
A BILL FOR AN ACT

RELATING TO ENVIRONMENTAL PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that rapid ohia death
2 disease is devastating thousands of acres of native forest on
3 the island of Hawaii. The ohia makes up about fifty per cent of
4 the State's native forest and is a keystone species in native
5 watershed areas. In an attempt to stop the spread of the rapid
6 ohia death disease to other islands, the board of agriculture
7 has recently put Hawaii island ohia trees under a quarantine
8 that limits transport and shipping of the trees.

9 The purpose of this Act is to make an appropriation for
10 research and mitigation efforts to address rapid ohia death
11 disease in the State and require the department of land and
12 natural resources to report on the nature of the disease and
13 actions taken and resources needed to mitigate the disease.

14 SECTION 2. The department of land and natural resources
15 shall submit a report to the legislature no later than twenty
16 days prior to the convening of the regular session of 2017, that
17 shall include:

- 1 (1) The nature of the rapid ohia death disease, including
2 its cause, vectors, transmission, and the prospects
3 for preventing the disease;
- 4 (2) Status of developing and implementing plans and
5 strategies to eliminate, control, or prevent rapid
6 ohia death disease in the State; and
- 7 (3) Necessary funds and appropriate legislation to
8 eliminate, control, or prevent rapid ohia death
9 disease in the State.

10 SECTION 3. There is appropriated out of the general
11 revenues of the State of Hawaii the sum of \$ or so much
12 thereof as may be necessary for fiscal year 2016-2017 for the
13 department of land and natural resources to:

- 14 (1) Research methods to prevent and treat rapid ohia death
15 disease in the State, with a focus on the island of
16 Hawaii; and
- 17 (2) Control and contain damage caused by the rapid ohia
18 death disease in the State.

19 The sum appropriated shall be expended by the department of
20 land and natural resources for the purposes of this Act.

21 SECTION 4. This Act shall take effect on July 1, 2050.

Report Title:

Rapid Ohia Death Disease; Report; Appropriation

Description:

Appropriates funds to the department of land and natural resources for research and mitigation efforts relating to the rapid ohia death disease in the State. Requires the department to submit a report to the legislature. Makes an appropriation. Effective 7/1/2050. (SD2)
