STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 293

Honorable Members
Twenty-Second Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 293, entitled "A Bill for an Act Relating to the Farmers' Market."

The purpose of this bill is to appropriate \$7,000 for the Department of Agriculture to assess the economic feasibility of establishing a world-class farmers' market in Hawaii.

This bill is objectionable because this appropriation would result only in a feasibility study for something that goes beyond essential or core services. In fiscally challenging time like these, we must exercise fiscal discipline and stay focused on the core functions of government.

The two-year budget recently passed by the Legislature is not balanced. The Legislature failed to include funding for the Hawaii Health Systems Corporation for the second year of the biennium. Such action would make sense only if one assumed that all state hospitals would be shut down one year from now. Because this assumption is not realistic, the budget passed by the Legislature is not fiscally sound.

The challenge presented by this budget increased after the Legislature adjourned when the Council on Revenues on May 16 reduced the revenue projection for the current year and the upcoming biennium by \$186.7 million. The combined impact of lower revenue projections and unrealistic assumptions by the Legislature has resulted in a budget deficit of more than \$230 million.

The State must now make the hard choices to restrict

spending and resist tax increases in order to create a healthy business climate that will lead to more and better-paying jobs and a quality standard of living for Hawaii's families. In short, we must begin to put our financial house back in order by doing all that we can to match recurring expenses with recurring revenues.

Decisions like the one to veto this bill are not easy, but they are necessary. Without fiscal discipline and prudent management of the budget now, it will be impossible to restore trust and integrity in government and expand and diversify the economy in the years ahead. This kind of tough decision is needed in order to achieve a true New Beginning for the people of Hawaii.

For the foregoing reasons, I am returning House Bill No. 293 without my approval.

Respectfully,

LINDA LINGLE
Governor of Hawaii
