JAMES R. AIONA, JR. LIEUTENANT GOVERNOR

٦.

SENATE COMMITTEE ON WAYS AND MEANS HOUSE COMMITTEE ON FINANCE BUDGET BRIEFING FOR FISCAL BIENNIUM 2009-2011

OFFICE OF THE LIEUTENANT GOVERNOR (LTG 100)

Narrative

The Lieutenant Governor's Office, in conjunction with the Governor, provides leadership and sets policies and priorities to all state programs. The Hawai'i Constitution requires that the Lieutenant Governor act in place of the Governor when the Governor is out of state. Moreover, by statutory mandate, the Lieutenant Governor is designated as Secretary of State for the State of Hawai'i. This designation requires the Office of the Lieutenant Governor to perform a variety of activities which are administrative, ministerial, and coordinative in nature. These activities include name change processing, administrative rules depository functions, certifications, apostilles, posting of board and commission hearing notices, and the sale and distribution of legislative publications.

The recent downward trend in our state economy has no doubt affected state policies and priorities. The Governor and Lieutenant Governor have continued to provide executive management and leadership to state agencies, albeit with an enhanced emphasis on job creation, economic revitalization, and other core governmental support services. The Lieutenant Governor has assisted the administration in the design and development of an economic recovery plan that is designed to sustain jobs and enhance Hawai`i`s infrastructure. As a key component to this plan, the Lieutenant Governor will be providing leadership to all executive agencies and information to the public on important state economic issues.

The Office of the Lieutenant Governor, like all government entities, has felt the pinch of decreased tax revenues, weakening forecasts, and budget restrictions. These economic conditions have required our office to closely scrutinize and/or eliminate certain office expenditures, including, but not limited to, travel, office equipment, supplies, postage and other miscellaneous office expenditures. Moving forward, further reductions are being proposed for FY 10 and FY 11. These contemplated reductions will likely result in the loss of support staff and the reduction of current salary levels. Despite reductions, the Office of the Lieutenant Governor is committed to maintaining core services to the public, like name changes, document authentication,

administrative rules services, sale of state publications, dissemination of legislative acts, and the management of government hearing notices.

Finally, the Office of the Lieutenant Governor will continue to work collaboratively with the Office of Information Practices (OIP) as an attached agency to ensure that current economic conditions do not affect the public's access to information.

Mission Statement

The core mission of the Office of the Lieutenant Governor is to enhance the efficiency and effectiveness of state programs by providing leadership and executive management and by developing policies and priorities for all state programs. Under Article V, Section 4 of the Hawaii State Constitution, the Lieutenant Governor acts in place of the Governor when the Governor is out of state. Additionally, the Office of the Lieutenant Governor's statutorily mandated duties include leadership as the Secretary of State and necessary administrative support in the efficient implementation of all Secretary of State duties. More specifically, pursuant to Section 26-1, HRS, the Lieutenant Governor is designated Secretary of State for intergovernmental relations and, in this capacity, directs and performs varied activities which are administrative, ministerial, and coordinative in nature. These activities include name change processing, administrative rules depository functions, certifications, apostilles, posting of board and commission hearing notices, and the sale and distribution of legislative publications.

Functional Statement For The Office Of The Lieutenant Governor

a. Summary Of Program Objectives.

To enhance the effectiveness and efficiency of state programs by providing leadership and executive management and by developing policies and priorities to give program direction.

b. Description Of Program Objectives.

- 1. Pursuant to Article V, Section 4 of the Hawaii State Constitution, the Lieutenant Governor acts in place of the Governor in the event of the Governor's absence from the State.
- 2. The Lieutenant Governor provides leadership as the Secretary of State and necessary administrative support in the efficient implementation of all Secretary of State duties. More specifically, pursuant to Section 26-1, HRS, the Lieutenant Governor is designated Secretary of State for intergovernmental relations and, in this capacity, directs and performs varied activities which are administrative, ministerial, and coordinative in nature. These activities include name change processing, administrative rules depository functions, certifications, apostilles, posting of board and commission hearing notices, and the sale and distribution of legislative publications.
- 3. The Lieutenant Governor performs duties and implements projects assigned by or on behalf of the Governor. At this time, these duties have centered on public safety and human services, including the Hawaii Drug Control Plan. More specifically, the Lieutenant Governor has been asked to provide leadership and to develop policies and priorities in the area of combating illicit drug abuse and underage drinking in the State of Hawaii which directly affect public safety and the State's human services. The Lieutenant Governor has also been tasked with other policy projects dealing with public safety, including both corrections and law enforcement initiatives.
- 4. The Lieutenant Governor provides administrative support to the Office of the Lieutenant Governor's attached agency, the Office of Information Practices.

5. Finally, the Lieutenant Governor provides timely information to public and constituent queries, concerns, and problems.

The Hawaii Drug Control Plan

The Lieutenant Governor continues to provide leadership in developing and directing the State's response to illicit drug use and underage drinking. The Office of the Lieutenant Governor actively engages with stakeholders at the federal, state, county, and community levels to coordinate and facilitate collaborative efforts in the targeted areas of prevention, treatment, and interdiction/enforcement. The Drug Control Specialist, housed within the Office of the Lieutenant Governor, supports the administration's drug control strategy as the official liaison between the office and the numerous private and public agencies and individuals involved in the effort against illicit drug use and underage drinking.

In addition to the above, the Office of the Lieutenant Governor played a significant role in numerous drug control initiatives over the past year, including:

- Facilitating a partnership between the Department of health and Department of Human Services in obtaining a 3-year, \$8.12 million Access to Recovery (ATR) grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). The initiative will provide recovery support services to parents in the Child Welfare Services system.
- Chairing the State Advisory council for the 5-year, \$11 million Strategic Prevention Framework State Incentive Grant from SAMHSA, which will fund and develop a coordinated, data driven substance abuse prevention infrastructure, including targeted prevention programming and formal evaluation.
- Chairing the State's Co-Occurring State Incentive Grant project task force that completed work on a Strategic Plan for Integrated Treatment of Co-Occurring Substance Use and Mental Disorders.
- Coordinating State support and participation in SAMHSA-led initiative to develop a specialized Strategic Plan to address Co-Occurring Disorders in the Native Hawaiian population.
- Advocating for the establishment of a Screening, Brief Intervention, Referral and Treatment (SBIRT) pilot program in local hospital emergency rooms and/or trauma centers. SBIRT is an evidence-based, best practice, model program that spans both the substance abuse treatment and prevention fields.
- Working with the Department of Human Services to allow for Medicaid reimbursement for substance abuse screening and brief intervention services provided in medical settings.

- Spearheading State support for an innovative pre-natal alcohol and drug Screening, Assessment, Referral and Treatment (SART) program in Hawaii Island. This community-based initiative aims to improve birth and child outcomes by responding specifically to the needs to alcohol and drug-using pregnant women.
- Re-establishing the Hawaii Advisory Commission on Drug Abuse and Controlled Substances (HACDACS) as an active and integral broad-based community advisory body on drug control matters.
- Supporting the Administration's (DLIR's) partnership with the private sector and workers' union to pass Act 179, allowing on-site substance abuse screening tests in the workplace.
- Coordinating with the White House Office of National Drug Control Policy (ONDCP) to hold a Regional Student Drug Testing Summit in Honolulu in March 2007.
- Leading the Administration's efforts to prevent and reduce underage drinking by participating in and supporting the Hawaii Partnership to Prevent Underage Drinking, and hosting the Surgeon General's visit to roll out the national Call to Action on Underage Drinking.
- Actively encouraging anti-smoking initiatives such as the Synar Tobacco
 Initiative to control the sale of tobacco products to minors. Due to strong
 prevention and education efforts to strict enforcement, Hawaii consistently ranks
 high in tobacco sale compliance rates.
- Coordinating public substance awareness campaigns that continue to educate the
 public on the problems, challenges, ongoing efforts, and triumphs in the field of
 illicit drug use and underage drinking. Organized activities and events for
 Substance Abuse Awareness Month (February), Alcohol Awareness Month
 (April), Teach-Ins for Underage Drinking Prevention (May), and Alcohol and
 Drug Addiction Recovery Month (September).

THE SENATE Committee on Ways and Means

INFORMATIONAL BRIEFING TESTIMONY FOR OFFICE OF INFORMATION PRACTICES
Program ID LTG105IA
(Office of the Lieutenant Governor)

Date: January 14, 2009

Time: 1:30pm

Place: State Capitol, Room 211

Chair Mercado Kim, Vice-Tsutsui, and members of the Senate Committee on Ways and Means, my name is Paul Tsukiyama, director of the Office of Information Practices ("OIP").

NARRATIVE

OIP's FY2010-11 budget reduction request was made in compliance with the 10%-20% mandatory deduction for state agencies. The request has resulted in a reduction of OIP's operating budget in the amount of \$4,492, which equates to a 42% reduction from OIP's FY08 other current operating expense appropriation (20). OIP plans to address this reduction by restricting all travel and office training, cancelling trade publication and legal reference material subscriptions, cancelling membership in Council on Governmental Ethics Laws (COGEL) organization, limiting the number of educational and guidance publications provided in hard copy, reducing mailing costs and other office related expenses as needed.

A reduction in OIP's measures and activities resulted in large part to understaffing during much of FY2008. OIP has a total of 7.5 authorized positions, which includes the director, four staff attorneys, and three staff members. In FY2008, one vacant full-time staff attorney position was filled in the third quarter of the fiscal year (or 4.5 months). Another staff attorney's hours was reduced to .75 FTE while another full-time staff attorney served as the interim director and only full-time staff attorney for approximately five months. The director position was filled approximately halfway into

Senate Committee on Ways and Means Informational Briefing Testimony for FY2010-11 for Office of Information Practices (LTG 105IA) Page 2 of 9 pages

the fiscal year. To address budget reductions, hours for one staff position were reduced. In FY2008, OIP was also actively involved in defending a lawsuit against OIP brought by the County of Kauai and significant staff resources were directed towards this end.

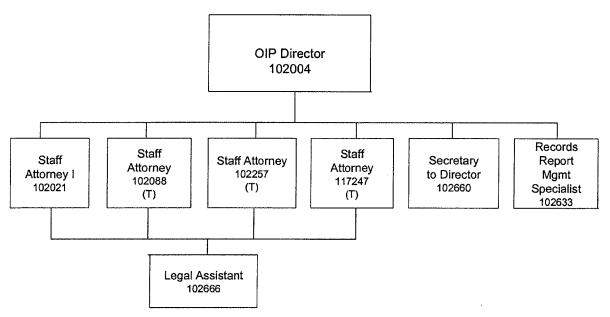

To address further reductions in its budget, OIP has reduced its employee costs by reducing hours for one attorney position and also further reduced its operational costs. This reduction will make it more difficult for OIP to achieve its objectives, although OIP continues its efforts to streamline procedures and to implement other methods to improve performance, such as the issuance of more informal opinions and summary dispositions. OIP has also identified the need to adjust its measures of effectiveness over the next four years to account for reduced staffing and other third party factors that affect its ability to meet those measures.

MISSION STATEMENT

OIP's mission is to protect the public's interest by ensuring, to the extent reasonably possible, that the governmental processes are open to public scrutiny and participation, that the public has access to government records, that government boards conduct their business in meetings open to the public unless permitted by statute to do otherwise, that government is accountable to individuals in the collection, use and dissemination of information about them, and that individuals' privacy interests are protected where disclosure would constitute a clearly unwarranted invasion of privacy; to assist the public in obtaining records; to resolve complaints and issues relating to the public's access to records and meetings; to assist government agencies and boards in complying with the public records and open meeting laws.

PROGRAM FUNCTIONS

List of functions performed by program:

Priority 1

Protection of the public's right to access government records and individuals' privacy rights in compliance with the Uniform Information Practices Act (Modified), Hawaii's public records law.

A. <u>Description of Function</u>. Protect the public's right to access records maintained by government agencies and individuals' privacy interests through: (1) reviewing and ruling on appeals from an agency's denial of access; (2) rendering advisory opinions concerning the public's right to access records; (3) assisting the public in obtaining responses to record requests where an agency fails to respond to a request as required under the UIPA and associated administrative rules; (4) providing general guidance concerning access issues; and (5) offering workshops and other educational training to agency personnel and the public.

This function is critical to protecting the public's right to know and the legislative intent that the governmental processes be as open as possible while protecting individuals' privacy rights.

Priority 3

Assist agencies with meeting their annual statutory obligations to maintain their reports under section 92F-18.

- A. <u>Description of Function</u>. The Records Report System (RRS) was developed in 1993 to comply with a legislative mandate [Haw. Rev. Stat. § 92F-18(b)]. That part of the <u>UIPA</u>, requires State and county government agencies to make a public report describing the records they maintain. OIP's Records Report System database facilitates collection of information from agencies and serves as a repository for all agency public reports under the UIPA. The RRS specialist conducts ongoing workshops and other educational training to agency personnel.
 - B. Performance Measures.
 - % of Agencies complying with record reporting system
 - # RRS Reports Inputted/Received
 - C. Statutory Reference. HRS § 92-F-18(b) (1993)

BIENNIUM BUDGET REDUCTIONS

Reductions to program proposed in the biennium budget. Below is a description of the approved budget reduction that will affect OIP's other current expense category (20) for the FY2010-11 biennium budget. These items have resulted in net a decrease to OIP's base budget pursuant to Act 158, Session Laws of Hawaii 2008.

| Expe | nse Reduction Description | <u>Amount</u> |
|------|---|---------------|
| 1. | Office Supplies | \$238 |
| 2. | Registration (re Training) | \$970 |
| 3. | Dues and Subscriptions | \$250 |
| 4. | Postage Costs | \$150 |
| 5. | Telephone and Telegraph | \$150 |
| 6. | Printing and Binding | \$491 |
| 7. | Advertising | \$100 |
| 8. | Rental of Office Equipment | \$600 |
| 9. | Office Furniture & Equipment (Repair/Maintenance) | \$300 |
| 10. | Misc Current Expenses | \$743 |
| 11. | Misc Expenses – Legal Reference Material | <u>\$500</u> |
| | TOTAL REDUCTION: | \$4,492 |

Impact as a Result of FY2010-11 Reduction. In compliance with the Governor's final funding decision of the 10%-20% mandatory deduction in FY2010-11, OIP will be required to further reduce its other current expense category (20) from \$24,816 to \$20,324, or by \$4,492. The reductions in FY2009 and FY2010-11 equate a decrease of approximately 42% from OIP's FY2008's other current expense category (20). OIP will address this additional reduction in operating costs by restricting all travel and office training expenses, reducing office equipment, cancelling trade publication and legal reference material subscriptions, cancelling membership in the Council on Governmental Ethics Laws (COGEL) organization, limiting the number of educational and guidance publications provided in hard copy, reducing mailing costs and restricting other office related expenses. OIP chose to reduce operating costs because OIP had already reduced staffing levels as a result of FY2009 restrictions that were carried forward as budget reductions for FY2010-11, which already hampers its ability to provide its primary services. OIP chose to reduce the specific costs listed because they do not impact the essential services provided or because alternative methods of providing those services may be implemented, such as providing opinions or educational materials in electronic form rather than in hard copy sent by regular mail. No public input was received concerning the impact of these reductions.

BIENNIUM BUDGET ADDITIONS

Additions to program proposed in the Biennium Budget. None.

RESTRICTIONS

<u>FY2009 Restriction: 16,044 (4%)</u>. During the 2008 legislative session, the Legislature removed \$10,404 from OIP's budget for FY2009. An additional 4% restriction, or \$16,044, has been restricted from OIP's FY2009 budget, for a combined total of \$26,448. We have reduced staffing levels and operational costs to meet these restrictions.

FY 2010-11 Reduction: \$20,536. The total reduction in FY2010-11 is \$20,536, which includes the \$16,044 (4%) restriction in FY2009 that will be carried forward as a reduction and the Tier 3 reduction of \$4,492 under Executive Memorandum 08-10.

OTHER SOURCES OF REVENUE

Revenue generating possibilities for program. There are no other revenue sources. OIP is funded entirely from general funds.
