STAND. COM. REP. NO. 2256

Honolulu, Hawaii

FCb. 17

, 2006

RE:

S.B. No. 333

S.D. 1

Honorable Robert Bunda President of the Senate Twenty-Third State Legislature Regular Session of 2006 State of Hawaii

Sir:

Your Committee on Media, Arts, Science, and Technology, to which was referred S.B. No. 333, S.D. 1, entitled:

"A BILL FOR AN ACT RELATING TO TECHNOLOGY,"

begs leave to report as follows:

The purpose of this measure is to appropriate funds to the information processing services program to implement an interim alternate data center that will recover and restore information processing and telecommunication service in the event services are disrupted by a natural disaster or malicious activity, and a business plan for its implementation.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Human Services, Attorney General, Department of Transportation, High Technology Development Corporation, and High Technology Innovation Corporation.

Your Committee finds that in recent years, major natural disasters have focused attention on the need for disaster recovery planning to minimize the disruption of public services. An interim alternate data center would allow state and county agencies to continue to provide critical government services to the public in the event of a major disaster.

As affirmed by the record of votes of the members of your Committee on Media, Arts, Science, and Technology that is attached to this report, your Committee is in accord with the intent and

2006-1630 SSCR SMA.doc

purpose of S.B. No. 333, S.D. 1, and recommends that it be referred to the Committee on Ways and Means.

Respectfully submitted on behalf of the members of the Committee on Media, Arts, Science, and Technology,

CAROL FUKUNAGA, Chair

The Senate Twenty-Third Legislature State of Hawaii
