A BILL FOR AN ACT

RELATING TO THE HAWAII HIGH IMPACT CENTER FOR COMMERCIALIZATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. The legislature finds that to be successful in
- 2 the twenty-first century global economy, the State must be a
- 3 leader in science, technology development, technology transfer,
- 4 and commercialization. Innovation in these fields will enable
- 5 the State to succeed in the global marketplace and support the
- 6 State's sustainable economic development goals. In recent
- 7 years, the State has made significant progress through programs
- 8 supported by federal and state initiatives, but more growth is
- 9 necessary to advance the technology industry in order to support
- 10 local manufacturing and technology commercialization.
- 11 The purpose of this Act is to build on the State's
- 12 successful science and technology industries and establish the
- 13 Hawaii high impact center for commercialization, a program to
- 14 support the State's small businesses in the fields of dual-use
- 15 technology, innovative agriculture development, molecular
- 16 manufacturing, humanitarian assistance, and disaster management
- 17 and response.

S.B. NO. 2624

1	SECTION 2. (a) There is established the Hawaii high		
2	impact ce	nter for commercialization, to be placed in the	
3	Universit	y of Hawaii's office of the vice president for research	
4	and innov	ation for administrative purposes; provided that the	
5	center mag	y incorporate as an independent nonprofit corporation	
6	to furthe	r its objectives. The purposes of the center shall be	
7	to:		
8	(1)	Support the State's small businesses in the fields of	
9		dual-use technology, innovative agriculture	
10		development, molecular manufacturing, humanitarian	
11		assistance, and disaster management and response;	
12	(2)	Develop, implement, and operate a comprehensive	
13		technology transfer and commercialization system to	
14		support the State's technology industry;	
15	(3)	Include a manufacturing readiness program which shall	
16		enable the State's science and technology sector to	
17		prepare for manufacturing, sales, and services;	
18	(4)	Provide capital to support accelerated	
19		commercialization activities in the fields of dual-use	
20		technology, innovative agriculture development,	
21		molecular manufacturing, humanitarian assistance, and	
22		disaster management and response;	

S.B. NO. 2624

1	(5)	Provide capital to sustain high-potential business
2		infrastructure development to assist enterprises
3		toward commercial success;
4	(6)	Promote high-quality, high-income job opportunities
5		for the State's residents and graduates of the State's
6		educational institutions;
7	(7)	Provide livable-wage jobs to encourage talented
8		scientists and engineers to return home to the State;
9		and
10	(8)	Keep high technology companies in the State by
11		limiting the need to seek out-of-state venture
12		capital, which dilutes local ownership.
13	(b)	If the center incorporates, to receive state funds,
14	the center shall:	
15	(1)	Be licensed or accredited in accordance with federal,
16		state, or county laws, rules, or ordinances to conduct
17		the activities or provide the services for which the
18		funds are appropriated;
19	(2)	Comply with all applicable federal and state laws
20		prohibiting discrimination against any person on the
21		basis of race, color, national origin, religion,

1		creed, sex, age, sexual orientation, disability, or
2		other protected class;
3	(3)	Agree not to use state funds for entertainment or
4		lobbying activities;
5	(4)	Be incorporated pursuant to chapter 414D, Hawaii
6		Revised Statutes;
7	(5)	Be designated by the Internal Revenue Service as a
8		tax-exempt organization;
9	(6)	Maintain bylaws or policies that describe the manner
10		in which the activities or services shall be conducted
11		or provided, for which a grant or subsidy is awarded;
12		and
13	(7)	Include only members on the governing board of
14		directors who have no material conflict of interest
15		and who shall serve without compensation.
16	(c)	The center shall seek, receive, and accept from public
17	and private sources located in or out of the United States, the	
18	following	: grants, gifts, devises, bequests, or any other money
19	or property, real, personal or mixed, tangible or intangible,	
20	absolutely or in trust, to be used in carrying out the purposes	
21	of the center.	

22

SECTION 3. This Act shall take effect upon its approval.
