APR - 9 2010

RE: S.R. No. 77  
S.D. 1

Honorable Colleen Hanabusa  
President of the Senate  
Twenty-Fifth State Legislature  
Regular Session of 2010  
State of Hawaii

Madam:

Your Committees on Public Safety and Military Affairs and  
Economic Development and Technology, to which was referred S.R.  
No. 77 entitled:

"SENATE RESOLUTION DESIGNATING THE PACIFIC AVIATION MUSEUM-  
PEARL HARBOR AT FORD ISLAND AS THE STATE MUSEUM OF AEROSPACE  
HISTORY,"

beg leave to report as follows:

The purpose of this measure is to designate the Pacific  
Aviation Museum-Pearl Harbor as the State Museum of Aerospace  
History, and to designate the aerospace historical experts at the  
Pacific Aviation Museum-Pearl Harbor as the curators of the  
State's historical aerospace artifacts.

This measure also:

- (1) Requests the State Museum of Aerospace History to  
establish, as one of its missions, a service to help the  
State to maintain and preserve its valuable aerospace  
artifacts;
- (2) Requests the State Historic Preservation Division of the  
Department of Land and Natural Resources to include  
aerospace history as part the State's historic  
preservation efforts; and

- (3) Empowers the aerospace historical experts at the Pacific Aviation Museum-Pearl Harbor as aerospace historical consultants to state agencies.

Your Committees received testimony in support of this measure from one state department, one military auxiliary entity, and five private entities. Written testimony presented to the Committees may be reviewed on the Legislature's website.

Hawaii has a long and rich history in aviation, beginning with World War II and extending through the current aerospace age of space exploration. Aerospace is also a strategic growth industry for Hawaii's future that offers scientific, educational, and commercial opportunities. However, it must not be forgotten that the roots of today's aerospace is in yesterday's aviation history. This measure is also a reminder, a tribute, and a memorial to aviation in the Pacific and to Pearl Harbor on December 7, 1941.

Additionally, the State needs to develop a unified approach to working with the military to preserve aerospace history as required by the National Historic Preservation Act. No state agency is currently charged with the responsibility of preserving Hawaii's aerospace history. As a consequence, the experts at the Pacific Aviation Museum-Pearl Harbor act as the State's aerospace history curators.

Your Committees have amended this measure by making a technical, nonsubstantive amendment.

As affirmed by the records of votes of the members of your Committees on Public Safety and Military Affairs and Economic Development and Technology that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 77, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 77, S.D. 1.

Respectfully submitted on  
behalf of the members of the  
Committees on Public Safety and  
Military Affairs and Economic  
Development and Technology,

  
CAROL FUKUNAGA, Chair

  
WILL ESPERO, Chair
