TESTIMONY ON GOVERNOR'S MESSAGE NO. 830.

TO THE HONORABLE ROSALYN H. BAKER, CHAIR,
AND MEMBERS OF THE COMMITTEE:

My name is Lee Ann Teshima and I am the Executive Officer for the Board of Nursing, Department of Commerce and Consumer Affairs ("Department"). The Department thanks you for the opportunity to testify on Governor's Message No. 830, regarding the **reappointment** of Katharyn Daub to the Board of Nursing ("Board"). The Department supports the confirmation of Ms. Daub's reappointment to the Board.

Since her interim appointment in July 2014, Ms. Daub has attended eight of the nine Board meetings scheduled and has been appointed to the Board's Education Committee to conduct research to improve the education of nursing in this State. I have had the pleasure of working with Ms. Daub for the last nine months and find her to be

well prepared for the Board meetings and knowledgeable as she participates in discussions of nursing education as well as her experience as a registered nurse.

As a licensed registered nurse in Hawaii since March 10, 1986, and a nursing educator since 1996, Ms. Daub is a valuable asset to the Board bringing with her the knowledge and skills that only an individual with her experience as both a practicing nurse and nursing educator can bring.

The Department supports the reappointment of Ms. Daub to the Board of Nursing, and thanks you for the opportunity to provide testimony.

Re: Nomination number GM830

It's my great privilege support the approval of Katherine Daub to the State Board of Nursing.

I have known Dr. Daub since joining the University of Hawaii at Hilo School of Nursing, and in that time, I have come to know a passionate, professional nurse who cares about her community and the School of Nursing. I know that Dr. Daub is a member of the Regulating Body of the Board of Nursing, and I recommend that she be continued as such. She has experience in this position and administrative experience as the Director of the UH Hilo School of Nursing. I believe she is a fair, competent, and ardent member of the nursing profession and has demonstrated ability for this position as evidenced by her past service.

It is important that the Board of Nursing have members who are familiar with the standards currently in place for Hawaii nurses, and Dr. Daub brings a balanced approach offering experience in both the practical application and academic component of nursing and nursing education. She would be a wise and fortuitous choice on behalf of your administration, and Hawaii nurses and the populace of this State would benefit from her continued service.

I heartily recommend Dr. Daub for this position.

Dear Senator Baker and Committee members,

It is my pleasure to write a letter of support for Katharyn Daub to serve on the Board of Nursing. I have known Kay for over twenty years from our time working at Kona Hospital and now as professors at University of Hawai`i at Hilo. Kay is currently serving as the director of the UHH School of Nursing. She is an inspirational and visionary leader. Under her leadership, the School of Nursing has grown to include a doctorate program to better serve citizens of our island. In addition, having been raised on Lanai, she has a deep knowledge of and sensitivity to issues facing Hawai`i, especially healthcare.

Living on the outer islands, it is easy to feel disconnected from what is happening at higher levels of government, including issues facing the board. Kay is an excellent communicator and always keeps faculty well informed of nursing issues facing the state. I wholeheartedly endorse her candidacy for the board.

Feel free to contact me if you need any further information.

Sincerely,

Dear Committee on Commerce and Consumer Protection:

I wholeheartedly support the nomination of Dr. Katharyn Daub to the Hawaii State Board of Nursing. I have known Dr. Daub for over 15 years, and have worked closely with her for over 10 years at the University of Hawaii at Hilo (UHH). She is a strong advocate of the nursing profession, and works tirelessly to promote the profession.

In her role as the Director of the UHH School of the Nursing, she continuously works to promote safe and competent nursing care and improve the public's health and welfare. She was instrumental in the development and ongoing success of the UHH's Doctor of Nursing Practice program.

Dr. Daub is a strong leader who communicates effectively, works well collaboratively, and has natural leadership skills. Her enthusiasm and dedication encourages others to do their best.

I am extremely lucky to have had the opportunity to work with Dr. Daub while at the university of Hawaii at Hilo. I know she will provide valuable experience and expertise, and make a positive impact on you as well. She has a true passion for elevating the profession of nursing in the State of Hawaii, and I strongly support her nomination to the Board of Nursing.
