
A BILL FOR AN ACT

RELATING TO AGRICULTURAL TAX CREDITS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. In 1978, voters approved article XI, section 3,
2 of the Constitution of the State of Hawaii, which sets out the
3 framework for state policies to promote agriculture and the
4 conservation of productive agricultural lands in the State.
5 Article XI, section 3, reads as follows:

6 "The State shall conserve and protect agricultural lands,
7 promote diversified agriculture, increase agricultural self
8 sufficiency and assure the availability of agriculturally
9 suitable lands. The legislature shall provide standards and
10 criteria to accomplish the foregoing.

11 Lands identified by the State as important agricultural
12 lands needed to fulfill the purposes above shall not be
13 reclassified by the State or rezoned by its political
14 subdivisions without meeting the standards and criteria
15 established by the legislature and approved by a two-thirds vote
16 of the body responsible for the reclassification or rezoning
17 action."

1 To address the issue of important agricultural lands, Act
2 183, Session Laws of Hawaii 2005 (Act 183), was enacted. Act
3 183 establishes standards, criteria, and mechanisms to identify
4 important agricultural lands and implement the intent and
5 purpose of article XI, section 3, of the Hawaii State
6 Constitution.

7 Act 183 also recognized that while the supply of lands
8 suitable for agriculture is critical, the long-term viability of
9 agriculture also depends on other factors. These factors
10 include:

- 11 (1) Commodity prices;
- 12 (2) Availability of water for irrigation;
- 13 (3) Agricultural research and outreach;
- 14 (4) Application of production technologies;
- 15 (5) Marketing; and
- 16 (6) Availability and cost of transportation services.

17 Tax incentives are a critical component of the long-term
18 viability of agriculture on important agricultural lands in the
19 State. The legislature finds that it is in the public's
20 interest to assist agricultural businesses that hold a majority
21 of its lands within important agricultural lands by providing
22 incentives such as income tax credits.

1 The purpose of this Act is to establish an important
2 agricultural land agricultural business tax credit to assist
3 agricultural businesses that own, hold, or use their lands as
4 important agricultural lands.

5 SECTION 2. Chapter 235, Hawaii Revised Statutes, is
6 amended by adding a new section to be appropriately designated
7 and to read as follows:

8 "§235- Important agricultural land agricultural business
9 tax credit. (a) There shall be allowed to each taxpayer
10 subject to the taxes imposed by this chapter an income tax
11 credit, which shall be deductible from the taxpayer's net income
12 tax credit liability, if any, imposed by this chapter for the
13 taxable year in which the credit is properly claimed.

14 (b) The amount of the credit shall be one hundred per cent
15 of the qualified agricultural costs incurred by an agricultural
16 business during the taxable year; provided that this amount
17 shall be reduced pursuant to subsection (c). No other credit
18 may be claimed under this chapter for the qualified agricultural
19 costs for which a credit is claimed under this section for the
20 taxable year.

21 (c) The amount of the qualified agricultural costs
22 eligible to be claimed under this section shall be reduced by

1 the amount of funds received by an agricultural business during
2 the taxable year from the irrigation repair and maintenance
3 special fund under section 167-24.

4 (d) The cost upon which the tax credit is computed shall
5 be determined at the entity level. In the case of a
6 partnership, S corporation, estate, trust, or other pass through
7 entity, the allowable tax credit may be claimed by the partners,
8 shareholders, beneficiaries, or members.

9 If deduction is taken under section 179 (with respect to
10 election to expense depreciable business assets) of the Internal
11 Revenue Code, no tax credit shall be allowed for that portion of
12 the qualified agricultural cost for which the deduction is
13 taken.

14 The basis of eligible property for depreciation or
15 accelerated cost recovery system purposes for state income taxes
16 shall be reduced by the amount of credit allowable and claimed.

17 No credit shall be allowed for those costs for which a
18 credit is claimed under this section.

19 (e) If the tax credit under this section exceeds the
20 taxpayer's income tax liability, the excess of credit over
21 liability may be used as a credit against the taxpayer's income
22 tax liability in subsequent years until exhausted.

1 All claims for a tax credit under this section, including
2 amended claims, shall be filed on or before the end of the
3 twelfth month following the close of the taxable year for which
4 the credit is claimed. Failure to comply with the foregoing
5 provision shall constitute a waiver of the right to claim the
6 credit.

7 (f) The director of taxation shall prepare any forms that
8 may be necessary to claim a credit under this section. The
9 director may also require the taxpayer to furnish information to
10 ascertain the validity of the claim for credit made under this
11 section and may adopt rules necessary to effectuate the purposes
12 of this section pursuant to chapter 91.

13 (g) The department of agriculture, in consultation with
14 the department of taxation, shall determine the types of
15 information that is necessary on an annual basis to enable a
16 quantitative and qualitative assessment of the outcomes of the
17 tax credit to be determined. Every taxpayer, no later than the
18 last day of the taxable year following the close of the
19 taxpayer's taxable year in which qualified costs were expended,
20 shall submit a written statement to and certified by the
21 department of agriculture.

1 Any taxpayer failing to submit information to the
2 department of agriculture in the manner prescribed by the
3 department of agriculture prior to the last day of the taxable
4 year following the close of the taxpayer's taxable year in which
5 qualified costs were expended shall not be eligible to receive
6 the tax credit, and any credit already claimed for that taxable
7 year shall be recaptured in total. The amount of the recaptured
8 tax credit shall be added to the taxpayer's tax liability for
9 the taxable year in which the recapture occurs.

10 Notwithstanding any law to the contrary, a statement
11 submitted under this subsection shall be a public document.

12 (h) On an annual basis, the department of agriculture, in
13 consultation with the department of taxation, shall submit a
14 report evaluating the effectiveness of the tax credit. The
15 report shall include but not be limited to findings and
16 recommendations to improve the effectiveness of the tax credit
17 to further encourage the development of agricultural businesses
18 that own, hold, or use important agricultural lands.

19 (i) The tax credit allowed under this section shall be
20 available for taxable years beginning after December 31, 2006.
