HOUSE OF REPRESENTATIVES TWENTY-SEVENTH LEGISLATURE, 2013 STATE OF HAWAII H.B. NO. ²⁵² H.D. 2 S.D. 2

A BILL FOR AN ACT

RELATING TO GOVERNMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1	PART I
2	SECTION 1. Chapter 10H, Hawaii Revised Statutes, is
3	amended by adding a new section to be appropriately designated
4	and to read as follows:
5	" <u>§10H-</u> Reports. The Native Hawaiian roll commission, in
6	cooperation with the office of Hawaiian affairs, shall submit an
7	annual report to the governor and the legislature no later than
8	twenty days prior to the convening of each regular session,
9	beginning with the regular session of 2014, on the status of the
10	preparation of a roll of qualified Native Hawaiians,
11	expenditures related to the responsibilities of the Native
12	Hawaiian roll commission, and any concerns or recommendations as
13	deemed appropriate by the Native Hawaiian roll commission."
14	SECTION 2. Section 10H-3, Hawaii Revised Statutes, is
15	amended by amending subsection (a) to read as follows:
16	"(a) There is established a five-member Native Hawaiian
17	roll commission within the office of Hawaiian affairs for

1	administr	ative purposes only. The Native Hawaiian roll	
2	commissio	n shall be responsible for:	
3	(1)	Preparing and maintaining a roll of qualified Native	
4		Hawaiians;	
5	(2)	Certifying that the individuals on the roll of	
6		qualified Native Hawaiians meet the definition of	
7		qualified Native Hawaiians. For purposes of	
8		establishing the roll, a "qualified Native Hawaiian"	
9		means an individual [who] <u>whom</u> the commission	
10		determines has satisfied the following criteria and	
11		who makes a written statement certifying that the	
12		individual:	
13		(A) Is:	
14		(i) An individual who is a descendant of the	
15		aboriginal peoples who, prior to 1778,	
16		occupied and exercised sovereignty in the	
17		Hawaiian islands, the area that now	
18		constitutes the State of Hawaii; [or]	
19		(ii) An individual who is one of the indigenous,	
20		native people of Hawaii and who was eligible	Э
21		in 1921 for the programs authorized by the	
22		Hawaiian Homes Commission Act, 1920, or a	

Page 3

1		direct lineal descendant of that individual;
2		or
3		(iii) An individual who meets the ancestry
4		requirements of Kamehameha Schools or of any
5		Hawaiian registry program of the office of
6		Hawaiian affairs;
7		(B) Has maintained a significant cultural, social, or
8		civic connection to the Native Hawaiian community
9		and wishes to participate in the organization of
10		the Native Hawaiian governing entity; and
11		(C) Is eighteen years of age or older; [and]
12	(3)	Receiving and maintaining documents that verify
13		ancestry; cultural, social, or civic connection to the
14		Native Hawaiian community; and age from individuals
15		seeking to be included in the roll of qualified Native
16		Hawaiians. Notwithstanding any other law to the
17		contrary, these verification documents shall be
18		confidential [+] ; and
19	(4)	Notwithstanding any other law to the contrary,
20		including in the roll of qualified Native Hawaiians
21		all individuals already registered with the State as
22		verified Hawaiians or Native Hawaiians through the
	2013-2255	HB252 SD2 SMA.doc

1	office of Hawaiian affairs and extending to those
2	individuals all rights and recognitions conferred upon
3	other members of the roll."
4	SECTION 3. Act 195, Session Laws of Hawaii 2011, is
5	amended by amending section 3 to read as follows.
6	"SECTION 3. [The Hawaiian Homes Commission Act, 1920,
7	shall be amended, subject to approval by the United States
8	Congress, if necessary, to accomplish the purposes set forth in
9	this Act in a manner that is expeditious, timely, and consistent
10	with the current needs and requirements of the Native Hawaiian
11	people and the current beneficiaries of the Hawaiian Homes
12	Commission Act, 1920.] Repealed."
13	PART II
14	SECTION 4. Chapter 182, Hawaii Revised Statutes, is
15	amended by adding a new section to be appropriately designated
16	and to read as follows:
17	" <u>§182-</u> Penalties, fees, and costs collected. All
18	penalties, fees, and costs established and collected by the
19	department pursuant to this chapter shall be deposited in the
20	special land and development fund established under section
21	<u>171-19.</u>

Page 5

1	SECTION 5. Chapter 205, Hawaii Revised Statutes, is
2	amended by adding a new section to be appropriately designated
3	and to read as follows:
4	" <u>§205- Geothermal resource permits.</u> (a) The use of an
5	area or site for geothermal resources development within the
6	conservation district shall be governed by the board; provided
7	that the appropriate county authority may issue a geothermal
8	resource permit pursuant to subsection (c) to allow geothermal
9	resources development in an agricultural, rural, or urban
10	district if the geothermal resources development is not
11	considered a permissible use under the applicable county zoning
12	ordinances or general plan.
13	(b) If geothermal resources development is proposed within
14	a conservation district in an application containing all
15	required data, the board shall conduct a public hearing. Within
16	ten days after the public hearing, the board may receive
17	additional written comments on the issues raised at the public
18	hearing from any party.
19	The board shall consider the comments at the hearing before
20	rendering its final decision. The board shall then determine
21	whether a conservation district use permit shall be granted to
22	authorize the geothermal resources development described in the
	2013-2255 HB252 SD2 SMA.doc

Page 6

1	applicatior	1. The board shall grant a conservation district use
2	permit if i	t finds that:
3	(1) 7	The desired uses would not have unreasonable adverse
4	<u>ł</u>	nealth, environmental, or socio-economic effects on
5	<u>1</u>	residents or surrounding property;
6	(2)]	The desired uses would not unreasonably burden public
7		agencies to provide roads and streets, sewers, water,
8	Ċ	trainage, and police and fire protection; and
9	<u>(3)</u>	There are reasonable measures available to mitigate
10	t	the unreasonable adverse effects or burdens referred
11	<u>t</u>	to above, which the board shall have the authority to
12	Ē	prescribe as conditions for the proposed geothermal
13	<u>r</u>	resources development.
14	<u>A deci</u>	sion shall be made by the board within six months of
15	the date a	complete application is filed; provided that the time
16	limit may b	e extended by agreement between the applicant and the
17	board. The	e board shall have the exclusive authority to impose
18	reasonable	conditions and restrictions upon the proposed use in
19	support of	its findings, except to the extent that the
20	department	of health and other state and federal agencies have
21	jurisdictic	on to regulate such activities.

1	(c) If geothermal resources development is proposed within
2	agricultural, rural, or urban districts and the proposed
3	activities are not expressly permitted uses pursuant to the
4	applicable county general plan and zoning ordinances, then,
5	after receipt of a properly filed and completed application
6	including all required supporting data, the appropriate county
7	authority shall conduct a public hearing. Within ten days after
8	the public hearing, the county authority may receive additional
9	written comments on the issues raised at the public hearing from
10	any party.
11	The county authority shall consider the comments raised at
12	the hearing before rendering its final decision. The county
13	authority shall then determine whether a geothermal resource
14	permit shall be granted to authorize the geothermal resources
15	development described in the application. The appropriate
16	county authority shall grant a geothermal resource permit if it
17	finds that the applicant has demonstrated that:
18	(1) The desired uses would not have unreasonable adverse
19	health, environmental, or socio-economic effects on
20	residents or surrounding property;
21	(2) The desired uses would not unreasonably burden public
22	agencies to provide roads and streets, sewers, water,

Page 8

1		drainage, school improvements, and police and fire
2		protection; and
3	(3)	There are reasonable measures available to mitigate
4		the unreasonable adverse effects or burdens referred
5		to above, which the county authority may prescribe as
6		conditions for the proposed geothermal resources
7		development.
8	Unle	ss there is a mutual agreement to extend the
9	proceedin	g, a decision shall be made on the application by the
10	appropria	te county authority within six months of the date a
11	complete	application was filed; provided that the time limit may
12	be extend	ed by agreement between the applicant and the
13	appropria	te county authority. The county authority shall have
14	exclusive	authority to impose reasonable restrictions and
15	condition	s for the geothermal development in support of its
16	findings,	except to the extent that the department of health and
17	other fed	eral and state agencies have jurisdiction to regulate
18	such acti	vities.
19	(b)	For purposes of this section:
20	"App	ropriate county authority" means the county planning
21	commissio	n unless the respective county's agency or body is

2013-2255 HB252 SD2 SMA.doc

1	designated by applicable provisions of the charter or by
2	ordinance of the county council to issue development permits.
3	"Board" means the board of land and natural resources."
4	SECTION 6. Section 171-95, Hawaii Revised Statutes, is
5	amended by amending subsection (c) to read as follows:
6	"(c) For the purposes of this section, "renewable energy
7	producer" means:
8	(1) Any producer or developer of electrical or thermal
9	energy produced by wind, solar energy, hydropower,
10	geothermal resources, landfill gas, waste-to-energy,
11	ocean thermal energy conversion, cold seawater, wave
12	energy, biomass, including municipal solid waste,
13	biofuels or fuels derived from organic sources,
14	hydrogen fuels derived primarily from renewable
15	energy, or fuel cells where the fuel is derived
16	primarily from renewable sources that sell all of the
17	net power produced from the demised premises to an
18	electric utility company regulated under chapter 269
19	or that sells all of the thermal energy it produces to
20	customers of district cooling systems; provided that
21	up to twenty-five per cent of the power produced by a
22	renewable energy producer and sold to the utility or

1 to district cooling system customers may be derived from fossil fuels; or 2 3 (2) Any grower or producer of plant or animal materials 4 used primarily for the production of biofuels or other 5 fuels; provided that nothing herein is intended to 6 prevent the waste product or byproduct of the plant or 7 animal material grown or produced for the production 8 of biofuel, other fuels, electrical energy, or thermal 9 energy, from being used for other useful purposes." 10 SECTION 7. Section 182-1, Hawaii Revised Statutes, is 11 amended as follows: 12 1. By adding a new definition to be appropriately inserted 13 and to read: 14 ""Department" means the department of land and natural 15 resources." 16 2. By amending the definitions of "geothermal resources", 17 "geothermal resources exploration", and "mining lease" to read:

H.B. NO.

18 ""Geothermal resources" means the natural heat of the 19 earth, the energy, in whatever form, below the surface of the 20 earth present in, resulting from, or created by, or which may be 21 extracted from, such natural heat, and all minerals in solution 22 or other products obtained from naturally heated fluids, brines,

H.B. NO. ²⁵² H.D. 2 S.D. 2

1	associated gases, and steam, in whatever form, found below the	
2	surface of the earth, but excluding oil, hydrocarbon gas, <u>or</u>	
3	other hydrocarbon substances[, and any water, mineral in	
4	solution, or other product obtained from naturally heated	
5	fluids, brines, associated gases, and steam, in whatever form,	
6	found below the surface of the earth, having a temperature of	
7	150 degrees Fahrenheit-or-less, and not used for electrical	
8	power-generation].	
9	"Geothermal resources exploration" means either of the	
10	following:	
11	(1) Conducting non-invasive geophysical operations,	
12	including geochemical operations, remote sensing, and	
13	other similar techniques; or	
14	(2) Drilling exploration wells for, but not limited to,	
15	the extraction and removal of minerals of types and	
16	quantities;	
17	that are reasonably required for testing and analysis to provide	
18	ground truth or determine the economic viability of geothermal	
19	resources. The term does not include "geothermal resources	
20	development".	
21	"Mining lease" means a lease of the right to conduct mining	

22 operations, including geothermal resource exploration or

1	development, on state lands [and on lands sold or leased by the
2	State or its predecessors in interest with a reservation of
3	mineral rights to the State]."
4	3. By deleting the definition of "reserved lands".
5	[""Reserved lands" means those lands owned or leased by any
6	person in which the State or its predecessors in interest has
7	reserved to itself expressly or by implication the minerals or
8	right to mine minerals, or both."]
9	SECTION 8. Section 182-2, Hawaii Revised Statutes, is
10	amended by amending subsection (a) to read as follows:
11	"(a) All minerals in, on, or under state lands or lands
12	which hereafter become state lands are reserved to the State;
13	provided that the board [of land and natural resources] may
14	release, cancel, or waive the reservation whenever it deems the
15	land use, other than mining, is of greater benefit to the State
16	as provided for in section 182-4. Such minerals are reserved
17	from sale or lease except as provided in this chapter. A
18	purchaser or lessee of any such lands shall acquire no right,
19	title, or interest in or to the minerals. The right of the
20	purchaser or lessee shall be subject to the reservation of all
21	the minerals and to the conditions and limitations prescribed by
22	law providing for the State and persons authorized by it to
	2013-2255 HB252 SD2 SMA.doc

prospect for, mine, and remove the minerals, and to occupy and use so much of the surface of the land as may be required for all purposes reasonably extending to the mining and removal of the minerals therefrom by any means whatsoever."

H.B. NO.

5 SECTION 9. Section 182-3, Hawaii Revised Statutes, is
6 amended by amending subsection (a) to read as follows:

7 "(a) Every lessee of a mining lease granted under this 8 chapter and every assignee thereof shall file with the board [of 9 land and natural resources] a bond, in a form and in an amount approved by the board, made payable to the State and which shall 10 11 be conditioned upon the faithful performance by the lessee of 12 all the requirements of this chapter and of the mining lease, and also conditioned upon the full payment by the lessee of all 13 14 damages suffered by the occupiers hereinunder mentioned. If the 15 State sells or leases its mineral rights on land which it or its 16 predecessors in interest have granted or leased, or which it may 17 hereafter sell or lease, and the land thereof including any 18 crops or improvements is damaged by any mining or other 19 incidental operations, including exploratory work, or by the 20 failure of the lessee of the mining lease to properly restore 21 the land after termination of the operations, the occupier shall 22 be reimbursed the full extent of the damages caused by the

1 mining operations of the lessee to be allocated between the
2 lessee and the fee owner in accordance with the lease terms, if
3 any."

4 SECTION 10. Section 182-4, Hawaii Revised Statutes, is
5 amended to read as follows:

"§182-4 Mining leases on state lands. (a) If any mineral 6 7 is discovered or known to exist on state lands, any interested 8 person may notify the board [of land and natural resources] of the person's desire to apply for a mining lease. The notice 9 10 shall be accompanied by [a fee of \$100] the required fees, as 11 established by the department, together with a description of 12 the land desired to be leased [and], the minerals involved, and any information and maps that the board by rule may prescribe. 13 As soon as practicable thereafter, the board shall cause a 14 15 public notice to be given in the county where the lands are 16 located, at least once in each of three successive weeks, 17 setting forth the description of the land, and the minerals 18 desired to be leased. The board may hold the public auction of 19 the mining lease within six months from the date of the first 20 notice or any further time that may be reasonably necessary. 21 Whether or not the state land sought to be auctioned is then 22 being utilized or put to some productive use, the board, after

Page 15

1 due notice of public hearing to all parties in interest, within 2 six weeks from the date of the first notice or any further time 3 that may be reasonably necessary, shall determine whether the proposed mining operation or the existing or reasonably 4 foreseeable future use of the land would be of greater benefit 5 6 to the State. If the board determines that the existing or 7 reasonably foreseeable future use would be of greater benefit to 8 the State than the proposed mining use of the land, it shall disapprove the application for a mining lease of the land 9 without putting the land to auction. The board shall determine 10 11 the area to be offered for lease and, after due notice of public hearing to all parties in interest, may modify the boundaries of 12 the land areas. At least thirty days prior to the holding of 13 14 any public auction, the board shall cause a public notice to be 15 given in the State at least once in each of three successive weeks, setting forth the description of the land, the minerals 16 to be leased, and the time and place of the auction. Bidders at 17 18 the public auction may be required to bid on the amount of 19 annual rental to be paid for the term of the mining lease based 20 on an upset price fixed by the board, a royalty based on the gross proceeds or net profits, cash bonus, or any combination or 21

H.B. NO. ²⁵² H.D. 2 S.D. 2

other basis and under any terms and conditions that may be set
 by the board.

Any provisions to the contrary notwithstanding, if the 3 (b) person who discovers the mineral discovers it as a result of 4 exploration permitted under section 182-6, and if that person 5 6 bids at the public auction on the mining lease for the right to 7 mine the discovered mineral and is unsuccessful in obtaining 8 such lease, that person shall be reimbursed by the person 9 submitting the highest successful bid at public auction for the 10 direct or indirect costs incurred in the exploration of the land, excluding salaries, [attorneys] attorney's fees, and legal 11 12 expenses. The department shall have the authority to review and 13 approve all expenses and costs that may be reimbursed.

14 (C) Any proposed mining operations to be undertaken by a 15 renewable energy producer, as defined in section 171-95, shall 16 require an application to the board for a mining lease on state 17 lands. Any provisions to the contrary notwithstanding, such 18 application for a mining lease on state lands may be granted by 19 the board in accordance with this section, or the board may, by 20 the vote of two-thirds of the members to which the board is 21 entitled, grant a mining lease to the renewable energy producer 22 without public auction."

1 SECTION 11. Section 182-5, Hawaii Revised Statutes, is 2 amended to read as follows: 3 "§182-5 Mining leases on [reserved] lands. If any mineral 4 is discovered or known to exist on [reserved] lands, any 5 interested person may notify the board [of land and natural resources] of the person's desire to apply for a mining lease. 6 The notice shall be accompanied by [a fee of \$100] the required 7 8 fees, as established by the department, together with a description of the land desired to be leased and the minerals 9 involved and such information and maps as the board may by 10 11 [regulation] rule prescribe. The board may grant a mining lease 12 on [reserved] state lands in accordance with section 182-4, or 13 the board may, by the vote of two-thirds of [its] the members to 14 which the board is entitled, without public auction, grant a mining lease on [reserved] lands to the occupier thereof. Such 15 16 a mining lease may be granted to a person other than the occupier if the occupier has assigned the occupier's rights to 17 18 apply for a mining lease to another person, in which case only 19 such an assignee may be granted a mining lease. Any provisions 20 to the contrary notwithstanding, if the board decides that it is 21 appropriate to grant a geothermal mining lease on the [reserved] 22 lands, the surface owner or the owner's assignee shall have the 2013-2255 HB252 SD2 SMA.doc

first right of refusal for a mining lease. If the occupier or 1 2 the occupier's assignee of the right to obtain a mining lease should fail to apply for a mining lease within six months from 3 the date of notice from the board of a finding by the board that 4 it is in the public interest that the minerals on the [reserved] 5 6 lands be mined, a mining lease shall be granted under section 182-4; provided that bidders at the public auction shall bid on 7 an amount to be paid to the State for a mining lease granting to 8 9 the lessee the right to exploit minerals reserved to the State." 10 SECTION 12. Section 182-6, Hawaii Revised Statutes, is 11 amended to read as follows:

12 "§182-6 Exploration. Any person wishing to conduct geothermal resources exploration on state lands shall apply to 13 14 the board [of land and natural resources who], which shall issue exploration permits upon terms and conditions as it shall by 15 16 [regulation] rule prescribe. During and as a result of the exploration, no minerals of such types and quantity beyond that 17 18 reasonably required for testing and analysis shall be extracted 19 and removed from such state lands. Upon termination of the 20 exploration permit, all exploration data, including the drill logs and the results of the assays resulting from the geothermal 21 22 resources exploration, shall be turned over to the board and 2013-2255 HB252 SD2 SMA.doc

H.B. NO. ²⁵² H.D. 2 S.D. 2

kept confidential by the board. If the person shall not make 1 2 application for a mining lease of the lands within a period of 3 six months from the date the information is turned over to the board, the board in its discretion need not keep the information 4 5 confidential. This section shall be construed as authorizing the board to 6 7 issue an exploration permit for geothermal resources as well as 8 minerals." 9 SECTION 13. Section 182-7, Hawaii Revised Statutes, is 10 amended as follows: 11 1. By amending subsection (a) to read: 12 "(a) Prior to the public auction contemplated in section 13 182-4 or 182-5, or the granting of mining lease without public auction contemplated in section 182-4 or 182-5, the board [of 14 land and natural resources] shall cause a mining lease for the 15 16 land in question to be drawn. The lease shall describe the land 17 and shall contain, in addition to such other provisions which 18 the board may deem appropriate, specific provisions as provided 19 in this section."

21 "(d) The lessee shall covenant and agree that the lessee 22 shall commence mining operations upon the leased lands within 2013-2255 HB252 SD2 SMA.doc

2. By amending subsections (d) to (f) to read:

20

1 three years from the date of execution of the lease; provided
2 that so long as the lessee is actively and on a substantial
3 scale engaged in mining operations on at least one such lease on
4 the same minerals, the covenant shall be suspended as to all
5 other leases held by the lessee.

6 Any interested party may, however, request that a mining 7 lease contain a research period under which the lessees shall be 8 required to expend money in research and development to 9 establish a method to make economical the mining and processing 10 of the [mineral-deposits contained] minerals identified in the 11 lease. If the board determines that the research period would be beneficial, it shall fix the period of research and shall 12 13 also fix a minimum expenditure for labor performed or money 14 spent by the lessee [in] on research and development and the method by which the lessee shall establish that such expenditure 15 16 in fact be made. In such leases, the obligation to commence 17 mining operations within three years shall not commence until 18 the expiration of the research period.

19 (e) For the period of the lease the lessee shall have the 20 exclusive right of possession of the minerals leased and the 21 exclusive rights to mine and remove the minerals by means which 22 shall be reasonable and satisfactory to the board and to occupy 2013-2255 HB252 SD2 SMA.doc

Page 21

1 and use so much of the surface of the land as may reasonably be 2 required, subject to the provisions of section 182-3. The right to use the surface shall include the right to erect 3 transportation facilities thereon, construct plants for 4 beneficiating, drying, and processing the minerals for electric 5 6 power generation and transmission and such other uses as may be 7 approved by the board. Such other uses may include uses necessary or convenient to the [winning and] processing of the 8 9 minerals; provided that the lessee shall comply with all water and air pollution control laws, and rules of the State or its 10 11 political subdivisions. 12 The lessee may retain all minerals separated from the (f) land as a part of the process of mining the minerals specified 13

14 in the mining lease; provided that the lease may prescribe the 15 accounting and testing procedures by which the amount and 16 quality of such additional materials shall be determined for the 17 purpose of computing the excise tax thereon[-] <u>and applicable</u> 18 royalty that may be set by the board for the use of such 19 minerals."

20 SECTION 14. Section 182-9, Hawaii Revised Statutes, is
21 amended to read as follows:

H.B. NO. ²⁵² H.D. 2 S.D. 2

1	" §182-9 Deposit; first year's rental . All bidders shall <u>,</u>
2	prior to the date of public auction, post with the board [of
3	land and natural resources a deposit of \$500.] the required
4	deposit, as established by the department. The board shall
5	refund to unsuccessful bidders such amount within two days after
6	the auction. All bidders, prior to the auction, shall satisfy
7	the board of their financial ability to conduct mining
8	operations and of their capability to develop a mine. The
9	successful bidder shall pay to the board the amount of the first
10	year's rental within two days after the acceptance of the bid by
11	the board and the [\$500 deposit] required deposit, as
12	established by the department, shall be credited against such
13	sum. If the deposit exceeds the first year's rental, the excess
14	shall be refunded. All rentals thereafter are payable in
15	advance once a year."
16	SECTION 15. Section 182-10, Hawaii Revised Statutes, is
17	amended to read as follows:
18	"§182-10 Revocation of mining leases. A mining lease may
19	be revoked if the lessee fails to pay rentals when due or if any
20	of the terms of the lease or of law are not complied with, or if
21	the lessee wholly ceases all mining operations for other than
22	reasons of force majeure or the uneconomic operation of the

H.B. NO. ²⁵² H.D. 2 S.D. 2

1 mining lease for a period of one year without the written
2 consent of the board [of land and natural resources]; provided
3 that the board shall give the lessee notice of any default and
4 the lessee shall have six months or such other time limit as
5 provided by the rules [and regulations] from the date of the
6 notice to remedy the default."

7 SECTION 16. Section 182-11, Hawaii Revised Statutes, is8 amended to read as follows:

9 "§182-11 Assignment. Any mining lease may be assigned in 10 whole or in part, subject to the approval of the board [of land 11 and natural resources], to an assignee who shall have the same 12 qualifications as any bidder for a mining lease. The assignee shall be bound by the terms of the lease to the extent as if the 13 14 assignee were the original lessee. The approval of the 15 assignment by the board shall release the assignor from any 16 liabilities or duties under the mining lease as to the portion 17 thereof assigned except for any liability or duty which arose 18 prior to the approval of the assignment by the board and which 19 remains unsatisfied or unperformed."

20 SECTION 17. Section 182-13, Hawaii Revised Statutes, is
21 amended to read as follows:

Page 24

"§182-13 Surrender of mining leases. Any lessee of a 1 mining lease, who has complied fully with all the terms, 2 3 covenants, and conditions of the existing lease, may, with the 4 consent of the board [of land and natural resources], surrender 5 at any time and from time to time all or any part of a mining 6 lease or the land contained therein upon payments as 7 consideration therefor two years' rent prorated upon the portion 8 of the lease or land surrendered. The lessee shall thereupon be 9 relieved of any further liability or duty with respect to the 10 land or lease so surrendered; provided that nothing herein 11 contained shall constitute a waiver of any liability or duty the lessee may have with respect to the land or lease surrendered as 12 13 a result of any previous activities conducted on the land or 14 under the lease. Upon the termination, cancellation, or 15 surrender of any mining lease or any portion thereof, the lessee shall have the right to remove any and all equipment, buildings, 16 and plants placed on the land surrendered by the holder of the 17 18 mining lease. A mining lease may also be surrendered if as a 19 result of a final determination by a court of competent 20 jurisdiction, the lessee is found to have acquired no rights in 21 or to the minerals on [reserved] lands, nor the right to exploit 22 the same, pursuant to the lease, and, in such event, the lessee

shall be reimbursed for rentals paid to the State pursuant to
 the lease."

3 SECTION 18. Section 182-14, Hawaii Revised Statutes, is
4 amended to read as follows:

5 "\$182-14 Rules [and regulations]. Subject to chapter 91, 6 the board [of land and natural resources] may make, promulgate, 7 and amend such rules [and regulations] as it deems necessary to 8 carry out this chapter and to perform its duties thereunder, all 9 commensurate with and for the purpose of protecting the public 10 interest. All such rules [and regulations] shall have the force 11 and effect of law."

12 SECTION 19. Section 182-15, Hawaii Revised Statutes, is 13 amended to read as follows:

14 "\$182-15 Other use of surface of state lands. Where
15 mining leases are granted on state lands, the board [of land and
16 natural resources] may reserve to the State the right to lease,
17 sell, or otherwise dispose of the surface of the lands embraced
18 within the lease. The lease, sale, or other disposal of the
19 surface, if made, shall be subject to the rights of the holder
20 of the mining lease."

21 SECTION 20. Section 182-17, Hawaii Revised Statutes, is
22 amended to read as follows:

1	"[{] \$ 182-17[}] Penalty for violation . <u>(a)</u> Any person who
2	violates any provision of this chapter, or any [regulation] <u>rule</u>
- 3	adopted pursuant hereto, [shall be fined not more than \$500 for
4	each offense.] may be subject to a fine imposed by the board.
5	Such fine shall not exceed \$5,000 per violation. If any person
6	after receiving written notice for a violation fails to cure
7	such violation within such time and under such conditions as
8	determined by [the rules and regulations,] the board, such
9	person shall be subject to a citation for a new and separate
10	violation. There shall be a fine of not more than $[$500]$ $$5,000$
11	for each additional violation.
12	(b) No provision of this chapter shall bar the right of
13	any injured person to seek other legal or equitable relief
14	against a violator of this chapter.
15	(c) Except as otherwise provided by law, the board or its
16	authorized representative by proper delegation may set, charge,
17	and collect administrative fines or bring legal action to
18	recover administrative fees and costs as documented by receipts
19	or affidavit, including attorney's fees and costs; or bring
20	legal action to recover administrative fines, fees, and costs,
21	including attorney's fees and costs, or payment for damages

2013-2255 HB252 SD2 SMA.doc

resulting from a violation of this chapter or any rule adopted 1 2 pursuant to this chapter." SECTION 21. Section 205-2, Hawaii Revised Statutes, is 3 4 amended by amending subsections (b) to (d) to read as follows: 5 "(b) Urban districts shall include activities or uses as 6 provided by ordinances or regulations of the county within which 7 the urban district is situated. 8 In addition, urban districts shall include geothermal 9 resources exploration and geothermal resources development, as defined under section 182-1, as permissible uses [-]; provided 10 that a geothermal resource permit may be required for geothermal 11 12 resources development in accordance with section 205- . 13 Rural districts shall include activities or uses as (C) characterized by low density residential lots of not more than 14 15 one dwelling house per one-half acre, except as provided by 16 county ordinance pursuant to section 46-4(c), in areas where 17 "city-like" concentration of people, structures, streets, and 18 urban level of services are absent, and where small farms are 19 intermixed with low density residential lots except that within 20 a subdivision, as defined in section 484-1, the commission for 21 good cause may allow one lot of less than one-half acre, but not 22 less than eighteen thousand five hundred square feet, or an

H.B. NO.

equivalent residential density, within a rural subdivision and 1 2 permit the construction of one dwelling on such lot; provided that all other dwellings in the subdivision shall have a minimum 3 4 lot size of one-half acre or 21,780 square feet. Such petition 5 for variance may be processed under the special permit 6 procedure. These districts may include contiguous areas which 7 are not suited to low density residential lots or small farms by reason of topography, soils, and other related characteristics. 8 9 Rural districts shall also include golf courses, golf driving 10 ranges, and golf-related facilities.

In addition to the uses listed in this subsection, rural districts shall include geothermal resources exploration and geothermal resources development, as defined under section 182-1, as permissible uses [-]; provided that a geothermal resource permit may be required for geothermal resources development in accordance with section 205-.

17 (d) [Agricultural] Permissible uses in agricultural
18 districts shall include:

19 (1) Activities or uses as characterized by the cultivation
20 of crops, crops for bioenergy, orchards, forage, and
21 forestry;

1	(2)	Farming activities or uses related to animal husbandry
2		and game and fish propagation;
3	(3)	Aquaculture, which means the production of aquatic
4		plant and animal life within ponds and other bodies of
5		water;
6	(4)	Wind generated energy production for public, private,
7		and commercial use;
8	(5)	Biofuel production, as described in section
9		205-4.5(a)(16), for public, private, and commercial
10		use;
11	(6)	Solar energy facilities; provided that:
12		(A) This paragraph shall apply only to land with soil
13		classified by the land study bureau's detailed
14		land classification as overall (master)
15		productivity rating class B, C, D, or E; and
16		(B) Solar energy facilities placed within land with
17		soil classified as overall productivity rating
18		class B or C shall not occupy more than ten per
19	н на	cent of the acreage of the parcel, or twenty
20		acres of land, whichever is lesser;
21	(7)	Bona fide agricultural services and uses that support
22		the agricultural activities of the fee or leasehold

252 H.D. 2 S.D. 2

H.B. NO.

1 owner of the property and accessory to any of the 2 above activities, regardless of whether conducted on 3 the same premises as the agricultural activities to 4 which they are accessory, including farm dwellings as 5 defined in section 205-4.5(a)(4), employee housing, 6 farm buildings, mills, storage facilities, processing 7 facilities, photovoltaic, biogas, and other small-8 scale renewable energy systems producing energy solely 9 for use in the agricultural activities of the fee or 10 leasehold owner of the property, agricultural-energy 11 facilities as defined in section 205-4.5(a)(17), 12 vehicle and equipment storage areas, and plantation 13 community subdivisions as defined in section 14 205-4.5(a)(12); 15 (8) Wind machines and wind farms; 16 (9) Small-scale meteorological, air quality, noise, and 17 other scientific and environmental data collection and 18 monitoring facilities occupying less than one-half 19 acre of land; provided that these facilities shall not 20 be used as or equipped for use as living quarters or 21 dwellings;

22 (10) Agricultural parks;

Page 31

1 (11)Agricultural tourism conducted on a working farm, or a 2 farming operation as defined in section 165-2, for the 3 enjoyment, education, or involvement of visitors; provided that the agricultural tourism activity is 4 5 accessory and secondary to the principal agricultural use and does not interfere with surrounding farm 6 7 operations; and provided further that this paragraph shall apply only to a county that has adopted 8 9 ordinances regulating agricultural tourism under 10 section 205-5;

Agricultural tourism activities, including overnight 11 (12)12 accommodations of twenty-one days or less, for any one stay within a county; provided that this paragraph 13 14 shall apply only to a county that includes at least 15 three islands and has adopted ordinances regulating 16 agricultural tourism activities pursuant to section 17 205-5; provided further that the agricultural tourism 18 activities coexist with a bona fide agricultural 19 activity. For the purposes of this paragraph, "bona 20 fide agricultural activity" means a farming operation 21 as defined in section 165-2;

22 (13) Open area recreational facilities;

Page 32

	2013-2255 HB252 SD2 SMA.doc		

1 health that prepares and serves food at retail 2 using products grown in Hawaii and value-added 3 products that were produced using agricultural 4 products grown in Hawaii. 5 The owner of an agricultural-based commercial 6 operation shall certify, upon request of an officer or 7 agent charged with enforcement of this chapter under section 205-12, that the agricultural products 8 9 displayed or sold by the operation meet the 10 requirements of this paragraph. 11 Agricultural districts shall not include golf courses and golf driving ranges, except as provided in section 205-4.5(d). 12 Agricultural districts include areas that are not used for, or 13 14 that are not suited to, agricultural and ancillary activities by reason of topography, soils, and other related characteristics." 15 16 SECTION 22. Section 205-4.5, Hawaii Revised Statutes, is 17 amended by amending subsection (a) to read as follows: 18 "(a) Within the agricultural district, all lands with soil 19 classified by the land study bureau's detailed land 20 classification as overall (master) productivity rating class A 21 or B shall be restricted to the following permitted uses:

H.B. NO.

Page 34

1	(1)	Cultivation of crops, including crops for bioenergy,
2		flowers, vegetables, foliage, fruits, forage, and
.3		timber;
4	(2)	Game and fish propagation;
5	(3)	Raising of livestock, including poultry, bees, fish,
6		or other animal or aquatic life that are propagated
7		for economic or personal use;
8	(4)	Farm dwellings, employee housing, farm buildings, or
9	·	activities or uses related to farming and animal
10		husbandry. "Farm dwelling", as used in this
11		paragraph, means a single-family dwelling located on
12		and used in connection with a farm, including clusters
13		of single-family farm dwellings permitted within
14		agricultural parks developed by the State, or where
15		agricultural activity provides income to the family
16		occupying the dwelling;
17	(5)	Public institutions and buildings that are necessary
18		for agricultural practices;
19	(6)	Public and private open area types of recreational
20		uses, including day camps, picnic grounds, parks, and
21		riding stables, but not including dragstrips,

1		airports, drive-in theaters, golf courses, golf
2		driving ranges, country clubs, and overnight camps;
3	(7)	Public, private, and quasi-public utility lines and
4		roadways, transformer stations, communications
5		equipment buildings, solid waste transfer stations,
6	•	major water storage tanks, and appurtenant small
7		buildings such as booster pumping stations, but not
8		including offices or yards for equipment, material,
9		vehicle storage, repair or maintenance, treatment
10		plants, corporation yards, or other similar
11		structures;
12	(8)	Retention, restoration, rehabilitation, or improvement
13		of buildings or sites of historic or scenic interest;
14	(9)	Agricultural-based commercial operations as described
15		in section [+]205-2(d)(15)[+];
16	(10)	Buildings and uses, including mills, storage, and
17		processing facilities, maintenance facilities,
18		photovoltaic, biogas, and other small-scale renewable
19		energy systems producing energy solely for use in the
20		agricultural activities of the fee or leasehold owner
21		of the property, and vehicle and equipment storage
22		areas that are normally considered directly accessory

1		to th	ne above-mentioned uses and are permitted under
2		sect	lon 205-2(d);
3	(11)	Agric	cultural parks;
4	(12)	Plant	cation community subdivisions, which as used in
5		this	chapter means an established subdivision or
6		clust	er of employee housing, community buildings, and
7		agrid	cultural support buildings on land currently or
8		forme	erly owned, leased, or operated by a sugar or
9		pinea	apple plantation; provided that the existing
10		stru	ctures may be used or rehabilitated for use, and
11		new e	employee housing and agricultural support
12		build	lings may be allowed on land within the
13		subd:	vision as follows:
14		(A)	The employee housing is occupied by employees or
15			former employees of the plantation who have a
16			property interest in the land;
17		(B)	The employee housing units not owned by their
18			occupants shall be rented or leased at affordable
19			rates for agricultural workers; or
20		(C)	The agricultural support buildings shall be
21			rented or leased to agricultural business
22			operators or agricultural support services;

H.B. NO. ²⁵² H.D. 2 S.D. 2

1 (13)Agricultural tourism conducted on a working farm, or a 2 farming operation as defined in section 165-2, for the 3 enjoyment, education, or involvement of visitors; provided that the agricultural tourism activity is 4 5 accessory and secondary to the principal agricultural use and does not interfere with surrounding farm 6 7 operations; and provided further that this paragraph shall apply only to a county that has adopted 8 ordinances regulating agricultural tourism under 9 10 section 205-5;

Agricultural tourism activities, including overnight 11 (14)12 accommodations of twenty-one days or less, for any one stay within a county; provided that this paragraph 13 14 shall apply only to a county that includes at least 15 three islands and has adopted ordinances regulating 16 agricultural tourism activities pursuant to section 17 205-5; provided further that the agricultural tourism 18 activities coexist with a bona fide agricultural 19 activity. For the purposes of this paragraph, "bona 20 fide agricultural activity" means a farming operation 21 as defined in section 165-2;

H.B. NO. ²⁵² H.D. 2 S.D. 2

Wind energy facilities, including the appurtenances 1 (15)associated with the production and transmission of 2 wind generated energy; provided that the wind energy 3 facilities and appurtenances are compatible with 4 5 agriculture uses and cause minimal adverse impact on agricultural land; 6 7 Biofuel processing facilities, including the (16)appurtenances associated with the production and 8 9 refining of biofuels that is normally considered 10 directly accessory and secondary to the growing of the 11 energy feedstock; provided that biofuels processing 12 facilities and appurtenances do not adversely impact agricultural land and other agricultural uses in the 13 14 vicinity. For the purposes of this paragraph: 15 16 "Appurtenances" means operational infrastructure 17 of the appropriate type and scale for economic 18 commercial storage and distribution, and other similar 19 handling of feedstock, fuels, and other products of

20 biofuel processing facilities.
21 "Biofuel processing facility" mea

"Biofuel processing facility" means a facility that produces liquid or gaseous fuels from organic

22

H.B. NO. ²⁵² H.D. 2 S.D. 2

1 sources such as biomass crops, agricultural residues, and oil crops, including palm, canola, soybean, and 2 3 waste cooking oils; grease; food wastes; and animal residues and wastes that can be used to generate 4 5 energy; (17)Agricultural-energy facilities, including 6 7 appurtenances necessary for an agricultural-energy enterprise; provided that the primary activity of the 8 9 agricultural-energy enterprise is agricultural 10 activity. To be considered the primary activity of an 11 agricultural-energy enterprise, the total acreage devoted to agricultural activity shall be not less 12 than ninety per cent of the total acreage of the 13 14 agricultural-energy enterprise. The agriculturalenergy facility shall be limited to lands owned, 15 leased, licensed, or operated by the entity conducting 16 17 the agricultural activity. 18 As used in this paragraph:

19 "Agricultural activity" means any activity
20 described in paragraphs (1) to (3) of this subsection.
21 "Agricultural-energy enterprise" means an
22 enterprise that integrally incorporates an

Page 40

agricultural activity with an agricultural-energy 1 facility. 2 "Agricultural-energy facility" means a facility 3 4 that generates, stores, or distributes renewable 5 energy as defined in section 269-91 or renewable fuel including electrical or thermal energy or liquid or 6 gaseous fuels from products of agricultural activities 7 8 from agricultural lands located in the State. "Appurtenances" means operational infrastructure 9 10 of the appropriate type and scale for the economic commercial generation, storage, distribution, and 11 other similar handling of energy, including equipment, 12 feedstock, fuels, and other products of agricultural-13 energy facilities; 14 (18)Construction and operation of wireless communication 15 16 antennas; provided that, for the purposes of this 17 paragraph, "wireless communication antenna" means communications equipment that is either freestanding 18 19 or placed upon or attached to an already existing structure and that transmits and receives 20 electromagnetic radio signals used in the provision of 21 all types of wireless communications services; 22

provided further that nothing in this paragraph shall
 be construed to permit the construction of any new
 structure that is not deemed a permitted use under
 this subsection;

Agricultural education programs conducted on a farming 5 (19)operation as defined in section 165-2, for the 6 7 education and participation of the general public; provided that the agricultural education programs are 8 9 accessory and secondary to the principal agricultural 10 use of the parcels or lots on which the agricultural education programs are to occur and do not interfere 11 12 with surrounding farm operations. For the purposes of 13 this section, "agricultural education programs" means 14 activities or events designed to promote knowledge and 15 understanding of agricultural activities and practices 16 conducted on a farming operation as defined in section 17 165 - 2;

18 (20) Solar energy facilities that do not occupy more than
19 ten per cent of the acreage of the parcel, or twenty
20 acres of land, whichever is lesser; provided that this
21 use shall not be permitted on lands with soil
22 classified by the land study bureau's detailed land

1	may be required for geothermal resources development
2	in accordance with section 205
3	In addition, the minimum lot size for any low density
4	residential use shall be one-half acre and there shall be but
5	one dwelling house per one-half acre, except as provided for in
6	section 205-2."
7	PART III
8	SECTION 24. Statutory material to be repealed is bracketed
9	and stricken. New statutory material is underscored.
10	SECTION 25. This Act shall take effect on July 1, 2050.

Report Title:

Native Hawaiians; Recognition; Native Hawaiian Roll Commission; BLNR; Native Hawaiian Traditional and Customary Practice; Mineral Resources; Geothermal Resources

Description:

Requires annual reports from the Native Hawaiian Roll Commission. Amends the definition of "qualified Native Hawaiian" to include individuals who meet certain expanded ancestry requirements. Establishes that the Native Hawaiian roll commission is responsible for including in the roll all individuals already registered as Hawaiians or Native Hawaiians through the office of Hawaiian affairs. Repeals directive to amend the Hawaiian Homes Commission Act. Effective July 1, 2050 (part I). Promotes renewable energy in Hawaii by: (1)providing that all penalties, fees, and costs established and collected by the Department of Land and Natural Resources pursuant to Chapter 182, Hawaii Revised Statutes, be deposited in the Special Land and Development Fund; (2) including geothermal resources within the definition of a renewable energy producer; and (3) clarifying the permitting procedures for regulators and renewable energy developers considering geothermal development. Requires the use of an area or site within the conservation district for geothermal resources development to be governed by the board of land and natural resources. Authorizes certain county authorities to issue geothermal resource permits to allow geothermal resources development in an agricultural, rural, or urban district if the development is not considered a permissible use under the applicable county zoning ordinances or general plan. Repeals definition of and deletes references to "reserved lands" in chapter 182, Hawaii Revised Statutes. Effective July 1, 2050 (part II). (SD2).
