THE
 TWENTY-SECOND LEGISLATURE
 STATE OF HAWAII
 REGULAR SESSION OF 2004
 JOURNAL OF THE SENATE

FIRST DAY

Wednesday, January 21, 2004

In accordance with the provisions of Section 10 of Article III of the Constitution of the State of Hawaii, the Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, was called to order at 10:02 o'clock a.m., by the Honorable Robert Bunda, President of the Senate.

The members of the Senate and guests rose to sing the National Anthem, led by Ms. Keahi Conjugacion, and "Hawaii Pono'i," led by the Kamehameha Concert Glee Club under the direction of Tim Ho, Choral Director.

At this time, the Kamehameha Concert Glee Club performed two songs for the members of the Senate and their guests.

The Divine Blessing was then invoked by the Reverend Dan McAleer, Mililani Missionary Church.

The President then directed the Senate Clerk to call the Roll. The Clerk called the Roll showing all Senators present with the exception of Senator Whalen who was excused.

The President then addressed the members of the Senate and guests as follows:

"Governor Lingle, Lt. Governor and Mrs. Aiona, Congressman Abercrombie, Mayor Arakawa, Mayor Baptiste, former Governor and Mrs. Ariyoshi, former Governor and Mrs. Cayetano, Lt. General Dierker, Lt. General Renuart, Rear Admiral Godlewski, Colonel Champoux, Colonel Anderson, esteemed colleagues, honored guests, ladies and gentlemen – Aloha and welcome to the 2004 Session of the Hawaii State Legislature.

"I would like to again acknowledge the members of the armed forces who have joined us this morning. Many men and women under their commands have been deployed to Iraq and elsewhere to defend our Nation. We wish these brave citizens Godspeed and a safe return home. Please convey our sentiments to them and relay our gratitude for their courage and sacrifices. To the Generals and the Commanders, please convey our message to them.

"On a more personal note, I want to express my appreciation to the military for their efforts, again. When the community of Wahiawa was threatened by an invasive aquatic weed that had the potential to destroy Lake Wilson, the military – as they have so often done before – came to our aid as neighbors and as allies. *Salvinia molesta* – or the green monster, as it was called – was an extreme example of how a small problem can become a major one when allowed to grow out of control. In an extraordinary display of cooperation among state, county and federal agencies, the *Salvinia* was extracted from the lake – one truckload at a time – and what was once thought a hopeless situation by some mainland experts, became a model of what could be achieved by cooperation and collaboration.

"I would like to acknowledge the efforts of Major General Rick Olsen and members of the military, our Congressional delegation, Mayor Jeremy Harris and Governor Linda Lingle – all of whom elevated the crisis to a top priority. The open water now reflects the importance of working together in harmony, and the benefits of making the search for a solution our total focus.

"I would like to suggest that we can – and should – apply the same formula to some of the other problems facing our State today. Foremost among them is Hawaii's ice epidemic. Our crystal meth problem has dominated the headlines and the public's attention for many months. Every violent crime today seems to be linked in one way or another to ice addiction. The Legislature took decisive action in forming a bipartisan taskforce to examine the scope of the epidemic and to recommend solutions. After months of gathering direct community input, the taskforce came up with a comprehensive legislative package. In the days ahead, let's focus on these solutions which include substance abuse treatment for adults, early intervention and treatment for juveniles, expanded prevention beginning at the middle school level, support for an expanded Drug Court, and more effective coordination of law enforcement.

"Such a comprehensive effort is not without its cost. But the combination of stronger law enforcement and active community involvement will provide the tools to stop the spread of this deadly disease. Ice has invaded our communities and must be stopped or it will strangle our hopes for safe and secure neighborhoods and continue to cause death and destruction. We simply cannot afford not to fight back with whatever it takes to bring the problem of drug addiction under control.

"For critics who claim spending money on prevention is a waste of time, I say this – when it comes to the safety of our children, our families, and our entire island community, we must devote adequate resources to the war on drugs or we will continue to lose ground. We must not let the issue turn into a public relations battle that has little to do with real solutions. Even the most ardent supporters of incarceration will admit that stricter punishment alone will not solve the drug crisis . . . the real solution is education.

"The education of our children is crucial to the well-being of our society. President John F. Kennedy once stated 'A child mis-educated is a child lost.' The failure to properly educate our kids will mean more families will suffer, not only due to drugs and other criminal activity, but to low-paying jobs, substandard housing and insufficient medical care. Those fortunate enough to experience success will be forced to subsidize the cost of caring for those who fail. Simply put, we cannot afford not to prepare our children for life in the 21st century. We, as a community, need to come together on the subject of reform.

“Every state seems to be struggling with President Bush’s No Child Left Behind law, the federal mandate that sets strict standards for academic performance, measured primarily by test scores. School districts across the country are desperately seeking ways to raise student performance to avoid federal sanctions. Consultants are having a field day advising school districts on how best to achieve reform and student success. Some school districts have become virtual guinea pigs for untested and unsubstantiated ‘reforms’ that have yet to prove their worth.

“Here at home, our own system is under constant attack as being ineffective. A call for a complete overhaul of the system is being touted as the only way to achieve true reform. Principals and teachers are being taunted for not caring more about their students than their own job security and faulted for not being willing to take risks. To them I say, hold on and do not lose your enthusiasm for your profession. You are appreciated . . . you are needed . . . you are the ultimate solution to the crisis in our schools.

“If there is any issue that deserves our complete and total focus, it is the subject of educational reform. We are talking about our most precious resource, our children. How much are we willing to risk when their future success is on the line? Are we willing to take a chance with an experimental approach to educational governance before we are convinced it will work? To let political agendas dictate our decision-making would be dishonest. Our decisions today will impact our schools well into the future – decisions that could mean setbacks instead of success for our students. With so much at stake, how can we afford not to take the time to investigate any idea thoroughly before we make a decision. We need to look at all the evidence, and we will.

“Colleagues, all proposals for reform will soon be on the table. As you listen to testimony from students, parents, teachers and administrators, from business groups, and others, I ask that you keep an open mind and be receptive to all ideas and opinions. It has been said that in a democracy, the public has a right to know not only what the government decides, but why and by what process. Ours is an inclusive process and no one is ever deliberately left out of the discussion. I warn you to be careful of evidence that appears to have been orchestrated more to support one particular point of view than to achieve true reform.

“For those who argue that our schools are broken, I say our schools are working but need our support – not our scorn. To those who attempt to control and micromanage educational governance, I say we would be better served by stepping back and letting educators do their jobs. We need to trust the dedication of our teachers – and support the authority of our superintendent.

“Two years ago, I stood before you on Opening Day and commended the initiatives taken by our new DOE superintendent, Pat Hamamoto. She had quickly addressed the challenges of her position and had instituted a series of reforms that decentralized authority and encouraged decision making at the complex level. I believe she is moving in the right direction at the proper pace and, given the appropriate support, will continue to implement reforms that will yield reliable results.

“Some initiatives that we have seen elsewhere and which should be given our full consideration include: a move towards smaller classes and smaller schools, raising the entry age for kindergarten and establishing universal preschool, increasing salaries and offering rewards for outstanding teachers and principals, providing full funding for charter schools, and boosting campus security and school safety. A number of these

ideas have already been firmly established in our local schools and we must continue to encourage those kinds of innovations.

“On this occasion last year, I expressed my frustration over our mounting traffic problems. I doubt if there is a commuter from the population centers of Central or Leeward Oahu who doesn’t squander two hours or more a day in our snail-like traffic. With the number of registered vehicles on Oahu reportedly reaching one for just about every man, woman, and child, I am restating my support for a light-rail, mass-transit system linking our major urban centers. Granted, there are many differences to be resolved and funding sources need to be identified, but we cannot afford to cut off discussions on this issue so critical to our future quality of life. We must find a way to keep this idea alive so our children will not suffer from our shortsightedness and failure to act.

“And what relief can we offer motorists in the meantime? Again, we need to work together on all levels of government to focus on solutions. Contraflow lanes and modifications to existing roadways look promising. Let’s rethink the traditional workday for state and city employees to reduce congestion during peak hours. Decentralizing government services out to Kapolei, Waikale or Mililani would mean fewer cars on the road. Discussions should resume in earnest on the future of a West Oahu campus which would take one of every four university students out of the commute from rural Oahu to Manoa. Employers, both private and public, could explore the mutual benefits of personnel doing business from their homes. Where there’s a will, we can find a way.

“Two nagging consumer issues will be under consideration this Session. The first is an amendment to our gasoline cap legislation to peg prices to a nationwide survey of prices for all grades of gasoline and diesel. Prices of fuel remain abnormally high for motorists, and in the absence of any other meaningful attempts to stimulate competition or get satisfaction from oil companies, we will continue to work in this regard.

“The second is our effort to address the high cost of prescription drugs. State and other jurisdictions across the nation are offering many proposals to help their residents cope with drug costs, ranging from buying directly from Canadian pharmaceutical companies to using the buying power of state government to extract steep discounts from manufacturers and distributors. The Legislature will continue to refine our program, renamed Hawaii RX Plus, so it can serve as many of our people as possible.

“In conclusion, let me say this: When all is said and done, our duty – our responsibility as elected officials – is to devise the best solutions possible to the concerns facing the people we serve. Like the victory on Lake Wilson, we arrive at those solutions by overcoming obstacles to working together and integrating our resources at the local, state and federal levels. We have shown that we can work together to solve a crisis, let’s build upon that foundation of cooperation and teamwork. This approach is EFFECTIVE; this approach is EFFICIENT; and this approach is GOOD GOVERNMENT.

“Aloha and mahalo.”

Senator Hemmings, Minority Leader of the Senate, then responded as follows:

“Thank you, Mr. President. I’ve been accused of being an excessively loquacious Portuguese boy, but I have to tell you that I had a loss for words this morning. It seems that Senator Slom gave my speech at Roll Call. (Laughter.)

“Governor Lingle, Lt. Governor Aiona, Senate President Bunda, Chief Justice Moon, distinguished guests, colleagues and, most importantly, the people of Hawaii who put your hopes and aspirations and your hard-earned dollars into what we’re doing here today: I’d like to begin by introducing two very special citizens of Hawaii. I’d like to ask Specialist Yokoi and First Sergeant Gollero to please rise. Ladies and gentlemen, Specialist Yokoi is bound for Iraq. His wife is going to Afghanistan. Sergeant Gollero is going to Iraq, leaving behind a wife, children and grandchildren. Our brave sons and daughters are fighting a war declared on us.

“I would like to ask the Admirals and Generals here today to take a message back to the men and women in uniform. Tell them we support them. Tell them we support their cause. And tell them THANK YOU.

“Mr. President, I can close my eyes and look back 20 years across the aisle at one legislator – Senator Bunda – who was then in the House of Representatives. As I look around the room, I see some familiar faces when we served in the House together. While some things have changed, curiously, some have things have remained the same. I have to admit, you and I look a little older. Our hair is gray. I’m probably losing more hair than you are. But I look across the aisle and I see the face of the good Senator from Moanalua and she hasn’t changed much at all.

“Other things have not changed much at all. It seems we’re STILL debating education, the economy, and the high cost of living and doing business in Hawaii. Mr. President, making some critical changes in how the state conducts business must be done NOW. Now is NOT the time for more studies, task forces or commissions. We need leadership and we need decisions.

“The people of Hawaii cannot wait another 20 years for essential improvements in education, the economy and government services, and I have to add, I don’t have much hair left to lose. We, the Republican Minority, wish to again extend to you the hand of cooperation. It is my sincere hope that our efforts to resolve some of the long-standing issues will not be met with partisanship and blind, oh so blind allegiance to the status quo of the past. Let us move forward together with strength and confidence for a better Hawaii for all our citizens.

“I stand before you today as the voice of our citizens who are overtaxed. I stand before you today as the voice of our businesses that are over-regulated. I stand before you today as the voice of our residents who are dismayed at the poor performing schools. I stand before you today as the voice of those voters who courageously enough voted for change in 2002. Their time has come.

“Mr. President, let us not squander our time this year. It’s so valuable. In the past, the public has seen us spend an entire legislative session bickering over gambling, a whole year preoccupied by ‘same sex marriage,’ a protracted debate over van cams. Let us not engage in foolish resolutions to send ‘aloha’ to Saddam Hussein, but rather, let us support the men and women in uniform who every day risk their lives to defend the very idea of freedom. It is time in this Senate to finally pass legislation that is meaningful and will improve the lives of all residents. I call upon my colleagues to do something different. Give the Republican caucus bills a fair hearing and a fair chance. The public expects you to do no less.

“We all seem to agree that education is our state taxpayers’ biggest investment. And it should be! Mr. President, the truth is not scorned. I respectfully submit to you that spending more money on an education system that is not working, simply has

not and will not work. Over the past 30 years, the residents of Hawaii have been very generous in spending, but they’ve witnessed the crumbling of their schools and the deterioration of student achievement while spending on education has increased to over \$1.9 billion. Using the Department of Education’s own budget figures, the DOE is spending almost \$9,500 per student, per year. Regrettably, test scores do show that we’re ranked near the bottom next to states like Mississippi and Louisiana. Make no mistake about it, Mr. President, we support teachers; we support principals; we support the students and their parents, and that’s why we must change the system. It’s not working. Our Caucus will wholeheartedly support the implementation of the CARE (Citizens Achieve Reform in Education) recommendations to have local school boards, and to put resources, money and accountability back into schools with the principals, the teachers and the students.

“What a difference a year makes! As we open the second session of the 22nd Legislature, Hawaii’s economy is on the mend, visitors are returning to our shores, and residents feel the hope and opportunity created by the first year of leadership of a Republican Governor. Hawaii is destined to change, and change for the better.

“Senate Republicans will support a state budget that does not grow faster than the economy or our citizen’s ability to pay for it. Governor Lingle has submitted a budget with modest growth. She has, as she pledged, reduced the state’s workforce without layoffs. We must continue to set realistic priorities for government spending. We say no more raiding special funds and juggling of the books to balance the budget because of excess spending.

“Let’s live within our means . . . Let us stand united and pledge now – ‘No New Taxes!’

“So much more needs to be done – and done now. Hawaii’s working families remain amongst the highest taxed in the United States. That is why the Republican Caucus will once again introduce legislation to eliminate the tax on food and medicine. We should not have to pay the government to feed our families and care for our sick.

“Regulations are an insidious form of taxation – they increase the cost of everything we buy in Hawaii. That is why the Republican Caucus will again introduce a resolution to have Congress amend the Jones Act. The Jones Act is antiquated in many ways and stifles competition. Allowing more shipping companies to compete to bring goods into our State will help reduce the cost of everything from breakfast cereal to automobiles.

“The repeal of the gas cap is essential. Price fixing didn’t work in the ’70s, and it’s not going to work now. Let’s repeal bad law. The Senate Republicans wish to eliminate the PUC from statewide regulation of ground transportation and inter-island cargo transportation. Our immediate goal is to attract more cargo carrying businesses and maybe even a large inter-island ferry company to set up business in Hawaii because Hawaii is a good place to do business.

“We advocate phasing out the ethanol tax credit and replacing it with one to encourage the development of hydrogen fuel technology. There will be a day when hydrogen fuel cells will propel our cars and energize our homes. Geothermal wells during off-peak hours can use excess electricity to produce hydrogen. ‘Clean renewable energy’ has to be more than just a slogan for Hawaii.

“‘Home Rule’ is not just a slogan for us also. The Senate Republicans will continue to support eliminating the State Land

and Water Use Commissions. The overlapping jurisdiction and politics of those commissions certainly conflict with the counties' ability to steward their own resources. We will support the counties' legislation to share in the revenue generated by traffic fines. This is fair and long overdue.

"In the aftermath of the terrible carnage on the road to Makaha with the tragic deaths of three young people, we are introducing legislation that will make chronic speeding and reckless driving a crime that will result in the revocation of the offender's driver license. We know tough DUI laws work for drunk drivers. Let's make tough laws for racers and habitual speeders.

"Lt. Governor Aiona and a joint Senate-House Committee recently concluded extensive hearings on the ice epidemic. We all recognize the seriousness of the epidemic. There seem to be two themes, Mr. President, and you touched on both of them. There are those who say substance abuse is a sickness that requires rehabilitation not incarceration. Others say if you do the crime, you do the time. Our hope is to balance those polarized positions. If a crime is committed, the perpetrators must be held accountable. We must protect law-abiding citizens from criminals. It's not complicated. We will support the law enforcement coalition's legislation to implement 'walk n talk.' Hawaii's wiretap laws should conform to federal standards in order to aid law enforcement. It's real important for those who show a willingness to rehabilitate, we must have programs to break the chain of substance abuse. Mr. President, we support you in those efforts. Every treatment model shows that there must be consequences to wrongs committed by substance abuse. Rehabilitation and law enforcement must work together, not against each other. I know we can produce laws and programs that are going to protect the public from drug-induced crime and rehabilitate those who demonstrate a willingness and a commitment to overcome their illness.

"We, the Legislators elected to do the people's business, have the means to make long-overdue reforms a reality in Hawaii. Do we have the will? The Senate Minority believes in the working people of Hawaii. We believe in the future. We want consumers to be the chief regulators and beneficiaries of a healthy economy. We want parents, teachers and principals to be at the helm of public education. We want the burden of crime to be placed on the criminals.

"Mr. President, in many ways, Hawaii is like a fallow field, ready for enlightened leaders to plant the seeds for a better tomorrow. I'd like to paraphrase a Greek proverb in closing – A society grows great when old men plant trees whose shade they may never enjoy.

"Mr. President, let's plant those seeds. Let's plant the seeds of education reform, of economic opportunity. Let's plant the seeds of social responsibility and justice. Let's nurture the growth of a new Hawaii. I know, Mr. President, that together we can do it. Imua and aloha."

At 10:52 o'clock a.m., the Senate stood in recess subject to the call of the Chair. At this time, the members of the Senate and their guests were entertained by Ms. Keahi Conjugacion and Mr. Darrell Labrado.

The Senate reconvened at 11:30 o'clock a.m.

- Senator Hogue rose on a point of personal privilege as follows:
- "Mr. President, I want to rise on a point of personal privilege at this time.
- "Mr. President, on behalf of myself and my colleagues, I just want to point out that I really do object to the use of the Majority Party constantly going behind closed doors in these

recesses during the Session. I don't really believe that the public is being served. It is incongruous, in my mind, that we are public servants doing the public's bidding, supposedly in an open forum, and yet work continuously is decided behind closed doors.

"People talk to me all the time about coming up here and sitting in the Chamber and they wait for the debate, and the debate doesn't happen. Instead, the debate goes on behind closed doors. Ironically, in a little bit, we are going to be debating open government. So, it seems that what happened today behind closed doors is that you were debating open government behind closed doors. How ironic is that?"

The President interjected:

"Senator Hogue, you will have your time. Your time will be debated and you will stand up and you will voice your opinion at that juncture. So, Senator Hogue . . ."

Senator Hogue continued:

"I totally understand that and I'm not here to debate that. I'm here to debate the overuse of going behind closed doors during Session. Can we cut that out a little bit?"

The President stated:

"Senator Hogue, I will call you out of order."

Senator Hogue rose and said:

"Thank you."

ORDER OF THE DAY

ADOPTION OF RESOLUTIONS

MATTERS DEFERRED FROM WEDNESDAY, JANUARY 21, 2004

S.R. No. 1:

By unanimous consent, action on S.R. No. 1, entitled: "SENATE RESOLUTION AMENDING THE RULES OF THE SENATE OF THE TWENTY-SECOND LEGISLATURE," was deferred until Friday, January 23, 2004.

S.R. No. 2:

Senator Ihara moved that S.R. No. 2 be adopted, seconded by Senator Chun Oakland.

Senator Ihara rose in support of the measure as follows:

"Mr. President, I rise in support of S.R. No. 2.

"The purpose of this resolution is to implement one of the, quote, 'alternatives' offered in Special Committee Report No. 1, submitted to the Senate in December. It actually was on today's Order of the Day. This proposal in S.R. No. 2 is listed on page 13. It is not a recommendation of the Committee. It is one of the alternatives.

"This resolution proposes to provide in the Rules an appropriate basis for referring bills to committee. The basis proposed in this resolution is the basis of committee jurisdictions as described in Senate Rule 17.

"The Senate Rules today, do not provide any basis or criteria to guide Leadership in deciding bill referrals. This resolution

would provide a criteria. This criteria, as I mentioned, is already-agreed-upon jurisdictions of the committees.

"The concept in this resolution is very simple, one that most people and Senators, including myself, thought was already in the Rules. And for the most part, I believe past practice has been that referrals were based on the proper purview of the committees.

"If that's the case, then you might ask, why is this resolution needed? I want to read what leaders of several citizen groups have said in their testimony submitted and attached to Special Senate Committee Report No. 1:

The League of Women Voters said: 'Any person or group that has a bill introduced in the Legislature has the right to expect that its bill is accorded the proper respect, beginning with a referral to the committee that has jurisdiction over that particular subject matter.'

Interfaith Alliance of Hawaii said: 'We firmly believe that referral of bills to standing committees must be based upon the jurisdiction currently described in Senate Rules. To do otherwise raises public suspicion and further disengages a portion of the populace.'

The Hawaii Green Party said: 'Interpretations of committee responsibilities should not be "gamed" (I'm not quite clear what they mean about the word gamed, but) should not be "gamed" to allow a Chair to capture control over any bill he or she wants to hear, regardless of the normal purview of that committee.'

A citizen leader said: 'I have in the past been aware of times when bills have been assigned to committees that do not have jurisdiction over the subject matter. This has not only made me distrustful of the good intentions of the Senate, but it has caused many voters to withdraw from the process in distrust and disgust.'

Christian Unity and Interreligious Concerns said in their testimony: 'Change the Senate's arbitrary any-committee-referral rule with assignment of bills to committees of relevant subject matter. The current rule is subject to blatant manipulation.'

I'm not sure I agree with all of these statements, but the perception, Mr. President, is there.

"These citizens clearly want bills referred to committees based on their proper jurisdictions.

"But their statements are mild compared to a newspaper editorial. Last year there was controversy over a bill to ban fluoridation in our drinking water, and it appeared obvious, at least from the public's point of view, that the Senate Health Committee should have been part of that referral, but it wasn't.

"The March 2, 2003, Honolulu Star Bulletin editorial said, and it is, I'll warn you, a little bit harsh: 'Instead of confronting another debate about fluoridating water in Hawaii, legislative leaders have decided to stifle the Democratic process through manipulating the rules that govern how bills are heard. The end-run around their own canons provides another example of how elected officials who are supposedly representing voters' interests break the public trust through sneaky maneuvers on camouflaged measures.' I told you that was harsh.

"My point in reading these public statements, Mr. President, is that I believe the Senate should strive to base its bill referrals

on the committee jurisdictions already listed in our Rules. I believe this resolution will help us move in that direction.

"I will be voting in support of this resolution, and I request a Roll Call vote or a similar method, as long as the votes of the Senators are noted. Thank you, Mr. President."

Senator Hanabusa rose in opposition to the measure as follows:

"Mr. President, first, I'd like to take this opportunity to thank the members of the Judiciary and Hawaiian Affairs Committee, along with two members of Leadership, Vice President Kim and Senate Majority Caucus Leader Tsutsui, for serving on S.R. No. 147.

"I rise to speak in opposition to this Senate resolution and would like to set forth the reasons why so that members of the public who participated in the process, as well as my colleagues, can understand what transpired.

"First of all, Mr. President, it was the first time any house of this Legislature actually put forth its Rules. This particular issue was really not part of the resolution before the public. Something that we did as the Committee was to hear what the people were raising as their concerns. So we really kind of deviated from the resolution of this body. But the public, for the first time, they felt empowered in the participation process and that's why they brought up everything about our process that they were concerned about.

"The referral issue came up, and the referral issue was one that was misunderstood, because what people thought was that somehow these bills went to all of these committees and there was no rhyme or reason for it. So we explained to them, and it's part of the report, as to how the referral process is done.

"Mr. President, the sentiments of the people were really not so much about the referral process itself, or the fact that we have an appeal process to yourself, Mr. President, but it was because they did not like Senate Rule 17 in terms of the jurisdiction. They did not like when certain Committee Chairpersons received a particular bill. But that's not the referral process.

"The reason why, Mr. President and colleagues, that I cannot support this amendment is that it's amending our Rule to say, 'based upon the jurisdiction of the committees as described in Senate Rule 17.' Mr. President, as part of your Leadership that does the referral after SMA does the initial pass, I can't concur with this. Because what this then does is it makes it possible for a bill to be killed because, arguably, every Committee Chair, I'm sure, could find some way to say that this bill should be theirs. So at the very minimum – the very minimum, Mr. President – at least three Committee Chairs can do it. I can rattle off one Committee Chair who, based on his jurisdiction, can say every bill comes to him, and it isn't the good Senator from Manoa on Ways and Means. But that's because that is how our Senate Rule reads.

"Senate Rule 17 is not the issue here, Mr. President. It is the referral process, and I believe that the way the language reads now and, in addition to that, the way that we have done it in terms of our custom and practice, once the public understood – and we were remiss in not making it clear to the public as to how we do our referrals – that that was the problem. To put this in and then we'll then, I believe, put out our custom and practice and say not only would we have to refer based upon the jurisdiction of the committees, which is the language here, it would also say any appeal process would also be bound by this.

"Based upon that, Mr. President, I cannot support S.R. No. 2 and would like to say that I heard the public loud and clear who came forward to our committee meeting. I heard their concerns and I honestly believe that it is not the referral base to all committees that they believe that every committee who has jurisdiction should have the right for that. I believe they did not like the way we adopted our Rules and where certain bills went to certain committees.

"Mr. President, I will be voting against S.R. No. 2 and ask that my colleagues do the same. Thank you."

Senator Slom rose in support of the measure and said:

"Mr. President, I rise in support of S.R. No. 2.

"The real issue here is not the referral process and not jurisdiction. Again, it is part of the openness in government. And while it was laudable that the committee heard from the public and included the public, that's what we're supposed to do. We tell the public we want their input. We tell the public we want them to participate, and the fact that they don't ask a specific question is because they don't really understand what we do. And particularly, as my colleague, the Minority Floor Leader said, so much of it, too much of it is behind closed doors, even though we're supposed to be meeting in open session.

"What this resolution simply does is to say that there's nothing wrong with custom and practice, but that you really can't separate referral from jurisdiction because Rule 17 is a fact. And if we're going to give credence to all of the Rules equally and treat them equally, then the whole reason for jurisdiction is to make sure that the referral process is related to it. And if there is a problem or if there's a situation where it might become unwieldy because there would be too many committees involved, and that is a possibility, then that is something that properly should be debated in public before this entire body and before the public.

"So as the maker of this resolution said, it is just a simple matter but it's an important matter. And we should also ask ourselves, by passing this resolution, do we add to the openness and the discussion of government or do we detract from it? I've heard no response that really says that this is going to cause us problems. I do hear, however, that it may cause some discomfort to those individuals within this body that like this system that allows them to deviate from Rule 17 and from usual and customary practice. Therefore, I urge my colleagues to support very strongly this and the other resolutions which will strengthen and open the entire process of this Legislature.

"Thank you, Mr. President."

The motion was put by the Chair and, Roll Call vote having been requested, S.R. No. 2, entitled: "SENATE RESOLUTION AMENDING THE RULES OF THE SENATE TO REQUIRE REFERRAL OF BILLS BASED ON THE JURISDICTION OF COMMITTEES AS DESCRIBED IN THE RULES," failed to be adopted on the following showing of Ayes and Noes:

Ayes, 8. Noes, 16 (Aduja, Baker, Bunda, English, Espero, Hanabusa, Hooser, Inouye, Kanno, Kawamoto, Kim, Kokubun, Menor, Sakamoto, Taniguchi, Tsutsui). Excused, 1 (Whalen).

S.R. No. 3:

By unanimous consent, action on S.R. No. 3, entitled: "SENATE RESOLUTION AMENDING THE RULES OF THE SENATE RELATING TO COMMITTEE

PROCEDURES ON DEFERRING CONSIDERATION ON A BILL,” was deferred until Friday, January 23, 2004.

S.R. No. 4:

By unanimous consent, action on S.R. No. 4, entitled: “SENATE RESOLUTION AMENDING THE RULES OF THE SENATE TO AUTHORIZE THE PRESIDENT TO ADOPT CONFERENCE COMMITTEE PROCEDURES,” was deferred until Friday, January 23, 2004.

Senator Hemmings rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“I take great pride in the openness of the Senate in the announcement section of our procedures because we let things come to the Floor to be discussed in an open and honest manner in front of the people of Hawaii.

“Yesterday, Mr. President, we voted on a resolution to bring the superintendent from the Department of Education to this Legislature to address us. We had very strong feelings about that issue, Mr. President, and I think you heard some nay votes from your Senate Minority. But out of respect for the day and for the proceedings, we did not want to make an issue of it. But I think in the interest of fairness, in the interest of openness in government, in the interest of having a fair, level playing field in debating this very important issue of public education, something should be said.

“First, there’s not a precedence to bring a head of a department to this Legislature to plead a particular side of an issue. That is done in committee hearings. We had a very fine briefing from Pat Hamamoto, the Board of Education and the Department of Education in our Joint Senate Ways and Means and House Finance Committee hearings on the budget. If we did this, why don’t we bring Director Koller and Fukino to discuss health and their issues and their agenda?

“The other issue is justification. We are seeking the truth on matters of this nature and if there’s justification to bring one particular point of view, then in the interest of fairness, there should certainly be an opportunity to bring the other point of view. The question is, are we going to invite Laura Thielen or Bill Ouchi or some of the people who have worked so hard trying to offer an alternative to the status quo an opportunity to address this Legislature? I think not.

“Procedurally, this is uncalled for, and unfortunately, we did not get a chance to debate this or discuss it in an open, honest manner before it was brought to us for a vote yesterday. But I think the record should reflect that we are doing the wrong thing. Pat Hamamoto, for the record, is in a tremendous conflict of interest position. She’s hired by the BOE. She works for the DOE. Are we going to get their agenda or are we going to have an open and honest discussion on education reform?

“I’m not going to debate the issue now, Mr. President, I think there’ll be the whole Session to debate it. Unfortunately, we’re having a hard time finding common ground. But before Pat Hamamoto talks, we wouldn’t have this discussion at all if the system were working. There is an old cliché that’s worth repeating: a definition of insanity is to do the same thing and expect different results. I don’t think the Department of Education or the Board of Education in the last 30 years has ever demonstrated the will to depart from business as usual and just ask for more money to solve the State’s single biggest and most expensive problem – our education system.

“Mr. President, thank you for allowing me to speak on this issue. I think it’s very important. I’m sorry we didn’t have a chance, but out of respect for yesterday, I thought it would be better to discuss it today.

“Thank you, Mr. President.”

ADJOURNMENT

At 1:05 o’clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Friday, January 23, 2004.

Respectfully submitted,

Clerk of the Senate

Approved:

ORDER OF THE DAY

ADOPTION OF RESOLUTIONS

MATTERS DEFERRED FROM THURSDAY, JANUARY 22, 2004

At 11:56 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:57 o'clock a.m.

S.R. No. 1:

Senator Kim moved that S.R. No. 1, be adopted, seconded by Senator Tsutsui.

Senator Kim offered the following amendment (Floor Amendment No. 1) to S.R. No. 1:

"BE IT RESOLVED by the Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, that this body respectfully requests that the following sentence be ~~[deleted from]~~ amended in Senate Rule 45:

"[Co-sponsors may be added to bills] With the consent of the primary sponsor, additional sponsors may be added to bills up until the bill introduction deadline [and with the consent of the primary sponsor]."

Senator Kim moved that Floor Amendment No. 1 be adopted, seconded by Senator Tsutsui.

Senator Kim noted:

"This resolution was introduced because of the concerns raised with this measure being adopted last year for the first time. What we did was to amend the language to make it clearer as to the intent, and the intent was to allow members of the body to be able to sponsor, not co-introduce or be a further introducer, but just a sponsor to show support on the measure. And, hopefully, by being able to do that, one would not need to feel that they have to introduce a similar measure. That's cutting down on the time and expense that our body has to endure for the numerous, numerous duplicate types of bills allowed.

"The deadline would be up until the bill introduction. Last year it went beyond that and I believe that it is clear that our

purpose is for members to be allowed up until bill introduction deadline. And so, once the introduction of bills we have that deadline, there really is no reason why names would be then allowed or sponsors would be allowed to be placed onto those bills.

“So, for those reasons, I offer the amendment. Thank you.”

Senator Slom rose in opposition to the amendment and said:

“Mr. President, I rise in opposition to the amendment. Actually, I’m speaking for the Senate Minority Leader who was the co-introducer of the original resolution. He gives his regrets. He had a military event which had been planned weeks earlier so that’s why he’s not here. He will talk on the main resolution on Monday.

“The whole idea of this resolution, since it seems that the policy had changed last year with people suddenly wanting to be listed as sponsors to bills or resolutions, he views this as an effort in futility to make these changes and so would be voting against the amendment.

“Thank you, Mr. President.”

The motion to adopt Floor Amendment No. 1 was put by the Chair and carried.

By unanimous consent, S.R. No. 1, S.D. 1, entitled: “SENATE RESOLUTION AMENDING THE RULES OF THE SENATE OF THE TWENTY-SECOND LEGISLATURE,” was placed on the calendar for Adoption on Monday, January 26, 2004.

S.R. No. 3:

Senator Ihara moved that S.R. No. 3, be adopted, seconded by Senator Chun Oakland.

Senator Ihara offered the following amendment (Floor Amendment No. 2) to S.R. No. 3:

Rule 22 amendment (proposed)

(4) The Chair of a Committee may defer indefinitely further consideration of a bill and state publicly the reasons therefore at the hearing; provided that any member of the committee may move to take a vote on that deferral, in which case the chair shall proceed to take a vote immediately or at the next scheduled hearing of the committee. Upon such motion, a majority of the quorum of the committee shall be required to defer the bill.

Senator Ihara moved that Floor Amendment No. 2 be adopted, seconded by Senator Chun Oakland.

Senator Ihara noted:

“Mr. President, the floor amendment adds one word to the original proposed Rule, and that word is the word ‘indefinitely,’ located on the first line of the proposed Rule.

“Thank you.”

The motion to adopt Floor Amendment No. 2 was put by the Chair and carried.

By unanimous consent, S.R. No. 3, S.D. 1, entitled: “SENATE RESOLUTION AMENDING THE RULES OF THE SENATE RELATING TO COMMITTEE PROCEDURES ON DEFERRING CONSIDERATION ON A

BILL,” was placed on the calendar for Adoption on Monday, January 26, 2004.

S.R. No. 4:

Senator Ihara moved that S.R. No. 4, be adopted, seconded by Senator Chun Oakland.

Senator Ihara offered the following amendment (Floor Amendment No. 3) to S.R. No. 4:

Amendment to Rule 3 (proposed):

To adopt conference committee procedures in coordination with the Speaker of the House to facilitate the efficient administration of the committees.

Senator Ihara moved that Floor Amendment No. 3 be adopted, seconded by Senator Chun Oakland.

Senator Ihara noted:

“Mr. President, the last clause of the original proposed Rule was deleted and the deletion reads: ‘provided that no procedure shall alter the voting power of Committee members.’ The intent here, Mr. President, is to revisit the core issue of the Conference Chair veto voting power at a later date, hopefully in a few weeks.

“Thank you.”

The motion to adopt Floor Amendment No. 3 was put by the Chair and carried.

By unanimous consent, S.R. No. 4, S.D. 1, entitled: “SENATE RESOLUTION AMENDING THE RULES OF THE SENATE TO AUTHORIZE THE PRESIDENT TO ADOPT CONFERENCE COMMITTEE PROCEDURES,” was placed on the calendar for Adoption on Monday, January 26, 2004.

ADOPTION OF RESOLUTIONS

S.R. No. 1, S.D. 1:

Senator Kim moved that S.R. No. 1, S.D. 1, be adopted, seconded by Senator Tsutsui.

Senator Hemmings rose in opposition to the measure as follows:

"Mr. President, it's with great irony I rise to speak against a resolution that I introduced.

"Mr. President, this resolution is now a Trojan horse – that is, it's like legislation that we've passed in past legislative sessions dating back to the time you and I were in the House of Representatives, it's extremely defective because it represents doing something when in fact nothing is being done at all. The words have been changed and juggled on a piece of paper and it leaves in place Rule 45.

"Why is this legislation needed? Very simply because the system was being exploited. Last year, a Senator from the Koolau/Windward side of the island – and it wasn't Senator Hogue or myself – on the eighth day of the Legislature, the

Journal will show that she put her name on over 120 pieces of legislation utilizing Rule 45. At the end of the Session, a report was sent out to the district saying that that individual had passed much legislation, many of which included bills that simply had her name added to.

"This type of deception hurts public confidence in us and what we're doing. I realize everyone in this Chamber wants to get credit for legislation, but at least have something to do with it when it does pass.

"Rule 45 is not needed. I've heard the argument put forth that it's something that's done in Congress. Well, this isn't Congress. There are a lot of things done in Congress, Mr. President, including bipartisan cooperation, not the unilateralism leaving out of the process one party just because it's the Minority.

"So for this and other reasons, I recommend you all vote against it. This resolution is worthless . . . absolutely worthless. It's not worth the paper it's written on. It's going to do nothing to change it. The Majority Party once again has done nothing to amend the Senate Rules to create a more fair and equitable environment for legislation in the way it goes through the Legislature, and most importantly, how we treat the public.

"So I urge my colleagues to vote against this worthless resolution. Thank you, Mr. President."

Senator Aduja rose in support of the measure as follows:

"Mr. President, I rise in support of the amendment to this resolution.

"Mr. President, at the time in which I participated under Rule 45, it did indicate undersigners as co-sponsor, and I believe that the amendment indicates undersigners as just being a sponsor. At this point in time, Mr. President, the whole reason why I feel that Rule 45 is so important is because I believe in my colleagues and I believe seriously in the good work that we all put into this Legislative Session.

"As a 'freshman' Senator, there were a lot of issues in which, at the time, I was just learning about. I fully support this body in many of the bills it generates and a lot of the ideas are those that I would have wanted to have been the initiator of. However, given that some of them I did initiate and some of them I signed on as a supporter, I believe that we're all working towards the betterment of our quality of life in the best interest of the State, of the people of the State of Hawaii.

"Therefore, Mr. President, I submit to you that what I have done, and I'm sure as with the rest of my colleagues as well, is clearly not a deception. We work together as a body. I lend my name in support. We work towards what is best for our State.

"Given that, Mr. President, I fully submit to members of this body that we support the amendment and we move forward for a very successful Legislative Session. Thank you."

The motion was put by the Chair and carried, S.R. No. 1, S.D. 1, entitled: "SENATE RESOLUTION AMENDING THE RULES OF THE SENATE OF THE TWENTY-SECOND LEGISLATURE," was adopted.

S.R. No. 3, S.D. 1:

Senator Ihara moved that S.R. No. 3, S.D. 1, be adopted, seconded by Senator Chun Oakland.

Senator Ihara rose in support of the measure and said:

"Mr. President, I rise in support of this resolution.

"This resolution seeks to implement a proposal offered in Senate Special Committee Report No. 1. This proposal would allow a Committee Chair to defer consideration on a bill without taking a vote if there is unanimous consent by committee members present, otherwise a vote on the deferral will be taken.

"Public testimony submitted to the Special Committee raised concerns regarding Committee Chairs deferring consideration on bills without taking a vote. Many Committee Chairs do have legitimate reasons for deferring bills, but this practice has been seen often by the public as being used too frequently. The concern is that too many bills get stalled or defeated without debate or a public vote. I believe this practice should be changed to allow a vote in certain circumstances and restore public accountability in our legislative process.

"I support this bill and urge members to support it also. Thank you."

The motion was put by the Chair and carried, S.R. No. 3, S.D. 1, entitled: "SENATE RESOLUTION AMENDING THE RULES OF THE SENATE RELATING TO COMMITTEE PROCEDURES ON DEFERRING CONSIDERATION ON A BILL," was adopted.

S.R. No. 4, S.D. 1:

Senator Ihara moved that S.R. No. 4, S.D. 1, be adopted, seconded by Senator Chun Oakland.

Senator Ihara rose in support of the measure and said:

"Mr. President, I rise in support of this resolution.

"This resolution would amend the Rules of the Senate to authorize you, Mr. President, to adopt Conference Committee procedures to facilitate the efficient administrative and logistical operations of these Committees. I believe this Rule change moves the Senate in the right direction in making our Rules clearer and more explicit when delegating our authority to the President.

"Rather than rely on unwritten Senate Rules made so by past practice, I believe the Senate should strive to make our procedures and Rules more transparent to the public and not hidden in the world of the unwritten.

"I urge my colleagues to support this resolution."

The motion was put by the Chair and carried, S.R. No. 4, S.D. 1, entitled: "SENATE RESOLUTION AMENDING THE RULES OF THE SENATE TO AUTHORIZE THE PRESIDENT TO ADOPT CONFERENCE COMMITTEE PROCEDURES," was adopted.

At 9:58 o'clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 2, to receive the Governor's state of the state address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, was called to order at 10:06 o'clock a.m. by the Honorable Calvin Say, Speaker of the House of Representatives.

At this time, the Speaker welcomed and introduced the following distinguished guests to the members of the Twenty-Second Legislature:

The Honorable James R. Aiona, Jr., Lieutenant Governor of Hawaii, and Mrs. Vivian Aiona. They were presented leis by Representative David Pendleton and Senator Suzanne Chun Oakland;

The Honorable Ronald T.Y. Moon, Chief Justice, Hawaii Supreme Court. He was presented a lei by Senator Carol Fukunaga;

The Honorable Ed Case, United States House of Representatives. He was presented a lei by Representative Tulsı Gabbard Tamayo;

Ms. Haunani Apoliona, Chair, Office of Hawaiian Affairs. She was presented a lei by Senator J. Kalani English;

The Honorable Simeon R. Acoba, Jr., Associate Justice, Hawaii State Supreme Court;

The Honorable James E. Duffy, Jr., Associate Justice, Hawaii State Supreme Court;

The Honorable Steven H. Levinson, Associate Justice, Hawaii State Supreme Court;

The Honorable Paula A. Nakayama, Associate Justice, Hawaii State Supreme Court;

The Honorable Jeremy Harris, Mayor of the City and County of Honolulu;

The Honorable Harry Kim, Mayor of the County of Hawaii;

The Honorable Alan M. Arakawa, Mayor of the County of Maui;

The Honorable Bryan J. Baptiste, Mayor of the County of Kauai;

The Honorable James Y. Arakaki, Council Chair, County of Hawaii;

The Honorable Dain P. Kane, Council Chair, County of Maui;

The Honorable Bill "Kaipo" Asing, Council Chair, County of Kauai;

The Honorable Rolando S. Gregorio, Consul General of the Philippines and Dean of the Hawaii Consular Corps;

The Honorable Heung Sik Choi, Consul General of Korea;

Lieutenant General Robert R. Dierker, Deputy Commander, U.S. Pacific Command;

Lieutenant General James L. Campbell, Commanding General, U.S. Army, Pacific, and Mrs. Campbell;

Lieutenant General Wallace C. Gregson, Jr., Commander, U.S. Marine Forces Pacific;

Lieutenant General Victor E. Renuart, Jr., Vice Commander, Pacific Air Forces; and

Captain Glen A. Wiltshire, Chief of Staff, U.S. Coast Guard, 14th Coast Guard District.

The Speaker then appointed Senators Donna Mercado Kim, Colleen Hanabusa, and Fred Hemmings, on behalf of the Senate, and Representatives Sylvia J. Luke, Scott K. Saiki and Galen Fox, on behalf of the House of Representatives, to escort the Honorable Linda Lingle, Governor of the State of Hawaii, to the rostrum.

At 10:11 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:12 o'clock a.m.

Senator Shan S. Tsutsui and Representative Bud Stonebraker presented Governor Lingle with maile and ilima leis.

The Speaker then presented to the members of the Twenty-Second Legislature and guests the Honorable Linda Lingle, Governor of the State of Hawaii.

"Mr. President; Mr. Speaker; Members of the Legislature; Lt. Governor Aiona; cabinet members; Chief Justice Moon; OHA Chair Haunani Apoliona; Governor Waihee; Congressmen Case; Mayor Arakawa; Mayor Baptiste; Mayor Harris; Mayor Kim; Lt. General Dierker; Lt. General Gregson; Lt. General and Mrs. Campbell; Lt. General Renuart; Capt. Wiltshire; Admiral McCullough; elected officials; Consul General Rolando Gregorio, dean of the Consular Corps, and other members of the Consular Corps; distinguished guests; and to the people of Hawaii – aloha and good morning.

"It is a great privilege to come before you again to reflect for a few minutes on the past, and then to look ahead to the coming year. It is going to be a year of great opportunity for our State. It is already a time of hope and optimism among the people of Hawaii. It is up to us to convert that hope and optimism into concrete results and to capitalize on the opportunities we see before us.

"No one thought my first year in office would be easy, and it wasn't. Everyone knew that power sharing after 40 years of one-party rule would require adjustments. I guess you could say we are all still adjusting. But, a complete picture of the past year would show areas of common ground, times of respectful give and take and some mutual achievements.

"Our first real interaction occurred over my cabinet appointments. Although most of these people were new to state government, and several had never worked in government at any level, you gave each of them a fair confirmation hearing. I have to admit to you now that I was a little concerned when I read an interview quoting a Senate leader saying, 'I never heard of any of these people.' The truth is, I hadn't heard of most of them just a few weeks earlier.

"Ten of my 16 cabinet appointees were people I met for the first time when I interviewed them for the job. But just as I learned through the interview process, and you learned through the confirmation process, this is a superior group of individuals who are doing a great job for the people of Hawaii.

"The Senate unanimously confirmed all of my cabinet appointees and I thank you for that, because they enabled me to begin carrying out my vision of a 'New Beginning' for our State. I consider the formation of the cabinet one of my most important first-year achievements, and I would like all the members to stand and be recognized for a job well done.

"Both the House and the Senate were an important part of the 'New Beginning' as well. I am especially proud of how we worked together to rewrite the State procurement law so we now have a contracting system that is open, accessible and devoid of favoritism. It is no longer a matter of 'who you know,' but 'whether you will do the best job for the people of Hawaii at the fairest price.'

"Progress on our vision for a 'New Beginning' often will occur by passing such a bill during the legislative session, but progress is not limited by our ability to get a new law passed. Sometimes we make progress by rewriting administrative rules, as we did when we modernized and simplified the animal quarantine laws.

"Sometimes we make people's lives better by changing long-standing but outdated policies, as we did in our new 'Going Home Project' which gives hospitalized Medicaid patients the option of transferring their benefits to home-based or community-based settings. This simple but significant policy change improves the quality of patients' lives, saves millions of taxpayers dollars, and frees up much-needed bed space in our hospitals.

"Sometimes progress is achieved in the form of public-private partnerships, such as Hawaii Prescription Care, which is helping thousands of low-income people obtain medications at no cost to taxpayers.

"Sometimes progress means bringing a comprehensive focus to an important issue, as we did by appointing our State's first tourism liaison. Marsha Wienert is working effectively with industry leaders, legislators and the community to develop a comprehensive strategy to remain competitive in the years ahead. At the same time, she is working effectively with her fellow cabinet members to make certain that state parks, harbors, airports and other infrastructure is in place to sustain a healthy visitor industry.

"Sometimes progress comes about through appropriate expressions of gratitude and respect for our friends, as we have shown to our nation's military leaders stationed in Hawaii. This mutual respect enabled us to successfully complete the return of Kaho'olawe when many felt successful negotiations were unlikely. I want to give special thanks to Attorney General Mark Bennett, Admiral Barry McCullough, the Kaho'olawe Island Reserve Commission, and the Hawaiian community for their commitment to resolve the issue of access in a way that maximized safety.

"Sometimes an Executive Order can solve a long-standing problem, as was the case with payments owed to the Office of Hawaiian Affairs. We used both an Executive Order and an appropriations bill to make back payments and resume payments to OHA for certain ceded land revenues we believed had been unfairly withheld.

“Sometimes you can improve the quality of life by reviving an old idea that never got implemented, just as we did with the Nimitz Highway Contra-Flow Lane, which Transportation Director Rod Haraga pushed through to completion.

“Sometimes we make progress through a more creative and aggressive use of federal funds. The State had previously failed to claim millions of federal Medicaid dollars. In 2003, Human Services Director Lillian Koller took the necessary steps to begin receiving more than \$10 million each year in new federal dollars without spending additional State funds.

“And sometimes we can make progress by just keeping our promises. For example, we promised to find money to support youth centers in the Kalihi area after vetoing the use of the Rainy Day Fund. We made good on that promise by securing federal funds to continue to operate these centers.

“Lt. Governor Aiona’s drug summit, which I will speak about in some detail later, so impressed federal officials that they granted \$3.6 million dollars for our efforts to help those suffering from both drug addiction and mental illness.

“Yes, there is much we can do outside the legislative process. But there are so many important things that only you Legislators can do.

“Only you can place important constitutional amendments on the ballot that will reform public education and institutionalize budget integrity.

“Only you can adopt a supplemental budget that addresses pressing needs such as repairing and improving State parks and schools, fully funding our State hospitals, and reducing the tax burden on our lowest wage earning residents.

“And only you can amend or repeal existing laws that are impeding progress or pass new laws that will help us achieve our goals of a safe, healthy and prosperous state.

“It is clear to everyone that much has changed since the last legislative session, particularly the economic and budget picture. The lessons of the past year dramatically demonstrate the importance of fiscal discipline.

“It was only a few months ago that we experienced substantially reduced revenue estimates, a large projected deficit and budget restrictions. Throughout the past year, we worked hard to inspire fiscal discipline and budgetary integrity in order to meet these challenges while maintaining needed services. My Administration’s goal then was to continue providing quality services while balancing the budget without raiding the Hurricane Relief or Rainy Day funds, and we accomplished that goal.

“But balanced budgets proposed by the Executive Branch are only half of the fiscal equation. The State Legislature plays an equally important role in ensuring Hawaii’s financial integrity. That is why I propose amending the State Constitution to require the Legislature to enact a balanced budget. This is no different than the law in 40 other states, and it sends a strong message that government is serious about living within its means. Let’s work together to pass this important legislation.

“The session ahead presents so many opportunities . . . opportunities to correct past mistakes, devise new solutions to old problems, capitalize on changing circumstances, and the chance to lay down a clear path to a bright future. I know each of you has ideas on how to make life better for the people of Hawaii, and I look forward to hearing them. At this time, I would like to share my priorities for the upcoming session.

“The five areas our Administration will focus on are: building safe communities, promoting a healthier Hawaii, protecting our unique environment, maintaining a strong economy, and revamping the public school system.

“Public safety is one of the fundamental responsibilities of government. Safe neighborhoods promote a sense of social well-being and are essential if our State is to flourish. Our children need to be safe when they are at school. Our kupuna need to be safe when crossing the street. Your wives and sisters need to be safe walking to their cars late at night. And visitors need to return home with all the valuables they brought with them on vacation.

“Our anti-crime initiatives to build safer communities are three-pronged – combating substance abuse, increasing public safety and protecting vulnerable young people from being victimized.

“In September of last year, Lt. Governor Aiona convened the Drug Control Strategy Summit to identify approaches for tackling the illicit drug use and underage drinking that has devastated so many families. This problem is tearing apart the fabric of our society. Substance abuse affects families all across the State, and lately it has generated much publicity and compassion. But acting on that compassion with solutions that work has been largely unsuccessful.

“This problem didn’t just happen lately. It has been years in the making. And even though we have spent tens of millions of dollars trying to address the issue, past efforts have lacked the coordination needed for success. We have already allocated \$19.6 million in our 2005 budget for drug treatment, but spending more money without coordination will not solve the problem.

“Prior to the State’s first drug summit, Lt. Governor Aiona listened to suggestions on how to deal with this problem at 14 community forums held across the State. Many of the initiatives we are proposing today are based on recommendations he received from community leaders and citizens at those forums.

“Community leaders across the State agree that one of the most effective ways to combat drug abuse and underage drinking is providing healthy after-school activities during a child’s adolescent years. That is why we are implementing new after-school programs now targeted at middle school students. These programs would be paid for with up to \$5 million in already available federal funds to provide healthy activities for children in the most vulnerable age group. These programs will enrich our children and provide peace of mind for their parents.

“We are asking the Legislature to impose serious prison time for those brazen enough to make illegal drugs in the presence of a child, and an additional five years if that child suffers bodily harm. We are recommending enhanced penalties for those who manufacture illegal drugs.

“We want limits on the sale of chemicals that can be used to manufacture the drug ‘ice.’ And we are introducing a bill to regulate the sale of paraphernalia that could be used to make illegal drugs.

“Above and beyond this, I call upon Legislators to make permanent the law that allows for the seizure and forfeiture of cars and other property belonging to convicted drug felons. The law allowing such seizures is set to expire on June 30 of this year. Let’s make certain this law stays on the books.

“As you know, we are proposing legislation to strengthen Hawaii’s electronic surveillance laws. This is a proven, reasonable tool in the identification and arrest of drug dealers and other criminals. It is essential that we modernize our electronic surveillance laws so law enforcement has the same access to the same capabilities that the criminals have. We need to stop fighting 21st Century crimes with 20th Century laws.

“As an additional measure, we are asking the Legislature to authorize a constitutional amendment legalizing the ‘walk and talk’ and ‘knock and talk’ programs. These are vital tools police officers need to identify and apprehend drug carriers at airports, harbors and suspected drug houses. Law enforcement’s hands have been tied for too long. These changes have been too long in coming. It is time we leveled the playing field between the criminals and those who are sworn to protect us.

“In addition, communities can be made safer when repeat offenders are kept off the streets and away from our families. How many times have you read a newspaper story or seen a television report about a crime committed by a person with 10, 20 or even 30 prior convictions? We need to stop this ‘revolving door’ syndrome. That is why I am proposing legislation to toughen mandatory and minimum sentencing laws for repeat offenders.

“And how many times have you heard about innocent victims being injured or killed by drivers who were speeding or under the influence of alcohol or drugs? That is why we want to make it a felony for people to continue driving after their license has been suspended or revoked.

“But more effective law enforcement tools and tougher sentencing are not enough. There must be adequate facilities to house convicted criminals.

“There has been no major capital investment in our prison system since 1991. We are therefore requesting \$8.4 million in emergency repairs and maintenance for jail and prison facilities, and \$1.5 million to plan for the replacement of Oahu Community Correctional Center. Years of past neglect must be addressed and I have asked Director of Public Safety John Peyton to continue his efforts to develop a comprehensive, long-range plan for repairing, maintaining and replacing our aging prisons and community correctional centers.

“He is also tasked with identifying additional treatment, vocational and transitional programs that will increase the likelihood of a prisoner leading a productive life upon release back into society.

“The process of building safe communities includes protecting those who are most vulnerable – children, senior citizens and people living in poverty. My Administration is proposing legislation to add child pornographers to the registry of sex offenders.

“Further, we believe the Constitution should be amended to allow public access to records of sex offenders. This is frequently referred to as Megan’s Law. This would make it easier for parents to obtain information that identifies sexual offenders in their neighborhoods.

“Few people are aware that police officers lack the authority to enforce trespassing laws in public housing projects. Current laws treat these housing projects as private property, making it difficult for police to remove disruptive individuals from those projects housing the poor and elderly, and we want this law changed.

“There is broad, bipartisan support for these common-sense proposals to make our communities safer. Let us work together to ensure that these bills are enacted into law this session. The safety and security of our communities depend on it.

“Beyond basic safety, we want this to be a time of achieving a healthier Hawaii. We are blessed to be one of the healthiest states in the nation. We breathe clean air, suffer minimal industrial pollution, enjoy the kind of year-round weather that encourages healthy lifestyles, and benefit from modern, top-quality medical facilities.

“Hawaii continues to be a leader in providing health coverage for its citizens, but there are significant gaps in coverage for too many children and adults. The Prepaid Health Care Act provides health insurance coverage for those who are employed 20-hours or more per week. However, approximately 10 percent of Hawaii’s population remains uninsured. I ask for your support of both of our budget requests and legislative proposals to address the critical medical needs of our uninsured residents.

“First, we are proposing an additional \$2.7 million to provide a total of \$4.9 million dollars for primary care for uninsured residents at community health centers. This is a small investment that will yield big results.

“I visited five community clinics on four islands during the past year and found their boards and staffs to be committed to quality care for both the insured and uninsured in their neighborhoods. Their outreach efforts, combined with talented staff who make effective use of limited resources, are already providing quality health care to thousands of children and adults who otherwise would go without. These services also mean that fewer people end up in the emergency room because they couldn’t receive basic care on an ongoing basis.

“My Administration is also proposing an additional \$5 million in state funds to be matched with federal dollars so we can provide medical assistance to an additional 6,000 children who are currently eligible for Medicaid, but not enrolled due to cultural or other barriers. These funds will also be utilized to enroll 1,000 additional very low-income adults who have been shut out of the program due to enrollment caps.

“We are also proposing to spend an additional \$18.5 million for mental health services across the state. After decades of neglecting the mental health needs of Hawaii’s families, we must be bold in our attempt to deal with this difficult and heart-wrenching problem. This funding would allow our Community Mental Health Centers as well as the Hawaii State Hospital to handle more patients, and would help those homeless people suffering from mental illness.

“Besides spending additional State and federal funds, there are several other measures we will propose to help decrease costs and extend health insurance coverage. We are recommending again, as we did in 2003, that the Legislature eliminate the premium tax on new companies that would like to sell medical insurance to Hawaii residents. This would increase competition by leveling the playing field and thus lower health insurance costs.

“We are also proposing that you pass a law enabling members of business associations to join together in negotiating affordable group health insurance rates to cover their employees.

“Everyone knows that the cost of prescription drugs is a big part of the price of health care. To increase the availability of

lower-cost generic drugs, we are proposing legislation to improve procedures of the Drug Product Selection Boards.

“We also recommend that you amend the prescription drug program enacted last year, known as Hawaii Rx, to ensure that it targets those residents who can least afford to purchase their medications. In particular this program should focus on families who meet the federal poverty guidelines and who are not eligible for Medicaid or an employer-provided health plan.

“To address the important issue of long-term care, we are recommending three initiatives.

“First, I urge you to join me this year in supporting state tax credits for those families and individuals who take responsibility for their own long-term care by purchasing insurance.

“Secondly, for those already living in long-term care facilities, we are requesting over \$3 million in State and federal funds to expand options for the elderly and disabled to use more home- and community-based nursing care. These funds would be augmented by nearly \$860,000 for in-home chore services, allowing more people to remain longer in their own homes.

“Taken together, these proposals will not by themselves provide complete medical care for all our residents; but each proposal will mean meaningful progress toward our mutual goal of all residents having access to affordable, quality health care, while allowing us to live within our financial means.

“The expression ‘an ounce of prevention is worth a pound of cure’ reminds us that often it is our own actions that have the biggest impact on our health. The simple, common sense choices to avoid tobacco, excessive alcohol and harmful drugs, eat sensibly, exercise and to get enough sleep will determine our quality of life to a large degree. Each of us can help lower our health care costs by making good lifestyle decisions.

“A healthy environment is also essential to the well being of our State. Hawaii is blessed with a unique abundance of natural resources and beauty. These gifts require thoughtful stewardship. Too often attempts at stewardship have been reactive rather than proactive. That is why this Administration is pledging to spend \$20 million over the next four years to tackle the challenge of invasive species. This program will be unprecedented in scope and scale. A lack of preventive action against invasive species has resulted in disastrous ecological consequences. The danger of continued inaction cannot be overemphasized.

“No one who viewed Lake Wilson early last year before our massive clean up will ever doubt the destruction an invasive species can wreak on our environment. The \$5 million annually we are proposing will support Hawaii’s Invasive Species Council in its efforts to eradicate existing problems and prevent new species from arriving on our shores.

“It is important to note that this money will be doubled by matching funds from the federal government as well as private sources. This means approximately \$40 million will be spent over the next four years to tackle this problem.

“Coupled with the invasive species initiative, it is important to remain vigilant in addressing man-made contaminants. That is why our Administration is proposing legislation to make illegal dumping of solid waste a felony. We will also encourage private landowners to work cooperatively with the State Department of Health to clean up contaminated properties.

“As an island state with an economy based to a significant extent on tourism, the environment remains a critical part of our economic well-being. Yet, here too, the past practice has been one of reaction rather than positive action.

“For too many years, State parks and marine facilities have been poorly maintained and allowed to fall into disrepair. Therefore, we are proposing a \$14-million bond to improve State parks. Our 69 parks and recreational areas accommodate more than 15 million visits a year. The funds we are requesting would be the first installment of a multi-year program to bring our parks up to the level our citizens deserve and our visitors expect.

“We are also requesting \$10 million to renovate small boat harbors statewide. Safe access to our oceans and adequate, well-maintained harbors are part of both environmental stewardship and improved recreational opportunities.

“Preserving the environment also means making wise land use decisions. Twenty-five years ago the Hawaii State Constitution was amended to require that the State conserve and protect agricultural land. Over the years, a lack of consensus between various interest groups has stymied all attempts to pass legislation that would accomplish this important mandate. Now an opportunity exists to fulfill this mandate through the collaboration of the many.

“We are seeking legislation that would allow the counties to play a key role in identifying ‘Important Agricultural Lands,’ guided by criteria adopted by the Legislature, with final approval by the Land Use Commission. I look forward to working with the Legislature to fulfill this 25-year-old constitutional mandate.

“Hawaii is blessed with a diversity of natural energy sources. Conservation, waste-to-energy programs and alternative energy initiatives can reduce our dependence on fossil fuels and move our State to the forefront of progressive energy policies. To demonstrate the State’s commitment and leadership role, I ask you today to pass our bill that mandates 20 percent of all electricity sold in the year 2020 come from renewable sources. This ambitious goal would be mandated in steps through a balance of incentives and penalties.

“We are also proposing a bill to encourage the use of non-fossil fuels by exempting them from the Hawaii State fuel tax.

“The State’s ability to pay for such things as a fuel tax exemption, drug treatment programs, maintenance of State parks and small boat harbors, and health care for the poor depends on an expanding and sustainable economy. And a healthy economy means an increase in the standard of living for each and every person in Hawaii. It means better-paying jobs and the chance for thousands of our sons and daughters to come home.

“The good news is our economy is starting to rebound after years of stagnation. The latest statistics indicate strong job growth, increased personal income and record low bankruptcies. And although forces beyond our control can dramatically impact the economy at times, a sustainable, vibrant economy is neither the result of wishful thinking nor chance. It is the result of eliminating obstacles to business creation and job growth, encouraging the entrepreneurial spirit in our citizens, investing in both existing and emerging industries, and fostering the attitude that labor, government and business can work cooperatively for their mutual benefit.

“One negative effect of our expanding economy and prosperous real estate market is the serious lack of affordable

rentals in low-income categories. To address the need for affordable rental housing, I am calling upon the Legislature to increase by \$100 million the borrowing authority of the Housing and Community Development Corporation of Hawaii. This will provide money to finance construction and rehabilitation of more housing units across the state. I will also call upon the private development community to use its expertise to help us address a projected shortfall of 30,000 housing units in the low-income category.

"The first step the Legislature can take to improve the standard of living for our citizens who need it most, is providing tax relief for our lowest wage earning families.

"I am again proposing to you legislation to raise the standard deduction over the next three years to equal 50 percent of the federal standard deduction. Hawaii's standard deduction has not been adjusted in 20 years. When this simple change is fully phased in, more than 19,000 low-income wage earners will be relieved of any income tax burden. This is more than a tax issue. It is a matter of social justice.

"We are also proposing to exempt from State income taxes the military pay of our citizens in uniform fighting in hostile combat zones. This exemption would apply to the Hawaii National Guard and to reserve forces of the Army, Navy, Air Force, Coast Guard and Marines. I urge the Legislature to join me in showing our citizen soldiers and their families how much they are appreciated by passing this piece of legislation – and passing it quickly.

"Joining us in the Chamber today are members of all branches of the military. Please join me in a round of applause for their service to our State and to our country.

"I also would like each of us to offer a special silent prayer at this time for those soldiers who have been deployed to Iraq and to Afghanistan."

At this time, the Members of the Senate and the House of Representatives, guests and the audience rose for a moment of silence.

The Governor continued as follows:

"Thank you very much. I know your prayers mean a lot to each of them and to their families.

"For us to continue our efforts in building a business-friendly climate in Hawaii, we are requesting legislation to allow the Department of Commerce and Consumer Affairs to lower business registration fees and adjust other fees as warranted so this department itself runs like a business. These cuts, along with others made in the department, would save businesses roughly \$6 million by June of 2005.

"Also, we want to eliminate the current charge businesses must pay to receive something called a 'Certificate of Good Standing.' When companies comply with our laws, they shouldn't have to pay the government to acknowledge that fact. The business community should be our partner in economic development, not a profit center for government bureaucracy.

"We will pursue several insurance-related reforms this session aimed at bringing down the cost of living and the cost of doing business. We are proposing improvements in the workers' compensation system because the cost of this insurance is a substantial business expense that restricts job growth, and because we believe the system can work better. Our proposed reforms include: fighting fraud by giving the Insurance Commissioner the authority to investigate workers'

compensation fraud the same way he is currently able to investigate automobile insurance fraud.

"We want to give residential building contractors the opportunity to lower their insurance costs through legislation permitting them to repair defects before litigation is filed. This will help hold down escalating housing costs.

"We also want to build on Hawaii's strong reputation in the captive insurance field by making our State a port of entry for foreign insurance companies that would like to do business in the United States. When more foreign as well as domestic insurance companies choose Hawaii as their headquarters, it enhances our State's reputation as a good place to do business.

"Besides these insurance reforms, we ask you to work with us in providing improved investment tools to encourage technology industries, as well as non-tech businesses, we want them to locate and stay in our State.

"The programs we are proposing would encourage investments through professional venture capital managers and offer incentives for investment in University of Hawaii-based research. The objective would be to help not only start-up firms, but also more mature companies that are ready to launch a product or service.

"For the tourism industry, all indications point to 2004 being a better year. Visitor counts are up, additional airline flights are scheduled, hotel occupancy rates are higher, and the cruise ship industry will be adding ships and ports of call.

"To respond to this increased demand as well as new security requirements, my administration has requested approval to spend federal funds for improving the airports in Honolulu and Kahului. We are also asking the Legislature to support funding to upgrade our harbors to accommodate additional cruise ship passengers. And we have requested \$2 million for renovations and maintenance at the Hawaii Convention Center to preserve the investment we have made in this important facility and to forestall costly repairs in future years.

"Fair tax policies, eliminating obstacles to job growth, encouraging entrepreneurs and diversification, building necessary infrastructure, and fostering business/labor/government collaboration all can create economic expansion. But only a quality public school system can sustain that expansion in the years ahead.

"Quality education is the most valuable gift one generation can give to the next. Every culture values education because it is the key to success, not only for individuals and families but for society as a whole. That is why I have made education my number one priority.

"Education gives us the tools we need to reach our full potential as individuals. Education imparts the knowledge we need to pursue a career and earn a good living. Education enables us to understand and participate in our great American democracy and appreciate the cultures and systems in other countries. And a quality education system provides both the entrepreneurs and workers needed to build new businesses and create jobs that will sustain our economy and a high standard of living for years to come.

"While my major focus will be on K-12 education, I, like all of you, am fully aware of the role the University of Hawaii plays in our economic and social life. My supplemental budget includes major commitments for the new medical school and library, the innovative Academy for Creative Media, previously called the UH Film School, and for the construction-related

apprenticeship programs offered through the community colleges.

“In addition, I have asked for an additional \$25 million for repair and maintenance of buildings throughout the UH system. Again, it is important that we protect the investment taxpayers have already made in the university.

“In order for Hawaii’s people to gain admission to UH or another college or university here at home or on the Mainland, we must have a public school system that properly prepares students to compete. Everyone agrees that students have a better chance of excelling in a subject if their teacher is highly qualified. My budget requests \$480,000 to pay teachers \$5,000 more per year when they achieve certification through the National Board for Professional Teaching Standards.

“Hawaii’s school facilities have suffered from years of neglect, despite citizen-led efforts to improve them. Leaking roofs, falling walkways, inoperable restrooms and faulty fire alarm systems are a few examples. That is why I am asking the Legislature for \$90 million to fund basic repairs and maintenance at campuses around the State. We need this \$90 million in order to keep pace with the ever-growing list of repair and maintenance requests from elementary, middle and high schools on all islands.

“Emotions are running high about how best to raise student achievement and reform our education system. Let’s lower the volume and look at the facts. The problem is not with our students. They are capable of excellence. The problem is not with our teachers. They are among the most committed in the nation. The problem is not money. Hawaii allocates \$1.9 billion a year supporting our public school system, ranking us 14th in the nation. That figure represents one-half of the general fund budget. And over the last 30 years, the Department of Education has hired 96 percent more people while student enrollment has remained level at about 180,000 students.

“So, what is the problem? Why don’t our children do better? After reviewing past reports, consulting experts, and listening to people across the State, we have concluded that our school system is structured in a way that just doesn’t work for the children. It didn’t work last year or five years ago or ten years ago. And, although you have made attempts to fix it in the past, it still doesn’t work as evidenced by both state and national test scores.

“These reports have been published on Hawaii’s public school system. All point to the same problem – the way decisions get made.

“The Department of Education decides how all resources are spent, resulting in only 50 cents of each dollar reaching the schools. The centralized Department of Education is too far removed from the schools to see and respond to actual teacher and student needs.

“Last September I appointed 25 people to a committee to help me prepare education reform recommendations. The committee is called CARE, Citizens Achieving Reform in Education, and is made up of traditional and charter school principals, teachers, business leaders, a former DOE official, a teacher’s union official, a member of the State Board of Education and parents.

“CARE conducted a series of community meetings across the State. Committee members and expert consultants examined prior reports on our educational system. CARE concluded that the structure of public education in Hawaii is ineffective.

“It is important to note that we are the only state in the nation where all decisions are made by a single, statewide board of education. And, as you know, test scores have consistently ranked our students at or near the bottom of the nation.

“These facts, coupled with past failures to fix the system, point to the obvious conclusion that it is time to stop tinkering and instead restructure our school system.

“It is important to remember that in 2002 both the House and Senate voted to place a constitutional amendment on the ballot to create local school boards. Unfortunately, this proposed amendment never made it onto the ballot. I call upon every legislator to again enthusiastically support placing a constitutional amendment on November’s ballot to allow the voters of Hawaii to decide if they want to establish local school boards or if they want to allow the current failing system to continue.

“Along with local control, our education reforms call for putting more money into the classroom. This can be done through a weighted student formula assigning a specific amount of money to each student based on his or her specific education needs. My education bill mandates that 90 percent of operating funds would go directly to the schools instead of being swallowed up by a vast bureaucracy.

“The third component of our education reform package is empowering principals to function as true leaders. Principals would be expected to maintain the confidence of teachers, parents and staff and be held accountable for student success – much as the CEO of a company is held accountable for the success of their company.

“Fourth, we are proposing legislation to establish a Statewide Education Standards and Accountability Commission as many other states have. This commission would be tasked with maintaining rigorous standards and fairly allocating funds to all schools in the State. Members would be appointed by the Legislature and confirmed by the governor.

“Under our fifth proposal, public charter schools would finally receive fair and adequate funding, both for operations and facilities. And the cap on new start-up charter schools would be lifted.

“Our final initiative is to ensure students, teachers and staff have safe schools. We are proposing increased funding for additional security attendants. I am also asking the Legislature to give teachers more authority to remove disruptive students from their classrooms.

“My goal is to begin implementing these initiatives by the fall of 2005, with final transition occurring by the fall of 2006.

“Some have suggested that our school reform plan is moving too fast. Thirty years of studies and reports and increased spending and minor adjustments to the system prove otherwise. I believe the people of Hawaii have waited too long for the schools to improve. Now is the time to move forward with great determination because each year of further delay means thousands more students will lack the basic education they need to succeed in life.

“The good news is, we have universal consensus that improved student achievement and education reform is the most critical issue for this legislative session. However, some question the value of breaking up the statewide Department of Education into separate districts governed by locally elected school boards. They say this approach would not be effective

and would only add to the bureaucracy. Those claims are simply not true.

“National studies consistently find that smaller school districts perform better than larger ones. In a small district, decision-making is simpler, faster, and more in tune with the community.

“The problem of a single statewide board of education is highlighted by the experience of Lahianaluna High School on Maui. The school wanted to change the date of its graduation ceremony by a couple of days. The State Department of Education said, no.

“It was only after a protracted community outcry, including a major letter writing and telephone campaign, as well as stories and editorials in the local newspaper, including trips from Maui to fly to Honolulu to attend Board of Education meetings, that the statewide Board of Education acquiesced to the desires of the students, parents, teachers, principals, administrators and the community of Lahaina.

“With local autonomy and a local community school board, the decision to change graduation day could have been made in a day. This example clearly illustrates why local boards should be voted on in November.

“‘Let the people decide’ is my way of summarizing the public’s role in this issue. But only you can make it happen by approving a constitutional amendment on this crucial local school board issue.

“This is not about politics or my idea versus your idea; this is about the kids! Involving voters in this issue will show respect for the people of Hawaii. It is the kind of respect we show for our neighbors, our friends and our *o’hana*. It is the kind of respect that makes Hawaii such a special place.

“It is easy to dismiss the often-used phrase . . . ‘Hawaii is a special place’ as a tourism or election slogan. Yet each of us has experienced firsthand the profound distinction this phrase represents. It is seen in the unspoken salute of a *shaka* when someone allows you to merge into gridlock traffic. It is transmitted in the hug we give a stranger when we drape them with a lei and welcome them to our islands. It is heard in the voice of an elderly man at the back of a crowded elevator ‘C’mon in . . . this is Hawaii. There is always room for one more.’

“And it is felt when you look out of the airplane window at the shimmering turquoise water after a dreary Mainland trip . . . and you know that you are home. You have returned home to a place that truly is special because we naturally treat each other with generosity, respect and trust.

“The people of Hawaii have placed their trust in us, their elected leaders. Don’t squander that trust. Let the people be a part of their own government and participate in making this and other important decisions that will affect the lives of their families for years to come.

“I don’t believe people in other states are as quick to place their trust in elected officials. The people of Hawaii are a kind, trusting and forgiving people who have too often been let down. Our residents are feeling good about the future for the first time in a long while. It is now up to us to match their hope and enthusiasm with courageous actions that will both solve current problems and position our State to take advantage of future opportunities.

“Let us remember that this legislative session is not about us; it is about the people of Hawaii and the trust they have placed in us. We have been given the privilege and responsibility of leadership during a critical time for our state, our nation and our world. When history judges our actions, let us not be seen as quarreling and ineffective politicians who were primarily motivated by self-interest and the interests of our parties. Let us instead be remembered as good statesmen who rose above the sound and fury to better serve all the people of Hawaii.

“Politicians all too often think about the next election. Statesmen think about the next generation. Years from now when you reminisce about this time with your children and grandchildren, be able to tell them that it was a unique period in our State’s history. It was a time when Republicans and Democrats together took the bold steps to improve our schools, sustain a vibrant economy and make our communities safe. It was a time when a bunch of politicians became a group of statesmen, and when the people of Hawaii were proud of what we had accomplished.

“I truly believe the brightest days lie ahead for the Great State of Hawaii. By working together for Hawaii’s future we can turn that shining promise into a reality. Mahalo to you all.”

Senate President Robert Bunda then rose and stated:

“Governor Lingle, ladies and gentlemen – the members of the Senate and House of Representatives join me in extending our mahalo to you, Governor Lingle, for sharing your ideas.

“Governor, you may be assured that we will take your ideas to heart. We will approach your legislative proposals and those of our colleagues in the spirit of cooperation, openness and compromise. We as elected officials should stand on common ground when we stand for legislation that serves the greater good of all the people of Hawaii. Mahalo.

“This Joint Session between the House and the Senate is now adjourned.”

At 11:20 o’clock a.m., President Bunda declared the Joint Session adjourned.

INTRODUCTION OF SENATE BILLS

On motion by Senator Kawamoto, seconded by Senator Hogue and carried unanimously, the Clerk was authorized to receive bills for introduction prior to 6:00 o’clock p.m. In consequence thereof, the following bills were introduced and placed on the calendar for further action on Wednesday, January 28, 2004:

Senate Bill

No. 2679 “A BILL FOR AN ACT RELATING TO NOISE.”

Introduced by: Senators Trimble, Fukunaga, Chun Oakland, Espero, Kim, Menor, Taniguchi, Hanabusa, Hogue, Slom, Bunda, Hemmings, Ihara.

No. 2680 “A BILL FOR AN ACT RELATING TO SALARY PERIODS.”

Introduced by: Senators Trimble, Slom, Hemmings, Chun Oakland, Aduja, Espero, Kim, Menor, Taniguchi, Hanabusa, Tsutsui, Hogue, Fukunaga, Inouye, Baker, Kokubun, Bunda, Ige.

No. 2681 "A BILL FOR AN ACT RELATING TO TEACHERS."

Introduced by: Senator Hooser.

No. 2682 "A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY."

Introduced by: Senators Hooser, English, Chun Oakland, Aduja, Kanno, Menor, Ige, Baker, Kim, Sakamoto, Fukunaga, Ihara, Tsutsui, Inouye, Taniguchi.

No. 2683 "A BILL FOR AN ACT RELATING TO PRIMARY HEALTH CARE."

Introduced by: Senators Hooser, English, Aduja, Chun Oakland, Tsutsui, Taniguchi, Ige, Kim, Espero, Inouye, Kawamoto, Baker.

No. 2684 "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS."

Introduced by: Senators Hooser, English, Tsutsui, Sakamoto, Aduja, Trimble, Espero, Kawamoto, Inouye, Chun Oakland, Baker, Kim, Ige, Taniguchi.

No. 2685 "A BILL FOR AN ACT RELATING TO VICE PRINCIPALS."

Introduced by: Senators Hooser, English, Tsutsui, Sakamoto, Aduja, Trimble, Espero, Kawamoto, Taniguchi, Inouye, Chun Oakland, Baker, Ige.

No. 2686 "A BILL FOR AN ACT RELATING TO TECHNOLOGY."

Introduced by: Senators Baker, Fukunaga, Tsutsui, Chun Oakland, Ige, Hooser, Ihara.

No. 2687 "A BILL FOR AN ACT RELATING TO SMALL BUSINESSES."

Introduced by: Senators Baker, Fukunaga, Hooser, Tsutsui, Sakamoto, Ige, Ihara.

At 9:45 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:49 o'clock a.m.

At 9:50 o'clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with Senate Concurrent Resolution No. 1, to receive the Superintendent of Education's state of public education address.

JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, was called to order at 10:03 o'clock a.m. by the Honorable Robert Bunda, President of the Senate.

At this time, Senate President Bunda welcomed and introduced the following distinguished guests to the members of the Twenty-Second Legislature:

The Honorable Neil Abercrombie, United States House of Representatives;

The Honorable Ronald T.Y. Moon, Chief Justice, Hawaii Supreme Court;

The Honorable Benjamin J. Cayetano, former Governor of the State of Hawaii;

The Honorable John Waihee, former Governor of the State of Hawaii, and Mrs. Lynne Waihee; and

The Honorable George Ariyoshi, former Governor of the State of Hawaii, and Mrs. Jean Ariyoshi.

Senate President Bunda then presented Patricia Hamamoto, Superintendent of Education, to the members of the Twenty-Second Legislature as follows:

"Speaker Say and the members of the House of Representatives, Senate colleagues, ladies and gentlemen:

"The report we are about to hear on the State of our public education system by the Superintendent of Education, Pat Hamamoto, will be a first for the Legislature, unprecedented, if you will, but so is the situation we find ourselves in. Last week in the state of Virginia, the House of Delegates voted 98 to 1 to have their state exempted from the 'No Child Left Behind Law.' Other Legislatures are considering forgoing federal money to escape these requirements and still more are implementing scores of changes to accommodate the law.

"Here at home, we have before us a slate of proposals and ideas to revamp, redesign, and reform the school system to meet these federal standards. But the real work will not be done by Legislators; the real work will ultimately be done by educators, the students, the parents who take a very personal and very active role in public education. And that's why Speaker Say and I quickly agreed to the Superintendent's request for the opportunity to speak to the Legislature as a Whole to describe where our public school stands today and where we are going.

"Today we have Hawaii's top educator before us, the person who will provide the leadership for the success of our young people in our public school system. Ladies and gentlemen, please join me in welcoming Superintendent of Education, Pat Hamamoto."

The Superintendent of Education addressed the Joint Session as follows:

"Thank you. I realize this is very formal and I am supposed to be settled but I will share with you, if you could hear my heart, it's pounding. I want to thank everyone before I begin.

"Congressman Abercrombie; President Bunda; Speaker Say; members of the Legislature; distinguished guests from our business, labor, military and education communities; fellow citizens of Hawaii – good morning.

"Good morning. Just checking. Just checking. That's comprehension. (Laughter.)

"My name is Pat Hamamoto and I am, first and foremost, a teacher, a principal, and now an educator. I believe teaching is one of our greatest callings, and I spent 12 of the happiest years of my life and what I consider to be very productive teaching in our public school system.

"I taught at Ilima Intermediate School, Highlands Intermediate School and Pearl City High School. Secondary by nature. And I was often, as a classroom teacher, very frustrated with the DOE bureaucracy. For example, my 7th graders at Ilima Intermediate had a very difficult time with math. I wanted to make math 'real' and by relating it to something that they cared about was a way I thought we could make it real. And what is more real for kids than money. So what I did is I set up a little in-house, a little classroom and I think educators can relate to this. The classroom lesson that says if you do your work and turn it in on time, and it's all acceptable, you will get a token. And of course the token was used for something and that was to buy classroom supplies like pencils, rulers, notebooks, tape. Well, I'll tell you – the lesson worked. In fact it worked so well, that at the end of the year, my closet was empty. And it should be because all of that was for them.

"Now technically, I was supposed to just give out the supplies, no strings attached, provided for them. So before I embarked on the program, because there are parameters, I asked my principal for permission. And what he said was, 'Don't tell me about it! If I don't know, I can't tell you no. Just do it.' So I learned very quickly to work around the system. But teachers shouldn't have to work around the system; the system should work for them.

"Then in our life as we proceed, I'm principal of McKinley High School, and I thought things would get easier since I was a principal within the system. Well let me tell you this story. We were renovating McKinley's historic administration building, and I think we've got people who graduated from there in here today. Well the whole campus was dug up, the entire campus, to put in new wiring for bells and other kinds of communications. So I thought since the trenches were built there, the place was all dug up, what a wonderful time to lay the PVC pipes to put in conduit pipes for technology. So off I go to make my calls and I get told, 'no'. And the reason? It was not on the blueprints. So an opportunity was there. So finally, in frustration, again I called the head of DAGS, the Department of Accounting and General Services, and asked for help. And I get the help. And today McKinley's students now have a school that is fully wired for fiber optics. But principals shouldn't have to work around a system or use personal contacts to get things done; the system should work for them.

"As Superintendent of Schools, I recognize that a lot of people consider me, and the people who work with me in our nearby DOE offices to be symbolic of the problem and unwilling to change. Well nothing could be further from the truth. We have been changing this bureaucracy since the day I became Superintendent two years ago. And before I talk to you about how we have changed and the will, we have the will and the commitment to continue this change, let me talk for a

moment about something that perhaps hasn't changed, and maybe we don't want it to change – and that's our principals, our teachers and our students, who represent the best of what we have and who we are.

“Our teachers work long hours, and pay for classroom supplies out of their own pockets. Our principals are dedicated and ‘finding ways to work around the system’ to make their schools that rich learning environment that we know will give us student success. Our students are excellent scholars, they're future scientists, they're future inventors, CEOs, perhaps future legislators and more importantly, maybe even a Governor or two. They are here. And they have come from across the state to be with us this morning, and to remind us of why we are here today, and why public education deserves every ounce of attention and support we can give it. At this time, I'm asking our principals, our teachers, and our students of the Hawaii public school system, will you please rise and receive the acknowledgement you richly deserve both on the floor and in the audience.

“Despite the many achievements of our public education system, I come before you today to report that Hawaii's public education is simply not working as it should. It is, in fact, obsolete. And in my view, this is the single biggest problem we face as a State. And Why? Because we are not properly preparing Hawaii's citizens of the future, our workforce of the future, the twenty-first century, our business and civic leaders of the future.

“Too many of our teenagers are failing basic math and English tests. They cannot qualify for journeyman apprenticeships in the building trades. They have little hope of decent-paying jobs that will allow them to raise and care for their families. We are failing them, the next generation. And that is not acceptable. I am not here to defend the status quo. I am here to tell you we must all work together, to transform public education in these islands we call home.

“I feel very fortunate to be standing here today because I have never seen so much focus on public education in the news media, from the fifth floor of this building and in these legislative chambers. That attention is our opportunity and it's an opportunity for all of us. It shows that the leaders of this State want the best possible education for the boys and girls of these islands. It shouts loud and it shouts clear that the opportunity for change is upon us, and we must embrace it! We must take it in and make lemonade out of lemons. Okay.

“In everything we do from this day forward as we go about the business of ‘reinventing’ our education system, we need to focus not on school boards or superintendents or labor unions, not on Republicans or Democrats, but on the 182,000 students in our charge. The question isn't who is right, but what is right. And I ask you today to listen this morning with open hearts and open minds, so that we can collectively make an informed decision on what is best for our children.

“Yes, the system of education governance is important. But it is a political decision, so it will be made by you. So I won't spend any of my precious time this morning debating that issue. I will tell you that I believe education reform in Hawaii is only going to happen at the most basic level – and that is at the school, in the classroom, between the teacher and the student. And that's where it's going to happen. With that, I am opposed to any additional Boards of Education that add more layers of bureaucracy between the State school board and the school. More school boards will not improve student achievement. And I will forever champion the most direct and unfettered route from the State governing Board of Education to the individual school and ultimately to that classroom and to that child. I

believe there is nothing that should stand in the way between what the policy makers will do and what goes on at the school. And we will get more into that as we move along.

“I couldn't agree more with Consultant William Ouchi, when in his book, ‘Making Schools Work’, I believe page 17, which reads ‘If you focus only on decentralization, you'll get a decentralized district, but with low student achievement.’ That is, obviously, not our goal!

“Differences over school board structure have received a lot of media and community attention, but it's encouraging to me that there is consensus on so many issues that will make more of a difference in the classroom.

“Just look at the areas where we already seem to be on the same page, for instance:

“Number one, empowering principals and school communities by providing more lump-sum budgeting or lump-sum funding directly to the schools and giving them the authority and the flexibility that they will need to decide how school funds are to be spent.

“Number two, adopting the ‘weighted student formula.’ Hawaii is known for equity in public education. Our statewide funding system has provided that. Keiki in the poorest communities are guaranteed the same level of resources as those in wealthy neighborhoods. And I think we all know that. That's not true in other states, where local property taxes finance part of education. Hawaii should be proud of having equalized resources at the school level. But not all students, as we know, are created equal. Some have physical or psychological needs that require special education. Others speak no English, others come from homes that are broken, families that may be on drugs or drug users, and may come from foster homes. The ‘Weighted Student Formula’ plan allocates money based on the unique needs of these children of each individual student. That funding then follows that student wherever he or she goes, and equalizes opportunity at the student level and that's where the resources should be. I applaud everyone, from the Board, the Legislature, and the Governor's CARE group, for their general agreement to adopt this plan. It is both the right thing to do, and I hope we do it this year, now!

“Number three, giving principals more training in finance and administration so that they can, in fact, become true CEO-educators on their own campuses. The Board of Education has now made this a priority for DOE implementation.

“Number four, providing parents a choice to send their children to any public school that has room for them. Along with that choice comes the responsibility to get your child to and from school safely. Therefore, I believe in the long run, most parents will go to the quality schools with quality programs in their own neighborhoods precisely because they are in their own neighborhoods, easy to get to, and part of the fabric of their community. The logical extension of that belief is that parents will do what they can to make their own neighborhood schools better. And I believe every single one of us in this room today or in the chambers can relate to the time we spent volunteering or spending time at our schools because our children went there.

“The new Board of Education, its leadership and members who sit behind me, are to be commended for the many hours of unselfish service they give to Hawaii's children. They have indicated by their words and their actions that they are committed to reinventing Hawaii's Public Education System. This is an endeavor that must be undertaken jointly by the

Board, which sets policy, and by the Superintendent and my team, who implement that policy. Today, I am invigorated by the leadership, by the courage that I have seen coming from this Board, as we move down this road together and I look forward to working with them in this challenging and noble pursuit.

“So you’re probably asking, what are you guys doing? Well, let me tell you, okay. The Board and the Department are calling for your help as we reinvent our schools.

“First, we must empower principals and schools in the way I spoke of earlier, and accountability must go with this power. That means requiring principals and teachers to make sure that students meet standards. And what do I mean by this? How about by the end of Grade 3, every student in Hawaii will read.

“Second, parents must know how well their child is doing. We will give parents and students user-friendly feedback – report cards that parents can easily understand and students can understand as well. With that information and feedback, parents are responsible to get their kids to school ready to learn, and students need to be responsible for their own learning. It’s a package deal. No one can do it by themselves.

“Third, we will overhaul SCBM schools – School/Community-Based Management. In its current form, it simply doesn’t work as well as it was intended or the way the framers had originally intended it to work and that was to improve student achievement. Therefore, as we empower individual schools, we must arm the School-Community Councils with shared decision-making power, and give them meaningful responsibility over spending. And what does that mean? It’s through weighted student formula, to insure that we can meet student achievement. This will mean training so that they can make these important choices. And more important, with that training, we then trust them to do the right thing. And I trust they will do the right thing, precisely because it’s our children that we are working with.

“A nameless worker in an office in Honolulu should not be telling a principal in Honoka’a or Waimea or Kau, how to spend their budget. It’s not acceptable. Therefore, under the student community councils, we envision something like a Board of Directors for each school, much like the models we see in the business world, in churches, or maybe at our non-profit or private schools. This Board would be made up of school and community members, elected by the parents of that school, the staff, teachers, principals, and even students in the older grades. They would have two main responsibilities. The first would be to develop their academic plan for success, which will get them the educational results they desire for their children. And then second, they have to decide on how best to use the budget that has been allocated to them. In other words, they are responsible for creating that plan to get to student achievement and second how do we use the resources which are ours to determine and what we want to do. That, my friends, I believe is true local school governance at its most basic and important level – every school, with parents, teachers, principals, staff and students making their own decision on their own destiny!

“Fourth, we expect quality, and we need to pay for that performance. And that means paying for quality. It’s not cheap. Principals should be put on performance contracts so we can reward the top performance and the top performers with incentives, such as pay raises, time off, paid training or sabbaticals. And its time to be able to move non-performance to another line of work. Our professionals need to know that hard work and success pay off. And I must also insert, that we must do this while respecting collective bargaining and in cooperation with our partners in organized labor.

“Fifth, as we empower principals, we need to have them on the job for 12 months and we need to pay them to be there for 12 months. CEOs in private business don’t work 10-month years. Every sector of our society works and operates on a year-round basis. You’ve got business, transportation, government, tourism, utilities do it, then principals, as CEOs of their schools, need to be on the job year round. Teachers should also be treated similarly and have the financial incentive for professional development. Teachers should be put on an 11-month contract. Before you all say wait, 10 months of teaching, plus an additional month, or 20 days of paid training, if we want quality.

“Sixth, in order to make these ideas work, we need a common public school calendar. Our current calendar, which has long summer breaks for some, reflects a different age when parents needed their children free to harvest the crops and support the family. But we’re not in an agrarian age today. Today, we are in an age of technology and information; it’s a knowledge age. And the common year-round school calendar would help facilitate all that we want to do. It would include more frequent breaks and vacation time for families and much-needed opportunities to train teachers so that we may serve your children better. And, it’s not only for the quality of life, but it’s also more efficient if we’ve got to do the many things that we are expected to do to reach our goal.

“Seventh and most important, if we are to truly reinvent our system, then we must make deep structural changes, then it is time to unshackle, to de-link the DOE from other State agencies. Our sister State agencies have so much control over the quality of life in our schools in the following ways:

“In budgeting, principals can never be sure how much will be appropriated much less when will it be released for their use and often when it comes, it comes late. It is impossible to plan for educational excellence this way. We envision a law that requires that the Department of Budget and Finance release at least 80 percent of a fiscal year’s appropriation to the schools, of course once that law is passed and it’s signed by the Governor, and early enough so that schools and school councils can implement their plans.

“In the area of hiring, in the State of Hawaii, for civil service, our personnel office, which is known as DHRD, if you don’t have a specific job description in their civil service bank, then you cannot hire a person for this position, even if you have an identified need and you have the money to do so. And this makes no sense. In fact it’s not right. As an example, when I was at McKinley, I needed a ‘techie.’ I needed somebody to keep our computer and network system alive. And I did not want a teacher. I did not want a clerk steno. But all I could hire for, for that position, was a clerk steno. Because there was no position at that time that said you could have a computer analyst and a programmer, at least for the DOE. We want the authority and we also want the resources to set up our own employment system to meet the unique needs of the education, something similar to what the State Judiciary now has on its own. And why not the Department of Education? We ask you to give us that opportunity and trust us that we will do the right thing.

“With regard to construction and repairs, the current process for school construction and repair is also obsolete – just like toilets, windows and doors in many of our public schools. The process makes our kids wait too long and our faculty and our principals way, way too long for decent basic facilities. We are at the mercy of DAGS and the Budget and Finance for capital improvement projects and to repair bathrooms. And that’s not right. Give us both the money and the authority to do capital projects, and to do the repair and maintenance that we know we need for better, safer and more efficient campuses.

“Finally, a word about centralized services: The DOE spends 1.7 billion tax dollars each year and we need to be managed. If teachers are to be free to teach, and principals free to lead educational reform in their schools then a lot of support work has to be done by somebody. Bus routes, custodial service, school lunch, textbook purchases, compliance with the law and union contracts – all of these lend themselves to the efficiency of centralization. Schools will always need a central administration to take care of these necessities, or else the educators on campuses will have to take time away to do it themselves. And I think for us that have been from that generation, we have experienced some of the de-centralization with no resources. Our pledge to you is that we will continue to aggressively look for ways of managing our needs both cost-effectively and responsibly.

“The CARE committee’s report rightly stated: ‘So long as responsibility is diffused, no one can be held accountable.’ And that’s true. So hold me, hold me accountable and expect results. But first, you must give me the tools and you must give me the space to do my job. And you must give the Board the authority it needs to do its job as well so that we can work together on this journey. While we need the help of the Legislature and Governor Lingle and her Administration to empower the schools so they can prepare our children for success, we also need to be able to do the job without interference or being told what our job is and how to do our jobs. Don’t tie our hands!

“Now let’s talk a moment about what these changes I’ve proposed could mean for the future. And without a doubt, the Department of Education’s vision along with the Board, is about that high school graduate that you see before you, whether they are a student, whether they are a graduate, legislators or teachers, the graduates you know what we stand for because we’ve been letting you know for a while now. But let me repeat in one sentence – we want someone that will be successful, be a contributing member of society, and more important, have the knowledge and skills to be successful in any job or career that they choose. And our mission in the Department of Education and it’s the mission that you have given us because you have mandated through the Constitution that we are responsible for education that our job is to prepare the workforce for the twenty-first century. I have no doubt in my mind, there is nothing fuzzy or cloudy what my mission is – that is preparing our children to be that workforce for the twenty-first century and our vision will get them there.

“With this, I see greater involvement in our public school system by every sector of the economy. Not every child, as we know, is suited or wants to attend college. And it should be, we should have choices. We could benefit greatly from smaller schools within schools dedicated to teaching our young people trades and professions they can pursue after graduation. I invite our partners in organized labor, with their fine apprenticeship programs; to expand their role, increase our partnerships so that we can prepare our youth at the high school level. I invite our business and professional communities to allow us to place more students in your businesses, because your businesses are the ‘learning labs’ for us. How do we help our kids understand what the future is if we don’t give them a look at an opportunity to experience this. You have the labs and the experiences that we want to place our children in. We want time with you.

“The private school system in the State can help us, too. Our gifted and talented teachers, and the finest that you have in the private schools, would love to have the opportunity to exchange ideas, to share best practices because it’s about raising the bar in education in Hawaii. It’s not about who is better. And I know there are other partnerships that we are currently working towards.

“We are already partnering in several ways with one of the most valuable and influential educational organizations in our State – The Kamehameha Schools. Our State Department of Education is proud of our own Hawaiian Language Immersion Program, the Kula Kaiapuni. And along with Aha Punana Leo and the other Hawaiian Language Immersion Charter schools, we will provide the best for our people. These schools are known around the world as the model for indigenous education. Our people are sought by other countries to come and to share our expertise. A partnership between the Kamehameha Schools, Aha Punana Leo and the DOE in sustaining this program seems a natural extension to improve this important and unique aspect of life in Hawaii and continue to perpetuate what we believe in is not only the Aloha spirit, but what makes us truly Hawaii.

“And think for a moment, in every one of the instances I just mentioned, when you partner with the Department of Education, you free up resources and funding and give us the flexibility so that we can use our resources in those areas that is most needy in our systems and that allows us to do our job in the manner which we know will give us results. I ask you today as you leave here to think about how you can support your neighborhood public school.

“I said at the beginning of my remarks that public education is the concern of all of us; and that one person cannot find the solutions to all the problems. Therefore I ask every one of you here today, and every one of you listening from your homes or at your places of work, to join hands with us, to link arms with us, and help us along the road as we change our destiny to be a free, first-class, quality public education system and provide that for every child in Hawaii.

“I am announcing today that on March 27, of this year, less than two months from now, the Board of Education and the Superintendent will convene a first-ever statewide Education Summit to be held in Honolulu. It will consist of representatives from every walk of life, from business and labor, public and private sectors, from the early education and pre-school community, the University System and from our distinguished private schools. I invite representatives from the Hawaiian Community to join us in this effort, teachers, principals, parents, students, graduates, and members of our military community. We will all come together, and we will come with our ideas and we will come prepared to listen to others’ ideas. And we will collectively – we will collectively – decide what we need to do to reinvent our public school system. And this summit is not about ideas, which we already have and we have put out, it’s about the nuts and bolts of getting down to making things happen now and come July 2004. And you, you Hawaii, you know how to make it work because it’s in your community and it’s in your school.

“Let me conclude by saying the initiatives I’ve proposed here and the ones that will come out of the Education Summit in March will require new thinking, it will require courage, and a willingness to take a risk, and it will require a change, that structural change in the entire government system in Hawaii, not just the Department of Education, but in the State of Hawaii and its government. I challenge you to stand with me, to take the risk and to embrace the change that is coming our way because the train has already left the station, and above all, to live with our obligation to the young people of these islands. I believe with all my heart that WE CAN do it, and WE WILL do it!

“And one last part before I say thank you and aloha, is that I truly want to thank everyone for this opportunity. And I truly, with all my heart and all the passion that’s in me, I am first and

foremost a teacher and I believe in everything we do is the only way we are going to insure that Hawaii has that kind of a future and that kind of constituency for the twenty-first century. I take my job very, very seriously and every one of us does too. We believe that we are transmitting the culture into the twenty-first century. And I thank you for this opportunity again to be able to share with you what we believe in will make a difference for our future.

“Thank you.”

Speaker Say then rose and stated:

“Thank you Superintendent Hamamoto.

“We appreciate you offering us your vision of our educational system, where we want to be, and how we can get there. I know I speak for all Legislators when I saw we look forward to working with you, our teachers, our principals, and the community to reinvent Hawaii’s public educational system.

“I hereby declare that this joint session adjourned.”

At 10:45 o’clock a.m., Speaker Say declared the Joint Session adjourned.

INTRODUCTION OF SENATE BILLS

MISCELLANEOUS COMMUNICATIONS

The following communications (Misc. Com. Nos. 1 to 3) were read by the Clerk and were placed on file:

Misc. Com No. 1, from the County of Kauai, Department of Water, dated December 4, 2003, transmitting its proposed CIP projects request for state aid for the 2004 Legislative Session.

Misc. Com No. 2, from the Good Beginnings Alliance dated December 31, 2003, transmitting its 2003 Annual Report and the School Readiness Task Force Report.

Misc. Com No. 3, from the Friends of Foster Kids dated January 2, 2004, transmitting its report on exploring the possibilities of replacing the services of Casey Family Programs as they exit our state, pursuant to S.C.R. No. 93 (2003).

Senator Trimble rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“In our deliberations we must remember that a bureaucracy is organic. It is a living organism. Whether it is animal or vegetable is up to us, but once we create it, it has a very predictable set of behavioral patterns. Its desire to grow and reproduce is only surpassed by its will to survive. Whether the bureaucracy is akin to mushrooms sprouting from a dung heap, or a giant African termite colony, or Bessie the cow that yields sweet milk and thick cream depends upon the reward structure that we establish. The current reward structure rewards only failure with greater allocation of our scarce resources.

“I stopped applauding the day before yesterday, when it became apparent that this bureaucracy, while delivering new and impassioned words, was defending itself as it has done for a generation. I have looked in this bureaucracy for close to 30 years. Let me assure you that when people resort to blaming the Department of Accounting and General Services, when they place their failure on Budget and Finance or the Attorney General’s Office, they are merely acknowledging the failure to understand what it takes to collaborate. The term collaboration to them means holding a meeting, and at the end of the meeting the staff agencies acknowledging the error of their ways and agreeing with me.

“I have over 20 years of experience working directly with Budget and Finance, DAGS, and the Attorney General’s Office. These are staffed by individuals who are not only highly qualified professionals, but individuals who are every bit as dedicated as those in the Department of Education. I’ve never met a bureaucrat who could not give a reasoned explanation as to why he failed. The larger the failure, the more elaborate the explanation. They want you to accept why they or, in fact, anyone could not have succeeded. We need to cut through the rhetoric. It matters not which excuse is given, ignore the noise.

“Our job is to seek out and recognize those individuals that succeed in spite of the system and to listen to their ideas on how to produce even better results. The answer is not more power or more money swallowed up by a system of governments. The solution is understanding the nature of the bureaucracy we have before us so that we can create a reward system that will transform this bureaucracy into something that produces the desirable results, which of course must be measurable. Our deliberation must be thoughtful and reflect fully the diversity of this august body.

“Mr. President, I find that my ability to carefully consider the ideas and expressions of my colleagues is being unnecessarily constrained by a sound system that is more appropriate for a karaoke bar than a Senate Chamber. I now understand the necessity for the frequent and weekly recesses of the Majority. This is what they need to do to be able to hear the thoughts of their colleagues rendered unintelligible by our sound system. This system interferes with the voters’ rights to unfettered representation.

“Mr. President, I request I, too, be allowed to join you, not to speak, but to be able to hear the thoughts of my colleagues, so that I may be able to more dutifully exercise the responsibility of my office.

“Thank you for your consideration of my request for more reasoned accommodation from my colleagues, as well as myself. Thank you.”

President Bunda responded as follows:

“Senator Trimble, you can be rest assured that we are now taking care of the problem and I’ve heard you loud and clear this time around. But, if a problem persists, you can be assured that we’ll take care of it.”

Senator Sakamoto rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege.

“I’m glad to hear the words of the Senator from Downtown and Waikiki talking about dealing with some of the challenges we have as state government, and certainly different parts of it – Department of Accounting and General Services, DHRD, B&F, Education, etc. I think one of our goals here is to reduce the barriers, in part from ‘eating our own young’ within state government and in part dealing better with some of the problems, with whatever department. And certainly with the Department of Education, the goal is to enable them to deal with less bureaucracy as opposed to more bureaucracy.

“On the part of the good Senator is not part of our Education Committee, but our Education Committee is holding a hearing at 1:30 in room 212 today, and he can come and sit in on that conversation to help improve our educational system, some measures will likely move forward, others will not, but we welcome him and others to room 212 at 1:30.

“Thank you.”

Senator Espero rose on a point of personal privilege as follows:

“Mr. President, I’d like to rise for a point of personal privilege.

“I would like to comment, Mr. President, on the statements made by one Senator about another earlier this week.

“It is my humble opinion that the words were an unwarranted attack that was in appropriate for this Chamber. Specifically, the good Senator from Kailua was extremely critical of the Senator from Kaneohe to Kahuku for exercising her right to sponsor legislation last year.

“Allow me to paint this picture – a young attorney, a mother of two, a community leader, comes to the Capitol filled with enthusiasm, eagerness and energy, one which would be expected from a first term Senator who has gone through two tough elections. She rolls up her sleeves, gets to work for her district and the State.

“The Rules of the Senate allow Senators to become sponsors of bills after they have been decked. The Rules were approved by the Hawaii Senate. All Senators are given the opportunity to take advantage of this Rule. The Rule does not cap or limit the number of bills a Senator may sponsor.

“The Senator from Kaneohe to Kahuku spends hours reading and reviewing these bills. Because of her diligence, her hard work, and her commitment to the job, she asked to co-sponsor approximately 140 bills. Good for her! What’s wrong with this, Mr. President?

“I can stand here today and mention of the top of my head 100 issues which I would like this Legislature to address. I may not personally look into all of these 100 issues, because I know my colleagues are working on similar legislation and bills. That is why, for the sake of efficiency, the option of co-sponsoring bills is available to me and all of my colleagues. For some of us

in here, maybe the thought of reviewing over 100 bills is mind boggling, something foreign or difficult, but the Senator from Kaneohe to Kahuku is a lawyer with the skill and training and the energy to take on a task of this magnitude. Energy and enthusiasm in this legislative body should not be discouraged or attacked.

“No law was broken. No action was inappropriate and no Rule was abused. Everything the Senator did was in compliance with the Senate Rules as adopted.

“I have great respect for the Senate Minority Leader, but I strongly disagree with the path he has taken here. Debate the issues and criticize us for our positions, but don’t stand up on the Floor and grumble because we are doing our jobs. And when a colleague of mind is unfairly attacked and tarnished on the Floor, I will speak my mind and rebut all rhetoric, all propaganda and grandstanding.

“As a side note, the Senator from Kaneohe to Kahuku has done more for the Windward side in the last six months, in terms of dealing with illegal dumping, solid waste disposal, and the ice epidemic, than any other Legislature in the past ten years. I am proud and honored to serve with her.

“Thank you, Mr. President, for the opportunity to share my thoughts.”

ADJOURNMENT

At 11:54 o’clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Monday, February 2, 2004.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

SEVENTH DAY

Monday, February 2, 2004

The Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, convened at 11:40 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Mr. Seaward Grant, C.S., First Church of Christ Scientists, after which the Roll was called showing all Senators present with the exception of Senators Ige and Menor who were excused.

The President announced that he had read and approved the Journal of the Sixth Day.

Senator Baker rose on point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, colleagues, over the weekend we heard with great sadness and concern that a Hawaii Air Ambulance, on a mission of mercy to the Big Island, had been lost. And while we continue to pray with the families and others that this aircraft and its occupants will be found, we still share that concern today. I wanted to at least let the members of the paramedic community, the folks at Hawaii Air Ambulance and the families of the pilot and paramedics Mandy Shiraki and Daniel Villiaros know that the thoughts, prayers, and concerns of the Senate are with them and our best hopes that the airplane will be found and with it survivors, because we all have come to rely on the services of our emergency medical personnel who will jump in a plane, jump on an ambulance and go to the scene at any hour of the day or night when they’re called. We appreciate them and we honor them.

“Thank you Mr. President.”

ADJOURNMENT

At 11:47 o’clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Tuesday, February 3, 2004.

EIGHTH DAY

| No. 3237 | Jointly to the Committee on Commerce, Consumer Protection and Housing and the Committee on Health |

Senator Baker rose on a point of personal privilege and said:

“Mr. President, I request that today the Senate adjourn on a rising vote and observe a moment of silence for the victims of the Hawaii Air Ambulance crash. These fine men were on a mission of mercy serving their community. So we would like to remember pilot Ron Laubacher and paramedics Daniel Villiaros and Mandy Shiraki.

“Thank you.”

The Chair so ordered.

ADJOURNMENT

At 11:46 o'clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Wednesday, February 4, 2004, on a rising vote, observing a moment of silence in memory of Ron Laubacher, Mandy Shiraki and J. Daniel Villiaros who lost their lives in the Hawaii Air Ambulance crash.

President of the Senate

ELEVENTH DAY

Friday, February 6, 2004

The Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, convened at 11:08 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Deacon Walter Yoshimitsu, St. John Vianney Church, Kailua, after which the Roll was called showing all Senators present with the exception of Senators Inouye and Kim who were excused.

The President announced that he had read and approved the Journal of the Tenth Day.

At 11:15 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:25 o'clock a.m.

ORDER OF THE DAY

THIRD READING

H.B. No. 2585, H.D. 1:

Senator Taniguchi moved that H.B. No. 2585, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Taniguchi rose to speak in support of the measure and said:

"Mr. President, I rise to speak in support of H.B. No. 2585, H.D. 1, our legislative appropriations bill.

"Mr. President, both the Senate and the House, are holding the line on spending. Our legislative budgets remain flat with no increase from last year's budget. I also want to note that our attached agencies – the Legislative Reference Bureau, the State Ethics Commission, and the Ombudsman – have not increased their respective budgets.

"H.B. No. 2585 increases the auditor's budget by a little over \$3 million to allow the auditor to conduct the annual audits, audits of departments in accordance with Act 4 of the 2003 Special Session.

"Mr. President, our Auditor, Marion Higa, has been recognized for her in-depth, incisive, and sometimes scathing audits of departments and agencies. Even Governor Lingle has recognized the work of our auditor.

"Mr. President, I can assure you that Ms. Higa will apply the same high levels of professionalism and excellence to the audit of the departments as she has done with her past audits.

"I ask that all members vote 'aye.' Thank you, Mr. President."

Senator Slom rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to H.B. No. 2585.

"We had a very lively discussion and a good discussion yesterday in the Ways and Means Committee, but not all the committee members were there and not the rest of our

colleagues. So, let me tell you why I stand in opposition to this bill.

"First of all, we certainly reinforce our support for the Office of the Legislature Auditor and for the work that has been done and will be done in the future. I don't think that's an issue, the support. However, there were some troubling questions that were raised yesterday and not answered or not answered in a position that would, I think, assure a fiscally sound legislative body.

"First and foremost, as I pointed out yesterday, and it has been not just for this bill but for other bills, there was no total amount given in the bill. So, one had to add up all of the separate appropriations to come up with a figure, and colleagues should know that the total amount of this bill is \$23 million. That means that the cost of running this Legislature is \$23 million – the Legislature and the allied agencies that the Chairman of Ways and Means talked about. Of that \$23 million, while the appropriations are not increasing, the Chairman did point out the issue about an additional \$3 million for the Office of the Legislative Auditor, and that's where I think one of the problems was created because we heard testimony from Mr. Saito, the Chief Financial Officer, the Comptroller for the State of Hawaii, the head of DAGS, and we looked at the figures for doing the audits of the various agencies, which are now going to be taken over by the auditor, and we're not rearguing Act 4. What we are looking at, though, is why the cost would be 25 percent more than the actual figures that had been presented prior to that?

"In questioning the auditor, her answer was that she was estimating the cost of inflation. And when it was pointed out that, in fact, we have had very little inflation in the state and that we're not expecting any, in fact, the real issue for a lot of people has been the threat of deflation in the state, her estimate of the inflationary and other costs in producing the documents came to about 12 percent above what the actual costs have been and were projected by DAGS. So, that left another 13 percent. The answer was that that money would not be lost but would be deposited in the revolving special fund of the legislative auditor.

"Now, Mr. President and colleagues, as you know, I have been railing against special funds from the moment that I entered this body eight years ago. And I think for good reason, because what happens is, whenever we create special funds, whenever we pump money into those special funds, a year or two or three to five years later, the Legislature in its wisdom, empties those funds and the funds go into the general fund for other purposes.

"So, I have a problem with the figures – why they are so inflated, number one; why we need to build up an additional balance at this time, number two. There certainly are other methods and other agencies that could use the funding at this time. The estimate, by the way, of the additional \$3 million was a faulty estimate. It was based on a figure that allegedly came from the executive in the executive budget of \$6 million. That budget figure never appeared from the executive. In fact, it came from the Legislature and was reduced significantly in actual terms by the executive branch.

"The other point that came up yesterday was, if we're looking at the agency's amounts, then really we should look at the other amounts too, as part of that overall \$23 million, but we found out that the legislative auditor, in fact, does not audit the Legislature. So, those monies that go into the expenditures for the Legislature, while they may have remained flat, they still

represent a significant amount of money, and perhaps we should be turning our attention to looking more closely at our own expenditures.

“And finally, Mr. President, we’ve now completed, or will complete today, 11 days of the 60-day Legislative Session, and it’s always interesting to me that the first bill that we always rush through is the bill to pay for ourselves. We’re told that we have an ice epidemic; we’re told that we have an educational crisis, but the first bill that we always rush through to send to the Governor, and even have special times for the Session and even get the committee report in record speed, is the bill for more expenditures by the Legislature.

“So, while that is prompt, we also had questions about the promptness of whether or not these financial audits are going to take place. For these and other reasons, I’m compelled to vote ‘no’ on this budget.

“Thank you, Mr. President.”

Senator Hogue rose to speak in opposition to the measure and said:

“Mr. President, I also rise in opposition to this particular measure.

“As an aside, I want to thank the Majority for having a short recess to discuss this issue behind close doors. I would hope that you can have the discussion out here, but that’s just my personal opinion.

“I had trouble with this particular request from the legislative auditor because she’s asking for a 25 percent increase and I’m not sure that she has actually backed up her claims. One of the things that the legislative auditor should be employing every single department to do is to practice fiscal responsibility, and yet I’m not sure that the answers that were given for a 25 percent increase really stand muster. And certainly the auditor’s office has been having difficulty just getting her work done on time and turning in some of the reports in on a timely manner.

“Also, there’s a matter that doesn’t really seem to make a whole heck of a lot of sense to me, and that is that when the auditor’s department in past sent some of these different audits out to independent CPA firms, one of the things that these independent CPA firms would do is to compile the financial statements. They would spend part of their time during the process, maybe as much as half or two-thirds of the time, in the compilation process. Okay, that’s the preparation of the financial statements, the gathering, all of that stuff and then the rest of it would be done in audit services. So, for example, if it went out to, say, Price Waterhouse, and I used to work for Price Waterhouse as a young CPA, and say the entire bill for Price Waterhouse was \$100,000, about \$50,000 of that would be compilation and \$50,000 of that would be audit service. But what the legislative auditor is saying is that she and her office don’t do compilation, that she will be asking the different departments to do the compilation and she wants to charge as much as Price Waterhouse charged for the outside independent audit.

“So, essentially, what is happening here is that the departments are doing the compilation, then the legislative auditor is doing the audit services and yet the legislative auditor is charging the different departments the full cost. So, we’re suggesting that the cost is much less than this, because she and her office are only doing audit services and so that full cost should not be as high as she is actually charging the

departments. So if that’s the case, why is there an extra 25 percent added on?

“So for these reasons, I will be voting ‘no.’ Thank you, Mr. President.”

Senator Hemmings rose to speak against the measure and stated:

“Mr. President, I rise to speak against H.B. No. 2585, H.D. 1.

“Mr. President, I’d like to agree with the good Senator from Manoa, the Chairman of the Ways and Means Committee, that this Legislature is run cost effectively and efficiently. I think we ask all our people, who don’t have the protection in the instances of civil service or labor unions, to work extra long and extra hard hours and they do produce great work. I think we do have a very efficient branch of government here and I compliment the Majority Party for having it that way. But, that’s not always true in every instance. We joined you in lauding the efforts of the legislative auditor in the past and we all agree that she’s done an excellent job of ferreting out some of the problems we face in government so we can address them.

“This latest move, though, to remove some of the audit functions from the executive branch of government to the legislative branch of government, is a policy change. It’s not her initiative. It’s the initiative of this Legislature, and we find fault with it. It seems to be more political than necessary. In many instances, it does pose a problem for the executive branch of government. For instance, in the Comprehensive Annual Financial Reporting Requirements, what they call a CAFRR, they have to be on time and be fairly well done. Otherwise, it jeopardizes our Chief Financial Comptroller who happens to be the head of DAGS. It doesn’t jeopardize the Department of the Legislative Auditor.

“With that in mind, we have discovered in our investigations, in a very, very healthy hearing yesterday, it was democracy at its best, where differing opinions were aired openly and honestly and we had a wonderful debate. And once again, I would like to congratulate the Chairman of the Ways and Means Committee for allowing it to proceed. There is some information that was brought forth that shows that possibly this added responsibility and the added cost which won’t entirely justify being given to the legislative auditor, should be questioned. For instance, we know, as a matter of record, which was acknowledged in questioning, that the legislative auditor does about 12 to 15 audits a year and has been late in reporting back for them to this Legislature. Of them, two of them have still not been reported to us, and they do have an impact on us being able to do our job. There were hearings the other day on mental health parity in the House of Representatives, but there was no audit that we requested so we could make informed decisions on that debate.

“So the facts are undeniable that the legislative auditor is late. And that poses a problem for something like CAFRR. You might ask why? Well, the legislative auditor in her wonderful work she’s done in years past, has done an excellent job of holding departments feet to the fire on employment practices. She’s singled out the Quest Program and also the Office of Hawaiian Affairs for high employee turnover. National statistics on employee turnover in all agencies of government say that they average between 7 and 10 percent. In the last 10 months in the legislative offices of the legislative auditor, there has been close to 50 percent turnover. This is problematic and may result in untimely submission of reports that we need to stay legal and protect our bond rating and get our job done.

“So, I will suggest that before we give this office additional responsibility and an additional \$3 million that we take a serious look at how that office is functioning. I might suggest that it might be time to audit the auditor and do a management audit of the auditor to give her assistance in ferreting out the problems that she’s facing retaining her employees and submitting her reports on time.

“For this reason and for fiscal responsibility and accountability, I, too, will be voting ‘no’ against this legislation.

“Thank you, Mr. President.”

Senator Hanabusa rose to speak in favor of the measure as follows:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, today the Judiciary and Hawaiian Affairs Committee had an informational briefing on a report by the auditor. And for the first time, something struck me, and I think that’s part of the problem that we’re faced with here. It struck me that if you look at the cover of her reports, it says ‘The Auditor.’ You hear all of our discussions and we say ‘the legislative auditor.’ As a result of that, what it seems to be, as the good Senator from Maunawili is talking about, is that somehow we’re doing a policy change.

“Mr. President, that’s the farthest thing from the truth. In fact, we, as a body, should look historically at what has happened here, because as we are going to engage in this Session, the discussion of most constitutional amendments that I remember (of course I haven’t been here that long, but), we should realize at that point what we are doing.

“The concept is the auditor. An auditor is found from the beginning of the Organic Act. The changes to the Organic Act was to incorporate the Supreme Audit Institution’s and U.S. Accounting Office’s principles of post audit for government entities. We have seen discussions from that time to 1950, the constitutional convention, 1968 constitutional convention. The one thing that has not changed, Mr. President, is the fact that you find the office or the description of the auditor in Article VII, Section 10 of our Constitution presently, and that is not Article III, which is the Legislature, and neither is it Article V, which is the executive branch. It is a separate branch. And the reason why is because we’ve always felt, or the people of this State, actually correctly, have felt that we need an auditor.

“So, now we look as this issue of funding. The funding of the audit.

“Mr. President, I didn’t know this, but I think that maybe many of my colleagues don’t know this as well, so let me read part of the Standing Committee Report of the 1978 Constitutional Convention. They said then:

‘Your committee also reviewed the issue of auditing in the executive branch and, as suggested by House Resolution 595, H.D. 1, 1978 Regular Session, which was directed to your Committee, considered whether all post-audits should be consolidated under the constitutionally established auditor.’

And that, if you look at all of her reports, she makes it very clear, she’s giving this report pursuant to Article VII, Section 10.

‘While executive auditing would appear to be self-auditing, an anomalous situation which the original 1950 Constitution attempted to correct, executive auditing persists because it

pre-dates the establishment of the office of the auditor. Nothing appears to have been done to correct the situation, and the result is that auditing in the executive branch continues even though the legislative auditor is constitutionally assigned to perform that function.

‘Your Committee considered including language in the Constitution which would clarify that the duty of the auditor to certify to the accuracy of financial statements shall be exclusive. However, your Committee finds that it is already the duty of the auditor to certify to the accuracy of all financial statements. The problem is that the legislature has not clarified the statutes or made the necessary funding arrangements so that the function of certifying to financial statements can be discharged by the auditor without duplication of the function by the executive branch.’

Mr. President, if there’s a duplication of function, it is the executive branch, not the auditor. And you notice I didn’t reference her as the legislative auditor.

‘Therefore, your Committee views the issue at this time as one for legislative rather than constitutional remedy. It is the intent of your Committee that the legislature will proceed to amend the statutes and make the necessary funding arrangements so that the function of conducting financial audits leading to certifications will be discharged by the auditor. It is also your Committee’s intent that the assignment to the auditor of the function of financial audits requiring certification does not preclude the executive branch from conducting audits of its accounting and internal control systems, management reviews and analyses, program and performance evaluations, and other examinations and studies necessary for the efficient conduct of executive operations.’

“So, Mr. President, what we have done here, albeit rather late, is to fulfill the role of the people of the State of Hawaii. This is the intent for the office of the auditor – that it shall be the final say. And, Mr. President, we hear about, well, you know, they cost us more. Mr. President, she has a different mandate than an internal audit of the executive branch functions. She has to actually, and this goes back, Mr. President, to the 1950 Constitutional Convention, which says ‘the auditor is one of the important elements in financial management. It is his (and I’m happy to say that subsequently they kind of made it neutral, they took out the his) it is his responsibility to analyze appropriations, authorizations, and expenditures to determine whether payments comply with the legal requirements and to ascertain whether all revenues have been properly accounted for. It is also the responsibility of the auditor to submit recommendations covering means and methods for improving financial management.’ It also goes on to point out to all these different legislative constitutional histories that I’ve reviewed, that one of the things that the auditor is to do is to ensure that we have complied with the constitution and the laws of this State.

“These are wide responsibilities, more than simply financial management or financial auditing of an internal manner, which is what the executive branch does. It can go ahead and audit itself, but because we, over the years, have said and called her the ‘legislative auditor,’ I believe it’s given people the sense that what we’re dealing with here is some kind of audit that the Legislature is doing. We’ve all been wrong. We kind of owe her an apology, Mr. President.

“She is the auditor of the State of Hawaii, created by the constitution, enacted by the people of this State. They have entrusted her with the responsibility of making sure all branches of government perform as it should, and to say and to give her clear mandates as to what she is to do. She does more than to

say whether the money is there or isn't there. For those who may have overheard or participated in the Judiciary and Hawaiian Affairs hearing today, you saw that, because she made recommendations which the Department of Hawaiian Home Lands said we are enacting. We are moving forward and implementing all of her recommendations because that is part of her responsibility, which the people of the State of Hawaii have entrusted to her as a function of our constitution.

"So my fellow colleagues, as we look and we start to debate constitutional amendments, let's remember this, because if there's any entity that probably should be blamed for the confusion that we have today, it is us. We didn't do this sooner, and now it may be late, but, it's time for us to actually do it. Let's note, it saddened me when Governor Cayetano vetoed the bill, because I felt that it was a necessary step that the Legislature should have taken back then and that was a function of Felix and those of us who participated in it. But now we have made and remedied that problem by passing the bill last year. But even back in 1978, it said the problem now is the second part, the money.

"Mr. President, I ask that my colleagues join me in fulfilling our responsibility as set forth in the Committee Reports of the 1978 Constitutional Convention and follow what the will of the people is, which is that she shall do it and she shall have the sufficient funds to do it.

"Thank you, Mr. President."

Senator Hemmings rose in rebuttal and said:

"Mr. President, I rise in rebuttal.

"Mr. President, I am most appreciative of the well researched anarchist brief to this proposed legislation, and I wish to congratulate the very erudite and articulate Chair of the Judiciary Committee for pointing out that for over 25 years the Majority Party, who has had all the power, has failed to comply with simple constitutional intent concerning the auditor. As I stated in my opening remarks, I do not fault the auditor for the policy change. I fault the people in charge of the Legislature for that problem.

"I also would like the record to note that this was said last year and it's possibly something we should take into consideration, with all the constitutional amendment proposals and the judgements we get from the Supreme Court on our constitution, that it may be once again time for this state to convene a constitutional convention. I will tell you in our research that a number of states' audit functions are conducted in many different ways, not through the legislative process or the legislature, but are conducted in the executive branch of government, and some states there are even independent auditors that are elected by the people. So there may be better ways to do this process and free it up from the political machinations that we both indulge in.

"The third point that I think bares rebuttal, even though it was not mentioned in the very erudite briefing of the previous speaker, it doesn't address the problems the auditor personally is having in the audit process of timeliness with late audits and employment practice issues.

"For these reasons, I will continue to urge this body to take a deep breath and let's do what's right and hold this proposal off until we can do it the right way.

"Thank you, Mr. President."

Senator Aduja rose to speak in support of the measure and said.

"Mr. President, I rise in support of H.B. No. 2585, H.D. 1, and to speak of the need of checks and balances and accountability in government.

"The work of the auditor has been both praised and criticized over the years by members of both political parties. This is true as well of the recent audit of the Department of Health with respect to its administration of the statewide solid waste program.

"Mr. President, in my humble opinion, this report merits our highest praise. As Chair of the Joint Legislative Task Force on Waste Management and Recycling, I can personally attest to the audit's thoroughness and accuracy. The audit's findings validated the findings of the task force. The task force conducted numerous landfill site visits on Oahu, Maui, Molokai, Kauai and the Big Island in the past November and December. Just as the auditor's report indicated, and I quote, 'the Department of Health is not carrying out its solid waste management responsibilities for public health and environmental protection.' It further on continues and says, 'prior audits,' Mr. President, 'pointed out management problems that continue to exist. For example, the department is still not properly monitoring, inspecting, or enforcing solid waste regulations, particularly for landfills.'

"The quality of the work that the auditor, Marion Higa, and her able staff have done, and continue to do, deserves our applause and even criticism by members of both political parties. But, more importantly, Mr. President, no measure should be taken to suppress either. Yet, I sense the executive branch seeks to impair the auditor's ability to discharge her duties and responsibilities, especially with reference to administrative officers and agencies. Instead, the executive branch indicates a desire to audit itself. I find this at once absurd and unacceptable.

"We, as Legislators, are the policymakers of this State. In our best judgement, we created the Office of the Auditor to ensure accountability in the management of the policies we make to assure us a desirable level of checks and balances in government. We created the Office of the Auditor to search for and identify instances of waste, fraud, abuse, malfeasance, misfeasance, and nonfeasance within the executive branch as may be directed by the Legislature.

"Our Governor, who had in her campaign praised the work of the auditor, now appears to be singing to a different tune. Her new lyrics indicate the end of her high-profile 'New Beginning,' and the words now appear to be 'to do more with less.'

"In this case, we are not separated by political partisanship. We are separated by the constitutional division of the legislative, administrative, and judicial branches of government. In creating the office, the Legislators intended for it to serve those of us who seek the truth, which in the end is going to be our ultimate salvation.

"To the auditor's most recent critics, I have three thoughts for you: (1) dissent is healthy; (2) better late than never; and (3) the truth will prevail.

"Colleagues, Mr. President, please join me in support of H.B. No. 2585, H.D. 1. Thank you very much."

Senator Tsutsui rose to speak in support of the measure and stated:

“Mr. President, I rise in support of this bill.

“Mr. President, in the past, members from both sides of the aisle have repeatedly attested to the integrity and the proficiency of the Office of the Auditor and the auditor herself. In fact, the Governor, in her campaign, said, ‘I will authorize a complete independent audit of the state’s finances in cooperation with the state auditor, Marion Higa.’ Sections 7 and 8 of H.B. No. 2585, H.D. 1, simply appropriates funding for that. So it leads me to ask, What’s changed? What’s changed in the last 12 months that have made some very critical of the auditor and her office?”

“Mr. President, this leads me to my second question. Is there something to hide? I believe there’s nothing to hide. I believe that our state departments and their directors are doing a wonderful job. And if an audit is performed, I believe it’s a great opportunity for these departments to improve their efficiency. If they are truly to move forward with making government work better, an accurate financial accountability and openness is key. With a complete audit of the state’s finances, we’ll be ready to identify weaknesses and mismanagement, ultimately giving the public a better understanding of where state revenues come from and how they are used.

“And, Mr. President, if the Majority Party has failed over the past 25 years, as referenced by the Minority Leader, then I will ask him to join us today and do what is right and support this measure.

“Thank you, Mr. President.”

Senator Trimble rose to speak in opposition to the measure and said:

“Mr. President, I rise in opposition to this measure.

“I, for one, have not changed my opinion of the legislative auditor. I worked for the executive branch of government for many years. She turned out many good reports. I read them faithfully. That’s not to say that the reports in some sense were not geared to gain the headlines in the newspaper, because you need publicity to gain public support to take corrective action that this body must do to improve government.

“Friday, last, I had a few words about bureaucracy. And since you weren’t at yesterday’s meeting, let me tell you what I saw. On one hand, I saw the executive branch which felt threatened. On the other hand, I saw a bureaucrat who was seeking to extend the character of the office, the power of the office, which would ultimately lead to a greater and widespread recognition in compensation. As a follower of bureaucracy, I think this should be brought to your attention – that when we undergo policy changes that will lead to an increase in government with no meaningful improvement, then it is appropriate to say no.

“The strength of the legislative auditor is in making management audits. If we, at this time, expand the scope of the office, the danger is that we will get less focus from that office in reports that we need to do our job properly. The second thing is the timing of this change. Previous speakers have eluded to problems in management, problems in turnover, and is this the appropriate time to double or triple the budget? I think it is not.

“All I ask is be thoughtful in coming to your conclusion. I do regret that I am voting ‘no’ today.”

Senator Slom rose and said:

“Mr. President, just a few follow up comments that are necessary.

“Again, let me reiterate my total support for the office of the legislative auditor and for the individual, but it’s like any other office and any other individual. The reason we have audits and the reason we scrutinize operations is to make sure that everything is being done the way it should be. And let’s make no mistake – our issue on our side of the aisle today is with the funding itself, and specifically with the timeliness of reporting, not with the office, not with the constitutional background.

“Two of the previous speakers from the Majority Party said the same thing, which is totally incorrect. They said that the executive branch audits itself. That is not true, they know it’s not true. The executive branch has always sent out audits. The audits are done by independent recognized auditors using recognized CPA standards. As a matter of fact, the audits, the CAFRR of the State of Hawaii has been awarded for 14 consecutive years, mostly over Democratic administrations, top awards for their reporting and for their independent accuracy.

“The other point that I would make again is that we are really questioning this 25 percent increase, which was not documented yesterday. There were no specifics as to why an increase of this magnitude was being sought. Now, if we could all get together and say, wait a minute, if you’re not challenging the office and you’re not challenging the functions, all you’re challenging is the money, if the Majority Party were to say let’s amend this bill and reduce the \$3 million request to \$1 million, I think that you would have our support on this bill. But that has not been suggested. You want to hold on to that 25 percent increase, which has not been directed.

“Finally, on this question of state auditor versus legislative auditor, it’s true that there are mixed definitions that are given. Even the speakers today referred to the office as the legislative auditor. But let’s remember, it is the Legislature that appoints and confirms this auditor, it is the Legislature that funds this auditor, and finally, it is the Legislature, not the executive branch, not the public, that directs what studies and what audits this legislative auditor will make.

“And that, Mr. President, is the issue. So if there will be an amendment offered to reduce this amount to a more reasonable \$1 million, I will sign on and support it gladly.

“Thank you.”

Senator English rose to speak in support of the measure as follows:

“Mr. President, I rise in support of this measure.

“You know, Mr. President, this discussion has been very healthy and I appreciate it. But I just have to come back to this one particular point – it’s a separation of powers issue, separation of government issue. The previous speaker said, well, the executive doesn’t audit itself. You know, it’s true. What they do is they hire someone. That’s what the auditor does as well, is hire someone else to do the audit.

“Yesterday in the Committee, their whole debate was that, well, why is the auditor hiring someone else to do the job. So, you can’t have it both ways. And I’m glad that they agree with us, that, yes, you hire a firm to do it. But ultimately, the one who is a client is the one that bothers me. And in the executive branch when the executive is the client that hires someone to do an audit on themselves, I’m very uneasy with that. I don’t care who’s in control of the executive. What I care about is the

independence of the branches and the idea of checks and balances in our system.

“So, the debate is healthy. I think this is healthy and I also agree with something that the previous speaker said, except in the opposite direction. What he said is, that we should amend this bill. We should amend this bill, I don’t agree we should decrease the money. I think we should give the auditor more money because then she can audit more departments, and she can audit more executive functions. Because that is where we have not been, well, frankly, we have not been living up to the constitutional mandate. So, I agree, we should amend the bill. We should give them more money to do more audits so that we can get better accounting for the citizens of the people of Hawaii.

“Thank you, Mr. President.”

Senator Hooser rose to speak in support of the measure and said:

“I rise in support of this measure, Mr. President.

“You have to feel a bit flabbergasted at the opposition to the state auditor who has been one of the most popular figures in our state government over the past many years.

“Mr. President, as Legislator, one of our primary responsibilities is approval of our state budget. Each year we vote to allocate millions, hundreds of millions, billions of dollars, billions of hard earned public dollars to various state agencies in order that they may provide the services expected and needed in our community. Once that critical budget vote is taken, those funds are then transferred to the responsibility of the executive branch. The Governor then, together with the various leaders of the various departments, is responsible for implementing the programs and spending that money wisely and efficiently.

“The office of the state auditor plays a key role, a valuable role in ensuring that government and all the various agencies involved are held accountable – accountable for the money given to them to do their job. It is the office of the state auditor that we count on to root out and expose waste, fraud and corruption. It is the office of the state auditor whose job it is to evaluate the various programs and agencies in state government to make recommendations as to how they might become more efficient.

“I agree with my colleague from Maui. I would like to support and strengthen the office of the state auditor, her office and give her additional tools and resources for which to do her job – increasing efficiency and accountability in government and making sure tax dollars are spent wisely. This should concern all of us. After all, this not our money we are spending, this is the people’s money, hard-earned money earned at honest jobs, many times by people working two or three jobs. We owe it to them to support the state auditor in her efforts to make sure that money is properly accounted for and spent wisely.

“Some of you in this chamber opposed to this measure seek rather to muzzle the activity of the state auditor and to restrict the office’s ability to audit the books of various state agencies. Why? Why would individuals who just 18 months ago, the greatest, and certainly the loudest cheerleaders of them all for the auditor’s office, why are they now less than enthusiastic, even, in fact, in opposition to supporting the increased auditing and thus the potential for increase accountability of government operations? Why? Why, is the question I’m asking? Why are those who would normally be proponents of increasing efficiency and accountability, known far and wide for their

inspired rhetoric on the Floor of this Chamber emphasizing and reemphasizing and emphasizing again the importance of weeding out waste and corruption and the importance of increasing accountability and efficiency, why are they now attempting to tie the hands and the purse strings of the state auditor’s office? Why do they now want to limit the auditor’s ability to do her job properly? What has changed?

“The performance record and ability of the state auditor certainly has not changed. Her reputation for hard hitting, direct, and to the point audit reports is well known statewide, and that has not changed. Her office certainly cannot be accused of favoring Democrats. She has more than proved her independence during the past years of auditing the recent Democratic Governor and his departments.

“So, what has changed? What is so different today that would cause this radical change of opinion with regards to the office of the auditor? If we were honest and open with ourselves about this matter, we will admit that the only thing that has changed, the only thing of significant that has changed is that we have a new Governor and new department heads. Perhaps those that were so full of glee when the departments under the former Governor received critical audits, are somewhat less than enthusiastic about the same possibility occurring today. Perhaps it was fear, perhaps it was lack in trust that stands in the way of supporting the auditor in managing these financial audits.

“Mr. President, colleagues, I will ask you today to vote in support of the measure now before us. I ask that you cast your vote in support of keeping the state auditor’s office strong, strong and viable. I ask that you vote in support of giving the state auditor’s office the tools and resources it needs to continue its fine work in holding our state government accountable to the people of this State.

“Thank you.”

Senator Whalen rose and said:

“Mr. President, I call for the question.”

At this time, Senator Whalen called for the previous question, seconded by Senator Tsutsui.

At 12:09 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:11 o’clock p.m.

The motion for the previous question was then put by the Chair and carried.

Senator Ihara rose and inquired:

“Mr. President, what is the vote on that? It takes two-thirds vote, I believe . . .”

The President interjected:

“It’s three-fifths, 15 votes.”

Senator Ihara continued to inquire:

“Were there 15 votes?”

The President replied: “Yes.”

Senator Ihara questioned: “How do you know?”

At 12:12 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:14 o'clock p.m.

The President then stated:

"To answer Senator Ihara's question, I did hear three noes, and the rest yes."

The motion was put by the Chair and carried, H.B. No. 2585, H.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE LEGISLATIVE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Inouye, Kim).

RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

No. 3209 Jointly to the Committee on Health and the Committee on Human Services, then to the Committee on Judiciary and Hawaiian Affairs

At this time, Senator Aduja rose and said:

"Mr. President, I do have some comments that I'd like to make in rebuttal to the Senator from Waimanalo's comments. Therefore, Mr. President, may I have your permission to insert such comments into the Journal?"

"Thank you, Mr. President."

The Chair having so ordered, Senator Aduja's remarks read as follows:

"Mr. President, I rise to offer a rebuttal to statements made by the good Senator from Waimanalo.

"Mr. President, criticisms about the auditor being late in submitting four out of fifteen audit responses are misplaced. These late audits involve management audits as requested by the Legislature typically through joint concurrent resolutions, such as the recently completed audit on solid waste management.

"Such audits are not financial audits that are subject to Act 4, which require a Comprehensive Annual Financial Report ('CAFR') necessitating federally mandated due dates and other stringent guidelines.

"The issue before us in House Bill 2585, House Draft 1, is to provide adequate funding to the auditor to enable her office to contract with private firms to conduct CAFR audits—just as DAGS did. In these instances, the auditor can require her contractors to get such audits done in a timely manner—just as DAGS did.

"Mr. President, DAGS has been performing these financial audits of state departments and agencies for many years. Transferring the responsibility of conducting CAFR audits from DAGS to the auditor is definitely not a criticism of the performance or efficiency of DAGS.

"Mr. President, this transfer, however, brings the State government's practices in line with our Constitutional requirements. Having audits conducted by a neutral party which, while part of the legislative branch of government, is Constitutionally mandated to report to both the Governor and the Legislature.

"Mr. President, if the auditor is able to perform such duties just as DAGS did, then why not leave the audits with DAGS? It is because the Constitution provides that audits are to be performed by the auditor, and not by DAGS.

"As such, I, again, fully encourage this honorable body to support House Bill 2585, House Draft 1, and to give the auditor sufficient funds so that she can perform her core functions as mandated by our Constitution."

ADJOURNMENT

At 12:20 o'clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, February 9, 2004.

TWELFTH DAY

Monday, February 9, 2004

The Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, convened at 11:42 o'clock a.m. with the President in the Chair.

SENATE RESOLUTIONS

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 2031 (Gov. Msg. No. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2031 be received and placed on file, seconded by Senator Chun Oakland and carried.

Senator Hanabusa then moved that the Senate advise and consent to the nomination of PATRICK W. BORDER to the office of Judge, 16th Division, Circuit Court of the First Circuit, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, for a term of ten years, seconded by Senator Chun Oakland.

Senator Hanabusa rose to speak in support of the nominee as follows:

"Mr. President, I rise in support of Gov. Msg. No. 1.

"Mr. President, colleagues, Gov. Msg. No. 1 is the appointment of Patrick Border to the 16th Division of the First Circuit of the State of Hawaii. Mr. Border has part of his educational background, basically, from the University of Nebraska, including the University of Nebraska Law School.

"Mr. Border is deemed to be highly qualified by the Hawaii Bar Association. What they have done this year, Mr. President, is use the modified version of the ABA Guidelines and reviewed the qualifications of Mr. Border based on integrity, legal knowledge and ability, professional experience, judicial temperament, diligence, public service, just to name a few of criteria, and in addition, held an interview with Mr. Border. Based upon the feedback from the Bar Association, and I'd like to add that I was one of those that was asked to submit comments, so they were doing it very thoroughly, he was determined to be highly qualified.

"Mr. Border, Mr. President, I asked him when I first met him, how in the world did the Governor pick someone who's part of a plaintiff's law firm? For those of us who know that law firm, he is a member of the Cronin Fried Sekiya Kekina and Fairbanks firm, we may know it better as the law firm of which Sylvia Luke, the Vice Speaker of the House, is a member of as well. But when you look at Mr. Border's experience, you know why. He comes as a Judge Advocate General, officer of the U.S. Air Force, which by the way, Mr. President, thoroughly impressed our good colleague from Waipahu. He was a Deputy Prosecuting Attorney, a Deputy Attorney General, and a Deputy Corporation Counsel, before he joined the ranks of a plaintiff's law firm.

"A person who came forward and testified, who spoke very highly of him was Lawrence Grean, who has been in the prosecutor's office since 1970. He made it a point to tell the Committee that he was in the prosecutor's office since 1970 and he's watched all of them go through. He serves now as a Director of Screening and Intake and he said Mr. Border was one of the finest trial lawyers that he has ever seen. I guess back then he maybe was supervising and he said he was of impeccable moral character.

"Someone that many of us know, Bert Sakura, said that Mr. Border came with a diverse background, but over the most recent years has developed such an interest in resolution of cases. He went out on his own and became a mediator and arbitrator, and we found and had testimony in his favor in this latest venture. I think Bert Sakura summarized it very well by saying that this is a natural progression for Mr. Border. The role of a judge advocate, AG, Corp Counsel, prosecuting attorney, attorney, and now to mediation and arbitration.

"Mr. President, I concur with that, in that he will bring to the First Circuit a natural ability with the intent to resolve matters and the proper judicial temperament and will make a fine addition to the First Circuit Court of the State of Hawaii. I ask that you, along with my colleagues, join me in consenting and confirming Mr. Border to the First Circuit Court.

"Thank you very much."

Senator Slom rose in support of the nominee and said:

"Mr. President, I, too, rise in support of Gov. Msg. No. 1.

"You heard the background of the nominee and his widespread experience at the federal, state, local level and in private practice. And as the good Chair of the Judiciary

Committee mentioned, some of my colleagues may be surprised because he is a plaintiff's attorney and yet the Governor chose him.

"The Governor has once again demonstrated her wisdom and her fairness in the choices that have been made, and we in the Republican Caucus are very happy to add our words of support to this candidate and also to mention that he has been active in the community. He's active in a number of different areas, including education, and if you really get to talk to him for more than five minutes, you'll even find a sense of humor.

"So, we, too, join with our colleagues and urge his swift confirmation. Thank you, Mr. President."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Aduja, Ige).

At this time, Senator Hanabusa introduced Judge Border to the members of the Senate.

Stand. Com. Rep. No. 2032 (Gov. Msg. No. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2032 be received and placed on file, seconded by Senator Chun Oakland and carried.

Senator Hanabusa then moved that the Senate advise and consent to the nomination of CRAIG H. NAKAMURA to the office of Associate Judge, Intermediate Court of Appeals, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, for a term of ten years, seconded by Senator Chun Oakland.

Senator Hanabusa rose to speak in support of the nominee and said:

"Mr. President, I rise to speak in favor of Gov. Msg. No. 2.

"Mr. President, Craig Nakamura has been nominated to the Intermediate Court of Appeals as Associate Justice. His credentials are impeccable. He graduated from the University of Hawaii, Phi Beta Kappa, and Harvard Law School, cum laude. He's also taught at the University of Hawaii Law School. The Hawaii Bar Association has deemed him highly qualified, based upon all of the criteria that I've mentioned above in Gov. Msg. No. 1.

"Mr. President, what was very interesting is it's very rare that the Attorney General of the State of Hawaii, when he comes to testify before a Committee, gets trumped by anyone. In this particular situation, he was trumped by everyone in the federal court system, beginning with Rick Clifton, all of the judges – Judges Ezra, Kay, Mollway, Gillmor – as well as all of the magistrates, which include Leslie Kobayashi and Kevin Chang. I believe that we should pay attention to what the judge emeritus, which, by the way, is a new title given to Judge Samuel King, who, only as he can say in his indomitable style, had this to say about Craig Nakamura: 'His reputation is of the highest, in spite of his Harvard education.' Only Judge King can put something like that.

"When we had the hearing, Mr. President, it was really like we had a meeting of the Cabinet. Not only did we have the Attorney General, we had Mark Recktenwald, we had John Peyton, and Kurt Kawafuchi, who, I came to learn, was actually, though part of the IRS, kind of assigned to the U.S. Attorney's Office. All of them were there to show their support.

“The other thing that we had was it looked like a reunion of what they call themselves the AUSAs. This is the Assistant United States Attorneys. Ed Kubo came forward and said that he wanted to modify his testimony. He said, ‘Craig Nakamura is not one of the best, he is “the best” that he has.’ They all testified to his judicial temperament. The Federal Public Defender came forward and said that although he is on the opposite side of Mr. Nakamura all the time, he is of the highest integrity and no one could be better selected for this job. I think the person that said a lot was Shanlyn Park, also a federal public defender, who, by the way, I don’t know, Mr. President, but she said Craig Nakamura was her teacher. She has a case with him and she felt compelled to come forward and speak on his behalf.

“One of the most moving testimonies that we received was by a friend, Curtis Tom, who had suffered a stroke and was still having difficulty getting around, but he felt compelled to come forward to support his friend because he said his friend has always been there for him.

“All of the testimony we received, Mr. President, shows a very compassionate, but a very highly intelligent and a highly motivated person. He is someone that, bar none, has one of the most impressive credentials as far as appellate work, and he is selected for the Intermediate Court of Appeals. I don’t think we can find a better legal mind or a better person suited to do appellate work for this State. What will be Ed Kubo’s loss, will be the State of Hawaii’s gain.

“I ask that you, along with all of my colleagues, join me in consenting and confirming, Mr. Craig Nakamura as Associate Judge to the Intermediate Court of Appeals.

“Thank you very much.”

Senator Slom rose to speak in favor of the nominee and said:

“Mr. President, I rise on behalf of your emerging Majority Caucus, to add our support to Gov. Msg. No. 2.

“We have met with Mr. Nakamura, also, not only the motivation and the intelligence is there, but also the energy and the passion. We heard Sister Wong this morning talk to us about the pearl and we are very fortunate today that we have two pearls that we’re confirming.

“We’re also very fortunate that this Friday the 13th is a lucky day for Hawaii because we’re getting two individuals that have the ability to make the necessary changes in our judiciary and to move the judiciary along to make sure and guarantee that justice remains blind, but not dumb, and justice also is non-partisan.

“So, on behalf of my colleagues, we urge everyone to make this a speedy confirmation of Judge Nakamura. Thank you very much, Mr. President.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 2 (Aduja, Ige, Whalen).

At this time, Senator Hanabusa introduced Judge Nakamura and his family, to the members of the Senate.

REFERRAL OF HOUSE BILL

MATTER DEFERRED FROM THURSDAY, FEBRUARY 12, 2004

H.B. No. 1819 (Hse. Com. No. 5):

By unanimous consent, action on H.B. No. 1819, entitled: “A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE,” was deferred until Tuesday, February 17, 2004.

At this time, Senator Kawamoto rose and said:

“I’d like to request that the Senate adjourn on a rising vote in memory of those that were killed this morning on the highway. Unfortunately, preliminary indications say that a couple of these cars were racing and speeding. May it reenergize us in our desire to do something about curtailing these activities.”

ADJOURNMENT

At 12:11 o’clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Tuesday, February 17, 2004, on a rising vote, observing a moment of silence for the victims of the fatal accident on the H-1 Freeway this morning.

Respectfully submitted,

Clerk of the Senate

ORDER OF THE DAY

THIRD READING

S.B. No. 1000, S.D. 1:

On motion by Senator Fukunaga, seconded by Senator Chun Oakland and carried, S.B. No. 1000, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD ABUSE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (English).

S.B. No. 2003, S.D. 1:

Senator Kawamoto moved that S.B. No. 2003, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Whalen rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill, and I'll make it very brief.

"Most people, especially on Oahu, aren't aware that on the neighbor islands we have large families with usually just one vehicle. And taking away the exemption, if you have more kids than you have seat belts, you have to either leave them at home and risk child endangerment or make two trips. The law is already there to put them in seat belts. As far as I know, they get tickets. If you don't, it's being enforced. But, to say that you have to leave kids at home or you can't go on trips and stuff because your car isn't big enough and you don't have enough seat belts in your car, I just think we're going too far in our zeal to wrap everyone in bubble wrap.

"Thank you."

Senator Kawamoto rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of the bill.

“Mr. President, I realize that it’s an inconvenience, but we’re talking about safety. It’s difficult to have a mother or someone responsible for children in the back seat having to choose which child will not be restrained and the possibility of getting the effects of an accident or something that would happen to them. This is an impossible task.

“We had that exemption a long time ago when we had older cars and it was impossible to put seat belts in the back, but now we have the capability of doing it. So, therefore, Mr. President, I urge all my colleagues, in the interest of safety, to pass this bill.”

The motion was put by the Chair and carried, S.B. No. 2003, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PASSENGER RESTRAINT DEVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 17. Noes, 7 (Hogue, Ige, Inouye, Kim, Slom, Trimble, Whalen). Excused, 1 (English).

S.B. No. 2015:

Senator Kawamoto moved that S.B. No. 2015, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senators Hogue and Tsutsui requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2015, entitled: “A BILL FOR AN ACT RELATING TO ABANDONED VEHICLES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (English).

S.B. No. 2021, S.D. 1:

On motion by Senator Kawamoto, seconded by Senator Espero and carried, S.B. No. 2021, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO STREET ROD VEHICLES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (English).

S.B. No. 2022:

Senator Kawamoto moved that S.B. No. 2022, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2022, entitled: “A BILL FOR AN ACT RELATING TO DUNE BUGGIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Inouye, Tsutsui). Excused, 1 (English).

S.B. No. 2034:

Senator Kawamoto moved that S.B. No. 2034, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Ihara rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to S.B. No. 2034.

“Mr. President, this bill relates to the Hawaii Procurement Code and attempts to exempt from the disbarment process, contractors who violate state campaign laws. For the members’ information, disbarment means that a contractor is not allowed to bid on a state contract because they have either been convicted of violating state law, including campaign spending laws, or have violated a contract with state government.

“Mr. President, I believe that a government contractor that’s fined hundreds of thousands of dollars for a large number of campaign donation violations, which has happened, should be subject to the process of disbarment. Mr. President, this means being subject to the process of disbarment does not mean that they are automatically disbarred. There is a lengthy process where there is a notification procedure. There’s a procedure for reviewing and appealing, and notice of disbarment, etc.

“With all due respect to the bill’s promoters, I believe it is unwise for the Legislature to statutorily override procurement code rules to allow the most egregious violators of state campaign laws to be exempt from this process, and therefore be allowed to get government contracts, even those that have been fined several hundreds of thousands of dollars due to violations of state campaign laws.

“Thank you.”

Senator Kawamoto rose to speak in favor of the measure and said:

“Mr. President, I rise in favor of this bill.

“Mr. President, the concern out there is not what the law is. The concern is the vagueness, the fairness, and a clear definition of what disbarment is all about. This bill provides that capability.

“Mr. President, I urge all my colleagues in fairness and ensuring that our policies are clearly defined. Thank you.”

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to the bill.

“Mr. President, this is a thinly veiled attempt to undo the modicum of brief reform that we enacted prior. I think with the actions that have been taken by the campaign spending commission – the indictments, the convictions – we have seen that there is a definite pattern of abuse of public contracts. And in the committee report, the committee report says, quote, ‘administrative action does not rise to the level of the serious deviation from the standards of honesty, such as would warrant debarment or suspension from bidding on government contracts,’ unquote. I strenuously disagree with that. I think the whole question is about honesty and the appearance of honesty. We’ve had too many instances already. We have instances still continuing.

“So, if anything, the contract by anyone that had been cited should be put in abeyance. This does give discretion to the office of procurement; it does not mandate that they do that. It’s interesting, however, that the state’s procurement officer testified in opposition to this bill, and so, I’ll be voting ‘no’ and urge my colleagues to do the same.

“Thank you.”

Senator Sakamoto rose in support of the measure and stated:

“Mr. President, I rise in support of the measure.

“There’s no question that we need good people administrating our rules. There’s no question that things rise to a point where certain professionals should be debarred. Our current laws includes some of those things that the Legislature has deemed wise – criminal offense, embezzlement, etc., antitrust. But it’s a different thing to say, let’s administratively do something, and if the Legislature feels that some of the previously mentioned items rise to a point that they feel they need to put that in statute, that would be a wiser move than to just say well let’s administratively take care of things that perhaps may rise to a level of debarment.

“Debarment is not a simple thing. Perhaps one would say that a business should be debarred from doing business administratively because somebody in DCCA said they’ve violated some law or some rule. I don’t think the Senator from Hawaii Kai, for his proponents, to support small business, would want an administrative action to prevent any business from operating solely administratively.

“So, I think things do rise to debarment. Let’s let the important things rise there, but let’s not administratively handle something that could really be the demise of a business, many employees and customers just based on an administrative procedure.

“Thank you, Mr. President.”

At 12:14 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:26 o’clock p.m.

Senator Kawamoto rose and said:

“Mr. President, although I believe in this bill, I also believe what the Senator from Moanalua and Aiea indicated. Also, I believe that sometimes, administratively, due process is not given to the people that are being charged.

“Mr. President, in the interest of the Body, I move that we recommit this bill.”

Senator Kawamoto then moved that S.B. No. 2034 be recommitted to the Committee on Transportation, Military Affairs, and Government Operations.

By unanimous consent, S.B. No. 2034, entitled: “A BILL FOR AN ACT RELATING TO HAWAII PUBLIC PROCUREMENT CODE,” was recommitted to the Committee on Transportation, Military Affairs, and Government Operations.

S.B. No. 2344, S.D. 1:

On motion by Senator Kawamoto, seconded by Senator Espero and carried, S.B. No. 2344, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (English, Whalen).

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill Referred to:

No. 2495, S.D. 1 Committee on Economic Development, then to the Committee on Ways and Means

REFERRAL OF HOUSE BILL

MATTER DEFERRED FROM TUESDAY, FEBRUARY 17, 2004

The President made the following committee assignment of a House bill received on Tuesday, February 17, 2004:

House Bill Referred to:

No. 1797 Committee on Health, then to the Committee on Commerce, Consumer Protection and Housing

Senator Kokubun, Vice Chair of the Committee on Energy and Environment, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 3160.

Senator Kokubun noted:

“Mr. President, this bill establishes standards and guidelines for toxic mold exposure, and your Committees on Energy and Environment and Health held a joint hearing on this bill yesterday afternoon.”

The Chair then granted the waiver.

Senator Kanno rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, I was disturbed to read the lead story in the morning Advertiser – ‘Anti-crime project cash-strapped; future of weed & seed program uncertain.’

“What is most upsetting is that the Lingle Administration is not supporting Weed & Seed. The program works! For the Kalihi-Palama-Chinatown site, major felonies dropped from 3,498 in 1977 to 1,167 in 2002 – a 67 percent decline. Drug offenses dropped a whopping 89 percent from 2,196 in 1997 to 246 in 2002.

“Weed & Seed programs have brought an innovative approach to a long-standing law enforcement problem. It’s not enough to ‘weed’ out the criminal element – we also need to sow the ‘seeds’ that bring new life to a community and turn it into one that is no longer just a breeding ground for crime.

“Under Weed & Seed, career criminals and repeat drug offenders are targeted. Convicts face harsher penalties and federal prison time. When these convicts are sentenced to a federal prison, they do not under any circumstances get released

early or parole. This is one tremendous advantage over the State’s overcrowded prison system. Under Weed & Seed, a convict can be barred from re-entering a Weed & Seed site for a designated number of years. If the convict disregards this and returns to the Weed & Seed site, the convict can be immediately arrested. This is another feature of Weed & Seed that helps the law enforcement community.

“Establishing a Weed & Seed site requires the mobilization of the community. Government doesn’t decide where to initiate a site; community members must step forward and get actively involved in preparing the application.

“Weed & Seed sites have been established at Waipahu, Ewa Beach and Kalihi/Palama/Chinatown – which has been expanded to include the Ala Moana/Kaheka area and Kalihi Valley. The state has also submitted applications for two more sites – Waianae on Oahu and Pahoehoe on the Big Island.

“There are 351 sites nationwide – only 170 have received federal money. Congressman Ed Case was quoted in this morning’s article, ‘it is a very popular program. There is no question that the Bush Administration has been unable to match the funding to the demand.’

“The program has support from both political parties and from all levels of government and law enforcement. U.S. Attorney Ed Kubo said, ‘sustaining interest, activism and involvement is difficult and crucial to the program’s success.

“Darrlyn Bunda, Executive Director of the Waipahu Community Association, sums it up best. I’m quoting, ‘It always amazes me that when we have successful programs, they are not adequately funded so that they can do the work that they were intended to do. Some programs are not as far-reaching receive funding. Sometimes I wonder about the priorities.’

“In order to address the ice epidemic, Hawaii will need a multi-pronged approach that is actively supported by all levels of government and the community. However, in developing a statewide mobilization effort to eradicate Hawaii’s ice epidemic, the Lingle Administration has chosen not to use the Weed & Seed program as part of its strategy. I ask my colleagues to wholeheartedly support Weed & Seed and hopefully, the Governor’s Administration will join the rest of the community behind one of government’s most successful programs.

“Thank you.”

Senator Hemmings rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“I most appreciate the dissertation you just heard by the previous speaker, especially when it brings home the point that the Lingle Administration has been trying to make regarding the ice epidemic, and that simply is that rehabilitation by itself, without the hammer of incarceration and penalties and law enforcement is very ineffective. I find it quite hypocritical for the Majority Party to be politicizing this issue on the Floor without recognizing that the Lingle Administration and your House and Senate Minority supports rehabilitation where it will work, combined with the effective hammer that Weed and Seed, the drug court, provides in making rehabilitation work. But the Majority Party has chosen to advocate through 21.6 million additional dollars to the millions that are already being spent on rehabilitation, without Weed and Seed and drug court incentives to make those addicted to drugs make a hard choice.

“This hypocrisy of throwing more money at a problem, without accountability, seems to be the modus operandi of the Majority Party for the last 30 years. And if you want to get political about this issue, we’re ready. The Lingle Administration is trying to change the way we’ve done things in the State for years, and I’m damn proud of what she’s doing.

“Pouring more money into public education, for instance, has not solved the problem. Pouring more money into rehabilitation alone will not solve the problem. I’m most pleased you have brought this up. We’re ready for you.

“A slogan that I think is in the talking points of the Majority Party is that the Lingle Administration wants to do more with less, something that we in the private sector and our families have to do all the time. But that seems to fly in the face of the Majority Party’s long-standing practice of doing less with more.

“Let’s try to be balanced. We’re willing to sit here and work with you, but we’re not willing to sit here and take political abuse at the expense of the people.

“Thank you, Mr. President.”

Senator Slom rose on a point of personal privilege and said:

“Mr. President, I, too, rise on a point of personal privilege.

“I just wanted to bring some good news and to reassure my colleague from Makakilo. I did not read the article in the Advertiser. I know that the Advertiser tries very hard but usually doesn’t get the stories right and I know there’s a nexus between the Majority Party and the Honolulu Advertiser. I noticed that there was nothing, no direct quotes from the Governor in that article that was mentioned.

“But let me reassure my colleagues that I did listen to the Governor on KHVH Radio this morning at approximately 7:42 a.m. when the question was asked about the Weed & Seed program, and the Governor herself responded to the question saying that, first of all, if Congressman Case or anyone else had a difficult situation with the national congress, and they are in the national congress, then they should use their expertise to in fact get funds from the federal government, but if in fact federal funds were short or were not forthcoming, that she, Governor Lingle, said that the Weed & Seed program was a community asset, was taken into consideration with other options that the Minority Leader had just mentioned, that she would be very happy to continue to support it and would find state funding for it.

“So, I think if we’re going to quote the Governor, maybe we should actually quote the Governor, and that’s what the Governor said this morning. Check the record on KHVH.

“Thank you, Mr. President.”

Senator Kanno rose again and said:

“Mr. President, I rise on a point of personal privilege.

“I’d like to request that the former speaker follow-up, please, and inquire with the Governor if she will be sending down a governor’s message supporting the half-a-million dollar appropriation being requested for Weed & Seed. All records indicate that she is not supporting the appropriation if it displaces any of her budget. She has not included Weed & Seed in the budget.

“In regards to the comments from the Senator, I’d like to add that Weed & Seed is a proven crime reduction strategy. It

works, and I hope that the administration is not supporting any efforts to reinvent the wheel when we have a proven mechanism that has worked in our community in high crime areas. We hope that the Governor will come down with an emergency message to support their funding request and have that included in her budget, which has not been included at this time.

“Thank you.”

Senator Hemmings rose again and said:

“Mr. President, I rise on a point of personal privilege.

“I’m very pleased to look across the aisle at the hand to cooperate on this issue, and your loyal opposition, your Minority Party, will be more than happy to consult with the Governor on finding appropriations to support Weed and Seed. Likewise, I hope that you will put in your ominous bill where you’re spending \$21.6 million on rehabilitation that you find the \$500,000 out of those funds to fund Weed and Seed and we’ll all be happy.

“Thank you.”

ADJOURNMENT

At 12:21 o’clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o’clock a.m., Thursday, February 19, 2004.

ORDER OF THE DAY

ADVISE AND CONSENT

Stand. Com. Rep. No. 2113 (Jud. Com. No. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2113 be received and placed on file, seconded by Senator Chun Oakland and carried.

Senator Hanabusa then moved that the Senate consent to the nomination of WILLIAM A. CARDWELL to the Office of Judge, District Court of the First Circuit, for a term of six years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Chun Oakland.

Senator Hanabusa rose to speak in favor of the nominee and said:

"Mr. President, I rise to speak in favor of Jud. Com. No. 1.

"Mr. President, Chief Justice Moon has selected William A. Cardwell for the position of the District Court of the First Circuit, State of Hawaii.

"Mr. President, I'd like to say that, as a practicing attorney, I have the greatest respect for any attorney who selects himself or herself to serve in the District Court. It is, in my opinion, going beyond the call of duty.

"With Mr. Cardwell, we have someone very qualified. He's a University of Utah graduate for his undergraduate career, served in the US Army and went on to University of California, Berkeley, Boalt Hall for his law degree. There he graduated Order of the Coif or Order of the Coif, depending on which European accent you want to adopt, but, in essence, a very high, high distinction. He served in San Francisco as a practicing attorney and then came to Hawaii and was part of the law firm of Cades Schutte Fleming and Wright, of course where Rick Clifton also stems from.

"What was very interesting in the testimony that we received is he also was a law clerk for Sam King. And Sam King had that interesting saying just as Judge Nakamura, and then Mark Bennett, the Attorney General, came forward and shared a very interesting story with us. Sam King takes full credit for matchmaking Mr. Cardwell with his wife, Cora Lum, someone that is no stranger to all of us. So we have another Sam King story running through this appointment as well.

"The Hawaii State Bar Association deemed Mr. Cardwell to be highly qualified. The interesting testimonies that we received basically said that he was extremely competent and

very well qualified. But what I'd like to say is that this one regular person, not a lawyer, said that he best describes Mr. Cardwell as someone with 'equanimity.' By the way, I went to the dictionary, so for those who are vocabulary-challenged, like those of us from Waianae, it means somebody who can be fair, even under stress.

"One of the most interesting things that I believe was said during the proceeding was the fact that Mr. Cardwell truly enjoys being a District Court Judge. He's been a per diem Judge since September of 2002. He says the reason he wants to be a District Court Judge is because he has immediate impact on so many people's lives, and he enjoys and loves District Court and Small Claims Court. Mr. President, that's why I believe this is beyond the call of duty. You've got to be in District Court to understand anybody loving that process. He said he likes it because the District Court, for most, is the only exposure they have to the legal system, and he believes it was his responsibility to treat them fairly, with dignity, respect, to be calm, and to listen to them. I think those are the characteristics that we want to see in a District Court Judge.

"He, of course, has been an attorney for 30 years now, and I believe that we can have no better an appointment to the District Court of the First Circuit, State of Hawaii. So I ask that you and my colleagues join me in consenting to the nomination of Mr. Cardwell to the District Court of the First Circuit of the State of Hawaii.

"Thank you, Mr. President."

Senator Hogue rose to speak in favor of the nominee and said:

"Mr. President, I also rise in favor of Jud. Com. No. 1 in support of William Cardwell.

"Colleagues, I'm not an attorney, nor do I play one on TV, but I will tell you that I was very impressed with Mr. Cardwell, who will, I think, be a terrific Judge and do a great job on the District Court of the First Circuit.

"He is very imminently qualified – impressive qualifications – and when he and I talked in my office, he talked about how he really wants to move the docket along and have some very succinct ideas on how that can happen, and I like to hear that when we hear some of the criticism of the judiciary.

"So, he's going to take his responsibilities very, very seriously. He will do it with tremendous compassion and that other word that the Senator from Waianae mentioned as well that sportscasters rarely use in their vocabulary.

"So once again, Mr. President, I urge strong support of Jud. Com. No. 1, William Cardwell to the District Court of the First Circuit, and I urge all my colleagues to vote favorably.

"Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Sakamoto, Whalen).

At this time, Senator Hanabusa introduced Judge Cardwell, who was seated in the gallery with his family, to the members of the Senate.

Stand. Com. Rep. No. 2114 (Jud. Com. No. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2114 be received and placed on file, seconded by Senator Chun Oakland and carried.

Senator Hanabusa then moved that the Senate consent to the nomination of CHRISTINE E. KURIYAMA to the Office of Judge, District Family Court of the First Circuit, for a term of six years, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, seconded by Senator Chun Oakland.

Senator Hanabusa rose to speak in favor of the nominee and stated:

"Mr. President, I rise to speak in favor of Jud. Com. No. 2.

"Mr. President, Chief Justice Ronald Moon has selected Christine E. Kuriyama to the position of District Family Court of the First Circuit of the State of Hawaii.

"I would like to begin by first saying if there's anything more than the District Court, it's anyone who would choose to go to Family Court that I have the deepest respect for.

"Ms. Kuriyama has been a practicing attorney for 25 years. She is a University of Hawaii graduate and she went to the Hastings College of the Law. The Hawaii State Bar Association has deemed her qualified for this position.

"I would like to say that she has served in this capacity of a per diem Judge in Family Court since 1995, and she still wants to be a Family Court Judge. She has done this even after serving in all divisions of the Family Court. She served in the domestic, the special juvenile and adult criminal divisions of the Family Court and finds this to be the position that she would like.

"She's also had a very interesting career, and I'm just going to highlight it. She's been the House Majority Attorney; she's worked for the Department of Commerce and Consumer Affairs; she's been a Deputy Attorney General; she's been in a civil litigation firm, actually a partner with Greeley Walker and Cowan; and she chose to be almost a full-time per diem Judge beginning last year sometime.

"What was very impressive about what came forward in the testimony was there was someone unsolicited by her, of course, who went around and got 61 signatures of those who are employed at the Family Court. Mr. President, you have got to be at the Family Court to understand what a feat that is. You know, I've always described them as little fiefdoms all over. But to get 61 of them to agree that they would like to see Ms. Kuriyama be appointed and confirmed by this Senate as a Judge there, I believe it's a very high statement to her.

"Judith Pavey submitted testimony saying that she is a wonderful person and an amazing mom. Mr. President, I don't think there's very much more that you can say – someone so dedicated to this profession that 61 of the people that work with her and for her would support her, and yet she is able to maintain her persona as a wonderful person and amazing mom and still be in Family Court. I can't tell you how impressive that is to me.

"So, Mr. President, colleagues, I hope that you join me in consenting to the nomination of Christine Kuriyama to the District Family Court of the First Circuit of the State of Hawaii.

"Thank you very much."

Senator Hogue rose to speak in favor of the nominee and said:

“Mr. President, on behalf of your Minority, I also rise to speak in favor of Jud. Com. No. 2 in support of Christine Kuriyama who will go to the District Family Court of the First Circuit.

“Colleagues, I have had the opportunity to go before the Family Court on a couple of occasions: once, when I adopted my youngest daughter – it was a very happy occasion; and then recently with some very strong challenges that we had with our teenage son. Both times, I was glad that there was someone behind the bench that was compassionate, very qualified, understanding of the issues involved, and I know that Christine Kuriyama will follow in the footsteps of some of our other very outstanding judges in some of these very challenging issues that have to do with families and individuals and, in some cases, with our juveniles with things like mental illness and substance abuse.

“So, I urge all of my colleagues, to support Christine Kuriyama who I know will do a terrific, terrific job on the bench, and I hope that all will vote favorably.

“Thank you, Mr. President.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Sakamoto, Whalen).

At this time, Senator Hanabusa introduced Judge Kuriyama and her family to the members of the Senate.

At 12:21 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:29 o'clock p.m.

RE-REFERRAL OF SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill	Referred to:
No. 2139	Jointly to the Committee on Science, Arts, and Technology and the Committee on Tourism

Senator Slom rose to speak on a point of personal privilege and said:

“Mr. President, I rise on a personal point of privilege.

“Mr. President, I have to say that we were in a hearing this morning. There were four Senate Committees on a Senate Bill. It had to do with workers' compensation, among other things. Basically, the bill really was about fraud in all its forms, for every type of insurance in the State of Hawaii, to protect every individual.

“I must tell you, Mr. President, I've been involved in efforts to reform workers' compensation for more than 20 years as an individual, and also with various groups and organizations, and as a State Senator. And I've got to tell you further, Mr. President, that the action today leaves me appalled, disappointed and angry, because once again, the business community, which has told us year after year that workers' compensation reform is the number one priority and the number one issue, once again we are about to sell them down the river.

“We have a bill, S.B. No. 2884, it's a good bill. Everyone that was there this morning in the nearly two hours of testimony, testified in favor of the bill. We had all kinds of disparaged groups. There were a lot of people that gave very telling stories about medical problems that they had with their health provider. And that's fine. There were some problems with definition that needed to be worked out and amendments needed to be made. And that's fine. Everybody was in agreement.

“I asked the insurance commissioner, Mr. Schmidt, this bill that addresses fraud, in all its forms, whether it's against employer, employee, provider, or patient, fraud is fraud, and fraud costs us all and hurts the society. I asked the insurance commissioner, was there any type of insurance that would not be covered by this bill that would give the insurance commissioner the major responsibility and priority to go after fraud and to end it? And his answer was that it covered ALL insurance – temporary disability insurance, health care, auto insurance, and workers' compensation.

“A number of business groups were there today, and a number of others sent in testimony in strong support of this bill and all of its ramifications for everyone else – in medical and everything else. When it came time for decision-making, the Chairs decided that they would remove the portion that had to do with workers' compensation, though no one testified against workers' compensation except for two organizations who chose not to show up – the AFLCIO and the ILWU, who for more than 20 years have opposed any reform in workers' compensation and any addressing of fraud in workers' compensation even though, again, I repeat and the insurance commissioner repeated, it doesn't matter whether the infraction or the fraud is committed by an employer, any business, or anyone else, it still will be vigorously prosecuted. But, the idea was to listen to these organized labor organizations who weren't even there, who were not subject to questioning or scrutiny – the only ones that opposed that portion of the bill.

“So, the decision was made to exercise out workers' compensation, even though this bill is about workers' comp, TDI, prepaid health and auto insurance fraud – and it is so blatant and so clear. The excuse given was that there is a House Bill moving, which is a separate bill entirely. This is an omnibus bill.

“Again, the Senate is choosing to punt, to give up its responsibility to take action. Again, the Senate is sending a strong message to the business community – we really don't believe in a fair and level playing field; we don't care that this is your number one issue; we don't care that fraud is a major cost driver in workers' compensation; we don't care that Hawaii and Hawaii's employers, the only ones who pay workers' comp, not any employee, we don't care that our rates are the third highest in the nation.

“Fraud is not a partisan issue. And it's true we had bipartisan support to keep that portion in the bill. But the Chairs of the Committee have chosen not to keep it in the bill. Yes, there was a suggestion – let's put something in the committee report, but we all know the committee report doesn't have the weight and the strength of the bill.

“And, so, Mr. President, I'm very sad . . .”

Senator Tsutsui interjected:

“Recess, Mr. President.”

At 12:35 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:40 o'clock p.m.

Senator Slom rose and said:

"Mr. President, in the interest of caring for our colleague, I'll conclude my remarks. I think my point has been made. Thank you."

ADJOURNMENT

Senator Kawamoto, moved that the Senate adjourn until 7:00 o'clock p.m., Friday, February 20, 2004, seconded by Senator Hogue.

At 12:41 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:46 o'clock p.m.

At this time, Senator Kawamoto withdrew his motion to adjourn and Senator Hogue withdrew his second.

Senator Kanno, Chair of the Committee on Labor, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. Nos. 2073 and 2254.

Senator Kanno noted:

"Mr. President, S.B. No. 2073 deals with an optional retirement program for university professors.

"Also, on S.B. No. 2254, this was a bill that was previously heard. At the hearing, we had said the decision-making would be tomorrow at our 1:00 hearing, but the proper notice wasn't filed with the Clerk's Office. I understand that we need a waiver in order to schedule decision-making for our hearing tomorrow at 1:00."

The Chair then granted the waiver.

At 12:47 o'clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 7:00 o'clock p.m., Friday, February 20, 2004.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

By unanimous consent, action on H.B. No. 2685, entitled: "A BILL FOR AN ACT RELATING TO BAIL JUMPING," was deferred until Monday, February 23, 2004.

H.B. No. 2689 (Hse. Com. No. 11):

By unanimous consent, action on H.B. No. 2689, entitled: "A BILL FOR AN ACT RELATING TO STALKING," was deferred until Monday, February 23, 2004.

ADJOURNMENT

At 7:15 o'clock p.m., on motion by Senator Kawamoto, seconded by Senator Whalen and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, February 23, 2004.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

TWENTY-FIRST DAY

Monday, February 23, 2004

The Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, convened at 11:57 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by the Reverend Grace Ripple, United Methodist Church, Hawaii District, after which the Roll was called showing all Senators present with the exception of Senators Menor, Sakamoto and Whalen who were excused.

The President announced that he had read and approved the Journal of the Twentieth Day.

ORDER OF THE DAY**THIRD READING**

S.B. No. 2246, S.D. 1:

Senator Inouye moved that S.B. No. 2246, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Kokubun rose to speak in support of the measure with reservations and stated:

"Mr. President, I stand in support of this bill with reservations.

"Mr. President, as you know, this legislation was adopted last Session and, in fact, was subject to a gubernatorial veto, and this body voted to override that veto. I think the concerns that were raised at that time had to do with what was covered, in terms of the restrictions, and I believe when the bill was originally developed, that was taken into account by allowing the counties to participate and allow any restrictions that were meant to be placed on any agricultural lands to be provided through county ordinance. That is still within the bill.

"I think that's the viable way of providing for restrictions with public notification and citizen participation, but I will vote in support with reservations. Thank you."

Senators Hooser, Ihara and Ige requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2246, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 2825:

Senator Kawamoto moved that S.B. No. 2825, having been read throughout, pass Third Reading, seconded by Senator Hanabusa.

Senator Hemmings rose to speak in favor of the measure and said:

"Mr. President, I'm rising to speak in favor of the bill, but wish to ask a point of clarification.

"Mr. President, in the purpose clause of the bill it clearly states that they submit to a biannual performance evaluation report to the Legislature in even numbered years, but in amending the bill, it says that the performance evaluation to the Legislature in odd number years. My question is, in order for it to pass the scrutiny of the courts, does the purpose clause have to be amended to comply with the intent of the bill?"

The President inquired:

"Are you asking the question to Senator Hanabusa?"

Senator Hemmings replied:

"Yes, I'd like to ask the Chair of the Committee that is passing the bill out, the good Senator from Waianae."

Senator Hanabusa rose and responded:

"Mr. President, Senator Kawamoto is lead on this, but I will take it.

"This is an administration measure, and I assume that the administration had it reviewed by the Attorney General. So, my understanding of it is that it does meet the requirements of our laws.

"Thank you. You can check with the Attorney General."

The motion was put by the Chair and carried, S.B. No. 2825, entitled: "A BILL FOR AN ACT RELATING TO THE ELECTIONS APPOINTMENT AND REVIEW PANEL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 2522:

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, S.B. No. 2522, entitled: "A BILL FOR AN ACT RELATING TO STATE BONDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 2523:

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, S.B. No. 2523, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 2524:

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, S.B. No. 2524, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 2525:

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, S.B. No. 2525, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 3179:

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, S.B. No. 3179, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 3182:

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, S.B. No. 3182, entitled: "A BILL FOR AN ACT RELATING TO THE STATE OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

S.B. No. 2759:

At 12:05 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:06 o'clock p.m.

By unanimous consent, S.B. No. 2759, entitled: "A BILL FOR AN ACT RELATING TO REAL PROPERTY TAXES ON KULEANA LAND," was recommitted jointly to the Committee on Judiciary and Hawaiian Affairs and the Committee on Transportation, Military Affairs, and Government Operations.

S.B. No. 3125, S.D. 1:

By unanimous consent, action on S.B. No. 3125, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," was deferred until Tuesday, February 24, 2004.

S.B. No. 2427, S.D. 1:

On motion by Senator Hooser, seconded by Senator Chun Oakland and carried, S.B. No. 2427, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TEACHERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Menor, Sakamoto, Whalen).

Stand. Com. Rep. No. 2506 (S.B. No. 245, S.D. 2):

Senator Kawamoto moved that Stand. Com. Rep. No. 2506 be adopted and S.B. No. 245, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Ihara rose to speak in favor of the measure as follows:

"Mr. President, I am in favor of this bill, but I want to note my concern about this bill being possibly a county mandate, which is not permissible by the Constitution, and the county of Honolulu is opposed to this bill as well.

"Thank you."

Senator Hogue rose to speak in opposition to this measure and said:

"Mr. President, I rise in opposition to this one. I'm trying to figure out exactly why this is moving forward.

"This Vanpool Hawaii program is an excellent program. I know I have many constituents who appreciate it, and they are concerned about the future of it. As you know, colleagues, it's federally funded; it's consumer financed. So, this isn't about funding. It's about moving it over from the state to the city and county. And the state, in its testimony, said that they would approve this legislation if the city and county wanted to gain access over this very worthy program, Vanpool Hawaii. Well, the city and county of Hawaii testified against that.

"So, I can't quite figure out why it is that we're trying to move this bill forward, which could have the unintended consequences of killing this very worthy program. So, I would urge all my colleagues to think twice about voting in favor of it. I'm going to vote in opposition.

"Thank you."

Senator Kawamoto rose to speak in favor of the measure and said:

“Mr. President, I rise in favor of this bill.

“Mr. President, we’re taking the lead from the administration. The administration has indicated to us that transit and those kind of activities should be home rule and left to the counties.

“As the previous speaker said, it has no state funding concerns. It’s all federally funded. It’s run by Vanpool, private sector, and that’s the reason why the opposition was there. The concern was about the future of Vanpool. We’re not doing anything to jeopardize the future of Vanpool. We’re just allowing the counties to have jurisdiction over Vanpool and who will receive the federal funding directly from the federal government. We are just a pass-on; we just pass on the monies to Vanpool Hawaii.

“So therefore, Mr. President, I favor this administration bill, really, and their wishes. In fact, they already have an RFP going at which time they will have the RFP made in April of this year and we will turn everything over to them.

“I urge my colleagues to vote ‘aye’ on this bill. Thank you.”

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I, too, rise in opposition to the bill.

“Again, this is one of those funny bills where you vote ‘no’ because you want to be ‘yes,’ and you want to be positive. As the Minority Floor Leader had stressed before, we are in support of the Vanpool program because it is an option to other government programs. It’s been very successful – they have people waiting in line to do it.

“The problem is I read the testimony. I’m not on the Committee, but I read the testimony from the Department of Transportation. It was one line. And it said that the Department of Transportation supports this legislation if the respective counties want the legislation. Then I read the testimony from the City and County of Honolulu, Department of Transportation Services, and they said they don’t want it. So, it would lead me to believe that if that were the rationale for turning it over, acceptance by the county, and since the county has been pushing more governmental and tax related programs, such as the BRT and mass transit, it would seem to me that no one really is concerned about continuing the Vanpool.

“In addition to that, I believe that the S.D. 1, the current bill that we have, has pushed back the date from April 1 of this year to April 1 of 2005. So, only because there has not been a clarification of this, and again to reiterate our support of the Vanpool program itself, as it’s constituted, I will be voting ‘no.’

“Thank you.”

Senator Ihara rose and said

“Mr. President, I am persuaded by the Minority’s comments. Actually, I’m not serving on the Transportation Committee, but I noticed the testimony. I just received it and it does, in fact, say that the Department of Transportation supports the transfer of the Vanpool program to the counties upon respective acceptance by the counties. And therefore, all the testifiers testified against this bill.

“Thank you.”

Senator Baker requested her vote be cast “aye, with reservations,” and the Chair so ordered.

Senator Kim rose and said:

“Reservations. I’m afraid the Mayor might want to try and drive these vans.” (Laughter.)

Senators Tsutsui, English, Aduja, Hooser and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2506 was adopted and S.B. No. 245, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSPORTATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 15. Noes, 7 (Chun Oakland, Hemmings, Hogue, Ihara, Inouye, Slom, Trimble). Excused, 3 (Menor, Sakamoto, Whalen).

HOUSE COMMUNICATIONS

MATTERS DEFERRED FROM FRIDAY, FEBRUARY 20, 2004

H.B. No. 2683 (Hse. Com. No. 9):

By unanimous consent, action on H.B. No. 2683, entitled: “A BILL FOR AN ACT RELATING TO DEFERRED ACCEPTANCE OF GUILTY PLEA AND DEFERRED ACCEPTANCE OF NOLO CONTENDERE PLEA,” was deferred until Tuesday, February 24, 2004.

H.B. No. 2685 (Hse. Com. No. 10):

By unanimous consent, action on H.B. No. 2685, entitled: “A BILL FOR AN ACT RELATING TO BAIL JUMPING,” was deferred until Tuesday, February 24, 2004.

H.B. No. 2689 (Hse. Com. No. 11):

By unanimous consent, action on H.B. No. 2689, entitled: “A BILL FOR AN ACT RELATING TO STALKING,” was deferred until Tuesday, February 24, 2004.

Senator Kawamoto rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, I had a very exciting weekend, this weekend. First of all, I had an opportunity to witness one of the first in the nation, a project labor agreement on the Army USS Missouri. As quoted by Senator Inouye and Congressman Abercrombie, this is the ‘first of its kind in the nation.’ I like to think we played a small role – we, meaning the Chairman of ECD and myself. I think we put the pressure on as far as our concern for the Davis Bacon Act of using and following the state and county laws. I think we got the private sector and all the building trades together under one roof and agreed on this thing we now call the ‘Aloha Stabilization Agreement.’ So, again, congratulations to our Body for putting the pressure on.

“The second thing I’d like to talk about is that I had the opportunity to address the Hawaii National Guard at Hickam Air Force Base at their annual business meeting. Again, we discussed the many bills that are going through the Legislature – the status and where they are and so forth. In appreciation, I

accepted a certificate on behalf of the Senate. The certificate is from the Hawaii Air National Guard in appreciation for our efforts in the Legislature.

“Thirdly, on Sunday, I had the opportunity to represent the Senate at the Order of the Purple Heart at Punchbowl. What was there was the normal annual gathering, but there was one speaker there that was truly outstanding. I would say, of the all the years I’ve been to Punchbowl, he was the best speaker we’ve ever heard, in the last ten years. Basically, you could feel the gratitude of the many, many thousands of Koreans who have become naturalized U.S. citizens and their gratitude for the men and women that fought in the Korean War. It was a very moving speech and we had the opportunity to do that. I’d like to say thank you for the opportunity again to go to this memorial service.

“So, again, I thank the Body for allowing me to do this. Thank you.”

Senator Trimble rose on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“The chaos that has characterized the first month of this Legislative Session reflects poorly upon this institution and its ability to fulfill the purpose for which it was intended.

“A few Fridays past, I commented that our bureaucracies are organic, creatures of our own making and that if we were dissatisfied with their outputs, then we should consider changing the reward structure. These comments are germane to this institution.

“When I was young, winning the race was the only thing that mattered. With age, I find that merely finishing the race can also be a certain source of satisfaction.

“Much time last Session was spent with talk of bridges, as if our work were engineering problems and not a human process. If it were an engineering problem, then all we need to do is select one engineer and give him the problem. If the project involves several bridges, then we select several engineers and tell them to design-build. To act thusly is not democratic but autocratic. It may be an efficient way of churning out hundreds of laws. And if this is what we as individual Senators truly believe constitutes victory, each having a bill that we can call our own with its modicum of photo opportunities at the end of the Session, then I think we have failed in our responsibility to represent our constituents. We have failed because we have not taken advantage of our greatest strength, which is our diversity in collective dialogue to express the range of our experience and the values that we separately hold in the crafting of legislation.

“If I can be permitted to use another analogy I would turn to the allegory of the five blind men who happened upon an elephant and were trying to determine what it was that they had encountered. This allegory recognizes that what is being considered is not an engineering problem but a human process whose solution depends upon the effective dialogue of the five blind men separately describing the essential nature of the beast before them.

“I want to thank the Chairpersons of the Committees upon which I serve. I thank them for their thoughtfulness and inclusiveness in both the informational briefings and committee hearings. But Mr. President, the importance of these informational briefings and hearings is in the discussions that follow the canned presentations. Our informal deliberations matter. Participation in these meetings enable us to make better

law. We cannot do this when scheduling does not allow each member of the Committee to participate in the meetings of the Committees to which they are assigned.

“At one hearing last week, I was the only Senator in the room. After waiting half an hour, I went to my next scheduled hearing where I was one of two Senators. When our constituents take time off to come to testify, I believe they have a right to be heard by every member of the Committee. When they see only one or two Senators present, they are apt to believe that their views expressed in public do not have the same weight as those of some professional lobbyist who may be arm twisting in private. It demeans our public process as it results in a loss of public trust in the integrity of the work that we do.

“I missed several decision-making sessions not because of a lack of interest on my part, but because these decision-making sessions were scheduled at the same time. This practice denies my constituents their right to know not only on which side of a particular issue I stand, but why. It denies them the opportunity to hear the open dialogue in the Committee as it makes its decision.

“When the people do not see the discussion and open deliberation, first in Committee and then before our final vote on the Floor of this Chamber, they are apt to view what we do with suspicion and mistrust.

“Consider the following tale as it could unfold if told by an unsympathetic media. In 2001, we enacted Act 221, which was intended to be a five-year experiment to be carefully evaluated with hard facts in the light of day. This has not yet happened. Instead, rumors and anecdotal evidence of abuse abound. Some have suggested that a one-dollar investment may result in two dollars of tax credits. Why on God’s good earth would you need two dollars back for every one dollar invested? Others have commented that Blue Crush shouldn’t have qualified and wouldn’t have qualified but for the pressure applied on the Department of Taxation by people from the Governor’s office. Others suggest a connection between Blue Crush and the HGEA and UPW and Royal Insurance. Interesting fodder for an already suspicious public.

“The next question is obvious. If a one-dollar investment results in tax credits of more than one dollar, then what was the extra money used for? Did it work its way back into the political process? Was Act 221 merely to generate new money? Was it used as a funding mechanism for campaign contributions? Is this what our constituents pay taxes for – to pay the campaign expenses of selected politicians?

“Gossipers assume the conclusion and move immediately to the next set of questions. Was this a pay back for support in the 2000 election or was this money to be used in the 2002 election? Who benefited at taxpayer expense? Was it someone in this room? Inquiring minds want to know.

“When the poster boy of the new look of the Democratic Party not only carries on a long and acrimonious dispute with the executive director of the State Ethics Commission but seeks to shield the identity of those receiving tax credits from public scrutiny, the public’s trust in this institution continues to erode.

“I do not think that anyone in this room anticipated that their good intentions would result in these suspicions. But we should not remain silent to allow the answers to these questions be ones of speculation and suspicion that fester and gnaw at the public’s trust in this institution.

"I also believe that this is the type of legislation that is a natural by-product of a system that is designed to churn out legislation too quickly without allowing sufficient public scrutiny to the process. We need to end this practice because of its innate reliance upon the Committee Chair to be the engineer designing a bridge instead of viewing it as a human process of a committee of the blind men trying to determine the essence of the elephant.

"Mr. President, we need to end the current practice of scheduling hearings in a manner as to preclude the attendance of all members of that Committee at that hearing.

"Mr. President, I request that I be allowed to finish the race. We must end the practice of scheduling decision making in a manner that precludes all members of that Committee from participating in the dialogue and the rendering of their vote as a part of the public record.

"Thank you, Mr. President."

ADJOURNMENT

At 12:26 o'clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Tuesday, February 24, 2004.

Respectfully submitted,

Clerk of the Senate

Approved:

President of the Senate

On motion by Senator Kawamoto, seconded by Senator Hemmings and carried, the report of the Committee was adopted and S.B. No. 195, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION PRACTICES," passed Second Reading and was recommitted to the Committee on Judiciary and Hawaiian Affairs.

ORDER OF THE DAY

RE-REFERRAL OF SENATE BILLS

The Chair re-referred the following Senate bills that were introduced:

Senate Bill	Referred to:
No. 2233	Jointly to the Committee on Energy and Environment and the Committee on Transportation, Military Affairs, and Government Operations
No. 2333	Jointly to the Committee on Energy and Environment and the Committee on Judiciary and Hawaiian Affairs
No. 2519	Jointly to the Committee on Energy and Environment and the Committee on Judiciary and Hawaiian Affairs
No. 2994	Jointly to the Committee on Judiciary and Hawaiian Affairs and the Committee on Ways and Means

THIRD READING

MATTER DEFERRED FROM
MONDAY, FEBRUARY 23, 2004

S.B. No. 3125, S.D. 1:

At this time, the President made the following announcement:

“S.B. No. 3125, S.D. 1, will be recommitted to the Committee on Education so that we can work on a constitutional amendment. We will re-refer it to the Committee on Judiciary.”

Senator Hemmings rose to speak on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege and I would like to have some remarks entered into the Journal regarding this issue.

“Mr. President, this is a blatant attempt to arrest power from the Governor and the executive branch of government and vest it over to the legislative branch of government. It probably is one of the most blatant attempts in recent years. It seems the system worked, in the eyes of the people controlling the State, well for 40 years, and now that they no longer control the executive branch of government, let’s change the rules.

“Mr. President, there was testimony, I believe, at the committee hearing that this bill was unconstitutional. Nevertheless, it was passed out on the Floor today – irresponsibly, in my opinion – and now it has to be recalled. It’s this type of machinations, political machinations for blatant political purposes, that really interferes with the people’s ability to have any faith in what is being done here at the Legislature.

“I would suggest in referring this back to Committee that you no longer waste our time and the people of Hawaii’s time and let this die in Committee where it should.

“Thank you, Mr. President.”

Senator Hooser rose to speak on a point of personal privilege and said:

“Mr. President, if I could rise for a point of personal privilege, please.

“Just a brief note on the prior comments. This bill represents the official position of the national organization of governing bodies of colleges and universities around the nations, of which the University of Hawaii is a part of. They sent a great letter supporting the bill and the concept.

“There was no opposition, whatsoever, in testimony of that Committee, and the bill, by all the testimony that was submitted, including the national organization, said this is a great step toward increasing the quality and professionalism of the university.

“I look forward to following it through the process. Thank you.”

Senator Slom rose on a point of personal privilege and said:

“Mr. President, I rise on a point of personal privilege.

“Just so that we are all in sync here, we all took an oath to uphold the Constitution of the State of Hawaii. And the Constitution of the State of Hawaii, irrespective of any other organization’s wishes, wants, desires or pleas, is very clear on this matter of the separation of powers. We make speeches all the time about separation of powers, but it seems this year there are a dozen bills that would attempt to take away the powers of the Chief Executive. It’s very interesting that for the past 40

years prior to this time, there were no attempts, no letters, no support, no desire whatsoever to make any changes. I’m all for change, Mr. President, but if we’re going to do it, I would observe that maybe the sponsors should read the bills more carefully and certainly read and abide by the State Constitution.

“Thank you.”

By unanimous consent, S.B. No. 3125, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” was recommitted to the Committee on Education.

Senator Kawamoto rose on a point of personal privilege and stated:

“Mr. President, I rise for a point of personal privilege.

“Mr. President, this morning I had the opportunity to be in God’s Country to go to Honowai Elementary School. There I saw the love and hope of these young people to desire to go and live as normal and to be responsible citizens in their community. I was there, and I spoke on behalf of the Senate telling them that we will do our fiduciary responsibility of keeping drugs off the streets and out of the community. I say this because I realize that treatment is important, but just as important, I believe, is enforcement. We need to provide the vehicles that we have, again, to keep drugs off the streets and out of our community.

“Therefore, Mr. President, I just hope that we can find a way to do both. Thank you.”

ADJOURNMENT

At 11:59 o'clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Thursday, February 26, 2004.

Respectfully submitted,

No. 2686, H.D. 1 Committee on Transportation, Military Affairs, and Government Operations

No. 2789, H.D. 1 Committee on Judiciary and Hawaiian Affairs

Senator Trimble rose and said:

"Mr. President, I'm sorry my hand and voice were missed when we were discussing S.C.R. No. 12 and S.R. No. 8. The question . . ."

The President interjected:

ADJOURNMENT

“Are you rising on a point of personal privilege, Senator Trimble?”

At 11:59 o'clock a.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Monday, March 1, 2004.

Senator Trimble replied:

“On a point of personal privilege.

Respectfully submitted,

“Mr. President, the first question that I wanted to ask was, if you're going to dig out the Barbers Point Harbor to 45 feet, shouldn't you also specify that you should do it the same time as the entrance channel?

Clerk of the Senate

“The second question I wanted to ask is, if this was being done for cruise vessels? It's my impression that the harbor was designed to ideally accommodate vessels of less than 800 feet in length. When you move it to 45 feet, you are not increasing your ability to accommodate cruise vessels.

Approved:

President of the Senate

“The third thing I wanted to ask is, was it the introducer's intent to somehow alter the priorities of work by the Department of Transportation, because at the present moment, we lack berthing space on the neighbor islands. There are cruise vessels that cannot berth on the neighbor islands because there is no space. We are losing business on the neighbor islands. And while I recognize the need to improve Barbers Point deep draft harbor, I would not like its improvement to leapfrog other needed improvements in our harbor system.

“Thank you, Mr. President.”

Senator Kawamoto rose to speak on a point of personal privilege as follows:

“Mr. President, I rise on a point of personal privilege.

“Mr. President, to answer the questions from the Senator from Waikiki, basically, as far as the entrance is concerned, these are requests to the federal government. Right now they are in the process of dredging it to 42 feet. The users at Barbers Point have indicated that potentially, right now, the ships coming in cannot fully use the potential of their carrying capacity, so they need to go to 45 feet.

“As far as where the money is coming from, this is federal dollars and basically it is for Barbers Point Harbor. The cruise ships are not an item here because of the fact that the cruise ship's depth is 34 feet. That's what their requirements are. So, we're already there.

“Thank you.”

Senator Ihara rose on a point of personal privilege as follows:

“Mr. President, a point of personal privilege.

“Mr. President, I would appreciate, actually, I appreciate the questions and the answers from the various Senators on these resolutions. I would appreciate it if we had that discussion before the vote so that I can vote doubly strong or with reservations, but it looks like the answer seemed to be provided.

“I just really would like to ask that the discussion be held prior to the vote rather than after the vote.

“Thank you.”

TWENTY-SIXTH DAY

ORDER OF THE DAY

THIRD READING

S.B. No. 2815:

On motion by Senator Inouye, seconded by Senator Espero and carried, S.B. No. 2815, entitled: "A BILL FOR AN ACT RELATING TO MILK CONTROL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hogue, Kokubun, Menor).

S.B. No. 2969, S.D. 1:

On motion by Senator Inouye, seconded by Senator Espero and carried, S.B. No. 2969, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RECORDATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hogue, Kokubun, Menor).

S.B. No. 3237, S.D. 1:

By unanimous consent, action on S.B. No. 3237, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," was deferred until Tuesday, March 2, 2004.

S.B. No. 2139, S.D. 1:

Senator Ige moved that S.B. No. 2139, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kim.

Senator Kim rose to speak on the measure and said:

"Mr. President, can I just have some remarks inserted into the Journal?"

The Chair having so ordered, Senator Kim's remarks read as follows:

"Mr. President, I rise in support of S.B. No. 2139, S.D. 1, MUSEUM ON HAWAIIAN MUSIC AND DANCE and offer the following comments:

- The idea of celebrating Hawaiian music and dance/hula is an exciting thought, an exhilarating conception.
- The notion of creating a museum honoring the artists of the host culture is empowering.
- Hawaiian Music and Dance enables us to communicate our unique and powerful cultural identity to our visitors.
- There is a need to preserve, perpetuate and promote Hawaiian Music and Dance.
- The establishment of the Hawaiian Music and Dance Committee to study the feasibility of creating a Museum of Hawaiian Music and Dance can only enhance our tourism industry.
- There is no stronger way to promote a locale as a competitive tourism market than through the development of the unique culture and arts of a destination.
- This is as much an economic development effort as it is a culture and arts endeavor.
- The economic viability of Hawaii's tourism is heavily dependent upon the Hawaiian culture.
- The media has utilized music and hula to promotion tourism and to convey the aloha spirit.
- The establishment of a Museum of Hawaiian Music and Dance will provide an important new product in marketing Hawaii as a tourist destination.
- The idea of a Museum of Hawaiian Music and Dance '...is not so far fetched when you consider other examples such as the economic impacts of country music on Nashville or Dixieland jazz on New Orleans or Rock 'n Roll on Cleveland. Was Brother Iz trying to tell us something when his music was heard in two widely popular Hollywood movies! Would his talent have been recognized much sooner had he been able to perform in a Hawaiian Music and Dance Hall of Fame? Would he have been able to reap the full financial benefits of his talent? How about the many others before and after?"
- This museum will offer an education resource for present and future generations.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 2139, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE MUSEUM OF HAWAIIAN MUSIC AND DANCE," having

been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hogue, Menor).

S.B. No. 2074, S.D. 1:

Senator Hanabusa moved that S.B. No. 2074, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Trimble rose to speak in favor of the measure and stated:

“Mr. President, I rise to speak in favor of this measure.

“Last October, I surveyed the registered voters in my district. The issue that generated the strongest reaction related to the need for campaign finance reform. The language in S.B. No. 2074 banning corporate and union contributions to political candidates is consistent with the longstanding public position of the Campaign Spending Commission. Making intentional violations a class C felony is consistent with the position taken by both the Attorney General’s Office and that of the City Prosecutor.

“I sense that citizen participation in the election process, which is at the very soul of our form of government, will increase substantially if our citizens believe that their voice is equal to that of any other. My sense is that many young people do not exercise their right of citizenship because they view the current system as corrupt and do not want to be associated with it.

“Public confidence in the integrity of the important work that we do must be restored. Passage of S.B. No. 2074 is an important step in that direction. And considering all the negative publicity that has been given to this problem, now is the right time to do the right thing.

“Thank you, Mr. President.”

Senator Kawamoto rose in opposition to the measure and said:

“Mr. President, I rise in opposition of this bill.

“Mr. President, this bill . . . by the way, the thing that we wanted to do with campaign spending was to refine the policy of this Body on campaign spending.

“This bill does not have the definitions that we wanted to see in the campaign spending bill. Also, Mr. President, one of the troublesome items on campaign spending was the term ‘controllable interest.’ This bill takes out controllable interest and leaves it blank and leaves the authority of controllable interest left up to the Campaign Spending Commission and its director. This is providing the campaign director an opportunity to make that decision among himself, for himself. This is very difficult for the people out in the communities who want to donate and use the idea of freedom of speech.

“Thank you very much.”

The motion was put by the Chair and carried, S.B. No. 2074, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Kawamoto). Excused, 2 (Hogue, Menor).

S.B. No. 2372, S.D. 1:

Senator Hanabusa moved that S.B. No. 2372, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Aduja rose to speak in support of the measure as follows:

“Mr. President, at this time, I rise in support of this bill. I’d also like to indicate to the President compliments to the good Senator from Waianae who looked at this bill and expanded it to also include those of elected officials who may have their family members placed in danger.

“Mr. President, I, like the Lieutenant Governor, as well as the Senator from Waianae, have been very active in the war against ice. I am a mother of two very young children. My son is five years old in kindergarten, and my daughter is four years old in pre-school. I welcome the opportunity to also make my appeal before the Director of Public Safety in order to have such security for my very young and vulnerable children.

“So, I thank the Senator; I thank the Senate President, and I encourage all of the members of this Body to please vote favorably for this measure.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 2372, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC SAFETY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hogue, Menor).

S.B. No. 2444, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, S.B. No. 2444, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE PROBATE CODE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hogue, Menor).

S.B. No. 2827, S.D. 1:

Senator Hanabusa moved that S.B. No. 2827, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Slom rose to speak in support of the measure and said:

“Mr. President, I rise to speak in support of the bill.

“For seven years now, the campaign spending commission has said that they are going to have a system that is going to include Macintosh users. So in speaking on behalf of the bipartisan Macintosh users group, I know that the campaign spending chairman was asked this questions yet again during the hearing, and again responded that he will have that. And we just want to make sure that in fact that will be included in at least the committee report so that in 2006, we will have full civil rights with the rest of our Minority Leaders.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 2827, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hogue, Menor).

S.B. No. 3144, S.D. 1:

Senator Hanabusa moved that S.B. No. 3144, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Aduja rose to speak in favor of the measure with reservations and said:

"Mr. President, I rise in favor, however, with reservations, with regards to this measure.

"While I looked at the testimony that had been obtained through the committee hearings, there weren't very many in favor. We've got one from the good Senator from the Big Island, as well as one from an attorney from Hawaii Reserves, Inc., and another attorney, but we have not heard from the body of the Hawaii State Bar Association. I believe that we should have heard from this organization, as it will generally have its most impact on practicing attorneys.

"While the good Senator from the Big Island has indicated that we've got attorneys that have left Hawaii, they will be able to come back without having to take the bar exam if they have fulfilled several criteria such as being in good standing for the last five out of seven years. There will still, also, be opportunity where we would have competition from the mainland competing with the attorneys here that have locally studied for the bar.

"Given that, Mr. President, I would like to lodge my reservations on this measure until there is some clarification from the Hawaii State Bar Association.

"Thank you."

Senator Whalen rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"This is the first time I heard that we need to holdup a bill or something because someone didn't respond, given ample opportunity. For the information of the Senator from Oahu, I contacted the Bar Association to let them know about the bill and asked for their input, and if they don't want to give it, then why should we holdup. In fact, if she did her research, she would have also noted that the ABA endorses this bill and suggests for all jurisdictions to adopt it.

"So, the support is there from the American Bar Association, and if the local chapter differs with the parent association, that's something for them to take up or at least bring forward some sort of testimony. I urge all of our members to vote for it.

"Thank you."

Senator Aduja rose in rebuttal and said:

"Mr. President, just in rebuttal.

"Mr. President, I am not holding up this bill. I'm just indicating my reservations on this matter. I would like it to move forward.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 3144, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ATTORNEYS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hogue, Menor).

S.B. No. 3233, S.D. 1:

Senator Hanabusa moved that S.B. No. 3233, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to the bill.

"First, let me say that there are a number of bills that we will be dealing with today and also next Tuesday that deal with the ice problem. I think all of us are in agreement that we have a problem; secondly, that we need to do something; thirdly, that treatment is important. And I do congratulate the sponsors of the bill who have made changes from the original 5½ hours Saturday hearing a couple of weeks ago, which was an outrageous bill – putting heavy penalties and heavy demands on the resources of the business community.

"I say it's been changed and it's been reformed, but it still is not a good bill, in my humble opinion, for a number of reasons. First of all, as far as business and employment, it still transfers a great deal of responsibility, further responsibility, to businesses and does require a business with 15 or more employees, currently, to institute at least a one-hour program of drug education. Failing to do that, that business is subject to fines.

"Most people who are not in business do not understand. They say, 'well, what's an hour or one hour per year?' First of all, you have the cost of the program itself. You have the cost of people that you're paying for away from doing their work and all of that, plus the fact that again we are putting the responsibility on business rather than on the responsibility of the individual.

"The original bill, as I said, was terrible in many respects. It's been toned down, but still there is that theme – that we don't want people to stand up and be responsible for their own actions and for themselves. And I'm sorry, Mr. President, but I guess I'm old school – I don't believe that choice and drug abuse, as practiced today heavily in Hawaii and across the nation, is a disease, not unlike cancer or diabetes or something else. I find that in this bill and in others that we're going to look at, there are punishments for other people other than the people that are the abusers. Again, there has to be a balance with treatment and there should be treatment, but I think that this bill is heavily weighted to the other side – treatment without enforcement.

"In addition to that, I believe that through the parity sections, it increases the employer mandate again under the pre-paid healthcare act.

"Thank you, Mr. President."

Senator Hanabusa rose to speak on the measure and said:

“Mr. President, before I begin, I’d like to thank my Co-Chair on this bill, who is the Chairman of the Health Committee from the good island of Maui, and also, my Co-Chair on the Joint House-Senate Task Force on Ice and Drug Abatement, the good Senator from Kahaluu.

“Mr. President, this bill, or two bills, are a result of the task force spending nearly 80 hours collecting information and listening to over 400 people. We’ve received written testimony more than 40 inches high, in terms of just paperwork that we received.

“Mr. President, the first version of this bill took it, maybe to some, a step too far. But that’s why we have public hearings. And when we started to discuss this bill, our position was very simple – we’re putting it out so that the public and our colleagues can decide where we are going with this problem, why is it a problem, and what kind of problem is it?

“There’s a difference when people come out and give you platiudes – like, well, you know, we’ve got to do education; we’ve got to do intervention; we’ve got to do prevention; we’ve got to do treatment; we’ve got to do incarceration – and there’s no substance behind that.

“What this Legislature did was we put it before everyone. And, yes, we received criticism, but that’s part of our process where people come forward and testify in a 5½-hour hearing, and Mr. President, we listened – we listened. Because I’ll tell you what, my position to the Chamber of Commerce who said, you know, we basically like the bill except for this one thing that you still have in it, which is a mandatory one hour – one hour, Mr. President – of drug education for their employees. And you know, it comes back to what is it that we have in terms of our obligation to each and every one of us. Is ice a disease or is ice a crime? That was one of the major controlling issues that we all had to contend with. And the answer is, it’s probably both. It is both. But, you cannot treat one without looking at the other.

“We have not had criticism on the fact that the bill, as it now stands, doesn’t address issues, like enhanced penalties, sufficiently. The attorney general has come back and said, basically, he doesn’t have very much to say about the bill now. We addressed the concerns they had on whether or not federal warrants would be acknowledged. We addressed all of those issues. We may differ on Act 161, but this Body made the statement that 161, the Drug Treatment Act, will be part of our philosophy. Where we had a problem was with the judiciary saying they did not have enough discretion. So, Mr. President, we addressed it. We put it in the bill. The judiciary is okay with it.

“So, what are we coming down to? My good colleague from Hawaii Kai said it’s too onerous on business. What have we done to business? We’ve got one provision in there. And what we’re asking businesses that have more than 15 employees is to invest in their employees. It’s to give them one hour of training.

“The average number of hours a person works is 2,073 in a year – 2,073 hours. We’re saying one hour of drug education. We’re hoping that adults will learn like the way kids learn. If there’s anything that we’ve had success with education, it’s the kids. When we look at the statistics, the school kids have reduced ice consumption because they understand. It’s the most addictive of drugs and it messes up their minds, so they’re not going to do it. If kids can learn, adults should be able to learn too.

“Yes, this is an issue of should people be responsible? Mr. President, it wouldn’t be a disease, or at least some of us wouldn’t consider it a disease, if we believed every single one of us could actually say ‘no.’ It would be great! We wouldn’t have a problem. But we have a problem, and why do we have a problem?

“You cannot read S.B. No. 3233 in isolation of S.B. No. 3234. One of the businesses said, you know, why don’t you give us a tax credit if we do it? Mr. President, we do have it. We have a \$250 tax credit for education for those companies that will do it, and that’s part of S.B. No. 3234.

“Mr. President, I congratulate all the members who have listened to this bill, who’ve passed it out so far, who’ve worked on it, and all the people who have come forward. Because we are making a statement, we are making a statement as to what ice is – the recognition of a major problem and how we will contend with it.

“I told the Chamber of Commerce, you know, if this is all you’ve got to say about the bill, I think we’ve done very well. We’ve done very well. That’s your only complaint.

“And remember, Mr. President, when we redid this bill, we left it up to the discretion of the Department of Labor to come up with its rules as to how you would comply with it and who will be and who will not be in compliance. And we think that is something that best sets forth a policy statement – that we will all have to join hands, including business, in this battle against ice. The kids have shown us that it works. They say education works. So, why not start?

“This one hour didn’t come out of our minds, it came out of the HMSA that came forward and said one hour of training, one hour would be a good number to start with. And that’s what it is, Mr. President. It’s a testimony to the fact that we listened and the fact that we amended this bill to address the concerns.

“Mr. President, I ask that my colleagues go forward and pass S.B. No. 3233, S.D. 1, as our statement of how the Legislature answered the cry of the communities and said that we will do something about this ice problem.

“Thank you, Mr. President.”

Senator Slom rose in rebuttal and said:

“Mr. President, a brief rebuttal.

“You know, it would be wrong if you thought that my only objections to this bill were just because of the one hour of mandated compulsory training on employers. I was pointing that out as one example – the fact that we have shifted the responsibility from the person who has made by a free choice decision to go in this route.

“It’s great that the taskforce, and they did do a great job, it’s great that they had 400 people that gave testimony and made comments and input. But if we look at what the Lieutenant Governor did when he went island by island, community by community, throughout the State for several months, they got several thousand reports and input. And even in that Saturday hearing, the 5½ hours, the voices that I heard were the same voices that I hear at our neighborhood boards that say they want these people taken of the streets – the people that rob and plunder and break-in again, and again, and again, and again. That’s not in this bill and that’s not in the succeeding bill as well. And that’s the message that’s not getting across.

“The good Chair from Waianae is absolutely correct – this is a philosophical debate as to those people that believe that treatment is not only important, but is paramount. And I don’t think the Chair meant to say that the attorney general and the Law Enforcement Coalition gave its blessing to this bill. Because, unless she’s privy to information that I have not received, they are still upset that the provisions that they wanted in a bill like this are not in this bill.

“As to the statement about employers should invest in their employees. Ah, there’s the rub, Mr. President, because employers invest in their employees from the outset. Employers create the job. They pay the salaries. They pay the benefits. They pay the training. They pay the taxes. They pay things that employees don’t pay. And employees want more and more and more benefits. So, to say that employers must invest in their employees when they’ve already been doing that, and we must join hands when we’ve been joining hands to solve a problem, I think is unfair. And I think that’s the problem with this kind of legislation. This is the theory behind it.

“In addition to that, Mr. President, I think that we have a situation here where I had said before, while it only affects those employers with 15 or more employees, in this version, if we look at every mandated benefit that the State of Hawaii has ever passed, it started with a cap – whether it was 50 employees, 25 employees, 15. And within one to two years maximum, those laws were all changed so that it affected every business.

“The Chamber of Commerce is a good organization. It generally represents the largest businesses in our community. It does not represent, to a large extent, small businesses, and they are the ones that will bear the brunt. And they are the one’s that have the most problem with this.

“But again, Mr. President, the real issue here is whether or not we’re going to fix individual responsibility, and this bill runs farther and farther away from it.

“Thank you.”

Senator Menor rose and said:

“Mr. President, please have the Clerk note my vote ‘with reservations.’”

Senator Aduja rose to speak in support of the measure as follows:

“Mr. President, I rise in support of S.B. No. 3233, S.D. 1.

“Mr. President, as Co-Chair of the Joint House/Senate Taskforce on Ice and Drug Abatement, I’d like to also acknowledge the hard work and dedication of the taskforce members who have cared enough about this issue to participate in our deliberations. As noted by my Co-Chair, the Senator from Waianae, we’ve had many, many hours of informational briefings and public hearings and numerous onsite visits on a statewide scale. And this was all taken up during the interim period. There, we learned that the scope of Hawaii’s ice epidemic and challenges we had to confront in search of practical and effective solutions. We learned that the problem was enormously complex, yet, we forged ahead.

“What we have before us is a result of a significant expenditure of human and real capital. I want to especially take note of the most disturbing finding, Mr. President, and that is the number of families whose members’ lives have been affected – irreparable harm, Mr. President, by the behavior of individuals who have fallen prey to this illegal drug.

“Mr. President, if we look at all of the statistics, I believe it would be fair to say that when you look at the ratio of user to family members, we’re looking at 1 to 2.5. Given that amount, I believe it’s fair to say, Mr. President, that the amount of individuals affected by this epidemic in the State of Hawaii is 250,000 individuals. It is my hope and my prayer, as well as the prayer of all the members of the joint taskforce, that this bill, which we worked so hard to attain, will make a significant impact on all of the family members that have been impacted by this horrible, horrible drug.

“Mr. President, I’d like to make a quote here as to what I call those individuals that are impacted, and that is our ‘drug-impacted ohana.’ Mr. President, I plead to you and the members of this Honorable Body that we got to save our families and we’ve got to save our ohana.

“Mr. President, I also rise in support of the bill that’s going to be heard, the funding mechanism for this bill, and I request that my support testimony also be incorporated in S.B. No. 3234, as well.

“Thank you, Mr. President.”

Senator Baker rose to speak in support of the measure and stated:

“Mr. President, I rise in support of this measure.

“I believe it is a balanced and fair approach giving law enforcement the tools they need, but definitely giving those in our community who have been affected by this drug the ability to get help and to be rehabilitated, because clearly, that’s the emphasis that I think that we need to take.

“Thank you.”

Senator Kim rose to speak in support of the measure with reservations as follows:

“Mr. President, I rise in support with a small reservation.

“Mr. President, first, I really want to acknowledge the hard work of the Judiciary Chair and the taskforce. I believe that they did put a lot of work into this bill and I think the majority of this bill is a very good one.

“I rise in concern about the issue of the training, as well, for our businesses. And one of the concerns that I have is the fact that I’m not sure if one hour of training is going to do the trick. Certainly, those that have partaken in drug abuse and so forth are not those who are going to listen to one hour of education and are going to change their life or can change their life. Those who do take the drugs, I’m sure, know that it’s illegal, know that it’s bad. I think there are kids in school who get training but still there are some kids who still choose to go on drugs for whatever reasons, and all the training in the world probably may not make a difference.

“So, I question the fact of whether or not one hour of training is going to put a burden on all of our businesses, and I’m not sure if it’s going to be, as they say, effective and practical that one hour of training is going to take care of the problem.

“So, if not for that issue, I would be voting straight up. Thank you.”

The motion was put by the Chair and carried, S.B. No. 3233, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ILLEGAL USE OF CONTROLLED SUBSTANCES,” having

been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2525 (S.B. No. 1491, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2525 be adopted and S.B. No. 1491, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Taniguchi rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, S.B. No. 1491, S.D. 1, is our annual transfer of excess funds bill. Every year, for many years now, the Legislature and the Executive Branch has scrutinized the balances of the State’s special and revolving funds and determined that many of them have balances in excess of their needs. This year is no different.

“Scrutinizing the financial statements of these funds has always proven to be a good thing. It is, in essence, the Legislature exercising its financial oversight responsibilities of all government operations. Too often, we overlook those programs run by funds other than general funds. Too often, we do not spend enough time evaluating their budgetary performance.

“But in the greater scheme of things, this bill is a necessity – a necessity because I believe our Governor has not, has not, formulated a truly balanced budget. I say this not only because her six-year financial plan ends with only \$6 million ending balance two years from now, but because she has also chosen to seriously underestimate our future expenditures in three areas. These are: (1) giving more resources to our public schools; (2) fighting the war on ice; and (3) giving teachers, professors, and all other government employees the compensation that they deserve. It is unfortunate that the Governor has chosen to leave out these very vital issues from her budget.

“To this end, this bill is an option that can help us balance the realities of our financial plan. This bill is but one tool for a realistic budget that provides funds for very essential government services and anticipates that revenues may possibly fall. Curiously, I find it ironic that our Governor has not yet endorsed the fund transfers found in this measure. I say ironic because last year alone, she authorized the transfer of over \$240 million from special and revolving funds to the general fund. Clearly, transferring balances are a necessity for her to balance the State’s budget.

“At this point, this bill proposes a one-time transfer of roughly \$56 million, hardly enough for expenditures that I feel are reasonable, but a step in the right direction, nonetheless.

“I urge all my colleagues to support this measure. Thank you.”

Senator Hemmings rose to speak against the measure and said:

“Mr. President, I rise to speak against S.B. No. 1491, S.D. 1.

“Mr. President, the good news is I think that both sides of the aisle can agree that we have too many special funds and we have too much money in them. We have had piecemeal solutions for years now, and that amounts to raids every year

trying to identify what we would consider the flow to the slush portions of these funds.

“We hope that in the future we will avoid this discussion by doing what your Senate Minority recommended last year – eliminate many of the special funds and allow the money to be deposited directly into the general fund and we’ll appropriate it like every other executive department that we do through the budget process.

“I do have to take issue with the politicization of this issue this year regarding the prior speaker’s singling out the Governor as being part of the problem. I really applaud the Governor for singling out three issues or three areas where we can cut spending. Public schools are problematic. They are by far and away the most expensive with one-and-three-quarters of a billion dollars expenditure. And quite frankly, there are those of us who believe that throwing more money at this problem is not going to solve it, simply because it hasn’t solved it.

“We also just discussed the ice bill and granted there is a tremendous amount of money already being used to address the ice epidemic, but money alone is not going to solve that problem. The implication of the previous speaker was that if we throw more money at ice, just like we throw money at public education, the problem is going to go away. Well, there are those of us who think that we need some incentive for people to get rehabbed and that there has to be, as it is with drug court, some law and order.

“In employee’s compensation, I would submit that this Legislature and the 23 Majority Party members who reversed their vote or reversed their position on binding arbitration have in fact dug a much deeper hole for the State of Hawaii in meeting out payroll requirements. But it also has to be noted that this Governor has done an excellent job of trying to reduce the state workforce through attrition and, basically, has eliminated close to 4,000 jobs in her first year as Governor.

“Our employees in the public sector do have a generous compensation. Many of them, when compared to the private sector, are making more money than their private counterparts, and they have one of the most generous benefit packages of any employee group in any state in the nation, with over 21 days of paid sick leave, vacation days amongst the highest in the nation, health insurance benefits amongst the most benevolent in the nation. The days of the poor, working, unionized members being abused by the country store are long since gone. Now it is the taxpayers of this State who are being abused.

“I laud the Governor for standing up for fiscal responsibility in public education, in the battle against ice, and in trying to control our employee costs. I also might note that in the area of employee cost, that it’s amazing how at the front of every line are union benefits, while the truly needy, who the alleged compassionate Majority Party members are supposed to be watching out for, oftentimes, their needs are put secondary to benevolent pay and benefit increases for public employees. The truly needy in our society are begging for assistance.

“To the credit of the Chairman of the Ways and Means Committee, the raid was originally \$72 million and it’s now \$55 million. I think the Committee Chairman, in his evenhandedness, did listen to the testimony that the raid of \$72 million would have driven many of the agencies that hold this money into a situation where they would have had to raise fees to make ends meet to pay for the services.

“Unfortunately, this bill gets political and I find it absolutely amazing that there are a number of bills this year that are taking away executive privileges and functions that have been in the

statutes for over 30 years. What's changed? Politics – just petty politics. We have a Republican Governor and now we're going to take away the power that we have afforded all the prior Governors that wore a different political label. How sad for the people of Hawaii.

"This bill eliminates the Governor's ability to transfer funds, as the previous speaker alluded to. When are we going to put down the partisanship and work on the spirit of cooperation to run a fiscally responsible State?"

"I'm voting against this bill and I hope some of my colleagues will join me for the simple reason that it doesn't solve the problem. It just extends it another year.

"Thank you, Mr. President."

Senator Kawamoto rose to speak in favor of the measure with reservations and said:

"Mr. President, I rise to speak in favor of the bill with reservations, primarily to remain with this bill and to be a valuable member of the Conference Committee.

"Mr. President, time and time again, many of you or many of our colleagues have come forth requesting monies to repave, new projects in their district, and repair and maintenance. Time and time again, I pleaded with DOT to provide for discretionary funds to do this, however, with no avail.

"Knowing that this past year, the reapportionment of appropriation funds from the congressional delegation in congress, that the donor states will be receiving 90 to 95 percent in 2007 they'll be receiving 95 percent of the funds they put in the federal funds. We, as donating states, without raising those funds who are similarly, may receive less funds.

"Mr. President, also knowing the fact that the DOT is starting up a new program where they would like to repave the highways seven to eight years, knowing that this is a cost savings to the State, whereby when we have to repave every 14 years, like many of our roads have been waiting, it will cost us in the millions. Whereas, if you do it seven and eight years, it may cost \$150,000 to \$200,000 per mile. These things concern me about raiding \$17 million from the highway funds. In effect, if you use these funds as matching funds, we're not only stealing \$17 million, we are stealing \$34 million out of the highway funds, which could work towards your programs and your projects in your district.

"So, those concerns of mine need to be addressed at Conference. Thank you, Mr. President."

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to the bill.

"Well, we just had a good lesson in semantics. The good Chair of Ways and Means referred to this as a transfer. The Chair of TMG refers to it as stealing. It is a raid. Whatever you call it, it's not being done properly.

"First of all, if the funds are bloated, that means that we're charging too many taxes or too many fees in the first place, and what we should do is reduce, lower or eliminate the taxes or the fees. But we never give any credence to doing that.

"Secondly, it was said that this is a one-time move. Well, last year was one time; the year before was one time; this is one time; next year will be one time. Every year is one time.

"The problem is we're not even looking at the report and the review that the legislative auditor provided in terms of identifying specific funds and specific balances. This looked like a raid on those funds that had the biggest balances, and there were more than two dozen funds, special funds, that have been raided in this bill.

"As you know, Mr. President, in the time that I've been here, I voted against the creation of each and every special fund – my belief being it is a cruel hoax on the public. There's nothing special about them, even the highway fund. The highway fund, we pay the nation's highest highway fuel taxes. And most of that money is supposed to go for road building and road repair. And we saw, after our latest rainfall and storm over the weekend, Friday and Saturday, that we have need for these monies. But you talk to anybody, and they are very unhappy with both the county and the state in terms of the potholes, in terms of the sinkholes, in terms of the way the highways have been designed. So here we are. We're saying, yeah, that's a problem, but we can still take \$17 million away.

"The tobacco settlement funds, we're draining another half million dollars at this point from that fund into the general fund. The people that supported that wanted it for a very specific purpose. It's not going for that.

"In the compliance resolution fund, \$11 million is being taken away. That's money directly paid by businesses to help make the Department of Commerce and Consumer Affairs self-supporting and self-sufficient. They are paying a tax, basically, to have that operate. Now if that money is drained away and DCCA needs additional funds to do the same things they were doing, they will be taxed yet again.

"The issue that I talked about in Ways and Means the other day that really blows my mind, and that is taking \$1.8 million from the newly created state parks special fund. For years we heard how important it was to fix our state parks, how deplorable they are, and they are. There were all kinds of ideas about how to take it from the Hawaii Tourism Authority, the convention fund, the TAT, this and that, but everybody seemed to agree that there was a problem. Now we're saying, well, it's not that great a problem after all because we're going to take nearly \$2 million away from that.

"The highway fund, which we mentioned, and the Minority Leader mentioned the stripping of powers from the executive, so, this is more than just a raid bill. It's more than just stealing and it's not well thought out, and it's looking for an enormous amount of money. We need to do a better job and we should start with the idea of getting rid of those nonessential, non-federal backed special funds, and not do what we did today in Ways and Means – and that is create yet another new special fund.

"Thank you."

Senator Hooser rose to speak in support of the measure as follows:

"Mr. President, I rise in support to speak briefly.

"I just want to encourage my colleagues to support this bill and acknowledge the Committee, the Committee Chair and the Vice Chair for their hard work. I know it's a difficult job looking and going through with a fine-tooth comb the various programs and priorities and trying to decide where the money is best spent. I think it's a question of balance and a question of priorities, looking at what the community's needs are, what the community is asking us to do.

"Today we have issues on ice, issues on education that need funding, that need support. I think it's about doing the right thing at the right time, about analyzing these funds, looking for fat and inefficiencies. We hear a lot about where's the fat? Where's the fat? Well, I think the Committee has done a darn good job looking at these funds, looking at money that's misspent or unspent, I should say, money that hasn't been managed properly and then refocusing those funds in areas in our community where they can be better utilized.

"It's always interesting to hear the debate in this room and the different perspectives that are talked about and expressed. I, for one, prefer to see the glass as half full. Others seem to focus on it always being half empty. When we look at spending more money on public education, some see that as throwing money down the toilet. I see that as investing in the future of our children.

"When we look at the problem of drugs in our community, some would want to spend our money on more prisons, more jails, and more police officers and lock them up and throw away the key. I prefer to extend a helping hand to our brothers and sisters, mothers and fathers, and children who have problems with addiction and need treatment and education and support.

"I encourage my colleagues again to vote in favor of this bill for the betterment of our community. Thank you."

Senator Aduja rose to speak in support of the measure with reservations and said:

"Mr. President, I rise in support. However, I'd like to lodge my reservations.

"Most of my reservations are because of the use of funds that affect domestic violence and spouse and child abuse special accounts, which is in sections 15 and 16, and in section 20.

"I also have reservations because of the adverse impact it might cause on the environment, because we've got sections 21 through 23 and 26, which lowers the statutory ceiling on environmental health education.

"Mr. President, I believe that funding is necessary when it comes to the area of family and children, education, as well as the environment. Therefore, I lodge my support, however, with reservations in this particular area.

"Thank you."

Senators Kim and Baker requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Espero rose with reservations and said:

"Mr. President, I also with be voting with reservations.

"Next Session, if the executive branch does feel that there are too many special funds, I'd like to hope that the executive branch can provide us a list of those funds which it feels should be terminated and we can debate it at that time.

"Thank you, Mr. President."

Senator Ihara requested his vote be cast "aye, with reservations," and the Chair so ordered.

Senator Chun Oakland rose in support with reservations and said:

"Mr. President, I also rise in support with reservations, and I'd like my remarks inserted into the Journal."

The Chair having so ordered, Senator Chun Oakland's remarks read as follows:

"Mr. President, I rise in favor with reservations on S.B. No. 1491, S.D. 1.

"I hope that as this bill goes through the process, the spouse and child abuse special fund; spouse and child abuse special account; state highways special fund; and state parks funds will not be taken away unless these funds are used for its intended purposes through other bills moving through the Legislature."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2525 was adopted and S.B. No. 1491, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE GOVERNMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2526 (S.B. No. 3194, S.D. 2):

By unanimous consent, action on Stand. Com. Rep. No. 2526 and S.B. No. 3194, S.D. 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO THE RX PROGRAM," was deferred until Tuesday, March 2, 2004.

Stand. Com. Rep. No. 2527 (S.B. No. 2153, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2527 be adopted and S.B. No. 2153, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to the bill.

"Again, this is another one of the substance abuse bills that provides for an increase in taxation. The total cost of the bill is unknown. The bill does talk about evidence-based treatment, but that's a vague term and we don't know what evidence-based means because in this Body here, we argue over evidence and statistics and studies that have been presented.

"Thank you."

Senator Baker rose in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"Mr. President, this measure gives us the mechanism using a tax that we hope ultimately is not going to generate any money but still generates probably, in order of magnitude, about \$12 million to help us tackle something that is even more addictive than cigarette smoking, and that's crystal methamphetamine. If we don't come up with additional resources, we're going to be strapped in our general funds to find other ways of funding the programs of prevention, education, treatment, rehabilitation, even some of those wonderful programs like drug court that need to be funded as a means of providing that incentive to help people get off of ice and give them the opportunity to do so in an environment that might actually ensure their success.

"With regard to the notion of evidence-based, we heard measures before your Health Committee this year on this very subject. We asked the Department of Health, 'Do you use evidence-based criteria in determining which programs you

recommend for funding, whether it's in a GIA, or purchase of service, or the other funding that you might have in your department?" And we were assured that, yes indeed, they do. It's called best practices by some, performance based by others. So, what the term evidence-based means is very clear in the health community. It means that programs have outcome measures; they have standards and criteria; and they have means of measurement.

"So, I think it's very appropriate to ask for evidence-based substance abuse programs to be funded. We want our funds to go for those programs that we know make a difference, have a track record, and have some empirical reasons or empirical criteria that can tell us whether the program will succeed.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2527 was adopted and S.B. No. 2153, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2528 (S.B. No. 3068, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2528 be adopted and S.B. No. 3068, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Taniguchi rose to speak in favor of the measure and said:

"Mr. President, I rise to speak in favor of this measure.

"Mr. President, S.B. No. 3068, S.D. 1, contains over \$12 million in appropriations out of the State's emergency and budget reserve fund, otherwise known as the rainy day fund, for some very vital government services. In essence, these are the same appropriations made last year in Act 3, Special Session of 2003, and includes five additional expenditures.

"While some may argue that it is not yet raining in our State, I would argue otherwise. There are many in our community who would go without healthcare, drug treatment, counseling, and a myriad of other public health programs that we take for granted. This bill takes care of those in our community who need our help now.

"I urge my colleagues to please support these programs and vote 'yes' on this bill. Thank you."

Senator Slom rose in opposition to the measure and said:

"Mr. President, I rise in opposition to the bill.

"I don't deny that it's raining. It rained all weekend. It was raining this morning. What I do deny, however, is that this is a proper use of the emergency fund. And as the good Senator from Ways and Means just pointed out, every year we have the same emergency, only we seem to add additional items or additional categories.

"This bill originally started out and it was funded by the general fund, and I have no problem with that whatsoever. We can look at the individual agencies and individual programs from that standpoint. But this constant year-in, year-out attack on the emergency fund, I think, does us all a disservice.

"Thank you."

Senator Baker rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"Mr. President, I'd just like to point out for my colleagues that this appropriation does not take money out of the corpus of the fund. In effect, what it's doing is it's taking the money that's specified from the master settlement agreement, from the tobacco fund, that would have gone to augment or increase the rainy day fund balance. So, what we're doing really is taking the portion of the master settlement agreement that would have gone into the rainy day fund and utilize it. We're not touching the amount that's currently in the rainy day fund, and I think that it is a very appropriate use of those master settlement account funds to go for the important health and human service programs in our State.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2528 was adopted and S.B. No. 3068, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Hogue).

S.B. No. 3234, S.D. 1:

Senator Taniguchi moved that S.B. No. 3234, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Aduja rose to speak in support of the measure as follows:

"Mr. President, I request that my support testimony from S.B. No. 3233 also be incorporated in S.B. No. 3234."

The Chair having so ordered, Senator Aduja's remarks read as follows:

"Mr. President, as Co-Chair of the Joint House/Senate Taskforce on Ice and Drug Abatement, I'd like to also acknowledge the hard work and dedication of the taskforce members who have cared enough about this issue to participate in our deliberations. RE-REFERRAL OF SENATE BILL

The Chair re-referred the following Senate bill that was introduced:

Senate Bill	Referred to:

ORDER OF THE DAY

THIRD READING

MATTERS DEFERRED FROM MONDAY, MARCH 1, 2004

S.B. No. 3237, S.D. 1:

Senator Menor moved that S.B. No. 3237, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Menor rose in support of the measure and said:

"Madame President, I rise to speak in strong support of S.B. No. 3237, S.D. 1.

"Madame President, the purpose of this measure is to make improvements to our state prescription drug program known as Hawaii Rx, a measure that was enacted during the 2002 Legislative Session. Hawaii Rx established a buying pool in which participants can purchase medications at discounted prices. S.B. No. 3237, S.D. 1, renames the program Hawaii Rx Plus.

"Madame President, the actions that this Legislative Body will be taking today in approving Hawaii Rx Plus, I believe, herald a major upgrade in healthcare benefits for Hawaii's consumers. This measure really is long overdue and badly needed from the standpoint of consumers. Hawaii's Rx Plus will at long last provide immediate and meaningful relief to some 300,000 residents in our State who are struggling to pay for the high cost of their medications. These are working individuals, families, and seniors living in on fixed incomes who lack drug coverage or who have poor coverage.

"Under this measure, the Hawaii Rx Plus program will be available to persons whose incomes are at or below 350 percent of the federal poverty level and will be implemented in two phases. Under phase one, program members will be able to purchase medication at discounted Medicaid prices through participating pharmacies as of July 1, 2004. They will be able to save a discount of anywhere from 15 percent to 16 percent off retail prices, depending on whether their medications are brand name or generic drugs.

"Moreover, by July 1, 2005, under phase two, Hawaii Rx Plus members will be able to receive additional discounts above and in addition to the Medicaid prices, based on state negotiated rebates from the pharmaceutical manufacturers.

"Madame President and my fellow colleagues, in case there was any doubt about the need for this kind of legislation, and AARP survey that was released several weeks ago showed the

widespread need for relief among consumers in Hawaii. For example, survey results pointed to the fact that there was a high level of anxiety among consumers in our State regarding the impact of high prescription drug costs under household budgets, as well as their ability to lead healthy lives.

“Moreover, the lack of viable alternatives for those who need meaningful relief compels us to act now on this important piece of legislation. For example, even though the Governor, in a very laudable way, has attempted to provide prescription medication to the most destitute, her Hawaii prescription care program will serve only a fraction of the population that would be covered under the Hawaii Rx Plus and is only a temporary program.

“Moreover, the new federal legislation establishing a prescription drug component under Medicare has gaps in its coverage. Hawaii Rx Plus will be designed to work seamlessly with the federal legislation to fill any gaps in coverage.

“Madame President, the Legislature today is poised to pass legislation which I consider to be landmark legislation in the areas of healthcare and consumer rights. Moreover, the passage of this legislation today will once again position Hawaii as a national leader on healthcare issues. For example, Hawaii and Maine will be the only states in the nation that will have adopted this kind of prescription drug purchasing pool program that Hawaii Rx Plus encompasses.

“It should also be emphasized, in these times of tight budgetary constraints, that the Hawaii Rx Plus program is a stand-alone program that won’t require the expenditure of federal or state Medicaid dollars. It will also benefit the so-called gap group in Hawaii who earn too much to be eligible for Medicaid, but who, nevertheless, because of their limited household budgets, find it very difficult to afford the prescription drugs that they need.

“Madame President, that’s why in my remarks I just wanted to offer some personal reflections about this issue. As we prepare to take today’s vote, I feel that we are finally reaching the end of a long journey. As many of you know, Representative Roy Takumi and I began working with other Legislators and consumer groups, such as AARP, on prescription drug legislation several years ago. Our journey included statewide hearings during which we had the opportunity to discuss the issue of the rising cost of prescription drugs. It also included a trip to Maine last September, during which Representative Takumi, Greg Marchildon of AARP, and I had the chance to be able to meet with Maine officials to discuss their Rx Plus legislation, upon which our own program is based, and to consider ways that we could adapt their program to meet Hawaii’s needs.

“Of course, Madame President, along the way we encountered our share of naysayers and critics, whose concerns we tried to address. But those who supported strong prescription drug legislation did so and persevered because we knew we were doing the right thing for the consumers for Hawaii. Given the long and difficult road that we had to travel in our efforts to address this very critical issue, I can tell you that I am so gratified that we are finally on the brink of implementing a prescription drug program that offers hope to the thousands of consumers in our State who have been driven to financial hardships and desperation because of the high cost of their medications.

“If we approve this measure, I believe that today’s vote will represent a major victory for Hawaii’s consumers. On that note, I would like to thank my House and Senate colleagues who have been working with me to support our efforts regarding this

measure along with the various consumer groups. And if I might, Madame President, we have some of the consumer groups in attendance, sitting in the gallery. They include HSTA retirees, the ILWU Local 142, Hawaii Alliance of Retired People, Faith Action for Community Equity, Policy Advisory Board for Elder Affairs, and last, of course, but not least, we also have representatives from AARP, Greg Marchildon, and his key assistant, Alicia Maluafiti (I hope I haven’t mispronounced your name), who really spearheaded this legislation. Could you all please stand up to be recognized.

“Finally, Madame President, I would like to thank Governor Lingle who now endorses this program in the spirit of bipartisanship. So, in closing, for all the reasons that I stated, I ask my colleagues to join me in voting for S.B. No. 3237, S.D. 1, our Hawaii Rx Plus program.

“Thank you.”

The Chair then stated:

“Senator Menor, thank you for all your hard work in shepherding this bill.”

Senator Baker rose in support of the measure and said:

“Madame President, I, too, rise in support of S.B. No. 3237, S.D. 1.

“This is a very, very significant measure and it’s been a delight to work with my Co-Chair and my Chair, Senator Ron Menor, on this matter. I think working with all the members in the Legislature – members of the Health Committee, members of the Consumer Protection Committee – we’ve really come up with a very tight, very streamline, very important bill. I also want to acknowledge the work that AARP and the Department of Human Services and the Department of Health directors also put in on this measure.

“An estimated 300,000 people in Hawaii do not have any prescription drug coverage and are going to benefit from this legislation. I think it’s very important to put a human face on that particular statistic. We’re so fortunate to have a couple of folks in the gallery this morning who indeed will be beneficiaries of this historic legislation that we’re about to enact. I’d like to acknowledge Stanley Samson from Mililani and Ruby Silva from Waianae who both have drug costs of over \$650 a month. They are paying for these life-saving medications out of their pocket because they don’t have a drug benefit plan. Even though Medicare will help some in 2006 when that drug benefit kicks in, these individuals and many like them need help now. Additionally as caregivers, they must provide medications for individuals that won’t qualify for Medicare. Hawaii Rx Plus is not age-tested.

“So, the measure that we’re adopting today is really going to be a benefit to Mr. Samson and Mrs. Silva and to the thousands of others like them in our State who either don’t have a drug benefit plan or have a very poor plan. In talking with them this morning, Mr. Samson and Mrs. Silva expressed their appreciation to the Legislators like the good Senator from Mililani who put the initial legislation together in 2002, and wanted to extend their appreciation now to everyone here who’s going to be voting for SB 3237. By fast-tracking it and moving it forward, this program envisioned to go into effect July 1st of this year, can actually go into effect as planned and provide some significant relief for the high cost of prescription drugs our residents are paying.

“In recent years, medical science has made tremendous advances. Many medications are now available that can save

lives and restore or maintain quality of life for those with severe illnesses. However, we all know that these advances mean nothing if patients cannot afford their medications. Sadly, this is too often the case. As we've heard when we've been in hearings both here at the Capitol and throughout the State, many people simply are having to make choices between putting food on the table, buying a bus pass to get to work, and getting their prescriptions filled. Or they're splitting pills in half or taking medications every other day just to stretch them. These are not the kinds of choices that any of us should have to make.

"Because the cost of prescription drugs are one of the significant drivers of healthcare costs in our State, it's important to the Health Committee, the Consumer Protection Committee, and others to really try to structure something that's going to bring these costs down. I'm so pleased that we've struck that balance. We've worked diligently with the Administration to come up with a measure that they not only support, but are ready and willing to implement. Final enactment of this measure will be such a boon for our residents.

"Madame President, our residents shouldn't have to choose between filling their life-saving prescriptions or paying the rent. They shouldn't have to cut pills in half or take them every other day in hopes of making the medicine last. Hawaii's Rx Plus will allow thousands of Hawaii residents access to the drugs that they need at a discounted price and hopefully at a price they will then be able to afford.

"In short, this bill enables the implementation of the Hawaii Rx program and makes prescription drugs available to the growing 'gap group' of seniors and the uninsured – some 300,000 people. They need the relief this measure will provide and they need it now. Madame President and colleagues, I urge all of you to join me in voting in favor of S.B. No. 3237, S.D. 1. It provides much needed relief for our residents.

"Thank you."

Senator Hogue rose in support of the measure and said:

"Madame President, I also rise with enthusiastic support for S.B. No. 3237, S.D. 1.

"Members, I wanted to indicate to you that this has been a bipartisan process. I know that in the past, I didn't support the Hawaii Rx bill because of legal concerns, and I think that some of those legal concerns, as time moved on, were justified. I'm glad that problems that were encountered in Maine have been fixed and we can move forward with Hawaii Rx Plus.

"So, this is a good bill that has been worked on by both sides of the aisle. I know that there were many meetings in the interim. I remember the good Senator from Maui and I attending many of them. During that time period, we had to listen to the very enthusiastic uttering of the director of the Department of Human Services, and I think only if you have met her do you understand her enthusiasm. So, she has worked very diligently with this.

"I know that the Department of Human Services, the Department of Health, the Governor's Office, along with AARP, we appreciate all of their very hard work. We also want to publicly thank the Governor for helping out in the past couple of years with her Hawaii prescription care program, which I think helped a number of people, and for putting forward her own version of a Hawaii Rx Plus bill. Many of the ideas in this particular bill were put forward in that.

"So, the legal concerns have been fixed. And most importantly, as this bill moves forward, it will allow the administration and the consumers to maximize drug discounts by minimizing government's cost and also by streamlining the eligibility process so that more people are able to qualify.

"So, this is an example, members, of how both sides of the aisle can work together for the greater good, and I enthusiastically support this particular bill and I hope that you will follow as well.

"Thank you very much, Madame President."

Senator Hemmings rose in support of the measure as follows:

"Madame President, I rise to speak in favor of this legislation, S.B. No. 3237, S.D. 1.

"In addressing this issue, I wish not to dwell on what the bill does, but more importantly dwell on how it came to be. I want to gratefully acknowledge the two Chairs of the subject Committees, Senator Menor and Senator Baker, for their graciousness in recognizing that this was indeed a bipartisan effort and for recognizing that the Governor and her very loquacious chairman of the Human Services Department, Lillian Koller, were partners in bringing about this legislation to reality. We know it is addressing a dire need to our community and I'm very proud of how it came to be.

"This is what good government is all about. It seems that sometimes the political thrusts and the gamesmanship we play politically can be put behind us so we can come up with legislation that isn't everything we would like, but certainly addresses the needs and gets the job done. I'm hoping that this will serve as an example of what we can do when we work together to deal with other issues that we're facing this Session, such as education reform and the ice epidemic.

"I want to applaud all that are involved and give accolades to those people in the audience who diligently worked with us over the last several years in making this a reality. This, besides being good legislation, was a good procedure on how people work cooperatively together and I urge my colleagues to give it a unanimous vote of support.

"Thank you."

Senator Slom rose in opposition to the measure and said:

"Madame President, well, somebody's got to speak against the bill, and I guess it's got to me. I rise in opposition to the bill.

"And that's after understanding that there is, number one, a problem; number two, that there have been a lot of good people that have worked on this problem over the last couple of years; number three, it's real interesting – it is a bipartisan product at this point, although I see that both parties are taking exclusive recognition of passing the legislation. In any event, I think we've got some significant and substantive issues here that no one seems to want to address, and so I shall.

"Again, as I say, there's no question about the problem, there's no problem about needing a solution, but is this the right solution? People have talked about the choices that individuals in Hawaii have to make on a daily basis between rent, or food, or medicine, or housing, or anything else. I certainly concur with that, but the reason is not solely the cost of prescription drugs. The reason squarely is our high cost of taxes – being that we're the third highest taxed state in the nation. And this Legislature continues year, after year, after year to try to

increase that cost of living and to therefore narrow the choices that every consumer, every family, every single mom has in this State. And yet we don't adjust to that. We don't address it even.

"The other thing is, as this legislation started out, particularly with the Governor's version of it a year ago, the idea was to authorize, to allow, to create mechanisms within the private market system to allow people to work cooperatively and voluntarily. But what has emerged, Madame President, is a bill like so many others in this State – a couple of others that we're going to be voting on this week – that actually are anti-market, anti-free enterprise, and anti-choice, from the standpoint that they mandate, they require, they make compulsory decisions by various businesses and organizations.

"In addition to that, what this bill amounts to – you can call it anything you want; you can refer to it in wonderful terms – but it is price fixing by this state government. And the fact that Maine has a similar program and everybody now seems to be happy that the legal problems have been solved, many of us who still read about the things in Maine are not quite certain that all of the legal questions have been raised. But one of the things we are certain about is how it's actually worked in practice. It has placed an additional burden on many businesses, including and especially small business, independent pharmacy owners. And that's the problem that I have with this bill.

"Some people talk about how we have been first with many other things, and I am reminded, of course, since this is the 30th anniversary of the enactment of Hawaii's prepaid healthcare act, the only act of its kind in the United States, no one chose to follow us. When I was a lot younger then and the argument was going on in the community, I heard some of the same things – this is going to provide hope; this is going to provide this; this is going to do this; it's going to do that. And when some of us stood up and asked about the figures . . . for example, we heard today, 300,000 people are going to be taken care of. We have another bill coming up now with \$400,000 in appropriations. There will be federal funds, but mostly the additional funds are going to be hijacked from businesses.

"The prepaid healthcare act today has been an abject failure. It gave false hope to people. It also misled the community, and particularly the business community, in believing that it was going to be a partnership between employer and employee. It never was. It is not now. We were also told it was going to be universal coverage and that everyone was going to be covered. We have less people covered now than we did prior to the enactment of the prepaid healthcare act in 1974.

"So I would just suggest, Madame President, that with all of our good words and good wishes, that we look at some of the hard questions and some of the hard facts.

"I guess the final point for me is, in the eight years that I've been here, I've voted against the creation of every special fund. I voted against the raiding of every special fund. And what does this bill do? It creates a special fund for all of the monies that are going to go into it.

"So, reluctantly, even though this is now a bipartisan effort and reluctantly this is a call to do something, I don't think it's the right thing to do. There were other options. There were other suggestions made. But from the very beginning, it was an idea that this was going to be a state-run, state-decided mandatory program. And that's why regretfully I will vote 'no.'

"Thank you, Madame President."

Ayes, 23. Noes, none. Excused, 2 (Chun Oakland, Fukunaga).

S.B. No. 2893:

On motion by Senator Menor, seconded by Senator Baker and carried, S.B. No. 2893, entitled: "A BILL FOR AN ACT RELATING TO ABANDONED APPLICATIONS FOR PROFESSIONAL AND VOCATIONAL LICENSES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Chun Oakland, Fukunaga).

S.B. No. 2898:

On motion by Senator Menor, seconded by Senator Baker and carried, S.B. No. 2898, entitled: "A BILL FOR AN ACT RELATING TO COSMETOLOGY LICENSE RESTORATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Chun Oakland, Fukunaga).

S.B. No. 2901:

On motion by Senator Menor, seconded by Senator Baker and carried, S.B. No. 2901, entitled: "A BILL FOR AN ACT RELATING TO THE LICENSING REQUIREMENTS FOR ELEVATOR MECHANICS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Chun Oakland, Fukunaga).

S.B. No. 3204:

Senator Menor moved that S.B. No. 3204, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Trimble rose in opposition to the measure and said:

"Mr. President, I rise in opposition to this measure.

"Currently, there are three options available for activity desks – one is trust funds; one is an irrevocable letter of credit; and the third one is a bond. This bill would seek to remove options B and C, and my sense is that if this bill passes, it will not correct the problem that was experienced in the past. I don't think that reducing these two options will do anything but make it more expensive to operate travel desks. I view this as an anti-business, anti-small business measure.

"I do note, in closing, that the position I'm taking is consistent with that of the Department of Commerce and Consumer Affairs, as they oppose this bill also.

"Thank you."

Senator Baker rose in support of the measure and said:

"Mr. President, I rise in support of this measure.

"Mr. President, quite to the contrary, this is actually a pro-small business bill because it came from some of the smallest businesses throughout the islands, from the Island of Maui, particularly from my district as well. This is a measure that I have a lot of history with.

"Several years ago we tried to provide the activity desks with various options, but as the activity desks have gotten bigger and bigger, some of them have gone just to a revocable letter of credit or to the bond, and now the bonds are not being issued in as large an amount as the dollar volume of activities done at some of these desks. When American Hawaii Cruises and several others went out, not only were consumers left in the lurch, but the providers of these activities were left in the lurch as well. Many of them went ahead and provided or had already provided the activities to the consumers but were never paid for them.

"This is a measure that perhaps we could consider a work in progress, but it is clearly one that benefits small businesses and

consumers. If all activity desks, and some of the largest ones on Maui do use client trust accounts, had been required to use client trust accounts as originally enacted, then consumers would be protected and the providers would be protected. And these providers are indeed some of our very smallest businesses in the State.

"Thank you, Mr. President."

The motion was put by the Chair and carried, S.B. No. 3204, entitled: "A BILL FOR AN ACT RELATING TO ACTIVITY PROVIDERS AND ACTIVITY DESKS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Fukunaga).

S.B. No. 2260, S.D. 1:

On motion by Senator Menor, seconded by Senator Baker and carried, S.B. No. 2260, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STANDARD NONFORFEITURE FOR INDIVIDUAL DEFERRED ANNUITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fukunaga).

Senator Hemmings rose on a point of personal privilege as follows:

"Mr. President, I rise on a point of personal privilege.

"First of all, I want to thank the Majority Caucus Leader for informing my office so I could inform my colleagues in the Minority regarding today's caucus on a very substantive bill. We'll be caucusing along with you.

"But I'd like to work with you, Mr. President, and your Floor Leaders and the Majority Caucus Leader on trying to coordinate this a little better in the future so that we take into consideration the public that oftentimes sits here waiting for us to convene and transact our business in a timely manner and who oftentimes find themselves waiting for quite a considerable amount of time in the gallery while we caucus. So, in the spirit of bipartisan cooperation, I'm hoping we can meet and figure out a way that we can deliberate more efficiently.

"Thank you, Mr. President."

The President stated:

“We can do that. Just to let you know, Senator Hemmings, it’s not just caucusing behind closed doors; we are deliberating in our hearings all morning long. So, we will try to work things out with you.”

Senator Hemmings responded:

“Thank you, Mr. President, I would like to add that I in no way have implied anything behind closed doors. I’d just like to . . .”

The President interjected:

“We’ve had that discussion before.”

Senator Hemmings continued:

“Yes, sir. We recognize that.”

At 11:54 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 12:04 o’clock p.m.

ORDER OF THE DAY

THIRD READING

Stand. Com. Rep. No. 2537 (S.B. No. 3238, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2537 be adopted and S.B. No. 3238, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Hooser rose to speak in support of the measure as follows:

“Mr. President I rise in support of S.B. No. 3238, S.D. 2.

“Mr. President, I believe in my heart that other than unconditional love, the single most important, the single most valuable thing that we can give to our children – our own children and the children of this State – is a good education. While neither success nor survival can be guaranteed through school work, I believe that providing our children with a strong and solid educational foundation is essential and will arm them, as best as is possible, to succeed and to prosper in a world that grows more competitive every day.

“As the Senator representing District 7, I am fully committed to exploring all options, to listening carefully to all arguments, and fully evaluating all proposals in our collective efforts to give our children the absolute best education that we possibly can.

“Upon election to this body in 2002, I requested to be able to sit on the Senate Education Committee so that I could make a positive contribution to improving education in our State. I thank you, Mr. President and members, for allowing me the privilege and honor of doing so and of being Vice Chair of this Committee and to play just a small role in shaping the significant, very significant, education reform legislation that we vote upon today.

“During the past 18 months, myself, as an individual, and our Committee, as a group, under the guidance of our hard-working and dedicated Chairman, have listened, reviewed and studied a wide array of educational reform proposals. We have met with

principals, with parents, with students, with business leaders, educators, people from all parts of the community and studied a wide array of educational reform models. We studied the way public education is managed by many different states. We have looked outside our nation to see how education works in different countries. We’ve spoken with experts provided by the Governor. We’ve spoken with experts provided by the department. We have spoken with our own experts, Mr. President, and believe me, there’s no shortage of experts, no shortage of opinions, no shortages of studies, and no shortages of good, well thought-out suggestions about what we, as responsible decision makers, could do to make our schools better.

“The problem, Mr. President, is not a shortage of studies or a shortage of experts, the challenge is sorting out all these studies and deciding what to focus on in what would truly make a difference . . . what would truly have a positive impact on student performance . . . what would truly have a positive difference in how our schools are managed . . . but more importantly, what would make our schools and students perform better . . . what would make our school system more successful?

“To make a long story short, Mr. President, we present today to this body an educational reform package that incorporates, what I believe to be, the very best elements of all the suggestions from all the experts and all the studies that have been presented during the past 18 months of discussion.

“The package before you today contains six key elements:

“First, we have the Weighted Student Formula – This concept represents the foundation of the reform model proposed by Dr. Ouchi and its success is evidenced by the much talked about ‘Edmonton Model.’ This legislation changes fundamentally, fundamentally, the way we allocate funds to our schools, it provides our principals greater authority and responsibility for managing those funds, and states clearly our commitment to spend over 93 percent – over 93 percent – of the total money for our schools on our schools and not on unrelated DOE central administration.

“Second, we propose the Hawaii Principals Academy – We now offer principal support through a variety of avenues. The Hawaii Principals Academy will provide a unifying system that will insure that our principals receive the very best training possible. Since we now expect more from our principals, then it stands to reason that we must provide them more – more support, more training, and more professional development. The proposal before you also provides more pay and bonuses for principals. If we are going to ask them to do more work, if we are going to raise the performance bar, it is only right that we also increase their compensation.

“Third, School Community Councils. Yes, we have the SCBM organizations now currently in place; however, this legislation strengthens community involvement by increasing and broadening community participation, especially in the critical budget approval and financial planning process and also allows input into school personnel decisions while at the same time retaining the principal’s decision making authority.

“Fourth, we offer Teacher Excellence Incentives. This bill authorizes a \$5,000 per year bonus for every teacher that achieves National Certification – \$5,000 per year bonus for every teacher that achieves National Certification – plus, it further incentivizes teachers by paying up to \$2,500 in cost reimbursement to every teacher who successfully completes this rigorous, very rigorous, program. This is one point that all the experts and all the studies agree – attracting and retaining

highly qualified teachers is a critical component of all successful programs, and to do so, this legislation clearly recognizes that we must reward our exceptional teachers.

“The fifth point is a Reduction of Bureaucracy. Over and over again, month after month, year after year, we’ve all heard the stories – the nightmare stories of fighting the bureaucracy in our public school system, the tales of having to go through two, sometimes three, sometimes four different state agencies just to complete what may seem to be a simple task . . . a task like building a storage shed, hiring someone who doesn’t quite fit the mold. The examples of over-lapping jurisdictions by multiple state departments have in some areas reached the status of legend. Well now, this bill would end all of that. With the passage of this bill, the finger pointing stops, Mr. President. The finger pointing stops, the buck will stop at the superintendent’s desk, and, as she has requested, she will be held accountable.

“The sixth major component of this very comprehensive and valuable legislation, Mr. President, is Small Class Sizes. In my opinion, this is the most understated yet the most valuable component of this truly comprehensive legislative reform package. This legislation requires the state – this legislation, I’ll repeat, requires the state – to reduce class sizes in grades K-3 over a period of 4 years. The legislation also provides immediate, immediate, support in this effort in a very cost-effective manner by providing an additional half-time teacher or qualified teacher’s aid for every single third grade classroom in the state. With this measure, we will be able to immediately support the critical third grade age group by dramatically lowering the teacher to student ratio without building new classrooms. Those of you who have studied education reform, know clearly that being able to read by the time a child finishes third grade is a critical benchmark in the child’s long-term educational development.

“Mr. President, there are many, many other components of this educational reform package that are valuable and worthy of discussion – elements that support accountability, increased support for the college of education so we can train and graduate more teachers, and much, much more. But in the interest of time, I will close my remarks by taking a moment to offer my sincerest thanks to the many, many people who have participated in this important debate and played an important role in bringing this bill to the Floor today – teachers from around our state, parents, students, principals, business leaders, and administrators, not to mention the Legislators in this room. To all of them, I say, thank you.

“Some of our members, Mr. President, may believe that this bill does not go far enough. Some of our members, Mr. President, may be inclined to oppose this bill because even though it contains many positive elements of which they may support, it does not contain everything that they would like. To those inclined to vote ‘no’ on this issue, I ask that for a moment you put aside the political rhetoric, put aside the instinctive desire to oppose and attack what is a genuine and comprehensive proposal to achieve real education reform. I ask, instead, that you take a moment to look at the content of the package, look for the good, look for the good things that are contained in this package and support them. As far as those elements of the package which you cannot support, offer suggestions for improvement and work together with us in a bipartisan community effort to continue in a positive fashion down this pathway toward improving our schools.

“Mr. President, this legislation represents a good solid step down the pathway to meaningful education reform. We, of course, still have much work to do and I look forward to working together with the House and with our community at

large to continue to improve and strengthen this legislation so that in the end we are successful in our quest to significantly improve public education in our State.

“Therefore, I ask our members to vote ‘yes’ in support of S.B. No. 3238, S.D. 2, vote yes to support positive, comprehensive educational reform that will make a difference where it counts – at the school level, in the classrooms, and with our students.

“Thank you, Mr. President.”

Senator Hogue rose to speak with reservations on the measure and said:

“Mr. President, I appreciate the words of the previous speaker and I rise to speak about this bill with strong reservations.

“I am speaking with reservations because I want, as the previous speaker mentioned, I want to work together with those on the other side of the aisle on this very, very important discussion. There are parts of this bill in which I agree with, and there are parts that I disagree with. I agree with the previous speaker that there are no shortages of experts and opinions in this particular area, and I think that it can be best solved if we do lower the rhetoric just a little bit and try to listen to each other.

“First of all, I wanted to go through some of the areas in which I agree, Mr. President. I’m glad that the Majority has moved forwards a bill that talks about the weighted student formula. It has worked in Edmonton. It has worked in Seattle. It has worked in Houston. I am glad we are talking about helping principals, because there is a shortage of principals, especially coming in the future. I’m glad that we are talking about helping teachers, because we definitely need to help them. In this period of recruitment and retention, we need people to get into the classroom.

“I’m glad we’re talking about small class size. I realize that’s an expensive entity, but I can tell with my own children that they do better in smaller class sizes. So, there is an area of agreement on some particular issues.

“I disagree, and many members of the Minority also disagree, with the school community councils. I think we have all seen the school system that SCBMs, Mr. President, have not been able to succeed. And the biggest reason for that is that the education system just does not like to hear other opinions. Over the years, the SCBMs have failed because of, basically, little fiefdoms that have been set up out there around the system, and I really have my doubts that this school community council will actually succeed.

“Probably the biggest problem with this particular bill talks about the oversight. In several sections, specifically page 5, section 6, talks about the superintendent shall develop and implement appropriate planning procedures and follow-up accountability reports without regard to Chapter 91 – in other words, administrative rules – to ensure planning, control and accountability in the use of monies by schools and school complexes. It goes on and talks about it on page 30, as well, about all the rights, powers, functions, duties, resources of the Department of Accounting and General Services. All of these parts of the particular bill, and it goes on and talks about it in other areas as well, takes away the oversight process from the administration. And I think that we all recognize that one-half of our budget comes through education and we have to have some oversight.

“So, this bill takes away that particular oversight and basically hands it over to the DOE, and I haven’t seen anything in the last 40 years that has indicated that they have done a really good job of overseeing themselves. So, taking this away from the executive offices I think is absolutely a step in the wrong direction.

“So, those are the areas in which we can agree, areas in which we can disagree, and I just wish that we could put forward another area that I know that the people in my district definitely are in support of and that we can at least discuss it over here on the Senate side and move a bill forward so that the people can ultimately make that decision, and that is competition – that is allowing for the breakup of the Department of Education through locally elected school boards. I wish that we could have that measure on the ballot. If we truly want to listen to all sides, Mr. President, if we truly want education reform to go forward and everybody to be heard from, then ultimately, we should hear from the people.

“So ultimately, I’m voting with reservations because I’m hoping that portion can go forward, that we can allow the people to decide in the ballot box in November.

“Thank you very much, Mr. President.”

Senator Hemmings rose to speak against the measure and said:

“Mr. President, I rise to speak against S.B. No. 3238.

“Mr. President, I’m hoping that the Majority Party, since you’ve caucused so fast on this bill, has not already made up their minds on what this bill really does. This bill is another, of what I would call, Trojan horse legislation – what you see is not what you get. Mr. President and colleagues, in fact this bill, overall, is a huge step in the wrong direction. Yes, it does throw 30 more million dollars, approximately, at education and what it mandates, but it does in fact take away the executive branch of government’s power to be responsible and regulate education.

“I might say that, in hearing the discussions this morning by some previous speakers, one said we would oppose certain aspects of it because we didn’t get our way on it. In my case, that’s not true at all. We opposed the entire bill because it is, to make a long story short, disingenuous and certainly not going to change anything in the status quo. In fact, it will make it worse.

“I do agree with the previous speaker that our most important asset is our children and their future, and public education is the single biggest investment we make as taxpayers. By the DOE’s figures, it’s, as we know, \$1.726 billion-plus investment.

“And I do recall the last time we debated education, Mr. President, there were a number of very proud Legislators who stood up and told us how wonderful they were because they sent their children to public schools. But who did not stand up were the number of Legislators, and a number of education experts, and a number of teachers and union leaders, and some members of the Majority Caucus on this Floor, who send their kids to very expensive private schools. So let’s be honest about how much we invest and how much we support public education. My point is that we should not be pitting private and public schools against each other. We should all work collaboratively together to make sure that you and everybody else in this State has a choice in public education, not tell us we have to support public education while some of us send our children to expensive private schools.

“This bill is unbelievable because it’s probably going to be tested constitutionally, Mr. President, and as with a number of other pieces of legislation the Majority Party has offered to the Floor this year will probably be judged unconstitutional. You were wise enough to recently pull two unconstitutional proposals off the Floor.

“This bill removes the budget for the DOE from executive control. You allow the DOE to have exclusive control over all budgeting functions, including the funding of the collective bargaining increases. This is problematic because Article VII, Section 8, of the Constitution requires the Governor to submit to the Legislature a, and I might add, complete plan of proposed expenditures in the executive budget. If the DOE is allowed to create its own budget, it obviously could render the process unconstitutional. I suggest you have your legal check people double-check that particular aspect of the bill.

“The bill also may be unconstitutional because it effectively removes the DOE from the executive branch of government by taking away the powers of DAGS and Budget and Finance, DHRD, the attorney general, and the Department of Human Services, with respect to many of their functions. This is problematic because the Hawaii Constitution Article V, Section 6, says that the Governor is responsible for the supervision of each principle department.

“I find it absolutely incredible, looking at what this Legislature is doing this year to erode the executive branch of government’s powers, powers that you, the Majority Party, have had for 30 or 40 years, and all of a sudden all of it has to be taken away. It’s incredible and quite, quite disingenuous once again in contrary to the public’s interest. But this particular one in particularly onerous. And I would submit to the Majority Party that this, if in fact passes and is sent up to the Governor, is going to be extremely problematic because of the constitutional issues which I just enumerated.

“I would suggest the Majority Party gavel this Session into recess and take this bill back into your caucus room and discuss it again and find out what the constitutional questions are here today and make your decisions accordingly. We would be more than happy to work with you. I think you know that the Minority Party clearly pointed out the unconstitutionality of the two bills you tried to pass last week regarding kuleana lands taxation and your efforts to remove appointing powers of the Board of Regents unconstitutionally. You might want to consider doing the same again today.

“Thank you, Mr. President.”

Senator Tsutsui rose in support of the measure and said:

“Mr. President, I rise in support of this measure.

“Mr. President, I would like to, first and foremost, commend the Chair of the Education Committee, the good Senator from Moanalua for his commitment to public education. He has spent a countless number of hours working with the DOE, working with the superintendent, working with teachers, principals, PTSA groups, organizations, you name it, basically, to find a way to redesign our public education system. And don’t take my word for it on the countless number of hours, if you look at that young man, who has probably gotten more gray hairs over the last 12 months than he has over the last 12 years, we know that he is truly committed to making our public school system better. It was because of his commitment that we have a measure before us that we can be very proud of.

“As a proud father of two young children who will be spending 13 years of their young lives in our public education

system, I'm very confident that we're moving in the right direction and that this measure will be the foundation that we need to improve student achievement statewide.

"Mr. President, I recommend that my colleagues support this measure.

"Thank you, Mr. President."

Senator Espero rose to speak in support of the measure and said:

"Mr. President, I'd like to rise in support of this measure.

"I'd just like to make some comments regarding some of the comments made by one of our colleagues regarding sending your kids to public school or private school. I, personally, am one to both public and private, so I'm on both sides, I guess.

"The comment was made that we shouldn't pit public and private schools against each other. It was said on this Floor. Yet, the issue of where we send our children was brought up in the same context. Why even bring it up, because at issue is where a parent, who has a personal choice, wants to send their child to get educated. Many go to the public schools, some go to the private schools. But that's not the issue today. And for a Senator to continue to harp on that issue while some people here send their kids to private schools, that's okay; that's their choice. There are literally thousands of parents in this situation. So is he questioning also their decision to send their kids to private schools?

"This, Mr. President, is a very good bill. It supports principals. It supports teachers. It gets parents involved in the school. It's good work that will probably improve between now and the end of the Session, and I encourage all of my colleagues to support it.

"Thank you."

Senator Slom rose to speak against the measure as follows:

"Mr. President, I rise in opposition to this bill.

"A year-and-a-half ago, the people in this State voted for change. They voted for change in individuals. They voted for change, more importantly, in some of our basic structures, institutions, and the way that we do business. They're not getting the change that they wanted because we, or I should say the Majority members of our Legislature are trying to thwart that change.

"And so, when I hear about choices, it's kind of interesting because that was what this legislation started out to be all about – to give individuals, particularly parents, choices – choices whether to send their kids to private schools or public schools, choices if we're going to actually make changes within the educational situation. And those of us that have been involved in public education efforts for many, many, many years, I guess if gray hair is an indication of wisdom and effort, then I've got a lot of credit for that.

"We've seen the frustration of parents and teachers. The frustration is not with the kids. The frustration has not been with the teachers. The frustration has been with the, quote, 'system' . . . the system being the Department of Education, the Board of Education, and the two very powerful unions – the HSTA and the HGEEA. And the idea was, we want people to have a choice at to whether or not we change what we do; that we change the only single statewide school district system in the United States; that we decentralize and bring down to more

of a community level or neighborhood level those decisions that affect education, that affect our children, that affect teachers, and those involved in any aspect of the educational process.

"It's interesting that so many members of the Majority Party just two short years ago were in support of giving parents and the voting public this choice. So let them vote on it. And that's what this is all about. I've said several times before, if I were on the other side, I would have called for a very quick vote because of all the lobbying and all of the information and misinformation that's gone out. I would have been confident that the people would have supported me and that they would have voted down the change for seven school boards, seven districts, or any appearance thereof, and then the issue would have been solved once and for all. And we could have said we followed the democratic process; we really truly listened to the people; and we let them make the decision, let them guide us, because obviously, we all come from many different directions here. But instead, we haven't done that.

"Every time I hear somebody stand up and say that a measure like this is for the children, I really cringe. This bill has nothing to do with our children. This bill has everything to do with power, control, and money. That's what it's all about.

"One of the earlier speakers said one of the six points about the wonders of this bill is it's going to end bureaucracy. To the contrary, what it will do will be to instill additional bureaucracy, except put that bureaucracy out of scrutiny and out of touch.

"What this bill does is not to offer people a choice, not to offer change, and really not to go in a different direction. What it says is, we are going to hold on to this power system of the DOE, the central, dictatorial, monolithic, monopolistic authority no matter what. And we don't care what the thousands of people have said statewide in all of the meetings, in all of the letters, in all of the e-mails and everything else.

"A statement was made about all of the experts. The problem is that there's an awful lot of people parading around here as experts that would like to be experts or thought of as being experts, but in fact they are not. But they're very expert at politicizing issues, and that's exactly what we have here. We have a political document.

"It's also interesting that for the last couple of months, the noted consultant and very esteemed expert, Dr. Ouchi, has been castigated by members of the Majority, and members of the unions, and others. But they like his weighted student formula, and so do we. We like that too. The only problem is it's kind of, Mr. President, like those people that run around and call themselves Keynesian economists but forget to quote all of the things that John Maynard Keynes said. We're forgetting to quote all of the things that were said in relation to the weighted student formula. There was never a statement that it was to be taken all by itself.

"There were preconditions in order to make it work, and the central precondition was decentralization – the breakup of the Department of Education authority. And that is what my colleagues resist the most, because unlike consideration for the children, there is out of that DOE and BOE a very effective political institution which has always – always – put money first. They've used the children and paraded the children, but it's always about money. That's why I've been very critical in the past that the union doesn't come down here and testify 'we want higher standards; we want more discipline; we want more textbooks' – no, they want more money. That's what it's always been about.

“And now, they don’t want any oversight at all. Not only don’t they want the executive department, which, as the Minority Leader has pointed out, has a constitutional right and authority and responsibility to participate in, they don’t want any oversight by any other governmental agencies either. The whole idea is that they haven’t done well in the past, but now, turn them loose and they’ll really do well this time.”

The President interjected:

“Senator Slom, could you keep your remarks to the bill, please.”

Senator Slom responded:

“Yes, yes I can, Mr. President, thank you.

“The bill talks about the responsibility of the superintendent of education but doesn’t talk about who’s going to be responsible for the oversight of the superintendent. And the statement was made that the buck stops here. The buck is not going to stop here. We won’t know where the buck is or where it’s going. And the problem is that if we’re looking at a measure to really improve our school system, then we have to take into consideration the choices and the considerations of other people who are not included within this bill.

“So, while there may in fact be good parts to the bill, particularly since the other bills were melded into it, that many of us do support and can continue to support, the bill as a whole does not perform the function that it says it does – and that is meaningful, educational reform. And that’s why I’m going to vote ‘no’ on the bill.

“Thank you, Mr. President.”

Senator Chun Oakland rose in support of the measure and said:

“Mr. President, I stand in support of this measure, and I would like to request the remarks of the Senator from Kauai to be inserted into the Journal as if they were my own.

“Elder Mary Tom’s prayer was very apropos to today’s discussions. I believe this bill is a major breakthrough that will make a significant difference in the education of our children.

“As a proud product of the public school system and mother of three public school children, I believe this bill represents great hope and great confidence in our educators, our principals, our superintendent, our parents and our children.

“I urge you to support this measure and thank the Chairs and Vice-Chairs of our Education and Ways and Means Committees and their members, as well as all House and Senate members who have put so much attention, time and thought into this matter.

“Thank you, Mr. President.”

Senator Espero rose in rebuttal and said:

“Mr. President, a brief rebuttal and clarification.

“In the debate of education reform it’s been stated that two years ago you folks supported this; two years ago you okayed this. The clarity is that two years ago, this issue came before the State Legislature. However, two years ago the Hawaii State Legislature never did pass out measures regarding local school boards, like some people imply. We never did. It was debated. It went through the process, and the issue died in Conference.

So, the Hawaii State Legislature two years ago never supported anything in terms of local school boards.

“From then to now, we’ve had time to think about it, look at it, debate it more, and we’ve got this bill before us, and again, I hope all my colleagues support this. But let me just clarify that two years ago, the Hawaii State Legislature never passed any measures regarding local school boards.

“Thank you.”

Senator Baker rose in support of the measure and said:

“Mr. President, I rise in support of this measure.

“I, too, would like to have the remarks of the good Senator from Kauai inserted into the Journal as my own, because I think they outline very well why this bill is important and why it’s important for us to continue to look at it and debate it and move it forward. Because, by and large, the criteria that I think all of us should judge a reform package on is: Is it going to positively impact student achievement? Is it going to get resources down to the school? Is it going to begin to adequately fund education?

“My colleagues across the way constantly harp that we’re just throwing money after things. It’s all about money. It’s all about resources. Well, in essence, it is, because every change that you want to make for the public schools, or for any program, if you want to improve them, if you want to provide the resources and the tools that are going to impact student achievement, it all costs money – whether it’s smaller class size, whether it’s improved facilities, whether it’s more textbooks, whether it’s more teachers; whether it’s better principals – there’s a dollar figure to that. I don’t view that as throwing money after it. I view it as making an investment in our future.

“Public education is the cornerstone of this democracy, and if we hadn’t had public education, we would not have had our other institutions thrive. And that’s why this bill is so important, because it’s about making change; it’s about bringing accountability; and it’s about focusing on students at the local level.

“Your know, it’s unfortunate that our colleagues across the way believe that change has only one face. But I think if we look throughout the ages, change has come in many shapes, many sizes and many forms, and this bill is about more change. Maybe it doesn’t look like their change, but from my perspective, it looks like the kind of change that is going to get resources to where they’re most needed. It’s going to be spent where they can have the greatest impact, and it’s providing the tools and the incentives to get more teachers into the classroom, to have teachers and principals better prepared, and to me, it’s the kind of thing that meets the test for what change ought to be – doing things that are going to positively impact student achievement, and getting the resources down to the school level.

“Mr. President, this bill, like anything else that’s crafted by human beings is not going to be perfect, but I think it goes a far step, many miles forward to doing the kind of reform and education and the kind of significant legislation that’s going to make all of us proud when, in the years hence, we see that our teachers have been empowered, our principals have been empowered, and our students are achieving greatly.

“I’d like the opportunity to insert some additional remarks on this measure in the Journal. Thank you.”

The Chair having so ordered, Senator Baker's remarks read as follows:

"We are all aware of the need for educational reforms in Hawaii's public school system. S.B. No. 3238, S.D. 2, is a positive bill that will enhance the ability of the educational system to ensure high academic achievement through reforms and decentralization measures.

"By establishing a weighted student formula, this bill takes into account the educational needs of each student by providing operating moneys to individual public schools and school complexes. This bill also improves student learning by providing funding to reduce the student-teacher ratio to twenty-five students to one teacher or less in kindergarten through grade three.

"In addition, S.B. No. 3238 supports statewide after-school care programs for students in kindergarten through grade six by establishing a revolving fund for the collection and disbursement of moneys to pay for the administration and operations of the after-school plus program.

"This bill also upholds excellence by providing salary schedules of principals, vice-principals and other educational officers based on a twelve-month term of service and provides retention bonuses and monies for additional faculty positions at the University of Hawaii's College of Education. Furthermore, it supports and recognizes outstanding teaching by providing the Hawaii teacher standards board with continued funding for implementing and administering a program of support for national board certification candidates.

"S.B. No. 3238, S.D. 2, addresses the need for serious educational reforms. It is great step toward our goal of creating an outstanding educational system and restoring the public's confidence in Hawaii's public schools."

Senator Hemmings rose in rebuttal and said:

"Mr. President, I was hoping I wouldn't have to rise again. I'm rising on a point of rebuttal.

"Regarding the public/private school debate, I sure wish this bill would accommodate more recognition of the fact that we should have partnerships with private institutions. I'd like the people who chastised me in pointing out the fact that I take issue with those who say they have confidence in public education, those who support public education, those who think that public education in Hawaii is so great and want to make it better with bills like this, I'd like to know why they then turn around and contradict their own utterances on the Floor by sending their children to private schools. My point being, Mr. President, there should not be this disingenuous, once again, battle between public and private education.

"Number two, the good Senator from Maui talked about money. It is about money. Right now, it's about 1,726,000,000-plus dollars that are being spent by public education. By their own figures, you know that it adds up to over \$9,450 per child – a lot more, by the way, than many people are paying to send their children to private schools.

"It is about money, because that investment has resulted in one of the worst rated public school systems in the nation by many, many organizations, including SAT scores. Yes, there are some wonderful schools in the public education system. Yes, most of the teachers and principals are wonderful, dedicated, hardworking, underpaid people. So the question is, Where does the money go?

"It is about money. When you have a problem in your own budget, when a company in the private sector has a problem with money and expenditures, they just don't throw more money at the problem. They indeed reform the system of how they spend. The budget has gone up every year to the point that this is the number one expenditure made by the people of Hawaii, and the measure of success is stagnated SAT scores.

"To the previous speaker, it is about money. It's about the amount of money that's being wasted on a monolithic, substantially documented, poorly performing system. And yes, this bill is change, no doubt about it. It's unconstitutional change that is going to take more money and all the power and put it into the hands of the cabal of leaders in the DOE, BOE, and HSTA that have brought us one of the most expensive and failing systems in the nation. It's change alright. It's change for the worse. It sustains the status quo, gives them more power – in fact, gives them all the power – and I think you will find at the end of the day that it may even be unconstitutional.

"I'm very proud to stand up and speak out against this bill. I'm very proud that we have offered alternatives down through the years, Mr. President, that the present system has proved one thing undeniably – that throwing more money and giving more power to the centralized system has indeed not worked.

"We'll see what happens. Thank you, Mr. President."

Senator Sakamoto rose in support of the measure and stated:

"Mr. President, I rise to speak in support of the measure.

"Rather than go through prepared remarks, I'd like to address some of the points raised. Not all of them, lest we be here for a longer time, but I think it's important to address some of the points raised.

"I think, regarding the criticism of the bill dealing with oversight in bureaucracy from outside the DOE, long before this Governor, this body has dealt with the issue of DAGS and how to deal with that external force. This isn't something new. This has been ongoing for a long time. This body has passed measures vetoed by the previous Governor relating to the attorney general and those types of issues. This body, as well as the department, and others have talked about personnel, getting the money to the schools, lessening those barriers. So this is certainly not about this Governor or about this year. This is about ongoing concerns on how to take away barriers, whether it's within the DOE or external to the DOE.

"Certainly on the constitutional matters, we'll check, just as other measures. We're well aware here that this is a work in progress and certainly not to say that anything, because someone raises objections, should be taken out, but I think good points are raised. So, as the Senator from Lanikai made a good point, let's work together, and the points that don't work, let's address those, the parts that do, let's address those.

"I think we talk about many things. One point was made how this legislation started, implying that this legislation started off somewhere else and ended up here. This legislation started off on the road to how do we improve student achievement, what do we do to empower the school principals, what do we do to help principals and teachers do their job, what do we do to help? Maybe another legislation started off somewhere else.

"The comment from the speaker from Hawaii Kai said bring more of this to the community and neighborhood level. Certainly, as we transform with the weighted student formula to the principals, to the school community councils, that indeed is changing from the status quo of present, things by formula, to

changing it to empower the principal and that school community even more. And that's a major change.

"Oversight . . . no oversight. Who is responsible for the superintendent? The people elect the board of education. The board of education hires the superintendent, evaluates the superintendent. So, for people to say who will oversee the superintendent, that is the board of education that is elected by our voters.

"Regarding the dollars spent, and I'm not here to debate whether it's 7,000, 8,000, 9,000, how much revenue, how much is spent, but as we talk about private schools, yes, some private schools' tuition is much lower. But as we talk about the schools, we say, why can't our schools be like the top private schools in our state whose tuition ranges in the neighborhood of \$12,000? And I've been recently informed by a parent that was told by their school board that although you pay \$12,000, that's only 2/3 of the cost to educate your child because of endowments, because of gifts, because of other things. So, if that is true, that it may cost \$18,000 for a child at some of our top schools, and we're saying why can't we be like them for half as much – with the problem children, with the special needs children, with the disciplinary problems – we have a ways to go.

"In conclusion, Mr. President, some people in this body talk about money first. I would like to talk about people first – our educators, our students, our families. Is it money first? Is it people first? And sometimes there are compromises, but people matter. That's what it's all about.

"Some people in this body talk about changing the management. Change the management . . . I would say we need to work with the people. You can choose – change the management or work with the people – work with the people in the system, work with the people who have children in the system, work with the people who pay their hard-earned taxes. So there are choices – Is it money first, people second? Or is it people first, money second? Is it change the management first, work with people second? Or is it work with people first, change the management second?

"Thank you, Mr. President."

Senator Trimble rose in opposition to the measure and said:

"Mr. President, I rise in opposition to S.B. No. 3238. I oppose this measure for three reasons.

"The first reason is that it is considered to be work in progress. When I vote and cast a vote today, I can only cast a vote, affirmative vote, for what is considered by those in this Body to be a finished product, because that product, once we send it out, may not come back to us.

"The second reason that I oppose this bill is that so many other things were left in it. Some of those things appear to be micro-management by this institution in what could properly be considered what the Department of Education should decide on its own accord when it formulates its own budget.

"The third reason is, if we sweep away all the words that have been uttered today, the words were about education, the words were about children, but at the heart of the matter was bureaucracy. I rose a few Fridays ago and I said that bureaucracies are organic and unless we change the reward structure, we will not change the outcome. The reward structure for the Department of Education, as long as I can remember, has been failure. Failure ensured them the opportunity to ask for more money. That is again what has

happened this year. They always give a reason for not succeeding.

"I would like to have and I would like this Body to reward those managers that come before us in Ways and Means that were successful. But somehow, those that were successful, we raid their special funds, and those that spent all they got and didn't produce the results they wanted, were rewarded by more money. I think we have the wrong reward structure. We have accepted the excuses. We have given more control to the bureaucracy, and in the long run, it will not produce a product that we are happy with.

"Thank you, Mr. President."

Senator Kim rose in support of the measure and said:

"Mr. President, I rise to speak in support. Actually, I really rise to offer a rebuttal to our Minority Leader's rebuttal.

"This goes to the issue of the comments made about the battle between private and public schools, Mr. President. Remarks about people who perhaps don't send their children to public schools I think that only heightens the so-called battle between private and public schools.

"I'm not going to stand here and pretend to know why people would send their children to private schools. I'm sure there are valid reasons why someone makes that choice, and our country is one of choice. But to state or to infer that because we might send our children to public school that we're not compassionate and we don't care about our public schools and perhaps we're not the right people to sit here and make determinations as to what we think is good in the public schools I think is an invalid argument at this point in time. Perhaps to say that you, yourself, did not attend a public school, then perhaps you may not be equipped to make that decision.

"I'd like to state that I am a product of the public schools. My entire family is products of the public schools – all of my cousins and my brother's children attend public school. My son happened to go to Kamehameha schools because of his birthright. Should I have to stand here and say the fact that my son goes to an inexpensive private school that we don't have compassion for the public school system? If you don't attend the University of Hawaii or you don't send your children to the University of Hawaii, you don't have compassion for our state university? I just think that these kinds of arguments just go further to make this battle where there really shouldn't be one.

"So, I just hope that in the future, Mr. President, we will keep our remarks to the merits of the bill that's in front of us. Thank you."

President of the Senate

Senator Taniguchi, Chair of the Committee on Ways and Means, requested a waiver of the notice requirement pursuant to Senate Rule 21 for the following Senate Bills:

S.B. No. 214;
S.B. No. 607;
S.B. No. 2066;
S.B. No. 2072;
S.B. No. 2654;
S.B. No. 2789;
S.B. No. 2904;
S.B. No. 2912;
S.B. No. 2936;
S.B. No. 3020; and
S.B. No. 3186.

At 1:00 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:01 o'clock p.m.

The Chair then granted the waiver.

Senator Hemmings rose on a point of personal privilege and said:

"Mr. President, I rise on a point of personal privilege.

"I'd like the record to reflect that this Senate is at its best – at its best – when we argue, debate, and passionately – passionately – state our positions on issues. It's not so good when we simply just roll in here and rubber stamp whatever the issue is of the day.

"I'd like to thank you, Mr. President, and I'd also like to thank the Chairman of the Ways and Means Committee, who's been extremely patient in the last several days in allowing us to passionately debate the issues which have a tremendous impact on the people who send us here.

"Thank you, Mr. President."

ADJOURNMENT

At 1:03 o'clock p.m., on motion by Senator Kawamoto, seconded by Senator Hogue and carried, the Senate adjourned until 11:30 o'clock a.m., Friday, March 5, 2004.

THIRTIETH DAY

Friday, March 5, 2004

The Senate of the Twenty-Second Legislature of the State of Hawaii, Regular Session of 2004, convened at 11:35 o'clock a.m. with the President in the Chair.

The Divine Blessing was invoked by Sister Susan John Kraus, Daughters of St. Paul, after which the Roll was called showing all Senators present with the exception of Senator Menor who was excused.

The President announced that he had read and approved the Journal of the Twenty-Ninth Day.

Senator Hooser rose to speak on a point personal privilege and said:

"Mr. President, I rise on a point of personal privilege, if I could.

"Yes, we've been debating education for many, many weeks and months, if not years, in our community, and oftentimes we hear statements talking about how poorly Hawaii students do in national test scores. Statements to the effect that we're at the bottom of these test scores are repeated over and over in the media, and it give me great pleasure today to read some of the most recent test scores that were in the Honolulu Advertiser this morning, especially with the young people in the audience.

"In grade three reading and math . . . this is for the Stanford Achievement Test Scores, the most recent ones. In grade three reading and math, Hawaii public schools, 82 percent tested average or above average – 82 percent average or above average reading and math, grade three. In grade five, 80 percent in grade five scored average or above. In grade five reading and grade eight reading, about 75 percent in Hawaii public schools scored average or above. And in grade eight math, 73 percent of the students in Hawaii public schools scored average or above average.

"So, I think this shows that even though we all recognize the fact that we need to do much more, much better things for our students and our schools, that our students, as a whole, are competing above the national average, especially in the third, fifth, and eighth grade areas. So, I think they should be applauded for that.

"Thank you, Mr. President."

No. 23, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION TO DEVELOP AND REQUIRE AS PART OF THE CURRICULUM AN ELEMENTARY SCHOOL-LEVEL PHYSICAL EDUCATION PROGRAM," was deferred until Thursday, March 11, 2004.

Senator Sakamoto, for the Committee on Education, presented a report (Stand. Com. Rep. No. 2867) recommending that S.R. No. 12 be adopted.

By unanimous consent, action on Stand. Com. Rep. No. 2867 and S.R. No. 12, entitled: "SENATE RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION TO DEVELOP AND REQUIRE AS PART OF THE CURRICULUM AN ELEMENTARY SCHOOL-LEVEL PHYSICAL EDUCATION PROGRAM," was deferred until Thursday, March 11, 2004.

At 10:13 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:42 o'clock a.m.

ORDER OF THE DAY

THIRD READING

S.B. No. 3030, S.D. 1:

Senator Hanabusa moved that S.B. No. 3030, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hanabusa then offered the following amendment (Floor Amendment No. 4) to S.B. No. 3030, S.D. 1:

SECTION 1. S.B. No. 3030, S.D.1 is amended by amending section 12 to read as follows:

"SECTION 12. Section 11-214, Hawaii Revised Statutes, is amended to read as follows:

~~"§11-214 Disposition of funds. (a) [All candidates who withdraw or cease to be candidates, or committees directly associated with such candidates, individuals who receive contributions but fail to file for nomination, or committees or parties which discontinue their activities covered in this subpart, shall return all residual private contributions to the donors of such contributions within four years if their identities are known, provided that if the identity of any donor is not known, or the donor cannot be found, such contribution shall escheat to the Hawaii election campaign fund or may be donated to a nonprofit organization of the candidate's choice. In the event of a death of a candidate, the candidate's committee, if any, shall return all residual private contributions to the donors of such contributions, provided that any residual contributions not returned to the donors within sixty days of the candidate's death shall escheat to the Hawaii election campaign fund or may be donated to a nonprofit organization of the candidate's choice.~~

~~(b) All residual public funds shall be returned to the Hawaii election campaign fund.~~

~~(c) Upon disposition of all residual funds, the candidate or campaign treasurer shall file a report with the commission, reporting the amounts distributed under this section and the manner of disposition.~~

~~(d) This section shall not apply to:~~

- ~~(1) Elected officials;~~
- ~~(2) Candidates who failed to be nominated or elected yet who become a candidate for nomination or election to office within four years thereafter;~~
- ~~(3) Elected officials who resign their office before the end of their term yet who file to become a candidate for reelection within four years after the end of the term from which they resigned; or~~
- ~~(4) Elected officials who do not seek reelection yet who file to become a candidate for election within four years after the end of the term from which they did not seek reelection.]~~

~~Candidates, committees, and individuals that receive contributions but fail to file a nomination for an election or an election shall return all contributions to the donors no later than the final date to file for a nomination for an election or an election. No funds from contributions may be expended for any purpose. Funds not returned to the donors shall escheat to the Hawaii election campaign fund.~~

~~(b) Candidates or committees that withdraw or cease to be candidates or committees for reasons, including death, term limits, disqualification, resignation, or other personal reasons shall return all unexpended contributions to the original donors. Unexpended funds not returned to the original donors shall escheat to the Hawaii election campaign fund within ninety days after the candidate or committee withdraws or ceases to be a candidate or committee. No funds received from any person shall be expended for any purpose other than for expenditures directly related to the candidate's or committee's activities to influence the outcome of the nomination for election or election.~~

~~(c) Candidates or committees directly associated with candidates, who:~~

- ~~(1) Are elected to office, may expend surplus funds pursuant to section 11-206 but under no circumstances shall expenditures be made from funds after four years from the date of the election for which the contributions are received; or~~
- ~~(2) Fail to be nominated or elected to office, may expend surplus funds pursuant to section 11-206 but under no circumstances shall expenditures be made from funds after ninety days from the date of the election for which the contributions are received.~~

~~Surplus funds may be expended by a candidate for the next subsequent election upon registration for the election pursuant to section 11-194.~~

~~(d) Candidates or committees upon disposition of funds under this section shall terminate candidacy as provided under section 11-213."~~

SECTION 2. S.B. No. 3030, S.D.1 is amended by amending section 18 to read as follows:

"SECTION 18. This Act shall take effect on January 1, 2010."

Senator Hanabusa moved that Floor Amendment No. 4 be adopted, seconded by Senator Chun Oakland.

Senator Hanabusa rose to speak on the amendment as follows:

"Mr. President, the floor amendment does a series of things. First of all, it places a defective date on this bill in that it permits us to continue the discussion on a major campaign spending reform measure. What it does do is it clarifies the

concept of what funds may be expended under which surplus funds may be expended under certain circumstances. For example, if you no longer run for office and choose not to seek any other office, then what the bill provides for is that within 90 days it shall be returned back to the original donors.

"In addition, if you have unexpended funds as a result of an election, it permits and continues to permit the \$4,000 maximum for those in the Senate, \$2,000 in the House, for those types of donations to various members of the community.

"Mr. President, those are the amendments and we ask that our colleagues support that."

The motion to adopt Floor Amendment No. 4 was put by the Chair and carried.

By unanimous consent, S.B. No. 3030, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," was placed on the calendar for Third Reading on Thursday, March 11, 2004.

Stand. Com. Rep. No. 2783 (S.B. No. 1362, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2783 be adopted and S.B. No. 1362, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hemmings then offered the following amendment (Floor Amendment No. 5) to S.B. No. 1362, S.D. 2:

SECTION 1. SB 1362 SD2 is amended by inserting the following:

"SECTION 2. Section 334-3, Hawaii Revised Statutes, is amended to read as follows:

"**§334-3 Functions of department in mental health.** (a) The department of health within the limits of available funds within the designated programs, shall promote and provide for the establishment and operation of a community-based mental health system responsive to the needs of persons of all ages, ethnic groups, and geographical areas of the State, reflective of an appropriate distribution of resources and services, and monitored and evaluated in terms of standards, goal attainment, and outcomes. The elements of the system shall be defined by departmental rules recognizing the need for at least the following services:

- (1) Informational and educational services to the general public and to lay and professional groups;
- (2) Collaborative and cooperative services with public and private agencies and groups for the prevention and treatment of mental or emotional disorders and substance abuse and rehabilitation of patients;
- (3) Consultation services to the judiciary, to educational institutions, and to health and welfare agencies;
- (4) Case management, outreach, and follow-up services;
- (5) Emergency crisis and noncrisis intervention services accessible to all residents[; of all service areas]
- (6) Community-based, relevant, and responsive outpatient services;
- (7) Community residential care comprising a comprehensive range of small, homelike, and appropriately staffed treatment and rehabilitation facilities;
- (8) Short-term psychiatric treatment, preferably in facilities where access to other health and medical services are readily available;
- (9) Intensive psychiatric treatment for patients in need of long-term, highly structured, or highly specialized care

and treatment under section 334-2.5, and provision of appropriate community resources;

- (10) Training programs, activities, and staffing standards for the major mental health disciplines and ancillary services; and
- (11) Rehabilitative services for hospital and community-based individuals who have experienced short- or long-term mental or emotional disorders and substance abuse.

(b) The department shall revise, refine, and develop the system to ensure optimal responsiveness to the many and varied needs of the people of the State. The development of the system shall be based on [a] an annual statewide ~~[four-year plan which is developed in response to statewide assessments of need, evaluations of services, programs, and facilities, and community expressions of needed services and programs.]~~ comprehensive integrated service plan that is the cumulative result of comprehensive integrated service area planning within each county. The statewide plan shall determine the specific content of the department of health budget for the mental health system. ~~[The plan shall be annually monitored and updated.]~~

(c) The department shall specifically:

- (1) Perform statewide assessments of the need for prevention, treatment, and rehabilitation services in the areas of mental or emotional disorders and substance abuse;
- (2) Adopt rules pursuant to chapter 91 for establishing the number and boundaries of the geographical service areas for the delivery of services in the areas of mental or emotional disorders and substance abuse. ~~[Each statewide four-year plan shall include a]~~ The department shall periodically review ~~[of]~~ the effectiveness of the geographical service areas in promoting accessibility and continuity of appropriate care to all residents of that geographical area;
- (3) ~~[Establish]~~ Appoint a service area ~~[center] administrator~~ in each ~~[geographical service area that]~~ county who shall be ~~[the focal point]~~ responsible for the development, delivery, and coordination of services in that area;
- (4) Ensure statewide and community-based planning for the ongoing development and coordination of the service delivery system as guided by needs assessment data and performance related information;
- (5) Establish standards and rules for psychiatric facilities and their licensing, where applicable;
- (6) Establish standards and rules for services in the areas of mental health and substance abuse treatment, including assurances of the provision of minimum levels of accessible service to persons of all ages, ethnic groups, and geographical areas in the State;
- (7) Ensure community involvement in determining the service delivery arrangements appropriate to each community of the State;
- (8) Cooperate with public and private health, education, and human service groups, agencies, and institutions in establishing a coordinated system to meet the needs of persons with mental or emotional disorders and substance abuse difficulties;
- (9) Evaluate and monitor all services in the fields of mental health and substance abuse where such services are supported fully or in part by state resources;
- (10) Promote and conduct research, demonstration projects, and studies concerned with the nature, prevention, intervention, and consequences of mental or emotional disorders and substance abuse;
- (11) Keep records, statistical data, and other information as may be necessary in carrying out the functions of the mental health system and this chapter;

- (12) Advocate patients' rights in all psychiatric facilities in the State and investigate any grievances submitted to the department by any patient in a psychiatric facility, except as provided in section 334E-2(d). The department shall establish rules and procedures for the purpose of this paragraph within one year after January 1, 1985, and post the rules in a conspicuous manner and accessible place;
- (13) Promote and conduct a systematic program of accountability for all services provided, funds expended, and activities carried out under its direction or support in accordance with sound business, management, and scientific principles;
- (14) Coordinate mental health resources in each [service area] county of the State by the development and presentation of [a mental health systems service plan incorporating the planning of each service area.] a comprehensive integrated service area plan developed by the service area administrator in conjunction with the service area board. The service area ~~[enter]~~ administrator and the service area board, in collaboration with private and public agencies serving their population, shall submit recommendations for the statewide ~~[four-year plan,]~~ comprehensive integrated service plan, including needs assessment, program planning, resource development, priorities for funding, monitoring, and accountability activities;
- (15) Oversee and coordinate service area programs and provide necessary administrative and technical assistance to assist service area programs in meeting their program objectives; and
- (16) Provide staffing to the state council and service area boards to assist in the performance of their functions."

SECTION 3. Section 334-10, Hawaii Revised Statutes, is amended to read as follows:

"§334-10 State council on mental health. (a) There is established a state council on mental health. The council shall consist of twenty-one members appointed by the governor as provided in section 26-34. In making appointments to the council, the governor shall ensure that all service area boards of the State are represented, and that a majority of the members are nonproviders of mental health or other health services, and that a majority of the members are not state employees. The number of parents of children with serious emotional disturbances shall be sufficient to provide adequate representation of such children in the deliberations of the council. The council shall be composed of residents of the State, including individuals representing:

- (1) The principal state agencies with respect to mental health, education, vocational rehabilitation, criminal justice, housing, and social services;
- (2) Public and private entities concerned with the need, planning, operation, funding, and use of mental health services and related support services;
- (3) Adults with serious mental illnesses who are receiving, or have received, mental health services;
- (4) The families of such adults or families of children with serious emotional disturbances; and
- (5) The Hawaii advisory commission on drug abuse and controlled substances who shall be a person knowledgeable about the community and the relationships between mental health, mental illness, and substance abuse.

(b) The council shall elect a chairperson from among its members. All members shall serve without compensation but shall be paid their necessary expenses in attending meetings of the council.

(c) The council shall advise the department on allocation of resources, statewide needs, and programs affecting two or more service areas. The council shall review and comment on the [state] statewide comprehensive integrated service plan and shall serve as an advocate for adults with serious mental illness, children with serious emotional disturbances, other individuals with mental illnesses or emotional problems, and individuals with combined mental illness substance abuse disorders.

(d) If the department's action is not in conformance with the council's advice, the department shall provide a written explanation of its position to the council.

(e) The council shall prepare and submit an annual report to the governor and the legislature on implementation of the [state] statewide comprehensive integrated service plan. The report presented to the legislature shall be submitted at least ten days prior to the convening of each regular session."

SECTION 4. Section 334-11, Hawaii Revised Statutes, is amended to read as follows:

"§334-11 Service area boards. (a) A service area board shall be established to advise each service area ~~[enter.] administrator.~~ Each board shall consist of nine members appointed by the governor, who shall serve for terms to be determined by the governor. After the initial appointees, the governor shall fill each vacancy on a board by appointing a member from a list of four persons submitted by that board, except that, if the board is unable to achieve a quorum at two consecutive meetings called for the purpose of making such a list, the list may be provided by a group of at least seven service area consumers and nonproviders of mental health services. This group shall consist of all board members willing to participate in making the list and other area consumers and nonproviders of mental health services to be selected by the service area board chairperson and service area ~~[enter chief.] administrator.~~ Any meeting called for the purpose of making the list shall be subject to part I of chapter 92. The members of the board shall be service area residents, who are consumers or nonproviders of mental health services and service area providers with a majority being non-state employees and nonproviders of mental health or other health services.

Each board shall elect a chairperson from among its members. All members shall serve without compensation but shall be paid their necessary expenses in attending meetings of the board.

(b) Each service area ~~[enter] administrator~~ and board, in consultation with public and private providers, shall participate in the development of comprehensive integrated service area plans and budgets. Each board shall advise ~~[its enter] the service area administrator~~ about service area needs to prevent and treat mental or emotional disorders, combined mental illness substance abuse disorders, and persons afflicted by these disorders, and provide advice, guidance, and recommendations to both the advisory commission on drug abuse and controlled substances, section 329-2, and the state council on mental health, section 334-10, as they deem appropriate.

(c) If a ~~[enter chief's] service area administrator's~~ actions are not in conformance with the board's planning decisions, the ~~[enter chief] service area administrator~~ shall provide a written explanation to the board."

SECTION 2. SB 1362 SD2 is amended by renumbering sections 2, 3, 4, and 5.

Senator Hemmings moved that Floor Amendment No. 5 be adopted, seconded by Senator Hogue.

Senator Hemmings rose to speak on the amendment as follows:

“Mr. President, the purpose of this Floor Amendment to S.B. No. 1362 is to make sure that the statutory language conforms with the Community Plan for Medical Health Services (a court ordered plan for development of public community mental health services in *USA v Hawaii*). The court-ordered plan requires the State to ‘Initiate changes in Hawaii law to authorize Service Area Boards to advise Service Area Administrators (SAA) regarding development of the Comprehensive Integrated Service Area Plan.’

“The structures, positions, and planning process are currently in place within the Adult Mental Health Division as a result of actions required by the federally mandated Community Plan for Mental Health Services. In other words, the department is already doing these things. The plan was ordered on January 23, 2003, and over the past year, the Adult Mental Health Division has conducted operations in conformance with this order. This proposal ensures continuing compliance with the court order and forms the legal foundation for sustainable county-based mental health planning, oversight, and service integration.

“Mr. President, parenthetically to this presentation, I would like to tell you that this is an amendment or bill that slipped through the cracks. It was originally in a form of S.B. No. 2945, passed out of Health and did not make it to the Floor for a final vote. The House did not take action on this and I think the conscientious thing for the Senate to do is to pass this amendment so that this initiative, which is concisely worded, can be in play in the House of Representatives after Final Reading on Thursday.

“Thank you, Mr. President.”

Senator Hanabusa rose to speak on a point of personal privilege and said:

“Mr. President, I think what I rise to is a point of personal privilege because I’m not speaking in opposition to the amendment but I am speaking in opposition to the process that has been utilized.

“Mr. President, S.B. No. 1362, S.D. 2, as the good Senator from Maunawili said, is a Judiciary measure. The reason this bill is a Judiciary measure and is before you is because the good Senator from Lahaina, the Chair of the Health Committee, came to me and said the Department of Health needs this measure, and we scheduled it. The Judiciary Committee scheduled it. I think it was within the last week of hearings. At no time was the good Chair of the Health Committee told by anyone in the administration that they needed this measure amended.

“Mr. President, I’d like to say that in my dealings, as the second Committee and dealing with the Health Chair, she has put in all the amendments that they have requested. She has never in any way said no to any issues of prior concurrence. And I found that the factor this has brought in its present form is an affront to our good Chair.

“That is the reason why I find myself compelled to speak on a point of personal privilege. It is not the substance. The good Chair of the Health Committee was well aware and is supportive of all measures that the Department of Health has sought. I think what the Department of Health has done is they have let this fall through the cracks and they should take responsibility for that.

“Thank you, Mr. President.”

At 10:48 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:50 o’clock a.m.

The motion to adopt Floor Amendment No. 5 was put by the Chair and carried.

Senator Hemmings then moved that Stand. Com. Rep. No. 2783 be received and placed on file, seconded by Senator Hogue and carried.

By unanimous consent, S.B. No. 1362, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO MENTAL HEALTH,” was placed on the calendar for Third Reading on Thursday, March 11, 2004.

Stand. Com. Rep. No. 2802 (S.B. No. 2474, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 2802 be adopted and S.B. No. 2474, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator English then offered the following amendment (Floor Amendment No. 6) to S.B. No. 2474, S.D. 2:

SECTION 1. Senate Bill No. 2474, S.D. 2, is amended by amending section 3 to read as follows:

“SECTION 3. Section 269-92, Hawaii Revised Statutes, is amended to read as follows:

“~~[(H)§269-92]~~ **Renewable portfolio standards.** Each electric utility company that sells electricity for consumption in the State shall establish a ~~[renewables]~~ renewable portfolio standard ~~[goal]~~ of:

- (1) Seven per cent of its net electricity sales by December 31, 2003;
- (2) Eight per cent of its net electricity sales by December 31, 2005; ~~[and]~~
- (3) Nine per cent of its net electricity sales by December 31, 2010[-];
- (4) Twenty per cent of its net electricity sales by December 31, 2015; and
- (5) Thirty per cent of its net electricity sales by December 31, 2020.”

SECTION 2. Senate Bill No. 2474, S.D. 2, is amended by amending section 6 to read as follows:

“SECTION 6. This Act shall take effect on July 1, 2030.”

Senator English moved that Floor Amendment No. 6 be adopted, seconded by Senator Kokubun.

Senator English rose to speak on the amendment and said:

“Mr. President, this amendment restores the percentage numbers to the renewable portfolio standards, namely, 20 percent of electricity by December 31, 2015, and 30 percent by December 31, 2020.

“It also, at the request of the CPH Chair, adds in a effective date of July 1, 2030.”

The motion to adopt Floor Amendment No. 6 was put by the Chair and carried.

Senator English then moved that Stand. Com. Rep. No. 2802 be received and placed on file, seconded by Senator Kokubun and carried.

By unanimous consent, S.B. No. 2474, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," was placed on the calendar for Third Reading on Thursday, March 11, 2004.

Stand. Com. Rep. No. 2822 (S.B. No. 1206, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2822 be adopted and S.B. No. 1206, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble then offered the following amendment (Floor Amendment No. 7) to S.B. No. 1206, S.D. 1:

SECTION 1. SB 1206, S. D. 1 is amended by deleting sections 1-4.

SECTION 2. SB 1206, S. D. 1 is amended by inserting the following:

"SECTION 1. Chapter 235, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"§235-. Windfall profits tax. (a) In addition to any other applicable tax imposed pursuant to this chapter, there is imposed on the distributors of petroleum products doing business in Hawaii, a windfall profits tax, that shall be applicable to profits earned from Hawaii business operations to the extent that such profits exceed twice the national industry average profit margin, as determined by the windfall profits advisory panel. The tax shall be equal to fifty per cent applied to the profits deemed to be excessive in accordance with this section.

(b) Moneys collected pursuant to this section shall be apportioned to the counties in accordance to the number of vehicles registered in each respective county. Each county shall receive such apportioned share on an annual basis.

(c) For purposes of this subsection: "Cost of goods sold" shall include the cost of raw materials, i.e. oil, plus maintenance costs and operating expenses.

"Distributors of petroleum products" shall include individuals, partnerships, limited partnerships, joint ventures, trusts, associations, corporations, S corporations, or any other entity that is engaged in the business of refining, importing, distributing gasoline and other petroleum related products to retailers.

"Gasoline retailer" shall include individuals, partnerships, limited partnerships, joint ventures, trusts, associations, corporations, S corporations, or any other entity that is engaged in the business of selling gasoline to the consuming public.

"National industry average profit margin" shall mean the average profit margin of gasoline refiners in the United States as disclosed in industry reports, Moody's Investment Service, corporate annual reports or any other industry analytical source reports.

"Profit margin" shall mean the ratio of cost of goods sold to gross sales expressed as a percentage.

(d) There is established within the office of the state consumer advocate an advisory board consisting of five individuals. The members of the board shall be appointed by the governor from a list of eligible candidates submitted by the state consumer advocate, in accordance with chapter 26-34. The members of the board shall be:

- (1) The state consumer advocate, who shall serve as its chairman;
- (2) Two unaffiliated consumers of gasoline, who shall be members of the public at large;

(3) A gasoline retailer, who shall be engaged in the business of selling gasoline to the consuming public; and

(4) A seller of gasoline, who shall be either a refiner or importer of gasoline for resale.

The members of the board shall serve without compensation but shall be reimbursed for expenses, including travel expense, actually incurred in the performance of their duties under this chapter.

(e) The chairman of the board shall establish rules and guidelines for the board including the methodology to be used to calculate industry average profit margin.

(f) The duties of the board shall include:

(1) Review and analysis of national petroleum industry sales data; and

(2) Establishing a national industry average profit margin.

(g) The board shall meet once during the fourth quarter of each year.

(h) Meetings shall be conducted in accordance with Robert's Rules of Order.

(i) A simple majority of votes shall be required for decision making purposes.

(j) The consumer advocate shall publish the advisory panel's "national industry average profit margin" determination for public review.

(k) Any distributor of petroleum products violating this part, shall be subject to the fines and penalties provided in §231-39.

SECTION 2. New statutory material is underscored.

SECTION 3. This Act, upon its approval, shall apply to taxable years beginning after December 31, 2004."

Senator Trimble moved that Floor Amendment No. 7 be adopted, seconded by Senator Slom.

Senator Trimble rose to speak on the amendment as follows:

"Mr. President, real problems merit real solutions. The people deserve nothing less. They understand a lot more than some people in this Chamber give them credit. You just can't fool all the people all the time. I know because I surveyed my constituents. I suspect that yours are every bit as akamai as mine. They know that when you have competition, consumers benefit with better products and lower prices. This is a result of allowing consumers the power of choice.

"We all remember when Adam Smith wrote in 1776 about this invisible hand leading. What we tend not to remember is the economic circumstances of his day. His writings were radical then, as they are for some of us in Hawaii today. He wrote in an era of large government and government sponsored monopolies. In fact, most of his writings dealt with the abuse of power when it went unbridled, be it exercised by government or private monopoly.

"Let us not forget that the purpose of production is consumption. When we have competitive markets, consumers benefit. Where we lack competition so that one or two firms influence price to increase their profits, a tax, a monopoly tax is being assessed. In these situations, it is government's right – no, it is government's responsibility to take a portion of this tax to use for the public good. That is what this bill does. It recognizes that oil refineries are in a position to collect this monopoly tax.

"Hawaii consumers are unhappy about the high cost of gasoline. But what makes them really mad is that they know there are many times when they are being ripped off by firms

that use their position in the marketplace to extract a monopolist tax.

“Profit is a good word. It is the return that accrues to those that take risk, that are better managers, that develop better methods of organization, and that produce better products. But those situations, more so in Hawaii because of our relative isolation, where companies want us to believe that Hawaii is different, that we are unique, and because our high cost of living, their cost of doing business is also high. The truth is that because they intentionally reduce supply below what it would be in competitive markets to collect that monopolist tax, they create the high cost of living that they so lament.

“I sense that some of you seek to make oil an election issue this year, just as you did two years ago. You could have solved the problem last year, but perhaps elections are not won by really solving this problem. We could have repealed the divorce law that you enacted some 13 years ago that has resulted in a two-cent rise in the price of gasoline, but you have not. Gas caps won’t work, and the modifications you seek to make will only make it worse.

“Of the choices that we have here today, only one works. Let us use our energy to solve the problem by defining what constitutes windfall profits and setting in place a mechanism to share in that monopolist tax that is already being assessed for Hawaii’s collective benefit. Outrageous prices that result from lack of competition is not limited to gasoline.

“Let me conclude by showing you how my constituents feel. We first start with inter-island airfare; next, utility cost; then ocean freight; and finally, gasoline. The list goes on but I think the point is made. I not presume that my oratory will sway the outcome of our vote here today, but I do humbly submit that what we should do is begin with the intellectual framework that first seeks to foster competition, and then in those situations where there are no free markets, that we use human nature for our collective benefit. To do otherwise is to expect that we, as lawmakers, can change foxes into sheepdogs.

“Thank you, Mr. President.”

Senator English rose to speak against the amendment and said:

“Mr. President, I rise to speak against the Floor Amendment.

“This amendment takes a bill that went through a hearing, went through a public hearing, through two Committees, and to the Floor, guts out the contents of that bill and inserts new language for something that has not had a public hearing, did not go through the public process, and is here.

“Now, I remember when this side of the aisle has tried to do things like this and the other side of the aisle stood up and screamed bloody murder. Well, now it’s our time to stand up and scream bloody murder, because you didn’t do the process.

“So, Mr. President, I’m objecting to this because it did not get a public hearing. This is a brand new idea going into a bill that did go through a public hearing. But I just have to point out what it is. Let us reflect on the reality of what this is. This is the Republican Caucus offering a new tax – and 50 percent of the profits is the tax on top of that on an industry. So let it not be said that only Democrats offer new taxes. The Republicans have offered a new tax here, and they’re offering a tax at 50 percent of the profits – what a huge tax that is. Even Democrats cannot support that.

“Thank you, Mr. President.”

Senator Hogue rose to speak against the amendment and stated:

“Mr. President, I rise to speak against this amendment.

“I want the good Senator from Hana to recognize that we on the other side of the aisle here have not lost our senses, that this is not a Republican Caucus position. (Laughter.) We appreciate that other things have come to the table, but I am adamantly against this proposal and I believe that others in the Caucus are as well.

“Thank you.”

Senator Hemmings rose to speak against the amendment as follows:

“Mr. President, I, likewise, rise to speak against this amendment.

“I guess the good news is that it got a smile on everybody’s face. I do want to let the Clerk know that I will be casting a ‘no’ vote against this. I made a pledge not to raise taxes and that includes this amendment.

“Thank you, Mr. President.”

Senator Slom rose to speak against the amendment and said:

“Mr. President, I rise, also, against the amendment but for the process of allowing free speech and to discuss every issue. I guess that’s what sets our Caucus apart. Most of us in this Caucus refuse to vote for any tax increases and will continue to do so today. But when we that we believe in the right of any and every individual to speak up, particularly in a public session, not behind closed doors, we put our votes and we put our process where our mouth is.

“So basically, Mr. President, that’s what this exercise was all about. We have concluded the exercise, and now we can vote democratically.

“Thank you.”

The motion to adopt Floor Amendment No. 7 was put by the Chair and failed to carry.

The motion to adopt Stand. Com. Rep. No. 2822 and pass S.B. No. 1206, S.D. 1, on Third Reading was then put by the Chair and carried, Stand. Com. Rep. No. 2822 was adopted and S.B. Stand. Com. Rep. No. 2855 (S.B. No. 3186):

Senator Taniguchi moved that Stand. Com. Rep. No. 2855 be adopted and S.B. No. 3186, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Kim rose and said:

"Mr. President, I'd like to request remarks be put into the Journal for S.B. No. 3186.

"Thank you."

The Chair having so ordered, Senator Kim's remarks read as follows:

"This bill guards against contractors who are awarded state or municipal contracts and misuse public funds on unauthorized expenditures.

"Current law does not adequately address this squander of public funds and lacks sufficient criminal penalties.

"In many cases, what is considered an acceptable expense is left up to a 'judgement call' in awarded contracts.

"In addition, if unacceptable expenses are not explicitly prohibited by a contract, the State has no legal recourse against those that engage in the misuse of funds.

"Therefore, a review by the Attorney General's office prior to the signing of a contract would ensure that public monies outside the procurement code will not be spent inappropriately.

"This oversight will prevent possible fraud and the misallocation of funds.

"Those who choose to expend funds without the authorization of the State will also be subject to criminal penalties.

"These criminal penalties will send the message that the State is serious about safeguarding our public dollars.

"Those who violate their contracts can no longer use the defense that the State or its political subdivision knew about the contractor's spending or otherwise acquiesced in the expenditure.

"As a political body, we are entrusted to spend public monies in the best interest of our constituents.

"Through this bill the State will be able effectively target and punish those who use public monies for their own gain."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2855 was adopted and S.B. No. 3186, entitled: "A BILL FOR AN ACT RELATING TO UNAUTHORIZED

EXPENDITURES OF PUBLIC FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Ayes, 25. Noes, none.

THIRD READING

S.B. No. 2782, S.D. 1:

Senator Inouye moved that S.B. No. 2782, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"My opposition is limited. I believe that it should be a comprehensive review by the legislative auditor that determines what funds will be exempted from central service and administrative fees, and because that is not done, I oppose the measure.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 2782, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE FUNDING OF A HABITAT CONSERVATION PLAN," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

S.B. No. 2477, S.D. 1:

Senator Inouye moved that S.B. No. 2477, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Trimble rose to speak in opposition as follows:

“Mr. President, I speak in opposition to this measure.

“I don’t think that it’s appropriate to codify a process that the federal government is now using but that they may not continue in the future. I do not think we should reject shipments simply based upon the fact that it has not had a pre-examination.

“Thank you.”

Senator Kawamoto rose to speak in support of the measure with reservations and said:

“Mr. President, I rise in support with reservations.

“I say reservations because, Mr. President, the original Committee took this bill and gutted it. Now it covers harbors, airports, military operations, and government operations, which is under the TMG Committee. So, I would like to remain as a valuable member of this Committee.

“Thank you.”

Senator English rose to speak in support of the measure as follows:

“Mr. President, I rise in support.

“Mr. President, this bill is actually a very good bill because what it does is helps to protect our environment from the introduction of alien species through many different venues. It follows a federal guideline that allows for inspection of materials coming from Guam. I can tell you that this is a practice that California does to Hawaii. Every time you go to California, they will search you here to see if you’re carrying an orange, which by the way probably came from California in the first place. If you’re carrying an orange or an apple or some sort of fruit, all of our shipments out – of vegetables, of flowers, of any kind of produce – going to California and to the Continental US goes through this type of inspection.

“So, we’re simply requiring the same type of inspection of items coming from Guam to protect our environment. I ask members to support the measure.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 2477, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PLANT AND NON-DOMESTIC ANIMAL QUARANTINE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

S.B. No. 2716, S.D. 1:

Senator Sakamoto moved that S.B. No. 2716, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Hooser.

Senator Hooser rose in support of the measure and said:

“Mr. President, I rise in support of S.B. No. 2716, S.D. 1. My comments also apply to S.B. No. 3125, S.D. 2, which is

essentially a companion piece of legislation and the two are linked together.

“This bill establishes a candidate advisory council for the Board of Regents of the University of Hawaii to assist the Governor in determining criteria for and identifying recruiting qualified candidates for membership on that board. It retains the Governor’s right to choose and the Senate’s right to advise and consent.

“I believe this is an important bill and a follow-up bill that takes the next step that the voters of this State took in 2000 when they approved a constitutional amendment increasing autonomy for the University of Hawaii.

“The bill was supported by the University of Hawaii Professional Assembly, representing 3,300 faculty members. It was supported by the UH Student Caucus, the Associated Students of UH Manoa, the Association of Governing Boards of Universities and Colleges based in Washington DC offered strong support. It was also endorsed by the former Republican Governor of Illinois, Jim Edgar, and the Secretary of Education of Virginia representing the Office of a Democratic Governor, Mark Warner.

“There was no testimony, to my knowledge, in any of the many hearings that happened, no testimony in opposition whatsoever. I believe that’s the case even in both the Education hearings as well as the Judiciary hearings.

“The Honolulu Advertiser recently posted an editorial just a day or two ago saying the change in the regent selection is sensible. I’ll quote from a portion of this: ‘For far too long the university and the regents have been seen as overly politicized. This has damaged the university in recruiting, in fund-raising and in many other ways. National publications often cite political meddling in university affairs as one of the major failings of our system.’

“The Association of Governing Boards of Universities and Colleges states they applaud the intention to strengthen this election process for the University of Hawaii Board of Regents through the proposed amendments in the legislation that we have before us today. They say it contains the necessary elements of an effective screening and nominating panel. They go on to say, ‘We believe very strongly that governors should have the authority and privilege of appointing public university trustees and regents, but we also believe that independent screening bodies to assist with the nominating process to identify outstanding citizens is also very important. Nonpartisan advisory and nominating committees to recruit, screen, and recommend board candidates as embodied in these bills are an important tool to ensure that the best candidates are considered for these important positions.’

“In additional testimony submitted by the Commonwealth of Virginia, ‘We commend this process to other states seeking to improve the quality of their university of their higher education board appointments.’

“The University of Hawaii Professional Assembly states, ‘This proposal will move the appointment process away from just a political appointment to the development of a concern group from the community working for the benefit in improvement of the University of Hawaii. This provides better opportunity for the education of our students.’

“Again, there was no opposition testimony in either hearing. Why? Why was there no opposition testimony at either hearing? Perhaps, Mr. President, colleagues, I would suggest

that because this is in fact a 'new beginnings' bill. This is a good government bill.

"This bill opens up the process to all in our community that are qualified. No longer will the appointments be tied purely to political connections. It is a positive step down the road to increased professionalism in the management of the university.

"Our Governor, Governor Lingle herself has said in writing that she supports genuine autonomy for the Board of Regents in running the university system.

"While there was no opposing testimony at the hearing, I'm sure there will be opposition here in this room today. The opposition in the past, and the opposition today, will offer allegations that we almost, almost, almost passed a bill that was unconstitutional. Oh my word . . . scary thoughts indeed. But I'm happy to report that that issue has been resolved, and the allegation now is used only for theatrics and bears no relevance to the fundamental policy question that is before us.

"Therefore, what will the opposition focus on? Now the outrage will focus on that we are taking power away from the executive branch, and essentially we'll be told that for 40 years you guys have been appointing your friends to these powerful positions, and by golly, now it's our turn.

"I would suggest, Mr. President, that we live in a different time today than we did 40 years ago, 30 years ago, and 20 years ago. Myself, I only came into this environment two years ago, 18 months ago. I believe there are many things that we've done for 40 years as a body that we can do differently and better in the future. I believe there is no time to start, no better time to start than now, and even more so because four years ago, again, the citizens of our State voted overwhelmingly to grant the University of Hawaii autonomy. And now this is an important next step.

"This is a genuine 'new beginning' initiative, a genuine good government policy, and maybe that's why no one showed up to testify in opposition. This bill represents good public policy, generally good public policy, and the only arguments against this bill are political arguments. Therefore, I ask our members to support this bill unanimously.

"Thank you."

Senator Hogue rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition.

"I appreciate the arguments of the Senator from Kauai, although he has not turned them into exactly what I'm going to say, although I did bring this up in Committee.

"I think that this bill is well-intended. It is. However, in practice, I don't see that in reality it can come the way that the bill has been intended – that is to de-politicize the process. That's the intent here. It's not possible to de-politicize the process. It isn't possible at all.

"What has been brought forward in this particular bill is that the Governor is going to have six appointees. The Senate President and the House Speaker are going to have six appointees. So, by the very nature of this bill, the selection process will continue to be political. There will still be the process like we saw last year when we were talking about Board of Regent nominees where there was this tug-and-pull going on as to who is going to get their nominees forward. And

that still will occur. Gamesmanship will go on. Let's just be real about this – that's what's going to happen.

"So if we don't want to have Shelton Jim On on there, picked by the selection committee, and the Governor wants to have Shelton Jim On picked by the selection committee, that still is going to go forward. So why have this?

"Essentially, I don't find a way that you can de-politicize the process, no matter how well-intended that you are. And so, all you have done is put together this exercise, which is not necessary, which can already be done informally, that the Governor can now bring forward people to talk with and consider who he or she will nominate in the process. And we have that right to advise and consent.

"So, it's just not necessary. With those comments, I urge my colleagues to consider voting 'no.' Thank you."

Senator Hemmings rose to speak against the measure as follows:

Mr. President, I rise to speak against this legislation.

"Likewise, I want to pay my respects to the good Senator from Kauai in his explanation of this and I want to agree with him wholeheartedly that this is indeed political . . . for the simple reason that it does shift the power for the appointment process from where it's been for (he's right) the last 20 years or more from the executive branch of government to the legislative branch of government. And guess what? It seems that the Party that's had the power for the last 30 years or plus in the executive branch, no longer has it. Hence, the politics. Nothing is more true than that statement. This is political machinations.

"By the way, I was advised by a very learned man on your side of the aisle not to use the word disingenuous, so I won't use it, Mr. President. (Laughter.)

"I wish we could adhere to the standard that if there is no testimony in opposition of a bill, it automatically to become law. But we know that that's not a standard used by Committee Chairs, nor are used by this Legislature. Oftentimes, bills are killed or held or not passed in spite of the fact there is no opposition to it. So, it's not a rational argument speaking in favor of this bill.

"Secondly, regarding the timing of this, why now? Well, it's political, once again. I would like to quote from the state policy brief of the Association of Governing Boards of Universities and Colleges. This has been their recommendation and their position for 20 years. It's not a new recommendation. Once again, political? Are we doing it now? The person offering this constitutional amendment in this legislation to take the power away from the executive branch of government has been in office for two years. The concepts in the brief is from September of last year and it certainly could have been utilized before that, simply because it was available.

"There's one major difference between this bill and what this policy brief says. The difference is on page 4, line 2 – the Governor shall select from among the council's recommendations. So we've indeed established by the nomination process, because the Governor has to appoint students to her selection committee, that the balance of power does shift to the Legislature.

"But what does the Association of Governing Boards of Universities and Colleges say on this process? In their brief they clearly say a governor would not necessarily be required to select from among a specific number of candidates for each

vacancy on a particular board. Ideally, however, governors consistently would respect the panels' judgements and choose each candidate from among at least three candidates for each vacancy. If a candidate for a given vacancy was unacceptable, the governor could ask the panel to provide for a new slate of candidates.

"So, the very rationale for doing this, because it's association of governing boards and universities want it, is contradicted by this bill. This bill doesn't even follow the rationale that they are saying justifies it, because this bill says the governor has no choice. Clearly in the state policy brief of September 2003, the Association of Governing Boards of Colleges recognizes a governor's right to choose as good policy.

"In the spirit of cooperation, I believe that this would be a real good bill if one word was changed – the Governor may select from among the council's recommendations. In that way it would really be a nonpartisan balanced approach. But this mandate makes it extremely political, as the goo Senator from Kauai says, and therefore I would urge that this bill be amended at the end of the day to insert the word may select or we should not vote in favor of it.

"Thank you, Mr. President."

The motion was put by the Chair and carried, S.B. No. 2716, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

S.B. No. 2244:

By unanimous consent, S.B. No. 2244, entitled: "A BILL FOR AN ACT RELATING TO RECONSTRUCTED VEHICLES," was recommitted to the Committee on Transportation, Military Affairs, and Government Operations.

Stand. Com. Rep. No. 2562 (S.B. No. 2033, S.D. 1):

Senator Kawamoto moved that Stand. Com. Rep. No. 2562 be adopted and S.B. No. 2033, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Slom rose to oppose the measure and said:

"Mr. President, I rise in opposition to the bill.

"Mr. President, before I speak, however, in the interest of health and safety and welfare – the last time you let me speak, someone fell down here and hurt herself – could we make sure that all safety procedures are in effect and we have helmets and belts as required?"

The President responded:

"We have the ambulance right outside waiting."

Senator Slom continued:

"Thank you very much, Mr. President, because I intend to speak a little bit more today and I didn't want to cause any problems. Thank you for your concurrence.

"I speak in opposition to this bill, S.B. No. 2033, S.D. 1, for several reasons. First of all, originally, the bill was going to be following the United States Department of Labor staffing requirements, but this bill took them out, replacing them instead with the State Department of Labor and Industrial Relations

staffing requirements. There's just one problem, Mr. President, as DLIR testified during the hearing – there are no DLIR staffing requirements. They have not been developed because the State has followed the federal guidelines.

"What the real purpose of this bill is, however, is to impose union rules on every contract, every construction contract in the State. It would require the application of those union rules, thus interfering with the private independent means of making contracts.

"Secondly, it's going to hurt, particularly, small contractors in this State, causing burdens of regulation and cost. It is also going to increase the burdens and cost for any and all nonunion contractors in the State. And finally, it's going to drive up the cost even more of construction because of mandatory use of assistants, helpers, and apprentices that are required by the union rules.

"Before, we had a two-tier system that seems to have worked properly. Now what we're trying to do is have a one size fit all and require all union rules for all contract projects in the State of Hawaii.

"I urge my colleagues to vote against this. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2562 was adopted and S.B. No. 2033, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EXPENDITURE OF PUBLIC MONEY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 1 (Baker).

Stand. Com. Rep. No. 2563 (S.B. No. 267, S.D. 2):

On motion by Senator Inouye, seconded by Senator Espero and carried, Stand. Com. Rep. No. 2563 was adopted and S.B. No. 267, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Trimble). Excused, 1 (Baker).

Stand. Com. Rep. No. 2564 (S.B. No. 2417, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 2564 be adopted and S.B. No. 2417, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this measure.

"Solid waste is an issue. A few minutes earlier I said we should start by saying if we could make competition work. The real problem here with crushed cardboard is that it is not a commodity like it is most places in the world where people go out and actually pay for it. Let me cite one example. The last time I looked, the cost to send a 40-ft. container of crushed cardboard from New York to Manila was \$200.00. The cost of that same container from Hawaii to Manila was \$1,000.

"The issue is lack of competition. In this case, it's not gasoline, it's ocean freight. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2564 was adopted and S.B. No. 2417, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE,"

having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Slom, Trimble, Whalen). Excused, 1 (Baker).

Stand. Com. Rep. No. 2570 (S.B. No. 3222, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 2570 be adopted and S.B. No. 3222, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Whalen rose to oppose the measure and said:

“Mr. President, I rise in opposition.

“Briefly, coverages such as this should be optional if we want it. Personally, I don’t want to go to a naturopath person. Not that there’s anything wrong with it, but if I want that coverage, I should be able to have the option to pay for it, which already exists. This is merely another mandate that will drive up the cost of insurance for everyone for a special interest group to have mandatory coverage.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2570 was adopted and S.B. No. 3222, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2574 (S.B. No. 3136):

On motion by Senator Menor, seconded by Senator Baker and carried, Stand. Com. Rep. No. 2574 was adopted and S.B. No. 3136, entitled: “A BILL FOR AN ACT RELATING TO HUMAN SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2575 (S.B. No. 2056, S.D. 1):

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, Stand. Com. Rep. No. 2575 was adopted and S.B. No. 2056, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE AUDITOR,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2577 (S.B. No. 2200):

Senator Hanabusa moved that Stand. Com. Rep. No. 2577 be adopted and S.B. No. 2200, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Trimble rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this measure.

“I do not understand what is so difficult about rule making. We require it of other agencies. Why should the University of Hawaii and Department of Education be exempted?

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2577 was adopted and S.B. No. 2200, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 2580 (S.B. No. 2606, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2580 be adopted and S.B. No. 2606, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose to speak in support of the measure as follows:

“Mr. President, I rise in enthusiastic support of this particular measure.

“Mr. President, it was noted in testimony that Hawaii is number two in the nation in consumption per person of beer . . . only behind Nevada, Mr. President. So, I subscribe to you that that’s a very good number but hopefully we can reach number one quite soon. And with the passage of this bill, it might happen.

“Thank you, Mr. President. Of course, drink and drive safely.”

Senator Kawamoto requested his vote be cast “aye, with reservations,” and the Chair so ordered.

Senator English rose to speak in support of the measure and stated:

“Mr. President, I rise in support.

“I just have to correct the previous speaker. We are actually number one for beer bought. But beer that’s consumed is Nevada because they give away more beer than Hawaii does.

“So, just to correct the record, thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2580 was adopted and S.B. No. 2606, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO BREWPUB LICENSES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2583 (S.B. No. 2405, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2583 be adopted and S.B. No. 2405, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hanabusa rose to speak in favor of the measure and said:

“Mr. President, I’m rising to make a disclosure under Rule 83. I live below Waimanalo Gulch and I have a personal benefit because maybe if this bill goes through, I don’t have to anticipate whales joining Tyke, the elephant, and it might not be as stink.

"I also have a fiancé who owns a unit there and I want to be sure that everyone realizes this voluntary disclosure. With that, I'd like to speak in favor of this bill.

"Mr. President, S.B. No. 2405, S.D. 1, basically tells the Department of Health that it cannot deny a permit. Mr. President, the reason why those of us on the Leeward Coast have had such a major problem with the landfill issue is because people just like to dump on us. The problem, if you really sit back and look at this and you look at how the city and county's budget operates, you know that it is all a matter of money.

"Let me share with you this year's budget of the city and county of Honolulu. Solid waste disposal alone generates \$165.9 million – 165.9. And out of that amount, only \$113 goes to the actual operational cost. The remaining amounts go everywhere else in the budget to help balance it. You're talking about a \$51 million surplus amount that goes to help them. Sewage, another related issue, generates \$132 million, of which only less than about \$70 million is used. It's big money, Mr. President.

"So, as a result of it, if everyone were to look at Section 340A-3, you would realize that what that does is it prevents the Department of Health from actually permitting any other landfill operation, any other operation that looks like it's a resource recovery facility, which includes landfills, as long as, technically, there is one in existence. And that entity that is being protected is none other than H-power. In fact, the testimony from H-power which came before us, Mr. President, was that this bill does permit other landfills as long as they're an emergency backup to what we have today.

"This measure was amended, and I see Mr. Curtis in the gallery up there and I'd like to thank him for it. Because when he testified, he brought something to our attention and we said this is the reasonable way to do this. What Mr. Curtis said is the EPA has identified what is called a sole source aquifer. And that is what we require to protect anywhere in the State. For the island of Oahu, Mr. President, it is the Pearl Harbor aquifer.

"When we amended this bill we said you can put it anywhere, but not on the sole source aquifer. And what it then does for the Department of Health is you go through the process – Department of Health, city and county of Honolulu. Any other county, you do not, do not, in any way threaten the primary water source of any community. And for this island, whether you are in Hawaii Kai or Makaha, that whole side of the island, it is the Pearl Harbor aquifer.

"This bill does what I think it should have done or what we should have done many, many years ago – and that is to protect that water source. So Mr. President, I ask that you, along with my colleagues, join me in supporting the S.D. 1 of S.B. No. 2405.

"Thank you."

Senator Kawamoto rose to speak in favor of the measure as follows:

"Mr. President, I rise in favor of this bill.

"Mr. President, I'm concerned about the Kunia landfill as proposed earlier last year. Our concern was about the sole source. And with this amendment, we're going to prevent any landfill over sole source water supply.

"Thank you, Mr. President."

Senator Ihara rose and said:

"Mr. President, please note my support of this bill with reservations."

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2583 was adopted and S.B. No. 2405, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE DISPOSAL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2584 (S.B. No. 2440, S.D. 1):

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, Stand. Com. Rep. No. 2584 was adopted and S.B. No. 2440, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2585 (S.B. No. 3044):

Senator Hanabusa moved that Stand. Com. Rep. No. 2585 be adopted and S.B. No. 3044, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Whalen rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition.

"I have no problem with the intent behind the bill and I have spoken about this in my Committee. There is no definition of restricting someone's access. And to put a criminal misdemeanor penalty in there, which is heavier than many of the offenses against a person, I think we've gone way too far. For instance, it could be very reasonably argued that letting your hedges grow into the public access walkway is restricting access into that beachfront area and the homeowner now can get nailed with a misdemeanor that means up to a year in jail and a \$2,000 fine.

"I think without a definition, the penalty is much too severe for what possibly could be charged under this section."

Senator English rose to speak in support of the measure as follows:

"Mr. President, I rise in support.

"Mr. President, this bill deals with a very important issue for neighbor islands, and I understand the position that the previous speaker took. But I have to point out, in Maui, for example, and I'll give you some real concrete examples, in Paia in a little village called Kuau there's beach accesses through million-dollar homes – very thin little beach accesses to get down to the ocean. And what happened? Well, the utilities decided to put the pole right in the middle of the access so it doesn't block any of the million-dollar homes. Well, how do you get to the beach now? You have to crawl around a utility pole. Some of the homes in the area have decided that they'd like to put up a little gate across the public access and that's been a big problem.

"So, this would be a lot of help to Maui in particular, but I think also to most of the neighbor island areas. And I'm sure that as it moves forward, the position of the previous speaker

will be looked at carefully by the House and also in Conference. So, I ask for members to support this important measure.

“Thank you.”

Senator Hogue rose to support the measure with reservations as follows:

“Mr. President, please note my reservations due to the comments from the Senator from the Big Island. I think they are well noted. I do agree that the bill is well intended, but let’s not throw the baby out with the bath water.

“Thank you, Mr. President.”

Senator Hooser rose to speak in support of the measure and stated:

“Mr. President, I rise in support.

“I agree, especially on the neighbor islands, there’s a big, big problem. I, myself, a short time ago . . . my wife and I were walking down the beach, a remote beach, a place called Papaa Bay. And after a half-hour trek down the beach, standing in the sand, there’s a multi-million-dollar home just around the corner and a maintenance person comes out and tells me I have to leave the beach. I’m standing on public property. I’m standing clearly below the high-water mark. And I complained, but there was nothing much I could do besides that.

“There are numerous, numerous instances on my island where homeowners will put up gates and complaints will happen, so then the gates will be opened and then the gates close again, and then the gates are open. They’re parking cars; they’re planting bougainvillea; they’re doing all kinds of things to block what is legitimate public access. And this is a shrinking resource.

“When you talk about doing what’s right for the people of this State, preserving the lifestyle, preserving the culture, preserving the way of life is key. And for the neighbor islander especially, we’re use to being able to go fishing, go to the beach.

“I think we need to send a strong message. Perhaps clear definitions do need to be arrived at, but we need to send a very clear message to people who will keep local residents from what is rightfully theirs – access to public property.

“Thank you.”

Senators Slom and Trimble requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2585 was adopted and S.B. No. 3044, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC PROPERTY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Whalen).

S.B. No. 2294, S.D. 1:

Senator Hanabusa moved that S.B. No. 2294, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senators Hooser, Ihara, Hogue and Trimble requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2294, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CRIMINAL TRESPASS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 2983, S.D. 2:

Senator Taniguchi moved that S.B. No. 2983, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in support of the measure with reservations and said:

“Mr. President, I rise in support of the measure with reservations.

“Every year we have a bill like this which seemingly is just technical amendments. It is trying to conform Hawaii’s tax laws, the voluminous tax law, to the federal internal revenue code. And every year most of the changes are good and positive, but every year there seems to be one change that we never make – and that is, we never seem to catch up with the amount of deduction for a personal exemption allowed by the federal code. In Hawaii we’re about two-thirds of what the federal amount is.

“So, while I support the changes, I would hope that at some point we could get parity with America and that we would all be recognized as whole persons in the State of Hawaii.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, S.B. No. 2983, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CONFORMITY OF THE HAWAII INCOME TAX LAW TO THE INTERNAL REVENUE CODE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 2986, S.D. 1:

Senator Taniguchi moved that S.B. No. 2986, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, this bill is easier to stand up and oppose, and I do so.

“The consequences of this bill, in terms of changing the ceiling for remittance of withholding, is going to have heavy consequences particularly on smaller taxpayers. The original amount was \$50,000. The tax department recommended \$40,000. The Committee, with its S.D. 1, has amended that further down to \$20,000. There will be a one-year windfall to the Department of Taxation in the amount of between \$40 million and \$60 million, but this is going to be a difficult bill, especially for those small businesses who pay their own taxes and submit their own paperwork. Because after all, we’ve got businesses doing the actual tax collection, and then at their cost, they send it and remit it to the tax department.

“It also requires electronic transfer of funds to the Department of Taxation. Again, a lot of the smaller businesses

are not going to be equipped for this technologically. So, I would like to see the bill go back to the original amount. Also, electronic transfer of funds I have no problem with, as long as we have a phase-in period.

“Thank you.”

Senator Taniguchi rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this bill

“Mr. President, I just have some comments in support of this administration measure that I would like to have inserted into the Journal.”

The Chair having so ordered, Senator Taniguchi’s remarks read as follows:

“Mr. President, the purpose of this administration sponsored measure is to conform the state withholding tax remittance due date policy (for employers with an annual withholding tax liability exceeding \$40,000), to the federal ‘semi-weekly’ tax remittance due date policy.

“Mr. President, currently an employer with an annual state withholding tax liability of \$100,000 or less must remit payment on or before the 15th day of the calendar month following the month for which the taxes were withheld. This bill (as referred to your Committee on Ways and Means) conforms the state’s monthly due date for remitting Hawaii withholding tax to the federal ‘semi-weekly’ policy for employers with an annual withholding tax liability exceeding \$40,000. As such, employers will now be required to pay their employee’s withheld taxes to the Department of Taxation on or before the following Wednesday if wages were paid on the immediately preceding Wednesday, Thursday, or Friday; or on or before the following Friday if wages were paid on the immediately preceding Saturday, Sunday, Monday, or Tuesday.

“As you can see, Mr. President, by adopting this measure, the ‘float’ on state income tax withholdings will be drastically reduced by the expedited semi-weekly payment policy proposed by this bill. This is so because employers with annual withholding tax liability of more than \$40,000 will now have to remit their withholding taxes within approximately 7 days as opposed to the current state withholding tax remittance due date policy of approximately 45 days.

“Based on data provided by the department of taxation, this measure is expected to provide a one-time revenue gain of approximately \$50 million for fiscal year 2004 – 2005.

“Based on further discussions with the Department of Taxation, it was determined that an additional one-time revenue gain of \$5 million could be realized for fiscal year 2004 – 2005 if the remittance threshold amount was reduced from \$40,000 to amounts that exceed \$20,000. This lower annual withholding amount is reflected in the S.D. 1 before you today.

“Your Committee on Ways and Means also adopted the recommendation of the Department of Taxation and has lowered the electronic funds transfer threshold for withholding taxes to amounts that exceed \$20,000. Otherwise, tax payments by electronic funds transfer are only for taxpayers with an annual tax liability of at least \$100,000.

“Mr. President, I am mindful that many small business employers, banks and payroll companies, will be required to modify their accounting procedures in order to comply with the expedited ‘semi-weekly’ tax remittance due date policy

proposed in this bill. However, I note that this measure applies to state wage withholding consisting of only income taxes, whereas, employers with annual wage withholdings of \$50,000 or more are currently required to comply with the federal ‘semi-weekly’ tax remittance due date policy which includes withholding amounts for Social Security and Medicare, in addition to, income taxes. Therefore, I do not find S.B. No. 2986, S.D. 1, to be unduly burdensome. And perhaps more importantly, Mr. President, at least from our state’s fiscal perspective, the one-time infusion of approximately \$55 million in revenue for fiscal year 2004 –2005 will certainly provide your Committee on Ways and Means with an additional, and much needed, source of revenue as we proceed to craft our supplemental budget.

“I therefore urge my colleagues to support passage of S.B. No. 2986, S.D. 1.

“Thank you, Mr. President.”

Senators Ihara, Chun Oakland, Kim, Tsutsui, Aduja, Ige and Hooser requested their votes be cast “aye, with reservations,” and the Chair so ordered:

The motion was put by the Chair and carried, S.B. No. 2986, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO INCOME TAX WITHHOLDING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

At 11:44 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:47 o’clock a.m., with the Vice President in the Chair.

S.B. No. 3180, S.D. 1:

Senator Taniguchi moved that S.B. No. 3180, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Taniguchi rose to speak in favor of the measure and said:

“Madame President, I have some comments I’d like inserted into the Journal.”

The Chair having so ordered, Senator Taniguchi’s remarks read as follows:

“The intent of this bill is to minimize the number of positions created without legislative purview. While the number of positions involved is not great, we would like to curtail any opportunity for future abuse by executive departments. Many of these positions can and should be dealt with through the budgetary process. But, there are instances where departments can utilize non-general funds to create and fund positions. Therefore even if the funding source were reduced by the Legislature, another could be found.

“The process to comply with the provisions of this bill varies little from what the departments and the Department of Human Resource Development (DHRD) are already required to annually provide the Legislature per Section 144, of Act 253, Session Laws of Hawaii – Regular Session of 2000.

“There is some question as to the number of positions affected by this bill. In testimony provided by the Department of Human Resource Development, over 1000 positions would be covered under the original bill. In an effort to minimize the so-called burden on DHRD to comply with the requirements of this bill, our Committee left blank the percentage level found in the bill and has deleted the requirement comparing salaries to the private sector.

“Our Committee also amended this bill to include a provision for funding source reporting requirements, and the inclusion of temporarily assigned or loaned positions to the list of positions covered in this bill.

“In conclusion, the Governor stated in her state-of-the-state addresses that she would streamline government and reduce or eliminate patronage, yet the number of deputy director positions and special assistant positions are beginning to exceed the number of positions filled during the previous administration. This bill will allow for easier identification of those positions created by the administration without legislative authority and provide the Legislature an opportunity to review and analyze these positions in an effort to determine whether they meet certain standards and are functional.”

Senator Slom rose to oppose the measure and said:

“Madame President, I rise in opposition to this bill.

“I guess it looks like there’s a pattern that we’re going to be visiting today, but this seems to be another bill that takes power away and discretion and flexibility away from the executive branch in terms of making their decisions on their deputies. Anything that they do still has to face full scrutiny from the Department of Personnel and also from the Legislature as well. But there are several of these bills, including this one, which kind of short circuit that process and not allow the executive to make the decisions.

“So, I urge a ‘no’ vote on this. Thank you.”

The motion was put by the Chair and carried, S.B. No. 3180, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EXECUTIVE DEPARTMENTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Slom).

S.B. No. 2207, S.D. 1:

By unanimous consent, action on S.B. No. 2207, S.D. 1, was deferred to the end of the calendar.

S.B. No. 2296, S.D. 1:

Senator Menor moved that S.B. No. 2296, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Whalen rose to speak in opposition to the measure and stated:

“Madame President, I rise in opposition to the bill.

“I know there’s a defective date in there so no one needs to jump up and remind me of that, but still the problem is the testimony was clear in the hearing that the neighbor islands have absolutely no continuing education classes at all. In fact, on Oahu there are none at this time. The testimony that came out was that for Oahu they should be able to get it up and

running once they’ve worked with the community colleges, but there’s not input at all from the neighbor islands.

“If we were to put a defective date in it, I could go along with it, but it’s not really defective in length. I believe the date is either the end of this year or the next. At this point, to force, especially with the airlines as expensive as it is now and with it as difficult as it is to get flights, to have this hanging over the neighbor island plumbers, I don’t think we should do it until the mechanism is there on the neighbor islands for these guys to get their education first and then we can impose this requirement if that’s what they want.

“I think we’re putting the cart in front of the horse, and hopefully, the good Senator from Kauai, with all of his rah-rah for neighbor island Senators or neighbor island folks will go along with me on this. (Laughter.)

“Thank you.”

Senator Hooser rose with reservations and said:

“I rise with rah-rah reservations.” (Laughter.)

The Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2296, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ELECTRICIANS AND PLUMBERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

S.B. No. 2530, S.D. 1:

Senator Menor moved that S.B. No. 2530, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Hogue rose to speak in opposition as follows:

“Madame President, I rise in opposition to this particular measure.

“Colleagues, this essentially is a turf war that is going on in the field of public accountancy. As this measure moved forward, which has to do with whether or no you will count years of experience in government accounting service towards a CPA license, the Hawaii CPAs were in opposition to this. The Board of Accountancy was in support of it. So you can see that there’s this little turf war going on.

“What they did was a few years ago they changed the requirements to get your CPA license and counted government service and then the Board of Accountancy would review each of those applications. Well, now they’ve come back and they’ve said, ‘Well, sometimes we gave the applications, we allowed it, and sometimes we didn’t. And so, because we’re having a little bit of difficulty in deciding whether or not that government service qualifies as a public accountant, we just don’t want to do it anymore. So we’re just going to change the law back to the way that it was.’

“Well, that doesn’t do any good to those people who are in the field of government accounting. It also doesn’t do any good to the Department of Taxation, which tries to recruit the best applicants out of college to be involved in the Department of Taxation. If we all of a sudden change the law back, the

Department of Taxation will not be able to recruit the best applicants because those years of service will not count.

“So, I urge my colleagues to give a jaundiced eye to this backsliding which is going on here – let them fight it out amongst themselves because we all know that those accountants love to fight – and not move forward with this particular bill.

“Thank you, Madame President.”

Senator Sakamoto rose to speak in support of the measure with reservations and said:

“Madame President, I rise in support with reservations.

“Similar to the previous speaker, I believe that there are many professionals who work in government – be they accountants, engineers, architects, or other trades – and it really depends on what they do, not where they work. And I believe working under a certified or licensed professional should be the criteria as opposed to which seat they sit in and who pays them.”

Senator Espero rose and said:

“Madame President, please show my support with reservations also.”

Senator Ihara requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2530, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC ACCOUNTANCY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

S.B. No. 3062, S.D. 1:

Senator Menor moved that S.B. No. 3062, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kawamoto.

Senator Slom rose to speak in opposition to the measure as follows:

“Madame President, I rise in opposition to this bill.

“I am in general opposition to the idea of impact fees forcing the developers to provide for infrastructure over and above the development itself – and we’re talking about schools, highways, and other developments as may be added.

“We have a situation here where this is additional money going to the DOE, which is not accounted for in the DOE budget. And it gives the DOE more power in terms of collecting and assessing fees. But the most interesting feature about this bill is that originally the idea was to make more specific the fees collected and match them with the project or the area in which the fees were collected. The S.D. 1 takes that specificity out of the bill so that it’s just basically the fees that can be collected.

“So, I oppose the bill. Thank you.”

Senator Espero rose to speak in support of the measure and stated:

“Madame President, I’d like to rise in support of this measure.

“As you know, and as we all know, there’s much growth and development throughout our islands – Central Oahu, West Oahu, our neighbor islands. Because of our low interest rates, we’ve got a lot of homes being built and unfortunately the infrastructure is not keeping up, and the responsibility of the infrastructure is government and the developers as well.

“So, this will allow us to collect impact fees for schools, for road improvements so that our residents do have everything that they need in these new developments which are having significant impact on the surrounding communities.

“Thank you, Madame President.”

At 11:55 o’clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:56 o’clock a.m.

The motion was put by the Chair and carried, S.B. No. 3062, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO IMPACT FEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

S.B. No. 2170, S.D. 1:

Senator Hanabusa moved that S.B. No. 2170, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Slom rose to speak in opposition as follows:

“Madame President, I rise in very strong opposition to this bill.

“This is a really bad bill. This is a bill that seeks to chop away at the second amendment further by requiring long-arms and firearms right now that are currently exempt from registration, in fact, to be registered in order to get ammunition. So, it is, in my humble opinion, a thinly veiled attempt at control, fuller control of firearms from lawful, law-abiding citizens.

“Thank you.”

The motion was put by the Chair and carried, S.B. No. 2170, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FIREARMS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

S.B. No. 2846, S.D. 1:

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, S.B. No. 2846, S.D. 1, entitled: “A BILL FOR AN ACT PROPOSING AMENDMENTS TO ARTICLE I, SECTION 14, OF THE HAWAII CONSTITUTION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 3009, S.D. 1:

Senator Hanabusa moved that S.B. No. 3009, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

At 11:58 o'clock a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:59 o'clock a.m.

The motion was put by the Chair and carried, S.B. No. 3009, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF INFORMATION PRACTICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 2843, S.D. 1:

Senator Hanabusa moved that S.B. No. 2843, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose to speak in favor of the measure and said

"Madame President, I rise in favor of this particular measure.

"Colleagues, this constitutional amendment would allow us to implement a version of Megan's Law for Hawaii. It is absolutely a step in the right direction. Such a law would give the public the right to access registration information regarding people convicted of sexual offenses or crimes against children.

"So, I am very glad that this is going forward, and I urge all my colleagues to vote 'yes.' Thank you."

The motion was put by the Chair and carried, S.B. No. 2843, S.D. 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE I OF THE CONSTITUTION OF THE STATE OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 2447, S.D. 1:

Senator Hanabusa moved that S.B. No. 2447, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose to speak in favor of the measure with reservations as follows:

"Madame President, I rise to speak in favor of this bill with reservations.

"Essentially, we've talked a lot about ice. We've spent a lot of time talking about it here in the Legislature. We've talked about it in our communities. The Lt. Governor had a drug summit. So, things have gone forward.

"Unfortunately, in this particular measure, two very important ideas were not put forward – 'Walk and Talk,' 'Knock and Talk.' These are two very important measures which need to be discussed to help law enforcement with this very, very problematical situation that is occurring in all of our communities. It's bad on the Windward side; it's bad on the Leeward Coast; it's bad everywhere in Hawaii. It would help the law enforcement community to have these measures at least discussed all the way through this particular Session.

"So, I'm disappointed that they're not moving forward, and that is my reservation. Thank you, Madame President."

Senator Hooser rose to speak in opposition to the measure and stated:

"Madame President, I rise in opposition.

"There are lots of different bills we're dealing with this Legislative Session in attempting to deal with the important issue of drug abuse in our community. We have other law enforcement issues and I support law enforcement in their efforts, but I do have some serious concerns about this bill.

"The description simply says updates wiretapping statutes. I believe it goes a lot deeper than that. As others have commented on other bills in the past, conforming to the federal statutes is not always, in my opinion, a good thing.

"There were several groups testifying in opposition to this, and I also feel compelled to rise and speak to give those groups a voice. One such group is the Japanese American Citizens League founded in 1929. The League is the nation's oldest and largest Asian/Pacific American civil rights organization made up of over 20,000 members across the US and Japan. Their testimony says 'do not allow the citizens of this State to fall into the traps that are inherent in similar types of legislation that has developed on the national level with the passage of the Patriot Act and other such legislation.'

"Another individual, Jean Ohta, says 'current procedures require a court-appointed attorney represent privacy interests in court when police request a wiretap. These procedures might be inconvenient, but necessary to prevent abuse and to prevent invasion of privacy to ensure that probable cause exists. The current procedures also maintain wiretapping as a tool of last resort. It should not be easy to invade citizen privacy.'

"Other testimony submitted by the American Civil Liberties Union says the ACLU opposes this bill. There's been a lot of talk this Session, too, about constitutionality of a wide variety of bills, but they state clearly that these bills clearly violate the State Constitution and/or tinker with the constitution by amendment. We are concerned about the clear violation of the right to privacy and the blatant attempt through these measures to violate established constitutional protections for those accused convicted of a crime. The public defender submitted three complex pages citing six or more very specific concerns about this legislation.

"For those reasons and on general principle of the erosion of our civil liberties and privacy rights, I'll be voting in opposition."

Senators Slom, Tsutsui, Taniguchi, Ihara and Kanno requested their votes be cast "aye, with reservations," and the Chair so ordered:

The motion was put by the Chair and carried, S.B. No. 2447, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRIME REDUCTION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Hooser).

S.B. No. 2512, S.D. 1:

By unanimous consent, S.B. No. 2512, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," was

recommitted to the Committee on Judiciary and Hawaiian Affairs.

At 12:05 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:19 o'clock p.m.

S.B. No. 2851, S.D. 1:

Senator Hanabusa moved that S.B. No. 2851, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Trimble rose to speak in opposition to the measure as follows:

"Madame President, I rise to speak in opposition.

"I rise in opposition because the last time around, there was no discussion on the Floor in this Chamber on the constitutional amendment seeking to take away a fundamental right. The public discussion on constitutional amendments is an essential and necessary part of our process. In the aftermath of 9/11, the law enforcement community sought to take from you one of your most basic rights.

"I'm reminded of a couple of statements by two of our founding fathers. James Madison, who literally helped pen the Constitution, the Federalist Papers and the Bill of Rights, besides serving as our fourth President, noted: 'The people never give up freedom except under some delusion.' And to paraphrase Ben Franklin, they either give up essential freedom to obtain a temporary safety in with neither liberty nor safety.

"We are asking the people to voluntarily give up one of their most important safeguards against the abuse of power by an overzealous prosecutor. The freedom that you are being asked to relinquish is your right to have those that would testify against you, give their statements live in front of a grand jury or a judge before you can be forced to defend yourself against a serious criminal charge.

"To put this in perspective, the Constitution of the United States sets out powers of the federal government, and those that were not specifically given to them are reserved for the states. Our individual rights as citizens, however, are added by the first eight amendments to the constitution. Half of these amendments specifically deal with the rights of the accused. The fifth amendment protects you against life or limb by providing that before you can be brought to trial, a jury of your peers must review the evidence to ensure the prosecution was neither malicious, nor spiteful, nor based upon personal prejudice. Those that are in the minority, which in Hawaii are all of us, appreciate freedom most.

"The State of Hawaii provided for similar safeguards 150 years later when its constitution was adopted, making it the newest constitution of any of the 50 states. Its authors were aware of the failings of the grand jury system, just as I was when I debated the topic as a high school senior. The problem was and still is that the alternatives are worse.

"I agree that we can improve our courts. I agree we need to insure that crime doesn't pay. We could do this by ensuring that there was no early release of career criminals. I'm willing to devote much of our state resources to see that this doesn't happen. But I do not think that it is neither prudent nor necessary to improve the efficiency of our legal system at the expense of their liberty.

"The rights of the minority must never be capriciously subject to the tyranny of the majority and we should never allow too much power to be concentrated in the hands of a few people. Let our discussion begin so that an informed public voluntarily concedes or adamantly rejects the deletion of their freedom.

"Thank you."

Senator Aduja requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2851, S.D. 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE I OF THE CONSTITUTION OF THE STATE OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 5 (Baker, English, Hooser, Kanno, Trimble). Excused, 2 (Ihara, Menor).

S.B. No. 2856, S.D. 1:

Senator Hanabusa moved that S.B. No. 2856, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Kanno rose in opposition and said:

"Madame Vice President, I will be voting 'no' on this measure and the next measure.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 2856, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE TORT LIABILITY ACT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Kanno). Excused, 3 (Hooser, Ihara, Menor).

S.B. No. 2858:

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, S.B. No. 2858, entitled: "A BILL FOR AN ACT RELATING TO TORT ACTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Kanno). Excused, 3 (Hooser, Ihara, Menor).

S.B. No. 2861, S.D. 1:

Senator Hanabusa moved that S.B. No. 2861, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senators Kanno, Trimble and English requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, S.B. No. 2861, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL PROCEDURE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Hooser, Ihara, Menor).

At 1:26 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:28 o'clock p.m.

S.B. No. 3185, S.D. 1:

Senator Hanabusa moved that S.B. No. 3185, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Trimble rose to oppose the measure and said:

"Madame President, I rise to speak in opposition.

"People have a right not to like their government. I never expected that when I was elected that people would love me. Civil disobedience is at the foundation of our country and I believe that a person can express this right in many different forms and manners. I think it is inappropriate to have a law that is based upon the actions of one individual, and I don't feel that we should dignify that or history should dignify that by this one individual, knowing that he had a law named after him.

"Thank you, Madame President."

The motion was put by the Chair and carried, S.B. No. 3185, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION PRACTICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 1 (Trimble). Excused, 4 (Ige, Ihara, Menor, Taniguchi).

Stand. Com. Rep. No. 2622 (S.B. No. 183, S.D. 2):

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, Stand. Com. Rep. No. 2622 was adopted and S.B. No. 183, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Ihara, Menor, Taniguchi).

Stand. Com. Rep. No. 2624 (S.B. No. 2023, S.D. 2):

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, Stand. Com. Rep. No. 2624 was adopted and S.B. No. 2023, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DRIVER LICENSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (English). Excused, 3 (Ihara, Menor, Taniguchi).

Stand. Com. Rep. No. 2627 (S.B. No. 3017, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2627 be adopted and S.B. No. 3017, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose to speak against the measure as follows:

"Madame President, I rise to speak against this measure.

"Members, this is a classic case of another turf war. This one is going on within the police department. If we pass this particular measure, essentially what we are doing is we are interfering with the collective bargaining process. Some of the rights that officers were not able to get in their collective bargaining process they now want to get them by us passing a law. I don't think that we should be interfering with this particular process.

"There was tremendous opposition from within the police department to this particular measure. So I think that we should have them resolve their dispute within themselves, not get involved at this particular time, and not open the floodgates. So, I encourage all of you to think about this one and I also encourage you to vote 'no.'

"Thank you."

Senator Baker rose and said:

"Madame President, would you please note my reservations."

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2627 was adopted and S.B. No. 3017, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LAW ENFORCEMENT OFFICERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen). Excused, 2 (Ihara, Menor).

Stand. Com. Rep. No. 2628 (S.B. No. 3125, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2628 be adopted and S.B. No. 3125, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose to speak in opposition to the measure as follows:

"Madame President, once again, I rise in opposition to this particular measure.

"As I remarked earlier, this bill is not warranted. It is not necessary. It just adds another layer to the process and there is no way that we can depoliticize this particular issue.

"If, however, you feel inclined that you must go ahead and vote 'yes' and allow the people to decide this, then I would encourage you to allow the people to decide on the larger issue of our public education system and whether or not we should break up that.

"So, as you vote for this, think about the other. Thank you so much."

Senator Hooser rose to speak in support of the measure and stated:

"Mr. President, I rise in support, and I'd like my remarks from S.B. No. 2716, S.D. 1, inserted into the record on this bill also (the Chair so ordered), and just restate that this represents good public policy for the University of Hawaii and the people of our State.

"I encourage my colleagues to vote in support."

The Chair having so ordered, Senator Hooser's remarks from S.B. No. 2716, S.D. 1, read as follows:

"I rise in support of S.B. No. 2716, S.D. 1. My comments also apply to S.B. No. 3125, S.D. 2, which is essentially a companion piece of legislation and the two are linked together.

"This bill establishes a candidate advisory council for the Board of Regents of the University of Hawaii to assist the Governor in determining criteria for and identifying recruiting qualified candidates for membership on that board. It retains the Governor's right to choose and the Senate's right to advise and consent.

"I believe this is an important bill and a follow-up bill that takes the next step that the voters of this State took in 2000 when they approved a constitutional amendment increasing autonomy for the University of Hawaii.

"The bill was supported by the University of Hawaii Professional Assembly, representing 3,300 faculty members. It was supported by the UH Student Caucus, the Associated Students of UH Manoa, the Association of Governing Boards of Universities and Colleges based in Washington DC offered strong support. It was also endorsed by the former Republican Governor of Illinois, Jim Edgar, and the Secretary of Education of Virginia representing the Office of a Democratic Governor, Mark Warner.

"There was no testimony, to my knowledge, in any of the many hearings that happened, no testimony in opposition whatsoever. I believe that's the case even in both the Education hearings as well as the Judiciary hearings.

"The Honolulu Advertiser recently posted an editorial just a day or two ago saying the change in the regent selection is sensible. I'll quote from a portion of this: 'For far too long the university and the regents have been seen as overly politicized. This has damaged the university in recruiting, in fund-raising and in many other ways. National publications often cite political meddling in university affairs as one of the major failings of our system.'

"The Association of Governing Boards of Universities and Colleges states they applaud the intention to strengthen this election process for the University of Hawaii Board of Regents through the proposed amendments in the legislation that we have before us today. They say it contains the necessary elements of an effective screening and nominating panel. They go on to say, 'We believe very strongly that governors should have the authority and privilege of appointing public university trustees and regents, but we also believe that independent screening bodies to assist with the nominating process to identify outstanding citizens is also very important. Nonpartisan advisory and nominating committees to recruit, screen, and recommend board candidates as embodied in these bills are an important tool to ensure that the best candidates are considered for these important positions.'

"In additional testimony submitted by the Commonwealth of Virginia, 'We commend this process to other states seeking to improve the quality of their university of their higher education board appointments.'

"The University of Hawaii Professional Assembly states, 'This proposal will move the appointment process away from just a political appointment to the development of a concern group from the community working for the benefit in improvement of the University of Hawaii. This provides better opportunity for the education of our students.'

"Again, there was no opposition testimony in either hearing. Why? Why was there no opposition testimony at either hearing? Perhaps, Mr. President, colleagues, I would suggest that because this is in fact a 'new beginnings' bill. This is a good government bill.

"This bill opens up the process to all in our community that are qualified. No longer will the appointments be tied purely to political connections. It is a positive step down the road to increased professionalism in the management of the university.

"Our Governor, Governor Lingle herself has said in writing that she supports genuine autonomy for the Board of Regents in running the university system.

"While there was no opposing testimony at the hearing, I'm sure there will be opposition here in this room today. The opposition in the past, and the opposition today, will offer allegations that we almost, almost, almost passed a bill that was unconstitutional. Oh my word . . . scary thoughts indeed. But I'm happy to report that that issue has been resolved, and the allegation now is used only for theatrics and bears no relevance to the fundamental policy question that is before us.

"Therefore, what will the opposition focus on? Now the outrage will focus on that we are taking power away from the executive branch, and essentially we'll be told that for 40 years you guys have been appointing your friends to these powerful positions, and by golly, now it's our turn.

"I would suggest, Mr. President, that we live in a different time today than we did 40 years ago, 30 years ago, and 20 years ago. Myself, I only came into this environment two years ago, 18 months ago. I believe there are many things that we've done for 40 years as a body that we can do differently and better in the future. I believe there is no time to start, no better time to start than now, and even more so because four years ago, again, the citizens of our State voted overwhelmingly to grant the University of Hawaii autonomy. And now this is an important next step.

"This is a genuine 'new beginning' initiative, a genuine good government policy, and maybe that's why no one showed up to testify in opposition. This bill represents good public policy, generally good public policy, and the only arguments against this bill are political arguments. Therefore, I ask our members to support this bill unanimously.

"Thank you."

At 1:32 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 1:34 o'clock p.m.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2628 was adopted and S.B. No. 3125, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Menor).

Stand. Com. Rep. No. 2631 (S.B. No. 2682, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2631 be adopted and S.B. No. 2682, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Slom rose to speak in opposition to the measure and stated:

“Madame President, I rise in opposition to the bill.

“Very quickly, I am all for energy efficiency. What I am all opposed to is mandating, and we’re mandating that all new construction have these solar panels. I remember a couple of years ago we tried to mandate that government buildings, schools, and other public buildings be mandated to have panels, and after the bill passed, it was vetoed by the former administration as being too costly.

“We can’t even set the model ourselves in government, and I think it’s too costly to require it. I think we should encourage it.

“Thank you.”

Senator Hooser rose in support of the measure and said:

“Madame President, I rise in support of this bill.

“This bill is a good bill. It’s a forward-thinking bill. It’s a win/win for everyone. It’s the right thing to do.

“This bill would immediately create 700 new jobs, significantly expanding and developing the solar panel manufacturing and installation industry in Hawaii. The bill would prevent the purchase and burning of nearly 20,000 barrels of oil, costing half-a-million dollars annually. Instead of being shipped offshore, these dollars will stay in Hawaii and be re-circulated.

“The savings grow cumulatively. At the end of 10 years, the annual savings will equal 400,000 barrels of oil and over \$11 million annually. The bill will immediately save the average homeowners approximately \$25 net per month and considerably more in the future as energy costs continue to rise. The bill results in annual reductions of tons and tons and tons of pollutants.

“The bill supports the goal of energy security as it immediately will result in an additional annual cushion of the state oil capacity in every year it grows. The bill further saves consumers money as it provides additional capacity for electrical generators, delaying the cost to invest in a new power generation.

“For these and many other reasons, I encourage my colleagues to vote in support.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2631 was adopted and S.B. No. 2682, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 2 (Slom, Whalen). Excused, 1 (Menor).

Stand. Com. Rep. No. 2632 (S.B. No. 2903, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 2632 be adopted and S.B. No. 2903, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Espero.

Senator Trimble rose to speak in opposition to the measure as follows:

“Madame President, I rise in opposition to this measure which was originally presented to protect consumers.

“I found that the testimony that there was no evidence presented that consumers, immigrants did not know how to get their money safely back to their own country and that the one that testified in favor would actually make more money if there was new regulation. I also find it curious that people actually believe that people that need to move their money, that got their ill-gotten gains would use these people, therefore, I’m voting in opposition.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2632 was adopted and S.B. No. 2903, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO REGISTRATION OF MONEY TRANSMITTERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Bunda, Menor).

Stand. Com. Rep. No. 2633 (S.B. No. 2498, S.D. 2):

On motion by Senator Kawamoto, seconded by Senator Espero and carried, Stand. Com. Rep. No. 2633 was adopted and S.B. No. 2498, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO GOVERNMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hogue, Slom, Trimble). Excused, 2 (Bunda, Menor).

Stand. Com. Rep. No. 2634 (S.B. No. 2080, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2634 was adopted and S.B. No. 2080, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Bunda, Ige, Menor).

Stand. Com. Rep. No. 2644 (S.B. No. 3207, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2644 be adopted and S.B. No. 3207, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Hemmings rose to speak against the measure as follows:

“Madame President, I speak against S.B. No. 3207.

“I will proceed very briefly. This is a noble effort. Unfortunately, it’s going to extend the life of fossil fuels and therefore does not make long-term economic nor environmental sense.

“Thank you, Madame President.”

Senator English rose in support of the measure and said:

“I rise in support.

“Well, to the previous speaker, there you go again. We’ve discussed this in Committee and the idea that this is antiquated is not quite true. In fact, it helps on many fronts, especially in keeping our open lands in open land production, because it uses cane and the byproduct of cane to produce ethanol.

“So, this is a good bill and it also was a compromise bill which the State Tax Department and the proponents of the bill worked on and came together with. So, it has the support of the administration to move forward.

“I ask my colleagues to support this measure, to support what it does, and rest assured that we will look at the emerging technologies as it becomes more mature.

“Thank you.”

Senator Hooser rose to speak in support of the measure as follows:

“I rise in support. I urge my colleagues to vote in support of this bill.

“On Kauai, the district that I represent, ethanol represents great hope for the sugar industry. Our one surviving sugar industry is investing a lot of money, a lot of time, and a lot of energy in the various ethanol projects. This technology represents an opportunity to extend the life of agriculture in Kauai, and I urge your support.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2644 was adopted and S.B. No. 3207, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ETHANOL TAX CREDIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hemmings, Hogue, Slom). Excused, 2 (Ige, Menor).

Stand. Com. Rep. No. 2646 (S.B. No. 2758, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2646 be adopted and S.B. No. 2758, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Whalen rose to oppose the measure and said:

“Madame President, I rise in opposition to this bill.

“Although our intention often is directed in a good way to preserve and protect our public lands, this one goes too far, I believe, in an effort to protect one of the five purposes for ceded lands. If you notice, in the bill it prohibits us from exchanging land. One of the purposes is for hospitals and public schools, and there are times when the land that would be appropriate, for instance, for a school, especially on the neighbor islands as our areas grow, it might not be public and the landowner is willing to exchange it.

“Well, this bill would prevent us from doing what we should do, as good stewards of this public land, to accomplish one of the five purposes that is listed in our state constitution for those public lands. I think we are inappropriately tying our hands and our ability to effectively administer these lands. For those reasons, I’m voting ‘no.’”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2646 was adopted and S.B. No. 2758, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CEDED LANDS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2647 (S.B. No. 2763):

Senator Taniguchi moved that Stand. Com. Rep. No. 2647 be adopted and S.B. No. 2763, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

“I rise in opposition to the bill.

“We talked about judicial salaries several years ago. We’re now talking about raising them again. The difference here is there’s a blank amount and we don’t know what the amount is going to be but we believe it’s going to be substantial. I think that it is incumbent upon us whenever we’re voting on any compensation bills that we know exactly what the cost is.

“Thank you.”

Senator Kanno rose and said:

“Please note my reservations.”

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2647 was adopted and S.B. No. 2763, entitled: “A BILL FOR AN ACT RELATING TO JUDICIAL SALARIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2648 (S.B. No. 2834, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2648 be adopted and S.B. No. 2834, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in support of the measure with reservations and said:

“Madame President, I rise to support the bill with reservations.

“Every year we have claims against the state, and every year as the Legislature goes on, the claims continue to increase. So, we have a moving target. Right now, the last information that I had here was that there were 29 claims totaling \$6.4 million.

“Now, most of the claims I think are legitimate claims, but there are some very spurious claims, and I’d like to see this administration, as I urged the previous administration, to get serious about separating out these claims and not making the state redact the taxpayers patsy for anybody that wants to sue deep pockets.

“So, strong reservations. Thank you, Madame President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2648 was adopted and S.B. No. 2834, S.D. 2, entitled: “A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2649 (S.B. No. 2840, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2649 was adopted and S.B. No. 2840, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2650 (S.B. No. 2841, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2650 be adopted and S.B. No. 2841, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

"Madame President, I stand in opposition to this.

"This bill creates a new \$20 permit and fee. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2650 was adopted and S.B. No. 2841, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2652 (S.B. No. 2976, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2652 was adopted and S.B. No. 2976, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE DEPARTMENT OF PUBLIC SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2653 (S.B. No. 2989, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2653 be adopted and S.B. No. 2989, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure as follows:

"Madame President, I rise in opposition to the bill.

"I believe that the bill is too broad in its application and is going to set up penalties for people that simply try to provide assistance in the continuing difficulties with tax preparation.

"Thank you."

Senator Kim requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2653 was adopted and S.B. No. 2989, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAX ADMINISTRATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2655 (S.B. No. 3069, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2655 be adopted and S.B. No. 3069, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

"Madame President, I rise in opposition to this bill.

"I think we're all concerned about the management of the Capitol for a number of different reasons. We do have to honestly take into consideration security of the building, but as we have discussed in Committee, we certainly will not support any means that will keep the people from this building or restrict them in their daily business.

"At the same time, as I said, we have continuing problems and we haven't shown solutions to several of these problems from the time of construction. But on the other hand, we don't know that a legislative management committee has any additional expertise or can do a better job.

"Madame President, I know that your great concern is getting an additional parking pass and I'm sure that we can sit down and work out a way so you can get two parking passes and still allow the executive to manage this building.

"Thank you."

Senator Ihara rose to speak in favor of the measure with reservations and stated:

"Madame President, I am in favor of this bill with reservations.

"My reservation is that I believe the committee that would govern and manage the State Capitol building should not be composed entirely of Legislators. Instead, I favor a committee that is equally balanced between the executive branch and the legislative branch because both of these branches use this building. But I do believe that this bill moves in the right direction.

"Thank you."

Senator Taniguchi rose to speak in support of the measure with reservations and said:

"Madame Chair, I have comments in support of this bill.

"Also, I think we will take into consideration some of the comments that the Senator from Kapahulu has made on this bill.

"Thank you."

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Mr. President, I rise to speak in favor of S.B. No. 3069, S.D. 2.

"Mr. President, the purpose of this measure is to transfer exclusive management of the entire State Capitol building and grounds, including parking facilities, to the Joint Legislative Management Committee.

"I support this measure because it seeks to address many issues concerning the management of our State Capitol building. Concerns about public accessibility, such as the availability of parking and access to the building itself, have been expressed by the public and have not always been addressed satisfactorily. Furthermore, because the Legislature

conducts its business in this building, we, the Legislature, should have a more meaningful and responsible role to play in operational and managerial decisions that affect the security of our staff and public alike. By transferring management of the State Capitol building and grounds, including our parking facilities, to a Joint Legislative Management Committee, we hope to provide a greater degree of accountability to the public and more democracy in the management of this wonderful building.

“For these reasons, I urge my colleagues to support passage of S.B. No. 3069, S.D. 2.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2655 was adopted and S.B. No. 3069, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE STATE CAPITOL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 2657 (S.B. No. 3104, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2657 be adopted and S.B. No. 3104, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to oppose the measure and said:

“Madame President, I rise in opposition to this bill.

“I realize that this bill, as it’s currently drafted, applies to only those running for office in the State House of Representatives, however, we have had past bills and continue to have discussion about ultimately total public funding of all elections.

“First of all, I’m opposed to that. I don’t think that just taking the taxpayer’s money makes for a cleaner or better election. What does make for better elections is transparency.

“Secondarily, I don’t think that the taxpayers who are already overburdened need to take on the burden of funding public elections further. We do have an election check off. We do have public funding of candidates who voluntarily comply with certain rules and regulations. But the direction of eliminating private funding or limiting the amounts besides its constitutional first amendment questions I think poses additional greater questions, and because this bill can very easily be amended again to include Senate races as well, I stand opposed.

“Thank you.”

Senator Kawamoto rose to speak in opposition to the measure as follows:

“Madame President, I rise in opposition to this bill.

“Madame President, there are not too many things the executive director of campaign spending agrees with me or I agree with him, but this one we agree on. This is a bad bill.

“This bill is the son of the former clean election bills. If you look very closely, you will see, instead of dirty money, dirty politics, you’ll see public funding for that. I disagree with this bill as far as funding is concerned because you’re going to have people that may not get public funding because of the amount of money that’s going to be spent on the people that come out

early in the part of the elections. The public funding I believe is for people to be used by all concerns and all those who want to run for office, and if you give some and leave some out, there’ll be problems with this bill.

“Therefore, Madame President, I urge my colleagues to vote ‘no’ on this bill.”

Senator Kim requested her vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2657 was adopted and S.B. No. 3104, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELECTIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Kawamoto, Slom).

Stand. Com. Rep. No. 2658 (S.B. No. 3198, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2658 be adopted and S.B. No. 3198, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Kawamoto rose to speak in opposition as follows:

“Madame President, just a short comment. I rise in opposition to this bill.

“I believe that the campaign spending, the funds that go into it and the funds that are being used, creates the image of bounty hunting and I believe, like we’ve had in the past, that all the monies that we collect under fines and violations, the funds should be going to the general fund. The reason for that is if the campaign spending executive director loses, we have to pay through the general fund to claims against the state. Therefore, I think more so we should have the funds go into the general fund versus going to campaign spending.

“I believe that this is the proper way of doing things and if we collect money, it should be going to the general fund; if we expend money, it would be claims against the state.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2658 was adopted and S.B. No. 3198, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ELECTIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Kawamoto).

Stand. Com. Rep. No. 2660 (S.B. No. 2105, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2660 be adopted and S.B. No. 2105, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure and stated:

“Madame President, I rise in opposition to the measure.

“This bill or a bill similar to it has been bouncing around for a number of years. We certainly want to resolve complaints. I think that the problem here, though, is the complaints are now going to be kicked to the State Department of Commerce and Consumer Affairs. I don’t think DCCA wanted the complaints to go there. I don’t think they’re qualified or competent in

terms of staffing to settle those problems. And I think we had a mechanism already with the Real Estate Commission to take care of this through mediation and other means.

“So, my main objection is that we’re pushing it on the State. Thank you.”

Senator Espero rose to speak in support of the measure as follows:

“Madame President, I’d like to rise in support of this measure.

“As was stated, for many, many years homeowners of condominiums, as well as people within the condominium management industry have been looking at a way to improve their condominium dispute resolution process. Unfortunately, over the years not a lot has happened, even within DCCA and the Real Estate Commission. So, we have this measure before us where we have talked to all parties involved – the homeowners, property management companies, board of directors, attorneys – and this is an effort to assist the 100,000-plus condominium homeowners in this State to assist the hundreds of thousands of residents who will benefit from this measure, which includes mediation, a hearings officer within DCCA, and judicial review if necessary.

“So, I urge all of my colleagues to support this measure which will benefit a large segment of our population. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2660 was adopted and S.B. No. 2105, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CONDOMINIUM MANAGEMENT DISPUTE RESOLUTION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2662 (S.B. No. 2528, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2662 be adopted and S.B. No. 2528, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Sakamoto rose for a conflict ruling and said:

“Madame President, I would like to declare a potential conflict. My company does hurricane and security shutters.”

The Chair ruled that Senator Sakamoto was not in conflict.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2662 was adopted and S.B. No. 2528, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2663 (S.B. No. 2595, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2663 be adopted and S.B. No. 2595, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to oppose the measure and said:

“Madame President, I rise in opposition to this measure.

“Again we have another group that is coming before us seeking to have the state certify and license them. I recall on more than one occasion reading the reports of the legislative auditor suggesting that we already license and certified too many different groups and that in the long run it leads to less competition and higher prices.

“Therefore, I’m voting ‘no.’ Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2663 was adopted and S.B. No. 2595, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PROFESSIONAL COUNSELORS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2664 (S.B. No. 2839, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2664 be adopted and S.B. No. 2839, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure as follows:

“Madame President, I rise in opposition to the bill.

“On its face it would appear that this is a good consumer bill to protect the consumer from charitable solicitors, and by putting it in another department it would protect the consumers further. Actually, what it does is protect consumers from smaller charitable solicitors, probably giving more power and monopoly powers to larger charitable solicitors.

“In addition to that, it raises the fees from \$50 to \$250 currently, and creates special funds. So, I’ll be voting ‘no.’

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2664 was adopted and S.B. No. 2839, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO SOLICITATION OF FUNDS FOR CHARITABLE PURPOSES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2666 (S.B. No. 2906, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2666 be adopted and S.B. No. 2906, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose in support with reservations and stated:

“Madame President, I rise in support of the bill with reservations.

“This was a dynamite bill. It was a very positive bill. It was an opportunity for the taxpayers and business people to save money. The head of DCCA had looked around and said, here we put business people through all these hoops to make sure that they comply with all of the laws, the rules, the regulations, the taxes, and everything else, and then we make them pay for a certificate of good standing to show that they’ve done all this. And he said we really don’t need the money to do that. It is something that we should, if they’re going to do all of the hoops and everything else, that it should be reward enough that

they've done it and we should give them the certificate. He testified it didn't cost anything more. It was not a drain.

"And so, the bill that originally eliminated the fee completely was changed in Committee and reduced to a \$10 fee. I question why we need the fee when the head of the department says we don't need the fee, when there was no testimony for the fee, and it was a step in the right direction.

"So, I support the idea, but I guess some of us just can't get use to the idea that we can actually reduce taxes or fees.

"Thank you."

Senator Taniguchi rose to speak in support of the measure and stated:

"Madame President, I'm standing in support, I guess, just in rebuttal to the previous speaker.

"I think there was some testimony from the DCCA director that there were some computer costs that could be attributed to this, so that's the reason why we left it at \$10.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2666 was adopted and S.B. No. 2906, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CERTIFICATES OF GOOD STANDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2670 (S.B. No. 3049, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2670 be adopted and S.B. No. 3049, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak with reservations and said:

"Madame President, I rise with reservations.

"Yes, it makes it easier for small nonprofits to raise money. I'm concerned, however, about the safeguards that might be available provided for the donor.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2670 was adopted and S.B. No. 3049, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CHARITABLE ANNUITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2671 (S.B. No. 1302, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2671 be adopted and S.B. No. 1302, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure and stated:

"Madame Chair, I rise in opposition to all of the bills enumerated – S.B. No. 1302 through S.B. No. 2552. I rise in opposition as a matter of principle.

"A couple of years ago, this Legislature wisely passed civil service and collective bargaining reform. And one of the hallmarks of that bill was to do away with the binding arbitration. And the arguments that were made then are still sound arguments today – that it is a win/win situation for the public bargaining unions, it is a lose/lose situation for that taxpayers in that every instance of collective bargaining, binding arbitration that we've had in the past 10 years has resulted in a significant higher increase in compensation by the unions. So basically, there's no incentive. In fact there's a disincentive for them to bargain. What they really want to do is go immediately to binding arbitration and for good reason, and we're watching as these costs continue to escalate.

"So, we're saying that the decision that was made two years ago was a correct one. The decision that was made in Special Session last year to undo that decision was an incorrect one. The argument, the debate that we had for quite a bit of time in both houses, it was a sound debate, will stand on the record of what has happened. And as a statement, as a general statement, we are going to oppose these collective bargaining arrangements today, all except the one that comes next, which is the fire fighters because we had supported police and fire fighters specifically. But all of these others are a manifestation of a failed policy which is going to have dire financial consequences for all of us in the future.

"So I urge my colleagues to join me in a 'no' vote on these particular bills. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2671 was adopted and S.B. No. 1302, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR COLLECTIVE BARGAINING COST ITEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2672 (S.B. No. 2541, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2672 was adopted and S.B. No. 2541, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR COLLECTIVE BARGAINING COST ITEMS FOR PUBLIC EMPLOYEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2673 (S.B. No. 2542, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2673 was adopted and S.B. No. 2542, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR COLLECTIVE BARGAINING COST ITEMS FOR PUBLIC EMPLOYEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2674 (S.B. No. 2543, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2674 was adopted and S.B. No. 2543, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR COLLECTIVE BARGAINING COST ITEMS FOR PUBLIC EMPLOYEES,"

having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2675 (S.B. No. 2544, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2675 was adopted and S.B. Senator Taniguchi moved that Stand. Com. Rep. No. 2688 be adopted and S.B. No. 2593, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to oppose the measure and said:

“Madame President, I rise in opposition.

“No evidence was supported that a change is needed. No evidence was supported that the current system didn’t work and to tack on an additional process will add significantly to time and expense.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2688 was adopted and S.B. No. 2593, entitled: “A BILL FOR AN ACT RELATING TO INDEBTEDNESS TO THE GOVERNMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that Stand. Com. Rep. No. 2691 be adopted and S.B. No. 2878, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure as follows:

“Madame President, I rise in opposition.

“This costs \$400,000. It is for 20 people. In Ways and Means it was suggested that they were all or almost entirely at the University of Hawaii. I suggest that it’s only appropriate that if it need be funded it come directly out of the University of Hawaii’s budget.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2691 was adopted and S.B. No. 2878, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE FEDERAL TAX LIMIT ON COMPENSATION APPLICABLE TO THE EMPLOYEES’ RETIREMENT SYSTEM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Hemmings, Trimble).

Stand. Com. Rep. No. 2696 (S.B. No. 3019, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2696 be adopted and S.B. No. 3019, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure and stated:

“Madame President, I rise in opposition to the bill.

“While we certainly support additional compensation for police officers, unit 12, and for the collective bargaining process, this bill sets a very bad precedent. What it does is interfere with that collective bargaining process and provides for a tax credit for increased healthcare costs, which is always a negotiated benefit and which is one that’s under discussion right now. As a matter of fact, we have a cement concrete strike going on and the whole issue is about the healthcare benefits and who pays even a portion of it.

“If we pass this bill, why will not the other public bargaining units come before the Legislature and ask for additional money for that too? And why won’t the private sector come too? Except for the small businesses that foot the bill for most of the healthcare costs, nobody comes to our aid. Nobody comes to look at the prepaid healthcare act, which is really the basis for why we’re having all of these substantial increases in the first place.

“So, while we can certainly support our law enforcement officers, we cannot support this interference with collective bargaining.”

Senator Hooser rose to speak in support of the measure as follows:

“Madame President, I rise in support.

“I’d like to say that the men and women that serve in the police department statewide I think deserve special recognition for the work they do in our community. They risk their lives on a daily basis. We read and hear and personally know of police officers who have died in the line of duty. There’s an enormous debt that we owe these men and women that serve in our police departments, and I, for one, would like to vote in support and acknowledge that by approving this bill.

“In addition, statewide there’s a perpetual shortage of police officers, and we are constantly out recruiting and trying to find new officers. I think this measure does both. It acknowledges the good work they do in our community, and unlike any other worker in government, I believe that they put their life on the line on a regular basis. It acknowledges that as well as it provides additional incentive for recruiting new officers.

“So I encourage my colleagues to vote in support.”

Senator Whalen rose to speak in opposition to the measure and stated:

“Madame President, I rise in opposition.

“The last speaker gave us some reasons why we should vote for it, and I think that’s the very reasons why we shouldn’t, because I just saw something on the news the other day that the highway guys that clean up the roads, that paint the lines, their lives are in danger even more so with people whipping by. They deserve this. Teacher recruitment was a thing. Teachers were constantly in shortage. We’re always talking about recruiting new teachers. They deserve it for that very same reason.

“A little while ago I voted with this body to support collective bargaining, and if we’re going to support collective bargaining, we tie the hands of one party when we statutorily put things, take it off the table, and put it someplace else so it’s

not an item that can be discussed. And that's what we're doing with this item right here. I think it's a step in the wrong direction, and the very arguments that were used recently to support it are exactly the reasons why we shouldn't do it. Because every single public worker can come in here and show how unique and special they are and why we should do it for them as well. Because, after all, aren't they important and critical to the functioning of this state? And the answer is yes, so they're entitled to it as well.

"For those reasons, I have to vote 'no.'"

Senator Baker rose in support of the measure and said:

"Madame President, I rise in support of this measure, and I would ask that the remarks of the Senator from Kauai be inserted into the Journal as my own.

"Madame President, one of the greatest needs we have on the island of Maui, the County of Maui, is for additional police officers. We have a great difficulty recruiting. And it's well-established in the laws of our state that when there is a shortage category, we find some kind of a shortage differential, whether it's pay or some other means, in order to help compensate those folks that are willing to join in that profession. And police officers certainly fit that bill.

"I think this is one small incentive that not only would help us recruit more officers to provide for the public safety, but it is, as my colleague from Kauai said, a way of recognizing and honoring their work.

"Thank you, Madame President."

Senator Slom rose to speak in rebuttal:

"Madame President, just a brief rebuttal.

"I guess there must be something wrong with this sound system . . . testing, testing, testing, because we've said over and over again – this has nothing to do with our support for the police officers. We support good pay; we support good benefits. So those people who want to demigod and try to bring this into an issue of it's against the police officers, should take heed about that. We've made it very clear and continue to do so.

"Also, my colleagues that continue to say 'I want to do this, I want to do that,' Madame President, I certainly support my colleagues who want to do that, except that, most of the times they're not reaching in their own pockets; they're reaching in the taxpayer's pockets. And that's what we're doing in this bill. And as we have said, it sets up the likelihood that we're going to see more of these requests in the future.

"Thank you."

Senator Sakamoto rose to speak in support of the measure and stated:

"Madame President, I rise in support of the measure.

"My understanding of this measure is that this group had collectively bargained prior to resolution of some of the costs with the health benefits. And certainly, we don't want every group who collective bargains to say let's wait, let's wait, let's see what others do, let's see what others do. So I think in the spirit of better collective bargaining, when people bargain in good faith, but unfortunately, after bargaining the health costs went up, I think there is room for remedy.

"Perhaps the Governor could have reopened issues with them, in specific to their health costs, in light of what has happened. That did not happen. This Body feels that there is a remedy that can be done, and obviously we don't want to do it for everybody every time, but we believe in fairness."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2696 was adopted and S.B. No. 3019, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH BENEFITS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 5 (Hemmings, Hogue, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2699 (S.B. No. 3226, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2699 be adopted and S.B. No. 3226, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak against the measure as follows:

"Madame President, this bill attempts to create another preferred group. It is my feeling that . . ."

Senator Hogue interjected:

"Madame President, for which purpose does he rise?"

Senator Trimble answered:

"I rise to speak against this motion.

"This measure tries to create another preferred group. I believe that all public employees are hardworking and deserving, and if we do it for this small niche group that we should indeed do it for everyone. And until we do, I will oppose trying to create niche groups.

"Thank you."

Senator Slom rose to speak against the measure and said:

"Madame President, I rise to speak against the bill.

"We had a very good discussion in our Labor Committee about the bill, and the bill really is supposed to be about the children, surviving children. But what was brought out in testimony was that there seems to be a battle going on between surviving spouses, generally women, who want to remarry and then lose their benefits after they remarry. And they were talking in terms of the children and it was pointed out that our current law does provide whether someone remarries or not that the children up to their age of majority are protected. And I think that's more important than arguing whether we have multiple remarriages or whether we have stepmothers or something else.

"If it's about the children, it's about the children, and they are taken care of under existing law. Thank you."

Senator Ihara rose and said:

"Madame President, would you note my reservations?"

The Chair so ordered.

Senator Kanno rose to speak in support of the measure as follows:

"Madame President, I rise to speak in support of the measure.

"I think post 9/11 many in our community made an extra effort to recognize those who've chosen careers where their lives are put in danger, mainly police and fire and there are many other categories as well. I think that's some of the reason why I supported the measure as it moves forward is to look . . . and this measure really is helping those families, only of those families where someone is killed in the line of duty.

"Where there is a difference with the bill having to address children is that currently if a surviving spouse remarries, then that child no longer does receive benefits past the age of 18. If the surviving spouse does not remarry, then the spouse continues to receive benefits until she passes away. So, to me the bill doesn't specifically address children, but if you think about wanting to provide for the children of somebody who's been killed in the line of duty, I believe that they should be provided benefits at least through the time that they've concluded college. Under our current law, that's not provided if the spouse remarries.

"So, to the extent that we want to support the children, honor those men and women who've died in the line of duty, I urge my colleagues to support this measure.

"Thank you."

Senator Kim requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2699 was adopted and S.B. No. 3226, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Slom, Trimble, Tsutsui).

Stand. Com. Rep. No. 2703 (S.B. No. 3170, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2703 was adopted and S.B. No. 3170, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PETROLEUM PRODUCTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Hogue, Slom).

Stand. Com. Rep. No. 2704 (S.B. No. 2281, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2704 was adopted and S.B. No. 2281, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HIGH TECHNOLOGY DEVELOPMENT CORPORATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2706 (S.B. No. 2380, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2706 be adopted and S.B. No. 2380, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to oppose the measure and said:

"Madame President, I rise in opposition to the bill.

"We have private art galleries. We have private art museums. I've been in opposition to the creation of a State Art Museum since it was first discussed. And what makes this more difficult for me is that people will start referring to this as the SAM, the State Art Museum, and I can't have that. I already had a brown tree snake that was murdered. (Laughter.)

"So, for these and other reasons, I oppose this bill."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2706 was adopted and S.B. No. 2380, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE ART MUSEUM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Slom).

At 2:17 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 2:21 o'clock p.m., with the President in the Chair.

Stand. Com. Rep. No. 2708 (S.B. No. 2972, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2708 be adopted and S.B. No. 2972, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to oppose the measure and said:

"Mr. President, I rise in opposition to this measure.

"Legislative auditor has three criteria for special funds. One of them is that they offer the potential to become self-sustaining. I believe that this does not meet the third criteria.

"The second thing is that if this fund is allowed to keep the fines and penalties that are issued by this department, there will be motivation to issue fines and penalties instead of doing their or other ordinary work. It's this change in focus away from the public good that I also oppose.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2708 was adopted and S.B. No. 2972, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HISTORIC PRESERVATION SPECIAL FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Slom, Trimble). Excused, 2 (Ige, Ihara).

Stand. Com. Rep. No. 2709 (S.B. No. 3002):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2709 was adopted and S.B. No. 3002, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE PROJECT EAST INITIATIVE IN HAWAII'S PUBLIC SCHOOLS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Ige, Ihara).

Stand. Com. Rep. No. 2711 (S.B. No. 1615):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2711 was adopted and S.B. No. 1615, entitled: "A BILL FOR AN ACT RELATING TO NORTH KOHALA," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ige).

Stand. Com. Rep. No. 2712 (S.B. No. 2280, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2712 be adopted and S.B. No. 2280, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Hemmings rose to speak against the measure and said:

"Mr. President, with all due respect to the introducer of this bill, I rise to speak against it.

"Many areas on Oahu get flooded and are in peril. I think it's a matter of priority that we should take a look at all the areas before we start funding one particular area. Therefore, I'll be voting 'no.'"

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2712 was adopted and S.B. No. 2280, S.D. 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR A LOCAL FLOOD WARNING SYSTEM FOR LAKE WILSON," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Ige).

Stand. Com. Rep. No. 2715 (S.B. No. 2438, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2715 be adopted and S.B. No. 2438, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to the bill.

"First of all, I'm a little confused. In one point we're talking about the shark being amakua and we don't want to disturb the shark. Now we're going to monitor the shark. In addition to that, though, we're just going to monitor the shark on the Leeward Coast of Oahu. We're not going to monitor the shark on the neighbor islands or anywhere else.

"So, I wish we'd get it straight, but I think we should leave the sharks alone. They seem to be doing their business just fine. Thank you."

Senators Kim and Baker requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2715 was adopted and S.B. No. 2438, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SHARK MONITORING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Stand. Com. Rep. No. 2720 (S.B. No. 3025):

Senator Taniguchi moved that Stand. Com. Rep. No. 2720 be adopted and S.B. No. 3025, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Kokubun rose in support of the measure and said:

"Mr. President, I stand in strong support of S.B. No. 3025.

"Mr. President, I just have some written comments that I want inserted in the Journal in support. Thank you."

The Chair having so ordered, Senator Kokubun's remarks read as follows:

"The primary and overall purpose to be achieved by S.B. No. 3025 is to assert that Executive and Administrative authority cannot override statutory intent; that is to say, changes to statutory intent rests ultimately with the legislature. The specific issue addressed in S.B. No. 3025 regarding the Office of Planning (OP) is to further clarify and re-emphasize that the Department of Business, Economic Development and Tourism (DBEDT) maintains sole jurisdiction over state planning functions and that Office of Planning shall report to no other department other than DBEDT.

"As you know, H.B. No. 1135 was an administrative proposal introduced in the 2003 Session to transfer the Land Use Commission and the Office of Planning to the Department of Land and Natural Resources (DLNR). In effect, H.B. No. 1135 proposed to allow DLNR to monopolize virtually all state-level land use regulatory and permitting decisions. After several committee hearings and adopted amendments, the measure ultimately died in the House.

"In reaction to the failure of the proposal to be adopted, the Governor issued a letter on May 12, 2003, indicating that, with the Attorney General's approval (no written opinion issued to date), she was instructing staff at OP 'to consult with and report to' the Chair of the Board of Land and Natural Resources. Additionally, the letter states that OP will 'continue to be assigned to DBEDT for administrative purposes.' A copy of the May 12, 2003, letter to Acting Director Mary Lou Kobayashi from the Governor is attached. Also attached is a memorandum dated June 9, 2003, from the Senate Majority Office to the Senate President analyzing this action. This analysis clearly sets forth the reasoning and justification for S.B. No. 3025. Additionally, a memorandum dated August 13, 2003, from the Senate Majority Office to me raised similar concerns regarding the transfer of the Land Use Commission (LUC) to another executive department; this is attached as well. This further explains why the original proposal to transfer the LUC could not be included in the administrative action of May 12, 2003. Again, this situation sets out the need for the clarifying language of S.B. No. 3025 to explicitly require that statutory amendment, not administrative interpretation, will be required to re-assign functions of OP.

"Three other critical concerns come to mind with respect to this proposal. Foremost is to establish that this attempt to transfer agency responsibility will not set precedent to allow further administrative action to supercede legislative intent. It is not hard to imagine what other agencies' roles, functions or responsibilities could be re-directed without legislative oversight and approval if action is not taken to stop this practice.

"Second, it is important to keep in mind the provisions of Chapter 205-18 HRS, that mandate OP to undertake a review of the classification and districting of all lands in the State every five years, including lands in or to be considered for inclusion

in the Conservation District. Clearly, this poses an inherent conflict for DLNR, which has sole oversight regarding Conservation District lands, to be directly involved in policy decisions regarding reclassification. For your information, the last 'boundary review' conducted by OP was in 1992. In my opinion, this statutorily mandated State Planning mechanism is extremely underutilized and, in fact, would be very useful in addressing the current dilemma in addressing the constitutional requirement regarding important agricultural lands. S.B. No. 703, S.D. 1, proposed during the 2003 session to amend HRS 205-18, is still available to further discussion on this issue. Nevertheless, the key concern is to maintain OP's independence in carrying out the provisions of HRS 205-18.

"Third, I would ask you to review S.B. No. 2077 regarding State Functional Plans (SFP). This measure amending HRS 226-55 and 56 essentially resurrects State Functional Plans as an integral responsibility of OP. The intent of S.B. No. 2077 is to require each state department to review their own current functional plans and to propose appropriate amendments to reflect changes, if any, in long range goals and implementation actions. Proposals would be submitted to the legislature for approval. The broad range of subject matter addressed by current SFP's also demonstrates why OP is established in DBEDT, due in large part to the relationship between planning and economic development. As you know, in an earlier manifestation during the Ariyoshi administration, DBEDT was the Department of Planning and Economic Development. In a sense, S.B. No. 3025 and S.B. No. 2077 can proceed in tandem given the inherent inter-relatedness between the role and function of OP.

"For these reasons, Mr. President, I ask you and our colleagues to join in supporting S.B. No. 3025."

Senator Trimble rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this measure.

"I note that the Office of State Planning has within its confines the geographic information system, land use, coastal zone management. I believe, with the Governor, that it is most logical to put these functions and to have them report to the Department of Land and Natural Resources.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2720 was adopted and S.B. No. 3025, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF PLANNING;" having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2721 (S.B. No. 3052, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2721 was adopted and S.B. No. 3052, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO IMPORTANT AGRICULTURAL LANDS;" having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2722 (S.B. No. 3129, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2722 was adopted and S.B. No. 3129, S.D. 1, entitled: "A BILL FOR AN ACT

MAKING AN APPROPRIATION TO DETERMINE AND IMPLEMENT THE BEST MITIGATION MEASURE TO CONTROL FLOODING OF LAKE WILSON;" having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2723 (S.B. No. 53, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2723 be adopted and S.B. No. 53, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"Public safety, properly, has three components, and I believe that all three components should be county funded – fire, police, ambulance. It's only when we have one agency that is allocating the funds between three different purposes that we can optimize how and where the money is being spent.

"For that reason, I oppose this bill. Thank you."

Senator Baker rose to speak in support of the measure as follows:

"Mr. President, I rise in support of this measure.

"Mr. President, emergency services, of which ground ambulances are a key component, are a state service. On the island of Oahu, the state contracts with the City and County of Honolulu to provide those services. On the County of Hawaii, the state contracts with the county fire department to provide those services. On the County of Maui and the County of Kauai, they contract with independent entities to provide those services.

"Mr. President, the services proposed for Kihei/Wailea are in one of the fastest growing communities in the state for the last two decades – growing 51 percent from 1990-2000. Over 23,000 full-time residents in South Maui depend on the availability of one ambulance. Add in more than 750,000 visitors per year to South Maui, the thousands of employees that work there, and many other island locals using the amenities of South Maui, and the need for another ambulance in this part of Maui is even more critical.

"For years, the Kihei fire station has been the busiest station on Maui with 1/3 of its calls for medical services. Forty percent of those calls are first responder calls because Medic 3, which would normally take these calls, has such a huge call volume that it cannot handle any additional calls. More than 20 percent of the calls to Medic 3 are in the Wailea and Makena areas, and the response time for that area if the ambulance has to come either from Kihei, the very front part of Kihei, or Central Maui or another part of Maui, simply does not meet the state's designated response window of 15 minutes. The amount of activity that occurs throughout South Maui each day of the year, whether it's on the roadways or on beaches, is increasing dramatically and so is the risk of not being able to assist someone in need.

"Mr. President and colleagues, I submit that this measure is very necessary. It is an appropriate state function and I urge my colleagues to move this measure forward. Thank you."

Senator Trimble rose in rebuttal as follows:

“Mr. President, I rise in rebuttal.

“You can’t optimize unless you prioritize, and you can’t prioritize if one function is paid for by the state and the other two by the county. It’s not about the merits of this particular issue; it’s about a general policy statement.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2723 was adopted and S.B. No. 53, S.D. 1, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR AMBULANCE SERVICE IN THE KIHEI/WAILEA REGION OF MAUI,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 2724 (S.B. No. 2399, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2724 be adopted and S.B. No. 2399, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to oppose the measure and said:

“Mr. President, I oppose this measure.

“It properly is a county function. You cannot optimize unless you prioritize, and that is not done when the state pays for one of the three services.”

Senator Baker rose in support of the measure and said:

“Mr. President, colleagues, I rise in support of S.B. No. 2399, S.D. 2.

“This measure is very unique in that this community on the Big Island of Hawaii sought and found a grant to cover the vehicle to provide for their ambulance service. And what this bill proposes to do is to provide funds for the cost of the personnel. This is another area in our community that’s very rural, that is not well served by current ground ambulance service or, in effect, by other kinds of medical services, and this is one way of meeting the needs of this growing community.

“I urge my colleagues to vote in favor of this measure. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2724 was adopted and S.B. No. 2399, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EMERGENCY AMBULANCE SERVICE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 2726 (S.B. No. 2591, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2726 was adopted and S.B. No. 2591, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO FAMILY AND CAREGIVER SUPPORT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Ihara).

Stand. Com. Rep. No. 2729 (S.B. No. 2721, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2729 be adopted and S.B. No. 2721, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this measure.

“Perhaps if the City and County of Honolulu had to prioritize we would see a different mix between fire engines and ambulances than they currently have.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2729 was adopted and S.B. No. 2721, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EMERGENCY MEDICAL SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Ihara).

Stand. Com. Rep. No. 2730 (S.B. No. 2948, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2730 be adopted and S.B. No. 2948, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to oppose the measure and said:

“Mr. President, I stand to oppose this measure.

“We have a program that has been working well for 80 years without being codified in the Hawaii Revised Statutes. I suggest that codification will not accomplish anything and therefore oppose it.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2730 was adopted and S.B. No. 2948, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PUBLIC HEALTH NURSING SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 2737 (S.B. No. 2226, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2737 be adopted and S.B. No. 2226, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to the bill.

“I’m opposed this bill for a number of reasons. First of all, I don’t see the nexus between homeless services and this fund. Secondly, what it does is circumvent the review process so that we can’t look at what the specific programs are. The bill, which of course has now been blanked out, was willing to give up to \$1 million each year for homeless services and they were undefined. Thirdly, I think that the monies properly should continue to go into general funds, and then when we’re talking about shortages in education or other areas we can have that money to do that with, rather than making this unspecified allotment right now.

“Thank you.”

Senator Inouye rose for a conflict ruling and said:

“Mr. President, I’d like to make notice of a possible conflict of interest on this measure before us.

“Mr. President, I do serve on the corporate board of the Catholic Charities. They did send testimony during the committee hearings on the first committee as well, and Catholic Charities does oversee an agency that offers services for the homeless and could possibly offer to bid on a contract of the state. I’d like to at least offer my possible conflict, Mr. President.”

The Chair ruled that Senator Inouye was not in conflict.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2737 was adopted and S.B. No. 2226, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HOMELESS SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 2 (Slom, Trimble).

Stand. Com. Rep. No. 2739 (S.B. No. 2605):

Senator Taniguchi moved that Stand. Com. Rep. No. 2739 be adopted and S.B. No. 2605, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Kawamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in support of this bill.

“Mr. President, in God’s country we have over half of the care homes in the state and they do a very valuable job for our community and the state, therefore they deserve this raise.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2739 was adopted and S.B. No. 2605, entitled: “A BILL FOR AN ACT RELATING TO ADULT RESIDENTIAL CARE HOMES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Kim).

Stand. Com. Rep. No. 2746 (S.B. No. 3036, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2746 be adopted and S.B. No. 3036, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to oppose the measure and said:

“Mr. President, I rise in opposition to the bill.

“I find that the bill is going to create more than 200 new social service positions and is going to be a costly measure.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2746 was adopted and S.B. No. 3036, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CHILD PROTECTIVE SERVICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 1 (Kim).

Stand. Com. Rep. No. 2750 (S.B. No. 2044, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2750 was adopted and S.B. No. 2044, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE JUNIOR RESERVE OFFICERS’ TRAINING CORPS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (English).

Stand. Com. Rep. No. 2751 (S.B. No. 2054, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2751 be adopted and S.B. No. 2054, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Hogue rose to speak in opposition to the measure and stated:

“Mr. President, I rise to speak in opposition to this particular measure which would assess the taxpayers a \$20 fee for textbooks if they send their children to public schools.

“We already pay taxes for public schools. Sometimes we pay too much. Sometimes we would love to have even more money for public schools. We’re going to have to prioritize here. But we cannot be assessing people additional monies for something that should already be there – namely, textbooks.

“We already had a bill go through, an appropriation for textbooks, and that is a step in the right direction. This sets up a bad precedent where we not only start assessing for textbooks, but other items as well which are necessities. I don’t think that we should cross that line and I would urge all my colleagues to vote ‘no’ against this affront to our taxpayers.

“Thank you.”

Senator Trimble rose to speak in opposition as follows:

“Mr. President, I also rise in opposition of this measure.

“If you read the bill carefully, it does a lot more. It would encourage many of our more entrepreneurial teachers to develop their own instructional materials for which the school could charge the students in their respective classes. I don’t know if this was the intent of the bill, but it appears to be what it could be used for.

“Thank you.”

Senator Sakamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in support of the measure.

“First, to the point of the last speaker, perhaps if there’s something related to entrepreneurial teachers selling material we should clarify that. That was not the intent of the measure.

“As we talk about education reform, certainly one of the issues before us is the shortage of textbooks. And as noted by the speaker from Kailua, certainly, dollars do help.

“And as we talk about reform, as the bill we passed previously – weighted student formula, empowering the principals, empowering the schools, creating a new system, creating more flexibility – this measure does several things. And certainly one of the things it does is empower the school to

charge up to \$20 for the students for their books. Some would say, why so? This Body has attempted to provide more funds for education, but was rebuffed by other parties or other parts of the system. And I believe many people in the schools do want to provide their children, their students with the material they need.

"In visiting Edmonton and talking to one high school there, they charge \$51 for their books. And this is by no means something that if all things being equal, certainly all the books, some of the previous speakers certainly do know that schools like Punahou, you buy your own books every year. The university, you buy your own books. So, buying books isn't something that's new, isn't something that's treading new ground, but it certainly would allow people, parents, and the school community, to make the decision. And if they're saying the school community can't make these decisions up to \$20, what are we saying?"

"Also, this bill would provide an opportunity for parents to look at the list of instructional materials, and if they so choose, they could buy their own materials or find those materials.

"So, Mr. President, I believe to address the shortage, certainly the 1.8 million or 5 million or some million dollar single appropriation will be a big boost, but that in itself will not solve the long-term problem. So I as for my colleagues to support this measure as it goes forward."

Senator Hemmings rose to speak against the measure as follows:

"I rise to speak against this legislation, Mr. President.

"The parents at Punahou, and the University of Hawaii, and Edmonton are not in a school program that's sucking 1,726,000,000-plus dollars out of the taxpayers' pockets of Hawaii. The money is there to pay for books; it's just not being spent appropriately. And that's the foundation of the quest to reorganize the Department of Education as Pat Hamamoto so appropriately said in her unprecedented state of education speech to this Body.

"This system is obsolete, and buying textbooks with more money when you're spending \$1,726,000,000 does not make sense when the taxpayers are being asked to pay for that added burden.

"Thank you, Mr. President."

Senator Hooser rose in support of the measure and said:

"Mr. President, I rise in support of the measure.

"First, I'm not sure if I heard correctly, but I believe the very first speaker stated that this bill would assess a charge against students, and that's an incorrect statement if that's in fact what was said. This bill does not assess a charge. This bill empowers schools may assess and collect. So it's up to the individual school community.

"It's not a charge that we're putting on anyone right now. What we're doing really . . . and there's been a lot of talk about managing schools and a lot of discussion, and I thought the discussion was focussing on empowering local schools, and empowering principals, asking them to work with their school communities to make their own decisions. And what this does is provides them a valuable tool to do so. It provides them with the opportunity to charge \$20 if the school community and the principal agree they want to do that. I think this is an important

power and relatively modest power that we could bestow on principals in schools.

"I'd like to further point out that students who are eligible to receive free and reduced lunch will not be required to pay this annual fee. So, we protect those in our community who most need it and we empower schools and principals in school communities to make these important decisions.

"I'd like to again repeat what I said before that the differences of opinions in this room I believe that we should invest in education. I don't see this as sucking money from the taxpayers. The people in my community when asked what's the single most important thing that we can do to improve schools say resoundingly it's to spend more money, invest more money in our schools and in our children.

"So with that, I encourage my colleagues to vote in support."

Senator Hogue rose to speak in rebuttal and stated:

"Mr. President, I rise in rebuttal.

"The point that I want to make here is that by empowering we're going across the line. I agree with the previous speaker – education should be our number one priority, and in the budget, it is. I fully agree with that statement. We are in total agreement. But once we empower anybody for any amount of money for their ability to charge fees, whether it is \$5, \$15, \$20 or \$10,000, we have crossed the line where we are no longer in control of the budget because people are empowered all over the place to charge whatever kind of fees they want.

"So, just think about that when you're crossing this line. It may be \$20 now, but in the future it could be a whole heck of a lot more.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2751 was adopted and S.B. No. 2054, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hemmings, Hogue, Ige, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2753 (S.B. No. 2065, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2753 be adopted and S.B. No. 2065, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Hogue rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this particular measure.

"I really admit that I don't have a complete and total understanding of this particular bill and so in some regards I'm hoping that the Chair of the Education Committee, who I think has good intent with this particular measure, can stand up and justify it. But as I look at it here, it appears that there is something that will hamstring principals in regards to the timeline for hiring their teachers. It talks about having the principals the authority to make their final decisions and make that known at the end of the previous school year. If I'm correct in that assessment, and please correct me if I'm wrong, then that's going to hamstring the principals when in fact we would like to empower them, as I've been hearing on the Floor here for the past several weeks.

“So, if I’m wrong, please correct me, but I think that that’s what is the wording in the bill. Thank you.”

Senator Sakamoto rose to speak in support of the measure and stated:

“Mr. President, I rise in support of the measure.

“As last summer came about, and reading in the newspaper about problems, people saying ‘I’m qualified or my husband’s qualified but we’re sitting around and we’re not being called,’ part of the frustration on some of us, our parts, were, why aren’t qualified teachers . . . ‘I graduated from the University of Hawaii and nobody’s calling me, or they call me and tell me they’ll let me know later.’

“If we want qualified teachers or we want qualified people in any company, we’d like them to have an assurance – come August 15, September 1, July 15, you have a job, and prior to that, please be ready. I believe this isn’t pointed at principals derelict in their job. Perhaps it’s a little bit of the bureaucracy of the hiring process. Mainland candidates are up there trying to get jobs, maybe when they fall out of the system then a local candidate gets hired. It’s not any one problem, but the goal certainly is not to pick on a principal, but the goal would be to have the qualified teachers on board early enough that they can get ready for their new job during summer. They can do pre-service either paid for or otherwise, but certainly so our children can have teachers ready and willing, not just jumping at the last moment, September 3rd, being hired very, very late.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2753 was adopted and S.B. No. 2065, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TEACHERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2754 (S.B. No. 2108, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2754 be adopted and S.B. No. 2108, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to oppose the measure and said:

“Mr. President, I rise in opposition to this measure.

“If this isn’t micromanagement by this Body, I don’t know what is. On one hand we say that we want to pass the authority down to the schools, and on the other hand we dictate to very small infinitesimal amounts.

“Thank you, Mr. President.”

Senator Sakamoto rose to respond and said:

“Mr. President, just a brief response.

“I believe if the weighted student formula and those measures go forward, measures like this will not be here in the future.”

Senator Hogue rose to speak in support of the measure as follows:

“Mr. President, I just want to voice my enthusiastic support for this particular measure and the next one.

“Both of them get into a field which I really appreciate, and that is the field of athletics. That is a part of our educational system that we don’t endorse enough. It is people who are of good health and good spirit and participatory in their athletic endeavors who absolutely are in the best position to learn and learn very well. This will support them through athletic trainers and having others who are helpful in that particular system because we want healthy students who do participate and are very involved and can get a good education.

“Thank you so much, Mr. President.”

Senator Hemmings rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor of this measure.

“Mr. President, I’d like to underscore, parenthetically to this conversation, the importance of sports in our culture. We are one of the great sports capitals of the world. Children go to school to get a well-rounded education. I can guarantee you that there are many people, very successful people in our society, who have made a substantial living out of sports.

“I think if you added up the total economic impact, Mr. President, of sports in Hawaii you’d see that it far exceeds the impact, for instance, of agriculture. Sports is an industry in Hawaii and it should be supported most especially in schools.

“More importantly, sports teach children something that oftentimes is not taught in the classroom. I know because I’ve learned. They teach children how to win, but very importantly, they teach children how to lose and to pick themselves up and continue to compete in the game of life.

“This is a good investment in our children’s future and I support it.”

Senator Taniguchi rose and said:

“Mr. President, could I have the remarks of the previous two speakers put into the Journal as my own, except for the remarks regarding agriculture. (Laughter.)”

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2754 was adopted and S.B. No. 2108, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 2755 (S.B. No. 2113, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2755 was adopted and S.B. No. 2113, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EDUCATIONAL PROGRAMS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2756 (S.B. No. 2114):

Senator Taniguchi moved that Stand. Com. Rep. No. 2756 be adopted and S.B. No. 2114, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“When the University of Hawaii seems incapable of making a budget which provides for the safety of their own students and we have to do this, is this not an indictment of their poor management?

“I will be voting against this measure because I believe that both the Department of Education and the University of Hawaii ought to set their own priorities and figure out what they’re going to do, and I don’t think that we should be involved in micromanagement.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2756 was adopted and S.B. No. 2114, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SAFETY AND SECURITY IMPROVEMENTS FOR UNIVERSITY OF HAWAII CAMPUSES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2757 (S.B. No. 2115, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2757 be adopted and S.B. No. 2115, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure and stated:

“Mr. President, I rise for the same reason that I spoke just before.

“I think that the Department of Education should be held accountable for making the appropriate budget.

“Thank you.”

Senator Tsutsui rose to speak in support of the measure with reservations and said:

“Mr. President, I would like to rise in support, noting my reservations.

“I’m just looking at this. Currently on Maui, I think we take care of our athletic events without having a statewide specialist coordinator. I’m not sure how this position would best try to coordinate some of the events that go on in the neighbor islands. So, support with reservations.”

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2757 was adopted and S.B. No. 2115, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2758 (S.B. No. 2171, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2758 be adopted and S.B. No. 2171, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak against the measure as follows:

“Mr. President, aren’t we, as Senators, wonderful? We have a school system that can’t determine how much textbooks they need, so we have to leap in at the last moment.”

Senator Baker interjected:

“Mr. President, for what purpose does the Senator rise?”

Senator Trimble responded:

“I rose to speak against the measure.

“Mr. President, not only do we need to provide for the sports equipment and the athletic trainers, but if it weren’t for us Senators, they wouldn’t have textbooks. My, we must be important people.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2758 was adopted and S.B. No. 2171, S.D. 2, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR TEXTBOOKS FOR PUBLIC SCHOOLS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2760 (S.B. No. 2197, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2760 be adopted and S.B. No. 2197, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to support the measure with reservations as follows:

“Mr. President, I rise in support of the measure with reservations.

“I have supported school work-study programs all along. This bill, however, talks about real world experience and then says that the student is going to be an employee of the State of Hawaii so that the state can pay workers compensation expenses. If we want real work experience, let the students go out there and find out how much an employer has to pay. And I don’t know why the student can be both a student and an employee of the State of Hawaii.

“I think if we’re really interested in work-study, then we should put the emphasis on work in this particular program and separate that student from the state government, unless all we’re trying to do is create future state employees.

“Thank you.”

Senator Sakamoto rose to speak in support of the measure and stated:

“Mr. President, I rise in support of the measure.

"I guess, in part, the measure is to clarify that the student, just as in other measures, would be covered under workers comp, whether they work for a private organization or NELHA or the UH or some other program. It wasn't my intention to have them being an employee of the State, but I will look into that and see how we can address that issue."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2760 was adopted and S.B. No. 2197, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SCHOOL WORK-STUDY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Hogue).

Stand. Com. Rep. No. 2761 (S.B. No. 2201, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2761 be adopted and S.B. No. 2201, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2761 was adopted and S.B. No. 2201, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Trimble). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2763 (S.B. No. 2256):

Senator Taniguchi moved that Stand. Com. Rep. No. 2763 be adopted and S.B. No. 2256, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, appropriately, I rise in opposition to this measure.

"I think a request of this magnitude ought to be within the Department of Education's budget.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2763 was adopted and S.B. No. 2256, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR DEPARTMENT OF EDUCATION PERSONNEL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Hemmings, Slom, Trimble). Excused, 1 (Hogue).

Stand. Com. Rep. No. 2765 (S.B. No. 2320, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2765 be adopted and S.B. No. 2320, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this measure.

"Again, we're sending mixed signals here. If we really are talking about decentralization and we're allowing the schools to

determine its principals and putting power in the principals, then why is the Legislature appropriating money for 10 new vice-principal positions?"

"Thank you."

Senator Sakamoto rose to speak in support of the measure as follows:

"Mr. President, I rise in support. A brief response.

"If indeed the weighted student formula goes ahead and they do have this new system, again, this is not yet, there are currently the problems in the schools. The department and the board asked for \$51 million and got a pittance, so perhaps there are other issues we still need to deal with."

Senator Slom rose on a point of information and said:

"Mr. President, a point of information, since this is the second bill that the good Senator mentioned. If, in fact, the weighted student formula is passed and goes into effect, will the Majority Party next year be calling for the elimination of these bills that we're passing today?"

"Thank you."

Senator Sakamoto responded:

"Clarification or support.

"In Edmonton, when the dollars do go to the high school, the middle school, the elementary school, whether they hire one, or two, or no vice principals, it's based on the budget and how that school and that school community make their decisions. When it's implemented to that degree, it certainly would be my hope that if they need an athletic trainer, if they need an additional counselor, if they need an additional vice principal, those decisions would be more in the realm of the school and the school community than in this realm."

Senator Slom rose to be recognized.

President Bunda then stated:

"Senator Slom, I believe you have spoken twice."

Senator Slom responded:

"Well, I'm just trying to get a clarification, Mr. President, because I heard the good Senator say before that the only reason we need these bills was because we don't have the weighted student formula yet. So I'm trying to get a clarification – if in fact we pass the weighted student formula . . ."

Senator Baker interjected:

"Point of order, Mr. President, he's speaking rather than just asking a question."

President Bunda stated:

"Senator Slom, you are not recognized."

Senator Slom responded:

"I was asking a question."

President Bunda replied:

"You have already asked your question."

Senator Slom inquired:

“Could I get an answer to the questions I asked?”

President Bunda stated:

“Senator Sakamoto, will you answer that question?”

Senator Sakamoto rose and replied:

“Part of the issue of the weighted student formula is who does the asking and where the resources are? Part of it does deal with other sufficient resources to have the vice-principals, the athletic trainers, the teachers, the counselors. I think one of the issues is, ‘are there adequate resources that a school and school community could want?’ And in that part, I think there will always be a need for more resources.

“The part regarding who will be asking for an additional vice principal or not, with the weighted student formulas Edmonton has implemented, those decisions are made at the school level and with the school community, and perhaps in our case, involving the school complex for positions that may be complex related.

“I think at that point, some of these measures would not be before this Body as we see them today.”

Senator Hooser rose to speak in support of the measure as follows:

“Mr. President, I rise in support with a brief comment.

“I just want to point out to those of you that are following the educational debate and the various reform proposals that are on the table and being discussed in both the House and the Senate, I believe virtually every single one of them calls for increased work, increased responsibility, and increased accountability by principals. With many, many schools that don’t even have a vice-principal, let alone a second one for schools that have 1,000; 2,000; 1,200; 1,400 students, there’s a need, a great need, as we’re asking principals to do more work to provide principals with more support. I believe this measure addresses some of those concerns.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2765 was adopted and S.B. No. 2320, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO VICE PRINCIPALS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2766 (S.B. No. 2379, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2766 be adopted and S.B. No. 2379, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“We certainly want research wherever we can get it. But I think in terms of the construction industry, we’ve discussed over the past several years that there are a number of sources that provide us information. There is the University already providing us information on the industry. There is the

Department of Business and Economic Development. There is the Building Industry Association. There is the General Contractors Association. There is the ABC Group. There are private economists, like Leroy Laney and Paul Brewbaker. I think we’ve got plenty of research already. I don’t think we need to start a new program on research.

“What we have to do, is to solve some of the problems that the industry has already talked to us about and to put people back to work, like in the concrete industry right now.

“So, I’ll be opposed to this bill. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2766 was adopted and S.B. No. 2379, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO A CONSTRUCTION RESEARCH PROGRAM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2768 (S.B. No. 2426, S.D. 2):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2768 was adopted and S.B. No. 2426, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO UNIVERSITY OF HAWAII,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2769 (S.B. No. 2429, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2769 be adopted and S.B. No. 2429, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to oppose the measure and said:

“Mr. President, I rise in opposition to this bill.

“Certainly, as a former student of the University of Hawaii, I want the students to have resources for student governance, but I note that currently the student government gets \$60,000 from the president’s fund. Again, we are always talking about university autonomy, so I think that the students should learn autonomy firsthand and get the money from the university budget rather than from the Legislature.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2769 was adopted and S.B. No. 2429, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Hemmings, Slom, Trimble).

Stand. Com. Rep. No. 2770 (S.B. No. 2478, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2770 be adopted and S.B. No. 2478, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, I rise to speak in opposition to the bill.

“This is the second bill that we’re talking about in terms of impact fees, and I certainly appreciate comments that I had before from some of my colleagues that ultimately the idea is to meld these two bills together and that there will be more specific developments mentioned and so forth. Until that time, we only have the bill that’s before us and it will continue to increase the cost of housing and development, so I’m voting ‘no.’

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2770 was adopted and S.B. No. 2478, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO IMPACT FEES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Hemmings, Hogue, Slom, Trimble).

Stand. Com. Rep. No. 2771 (S.B. No. 2538, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2771 was adopted and S.B. No. 2538, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR IOLANI SCHOOL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Baker, Hooser, Tsutsui).

Stand. Com. Rep. No. 2772 (S.B. No. 2613, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2772 was adopted and S.B. No. 2613, S.D. 1, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR FAMILIES FOR RESOURCES FOR EARLY ACCESS TO LEARNING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2773 (S.B. No. 2671, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2773 was adopted and S.B. No. 2671, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR THE CONGREGATION OF CHRISTIAN BROTHERS, INC. DBA DAMIEN MEMORIAL HIGH SCHOOL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Baker, Hooser, Trimble, Tsutsui).

Stand. Com. Rep. No. 2774 (S.B. No. 2790, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2774 was adopted and S.B. No. 2790, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR HALEAKALA WALDORF SCHOOL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Baker, Hooser, Trimble, Tsutsui).

Stand. Com. Rep. No. 2775 (S.B. No. 2791, S.D. 1):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2775 was adopted and S.B. No. 2791, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR MONTESSORI SCHOOL OF MAUI, INC.,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 4 (Baker, Hooser, Trimble, Tsutsui).

Stand. Com. Rep. No. 2776 (S.B. No. 3011, S.D. 1):

Senator Taniguchi moved that Stand. Com. Rep. No. 2776 be adopted and S.B. No. 3011, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this measure.

“Simply stated, this measure provides a 10-year exemption from continuing education for retired teachers. I am curious if the function of requiring people to have continuing education is the need that they maintain their proficiency or is it instead that they’re on a career track and get higher salaries? If it is not the need for proficiency, then we should not require it. If there is a need for proficiency and that’s why we require or ask for continuing education, then a two-year exemption for retired teachers is too long.

“Thank you, Mr. President.”

Senator Sakamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in support of the measure.

“In clarifying the previous speaker’s comments, without this measure, many retired teachers feel forced to take a 33-hour course by the Department of Education before they can substitute teach. And certainly if you’ve just retired or recently retired, at least it’s the feeling of the members who have moved this forward at this point, that we shouldn’t require those teachers to take that course.

“Certainly this hasn’t anything to do with continuing education if they want to improve themselves professionally, but to be a substitute teacher, having been a retired teacher, we’re trying to relieve them of that burden.”

Senator Hogue rose in support of the measure and said:

“Mr. President, I rise in support.

“Mr. President, this bill makes absolute sense. We have a shortage of substitute teachers and a shortage of qualified teachers. This exemption that allows retired teachers – those that have been in the classroom who know, frankly, what in the world they’re doing – the exemption from having to go to extra classes will allow us to recruit them into the system where they are needed as substitutes.

“So, I am glad that the Senate Chair of Education has gone forward with this particular measure and I think it will be helpful to all involved.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2776 was adopted and S.B. No. 3011, S.D. 1, entitled:

“A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Trimble).

Stand. Com. Rep. No. 2779 (S.B. No. 3086):

On motion by Senator Taniguchi, seconded by Senator Kokubun and carried, Stand. Com. Rep. No. 2779 was adopted and S.B. No. 3086, entitled: “A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS FOR ISLAND PACIFIC ACADEMY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 3 (Baker, Hooser, Tsutsui).

Stand. Com. Rep. No. 2782 (S.B. No. 3231, S.D. 2):

Senator Taniguchi moved that Stand. Com. Rep. No. 2782 be adopted and S.B. No. 3231, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Kokubun.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“Very briefly, here we have yet another item that wasn’t included in the Department of Education supplemental budget. Sooner or later we’re going to have to require them to get most of what they want in their budget.

“Thank you, Mr. President.”

Senator Sakamoto rose in support of the measure and said:

“Mr. President, I rise in support.

“Just briefly, this isn’t a budget item, but a clarification. When I try to get people to volunteer for schools or volunteer here, sometimes they say, ‘Well, pay me lunch money. Help me with my parking money.’ Many schools do have available funds. This isn’t necessarily a budget item from us. But, to clarify that if we do pay a volunteer or helper some stipend, it shouldn’t be taxable, and it doesn’t make them an employee. But certainly, any way we can help schools have people help them, either for free or for a small stipend, would go a long way in improving public education.”

Senator Hogue rose to inquire:

“Mr. President, just a quick questions, if I could, for the Senate Education Chair, because I was going to vote ‘no’ but I think your explanation is a good one here. Is this money coming out of like a petty cash fund?”

Senator Sakamoto answered:

“We’re not appropriating it out of general funds. If Kailua Inter had money that they wanted to pay stipends either to university students or senior citizens, it would come out of how the school would choose to use their funds. That would be the intention that I have, as opposed to appropriated funds.”

Senator Hogue replied:

“Thank you.”

The Chair inquired:

“Senator Trimble, are you voting ‘no?’ Senator Trimble is voting ‘yes.’”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2782 was adopted and S.B. No. 3231, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2784 (S.B. No. 2017, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2784 be adopted and S.B. No. 2017, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose in support with reservations and stated:

“Mr. President, I rise in support of this particular measure with reservations.

“I think it’s very good that we’re moving along a measure that has to do with racing. We have already seen on the news the horrible accidents that cause death, destruction, terrible, terrible tragedies. So I think that this is a step in the right direction.

“However, there’s a problem here with the forfeiture part of the bill. Essentially, what will happen if this measure moves forward is that the registered owner of the car would have to forfeit their vehicle if someone else was racing. It’s back to the VanCam debate. And I realize that we talked a lot about this in the Judiciary. We moved this forward. A lot of people had reservations on it. Even the police department had reservations about it. There’s some way that we need to cleanup that particular matter so that the person who does the crime is the person who suffers the punishment – not a grandfather, or auntie, or a dad who loaned somebody the car, who three years ago the kid was caught racing and now they do it again, and all of a sudden the family is without the car. So, we’ve got to figure out that particular part of this. We’ve also got to figure out the objections that the police department has as well.

“I hope that we can figure out those particular problems as we move this important bill forward. Thank you.”

Senator Kawamoto rose to speak in support of the measure and stated:

“Mr. President, I rise in support of this bill.

“First of all, I would like to thank the Judiciary Chair for pulling it out and hearing the bill.

“Secondly, as far as the concern about ownership of the vehicle, again, you must make the people realize that for the second and third offense that they will forfeiture their car. And owners of cars must realize whom they are loaning their cars to. If the guy is a bad driver, he’s a racer, you know, he’s not going to drive my car. So that’s the owner’s responsibility to look at that.

“The second thing, Mr. President, is that the police have some problems because they’re concerned about the monies that would have to be spent from their pockets. We gave the Attorney General the capability of having a fund, and this fund is to maintain the cars and maintain whatever contraband they

have. So, we have that in the legislation and these funds will come from the AG's office.

"Thank you."

Senators Slom, English, Hanabusa, Kim, Ihara, Ige and Taniguchi requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2784 was adopted and S.B. No. 2017, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RACING ON HIGHWAYS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 2785 (S.B. No. 2018, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2785 be adopted and S.B. No. 2018, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Tsutsui rose for a conflict ruling as follows:

"Mr. President, I would like to declare a potential conflict.

"I guess with the passage of this bill, owning a baby store, I guess we could see an increase of sales in the amount of booster seats and car seats that we carry."

The President ruled that Senator Tsutsui was not in conflict.

Senator Whalen rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition.

"We passed something out similar to this a couple of years ago, and the then Governor, Cayetano, vetoed it because of the reality of having kids going to school carrying their backpacks, their books, their lunches and their booster seats strapped on to their back because they have to catch another ride home. Although it sounds kind of funny and people might think I'm exaggerating, but for many people . . . I hate to keep harping on the neighbor island thing, I just haven't lived here in so long and I don't know exactly how it works here anymore. But on, at least, the Big Island, a lot of parents, because there's no public transportation, one parent will go drop of the child, another parent will pick them up, or they'll carpool and things like that.

"And even for little kids, you don't have like a storehouse, other than the wonderful Senator from Maui who can just grab a car seat when he needs one. Most of us will buy them because we have a little child, and that's it. You don't have an extra five or six laying around in case you're going to take some friends to the beach or your kid's friends to the beach. And this still does not take into account the reality of limiting people's mobility to be able to go and do things. All of the neighbor islands are like this. And especially the Big Island, distances are far – you can't just walk to the corner and get something; you have to go a long distance.

"With the seat belt thing that we did previously, and this bill here, I don't think it takes into account at all the reality that this is a state of varying places with different needs and different areas. And this bill puts a severe hardship on at least the people in my district and I dare say the whole state for the reality of what we have right now.

"I appreciate Governor Cayetano for vetoing it last time. I know it's not going to be voted down today, but I hope we begin to look at things in a practical manner instead of just saying if it saves one life it's worth it, because that's really not our motivating goal here. There are a lot of things we could do to save one life, but we don't do it.

"The practical reality is this will put a severe hardship on many people, and I wish we would not pass this type of thing."

Senator Kawamoto rose to speak in favor of the measure and said:

"Mr. President, I rise in favor of this bill.

"Mr. President, the number one killer of children from 3 to 19 is car accidents. Throughout the country, car accidents are the number one killer for the National Transportation Department. This is one of three bills that we have for safety.

"Mr. President, like the previous speaker said, you save one life, it's worth it – and I believe that. How much does it cost for a seat? Maybe 50 bucks, maybe 75, I don't know how much the Senator from Maui sells his car seats for, but you know, it's worth it to save one life.

"This is a national trend throughout the country. And this is idea, the Keiki Caucus, those people endorsed it. So again, I'd like to thank the Judiciary Chair for hearing the bill and passing it out.

"Thank you."

Senator Whalen rose to speak in opposition as follows:

"I guess I wasn't clear and I standup again in opposition.

"If it was really our idea or our policy – if it saves one life, it's worth it – then we would just ban everyone from cars. We would set all speed limits like at five miles an hour or have cars that have bumpers that are ten feet wide and made of down. Because if that was really our goal, there's a lot we could do to save a lot more lives than just what this would do.

"I've read the statistics and the studies, and very few of them, almost none of them, have a differentiation between if a child was even in a seat belt, period, or an 18-year-old that flies out back of a truck because of whatever reason, or their drunk, or whatever. There are a lot of reasons why they die. We just passed the speeding bill and that statistic is in there as well.

"So, yes, people die, but it is not our overall policy if it saves one life, it's worth it. We do not legislate in that manner. And this again, not to harp on it, but it is impractical for us to pass it.

"Thank you."

Senator Kim rose to oppose the measure and said:

"Mr. President, I rise to speak in opposition to the measure.

"Mr. President, obviously our Senator from Waipahu hasn't had children for a long time. And you know, just buying a booster seat is not as simple as \$50. Obviously, they are very bulky, and if you have more than one child, several children that have to fit in the back seat, if you have a child like mine who at seven years old was quite large, I don't know if there would have been a booster seat that he could sit in. Certainly, he did not even want to sit in a car seat when he was four years

old. So, I think there are practical issues surrounding this measure.

"I also think that parents have to take a responsibility. It bothers me every time we have to legislate for practical things that adults and parents should be responsible for. And I believe that we need to be responsible for our children and we need to exercise these kinds of decisions. We need to stop meddling in people's lives all the time and dictating what they should and shouldn't be doing. So, if I am a parent and I feel my child should be sitting in a booster seat, then I should do that.

"So for these reasons, I will be voting against this. Thank you."

Senators Kokubun, English and Ige requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2785 was adopted and S.B. No. 2018, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD PASSENGER SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 6 (Hemmings, Hogue, Kim, Slom, Trimble, Whalen).

Stand. Com. Rep. No. 2786 (S.B. No. 2024, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2786 be adopted and S.B. No. 2024, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Hogue rose to speak in favor of the measure with reservations and stated:

"Mr. President, I rise in favor of this legislation with reservations.

"I think it was abundantly clear, and I think that is the appropriate word here, that this measure might have some problems in Judiciary, because there was a discussion there, and I won't go into all of the details, in which one of the Senators was asking one of the enforcing police officers exactly what would the pedestrian be responsible for and exactly what would the driver of the vehicles be responsible for on the highway? And I think that wording eventually was put forward in the committee report by the good Chair of the Judiciary Committee that we need to be absolutely clear, because you can't go and look at the law when you're halfway through the intersection.

"So, it's important, as this particular measure moves forward, that we make it absolutely clear what the responsibilities of each of the parties are, so somebody doesn't have to worry about whether they're half way through the intersection, whether there is a median there, etc., etc., etc.

"So, let's be thinking about realities as we move this forward. Thank you."

Senator Slom requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2786 was adopted and S.B. No. 2024, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRAFFIC CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (English, Hemmings).

Stand. Com. Rep. No. 2787 (S.B. No. 2088, S.D. 1):

Senator Hanabusa moved that Stand. Com. Rep. No. 2787 be adopted and S.B. No. 2088, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Whalen rose to speak in opposition as follows:

"Mr. President, I rise in opposition.

"Mr. President, the way I read this bill is that by taking out 'terminally illness,' this would apply to anyone in the 'do not resuscitate' category. I've talked to a few people just today, young people, who, at the urging of various advertisements and what not, have filled out the living will thing and do not resuscitate, etc., so they will qualify under this if they are terminally ill.

"With this bill, you could have a 20-year-old who's trying to take care of whatever problems down the line, fill out the form, stick a screwdriver in a socket by mistake because they're working on something, get shocked and their heart stops. Holy smoke, he's got a wristband on or the bracelet on or whatever. The paper is there. Don't bring him back to life. Just treat him for his burns. He's not in pain. Just let him keel over and die. In other words, don't try to resuscitate the guy.

"I don't think there's enough safeguards in it by just taking out 'terminally ill.' I'm not saying that anyone is going around trying to kill anyone, but the safeguards being removed in this manner, the person could have unintended consequences. I'll leave it at that.

"Thank you."

Senator Baker rose to speak in support of the measure and stated:

"Mr. President, I rise in support of this measure.

"Mr. President, it was the paramedic community, as well as other health providers, that brought this need to our attention, because so often there are situations now, where paramedics find that they are being called to a scene and there is a request by the patient or the family member not to resuscitate, but they're not allowed to honor those decisions because of the way the current law is written. In fact, in testimony before your Health Committee, the Department of Health supported this measure to amend Section 321-23.6, Hawaii Revised Statutes, to delete terminal condition as the sole circumstance for when a person can declare comfort care only, do not resuscitate protocols for use by emergency response personnel. This measure provides consistency with other provisions for advance directives in hospitals and other healthcare institutions.

"The paramedic community testified, as well, saying that while hospitals, care homes, and other facilities must abide by advanced directives, signed by the patient and or their families, current law mandates that all of these people have the full measure of paramedic response. This often places paramedics at odds with the wishes of patients and their families.

"I think this is an important measure because it puts control with the patient. It does have safeguards in that you have to have the bracelet on. It's not just something that's done willy-nilly, and I think this is an important measure for our emergency medical services community.

"I urge all of my colleagues to vote in favor of this measure. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2787 was adopted and S.B. No. 2088, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY MEDICAL SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Whalen). Excused, 1 (Menor).

Stand. Com. Rep. No. 2789 (S.B. No. 2237, S.D. 2):

By unanimous consent, Stand. Com. Rep. No. 2789 and S.B. No. 2237, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," were recommitted to the Committee on Judiciary and Hawaiian Affairs.

Stand. Com. Rep. No. 2791 (S.B. No. 2395, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2791 be adopted and S.B. No. 2395, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator Ihara rose to speak in opposition to the measure and stated:

"Mr. President, I stand in opposition to this bill.

"Mr. President, I want to acknowledge the good work that the proponents of this bill have accomplished up to this point. The bill is greatly improved, and it does not limit public disclosure of convention center booking records for all time, but just for the first 10 days after the convention is completed. However, I have a number of concerns still remaining.

"The State Convention Center lessees and licensees do not currently have confidentiality. I believe that this policy should remain. Not knowing who will use the convention center, our public convention center, denies the public the right to protest any users that they feel that they would like to protest. I believe that citizens of our state do have a right to express their views on matters, particularly involving the use of state resources. It also keeps the convention center area residents from anticipating impacts, traffic impacts, from large convention users.

"Additionally, in the bill is a nondisclosure for confidential business information, proprietary information. This type of information is already protected under current law. There is no public policy rationale given by the proponents to suggest 10 days, allowing the public to see booking records of the convention center 10 days after the convention is completed. I asked the proponents, why not one day? What is the rationale between one day and ten days? And I received no response and I have not received any response as of today.

"Also, I believe the licensees should not control when their information, the booking information, whether the information will be publicly available or not, because they control whether they want to have their information be confidential simply by saying I need it in order to book your convention center in Hawaii.

"Also, there is no written requirement. There is no requirement for written documentation that there is a need for nondisclosure. And also, the Tourism Authority is the decision-maker here to determine whether certain records should be kept confidential. I believe, as the Office of Information Practices recommended, that an independent body should review the

records and make their own decision whether these records should be disclosed or not.

"Mr. President, I believe that this bill presents a valid policy choice between public access to records in government files versus allowing the convention center to be competitive in the marketplace. And on this matter, Mr. President, I must stand on the side of open records.

"Thank you."

Senator Kim rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor.

"Mr. President, we are a visitor destination. Our economy is highly, highly dependent upon visitors. This Body has spent millions, \$350 million to build a first class convention center. The convention center is there to hold and host large conventions. Obviously, the people surrounding that area know that that's the purpose of the convention center.

"If we are going to remain competitive, if we are going to compete for large conventions around the world, there are going to be certain conventions that come here and request confidentiality – which we don't have a lot as it was testified to in the Committee. But every now and then there is one or two or three that come that will not hold their convention unless their records be kept confidential, then we're not going to be able to compete. I think it is clear that it is only in those cases when they ask or request that their information be kept confidential.

"The bill has been changed quite a bit and it is only ten days after. Also, if a booking is in fact canceled, then that information will be released. I think that we have to balance the need for information along with the need to be competitive. It is a business. It is a business, and here and now in this time when funds are very tight and our budgets are dependent upon the income that comes in from a number of user fees, we have to make that balance work.

"Thank you."

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"I sat in on all the discussions of the bill, and if I had to err, I would err on the side of the good Senator from Kaimuki.

"I don't think we're faced with an either/or decision – either we keep information confidential or we have a competitive facility. In all the years leading up to this Session, I never once heard this issue come forward, never once heard that this was a problem, never once heard that this had anything to do with our competitiveness. All of a sudden it came and the first name that we heard was that of Mr. Bill Gates of Microsoft Corporation.

"I think that it is true that money has been spent, hundreds of millions of dollars, but we would remind you that that money was not ours. The money was the taxpayers. It is a public facility.

"We heard during the discussion that many hotels who have convention facilities, as a matter of practice, keep this information confidential. And that is all right. I have no problem with that because they are private facilities. This is not a private facility. The public has the right to know. Ten days

after the event is ten days too long. I have not seen the evidence that, as I say, this is a bar to our competitiveness. I think our cost, our distance, other things that we have that are real problems, those are the bars right now.

“So again, if we had to err anywhere, let’s err on the side of openness in government and let’s not go behind closed doors and give certain individuals special privileges.

“Thank you.”

Senator Ihara rose again and said:

“Mr. President, a follow up in opposition.

“Mr. President, if the convention center was competitive now, as are other public convention centers around the country, I do not think that this bill would be sought. So, the question is, does this mean that if and when our convention center becomes successful and competitive, that we will no longer require the secrecy?

“Thank you.”

Senators Inouye, Hooser and Ige requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2791 was adopted and S.B. No. 2395, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO INFORMATION PRACTICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 4 (Hogue, Ihara, Slom, Trimble). Excused, 1 (Taniguchi).

Stand. Com. Rep. No. 2795 (S.B. No. 2607, S.D. 1):

On motion by Senator Hanabusa, seconded by Senator Chun Oakland and carried, Stand. Com. Rep. No. 2795 was adopted and S.B. No. 2607, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ADOPTION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Taniguchi).

At 3:36 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 4:12 o’clock p.m.

Stand. Com. Rep. No. 2797 (S.B. No. 2779, S.D. 2):

Senator Hanabusa moved that Stand. Com. Rep. No. 2797 be adopted and S.B. No. 2779, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chun Oakland.

Senator English requested his vote be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2797 was adopted and S.B. No. 2779, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRADITIONAL HAWAIIAN HEALING PRACTICES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Kokubun, Taniguchi, Whalen).

Stand. Com. Rep. No. 2803 (S.B. No. 2579, S.D. 2):

Senator Menor moved that Stand. Com. Rep. No. 2803 be adopted and S.B. No. 2579, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to the measure.

“Again, it further puts additional mandates and costs on the prepaid health care act. It’s paid mainly by small business employers.

“Thank you.”

Senator Trimble rose to oppose the measure and said:

“Mr. President, I rise in opposition to this measure.

“This is a simple case of 101 economics. You increase the cost of a service and less people will be covered by it. We have had no estimation in terms of the reduction of the coverage because there are fewer workers in the workplace being covered.

“Thank you.”

Senator Sakamoto requested his vote be cast “aye, with reservations,” and the Chair so ordered.

Senator Baker rose to speak in support of the measure as follows:

“Mr. President, I rise in support of this measure.

“Mr. President, colleagues, this measure completes the work we started last Session. We’re extending and improving the definition of mental health illnesses that are covered and for which they must be treated equally with a physical disease. This year we’re completing the task by completing the definition of mental illnesses covered and also by adding substance abuse – alcohol and other drug abuse.

“I would note for the record, Mr. President, that HMSA announced at the end of last Session that they were going to include all of the mental illnesses with their implementation of the parity law we passed. They were taking their cue from the Legislature and it did not in any way have anything to do with increasing their premiums.

“I would also note that in previous studies by the auditor, and we will continue to wait for another one, that in other places where they have added substance abuse treatment parity, it has been insignificant in terms of any increase in premiums.

“I also checked with HMSA and others in term of the usage of mental health and substance abuse services. You know, we spent a lot of time talking about the need for treatment for ice addiction, the need for rehab and it’s important that people be able to access their benefits. Up until this point, people have been reluctant to access benefits, they haven’t been utilized simply because doctors didn’t want to prescribe because there was this lifetime benefit – two treatment episodes per lifetime. In talking with HMSA, they said that since 1998 only 167 private business members have incurred a second lifetime episode, and only 12 of these members received treatment beyond their second lifetime episode.

“So, the kind of parameters that we’re putting in this measure to provide for parity is not going to be a significant impact for their members, but it’s going to ensure that people who do need the treatment will be able to get the treatment and we will have treatment access available for individuals who are suffering from alcohol or substance abuse. In many ways, it’s going to help employers because it will make sure that the employees are healthy.

“Thank you, Mr. President.”

Senator Hogue rose to speak in support of the measure with reservations and said:

“Mr. President, I’m going to speak in support of this with reservations.

“I think the reservations noted by the business community are noteworthy. However, having gone through this as a parent with a child with one of these disorders, I actually have seen how important it is that we have this measure actually go forward. We ran into this problem as a family a couple of years ago with a cap that was on it, and this past year we were able to go beyond that and it turned out that it was important for the health and wellbeing of a child.

“Also, testimony has come forward from other states that have used the parity situation, specifically, Minnesota and New Hampshire. And we just also heard recently from HMSA that premiums have not increased and that getting the patient into important care early on has actually cut down on the progression of the illness and the progression of the cost.

“So, for these reasons, I still want to hear the final figures, but I will support the bill at this time. Thank you.”

Senator Slom rose to speak in rebuttal and said:

“Mr. President, just a very brief rebuttal.

“HMSA just raised rates on small businesses in excess of 14 percent. This was the third raise in the last year. They’re promising additional raises.

“While the major cost driver has been medicine, prescription drugs, every cost component goes into the rate-making process, and I’ve never heard them say that these things do not cost something. The cost, of course, goes to the small businesses that pay the predominant share of the premiums.

“Secondarily, while certainly we want to encourage people to use services if they are ill, whether it’s a physical illness or a mental illness, I don’t think that the people that are accessing the substance abuse, including mental health coverage right now, are those people that we’re concerned about from the criminal aspect. They are people such as parents, such as people that have problems within their families, but they’re not the vast majority of people that we’re trying to address in other measures.

“Thank you.”

Senator Ige rose and said:

“I’d like the record to note my reservations.”

The Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2803 was adopted and S.B. No. 2579, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MENTAL HEALTH

AND ALCOHOL AND DRUG ABUSE INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Slom, Trimble). Excused, 3 (Kokubun, Taniguchi, Whalen).

Stand. Com. Rep. No. 2812 (S.B. No. 2404, S.D. 2):

Senator Aduja moved that Stand. Com. Rep. No. 2812 be adopted and S.B. No. 2404, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to this bill.

“This bill has had a very interesting history in the hearings that we’ve had. A public relations specialist for the city and county came forward, and the original bill was over a million dollars, and that bill was subsequently amended to pare it down to half-a-million dollars. And now there’s a blank amount with some provisions for matching. But from the very outset, Mr. President, I asked for a budget, what the expenses were for – never saw a budget. First bill – never saw a budget. Second draft – never saw a budget. The current draft.

“We did see possibly on television last night, several of us, that the city council has doubled and is now proposing tripling their travel allowance for their members to go traveling to the mainland so that they can see how conventions work so that they will be in a position to host this convention next year. I don’t think that’s a good expenditure of money, and I don’t know why this state is supporting this particular project.

“The city and county has indicated that from the beginning they didn’t want to put any money into it. It was suppose to be for a benefit for all neighbor counties statewide. And yet, the neighbor counties do not put any money into it. So I don’t think that we should be financing this particular measure.

“Thank you.”

Senator Kawamoto rose to speak in support of the measure and stated:

“Mr. President, I rise in support of the bill.

“Mr. President, again, like the proposal of the bill, the proponents of the bill thought that the state would benefit from all these activities and the visitors that come here. So we felt that, at that time, both the Tourism and the TMG Committees felt that they deserved some money from the state.

“So, I think it was passed on and it’s zero dollars, and that’s where it lies.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2812 was adopted and S.B. No. 2404, S.D. 2, entitled: “A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EXPENSES OF THE 2005 NATIONAL ASSOCIATION OF COUNTIES MEETING IN HONOLULU,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Slom, Trimble). Excused, 3 (Kokubun, Taniguchi, Whalen).

Stand. Com. Rep. No. 2816 (S.B. No. 2997, S.D. 2):

Senator Aduja moved that Stand. Com. Rep. No. 2816 be adopted and S.B. No. 2997, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Trimble rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to this measure.

“What we apparently are doing are providing high school students with scholarships so that they can become engineers so that they can work for the Department of Transportation. My problem is that we are identifying a high school student and giving him a fast track to be a DOT employee. I don’t think that’s the way the system is supposed to work.

“Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2816 was adopted and S.B. No. 2997, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO DEPARTMENT OF TRANSPORTATION’S ENGINEERING SCHOLARSHIP PROGRAM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Slom, Trimble). Excused, 3 (Kokubun, Taniguchi, Whalen).

Stand. Com. Rep. No. 2817 (S.B. No. 2998, S.D. 1):

Senator Aduja moved that Stand. Com. Rep. No. 2817 be adopted and S.B. No. 2998, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Trimble rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this measure.

“Again, we have a case where we’re exempting a fee from central services and administrative fees. I don’t think that we should do this as independently one fund at a time. I think it is appropriate that the legislative auditor review all of them all at one time, make recommendations to us and then we decide which special funds will be exempted from paying the administrative services and central services fees.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2817 was adopted and S.B. No. 2998, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PASSENGER FACILITY CHARGES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Slom, Trimble). Excused, 3 (Kokubun, Taniguchi, Whalen).

Stand. Com. Rep. No. 2818 (S.B. No. 3080, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2818 be adopted and S.B. No. 3080, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition to the measure as follows:

“Mr. President, I rise in opposition to the bill.

“This is a bill to address the grievances of the airport concessionaires, but actually it’s one concessionaire. We have supported assistance to the concessionaires and flexibility on

the part of Department of Transportation since 9/11. I think that that flexibility was needed. I think that there were specific problems. Most of those problems have been resolved with the individual concessionaires. There’s one concessionaire left, and having talked to him directly and also to the Department of Transportation, they are in negotiations right now. So, I don’t see a need why we need legislation.

“We got the DOT off the dime. We got them to negotiate. That’s what they’re doing right now. We should wait and see what the results of the negotiations are.

“Thank you.”

Senator Kawamoto rose to speak in support of the measure as follows:

“Mr. President, I rise in support of the bill.

“Again, this bill has been in the hopper for a couple of years now. Basically, this bill is the one that was the driving force to bring the administration to the table and ensure that to happen. Why they chose not to settle with one particular individual, I don’t know what the reasons are.

“We’re using this bill again to bring the administration to the table and address all the concessionaires. And one individual, not the only one, but he’s the smallest and he’s the oldest. He’s been there some thirty-some-odd years. So we don’t know why they chose not to work with him, and work with him at the last minute.

“Thank you.”

Senators Hanabusa, Kim, Baker, Tsutsui, Ige, English, Ihara, Hooser and Aduja requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2818 was adopted and S.B. No. 3080, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSPORTATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 2819 (S.B. No. 3189, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2819 be adopted and S.B. No. 3189, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition as follows:

“I rise in opposition to the bill, Mr. President.

“I’m voting against the bill because it does two things that are negative. I think we certainly need enhanced 911 service. But first of all, we’ve got so many fees on your cellular phone bill right now. Take a look sometime and see how many fees you’ve got. This adds another fee, which is an increase in tax, and in addition to that, creates yet another new special fund.

“Thank you.”

Senator Trimble rose to speak with reservations and stated:

“Mr. President, I rise with reservations.

"It is my understanding that the technology that is being considered for Hawaii is that of triangulation. I don't think that will pinpoint location with a precision that is available with GPS technology. And so my concern is that we impose a fee and then we use a technology that is inferior.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2819 was adopted and S.B. No. 3189, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO WIRELESS ENHANCED 911 SERVICE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 2 (Hemmings, Slom). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2820 (S.B. No. 2835, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2820 be adopted and S.B. No. 2835, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to oppose the measure and said:

"Mr. President, I rise in opposition to this measure.

"This measure would allow the attorney general's office to put fines and penalties into a special fund for future use. I think that this will change the focus of the operation and I don't think that the attorney general's office should be entrepreneurial when they approach their duties, as it will relate to a less than good public policy being pursued.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2820 was adopted and S.B. No. 2835, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF THE ATTORNEY GENERAL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 2 (Slom, Trimble). Excused, 3 (Baker, Taniguchi, Whalen).

Stand. Com. Rep. No. 2823 (S.B. No. 2558, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2823 be adopted and S.B. No. 2558, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"If Hawaii is not competitive in the aftermath of 9/11 in the film industry, then it will never become competitive, because we are, being on US soil, a preferred location for filming. Therefore, it is inappropriate to have a tax credit that we will continually have to renew to continue to support this industry. And for that reason, since it is not a temporary tax credit, I will oppose this measure."

Senator Fukunaga rose to speak in support of the measure and stated:

"Mr. President, I rise to speak in support of this measure.

"A couple of points in rebuttal to the last speaker. Number one, this tax credit is for a five-year period. It proposes to make Hawaii a lot more competitive because in light of the post 9/11 timeframe, many other states have come up with far more competitive tax credits, and you know, time is money. And when we are as far from the US mainland as many other jurisdictions – New Mexico, Louisiana, Oklahoma – we face increasing competition for film production.

"Thirdly, with respect to burgeoning digital media industry, as many among us have pointed out, it's no longer a matter of simply film and motion picture production. It's a matter of games development. Games and video games have surpassed box office receipts as a much more vibrant and exciting industry to get into.

"So, this bill takes the administration's proposal and tries to incorporate the many facets of digital media, which we think will be very beneficial to many of the parts of Hawaii that are most attractive to digital media creation.

"The bill incorporates a number of the concerns that local film and digital media producers have incorporated. And for those reasons, I'd like to urge my colleagues to vote in support of this measure.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2823 was adopted and S.B. No. 2558, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE ENTERTAINMENT INDUSTRY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Trimble). Excused, 3 (Baker, Taniguchi, Whalen).

Stand. Com. Rep. No. 2825 (S.B. No. 2396, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2825 be adopted and S.B. No. 2396, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this measure.

"It is my understanding that contributions to charitable organizations are not subject to the general excise tax. I don't know why that was inserted into this bill. I oppose it.

"Thank you."

Senator Kim rose to speak in support of the measure as follows:

"Mr. President, I rise in support.

"Mr. President, what this bill will do is exempt the general excise tax for certain charitable organizations in a situation where they rent out the convention center and they rent out exhibition space. They do have to pay the general excise tax. What happens is, when they resell that space to their members to pay for the convention costs, then they are supposed to pay another excise tax on that resale. So it's like a double pyramiding type of tax, and that's the portion that we're asking that they be exempt from.

“Currently, and the tax department has admitted this, they have not been collecting for that tax. Recently, one group went in and asked if they owed a tax, and of course if you’re going to ask the Tax Department if you owe a tax, they’re going to say ‘yes.’ And so they had to come up, I think, with like \$40,000 to pay for that tax, and so that is what prompted this bill.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2825 was adopted and S.B. No. 2396, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE GENERAL EXCISE TAX,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Trimble). Excused, 3 (Menor, Taniguchi, Whalen).

Stand. Com. Rep. No. 2826 (S.B. No. 2711, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2826 be adopted and S.B. No. 2711, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“This is the annual ‘take your attorney to work’ bill. It’s a bill that would give the HTA power to hire their own attorneys in addition to the attorney pool that they have with the State Attorney General’s Office. Every year we’ve gone through this. There’s always an example of where there has been a delay in terms of attorney general providing services, so the question to the attorney general was, do they feel that they’re capable of ending these delays and making more judicious decisions and so forth? And the answer was ‘yes.’ And so, instead of going department by department and adding more attorneys, we should put the heat on the attorney general’s office to make sure that they do comply in a timely matter, or in the opposite, we could reduce the attorney general’s staff and then put attorneys in every other department instead.

“Thank you.”

Senator Kim rose to speak in favor of the measure and said:

“Mr. President, I rise to speak in favor.

“It’s interesting, Mr. President, because our attorney general last year came before the Committee and said, yes, they’re going to take care of the problems that we’ve had in the past, that they’re going to work in a new timely basis and it shouldn’t take more than a couple of weeks to get approval from an outside attorney for cases that the HTA had regarding special contracts. Well, low and behold, this year in July, HTA sent a letter to the AG’s office asking them for permission once again to hire these contract attorneys. And they waited almost six months, Mr. President. They did not get approval until December 2nd from the attorney general, even when the attorney general knew this was an issue, even though the Governor vetoed a measure. They still took six months to get this attorney approved when it was suppose to only take three weeks.

“So, it was on this attorney general’s watch, and when he was confronted with the information, he had no excuse for it. He admitted he had no excuse for it. And so, based on that, I think we need to pass something like this again.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2826 was adopted and S.B. No. 2711, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAII TOURISM AUTHORITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2827 (S.B. No. 3043, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2827 be adopted and S.B. No. 3043, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this bill.

“While I certainly think that we should have more patrols to protect our tourist, I would prefer to see that we do put more of our money into existing law enforcement personnel. And I note that the primary area was Waikiki, although not limited to Waikiki. But, in Waikiki, they even have a special tax assessment district where businesses kick in even more money, in addition to the taxes they pay, for more security.

“So, while it’s a good idea to have more security, I think it should come from existing sources and predominately the HPD. Thank you.”

Senator Kim rose and said:

“Mr. President, can I just insert some remarks into the Journal.”

The Chair having so ordered, Senator Kim’s remarks read as follows:

- “Tourism is a vital part of the economy for the State of Hawaii.
- The Aloha Aina Patrol would establish within the county police departments additional security for our tourists.
- The Aloha Aina Patrol would be beneficial to all counties.
- Aloha Aina Patrol would assure our visitors and residents alike, that they are safe and welcomed at our more popular and highly visited parks and beaches.
- The intent is to have the Aloha Aina Patrol Officers in aloha attire, instead of police uniforms, so that the aloha spirit is stressed.
- These patrols would not only provide additional security, but also serve as ambassadors of Aloha.
- The State of Hawaii has an opportunity right now to become even more desirable as a visitors’ destination. With world events, such as they are, Hawaii is now viewed as a safe vacation destination for those that had previously considered international travel. The creation of the Aloha Aina Patrol would provide additional hospitality and safety for Hawaii’s visitors.
- The importance of this service to Hawaii’s tourist should not be understated.
- The project will provide great benefits to Hawaii’s.
- The presence of the Aloha Aina Patrol members along with the marketing result of visitors interacting with this patrol will provide a great asset for our State’s visitor industry.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2827 was adopted and S.B. No. 3043, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO AN ALOHA AINA PATROL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2828 (S.B. No. 3116, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2828 be adopted and S.B. No. 3116, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Hemmings rose to speak against the measure as follows:

"Mr. President, I rise to speak against S.B. No. 3116.

"Mr. President, this bill is very well intended and we certainly want to keep our environment clean, but the cruise ship industry has a memorandum of agreement that seems to be working very well with the State of Hawaii. There has been no evidence of the cruise ships having any pollution dumped in our waters, so there's no definitive need.

"I might add that we have a much more serious problem, and there seems to be a double standard, in that the City and County of Honolulu, in the last several weeks due to rain, has been responsible for some very, very serious pollution problems with untreated sewage going into the environment far in excess of what cruise ships could do in a thousand years. Therefore, this bill should really be directed at the City and County of Honolulu and governments who are polluting the environment quite extensively.

"Also, just for the record, because there were some questions regarding it, my friends in Washington, the Environmental Protection Agency, do have the right and do have the mandate to severely fine the county government for their failure to protect the public interest. So, this bill is very well intended, but it's directed at the wrong organization. Therefore, I will be voting 'no.'"

Senator Kawamoto rose to speak in support of the measure with reservations and said:

"Mr. President, I rise in support with reservations.

"Mr. President, I want to be part of this valuable membership of this Conference Committee, so I'm W/R. Again, the protection of our commercial harbors is in the TMG's purview, and therefore I rise with reservations on this bill.

"Thank you."

Senator English rose to speak in support of the measure as follows:

"Mr. President, I rise in support.

"You know, we've heard all sorts of discussion about this, but the fact of the matter remains that we're dealing with one industry and one issue here, which is the cruise ship regime in Hawaii, which we do not have. We have the Sham Law, which is a memorandum of understanding which many people in the public don't feel provides enough protections for our environment.

"You know, the bill is pretty balanced because we harmonized it with most of the federal laws that apply to it, and we've had long discussions with the EPA regarding this and they've actually asked for advice on how to redraft some federal laws that they're working on. So, it's working both ways and I think it's been very productive.

"Different opponents of this bill have brought up issues along the way, one of which, of course, has been, well, we're dealing with the city and county; we're dealing with other ships, other vessels. And you know what? All of that make a lot of sense. I encourage these people to draft the bills for it and introduce them as part of the legislative package either next year or along the way here, because they're correct. The City and County of Honolulu exists on certain exemptions that allow them to dump a low grade of sewage into the oceans. And the good Senator from Kaneohe has every right to introduce that bill and to draft it, but to date, he has not. So, stop whining about this and introduce the bill to deal with that. That is the way to deal with it.

"The second point, is the issue of other ships, and this is the straw man argument that has been presented throughout – that well, why go after the cruise ships, we have other ships that pollute. Yes, indeed we do. We do have other ships that pollute. But if you look at the numbers, and this is from LRB that did a study for us earlier this summer, a good 80 percent of the pollution that comes out into the oceans here comes from the large cruise ships, just from the sheer size. So, while I agree with the opponents of this particular measure – that there are other ships polluting and that we should go after them as well – we can do so in another measure at another time, but right now it's going after the larger polluters.

"I always believe that an ounce of prevention is much better than a pound of cure. So, others have said that we have to, well, they haven't polluted yet, so why put anything in place? I think that's very uninformed and myopic in view. Because if we take that point of view, we end up with a major problem at some point in time, and people say why didn't you guys do anything to take care of this. Where was the foresight? Where was the vision? Where was the ability and the wherewithal to put something in place?

"So, I ask my colleagues to support this measure. It's quite balanced. It allows the State Department of Health to implement and to monitor many federal laws. That's how the EPA advised us to draft the bill, and that's how it is drafted.

"I also have to point out that we created an incentive program which the EPA liked very much as well. And this incentive program simply says that if you exceed the federal standards, we will reward you by lowering some of the fees that you would have to pay to dock in our facilities. So, we're encouraging higher and cleaner technologies than is required by federal law, and it's purely voluntary for the industry.

"All in all, it's a good bill. I ask for the member's support on this. Thank you."

Senator Espero rose to speak on the measure with reservations and said:

"Mr. President, please note my vote with reservations.

"My major concern is the criminal penalties, which include \$25,000 to \$50,000 per day, as well as prison terms of possibly three years and six years.

"Thank you, Mr. President."

Senator Hogue rose to speak with reservations and stated:

“Mr. President, please note my reservations as well.

“I think, as was noted by some of the testimony in the cruise ship industry, that this bill is well intended. And really, honestly, Senator from Hana, not whining, but you should come out and look at Kailua Bay right now. It’s brown. It just absolutely looks horrible. We’re going to take you up on your offer, and we’re going to see if we can find a title, and we’re going to come through with some sort of an amendment so it will take care of the problems that we have in Kailua Bay, which are a lot worse than what is going on right now with regards to the cruise ships.

“As people have noted to me, this is the worst that they have ever, ever seen. So, I would hope that all the environmental groups and people in the community would get themselves very active. We’ll take you up on your offer; we’ll move something along forward, and we look forward in working with you.

“Thank you.”

Senator Hemmings rose to speak in rebuttal and stated:

“Mr. President, I rise to rebut.

“First of all, I’m not uninformed. I did talk to the EPA in Washington DC, and they’re very alarmed at the sewage spills here in Hawaii, massive sewage spills by the City and County of Honolulu. There are good reasons for it, which I’m very informed on. The City and County of Honolulu, for instance, has spent \$300 million, or thereabouts, in the last five years on vision teams. You might see \$600,000 signs in Nuuanu, while the sewer system is over \$1 billion in disrepair.

“Mr. President, for the record, I’m not myopic. I had laser care autonomy. I can see far into the future, and very well.

“Thirdly, Mr. President, I’ve never been a whiner, and I’ve gotten my lickins sometimes, but I’m willing to stand up and fight for balanced legislation. I think, as I said earlier, that this intent is good, but we really should address the issues which some of the previous speakers brought up. A \$25,000 fine for a company that could dump a small amount of untreated waste in an accident into the ocean pales in comparison to the hundreds of thousands of gallons dumped recently by the City and County of Honolulu.

“I think the good Senator from Kaneohe, my astute colleague who’s also informed and not myopic, has a very good proposal if we amend the appropriate bill to deal with that, and I’m looking forward to working with the good Senator from Hana to take care of this very serious problem in our environment.

“Thank you, Mr. President.”

Senator Hooser rose in support of the measure and said:

“Mr. President, I rise in support.

“This issue is very important to constituents in my community, Mr. President. In my opinion, it’s long overdue. I encourage my colleagues to support the measure and would like to ask that the comments of the senator from Hana be incorporated into the record as if they were my own.”

The Chair so ordered.

Senator Baker rose to speak in support of the measure and stated:

“Mr. President, I rise in support of this measure.

“Mr. President, although much of what we do is not perfect, and neither is this bill, it’s certainly a step in the right direction. I believe that it is a proactive measure. I don’t think any of us want to allow the waters around our islands to get to the point that they would be described as Kaneohe Bay was described from my colleague across the way. This is exactly why we need something like this in place that has some teeth, so that it’s not just an MOU and not just a handshake. I think there need to be some real consequences.

“Thank you, Mr. President.”

Senator English rose to speak in rebuttal and said:

“Mr. President, point in rebuttal.

“I’d like it to be understood that what has happened around this bill has actually been very good, the discussions, because it allowed the Senator from Kaneohe to bring up consistently and constantly his particular issue, which is one that I’m very concerned about because you know we have Kahului Harbor, we have all sorts of other places where sewage is a problem. But, the point that I’m trying to make is that the good Senator should take the initiative, and I’m glad that he will, to put something together, because this has been an ongoing problem. I’ve heard it in Ways and Means, and I’ve heard it on this Floor for a number of years about this particular issue in Kaneohe, and yet the Senator from that district has not drafted anything, not introduced a bill, not put forward the legislation to deal with it.

“So, at this point we have to look for something for them to hitchhike it on. But really, the responsibility lies with that Senator to draft a bill to deal with an issue in his district, which has been long standing. And I really commend him for now taking it up, and you know I’ll help him try and find something to deal with it. But, the cruise ship bill is dealing with cruise ships.

“I have to bring up something else that some others didn’t bring up here but is another major polluter of our waters – and that’s the near-shore vessels – things like I guess what’s commonly called the ‘booze cruises,’ the near-shore tours that go in and out, especially on Maui. And the issue is really one of government. We never provided the pump-out stations at the small boat harbors and at the harbors for them to come in, dock, pump out the sewage. So what did they do? They have to dump it in the waters. The near-shore pollution, at least in Maui County, comes from these people. And you know, they’re aware of it. They’re not sure what to do because we have not put in the pump-out stations.

“So, we have bills moving, and we’ve asked for your support on that as well, to put in these pump-out stations in Maui so that we can help cleanup the near-shore waters as well.

“I’m really, really pleased to see the concern that has come out from other Senators about pollution in general and pollution in our waters, because, Mr. President, if we don’t protect our oceans and our waters, there’s a whole ecosystem that collapses and a whole life system that collapses.

“The people that are in my district, for the most part rural communities, depend on fishing and depend on the livestock out of the ocean, depend on the clean waters so that we have clean food and we have an abundant supply of food. In my home villages of Hamoa and Hana the people still do hukilau and we still do community fishing, where the whole community, if

there's a school of fish out there, we're all going to get together and go out and catch that fish. And then we mahele the fish and it gets delivered to all the old people that can't come down to help take out the fish. It gets distributed amongst the whole town. But, if the fishing stocks disappear because of pollution in the water, that lifestyle will disappear as well.

"So, I want to thank all of those Senators that have raised issues around it and I put out this challenge to them – draft the measures that will take care of those issues. Put them forward, if not in this Session, because now we have to look for bills to hitchhike them on to, in the next Session, and let's deal with a comprehensive package for clean waters in Hawaii.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2828 was adopted and S.B. No. 3116, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CRUISE SHIPS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hemmings, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2829 (S.B. No. 2063, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2829 be adopted and S.B. No. 2063, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to oppose the measure and said:

"Mr. President, I rise in opposition to this measure.

"If students intentionally destroy school property, equipment, and books, there is already a process – they shouldn't be in school. The wording in this bill, the change in the wording of this bill, is too broad. It also does not apply to other Department of Education employees.

"Our textbooks are old – a student picks them up; the book may fall apart. Is he going to be asked to pay for that book? I think that what is going to happen if we pass this bill and it's actually used, is that we are going to encourage children to point fingers at other children and we'll create an environment that would not constitute an appropriate learning environment.

"Thank you, Mr. President, I'll be voting against this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2829 was adopted and S.B. No. 2063, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2830 (S.B. No. 2066, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2830 be adopted and S.B. No. 2066, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition to the measure and stated:

Mr. President, I rise in opposition to the bill.

"The title says it all. It is creating the Hawaii Medical Education Special Fund. I'll be voting 'no.'

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2830 was adopted and S.B. No. 2066, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII MEDICAL EDUCATION SPECIAL FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 20. Noes, 3 (Hemmings, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2833 (S.B. No. 2428, S.D. 2):

On motion by Senator Kokubun, seconded by Senator Aduja and carried, Stand. Com. Rep. No. 2833 was adopted and S.B. No. 2428, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

On motion by Senator Kokubun, seconded by Senator Aduja and carried, Stand. Com. Rep. No. 2834 was adopted and S.B. No. 2789, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TEACHER SALARIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2836 (S.B. No. 3020):

Senator Kokubun moved that Stand. Com. Rep. No. 2836 be adopted and S.B. No. 3020, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak against the measure and said:

"Mr. President, I'll be voting against this issue because we have yet another bill that is not in the Department of Education's budget.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2836 was adopted and S.B. No. 3020, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2838 (S.B. No. 2097, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2838 be adopted and S.B. No. 2097, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak in opposition to the measure and stated:

Mr. President, I rise in opposition to this measure.

"This bill apparently seems to be assuming a conclusion. There is no need for this Legislature to fix rates or fees at this moment. We can always have that policy, and if we find that the Department of Land and Natural Resources somehow seeks to do in our constituents, we can go back and fix it. But, I don't think that we should be tying their hands and fixing rates at this particular time.

"Thank you."

Senator Ihara requested his vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2838 was adopted and S.B. No. 2097, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO BOATING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2839 (S.B. No. 2125, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2839 be adopted and S.B. No. 2125, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to the bill.

"The bill increases the conveyance tax again. We just increased the conveyance tax a couple of years ago. And as I pointed out in Committee, it affects local residents who are buying houses and transferring fees. We note that the median price of a house on Oahu now is \$410,000. It's gone up a lot more. But in addition, a lot of my colleagues were not aware that when you record any kind of conveyance, including a rental agreement, a lease, whether it be a residential or commercial, you're also paying this additional fee.

"Thank you."

Senator Hooser rose in support of the measure and said:

"Mr. President, I rise support.

"I just want to point out for the record that this bill does not raise conveyance taxes for homes purchased in the price range of less than \$500,000. So, anyone concerned about local residents' taxes going up, again, the vast, vast, vast majority of local residents cannot afford homes, period, let alone homes in excess of \$500,000. So, this does not affect the vast majority of people here. It affects primarily those in the higher income ranges.

"In my community, Mr. President, those homes are taking up valuable land that would otherwise be used for local residents. There's a project we have now that's building over 1,500 homes on land that was priorly designated for residential use. These will be residences, but the starting prices are around \$1 million. They will be used primarily for vacation rentals. This bill provides a small measure of support that some of the money generated from these will go into the housing rental trust fund and be used for environmental protection purposes, and therefore I stand in support.

"Thank you."

Senator Tsutsui rose to speak in support of the measure and stated:

"Mr. President, I also rise in support.

"I would like to state for the record that a couple of weeks ago when the Mayor had his state of the county address on Maui, it was noted that 98 percent of all real estate purchases over \$600,000 were made by nonresidents. I think, again, that this measure isn't intended to affect the residents of our state.

"Thank you."

Senator Hogue rose to oppose the measure and said:

"Mr. President, I rise in opposition.

"I just wanted to point out that although I live in a middle-income or have lived in a middle-income neighborhood in Enchanted Lake in Kailua, that the home prices are selling for now in excess of \$600,000. These are local residents buying homes to live here, okay. We've now affected them.

"So the intent of this, which I'm not for anyway, is to try to get these nonresidents, but there's all this talk about middle class. Well, I live in a middle-class neighbor and the prices are that high. So you've just included us.

"Thank you."

Senator Ige rose and said:

"Mr. President, I just would like to note my reservations. Thank you."

Senator Aduja requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2839 was adopted and S.B. No. 2125, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CONVEYANCE TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2840 (S.B. No. 2516, S.D. 2):

On motion by Senator Kokubun, seconded by Senator Aduja and carried, Stand. Com. Rep. No. 2840 was adopted and S.B. No. 2516, S.D. 2, entitled: "A BILL FOR AN ACT AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS AND MAKING AN APPROPRIATION FOR THE EXPANSION OF THE KAHUKU AGRICULTURAL PARK," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2843 (S.B. No. 2573, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2843 be adopted and S.B. No. 2573, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to oppose the measure and said:

“Mr. President, I rise in opposition to this measure.

“We have again another tax credit. All of these tax credits are for worthy causes. But perhaps if we had fewer tax credits, we’d be able to raise the standard deduction and the personal exemption for all taxpayers in Hawaii, which would benefit most of those at the lowest income streams. And again, for that reason, I have to oppose this tax credit.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2843 was adopted and S.B. No. 2573, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CAREGIVER TAX CREDIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Trimble). Excused, 3 (Ige, Taniguchi, Whalen).

Stand. Com. Rep. No. 2844 (S.B. No. 2654, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2844 be adopted and S.B. No. 2654, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition to the measure and stated:

“Mr. President, I rise in opposition to the bill.

“Well, I’m going to do the politically incorrect thing. I’m going to vote against this bill and the next bill as well, not because I’m not concerned about immigrants, not concerned about their health, or their pregnancy, but I’m getting a little weary. We’re talking about the health concerns of our residents and then we here from various immigrant groups that they came in here seeking employment opportunities, which is fine, and healthcare. If we’re not going to prioritize where that healthcare is going to go and we’re going to continue to bloat our health care costs, we’re going to have continuing problems along this way.

“But in addition to that, we’re putting up a sign saying ‘come here get your free healthcare’ whether you be in a union environment or you be in an immigrant environment. The poor people that live here that have to pay and subsidize everyone else, I think, are getting an unfair burden.

“So, it’s not to single out any group, but it is to say that this kind of legislation, in fact, does just that – it singles out groups for special care. So I’m going to be voting ‘no.’

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2844 was adopted and S.B. No. 2654, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HEALTH CARE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 2936, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MEDICAL ASSISTANCE FOR PREGNANT LEGAL IMMIGRANTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Slom). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2846 (S.B. No. 607, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2846 be adopted and S.B. No. 607, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak in opposition as follows:

“Mr. President, I rise in opposition to this measure.

“There are no limits to our imagination of how we can create new and different tax credits, but it represents a new and different tax credit, and it is going to be paid for by everybody else in Hawaii in the form of higher taxes than they would have in its absence.

“Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2846 was adopted and S.B. No. 607, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO QUALIFIED IMPROVEMENT TAX CREDIT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2848 (S.B. No. 2641, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2848 be adopted and S.B. No. 2641, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Kawamoto rose to oppose the measure and said:

“Mr. President, I rise in opposition to this bill.

“I don’t know how to get the attention of this Body, but, Mr. President, maybe I can cite my wife. She belongs to a group of ladies that meet twice a week and they make quilts, baby quilts – 30-plus quilts a month. This has been going on for four years. You times 30, times 12, times 4 . . . that’s a lot of quilts. And the demand is still greater. All these quilts go to drug babies, babies that come from drug parents and this is enormous.

“Again, the accessibility of drugs may be legal or illegal. Medical marijuana is legal in this state. But, marijuana is illegal federally. The departments, you know, the Department of Health opposed this bill. Public Safety opposed the bill. Public Safety operates 24/7 and has the knowledge of controlling this illegal drug. The Department of Health doesn’t have the personnel or maybe the equipment or the surveillance capability to control this illegal marijuana.

“We talk about transportation, about duplication of government, parks duplication of government. And my

colleagues on the other side of the aisle always say we need to stop duplication. We don't need to grow government. For once, I believe they're right, because that's what is going to happen. The Department of Health is going to come in and say we need personnel, we need expertise, like they do at public safety, which does this work of the surveillance of illegal drugs. They're the same people, Mr. President. And yet we say, we can do this.

"One of the testifiers at our hearing said the State of Oregon, I think it was the State of Oregon, I may be mistaken, but one of those states out there have 150 requests per day – 150 requests per day. I remember, like my good colleague and classmate told me, that it wasn't in 1998 but in the year 2000 when we passed this medical marijuana. I remember sitting right there, and I remember the other Senator sitting down there, a proponent of medical marijuana. The concern was to provide this medical marijuana for the very sick – those in hospice – maybe 200 to 300 patients.

"Mr. President, today we already have 1,000 certificates out there – 1,000 users of this thing. Who's to say that we're going to have the expertise in the Department of Health to control this substance to what is rightfully so to control and have compassion for the very sick? That's the reason why we passed that bill.

"Mr. President, two weeks ago, I went to Honowai Elementary School for 'Drug-Free Day.' I wore red – red tie, red ribbon – and support drug free. In my speech, I spoke on behalf of the Waipahu Legislators. I said, we are going to do our best to again curtail the drug activity in our communities. We marched around the block telling people that we are going to do this. And yet, we provide the capability or the management of medical marijuana, which is still an illegal drug, to a department that don't want it.

"I'm concerned. I'm concerned, again, about the accessibility of these things. I'm concerned about the kids running around the house and with this guy in so much pain that he needs to have this medical marijuana to reduce that pain. Who's going to tell those kids that you cannot run around the house, you've got to go outside the house now because we're smoking marijuana?

"It's not a coincidence that the County of Hawaii has over 50 percent of these certificates and they have only 15 percent of the state's population. It's not a coincidence that last year we had to give federal dollars in the millions to help them with the ice program in Hawaii County. It's not a coincidence that Mr. Ed Kubo indicated to us throughout all the hearings on ice and has said the leading drug to ice is marijuana.

"Mr. President, this is a bad bill. This is a bad bill. If you want to control illegal drugs in the State of Hawaii, we start with this bill.

"Thank you."

Senator Slom rose to speak in support of the measure and stated:

"Mr. President, I rise in support of the bill.

"I have a great deal of respect for my colleague, my classmate, and his steady focus and consistency on this bill. And I do recall, Mr. President, that when we had the original debate on this bill, it lasted nearly four hours, and the final vote was a vote of 13 to 12. We didn't have any problem like that today. There were no bills that anybody felt that were that

compelling that we had to have even a close vote on any of them. So I remember those days quite a bit.

"But I think we're losing track of the focus, because I, too, support all of the anti-drug bills. I support more enforcement. We're not talking about recreational drug use. We're not talking about legalizing drugs here. We're not talking about loosing drugs on the school campus or anything else. What we have talked about from the outset was pain management and an alternative for those people that needed something that they couldn't get with other drugs, legal or illegal. And that's what the debate was about then; that's what the debate is about now.

"In terms of controls, of course the use and the certificates are already controlled. So that really is not an issue. If, however, there are abuses – if people on the Big Island are in more pain than elsewhere – then maybe we can take a look at that. But let's make sure what we're talking about here. We are talking about pain management. We are not talking about recreational drugs.

"Now, just across the way, Mr. President, that other Chamber, they're talking right now about how to put people to death, how they can help them along on that final ride there in a very inexpensive way. They're not talking about pain management. They're saying, if somebody wants to die, let's get a physician and help them do that. We're not doing that in this Body, yet, though the Session is not over.

"It's interesting that that 13 to 12 vote has seemed to meld away, because I think most colleagues believe that there is a problem here, that medical marijuana has been beneficial to a number of people, and that while there may be abuses, the idea is to fix the abuses and not to throw out this part of the law. And who better to administer the law than the Department of Health?

"Certainly, my colleague is correct, that their objections to this bill were based on staffing requirements and monetary resources. Don't we hear that all the time, Mr. President? We even hear it from the HPD. They don't want to take speeding cars because they say they have no place to put them. It's not that they are against getting speeding cars off the road. It's not that the Department of Health is against taking care of these certificates and this enforcement.

"And with all of the discussion that's been going on for the last couple of months here about drug use of any kind being a medical rather than a law enforcement problem, I would think that all of my colleagues would welcome this transfer.

"And so, while I continue to say I don't seek the position of poster boy for drugs of any kind, of any use, I believe that this is the right thing to do, and that's why I support this bill today and urge my colleagues to do likewise.

"Thank you."

Senator Sakamoto rose to support the measure with reservations as follows:

"Mr. President, I rise in support with reservations.

"I heard good comments by both previous speakers, although there is a concern of are we getting too lax in terms of the drug control side? Certainly, there is compassion for the real serious who really need this, but it's a matter that we should be very concerned about."

Senator Baker rose in support of the measure and said:

Mr. President, I rise in support of this measure.

“Mr. President, I just want to associate myself with the supportive remarks of my colleague from across the way, the good Senator from Hawaii Kai. I almost never thought I would have that opportunity, and I’m so pleased that I do.

“I have some remarks in support of this measure that I’d like inserted into the Journal, specifically, the testimony that was presented to us by the Drug Policy Action Group.

“I would just note for my colleagues that of the seven states that have medical marijuana like Hawaii does, six of them are in the Department of Health and one, Nevada, is in the Department of Agriculture.

“So, I think this is an important bill because the Legislature in 2000 had significant foresight in looking at ways to manage pain and relieve suffering of individuals. But, yes, I think the administrative body to house this program really ought to be the Department of Health and not PSD.

“Thank you.”

The Chair having so ordered, Senator Baker’s insert of the testimony presented by the Drug Policy Action Group reads as follows:

“TO: SENATE COMMITTEES ON HEALTH & JUDICIARY & HAWAIIAN AFFAIRS

FROM: PAMELA LICHTY, PRESIDENT

RE: SB 2641 RELATING TO CONTROLLED SUBSTANCES – IN SUPPORT

DATE: FEBRUARY 12, 2004

The Drug Policy Action Group strongly supports this bill which would move the state’s medical marijuana program from the Department of Public Safety to the Department of Health and make several other changes to the law.

As one of the chief proponents of the program, and as publishers of a booklet on the law, we receive many comments and inquiries from patients, prospective patients, physicians and care-givers. The Drug Policy Forum has attempted to represent patient concerns since the Act was passed and signed into law in 2000. The changes proposed in this measure were developed in response to the comments we have heard from these various parties over the program’s existence of the last 3 years.

The consensus among these parties is that it is extremely intimidating to have the program housed in the Narcotics Enforcement Division (NED) of the Department of Public Safety. Terri Hurst, an MSW candidate at the University of Hawai’i, is conducting research as a DPFH intern this year in which she is interviewing a sample of physicians and medical marijuana patients. Among other things, she is seeking their input into how the program is working, its effect on the patients’ quality of life, etc. Virtually everyone she speaks with has a strong preference that the program be moved to DOH.

We strongly believe that placement of the medical marijuana program in a law enforcement agency is antithetical to the legislative intent of the measure when it was enacted in 2000. The program was conceived out of compassion for seriously ill people and its placement in NED, a politically necessary compromise at the time, was in retrospect a mistake. Of the seven other states that allow the use of medical marijuana, patient registration, if required, is done through the Department

of Health (with the exception of Nevada where the program registry is with the Department of Agriculture.) There is no other state where the registry is with a law enforcement agency. We contend that the use of medical marijuana is properly regarded as a health issue, not simply as an exception to our state laws on controlled substances.

The other changes proposed in this measure were likewise developed in response to the comments of both patients and physicians. These include expanding the number of patients that a caregiver can take care of from one to three. In many instances several certified patients live in an apartment complex or close to each other, but do not have the space or the capacity to cultivate their own supply of medicinal marijuana. And knowledgeable and willing caregivers, for these seriously ill patients are not always available. There is also a security rationale for permitting this 1:3 ratio. We all want to keep the supply of marijuana grown for medical use, away from our youth, and prevent it from being diverted onto the black market. If there are four people involved in keeping tabs on a specific supply, then one of them is more likely to be available to keep an eye on the crop so that it is not stolen or otherwise diverted.

The original legislation had a provision that the Department of Health could develop a process whereby new conditions could be added to the list of qualifying conditions, as new research warranted - pursuant to a petition by a patient or physician. This has not taken place. There is new language in this measure which sets up a procedure for doing so. It is modeled on similar provisions in Washington and Oregon.

In section 3 of the bill the distinction between ‘mature’ and ‘immature’ plants is eliminated. This is a confusing requirement which puts law enforcement officers in the business of acting as botanists to make this assessment. There have been very few problems arising regarding law enforcement and patients who are certified under this program. But in one high profile case, which is now being litigated, this mature/immature distinction was the bone of contention. The overall limits specifying how much marijuana a patient may have on hand have not been amended.

The program’s current forms, in our view, contain unnecessarily threatening language that discourages all but the most determined applicants. We believe that by making the program less intimidating and more user friendly (for example by posting application forms and information on the departmental website as the Department of Health in Oregon does) the state could increase access for seriously ill patients who may be reluctant to register with NED. NED does not maintain a website on the program nor have any interface with patient applicants except for an intimidating written form which emphasizes the risks to the patient or caregiver.

Broadening outreach in this manner could prove especially useful in reaching medically underserved populations or groups like Native Hawaiians who might have reservations about dealing with a law enforcement agency, and yet may be inclined to try an herbal medication more akin to traditional healing therapies. The Department of Health would be better suited to make such changes than the Department of Public Safety.

In addition NED prevents patients from personally obtaining applications for certification whereas other states (e.g. Oregon and Colorado) accept forms from patients themselves (the legitimacy of the physicians’ recommendations are then checked by the Department of Health.)

We have also been made aware that the current program’s requirement that the physician specify which of the qualifying conditions the patient has, may be in conflict with our state’s

privacy laws surrounding HIV/AIDS status and the disclosure of those conditions. Therefore Section 6 of this measure amends this provision to ensure the confidentiality of the diagnosis.

In closing, we want to acknowledge the Legislature's compassion and foresightfulness in passing the enabling legislation for the medical marijuana program in 2000. The more than one thousand patients who are certified under the program express their thanks every day.

We hope the Committees will see fit to amend this historic law now that some time has passed and we can see what is working and what is not. We urge you to pass this measure today as the first step towards improving this historic public health measure.

Thank you for the opportunity to testify."

At 5:14 o'clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 5:15 o'clock p.m.

Senator Inouye requested her vote be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2848 was adopted and S.B. No. 2641, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Kawamoto). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2849 (S.B. No. 2690, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2849 be adopted and S.B. No. 2690, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition as follows:

"Mr. President, I rise in opposition to the bill.

"I certainly support the emergency medical services part of this bill, and since we've had several other bills, maybe it is time that we really take a look at the relationship between the state and the counties in this area.

"The first thing is, we want to make sure that people are covered and that the ambulance services and medical services are provided. However, this bill increases the motor vehicle registration fee, again, at the state level by \$10 and also creates a special fund, and therefore, I can't support it on those bases. But as I said, I'd be very happy to work with any of those people that want to iron out the differences and the problems between state and county distribution of medical services.

"Thank you."

Senators Kim and Ige requested their votes be cast "aye, with reservations," and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2849 was adopted and S.B. No. 2690, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY MEDICAL SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 4 (Hemmings, Hogue, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2850 (S.B. No. 3024, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2850 be adopted and S.B. No. 3024, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak in opposition to the measure and stated:

"Mr. President, I rise in opposition to this measure.

"There is no free lunch – risk is being assumed by someone. It's either being assumed now, or it's being assumed later.

"This bill would create a tax credit for some future time. I agree that we need, as a society, to generate money for venture capital. Instead of playing a shell game with risk, why don't we take the direct approach? The Employee Retirement System supposedly is already investing some percent of their money, I think it is 8 percent, in funds of which are invested in venture capital firms. However, none of those fund managers make venture capital loans to companies in Hawaii.

"I think the direct approach is to put pressure on the Employee Retirement System to have confidence in the future of our state and to suggest to their fund managers that they look for investment opportunities in Hawaii, and if those fund managers are incapable of doing it, that they find fund managers who are.

"Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2850 was adopted and S.B. No. 3024, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAPITAL FORMATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Trimble). Excused, 2 (Taniguchi, Whalen).

Stand. Com. Rep. No. 2851 (S.B. No. 214, S.D. 3):

Senator Kokubun moved that Stand. Com. Rep. No. 2851 be adopted and S.B. No. 214, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in support of the measure with reservations and said:

"Mr. President, I rise in support of the measure with reservations.

"I'm all for programs of education and certainly programs of workforce development. This is a specific program directed to Leeward Community College to help assimilate members of the Freely Associated States, namely the Marshallese, Palauan, and Micronesian communities at large.

"We heard testimony that they, in fact, are very special and very unique and different from other immigrant communities. I think that's part of the problem, and that's what I was trying to get at in one of the earlier bills – and that is, we're dividing people up in these different categories rather than putting them together and trying to work on education and workforce development that's going to help everybody.

"I guess I'm from the old school, but I think that all the immigrants that have come before us have had the same kinds of problems of assimilation and somehow they've done it. What we're doing now is, as I say, we're separating them out and giving specific appropriations.

"In addition to this, I do fully feel that it is the federal government's requirement because of the compact that they made with these areas to help. So, in terms of appropriated amounts from the state, there should be very little, if any at all, and we should redouble our efforts to get federal assistance in this matter.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2851 was adopted and S.B. No. 214, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO WORKFORCE DEVELOPMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, none. Excused, 3 (Ige, Taniguchi, Whalen).

Stand. Com. Rep. No. 2852 (S.B. No. 2002, S.D. 1):

Senator Kokubun moved that Stand. Com. Rep. No. 2852 be adopted and S.B. No. 2002, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Trimble rose to speak in opposition as follows:

"Mr. President, I rise in opposition to this measure.

"Since this is the last one we have this month on retirement, I wanted to reflect for a moment my experience as a public employee. I remember that my colleagues used to spend enormous amounts of time planning what their lunch for the day was going to be. I also knew of many other of my colleagues that were counting the number of days until they retired. What I did not expect and I didn't anticipate is the number of state employees that are continually seeking to readjust their employment, the employment criteria, and their employment benefits to their selective benefit.

"It is my preference, looking forward to next year, that we direct the Employee Retirement System to come up with a plan that has as many options as government employees might want to use and make them conveyable so that any time an employee wanted to have a different retirement plan, he could do so without going to his legislator.

"I think enormous amounts of time are being spent. The employees of the Employee Retirement System are being misused by constantly having to figure out the cost of new and different systems. I also note that in this particular case, we combined about two or three different groups together into one bill. While I might have supported one, I didn't support the other.

"I will be voting against this measure. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2852 was adopted and S.B. No. 2002, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 1 (Trimble). Excused, 3 (Ige, Taniguchi, Whalen).

Stand. Com. Rep. No. 2859 (S.B. No. 3228, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2859 be adopted and S.B. No. 3228, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Ihara rose to support the measure with reservations as follows:

"Mr. President, I rise in support of this bill with reservations.

"Mr. President, my concern is a lack of a definition for natural disaster emergency. There is still no dollar amount of the damages mentioned or any other criteria in the bill. Without a definition, I'm concerned that the emergency and budget reserve fund may be unnecessarily depleted. For example, if there are five disasters this year of the natural type, the bill could reduce the rainy day fund by about 50 percent. I also note that for each natural disaster, 10 percent of whatever monies that are in the fund at that moment may be removed and expended by the Governor. And this does not include any amounts of legislative appropriations that the Governor has not yet released.

"I hope, Mr. President, that these concerns are addressed in Conference Committee should this bill hopefully get there.

"Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2859 was adopted and S.B. No. 3228, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY RELIEF FOR NATURAL DISASTERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19. Noes, 3 (Hogue, Slom, Trimble). Excused, 3 (Ige, Taniguchi, Whalen).

Stand. Com. Rep. No. 2860 (S.B. No. 3193, S.D. 2):

Senator Kokubun moved that Stand. Com. Rep. No. 2860 be adopted and S.B. No. 3193, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Aduja.

Senator Slom rose to speak in opposition to the measure as follows:

"Mr. President, I rise in opposition to this bill.

"This bill is not relating to consumers. This bill is relating to price fixing and anti-competitive market. This is the so-called gas cap bill which was passed a couple of years ago, but the proponents did not have the courage to put the bill into effect at that time, because had they done so, we would have seen that our cost of gasoline in Hawaii would have risen above the West Coast index that was used in the original bill.

"Now we come back with a tinkered version of this measure, and we're going to use a different kind of index, but the object is the same - we're going to be the state that controls prices. We're going to be the state that tells the refiners and the wholesalers what to do. A new wrinkle on the current version of the bill is, however, there are no price controls on the retailers. So one might think or one might ask the question, how is that going to keep prices down?

"The larger question is, what it does for our image as a business or investment place. And the fact is that it still is going to have a great deal of pain for the neighbor island independent dealers. Maybe that's why they need more medical

marijuana over there, I'm not sure. In any event, what this does is to guarantee that our prices will always remain high, if not the highest, because right now, Mr. President, as most of my colleagues know, we've slipped to number two, behind California. And if we go ahead with this insane legislation, we will be able to recapture the number one spot, not because of market forces, but because of what has happened in this Legislative Body.

"Are gasoline prices high? You bet! Are they really high and cause us a great deal of problems? You bet! Have they been high for a long time? Yes, they have. But as my good colleague from Kailua likes to point out, so have Wheaties. And today we discussed housing prices, and we discussed health prices. So actually, if we're really going to help the consumers, I guess what we have to do is try to price fix all of these commodities, because if you look at the differences that have occurred over the last 10 years on a percent basis, gasoline falls way behind some of these other commodities. And they're still falling behind.

"Let's wake up. Let's look at what's happening across the nation. The prices are going up 40, 50, 60 cents per gallon in a very short period of time. That's why California was able to go ahead of us. And the reason they are is because of the problems with the lack of refinery capability, taxes, regulations, and environmental handicaps that have been placed on this industry for years.

"In addition to all that, this Body, the Majority Party of this Body, had helped select a consultant and a study to be done a couple of years ago. It was your decision, not ours. And the decision was for Stillwater and Associates to do a study. The study came back and, oh gee, it didn't have the kinds of recommendations that the supporters thought that they would get and what they wanted, so they threw out the study. It's only another couple hundred thousand dollars that we've wasted here.

"If you think that this is going to help the consumers, if you think this is going to help the small independent businesses, if you think this is going to lower the cost of gasoline on a permanent basis, you are incorrect.

"The other argument that had been given, for years now, was that one of the refiners is making so much money – obscene profits, I think, have been used many, many times – that we've got to stop that from happening. If in fact that were true – and it is not – but if in fact that were true, we would find people rushing, rushing to fill the needs in this marketplace. But we don't. We don't see it because that's another part of the problem – and that is our geographical location, our small population, our separation between counties and so forth.

"So, all in all, this is a bad bill. It was bad when it was drafted. It's bad now, and it's fooling the public if we say that we're going to help them and lower their prices. You want to lower prices, drive over to Costco. It's \$1.84 a gallon right now. Or right up the street on Dillingham, Tony's, the independent service station, it's \$1.89 a gallon. Or if you really want to help the consumers, then drop the fuel tax, which at 56 cents combined is the highest fuel tax in the nation.

"This is a bad bill and has nothing to do with helping consumers! Thank you, Mr. President."

Senator Hemmings rose to speak against the measure and said:

"Mr. President, I rise to speak against this legislation.

"In addressing this legislation, Mr. President and colleagues, I'd like to say, first and foremost, that the good news about this bill is it indeed validates what we said previously about the alleged gas cap legislation. This is a tremendous retreat from the original bill that was passed, but it is incredibly – and I can't use this word so I'll use another one . . . I can't use the word disingenuous (laughter) – vexatious in that:

1. It doesn't cap consumer prices. It caps wholesale prices. So this bill is indeed a lie.
2. The good Senator from Hawaii Kai enunciated what we have said all along – that most costs here in Hawaii are extensively high.

The record should also reflect that Judge Mollway in her findings on the divorce law, regarding gas stations, one of the findings clearly said that gas prices are no higher than most other consumer products in Hawaii and many indeed, in fact, are much higher. So there's no justification for capping gas prices, which leads to the question, why? Well, I think those of us who have been around for a while know why. This is a political bill and it is designed to curry favor with people who are being misled on the need for this bill and, more importantly, are being tremendously misled on the impact of this bill.

"Mr. President, you and the Chairman of the Judiciary Committee and others did receive this morning a letter from the attorney general that validates what Judge Mollway said regarding the divorce law and capping lease rents by the refineries. This is a wrongful taking. It's right in Article V of the Bill of Rights. It says 'nor shall private property be taken for public use without just compensation.'

"Also, it's a wrongful taking because there's no guarantee that capping wholesale prices are indeed going to be passed on to the consumers – something that Judge Mollway also reiterated and also something that you know via the attorney general's letter to us, which you are in receipt of.

"Additionally, the price could be confiscatory because it can get so low that the wholesale dealer cannot realize a reasonable profit on the gas. It's beyond the wholesaler's control.

"Mr. President and colleagues, this bill is absolutely incredible that you would have the gall to bring it to the Floor for a vote. Number one, it completely validates our 'no' votes against the original legislation that allegedly was a gas cap. But more importantly, you're bringing to the Floor a bill that most everybody knows is unconstitutional. And I might add, when it was discussed to separate the retail price from the wholesale price and just cap the wholesale price, even former Attorney General Earl Anzai said it was unconstitutional.

"So, what you're doing today, if you pass this bill, is you're passing an unconstitutional piece of legislation. And I'm going to reserve my rights guaranteed to me by the Chairman of the Ways and Means Committee under the freedom of speech of the United States Constitution, to say that this is more of a political ploy to fool the people of Hawaii than it is good legislation to protect them as consumers. Therefore, I urge – I urge – the Majority Party to vote this bill down or recommit it. It is unconstitutional. It is unnecessary. And it is a falsehood.

"Thank you, Mr. President."

Senator Menor rose to speak in favor of the measure as follows:

"Mr. President, I rise to speak in favor of S.B. No. 3193, S.D. 2.

“Mr. President, as you know, the purpose of this measure is to amend certain provisions of Act 77, which was passed by the Legislature in 2002, relating to the imposition of price caps on the sale of gasoline in the state. The amendments to this bill or to Act 77, as contained in this bill, are discussed in the committee report that is attached to this bill. So, in the interest of moving this debate along, I’m not going to go into any detail regarding those particular amendments.

“Mr. President, as I’ve stated on numerous occasions, I believe that Hawaii’s gasoline consumers continue to pay the highest gasoline prices in the country, without acceptable justification. We need to bring meaningful and effective relief to Hawaii’s consumers from high gasoline prices, and I believe that this measure will further that objective.

“Now, Mr. President, I recognize that there are critics of this bill, and of course they include several of my colleagues from across the aisle, and they’ve made some comments to which I strongly disagree. First of all, I think that the comments that have been made by the Minority Leader trying to attribute a political motivation to this bill is really unfortunate because of the fact that by doing so, I think that he himself is injecting partisan politics into this discussion about a very important issue. And I view this issue, Mr. President, not as a partisan issue, but rather as a consumer issue, because the fact is that high gasoline prices affect all consumers irrespective of their party affiliations and backgrounds. So I think that the previous speaker has done a real disservice to the people of Hawaii by injecting partisan politics into this debate when instead we ought to be focusing on the merits of this legislation.

“Now, focusing on the merits, I have problems with the arguments that have been raised thus far because I believe that they continue to perpetuate certain myths and fallacies. First of all, the critics of the measure are saying that the bill has been weakened because we’ve eliminated the retail price cap. I think it really is interesting that the opponents of Act 77 opposed that particular law because it contained a retail price cap. And now, they continue opposing this particular legislation that’s before us because it eliminates the retail price cap. I see an inconsistency in their argument and it leads me to believe that the opponents of this measure will try to find any fault in an attempt to derail this important and badly needed consumer legislation.

“Moreover, I’d like to say that I definitely support the amendment that we’ve made to eliminate the retail price cap because of the fact that it narrowly focuses this measure on the area where the problem really lies – which is the lack of competition on the wholesale level.

“Another myth or fallacy that the critics of this measure continue to assert is that Hawaii’s gasoline prices are set in a free competitive market. Mr. President, this argument is absolutely ludicrous and ignores reality. For clarification, I wanted to offer the following points: first of all, the attorney general’s antitrust investigation several years ago demonstrated that the gasoline market in Hawaii is dominated by a non-competitive oligopoly. Major oil producers in this state are able to extract and realize profit margins on wholesale prices that are significantly higher than those on the mainland. And the reason why they can, Mr. President, is because of the market power that they exercise.

“Now, in support of this contention I sight a statement made by an attorney, Maxwell Blecher, who gave an opening statement on behalf of all of the oil companies in the state’s antitrust litigation. As an oil company attorney, Mr. Blecher stated, quote, ‘Once you decide it’s an oligopoly, you’ve got an

explanation for the phenomenon of the high prices, the high margins, the high profits, the lack of vigorous price competition. That explains it all,’ close quote. Again, that statement was made by the oil company’s attorney.

“Even the Stillwater report, upon which the critics of Act 77 have relied, made the same finding. That’s why I think the previous speakers need to read the Stillwater report more carefully. For example, the report begins with the conclusion that the, quote, ‘high profitability of Hawaii’s gasoline market, relative to other markets, is indicative of the use of market power in an oligopoly.’ In addition, on page 61 of the report, Stillwater admits that higher prices on the neighbor islands, such as Maui, are a result of monopoly power. These findings, Mr. President, including the findings of the state’s antitrust investigation are supported by a considerable amount of evidence and expert testimony that were generated in the antitrust lawsuit.

“I believe that all of these findings provide a strong indication that Hawaii’s oil producers are earning huge profit margins relative to what their mainland counterparts are earning. Therefore, a key objective of this price cap legislation is to try to moderate these excessive profits as a way of assuring fairer and more reasonable prices for Hawaii’s consumers.

“Now, another myth that the law’s opponents continue to perpetuate is that Hawaii’s gasoline prices are the highest in the nation because of costs and taxes. These myths ignore the indisputable evidence generated in the attorney general’s investigation, which demonstrate that excessive profit margin, and not taxes and costs, are the primary drivers behind the high prices that Hawaii’s consumers are now having to pay. In fact, the attorney general’s investigation indicated that it actually costs less to make gasoline in Hawaii than in comparable mainland markets. And it should be emphasized that the numbers used by the state’s attorney general’s office in their litigation where after tax, and they show consistent super contempt competitive profits on consumer gasoline in Hawaii on an after tax basis.

“Moreover, it only costs about 4 cents per gallon to ship crude oil into Hawaii and about 3 cents per gallon to transport and ship refined gasoline to the neighbor islands. Therefore, it’s clear that the shipping costs that have often been referred to by the critics as the boogiemans, don’t explain the high prices on Oahu, and the exorbitant prices that are being charged on the neighbor islands.

“Moreover, there is data to indicate that Hawaii’s gas prices would still be higher than mainland prices, even if you factor in Hawaii’s higher business costs and taxes. For example, industry analysts have indicated that Hawaii’s higher gasoline taxes and higher cost of doing business should add about, anywhere from 22 cents to 32 cents to the national average retail price. However, just this past summer, if you look at the statistics, Hawaii’s average gas prices were 61 cents higher than the national average. Why? The answer again is that high profit margins, and not taxes and costs, have made Hawaii’s gasoline prices higher than they should be.

“Another criticism is that the implementation of the gas price ceilings under this bill will lead to higher prices at the pump. This criticism is also not valid to the extent that it ignores the important amendments that have been made to Act 77 which this bill contains. For example, the price ceiling under this bill would be based upon the oil price national average spot price instead of the spot prices in the western regions of Los Angeles and San Francisco and the Pacific Northwest where prices seem to be more volatile and higher than the rest of the country.

Therefore, the use of this national benchmark will result in lower prices over the long term for Hawaii's consumers.

"It's also going to insure, Mr. President, that Hawaii's gasoline prices will more closely track mainland pricing trends in which gasoline prices rise and fall depending upon the price of crude oil. In my mind, gas prices should follow crude oil prices to the extent that they represent the largest component of the price of gasoline. However, this has not been the case of in Hawaii, where oil companies have kept gasoline prices at high levels, notwithstanding the fact that crude oil prices have been falling nationally. This is why Hawaii's gas prices have been the highest in the nation even though mainland prices have been plummeting to correlate to the reduction in the cost of crude oil prices in that part of the country.

"It's only right that the people of Hawaii benefit when crude oil prices decline like the rest of the country, and this is what S.B. No. 3193, S.D. 2, accomplishes.

"Now, the organization against price gouging, which has worked with me in developing this legislation, has recently compiled estimates based on publicly available information of the effect of the wholesale price caps if they were to be in place today. These estimates clearly indicate that the price caps would reduce gas prices for consumers in Hawaii. For example, for the period September 1, 2003, for regular unleaded gasoline, consumers on Oahu would save approximately 25 cents per gallon; on Maui, 39 cents per gallon; on the Big Island, 35 cents per gallon; and on Kauai, 23 cents per gallon. So, based on these estimates, it's not true, as the critics have contended, that a gas price cap will generally increase prices.

"I also ask my colleagues to step back for a moment and to use some logic and common sense. If the oil companies, as they contend, believe or say that a price cap approach will increase the cost of gasoline at the pump, if they truly believe that, then why is it that they are so sharply opposed to the price caps that are contained in this bill? Is it because they have suddenly become consumer advocates? I don't think so. I think that the reason why they really oppose this measure is not because it's going to increase prices, but because the oil producers know that the implementation of this cap will cut into their massive profits and assure fairer prices for consumers in Hawaii.

"Another concern that's been raised that really has not been supported by any testimony is that these price caps will drive certain companies out of business and will result in shortages. That's not true, the data clearly contradicts that assertion. And a final criticism that has been raised today by some of my colleagues across the aisle is that this bill is unconstitutional, and I have several responses to give in that regard.

"First of all, I would like to point out that the proponents of this measure, the citizens against price gouging, consulted with a number of constitutional attorneys who specialize in that area of the law, and were informed that the amendments would not present constitutional problems. I would also like to point out that two members of the coalition, Professor Emeritus Richard Miller, who is a former Dean and Professor of Law at the University of Hawaii Law School and Mr. Ted Clause a former Deputy Attorney General who was involved in the investigation of the gasoline industry in the 1990's, are knowledgeable about constitutional issues, and they had no problem with this particular bill.

"Moreover, I believe that this measure will withstand a legal challenge because it will advance an important compelling state interest. It will encourage competition in the gasoline industry. It will accomplish this objective by addressing a problem that

makes it difficult for dealers to price compete. At present, many dealers operate on a low margin, and therefore, when the oil companies increase wholesale prices, they are forced to increase prices at the pump in order to maintain their limited margins. Therefore, by reducing wholesale prices, gas price caps will give the dealers more room and more flexibility to be able to price compete and to lower their prices as a way of attracting more business to their stations. And I think that competition is going to especially occur with respect to those gasoline stations that operate these profit centers, such as convenient stores, repair shops, or car washes, which can account for 30 to 50 percent of a dealer's profit. By pushing wholesale prices down and lowering the cost of doing business for these dealers, it's going to make it possible for these dealers to be able to reduce their pump prices in order to enhance their profit centers.

"So, Mr. President, I really believe that this bill is justified on its merits, and accordingly I would ask my colleagues to vote in favor of this pro-consumer measure, S.B. No. 3193, S.D. 2.

"Thank you."

Senator Trimble rose to oppose the measure and said:

"Mr. President, I also rise in opposition to this measure.

"Earlier today, I presented a different proposal. I might as well have been talking to the Washington Monument. What we have before us right now is something that will not work. There is no point in creating more government bureaucracy. You know, we have what? The highest electrical prices in the nation and yet we have the PUC regulating it. Our shipping costs to Hawaii are at least double what they would be because there is no effective competition.

"When we think about what we can do, the first thing we do is encourage competition. We don't increase government interference in the marketplace. If you want something that works, think about what was introduced as Floor Amendment 7 early today.

"Thank you, Mr. President."

Senator Inouye rose to speak in support of the measure with reservations and said:

"Mr. President, I speak in support of the measure with reservations.

"In the interest of time, Mr. President, I will be submitting my comments into the Journal, as well as, just to point out that the good Senator from Mililani has convinced me that he has addressed a lot of the concerns that I had. That's also the concerns I had with the present Act 77.

"Though I still have reservations about the so called gas cap concept, I believe that I like the language in S.D. 2 much better than the existing statute, and with that, I can live with the language and hopefully support the measure with reservations.

"Thank you, Mr. President."

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President, I speak in support of S.B. No. 3193, S.D. 2, with reservations.

"Though I spoke against this measure in the Ways and Means Committee, the amendments in S.B. No. 3193 address

my grave concerns, as presented by the good Senator of Mililani.

"I also did not support the bill of 2002 that is now Act 77. However, S.B. No. 3193, S.D. 2's language is much better than the present statute.

"I have still some grave concerns on gas cap measures. I will support S.B. No. 3193, S.D. 2.

"Thank you."

Senator Slom rose and said:

"Mr. President, Roll Call vote, please.

The Chair so ordered.

Senators Sakamoto, Ihara and English requested their votes be cast "aye, with reservations," and the Chair so ordered.

Senator Espero rose to speak in support of the measure and stated:

"Mr. President, may I rise in support of this measure?"

"First, I'd like to congratulate our Chair of CPH for all the work he has done on this matter, this issue.

"There's a question raised as to why we're doing this by the loyal opposition, and quite frankly it was simple – because many of our residents have asked us to look into this. The price of gas is very high and this is an attempt by your State Legislature to deal with this matter and take it head on.

"Right now, I don't hear a lot from the loyal opposition or from our executive branch on how they are going to deal with this issue, and I don't think they have anything out there. So, we have been looking at this for a few years and I think an important part of this bill on the gas cap is Section 5, which deals with the Governor's emergency powers. Quite frankly, this legislation can be suspended by the Governor. With her written determination and publication of that written determination, she could suspend this legislation so it doesn't happen. So there is, in a sense, a veto power given to our Governor, if in all of her wisdom, and knowledge, and authority she feels this bill is not necessary.

"So, we do have that in here, and I urge all of my colleagues to vote on this measure to help us deal with the high price of gas.

"Thank you, Mr. President."

Senator Hemmings rose to speak in rebuttal and stated:

"Mr. President, I rise on a point of rebuttal.

"Mr. President, I am certainly glad the good Senator from Mililani chose to emphasize my assertions that this is more political than substantive to help the consumers. The evidence is overwhelming that I'm correct. In the last election, there were hit pieces sent out by the Majority Party, the Democratic Party, on candidates for public office that outright lied to the people of Hawaii – very political. One of them said, Representative Blundell from Maui voted against the gas cap. One of them said, Carol Phillips from your district, Mr. President, on the North Shore, voted against the gas cap. They weren't even in office. They couldn't have because they weren't there to vote – talk about politics; talk about misrepresentation; talk about lies. It is political. It was used

very effectively. And unfortunately, the public, who did not know the difference, took some of those lies to heart.

"This is political. Make no bones about it. It's a liberal wing of the Democrat Party trying to find a monster in big oil, and they're going to take them down.

"Number two, it completely ignores the evidence which even good Judge Mollway, with strong Democrat roots tied to Senator Inouye and others, in her finding says, 'at the wholesale and retail levels, because of the high taxes, high concentration at the wholesale level, and high barriers to entry that they de-sawed new companies from entering the market. These barriers include substantial fixed costs, regulatory impediments to building new terminals, an oversupply of gasoline stations in the market, and an adverse political climate.' It's not me that's saying it. Judge Mollway said it in her findings, which were sent back to Hawaii from the Ninth Circuit, probably one of the most liberal courts in the nation. It is political, and it does stink!

"On the constitutional question, you have a handful of coalition people that have been lobbying for this made up of a couple of disgruntled former gasoline dealers, and a couple of extremely anti-free enterprise alleged intellectuals. It mentioned Ted Clause, former Deputy Attorney General. What was not mentioned, was that Ted Clause's boss, Earl Anzai, specifically, specifically, said when the attempt was made several years ago when Act 77 was being discussed here, that you could not cap wholesale prices because it would be unconstitutional takings. Judge Mollway says it. And our present attorney general in a letter, Mr. President, that you and the very learned Chairman of the Judiciary Committee received, says it.

"But we're supposed to swallow the opinion of one special interest spokesperson, Ted Clause. Well, I'm not swallowing and I'm not biting. This is unconstitutional. It's political, Mr. President, and it is an attempt to fool the people of Hawaii once again that prices are being capped to their benefit. And what is most ludicrous about it is the assertion that we, who had the guts to speak out against it two years ago, are being disingenuous. Excuse me, Chairman of the Ways and Means Committee . . . or vexatious, as the case may be.

"We have been tremendously consistent, Mr. President. We're not doing a 180 on capping retail prices at the consumer level. You are, good Chairman from Mililani. You're doing a 180! You're being duplicitous. You're the one that's abandoning consumer protection at the retail level and changing it. We are very consistent. We oppose price caps at the retail level, and we oppose price caps at the wholesale level, especially in view of the fact that price caps at the wholesale level are consistently recognized by every leading constitutional scholar in Hawaii that's worth anything, to be unconstitutional. I recommend the Majority Party, especially the good Senator from Mililani, read again the United States Constitution and Article V regarding takings.

"I hope, I hope, that this bill will be completely killed and will repeal this foolish notion and the falsehood that the great Majority Party is going to rise to protect the consumers while they continue to pay punitive prices on most every consumer product for the reason so eloquently enunciated by Judge Mollway in her findings on the divorcement law.

"I'm proud to have voted against the gas cap legislation, alleged gas cap, then, and I'm really proud to speak out against this 'shibai' legislation.

"Thank you, Mr. President."

Senator Hooser rose to support the measure with reservations as follows:

“Mr. President, I rise in support with some reservations.

“Disingenuous is the word of the moment, I think, and I have to say that the arguments based on political rhetoric are the most disingenuous of them all. When speakers are unable to attack the substantive nature of the policies, over and over today we’ve got this boogiemer of politics. It’s all about politics. It’s all about Democrats. It’s all about Republicans. This about consumers being ripped-off by big oil companies.

“Consumers in my district cannot drive to Costco. They cannot drive to Aloha Petroleum. They have to pay the prices that are given to them, and they are being ripped-off by big oil, not by the retail stations, but by the big oil companies. It’s been proven over and over again. They’re overcharging our consumers.

“To say that prices are high all over . . . we’re getting ripped-off in real estate, we’re getting ripped-off by medical insurance, so let’s just take the rip-off by the oil companies too. It’s like the same argument with the pollution from the cruise ships. Well, they’re going to pollute, so let everybody pollute.

“I won’t buy it, Mr. President. I think we should take a tough stand. While I don’t agree with all aspects of this bill – I have some concerns – I think the Chairman has done a darn good job over these past few years researching, studying the issues and coming up with a proposed solution that deserves further debate, further dialog, and ultimately, hopefully goes on to success.

“I would just like to encourage all the members to vote to support this measure. Thank you.”

Senator Menor rose to speak in rebuttal and stated:

“Mr. President, just a very brief rebuttal.

“In regards to the constitutional legal issues, I really think that the previous speakers on the other side of the aisle really need to take a closer look at them and do a more careful analysis of those issues. The opinion to which the Minority Leader has been referring is a federal district court case, which occurred several years ago, in which Chevron filed suit against the State of Hawaii to avoid a lease rent cap in gas stations. So, in that regard, we’re talking about an unrelated case – lease rent cap versus the gasoline price ceilings that are contained in this bill.

“Now, the court ruled in favor of the oil company because the judge felt that the state wasn’t able to produce sufficient evidence to support the particular state interest that was being articulated by the attorney general’s office, which is the reduction of gasoline prices. What the opponents of this measure failed to note is the fact that there are several important difference between the case that was before Judge Mollway, several years ago on the unrelated issue of lease rent caps and the legislation that is before us today. First of all, since Judge Mollway came out with her decision, a considerable body of evidence has been developed, since the federal district court decision on the lease rent cap, to indicate that there will be plenty of competition among dealers on the retail level.

“For example, the preamble of the bill that’s before us makes reference to the findings of the state’s antitrust litigation and the Stillwater report regarding the adequacy of competition in the retail level. Therefore, if this bill is challenged in court, the state will have armed with it substantial evidence to be able to

argue that when these gas price caps are implemented and when they push prices down, as we anticipate that they will, then these savings will be passed on to consumers by many dealers who will price compete in an attempt to increase their sales volumes. That’s significant difference number one.

“The other difference between this bill and the lease rent cap law is that, as mentioned earlier, it will further an additional important compelling state interest – which is to foster and further price competition in the gasoline market in Hawaii. And as I already discussed in rather great detail in my earlier remarks, this increased competition will occur for the various reasons that I have offered previously.

“And finally, with respect to the attorney general’s opinion, I have a great deal of respect for the attorney general, but in my mind, it’s not surprising that the office would render that sort of an opinion given the strong position that the Governor has taken on this particular issue.

“So again, I think you have to weigh the merits, look at the pro and cons, and I think that when you weigh the merits, you’ll come to the conclusion that this is a pro-consumer measure and it ought to be passed by this Body and the Legislature.

“Thank you.”

Senator Ihara rose on a point of personal privilege and said:

“Mr. President, point of personal privilege.

“Mr. President, could I ask the members to turn on their microphones, so that when you read and when you say your aye or nay, that the viewing public will know. Because I’ve gotten complaints in the past and they’re watching with bated breath on the vote and they don’t really know how we vote. And that’s a request I’d like to put out there.

“Thank you.”

Senators Aduja, Ige, Kim and Kokubun requested their votes be cast “aye, with reservations,” and the Chair so ordered.

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2860 was adopted and S.B. No. 3193, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CONSUMERS,” having been read throughout, and Roll Call vote having been requested, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 18. Noes, 5 (Hemmings, Hogue, Kawamoto, Slom, Trimble). Excused, 2 (Taniguchi, Whalen).

At 6:06 o’clock p.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 6:08 o’clock p.m.

THIRD READING

MATTER DEFERRED FROM EARLIER ON THE CALENDAR

S.B. No. 2207, S.D. 1:

By unanimous consent, S.B. No. 2207, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE,” was recommitted to the Committee on Commerce, Consumer Protection and Housing.

ORDER OF THE DAY

THIRD READING

S.B. No. 3030, S.D. 2:

On motion by Senator Chun Oakland, seconded by Senator English and carried, S.B. No. 3030, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 22. Noes, 1 (Kawamoto). Excused, 2 (Hanabusa, Kim).

S.B. No. 1362, S.D. 3:

On motion by Senator Chun Oakland, seconded by Senator English and carried, S.B. No. 1362, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO MENTAL HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, none. Excused, 2 (Hanabusa, Kim).

S.B. No. 2474, S.D. 3:

Senator Menor moved that S.B. No. 2474, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Slom rose to speak in opposition to the measure and said:

"Mr. President, I rise in opposition to this bill.

"Let me say that I absolutely support the concept of renewable energy and I voted for many bills over the past several years that would give us incentives to do that. However, this bill again is a bill that mandates the utility not only that it must do certain things, it must do them by a certain date, but also picks percentages of its total sales as to what it should be.

"These percentages, I've never seen any testimony that has had a basis for where these percentages have come from, and they certainly have not come from anybody in the energy

industry, whether it be regular, or alternative, or whatever. I noted the other day that we have had bills in the past where we've suggested that the government lead the way by example by having schools and other public buildings using renewable energy, and when the bills were passed they were vetoed by the former Governor as being too costly.

"So, here again we are just looking at the private sector. I think that the public sector could go a long way as being a model for renewable energy if we did that, but we're not doing that. And in addition, instead of providing incentives, we're providing penalties. So I cast my 'no' vote.

"Thank you."

Senator English rose to speak in support and stated:

"Mr. President, I rise in support.

"Well, there you go again comparing apples and oranges. You know, the thing that we talked about earlier – that was mentioned by the speaker earlier – was requiring use of solar energy on government buildings. I still think it's a great idea, but the mandate that comes out of this particular bill requires everyone to meet a new standard – not just the private sector, government as well.

"I have to say that these numbers are important, and they're important because it's supported by the administration and supported by many of us. The administration came out with the number that they picked that sounded very nice. They proved to the Committee that they could meet those numbers. And when you have things that are very easy to meet, you always want to set a higher standard. So what we did was set a higher standard for Hawaii and asked for even higher renewables because if we can meet 20 percent by the year 20 and the administration says 'yes we can, this is our goal,' then we said let's try and strive for 30 percent, 10 percent more. Because if it's too easy to do, then there's really no challenge. So now, the administration is working very hard, along with industry, to come up with how we're going to meet these numbers.

"As you know, this goes over to the House for discussion. I think that we'll come out with a nice number at the end, but at this point, I think our position is firm at 30 percent. So I ask for your continued support.

"Thank you."

Senator Slom rose in rebuttal and said:

"Mr. President, just a very brief rebuttal.

"Again, when we first started this kind of legislation years ago, we could use words like strive. But this bill, and the reason I'm voting against it, does not talk about strive. It is a mandate. It is compulsory. It is forced. It's not a goal; it is a standard.

"Thank you."

Senator English rose to respond as follows:

"Mr. President, just so that the record is absolutely clear, that's the exact same mandate that was sent down by the administration. They wanted the exact same type of mandate. So, we're simply helping to accommodate that and moving a compromised hybrid bill forward.

"Thank you."

The motion was put by the Chair and carried, S.B. No. 2474, S.D. 3, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Slom). Excused, 1 (Kim).

The Chair having so ordered, Senator Ihara's objections to certain findings contained in Stand. Com. Rep. No. 2873 is identified as "ATTACHMENT A" to the Journal of this day.

The motion was put by the Chair and carried.

Senator Hanabusa then moved that the Senate consent to the nomination of TED H.S. HONG to the office of Judge, Circuit Court of the Third Circuit, State of Hawai'i, in accordance with the provisions of Article VI, Section 3, of the Hawaii State Constitution, for a term of ten years, seconded by Senator English.

Senator Hanabusa rose to speak in support of the nominee as follows:

"Mr. President, I rise in support of Gov. Msg. No. 152, submitting for consideration and confirmation to the Circuit Court of the Third Circuit, State of Hawaii, gubernatorial nominee Ted H.S. Hong for the term of 10 years.

"Mr. President, first I'd like to have a little leeway to thank the members of your Judiciary and Hawaiian Affairs Committee. As you are well aware of, we had a record almost nine hours. And I'd like to comment that we had absolutely no breaks – no lunch, no bathroom breaks, nothing.

"Your members were all there and it was, Mr. President, an excellent hearing. It set forth the process. It caused us who

were there to question, and I believe these are all the important aspects of what we have all been elected to do – to ask the questions and to listen. With that, Mr. President, I'd like to proceed.

"Mr. President, Ted Hong is a graduate of the University of Hawaii, earning his undergraduate degree in political science, and he is also a graduate of the UH Richardson School of Law. His present job . . . he's, of course, very well known; it's been covered in the press many times. He is the Chief Negotiator for the State of Hawaii and he is also an interim regent on the Board of Regents of the University of Hawaii. His past experience included solo practice, as well as being a practitioner in a law firm on the Big Island. He has held the position of Assistant Corporation Counsel and Deputy Corporation Counsel for the City and County of Honolulu. He has also been a Deputy Prosecuting Attorney and he served as Grand Jury Counsel as well.

"Mr. President, in my prior speeches this is where I would usually dispense with the one line that the Hawaii State Bar Association has rated the candidate as. But in this particular case, I cannot do so, because the Hawaii State Bar Association has rated Mr. Hong as not qualified. This rating caused your Committee to look into what does this rating mean, and more importantly to this speaker, how the rating was arrived at.

"We must first understand, Mr. President, that this process which the Bar Association utilized is a new process. It's been in effect from March of last year. We had Bert Sakuda, someone who is not a stranger to many of us, come forward and testify how it has been done in the past 10 years, and we had Dale Lee, the sitting president of the HSBA, who told us quite candidly, or told me quite candidly, that he didn't like this process when it first came out. And we had testimony from Doug Crosier, the former president of HSBA, who submitted testimony in support, in strong support, of Mr. Hong, who basically put this whole process into play. We had to kind of sit there and wonder what is going on.

"I can tell you what we did learn is that the bar solicits by e-mail, and it could be technology because we didn't have that technology in the past. And this e-mail solicitation, which I have forwarded on to the members to show you what it is, it's sort of a generic form that says please provide your comments and your comments will be held in confidence and it will be anonymous. Some people, of course, then choose to participate or not to participate. I choose not to participate because I believe it's a conflict sitting as the Judiciary Chair. If you do participate, then your name is redacted and the staff, not the members of the directors of the board or the president or its officers, but the staff redacts your name and it's put on a piece of paper and forwarded. If there is a lot of comments, then what they do is they summarize and these summaries are then presented to the board.

"In this case, in Mr. Hong's case, there were 56 responses. All 56 responses fit on eight pieces of paper. To put that into relative perspective, we must have had equivalent to a ream of testimony that your Committee went through. The 56 were evenly split – 28 saying that he apparently was not qualified; 28 saying that he was qualified. As a result, Mr. Lee said that the board took a secret ballot. He said that they relied on Robert's Rules, and as the chair, he decided it would be a secret ballot. They went into executive session, secret ballot, and voted, and the vote is as reflected – seven finding him not qualified, five finding him qualified, and I believe one person abstained. There are 19 members of the board and this decision was made by 13 of the members, which is the process.

“What I have taken exception to is that there is a fundamental difference between an anonymous process and a process that is confidential, and the reason is that as decision-makers, you should know who is there. Confidentiality is not unknown to lawyers. It is an understood privilege that we deal with all the time. It is a breach of that confidentiality in an attorney/client setting, for example, that can cost you your bar license. You could be disbarred if you breach that confidentiality. Now, what happened here, though is anonymity – not confidentiality, but anonymity.

“The reason I believe that confidentiality may be proper but not anonymity is because you should know who is sending in the e-mail. For example, in the Judiciary Committee, if we’d followed this process and we had a tort reform bill and everyone was in opposition and we didn’t know where it came from, would it surprise you, for example, or what weight would you give it if those in opposition happened to be plaintiff’s lawyers? What weight would you give it if you happen to question the law itself? You need to know who the parties are, because giving weight to testimony is critical. That’s something we all do. That’s something lawyers have to do. That’s something judges have to do. You have to know what the source is. That did not happen here.

“I even have problems with confidentiality, Mr. President, and that’s because I believe that if lawyers cannot come forward and speak up, if lawyers fear retribution, then what does that say about our process? How can we ask people to come forward and testify before us if lawyers themselves say things like, ‘God, we’re afraid of retribution.’ What does that tell everyone else? We lawyers, those of us who are lawyers, we know what rights are. We know about freedom of speech. We should be there defending this right. And if we say, ‘hey, we’re not going to do that,’ something is wrong. And something is more fundamentally wrong with the system.

“Mr. President, about 10 years ago, this Body – I was not a part of it; I didn’t even consider politics back then – this Body was considering the nomination of Sharon Himeno to the Supreme Court. And I remember at that time being asked if I would submit or be part of a petition that was in opposition. And they told us then, if you do that, you know there could be retribution. I felt very strongly about it, so, Mr. President, I signed . . . I signed, along with 200 other lawyers. And we signed on the dotted line because we felt that was our obligation to do so. Now, again, if lawyers can’t step up to the plate, something is wrong.

“Let me tell you what they judge a judicial candidate by. They say a candidate is to be evaluated by integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, and health – health, you’ve got to be in good health. But, a candidate receives a ‘not qualified’ rating if he or she fails to meet one or more of the criteria with regard to professional competence, judicial temperament, or integrity. Judicial temperament is comprised of 13 subparts, or 13 adjectives. So, conceivably, any one of those, if you don’t meet it, you’re supposed to then result with a ‘not qualified’ rating.

“What we did learn from the testimony is that judicial temperament was basically the common thread among the 28 or so who submitted e-mails in opposition. The question we should all be asking ourselves is, What is judicial temperament? The American Bar Association says it is a subjective judgment as to what is judicial temperament. The ABA, which by the way is what the Hawaii State Bar Association follows and which also provides guidelines for the selection of state judges, the ABA says that as a result of this, it also recommends that wide ranging interview should be undertaken to provide insight

into temperament, because it’s so subjective. The ABA also warns, and this is the American Bar Association, warns that judicial temperament can mean virtually anything to anybody, making it practically susceptible to manipulation by actors in the appointment process. They also go on to say they understand the appointment process is a political process. So, judicial temperament becomes that one thing that you can’t put your hands on, you can’t define, and it can mean almost anything to anyone.

“You know, judges have said that when they are evaluated they have at least one request, and that request is that the lawyer who chooses to evaluate them at least have appeared before them once so that there is some basis. Because they say they don’t want lawyers going out and waging some kind of a campaign against them, but at least they have to be able to say, when we are sent evaluations, that we have appeared before them once so there is a basis for that.

“I read with interest this morning former Justice Padgett’s comments that he did not submit any comments because he doesn’t know who this person is, and he had a very interesting definition of judicial temperament. I can just see Justice Padgett doing this because Justice Padgett was probably one of our better jurists, if not one the best jurists we had. But judicial temperament, as he probably implied, was not something that people may have said that he was unquestionably one who had it.

“There is also an inherent difference in our process between that which we are constitutionally mandated to do and what the Hawaii Bar Association stands for. We are constitutionally mandated in this selection process and what we do, and what the Governor does, and how a judge is selected, and that’s called the judicial selection process. And the Judicial Selection Commission is who does this, and they and we and the Governor have guidelines that we have to do. Primarily for the Governor and for us, it’s time deadlines that we must meet.

“Thanks to the good Senator from Kapahulu, the judicial selection commissioners, two of them, Mr. Edmunds, who was a former chair, and Mr. Ayabe, who is the present chair, came forward. They told us there’s very little that they can say because it’s a confidential process, but they were there to answer questions as best they could. And of course, what they were able to confirm is the fact that judicial temperament is something that is part of their evaluation. At that point, I’ll share with you, Mr. President, what I shared with the Committee. Part of its application process is the identification by the attorney applying of other attorneys who can shed light on that person. I’ve been named in that process so I’ve participated in it, and I can say to everyone, one of the most critical questions that is asked so many different ways in the questionnaire that we fill out is judicial temperament. So, they are getting feedback. And at the end, you are asked to provide other names of other attorneys who may, or anyone who may shed light on this person. And I, as a matter of course, always provide names of people who have been in opposition to this person, who’s been an adversary to this person, because I believe that that’s my duty that all this information comes forth because they have to make the best selection that is possible for them.

“One of the issues that was raised was, Can somebody who is a litigator transition to that which is a judge? Mr. President, the courtroom is litigation. That is what they do. That is why the Hawaii State Bar Association a few years ago there was a movement in there to say only if you have litigation experience can you be a judge, because it is a different situation. And yes, litigators tend to be zealous because that’s exactly what they’re paid to do. They’re paid to represent their clients. It is not a

nice situation. It is a litigation. It's litigious. Those are all from the same words because that is the process. Yes, the judiciary has tried to say maybe we should do more mediation, maybe we should do arbitration, we should do a whole bunch of other things. But the bottom line is the judiciary is exactly that – it is the court system. It is that process where unfortunately there are at least two people squaring off against each other and there is going to be a winner or a loser if that process goes all the way through. That is the process that we participate in.

“So the question becomes, What is it that you want in a judge? Peter Carlisle said, interestingly, the same thing that Justice Padgett said, ‘You don't want milk toast.’ He mentioned judges like Patrick Yim and Marie Milks, to name a few. Marie Milks, and I was very sad to hear, has now stepped down. They are not pushovers. But you know, you can't be a pushover – because you've got to control litigation that goes on in that courtroom.

“Marie Milks' clerk, Mrs. Lynn Gomes, came forward, took time off, sat through our hearing . . . and for those who watched it, you know that once we got over all the people who had to take planes and so forth, we went alphabetically. She sat all the way until her name was called. She said that she took time off to be there. She's been Marie Milks' clerk for over 20 years and she came forward because she wanted to make it clear that she has watched Ted Hong as he has grown as an attorney, basically. She said he has always been courteous to the other lawyer, to the court, and to the staff. And she said, ‘you know, some judges ask you, how do they treat you?’ Because yes, lawyers have to be nice to judges. They almost have to be nice to other counsel too, because they want to be treated in the same light, but a lot of them are not nice to staff. And she said Ted Hong has always been courteous to her, and that's why she came forward. She also said that as she left the court, she told Judge Milks where she was going and Judge Milks said to her, ‘you can go forward and tell the Committee that he has my respect and he has my support.’ That means a lot.

“I believe, for example, Judge Milks, or those of us who are women attorneys, has really been a pioneer for us – four years as a public defender, 20 years on the bench, working her way from district court to circuit court. My only regret is that I could never see her sit on the appellate level. That, to me, would have been the icing for a career, and also for us women lawyers, at least the ability to see that you can work your way through that process.

“Two other lawyers testified and I would like to call upon their testimony and share it with you because I have pending cases with the both of them. I make that disclosure. One is Eric Seitz, and Eric Seitz, as you know, is Eric Seitz, especially those of us who do Felix. We know Eric Seitz. But Eric Seitz said he has known Ted Hong for about 20 years or so, and he said he has the greatest respect for him and he has always been an adversary to him. I will tell you this about Eric Seitz – Eric Seitz fights hard in the courtroom, absolutely fights hard. But you know, when we leave that courtroom, we can talk, and that, to me, as a practicing attorney and somebody who does litigate, is a critical part.

“You cannot take cases personally. You cannot take it home with you. And you cannot hold that grudge. And I never once heard that criticism of Ted Hong, that he had any of those characteristics.

“The other person – I also have a case against, a couple of cases I've had with him – said that you want a judge that is decisive, and you should not hold it against someone because the turf of his job that he's required to patrol is one that requires him to do that. This attorney is Jim Bickerton. Jim also went

on to say – and I think this is a very important statement – he says it would be wrong to hold it against him when no one is suggesting that he acted on behalf of private interest, or for personal gain, or violated any rule of law. People are not saying that he handled matters illegally or negligently or without foresight, only that he ruffled some feathers. Then he goes on to say a very important message – he says this, ‘What message will we send young lawyers in government service if we say stay away from the tough issues because it will jeopardize your chances of getting on the bench. Will we have a better judiciary or better government if we adopt this approach?’ He says, ‘the answer is self-evident.’ Jim Bickerton, as a young attorney, was also one of those who signed that petition, and that is when I first knew who he was.

“Eric Seitz made a very interesting point. He went on to say, if he could, he would quit the bar because of this act – he would quit. Because as we all know, we may have differences with Eric Seitz, but the one thing with Eric is he is always there for civil rights. He takes unpopular cases. He may not be high on any of our Christmas lists, but one thing you know is he stands up for that which he believes is right. And in this particular case, I've got to say, Eric Seitz and I are on the same page. We don't have a choice. Us lawyers have to join the Bar Association. But whether this process is one that we should permit to continue is another question.

“I had some cases yesterday and I met with some other lawyers, and this is the talk of the town – unfortunately, not Ted Hong, but the talk of the town is, What did this Bar Association do? And they, litigators themselves in the corporate arena, are saying we have to do something about it, and he shouldn't be judged by this.

“We had a nine-hour hearing, Mr. President, and there were other people who came to testify. One group that was very moving was the students of UH Hilo. They came on their own because they wanted to say that Ted Hong, as a Regent, is the only one who has taken the time out, who regularly meets with them – regularly meets with them, and he will discuss with them. We have discussed this with their administration, the faculty, and he has time for them. And they were there for him to say how they view him, an image they have of him. And it isn't of someone who is contentious or without judicial temperament. They see a totally different person.

“There was also a gentleman from Hilo who brought in a petition of over 120 names signed from people from Laupahoehoe, Pahoa, Hilo, Kurtistown, Captain Cook, and Keaau. He said these are people who can't come and he's bringing the petition forward for them.

“And neither can we ignore, Mr. President, those lawyers from the Big Island. The Big Island . . . and you know, Mr. President, we hear stories about the Big Island. The Big Island is sort of like a community of their own. I'm surprised they haven't filed a petition to secede from the State. But the Big Island, Mr. President, has their own bar. They, in the Hilo side, which is where Mr. Hong would sit, have 155 licensed lawyers – 85 of them are members of this bar. They sent out . . . I don't know whether it's an e-mail, but they still have . . . for those of us who practice law, they used to have a system in Honolulu called the court jackets where you could put everything in. They still have it over there. They put this thing out in a court jacket and they got 34 responses out of the 85 – 28 highly qualified; five qualified; and one that said he was not qualified, and that one, they said they provided an explanation for. And there are two others who did not participate because they were on the list with Mr. Hong. And one person who was on the list with Mr. Hong also submitted testimony in support.

"The testimony in support of Mr. Hong was clearly overwhelmingly in support of him. But there were testimonies that we received that were in opposition. And we must give them weight too, Mr. President. And I will say, I have weighed the source of the testimony, what was said in the testimony, as well as the technical allegations of wrongdoing, and a lot of the allegations against Mr. Hong were in the area of employment matters. And Mr. President, that's the one area that I can comfortably say I am somewhat considered pretty good at. And I can read and I can say what I feel is there and what I should give appropriate weight to.

"Mr. President, with all of that, I ask you and my fellow colleagues to join me in consenting to the nominee, Ted H.S. Hong to the Circuit Court of the Third Circuit of the State of Hawaii.

"Thank you, Mr. President."

Senator Hogue rose in support of the nominee and said:

"Mr. President, I rise in strong, strong support of the nomination of Ted Hong to the Circuit Court of the Third Circuit.

"Members, first of all, I want to give accolades to the Judiciary Chair because she ran a very, very open, very fair hearing. I was so impressed with her and the members of the Committee who endured a very, very long process. One thing that she didn't bring up is that the room got colder and colder and colder and colder. So, not only did we not get up to go to the bathroom or get to eat, but we were freezing. And through all of this, Ted Hong was there sitting patiently, I think, in fine judicial form and showing his outstanding judicial temperament.

"We were all very, very impressed not only with him but his family as well, a family that goes back to Big Island roots to the turn of the century when his family came here from Korea. He has relatives that were born on the Big Island, and when he went back professionally to live and work on the Big Island in Hilo more than a dozen years ago, he not only worked very, very hard and many times as an advocate for whatever cause that he was behind, but he also did some great volunteering.

"One of the areas that he volunteered for is near and dear to my heart, and that is he was a volunteer coach, not for the soccer team or not for the basketball team, but he was the coach of the Hilo High School mock debate team. All of us in the world of sports know how difficult it is for one of the neighbor island teams to win a state championship, but when Ted Hong was the volunteer coach of the Hilo High School mock debate team, Hilo High won the state championship. So I think that's another good example of what an outstanding man that he is.

"Now, I know I've heard some of the rumblings. I've heard some of the conspiracy theories. I've heard some of the negative things, and it seems that the only crime that Ted Hong has committed is that he's rubbed a few people the wrong way. Well I would say to you, fellow Legislators, if that were a qualification for us to be elected for the Senate, I'm not sure that many of us would be sitting here. As much as we try very hard every single day to be respectful and courteous and to treat others as we would like to be treated, there are some times when it doesn't go that way. But overall, I think that the evidence is overwhelming that Ted Hong has treated people fairly. He has advocated strongly for his side.

"I think it should be noted that he is here with his family that has sat solidly behind him throughout the entire process – his father, who was an attorney general in a Democratic

administration; his mother, who's a long-time public school teacher; his wife sitting by his side. I think that's another indication of what a very fine man that this man is – outstanding credentials, very qualified.

"And the process . . . the Judiciary, very open, not given to anonymous comments, and I would urge you to stand behind and support Ted Hong – a man whom on the bench I believe has all the qualities to be a great judge – respectful, courteous, thorough and decisive, eminently fair, and above all, a very good man. I encourage you to vote 'aye.'

"Thank you, Mr. President."

Senator Kawamoto rose to speak in opposition and said:

"Mr. President, I rise in opposition to this nominee.

"I, too, would like to send my appreciation of the Chair's ability to run a fair and open hearing. I think being here 10 years, this was the best hearing I ever did see conducted by a Chair.

"I'd like to thank the Governor and her cabinet for being there. She stayed there for 6½ hours. She left, then she came back. In total, she stayed there maybe 7½ hours of the 9-hours hearing day we had. I'd like to thank the unions and the friends that wrote in support of Mr. Hong. Regardless of what the vote may be today, I will continue to listen and seek the unions and my friends that supported Ted Hong and seek their advice on labor, seek their advice on fairness, seek their advice on the ability to provide a workforce in Hawaii that's fair. I'd also like to thank those who spoke in opposition, those who called in opposition.

"Mr. President, I know, you know, and many of my colleagues know that I'm a Big Island boy, born and raised in Honomu, Hawaii. If you don't know where that is, it's just the next town to Akaka Falls. I was a '58 grad from Hilo High School. I don't know why, but I was the class president then at that time. But anyway, I had friends on both sides of this issue, and I thank both sides for helping me decide on one way or the other.

"I'll admit, Mr. President, I had some concerns. I see there are some concerns about the nominee's patience, about the nominee's tact, about the nominee's ability to listen, and about the nominee's compassion – compassion not only for the students of Hilo, but compassion for the 81,000 students that are out in the Leeward Oahu side.

"Mr. President, many of these traits I think I've been labeled in that area, and many people say you've got to change, you've got to do this, you've got to do that. And we listen and we try to, but it's very difficult. I am who I am, and people who laugh at me I've been up and down throughout the Session, throughout my life. My 20 years in the military, you know I've been very opinionated. I don't qualify to be a judge, but I don't think I'd make a good judge because of those qualifications. But that's me. But those are the concerns I have.

"These concerns I have, again, at the hearing Mr. Hong made about five apologies . . . I don't know, I can't count how many it was, five or six. And they were, I believe, very sincere. He's a very sincere man, very sincere. But Mr. President, being a judge you have to be on top of things 100 percent of the time. You cannot sentence somebody to 10 years in prison, or whatever, and apologize later, because that victim or that person that you made judgement on, that was probably his one and only chance to face a judge.

“So Mr. President, I weighed it very hard. It’s difficult, especially with the family, his mother and father, sitting there, to make this judgement. But I believe we need to take an idea, we need to take your concept of what a judge should be, and we need to take our job that we have here in the Senate, and especially those that we are in the Senate to confirm or deny judges. That’s our job and you have to think and think if this person is the next best person to be the next judge.

“So, those things, if you have questions, you have doubts, then you should vote the way you think, because you’re 1 of 25 that represents 1.4 million people out there. That’s an awesome task, and this task should not be taken lightly.

“Thank you, Mr. President.”

Senator Hemmings rose to speak in favor of the nomination and said:

“Mr. President, I rise to speak in favor of Ted H.S. Hong’s nomination for the Third Circuit Court of Hawaii.

“This indeed is going to be a fine hour for the Senate, because what it’s devoid of is political labels and decision-making made simply on the politics of it all. It’s going to be a very important debate today, contextually, because what we do is we’re a very narrow funnel by which the whole quality and temperament of an entire branch of government is going to go through. Judges, through the advice and consent of this Chamber, determine the quality of the entire judiciary. I’m hoping that we’ll all make . . . and I know we will, I know we’ll all make informed and, more importantly, caring decisions – decisions that care about the honor and dignity of the judiciary, the honor and the dignity of the nominee, and the dignity and honor in the wellbeing of the people who sent us here to make these decisions.

“We’ll be considering many criteria and it’s important for us to ferret out in our minds, some of those. Is the nominee qualified? I think there might be a few that say ‘no,’ but the overwhelming testimony by all the experts in the judicial arena all testified to his quality. He is eminently qualified.

“The third circuit, as we know, is on the Big Island. He has Big Island roots, as some of the previous speakers spoke of. He certainly is well suited to be a judge in this third circuit.

“Politics – how wonderful it is, for a change, we’re standing up and we’re making decisions not strictly based on political labels. This man’s roots are deep in the party of the majority in this Chamber. His father was a much respected nominee to the bench with strong ties to our respected former Governor Ariyoshi. This man has been part of the administration on the Big Island of the Majority Party, and yet he is nominated by a governor of another party who seemed to think, if nothing else, he was the best man for the job. So he wins on that count also.

“Support . . . I had a chance to look over the list and of course in the marathon hearing we heard from many people across the state, and the support is absolutely and astoundingly overwhelming. Opposition came from a few people that may be losers in prior political battles or losers in prior judicial battles. And they had a right and they exercised it yesterday.

“So, now we come to temperament. How wonderful it is that we have a man who has the strength of his convictions and is willing to stand by what he believes.

“The Bar Association I think will come up again today and I laude the Chairman of the Judiciary Committee for pointing out some very, very salient points regarding the Bar Association’s

recommendation not to approve. I will tell you that that’s been done several times before in the past, and to the credit of the Senate, in the past it has ignored the recommendations of the Bar Association and it’s done what is prudent and right.

“I think the Bar Association, if nothing else, hopefully will be a stronger organization after this exercise. It was Friedrich Nietzsche, the great German mind, who said, that which does not kill you, will only make you stronger. This is not going to kill the Bar Association, but I hope it does make it a stronger organization.

“Their recommendation in the process which was so well enunciated by the Chairman of the Judiciary Committee pretty much ignored one of the basic tenets of all our rights as American citizens. It’s so important that the founding fathers put it right in the Constitution in the Bill of Rights in the Sixth Amendment. It’s fundamental to fairness, and I am astounded that this Bar Association did not adhere to that basic principle. Because when someone opposes you, you have the right as an American citizen to confront that opposition. And we had a responsibility to know what the foundation of that opposition is. But it seems in this process, this time the Bar Association ignored that by keeping the process anonymous. It not only counts what a person says, but who that person is and in what context are they saying it. That gives the substance and the credibility. But we’ll never know . . . we’ll never know because the Bar Association did not give this nominee, nor us, the opportunity to question the accusers or the deniers or the naysayers.

“The other issue has to do with counting. We cannot give any credence to the Bar Association’s recommendation. They sent out an e-mail and I don’t know if every one of the over 4,500 lawyers reads their e-mail. I know I certainly have a hard time keeping up with mine. They got back, they claim, 56 responses. But when I first heard about it, and when Mr. Hong explained what was explained to him by the president of the Bar Association, the count was 28/25. Somehow, several days later, the newspaper was reporting that the count was 28/28, requiring the Bar Association to break the tie through the Board vote, which you just heard about. Nevertheless, how credible, how honest is the Bar Association’s recommendation? In this debate, I have to say not very credible at all.

“So that leaves us with a nominee – a dignified man who has support from both sides of the political aisle; who is eminently qualified; who has served this State and all of us well in his work, both in the volunteer arena and in his profession; a man whose temperament is an asset.

“I’m hoping, after the long debate that’s going to follow, that we are indeed going to make an informed and caring decision, and I know in my heart if we do so, that Ted Hong will be confirmed a judge.

“Thank you, Mr. President.”

Senator Sakamoto rose in opposition to the nominee as follows:

“Mr. President, I rise in opposition to consenting to this appointment.

“This isn’t about the strong points or the good points that have been brought out for the nominee, and I’m not doubting those many good points. However, this is about justice for all. This is about a fair trial.

“The expectation . . . the expectation when one enters a courtroom, anyone – attorney, plaintiff, defendant, others – the

expectation would be a fair trial and we should not have concerns, fears or doubts about the presiding judge. That's not why we enter a courtroom and those concerns have no place in a courtroom. We want and expect and we are owed a fair trial without needing to be concerned about the judge's actions.

"However, based on the concerns raised by others – be it 'ruffled feathers,' be it 'rubbing people the wrong way' – the Bar Association, attorneys, 'everyday citizens' have expressed their concerns. So I ask that another person be appointed, a person who would not raise the concerns that have been raised regarding this nominee so people may enter a courtroom not fearing the judge, with full expectation of a fair trial, a full expectation of justice in our courtrooms."

Senator Kokubun rose to speak in support of the nominee and stated:

"Mr. President, I stand in strong support of the Governor's nominee to the Circuit Court of the Third Circuit.

"This should be really no surprise to anyone because I have publicly stated that I firmly believe that Ted Hong is extremely capable of carrying out the responsibilities of a circuit court judge with tremendous integrity and fairness. I concur with the statements made by the good Chair of the Judiciary and Hawaiian Affairs Committee in her recommendation to this body.

"It was a remarkable experience, Mr. President, attending the marathon hearing conducted by your Committee on Judiciary and Hawaiian Affairs. Although not a member of the Committee, I felt compelled to be there to experience directly the emotion and sincerity of those testifying and the reaction and response of the nominee and his family. But I readily admit that I had to leave occasionally to attend to certain natural functions, unlike some of the conscientious Committee members and others in attendance. At my age, Mr. President, the mind may be willing, but this body . . . well, it requires more attention – let's put it that way. (Laughter.)

"In all seriousness, Mr. President, I'm very, very grateful to the members, all the members, of your Judiciary and Hawaiian Affairs Committee for the dedication and perseverance they all displayed during the close to nine hours of, at times, very intense testimony. Throughout the proceedings, the members, our colleagues, were very respectful and attentive to all the testifiers and, in my opinion, clearly raised the stature of this Legislative Body by their conduct of evenhandedness and fairness.

"To the good Senator from, 'the country' – Waianae, who Chairs this Committee, you never cease to amaze me with your senatorial temperament. I know that all who participated in or observed Wednesday's proceedings appreciate your abilities and manner to create the necessary atmosphere of respect and fair play.

"Mr. President, to all the members of your Committee on Judiciary and Hawaiian Affairs, mahalo on a job well done.

"As most of you know, many residents from the Big Island traveled to Oahu to participate in the hearing. I am very, very grateful for their willingness and commitment to engage in this process. The many attorneys, students and faculty from UH Hilo, and many private citizens truly epitomized the strong sense of community of East Hawaii. Some even joked about the presence of Ka Ua Kani Lehua, the heralded rain of Hilo that appeared in Honolulu that day. To all who participated, mahalo.

"Mr. President, as I have stated, you and your colleagues know where I stand with respect to this gubernatorial nominee to the third circuit court. We must all act conscientiously and with deep conviction to do what is right for Hawaii.

"Thank you. I also, Mr. President, request a Roll Call vote."

The Chair so ordered.

Senator Inouye rose to speak against the nomination and said:

"Mr. President, I rise to speak in opposition to the nomination of Mr. Ted Hong to the Circuit Court of the Third Circuit in Hilo.

"Fellow colleagues and Mr. President, I have a number of significant concerns with this nomination, and I would like to take a few moments to outline them for you. One point I need to make right up front – I represent the first district of the Big Island. I feel that the people of the Big Island deserve the best and the brightest that our State has to offer and that whoever is picked for the bench has to be held to the highest standard.

"This Body has always relied on the recommendations of the Hawaii State Bar Association, and it is very significant that they have given Mr. Hong an unqualified rating. The reasons for their rating are also significant and deserve our full consideration.

"While serving as deputy corporation counsel for the County of Hawaii, Mr. Hong's conduct raised significant questions about his fitness to be a judge. I quote from the testimony of Antonia or 'Toni' Wurster, as we know her, 'He lacks the essential qualities of a judge – respect for others, respect for the law, a sense of fairness, and objectivity.' Ms. Wurster's experience with Mr. Hong reflected what she called a marked and hurtful prejudice without examination of the facts. And she was referring to a very ill tempered comment Mr. Hong made to her during a court proceeding. That comment derided her and her husband without cause, mocking them without understanding that her husband was in fact in very poor health. In that incident, Mr. Hong acted with personal malice in a court hearing where he had a responsibility to be fair and open-minded. And that's not the kind of behavior we have a right to expect from a judge.

"It's very important for the members of the public, like Ms. Wurster, to have a say in the judicial appointment process. A judge's behavior with ordinary people, ordinary folks, deserves close scrutiny because it is everyday citizens who may be affected by his day-to-day behavior as a judge. Therefore, it is only right, in this process before the Senate, for citizens to voice their opinions.

"I've heard from many people in my district about this nomination. A number of members of the Big Island Bar have called me, people who did not submit testimony but want their voices to be heard. They share my belief that in the short period of time he worked in Hawaii County, Mr. Hong has shown his shortcomings in his inability to deal with issues in a manner that's so important in his profession. They have also reminded me that the Senate has a vital responsibility here to uphold the integrity of the process by which judges are named to the bench.

"That process, Mr. President and colleagues, has always relied on the recommendation of the professionals – the members of the Hawaii State Bar Association. That process has already served us well in past confirmation proceedings and there is no reason to subvert it now. Twenty-eight members of the State Bar saw fit to oppose Mr. Hong's nomination, acting

independently of one another. I have no doubt that their decision to oppose Mr. Hong's nomination was made out of conscience and that it was not an easy decision for them. It's not often that we hear these kinds of expressions of concern and we should not take them lightly.

"Practicing attorneys can be adversarial if they choose. That's their job. They can be confrontational. But judges are held to a different standard. Mr. Hong's ability as an attorney is not in question here. It is his ability to obey that higher standard that we must set for those who sit in judgment on their fellow citizens.

"Mr. Hong lacks the judicial temperament required for this appointment. Mr. President, the Senate has a vital responsibility in this matter. We are the gatekeepers. It is we who set the standard. Serious questions have been raised. Other candidates, people with excellent qualifications and exemplary conduct and behavior, are available to us.

"Mr. President, in closing, I will be voting 'no' on this nominee. Mr. Hong, as I have been saying all along, lacks the necessary qualifications to be a circuit court judge, and this Body should oppose his nomination. Colleagues, I urge you to join me in setting a high standard for this position and join me in my opposition.

"Mahalo. Mr. President, may I request a Roll Call vote, please."

The Chair so ordered.

Senator Slom rose in support and said:

"Mr. President, I rise in very strong support of Gov. Msg. No. 152, the nomination of Ted H.S. Hong.

"I, too, want to start off by saying that in my eight years here in the Legislature, and many more years prior to this, I had never seen a hearing conducted so openly and so fairly as the one the other day. To show you how exciting it was, my staff did not go home on time. They stayed to watch to the very end. I don't know whether that was a characterization of how strong a person's kidney or bladder are or the subject matter. I also understand that somebody is going to be issuing the DVD set which will go right along next to the Godfather saga in overall excitement. (Laughter.)

"From now on, this is going to be a benchmark of how hearings should be conducted, not that they need to be nine hours, but that they need to be complete and they take on all comers and they're not afraid of any subject, any issue. And that's what was demonstrated the other day and it goes far beyond, goes far beyond one individual, one subject.

"But let's look at that individual and that subject. It was gratifying to see his family with him, as they are today. The old adage that the acorn does not fall far from the tree is absolutely apropos for those that know his father when he was the attorney general under Governor George Ariyoshi. His family are all dedicated to leadership, volunteerism, community service. They take pride in that.

"Mr. President, often people ask me, what are you doing down at the Legislature? How can you put up with what goes on down there? How could you run for office? And what they mean is, they're not talking about campaign spending, they're not talking about money, they're talking about lots of times the things that are said and that are done that are hurtful on a personal nature when people are trying to do their jobs and the things that some people try to read into, the motivations of

individuals. And I guess, Mr. President, the more active, the more outspoken, the more that a person is able to take a position, the more, sometimes, that criticism surfaces. And so, because of that, all of us know that many good people decline to run for or accept public office. But we're very fortunate that Ted Hong is not one of those people.

"He has accepted that role. He has demonstrated his leadership. He has demonstrated his qualifications. The head of the Judiciary Committee in her remarks at one point said, 'something is wrong here.' And maybe she was talking about the Hawaii State Bar Association in its procedures, or maybe she was talking about something bigger. I want to talk about something bigger.
