HOUSE OF REPRESENTATIVES TWENTY-EIGHTH LEGISLATURE, 2015 STATE OF HAWAII

H.B. NO. ¹¹¹² H.D. 2

A BILL FOR AN ACT

RELATING TO THE HAWAII HEALTH SYSTEMS CORPORATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1

PART I

2 SECTION 1. The legislature finds that the State's 3 community hospital system, the Hawaii health systems 4 corporation, provides essential hospital and long-term care 5 services, in addition to physician and other health care 6 services throughout the State. Hawaii health systems 7 corporation facilities are often the only hospitals and 8 emergency care providers in many rural communities. Due to 9 rapid changes taking place in the health care industry, the 10 legislature acknowledges that the governing structure of our 11 public hospital system must provide the appropriate flexibility 12 and autonomy needed to compete and remain viable and to respond 13 to the needs of the specific communities served, by furthering 14 the development of centers of excellence in health care.

15 The current administrative arrangement places the public 16 hospital system in a single statewide public agency, the Hawaii 17 health systems corporation, which operates with some autonomy

H.B. NO. ¹¹¹² H.D. 2

1 from the executive branch. This arrangement is the result of 2 landmark legislation, Act 262, Session Laws of Hawaii 1996, (Act 3 262), after years of study. Act 262 was largely the result of 4 the work of a task force established pursuant to Act 266, 5 Session Laws of Hawaii 1994, charged with studying the 6 establishment of an agency for community hospitals, then a 7 division of the department of health. On December 20, 1994, the 8 task force issued its report to the governor and the legislature 9 entitled The Preliminary Report of the Governor's Task Force on · 10 the Establishment of an Agency for Community Hospitals. Many of 11 the recommendations of the task force were adopted by the 12 legislature, resulting in passage of Act 262, and the creation 13 of the Hawaii health systems corporation in 1996.

14 One significant recommendation of the task force included 15 the establishment of regional system boards of directors, along 16 with the system-wide board. This was accomplished in Act 290, 17 Session Laws of Hawaii 2007, where the legislature established a 18 two-tiered board system, giving the regional boards custodial 19 control over the operations, facilities, and personnel, to be 20 exercised within corporate policy.

H.B. NO. ¹¹¹² H.D. 2

1 The legislature further limited the corporation's centralized operational authority through Act 182, Session Laws 2 3 of Hawaii 2009, which prohibits the corporation from granting 4 mortgages on corporation real property in order to secure loans 5 and revenue bonds. However, the legislature finds that the inability to leverage its biggest asset of real property by 6 7 pledging it as collateral as well as the dollar cap that Act 182 8 imposed on the corporation's authority to enter into municipal 9 leases has hindered the ability of the corporation to obtain 10 outside financing and refinance loans for more favorable terms. 11 The legislature finds that the decentralization of 12 personnel, purchasing, and other administrative functions to the 13 four regions within the Hawaii health systems corporation 14 following this decentralization of the system-wide board caused 15 inefficiencies that are detrimental to the financial stability 16 of the system, operational effectiveness, and employee morale. 17 Additional limits on the corporation's ability to leverage its 18 own assets have further limited the corporation's operational 19 effectiveness. The current organizational structure of the Hawaii health systems corporation is ineffective. Consequently, 20

there is an urgent need to stabilize the network of public

hospitals that are the primary source of medical care on the
 neighbor islands, as well as a safety net for thousands of
 elderly and needy patients.

The purpose of this part is to centralize personnel,
purchasing, and other administrative functions within the Hawaii
health systems corporation and remove unnecessary operational
limitations to achieve greater efficiency, effectiveness, and
meaningful financial accountability.

9 SECTION 2. Chapter 323F, Hawaii Revised Statutes, is
10 amended by adding a new section to part II to be appropriately
11 designated and to read as follows:

12 "<u>§323F-</u> <u>Financial and management audits.</u> <u>The auditor</u>
13 <u>shall conduct a financial and management audit of the Hawaii</u>
14 <u>health systems corporation every five years.</u>"

SECTION 28. The legislature finds that under current law, 5 6 employees of the Hawaii health systems corporation are included 7 in seven bargaining units that also include employees of other 8 public employers. While this arrangement is not unique to the 9 Hawaii health systems corporation, the corporation's status as 10 one of the nation's largest public health care organizations 11 providing acute and long term health care services makes its 12 workforce needs wholly different from other government agencies 13 in the State.

14 Other health care workers are employed by the State;
15 however, none of them provide acute hospital care or residential
16 long term care. The ability to negotiate collective bargaining
17 agreements that address the wages, hours, and working conditions
18 of its employees will allow the Hawaii health systems
19 corporation to expeditiously respond to and address the unique
20 issues inherent in its hospital operations, including census,

acuity, process improvement, and most importantly, quality
 patient care.

3 The purpose of this part is to amend collective bargaining
4 requirements to provide for negotiation of supplemental
5 bargaining agreements for employees of the Hawaii health systems
6 corporation.

7 SECTION 29. Section 89-6, Hawaii Revised Statutes, is
8 amended by amending subsection (d) to read as follows:
9 "(d) For the purpose of negotiating a collective
10 bargaining agreement, the public employer of an appropriate

11 bargaining unit shall mean the governor together with the 12 following employers:

13 For bargaining units (1), (2), (3), (4), (9), (10), (1) 14 (13), and (14), the governor shall have six votes and 15 the mayors, the chief justice, and the Hawaii health 16 systems corporation board shall each have one vote if 17 they have employees in the particular bargaining unit; (2) 18 For bargaining units (11) and (12), the governor shall 19 have four votes and the mayors shall each have one 20 vote;

1	(3)	For bargaining units (5) and (6), the governor shall
2		have three votes, the board of education shall have
3		two votes, and the superintendent of education shall
4		have one vote; [and]
5	(4)	For bargaining units (7) and (8), the governor shall
6		have three votes, the board of regents of the
7		University of Hawaii shall have two votes, and the
8		president of the University of Hawaii shall have one
9		vote[-]; and
10	(5)	For Hawaii health systems corporation supplemental
11		bargaining agreements for units (1), (2), (3), (4),
12		(9), (10), and (13), the governor shall have three
13		votes, the corporation board of directors shall have
14		two votes, and the executive director of the Hawaii
15		health systems corporation shall have one vote. The
16		supplemental agreements shall be approved concurrent
17		with any master agreement.
18	Any decis	ion to be reached by the applicable employer group
19	shall be	on the basis of simple majority, except when a

20 bargaining unit includes county employees from more than one

county. In that case, the simple majority shall include at
 least one county."
