

Robin Kim Inaba

Summary of Qualifications

As a business owner, practicing architect and community volunteer, I have been fortunate to be exposed to and participate in a wide variety of experiences that provided me with professional and personal growth.

Through my architectural design experience, I have developed excellent problem solving and communication skills and have learned to work well with others.

I believe volunteerism as an opportunity for me to contribute to improving our quality of life and to maintain it for our children's future.
