House of Representatives Committee on Judiciary  
Representative Gilbert S.C. Keith-Agaran, Chair  
Representative Karl Rhoads, Vice Chair

Thursday, February 2, 2012; 2:00 PM  
State Capitol, Conference Room 325

Good morning Chair Keith-Agaran, Vice Chair Rhoads and members of the House Committee on Judiciary. Thank you for providing the Crime Victim Compensation Commission (the "Commission") with the opportunity to testify in support of House Bill 1779. House Bill 1779 appropriates funds for a grant-in-aid to the Department of the Prosecuting Attorney of the City and County of Honolulu for the career criminal prosecution unit, drug court prosecution, HOPE prosecution enforcement, and the victim witness assistance program.

The Commission was established in 1967 to mitigate the suffering and financial impact experienced by victims of violent crime by providing compensation to pay un-reimbursed crime-related expenses. Many victims of violent crime could not afford to pay their medical bills, receive needed mental health or rehabilitative services, or bury a loved one if compensation were not available from the Commission.

The Commission estimates that over eighty percent (80%) of the violent crime victims who apply for compensation are referred through the county victim witness assistance programs. The county victim witness assistance programs play an important role in mitigating the emotional and financial suffering experienced by victims through their referrals to the Commission and other social service agencies. The county victim witness assistance programs also support and guide victims through the criminal justice process, helping to ensure that offenders can be successfully prosecuted.

Many victims and surviving family members, particularly victims and survivors of violent crimes like murder and sexual assault, would not be able to make it through the criminal justice process without the support and guidance of a victim witness counselor. Victim witness counselors notify crime victims of hearing dates and major developments in their case, accompany victims and survivors to court where necessary, and help victims and survivors with victim impact statements to enable them to exercise their right to be heard at sentencing. This is all in addition to informing victims and survivors about the social services and financial assistance available to them as crime victims.

The county victim assistance programs need sufficient funding for staff in order to continue to provide these important services. The Commission urges you to support the appropriation of grants-in-aid to the Department of the Prosecuting Attorney of the City and County of Honolulu for the victim witness assistance program. Thank you for providing the Commission with the opportunity to testify in support of House Bill 1779.

**Twenty-Sixth State Legislature**  
**Regular Session of 2012**  
**State of Hawai'i**

Thursday, February 1, 2012

**RE: H.B. 1779; RELATING TO APPROPRIATIONS TO THE DEPARTMENT OF THE PROSECUTING ATTORNEY OF THE CITY AND COUNTY OF HONOLULU.**

Chair Hee, Chair Keith-Agaran, Vice Chair Rhoads, and members of the House Committee on Judiciary, the Department of the Prosecuting Attorney of the City and County of Honolulu submits the following testimony in support of H.B. 1779, allocating \$1,445,883 for our department to provide services for state mandated programs: Career Criminal Prosecution Unit, Drug Court, Hawaii's Opportunity Probation with Enforcement (HOPE), and Victim Witness Assistance.

Pursuant to legislation passed in 1979, and codified as Hawaii Revised Statutes sections 845-1, 845-2, and 845-3, the Career Criminal Prosecution program was created because a disproportionate amount of serious crimes were committed against the people by a relatively small number of multiple and repeat felony offenders, commonly known as career criminals. The legislature directed the Attorney General to support prosecuting attorney's offices with funds and technical assistance. The Department of the Prosecuting Attorney of the City and County of Honolulu created the Career Criminal Prosecution Unit, which the State in the past, funded annually. Money spent on this unit is an efficient use of resources, especially when we are trying to provide our citizens with swift and effective justice, and reduce heavy caseloads and long court delays. With your support, our deputy prosecuting attorneys will have the tools necessary to make our community better by removing chronic criminals from the public. For the Career Criminal Prosecution Unit, we are asking for \$734,973.

The Department of the Prosecuting Attorney is not only focused on incarcerating or fining individuals who violate our laws. We are also determined to rehabilitate offenders who are on probation or released from prison in order to help them to become productive and law-abiding citizens. Our deputy prosecuting attorneys assigned to the State's Drug Court Program and Hawaii's Opportunity Probation with Enforcement are dedicated and determined to do their part to reduce criminal recidivism, and to help offenders to turn their lives around. In the Judiciary's

report to the Legislature on January 4, 2011, they explained that these programs had a recidivism rate as low as 3 percent and saved the state multi-millions of dollars.

Hawaii's Drug Court Program was inceptioned in 1996 on Oahu. Today, within the State of Hawaii, drug court programs can be found on the islands of Hawaii, Kauai, Maui, Molokai and Oahu. A variety of drug court programs are available for those residing on those islands including adults within the criminal court system, and adults and juveniles through the family court system. These programs are unique and sensitive to the cultural population of each of the islands while meeting the components of drug court programs nationwide. The design and structure of the drug court programs are developed at the local level, reflecting the unique strengths, circumstances and capacities of each community. According to the Judiciary's report to the Legislature on January 4, 2011, recidivism for offenders participating in the Drug Court Program currently range from 3 percent to 4 percent. The program also saves the State a lot of money, with Adult Drug Court costing about \$137/day in comparison to incarceration that costs seven times more, and Juvenile Drug Court costing \$227/day in comparison to incarceration that costs six times more.

Our deputy prosecuting attorneys for the Drug Court Program play an important role in ensuring that these programs are a success. They are aware that many individuals who use drugs are undergoing depression, post traumatic stress disorder, and other mental challenges because many are victims of physical and mental abuse from violence such as domestic violence and sexual assault. Our prosecuting attorneys are dedicated individuals who want to see drug offenders better their lives, which results in criminal activity being removed from our community. Therefore, we are requesting \$121,057 for our services in drug court.

In the Fall of 2004, the Judiciary started Hawaii's Opportunity Probation with Enforcement or HOPE. Judge Steven S. Alm has played a huge role in this program. In an article he wrote in "The Champion" for the August 2010 issue, he explained how some offenders are violent and dangerous and need to be in prison. However, many other offenders do not belong in prison and can be safely supervised in our community. HOPE targets high-risk offenders on probation and it has done a tremendous job. According to an October 2007 - October 2008 study of felony probationers in Honolulu by Pepperdine University professor, Dr. Angela Hawkin, the probationers in the HOPE study group were:

- 55% less likely to be arrested for new crimes (21% vs. 47%);
- 72% less likely to use drugs (13% vs. 46%);
- 61% less likely to skip appointments with their probation officers (9% vs. 23%); and
- 53% less likely to have their probation revoked (7% vs. 15%).

The Department of the Prosecuting Attorney of the City and County of Honolulu will continue to play a role in this successful program. In order to fulfill our duties for HOPE, we are requesting \$86,888.

Since 1983, the Legislature has provided support for the Victim Witness Assistance Program. In 1986, the Legislature enacted Statute Section 28-111 that established the Victim Witness Assistance Program on a statewide basis. This statute establishes the program in the Department of Attorney General, with the purpose of providing information, assistance, and support services to the victims and witnesses of crimes committed in Hawaii. The Attorney

General is mandated to allocate and award funds to the counties whose Victim Witness Assistance programs are in substantial compliance with policies and criteria established by the Attorney General in cooperation with the county prosecutors.

The Honolulu Victim Witness Kokua Services, with the support of the Legislature, and even greater funding from the City and County of Honolulu, has developed into one of the finest services of its kind in the country. In 2010 alone, this Division helped over 4,000 crime victims.

Victims are usually the key witnesses in a case. Without their testimony, criminals cannot be held responsible for their actions and remain free to hurt others in the community. Victims need assistance to face testifying in court and they require help in recovering from the trauma criminal victimization. The Victim/Witness Kokua Services provides this support.

The mission of the Prosecuting Attorney of the City and County of Honolulu is to seek justice, which must be equally available to both victims and defendants. Legislators had this in mind when they created Chapter 801D of the Hawaii Revised Statutes [H.R.S.], Rights of Victims and Witnesses in Criminal Proceedings. Those very rights established by law are significantly diminished when our funding base erodes, as it has in recent years. Crime victims' right to information, which is the very cornerstone of H.R.S. Chapter 801D, is severely jeopardized by the staffing vacancies (7) that have been the consequence of the continual budget cuts.

We note that the City & County of Honolulu now pays far more proportionately (over \$1,000,000) for its victim/assistance program than state law requires. H.R.S. 28-111, which created the State Victim/Witness Assistance Program, requires counties to match 25 percent of the program funding. Honolulu now provides the program almost forty times the matching requirement. By paying for the largest percentage of the program costs, Honolulu has already proved its commitment to helping victims. While the county has been able to fill the gaps created by State funding reductions in the past, it is no longer able to do so. For example, six county funded positions also remain vacant due to the shortage of funds.

We have also been able to relieve the state from underwriting other victim assistance costs. For example, we were successful in getting the City and County to fully cover the cost of medical-legal examinations provided by the Sex Abuse Treatment Center. County funding has increased from \$50,000 to more than \$400,000. Our Office provides another \$336,000 annually in federal Victims of Crime Act funds to contract for additional services for victims who are immigrants or have limited English proficiency, victims of sexual assault, and survivors of victims of homicide and negligent homicide. Assuming administrative responsibility for these federal funds is both costly and time consuming. The federal VOCA program does not permit use of these funds for anything than direct services to crime victims. The City and County of Honolulu has had to assume virtually the entire administrative costs for administering these services in recent years, as State funding has precipitously fallen.

There is ample evidence to show that Honolulu already pays its fair share for victims' services. We ask that you restore the funding needed to demonstrate the Legislature's commitment to adequately providing the state's equitable share for this essential program. Our Department is requesting \$502,965 for the Victim Witness Kokua Services.

In conclusion, the Department of the Prosecuting Attorney of the City and County of

Honolulu strongly supports the passage of H.B. 1779, which will give us the funding that will help us maximize our service to our community in the state mandated programs of Career Criminal Prosecution Unit, Drug Court, HOPE, and Victim Witness Assistance. Thank you for the opportunity to testify.

ON

HB 1779 - MAKING APPROPRIATIONS TO THE DEPARTMENT OF THE  
PROSECUTING ATTORNEY OF THE CITY AND COUNTY OF HONOLULU

February 2, 2012

The Honorable Gilbert S.C. Keith-Agaran  
Chair  
The Honorable Karl Rhoads  
Vice Chair  
and Members  
House Committee on Judiciary

Chair Keith-Agaran, Vice Chair Rhoads and Members of the Committees on Judiciary:

HB 1779, Making Appropriations to the Department of the Prosecuting Attorney of the City and County of Honolulu, proposes to make appropriations to the Honolulu Department of the Prosecuting Attorney to help fund various state mandated programs.

The Department of the Prosecuting Attorney, County of Maui, SUPPORTS the passage of this bill. This bill will help ensure that the State shares in the costs of programs it mandated in accordance with Article VIII, Section 5 of the Constitution of the State of Hawaii.

We ask that the committee PASS HB 1779.

Thank you very much for the opportunity to provide testimony on this bill.

The Sex Abuse Treatment Center

RE: H.B. 1779  
Relating to Appropriations to the Department of the Prosecuting Attorney  
of the City and County of Honolulu

Good afternoon Chair Keith-Agaran, Vice Chair Rhoads and members of the Committee on Judiciary. My name is Adriana Ramelli and I am the Executive Director of the Sex Abuse Treatment Center (SATC), a program of the Kapi'olani Medical Center for Women & Children (KMCWC), an affiliate of Hawai'i Pacific Health.

The SATC supports H.B. 1779, in particular its provision to provide grant-in-aid to the Department of the Prosecuting Attorney of the City & County of Honolulu for the Victim Witness Assistance Program.

The SATC has worked closely with the Honolulu Victim Witness Assistance Program (VWAP) for many years to ensure that sexual assault victims receive the help they need when interfacing with the criminal justice system. The VWAP provides the vital services of educating and counseling victims on the legal system and their rights, and keeping them informed on various court proceedings and the status of their case. Also, the SATC relies on the staff of the VWAP to accompany and support our clients in court. Without these crucial services, victims are handicapped in their ability to face the rigors of judicial proceedings. Those of us at SATC have experienced first hand how VWAP services have positively impacted the lives of many adults and children traumatized by sexual violence.

We urge you to support H.B. 1779. Thank you for the opportunity to testify.

**RE:** STRONG SUPPORT for HB1779

Good Afternoon Representatives and thank you for this opportunity to provide testimony in SUPPORT of HB1779.

Please support as much funding as you can possibly allow for the Prosecuting Attorney's Office as they maintain a crucial component of providing justice and lawfulness in our state. The Victim Witness Assistance Program is of particular importance to crime victims, who after being traumatized by a crime, now have to understand and deal with a prosecution case. I have worked directly with several of the Victim Witness Advocates and cannot speak highly enough of their dedication, knowledge, commitment and support towards the people they're entrusted to care for.

Respectfully,

Dara Carlin, M.A.  
Domestic Violence Survivor Advocate
