

Jenee Sachie Odani

Education: **University of California-Davis/California Animal Health & Food Safety Laboratory, San Bernardino Branch**
 Residency in Diagnostic Veterinary Pathology, 2001-2004
 Diplomate, American College of Veterinary Pathologists, 2007

University of California-Davis, School of Veterinary Medicine
 Doctor of Veterinary Medicine awarded 1999
 Regent Scholar

University of Washington (9/93-3/95)
 BA in Zoology awarded December 1994

University of Hawaii (8/91-5/93) Regent Scholar

Work Experience:

11/06-present **Hawaii Department of Agriculture, Veterinary Laboratory, Aiea, HI: Veterinary Medical Officer.**

Provides necropsy services for primarily porcine and avian specimens, and extensive consultation services to the state Livestock Disease Control veterinarians. Manages the technical aspects of the laboratory (serology, bacteriology, parasitology, histology and limited bacteriology). Coordinates the Classical Swine Fever Surveillance/Umbrella Animal Health Surveillance cooperative agreement with the USDA, APHIS-VS 2008-present. Since 2012, supervises the laboratory staff and develops technical SOPs and quality system materials.

2011-present **University of Hawaii at Manoa, College of Tropical Agriculture and Human Resources, Honolulu, HI: lecturer.**

Taught the upper division Anatomy of Agricultural Animals course (ANSC 301).

10/09-present **Waipahu Leeward Veterinary Clinic, Waipahu, HI: volunteer/relief veterinarian.**

Performed routine small animal medical duties and diagnostics.

Fall 2008 **University of Hawaii at Manoa, College of Tropical Agriculture and Human Resources, Honolulu, HI: lecturer.**

Taught the upper division Animal Diseases course (ANSC 453).

10/04-10/06 **California Animal Health & Food Safety Laboratory, San Bernardino, CA: post doctorate fellow/Veterinary pathologist.**

Necropsy/biopsy services of primarily equine, bovine, ovine, caprine, avian specimens (limited feline, canine, exotics). Interpreted of microbiology, toxicology, virology and serology results.

10/03-10/06 **Humane Society of San Bernardino, San Bernardino, CA: Independent Contract Veterinarian.**

Conducted weekend clinics: primarily vaccinations and limited outpatient medicine. Served occasionally in special capacity to document/treat abuse cases.

- 11/00-5/01 **Benicia Cat Clinic**, Benicia, CA: Associate Veterinarian, temporary position.
General feline practice, routine surgery and medicine.
- 7/99-9/01 **Banfield the Pet Hospital**, South Sacramento, CA: Associate Veterinarian.
General small animal practice, routine surgery and medicine.
- 4/00-02 **Herring Disease Project**, Prince William Sound, AK: Assistant Pathologist
Assisted Dr. Gary Marty with project studying pigmented macrophage aggregates in the Pacific Herring from Prince William Sound, Alaska. Annual trips in April to Alaska to perform gross necropsies of 150 herring each year (450 total). Assisted with point-count morphometry to quantify the volume of pigmented macrophage aggregates in the liver.

Post Graduate Courses Attended:

- June 2012 Shrimp Pathology Short Course at University of Arizona, Tucson, AZ
- 2006-present Various training seminars concerning Emergency Response Management, National Incident Management System and Incident Command System, Honolulu, HI
- 11/5/07 Veterinary Laboratory Diagnostician Course on Foreign Animal Disease Pathology, Plum Island Animal Disease Center, Department of Homeland Security, Orient Point, NY
- 7/9/04-7/11/04 Poultry Histopathology Workshop, California Animal Health and Food Safety Laboratory System, UC Davis, San Bernardino, CA
- 6/7/04-6/11/04 Descriptive Veterinary Pathology course. Armed Forces Institute of Pathology, Washington, DC
- 12/ 13/03-12/14/03 Examination of the Musculoskeletal System of Race Horses. California Animal Health and Food Safety Laboratory System, UC Davis, San Bernardino, CA
- 10/13/03 Symposium on Reproductive Pathology. Charles Louis Davis, DVM Foundation. San Diego, CA
- 8/5/03-8/9/03 48th Annual Pathology of Laboratory Animals (POLA) course. Armed Forces Institute of Pathology. Washington, DC

Post Graduate Conferences/Training Seminars Attended:

- October 2014 American Association of Veterinary Laboratory Diagnosticians (AAVLD) Conference, St. Louis, MO
- June 2014 Tilapia Hatchery and Production Techniques Workshop, Auburn, AL
- October 2013 American Association of Veterinary Laboratory Diagnosticians (AAVLD) Conference, San Diego, CA
- April 2013 Fundamentals of Management, Honolulu, HI
- March 2013 Animal Industry Division: Avian Influenza Meeting
Aiea, HI
- November 2010 American Association of Veterinary Laboratory Diagnosticians (AAVLD) Conference, Minneapolis, MN
- October 2009 American Association of Veterinary Laboratory Diagnosticians (AAVLD) Conference, San Diego, CA

- October 2008 American Association of Veterinary Laboratory Diagnosticians (AAVLD) Conference, Greensboro, NC
- July 2006 American Veterinary Medical Association Annual (AVMA) Convention. Honolulu, HI
- March 2004 World Aquaculture Society Conference, Honolulu, HI
- October 2003 American Association of Veterinary Laboratory Diagnosticians (AAVLD) Conference, San Diego, CA
- March 2003 Western Poultry Disease Conference (WPDC), Sacramento, CA
- September 2002 Fourth International Symposium of Aquatic Animal Health, New Orleans, LA

Talks:

- 2011-2014 “Survey of Zoonotic Diseases”, University of Hawaii at Manoa, Animal Science 453, Animal Diseases Course, Honolulu, HI
- April 2010 “Necropsy and Histology Techniques for Veterinary Technicians”, Windward Community College, Animal Science 151, Clinical Laboratory Techniques Course, Kaneohe, HI
- February 2009 “Animal Health and Current Swine Problems”, Hawaii Pork Industry Association Meeting, Aiea, HI
- May 2006 “Applications of Histotechnology in Veterinary Diagnostics”, Society for Histotechnology Symposium/Convention, Costa Mesa, CA
- October 2003 “Pathology of Exotic Newcastle Disease in Backyard and Commercial Layer Chickens

- during the 2002-2003 California Outbreak”, AAVLD Conference, San Diego, CA
- March 2003 “Pathology of Exotic Newcastle Disease in Backyard Chickens during the 2002-2003 California Outbreak”, University of California-Davis, Veterinary Medical Teaching Hospital House Officer Seminar Day, Davis, CA
- March 2003 “Pathology of Exotic Newcastle Disease in Backyard Chickens during the 2002-2003 California Outbreak”, Western Poultry Disease Conference, Sacramento, CA

Professional Memberships:

American Association of Laboratory Veterinary Diagnosticians: Hawaii Delegate
American College of Veterinary Pathologists
Honolulu Veterinary Society

Licensed to practice in the states of California (active) and Hawaii (active)
