Dear Chairs Souki and Aquino and Members:

Subject: House Bill No. 2071, Relating to Traffic

I am Kurt Kendro, Major of the Traffic Division of the Honolulu Police Department (HPD), City and County of Honolulu.

The HPD supports the passage of House Bill No. 2071, Relating to Traffic. Passage of this bill would require that a vehicle that approaches a stationary vehicle that appears disabled to vacate the closest lane or reduce their speed until they pass. This bill would protect private citizens who are trying to help others by creating this buffer zone from passing vehicles.

Thank you for the opportunity to testify.

Sincerely,

  
KURT KENDRO, Major  
Traffic Division

APPROVED:

  
LOUIS M. KEALOHA  
Chief of Police

*Serving and Protecting With Aloha*

Comments:

I have worked as a tow truck driver/ mechanic for many years. and have been involed in traffic mishaps where drivers see the tow truck lights, but are unaware of the disabled car that is being hooked up and crashes into car or trucks. I have also lived and worked in Arizona where there move over law violation means arrest on charges of wreckless endangerment, or attempted murder of road crews

**Comments:**

We need to pass this bill because too many people have died trying to help someone. This bill would help others who are not police, fire, or ambulance. Let's not wait for another incident before action is taken.

**Comments:**

I have been in a situation when I have been helped by a stranger who provided me assistance when my car was stalled. Cars zoomed by us and I was so afraid. Please pass this bill so that others will not be in a similar situation. Thank you for reading this testimony
