Comments:

I sincerely think that Oahu crematory should close as the air is so bad that it cause headache, nausea, cough, burning eyes and vertigo. The air is polluted with heavy dose of radiation and other medications when cancer patients who expired. This air pollution will affect the human's nervous system too.

# Sierra Club Hawai'i Chapter

PO Box 2577, Honolulu, HI 96803  
808.538.6616 [hawaii.chapter@sierraclub.org](mailto:hawaii.chapter@sierraclub.org)

## SENATE COMMITTEE ON WAYS AND MEANS

March 29, 2012, 9:00 A.M.  
*(Testimony is 1 page long)*

### TESTIMONY IN SUPPORT TO HB 2656 (HD2) WITH PROPOSED AMENDMENTS

Aloha Chair Ige and Members of the Committee:

The Sierra Club of Hawai'i supports House Bill HB 2656 (HD2, SD1), which brings out-of-date crematoriums in compliance with modern air regulations and best available technology.

The Sierra Club received several complaints about crematoriums that bellow particulates into the air. This measure would address those concerns by requiring those crematoriums to obtain a clean air permit, follow best practices, and be obliged to self-report any violations of permit conditions. This is the law for most modern crematoriums and, thus, would ensure fairness in the marketplace and reduce pollution in our community.

The people of Hawai'i deserve a clean environment.

Mahalo for the opportunity to testify.
