
A BILL FOR AN ACT

RELATING TO THE WEST MAUI TRANSPORTATION ACCESS PLAN.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that West Maui is one of
2 the largest generators of state and county revenues and is one
3 of the largest visitor destinations outside of Waikiki. Yet
4 access in and out of the region is served by only one major
5 highway that may be closed for days at a moment's notice, which
6 occurred in the past two years due to wildfires. In West Maui,
7 unlike in other areas where a full-blown natural disaster is the
8 cause for a total shutdown of transportation access, events and
9 accidents that do not rise to the level of an emergency have
10 closed the highway for days. Because of the non-emergency
11 status of these incidents, the State has no coordinated plan to
12 transport people into and out of West Maui during road closures.
13 Because there is no hospital in West Maui, such road closures
14 put peoples' lives at risk. They also divide families, as many
15 Maui residents work in West Maui but reside in other parts of
16 Maui county. The booming visitor industry in West Maui is also
17 jeopardized.

1 During July of 2007 when a fire closed the highway for
2 several days, a task force was created by the Department of Land
3 and Natural Resources to address transportation access to West
4 Maui. However, because no official support was mandated for
5 this group's work, the task force has dispersed. The
6 legislature finds that a West Maui transportation access plan is
7 critical.

8 The purpose of this Act is to require the Maui civil
9 defense agency to develop a West Maui transportation access
10 plan, which can serve as a model for developing plans in other
11 areas having similar problems, such as West Kauai, Wainee, and
12 the Kealakekua area.

13 SECTION 2. (a) The Maui civil defense agency shall create
14 an informal, temporary West Maui transportation access plan
15 working group within the agency to develop a West Maui
16 transportation access plan to address road closures in West
17 Maui. The working group may elect a chairperson from among its
18 members. The working group shall consist of the following
19 members:

20 (1) The administrator of the civil defense agency of Maui
21 county;

22 (2) The state senator representing district 5;

- 1 (3) The state representative representing district 10;
- 2 (4) The member of the Maui county council representing
- 3 West Maui;
- 4 (5) The director of transportation;
- 5 (6) The chief of the highway division of the department of
- 6 transportation;
- 7 (7) The mayor of Maui county;
- 8 (8) The director of the department of transportation of
- 9 Maui county;
- 10 (9) The police chief of Maui county;
- 11 (10) The fire chief of Maui county;
- 12 (11) A staff member of the department of land and natural
- 13 resources representing the Lahaina small boat harbor;
- 14 (12) A representative of Lahaina Bypass Now;
- 15 (13) A representative of the Kaanapali Beach Resort
- 16 Association;
- 17 (14) A representative of the Maui Visitor's Bureau;
- 18 (15) A Maui-based representative of Island Air;
- 19 (16) A Maui-based representative of the Car and Truck
- 20 Renting and Leasing Association;
- 21 (17) A representative of the Maui Hotel and Lodging
- 22 Association;

- 1 (18) A Maui-based representative of the Hawaii
2 Transportation Association;
- 3 (19) A representative of the Pacific Radio Group;
- 4 (20) A representative of Expeditions Lanai Ferry;
- 5 (21) A representative of Molokai Princess Ferry; and
- 6 (22) A Maui-based representative of Cruise Lines
7 International Association.

8 (b) The temporary working group shall develop a West Maui
9 transportation access plan to address road closures in West Maui
10 and may contract with a consultant to develop the plan without
11 regard to chapter 103D, Hawaii Revised Statutes.

12 (c) The temporary working group shall submit a written
13 report including findings, recommendations, the finalized West
14 Maui transportation access plan, and any necessary proposed
15 legislation to the legislature no later than twenty days prior
16 to the convening of the regular session of 2009.

17 SECTION 3. There is appropriated out of the general
18 revenues of the State of Hawaii the sum of \$ or so much
19 thereof as may be necessary for fiscal year 2008-2009 for the
20 West Maui transportation access plan temporary working group to
21 develop a West Maui transportation access plan, including the
22 hiring of a technical consultant.

1 The sum appropriated shall be expended by the county of
2 Maui for the purposes of this Act.

3 SECTION 4. This Act shall take effect upon its approval,
4 except that section 3 shall take effect on July 1, 2008.

Report Title:

West Maui Transportation Access Plan; Appropriation

Description:

Creates an informal, temporary West Maui transportation access plan working group to develop a West Maui transportation access plan. Allows hiring of a consultant without regard to the Hawaii procurement code to develop the plan. Appropriates funds. (HB2531 HD1)
