LATE TESTIMONY

Comments:

HB56 –Support

The family courts decision process often is driven by exclusion. Too often grandparents lose access to their grandchildren by proxy. When a parent becomes the non-custodial parent, and for whatever reason cannot exercise their parenting time rights, by extension the grandparents lose access to their grandchildren.

HB616- Support

Military personnel or parents forced to relocate due to economic reasons. Too often lose their ability to communicate with their child. This bill provides an opportunity to implement the use of new technology so that children at least have some minimal contact with their non-custodial parent or deployed parent.

HB909 –Support

Treating property division during divorce with the same level of care as with partnership or corporation dissolution will help to mitigate the advantage of someone secretly planning a divorce by moving, wasting or indenturing assets as a means to gain an advantage in potential adversarial litigation. Also has a fiduciary they will have a responsibility and be personally held accountable for any wasting of assets. This also should prevent someone from monopolizing assets as a means to prohibit the opposing party from being able to have funds for daily needs or hire legal counsel.

In support on this bill.

Personally being brought up in a emotionally secure family with active Grandparents and support structure unfortunately children of split families are deprived by a parent either divorce, absentism, addictions, and losing a key factor and whole family support net structure. I support this bill so children may have the opportunity and rights to learn from our often wise positive influences including extended family & grandparents even through divorce. Please support this bill.
