# SENATE CONCURRENT RESOLUTION

REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO STUDY OTHER STATES' ADULT PROTECTIVE SERVICES AND COMPARE THEM TO HAWAII'S ADULT PROTECTIVE SERVICES.

1           WHEREAS, the United States Senate Special Committee on  
2 Aging has estimated that up to five million adults each year are  
3 victims of neglect, exploitation, or other abuse; and  
4

5           WHEREAS, other studies indicate that up to six per cent of  
6 the national population of older adults has experienced some  
7 type of abuse, neglect, or exploitation; and  
8

9           WHEREAS, there is no national, uniform reporting system to  
10 document the numbers of older Americans who experience abuse, so  
11 the number of these individuals can only be estimated; and  
12

13           WHEREAS, adult protective services are mandated for adult  
14 victims of abuse in each of the fifty states and the District of  
15 Columbia; and  
16

17           WHEREAS, the eligible recipients of these services vary by  
18 jurisdiction; and  
19

20           WHEREAS, in most states, services are provided to any  
21 vulnerable adult, while in other states the services are  
22 provided only to individuals age sixty years and older or to  
23 younger individuals with disabilities; and  
24

25           WHEREAS, results of a recent Elder Abuse Incidence Study  
26 shed light on a significant problem of elder abuse and neglect  
27 among elders living in their own homes and who have gone largely  
28 unidentified and unnoticed; and  
29

30           WHEREAS, the study noted that only one in five new  
31 incidents of abuse, neglect, or self-neglect are reported to  
32 adult protective services agencies; and

1  
2 WHEREAS, here in Hawaii, adult protective services provides  
3 crisis intervention, investigation, and emergency services to  
4 dependent adults who are reported to be abused, neglected, or  
5 financially exploited by others or seriously endangered due to  
6 self-neglect; and

7  
8 WHEREAS, there are just over eighty-four thousand elders  
9 that are seventy-five years or older in Hawaii; and

10  
11 WHEREAS, the University of Hawaii Center on the Family  
12 reports that between the years 2000 and 2030, the number of  
13 adults in Hawaii that are sixty years or older will increase by  
14 nearly ninety-four per cent and the number of adults that are  
15 eighty-five years or older will increase by one hundred  
16 seventy-four per cent; and

17  
18 WHEREAS, by 2030, the age distribution will be a smaller  
19 proportion of children and younger adults in relation to those  
20 who are sixty years or older; and

21  
22 WHEREAS, national estimates of the frequency of abuse  
23 towards this population range from five to ten per cent, which  
24 suggests that there may be four thousand or more cases of abuse  
25 in Hawaii each year; and

26  
27 WHEREAS, however, the Department of Human Services  
28 indicates that in 2006, it investigated five hundred fourteen  
29 cases, which suggests a large gap between those receiving  
30 services and those possibly experiencing abuse; and

31  
32 WHEREAS, there has been a great deal of discussion  
33 regarding whether the Department of Human Services is serving  
34 those who are most in need of adult protective services; and

35  
36 WHEREAS, there has also been concern regarding whether any  
37 changes to the current Adult Protective Services Law would  
38 result in an increased case load and consequential strain on  
39 case workers; now, therefore,

40  
41 BE IT RESOLVED by the Senate of the Twenty-fourth  
42 Legislature of the State of Hawaii, Regular Session of 2007, the  
43 House of Representatives concurring, that the Legislative

1 Reference Bureau is requested to study other states' adult  
2 protective services; and

3

4 BE IT FURTHER RESOLVED that in completing the study, the  
5 Legislative Reference Bureau should:

6

7 (1) Examine the other states' adult protective services  
8 laws and their implementation in the respective  
9 states;

10

11 (2) Obtain information regarding the total number of cases  
12 reported to the adult protective services of each  
13 state and the ratio of cases per capita for each  
14 state; and

15

16 (3) Discuss the typical case load for case workers in each  
17 state; and

18

19 BE IT FURTHER RESOLVED that the Legislative Reference  
20 Bureau is requested to submit a report of its findings to the  
21 Legislature no later than twenty days prior to the convening of  
22 the 2008 Regular Session; and

23

24 BE IT FURTHER RESOLVED that a certified copy of this  
25 Concurrent Resolution be transmitted to the Acting Director of  
26 the Legislative Reference Bureau.
