JAMES R. AIONA, JR. LIEUTENANT GOVERNOR

HOUSE COMMITTEE ON FINANCE SUPPLEMENTAL BUDGET REQUEST FOR 2008-2009 MONDAY, JANUARY 7, 2008 STATE CAPITOL, CONFERENCE ROOM 306

TESTIMONY OF THE OFFICE OF THE LIEUTENANT GOVERNOR (LTG 100)

Chair Oshiro, Vice-Chair Lee, and members of the House Committee on Finance, aloha mai kakou. My name is Kevin A. Souza and I am the Chief of Staff of the Office of the Lieutenant Governor. I am here today to testify on the Office of the Lieutenant Governor's supplemental budget request for fiscal year 2008-2009. The following is a summary of our office's objectives, performance results, problems and issues faced, and our program budget.

As you know, under Article V, Section 4 of the Hawaii State Constitution, the Lieutenant Governor acts in place of the Governor when the Governor is out of state. Additionally, the Office of the Lieutenant Governor's statutorily mandated duties include leadership as the Secretary of State and necessary administrative support in the efficient implementation of all Secretary of State duties. More specifically, pursuant to Section 26-1, HRS, the Lieutenant Governor is designated Secretary of State for intergovernmental relations and, in this capacity, directs and performs varied activities which are administrative, ministerial, and coordinative in nature. These activities include name change processing, administrative rules depository functions, certifications, apostilles, posting of board and commission hearing notices, and the sale and distribution of legislative publications. Beyond these duties, this office has been charged with the added and welcomed responsibilities of leading the Administration's efforts in the area of drug control.

We believe that today's strong economy and moderate revenue growth gives our state the opportunity to address current problems and make targeted investments in our future. But, this does not mean we should abandon fiscal discipline and open the spending floodgates. We support the Governor and you, the Legislature, in your effort toward managing a sound state budget. We all want to ensure a healthy economy for our State over the long run.

c. Explain how your program intends to meet its objectives in the upcoming supplemental year.

1. Projects

The Office of the Lieutenant Governor will efficiently coordinate its projects to maximize their results. It will work jointly and collaborate with as many community, public sector, and private sector interests as are appropriate on its projects.

2. Office Management

The Office of the Lieutenant Governor continues to cross train its staff in supporting the Lieutenant Governor in carrying out his ministerial duties as well as the overall mission of the office. Additionally, a plan to streamline and automate operations by providing enhanced electronic access to government information and services will be implemented. Workload evaluation will be an ongoing review by the Lieutenant Governor and his staff.

2. Program Performance Results:

a. Discuss the performance results achieved by each program in FY07.

1. <u>Constitutional Obligations</u>

The Lieutenant Governor continues to serve in place of the Governor, from time to time, when the Governor is out of state.

2. Statutory Obligations / Secretary of State

The Office of the Lieutenant Governor continues to provide leadership as the Secretary of State along with the necessary administrative support in the efficient implementation of Secretary of State duties. In this capacity, the Lieutenant Governor directed and performed varied activities which are administrative, ministerial, and coordinative in nature. These activities included name change processing, administrative rules depository functions, certifications, apostilles, the posting of board and commission hearing notices, and the sale and distribution of legislative publications.

3. The Hawaii Drug Control Plan

The Lieutenant Governor continues to provide leadership in developing and directing the State's response to illicit drug use and underage drinking. The Office of the Lieutenant Governor actively engages with stakeholders at the federal, state, county, and community levels to coordinate and facilitate collaborative efforts in the targeted areas of prevention, treatment, and interdiction/enforcement. The Drug Control Specialist, housed within the Office of the Lieutenant Governor, supports the administration's drug control strategy as the official liaison

between the office and the numerous private and public agencies and individuals involved in the effort against illicit drug use and underage drinking.

In addition to the above, the Office of the Lieutenant Governor played a significant role in numerous drug control initiatives over the past year, including:

- Facilitating a partnership between the Department of health and Department of Human Services in obtaining a 3-year, \$8.12 million Access to Recovery (ATR) grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). The initiative will provide recovery support services to parents in the Child Welfare Services system.
- Chairing the State Advisory council for the 5-year, \$11 million Strategic Prevention Framework State Incentive Grant from SAMHSA, which will fund and develop a coordinated, data driven substance abuse prevention infrastructure, including targeted prevention programming and formal evaluation.
- Chairing the State's Co-Occurring State Incentive Grant project task force that completed work on a Strategic Plan for Integrated Treatment of Co-Occurring Substance Use and Mental Disorders.
- Coordinating State support and participation in SAMHSA-led initiative to develop a specialized Strategic Plan to address Co-Occurring Disorders in the Native Hawaiian population.
- Advocating for the establishment of a Screening, Brief Intervention, Referral and Treatment (SBIRT) pilot program in local hospital emergency rooms and/or trauma centers. SBIRT is an evidence-based, best practice, model program that spans both the substance abuse treatment and prevention fields.
- Working with the Department of Human Services to allow for Medicaid reimbursement for substance abuse screening and brief intervention services provided in medical settings.
- Spearheading State support for an innovative pre-natal alcohol and drug Screening,
 Assessment, Referral and Treatment (SART) program in Hawaii Island. This
 community-based initiative aims to improve birth and child outcomes by responding
 specifically to the needs to alcohol and drug-using pregnant women.
- Re-establishing the Hawaii Advisory Commission on Drug Abuse and Controlled Substances (HACDACS) as an active and integral broad-based community advisory body on drug control matters.

House Committee on Finance Testimony on Supplemental Budget for 2008-2009 Office of the Lieutenant Governor (LTG 100) Page 7 of 12

- Supporting the Administration's (DLIR's) partnership with the private sector and workers' union to pass Act 179, allowing on-site substance abuse screening tests in the workplace.
- Coordinating with the White House Office of National Drug Control Policy (ONDCP) to hold a Regional Student Drug Testing Summit in Honolulu in March 2007.
- Leading the Administration's efforts to prevent and reduce underage drinking by
 participating in and supporting the Hawaii Partnership to Prevent Underage Drinking, and
 hosting the Surgeon General's visit to roll out the national Call to Action on Underage
 Drinking.
- Actively encouraging anti-smoking initiatives such as the Synar Tobacco Initiative to
 control the sale of tobacco products to minors. Due to strong prevention and education
 efforts to strict enforcement, Hawaii consistently ranks high in tobacco sale compliance
 rates.
- Coordinating public substance awareness campaigns that continue to educate the public
 on the problems, challenges, ongoing efforts, and triumphs in the field of illicit drug use
 and underage drinking. Organized activities and events for Substance Abuse Awareness
 Month (February), Alcohol Awareness Month (April), Teach-Ins for Underage Drinking
 Prevention (May), and Alcohol and Drug Addiction Recovery Month (September).
 - b. Explain how these results relate to the program's objectives and department's mission.

All project efforts and resultant outcomes relate directly to program objectives of: (1) achieving efficiencies and effectiveness where possible in State government; and (2) providing Administration and State leadership by addressing statewide, national, and international concerns which either affect or are of benefit to the people of Hawaii.

c. Explain how the effectiveness of the program is measured (i.e., outcomes, measures of effectiveness, benchmarks, etc.) and discuss the performance results achieved during the past two years.

In order to measure the effectiveness of programs, ongoing evaluations by the Lieutenant Governor and his staff are performed to ensure project goals are achieved. Additionally, critical functions are evaluated based on performance efficiency (i.e., constituent response times, public services, etc.).

d. Discuss the actions taken by each program to improve its performance results.

In addition to the previously discussed responsibilities, the Office of the Lieutenant Governor will continue to solicit feedback and input from community, public sector, and private sector interests on issues which affect the State of Hawaii, including, but not limited to, issues related to public safety and the Hawaii Drug Control Plan, as well as all constitutional and statutory obligations performed by the Office of the Lieutenant Governor.

 Please identify all modifications to your program's performance measures and discuss the rationale for these modifications.

There have not been any modifications made to our program's performance measures.

3. Problems and Issues:

a. Discussion of problems and issues encountered, if any.

The most challenging issue for the Office of the Lieutenant Governor is to implement as many projects as organizationally possible with limited office staff and resources.

b. Program change recommendations to remedy problems.

Efforts continue to be made to cross train staff in the Secretary of State duties as well as other duties to achieve the mission of the Office of the Lieutenant Governor.

c. Identify any program issues or problems that have affected or will affect the implementation of the program, and the corrective measures or remedies established or planned.

Not applicable.
