JUSTIFICATION SHEET

DEPARTMENT: Defense

TITLE: A BILL FOR AN ACT RELATING TO MOTOR VEHICLES.

PURPOSE: To provide vehicle tax and registration fee exemption to members of the National Guard and reserves.

MEANS: Add new section to Chapter 249, Hawaii Revised Statutes.

JUSTIFICATION: This exemption initiative is submitted to honor Hawaii residents that have volunteered to serve in the National Guard and reserves, and other armed services, including the Coast Guard. In supporting America's war on terrorism, many Hawaii residents, enlisted in the National Guard, reserves, and other armed services, including the Coast Guard.

This exemption will provide an incentive for retaining these combat experienced soldiers in their respective military units. Additionally, any benefits that the State and counties provide to Hawaii residents who have enlisted in the armed services, including the National Guard, Reserves, and Coast Guard, will assist in recruiting young men and women to become soldiers, sailors, airmen, and marines. Maintaining our military unit strength and personnel readiness is essential, when called upon, to perform its public safety mission. Passage of this measure would provide a tremendous incentive for the members of the National Guard and reserves to continue their membership upon their return from active duty and for active duty personnel to continue to serve their country.

Impact on the public: Loss of revenue to the State and counties is estimated at \$2,000,000.

Counties will lose revenues generated from vehicle registration fees, vehicle weight taxes, and beautification fees.
