H.C.R. NO. 36 H.D. 1

HOUSE CONCURRENT RESOLUTION

REQUESTING THE JUDICIARY TO CONVENE A TASK FORCE TO RECOMMEND UNIFORM PRACTICES REGARDING BODY AND DASH CAMERA IMPLEMENTATION WITHIN HAWAII LAW ENFORCEMENT STATEWIDE.

WHEREAS, trust between law enforcement agencies and the citizens they serve is essential to the stability of communities, the integrity of the criminal justice system, and a safe and effective delivery of public safety services; and

WHEREAS, in order to safeguard the public and peace officers of this State, it is vital for local peace officers and the communities they protect to have strong, collaborative relationships; and

WHEREAS, implementing the use of body cameras by all law enforcement agencies in the State could assist in preventing and resolving complaints brought by members of the public against peace officers; strengthening law enforcement transparency, performance, and accountability; and the documentation of evidence; and

WHEREAS, the use of video footage might discourage citizens from filing unfounded complaints against officers, which could save state agencies a significant amount of time and funds that would otherwise be spent on lengthy investigations and lawsuits; and

WHEREAS, body cameras and dash cameras may assist law enforcement agencies in identifying and correcting problems within those agencies by using footage from the cameras to provide scenario-based training, evaluate the performance of new officers in the field, and identify new areas in which training is needed; and

H.C.R. NO. 36 H.D. 1

WHEREAS, the County of Kauai implemented the use of cameras by law enforcement and the County of Maui is seriously considering the same; and

WHEREAS, use of body and dash cameras by law enforcement in other regions has been shown to placate officer-civilian conflict and reduce the use of force by officers in the field, either due to changes in civilian behavior in response to the cameras' presence or to changes in that of the officers; now, therefore,

BE IT RESOLVED by the House of Representatives of the Twenty-eighth Legislature of the State of Hawaii, Regular Session of 2016, the Senate concurring, that the Judiciary is requested to convene a law enforcement body camera and dash camera implementation task force to:

(1) Recommend best procedures for the use of body and dash cameras by law enforcement agencies throughout the State, including uniform policies on the retention and deletion of relevant and inadvertent camera recordings;

(2) Recommend policies on the protection of privacy and access by the public and news media to camera recordings:

(3) Identify the resources necessary to effectuate the task force's recommendations; and

(4) Conduct any other business deemed necessary to carry out the purpose of this measure; and

BE IT FURTHER RESOLVED that the task force be composed of the following members representing the diversity of the State:

(1) The chair of the House Committee on Judiciary;

(2) The chair of the Senate Committee on Judiciary and Labor:

(3) The Attorney General or the Attorney General's designee;
