## <u>H</u>.B. NO. 941

### Report Title:

Environmental Response, Energy, and Food Security Tax

### Description:

Changes the amount of the tax that shall be deposited into the Environmental Response Revolving Fund from five cents on each barrel to fifteen cents on each barrel to support environmental activities and programs.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.

#### JUSTIFICATION SHEET

DEPARTMENT:

Health

TITLE:

A BILL FOR AN ACT RELATING TO THE ENVIRONMENTAL RESPONSE, ENERGY, AND FOOD

SECURITY TAX.

PURPOSE:

The purpose of this Act is to change the amount of the tax that shall be deposited into the Environmental Response Revolving Fund (ERRF) from five cents on each barrel to fifteen cents on each barrel to support environmental activities and programs.

MEANS:

Amend section 243-3.5(a), Hawaii Revised Statutes.

JUSTIFICATION:

The purpose of the ERRF is to support numerous activities related to oil spill prevention and management. The fund also supports other environmental and natural resource protection programs including but not limited to air quality, clean water, solid and hazardous waste, and underground storage tanks, all of which may impact the state's natural environment or the health of Hawaii's people. Recently, the "barrel tax" was increased from five cents to \$1.05. additional one dollar fee was created to support food and energy independence. However, most of the income from the one dollar fee was diverted into the general fund.

In the meantime, the economy and Hawaii's success in reducing our dependence on oil has decreased the ERRF income. The Department of Health no longer has the funds on hand to adequately respond to oil and chemical emergencies, and proposes, and proposes to increase ERRF income from the barrel fee from five cents to fifteen cents. This will not necessarily impact the part of

the barrel tax being dedicated to energy and

food sustainability.

Impact on the public: Greater assurance of

robust and ongoing state response to

environmental hazards.

Impact on the department and other agencies:

None.

GENERAL FUND:

It may reduce the amount of barrel fee money

that was temporarily diverted into the

general fund by about approximately

\$3,000,000 each year.

OTHER FUNDS:

None.

PPBS PROGRAM

DESIGNATION:

None.

OTHER AFFECTED

AGENCIES:

None.

EFFECTIVE DATE:

July 1, 2015.
