# A BILL FOR AN ACT

---

RELATING TO LEAHI HOSPITAL.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. One of two healthcare facilities currently  
2 under the jurisdiction of the Oahu region of the Hawaii health  
3 systems corporation, Leahi hospital has been providing  
4 healthcare since 1901. Leahi hospital currently houses a  
5 skilled nursing facility, an intermediate care facility, and an  
6 adult day health center and provides various healthcare,  
7 therapeutic, and social services to individuals within these  
8 facilities. Leahi hospital also provides acute healthcare  
9 services for tuberculosis patients. While Leahi hospital itself  
10 provides the infrastructure that houses these facilities, the  
11 Leahi hospital campus consists of a total of four parcels of  
12 land. One parcel contains Leahi hospital and is under the  
13 direct control of the Oahu region of the Hawaii health systems  
14 corporation; two parcels contain facilities that house branches  
15 and programs under the jurisdiction of the department of health;  
16 and one parcel is a vacant lot under the jurisdiction of the  
17 University of Hawaii.

1       The legislature finds this current system of multiple  
2       entities having jurisdictional control over the Leahi hospital  
3       campus and its facilities to be inefficient use of resources  
4       that may be better put to other purposes. As such, the  
5       legislature finds that plans should be developed to transfer all  
6       parcels of land contained within the Leahi hospital campus to  
7       the Hawaii health systems corporation.

8       The purpose of this Act is to establish a working group to  
9       formulate a plan for the transfer of all parcels of land  
10      contained within the Leahi hospital campus to the Hawaii health  
11      systems corporation.

12      SECTION 2. (a) The department of health shall convene a  
13      working group to develop a plan to transfer all parcels of land  
14      currently contained within the Leahi hospital campus to the  
15      Hawaii health systems corporation.

16      (b) The working group shall be composed of:

17      (1) The director of health, or the director's designee,  
18          who shall serve as the chair of the working group;

19      (2) The chief executive officer of the Oahu regional  
20          health care system of the Hawaii health systems

1 corporation, or the chief executive officer's  
2 designee;

3 (3) A member of the board of directors of the Hawaii  
4 health systems corporation, other than the director of  
5 health or the chief executive officer of the Oahu  
6 regional health care system, appointed by the  
7 governor;

8 (4) The chairperson of the board of regents of the  
9 University of Hawaii, or the chairperson's designee;

10 (5) The president of the University of Hawaii, or the  
11 president's designee;

12 (6) A member who is a resident of the neighborhood  
13 surrounding Leahi hospital, appointed by the governor;  
14 and

15 (7) Any other member deemed appropriate by the director of  
16 health.

17 (c) In developing the plan for the transfer of parcels of  
18 land contained within the Leahi hospital campus, the working  
19 group shall:

20 (1) Determine the exact boundaries of the parcels of land  
21 under the jurisdiction of the Oahu region of the

1 Hawaii health systems corporation, the department of  
2 health, and the University of Hawaii;

3 (2) Determine the current users of any of the facilities  
4 located on the parcels of land and the effects, if  
5 any, the transfer of the parcels of land will have on  
6 these users;

7 (3) Investigate any barriers to the transfer of the  
8 parcels of land not currently under the jurisdiction  
9 of the Oahu region of the Hawaii health systems  
10 corporation to the Hawaii health systems corporation  
11 and make recommendations to address these barriers;

12 (4) Determine the financial costs of transferring the  
13 parcels of land to the Hawaii health systems  
14 corporation;

15 (5) Determine the effects, if any, the transfer of the  
16 parcels of land will have on the Hawaii health systems  
17 corporation, the department of health, and the  
18 University of Hawaii;

19 (6) Investigate any other possible uses of the parcels of  
20 land, including development of the land through  
21 public-private partnerships;

- 1 (7) Determine any expected benefits, financial or  
2 otherwise, that may occur with the transfer of the  
3 parcels of land;
- 4 (8) Identify any statutory changes necessary to effectuate  
5 the transfer of the parcels of land contained within  
6 the Leahi hospital campus; and
- 7 (9) Consider any other issue or objective deemed necessary  
8 by the director of health or the working group.
- 9 (d) The working group shall submit:
- 10 (1) A preliminary report of its findings and  
11 recommendations, including any proposed  
12 legislation, to the legislature no later than  
13 twenty days prior to the convening of the regular  
14 session of 2016; and
- 15 (2) A final report of its findings and  
16 recommendations, including any proposed  
17 legislation, to the legislature no later than  
18 twenty days prior to the convening of the regular  
19 session of 2017.

1           (e) No member shall be made subject to chapter 84, Hawaii  
2 Revised Statutes, solely because of that member's participation  
3 as a member of the working group.

4           (f) The working group convened pursuant to this Act shall  
5 cease to exist on June 30, 2017.

6           SECTION 3. This Act shall take effect on July 1, 2050.

**Report Title:**

Leahi Hospital; Land Transfer; University of Hawaii; Department of Health; Hawaii Health Systems Corporation

**Description:**

Establishes a working group to formulate a plan for the transfer of all parcels of land contained within the Leahi Hospital campus to the Hawaii Health Systems Corporation. (HB1373 HD1)
