resources be recorded officially. At present, the Department does not list their official meeting minutes at all. So what happens? There's miscommunication and allegations in terms of what was said, and so forth. Official meetings should be recorded, as stated in our Hawaii Revised Statutes.

"Testimony was received from two boat owners. One said that the State has proven to be a very poor landlord or a slumlord, as in this case. Another testimony stated that 'the Department of Transportation and the Department of Land and Natural Resources have diverted and misspent approximately \$70 million of Boating Special Funds.'

"Keep in mind that the special fund is for operating, maintaining, and managing all small boat recreational harbors, but these funds have been used by the department for other recreational boating activities.

"Testifiers in favor of this bill suggested that the bill:

1. Cuts government costs, services, and mismanagement, in other words;
2. It streamlines and increases service to the public; and
3. It also provides a vehicle for the development of an effective statewide boating program.

"Senate Bill No. 664, S.D. 1, will provide more control of the small boat harbors by requiring more accountability from the Department of Land and Natural Resources over various financial activities.

"Mr. President and fellow colleagues, I take my job very seriously, especially in accountability of public funds used for public services!

"I ask my colleagues to vote 'yes' on this bill. Thank you."

Senator Slom rose on a point of information as follows:

"Mr. President, I rise on a point of information.

"Just to clarify something, I'd like to ask if the EDT Chairman could clarify the point that was brought up by the Senator from the Big Island – and that is the status of the small boat recreational harbor special fund. Is this fund in existence right now or are we creating a new fund? Thank you."

Senator Tam responded:

"This fund is presently in existence. I am referring to three legislative audits and if anyone wishes to look at it, it's available here and in our Legislative Reference Bureau Library. Thank you."

Senators Hogue, Hemmings and Slom requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 664, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE SMALL BOAT HARBORS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Inouye). Excused, 2 (Chumbley, Matsunaga).

REFERRAL OF SENATE RESOLUTIONS

The President made the following committee assignments of resolutions that were offered on Thursday, March 1, 2001 and Friday, March 2, 2001:

Senate Resolution	Referred to:
No. 11	Committee on Education
No. 12	Committee on Health and Human Services
No. 13	Committee on Health and Human Services, then to the Committee on Ways and Means
No. 14	Committee on Education
No. 15	Committee on Water, Land, Energy, and Environment

Senator Kawamoto rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Today, Mr. President, I speak with great sadness and disappointment.

“Especially disturbing is the way the selection of a new University of Hawaii President has been handled. It started some time before October 4 of last year when the UH Board of Regents supposedly came up with a ‘job description’ for the next president. On that 4th day of October, the regents named 17 people – ‘representing regents, faculty, deans, students and community’ – to help in the search for the 12th UH President.

“Not to take away from or degrade the front runner of the selection committee, Mr. Evan Dobelle, but my concern is of the process and the opportunities our local candidates got during this search.

“Early on, it was reported that the committee would review all applications, come up with a list of five semifinalists and then make a recommendation to the regents. The committee members were to meet for the first time on October 12. Subsequently, at an informational meeting for your Committee on Ways and Means, I inquired of our President of the University, Mr. Ken Mortimer, as to why the search was apparently being directed to the mainland, and not locally or both, but there was no satisfactory response, if any.

“At a subsequent informational meeting of your Committee on Education, where it was mentioned that the list of those in the running was increased from 9 to 12, I again inquired whether the search was in fact being directed to the mainland, and if there were any local candidates in the list of 12. President Mortimer said he did not know, and that he had no involvement in the search.

“Now, the latest news, as we saw today, out of the clear blue sky is that the two leading candidates are from the mainland. Worse yet, I learned from reliable sources that a local candidate was asked to get off the list prior to the list being forwarded to the search committee. In other words, our local candidates were taken off the list prior to review by the search committee and not being given a fair opportunity in being selected as the 12th President of our University. This indeed is a disappointment! Who’s calling the shots? What criteria are they using to call the shots? When did they call the shots? Where did they call the

shots? Why did they call those shots? How did they call the shots? Did they at all consider leveling the playing field? My concern is that the local candidates are not getting a fair shake. And when I say local, I don't mean just local born. I mean local, local! A leader that is here because of his or her love for our Aloha State and his or her intent to plant his or her roots and talents here, for the betterment of our people. One example is Coach June Jones.

"Contrast the non-local mainlander who may be using the UH presidency merely as a stepping stone to the Harvards, Yales, and the like, or as a last stop to cruise and stack arms at the expense of our taxpayers. Simply put, our next UH President not only must plant his or her roots here, the University of Hawaii President must look at the even bigger picture for the good of the University and our State, and possibly beyond. Here, I speak of the ever growing universities, the universities without walls, if you will, whereby students young and old, part time and full time, can take courses by computer technology, 24 hours a day, and attain their degrees upon fulfilling their requirements. This would go hand-in-hand with our aspirations for becoming or at least having a first-class technology center.

"In short, we need to get rid of what some of us in rural areas call the 'Manoa Mentality.' We need to get off our duffs, honor our commitments, and keep the big picture in mind at all times. This leads to my second point.

"A good example of what I'm talking about is the UH West Oahu Campus. It was intended to be part of the Second City commitment. The Second City was to alleviate the jam-packing and overcrowding of Downtown Honolulu, Kakaako, University, and Waikiki. As we struggle to deal with the traffic problems in my Committee, one of the intentions was to commit to the Second City and move the traffic westward. We have tried many things to alleviate the traffic problem. We have gone to the Zipper lane and we've looked at ferries, but all of these are needed to help us with our congestion and the fact that we take 1 hour and 15 minutes to commute to the Honolulu area.

"The Second City is moving along, again, thanks to Campbell Estate, the lower education people for providing schools and a library there, businesses for going out there and taking a risk as people who live out there, and building the hotels in hopes that the visitors will come on the west side.

"The UH West Oahu campus is merely a shell of what was envisioned. Why? Because many of those that made the commitment have not followed through. This has been the story since 1965, 36 years ago, and the present Manoa people have requested this year \$1.7 million for University of Hawaii West Oahu campus. Why? Because of its desire to build up Kakaako. And who are the losers? Our Leeward and Central Oahu students who have to spend two valuable hours getting to the University at Manoa, have difficulty with parking, if any, and when they finally get there, understandably are not at their peak learning power. Then, after classes, they have to go through the whole process of fighting or crawling in traffic and they hardly have time for studying when they get home. Their need to be on the road for such long stretches of time and miles also contributes to our horrendous traffic problem. Further, the Leeward and Central areas in the next 10 years will be the home of almost over 1/3 of the State's population.

"Again, we thank the Campbell Estate for providing the land. We thank the people involved with this Second City who have gone forward. Now it's our turn to look at the University of Hawaii West Oahu Campus for the people out in the Leeward and Central areas.

"Thank you very much, Mr. President."

In accordance with Senate Rule 36(6), action on Stand. Com. Rep. No. 1023 and Gov. Msg. No. 115 was deferred until Monday March 12, 2001.

ORDER OF THE DAY

MATTERS DEFERRED FROM THURSDAY, MARCH 8, 2001

ADOPTION OF RESOLUTIONS

Stand. Com. Rep. No. 1019 (S.C.R. No. 7, S.D. 1):

On motion by Senator English, seconded by Senator Hemmings and carried, the report of the Committee was adopted and S.C.R. No. 7, S.D. 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEVELOPMENT OF A PLAN TO IMPROVE ORAL HEALTH FOR CHILDREN IN THE STATE," was adopted.

Stand. Com. Rep. No. 1020 (S.R. No. 4, S.D. 1):

On motion by Senator English, seconded by Senator Hemmings and carried, the report of the Committee was adopted and S.R. No. 4, S.D. 1, entitled: "SENATE RESOLUTION REQUESTING THE DEVELOPMENT OF A PLAN TO IMPROVE ORAL HEALTH FOR CHILDREN IN THE STATE," was adopted.

Senator Hemmings rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"Mr. President, I rise to speak about a dark cloud that hangs over this body and over the judicial selection process with the indictment of Gary Rodrigues. In making this announcement, Mr. President, I'd like to read the preamble of the rules of the Judicial Selection Commission: 'Judicial Selection Commissioners hold positions of public trust and shall conduct themselves in a manner which reflects credit upon the judicial selection process.' That process has been severely tainted.

"I fully realize that an individual is innocent until proven guilty, but what I think we will be doing is introducing a resolution to request that Mr. Rodrigues resign from the Judicial Selection Commission until his case has been adjudicated, and if not, we should find ways that the Judicial Selection Commission can be empowered to ask him to step aside until that matter has been resolved. Further to that, we will be introducing resolutions to investigate ways that matters like this can be handled in the future so the Judicial Selection Commission has the means to police their own people.

"I notice that in most of the judicial activities and in the police departments, when there's a problem, people who are involved in the problem, especially involving integrity in the judicial process, are put on administrative leave. I'm hoping that Mr. Rodrigues, for the honor of the institution, resigns and this matter can be resolved in federal court and we can proceed from there.

“Thank you, Mr. President.”

ADJOURNMENT

At 12:06 o'clock p.m., on motion by Senator English, seconded by Senator Hemmings and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, March 12, 2001.

Respectfully submitted,

Clerk of the Senate

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 1021 (Gov. Msg. No. 157):

Senator Nakata moved that Stand. Com. Rep. No. 1021 be received and placed on file, seconded by Senator Chumbley and carried.

Senator Nakata then moved that the Senate advise and consent to the nomination of CAROL T. RABER to the Board of Trustees, Deferred Compensation Plan, terms to expire June 30, 2001, and June 30, 2005, seconded by Senator Chumbley.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Ihara, Inouye, Menor).

Stand. Com. Rep. No. 1022 (Gov. Msg. No. 164):

Senator Nakata moved that Stand. Com. Rep. No. 1022 be received and placed on file, seconded by Senator Chumbley and carried.

Senator Nakata then moved that the Senate advise and consent to the nomination of SHARON S. NARIMATSU to the Hawai'i Performance Partnerships Board, term to expire December 2, 2002, seconded by Senator Chumbley.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Ihara, Inouye, Menor).

Stand. Com. Rep. No. 1023 (Gov. Msg. No. 115):

Senator Nakata moved that Stand. Com. Rep. No. 1023 be received and placed on file, seconded by Senator Chumbley and carried.

Senator Nakata then moved that the Senate advise and consent to the nomination of LEONARD AGOR as Director of Labor and Industrial Relations, term to expire December 2, 2002, seconded by Senator Chumbley.

Senator Nakata rose to speak in favor of the nominee and said:

"Mr. President, I rise to speak in favor of this governor's message.

"Mr. President, your Committee on Labor has held a hearing on Mr. Agor. We have examined his qualifications. We have examined his character. It is with pleasure and honor that we are recommending that the Senate advise and consent to this nomination.

"Your Committee received testimony in support of Mr. Agor's nomination from our congressional delegation, the Lieutenant Governor, the Attorney General, the Chairman of the Labor and Industrial Relations Appeals Board, and others, including the Building Industry Association of Hawaii, the Hawaii Business League, and many others. Testimony was unanimous and overwhelmingly supportive of the nominee.

"He has a strong background in labor, but he is a man of integrity and we can trust him to carry out his duties in a fair, open, and honest way. He's a gentle man, but in my conversations with him, on occasion I have touched on issues which I guess touch a nerve in him and I can assure you that in spite of that quiet and calm exterior, there is steel to the character.

"So, it is with, again, honor and pride that I recommend to my fellow Senators that we advise and consent to this nomination. Thank you."

Senator Slom rose in support of the nominee and said:

"Mr. President, I, too, rise in support of the nominee.

"I have not spoken in support of a nominee for the Department of Labor before, but I'm very happy to do so with Mr. Agor. As the Senate Labor Chairman has pointed out, he has received support from both the business and labor communities, and I think that's important. I think he is the right man for the job at the right time. It's an idea that all of us, in fact, are laborers or should be. We should be workers. I think he brings dedication, experience, very strong work ethic, honesty, and integrity to the job.

"We look forward to working with him and look forward to confirming him. Thank you, Mr. President."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Ihara, Inouye).

At this time, Senator Nakata introduced Mr. Agor, who was seated in the gallery with his family, to the members of the Senate.

At 11:48 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:57 o'clock a.m.
