Dear Senate President Kim and Members of the Senate,

Thank you very much for this opportunity to submit testimony on behalf of the nomination for Mr. Gerald Teramae to the Hawai'i Teacher Standards Board. I worked with Mr. Teramae for four years in his former capacity as Lower School Dean at Iolani School. Quite simply put, Mr. Teramae is one of the most visionary, passionate, caring and articulate people I have ever encountered in my 20 years of working with and on behalf of children.

Mr. Teramae has a wealth of experience in both public and private education. His dedication to the education and development of Hawai'i's students coupled with his cutting edge approach to both pedagogy and management, make him an ideal candidate for this position.

In addition, I feel that Mr. Teramae's interpersonal skills and ability to communicate and problem solve effectively, will also prove invaluable. He is able to bring consensus when difficult decisions arise and I know he will be instrumental in creating a very bright future for the education of Hawai'i's youth.

It is without hesitation that I recommend Mr. Gerald Teramae for this appointment.

Aloha. My name is Art Kimura, retired Department of Education science teacher and administrator, currently working as an education specialist, Hawaii Space Grant Consortium, University of Hawaii. I am submitting this testimony on behalf of Gerald Teramae, who has been nominated to the Hawaii Teacher Standards Board. I have been privileged to have known and worked with Mr. Teramae since he was principal at Kalani High School, and more recently as Principal at Iolani School and now Principal at Island Pacific Academy. Mr. Teramae is eminently qualified to be a member of the Hawaii Teacher Standards Board. His noted work as principal at the elementary, middle and high school levels, both in public and private schools, allowed him to work with a diversity of teachers, generalists and content specific, different grade levels, and different socio-economic environments. Understanding the classroom and community environments, standards based education and the qualities of an effective teacher allows Mr. Teramae to draw from his experiences to assure that teachers accepted into the teaching profession meet the highest expectations to ensure student achievement and prepare the students for post high school education and the future work force to support community needs.

I submit this testimony in support of the confirmation of Gerald Teramae to the Hawaii Teacher Standards Board.

Dear Chair Kidani, Vice Chair Harimoto & Committee Members:

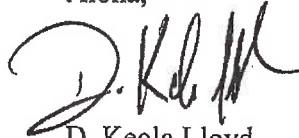

GM 788—Submitting for Consideration and Confirmation
to the Hawai'i Teacher Standards Board,
Gubernatorial Nominee, GERALD M. TERAMAE,
for a Term to Expire June 30, 2017

It is my distinct pleasure and honor to give my support for the confirmation of Gerald M. Teramae as a member of the Hawaii Teachers Standards Board (HTSB). There is no doubt that he is eminently qualified for this position with HTSB whose mission is to set teacher standards so that every child in Hawaii is taught only by qualified teachers.

Mr. Teramae's entire career has been dedicated to education in Hawaii as a teacher and principal/vice principal, for elementary through high schools, in both public and independent schools. As a teacher, he knows the hard challenges his colleagues face in the classroom as well as what inspires them to dedicate themselves to this vital profession. As an administrator, he understands the complexities of managing and directing all phases of school administration—from budgeting to strategic planning to curriculum and teacher development—while never losing sight of the real work at hand—making sure that every child in Hawaii has access to an excellent education provided by highly qualified teachers.

I believe that the HTSB will benefit from Mr. Teramae's vast experience and expertise as an educator, and will be well served by confirming him as a member of the Hawaii Teachers Standards Board.

Comments: I am writing in support of Gerald Teramae's nomination for the Hawaii Teacher Standards Board representing independent schools in Hawaii. I have known Gerald for the past 4 years as a colleague and mentor. We both held leadership roles at `Iolani School and worked on numerous projects together. He was a wonderful leader and administrator and inspired trust in those he led. He was extremely collaborative, positive, and professional in every situation. He was a team player and I most definitely enjoyed working with him. `Iolani was sad to lose him when he chose to be the new head of Island Pacific Academy, but I know he has already made significant positive changes at IPA in his short 8 months there. I am confident that Gerald would represent Hawaii educators extremely well. As a former DOE employee himself, I know he is well-versed in all issues regarding Hawaii state educational standards and now as a private school leader, he can represent independent schools well. I have the utmost confidence in Gerald and know he would be a great addition to this team.

Testimony for Gerald Teramae – GM 788-789

My name is Laura Ahn and I am submitting this testimony in full support of Mr. Gerald Teramae who is nominated to be a member of the Hawaii Teacher Standards Board to represent Independent Schools in Hawaii. I have known Mr. Teramae for over 20 years and in 2007-2010 I had the opportunity to work with him at Kalani High School as one of his Vice Principals.

Through my experience with Mr. Teramae as our leader at Kalani High School, he has led us through years of success by making sound decisions and having high expectations for our teachers and students. He implemented and sustained our one-to-one laptop initiative, our small learning communities and student academies, by using his creative and innovative ideas to make change for the future success of our school. Mr. Teramae's dedication to our teachers and students in the State of Hawaii is obvious. He assures effective teaching practices and standards are consistently implemented in the classrooms by monitoring and providing essential professional development for all. Mr. Teramae has taught me how to effectively evaluate curriculum and assess for needs by communicating with staff and reflecting on my practices. Dear Senator Kidani and members of the Committee on Education

Subject: GM 788 & 789 – Nomination of Gerald Teramae to Hawaii Teachers Standards Board

I am writing in support of Governor Ige's nomination of Gerald Teramae as the independent schools' member of the Hawaii Teacher Standards Board. I regret that I will be en route to the mainland at the time your committee will meet to discuss this nomination and will therefore not be able to testify in person.

Mr. Teramae brings excellent credentials to this position. A former Hawaii public school teacher, vice principal and principal, he is familiar with the responsibilities and qualifications needed to teach effectively in Hawaii's public schools. He also has recent independent school administrative experience and therefore can see teacher requirements from an independent school perspective. By and large, students are students; the public school sector can learn from the independent school sector, and vice versa.

I have known Mr. Teramae for approximately ten years, beginning with my work in the state office of the Department of Education and continuing to as recently as one week ago, when I spent several hours with him at Hawaii Pacific Academy. Mr. Teramae approaches issues collaboratively, willing to learn from others as well as teach. He would make a productive and constructive member of the Hawaii Teacher Standards Board. I support his confirmation without hesitation or reservation.

Mahalo for your consideration!

Sincerely yours,

Randolph G. Moore

I am the principal of Jarrett Middle School. I represent myself, as an educator, in support of the confirmation of Mr. Gerald Teramae to the Hawai'i Teacher Standards Board.

I recently moved to Jarrett Middle School to become their new Principal. In speaking with various faculty members, they still talk about how Gerald had a positive impact on the school and community even a decade later. Gerald can bring his unique knowledge of both the public and independent school systems here in Hawai'i to the HTSB.

I have worked directly with Gerald in the past for 3 years, and have since continued to partner with him on various educational endeavors. I have always known Gerald to be an honorable man who has the best interests of students at the core of what he does. With regard to teachers, he has always pushed them to continually improve and has looked to the latest research for guidance. On occasion, Gerald has also sent me interesting educational leadership articles that he finds pertinent to administration. He is a continual learner and I have the utmost respect for him as an educator, and more importantly, as a person.

In closing, I ask that you consider Mr. Gerald Teramae to serve on the Hawai'i Teacher Standards Board.

Dear Senator Kidani and Senator Harimoto,

I have been an educator for 22 years. I've had 20 years of experience with the Department of Education and the 2 most recent years with 'Iolani School. I am a Highly Qualified Elementary Teacher (K-6) and I am a National Board Certified Teacher in Social Studies-History: Early Adolescence. I am testifying in support of Gerald M. Teramae's nomination to the Hawai'i Teacher Standards Board.

I support Gerald M. Teramae's nomination based on his experiences and character. I have known Mr. Teramae on a professional level for 8 years. He is incredibly passionate as an administrator. He puts students first and does his best to move a school forward by pushing teachers to be more effective educators. His experiences at Aliiolani Elementary School, Jarrett Middle School, and Kalani High School are a testament to his ability to create a vision of what a 21st century school looks like, and his ability to pull the school community together to realize this vision.

Mr. Teramae has had first hand experience as a classroom teacher, as well as numerous years as a well respected administrator, in both the public and private sectors. His unique perspectives would be invaluable on the Standards Teachers Board. Mr. Teramae has access to first hand experiences when it comes to determining the qualities necessary of an effective educator to meet the diverse needs of various student populations and school communities. His experiences within the different school communities have provided him with a network of contacts that could prove invaluable to the board.

Mr. Teramae's character is what makes him an incredible leader. He leads by example. Whatever he asks of his faculty, he is willing to put forth the energy and time, three-fold to make that vision a reality. He truly lives the values of making the experiences of students relevant and research based. He recognizes what makes an effective educator and nurtures those qualities in his faculty. He empowers teacher leaders, since this is a best practice that he recognizes as a way to effectively move schools forward and improve student learning experiences. Mr. Teramae has that rare balance of being a passionate leader, who leads with compassion. These are qualities that I respect and admire, and what make him an effective educational

leader. He understands and lives the value of working together to make big things happen in our education system, which is often fraught with complacency and resistance to change. Mr. Teramae, in short, is a man who makes things happen.

.As an educator, who is passionate about my profession and the future of our schools, I am very confident that Mr. Teramae would be an effective and valuable member of this board. As I have stated, I am in full support of Mr. Teramae's nomination to the Teachers Standards Board. He has the experiences necessary to positively contribute to the mission of the board. As an educator and administrator in both the public and private sectors, he has the unique perspectives, experiences, and connections to contribute tremendously to the board's efforts.

Respectfully,
Robin S. L. Dyrensborg

Dear Senators Kidani and Harimoto:

Hope all is well with both of you. Thank you for your service to the community.

I am writing in FAVOR of confirming Gerald Teramae as a member of the Hawaii Teachers Standards Board, GM 788.

I've known Mr. Teramae during his tenure as the Principal of Kalani High School. I was the Assistant Superintendent for Technology at the time. Mr. Teramae impressed me as a "servant leader" who was quiet and unassuming but fostered tremendous leadership and integrity. He also never assumed he knew everything and was unafraid to surround himself with strong advisers. He instituted one of the first attempts at providing a laptop for every student in the state.

Most importantly, he did not assume that technology alone was the solution, and provided teachers the needed training and curriculum to make this program work. He was also very successful in convincing the parents to PAY for the laptops.

I apologize for this email as I was unsuccessful in submitting testimony online. Hope to see again soon!

My name is Steve Ross and I am the Primary Years Principal at Island Pacific Academy. I am testifying on for Bill GM789. I am testifying in favor of Gerald Teramae for Hawaii Teacher Standards Board, Gubernatorial Nominee.

I have worked with Gerald for the past 8 months at Island Pacific Academy (the premier K-12th grade educational on the westside) where he is the Head of School. Gerald has many qualities/ experiences that would support a successful tenure on the Hawaii Teacher Standards Board. First, he has great experience working in both the Department of Education as a teacher and Administrator and in Independent Schools as an Administrator. With this comes a solid understanding of education and educational institutions in Hawaii.

Another quality that will make Gerald a successful member of the Board is the thoughtful listener he is. Gerald is someone that others find easy to talk to, especially with concerns or issues. He is open, respectful and not judgmental. He guides the conversation towards problem solving, which is fair and in the best interest of all involved.

Gerald is also a visionary. He sees the possibilities in people and is able to support them to reach these possibilities. He also sees the possibilities of education and how education and learning can grow and develop in the best interest of students and teachers. Both have been demonstrated during the time I have worked with Gerald at Island Pacific Academy.

Thank you for taking time to review my testimony in favor of Gerald Teramae for Hawaii Teacher Standards Board, Gubernatorial Nominee.

Respectfully,

Steve Ross
