**RE: HB 2692,HD1 RELATING TO DISASTER
PREPAREDNESS PLANNING**

POSITION: STRONG SUPPORT

My name is Fetu Kolio , I would like to ask for your support in passing this bill HB 2692,HD1, because it makes perfect sense that the director of Civil Defense needs to prepare a disaster preparedness plan for the 44th and 45th House of Representatives district and report to the legislature in 2011.

HB 2692,HD1 would make it important, because when something happens as in a major disaster, there's already a disaster preparedness plan .

Thank you for hearing this bill and my testimony please help pass HB 2962,HD1 .
