Re: Opposition to SB1030

I oppose bill SB1030. Adults 18 years old or older should be allowed to choose to use these legal products, particularly e-cigarettes and vapor products.

People 18 years old are able to enter into contracts and make many decisions that will affect the balance of their lives, including their future health and welfare. This includes the decision to enter into military service. We live in a free society.

E-cigarettes and vapor products should not be under consideration for these added restrictions at all. These products are not tobacco, do not pose a significant risk to users, and are proven to be effective substitutes for smoking tobacco.

Thank you for your time and consideration.
