THE SENATE TWENTY-SIXTH LEGISLATURE, 2011 STATE OF HAWAII

JAN 2 1 2011

S.B. NO. 1059

A BILL FOR AN ACT

RELATING TO ENVIRONMENTAL PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that single-use plastic 2 checkout bags present a hazard to the environment. Single-use 3 plastic checkout bags are not only a source of unsightly litter, 4 they are a significant source of environmental degradation that 5 crowds landfills with non-biodegradable waste, pollutes the 6 oceans, endangers marine life, and requires fossil fuels to 7 manufacture.

8 Around the world, plastic pollution contributes to clogged 9 waterways and damaged marine ecosystems and eventually finds its 10 way into the oceans through storm drains and watersheds. 11 Polyethylene, or polythene, is the most widely used plastic with 12 an annual production of approximately eighty million metric 13 Polyethylene is primarily used for packaging materials tons. 14 and is the most common material for plastic shopping bags. 15 Commercial polyethylene is not considered to be biodegradable, 16 and most commercial polyethylene waste ends up in landfills or 17 Once in the ocean, polyethylene plastic products the oceans. 18 float on the surface where, over time, sunlight and wave action 2011-0560 SB SMA-1.doc

1 cause them to break into smaller particles, but they never 2 disappear entirely. Plastic bags and other plastic pollution 3 pose a particular hazard for Hawaii's environment and marine wildlife. The "Great Pacific Garbage Patch", a giant 4 5 concentration of floating marine debris twice the size of Texas, 6 moves seasonally with the currents in the North Pacific Ocean 7 and frequently deposits plastic bags and other debris on the 8 Northwestern Hawaiian Islands and on the main islands of Hawaii. 9 The legislature further finds that the State has a 10 compelling interest in protecting its precious natural 11 environment by decreasing the amount of waste that flows into 12 its landfills. This Act follows the lead of several cities and 13 counties in the United States and several foreign countries that 14 have adopted laws that discourage the use of single-use plastic 15 checkout bags. Because Hawaii's economy, culture, and the 16 livelihood of its people depend heavily on preserving its 17 natural environment, the legislature finds that the State will 18 benefit by encouraging the use of reusable shopping bags. 19 The purpose of this Act is to reduce the State's production 20 of waste and its negative impact on the environment by 21 prohibiting the distribution of single-use plastic checkout bags 22 by certain businesses.

1 SECTION 2. Chapter 342H, Hawaii Revised Statutes, is 2 amended by adding a new part to be appropriately designated and 3 to read as follows: 4 "PART SINGLE-USE PLASTIC CHECKOUT BAGS 5 §342H-**Definitions.** As used in this part, unless the 6 context otherwise requires: "Business" means any commercial enterprise or 7 8 establishment, including sole proprietorships, joint ventures, 9 partnerships, and corporations, or any other legally cognizable 10 entity, and includes all employees of the business or any 11 independent contractors associated with the business. 12 "Reusable bag" means a bag with handles that is 13 specifically designed and manufactured for multiple reuse and is 14 made of cloth or other machine washable fabric or made of other 15 durable material suitable for re-use, including plastic that is 16 at least 2.25 millimeters thick. 17 "Single-use plastic checkout bag" means a bag made of non-biodegradable plastic, other than plastic greater than 2.25 18 19 millimeters thick, whether recyclable or non-recyclable, that is 20 provided by a business to a customer, and is designed for 21 one-time use to transport merchandise. 22 "Single-use plastic checkout bag" does not include:

1	(1)	Bags used by customers inside a business to package	
2		bulk items such as fruits, vegetables, nuts, grains,	
3		candies, or small hardware items prior to the point of	
4		sale;	
5	(2)	Bags used to contain or wrap frozen foods, meat or	
6		fish, flowers or potted plants, or other items to	
7		contain dampness;	
8	(3)	Bags used to protect prepared foods or bakery goods;	
9	(4)	Bags provided by pharmacists to contain prescription	
10		medications;	
11	(5)	Newspaper bags;	
12	(6)	Door hanger bags;	
13	(7)	Laundry or dry cleaning bags, including bags provided	
14		by hotels to guests to contain wet or dirty clothing;	
15	(8)	Bags sold in packages containing multiple bags	
16		intended for use as garbage, pet waste, or yard waste	
17		bags; or	
18	(9)	Bags used to contain live animals, such as fish or	
19		insects sold in pet stores.	
20	§342	H- Prohibition on single-use plastic checkout bags.	
21	(a) Begi	nning on July 1, 2012, businesses with annual gross	
22	sales of	over \$300,000 are prohibited from distributing single-

1 showing by a business subject to this Act that implementation of 2 this Act would cause undue hardship. The business shall submit 3 a request for an exemption in writing to the director of health. The term "undue hardship" may include the following: 4 Situations where there are no acceptable alternatives 5 (1) 6 to single-use plastic checkout bags, as defined in 7 this Act for reasons that are unique to the business; 8 and 9 (2) Situations where compliance with the requirements of 10 this Act would deprive a business of a legally-11 protected right. 12 SECTION 4. Nothing in this Act shall be interpreted or 13 applied so as to preempt any more stringent ordinance adopted by 14 any county. 15 SECTION 5. Nothing in this Act shall be interpreted or 16 applied so as to create any requirement, power, or duty in 17 conflict with any federal or state law. SECTION 6. This Act does not affect rights and duties that 18 19 matured, penalties that were incurred, and proceedings that were 20 begun before its effective date.
