A BILL FOR AN ACT

RELATING TO THE DEPOSIT BEVERAGE CONTAINER PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1	SECTION 1. The legislature finds that dietary supplements
2	are excluded from the definition of "deposit beverage" under
3	section 342G-101, Hawaii Revised Statutes, and their containers
4	are excluded from the deposit beverage container program. There
5	has been a significant increase in the number of beverages that
6	are marketed as "energy" or "dietary" supplement drinks.
7	Labeling of these products with the Hawaii recyclable refund
8	label (HI-5¢) is inconsistent, and beverages are often sold in
9	containers that are recyclable plastic, aluminum, or glass. The
10	legislature further finds that the intended uses of these
11	purported "energy" and "dietary" supplements are similar to, if
12	not the same as, the intended use of many other sports drinks,
13	sodas, and juice beverages that are sold in containers subject
14	to the deposit beverage container program.
15	The purpose of this Act is to include energy and dietary
16	supplement beverage, hard spirits, and wine containers in the
17	deposit beverage container program.
