TESTIFIER(S):	David M. Louie, Attorney General, or Caron M. Inagaki, Deputy Attorney Gen	eral	

Chair Luke and Members of the Committee:

The Department of the Attorney General supports this bill.

The purpose of this bill is to seek an appropriation to satisfy claims against the State, its officers, or its employees, including claims for legislative relief, judgments against the State, settlements, and miscellaneous claims.

The bill contains nine claims that total \$683,650.72. Seven claims are general fund appropriation requests that total \$593,650.72, and two claims are appropriation requests from departmental funds that total \$90,000.00. Attachment A provides a brief description of each claim in the bill.

Since this bill was last amended, five new claims have been resolved for an additional \$299,379.97. Four claims are general fund appropriations requests that total \$266,879.97, and one claim is an appropriation request from a departmental fund in the amount of \$32,500.00. Attachment B provides a brief description of the new claims. We request that the Committee amend the bill to appropriate funds to satisfy the new claims.

Including the new claims, the appropriation request totals \$983,030.69 allocated among fourteen claims. Of this total \$860,530.69 are general fund appropriation requests and \$122,500.00 are appropriation requests from departmental funds.

The Department has had a longstanding policy of advising agencies as to how to avoid claims such as those in this bill. The Department has also complied with section 37-77.5, Hawaii

Revised Statutes, which requires the Attorney General to develop and implement a procedure for advising our client agencies on how to avoid future claims.

We respectfully request passage of this bill.

DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS:

Hawaii Pacific Health, et al. v. Dwight Takamine,\$ 89,645.15 (General Fund)Civil No. 11-00706 SOM/RLP, USDCSettlement

This is a declaratory action initiated by Plaintiffs that sought orders to declare that Hawaii Revised Statutes (HRS) § 378-32(b) is preempted by the National Labor Relations Act (NLRA) and is unconstitutional under the Equal Protection Clause. Plaintiffs also sought to obtain permanent injunctive relief to bar enforcement of HRS § 378-32(b). The court heard the parties' motions for summary judgment. The court held that HRS § 378-32(b) is preempted by the NLRA and is unconstitutional under the Equal Protection Clause.

DEPARTMENT OF LAND AND NATURAL RESOURCES:

Coziar v. State of Hawaii	\$ 30,000.00 (General Fund)
Civil No. 13-1-0018(1), Second Circuit	Settlement

An employee of the Department of Land and Natural Resources was turning mauka in Lahaina, Maui, and his vision was momentarily blocked by the early morning sunlight shining in his eyes. He did not see Plaintiff, who is legally blind, walking in the crosswalk. Plaintiff's special damages exceeded \$10,000, therefore, the parties agreed to settle for \$30,000.

DEPARTMENT OF PUBLIC SAFETY:

Buan v. State of Hawaii, et al.	\$ 50,000.00 (General Fund)
Civil No. 11-1-1222-06, First Circuit	Settlement

Plaintiff, a former nurse working for the Department of Public Safety, claims that she was discriminated against by her immediate supervisor because of the Filipino portion of her ancestry and because their religious beliefs differed. She further claims that she was discriminated or retaliated against because she filed complaints about a wide range of issues. Plaintiff's economic expert calculated potential damages of \$2,700,000, and the Department's economic expert calculated worse case potential damages of \$250,000 including attorney's fees. This settlement was inadvertently not included in the appropriations bill in 2013, which resulted in the Department of Public Safety being forced to pay the agreed upon amount to Plaintiff out of its general operating funds in order to preserve the settlement. Accordingly, the purpose of this appropriation is to reimburse the Department of Public Safety.

DEPARTMENT OF TRANSPORTATION, HIGHWAYS DIVISION:

Adams, et al. v. Yokooji, et al.	\$ 25,000.00	(Department
Civil No. 07-1-1567, First Circuit	Settlement	Appropriation)

A pedestrian was struck by a vehicle near the intersection of Kalanianaole Highway and Kanapuu Drive in Kailua. There is a crosswalk across the highway located on the Kailua side of the intersection. On that night, Plaintiff took a cab to visit her children who lived in Waimanalo. When the cabbie learned that she did not have enough money for the fare, he dropped Plaintff off at a bus stop on the Kailua bound side instead of the Waimanalo bound side of the highway. Plaintiff crossed the highway to get to the bus stop on the Waimanalo bound side. A vehicle heading toward Waimanalo hit Plaintiff and claims it was too dark to see Plaintiff. Plaintiff intends to prove that the site was dangerously dark because the State should have had increased footcandles/lumens of the street lights and that overgrown tree branches obscured the street lights.

The State would likely prevail at trial because of the strength of its expert witnesses when compared with the weaknesses of Plaintiffs' expert witnesses, and the fact that an independent witness had adequate street lighting to see Plaintiff crossing the highway. However, it would be a non-jury trial before a trial judge who has a history of sympathizing with Plaintiffs. Therefore, it was recommended that the State counter Plaintiffs' settlement demand of \$750,000, with the amount of one-half of the costs to bring the State's four expert witnesses from the mainland for trial, rather than

risk a possible judgment in a wrongful death case, the State's proportionate share of which could be in excess of \$100,000.

Booth v. State of Hawaii, et al. Civil No. 12-1-0262, Fifth Circuit

\$ 65,000.00 (Department Settlement Appropriation)

Plaintiff was walking on the sidewalk of Rice Street in Lihue, Kauai, and he tripped over the edge of the drainage culvert installed adjacent to the sidewalk. The drainage culvert had been constructed so that its surface was two inches higher than the adjacent surface of the sidewalk. Although this difference in the height of the surfaces was contrary to the specifications of the contract to construct that facility, the Department of Transportation accepted the contract work. This trip hazard existed for eleven years without any effort to modify it to make it less hazardous. As a result of the trip and fall, Plaintiff tore his left rotator cuff and sustained other injuries. He was required to undergo surgery and physical therapy. His medical expenses were approximately \$44,000 and his lost income claims was approximately \$30,000. This case proceeded to Court Annexed Arbitration, and the arbitrator awarded Plaintiff \$70,000. The case later settled for \$65,000.

A teacher was terminated from the Waters of Life Public Charter School for cause. The teacher was a member of HSTA and filed a grievance challenging the termination. After hearings on the merits, the Arbitrator concluded that the termination was without proper cause and issued: (1) the Arbitrator's Decision and Award for back pay, back EUTF benefit contributions, back ERS contributions and interest on all of the amounts for a total of \$33,649.66 and (2) the Arbitrator's Supplemental Award for the arbitrator's fees and costs and interest for a total of \$11,301.77.

DEPARTMENT OF HUMAN SERVICES:

Louis, et al. v. State of Hawaii, et al.	\$ 180,000.00 (General Fund)
Civil No. 05-1-0935-05, First Circuit	Settlement

This case arises out of alleged mistreatment of four former wards of the Hawaii Youth Correctional Facility (HYCF). The claims against the State are a failure to properly train and supervise the Youth Correctional Officers (YCOs). As to the four individually named Defendant YCOs, three of the four have denied assaulting the youths. Although physical force was used on the youths in many instances, the YCOs have asserted that the force used was reasonable and necessary under the circumstances, and was not excessive. As to the remaining YCO, he did assault one of the youths. He was prosecuted for that assault by the Department of the Attorney General, and a conviction was secured. (The Department of the Attorney General declined to represent that YCO, based on the YCO's action being outside the scope of his employment.) The State denies it failed to properly train and supervise any of the YCOs involved. There were six instances of abuse alleged involving the four former wards. The youths claim to have suffered physical injuries and emotional distress as a result of the alleged mistreatment. The case proceeded to court-ordered mediation, and the mediator believed that the case had a settlement value of approximately \$200,000.00. The case later settled for \$180,000.00.
