JUSTIFICATION SHEET

DEPARTMENT: Business, Economic Development and Tourism

TITLE: A BILL FOR AN ACT RELATING TO HOUSING.

PURPOSE: To exempt certain lessees from the ten-year buyback and shared appreciation equity restrictions under chapter 201H, Hawaii Revised Statutes.

MEANS: Amend section 201H-47(c), Hawaii Revised Statutes.

JUSTIFICATION: This bill allows projects that, pursuant to section 516-1, Hawaii Revised Statutes, comprise a sustainable affordable development to utilize the chapter 201H development process. Under this model, lessees of sustainable affordable leases who wish to sell their homes must sell back their homes to the lessor, which in turn resells the home to another income-qualified family. Such projects satisfy the intent of the buyback and shared appreciation restrictions, as they retain homes in the affordable inventory. If the traditional ten-year buyback and shared appreciation equity restrictions imposed by the HHFDC are applied, the sustainable affordable development model would not work.
