#### STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 46

Honorable Members  
Twenty-Sixth Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate [*sic*] Bill No. 46, entitled "A Bill for an Act Relating to Public Housing."

The stated purpose of this bill is to prohibit smoking of tobacco or any other plant material in all public housing projects, state and federal, owned and administered by the Hawaii Public Housing Authority. The bill would ban smoking within the residential units, designated common areas, and within twenty feet of any building, and smoking would only be allowed in designated smoking areas that are not within twenty feet of any building. The bill would take effect upon my approval.

I agree with the underlying objective of the bill. Smoking is a public health issue and we should encourage our citizens to stop, but I agree with the Hawaii Public Housing Authority that implementing an incremental ban throughout the housing projects within the next twelve months is a practical path to a successful plan. It is a fact that a number of the residents are chronic smokers and it would be difficult to expect them to stop immediately. Further, establishing designated smoking areas runs counter to what is desired for making public housing smoke-free.

The Authority has already held meetings and discussions with various tenant associations at the housing projects to provide sufficient notice to the residents of the coming smoking ban, and has established a schedule of when specific housing projects will be required to implement the smoking ban. Additionally, the Authority is already drafting proposed

administrative rules to implement the smoking ban consistent with the provisions of the bill. Accordingly, I believe the Authority should be allowed the opportunity to continue to implement the objective of the bill using its own administrative discretion.

For the foregoing reasons, I am returning Senate [*sic*] Bill No. 46 without my approval.

Respectfully,  
/s/ Neil Abercrombie

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 283, entitled "A Bill for an Act Relating to State Funds."

The purposes of this bill are to: (1) authorize the transfer during fiscal year 2012-2013 of \$196,000 from the Agricultural Loan Revolving Fund to the Pest Inspection, Quarantine, and Eradication Fund; and (2) appropriate \$196,000 for fiscal year 2012-2013 from the Pest Inspection, Quarantine, and Eradication Fund to be expended by the Department of Agriculture for a program to control and eradicate the coffee berry borer, including the destruction of feral coffee trees.

The transfer and use of moneys from the Agricultural Loan Revolving Fund for coffee berry borer control and eradication is not necessary. The Department of Agriculture has barrel tax funds available for control and eradication of this pest. Use of its barrel tax funds will enable the Department of Agriculture to address the coffee berry borer infestation while also preserving the use of moneys in the Agricultural Loan Revolving Fund to effectively promote agricultural development in the State.

For the foregoing reasons, I am returning House Bill No. 283 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1617, entitled "A Bill for an Act Relating to Public Lands."

The purposes of this bill are to: (1) authorize the Board of Land and Natural Resources to extend, for a period not longer than fifty-five years, commercial, hotel, resort, and industrial leases, when the lessee makes qualifying substantial improvements to the leased land; and (2) provide fair compensation when leased public land for agricultural and pastoral uses is withdrawn, condemned, or taken for public purposes. The compensation shall be in the form of rent reduction, value of permanent improvements, crop value, livestock value, or costs attributable to the diminished use of the land.

Part I of the bill on commercial, hotel, resort, and industrial lease extensions is so broad as to cover virtually every such Department of Land and Natural Resources lease transaction in the state. The bill will allow a lessee to keep exclusive use of public lands for up to 120 years, which is beyond the lifespan of the business owner and unfair to other businesses who desire an opportunity to bid on and use public lands. There is nothing to prevent present lessees from re-bidding subject lands in any subsequent offering. I have no objection to part II of the bill on agricultural and pastoral leases and will work with stakeholders next session to pass these provisions again.

For the foregoing reasons, I am returning House Bill No. 1617 without my approval.

Twenty-Sixth Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1671, entitled "A Bill for an Act Relating to Procurement."

The purposes of this bill are to: (1) require the State Procurement Office to keep statistics on various aspects of protests for the purpose of improving procurement procedures; (2) replace references to the "chief procurement officer" with "procurement officer"; (3) make final and not subject to appeal, the written determination of a procurement officer to lift the automatic stay imposed by the receipt of a protest; (4) require the procurement officer to compile a record of the protest; (5) establish and require different procedures for the administrative review of protests of solicitations and awards, and the administrative review of decisions to assess fines, suspend, and debar; and (6) impose time limits to expedite the protest review process, including time limits in which (a) the procurement officer must resolve a protest, issue a decision, and transmit the protest record to the hearings officer, (b) the hearings officer must commence an administrative review and issue a decision, and (c) the circuit court must issue a decision.

The legislative intent that this bill will expedite the protest review process may be difficult to achieve because of the operational burdens the bill imposes on the procuring agencies. This bill requires procuring agencies to compile a record of the protest, and states the record shall include as applicable, oral testimony, exhibits, and proposed findings of fact. These elements suggest a contested case type of proceeding must occur at the procuring agency level. I believe that requiring procuring agencies to conduct such a contested case proceeding may prove difficult for those agencies that do not otherwise conduct contested case hearings and lack experienced staff for such purpose. All agencies, regardless of their resources, will need to assign and train personnel to conduct these

proceedings and compile a record of the proceedings. Currently, the protest review process at the agency level is much more informal. The formal review of the agency decision is conducted by the hearings officers at the Department of Commerce and Consumer Affairs, who already are trained and experienced in conducting contested case type administrative hearings. This bill may create delays by shifting the adjudicatory process from the hearings officers to the agencies and requiring the agencies to grapple with the details of conducting a contested case type of hearing.

Further, because this bill would take effect on July 1, 2012, it would be difficult for the State Procurement Office to timely draft and conduct procurement training for all state agencies so that they could comply with the new protest review procedures required by this bill.

For the foregoing reasons, I am returning House Bill No. 1671 without my approval.

#### STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1984

Honorable Members  
Twenty-Sixth Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1984, entitled "A Bill for an Act Relating to Hawaiian Language."

The two purposes of this bill are to: (1) establish February as "'Ōlelo Hawai'i Month"; and (2) celebrate and encourage the use of the Hawaiian language by, among other things, requiring that effective January 1, 2013, all Hawaiian words that are included in documents and letterhead prepared by or for state and county agencies and officials, and all emblems and symbols representative of the State, its departments, agencies, and political subdivisions, are properly spelled, punctuated, and diacritically marked.

This bill has laudable and aspirational goals. However, the bill is so broad that it does not take into account the number of instances that Hawaiian words, particularly place names, are included in the myriad of documents state and county agencies type, print, or handwrite every day. Nor does the bill adequately address the resources required to assure that all Hawaiian words are spelled, punctuated, and diacritically marked correctly.

Additionally, the consequences of not properly spelling, punctuating, or diacritically marking a Hawaiian word used in a document a state or county agency prepares are unclear. Words used in a document prepared by a government agency should be accurate, appropriate, and spelled and diacritically marked correctly. However, despite proofreading and spell-checks, documents state and county agencies prepare may include words that are misspelled or incorrectly marked diacritically. State and county agencies routinely prepare documents that are, or could be legally significant. Given this reality, it would be imprudent to implement this measure without knowing the effect of a misspelled word in a contract, deed, order, or judgment a state or county agency or court prepares, because of the possibility that such documents might be rendered invalid or unenforceable.

Alternatively, February will be designated "'Ōlelo Hawai'i Month" by proclamation. Furthermore, a working group will be established to evaluate these issues, and determine how to implement these goals without creating unnecessary challenges.

For the foregoing reasons, I am returning House Bill No. 1984 without my approval.

The purpose of this bill is to require law enforcement agencies to accept cash bail, certified copies of pre-filed bail bonds, and original bail bonds when the court is closed, including nights, weekends, and holidays, to facilitate the prompt release of a detainee.

The Department of Public Safety does not have the staff, funds, and facilities to provide these additional services. STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2214

Honorable Members  
Twenty-Sixth Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2214, entitled "A Bill for an Act Relating to Collective Bargaining."

The purpose of this bill is to amend chapter 89 of the Hawaii Revised Statutes (HRS) to transfer from the Legislature to an arbitration panel the authority to decide amounts of contributions paid by the public employers to the Hawaii Employer-Union Health Benefits Trust Fund ("EUTF") in case of disputes or impasses between the unions and the public employers. This would make the arbitration award as to EUTF contributions final and binding on the parties.

This bill is objectionable because it is inappropriate. In 1984 when the Legislature amended section 89-9, HRS, to mandate collective bargaining over "the amounts of contributions by the State and respective counties to the Hawaii public employees' health fund," the Legislature specifically excluded amounts of contributions from arbitration as a means to resolve impasses or disputes. Instead, the Legislature retained the authority to make such decision if the parties have not reached an agreement. The alternative proposed by this bill, of specifically including amounts of contributions as a subject of arbitration, is counter-productive to collective bargaining and sound financial planning.

EUTF contributions comprise a large and growing portion of the State's budget, and an arbitration panel whose members are not accountable to the public should not make decisions regarding them. The fact that there is no history of actual public employer EUTF contribution arbitration awards in Hawaii also increases the uncertainty regarding a negative outcome for the financial stability of the State.

Further, if an arbitration award exceeds the amount that the public employers can afford to pay, an arbitration decision will be final and binding on the union and the public employer, and the public employer would be required to take whatever action is necessary to carry out and effectuate the arbitration award. The City of Scranton, Pennsylvania, recently experienced a similar scenario with disastrous results.

In Hawaii, an arbitration award would not be binding on the Legislature with regard to funding of cost items. Thus, legislative approval would still be required of any arbitration award. If the Legislature rejected the cost items, such matters would be returned to the parties for further negotiation. However, requiring the parties to renegotiate in a rapidly declining or unsettled fiscal situation in the wake of the arbitration proceedings serves only to highlight competing interests.

The involvement of multiple arbitration panels from different bargaining units subject to interest arbitration will increase the likelihood of variability in the EUTF contribution amounts, which would make the planning and administration of health premiums more difficult. Arbitration in these circumstances works against good faith collective bargaining.

For the foregoing reasons, I am returning Senate Bill No. 2214 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2424, entitled "A Bill for an Act Relating to Professional Employer Organizations."

The purpose of this bill is to facilitate the implementation of the professional employer organization law established by Act 129, Session Laws of Hawaii 2010. In 2007, the Legislature passed Act 225, relating to professional employer organizations (PEOs), now codified as chapter 373K, Hawaii Revised Statutes. The primary purpose of Act 225 was to provide a general excise tax exemption for PEOs. Act 225 also addressed rights and benefits of the employees and certain responsibilities as between the PEO and its client companies. In 2010, the Legislature passed Act 129, which is codified in chapter 373L, Hawaii Revised Statutes, requiring PEOs to register with the State.

Senate Bill No. 2424 repeals chapter 373K and amends chapter 373L, Hawaii Revised Statutes. The bill preserves the general excise tax exemption; amends certain definitions; and clarifies certain requirements for registration, including bonding.

PEOs need to be further regulated, beyond registration, and may require a licensing procedure. The interests of all – the consumer of PEO services; the worker who works under a PEO arrangement; the regulatory agencies; and the PEOs, large and small - need further consideration.

For the foregoing reasons, I am returning Senate Bill No. 2424 without my approval.

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2536, entitled "A Bill for an Act Relating to Clean and Sober Homes and Halfway Houses."

The purpose of this bill is to establish a clean and sober home and halfway house task force, to be chaired by the Director of Health, and for

the task force to establish a pilot clean and sober home and halfway house on Oahu.

Section 14 of Article III of the Hawaii Constitution requires: "Each law shall embrace but one subject, which shall be expressed in its title." The title of this bill, "Relating to Clean and Sober Homes and Halfway Houses," contains two different subjects in violation of the Hawaii Constitution. The current laws defining "clean and sober homes" and "halfway houses" exist in section 46-4(f), Hawaii Revised Statutes. "Clean and sober homes" and "halfway houses," although similar, serve different types of residents and are structured differently. Therefore, the title of this bill expresses two different subjects, in conflict with Section 14 of Article III of the Hawaii Constitution.

In addition, one of the purposes for and responsibilities of the task force is "establishing a pilot clean and sober home and halfway house for a county with a population over 900,000." "Establish" means "to bring into existence," and a task force does not have the legal authority or means to establish either a clean and sober home or a halfway house. The task force would not be able to comply with this mandate.

The goals of the proposed task force are laudable, and efforts are underway by the Administration to further these goals. The Department of Health has already met with members of the Legislature, and representatives of the Judiciary, the Department of Public Safety, and the Department of the Attorney General, to set up a working group specifically to explore ways to develop a plan to ensure that clean and sober homes and halfway houses are properly monitored and accountable for meeting occupancy, zoning, and permitting requirements, and that the residents become respectful and responsible members of the communities in which they live.

Furthermore, the Justice Reinvestment Initiative Working Group is examining the issue of clean and sober homes and halfway houses and there are funds available for community programs such as those to support substance abuse treatment and the maintenance of sobriety.

For the foregoing reasons, I am returning Senate Bill No. 2536 without my approval.

The purposes of this bill are (1) to extend until June 30, 2016, the rental motor vehicle surcharge tax \$7.50 per day that was increased in 2011; (2) to extend until June 30, 2016, the suspension of the rental motor vehicle customer facility charge under section 261-7(h), Hawaii Revised Statutes; (3) to amend section 251-5, Hawaii Revised Statutes, to require that \$3 of the rental motor vehicle surcharge tax continue to be deposited in the State Highway Fund, but to change the \$4.50 of the rental motor vehicle surcharge tax currently deposited in the general fund to be deposited instead in the Rental Motor Vehicle Customer Facility Charge Special Fund; and (4) to authorize the issuance of up to \$500,000,000 of rental motor vehicle customer facility revenue bonds.

The bill fails to provide for the deposit of the \$7.50 per day rental motor vehicle surcharge tax into the general fund. In addition, the bill, if enacted, will disproportionately affect residents and military families who rent cars at non-airport facilities and who must pay the motor vehicle surcharge tax.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 3017, entitled "A Bill for an Act Relating to the Transient Accommodations Tax."

The purpose of this bill is to clarify that the \$10 tax charged each day for a transient accommodation furnished on a complimentary or gratuitous basis applies to transient accommodations provided as a prize, but does not apply to transient accommodations provided for promotional or marketing purposes.

This bill expands amendments made by Act 103, Session Laws of Hawaii 2011, that, among other things, implemented the \$10 tax on a transient accommodation provided on a complimentary or gratuitous basis. Specifically, this bill amends section 237D-2(c), Hawaii Revised Statutes, to clarify that the phrase "complimentary or gratuitous basis" includes prize giveaways, contest winnings, charitable gifts, and complimentary or gratuitous rooms furnished as part of a travel package, but does not include transient accommodations furnished as part of a tourism industry promotional or marketing activity.

This bill is not required because the Department of Taxation has already published comprehensive guidance in Tax Information Release No. 2011-05 that provides nineteen examples regarding the implementation of this particular tax on accommodations furnished on a complimentary or gratuitous basis. Furthermore, because this bill does not cover all the issues addressed by Tax Information Release No. 2011-05, enactment of this bill may create confusion for taxpayers who have relied upon that Tax Information Release.

Gov. Msg. No. 1443, dated July 11, 2012, informing the House that on July 10, 2012, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Tsutsui, Speaker Say, and Members of the Legislature:

Re: House Bill No. 2078, H.D. 2, S.D. 2, C.D. 1

On July 10, 2012, House Bill No. 2078, H.D. 2, S.D. 2, C.D. 1, entitled "A Bill for an Act Relating to Taxation," became law as Act 326 without my signature, pursuant to Section 16 of Article III of the Constitution of the State of Hawaii.

The purpose of this bill is to require any operator of a transient accommodation to designate a local contact residing on the same island as the transient accommodation, and to require that all advertisements and solicitations on websites for transient accommodations display registration identification numbers.

Concerns have been expressed to me that certain nongovernmental entities identified in this bill, such as condominium associations, will be subject to penalties under section 231-35, Hawaii Revised Statutes (HRS), for not providing relevant information that is not maintained in the nongovernmental entities' records. I have confirmed with the Department

of the Attorney General that neither this new law nor its legislative history supports this fear. This new law clearly provides that certain nongovernmental entities are only required to provide "all relevant information, maintained in its records, related to all operators who may be leasing their property as transient accommodations" (emphasis added). Page 4, lines 12-15. Conference Committee Report No. 64-12 also clearly reflects that it was the legislative intent to clarify that such nongovernmental entities "must provide the Department of Taxation with relevant information related to all owners of transient accommodations maintained in its records to avoid penalties" (emphasis added). Moreover, under the law, a nongovernmental entity is subject to the penalties under section 231-35, HRS, only if it "wilfully fails to supply information required" (emphasis added). Page 4, lines 18-19.

It appears that there are also concerns that the penalties that may be imposed may be excessive. If these nongovernmental entities "wilfully" fail to supply the information required under the new law, they are subject to a fine of not more than \$25,000 provided that a corporation shall be fined not more than \$100,000. This reflects the seriousness of the problems this bill attempts to address. Nonetheless, I will re-examine the penalties and consider proposing legislation to reduce the maximum fine next year.

Therefore, notwithstanding my concerns, I have allowed House Bill No. 2078, H.D. 2, S.D. 2, C.D. 1, to become law as Act 326, on July 10, 2012, without my signature.

Sincerely,  
/s/ Neil Abercrombie

Gov. Msg. No. 1444, dated July 11, 2012, informing the House that on July 10, 2012, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Tsutsui, Speaker Say, and Members of the Legislature:

Re: House Bill No. 2320, H.D. 2, S.D. 2, C.D. 1

On July 10, 2012, House Bill No. 2320, H.D. 2, S.D. 2, C.D. 1, entitled "A Bill for an Act Relating to Highway Safety," became law as Act 327 without my signature, pursuant to Section 16 of Article III of the Constitution of the State of Hawaii.

The purposes of this bill are to: (1) allow a person whose driver's license was revoked after December 31, 2010, to apply for a driver's license renewal; (2) allow a repeat intoxicated driver, who is arrested after December 31, 2010, and is otherwise eligible to operate a motor vehicle with an ignition interlock system, to obtain a motor vehicle registration and number plate, by requiring the Administrative Director of the Courts to remove any stopper imposed on the motor vehicle registration files; (3) to allow persons who have been convicted of habitually operating a vehicle under the influence of an intoxicant, pursuant to section 291E-61.5, Hawaii Revised Statutes, to continue driving with an ignition interlock device installed in their vehicles; (4) to allow persons, whose licenses were administratively revoked for their lifetimes, to petition the district court to initially drive with an ignition interlock device, and after a minimum of five years of operating a vehicle with an ignition interlock device, to petition the district court for an unrestricted license; and (5) to make housekeeping amendments to chapter 291E, Hawaii Revised Statutes.

Studies have shown that many drivers who have had their licenses revoked continue to operate their vehicles illegally and create a risk to other vehicles, pedestrians, and bicyclists on the road. I support efforts to include as many identified and impaired drivers as possible in an effective ignition interlock program, which this law attempts to do. However, this law does raise serious concerns. The provision of the law allowing people who have received lifetime license revocations to be relicensed may jeopardize public safety and give favorable treatment to the most serious offenders. The law also allows these same offenders to potentially be treated as first time offenders upon a subsequent conviction for operating a vehicle under the influence of an intoxicant. It will be necessary to amend

this law in the next legislative session to provide for stricter monitoring and supervision of these serious offenders.

Despite these concerns, and in the hope that allowing more identified and impaired drivers into the ignition interlock program will make our roads safer, I allowed H.B. 2320, H.D. 2, S.D. 2, C.D. 1 to become law as Act 327 without my signature.

Sincerely,  
/s/ Neil Abercrombie

Gov. Msg. No. 1445, dated July 11, 2012, informing the House that on July 10, 2012, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Tsutsui, Speaker Say, and Members of the Legislature:

Re: House Bill No. 280, H.D. 1, S.D. 2, C.D. 1

On July 10, 2012, House Bill No. 280, H.D. 1, S.D. 2, C.D. 1, entitled "A Bill for an Act Relating to Agriculture" became law as Act 328 without my signature, pursuant to Section 16 of Article III of the Constitution of the State of Hawaii.

The purpose of this bill is to establish as a class C felony the offense of false labeling of the geographic origin of Hawaii-grown coffee, mandate that Hawaii-grown coffee bean packages be marked with or contain documentation of the coffee's geographic origin, and repeal the requirement that Hawaii-grown green coffee beans be inspected and certified by the Hawaii Department of Agriculture for grade and origin.

The state has to protect the reputation of Hawaii-grown agricultural products, particularly products that are an iconic symbol of the islands. The process and resources that are currently in place need to be strengthened and made more comprehensive. This bill is a first step for the state Department of Agriculture to look at what is necessary to protect our state products. I will be asking the state Department of Agriculture to work with stakeholders to develop additional steps to accomplish this end.

Therefore, notwithstanding my concerns, I have allowed House Bill No. 280, H.D. 1, S.D. 2, C.D. 1, to become law as Act 328, on July 10, 2012, without my signature.

Sincerely,

Gov. Msg. No. 1446, dated July 11, 2012, informing the House that on July 10, 2012, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Tsutsui, Speaker Say, and Members of the Legislature:

Re: Senate Bill No. 2341, S.D. 2, H.D. 2, C.D. 1

On July 10, 2012, Senate Bill No. 2341, S.D. 2, H.D. 2, C.D. 1, entitled "A Bill for an Act Relating to Land Use" became law as Act 329 without my signature, pursuant to Section 16 of Article III of the Constitution of the State of Hawaii.

The purpose of this bill is to allow overnight accommodations of twenty-one days or less for any one stay as a part of agricultural tourism within any county that includes at least three islands and has adopted ordinances regulating agricultural tourism activities and those tourism activities coexist with a bona fide agricultural activity. This bill will allow agricultural land owners an opportunity to supplement their income from agricultural operations with additional income from tourist accommodations.

Although I support efforts to increase Hawaii's self-sufficiency by encouraging agricultural production in Hawaii, there are legitimate concerns that the term "bona fide agricultural activity" is unnecessarily broad and could allow the unintended and excessive urbanization of agricultural lands. I will be asking the Legislature and the counties to review this new law and propose appropriate restrictions either in statute or ordinance to prevent this law from being abused.

Therefore, notwithstanding my concerns, I have allowed Senate Bill No. 2341, S.D. 2, H.D. 2, C.D. 1, to become law as Act 329, on July 10, 2012, without my signature.

Sincerely,
