A BILL FOR AN ACT

RELATING TO TAXATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that according to the
2 Hawaii housing planning study in 2011, there is an estimated
3 need for 13,000 rental units by 2016 for households at or below
4 eighty per cent of the area median income. Additional
5 incentives are needed to expand the supply of affordable rental
6 housing where they are most needed through federal, state, local
7 and private efforts, and partnerships.

8 The Hawaii interagency council on homelessness determined
9 that a modest incentive to develop affordable rental projects
10 would be to expand the scope of the general excise tax exemption
11 for certified housing projects under section 237-29, Hawaii
12 Revised Statutes, to include non-residential revenue related to
13 the operation of the affordable housing project. The exemption
14 currently only allows the exemption of affordable rental income
15 from a project from the general excise tax. The proposed
16 expansion would exclude income streams such as parking fees and
17 laundry income from the general excise tax.

1 The purpose of this Act is to implement the recommendation
2 of the Hawaii interagency council on homelessness to allow
3 eligible housing project-related income to be certified for
4 exemption from the general excise tax.

5 SECTION 2. Section 237-29, Hawaii Revised Statutes, is
6 amended by amending subsection (a) to read as follows:

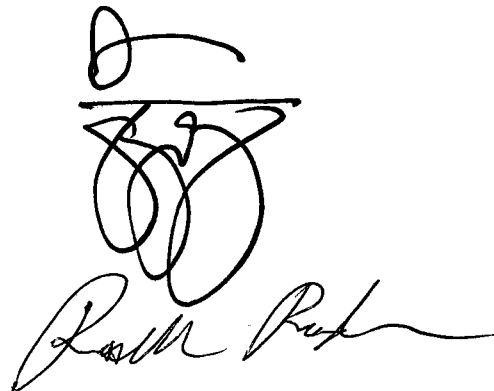

7 "(a) All gross income received by any qualified person or
8 firm for the planning, design, financing, construction, sale, or
9 lease in the State of a housing project that has been certified
10 or approved under section 201H-36 and all revenues received from
11 laundry, parking, or other project-related fees within a housing
12 project that has been certified or approved under section 201H-
13 36 shall be exempt from general excise taxes."

14 SECTION 3. New statutory material is underscored.

15 SECTION 4. This Act shall take effect on July 1, 2013.
