LATE TESTIMONY

I support SB564 to extend the Re Entry Commission expiration date to 12/2019. I work with the re entry program on Maui and support for these individuals to get them ready for employment and back to society is deeply needed. We are all the same individuals, some of us have the same and some of us got different obstacles to deal with in society. No matter what type of barrier we go through in life, to have support services in our community will make the path to success a little smoother than having nothing at all. Support services and their programs is viable for their success in the community and with the extension of the program, success will be more achievable. Mahalo
