
A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is a pressing
2 need to assist medical centers in rural areas throughout the
3 state. Medical centers such as the Waianae coast comprehensive
4 health center (health center) have experienced severe financial
5 difficulties in recent years. For example, the health center
6 suffered a \$1,000,000 net loss with respect to its emergency
7 department in fiscal year 2005-2006, in spite of a \$1,000,000
8 state subsidy.

9 The legislature further finds that a larger state subsidy
10 is needed to cover the losses incurred by this critically
11 important medical facility. An appropriation of \$1,500,000
12 would cover seventy-five per cent of the net loss. In addition,
13 the legislature recognizes that a dependable, multi-year
14 financial commitment by the State in supporting emergency
15 medical services at the health center is the most effective way
16 to ensure that residents throughout the Waianae coast receive
17 appropriate medical care.

1 The purpose of this Act is to provide \$1,500,000 to the
2 health center for emergency services.

3 SECTION 2. There is appropriated out of the general
4 revenues of the State of Hawaii the sum of \$1,500,000 or so much
5 thereof as may be necessary for fiscal year 2007-2008 as a grant
6 pursuant to chapter 42F, Hawaii Revised Statutes, to the Waianae
7 coast comprehensive health center for emergency services.

8 The sum appropriated shall be expended by the department of
9 health for the purposes of this Act.

10 SECTION 3. This Act shall take effect on July 1, 2007.
