"EXECUTIVE CHAMBERS
HONOLULU
April 25, 2007

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1063

Honorable Members
Twenty-Fourth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1063, entitled "A Bill for an Act Relating to Legislative Vacancies."

The purpose of this bill is to require the Governor, in filling vacancies in the State Legislature and United States Senate, to select from a list of three names submitted by the political party of the former incumbent. Prospective appointees must have been members of the incumbent's party for at least six months prior to appointment, and incumbents who were not members of any political party could only be replaced by other non-party members.

The goal of the present law is to fill vacancies in the State Legislature and the United States Senate in a timely manner when such vacancies occur. These vacancies in elective office are appropriately filled by the Governor, who is elected by the public at large, and, as such, is accountable to the public. The process for filling vacancies in the United States Senate and the Hawaii State Legislature has been in place since 1970 and has not been shown to have compromised the integrity of the election process.

This bill places the ability for determining who may be appointed by the Governor with the political party leadership of the vacating

office holder. This is in spite of the fact that these individuals are not elected by the public and, as such, are not accountable to them.

Additionally, the bill, without any stated rationale, narrows the field of qualified candidates that the political party can consider to those who have been registered members of that party for at least six months prior to the appointment. Such a provision fails to recognize that this may unreasonably restrict the pool of potential candidates as the majority of people who personally and philosophically associate themselves with a political party and vote along party lines may not meet this requirement.

The Governor's ability and responsibility to select the most qualified person to fill a vacancy should not be so narrowly restricted.

For the foregoing reasons, I am returning Senate Bill No. 1063 without my approval.

Respectfully,
/s/
LINDA LINGLE
Governor of Hawaii"

The following messages from the Governor (Gov. Msg. Nos. 364 and 365) were received and announced by the Clerk and were placed on file:

Gov. Msg. No. 364, informing the House that on April 25, 2007, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without her signature, stating:

"Dear Mr. Speaker and Members of the House:

Re: Senate Bill No. 820 SD 1

On April 25, 2007, Senate Bill No. 820 SD 1 entitled "A Bill for an Act Relating to Developmental Disabilities" became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to extend the repeal date of Act 303, Session Laws of Hawaii 2006. Act 303 established a pilot project to expand the residential options of individuals with developmental disabilities or mental retardation to allow them to live in a setting of the person's choice if it is determined that "the person can be sustained with supports, the supports are attached to the person, and adequate consideration and recognition is given to the person's safety and well-being." Act 303 is scheduled to sunset on June 30, 2008. Senate Bill No. 820 SD 1 extends this sunset date to June 30, 2009.

In Governor's Message 861 (2006), I expressed concerns with regards to Act 303. These concerns have not been addressed, and Senate Bill No. 820 SD 1 further extends the date of Act 303. Therefore, my concerns with Act 303 are applicable to this bill.

First, Act 303 does not state how the person's choice of residential setting is to be made and how the Department of Health (DOH) is to support the choice. Under the current system employed by the Developmental Disabilities Division (DDD) of the DOH, DDD assists clients to locate licensed or certified homes. This program creates uncertainty over the DOH's role in selection of these residential alternatives even though State money is spent supporting the individual.

Second, Act 303 does not specify how to determine whether "adequate consideration and recognition" has been given to the person's safety and well-being. Act 303 does not mention licensing or certification requirements, an omission that could lead to an interpretation that the program allows placement in unlicensed or

uncertified homes. Allowing placement in unlicensed or uncertified homes poses a risk for the safety and well-being of persons with developmental disabilities or mental retardation because it is only through licensing or certification requirements that safety standards such as criminal history background checks of the home operator and periodic monitoring or unannounced home visits are maintained. Any program that purports to assist persons with developmental disabilities under the care of the State must include a degree of accountability within the system.

For the foregoing reasons, I allowed Senate Bill No. 820 SD 1 to become law as Act 40, effective April 25, 2007, without my signature.

Sincerely,
/s/
LINDA LINGLE"

Gov. Msg. No. 365, informing the House that on April 25, 2007, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without her signature, stating:

"Dear Mr. Speaker and Members of the House:

RE: Senate Bill No. 95 SD 1

On April 25, 2007, Senate Bill No. 95 entitled "A Bill for an Act Relating to Vacant Positions in the Department of Education" became law without my signature, pursuant to Section 16 of Article III of the State Constitution.

Senate Bill No. 95 repeals Section 302A-1115, Hawaii Revised Statutes, which promotes decentralization and facilitates restructuring of the Department of Education. The Legislature granted the department this flexibility to reallocate existing vacant positions and resources in the State and district offices to the school level via Act 89, Session Laws of Hawaii 1996. Senate Bill No. 95 repeals this language with the justification that the implementation of Act 51, Session Laws of Hawaii 2004, as amended by Act 225, Session Laws of Hawaii 2006, and the weighted student formula makes 302A-1115 unnecessary.

There are two concerns with this bill. First, the weighted student formula has not truly been implemented, in terms of dollars and discretion reaching the school level. In school year 2006-2007 only 10% of the weighted student formula has been implemented. In school year 2007-2008, only 15% of the formula will be implemented. For fiscal year 2007-2008 the Department of Education requested an additional \$20 million in funding to supplement "shortfalls" experienced by schools due to the 10% implementation of weighted student formula. Therefore, the argument that weighted student formula has rendered the decentralization and reallocation of vacant State or district office positions to the school level unnecessary is inaccurate because the weighted student formula has not been fully implemented. With the formula implemented only at 10%, there is no way to determine that this decentralization requirement is unnecessary.

Second, and more importantly, repealing this language allows the State and district Department of Education offices to keep their vacant positions and, in some cases, funding because the weighted student formula and Act 51 do not require the decentralization and reallocation of vacant State and district positions to the school level. On the contrary, under weighted student formula the school would be funding additional positions on their own through the per-pupil allocation, not by taking positions reallocated from State and district offices. Further, at this time the weighted student formula does not include State and district program funds, so none of this money currently goes to the school level. The Department of Education should not be allowed to keep vacant positions at the State and district office level, as well as the funding for these positions; these resources should be placed at the school level.

Therefore, for the foregoing reasons, I allowed Senate Bill No. 95 to become law as Act 41 effective April 25, 2007, without my signature.

Sincerely,
/s/
LINDA LINGLE"
