## Re: <u>Testimony on Senate Bill No. 1386, Relating to the Board of Regents</u> of the University of Hawaii

Hearing: Tuesday, February 5, 2013, 3:00 p.m. State Capitol, Conference Room 414

Testimony From: Hawaii State Ethics Commission

The Honorable Brian T. Taniguchi, Chair; The Honorable Gilbert Kahele, Vice Chair; and Honorable Members of the Senate Committee on Higher Education:

Thank you for the opportunity to testify on Senate Bill No. 1386, Relating to the Board of Regents of the University of Hawaii. The Hawaii State Ethics Commission ("Commission") <u>strongly supports</u> Senate Bill No. 1386 with respect to its purpose to require that the financial disclosure statements filed with the Commission by members of the Board of Regents are <u>public records and available for inspection and duplication</u>.

Senate Bill No. 1386 proposes to amend section 84-17 of the State Ethics Code, Chapter 84, Hawaii Revised Statutes ("HRS") by (1) requiring members of the Board of Regents to file annually a disclosure of financial interests with the Commission; and (2) requiring that the financial disclosure statements filed by members of the Board of Regents are public records and available for inspection and duplication.

The Commission wishes to point out that the current law, HRS section 84-17, already requires members of the Board of Regents to file financial disclosure statements with the Commission. Pursuant to HRS section 84-17(c)(9), persons who must file annual financial disclosure statements include the "members of every state board or commission whose original terms of office are for periods exceeding one year and whose functions are not solely advisory." This category of persons includes members of the Board of Regents.

The Honorable Brian T. Taniguchi, Chair The Honorable Gilbert Kahele, Vice Chair Senate Committee on Higher Education February 5, 2013 Page 2

Thus, members of the Board of Regents currently file annual financial disclosure statements with the Commission. Under the current law, however, their financial disclosure statements are confidential.<sup>1</sup>

The Commission strongly agrees with the intent of Senate Bill No. 1386 to require that the financial disclosure statements of members of the Board of Regents be <u>public</u> records. The Board of Regents is responsible for the operations of the University of Hawaii and serves in a capacity akin to a state department director. Under the current law, the directors of state departments are required to file public financial disclosure statements.<sup>2</sup> Because the Board of Regents is vested with significant and substantial authority, the Commission believes that its members should be required to file <u>public</u> financial disclosure statements.

Moreover, the president, the vice presidents, the assistant vice presidents, the chancellors, and the provosts of the University of Hawaii--all of whom are subordinate to the Board of Regents--are required to file <u>public</u> financial disclosure statements,<sup>3</sup> yet members of the Board of Regents currently are <u>not</u> subject to this requirement. The Commission believes it is an anomaly for members of the Board of Regents not to file <u>public</u> financial disclosure statements.

The primary purpose of the financial disclosure law is to provide transparency into the financial interests of legislators, state officials, state employees, and state board members to help identify potential conflicts of interests. The Commission receives almost 1,800 financial disclosure statements annually, the vast majority of which are confidential. By law, less than 200 financial disclosure statements are accessible by the public. Unfortunately, due to the Commission's limited resources and, in many cases, lack of complete understanding as to a person's official duties, the Commission's ability to review all financial disclosure filings and to determine whether a person has a conflict of interest may be quite limited. For that reason, generally, the public is the best and most effective means to identify possible conflicts of interest.

<sup>&</sup>lt;sup>1</sup> HRS section 84-17(d) identifies persons whose financial disclosure statements are public records. Members of the Board of Regents are <u>not</u> included among those persons. The Commission has introduced legislation to require that members of the Board of Regents, as well as members of several other state boards who currently file confidential financial disclosure statements, file <u>public</u> financial disclosure statements. <u>See</u> Senate Bill No. 432.

<sup>&</sup>lt;sup>2</sup> HRS section 84-17(d)(2).

<sup>&</sup>lt;sup>3</sup> HRS section 84-17(d)(4).

Given the underlying purpose of the State Ethics Code to foster public confidence in state government, the Commission believes that allowing public review of the financial disclosure statements filed by the members of the Board of Regents of the University of Hawaii is consistent with that purpose. The Commission therefore strongly supports Senate Bill No. 1386, with respect to requiring that the financial disclosure statements filed with the Commission by members of the Board of Regents are <u>public records and</u> <u>available for inspection and duplication</u>.

Thank you for considering the Commission's testimony.

Comments: THE CURRENT PROPOSAL IS USEFUL BUT IT FALLS FAR SHORT OF REALIGNING A DYSFUNCTIONAL BOR. WE NEED TO CHANGE THE COMPOSITION OF THE PRESENT GROUP WHICH LACKS THE KNOWLEDGE TO MAKE WISE DECISIONS AND INCLUDE BY STATUTE MEMBERS OF THE UH COMMUNITY ON THE BOARD. WE NEED AN AKAMAI BOR.
