Comments:

I, Frances Pueo support SB 2208 SD2, Spay/Neuter special fund/income check off. A few years ago, we collected from this island over 5,000 signatures on our petition to the County Council for no cost/affordable spay/neuter for dogs/cats. Everyone expressed the need to decrease animal overpopulation humanely via affordable/no cost spay/neuter. People are in strong support that animal sterilization should be made available to everyone. Each island humane society are having to use funds to euthanize animals, which is already financed via tax payers. Scientific data supports spay/neuter as the only long term solution to animal overpopulation and not ongoing euthanasia. So this bill is exactly what will serve as a positive long term solution to decreasing animal overpopulation.

Comments:

Spay and neutering animals is the most effective way to lower the costs and side-effects of caring for unwanted animals.

Comments:

I hate knowing that litters of puppies and kittens are surrendered because people can't afford to spay and neuter their animals. People need options for low cost spay neuter services in order to practice responsible pet ownership.

I support establishing a spay and neuter special fund which allows funds from an income tax check-off to be deposited into a special fund. Thank you.
