JUSTIFICATION SHEET

DEPARTMENT: Health

TITLE: A Bill FOR AN ACT RELATING TO CRIMINAL HISTORY RECORD CHECKS OF PERSONS PROVIDING SERVICES TO CONSUMERS OF THE ADULT MENTAL HEALTH DIVISION OF THE DEPARTMENT OF HEALTH.

PURPOSE: This bill authorizes the Department of Health to expand its capacity to obtain verifiable information regarding criminal history of potential employees and contract providers of the adult mental health division.

MEANS: Add a new section to chapter 334, Hawaii Revised Statutes (HRS); amend sections 378-2.5(d) and 846-2.7(b), HRS.

JUSTIFICATION: In 2004, the Legislature passed Act 79 with the intent to expand DOH's authority to conduct criminal history record checks on potential employees and contract providers of the adult mental health division. However, the law amended section 321-171.5, HRS, which has been determined by the Attorney General to narrowly affect only mental health services for children and youth under the corresponding part XV of chapter 321. As a result, this measure is introduced to amend the enabling legislation for adult mental health division services, chapter 334, Hawaii Revised Statutes. This correction will allow AMHD statutory authority to conduct criminal history background record checks as originally intended by Act 79, Session Laws of Hawaii 2004.

Impact on the public: Increased confidence that healthcare workers have been screened for criminal offenses that could affect their work with vulnerable patients. A decreased risk of abuse of members of the public receiving services provided or

contracted by the adult mental health division.

Impact on the department and other agencies:

- 1) Administrative rules will need to be developed prior to implementation of the practice allowed by this bill.
- 2) The procedures may need to be reflected in collective bargaining agreements.
- 3) Private nonprofit agencies will need to absorb the cost of criminal history background checks and this will increase the cost of contracting with these agencies.

GENERAL FUND: None.

OTHER FUNDS: The special fund will be influenced by the cost of conducting criminal history background checks. The adult mental health division and its contractors will implement criminal background checks, following the adaption of administrative rules, for newly hired employees having non-witnessed contact with division consumers.

Criminal history record checks consist of two parts, state and national, each with an associated cost, approximately \$25 and \$24 respectively. Funds paid to the Hawaii Criminal Justice Data Center for purposes of conducting the national record check are placed into the Criminal History Record Improvement Revolving Fund (CHRIRF). These funds are later paid to the Federal Bureau of Investigation after the record check is conducted and an invoice from the FBI is received. The passage of this bill may require an increase in the appropriation ceiling of the CHRIRF to correspond to the expected increase in special funds that pass through the CHRIRF as a result of this act.
