A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1	SECTION 1. The legislature finds that approximately
2	seventy-four per cent of all children in Hawaii are raised by
3	working families. Parents and the High Cost of Child Care, 2015
4	Report, by ChildCare Aware of America, reports that Hawaii is
5	the fourth least affordable state for the cost of before-school
6	or after-school care for a school-aged child in a child care
7	center (\$8,919 in 2014) as a percentage of median income for
8	married couples (\$87,567). The Afterschool Alliance reports
9	that thirty-nine per cent, or 59,057, of all Hawaii children who
10	are not enrolled in an afterschool program would be likely to
11	participate in a program if one were available in the community.
12	Approximately 4,645 children in Hawaii are homeless and can
13	benefit from a safe, structured out-of-school environment. Out-
14	of-school programs can be aligned with the school day to
15	complement, but not duplicate, learning and can expose students
16	to the arts, culture, literacy, fitness, math, science,
17	character development, and community service. The purpose of

- 1 out-of-school programs is to provide quality care and a quality
- 2 learning experience while preventing Hawaii's youth from
- 3 engaging in risky behaviors that may lead to tobacco, alcohol,
- 4 or drug use or teen pregnancy and often result in youth dropping
- 5 out of school or not being prepared to enter the workforce.
- 6 Many out-of-school programs offered by community organizations
- 7 are expensive and often inaccessible due to the high demand for
- 8 services driven by lack of out-of-school programming throughout
- 9 the State. The State has a responsibility to provide its youth
- 10 with a variety of educational out-of-school activities that
- 11 build character and self-esteem.
- 12 The legislature further finds that Hawaii has been
- 13 recognized by Afterschool Alliance as one of the top ten states
- 14 for providing out-of-school programs. More than a decade of
- 15 research confirms that quality afterschool programs inspire and
- 16 motivate children to learn, support children's social and
- 17 emotional growth, and help raise academic achievement. A study
- 18 of outcomes associated with participation in afterschool
- 19 programs found that students regularly participating during the
- 20 elementary school years showed a variety of gains, including:
- 21 narrowing the math achievement gap at grade five between high-

- 1 income and low-income students; improving work habits and self-
- 2 sufficiency; and reducing the number of school absences.
- 3 Furthermore, seventy-two per cent of parents surveyed in Hawaii
- 4 agree that afterschool programs help working parents to keep
- 5 their jobs.
- 6 However, each day after the school day ends, seventeen per
- 7 cent or approximately 36,474 of Hawaii's youth in grades K-12
- 8 are responsible for taking care of themselves.
- 9 States have supported policies that expand learning
- 10 opportunities to advance a range of state education and youth
- 11 goals. These opportunities, known as Expanded Learning
- 12 Opportunities (ELOs), offer structured learning environments
- 13 outside the traditional school day hours through before- and
- 14 after-school programs. They provide a range of enrichment and
- 15 learning activities in various subjects, including arts, civic
- 16 engagement, language, and science, technology, engineering, and
- 17 math (STEM).
- 18 The approximate total to fund out-of-school and after-
- 19 school programs is \$21,000,000, divided as follows: A-plus
- 20 program, \$1,000,000; middle school program including
- 21 intermediate athletics, \$9,000,000; junior varsity and varsity

1 athletics, \$8,000,000; and career and technical education, \$3,000,000. The State recognizes the importance of these 2 3 programs and proposes a phased funding plan over the next three 4 fiscal years, as follows: 5 (1) Phase I, fiscal year 2016-2017: \$9,000,000 6 Middle schools (fifty-four department of 7 education schools and thirty public charter 8 schools); Phase II, fiscal year 2017-2018: \$11,000,000 9 (2) 10 Forty-four public high schools; and Phase III, fiscal year 2018-2019: \$1,000,000 11 (3) 12 173 public elementary schools and seven public charter schools. 13 14 The purpose of this Act is to: 15 (1) Establish the Hawaii three to six out-of-school 16 program; **17** (2) Create the Hawaii three to six out-of-school program 18 revolving fund; 19 Provide a single funding source to fund after-school (3) 20 programs included in the Hawaii three to six out-of-21 school program, such as the following: After-school

Ŧ	plus program (A+); After-School All-Stars; athletics;
2	career and technical education; middle school
3	programming; Resources for Enrichment, Athletics,
4	Culture, and Health for Hawai'i (R.E.A.C.H.);
5	rugby4good; United Peers Learning, Integrating New
6	Knowledge (UPLINK); and 21st Century Community
7	Learning Centers; and
8	(4) Make an appropriation.
9	SECTION 2. Chapter 302A, Hawaii Revised Statutes, is
10	amended by adding two new sections to be appropriately
11	designated and to read as follows:
12	"§302A-A Hawaii three to six out-of-school program. (a)
13	There is established within the department the Hawaii three to
14	six out-of-school program for grades kindergarten through
15	twelve, to be conducted during after-school hours, on weekends,
16	and during inter-sessions. All public schools, including
17	charter schools, may participate in and be eligible for funding
18	through the program. The department may contract with private
19	providers to furnish the program; provided that this section
20	shall not be interpreted to impose any liability whatsoever of

1	any kind or nature upon the department, its employees, or its
2	agents.
3	(b) The program shall be funded from appropriations from
4	the three-to-six out-of-school revolving fund established under
5	section 302A-B. Additionally, the department:
6	(1) Shall seek private funding sources, including federal
7	grants, private entities, individuals, nonprofit
8	organizations, and religious entities; provided that
9	donated or voluntary services shall be deemed the
10	equivalent of funding; and
11	(2) May collect fees from student participants in the
12	program.
13	§302A-B Hawaii three to six out-of-school program
14	revolving fund. There is established in the state treasury the
15	Hawaii three to six out-of-school revolving fund to be
16	administered by the department. The revolving fund shall
17	consist of appropriations made by the legislature and fees and
18	donations as provided in section 302A-A."
19	SECTION 3. There is appropriated out of the general
20	revenues of the State of Hawaii the sum of \$9,000,000 or so much
21	thereof as may be necessary for fiscal year 2016-2017 for

- 1 deposit into the Hawaii three to six out-of-school program
- 2 revolving fund established under section 2 of this Act.
- 3 SECTION 4. There is appropriated out of the Hawaii three
- 4 to six out-of-school program revolving fund the sum of
- 5 \$9,000,000 or so much thereof as may be necessary for fiscal
- 6 year 2016-2017 for implementation costs and expenses for the
- 7 Hawaii three to six out-of-school program established under
- 8 section 2 of this Act.
- 9 The sum appropriated shall be expended by the department of
- 10 education for the purposes of this Act.
- 11 SECTION 5. In codifying the new sections added by section
- 12 2 of this Act, the revisor of statutes shall substitute
- 13 appropriate section numbers for the letters used in designating
- 14 the new sections in this Act.
- 15 SECTION 6. New statutory material is underscored.
- 16 SECTION 7. This Act shall take effect upon its approval;
- 17 provided that sections 3 and 4 shall take effect on July 1,
- **18** 2016.

INTRODUCED BY:

IAN 2 7 2016

Report Title:

Education; Hawaii Three to Six Out-of-School Program; Appropriation

Description:

Establishes the Hawaii three to six out-of-school program for grades kindergarten through twelve. Authorizes the department of education to contract with private providers to furnish out-of-school programs for grades kindergarten through twelve, conducted during after-school hours, on weekends, and during inter-sessions on the premises of the private providers. Specifies the Hawaii three to six out-of-school program revolving fund is to be administered by the department of education. Makes appropriations.
