Senator Hogue rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I wanted to tell this body, Mr. President, about last night's Kaneohe Neighborhood Board meeting, which I attended along with the very reverent Senator from Kahaluu.

"We were deluged, instead of questions about sidewalks and traffic lights and all the normal stuff that goes before neighborhood boards, but a discussion of the traffic cameras and the Department of Transportation's reaction to the traffic cameras. We spent way too much time on this, but I was glad to hear what they had to say because universally we heard over and over again about the attitude, the tone that was coming from the Department of Transportation. And I hope, Mr. President, that this body will ask the Department of Transportation to remember that the DOT works for us. They work for the people. They don't work for themselves. They've got to change their tone. They've got to change their attitude. They work for the people of Hawaii. That is their job.

"Thank you, Mr. President."
