UNFINISHED BUSINESS

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 639) recommending that H.B. No. 546, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 546, pass Third Reading, seconded by Representative Evans.

Representative Riviere rose to speak in opposition to the measure, stating:

"I rise in opposition. Mr. Speaker, I see this bill as well-intentioned in trying to make our society a better place. I fear that it may go too far and have unintended consequences. I think sometimes when we create laws and pass things, we limit what may be appropriate in the future. It seems to me that this bill is sufficiently vague that it could create issues where it really will affect businesses. I don't know how we can tell them what they can and cannot do in every single way and how these laws may affect them.

"So I have some grave concerns about a business owner's ability to operate his business on a day-to-day basis because I do believe this bill is a little too vague for what it's attempting to do. So I'm voting no. Thank you."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Riviere be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Yamane rose in support of the measure with reservations and asked that the remarks of Representative Riviere be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative Riviere be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose to speak in support of the measure with reservations, stating:

"With reservations and some comments. Just to elaborate a little further regarding what the Representative from the North Shore said. This is from the Hawaii Chamber of Commerce and I'd like to read some of their comments regarding this bill. They do apologize for not commenting on this bill earlier.

"Their Human Resources Committee met after the fact and are not opposed to the bill in concept. They support a person's freedom and desire to express his or her gender identity, but they do have concerns when it comes to enforcing this in a work place. These are the concerns that they hope that this Body will consider should it come back to the House of Representatives.

"There should be flexibility, and it should also be based on the employer. They really believe that legislation is not needed at this time. Employers should have the ability to apply gender-based grooming standards on employees. The employee should have to adhere to either male or female dress code grooming and daily habits. The employee in question should be held to only one gender and does not have the freedom to change back and forth on a day-to-day basis. There should be consistency in appearance of the employee.

"Regarding bathroom usage, this should be clearly identify and adhered to based on the gender or grooming standard applicable to the employee. The employer may choose which grooming standard to adhere to if there is any question.

"So the Chamber of Commerce, again they apologize for not giving comments earlier, but they do also see that this bill is quite vague and could have unintended consequences for them."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative Pine be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I wanted to ask for a ruling on a potential conflict. My wife works in human resources," and the Chair ruled, "no conflict."

Representative Yamane then asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I'll just be very brief. I'm surprised that people find there is vagueness in this bill. This language is taken directly from already existing law under HRS 706-662 having to do with hate crimes, as well as public accommodation's laws HRS 489-2. So in terms of

the vagueness and that question, I'm not really sure where that is coming from since that already is the existing law.

"Secondly, I believe it's already the existing practice being enforced by the Hawaii Civil Rights Commission. It's already something that they are administering through their Administrative Rules so really nothing has changed in terms of employers or businesses.

"Thirdly, I think this is important because under the United States Supreme Court case of Price Waterhouse v. Hopkins, they've already determined that sex discrimination includes gender identity and expression. We already have this law that's out there on the federal level, and we already have it on the administrative level. All we're doing is making it conform on the State statute level so we don't have confusion. Because the worst thing is when businesses think there's one standard out there and then there's another one that's being applied. So we're just making it consistent. Thank you."

Representative Pine rose to respond, stating:

"Just in rebuttal. I do want to thank the previous speaker for the clarification. You know, there's a lot of bills that are not heard in this, the House of Representatives, because some people claim that there's already a federal law therefore that this bill is not needed. So it seems like this bill is not needed. So I think we should make that point."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Unless this is imaginary, for the small businesses there's an actual case. It is anecdotal. There's no study, but where a business had a transgendered person and because of the inability to use one bathroom or the other because of other employee pressures, the employer built a third one.

"Now what the meaning of all that is, and in terms of this legislation, we don't know because of what the first speaker said, the unintended consequences. But that's a reality. That was a Honolulu-based business and it's something that we have to consider. For those reasons, I have reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 546, entitled: "A BILL FOR AN ACT RELATING TO CIVIL RIGHTS," passed Third Reading by a vote of 42 ayes to 2 noes, with Representatives Johanson and Riviere voting no, and with Representatives Cabanilla, Ching, C. Lee, Marumoto, McKelvey, Saiki and Takumi being excused.

At 12:48 o'clock p.m., the Chair noted that the following bill passed Third Reading:

"First, it's an infant industry. This takes away the infant formula. Our high tech industry is just starting to grow and this is going to pull back the incentive and discourage the capital to get into that industry. We're breaking our word for those who did make their investment.

Representative Pine rose to speak in support of the measure with reservations, stating:

"On Stand. Com. Rep. No. 661, I just want to note my reservations and a couple comments. I do sympathize with this issue because I do have some private roads in my district. However, this does take away funds from the State Highway Fund. But also what I'm concerned about is that basically it would allow a county to use the fuel tax to pay for private roads, and I think it's more appropriate for that particular county in question, for their County Council to vote to adopt those private roads as their own. But for some reason, they are supporting this measure and choosing not to take the route that they have the power to take. So that is my concern."

Representative Herkes rose to speak in support of the measure, stating:

"In strong support. As far as what the previous speaker said, a lot of the roads in Ocean View and lower Puna were built long before standards. The County cannot adopt them. Thank you."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, on Standing Committee Report 661, please note my reservations and just a few comments, please. Mr. Speaker, we had extensive discussion on this particular measure in the Finance Committee, and the fact here is that pursuant to Chapter 46-80.5 the counties already have the express authority to do this. They can create something called the Community Facilities District, and once that district is identified, the residents of that district are assessed a certain fee to pay for whatever infrastructure improvements are needed for that particular district.

"And so that really is the way we should be going. I think that this bill is unnecessary. Moreover there were some concerns that we did not have testimony from all of the Council Members, and we did not have testimony from the Mayor of the County as well. Moreover I just think this sets bad precedent to be passing bills to this extent when again the counties already have the ability to do this expressly in statute. Thank you, Mr. Speaker."

Representative Riviere rose to speak in support of the measure with reservations, stating:

"Reservations, please. I think we have plenty of State highways that are neglected and in desperate need of work. I would suggest that be the top priority for the State Highway Funds. Thank you."

Representative Hanohano rose to speak in support of the measure, stating:

"In strong support. As a rebuttal for our Representative Har. I talked to the County Mayor, Billy Kenoi. He's in agreement with the bill and so are all of the County Council Members. Last summer they passed out a Resolution to look at these issues to fix the roads, and this is what came out of it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1626, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FUEL TAXES," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Cabanilla, Ching, C. Lee, McKelvey, Saiki and Takumi being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 663) recommending that H.B. No. 562, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. I would encourage Members to please look at this. It temporarily suspends the distribution of a portion of the Conveyance Tax to the Land Conservation Fund. And when you look at the people who testified in opposition, the names practically take up a half a page of the Committee Report with the opponents of this measure. While the tax increase did go from 50% to 20%, it still is an additional tax increase on the level of taxation that we're taxing liquor at which is one the highest in the nation. And I'm very concerned about how that would affect from the tourism industry and then to jobs."

Representative Say rose to disclose a potential conflict of interest, stating:

And I know it's Chairman of the Board of a bank with political appointees as the Board Chair. That was the original bill. Now it's a study. But in terms of this State getting into the bank and its financial condition in these economic times, I think is an idea whose time should never have come at this particular point. Thank you."

(Main Motion)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker. I was going to have a speech for the motion to table this, but I think I'll save that for another day being that this is going to come up on Third Reading. I think we're heading in the wrong direction. And as AARP said very strongly and very succinctly in the Finance Committee, 'Don't come onto our territory with any tax.'

"Even though now this has lifted rather high up and people are saying, 'I'm escaping any taxation.' It's throwing in Social Security. It's throwing everybody in the hopper which at any time in the future this Body, between now and *Sine Die*, or any future legislation or legislature can push it down to where everybody gets it. And that was what the Governor started out with. \$37,500.

"With social security and pensions, as our esteemed colleague who is not here from East Honolulu said, 'This is almost cruel.' Now it's almost, not cruel, but in terms of getting on the playing field of taxing seniors even though these are seniors who supposedly have high incomes. Mr. Speaker, these are the guys who worked all their life to get where they are today so they could retire and we're saying we're changing the rules on you now.

"And I know you can't make this prospective, or maybe we could, but it's something that as AARP and a lot of us in this Caucus believe, we're heading down the wrong track with this. Thank you."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Fontaine rose in opposition to the measure and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to respond, stating:

"May I add that this is tax increase number seven for the day. Thank you."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I would just like to say to those who are opposed to this that the onus is really up to you now to determine where you're going to take the cuts to make up for this funding. When I look at my district and the fact that vector control is gone. You have rats in Chinatown now that the inspectors gone. So many of them are gone that it's harmful to business because we can't export our agricultural products. Or when our elevators aren't being inspected on a regular basis because we don't have the funds to do it.

"And of course the big one is Furlough Fridays for teachers. We did not have full school year last year because the decisions we made were to cut instead of to raise taxes.

"So it seems to me at this stage, the responsible thing to do is if you're going to fight tax increases, then you need to come up with the cuts to replace the lost funding. Mahalo."

Representative Ward rose, stating:

"Brief rebuttal."

Representative B. Oshiro rose to a point of order stating:

"Point of order, Mr. Speaker. This is his third time standing."

Representative Pine rose to respond, stating:

"I just want to expand on what he was supposed to say. The Minority Caucus will be coming out with an alternative budget. What's made it very difficult to come out with it sooner is that we haven't had true access to all the budget sheets. We will be just getting them this weekend. For those of you that have been on Finance, it's more than a novel. It's like 10 novels in one. And so to translate that into an Excel spreadsheet in a day is going to be very difficult when others have had months to work with this.

"We're very happy to work with the Majority to prevent, especially our elderly who have planned all of their lives and made crucial decisions at every point in their lifetime to decide to retire here, and be with their families here, to prevent them from being taxed. We believe that in principle, that taxing people who have already made these plans, and now

when many of them are too old to change their decisions or to go back to work is cruel, at any level.

"We do believe that taxing pensions opens the door for continuing to increase things. Just as we are in all these other tax increases we kept increasing the taxes on alcohol, increasing or reducing the amount of deductions that you can take. So it is a philosophy and we believe that this sets a precedent and a belief that pensions should be taxed."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Thank you. I appreciate the conversation that we had so far, but there is one thing that has not come up and it actually is something that made me pause and think. A lot of small business owners, they actually wonder why they get taxed. They work really, really hard. They save. They have their savings plans, and they work really hard, and they get taxed. So they believe that we should definitely consider the idea of taxing pensions.

"I think they're sensitive to the fact, and I think our Finance Chair also was very sensitive to the fact that some people plan and they have these fixed incomes. So the Finance Committee took that into consideration and raised who we were going to tax. They raised it to very high level. So I think that they're trying to reach that balance, and I think the fact that we're moving it forward for further discussion is a good idea.

"Talking to the small business community and understanding that they want to have equality and fairness in taxation needs to be considered in this discussion. So I think let's keep it moving forward, and obviously the public is going to talk to their State Representatives and give us a lot more input on this topic. Thank you."

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, I rise in strong reservations on this measure. Although the bill got amended to only include commercial arbitration, basically what happens is if you have a case that goes to arbitration and one side can't pay the bill, you're automatically in default. So I think that this is a little bit harsh. I think that if we're going to try to address something like this, we should look at maybe something that isn't so strong as a default. Thank you."

"Thank you, Mr. Speaker. In opposition. Thank you. I'd just like to point out to Members that in the Committee Report there's a number of groups in opposition including the Office of Hawaiian Affairs, Sierra Club Oahu Group, The Outdoor Circle, and many, many individuals.

"Now while I understand the concern that the CPAC may not be an effective body, I would point to the testimony of the OHA which suggest that rather than completely deleting wholesale the community input process through the CPAC, that, "while democracy can be a difficult, often frustrating and time consuming process, despite this difficulty a commitment to refining a more democratic process is at the core of building a more participatory and equitable society."

"In the testimony of HCDA, we in fact do see suggested amendments to ensure that public comment, community participation, and public notice be provided. So I would urge that as this measure passes over to the Senate that some of these considerations be looked at so that rather than wholesale deletion of a mechanism to enable community input and participation, we look at ways to make that participation more effective to address the concerns of the CPAC. Thank you, Mr. Speaker."

Representative Morita rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition and I'd like to adopt the words of the Representative from Makiki as my own, and reiterate that the Hawaii Community Development Authority's testimony had suggested amendments that would have demonstrated a continued commitment to promoting public participation and to make the public comment process a little bit more palatable and inclusive. And one of my concerns is that there are no flaws in this particular measure and it really warranted more discussion. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 680, entitled: "A BILL FOR AN ACT RELATING TO KAKAAKO," passed Third Reading by a vote of 42 ayes to 4 noes, with Representatives Belatti, Brower, Hanohano and Morita voting no, and with Representatives Cabanilla, Ching, McKelvey, Saiki and Takumi being excused.
