

# UNIVERSITY OF HAWAII SYSTEM

## Legislative Testimony

---

Testimony Presented Before the  
House Committee on Finance  
March 3, 2009 at 10:00am

by

Howard Todo

Vice President for Budget & Finance/CFO, University of Hawai'i

HB 0123 HD1 – RELATING TO THE UNIVERSITY OF HAWAII

Chair Oshiro, Vice Chair Lee and Members of the Committee:

Thank you for the opportunity to testify in strong support of this measure.

The purpose of this bill is to amend Act 161, Session Laws of Hawaii 2007, to increase the authorization to issue revenue bonds in total principal amount not to exceed \$250,000,000 for the purpose of financing the acquisition, construction, renovation and major repairs of facilities, and to extend the expiration date for the initial \$100,000,000 authority.

The University is in the process of issuing the \$100 million of revenue bonds granted under Act 161. We have been working with the bond underwriter, bond counsel, the State Department of Budget and Finance and the State Department of Attorney General on the issuance. The current financing schedule we have jointly agreed to and are following results in the issuance of the bonds on or around March 31. The extension of the expiration date for the initial \$100 million authority will allow sufficient time to encumber and expend those funds after the bonds are issued.

The additional bond issuance authorization is necessary to enable the University to more quickly address its growing facility needs and major repair and maintenance requirements. The projects listed in HB 123 HD1 have been approved by the Board of Regents as university projects for which the revenue bond proceeds may be used. These projects total an estimated \$202 million in costs. Accordingly, the Board of Regents directed University administration to request additional authorization from the Legislature of \$150 million to allow the University to pursue opportunities and needs which may arise between legislative sessions.

Let me take this opportunity to thank you for providing us the initial \$100 million of authority, which will allow us to address some critical needs of the University, while at the same time helping us to stimulate the economy by generating work which otherwise would have required waiting until after the Legislative session at least, to begin the bond issuance process. We now ask for your support in extending the expiration date of the initial authorization and providing us with additional authority.

We note, however, that under the current wording of the bill, the authority to issue the additional \$150 million of bonds expires at the end of fiscal year 2009-2010. We would much prefer that this authority be granted for the biennium, ending in FY 2010-2011 and request that the committee consider making this change in the wording of the measure.

Thank you for your support of the University of Hawaii.

Representative Marilyn Lee, Vice Chair

HB 123, HD1 -- RELATING TO THE UNIVERSITY OF HAWAII  
Tuesday, March 3, 2009  
10:00 am  
Conference Room 308

Chair Oshiro, Vice Chair Lee and Members of the House Committee on Finance:

My name is C. Mike Kido, External Affairs of the Pacific Resource Partnership (PRP), a labor-management consortium representing over 240 signatory contractors and the Hawaii Carpenters Union.

PRP is in strong support of the purpose and intent of HB 123, HD1, authorizing the UH Board of Regents to issue an additional \$150,000,000 in revenue bonds for the purpose of financing the costs of construction or costs of maintenance of university projects. We also support the amendment of ACT 161, Session of Laws of Hawaii 2007, to increase the bond issuance limit from \$100,000,000 to \$150,000,000 and extend the authority to issue bonds from the ending FY2009-2010 to ending FY2010-2011.

The additional revenue bonds and extension requests would help with critical facility repairs/needs and would help stimulate our economy by bringing much needed jobs.

Thank you for the opportunity to share our views with you and we respectfully ask for your consideration on HB 123, HD1.
